RE: Update on the Acquisition
DATE: October 22, 2004

I would like to update you on the status of the acquisition activity to date, provide an overview of the communication meetings that have occurred with CA and re-confirm the expected timeline for the closing.

There are a number of conditions to closing of the merger, including a couple of key filings that Netegrity and CA need to make. We expect to have submitted all of our required filings within the next few days and may in the next week be able to give you a better estimate on the anticipated closing date provided all contingencies are met. At this time, we are still using the 90 day estimate that we gave you in the employee Q&A dated October 6, 2004.

Since the day of the announcement more than two weeks ago and our company wide meeting with Russ Artzt, there have been a number of subsequent meetings between CA and Netegrity management. The intent of these meetings has been to give people an opportunity to meet and to communicate public information about each company. While we are still restricted from having any planning meetings, Russ Artzt and Stacy Leader, the designated CA integration manager, have either personally hosted or facilitated a number of non-planning meetings over the past two weeks.

Executives from both CA and Netegrity around the globe are trying to answer those questions that they can and are making themselves available for introductions in group settings. I feel very good about the visible efforts that are being made by CA to embrace the Netegrity employees and I am very positive about the upcoming integration activities.

Our understanding at this time is that CA intends to set up a cross functional and cross company integration team, once we have been given the clearances that we can work together on future planning activities. This integration team will be made up of executives from all functions at both Netegrity and CA. In the interim, I have asked Reggie Sommer to be our central point of communications with Stacy Leader. If you have any request or question that requires a response from a CA representative, please pose your request/question to Reggie. Please do not communicate directly with any CA employee or representative. Additionally, we intend to continue to have these written communications at least every two weeks or more often if we have critical information to share with you. We will also continue to distribute Q&A's as more information becomes available.

Earlier this week we sent out to you a number of links to the CA website that

will give you a better understanding of CA's values and their commitment to employees and customers. We also posted a link to the letter that CA has posted for customers regarding the merger that conveys a sense of CA's initial intentions regarding product plans. If you have not already

accessed these links, I would encourage each of you to do so by visiting the Integration Site at:

<https://knowledgeminder.netegrity.com/sites/Integration/default.aspx>

If you have any further questions that cannot be answered by your manager, please feel free to continue to send your questions to integration@netegrity.com and a reply will be given to you within 48 hours.

I know the uncertainty on the timing of the closing and the uncertainty of how each of you will be affected by the integration is difficult. I commend the continued focus I have seen driving to meet commitments we have made this year and would like to thank you for your continued dedication. I look forward to a successful integration with CA over the coming weeks. If I can be of any assistance to you, please feel free to call on me.

Regards,
Barry
