PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of *infoUSA Inc.*, a Delaware corporation (the Company), for use at its 2005 Annual Meeting of Stockholders to be held on Friday, April 29, 2005, at 4:00 p.m., local time, or at any adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's Carter Lake facility, 2200 Abbott Drive, Carter Lake, Iowa 51510. The Company's principal executive offices are located at 5711 South 86th Circle, Omaha, Nebraska 68127. The Company's telephone number is (402) 593-4500.

These proxy solicitation materials are being mailed on or about March 28, 2005, to all stockholders entitled to vote at the meeting. The Company's Annual Report for the fiscal year ended December 31, 2004, including audited financial statements, is being mailed to stockholders concurrently with this Proxy Statement.

Record Date; Outstanding Shares

Stockholders of record at the close of business on March 15, 2005 (the Record Date) are entitled to receive notice of and vote at the meeting. On the Record Date, 53,262,791 shares of the Company's Common Stock, \$.0025 par value per share, were issued and outstanding. For information regarding holders of more than five percent of the outstanding Common Stock, see Security Ownership.

Revocability of Proxies

Proxies given pursuant to this solicitation may be revoked at any time before they have been voted. Proxies may be revoked by delivering a written notice of revocation to the Company or by duly executing and delivering to the attention of the Secretary of the Company a proxy bearing a later date. Proxies may also be revoked if the stockholder attends the meeting and votes in person.

Voting and Solicitation

The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business. Every holder of record of Common Stock on the Record Date is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. In the election of directors, each stockholder will be entitled to vote for three nominees and the three nominees with the greatest number of votes will be elected. Approval of the amendment to the 1997 Stock Option Plan requires a vote of the majority of the shares represented at the Annual Meeting in person or by proxy and entitled to vote.

The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining whether a quorum is present. With respect to the election of directors (elected by a plurality of the votes), abstentions will not be taken into account in determining the outcome of the election. With respect to the other matters being considered, abstentions will have the same effect as negative votes. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote

Table of Contents

with respect to that matter and will not be taken into account in determining the outcome of the votes on that matter.

The cost of this solicitation will be borne by the Company. The Company may reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation material to beneficial owners. Proxies may be solicited by certain of the Company's directors, officers, and regular employees personally, by telephone, or by telegram and no additional compensation will be paid to such individuals.

Deadlines for Receipt of Stockholder Proposals

The proxy rules of the Securities and Exchange Commission (SEC) permit stockholders, after timely notice to a company, to present proposals for stockholder action in a company's proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for stockholder action and are not properly omitted by corporate action in accordance with the proxy rules. Stockholder proposals that are intended to be presented at the Company's 2006 Annual Meeting must be received by the Company no later than November 28, 2005 to be included in the proxy statement and form of proxy for that meeting. The Company's proxy for the 2006 Annual Meeting may confer on the proxy holder discretionary authority to vote on any stockholder proposals that are intended to be presented at the Company's 2006 Annual Meeting that are received after February 11, 2006.

The Company's Bylaws provide that certain requirements be met for business to properly come before the stockholders at the Annual Meeting. Among other things, stockholders intending to bring business before the Annual Meeting must provide written notice of such intent to the Secretary of the Company. Such notice must be received by the Company no later than the close of business on the 10th day following the date of this Proxy Statement. Stockholders desiring to bring matters for action at an Annual Meeting should contact the Company's Secretary for a copy of the relevant requirements. Additionally, any stockholder wishing to recommend candidates for Board membership generally should submit the recommendation in writing to the Secretary of the Company at least 30 but no more than 60 days prior to a date corresponding to the previous year's Annual Meeting, with the submitting stockholder's name, address and stockholdings and pertinent information about the proposed nominee similar to that set forth for nominees named herein. Any stockholder wishing to bring matters for action at this year's Annual Meeting should note that, as permitted by the proxy rules, the persons named as proxies may exercise discretionary voting authority with respect to any such proposal because the proposals will have been received after February 16, 2005 (as disclosed in the Proxy Statement for the 2004 Annual Meeting).

