PROXY STATEMENT

For the Annual Meeting of Shareholders
to be held on May 12, 2004, at 11:00 a.m.
at The Gunter Theatre, 300 South Main Street, Greenville, SC 29601

General Information

This Proxy Statement and the enclosed proxy materials relate to Bowater's Annual Meeting of Shareholders to be held on May 12, 2004, at 11:00 a.m. at The Gunter Theatre, 300 South Main Street, Greenville, South Carolina. These proxy materials are being furnished by Bowater in connection with a solicitation of proxies by Bowater's Board of Directors and are being mailed on or about March 26, 2004.

Who May Vote at the Annual Meeting

These proxy materials are provided to holders of Bowater's Common Stock (Common Shareholders) and holders of Exchangeable Shares issued by Bowater's subsidiary, Bowater Canada Inc., who were holders of record on March 15, 2004 (the Record Date). Common Shareholders of record on the Record Date and Computershare Trust Company of Canada (the Trustee), as holder of one share of special voting stock issued in connection with the Exchangeable Shares, are entitled to vote at the Annual Meeting.

The Trustee will vote this share of special voting stock under the provisions of a Voting and Exchange Trust Agreement. Under this agreement, each holder of Exchangeable Shares (an Exchangeable Shareholder) is entitled to instruct the Trustee how to vote at Bowater shareholder meetings. The Trustee will cast votes equal to the number of outstanding Exchangeable Shares not owned by Bowater and as to which the Trustee has timely received voting instructions from the Exchangeable Shareholders.

The Common Shareholders and the Trustee (acting for the Exchangeable Shareholders) will vote together as a single class on all matters. On the Record Date, 55,536,490 shares of Common Stock and 1,637,055 Exchangeable Shares entitled to give voting instructions were outstanding.

Voting and Proxy Procedures

Each share of Common Stock outstanding on the Record Date is entitled to one vote at the Annual Meeting. An Exchangeable Shareholder (other than Bowater) is entitled to give instructions for votes equal to the number of Exchangeable Shares held by that shareholder.

Proxy cards are enclosed for Common Shareholders and voting instruction cards are enclosed for Exchangeable Shareholders. Signing the enclosed proxy or voting instruction card will not affect a shareholder's right to attend the Annual Meeting. Shares of Common Stock represented by proxies in the accompanying form will be voted in accordance with the holder's instructions.

If no contrary instruction is indicated, shares represented by the proxies will be voted:

Edgar Filing: BOWATER INC - Form DEF 14A

- (1) *for* the election of the four nominees named below to serve as directors for the three-year term indicated; and
- (2) in the discretion of the proxy holders on any other business that may properly come before the Annual Meeting and any adjournment.

Should any nominee named for the office of director become unable or unwilling to accept nomination or election, the proxyholders intend to vote for the election of another person recommended by the Nominating and Governance Committee of the Board of Directors and nominated by the Board. Bowater has no reason to believe that any of the four nominees will be unable or unwilling to serve if elected to office.

Aside from the election of four directors, Bowater does not know of any other matters that will be presented at the Annual Meeting. However, if any other matters properly come before the Annual Meeting and any adjournment, the person or persons voting the proxies will vote them in accordance with their best judgment.

Revocation of Proxies and Instructions

Any Bowater Common Shareholder giving a proxy has the right to revoke it by giving written notice of revocation to Bowater's Secretary at any time before the proxy is voted, or by executing and delivering to Bowater a later-dated proxy at any time before the earlier proxy is voted, or by attending the Annual Meeting and voting his or her shares in person (although attendance at the Annual Meeting will not, in and of itself, revoke a proxy). No notice of revocation or later-dated proxy will be effective until received by Bowater's Secretary at or prior to the Annual Meeting. Instructions regarding the revocation of voting instructions are included in the Notice to Exchangeable Shareholders that is being provided to holders of Exchangeable Shares.

Quorum and Vote Requirements for Approval

Holders of shares representing one-third of the voting power entitled to vote at the Annual Meeting, present in person or by proxy, are necessary to constitute a quorum. Directors are elected by a plurality of votes of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting

In the election of directors, votes may be cast for or votes may be withheld from each nominee. Abstentions may not be specified with respect to the election of directors. Because there is only one item being submitted for shareholder vote at the Annual Meeting, there will be no broker non-votes (which occur when a broker or other nominee holding shares for a beneficial owner reports those shares as present for quorum purposes but does not vote on a proposal).

Item 1 Election of Directors

Information on Nominees and Directors

The Board of Directors is divided into three classes: Class I, Class II and Class III. Each class consists as nearly as possible of one-third of the total number of directors, and one class is elected each year for a three-year term. The term of the Class II directors expires this year, and the successors are to be elected at the Annual Meeting for a three-year term expiring in 2007. The terms of the Class III and Class I directors expire in 2005 and 2006, respectively.

The following information is provided for the four nominees who are the Class II directors, and also for the Class I and Class III directors. Of the four nominees for Class II directors, two, Mr. Nemirow and Mr. Sawchuk, are incumbent directors standing for re-election. Mr. Giffin and Mr. Pertz are incumbent directors standing for election for the first time. Mr. Giffin was recommended by non-management directors and the Chief Executive Officer. Mr. Pertz was recommended by a third party search firm, non-management directors, and the Chief Executive Officer. In connection with the 2004 Annual Meeting, the Nominating and Governance Committee did not receive any recommendation for a nominee from any shareholder or group of shareholders owning more than 5% of Bowater's Common Stock.

Mr. West is also a director of Krispy Kreme Doughnuts, Inc. and Mitretek Systems.

Richard B. Evans

Age: 56

Director since 2004

Executive Vice President, Office of the President, of Alcan Inc. Mr. Evans has been Executive Vice President, Office of the President, of Alcan Inc., the parent company of an international group involved in many aspects of the aluminum and packaging industries, since January 2002. Since joining Alcan in 1997, he has held several executive positions, including: Executive Vice President, President, Aluminum Fabrication, Europe; Executive Vice President, Fabricated Products-North America; and President of Alcan Aluminum

Corporation. Prior to 1997, Mr. Evans held senior management positions with Kaiser Aluminum & Chemical Corporation.

The Board has determined that Messrs. Sawchuk, Giffin, Pertz, Aguilar, Rolls, Ménard, Howard, West, and Evans, a substantial majority of directors, are independent directors as defined in the newly revised listing standards of the New York Stock Exchange (NYSE). As part of this determination, the Board found that none of these directors has a material relationship with Bowater. Bowater's corporate governance principles (described on page 6) include the Board's determination that the following categories of relationships are not material and will not impair a director's independence:

Owning less than five percent of the equity of, or being a director of, another company that does business with Bowater where the annual sales to, or purchases from, Bowater are less than five percent of the annual revenues of either company;

Ownership of less than five percent of the equity of, or being an executive officer or director of, an unaffiliated company that is indebted to Bowater (or to which Bowater is indebted) where the total amount of either company's indebtedness to the other is less than five percent of the total consolidated assets of either company; and

Serving as an officer, director or trustee of a charitable organization, where Bowater's charitable contributions to the organization are less than two percent of that organization's total annual charitable receipts, or \$20,000 per year, whichever is less.

Corporate Governance

General

Bowater has long believed that good corporate governance is critical in ensuring shareholder value. For many years, a substantial majority of Bowater's directors have been independent, and Bowater's Audit Committee, Human Resources and Compensation Committee, and Nominating and Governance Committee have included only non-management members. In addition, the Board's non-management directors have traditionally met annually in executive session, primarily to consider chief executive officer compensation. In recent months, the Securities and Exchange Commission (SEC) has adopted several new regulations to implement provisions of the Sarbanes-Oxley Act of 2002, and the NYSE has revised its listing standards. Bowater has updated its policies and Board committee charters in response to these new rules and regulations, including the following:

Independent Directors

Historically, a majority of Bowater's directors have been independent as defined by the NYSE's newly revised listing standards, and Bowater's formal policies now require a majority of independent directors.

Traditionally, Bowater's non-management directors (all directors but Mr. Nemirow) have held formal executive sessions at least annually without the presence of management directors or executive officers. Mr. Sawchuk, as Chair of the Nominating and Governance Committee, has now been chosen to preside at these meetings. If non-management directors include any directors who are not independent under the new rules and regulations, the independent directors will meet separately at least annually.

Audit Committee

All Audit Committee members are financially literate, and the Board has determined that at least one member is an audit committee financial expert under applicable SEC regulations.

Bowater's independent auditors report directly to the Audit Committee, which controls their engagement.

Edgar Filing: BOWATER INC - Form DEF 14A

The Audit Committee pre-approves the provision of all audit and non-audit services by Bowater's independent auditors.

The Audit Committee has established a procedure for the confidential and anonymous reporting of concerns regarding questionable accounting or auditing matters.

The Audit Committee, through its chair or another member designated by the chair, meets with management and the independent auditors quarterly, in separate executive sessions if deemed necessary, to review Bowater's financial statements and significant findings based upon the auditors' review procedures.

Other Committees, Principles and Codes

The charters of the Audit Committee, the Human Resources and Compensation Committee, and the Nominating and Governance Committee have been revised and updated in accordance with the NYSE's newly revised listing standards.

The Human Resources and Compensation Committee and the Nominating and Corporate Governance Committee are composed solely of independent directors as defined by the NYSE's newly revised listing standards.

Bowater has formalized its corporate governance principles, described in more detail below.

Bowater's committee charters and corporate governance principles are described in more detail below. The charters for Bowater's Audit Committee, Human Resources and Compensation Committee, and Nominating and Governance Committee are available at Bowater's website (<http://www.bowater.com>). In addition, the Audit Committee charter is attached to this proxy statement as Appendix A.

Corporate Governance Principles

Bowater's Board of Directors has recently adopted corporate governance principles, which are available at Bowater's website (<http://www.bowater.com>). The purpose of Bowater's corporate governance principles is to provide a structure within which the Board of Directors and management can pursue Bowater's objectives for the benefit of its shareholders and supervise its management.

