ERESOURCE CAPITAL GROUP, INC. AND SUBSIDIARIES
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

These financial statements include the operations of eResource Capital Group, Inc. and its subsidiaries (collectively the "Company"). In October 2000, flightserv.com changed its name to eResource Capital Group, Inc. ("eRCG") to reflect its new business direction. At March 31, 2001, the Company was engaged in the operation of a charter travel service business, a telecommunications call center business, business consulting, and certain limited commercial real estate activities.

All significant inter-company balances and transactions have been eliminated. Certain information and footnote disclosures normally included in financial

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

statements prepared in accordance with generally accepted accounting principles have been omitted pursuant to the rules of the Securities and Exchange Commission. Certain prior period amounts have been reclassified to conform to the current fiscal period presentation. In the opinion of management, all adjustments considered necessary for a fair presentation of the financial position of the Company as of March 31, 2001 and of the results of operations for the periods presented have been included. The financial data at June 30, 2000 is derived from audited financial statements which are included in the Company's Form 10-KSB and should be read in conjunction with the audited financial statements and notes thereto. Interim results are not necessarily indicative of results for the full year.

CASH AND CASH EQUIVALENTS

The Company classifies as cash equivalents any investments which can be readily converted to cash and have an original maturity of less than three months. At March 31, 2001, approximately \$340,000 of the Company's cash balances were escrow account deposits related to its aviation subsidiary. These deposits are related to prepayments for charter aircraft services and are transferred to unrestricted bank accounts upon completion of flights. At times cash and cash equivalent balances at a limited number of banks and financial institutions may exceed insurable amounts. The Company believes it mitigates its risks by depositing cash or investing in cash equivalents in major financial institutions.

INVESTMENTS

Investments, consisting of certificates of deposit with maturities of greater than three months and not readily marketable equity securities, are classified as available for sale. Investment securities that are not readily marketable include securities (a) for which there is no market on a securities exchange or no independent publicly quoted market, (b) that cannot be publicly offered or sold unless registration has been effected under the Securities Act of 1933, or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or the Company. Certificates of deposit are recorded at cost plus accrued interest. Not readily marketable equity securities are recorded at estimated values based on quoted market values for marketable securities of the investments discounted for trading restrictions. If there is no quoted market value, the recorded values are based on the most recent transactions in the securities discounted for lack of marketability. Investment securities transactions are recorded on a trade date basis. The difference between cost and fair value is recorded as unrealized gain or loss on available for sale securities as a component of shareholders' equity on the balance sheet.

STOCK PURCHASE WARRANTS

The Company periodically receives stock purchase warrants which are considered derivatives from companies with publicly traded common stock as part of its compensation for services. The Company recognizes revenue based on the fair value of such stock purchase warrants when earned and received based on the Black-Scholes valuation model. The Company recognizes unrealized gains or losses in the statement of operations based on the changes in value in the stock purchase warrants as determined by the Black-Scholes valuation model subsequent to the date received. Unrealized losses for the three and nine month periods ended March 31, 2001 were \$155,913.

PROPERTY, PLANT AND EQUIPMENT

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

Property, plant and equipment are stated at cost, less accumulated depreciation. Depreciation is computed on the straight-line basis over the assets' estimated useful lives. Expenditures for maintenance and repairs are expensed as incurred and expenditures for improvements which extend the useful life or add value to the asset are capitalized.

Sales and disposals of assets are recorded by removing the related cost and accumulated depreciation amounts with any resulting gain or loss reflected in the statement of operations.

UNEARNED INCOME

The Company's aviation subsidiary receives customer payments in advance for flight services. These deposits are deferred when received and are recorded as revenue upon completion of the flight. Deposits on cancelled flights are returned to the customers.

The Company's consulting subsidiaries receive advance payments on certain service contracts. The revenue on these contracts is recognized over the contract period.

COMPREHENSIVE INCOME

Components of comprehensive income are net loss and all other non-owner changes in equity. The only component of other comprehensive income consists of unrealized holding losses on securities available for sale. Total comprehensive loss for the three and nine month periods ended March 31, 2001 was \$1,920,000 and \$13,958,000, respectively, and for the three and nine month periods ended March 31, 2000 was \$40,092,000 and \$53,334,000, respectively.

NET LOSS PER SHARE

The Company computes net loss per share in accordance with SFAS No. 128, "Earnings per Share" which requires dual presentation of basic earnings per share ("EPS") and diluted EPS. Basic EPS is computed using the weighted average number of common shares outstanding during the period. Diluted EPS is computed using the weighted average number of common shares outstanding and potentially dilutive shares outstanding during the period. Options and warrants to purchase 27,380,120 and 16,888,743 shares of Common Stock were outstanding at March 31, 2001 and 2000, respectively. Such options and warrants could potentially dilute EPS in the future but have not been included in the computation of diluted net loss per share in the reported periods as the impact would have been antidilutive.