The Audit Committee, which consists of Dr. Vasant H. Raval (Chair), Richard J. Borda, and Harold W. Andersen, met 9 times during 2004, including 1 telephonic meeting. Among other duties, the Committee selects the Company's independent auditors, reviews and evaluates significant matters relating to the audit and internal controls of the Company, reviews the scope and results of audits by, and the recommendations of, the Company's independent auditors, and pre-approves all audit and permissible non-audit services provided by the auditors. Before the Company's independent accountant is engaged by the Company to render audit or non-audit services, the engagement is approved by the Committee. The revised Audit Committee Charter, which was adopted by the Board in October 2003, is posted on the Company's website at www.infousa.com under the caption Investor Relations. Kahn and Walker are incumbent directors. Dr. Stryker was recommended to the Committee as a director candidate by the Company's Chief Executive Officer. AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company consists of three directors who are independent, as independence for audit committee members is defined by the rules of the NASD. The Committee operates under a written charter adopted by the Board. In October 2003, the Board adopted a new Audit Committee Charter, which is posted on the Company's website at www.infousa.com under the caption "Investor Relations." Management is responsible for the Company's internal control and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee reviewed and discussed the consolidated financial statements with management and the independent accountants. The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit department's organization, responsibilities, budget and staffing. The Committee reviewed both with the independent and internal auditors their audit plans, audit scope, and identification of audit risks. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent accountants also provided to the Committee the written disclosures required by Independence Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence.

Stock Option Program

In 2004, the Board of Directors, upon the recommendation of the Compensation Committee, adopted a new stock option grant program for members of senior management. The purpose of the program is to provide management with an incentive to promote the sustained growth of the Company over a period of years, and an opportunity to participate in such growth by acquiring and holding Common Stock of the Company. Participants in the program receive stock options with an exercise price equal to 125% of the fair market value of the Company's Common Stock on the grant date. The options vest with respect to 30% of the option shares after three years, and vest with respect to an additional 10% of the option shares each year after that, becoming fully vested after 10 years. To receive the options, participants are also required to purchase at fair market value, on or around the grant date, a number of shares of the Company's Common Stock equal to 10% of the shares covered by the options, and to hold those shares for a period of at least one year. Grants under the program are made under the Company's 1997 Stock Option Plan. No options were granted to members of senior management under this program in 2004. In March 2005, Mr. Gupta was granted a stock option for 500,000 shares at an exercise price of \$12.60 per share. He purchased 61,000 shares to satisfy the purchase condition described above.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors of the Company consists of at least two directors who are independent, as defined by the rules of the NASD. In addition, each member of the Compensation Committee is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The Committee operates under a written charter adopted by the Board in October 2003, which is posted on the Company's website at www.infousa.com under the caption Investor Relations. The Compensation Committee reviews and makes recommendations to the Board of Directors with respect to the compensation of the Company's Chief Executive Officer, and reviews and approves salaries, bonuses and other compensation payable to the Company's other executive officers. The Compensation Committee consists of Directors Harold W. Andersen (Chair), Dr. George F. Haddix and Dennis P. Walker. None of these persons is an employee of the Company.

The Compensation Committee's policy in establishing compensation for executive officers is to reward sustained performance through the payment of base salaries, reward current performance through annual bonuses, and provide long-term incentives through stock options and other opportunities for equity ownership. When establishing the amounts of such compensation, the Compensation Committee considers publicly available information concerning executive compensation levels paid by other companies in the Omaha, Nebraska area and in the industry generally.

The Compensation Committee reviewed and approved compensation packages for all executive officers in fiscal 2004, including base salaries and bonus plans. For executive officers other than the Chief Executive Officer, base salaries are based on each officer's responsibilities and historical performance. During 2004, bonuses were paid to executive officers based on the achievement of business goals by the business group for which the executive had management responsibility, or by the Company as a whole. These business goals included the consummation of certain acquisitions by the Company in 2004. At the recommendation of the Compensation Committee, the Board of Directors established a stock option program for senior executives, as described above under the caption Stock Option Program. The program is intended to provide management with an incentive to promote the sustained growth of the Company over a period of years, and an opportunity to participate in such growth by acquiring and holding Common Stock of the Company. No stock options were granted to executive officers under this program in 2004.

In fiscal 2004, the compensation program for Vinod Gupta, Chief Executive Officer of the Company, consisted of a base salary of \$750,000, which is approximately the same as the total of his base salary and discretionary bonus for 2003. No bonus program was in effect for the Chief Executive Officer in 2004, and no discretionary bonus was paid to him for 2004. Mr. Gupta does not participate in the Company's other bonus programs.

