PROXY STATEMENT

Proxies in the accompanying form are being solicited by the Board of Directors of the Company for use at the annual meeting of shareholders on Thursday, April 25, 2002, or at any adjournment thereof. The meeting will be held at The Forum Conference Center, One Cleveland Center, 1375 East Ninth Street, Cleveland, Ohio, at 3:00 p.m. local time. The Proxy Statement and the form of Proxy are being mailed to shareholders commencing on or about March 27, 2002.

INFORMATION CONCERNING SOLICITATION AND VOTING

REVOCABILITY OF PROXIES

Any shareholder who executes and returns a Proxy may revoke the same at any time before it is exercised by filing with the Secretary of the Company written notice of such revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person. Attendance at the meeting will not

Edgar Filing: ROYAL APPLIANCE MANUFACTURING CO - Form DEF 14A

in and of itself constitute revocation of a Proxy.

RECORD DATE AND VOTING

Shareholders of record at the close of business on March 11, 2002 (the "Record Date") are entitled to notice of and to vote at the meeting. Holders of the Common Shares of record as of the close of business on the Record Date, or their proxies, are entitled to one vote per Common Share. At the Record Date, 13,017,352 Common Shares of the Company were issued and outstanding.

Proxies properly signed and returned to the Company, in blank or without voting instructions, will be voted "FOR" the three Director nominees named herein, and ratification of the appointment of PricewaterhouseCoopers LLP as auditors of the Company for 2002.

The three candidates for election as directors at the Annual Meeting who receive the highest number of affirmative votes will be elected. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not deemed to be present or represented for purposes of determining whether shareholder approval of that matter has been obtained, and, consequently, will have no effect on the outcome of the vote.

SOLICITATION

The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Morrow & Co., Inc. to aid in the solicitation of Proxies. The Company estimates that it will pay Morrow & Co., Inc. a fee of approximately \$5,000 for its services, plus out-of-pocket expenses. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

DEADLINE FOR RECEIPT OF SHAREHOLDER PROPOSALS FOR 2003 ANNUAL MEETING

Proposals of shareholders which are intended to be presented by such shareholders at the Company's next annual meeting of shareholders to be held in 2003 must be received by the Company no later than November 27, 2002, in order that they may be included in the proxy statement and form of proxy relating to that meeting.

2

PROPOSAL ONE ELECTION OF DIRECTORS

The Board of Directors is divided into two classes, each of whose members serve for a staggered two-year term. The Board is comprised of three Class I Directors and three Class II Directors. The current term of the Class I Directors ends upon the election of Class I Directors at this annual meeting. The term of the Class II Directors will end upon the election of Class II Directors at the 2003 annual meeting of shareholders.

The Board of Directors has nominated Messrs. Kahl, Merriman and Rochon to stand for reelection as the Class I Directors for a two-year term. The two-year term will end upon the election of Class I Directors at the 2004 annual meeting of shareholders.

At the annual meeting, the Common Shares represented by valid Proxies, unless otherwise specified, will be voted to reelect the Class I Directors. Each

Edgar Filing: ROYAL APPLIANCE MANUFACTURING CO - Form DEF 14A

individual nominated for election as a Director of the Company has agreed to serve if elected. However, if any nominee becomes unable or unwilling to serve if elected, the Proxies will be voted for the election of such other person as may be recommended by the Board of Directors. The Board of Directors has no reason to believe that the persons listed as nominees will be unable or unwilling to serve.

The Board of Directors recommends that each shareholder vote "FOR" the Board of Directors' nominees.

OPTION/SAR GRANTS IN 2001

Shown below is information on grants of options or stock rights pursuant to the Company's compensation plans made in the year ended December 31, 2001, to the Named Executive Officers which are listed in the Summary Compensation Table.

Edgar Filing: ROYAL APPLIANCE MANUFACTURING CO - Form DEF 14A

NAME	INDIVIDUAL GRANTS				EXPIRATION DATE	POTENTIAL R VALUE AT ANNUAL RATES PRICE APPREC OPTION TE

T. Keith Moone.....	0	0.0%	--			--

(1) The June options vest 33% on each anniversary of the grant date with full vesting occurring on the third anniversary date, assuming the executive officer remains employed by the Company. The October stock rights become 60% vested on the third anniversary from the date of grant and 80% vested on the fourth anniversary with full vesting occurring on the fifth anniversary date, assuming the executive officer remains employed by the Company. The Options and Rights expire in ten years from the date of grant, subject to earlier termination in certain events related to termination of employment. The Plans provide that in the event of a "change in control" of the Company, the Compensation Committee can cause all outstanding stock rights to be immediately exercisable and may accelerate the termination date of all such options. A "change in control" generally means the occurrence of (I) the acquisition by a person of 20% or more of the Company's Common Shares, (ii) the first purchase of shares pursuant to an exchange or tender offer, or (iii) shareholder approval of a merger in which the Company is not the surviving corporation or pursuant to which the Company's shares are converted into cash. See also "Change-in-Control Arrangements" herein.