INCOME TAXES

The Company accounts for income taxes in accordance with the liability method as provided under Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes." Accordingly, deferred income taxes are recognized for the tax consequences of differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. The measurement of deferred income tax assets is reduced, if necessary, by the amount of any benefits that, based on available evidence, are not expected to be realized.

As of March 31, 2001 the Company had approximately \$33,800,000 of net operating loss carry forwards (NOL's) for federal income tax purposes, which expire between 2019 and 2020. A deferred income tax asset valuation allowance has been established against all deferred income tax assets as management is not certain that the deferred income tax assets will be realized. In addition, due to substantial limitations placed on the utilization of new operating losses following a change in control, utilization of such NOL's could be limited.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

The Company's 1996 and one of its subsidiary's 1994 and 1995 tax returns are currently under examination by the Internal Revenue Service ("IRS"). In March 2001, the Company received an IRS report regarding these tax returns assessing the Company approximately \$334,000 for income taxes plus accrued interest. The Company is appealing this assessment but cannot be certain that it will be reduced. In March 2001, the Company recorded a loss on discontinued operations to reflect revised estimates in costs and expenses to liquidate its discontinued operations, including this IRS tax assessment.

7

8

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. BUSINESS SEGMENTS

RECENT DEVELOPMENTS

On April 20, 2001, the Company signed a non-binding letter of intent (LOI) to acquire the business operations and assets of Logisoft Computer Products Corp. and eStorefronts.net Corp. (collectively, "Logisoft Subs"), currently subsidiaries of Logisoft Corp. The proposed structure of the acquisition by the Company is a stock-for-stock transaction where the Company will issue 5,500,000 shares of Common Stock for 100% ownership of the Logisoft Subs. Also, the Company may issue an additional 500,000 shares of Common Stock in connection with the transaction if the Logisoft Subs achieve certain performance goals through June 30, 2002.

The Logisoft Subs provide full spectrum Internet business development, focus on enabling globalization of e-business, provide partner site services to companies that want to outsource their e-retail businesses, and market educational software to a wide range of customers nationwide.

On April 3, 2001, the Company acquired 96% of LST, Inc. d/b/a LifeStyle Technologies ("Lifestyles") in exchange of 8,074,676 shares of Common Stock. The Company owned approximately 4% of Lifestyles stock prior to the acquisition. Also, the Company may issue an additional 2,000,000 shares of Common Stock in connection with the transaction if Lifestyles achieves certain performance goals through December 31, 2004. The total purchase price for Lifestyles aggregated \$7,617,208 and the transaction was recorded using the purchase method of accounting.

Lifestyles, based in Charlotte, North Carolina, offers a convergence of technology through customized wiring and hardware for homeowners and homebuilders. Through internal resources and national alliance relationships, LifeStyles can provide a one-stop shopping menu for high-speed Internet, satellite services, communication services, security, data, video and voice entertainment systems, as well as long distance and local telephone services for today's "Smart Home". Michael D. Pruitt, the Company's President, Chief Executive Officer and a director, was an officer, director and shareholder of Lifestyles prior to the acquisition.

TECHNOLOGY CONSULTING

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

On February 13, 2001, the Company acquired 100% of Avenel Ventures, Inc. ("Avenel Ventures") in exchange of 6.7 million shares of Common Stock pursuant to a share exchange purchase agreement dated as of November 8, 2000. The total purchase price aggregated \$6,834,000 and the transaction was recorded using the purchase method of accounting. The excess value of the purchase price over the fair value of Avenel Ventures net assets on the acquisition date aggregating \$5,610,144 has been allocated to goodwill which is being amortized over five years.

Avenel Ventures provides investment and advisory services to technology companies, and through its wholly-owned subsidiary, Avenel Alliance, provides e-commerce and business development services to clients implementing innovative strategies in e-commerce internet marketing.

Michael D. Pruitt was an officer, director, and shareholder of Avenel Ventures prior to the acquisition. Melinda Morris Zaroni, an officer, director and shareholder of Avenel Ventures at the time of acquisition, became an officer of the Company in November 2000 and was elected as a director of the Company in January 2001.

