Caution Concerning Forward-Looking Statements

This Current Report on Form 8-K includes certain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act. Such forward-looking statements include, but are not limited to, statements about the benefits of the Transactions involving Time Warner and TWC and their subsidiaries, including future financial and operating results, the plans, objectives, expectations and intentions of Time Warner and TWC, and other statements that are not historical facts. These statements are based on the current expectations and beliefs of the management of Time Warner and TWC, and are subject to uncertainty and changes in circumstances.

Time Warner cautions readers that any forward-looking information is not a guarantee of future performance and that actual results may vary materially from those expressed or implied by the statements herein, due to the conditions to the consummation of the Transactions, changes in economic, business, competitive, technological, strategic or other regulatory factors, as well as factors affecting the operation of the businesses of Time Warner and TWC. More detailed information about certain of these and other factors may be found in filings by Time Warner with the Securities and Exchange Commission, including its most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q, in the sections entitled Caution Concerning Forward-Looking Statements and Risk Factors. In particular, the following factors, among others, could cause actual results to differ from those set forth in the forward-looking statements: the failure to obtain governmental approvals; the failure to receive required tax rulings or tax opinions; and the risk that the anticipated benefits from the Transactions may not be fully realized or may take longer to realize than expected. Time Warner is under no obligation to, and expressly disclaims any obligation to, update or alter the forward-looking statements contained in this document, whether as a result of new information, future events, or otherwise.