The corporate governance principles outline the Board's responsibilities and the interplay among the Board and its committees in furthering Bowater's overall objectives. The principles note the Board's role in advising management on significant issues facing Bowater and in reviewing and approving significant actions by Bowater. In addition, the principles highlight principal roles of certain of the Board's committees, including:

the selection and evaluation of senior executive officers (including the Chief Executive Officer) by the Board, the Nominating and Governance Committee and the Human Resources and Compensation Committee, including succession planning;

the administration of executive compensation and director compensation by the Human Resources and Compensation Committee, with reliance on the Nominating and Governance Committee's assessment of executive performance and annual assessment of Board and committee effectiveness;

the selection and oversight of independent auditors and oversight of public financial reporting by the Audit Committee; and

the evaluation of candidates for Board membership and the oversight of the structure and practices of the Board, the committees and corporate governance matters in general by the Nominating and Governance Committee.

Bowater's corporate governance principles also include, among other things:

general qualifications for Board membership, including independence requirements (with, among other things, the categorical standards for Board determinations of independence described on page 5);

director responsibilities, including Board and shareholder meeting attendance and advance review of meeting materials;

provisions for director access to management and independent advisors and for director orientation and continuing education;

an outline of management's responsibilities, including production of financial reports and disclosures, implementation and monitoring of internal controls and disclosure controls and procedures, development, presentation and implementation of strategic plans, and setting a strong ethical tone at the top.

Bowater has adopted a code of business conduct that applies to all of Bowater's North American employees, including Bowater's Chief Executive Officer, principal financial and accounting officers and controller. The code of business conduct is posted on Bowater's website (<http://www.bowater.com>). Bowater will disclose amendments to its code of business conduct and any waivers of its provisions with respect to its Chief Executive Officer, Chief Financial

Officer, principal accounting officer and Controller on its website within five business days following the date of the amendment or waiver.

Description of Board Committees

Audit Committee. This committee met five times in 2003. Its purposes and responsibilities include:

monitoring the integrity of Bowater's financial reporting process and systems of internal controls, including reviewing Bowater's accounting policies and systems of internal controls and internal auditing procedures, and reviewing Bowater's earnings press releases, quarterly financial statements and the scope and results of Bowater's annual audit;

monitoring the independence and qualifications of Bowater's independent auditors, including approving the non-audit services rendered by Bowater's independent auditors and considering the effect of such services on the independence of such auditors;

monitoring the performance of Bowater's internal audit function and independent auditors, including appointing, retaining or replacing the independent auditors;

monitoring Bowater's compliance with legal and regulatory requirements, including establishing and maintaining procedures for the receipt, retention and treatment of complaints or concerns regarding accounting or auditing matters, and

providing an open avenue of communication among Bowater's Board of Directors, management, independent auditors and internal auditors.

The Board has determined that each of the Audit Committee members is independent under applicable standards of the SEC and the NYSE, and no Audit Committee member serves on the audit committee for more than three other public companies. The Board has also determined that Mr. Howard is an audit committee financial expert as defined by the SEC. For further information concerning the work of the Audit Committee, see Report of the Audit Committee of the Board of Directors on page 24 of this Proxy Statement and the Audit Committee Charter attached to this Proxy Statement as Appendix A.

Executive Committee. This committee did not meet during 2003. It meets from time to time to make decisions between meetings of the Board under authority delegated by the Board of Directors.

Finance Committee. This committee met four times in 2003. It reviews and oversees Bowater's financial affairs. The committee also provides financial oversight and direction of Bowater's pension and savings plans, including approving the selection of trustees and the amount of contributions to be made by Bowater under these plans. In addition, the committee

reviews and approves the adoption of actuarial and accounting methods and assumptions under these plans and reviews the action of management in establishing investment policy and administering the plans.

Human Resources and Compensation Committee. This committee met five times in 2003. Each member of this committee is independent as defined in the NYSE's listing standards. This committee's purposes and responsibilities include:

evaluating Bowater's compensation structure, including the evaluation and approval of compensation for Bowater's executive officers and directors; and

evaluating and approving the adoption, amendment and termination of equity-based plans for Bowater's executive officers, and administering executive bonus plans and awards and stock option plans and grants under the plans.

Nominating and Governance Committee. This committee met six times in 2003. Each member of this committee is independent as defined in the NYSE's listing standards. This committee's purposes and responsibilities include:

advising the Board with respect to the organization, membership and function of the Board and the structure, membership and operation of committees, including the identification, selection or recommendation of Board members and of Board nominees for the annual meetings of shareholders; and

developing and recommending to the Board corporate governance principles and policies applicable to Bowater. Bowater expects its directors to regularly attend Board meetings, meetings held by committees on which the directors sit, and annual and special meetings of Bowater's shareholders. The Board of Directors met seven times during 2003. During 2003, each member attended at least 75% of the aggregate of the Board meetings held during the period of time when he or she was a director and of the meetings of committees on which he or she served. Each Director serving at that time attended Bowater's 2003 Annual Meeting of Shareholders.

Selection and Evaluation of Board Candidates

The Board and the Nominating and Governance Committee are responsible for evaluating candidates and nominating directors and members of Board committees. The Nominating and Governance Committee identifies and recommends qualified director candidates to the Board. In making its recommendations to the Board, the committee considers the appropriate mix of skills and characteristics required to best fill the needs of the Board at a given point in time. The committee recommends candidates to the Board that will result in the Board being composed of at least a majority of independent directors. The committee seeks candidates that possess the following general qualifications:

High personal and professional ethics, integrity and values;

An inquiring and independent mind;

Practical wisdom, vision and mature judgment;

Substantial training and experience at the policy making level in business, government, or education;

Expertise that is useful to Bowater and complementary to the background and experience of other Board members, so that an optimum balance of expertise among members on the Board can be achieved and maintained;

Edgar Filing: BOWATER INC - Form DEF 14A

Willingness and ability, in light of other business and personal commitments, to devote the required amount of time to diligently fulfill the duties and responsibilities of Board membership;

Commitment to serve on the Board over a period of years to develop knowledge about Bowater's operations;

Involvement only in activities or interests that do not create a conflict that violates any applicable law or regulation or interferes with the proper performance of the duties and responsibilities of Board membership;

A strong sense of partnership and the ability to work well with others; and

Capacity and desire to represent the balanced best interests of Bowater's shareholders as a whole.

The committee endeavors to find candidates who each have recent experience as a member of the board of at least one other company, preferably a publicly-held reporting company. In addition, to the extent possible, the committee seeks candidates whose election would result in the Board being composed of at least one Board member with each of the following specific areas of expertise/experience:

Professional services (*e.g.*, attorneys; investment bankers; university professors);

Politics/government relations;

Management/operating experience (*e.g.*, as a CEO, COO or senior manager); or

Financial/accounting experience (*e.g.*, as a CFO, CFA, CPA or analyst).

The committee considers candidates that have been properly and timely proposed for nomination or recommended as a prospective nominee by shareholders, but the committee has the sole discretion to recommend the candidates as nominees for Board approval. The requirements and procedures for shareholder nominations and shareholder recommendations for candidates to be considered for nomination are summarized in this Proxy Statement under the caption *Proposals by Shareholders* on page 26.

The Nominating and Governance Committee identifies and evaluates nominees for directors based on the recommendations of a variety of sources, including referrals from shareholders, non-management directors, the Chief Executive Officer, third party search firms, advisors and representatives of Bowater, or other third parties. The committee retained a third party search firm in 2003. As is generally the case when the committee retains a third-party search firm, the firm assisted in identifying and evaluating potential nominees, including the conduct of background checks and interviews, and Bowater paid for the services rendered.

Shareholder Communications with the Board of Directors

Bowater has implemented a policy to facilitate shareholders' communication with Bowater's Board of Directors. Details about this policy, including the manner in which shareholders may communicate with board members and the manner in which Bowater determines those communications that will be forwarded to directors, are available at Bowater's website (<http://www.bowater.com>).

Director Compensation

Each director who is not a Bowater employee (an *Outside Director*) is entitled to receive an annual retainer of \$35,000, a fee of \$1,500 per day for each Board meeting attended, and a fee of \$1,000 per day for each Board committee meeting attended. Each director is also reimbursed for reasonable expenses incurred in attending meetings. Outside Directors also are eligible to receive annual awards under the 2000 Stock Option Plan and the 2002 Stock Option Plan. Mr. Giffin, who became a director on April 2, 2003, was granted options with respect to 1,500 shares of Common Stock on May 7, 2003, with a per-share exercise price of \$38.09. Mr. Giffin, Mr. Evans (who became a director on November 12, 2003) and Mr. Pertz (who became a director on January 28, 2004) were each granted options with respect to 2,000 shares of Common Stock on January 28, 2004, with a per-share exercise price of \$44.355. Fifty percent of the shares covered by each of these awards vests on each of the first and second anniversaries of the option's grant date. In addition, Bowater provides contributions of up to \$10,000 dollars per year to match donations by each director (as well as by all employees generally) to educational or cultural institutions. In 2003, Bowater contributed a total of under \$11,000 to match donations by Outside Directors pursuant to this program. This matching program is designed to encourage charitable giving. Accordingly, Bowater does not consider these matching contributions to be compensation or perquisites, either for Outside Directors or employees.

The 2000 and 2002 stock option plans provide that Outside Directors may elect to receive a single option grant in lieu of three years of director compensation (the Directors Plan). The compensation waived includes the annual cash retainer, the board and committee meeting fees, and the annual stock option grant, but does not include annual retirement accruals or expense reimbursements. On May 9, 2001, all directors who elected to participate in the Directors Plan received options with respect to 20,000 shares of Common Stock, as pro-rated to reflect the director s participation from May 2001 through April 2004. The option exercise price equals the fair market value of the Common Stock on the grant date. Messrs. Aguilar, Howard, Rolls and Sawchuk received options with respect to 20,000 shares on May 9, 2001, at a per-share exercise price of \$48.19. Mr. Ménard, who became a director on January 1, 2002, was granted options with respect to 15,555 shares on January 30, 2002, with a per-share exercise price of \$46.925. Mr. West, who became a director on March 1, 2002, was granted options with respect to 14,444 shares on May 8, 2002, with a per-share exercise price of \$51.00.

Messrs. Giffin, Evans and Pertz do not participate in the Directors Plan. A participating director's right to exercise these options vests over a three-year period, one-third on each anniversary of the grant, assuming the director continues to serve on the Board. The participating directors will not receive any increases in director compensation or the benefits of any new director compensation arrangements during the three-year vesting period. If a director leaves the Board during the three-year vesting period for any reason other than death or disability, the director forfeits all rights to unvested options. In accordance with the terms of the 2000 and 2002 stock option plans, if a change in control occurs, Bowater will purchase the options at the acceleration price defined in that plan.