AVIATION TRAVEL SERVICES

In fiscal 1999 and 2000, the Company developed its Private Seats(TM) program to provide, as agent, Internet access to private jet flight and related travel services. The Company commenced charter flight reservations in March 2000 and charter flights booked by the Company began operating on April 17, 2000. Due to limited capital availability, the Company did not actively pursue development of the Private Seats(TM) program and, as a result, did not realize any revenue from this business in the six months ended December 31, 2000. Due to the uncertainty about the development of the Private Seats concept, the Company recorded a

8

9

\$754,000 charge in the quarter ended December 31, 2000 to write off the remaining cost of the Private Seats Web site development costs. In addition, the Company recorded a \$1,143,000 charge in the quarter ended December 31, 2000 to write off the remaining prepaid and deferred compensation expenses related to a contract and a warrant agreement with a third party vendor that was to provide services to the Private Seats program.

On August 25, 2000, the Company completed the acquisition of Internet Aviation Services, Ltd. ("IASL") in accordance with a definitive purchase agreement dated August 11, 2000, which provided for the exchange of 1,750,000 shares of the Company's Common Stock for all of IASL's common stock. On August 11, 2000, the 1,750,000 shares of common stock issued for IASL had a market value of \$984,375. Including direct acquisition costs, the aggregate purchase price for IASL was \$1,176,905. The excess value of the purchase price over the fair value of IASL's net assets on the acquisition date aggregating \$1,126,905 has been allocated to goodwill which is being amortized over five years.

IASL is a new leisure and business travel services company, which offers charter services. IASL has an agreement with a tour operator to provide air charter services between Charlotte, North Carolina and Cancun, Mexico for a 12-month period ending December 21, 2001. IASL has an agreement with Southeast Airlines to operate the aircraft. In addition, IASL signed a contract with Casino Express Airline to charter a 122 seat B-737-200 jet aircraft to provide airlift for casinos in Tunica, Mississippi and additional Cancun service for a major tour operator.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

In October 2000, IASL entered into a contract with Southeast Airlines to charter two additional DC-9-30 jet aircraft to provide jet shuttle service between Norfolk, Virginia and New York City, New York and between Norfolk and Orlando, Florida. Due to low consumer demand for this service IASL suspended its jet shuttle operations in January 2001 and terminated its contract with Southeast for the two DC-9-30 aircraft.

TELECOMMUNICATIONS CALL CENTER

On September 7, 2000, the Company completed the acquisition of DM Marketing, Inc. ("DMM") in accordance with a definitive purchase agreement dated August 16, 2000, which provided for the exchange of 8,450,000 shares of the Company's Common Stock for all of the common stock of DMM. On August 16, 2000, the 8,450,000 shares of common stock issued for DMM had a market value of \$5,281,250. Including direct acquisition costs, the aggregate purchase price for DMM was \$6,210,897. The excess value of the purchase price over the fair value of DMM's net assets on the acquisition date aggregating \$5,722,267 has been allocated to goodwill which is being amortized over five years.

DMM operates a telecommunications call center providing telemarketing, help desk and other services for Internet related companies. Michael D. Pruitt was an officer, director and shareholder of DMM at the time it was acquired by the Company.

COMMERCIAL REAL ESTATE INVESTMENTS

The Company owns two shopping center properties in the Atlanta, Georgia area. The mortgage financing on the shopping center properties includes additional interest agreements which provides that the lender receive 50% of the net cash flows on a quarterly basis and 50% of the excess of appraised value over the mortgage loan balance at the time of any sale of the property or maturity of the mortgage. The Company has recorded deferred debt discount and accrued interest payable to reflect the lenders allocations of excess cash flows and of the excess appraisal value over the loans. The deferred debt discount was fully amortized at December 31, 2000. In September 2000, the Company extended the balloon principal payments of these mortgage loans from October 1, 2000 to October 1, 2001.

In March 2001, the Company entered into negotiations for the sale of its two shopping centers and received a \$37,500 refundable deposit. In April 2001, the Company received an additional refundable deposit of \$75,000. The Company expects to enter into a sales contract and complete the sale of the shopping centers before June 30, 2001.

STRATOS INNS CONCEPT

The Company owns PDK Properties, Inc. ("PDK") which held a long-term ground lease at Dekalb-Peachtree Airport in Dekalb County, Georgia and owns Stratos Inns, LLC, a hotel and hospitality business concept. The lease provided for a 54-month development period, a 36-month construction period, and a 30-year lease term after a hotel is constructed and opened. The

Company did not commence construction on the leased site; and, as a result was declared in default of the lease by the landlord. Due to its limited available capital and inability to secure a hotel management partner, the Company determined it was unlikely that the Company would be able to complete the construction of a hotel facility within the time constraints of its property lease or to obtain a lease extension from the landlord. In December 2000, the

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

Company recorded a noncash charge of \$1,164,000 to write off its PDK and Stratos Inns investments.

