PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 29, 2003

INTRODUCTION

GENERAL

This Proxy Statement is being furnished to the shareholders of The Enstar Group, Inc. (the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") for use at the Annual Meeting of Shareholders to be held on Thursday, May 29, 2003 (the "Annual Meeting"), at the Montgomery Civic Center at 300 Bibb Street, Montgomery, Alabama 36104, 9:00 a.m., local time, and at any adjournment thereof.

RECORD DATE

The Board has fixed April 7, 2003 as the record date (the "Record Date") for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. Only holders of common stock, par value \$.01 per share, of the Company ("Common Stock") as of the Record Date are entitled to vote at the Annual Meeting or any adjournment thereof. On the Record Date, the Company had issued and outstanding 5,465,753 shares of Common Stock. Each share of Common Stock is entitled to one vote at the Annual Meeting. No cumulative voting rights are authorized, and appraisal rights for dissenting shareholders are not applicable to the matters being proposed. It is anticipated that this Proxy Statement will be first mailed to shareholders of the Company on or about April 22, 2003.

VOTING AND PROXIES

When the enclosed form of proxy is properly executed and returned, the shares it represents will be voted as directed at the Annual Meeting and any adjournment thereof or, if no direction is indicated, such shares will be voted in favor of the proposals set forth in the notice attached hereto. Any shareholder giving a proxy has the power to revoke it at any time before it is voted. All proxies delivered pursuant to the solicitation are revocable at any time at the option of the persons executing them by giving written notice to the Secretary of the Company, by delivering a later-dated proxy or by voting in person at the Annual Meeting. If Common Stock owned by a shareholder is registered in the name of more than one person, each such person should sign the enclosed proxy. If the proxy is signed by an attorney, executor, administrator, trustee, guardian or by any other person in a representative capacity, the full title of the person signing the proxy should be given and a certificate should be furnished showing evidence of appointment. Any beneficial owner of shares of Common Stock as of the Record Date who intends to vote such shares in person at the Annual Meeting must obtain a legal proxy from the record owner and present such proxy at the Annual Meeting in order to vote such shares. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the meeting who will also determine whether a quorum is present for the transaction of business.

The presence in person or by proxy of holders of a majority of the shares of Common Stock outstanding on the Record Date will constitute a quorum for the transaction of business at the Annual Meeting or any adjournment thereof. The affirmative vote of a plurality of the shares of Common Stock present in person or by proxy and entitled to vote is required to elect directors. The affirmative

Edgar Filing: ENSTAR GROUP INC - Form DEF 14A

vote of the majority of the shares of Common Stock represented at the Annual Meeting and entitled to vote on the subject matter is required with

respect to the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors, the approval of the amendment of the 1997 Amended Omnibus Incentive Plan (the "Incentive Plan") and any other matter that may properly come before the Annual Meeting. At the Annual Meeting, votes cast for or against any matter may be cast in person or by proxy. Shares of Common Stock held by nominees for beneficial owners will be counted for purposes of determining whether a quorum is present if the nominee has the discretion to vote on at least one of the matters presented, even if the nominee may not exercise discretionary voting power with respect to other matters and voting instructions have not been received from the beneficial owner (a "broker non-vote"). Broker non-votes will not be counted as votes for or against matters presented for shareholder consideration. Abstentions with respect to a proposal are counted for purposes of establishing a quorum. If a quorum is present, abstentions have the effect of a negative vote against any proposal, except for the election of directors.

As of the date of this Proxy Statement, management of the Company has no knowledge of any business other than that described herein which will be presented for consideration at the Annual Meeting. In the event any other business is properly presented at the Annual Meeting, it is intended that the persons named in the enclosed proxy will have authority to vote such proxy in accordance with their judgment on such business.

