**2004 ANNUAL MEETING OF SHAREHOLDERS
OF
SYSTEMONE TECHNOLOGIES INC.**

PROXY STATEMENT

This proxy statement contains information related to our annual meeting of shareholders to be held on Friday, May 28, 2004, beginning at 10:00 a.m., Miami time, at our corporate headquarters located at 8305 N.W. 27th Street, Suite 107, Miami, Florida 33122 and at any adjournments or postponements thereof.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the annual meeting, shareholders will vote on the election of directors and vote on any other matters that properly come before the meeting. In addition, our management will report on our performance during 2003 and respond to questions from our shareholders.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, May 3, 2004, are entitled to receive notice of the annual meeting and to vote the shares of common stock and Series B, Series C and Series D convertible preferred stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of common stock entitles its holder to cast one vote on each matter to be voted upon. Each outstanding share of Series B, Series C and Series D convertible preferred stock entitles its holder to cast 21.37, 28.57 and 28.57 votes, respectively, on each matter to be voted upon.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend. Please note that if you hold shares in street name (that is, through a broker or other nominee), you will need to bring evidence of your share ownership, such as a copy of a brokerage statement, reflecting your stock ownership as of the record date and valid picture identification.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the meeting will constitute a quorum, permitting the meeting to conduct its business. As of the record date, May 3, 2004, 4,960,087 shares of our common stock held by 43 shareholders of record, 73,380 shares of Series B convertible preferred stock held by three holders of record, 97,102 shares of Series C convertible preferred stock held by one holder of record and 26,894 shares of Series D convertible preferred stock held by three holders of record were issued

and outstanding. The shares of convertible preferred stock represent a total of 5,110,697 votes. Proxies received, but marked as abstentions, and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting, but will not be counted as votes cast for or against any given matter.

If less than a majority of outstanding shares entitled to vote are represented at the meeting, a majority of the shares present at the meeting may adjourn the meeting to another date, time or place, and notice need not be given of the new date, time or place if the new date, time or place is announced at the meeting before an adjournment is taken.

Table of Contents

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered shareholder and you attend the meeting, you may deliver your completed proxy card in person.

Street name shareholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Director of Finance and Administration either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board of Directors. The Board recommends a vote for the election of the nominated slate of directors. See "Election of Directors" on page 6.

The Board does not know of any other matters other than the election of directors that may be brought before the meeting nor does it foresee or have reason to believe that the proxy holders will have to vote for substitute or alternate director nominees. In the event that any other matter should properly come before the meeting or any director nominee is not available for election, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in accordance with their best judgment.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast, either in person or by proxy, at the meeting by the holders of common stock (one vote per share) and Series B (21.37 votes per share), Series C (28.57 votes per share) and Series D (28.57 votes per share) convertible preferred stock, voting together as a single class, is required for the election of directors. A properly executed proxy marked "VOTE WITHHELD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Shareholders do not have the right to cumulate their votes for directors.

Other Items. The board of directors does not know of any other matters that may be brought before the annual meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate nominees for election to the board of directors. In the event that any other matter should come before the annual meeting or any nominee is not available for election, the persons named in the enclosed proxy will have discretionary authority to vote all proxies not marked to the contrary with respect to such matters in accordance with their discretion.

For each other item, provided that a quorum is present, the affirmative vote of a majority of the votes cast, either in person or by proxy, at the annual meeting by the holders of common stock (one vote per share) and Series B (21.37 votes per share), Series C (28.57 votes per share) and Series D (28.57 votes per share) convertible preferred stock,

voting together as a single class, is required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of the item.

If you hold your shares in **street name** through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such **broker non-votes** will, however, be counted in determining whether there is a quorum.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION AS DIRECTORS OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.

How are directors compensated?

Compensation. Non-affiliated directors receive annual compensation in the amount of \$10,000 for attendance at meetings of the Board of Directors or committees thereof. However, neither affiliated directors nor directors who are also employed by us receive any fee or compensation for their services as directors. All members of the Board of Directors receive reimbursement for actual travel-related expenses incurred in connection with their attendance at meetings of the Board of Directors.

Options. Directors are eligible to receive options under our Executive Incentive Plan, as amended. This plan provides for an automatic grant of an option to purchase 3,500 shares of our common stock upon a person's election as a non-management director, as well as an automatic annual grant of an option to purchase 3,500 shares of common stock on the day we issue our earnings release for the prior fiscal year.

How often did the Board meet during 2003?

During 2003, the Board of Directors held four meetings. During 2003, each director attended more than 75% of the aggregate of (i) the number of meetings of the Board of Directors held during the period he served on the Board and (ii) the number of meetings of committees of the Board of Directors held during the period he served on such committees.

Table of Contents

What committees has the Board established?