Deferred Compensation Plan for Outside Directors

Bowater's Deferred Compensation Plan for Outside Directors (the "Deferred Plan") permits Outside Directors to elect irrevocably to defer receipt of all or a part of their annual retainer and meeting fees. Compensation that a director has elected to defer under the Deferred Plan can be allocated to a cash account, a Bowater Common Stock account or both accounts, in increments of 10%, as elected by the director. Deferred compensation allocated to stock is credited to directors' stock accounts on the date the deferred compensation would otherwise have been payable. The number of shares credited equals the dollar amount of the compensation deferred divided by 95% of the closing price on the day of deferral (i.e., a 5% discount) and includes fractional shares. Whenever dividends are paid on shares of Common Stock, each participant's stock account will be credited with additional shares having an undiscounted value equal to the amount of the dividend paid on a single share of such stock, multiplied by the number of shares of Common Stock, including fractional shares, credited to the participant's account on the dividend record date. Deferred compensation that is allocated to a cash account will be credited on the date on which such compensation would have been payable. Amounts credited to a Deferred Plan cash account will accrue interest on the average monthly balance of that account at a rate equal to the rate for the Fixed Income Fund maintained for Bowater's Salaried Employees' Savings Plan (the "Savings Plan"). Outside Directors can elect to transfer balances between the cash and stock accounts subject to certain conditions set forth in the Deferred Plan, but they may not otherwise transfer shares in their stock accounts prior to the distribution of the shares upon their departure from the Board. Participants in the Deferred Plan may elect to have their Deferred Plan accounts distributed to them in Common Stock or cash either (a) as soon as possible after they cease to be Outside Directors or in a stated number of years thereafter or (b) in either five or ten installments. Of the Outside Directors, only directors Aguilar, Evans, Giffin, Rolls and Sawchuk have accounts under the Deferred Plan.

Retirement Plan for Outside Directors

Bowater also has a Retirement Plan for Outside Directors (the "Retirement Plan"). All of Bowater's current Outside Directors participate in the Retirement Plan. The Retirement Plan provides for retirement benefits equal to 10% of the participant's annualized retainer at the termination of service multiplied by the participant's years of service as an Outside Director of Bowater, up to a maximum of ten years. The benefit may be received in annual payments or a lump sum. Normal retirement benefits may begin at age 65 after the completion of five or more years of service, although early retirement is permitted (with Bowater's consent) upon attaining age 55 and completing five years of service. Participants who elect early commencement of benefit payments after retirement receive a reduced benefit. The Retirement Plan provides that a participant who was an Outside Director immediately prior to a change in control of Bowater and who is removed from or not renominated to his or her directorship by reason of the change in control is entitled to the early retirement benefits provided by the plan regardless of whether the plan requirements for early retirement have been satisfied. The calculation of these benefits will include fees paid for attending Board and committee meetings for the year preceding the change in control.

Stock Ownership

5% Beneficial Owners

Bowater knows of no person who, or group that, owns beneficially more than 5% of the outstanding voting power of its stock as of March 15, 2004, except as set forth in the table below. Information in the table is based solely on Schedule 13G filings made by beneficial owners with the SEC.

- (1) On all matters submitted for shareholder vote, the Common Stock votes together as a single class with the special voting stock held by the Trustee. Under the Voting and Exchange Trust Agreement, the Trustee is entitled to cast a number of votes equal to the number of outstanding Exchangeable Shares not owned by Bowater and as to which the Trustee has timely received voting instructions from the Exchangeable

Shareholders. Accordingly, percentages have been calculated based upon the total number of shares of Common Stock (55,536,490 shares) and Exchangeable Shares (1,637,055 shares) outstanding as of March 15, 2004. These numbers do not include any treasury shares. Certain persons beneficially owning less than 5% of the outstanding voting power of Bowater's stock are included in the table because their most recently filed Schedule 13Gs or amendments to Schedule 13G indicate that such persons beneficially own 5% or more of the Common Stock without giving effect to the voting power of the Exchangeable Shares.

- (2) In an amendment dated as of January 31, 2004, and filed February 10, 2004, to Schedule 13G, Wellington Management Company, LLP (WMC) reported that these shares are owned of record by clients of WMC for which it serves as investment advisor. Those clients have the right to receive, or the power to direct the receipt of, dividends from, or the proceeds from the sale of, such securities. No such client is known to have such right or power with respect to more than 5% of this class of securities. WMC also filed an amendment dated December 31, 2003, and filed February 12, 2004, to Schedule 13G, in which it presented its shareholdings as of December 31, 2003, rather than January 31, 2004.
- (3) In an amendment dated as of December 31, 2003, and filed on February 17, 2004, to Schedule 13G, FMR Corp. (FMR) reported that: (a) Edward C. Johnson 3d (Johnson), FMR's chairman, shares with FMR dispositive power over all of the shares listed; (b) FMR's wholly-owned subsidiary, Fidelity Management & Research Company (same address as FMR), acts as an investment adviser to various investment companies and, as a result, is the beneficial owner of 4,385,090 shares of Common Stock shown in the table and shares with FMR and Johnson the power to dispose of and vote the 4,385,090 shares owned by the institutional accounts; (c) FMR's wholly-owned subsidiary, Fidelity Management Trust Company (same address as FMR), beneficially owns 106,910 shares of Common Stock as a result of its serving as investment manager of institutional accounts; (d) Fidelity Management & Research Company (same address as FMR), acts as an investment advisor and is the beneficial owner of 4,251,580 shares of the company; (e) members of Johnson's family (including Abigail P. Johnson, having the same address as FMR), through their ownership of voting common stock and voting agreements, may be deemed to form a controlling group with respect to FMR; and (f) Fidelity International Limited, Pembroke Hall, 42 Crowlane, Hamilton, Bermuda, has sole voting and dispositive power with respect to 26,600 shares of Common Stock, by virtue of

providing investment advisory and management services to a number of non-U.S. investment companies and institutional investors.

- (4) In a Schedule 13G dated as of December 31, 2003, and filed jointly by Citigroup, Inc. (Citigroup), Smith Barney Fund Management LLC (SB Fund) and Citigroup Global Markets Holdings Inc. (CGM) on February 17, 2004, Citigroup reported that the number of securities shown above includes shares held by other reporting entities and each of Citigroup, SB Fund and CGM disclaims beneficial ownership of these shares.
- (5) In an amendment dated as of December 31, 2003, and filed February 10, 2004, to Schedule 13G, Franklin Resources, Inc. (FRI) reported that these securities are beneficially owned by investment companies or other managed accounts that are advised by investment advisory subsidiaries of FRI (which have investment and/or voting power over the securities owned by their investment advisory clients). Accordingly, such subsidiaries may be deemed to be the beneficial owners of the referenced securities. Charles B. Johnson and Rupert H. Johnson, Jr. (the FRI Principal Shareholders) (each with the same business address as FRI) each owns in excess of 10% of the outstanding common stock of FRI. FRI and the FRI Principal Shareholders may be deemed to be the beneficial owners of securities held by persons and entities advised by FRI subsidiaries. The Schedule 13G reported that (a) one of the investment adviser subsidiaries, Templeton Global Advisors Limited (for which the business address is Lyford Cay, P.O. Box N-7759, Nassau, Bahamas), has sole voting power and sole dispositive power with respect to 3,779,700 of the shares shown; (b) Franklin Advisers, Inc. (same address as FRI) has sole voting power and sole dispositive power with respect to 22,400 of the shares shown; (c) Franklin Templeton Investments Corp. (same address as FRI) has sole voting power and sole dispositive power with respect to 201,138 of the shares shown; (d) Templeton Investment Counsel, LLC (same address as FRI) has sole voting power and sole dispositive power with respect to 4,252 of the shares shown; (e) Fiduciary Trust Company International (same address as FRI) has sole voting power and sole dispositive power with respect to 4,900 of the shares shown; (f) Templeton Investment Council, LLC (same address as FRI) has sole voting power and sole dispositive power with respect to 530 of the shares shown; and (g) Franklin Templeton Investment Management Limited (same address as FRI) has sole dispositive power with respect to 88,300 of the shares shown. Each of FRI, the FRI Principal Shareholders and the investment advisory subsidiaries disclaims any economic interest or beneficial ownership in the shares shown in the table above and are of the view that they are not acting as a group for purposes of the Securities Exchange Act of 1934, as amended, and that they are not otherwise required to attribute to each other the beneficial ownership of securities held by any of them or by any persons or entities advised by subsidiaries of FRI.
- (6) In a Schedule 13G dated as of December 31, 2003, and filed February 11, 2004, Massachusetts Financial Services Company (MFS) reported that these shares are also beneficially owned by certain other non-reporting entities as well as MFS.
- (7) In a Schedule 13G dated as of December 31, 2003, and filed February 13, 2004, PEA Capital LLC (PEA) reported that these shares are collectively beneficially owned by account holders for which PEA serves as investment adviser. In its role as investment adviser, PEA has sole power to dispose of the shares and to vote the shares under its written guidelines.
- (8) In a Schedule 13G dated as of December 31, 2003, and filed February 13, 2004, FleetBoston Financial Corporation reported that these shares are beneficially owned by its subsidiaries Fleet National Bank and Columbia Management Advisors, Inc.
- (9) In a Schedule 13G dated as of December 31, 2003, and filed February 12, 2004, J.P. Morgan Chase & Co. reported (on behalf of itself and its wholly-owned subsidiaries Chase Manhattan Bank USA, National Association, JPMorgan Chase Bank, J.P. Morgan Investment Management Inc. and J.P. Morgan Trust

Company, National Association) that it is the beneficial owner of these shares on behalf of other persons known to have either the right to receive dividends for the shares, the power to direct the receipt of dividends from the shares, the right to receive the proceeds from the sale of the shares or the right to direct the receipt of proceeds from the sale of the shares. No such other persons are known to have such rights with respect to more than 5% of this class of securities.