ELECTION OF DIRECTORS (ITEM 1)

BOARD OF DIRECTORS

In accordance with the Bylaws of the Company, the Board currently consists of six members. The Company's Articles of Incorporation divide the Board into three classes. Directors for each class are elected at the annual meeting of shareholders held in the year in which the term for such class expires to serve a term of three years. Nominees for vacant or newly created director positions stand for election at the next annual meeting following the vacancy or creation of such director positions, to serve for the remainder of the term of the class in which their respective positions are apportioned. At the Annual Meeting, T. Whit Armstrong and T. Wayne Davis will stand for election to serve as directors for three-year terms expiring at the 2006 annual meeting of shareholders, or until their successors are duly elected and qualified. In accordance with the Bylaws of the Company, the mandatory retirement age for directors who are not employees of the Company is 70.

The Board has no reason to believe that any of the nominees for the office of director will be unavailable for election as directors. However, if at the time of the Annual Meeting any nominee should be unable or decline to serve, the persons named in the proxy will vote as recommended by the Board either (i) to elect a substitute nominee recommended by the Board, (ii) to allow the vacancy created thereby to remain open until filled by the Board or (iii) to reduce the number of directors for the ensuing year. In no event, however, can a proxy be voted to elect more than two directors. The election of the nominees to the Board requires the affirmative vote of a plurality of the shares held by shareholders present and voting at the Annual Meeting in person or by proxy.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board recommends a vote FOR T. Whit Armstrong and T. Wayne Davis to hold office until the 2006 annual meeting of shareholders, or until their successors are duly elected and qualified.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company receive a quarterly retainer fee of \$5,000 and per meeting fees as follows: (i) \$2,500 for each Board meeting attended other than a telephone Board meeting; (ii) \$1,000 for each telephone Board meeting attended; (iii) \$1,000 for each Committee meeting attended; and (iv) \$1,500 for each Committee meeting attended by a Committee Chairperson. Such outside directors' fees are payable at the election of the director either in cash or in stock units under the Company's Deferred Compensation and Stock Plan for Non-Employee Directors (the "Deferred Plan"). If the director elects to receive stock units instead of cash, the stock units shall be payable only upon the director's termination. The number of shares to be distributed in connection with such termination would be equal to one share of Common Stock for each stock unit and cash would be paid for any fractional units. The distribution of stock units is also subject to acceleration upon certain events constituting a change in control of the Company. All current non-employee directors have elected to receive 100% of their compensation in stock units in lieu of cash payments for the retainer and meeting fees. As of December 31, 2002, a total of \$560,500 in stock compensation had been deferred under this plan. In addition, directors are entitled to reimbursement for out-of-pocket expenses incurred in attending all meetings.

REPORT OF COMPENSATION COMMITTEE

The Compensation Committee of the Board (the "Compensation Committee") was created in 1996 and currently consists of Messrs. Davis, Armstrong and Halis. The Compensation Committee is responsible for (i) establishing the compensation of the Company's Named Executive Officers upon the recommendation of the Chief Executive Officer (with the exception of the compensation of the Chief Executive Officer) and (ii) considering the issuance of stock options for executive officers and directors. Mr. Frazer, the Company's Chief Executive Officer, is responsible for recommending to the Compensation Committee the compensation for the other executive officers of the Company. The Compensation Committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986. Section 162(m) may in certain circumstances deny a federal income tax deduction for compensation to an executive officer in excess of \$1 million per year. It is not anticipated that compensation to any executive officer of the Company during 2003 will exceed the \$1 million threshold.

Compensation Policy and Overall Objectives. The Company's executive compensation policy is designed to attract, retain and motivate executive officers needed to achieve the Company's strategic objectives and to maximize the Company's performance and shareholder value.

The Company supports these goals through a compensation strategy principally involving competitive salaries and long-term incentive opportunities. Compensation consists of both fixed pay elements (base salary and benefits) and long-term incentives to encourage and reward distinctive contributions to the success of the organization. Salary and benefit levels reflect position responsibilities and strategic importance and are targeted at market median base salary levels. Total cash compensation has been below market median levels because the Company has not paid annual bonuses. Long-term incentive opportunities reward key executives for financial and non-financial performance that enhances shareholder value. Long-term incentive opportunities have been at or above market median levels.