The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% stockholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during the fiscal year ended December 31, 2004, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were timely complied with, except that Stormy L. Dean filed a late Form 4 with respect to a sale of shares in December 2004; Edward C. Mallin filed a late Form 4 with respect to an option exercise and sale of option shares in December 2004; and Richard J. Borda filed a late Form 4 with respect to an option exercise and sale of option shares in October 2004.

CERTAIN TRANSACTIONS

Annapurna Corporation, which is 100% owned by Mr. Gupta, the Company's Chairman and Chief Executive Officer, had fractional ownership interests in certain aircraft with NetJets. Annapurna Corporation billed the Company when the Company's employees and officers used the aircraft. The Company paid a total of \$1.5 million, \$2.2 million and \$2.2 million in 2004, 2003 and 2002, respectively, to Annapurna Corporation for usage of the aircraft. The Company capitalized acquisition costs related to these payments of \$0.5 million, \$0.7 million and \$0.6 million in 2004, 2003 and 2002, respectively. The rates charged by Annapurna Corporation to the Company are comparable to those charged by other services such as Marquis, and without any commitment by the Company.

During 2004, the Company purchased from NetJets fractional ownership interests in two airplanes at a total cost of \$2.7 million. The fractional ownership interests in the two airplanes were previously owned by Mr. Gupta, who sold them to NetJets at the same time the Company purchased ownership interest from NetJets.

During 2003, the Company purchased the rights to a skybox at the University of Nebraska-Lincoln football stadium for \$617 thousand from Annapurna Corporation. The cost covers the remaining 21 years of the lease and has been recorded in other assets on the consolidated balance sheet accompanying the Company's Annual Report on Form 10-K for fiscal year 2004.

During 2003, the Company repurchased \$31.2 million of its 9¹/₂% Senior Subordinated Notes from holders of such Notes, including \$11.5 million of Notes from Mr. Gupta. The purchase from Mr. Gupta was made at the same terms and prices offered to unrelated parties.

A note receivable from Mr. Gupta in the amount of \$0.5 million was satisfied in full in January 2004. The note receivable was created in January 2002 in connection with Mr. Gupta's incentive compensation arrangements. Mr. Gupta was eligible for a cash bonus in 2002 based on Company performance. The criteria for Mr. Gupta's bonus specified that he would receive 10% of the Company's adjusted EBITDA in excess of \$80 million. In January 2002, the Company paid an advance of \$1.5 million to Mr. Gupta (based on the Company's 2001 performance) to be off set against any 2002 bonus payable to Mr. Gupta pursuant to his bonus program. The advance was to be applied to part or all of his 2002 bonus or repaid by Mr. Gupta by January 2004. In May 2002, Mr. Gupta repaid \$0.6 million of the original advance, leaving an advance balance of \$0.9 million. Mr. Gupta's 2002 bonus was determined to be \$0.4 million. The remaining balance of \$0.5 million was awarded as bonus for 2003 and prepaid salary for 2004, resulting in payment in full of the note receivable.

The Company paid a total of \$108 thousand and \$182 thousand of discretionary bonus in 2004 and 2003, respectively, to Alborz Corporation, which is 100% owned by Fred Vakili, the Company's Executive Vice President of Administration and Chief Administrative Officer. The Company paid a total of

\$302 thousand of discretionary bonus in 2004 to White Oaks Consulting, which is 100% owned by Ray Butkus, the Company's President of the Donnelley Group. The Company paid a total of \$99 thousand of discretionary bonus in 2004 to LMDT, which is 100% owned by DJ Thayer, the Company's President of the *infoUSA* Group. During 2001, the Company invested \$1 million in the Everest3 Fund, a blend of three index funds (S&P 500, Dow Jones and NASDAQ 100). Everest Funds Management LLC manages the fund. Mr. Gupta owns 100% of the voting stock in Everest Funds Management LLC. During 2004, the Company liquidated its investment in the Everest3 Fund.

The Company employs Laurel Gupta, Mr. Gupta's spouse, as Director of Investor Relations, and Jess Gupta, Mr. Gupta's son, as a Business Development Manager.

The Company has retained the law firm of Robins, Kaplan, Miller & Ciresi L.L.P. to provide certain legal services. Elliot Kaplan, a director of the Company, is a name partner and former Chairman of the Executive Board of Robins, Kaplan, Miller & Ciresi L.L.P. The Company paid a total of \$576 thousand, \$415 thousand and \$685 thousand to this law firm during 2004, 2003 and 2002, respectively.