Directors and Executive Officers

As of March 15, 2004, ownership of Common Stock and Exchangeable Shares by each of the directors and nominees for director, by each of the executive officers named in the Summary Compensation Table, and by all directors and executive officers of Bowater as a group was as follows:

Name of Beneficial Owner	Amount and Nature of Beneficial Ownership ⁽¹⁾	% of Outstanding Common Stock and Exchangeable Shares Entitled To Give Voting Instructions ⁽²⁾
Arnold M. Nemirow	698,585	1.21%
Arthur D. Fuller	262,456	*

* Represents holdings of less than 1% of the outstanding shares of Common Stock and Exchangeable Shares.

- (1) Beneficial ownership consists of shares owned directly or indirectly, shares underlying options or other rights to acquire shares that are currently exercisable or that will be exercisable on or before May 14, 2004, and shares of restricted stock held by participants in the LTIP Plan that were granted pursuant to the restricted stock awards under Bowater's 2002 Stock Option Plan shown in the 2002 compensation lines of the Summary Compensation table on page 18. The beneficial ownership stated above represents sole voting and investment power, except that 7,000 of Mr. Howard's shares are owned by Ausnoram Holdings Limited, of which Mr. Howard is a principal, and that ownership of restricted stock represents sole voting power but not investment power. Common Stock held in the Savings Plan is allocated to the accounts of Bowater's officers who participate in the plan. The number of shares of Common Stock allocated to officers is provided by the Savings Plan administrator in a statement for the period ending December 31, 2003, based on the market value of the applicable plan units held by the officer. This table also includes shares of Common Stock allocated under Bowater's Compensatory Benefits Plan (the Compensatory Plan) based on a statement for the period ending December 31, 2003. Additional shares of Common Stock may have been allocated to the accounts of participants in the Savings Plan or Compensatory Plan since the date of the last statements from the plan administrators. Participants in the Compensatory Plan have no voting power with respect to share allocations but receive cash payouts based on the number of shares allocated to their accounts under the plan upon their retirement from Bowater, death, disability or other termination of employment (if they have three years of service), and do not have investment power over share allocations prior to that time. The number of shares allocated under each of the Savings Plan and the Compensatory Plan is subject to revision in order to comply

with requirements respecting nondiscrimination standards and limitations on contributions under the Internal Revenue Code of 1986, as amended. The following table indicates the nature of Common Stock ownership of each individual listed in the table.

	Direct Ownership					Subject to Options Exercisable Currently or Before May 14, 2004

- (2) The Common Stock votes together with the special voting stock held by the Trustee on all matters. Under the Voting and Exchange Trust Agreement, the Trustee is entitled to cast a number of votes equal to the number of outstanding Exchangeable Shares not owned by Bowater and as to which it has timely received voting instructions from Exchangeable

Shareholders. Accordingly, percentages of total beneficial ownership have been calculated based upon the total number of shares of Common Stock and Exchangeable Shares outstanding as of March 15, 2004. In addition, under Rule 13d-3 of the Exchange Act, percentages have been computed on the assumption that shares of Common Stock that can be acquired within 60 days of March 15, 2004, upon the exercise of options by a given person are outstanding, but no other shares similarly subject to acquisition by other persons are outstanding.

Human Resources and Compensation Committee Report on Executive Compensation

The Human Resources and Compensation Committee (the Committee) discharges certain responsibilities of the Board of Directors with respect to human resources strategy, policies and programs and matters relating to the utilization of human resources. The Committee also evaluates and makes recommendations regarding the compensation of directors. The Committee's goal is to develop and monitor executive compensation programs that are consistent with strategic business objectives and shareholder interests.

The Committee is composed entirely of independent directors, as defined by NYSE regulations, who have never served as officers of Bowater and have no interlocking relationships, as defined by the SEC's regulations.

Key Elements and Policies for Compensation of Executive Officers

Bowater's basic policy for executive officers is that compensation should vary depending on Bowater's success in the following areas:

Performance versus Bowater's financial and strategic objectives, and

Creation of shareholder value over both the short and long term.

The key elements of Bowater's 2003 executive compensation program were base salary, the Annual Incentive Plan, the 2003-2005 Mid-Term Incentive Plan, and stock-based incentive compensation. To determine appropriate compensation levels within each pay component, the Committee considered all elements of the executive compensation program.

Base Salary

Because of Bowater's financial performance during 2002, base salary levels for Bowater's executive officers were frozen in 2003. In fact, because of challenging business conditions, executive officer salaries have not been increased since January 2001, except for increases resulting from promotions and the assignment of increased responsibilities. Historically executive officers' salaries were generally set to place them above median levels of executive compensation at comparable companies considering the scope of the individual's responsibilities relative to the responsibilities of executives at the comparable companies. Historically competitive market data on comparable companies was provided by an independent compensation consultant. The group of companies last used for comparison purposes included the S & P Forest Products and Paper Group for that year as well as Sonoco Inc. and Wausau-Mosinee Paper Corp. The comparison group differed from the Dow Jones Paper Products Group (the peer group historically shown in Bowater's total shareholder return chart) for that year in that the comparison group excluded single-product companies (Pope & Talbot, Inc. and Carastar Industries, Inc.) that were part of the Dow Jones Paper Products Group and included additional multi-product companies (Georgia Pacific Corp., Louisiana Pacific Corp., Potlatch Corp., Weyerhaeuser Company and Sonoco Inc.) to increase the size of the comparison group. The composition of the Dow Jones Paper Products Group has since changed to include Potlatch Corp. and to exclude Abitibi-Consolidated Inc. and Stora Enso Corp.

Annual Incentive Plan

Executive officers have the opportunity to receive annual bonuses through Bowater's Annual Incentive Plan. Payouts under the Annual Incentive Plan are at the discretion of the Committee. The Annual Incentive Plan used six performance measures in 2003: return on net assets (RONA), return on capital spending, operating unit performance, profit improvement initiatives (cost savings), operating unit project performance, and sales performance. Each executive's annual incentive award targets were based on at least four of these measures, each weighted from 5% to 50%, depending on the executive's responsibility and function.

RONA was measured at the divisional and corporate levels, with awards based on performance relative to goals established at the beginning of the year. The capital-intensive nature of Bowater's business means that it is critical to evaluate earnings in the context of the resources required to generate them.

Return on capital spending targets were set to reflect Bowater's priority to spend capital dollars on the highest return capital projects.

Operating unit performance goals were established to reflect Bowater's desire to improve performance in one or more of the areas of safety, productivity, quality, cost reduction, and operating income. These goals mirror the performance criteria established for Bowater's gainsharing programs, which generally apply to employees not in the Annual Incentive Plan.

Profit Improvement Initiative goals were set based on successful implementation of cost savings initiatives.

Sales performance goals were established to reflect Bowater's focus on improving operating efficiencies through optimizing product mix and reducing sales and distribution costs for both Bowater and its customers.

Pulp division operating income goals were set to reflect the financial performance of this product line.

Forest Products Division performance goals were set to reflect the gainsharing results for the lumber and woodlands operations.

Bowater's performance during 2003 could have resulted in annual incentive awards ranging from 63.2% to 124.3% of target levels to executive officers. Because of Bowater's overall financial performance, however, the Committee decided not to make any annual incentive awards for 2003 to any of Bowater's most senior executive officers, including its Named Executive Officers. The Committee made payouts under the Annual Incentive Plan to only three executive officers. These officers were eligible for payouts of 73.0% of target levels based on achievement of goals in the first four bullet points above; however, they were awarded payouts of only 36.4% of target levels because of Bowater's overall financial performance.

Mid-Term Incentive Plan

During 2003 the Committee approved a Mid-Term Incentive Plan (MTIP). The MTIP has rolling three-year plan cycles, the first of which runs from January 1, 2003, to December 31, 2005. The MTIP is designed to link rewards of key executives to the performance of Bowater's Common Stock and to encourage the generation of cash flow from operations. Awards may be paid in any form, including, without limitation, cash, stock, restricted stock, phantom stock, stock options, and stock appreciation rights. No payouts under the plan will occur until after completion of the 2003-2005 cycle. The combined maximum payout percentage for the 2003-2005 cycle is 270% of a participant's base salary as of December 31, 2005, with a 135% maximum for performance-based awards and a 135% maximum for discretionary awards. After the first plan cycle, participants can earn up to 90% of end-of-cycle base salary (with the allocation between performance and discretionary awards determined by the Committee at the beginning of each plan cycle). Payouts under the MTIP will be made only to the extent that Bowater generates cash from operations in excess of normal dividends paid during the plan cycle sufficient to fund the awards. The performance award formula computes a payout percentage based on the total shareholder return (TSR) of Bowater's Common Stock (taking into account changes in price and dividends paid) compared to a group initially consisting of 14 peer companies. For the 2003-2005 plan cycle, if Bowater's TSR equals the peer group's average TSR, participants may receive a payout of 50% of base salary at December 31, 2005. This amount increases linearly to a maximum payout of 135% of base salary at December 31, 2005, if Bowater's TSR equals or exceeds 90% of the highest TSR in the peer group. The group of peer companies includes all of Bowater's peer companies included in the Dow Jones Paper Products Group listed in the Total Shareholder Return chart on page 17 of this Proxy Statement except for Pope & Talbot, Inc. and Carastar Industries, Inc. (which were excluded because they are single-product companies) and also includes nine other paper and forest products companies which the Committee believes the investment community views as investment opportunities similar to Bowater (Abitibi Consolidated Inc., Georgia Pacific Corp., Glatfelter P.H. Co., Louisiana-Pacific Corp., Norske Skog Canada Inc., Rayonier Inc., Stora Enso Corporation, UPM

Kymmene Corp. and Weyerhaeuser Company). Payouts under the discretionary component of the plan may be awarded in the discretion of the Committee at the end of the plan cycle based upon the Committee's assessment of management's performance during the plan cycle. The MTIP provides for maximum payouts in the event of a change in control and for pro rata awards in the case of death, disability, retirement or the sale of the business unit in which the participant is employed, provided the executive has participated in the plan cycle for at least one year.

Stock Options and Restricted Stock

Stock options continue to play an important role in linking executives' compensation to Bowater's Common Stock performance, and thus to the interests of shareholders. In 2003 stock options were granted to executives including the Named Executive Officers. Grants for the Named Executive Officers are shown in the Option/SAR Grants in Last

Fiscal Year table on page 19. The number of stock options granted to each executive officer was based on the executive's position rank. Each of the options granted to an executive had an exercise price equal to the fair market value of the Common Stock on the date of grant. Accordingly, the options have value to the option holder only if the stock price appreciates. The Committee believes this design focuses executives on the creation of shareholder wealth over the long term.