The Company retained an independent compensation consulting firm to assist it in analyzing its executive compensation program for 1997 and thereafter. The consulting firm recommended that the Company adopt a policy of providing a significant percentage of certain executive officers' total compensation based on the Company's performance. In addition, the consultant provided the Compensation Committee with an analysis of senior executive compensation using published survey data for the financial services industry. In 2003, the Compensation Committee again retained an independent compensation consulting firm, which provided it with an updated analysis of senior executive compensation using published industry data. The Compensation Committee has considered these recommendations and the compensation analyses in establishing the base salaries for the Chief Executive Officer, the Chief Operating Officer and the other executive officers for 2003 and prior years.

Base Salary. Each executive officer's base salary, including Mr. Frazer's base salary, is determined based upon a number of factors including the executive officer's responsibilities, contribution to the achievement of the Company's business plan goals, demonstrated leadership skills and overall effectiveness and length of service. Base salaries are also designed to be competitive with those offered in the various markets in which the Company competes for executive talent and are analyzed with a view towards desired base salary levels over a three-year to five-year time period. Each executive officer's salary is reviewed annually and although these and other factors are

Edgar Filing: ENSTAR GROUP INC - Form DEF 14A

considered in setting base salaries, no specific weight is given to any one factor.

Cash Bonuses. The Company did not pay any bonuses to the Named Executive Officers during 2002.

Long-Term Incentives. Long-term incentives are provided pursuant to the CEO Plan, the 1997 Outside Directors' Plan, the 2001 Outside Directors' Plan, the Incentive Plan and the Deferred Plan. Stock option plans are designed to align executives' and shareholders' interest in the enhancement of shareholder value. Stock options are used by the Company to encourage long-term service by executives. No stock options were granted in 2002 under any of the Company's compensation plans.

Severance and Employment Agreements. The Compensation Committee approved severance agreements for Nimrod T. Frazer, Cheryl D. Davis and Amy M. Dunaway in March 1998 (the "Severance

11

Agreements"). The Severance Agreements provide that Nimrod T. Frazer, Cheryl D. Davis and Amy M. Dunaway will receive their base salary for a period of twelve months following a termination of employment, other than for "cause," as defined in the Severance Agreements, or a voluntary termination.

The Compensation Committee also approved an employment agreement with John J. Oros in March 2000 (the "Employment Agreement"). The Employment Agreement provides for an initial one year term and automatic renewal for successive one year terms thereafter, subject to earlier termination as provided in the Employment Agreement. The Employment Agreement provides an annual base salary to Mr. Oros of \$50,000 and reimbursement of up to \$50,000 annually for office related expenses incurred by Mr. Oros in connection with the performance of his duties with the Company. The Employment Agreement also provides that the Board may award to Mr. Oros such bonuses, and in such amounts, as the Board shall determine in its sole discretion. In fiscal 2002, Mr. Oros received annual base salary of \$250,000. Effective as of January 1, 2003, the Compensation Committee approved an increase to Mr. Oros's annual base salary to \$350,000.

Chief Executive Officer Compensation. Mr. Frazer does not have an employment agreement with the Company. The Compensation Committee is responsible for determining Mr. Frazer's compensation annually. In fiscal 2002, Mr. Frazer received annual base salary of \$250,000. Mr. Frazer's base salary was based on, among other things, his responsibilities, his length of service, his contributions to the business and his overall leadership skills. Effective as of January 1, 2003, the Compensation Committee approved an increase to Mr. Frazer's annual base salary to \$350,000.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for reviewing the Company's quarterly financial statements and for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States.

Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the opinions and communications of the Company's independent auditors. Accordingly, the Audit Committee's review does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's activities do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with accounting principals generally accepted in the United States of America or that the Company's independent auditors are in fact independent.