In fiscal 2004, Edward C. Mallin, Monica Messer, and Fred Vakili were each indebted to the Company in an amount in excess of \$60,000 pursuant to the Company's October 2001 loans to executive officers to facilitate stock option exercises. The loans were evidenced by promissory notes secured by the option shares, with interest at a rate of 5%, payable annually. The maximum amounts owed during fiscal 2004 by Messrs. Mallin and Vakili and Ms. Messer, and the amounts owed at December 31, 2004, were \$120,000, \$110,250, and \$103,750, respectively.

PROPOSAL TWO

AMENDMENT OF 1997 STOCK OPTION PLAN

Amendment of the 1997 Stock Option Plan

The *infoUSA* Inc. 1997 Stock Option Plan (the 1997 Plan) was adopted by the Board of Directors in July 1997 and approved by the stockholders in October 1997. In May 1999, the stockholders of the Company approved an amendment to the 1997 Plan to increase the number of shares reserved for issuance under the 1997 Plan from 2,000,000 to 5,000,000. In March 2005, the Board of Directors approved an amendment to the 1997 Plan increasing the number of shares reserved for issuance under the 1997 Plan from 5,000,000 shares to 8,000,000 shares, subject to stockholder approval. The Company is seeking stockholder approval of this amendment at the Annual Meeting.

The following summary describes the terms of the 1997 Plan, which terms are intended to meet the requirements imposed by the Internal Revenue Code of 1986, as amended (the Code) and other applicable laws. The Compensation Committee currently intends, however, that all future option grants to members of senior management under the 1997 Plan will be granted under and consistent with the terms of the Company's stock option grant program, which is described on page 13 under the caption Stock Option Program. The stock option grant program requires, among other things, that the exercise price of such options be equal to 125% of the fair market value of the Company's Common Stock on the grant date and that participants purchase a number of shares of the Company's Common Stock equal to the 10% of the shares covered by the options and hold such shares for at least one year. The Compensation Committee retains discretion to modify or make exceptions to the stock option grant program, subject in all respects to the terms of the 1997 Plan.

Table of Contents**Vote Required**

Stockholder approval of the proposed amendment to the 1997 Plan requires the affirmative vote of the holders of a majority of the voting power of the Company's Common Stock represented at the Annual Meeting in person or by proxy and entitled to vote.

The Board of Directors Recommends That Stockholders Vote For Approval of the Amendment to Increase the Number of Shares Reserved Under the 1997 Plan.**Description of the 1997 Stock Option Plan**

General. The purpose of the 1997 Plan is to attract and retain the best available personnel for positions of substantial responsibility with the Company, to provide additional incentive to the employees and consultants of the Company and to promote the success of the Company's business. Options granted under the 1997 Plan may be either incentive stock options, as defined in Section 422 of the Code, or nonstatutory stock options.

Administration. The 1997 Plan may be administered by the Board of Directors or a committee of the Board (the Administrator), which Administrator shall, in the case of options intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, consist of two or more outside directors within the meaning of Section 162(m) of the Code. The Compensation Committee of the Board of Directors currently serves as the Administrator. The Administrator has the power to determine the terms of the options granted, including the exercise price, the number of shares subject to each option, the exercisability thereof, and the form of consideration payable upon such exercise. In addition, the Administrator has the authority to amend, suspend or terminate the 1997 Plan, provided that no such action may affect any share of the Company's Common Stock previously issued or any option previously granted under the 1997 Plan.

Eligibility; Limitations. Nonstatutory stock options may be granted under the 1997 Plan to directors, employees and consultants of the Company and any parent or subsidiary of the Company. Incentive stock options may be granted only to employees. The Administrator, in its discretion, selects the directors, employees and consultants to whom options may be granted, the time or times at which such options shall be granted, and the number of shares subject to each such grant.

Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain executive officers of the Company. In order to preserve the Company's ability to deduct the compensation income associated with options granted to such persons, the 1997 Plan provides that no employee may be granted, in any fiscal year of the Company, options and stock purchase rights to purchase more than 900,000 shares of Common Stock (as appropriately adjusted for changes in the capitalization of the Company).

