To the Plan Administrator of
Kansas City Southern 401(k) and Profit Sharing Plan
Kansas City, Missouri

We have audited the accompanying statement of net assets available for benefits of the Kansas City Southern 401(k) and Profit Sharing Plan as of December 31, 2007 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kansas City Southern 401(k) and Profit Sharing Plan as of December 31, 2007 and the changes in net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles. Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2007, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2007 and 2006

(1) Description of the Plan

The following description of the Kansas City Southern 401(k) and Profit Sharing Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan s provisions may be found in the plan document.

(a) General

The Plan is a participant-directed, defined contribution plan covering all employees that are not covered by a collective bargaining agreement of Kansas City Southern (KCS) or any other affiliated employer who, with written consent of KCS, adopts the Plan. Participants are eligible to participate in the Plan beginning on the first day of each calendar quarter coincident with or immediately following the first day of employment. The Plan was amended on August 7, 2007, and employees classified as a part-time employee, a seasonal employee or a temporary employee are eligible to participate in the Plan beginning on the first day of each calendar quarter coincident with or immediately following the date the participant has completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Plan Administrations

The Plan is administered by the Compensation and Organization Committee which is appointed by the board of directors of the Kansas City Southern Railway Company (the Company). On June 14, 2007, the Plan s trustee changed from Nationwide Trust Company to Charles Schwab Trust Company (the Trustee). The Trustee is responsible for the custody and management of the Plan s Assets.

(c) Contributions

Each year, participants may contribute a portion of their annual eligible compensation, as defined in the plan document, not to exceed a specified dollar amount as determined by the Internal Revenue Code (IRC). The Company will contribute for each participant a matching contribution equal to 100% of each participant s contribution up to 5% of the participant s eligible compensation. The Company may make discretionary profit sharing contributions to participants who have completed a minimum of 1,000 hours of service; however, there were no such contributions made during 2007 or 2006. Upon enrollment in the Plan, participants may direct their contributions and any Company matching contributions into any of the various funds offered by the Plan.

**KANSAS CITY SOUTHERN 401(K) AND
PROFIT SHARING PLAN**
Notes to Financial Statements
December 31, 2007 and 2006

(d) Vesting

Participants are always fully vested in their own contributions plus actual earnings thereon. Company contributions vest according to the following schedule:

Years of service	Percent vested
2	20%
3	40
4	60
5 or more	100

In the event of termination of the Plan or upon a change of control of the Company (as defined by the Plan agreement), all participants shall become fully vested.

(e) Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. A participant's normal retirement age is 65. The Plan also provides for distribution at age 59½. Distributions are made on a quarterly basis throughout the Plan year. Balances not exceeding \$1,000 will be paid as soon as administratively practicable following the participant's separation from services, but in no event later than the 60th day following the close of the Plan year. Balances exceeding \$1,000 will be paid upon the distribution date elected by the participant, but no later than the 60th day following the close of the Plan year in which the participant attains the age of 70½. On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

(f) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of Plan earnings, net of investment expenses. Allocations are based on account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(g) Administrative Expenses

Investment expenses are paid by the Plan as long as plan assets are sufficient to provide for such expenses. Administrative expenses are principally paid by the Company.

(h) Forfeitures

Nonvested amounts forfeited by participants may be used to reduce the Company's contribution. Allocated forfeitures were \$20,475 and \$75,394 for the Plan years ended December 31, 2007 and 2006, respectively. Outstanding forfeitures at December 31, 2007 and 2006 were \$0 and \$5,120, respectively.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting and Use of Estimates*

The accompanying financial statements are presented on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

(b) *Income Recognition*

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) *Investment Valuation*

Investments in mutual funds and common stocks are stated at fair value as determined by quoted market prices.

Investments in the common collective trust (Invesco Stable Value Trust or the Trust) are valued at the net asset value as determined using the estimated fair value of the investments in the respective trust at year end. The estimated fair value of the investment in the Trust is then adjusted to contract value in the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The contract value is determined by the Invesco National Trust Company.

The Trust holds guaranteed investment contracts (GICs) and synthetic guaranteed investment contracts (synthetic GICs). GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. Synthetic GICs are portfolios of securities (debt securities or units of collective trusts) owned by the Trust with wrap contracts associated with portfolios. The fair value of wrap contracts is based on the change in the present value of the contract's expected cash flows, discounted at current market rates. Investment contracts may have elements of risk due to lack of a secondary market and resale restrictions which may result in the inability of the Trust to sell a contract at a fair price and may substantially delay the sale of contracts which the Trust seeks to sell. In addition, investment contracts may be subject to credit risk based on the ability of the insurance company or bank to meet interest or principal payments, or both, as they become due.

Purchases and sales of securities are recorded on a trade-date basis.

Unsettled security transactions at year end are reflected in the financial statements as investment trades payable or receivable.

(d) *Net Appreciation (Depreciation) in Fair Value of Investments*

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments. Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

(e) Payment of Benefits

Benefit payments are recorded when paid.

(f) New Accounting Pronouncement

In September 2006, the Financial Accounting Standards Board (the FASB) issued Statement of Financial Accounting Standards No. 157 (SFAS 157), Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value and enhances disclosures regarding fair value measurements. SFAS 157 does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements and is effective for fiscal years beginning after November 15, 2007. In February 2008, the FASB agreed to partially defer the effective date of SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually), until fiscal years beginning after November 15, 2008. The Plan does not anticipate that the adoption of SFAS 157 will have a material impact on the Plan's financial statements.

The following presents investments that represent 5% or more of the Plan's net assets:

	2007	2006
Invesco Stable Value Trust, 9,588,752 and 9,306,799 units, respectively	\$ 9,521,919	9,108,065

**KANSAS CITY SOUTHERN 401(K) AND
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2007 and 2006

During 2007 and 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,017,510 and \$3,952,296, respectively.

	2007	2006
Kansas City Southern common stock	\$ 1,747,798	1,453,149
Janus Capital Group Income common stock	(443)	92,542
Mutual funds	270,155	2,406,605
 Total net investment appreciation	 \$ 2,017,510	 3,952,296

(4) Portfolio Risk

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(5) Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service, dated August 27, 2003, indicating that it is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from tax under Section 501(a) of the Code. The determination letter is applicable for amendments executed through April 29, 2003, with the exclusions of the amendment and restatement of the Plan effective April 1, 2002 and executed May 30, 2002. The tax determination letter has not been updated for the latest plan amendments occurring after April 29, 2003. However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt for the years ended December 31, 2007 and 2006.

The Company is not aware of any activity or transactions that may adversely affect the qualified status of the Plan.

(6) Related Party Transactions

Certain Plan investments held in the Trust are shares of KCS common stock, which is considered a party-in-interest. At December 31, 2007 and 2006, the fair value of shares held is \$10,071,632 and \$8,992,001, respectively.

(7) Plan Termination

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the participants shall receive amounts equal to their respective account balances.

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that were processed and approved for payment prior to December 31, 2007, but not yet paid as of that date.

(9) Prohibited Transaction

During the plan years ending December 31, 2007 and 2006, the Company failed to remit to the Trustee certain employee contributions totaling approximately \$12,735 and \$944 within the period of time prescribed by ERISA Section 2510.3-102. Delays in remitting contributions to the Plan's trustee were due to administrative errors, and the Company made contributions to the affected participant's account to compensate in aggregate the approximate lost income due to the delays.