In fulfilling its responsibilities:

- The Audit Committee reviewed and discussed the audited financial statements contained in the 2002 Annual Report on Form 10-K with the Company's management and the independent auditors prior to the filing of the Form 10-K with Commission.
- The Audit Committee reviewed and discussed the unaudited financial statements contained in the Company's Quarterly Reports on Form 10-Q for each of the quarters ended in 2002 with the Company's management and the independent auditors prior to the filing thereof with the Commission.
- The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).
- The Audit Committee received from the independent auditors written disclosures regarding the auditors' independence, as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with the auditors their independence from the Company and its management.

In reliance on the reviews and discussions noted above and subject to the limitations set forth above, the Audit Committee approved the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Commission.

Because of the Company's entrance into the reinsurance industry, the Company is discontinuing the use of the Custom Composite Index, which consists of companies having a comparable market capitalization to the Company as of December 31, 1997, and replacing it with the Peer Group Index. The Peer Group Index consists of publicly-traded companies identified by Bloomberg L.P. as comparable to the Company based on certain similarities in their principal lines of business with the Company's reinsurance operations.

CERTAIN TRANSACTIONS

In February 2002, the Company entered into an agreement with J.C. Flowers & Company, LLC, running through November 2005, for the use of certain office space and administrative services from J.C. Flowers & Company, LLC for an annual payment of \$66,000. J.C. Flowers & Company, LLC is managed by J. Christopher Flowers, Vice Chairman of the Board and the Company's largest shareholder.

In November 2002, the Company received a commitment fee of approximately \$208,000 in connection with a standby purchase commitment entered into by the Company through a newly-formed Canadian limited partnership with J.C. Flowers I LP, Shinsei Bank, Ltd. ("Shinsei") and Fitzwilliam (SAC) Insurance Limited ("Fitzwilliam"). The Company's share of the commitment, in the amount of approximately \$10 million, was for the purchase of ordinary shares of Zurich Financial Services ("Zurich"), a Swiss company engaged in providing insurance based financial services, to be issued in connection with a rights offering by Zurich to its existing shareholders. The commitment was never required to be executed and no funds were contributed by the Company. J.C. Flowers I LP is a private investment fund managed by Mr. Flowers. Mr. Flowers also is a director of Shinsei. Fitzwilliam is a wholly owned subsidiary of Castlewood Holdings Limited ("Castlewood Holdings"). The Company holds a 33 1/3% economic interest in Castlewood Holdings and 50% of Castlewood Holdings' voting stock.

In January 2003, the Company announced that it will contribute up to \$10 million to JCF CFN LLC ("JCF CFN"), an entity controlled by JCF Associates I LLC, the general partner of J.C. Flowers I LP, of which approximately \$3 million has been funded from cash on hand, in exchange for a 100% economic interest in JCF CFN. JCF CFN has committed to invest in CFN Investment Holdings LLC ("CFN"), a newly-formed limited liability company, together with J.C. Flowers I LP, FIT CFN Holdings LLC (an affiliate of Fortress Investment Group LLC) and affiliates of Cerberus Capital Management, L.P.

In March 2003, CFN announced the acquisition in bankruptcy of substantially all of the assets of Conseco Finance Corporation ("Conseco Finance") for approximately \$785 million. The acquisition was confirmed by the U.S. Bankruptcy Court for the Northern District of Illinois. The assets consist primarily of a portfolio of home equity and manufactured housing loan securities as well as the associated servicing businesses. An unrelated party will simultaneously acquire the assets of Mill Creek Bank, which houses Conseco Finance's credit card operations, for approximately \$310 million. JCF CFN has also invested in FPS DIP LLC, a second limited liability company formed by the members of CFN to provide, together with one of Conseco Finance's existing lenders, up to \$125 million of debtor-in-possession financing to Conseco Finance. The Company expects the acquisition of substantially all of Conseco Finance's assets by CFN to close in the second quarter of 2003, at which time the Company will fund its remaining capital commitment to JCF CFN.