Terms and Conditions of Options. Each option is evidenced by a stock option agreement between the Company and the optionee, and is subject to the following additional terms and conditions:

Exercise Price. The Administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive stock option may not be less than 100% of the fair market value of the Common Stock on the date such option is granted; provided, however, the exercise price of an incentive stock option granted to a 10% stockholder may not be less than 110% of the fair market value of the Common Stock on the date such option is granted. The fair market value of the Common Stock is generally determined with reference to the closing sale price for the Common Stock (or the closing bid if no sales were reported) on the last market trading day prior to the date the option is granted.

Exercise of Option; Form of Consideration. The Administrator determines when options become exercisable, and may in its discretion, accelerate the vesting of any outstanding option. The means of payment for shares issued upon exercise of an option is specified in each option agreement. The 1997 Plan permits payment to be made by cash, check, promissory note, other shares of Common

Table of Contents

Stock of the Company (with some restrictions), cashless exercises, a reduction in the amount of any Company liability to the optionee, any other form of consideration permitted by applicable law, or any combination thereof.

Term of Option. The term of an incentive stock option may be no more than ten (10) years from the date of grant; provided that in the case of an incentive stock option granted to a 10% stockholder, the term of the option may be no more than 5 years from the date of grant. No option may be exercised after the expiration of its term.

Termination of Employment. If an optionee's employment or consulting relationship terminates for any reason (other than death or disability), then all options held by the optionee under the 1997 Plan expire on the earlier of (i) 3 months after the date of termination, unless otherwise provided in his or her notice of grant, or (ii) the expiration date of such option. To the extent the option is exercisable at the time of such termination, the optionee may exercise all or part of his or her option at any time before the option expires.

Death or Disability. If an optionee's employment or consulting relationship terminates as a result of death or disability, then all options held by such optionee under the 1997 Plan expire on the earlier of (i) 12 months after the date of termination, unless otherwise provided in his or her notice of grant, or (ii) the expiration date of such option. The optionee (or the optionee's estate or the person who acquires the right to exercise the option by bequest or inheritance), may exercise all or part of the option at any time before such expiration to the extent that the option was exercisable at the time of such termination.

Nontransferability of Options. Unless otherwise determined by the Administrator, options granted under the 1997 Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

Other Provisions. The stock option agreement may contain other terms, provisions and conditions not inconsistent with the 1997 Plan as may be determined by the Administrator.

Adjustments Upon Changes in Capitalization. In the event that the Common Stock of the Company changes by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in the capital structure of the Company effected without the receipt of consideration, appropriate adjustments shall be made in the number and class of shares of stock subject to the 1997 Plan, the number and class of shares of stock subject to any option outstanding under the 1997 Plan, and the exercise price of any such outstanding option.

In the event of a liquidation or dissolution of the Company, any unexercised options will terminate. The Administrator may in its discretion provide that each optionee shall have the right to exercise all of the optionee's options, including those not otherwise exercisable, until the date 10 days prior to the consummation of the liquidation or dissolution, or that any rights of repurchase in the Company with respect to shares purchased upon exercise of an option shall lapse provided the proposed dissolution or liquidation takes place at the time and in the manner anticipated. In connection with any merger, consolidation, acquisition of assets or like occurrence involving the Company, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation. If the successor corporation refuses to assume the options or to substitute substantially equivalent options, the optionee shall have the vested right to exercise the option as to all the option stock, including shares not otherwise vested or exercisable. In such event, the Administrator shall notify the optionee that the option is fully exercisable for 15 days from the date of such notice and that the option terminates upon expiration of such period.

Amendment and Termination of the 1997 Plan. The Board may amend, alter, suspend or terminate the 1997 Plan, or any part thereof, at any time and for any reason. However, the Company shall obtain stockholder approval for any amendment to the 1997 Plan to the extent necessary to comply with Rule 16b-3 under the Exchange Act and Section 162(m) and Section 422 of the Code, or any similar rule or statute. No such action by the Board or stockholders may alter or impair any option previously granted

Table of Contents

under the 1997 Plan without the written consent of the optionee. Unless terminated earlier, the 1997 Plan shall terminate on July 28, 2007.

Federal Income Tax Consequences

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon a disposition of the shares of Common Stock issued upon exercise that occurs more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. The Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares of Common Stock issued upon exercise over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. The Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON OPTIONEES AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF OPTIONS UNDER THE 1997 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF THE EMPLOYEE'S OR CONSULTANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE EMPLOYEE OR CONSULTANT MAY RESIDE.