The Board of Directors has a standing audit committee and compensation committee. We do not have a nominating committee. Our Board of Directors performs the functions of a nominating committee.

Audit Committee

During 2003, the audit committee consisted of Messrs. Leung and Poling. In the Board's business judgment, we believe Mr. Poling meets the definition of an independent director under Securities and Exchange Commission, or SEC, rules and as that term is currently defined in the New York Stock Exchange listing standards described below. Prior to the adoption by the New York Stock Exchange of new audit committee rules pursuant to the requirements of the Sarbanes-Oxley Act of 2002 and Securities and Exchange Commission, or SEC, rules and regulations thereunder, Mr. Leung was determined by the Board to be independent. If the newly adopted New York Stock Exchange listing standards were applicable to us, Mr. Leung would no longer meet the definition of independent. See Report of the Audit Committee set forth on page 9. The audit committee held four meetings during 2003. The duties and responsibilities of the audit committee include (i) recommending to the Board the appointment of our auditors and any termination of engagement, (ii) reviewing the plan and scope of audits, (iii) reviewing our significant accounting policies and internal controls and (iv) having general responsibility for all related auditing matters. The functions of the audit committee and its activities during the year ended December 31, 2003 are described below under the heading Report of the Audit Committee on page 9. The Board of Directors adopted a written charter for the audit committee effective June 13, 2000. A copy of the audit committee's written charter appeared as Appendix A to our Proxy Statement for our 2001 Annual Meeting.

Compensation Committee

During 2003, the compensation committee consisted of Messrs. Biddelman and Leung. The compensation committee held one meeting during 2003. The compensation committee reviews and approves the compensation of our executive officers and administers our Executive Incentive Plan, as amended.

Nominating Committee

As of this time, we do not have a nominating committee, or a nominating committee charter. Our Board of Directors believes the full board can adequately perform the functions of a nominating committee given the small size of the Board and the fact that the Board is composed of a majority of non-management directors. The Board of Directors identifies director candidates through numerous sources, including recommendations from directors, executive officers and our shareholders. The Board of Directors seeks to identify those individuals most qualified to serve as Board members and will consider many factors with regard to each candidate, including judgment, reputation, integrity, diversity, prior experience, the interplay of the candidate's experience with the experience of other directors and the candidate's willingness to devote the time and effort required for Board responsibilities. While our Board of Directors has not established minimum qualifications for director candidates nominated by our shareholders, our shareholders may recommend individuals to the Board of Directors for consideration as potential director candidates by submitting their names and appropriate background and biographical information to our Board of Directors at 8305 N.W. 27th Street, Suite 107, Miami, Florida 33122 along with a statement signed by such recommended individual consenting to his or her consideration for nomination. Assuming that the appropriate information has been timely provided, the Board of Directors will consider these candidates substantially in the same manner as it considers other director candidates it identifies.

REPORT OF THE AUDIT COMMITTEE

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

In accordance with its written charter adopted by our Board of Directors, the audit committee's role is to act on behalf of the Board of Directors in the oversight of our accounting, auditing and financial reporting practices. The audit committee presently consists of two members: Messrs. Leung and Poling. In the Board's business judgment, we believe Mr. Poling meets the definition of an independent director under SEC rules and as that term is currently defined in the New York Stock Exchange's listing standards. Although our common stock is not listed on the New York Stock Exchange, we have chosen the independence standard currently defined in the New York Stock Exchange listing standards. Prior to the adoption by the New York Stock Exchange of new audit committee rules pursuant to the requirements of the Sarbanes-Oxley Act of 2002 and SEC rules and regulations thereunder, Mr. Leung was determined by the Board to be independent. If the newly adopted New York Stock Exchange listing standards were applicable to us, Mr. Leung would no longer meet the definition of independent because he is an executive officer of an affiliate of ours. Nevertheless, our Board of Directors continues to believe that such relationship does not interfere with the exercise of his independence from management and us as required by our audit committee charter. A copy of the audit committee's written charter appeared as Appendix A to our Proxy Statement for our 2001 Annual Meeting. Our Board of Directors continues to assess the adequacy of the audit committee's charter and expects to adopt further revisions to it in connection with the implementation of new corporate governance standards by the Securities and Exchange Commission and the National Association of Securities Dealers regarding the responsibilities of the audit committee under the Sarbanes-Oxley Act of 2002.

Management is responsible for our financial reporting process, including our system of internal controls, and for the preparation of our financial statements in accordance with generally accepted accounting principles. Our independent auditors are responsible for auditing those financial statements. It is the audit committee's responsibility to monitor and review these processes. It is not the audit committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The audit committee does not consist of our employees and it may not be, and may not represent itself to be or serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the audit committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent auditors included in their report on our financial statements. The audit committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's considerations and discussions with management and the independent auditors do not assure that our financial statements are presented in accordance with generally accepted accounting principles, that the audit of our financial statements has been carried out in accordance with generally accepted auditing standards or that our independent accountants are in fact independent.