No fees were paid by the Company or will be payable by the Company to J.C. Flowers I LP, JCF Associates I LLC, or Mr. Flowers in connection with the Company's standby purchase commitment to Zurich or the Company's investment in JCF CFN.

In March 2003, the Company announced that Castlewood Holdings and Shinsei acquired The Toa-Re Insurance Company (UK) Limited, a London-based subsidiary of The Toa Reinsurance Company, Limited, for approximately \$46 million. The acquisition was effected through a newly formed Bermuda company, which is jointly owned by Castlewood Holdings and Shinsei. Castlewood Holding received a 50.1% economic and voting interest and Shinsei received a 49.9% economic and

Edgar Filing: ENSTAR GROUP INC - Form DEF 14A

voting interest in the newly formed Bermuda company.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS (ITEM 2)

The Audit Committee has appointed the firm of Deloitte & Touche LLP to serve as independent auditors of the Company for the year ending December 31, 2003, subject to ratification of this appointment by the shareholders of the Company. Deloitte & Touche LLP has served as independent auditors of the Company

16

from 1990 through 2002 and is considered by management of the Company to be well qualified. The Company has been advised by Deloitte & Touche LLP that neither it nor any member thereof has any financial interest, direct or indirect, in the Company or any of its subsidiaries in any capacity. One or more representatives of Deloitte & Touche LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board recommends a vote FOR the proposal to ratify the appointment of Deloitte & Touche LLP as independent auditors of the Company for 2003.

APPROVAL OF AMENDMENT OF INCENTIVE PLAN (ITEM 3)

As described earlier in this Proxy Statement, the Company has adopted a long-term incentive program designed to promote the success and enhance the value of the Company by providing flexibility in the Company's ability to attract, motivate and retain the services of key employees and directors. See "Report of Compensation Committee." The Board, as part of the long-term incentive program, has adopted and recommends to the shareholders that they approve a proposal to amend the Company's 1997 Amended Omnibus Incentive Plan (the "Incentive Plan") to increase the total number of shares of Common Stock available to be granted under the Incentive Plan from 322,500 to 522,500, and to increase the aggregate number of shares of Common Stock that may be granted to any individual participant in the Incentive Plan from 200,000 to 300,000. The text of the proposed amendment to the Incentive Plan is set forth in Annex A to this Proxy Statement. Except for the amendment described above, the Incentive Plan will remain unchanged. The following is a summary of the Incentive Plan, prior to amendment. This summary is qualified in its entirety by reference to such plan.

SUMMARY OF INCENTIVE PLAN

The Company's shareholders approved the Incentive Plan on June 30, 1997, and subsequently approved the amendment of the Incentive Plan on June 6, 2001, to, among other things, increase the number of shares of Common Stock reserved for issuance under the Incentive Plan. The Incentive Plan is administered by the Compensation Committee. Currently, a total of 322,500 shares of Common Stock have been reserved for issuance under the Incentive Plan, which provides generally for the grant of stock appreciation awards, restricted stock awards, incentive stock options and nonqualified stock options (collectively, "Awards"). Only officers, key employees and directors of the Company and its affiliates (except for Messrs. Flowers, Halis, Armstrong and Davis, who are excluded from participation in the Incentive Plan) may be granted Awards under the Incentive Plan; provided, however, that only employees are eligible to receive incentive stock options. Currently, no individual participant may receive total Awards with respect to more than 200,000 shares of Common Stock under the Incentive

Edgar Filing: ENSTAR GROUP INC - Form DEF 14A

Plan.