NOTE 3. DISCONTINUED OPERATIONS

In fiscal 1999, the Company discontinued its residential real estate development operations. Residential real estate operations include developed lots, undeveloped land, and equity investments in residential real estate development companies, partnerships, and joint ventures. The Company has made certain estimates regarding the fair value of assets and costs to dispose of the remaining assets of the discontinued operations.

Following is a summary of the net assets (liabilities) of discontinued operations (in thousands):

	MARCH 31, 2001	JUNE 30, 2000
	-----	-----
Real estate inventories	\$ 2,640	\$ 2,898
Mortgage notes and accrued interest payable	(2,265)	(2,667)
Estimated expenses and other liabilities	(307)	(237)
	-----	-----
	\$ 68	\$ (6)
	-----	-----

In January 2001, the Company sold a portion of its discontinued operations real estate. The net proceeds of approximately \$85,000 were used to reduce the note payable of the discontinued operations.

In May 2001, the Company entered a contract for the sale of certain real estate of discontinued operations for \$380,000. The sale is scheduled to close by May 31, 2001. In March 2001, the Company recorded a \$300,000 loss on disposal of discontinued operations to reflect revised estimates of the net realizable value of the real estate inventories and of the income tax liability from prior years assessed in March 2001 by the IRS.

Also, in May 2001, the Company reached an agreement to repay all mortgage notes and accrued interest payable of discontinued operations by transferring certain real estate inventory valued at \$2,265,000 at March 31, 2001 to the mortgagor.

After fees and expenses, the Company realized \$2,409,000 from the private placement.

In September 2000, the Company issued 8,450,000 shares of restricted Common Stock in connection with the DMM acquisition.

In January and February 2001, the Company raised \$575,000 in a private placement sale of 287,500 units. Each unit consists of 1) two shares of Common Stock, 2) a warrant to purchase two shares of restricted Common Stock at \$3 per share, based on certain criteria, that expires 12 months after the shares underlying the warrant can be sold pursuant to an effective registration statement under the Securities Act of 1933 as amended; 3) a warrant to purchase two shares of restricted Common Stock at \$4 per share, based on certain criteria, that expires in 24 months after the shares underlying the warrants can be sold pursuant to an effective registration statement under the Securities Act of 1933 as amended.

NOTE 6. RELATED PARTY TRANSACTIONS

In January 2001, the Company entered into a consulting agreement with Mr. Todd Bottorff ("the Consulting Agreement"). In accordance with the Consulting Agreement Mr. Bottorff resigned as President of the Company, agreed to cancel his employment agreement dated May 7, 2000, and agreed to provide consulting services to the Company through August 8, 2001, during which period the Company will compensate Mr. Bottorff twice a month based on an annual salary of \$160,000. In December 2000, the Company recorded \$114,000 of expense related to the Consulting Agreement.

At March 31, 2001, the Company had notes payable of \$226,000 to a company owned by Michael D. Pruitt and had a \$200,000 note receivable due from Lifestyles.

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

In the nine months ended March 31, 2000, the Company's continuing operations

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

included development of an Internet-based, private aviation travel services business, limited commercial real estate operations, and other investments. In addition to these businesses, the Company acquired a leisure and business travel services, telecommunications call center, and technology consulting businesses in the nine months ended March 31, 2001. Due to these business acquisitions, the Company's revenue and expense category amounts in the current fiscal periods vary significantly from the same periods in fiscal 2000 periods. The following table summarizes certain revenue and categories (in thousands):

	THREE MONTHS ENDED MARCH 31,			NINE

RESULTS OF CONTINUING OPERATIONS

The Company's revenues in the three and nine months ended March 31, 2001 were \$4,420,000 and \$7,325,000 respectively, compared to \$306,000 and \$832,000, respectively, in the same periods a year ago. The increases in the current periods are due primarily to the newly acquired businesses offset by a decrease in shopping center revenue. The Company operated jet shuttle flights from November 2000 to January 2001. Due to low customer demand, the Company suspended its jet shuttle services in January 2001. The Company's leisure charter operations commenced in October 2000.

Gross profit in the three and nine months ended March 31, 2001 was \$901,000 and \$1,305,000, respectively, compared to \$306,000 and \$832,000, respectively in the

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

same periods a year ago. The increases in the current periods are due to the newly acquired businesses. The Company's aviation segment's overall gross profit improved to 9.9% in the current quarter compared to 2.6% for the current nine month period due to terminating the jet shuttle operations.