In fulfilling its oversight responsibilities, the audit committee reviewed the audited financial statements for fiscal 2003 with management, including a discussion of the quality of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The audit committee reviewed the financial statements for fiscal 2003 with the independent auditors and discussed with them all of the matters required to be discussed by Statement of Auditing Standards No. 61 (Communications with Audit Committees), as amended, including the auditors' judgments as to the quality, not just the acceptability, of our accounting principles. In addition, the audit committee has received the written disclosures and the letter from the independent auditors required by Independence Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with the

independent auditors their independence from our management and us. Finally, the audit committee has considered whether the provision by the independent auditors of non-audit services to us is compatible with maintaining the auditors' independence. The audit committee discussed with the independent accountants any

Table of Contents

relationships that may have an impact on their objectivity and independence and satisfied itself as to the accountants independence.

The audit committee also discussed with management the process used to support certifications by our chief executive officer and director of finance and administration that are required by the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002 to accompany our periodic filings with the Securities and Exchange Commission.

Consistent with the Securities and Exchange Commission's policies regarding auditor independence, our audit committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Based on its review and discussions with management and the independent accountants, and subject to the limitations on its role and responsibilities described above, the audit committee recommended to our Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in our Annual Report on Form 10-KSB for the year ended December 31, 2003. The undersigned members of the audit committee have submitted this report to us.

Subsequent to such date we issued an additional 6,894 shares of Series D convertible preferred stock as paid-in-kind dividends. In connection with the execution of the Subordinated Loan Agreement and the issuance of the Lender Warrants (each as described below), the May Warrants were adjusted to be exercisable for an aggregate of 571,428 shares of common stock.

We are also party to a Shareholders Agreement dated May 2, 2000 with the holders of our preferred stock and Pierre Mansur, pursuant to which, Messrs. Paul A. Biddelman and Kenneth C. Leung were appointed our Board of Directors on May 29, 2000. The holders of our preferred stock are also entitled to nominate one or more additional individuals to establish a controlling majority on our Board of Directors. In addition, among other things, the Shareholders Agreement provides that certain decisions to be made by our Board of Directors, including authorization of any merger or similar transaction or material acquisition, the issuance of certain securities or the employment of senior management, require concurrence of the directors designated by the holders of our preferred stock.

On August 7, 2000 (the Issuance Date), we entered into a Loan Agreement with Environmental Opportunities Fund II, L.P., Environmental Opportunities Fund II (Institutional), L.P. and Hanseatic Americas LDC (collectively, the Lenders), as amended on November 10, 2000, November 30, 2000, February 27, 2002, September 30, 2002 and December 9, 2002 (collectively the Subordinated Loan Agreement), under which we borrowed an aggregate principal amount of \$3,300,000. These borrowings are evidenced by promissory notes (the Subordinated Promissory Notes), maturing December 31, 2005 (extended from February 23, 2003 in connection with our 2002 debt restructuring described in our Annual Report on Form 10-KSB (the Restructuring)), subject to prepayment at any time at our option and mandatory prepayment to the extent of any proceeds received by us from the sale of any new securities or the borrowing of any additional money (other than purchase money debt and borrowings under the Senior Revolver). The Subordinated Promissory Notes bear interest at the rate of 10% per annum (reduced from 16% in connection with our Restructuring) until final repayment in full of such Subordinated Promissory Notes. Our obligations under the Subordinated Loan Agreement are secured by a lien on substantially all of our assets other than our intellectual property although such obligations have been subordinated to the Senior Revolver. Pursuant to the Subordinated Loan Agreement we issued warrants to purchase an aggregate of up to 942,858 shares of our common stock at \$3.50 per share (the August Warrants). Interest accrued under the Subordinated Promissory Notes during 2003 amounted to \$447,974.

We are required to issue an additional 942,858 warrants to the holders of its Subordinated Promissory Notes if we (i) sells debt or equity securities, or debt securities convertible into equity securities, or incurs debt with a final scheduled maturity date more than twelve months after issuance providing gross cash proceeds to us in an amount equal to or greater than the outstanding principal amount of the Subordinated Promissory Notes or (ii) enters into a merger, consolidation, sale of all or substantially all of its assets or other business combination transaction with a party that prior to such transaction owns less than 25 percent of the voting power of our outstanding equity

securities. The fair market value of the warrants would be charged to operations should the warrants become issuable.