In addition, Bowater's 1999-2002 Long-Term Incentive Plan (the "LTIP") cycle was completed on December 31, 2002. No performance based payouts were earned under that plan, but in January 2003, the Committee determined that discretionary payouts were appropriate in recognition of management's progress toward achievement of strategic objectives. Accordingly, as reported in last year's proxy statement, the Committee made restricted stock awards under Bowater's 2002 Stock Option Plan to participants in the LTIP Plan, including the executive officers, as shown in the 2002 compensation lines of the Summary Compensation table on page 18. Those restricted stock awards were subject to a two-year vesting requirement (i.e. 50% at the end of one year and 50% at the end of the second year) that is satisfied by continued employment.

Compensation of the CEO During 2003

The Committee annually reviews Mr. Nemirow's salary level and considers such factors as individual performance and contribution to Bowater's success when contemplating future salary adjustments. Mr. Nemirow's 2003 salary was determined on the same basis as the base salaries for all executive officers, as described above; therefore Mr. Nemirow's base salary was frozen in 2003. Any payout to Mr. Nemirow for 2003 under the Annual Incentive Plan was to be based on the measures described above, weighted as follows: RONA 50%, Return on Capital Spending 5%, Operating Unit Performance 25% and Profit Improvement Initiatives 20%; however, as with all other senior executive officers, Mr. Nemirow was not granted an award under the Annual Incentive Plan. During 2003 Mr. Nemirow received stock option grants for 100,000 shares of Common Stock. Those options have terms identical to, and were determined on the same basis as, those of all other executive officers as described above. During 2003 Mr. Nemirow also received a discretionary payout of restricted stock under the LTIP as discussed above.

Policy with Respect to Corporate Tax Deduction Limit

In order to maintain flexibility to attract and retain qualified executives, the Committee may allow for compensation that is not deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Bowater paid certain non-deductible compensation to Mr. Nemirow in 2003, the impact of which was not material to Bowater.

All members of the Human Resources and Compensation Committee concur in this report.

Compensation Committee Interlocks and Insider Participation

Francis J. Aguilar and Arthur R. Sawchuk served on Bowater's Human Resources and Compensation Committee during the entirety of 2003. Richard Barth served on the committee until his retirement from the board. Togo D. West, Jr. began serving in November 2003. Mr. Sawchuk served as acting President and Chief Executive Officer of Avenor Inc., a forest products company, from November 1997 until its acquisition by Bowater in July 1998. None of the members of the Committee has served as officers of Bowater, and none has any interlocking relationships, as defined

by SEC regulations.

Total Shareholder Return**Bowater vs. Dow Jones Paper Products Index* and S&P 500 - 1998-2003**

The table below compares the cumulative shareholder return of the Common Stock for the last five years with the cumulative total return of the Dow Jones Paper Products Index* and the S&P 500, assuming a \$100 investment on December 31, 1998.

-
- (1) Perquisites and other personal benefits did not exceed the lesser of \$50,000 or 10% of the total salary and bonus of any Named Executive Officer for the years shown.
 - (2) The Human Resources and Compensation Committee granted restricted stock under the 2002 Stock Option Plan, in lieu of cash payouts, under the 2000-2002 LTIP. The awards were for the following numbers of shares and had the following values at December 31, 2003: Mr. Nemirow 8,510 shares, \$394,098; Mr. Fuller 4,310 shares, \$199,596; Mr. Duffy 3,940 shares, \$182,461; Mr. Maffucci 3,870 shares, \$179,220; and Mr. Newman 3,680 shares, \$170,421. The restricted stock awards are subject to a two-year vesting requirement (*i.e.*, 50% at January 28, 2004, and 50% at January 28, 2005, subject to continued employment). None of the named executive officers held any other restricted stock as of December 31, 2003. The shares of restricted stock receive dividends.
 - (3) Amounts included under Salary for Mr. Nemirow for 2003, 2002 and 2001 include \$17,788, \$17,788 and \$16,539, respectively, from the sale of earned vacation days back to Bowater.
 - (4) Amounts included under Salary for Mr. Duffy for 2003, 2002 and 2001 include \$8,231, \$8,231 and \$7,692, respectively, from the sale of earned vacation days back to Bowater.
 - (5) Amounts included under All Other Compensation for Mr. Maffucci for 2003 consist of Bowater contributions of \$3,034 under the excess flexible spending account.

- (6) Amounts included under Other Annual Compensation for Mr. Newman for 2001 include payments to offset foreign tax liabilities due to Mr. Newman's expatriate services. These payments were made in accordance with Bowater's relocation policy.

Stock Option Grants

The following table sets forth information regarding options and stock appreciation rights (SARs) granted with respect to Common Stock made by Bowater to the Named Executive Officers during 2003.

Option/SAR Grants in Last Fiscal Year

- (1) The plan under which the options were granted and the option agreements set forth earlier expiration dates under certain circumstances.
- (2) The present values of these options were calculated using the Black-Scholes option pricing model and assuming volatility of 31.8%, a risk free return rate of 3.4%, dividend yield of 0.8 and an average expected option life of 6.2 years. The ultimate values of the options will depend on the future market price of the Common Stock. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of the Common Stock over the exercise price on the date the option is exercised.
- (3) Options with respect to 50% of the covered shares of Common Stock became exercisable on January 28, 2004, and options with respect to the remaining 50% of the shares of Common Stock will become exercisable on January 28, 2005, if the condition of continued employment is met. In addition, the plan under which the options were granted provides that the exercisability date is accelerated and Bowater is required to repurchase outstanding options at a defined acceleration price upon the occurrence of a change in control event as defined in the plan.

Stock Option Holdings and Exercises

The table below sets forth information concerning (1) Common Stock options exercised by Named Executive Officers during 2003 and (2) the value at December 31, 2003, of SARs and unexercised Common Stock options held by the Named Executive Officers.

(1) Based on the difference between the option exercise price and the closing price of Bowater's Common Stock on the NYSE on December 31, 2003, of \$46.31.

LTIP Awards

Bowater has adopted a Mid-Term Incentive Plan (MTIP). The MTIP provides for rolling three-year plan cycles beginning on each January 1st, the first of which runs from January 1, 2003, to December 31, 2005. The MTIP is designed to link rewards of key executives to the performance of Bowater's Common Stock and to encourage the generation of cash flow from operations. Awards may be paid in any form, including without limitation, cash, stock, restricted stock, phantom stock, stock options, and stock appreciation rights. No payouts under the plan will occur until after completion of the 2003-2005 cycle, and payouts under the MTIP will be made only to the extent that Bowater generates cash from operations in excess of normal dividends paid during the plan cycle sufficient to fund the awards. Potential payouts under the MTIP are shown in the table below.

**Long-Term Incentive Plans Awards in Last Fiscal Year
(January 1, 2003 through December 31, 2005)**

Name	Number of Shares, Units or Other Rights (#)	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts Under Non-Stock Price-Based Plans		
			Threshold (\$ or #)	Target (\$ or #)	Maximum (\$ or #)
Arnold M. Nemirow	(1)	2003-2005	50% of 2005 salary ⁽²⁾	(2)	270% of 2005 Salary ⁽²⁾
Arthur D. Fuller	(1)	2003-2005	50% of 2005 salary ⁽²⁾	(2)	270% of 2005 Salary ⁽²⁾
Edward P. Duffy	(1)	2003-2005	50% of 2005 salary ⁽²⁾	(2)	270% of 2005 Salary ⁽²⁾
David G. Maffucci	(1)	2003-2005	50% of 2005 salary ⁽²⁾	(2)	270% of 2005 Salary ⁽²⁾
Robert D. Newman	(1)	2003-2005	50% of 2005 salary ⁽²⁾	(2)	270% of 2005 Salary ⁽²⁾

(1) No units have been awarded under the MTIP. Instead, each participant in the plan is eligible to receive a payout at the conclusion of the plan cycle of up to 270% of his or her base salary as of December 31, 2005 (the 2005 base salary) as described below. Any stock-based awards will be issued pursuant to and in accordance with the terms of another Bowater plan governing the issuance of such types of compensation. In addition, Bowater's 1999-2002 LTIP plan cycle was completed on December 31, 2002. As reported in last year's proxy statement, the Human Resources and Compensation Committee made restricted stock awards under Bowater's 2002 Stock Option Plan to participants in the LTIP Plan, including the executive officers, as shown in the 2002 compensation rows of the Summary Compensation table on page 18. Those restricted stock awards were subject to a two-year vesting requirement (*i.e.*, 50% at the end of one year and 50% at the end of the second year) that is satisfied by continued employment.

(2) Under the MTIP, participants are eligible to receive payouts of up to 135% of their 2005 base salary if their performance-based targets are met and an additional payout of up to 135% of their 2005 base salary under the discretionary component of the plan. The performance award formula computes a payout percentage based on the

total shareholder return (TSR) of Bowater compared to a group initially consisting of 14 peer companies beginning with a payout of 50% of 2005 year-end base salary if Bowater 's TSR equals the peer group 's average TSR and increasing linearly to a maximum payout of 135% of 2005 year-end base salary if Bowater 's TSR equals or exceeds 90% of the highest TSR in the peer group. Payouts under the discretionary component of the plan may be awarded in the discretion of the Human Resources and Compensation Committee at the end of the plan cycle based upon the Committee 's assessment of management 's achievements during the plan cycle. The group of peer companies includes all of Bowater 's peer companies included in the Dow Jones Paper Products Group listed in the Total Shareholder Return chart on page 17 of this Proxy Statement except for Pope & Talbot, Inc. and Carastar Industries, Inc. (which were excluded because they are single-product companies), and also includes nine other paper and forest products companies which the Committee believes the investment community views as investment opportunities similar to Bowater (Abitibi Consolidated Inc., Georgia Pacific Corp., Glatfelter P.H. Co., Louisiana-Pacific Corp., Norske Skog Canada Inc., Rayonier Inc., Stora Enso Corporation, UPM Kymmene Corp. and Weyerhaeuser Company). The MTIP provides for maximum payouts in the event of a change in control and for pro rata awards in the case of death, disability, retirement or the sale of the business unit in which the participant is employed, provided the executive has participated in the plan cycle for at least one year.