(2) The dollar amounts set forth in these columns are the result of calculations at the 5% and 10% rates set by the Securities and Exchange Commission, and therefore are not intended to forecast possible future appreciation, if any, of the Company's Common Stock price. Using these rates, the total of potential realizable values for the named officers represents less than 1% of the gain that would be realized by all shareholders of the Company. Based on the number of shares outstanding and the market price on the June and October grant dates, the aggregate gain realized by the Company's shareholders assuming a 5% annual rate of stock appreciation for the option term would be in excess of \$44 million and \$35 million, respectively; a 10% annual rate of stock appreciation would result in a gain in excess of \$112 million and \$89 million, respectively.

CHANGE-IN-CONTROL AND OTHER EMPLOYMENT ARRANGEMENTS

Michael J. Merriman, President and Chief Executive Officer, and the Company entered into a new Employment Agreement effective as of March 14, 2002. Under the Agreement, Mr. Merriman is entitled to a base salary of \$400,000 per year, and participates in the Company's annual management incentive plan ("MIP"). The term of the agreement is for one year, with automatic renewals unless one party gives notice of its intent not to renew the agreement. In the event of Mr. Merriman's termination without cause, termination due to death or disability, termination for "good reason" (as defined in the agreement), or if the Company gives notice of its intention not to renew the agreement (collectively, a "Triggering Termination"), Mr. Merriman is entitled to severance payments equal to: (a) three times the sum of his then current annual base salary and the average annual bonus based on the prior three years (paid in six semi-annual installments); (b) a prorated portion of his MIP award for the year in which the termination occurs, if applicable; (c) a lump sum severance payment determined annually by the Board (initially \$1.5 million), (d) forgiveness of all amounts due from Mr. Merriman on his April 2001 \$542,750 note payable to the Company, and (e) continuation of his insurance and other employee benefits for 36 months. If any of these payments or any other payments made by the Company would precipitate an excise tax as a "parachute payment" under Internal Revenue Code, Mr. Merriman shall be entitled to receive an amount equal to the amount of those excise taxes plus a tax "gross-up" payment. If a Triggering Termination occurs following a change-in-control (as defined in the Agreement), Mr. Merriman's severance payments will be paid in a lump sum. The agreement also contains a covenant by Mr. Merriman not to compete with the Company for up to 36 months following the termination of his employment. In the event of a Triggering Termination, any and all unvested stock options and phantom stock rights held by Mr. Merriman will fully vest.

The Company has entered into Severance Agreements with the other three Named Executive Officers that are designed to retain the executives and provide for continuity of management in the event of any actual or threatened change in the control of the Company. Each agreement only becomes operative upon a "Change in Control" as defined in the Agreements. After a Change in Control, if, during the three-year period commencing with the Change in Control, the executive's employment is terminated for reasons other than "cause" (as defined in the Agreement), death or disability, or the executive terminates his employment for "good reason" (as defined in the Agreement), under their respective agreements, the executive shall be entitled to receive a severance amount equal to three

times of his then base salary. The Company may make an additional payment to reimburse such individuals for excise tax payments, if any, triggered by the foregoing severance payments. All options and stock rights held by the executives with respect to the Company's common stock will become immediately exercisable upon the date of termination of employment and remain exercisable for a period of up to three years.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

It is the responsibility of the Compensation Committee to set policy for administering the Company's executive compensation plans and to make recommendations to the Board as appropriate. These plans for Executive Officers include base salaries, incentive compensation, stock options, and any other forms of remuneration.

The Committee annually reviews in detail all aspects of compensation for the Chief Executive Officer and other executive officers. If the Committee believes that a particular situation warrants outside professional input, the Committee may retain the services of a qualified compensation consulting firm to assist it in the performance of its duties. The Committee has retained the services of PricewaterhouseCoopers LLP to provide analysis to the Committee with respect to the reasonableness of total compensation to officers of the Company, taking into account how the executive compensation of the Company compares to that of executives for its industry peer group (companies included in the Dow Jones Home Construction and Furnishings Index), as well as to that of other public companies of similar size. The Committee also reviews executive compensation surveys and other data in determining compensation policies.

