INDENTURE SECURITIES

8. Analysis of Indenture Provisions

The New Notes will be issued under the Indenture to be dated as of date the Exchange is consummated or prior thereto and entered into between the Company and the Trustee. The following analysis is not a complete description of the Indenture provisions and is qualified in its entirety by reference to the terms of the Indenture, a form of which is attached as Exhibit T3C hereto and incorporated by reference herein. Capitalized terms used below but not defined herein have the meanings assigned to them in the Indenture.

(a) Events of Default; Withholding of Notice

The following will be events of default under the Indenture:

the Company fails to pay principal or premium, if any, when due at maturity, upon redemption or otherwise on the New Notes;

the Company fails to pay any interest on the New Notes, when due and such failure continues for a period of 30 days;

the Company fails to convert the New Notes upon exercise of a holder's conversion right;

the Company fails to provide notice of the occurrence of a designated event on a timely basis;

the Company fails to perform or observe any of the covenants in the Indenture for 60 days after notice;

Table of Contents

certain events involving the Company's bankruptcy, insolvency or reorganization; or

default in the payment of principal when due at stated maturity of other indebtedness or acceleration of such other indebtedness for borrowed money where the aggregate principal amount with respect to which the default or acceleration has occurred exceeds \$10 million, and such acceleration has not been rescinded or annulled within a period of 30 days after written notice as provided in the Indenture.

A designated event will be deemed to have occurred upon a fundamental change or a termination of trading.

A fundamental change is any transaction or event (whether by means of an exchange offer, liquidation, tender offer, consolidation, merger, combination, reclassification, recapitalization or otherwise) in connection with which all or substantially all of the Company's common stock is exchanged for, converted into, acquired for or constitutes solely the right to receive, consideration which is not all or substantially all common stock that is listed on, or immediately after the transaction or event will be listed on, a U.S. national securities exchange.

A termination of trading will be deemed to have occurred if our common stock (or other common stock into which the New Notes are then convertible) is not listed for trading on a U.S. national securities exchange.

The Trustee may withhold notice to the holders of the New Notes of any default, except defaults in payment of principal, premium or interest on the New Notes. However, the Trustee must consider it to be in the interest of the holders of the New Notes to withhold this notice.

If an event of default occurs and continues, the Trustee or the holders of at least 25% in principal amount of the outstanding New Notes may declare the principal, premium, if any, and accrued interest on the outstanding New Notes to be immediately due and payable. In case of certain events of bankruptcy or insolvency involving the Company, the principal, premium, if any, and accrued interest on the New Notes will automatically become due and payable. However, if the Company cures all defaults, except the nonpayment of principal, premium, if any, or interest, that became due as a result of the acceleration, and meets certain other conditions, with certain exceptions, this declaration may be cancelled and the holders of a majority of the principal amount of outstanding New Notes may waive these past defaults.

Payments of principal, premium, if any, or interest on the New Notes that are not made when due will accrue interest at the annual rate of 1% above the then applicable interest rate from the required payment date.

The holders of a majority of outstanding New Notes will have the right to direct the time, method and place of any proceedings for any remedy available to the Trustee, subject to limitations specified in the Indenture.

No holder of the New Notes may pursue any remedy under the Indenture, except in the case of a default in the payment of principal, premium, if any, or interest on the New Notes, unless:

the holder has given the Trustee written notice of an event of default;

the holders of at least 25% in principal amount of outstanding New Notes make a written request, and offer reasonable indemnity, to the Trustee to pursue the remedy;

the Trustee does not receive an inconsistent direction from the holders of a majority in principal amount of the New Notes;

the holder or holders have offered reasonable security or indemnity to the Trustee against any costs, liability or expense of the Trustee; and

the Trustee fails to comply with the request within 60 days after receipt of the request and offer of indemnity.

(b) Authentication and Delivery of New Notes; Use of Proceeds

The New Notes to be issued under the Indenture may be executed by manual or facsimile signature on behalf of the Company by Chairman of the Board, Chief Executive Officer, President or any Vice President (whether or not designated by a number or numbers or word or words added before or after the title Vice President) and attested by the manual or facsimile signature of its Secretary or any of its Assistant Secretaries or its Treasurer or any of its Assistant

Treasurers (which may be printed, engraved or otherwise reproduced thereon, by facsimile or otherwise) and delivered to the Trustee.

Table of Contents

The Trustee will authenticate and make available for delivery New Notes for original issue, upon receipt of a written order or orders of the Company signed by its Chairman of the Board, Chief Executive Officer, President or any Vice President (whether or not designated by a number or numbers or word or words added before or after the title Vice President), the Treasurer or any Assistant Treasurer or the Secretary or Assistant Secretary.

The New Notes will not be valid until an authorized signatory of the Trustee manually signs the certificate of authentication on the New Notes. The signature will be conclusive evidence that the New Notes have been authenticated under the Indenture.

The Company will not receive any proceeds from the issuance of the New Notes. The New Notes are being issued solely in exchange for Outstanding Notes beneficially owned by the Holders.

(c) Release and Substitution of Property Subject to the Lien of the Indenture

The New Notes are unsecured obligations of the Company. As such, the New Notes are not secured by any lien on any property.

(d) Satisfaction and Discharge of the Indenture

The Company may discharge its obligations under the Indenture while New Notes remain outstanding if: (i) either (a) all delivered and authenticated New Notes (other than those held in trust, destroyed, lost or stolen) have been delivered to the Trustee for cancellation or (b) all outstanding New Notes have become due and payable and the Company has deposited or caused to be deposited with the Trustee an amount sufficient to pay and discharge all outstanding New Notes; (ii) the Company has paid or caused to be paid all other sums payable by the Company under the Indenture; and (iii) the Company has delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that all conditions precedent for discharge of the Indenture have been complied with.

(e) Evidence Required to be Furnished by the Company to the Trustee as to Compliance with the Conditions and Covenants Provided for in the Indenture

The Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year of the Company, a certificate signed by either the principal executive officer, the principal financial officer or the principal accounting officer of the Company as to the signer's knowledge of the Company's compliance with all terms, provisions and conditions in the Indenture and stating whether or not the signer knows of any default. If such signer knows of such a default, the certificate must describe the nature and status of the default.

The Company will deliver to the Trustee, forthwith upon becoming aware of (i) any default in the performance or observance of any covenant, agreement or condition contained in the Indenture, or (ii) any event of default, an Officers Certificate specifying with particularity such default or event of default and further stating what action the Company has taken, is taking or proposes to take with respect thereto.

The Company shall also comply with Section 314(a)(4) of the Trust Indenture Act without regard to any period of grace or requirement of notice, specifying each such default of which such signer has knowledge and the nature thereof.