Stock Retention Program

Bowater has established stock ownership guidelines for directors and senior executives as a way to better align their financial interests with those of shareholders. In order to be eligible for future bonus payments, senior executives are required to own stock with a value equal to a specified multiple of their base salaries. The requisite multiples are three for the Chief Executive Officer, two for executive vice presidents, and one-half to two for senior vice presidents, corporate vice presidents, divisional vice presidents and others, depending on their respective position ranks. In addition, directors are expected to own stock having a value equal to three times their annual retainers. Up to one-half of the ownership requirement must be satisfied through Common Stock or Exchangeable Shares owned outright or through Bowater benefit plans; the remainder may be met through vested stock options or vested equity participation rights. Covered individuals are expected to comply fully with these guidelines within three to four years after the executive's employment with Bowater or promotion to a covered position, or the director's election to the Board. As of February 1, 2004 (the plan's measurement date), the covered directors and officers were substantially in compliance with the Stock Retention Program.

Employment and Change in Control Agreements

Each Named Executive Officer (collectively, the Executives) is party to an employment agreement (collectively, the Agreements). Each Agreement continues until death, disability, retirement or written notice of termination by either Bowater or the Executive. In the event of a change in control, as defined in the CIC Agreements described below, the term of the Agreements continues for not less than three years unless the Executive terminates his employment for other than good reason (as defined in the CIC Agreements). The Agreements provide for payment to each Executive of an annual base salary and for the Executive's participation in Bowater's various bonus and benefit plans in effect from time to time while the Agreements are in effect. In the event the Executive's employment is involuntarily terminated for reasons other than death, disability, retirement or cause (defined in the Agreements as gross negligence or willful misconduct by the Executive either in the course of his employment or that has a material adverse effect on Bowater or on the Executive's ability to perform his duties adequately and effectively), the Agreements provide for payments equal to two years of annual base salaries and annual incentive awards, plus a prorated annual incentive award for the year of termination. Mr. Nemirow's Agreement provides that, for purposes of determining the benefits due under Bowater's benefits plans, he will receive credit for continuous employment at an accelerated rate.

Each Executive is also a party to a change in control agreement with Bowater (collectively, the CIC Agreements). The CIC Agreements continue until an Executive's employment is terminated and all obligations thereunder have been satisfied. Following a change in control of Bowater, if an Executive's employment is terminated within 36 months (except for a termination due to death, disability, or for cause (defined as gross negligence that has not been cured, willful misconduct that has not been cured, or conviction of a felony, which action has a demonstrable and material adverse effect upon Bowater)), or if the Executive elects to terminate his employment either (a) for good reason or (b) during a 30-day period after the first anniversary of the change in control, the Executive will receive his accrued salary. Unless the Executive's termination is for cause, he will also receive a prorated annual incentive award and all benefits under Bowater's benefit plans and policies to which he is entitled through his date of termination.

In addition, the Executive will receive, in lieu of any severance payments provided in his employment agreement described above, an amount equal to the sum of: (a) three times the Executive's annual base salary in effect when the Executive is terminated or, if higher, the Executive's annual base salary in effect immediately prior to the change in control; (b) three times the highest possible annual incentive award that could have been awarded to the Executive under the annual incentive plan in effect when the Executive is terminated, or, if higher, during the year of the change in control; (c) three times the largest annual contribution that could have been made by Bowater to its savings plans on the Executive's behalf for the year in which the Executive is terminated or, if higher, for the year of the change in control; (d) thirty percent of the Executive's annual base salary in effect when the Executive is

terminated, or, if higher, the Executive's annual base salary in effect immediately prior to the change in control (as compensation for certain other benefits lost as a result of the termination of employment); (e) an amount equal to the present value of the additional retirement benefits the Executive would have earned for the three years following the Executive's termination date; and (f) retiree health care and life insurance coverage on substantially the same terms as would have been provided to Executive retirees as of the date of the change in control.

The CIC Agreements define a change in control as occurring if: (a) any person becomes beneficial owner of an amount of Bowater stock representing 20% or more of the combined voting power of Bowater's then outstanding voting securities, unless the Board has approved the acquisition of up to 50% of these securities or the person has filed a Schedule 13G indicating the person's intent to hold the securities for investment; (b) less than 50% of the total membership of the Board are continuing directors (as defined in the CIC Agreements); or (c) Bowater's shareholders approve a merger,

consolidation or reorganization of Bowater, or an agreement for the sale or other disposition of substantially all of Bowater's assets unless at least 50% of the voting power of the resulting entity is still owned by previous Bowater shareholders or at least 50% of the board of directors of the resulting entity are previous Bowater directors.

The CIC Agreements define "good reason" as: (a) an adverse change in the Executive's status, title, position or responsibilities (including a change in reporting relationships) as in effect within 180 days prior to the change in control or any time thereafter; the assignment to the Executive of any duties or responsibilities that, in the Executive's reasonable judgment, are inconsistent with the Executive's status, title, position or responsibilities as in effect at any time within 180 days preceding the date of a change in control or any time thereafter; or any removal of the Executive from or failure to reappoint or reelect the Executive to any office or position held prior to the change in control, except in connection with the termination of the Executive's employment due to death, disability, or for cause (as defined above), or by the Executive other than for good reason; or (b) failure to pay or provide the Executive the salary and benefits, in the aggregate, at least comparable to those to which he was entitled within 180 days preceding the change in control; or (c) the reduction of the Executive's salary as in effect on the date of the change in control or any time thereafter; or (d) Bowater's failure to obtain from any successor its assumption of the CIC Agreement; or (e) the relocation of the Executive's principal office to a location more than 35 miles from its location immediately prior to the change in control or a substantial increase in the Executive's travel obligations following the change in control.

The CIC Agreements also generally provide a terminated Executive with: (a) either a cash payment of \$20,000 or outplacement assistance; (b) a grossed up reimbursement of certain excise taxes that may be levied on excess parachute payments; and (c) the right to receive a lump sum payment equal to the present value of any non-statutory retirement benefits to which the Executive is entitled. A terminated Executive will also be entitled to be paid or reimbursed for all costs incurred (or to be incurred): (x) in connection with confirming the Executive's rights to and amounts of payments due under the CIC Agreement; (y) to dispute or contest any termination of the Executive's employment following a change in control or to enforce the terms of the CIC Agreement; or (z) in connection with any audit relating to any payment or benefit provided under the CIC Agreement.

Retirement Benefits

The following table shows the total estimated annual pension benefits payable to the Named Executive Officers under Bowater's qualified, nonqualified benefits restoration and nonqualified supplemental retirement plans upon retirement at age 65, calculated on a straight life annuity basis. Benefits to the Named Executive Officers are not reduced by any offset for Social Security benefits.

* Average annual earnings for best three non-overlapping twelve consecutive month periods in the 120 months preceding retirement.

Retirement benefits are payable under one or more of the following plans: a qualified plan covering all salaried employees, which provides pension benefits based on earnings; a nonqualified benefits restoration plan, which provides a make-up of qualified plan benefits limited by the imposition of statutory Code limitations; and a nonqualified supplemental plan covering designated senior executives including the Named Executive Officers (the Supplemental Plan), which provides benefits in addition to those under the other two plans. The definition of compensation under these three plans includes those categories of compensation under the salary and bonus headings in the Summary Compensation Table and does not include compensation in any of the other headings of the Summary Compensation Table. The Supplemental Plan provides for vesting of accrued benefits in the event of a change in control followed by termination of employment of a

covered employee not for cause. The Supplemental Plan also provides that benefits payable to a participant who retires before age 60 are subject to a reduction of .5% for each full month of retirement before age 60. The two other plans described above provide that in the event of a change in control, each participant in the plans will become 100% vested in his accrued benefits. This table assumes retirement in 2003 with payments beginning at age 65 and is calculated on a 60% joint and survivor annuity basis for married participants and on a single-life annuity basis for unmarried participants. As of December 31, 2003, the individuals listed in the Summary Compensation Table above had the following final average earnings (as defined above) and credited number of years of service: Mr. Nemirow, \$1,558,160, 18.7 years (Mr. Nemirow receives additional credited years of service under the terms of his employment agreement); Mr. Fuller, \$804,369, 9.0 years; Mr. Duffy, \$717,292, 8.8 years; Mr. Maffucci, \$614,641, 26.5 years; and Mr. Newman, \$551,610, 26.1 years.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Bowater's directors, executive officers and 10% shareholders to file reports of holdings and transactions in Common Stock and Exchangeable Shares with the SEC. Based on a review of Section 16(a) reports received by Bowater and written representations from its directors and executive officers, Bowater believes that all of its executive officers, directors and 10% shareholders have made all filings required to be made under Section 16(a) for 2003.

Related Party Transactions

Fidelity Management Trust Company (Fidelity Management), under trust agreements between it and Bowater or Bowater's affiliate (the Fidelity Agreements), provides trustee services and investment management services to qualified retirement plans maintained by Bowater and its affiliates. In addition, pursuant to the Fidelity Agreements, Fidelity Institutional Retirement Services Company (FIRSCO), a company affiliated with Fidelity Management, provides administrative record-keeping services to these plans. Fidelity Management and FIRSCO are subsidiaries of FMR Corp. During 2003, Bowater paid these entities approximately \$572,000 as a result of this relationship. Bowater expects that similar amounts will be paid in the future. FMR Corp. reported in a Schedule 13G that it had sole dispositive power with respect to 4,385,090 shares of Common Stock at December 31, 2003, and sole voting power with respect to 133,710 of these shares, and that Fidelity Management beneficially owned 106,910 of these shares of Common Stock as a result of its serving as an investment manager of institutional accounts. Bowater believes that its arrangements with these entities are on terms as favorable as could be obtained from a non-shareholder.