The Compensation Committee determines the persons to whom, and the times at which, options and other Awards are granted, the types of options to be granted, the number of shares and the exercise price of each option, and all of the related terms, conditions and provisions of Awards granted under the Incentive Plan. In making Awards under the Incentive Plan, the Compensation Committee will take into account various factors including, but not limited to, the eligible employee's or director's responsibilities, past, present and potential contributions to the success of the Company, and anticipated years of future service. Although the Compensation Committee has discretion in granting options and other Awards, no option may have a term longer than ten years, the exercise price of each option may not be less than 100 percent of the fair market value of the Company's Common Stock on the date of the grant and, subject to certain exceptions relating to termination of employment, no option may be exercised during the first twelve months following the date of grant. In addition, with respect to grants of incentive stock options, the aggregate fair market value of the Common Stock (determined at the time of grant) for which a participant under the Incentive Plan may exercise such incentive stock options may not exceed \$100,000 for any calendar year.

17

The Incentive Plan provides that any stock appreciation award shall entitle the recipient to receive the excess of the fair market value of the Company's Common Stock over the stock appreciation rights' "base value" (defined as the full market value of the Common Stock on the date of grant) for each stock appreciation right exercised. Such rights may be satisfied in cash, Common Stock, or a combination thereof, as determined by the Compensation Committee. The Compensation Committee may impose such conditions or restrictions on the exercise of stock appreciation rights as it deems appropriate; provided, however, that no stock appreciation right granted under the Incentive Plan may be exercised less than twelve months or more than ten years after the date it is granted. Similarly, with respect to restricted stock awards, the Compensation Committee may impose such conditions or restrictions as it deems appropriate; provided, however, that each restricted stock award shall contain a restriction period ranging from between three to ten years from the date of such Award.

The Compensation Committee, in its discretion, may provide that any Award may be transferred by a participant to or among his spouse, children, and grandchildren or to one or more trusts or partnerships in which one or more of such persons hold the primary beneficial interests, or the Compensation Committee may allow transferability in other appropriate circumstances. The Incentive Plan generally provides for options and other Awards that are vested to be cancelled if not exercised within a specified period of time after termination of the Award holder's service as an employee or director.

Under the Incentive Plan, the aggregate number of shares of Common Stock available for Awards or allocable to any individual participant, the number of shares of Common Stock subject to outstanding options, the exercise price for such options, the number of outstanding stock appreciation rights and their base value are subject to appropriate adjustment in the event of a stock split, combination, stock dividend or other recapitalization. In addition, in the event of a merger, consolidation or tender offer, the Compensation Committee may make such adjustments with respect to Awards as it deems appropriate, including, without limitation, the substitution of new Awards, the termination or adjustment of outstanding Awards, the acceleration of Awards, or the removal of limitations or restrictions on outstanding Awards. The Board may amend or terminate the Incentive Plan at any time, provided, however, that the Board may condition any amendment on shareholder approval if such approval is necessary or advisable.

Edgar Filing: ENSTAR GROUP INC - Form DEF 14A

ESTIMATE OF BENEFITS

The number of options that will be awarded to eligible participants under the Incentive Plan at future dates and the market value of the Common Stock that would underlie such future potential option grants is not currently determinable. During 2001, the Company awarded 100,000 options each to Messrs. Frazer and Oros under the Incentive Plan, and during 2000, the Company awarded 100,000 options to Mr. Oros under the Incentive Plan.

FEDERAL INCOME TAX CONSEQUENCES

A description of the federal income tax consequences under present law of participation in the Incentive Plan is set forth below. Individual circumstances may vary these results. The description is only a general summary based on current federal income tax laws, regulations, and judicial and administrative interpretations thereof. The federal income tax laws and regulations are frequently amended, and such amendments may or may not be retroactive with respect to transactions described in this Proxy Statement. Furthermore, participants in the Incentive Plan may be subject to taxes other than federal income taxes, such as state and local income taxes and estate or inheritance taxes. Accordingly, prior to purchasing, selling or otherwise disposing of Common Stock under the Incentive Plan, each participant should consult his or her own tax advisor.

NONQUALIFIED STOCK OPTIONS

A participant is not subject to federal income tax upon the grant of a stock option that does not constitute an "incentive stock option" (a "NQO") under the Incentive Plan, nor will the grant of a NQO result in a federal income tax deduction for the Company.