New Plan Benefits

The Administrator in its sole discretion will determine the number of options that will be granted and the recipients of such options. Thus, it is not possible to determine the benefits that will be received by eligible participants in fiscal year 2005 if the proposed amendment to the 1997 Plan is approved by the shareholders. No options have been granted under the 1997 Plan that are conditioned upon stockholder approval of the proposed amendment.

OTHER MATTERS

The Company knows of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board of Directors may recommend.

4. Administration of the Plan.

(a) Procedure.

(i) Multiple Administrative Bodies. The Plan may be administered by different Committees with respect to different groups of Service Providers.

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Options granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more outside directors within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan shall be administered by (A) the Board or (B) a Committee, which committee shall be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Options may be granted hereunder;

(iii) to determine the number of shares of Common Stock to be covered by each Option granted hereunder;

(iv) to approve forms of agreement for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Option granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Option or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

Table of Contents

(vi) to reduce the exercise price of any Option to the then current Fair Market Value if the Fair Market Value of the Common Stock covered by such Option shall have declined since the date the Option was granted;

(vii) to institute an Option Exchange Program;

(viii) to construe and interpret the terms of the Plan and awards granted pursuant to the Plan;

(ix) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

(x) to modify or amend each Option (subject to Section 14(c) of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options longer than is otherwise provided for in the Plan;

(xi) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(xii) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Option previously granted by the Administrator;

(xiii) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations shall be final and binding on all Optionees and any other holders of Options.

5. Eligibility. Nonstatutory Stock Options may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. Limitations.

(a) Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000,

Table of Contents

such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Option shall confer upon an Optionee any right with respect to continuing the Optionee's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Optionee's right or the Company's right to terminate such relationship at any time, with or without cause.

(c) The following limitations shall apply to grants of Options:

(i) No Service Provider shall be granted, in any fiscal year of the Company, Options to purchase more than nine hundred thousand (900,000) Shares.

(ii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 12.

(iii) If an Option is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 12), the cancelled Option will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

7. Term of Plan. Subject to Section 18 of the Plan, the Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 14 of the Plan.

8. Term of Option. The term of each Option shall be stated in the Option Agreement. In the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. Moreover, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.

9. Option Exercise Price and Consideration.

(a) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of

Table of Contents

the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(b) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised.

(c) Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Optionee for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

Table of Contents

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. Exercise of Option.

(a) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. Unless the Administrator provides otherwise, vesting of Options granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 12 of the Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) Termination of Relationship as a Service Provider. If an Optionee ceases to be a Service Provider, other than upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three (3) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(c) Disability of Optionee. If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such

Table of Contents

period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) Death of Optionee. If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Agreement (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the Option is vested on the date of death. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If, at the time of death, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. The Option may be exercised by the executor or administrator of the Optionee's estate or, if none, by the person(s) entitled to exercise the Option under the Optionee's will or the laws of descent or distribution. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(e) Buyout Provisions. The Administrator may at any time offer to buy out for a payment in cash or Shares an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

11. Non-Transferability of Options. Unless determined otherwise by the Administrator, an Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Administrator makes an Option transferable, such Option shall contain such additional terms and conditions as the Administrator deems appropriate.

12. Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Option, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected

Table of Contents

without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Optionee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option until ten (10) days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Option will terminate immediately prior to the consummation of such proposed action.

(c) Merger or Asset Sale. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Option, the Optionee shall fully vest in and have the right to exercise the Option as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Optionee in writing or electronically that the Option shall be fully vested and exercisable for a period of fifteen (15) days from the date of such notice, and the Option shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option shall be considered assumed if, following the merger or sale of assets, the option or right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, for each Share of Optioned Stock subject to the Option, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

13. Date of Grant. The date of grant of an Option shall be, for all purposes, the date on which the Administrator makes the determination granting such Option or, on such other later

Table of Contents

date as is determined by the Administrator. Notice of the determination shall be provided to each Optionee within a reasonable time after the date of such grant.

14. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Options granted under the Plan prior to the date of such termination.

15. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

16. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

17. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

18. Stockholder Approval. The Plan shall be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval shall be obtained in the manner and to the degree required under Applicable Laws.