Pursuant to an investment management and participation agreement, both dated July 1, 1997 (the Wellington Agreement), Wellington Trust Company, NA (Wellington Trust) provides investment management services to a collective investment fund of which three qualified pension plans (through a master trust) sponsored by Bowater and its subsidiaries are participants. Pursuant to the terms of the Wellington Agreement, Wellington Trust is paid by the trustee of Bowater's benefit plans a fee for each calendar quarter based on the average of the asset values of the accounts managed by Wellington Trust. The Wellington Agreement generally continues in effect until terminated by Bowater or Wellington Trust on fifteen days' notice. For services provided in 2003, Bowater paid Wellington Trust approximately \$261,000. Bowater expects that similar amounts will be paid in the future. As of December 31, 2003, Wellington Management Company, LLP, a registered investment adviser and the parent of Wellington Trust, reported on a Schedule 13G that it had shared dispositive power with respect to 5,692,342 shares of Common Stock and shared voting power with respect to 3,892,782 shares of Common Stock. The Schedule 13G reported that the clients of Wellington Management Company, LLP have the right to receive, or the power to direct the receipt of, dividends from, or the proceeds of the sale of, such securities. Bowater believes that its arrangements with Wellington Trust are on terms as favorable as could be obtained from an unrelated party.

Company director L. Jacques Ménard is the chairman of the board of directors of BMO Nesbitt Burns and president of its affiliate BMO Financial Group, Québec. Bowater engaged BMO Nesbitt Burns as its financial advisor with respect to the sale of four non-strategic sawmills and certain timberlands located in Canada in 2003. Bowater paid investment banking fees of approximately \$159,000 associated with these transactions to BMO Nesbitt Burns. In addition, BMO Nesbitt Burns was a member of the initial purchasers syndicate for Bowater's June 2003 private placement of an aggregate principal amount of \$400 million of 6.5% Senior Notes due 2013 and a member of the underwriters syndicate for Bowater's March 2004 public offering of an aggregate principal amount of \$250 million of Floating Rate Senior Notes due 2010. The principal amount of notes allotted to BMO Nesbitt Burns in these transactions was \$32.0 million and \$17.5 million, respectively, and BMO received an initial purchasers' or underwriters' discount of \$400,000 and \$262,500, respectively, in these transactions. The Bank of Montreal, an affiliate of BMO Nesbitt Burns, is one of the creditors under the Bowater Incorporated revolving credit agreement, Bowater's \$100 million term loan, and Bowater's 364-day revolving credit facility. At December 31, 2003, the Bank of Montreal's commitments under the

revolving credit agreement, term loan and 364-day revolving credit facility were \$43.8 million, \$10.0 million and \$20.0 million, respectively, and on that date the Bank of Montreal's share of the outstanding balance was \$3.4 million under the revolving credit agreement and \$10.0 million under the term loan; there was no outstanding balance on that date under the 364-day revolving credit facility. Mr. Ménard did not receive any portion of BMO Nesbitt Burns' or the Bank of Montreal's fees as direct compensation and benefited from these transactions only to the extent that BMO Nesbitt Burns and the Bank of Montreal, as entities, benefited. Bowater believes that its arrangements with BMO Nesbitt Burns and the Bank of Montreal are on terms as favorable as could be obtained from unrelated parties.

A Schedule 13G dated December 31, 2003 and filed with the SEC on February 12, 2004 by J.P. Morgan Chase & Co. on behalf of itself and certain of its subsidiaries indicates that it was the beneficial owner of 5.0% of Bowater's common stock on December 31, 2003. JP Morgan Securities, Inc., an affiliate of J.P. Morgan Chase & Co., was a member of the initial purchasers syndicate for Bowater's June 2003 private placement of an aggregate principal amount of \$400 million of 6.5% Senior Notes due 2013 and a member of the underwriters syndicate for Bowater's March 2004 public offering of an aggregate principal amount of \$250 million of Floating Rate Senior Notes due 2010. The principal amount of notes allotted to JP Morgan Securities, Inc. in these transactions was \$80.0 million and \$62.5 million, respectively, and JP Morgan Securities, Inc. received an initial purchasers' or underwriters' discount of \$1.0 million and \$937,500, respectively, in these transactions. JP Morgan Chase Bank, an affiliate of J.P. Morgan Chase & Co., is one of the creditors under the Bowater Incorporated revolving credit agreement and Bowater's \$100 million term loan. At December 31, 2003, JP Morgan Chase Bank's commitments under the revolving credit agreement and term loan were \$59.4 million and \$6.9 million, respectively, and on that date JP Morgan Chase Bank's share of the outstanding balance was \$4.6 million and \$6.9 million, respectively.

In addition, J.P. Morgan Investment Management Inc. (JP Morgan Investment), an affiliate of J.P. Morgan Chase & Co., provided investment management services to two collective investment funds of which three qualified pension plans (through a master trust) sponsored by Bowater and its subsidiaries are participants during 2003, and it will continue to provide investment management services to one such fund in 2004. Pursuant to the terms of the investment manager agreements with respect to the funds, JP Morgan Investment is paid by the trustee of Bowater's benefit plans a fee for each calendar quarter based on the average of the asset values of the accounts managed by JP Morgan Investment. The continuing investment manager agreement generally continues in effect until terminated by either party on fifteen days' notice. For services provided in 2003, Bowater paid JP Morgan Investment approximately \$436,000. Of this, approximately \$163,000 relates to services that will continue in 2004, and Bowater expects that similar amounts will be paid in the future. Bowater believes that its arrangements with JP Morgan Securities, Inc., JP Morgan Chase Bank and J.P. Morgan Investment Management Inc. are on terms as favorable as could be obtained from unrelated parties.

Report of the Audit Committee of the Board of Directors

The following report does not constitute soliciting material and is not considered filed or incorporated by reference into any other filing by Bowater under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached to this Proxy Statement as Appendix A. The Audit Committee is currently comprised of four Outside Directors, all of whom the Board of Directors has determined are independent as defined under the newly revised listing standards of the NYSE and new standards of the SEC adopted under the Sarbanes-Oxley Act. The Board of Directors has determined that Audit Committee Chairman Charles J. Howard is an audit committee financial expert as defined by the SEC.

In carrying out its responsibilities, the Audit Committee has:

Reviewed and discussed the audited financial statements for the year ended December 31, 2003, with Bowater's management and Bowater's independent auditor, KPMG LLP;

Discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standard No. 61, *Communication with Audit Committees*; and

Received from KPMG LLP written disclosures regarding auditor independence and the letter required by Independence Standards Board Standard No. 1, *Independence Discussion with Audit Committees*, and discussed with the firm its independence from Bowater and its management.

Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Bowater's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the SEC.

All members of the Audit Committee concur in this report.

Charles J. Howard (Chairman)
 John A. Rolls (Vice Chairman)
 Togo D. West, Jr.
 Gordon D. Giffin

Appointment of Independent Auditors

Upon recommendation of the Audit Committee of the Board of Directors, the Board of Directors has appointed KPMG LLP as independent auditors for Bowater to audit its consolidated financial statements for the year ended December 31, 2004. KPMG LLP currently serves Bowater and its subsidiaries as independent auditors and from time to time advises Bowater on tax and other matters. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions from shareholders.

The table below and the accompanying footnotes set forth the fees paid by Bowater to its independent auditors KPMG LLP for the periods and in the categories indicated.

<u>Audit Fees and Services</u>	<u>Fiscal 2003</u>	<u>Fiscal 2002</u>
	(in thousands)	(in thousands)
Audit Fees	\$ 1,968	\$ 1,350
Audit-Related Fees ⁽¹⁾	335	412
Tax Fees ⁽²⁾	359	467
All Other Fees ⁽³⁾	85	355
	<u> </u>	<u> </u>
Total Fees for all Services	\$ 2,747	\$ 2,584

(1) Audit-Related Fees in 2003 and 2002 consisted principally of fees for audits of financial statements of certain employee benefit plans and accounting consultation relating to proposed transactions. In 2003, Audit-Related Fees also includes consultation relating to Sarbanes-Oxley Section 404 internal control attestation procedures.

(2) Tax Fees consisted of fees for tax compliance (\$106 in 2003 and \$158 in 2002) and for tax planning and consulting (\$253 in 2003 and \$309 in 2002).

(3) All Other Fees in 2003 and 2002 consisted principally of fees for security assessment of certain information systems.

Bowater's Audit Committee has adopted a policy requiring that the Audit Committee pre-approve all audit and non-audit services (including audit-related, tax and other services) performed by Bowater's independent auditors, and the Audit Committee pre-approved all audit and permissible non-audit services provided by KPMG LLP since May 6,

2003. Under policies and procedures adopted by the Audit Committee, the terms and fees of the annual audit services engagement are subject to approval by the Audit Committee prior to the rendering of the services. The Audit Committee also reviews and approves non-audit services prior to the rendering of the services. The Audit Committee may not approve the provision of non-audit services that the SEC prohibits independent auditors from performing for their audit clients or that are otherwise inconsistent with the independent auditor's independence. The Audit Committee is required to establish annually a budget for services to be performed by Bowater's independent accountants, and Bowater's management is required to track the independent auditor's fees against the budget and report at least annually to the committee.

Bowater's Chief Financial Officer, Controller or other officer designated by the Board must submit, jointly with the independent auditor, requests for the independent auditor to provide services to the Audit Committee that require pre-approval. Each request must include a statement as to whether both the independent auditor and the submitting officer view the provision of the requested services as consistent with the SEC's rules on auditor independence. The request must be sufficiently detailed to enable the Audit Committee to precisely identify the services requested. The Audit Committee may delegate pre-approval authority to its chair or one or more other committee members but not to Bowater's management. Any committee members with delegated authority must report all pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee has considered whether the provision of these services is compatible with maintaining KPMG LLP's independence.

Proposals by Shareholders

A shareholder who wishes to present a proposal for inclusion in Bowater's proxy materials relating to the Annual Meeting of Shareholders to be held in 2005 should submit his or her proposal on or before November 26, 2004, to Bowater's Secretary, 55 East Camperdown Way, Post Office Box 1028, Greenville, South Carolina 29602-1028. With respect to a shareholder proposal for the 2005 Annual Meeting that is not intended to be included in the proxy materials relating to the meeting, Bowater must receive the proposal by the earlier of January 12, 2005, or 10 days after notice or public disclosure of the annual meeting is made or given to shareholders. After that date, the proposal will not be considered timely. Shareholders submitting proposals for inclusion in the proxy statement and form of proxy must comply with the proxy rules under the Securities Exchange Act of 1934, as amended, and all shareholders submitting proposals must comply with the Bylaw requirements described below.