In the three and nine months ended March 31, 2001, the Company recognized \$219,000 and \$6,922,000, respectively, of non-cash expense related to the issuance of stock options and warrants compared to \$37,872,000 and \$48,899,000, respectively, in the same periods a year ago. This expense decreased in the periods ended March 31, 2001 because the Company granted fewer compensatory options and warrants during such periods.

Selling, general and administrative expenses other in the three and nine months ended March 31, 2001 were \$1,320,000 and \$3,855,000, respectively, compared to \$2,140,000 and \$4,351,000, respectively, in the comparable 2000 periods. These increases are due to expenses of the newly acquired aviation, call center, and consulting businesses offset partially by the non recurring development costs of the Private Seats(TM) program.

The Company's depreciation and amortization expense in the three and nine month periods ended March 31, 2001 was \$621,000 and \$1,418,000, respectively, compared to \$180,000 and \$469,000, respectively, in the same periods a year ago. The increases are due primarily to amortization of the Company's Web site development costs through December 31, 2000 and amortization of the goodwill related to the business acquisitions in the current fiscal year.

Interest expense for the three and nine months periods ended March 31, 2001 was \$140,000 and \$629,000, respectively. Interest expense for the nine months ended March 31, 2001 is higher than the same period a year ago due to the amortization of deferred debt interest costs on its shopping center mortgages. These deferred costs were fully amortized at September 30, 2000.

Also, in the nine months ended March 31, 2001, the Company recorded noncash expenses to reflect the write off of the pre-development costs of its Stratos Inns concept (\$1,164,000) and Private Seats Web site (\$754,000).

LIQUIDITY AND CAPITAL RESOURCES

The net loss in the nine months ended March 31, 2001 of \$13,893,000 was offset by an increase in stockholder's equity due to the stock purchases of DMM, IASL, and Avenel. Also, a \$2,323,400 increase in paid-in capital related to the issuance of stock and stock options and \$3,314,000 proceeds from the sale of Common Stock and exercise of options and warrants resulted in a net increase in stockholders' equity of \$5,924,000.

In the nine months ended March 31, 2001, continuing operations used \$3,235,000 of cash and discontinued operations used \$374,000 of cash. Including the net cash provided from business acquisitions and stock sales, the net decrease in cash was \$84,000 for the nine months ended March 31, 2001.

In the three months ended March 31, 2001, the Company raised \$575,000 out of an anticipated \$3.0 million in a private placement sale of units which consisted of Common Stock and warrants. This private placement was terminated without raising the additional \$2.4 million.

In the three month periods ended September 30 2000, December 31, 2000, and March 31, 2001, the Company used \$1,153,000, \$1,731,000 and \$892,000 of cash, respectively, excluding cash proceeds from sales of stock and exercise of options and warrants. Though the cash usage improved in the three months ended March 31, 2001, the Company's cash balance at March 31, 2001 of \$442,000 is inadequate to fund operating losses at the level experienced in the three and nine months ended March 31, 2001. The Company began generating revenue from its

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10QSB

newly acquired leisure aviation travel service operations in October 2000 and management believes revenues will continue to increase in subsequent periods as the Company expands this business, expands its telecommunications call center operations and acquires additional businesses. However, the Company will continue to incur operating losses as it implements its new business acquisition strategy.

16

The Company has taken the following actions to provide near-term liquidity while it continues the development of its businesses in an effort to reach positive cash flow from operations:

- (i) Entered negotiations for a \$2.5 million bank line of credit in May 2001.
- (ii) Entered a contract to sell certain real estate of discontinued operations for \$380,000
- (iii) Entered negotiations to sell its two shopping centers.
- (iv) Determined to sell certain marketable securities.

If it completes these transactions, the Company expects to have adequate cash balances to operate and grow its businesses while it continues to focus on improving its cash flow from operations. In addition to the above transactions the Company may need additional debt or equity financing depending upon its ability to grow its newly acquired, and to be acquired, businesses and improve cash flow from operations. There can be no assurance that additional financing will be available when needed or, if available, that it will be on terms favorable to the Company and its stockholders. If the Company is not successful in generating sufficient cash flow from operations, or in raising additional capital when required in sufficient amounts and on terms acceptable to the Company, these failures would have a material adverse effect on the Company's business, results of operations and financial condition. If additional funds are raised through the issuance of equity securities, the percentage ownership of its then-current stockholders would be diluted.

The Company's business, results of operations, and financial condition are subject to many risks. In addition, statements in this quarterly report relating to matters that are not historical facts are forward-looking statements based on management's belief and assumptions using currently available information. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, it cannot give any assurances that these expectations will prove to be correct. Such statements involve a number of risks and uncertainties, including, but not limited to those discussed herein or in other documents filed by the Company with the Securities and Exchange Commission.