10

Cash compensation is provided to officers through a combination of base salaries and incentive bonus awards under the Company's Management Incentive Plan (MIP). Based upon the Committee's analysis, base salaries are fixed at levels below or above the average competitive amounts paid to other executives in similar sized public companies and below those of companies included in the Dow Jones Home Construction and Furnishings Index. Individual salaries may vary somewhat below or above the average, based upon the individual's performance and contribution to Company success, tenure on the job, and specific industry skill. The MIP is highly leveraged such that the higher actual earnings before taxes, interest, depreciation and amortization are above the minimum thresholds, the higher the MIP award is as a percentage of base salary. At the beginning of each year, the Compensation Committee sets the MIP award percentages and the current year's minimum earnings thresholds that serve as the baseline for determining any payout under the MIP. For 2001, the Company exceeded the earnings threshold, therefore MIP bonuses were paid to the Executive Officers. The Board also determined to grant additional bonuses to certain Executive Officers for product quality improvements.

The Company has designed its compensation program for officers to provide a strong and direct link between Company performance and executive pay. Each component of executive compensation is evaluated so that, in combination, highly

talented executives can be attracted, retained and motivated to consistently improve the financial performance of the Company.

Mr. Merriman, Chief Executive Officer, participates in the same compensation programs provided to the other executive officers. The Committee based the 2001 compensation of Mr. Merriman on the policies and procedures described above. Mr. Merriman's base salary was fixed below the average competitive amounts paid to other Chief Executive Officers of similar sized public companies and those of companies included in the Dow Jones Home Construction and Furnishings Index.

Annually, the Committee considers the desirability of granting longer-term incentive awards to the Company's officers under the Company's Stock Option and Stock Rights Plans. The Committee granted stock options and rights to certain Executive Officers during 2001. The option grants will vest 33 1/3% per anniversary date, with full vesting occurring on the third anniversary date, and the stock rights will vest 60% on the third anniversary and in cumulative 20% installments, thereafter, with full vesting occurring on the fifth anniversary date. The stock rights provide for settlement, once exercised, in the Company Stock thus providing an incentive to these officers and creating a direct link between the Company's stock performance and executive compensation.

PROPOSAL TWO
INDEPENDENT AUDITORS

During the year 2001, PricewaterhouseCoopers LLP provided various audit, and non-audit services to the Company as follows:

- a) Audit Fees: Aggregate fees billed for professional services rendered for the audit of the Company's year ended December 31, 2001 annual financial statements and review of financial statements in the Company's Form 10Q Reports. \$110,590.
- b) Financial Information Systems Design and Implementation Fees: \$1,793,703
- c) All Other Fees: Principally information technology consulting: \$485,592

The Audit Committee of the Board has considered whether the services described in sections (b) and (c) above are compatible with maintaining the independent accountant's independence and has determined that such services have not adversely affected PricewaterhouseCoopers LLP's independence.

Upon recommendation of the Audit Committee, and subject to ratification by the shareholders at the April 25, 2002 Annual Meeting, the Board of Directors has appointed PricewaterhouseCoopers LLP as independent auditors to examine the consolidated financial statements of the Company for the year ending December 31, 2002.

If the Board's appointment is not ratified, or if PricewaterhouseCoopers LLP declines to act or becomes incapable of action, or if their appointment is discontinued, the Board will appoint other independent auditors whose continued appointment after the next Annual Meeting of Shareholders shall be subject to ratification by the shareholders.

PricewaterhouseCoopers LLP representatives are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire, and it is expected that they will respond to appropriate questions raised at the meeting.

The persons named in the accompanying form of proxy intend to vote such proxies to ratify the appointment of PricewaterhouseCoopers LLP unless a contrary choice is indicated.

The Board of Directors recommends a vote FOR ratification of the appointment of independent auditors.

OTHER MATTERS

The Board of Directors of the Company is not aware that any matter other than those listed in the Notice of Meeting is to be presented for action at the meeting. If any of the Board's nominees are unavailable for election as a Director or any other matter should properly come before the meeting, it is intended that votes will be cast pursuant to the Proxy in respect thereto in accordance with the best judgment of the person or persons acting as proxies.