Bowater's Bylaws require timely advance written notice of shareholder nominations of director candidates and of any other proposals to be presented at an annual meeting of shareholders. In the case of director nominations by shareholders, the Bylaws require that 120 days advance written notice be delivered to Bowater's Secretary (at the address indicated above). The notice must be given, either by personal delivery or by United States mail, postage prepaid, to Bowater's Secretary no later than: (a) with respect to an election to be held at an annual meeting of shareholders, 120 days prior to the anniversary date of the immediately preceding annual meeting (this deadline will be January 12, 2005, for the 2005 Annual Meeting); and (b) with respect to an election to be held at a special meeting of shareholders for the election of directors, the close of business on the seventh day following the date on which notice of such meeting is first given to shareholders. In the case of other proposals by shareholders at an annual meeting, the Bylaws require that advance written notice be delivered to Bowater's Secretary (at the address indicated above). The notice must be received by Bowater's Secretary by the earlier of: (y) 120 days prior to the anniversary date of the immediately preceding annual meeting (this deadline will be January 12, 2005, for the 2005 Annual Meeting); or (z) 10 days after notice or public disclosure of the date of the annual meeting was given or made to shareholders. The Bylaws contain specific requirements with respect to the contents of each of these notices. A copy of the Bylaws is available upon request to Bowater's Secretary at the address indicated above. For director nominations, the notice is required to contain the following:

the name and address of the nominating stockholder and the person or persons being nominated;

the class and number of shares held of record, held beneficially and represented by proxy by the nominating shareholder as of the meeting's record date (if established) and as of the date of the notice;

a representation by the nominating shareholder that he or she intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

a description of all arrangements and understandings between the nominating stockholder and each nominee and any other person or persons (naming them) pursuant to which the nomination is being made by the stockholder;

all other information regarding each proposed nominee that would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated by Bowater's Board of Directors; and

the consent in writing of each proposed nominee to serve as a director of Bowater if elected.

In the case of recommendations by shareholders for candidates to be considered for director nomination by the Nominating and Governance Committee, Bowater's policy is to require that advance written notice be delivered to Bowater's Secretary (at the address indicated above). The timing and content requirements for these recommendations are the same as those for director nominations by shareholders, which are described above.

Expenses of Solicitation

Bowater will bear the cost of soliciting proxies. In addition to soliciting proxies by mail, it is expected that some of Bowater's officers and regular employees may solicit, without additional compensation, proxies by telephone, e-mail or oral communication. Morrow & Co., Inc. has been retained to assist in soliciting proxies for a fee of \$7,000, plus expenses. Bowater has requested that brokerage houses and other custodians, nominees and fiduciaries forward soliciting materials to their principals, the beneficial owners of Bowater Common Stock and Exchangeable Shares, and will reimburse them for their reasonable out-of-pocket expenses in so doing.

Financial Information

Bowater's 2003 Annual Report to Shareholders is enclosed. Bowater will provide without charge to any shareholder of record as of March 15, 2004, who requests in writing, a copy of the 2003 Annual Report to Shareholders (which includes Bowater's 2003 Annual Report on Form 10-K, without exhibits). Please direct any such request to Bowater Incorporated, 55 East Camperdown Way, Post Office Box 1028, Greenville, South Carolina 29602-1028, Attention: Investor Relations Department. Copies may also be obtained online through <http://www.bowater.com>.

Appendix A to Proxy Statement

Bowater Incorporated

Audit Committee Charter

As adopted on May 12, 2000, and
as amended and restated on February 26, 2004

1. Purpose

The Audit Committee and its Chair are appointed by the Board of Directors to assist the Board in fulfilling its oversight responsibilities. The Audit Committee's primary duties and responsibilities are to:

Monitor the integrity of Bowater's financial reporting process and systems of internal controls.

Monitor the independence and qualifications of Bowater's independent auditors.

Monitor the performance of Bowater's internal auditors and independent auditors.

Monitor Bowater's compliance with legal and regulatory requirements.

Provide an open avenue of communication among the Board of Directors, management, independent auditors and internal auditors. The Audit Committee shall make regular reports to the Board.

While the Audit Committee has the duties and responsibilities set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that Bowater's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditors.

2. Composition and Meetings

The Audit Committee is composed of at least three Directors, each of whom is an independent Director, free from any relationship that could interfere with the exercise of his or her independence from management and Bowater, and satisfies the independence and qualification requirements of the Securities and Exchange Commission, the New York Stock Exchange, and the Company's Corporate Governance Principles concerning membership. All members of the Committee are financially literate, which means they have a basic understanding of finance and accounting and are able to read and understand fundamental financial statements. At least one member of the Committee has accounting or related financial management expertise. No member of the Committee may simultaneously serve on the audit committees of more than two other public companies without the approval of the Board of Directors.

The Committee has four regularly scheduled meetings annually and meets more frequently if circumstances dictate. The Committee maintains minutes of all meetings and reports, through its Chair, to the Board of Directors on significant aspects of its activities. The Committee meets at least annually, in separate executive sessions, with management, the internal auditors and the independent auditors to discuss any matters that the Committee or any of these groups believes should be discussed. In addition, the Committee, through its Chair or another member designated by the Chair, meets with management, the internal auditors and the independent auditors quarterly, in separate executive sessions if deemed necessary, to review Bowater's financial statements and significant findings based upon the auditors' limited review procedures.

3. Duties and Responsibilities

To fulfill its duties and responsibilities, the Committee, to the extent that it deems necessary or appropriate, will:

Review Procedures

Review and reassess the adequacy of this Charter annually. Submit the Charter to the Board of Directors for approval and have it published in Bowater's proxy statement as required by the Securities and Exchange Commission (SEC).

In consultation with management, independent auditors and internal auditors, consider the integrity of Bowater's financial reporting processes and controls. Discuss significant financial risk exposures, if any, and the steps management has taken to monitor, control and report any such exposures. Review significant findings prepared by the independent auditors and internal auditors, together with management's responses.

Discuss with management Bowater's earnings press releases, including the use of pro forma or adjusted non-GAAP information, as well as financial information and earnings guidance, if any, provided to analysts and ratings agencies. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made). The Audit Committee may form and delegate authority for such discussions to subcommittees consisting of one or more members when appropriate.

Review with financial management and the independent auditors Bowater's quarterly financial statements, including disclosures made in Management's Discussion and Analysis of Financial Condition and Results of Operations, prior to filing with the SEC. Discuss any significant changes to Bowater's accounting policies and any items required to be communicated by the independent auditors in accordance with American Institute of Certified Public Accountants, Statement on Auditing Standards 61, as amended (SAS 61).

Review disclosures made to the Audit Committee by Bowater's CEO and CFO during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in Bowater's internal controls as well as the procedures undertaken by the CEO and CFO in connection with the preparation of such certifications.

Review Bowater's annual audited financial statements, including disclosure made in Management's Discussion and Analysis of Financial Condition and Results of Operations, prior to filing with the SEC. Discuss with management and the independent auditors, as applicable, significant financial reporting issues and judgments made in connection with the preparation of Bowater's financial statements, including, but not limited to, any significant changes in Bowater's selection or application of accounting principles, any major issues as to the adequacy of Bowater's internal controls and any special steps adopted in light of material control deficiencies, and the effect of SEC regulatory and accounting initiatives and off balance sheet structures on Bowater's financial statements. Based upon such review and discussion, recommend to the Board whether the audited financial statements should be included in Bowater's Form 10-K.

Prepare a report to be included in Bowater's annual proxy statement that discloses the Committee's review of the audited financial statements, the required discussions (SAS 61) with the independent auditors, whether the Committee has recommended to the Board of Directors that the financial statements be included in Bowater's Annual Report on Form 10-K, and any other matters required by the SEC.

Appendix A-2

Independent Auditors

Have the sole authority to appoint, retain or replace the independent auditors. The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent auditors (including resolution of any disagreements between management and the independent auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditors shall report directly to the Audit Committee.

Review the independence, performance and qualifications of the independent auditors at least annually. As part of such review, the Audit Committee shall obtain and review a report from the independent auditors at least annually regarding (a) the independent auditors' internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, and (c) any steps taken to deal with any such issues.

Review the performance of the internal auditors at least annually.

Preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for Bowater by its independent auditors, subject to the de minimus exceptions for the non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant preapprovals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant preapprovals shall be presented to the full Audit Committee at its next scheduled meeting.

Approve the fees and other significant compensation to be paid to the independent auditors.

Review and discuss reports from the independent auditors on:

- (a) All critical accounting policies and practices to be used.
- (b) All alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors.
- (c) Other material written communications between the independent auditors and management, such as any management letter or schedule of unadjusted differences.
- (d) The independent auditors' attestation report regarding the management internal control report of the Company to be included in the Company's annual report.

Require the independent auditors to submit annually to the Audit Committee a formal written statement, delineating all relationships between the independent auditors and Bowater in accordance with Independence Standards Board (ISB) No. 1. Actively engage in a dialogue with the independent auditors about any relationships or services that could impact their objectivity and independence. Take appropriate action in response to the independent auditors report regarding their independence.

Review and approve the independent auditors' audit plan and discuss scope, staffing (including experience and qualifications), locations, reliance upon management and internal audit and general audit approach.

Discuss the results of the audit with the independent auditors. Discuss matters required to be communicated to audit committees in accordance with SAS 61, including but not limited to any problems or difficulties arising in the course of the audit and management's response.

Appendix A-3

Consider the independent auditors' judgments about the quality and appropriateness of Bowater's accounting policies as applied in its financial reporting

Ensure the rotation of the audit partners as required by Section 10A of the Exchange Act.

Recommend to the Board of Directors policies for the Company's hiring of employees or former employees of the independent auditors who participated in any capacity in the audit of the Company.

Internal Audit Department

Review and approve the budget, plan, changes in the plan, activities, organizational structure and qualifications of the internal auditors.

Review the appointment, performance and replacement of the senior internal audit executive or service provider.

Review significant observations and recommendations made by the internal auditors, together with management's response and follow-up to these reports.

Legal Compliance

Retain independent legal, accounting or other advisors to the extent it deems necessary or appropriate. Bowater shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditors for the purpose of rendering or issuing an audit report and to any advisors employed by the Audit Committee or for performing other audit, review or attestation services.

Review, with Bowater's General Counsel, any legal matter that could have a material impact on Bowater's financial statements.

Establish procedures for the receipt, retention and treatment of complaints received by Bowater regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

Others

Annually review the Committee's own performance.

Consider such other matters as the Committee or the Board determines appropriate.
