**Item 1.01 Entry into a Material Definitive Agreement.**

On August 17, 2006, the Production Division of the Registrant (the Company ) entered into a Lease Agreement dated as of July 1, 2006 (the Lease Agreement ) with the Adel Industrial Development Authority (the Authority ) and a Bond Purchase Agreement (the Bond Purchase Agreement ) dated as of July 1, 2006 with the Authority. The Bond Purchase Agreement relates to the purchase by the Company of an industrial development revenue bond issued by the Authority in the principal amount not to exceed \$17,200,000, the proceeds of which will be used by the Authority to finance the cost of construction of the Company's poultry complex in Cook County, Georgia. Prior to issuance of the bond, the Authority held title to the land on which the complex is to be built. In connection with the Company's purchase of the bond, the Company transferred title to the complex to the Authority and will lease it, along with the land, back from the Authority under the Lease Agreement. The lease rental payments due from the Company will be equal to the debt service obligations of the Authority on the bond. Thus, the Company, as lessee, will provide the funds which enable the Authority to make the bond payments and, as the bond purchaser, will be the recipient of the bond payments made by the Authority. The Lease Agreement contains a bargain purchase option exercisable by the Company after all lease payments have been made. The purpose of the transaction is to effect an exemption from Georgia ad valorem property taxes which may only be obtained if title to the property is vested in the Authority.