We are party to a Revolving Credit Loan Agreement (the Senior Revolver) with Hansa Finance Limited Liability Company (Hansa), which provides us with a revolving line of credit. In connection with the Senior Revolver, we granted the lender a security interest in substantially all of our assets, including its intellectual property. Pursuant to the Senior Revolver, we may borrow twice a month up to the Advance Limit. Effective prior to November 24, 2003, the Advance Limit was the lesser of \$5,000,000 or the sum of the Advance Supplement (as defined) plus an amount based on our receivables and inventory. The Advance Supplement was \$2,500,000 for the period from April 1, 2001 until maturity. Effective November 24, 2003, the Advance Limit is the lesser of \$3,000,000 or an amount based on our receivables and inventory and there is no longer an Advance Supplement. In addition, Hansa agreed to reduce the annual interest rate under the Senior Revolver to 13 percent. At December 31, 2003, we exceeded our lending limits and, as a result thereof, we repaid the outstanding balance of the Senior Revolver of approximately \$1.4 million in January 2004. Interest paid to Hansa during 2003 amounted to \$522,139. Hansa and us entered into an agreement on February 15, 2003 to extend the maturity of the Senior Revolver from May 30, 2003 to May 30, 2005. Hansa is controlled indirectly by Hanseatic Corporation and Paul Biddelman, one of our directors, who is the President of Hanseatic Corporation.

On February 27, 2002, the Lenders, Hanseatic Americas LDC, Environmental Fund II, L.P., Environmental Opportunities Fund II (Institutional), L.P. and us (collectively, with the Lenders, the Investors), entered into a Letter Agreement suspending our registration obligations for shares of common stock issuable upon conversion of shares of Series B, C and D convertible preferred stock which we issued to the Investors until we received notification from the Investors holding shares with a current market value of at least \$1,000,000 requesting that we registered such shares.

In connection with our Restructuring on December 9, 2002, we issued 750,000 warrants to the holders of our 8 1/4% Subordinated Convertible Notes that would have triggered certain anti-dilution rights pursuant to our outstanding (i) shares of Series D convertible preferred stock, \$1.00 per share, (ii) the May Warrants and (iii) the August Warrants (collectively, the Outstanding Warrants). The holders of the Series D convertible preferred stock and Outstanding Warrants waived their anti-dilution rights in exchange for warrants for the purchase of an aggregate of 250,000 shares of common stock at an exercise price of \$.01 per share expiring on December 31, 2005. Also in connection with the Restructuring, the holders of our outstanding shares of Preferred Stock agreed to extend the date upon which we must redeem such shares from May 17, 2004 to the earlier of the 90th day after all of the Subordinated Convertible Notes are paid in full or March 31, 2006. Additionally, pursuant to the Restructuring, Gerlach & Co. (named in the table of beneficial owners set forth above) exchanged then outstanding 8 1/4% Subordinated Convertible Notes due February 23, 2003 (Old Notes) in the aggregate principal amounts together with accrued interest of \$5,895,618 for (i) 8 1/4% Subordinated Convertible Notes due December 31, 2005 in the aggregate principal amount of \$2,962,467 bearing interest which when due was added at our option to the principal amount of such notes through December 31, 2002 and thereafter shall be paid in cash, plus (ii) 8 1/4% Subordinated Convertible Notes due December 31, 2005 in the aggregate principal amount of \$2,962,467 bearing interest which when due may be added to the principal amount for the life of such notes and (iii) warrants for the purchase of an aggregate of 200,000 shares of our common stock at an exercise price of \$.01 per share expiring on December 31, 2005.

During March 2004, we repurchased and retired \$13.5 million principal amount of the 8 1/4% Subordinated Convertible Notes (the Notes) for an aggregate purchase price of \$2.9 million. We expect to recognize a pre-tax gain of approximately \$10.4 million in the first quarter of 2004 on the repurchase and retirement of the Notes. Whiting & Co., previously a 5% or more beneficial owner of our securities, sold its Notes to us as part of this repurchase and retirement. To our knowledge Whiting & Co. no longer owns any of our securities.

The policy requires the specific pre-approval of all permitted services. When considering the pre-approval of non-audit services, the audit committee considers whether the provision of such non-audit service is consistent with the auditor's independence and the Securities and Exchange Commission rules regarding auditor independence. Additionally, the audit committee considers whether the independent auditors are best positioned and qualified to provide the most effective and efficient service, based on factors such as the independent auditors' familiarity with the

Company's business, personnel, systems or risk profile and whether provision of the service by the independent auditors would enhance the Company's ability to manage or control risk or improve audit quality or would otherwise be beneficial to the Company.

We know of no other business to be brought before the annual meeting. If, however, any other business should properly come before the annual meeting, the persons named in the accompanying proxy will vote proxies as in their discretion they may deem appropriate, unless they are directed by a proxy to do otherwise.