18

Upon the exercise of a NQO, a participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares transferred to the participant over the option exercise price. The fair market value generally will be determined on the date the shares of Common Stock are transferred pursuant to the exercise. The Company generally will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant, provided the Company satisfies applicable federal income tax reporting requirements. The Company's deduction, however, is subject to a \$1,000,000 limitation on the deduction of certain employee remuneration under Section 162(m) of the Code, unless an exception for performance-based compensation under such section applies under the circumstances.

The sale or other taxable disposition of shares of Common Stock acquired through the exercise of a NQO generally will result in a short-term or a long-term (depending on the period the shares are held after exercise) capital gain or loss equal to the difference between the amount realized on the disposition and the fair market value of the shares transferred to the participant when the NQO was exercised.

Special rules not discussed above apply to a participant who exercises a NQO by paying the option price, in whole or in part, by the transfer of shares of Common Stock to the Company.

INCENTIVE STOCK OPTIONS

A participant ordinarily will not be required to recognize taxable income upon the grant or exercise of an incentive stock option (an "ISO") under the

Edgar Filing: ENSTAR GROUP INC - Form DEF 14A

Incentive Plan. The exercise of an ISO, however, gives rise to an adjustment in computing alternative minimum taxable income under the Code which may result in alternative minimum tax liability for a participant.

If a participant disposes of shares of Common Stock issued upon exercise of an ISO more than two years after the date of grant of the option and more than one year after the date of option exercise, then any amount realized upon the sale of the shares in excess of the option exercise price is taxed to the participant as long-term capital gain, and any loss sustained will be a long-term capital loss. No deduction will be allowed to the Company. If a participant disposes of shares of Common Stock acquired upon the exercise of an ISO before the expiration of the two-year and one-year holding periods described above (a "disqualifying disposition"), the participant will recognize ordinary income in the year of disposition in an amount equal to the excess of the fair market value of the shares at exercise (or, if less, the amount realized on the sale of the shares) over the exercise price for the shares, and the Company generally will be entitled to a deduction in the same amount, provided the Company satisfies applicable federal income tax reporting requirements (and subject to Section 162(m) of the Code discussed above). Any further gain by the participant upon the sale will be taxed as a short-term or long-term capital gain and will not result in any deduction to the Company.

Special rules not discussed above apply to a participant who exercises an ISO by paying the option price, in whole or in part, by the transfer of shares of Common Stock to the Company.

STOCK APPRECIATION RIGHTS

A participant will not recognize any taxable income upon the award of a stock appreciation right under the Incentive Plan, but will recognize ordinary income in an amount equal to the cash and the fair market value of any Common Stock received upon the exercise of the stock appreciation right. The Company generally will be entitled to a deduction equal to the amount of ordinary income recognized by the participant (subject to Section 162(m) of the Code discussed above).

RESTRICTED STOCK

A participant ordinarily will not recognize taxable income upon receipt of a restricted stock award, provided that the restriction subjects the Common Stock to a substantial risk of forfeiture and renders it nontransferable, as provided in Section 83 of the Code, and the participant does not make a timely election under Section 83(b) of the Code (a "Section 83(b) Election"). Upon expiration of the restriction period applicable to the Common Stock, the participant will recognize ordinary income equal to the fair market value of the Common Stock. The Company generally will be entitled to a deduction equal to the amount of ordinary

19

income recognized by the participant upon expiration of the applicable restriction period, provided the Company satisfies applicable federal income tax reporting requirements (and subject to Section 162(m) of the Code discussed above).

A participant who receives a restricted stock award may file a Section 83(b) Election with the Internal Revenue Service and the Company not later than 30 days after the transfer of the restricted stock to the participant. If a participant makes a Section 83(b) Election, he or she will recognize ordinary income in an amount equal to the fair market value of the Common Stock received on the date of the award, determined without regard to the restrictions
