PROXY STATEMENT

The Goodyear Tire & Rubber Company

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of The Goodyear Tire & Rubber Company, an Ohio corporation (Goodyear , or we or us), to be voted at the annual meeting of shareholders to be held June 30, 2004 (the Annual Meeting), and at any adjournments thereof, for the purposes set forth in the accompanying notice.

Goodyear's executive offices are located at 1144 East Market Street, Akron, Ohio 44316-0001. Our telephone number is 330-796-2121.

Our Annual Report to Shareholders for the year ended December 31, 2003 is enclosed with this Proxy Statement. The Annual Report is not considered part of the proxy solicitation materials. The approximate date on which this Proxy Statement and the related materials are first being sent to shareholders is June 4, 2004.

Shares Voting. Holders of shares of the Common Stock, without par value, of Goodyear (the Common Stock) at the close of business on May 10, 2004 (the record date) are entitled to notice of, and to vote the shares of Common Stock they hold on the record date at, the Annual Meeting. As of the close of business on the record date, there were 175,339,715 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote.

Quorum. In order for any business to be conducted, holders of at least a majority of shares entitled to vote must be represented at the meeting, either in person or by proxy.

Adjourned Meeting. The holders of a majority of shares represented at the meeting, whether or not a quorum is present, may adjourn the meeting. If the time and place of the adjourned meeting is announced at the time adjournment is taken, no other notice need be given.

Vote Required. The affirmative vote of at least a majority of the shares of Common Stock outstanding on the record date is required for any management or shareholder proposal to be adopted at the Annual Meeting. In the election of directors, the four candidates receiving the most votes will be elected.

Abstentions, withheld votes and broker non-votes do not affect the election of directors and have the same effect as votes against any proposal voted upon by shareholders.

Cumulative Voting For Directors. In the voting for Class II directors, you have the right to vote cumulatively for candidates nominated prior to the voting. In voting cumulatively, you may (a) give one candidate the number of votes equal to three times the number of shares of Common Stock you are entitled to vote, or (b) distribute your votes among the three candidates as desired.

Voting Of Proxy. Three Goodyear directors, Messrs. Boland, Minter and Zimmerman, have been designated as proxies to vote (or withhold from voting) shares of Common Stock in accordance with your instructions. You may give your instructions using the accompanying proxy card, via the Internet or by telephone.

Your shares will be voted for the four nominees identified at page 5, unless your instructions are to withhold your vote from any one or more of the nominees or to vote cumulatively for one or more of the nominees for election as Class II director. The proxies may cumulatively vote your shares if they consider it appropriate, except to the extent you expressly withhold authority to cumulate votes as to a nominee.

Your Board of Directors anticipates that all of the nominees named will be available for election. In the event an unexpected vacancy occurs, your proxy may be voted for the election of a new nominee designated by the Board of Directors.

Your shares will be voted in favor of the proposal by the Board of Directors to ratify the appointment of PricewaterhouseCoopers LLP as independent accountants for Goodyear for 2004 and against the shareholder proposal, unless your instructions are otherwise or you expressly abstain from voting.

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form DEF 14A

Confidentiality. Your vote will be confidential except (a) as may be required by law, (b) as may be necessary for Goodyear to assert or defend claims, (c) in the case of a contested election of director(s), or (d) at your express request. The inspectors of election and persons processing and tabulating your vote will be representatives of EquiServe Trust Company, N.A.

Revocability Of Proxy. You may revoke or revise your proxy (whether given by mail, via the Internet or by telephone) by the delivery of a later proxy or by giving notice to Goodyear in writing or in open meeting. Your proxy revocation or revision will not affect any vote previously taken.

Table of Contents**CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS**

Goodyear is committed to having sound corporate governance principles. Having such principles is essential to running Goodyear's business efficiently and to maintaining Goodyear's integrity in the marketplace. Goodyear's Corporate Governance Guidelines, Business Conduct Manual and Board of Directors and Executive Officers Conflicts of Interest Policy are available at <http://www.goodyear.com/investor/governance.html>. Please note, however, that information contained on the website is not incorporated by reference in, or considered to be a part of, this document.

Board Independence

The Board has determined that each of the current directors, except the Chairman of the Board and Chief Executive Officer, is independent within the meaning of Goodyear's director independence standards, which are attached to this proxy statement as Annex A. Furthermore, the Board has determined that each of the members of each of the Board committees is independent within the meaning of Goodyear's director independence standards.

Board Structure and Committee Composition

As of the date of this proxy statement, Goodyear's Board has 11 directors classified into three classes and the following five committees: (1) Audit, (2) Compensation, (3) Corporate Responsibility, (4) Finance, and (5) Nominating and Board Governance. The current membership and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. All of the committee charters are available on Goodyear's website at <http://www.goodyear.com/investor/governance.html>. During the 2003 fiscal year, the Board held 11 meetings. Each director attended at least 75% of all Board and applicable Committee meetings. Directors are encouraged to attend annual meetings of Goodyear shareowners. Nine directors attended the last annual meeting of shareowners. Individuals may communicate with the Board or individual Board members as described on Goodyear's website at http://www.goodyear.com/investor/contact_brd.html.

Audit Committee

The Audit Committee assists the Board in fulfilling its responsibilities for oversight of the integrity of Goodyear's financial statements, Goodyear's compliance with legal and regulatory requirements, the independent accountants' qualifications and independence and the performance of Goodyear's internal auditors and independent accountants. Among other things, the Audit Committee prepares the Audit Committee report for inclusion in the annual proxy statement; annually reviews the Audit Committee charter and the committee's performance;

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form DEF 14A

appoints, evaluates and determines the compensation of Goodyear's independent accountants; reviews and approves the scope of the annual audit plan; reviews and pre-approves all auditing services and permitted non-audit services (and related fees) to be performed by the independent accountants; oversees investigations into complaints concerning financial matters; and reviews policies and guidelines with respect to risk assessment and risk management, including Goodyear's major financial risk exposures. The Audit Committee works closely with management as

well as Goodyear's independent accountants. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from Goodyear for, outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties. The Board has determined that each member of the Audit Committee meets the independence requirements of the New York Stock Exchange and each of Messrs. Boland, Breen, Forsee and Hudson are an audit committee financial expert. Mr. Boland serves on the audit committees of three other public companies. The Board has determined, however, that Mr. Boland's simultaneous service on multiple audit committees would not impair his ability to serve effectively on the Company's Audit Committee.

The report of the Audit Committee is included herein on page 19. The charter of the Audit Committee is available at <http://www.goodyear.com/investor/governance.html> and is also included herein as Annex B.

Compensation Committee

The Compensation Committee discharges the responsibility of the Board of Directors relating to compensation practices and plans for Goodyear's directors, executive officers and other key personnel. Among other things, the Compensation Committee prepares a report on executive compensation for inclusion in the annual proxy statement; reviews and approves the Company's goals and objectives relevant to the compensation of the Chief Executive Officer; determines the compensation of the Chief Executive Officer; advises the Board of Directors regarding directors' and officers' compensation and management development and succession plans; and undertakes such other activities as may be delegated to it from time to time by the Board of Directors.

The Compensation Committee also administers Goodyear's 2002 Performance Plan, Performance Recognition Plan, and certain other compensation and benefit plans sponsored by Goodyear. The charter of the Compensation Committee is available at <http://www.goodyear.com/investor/governance.html>.

Committee on Corporate Responsibility

The Committee on Corporate Responsibility reviews Goodyear's legal compliance programs as well as its business conduct policies and practices and its policies and practices regarding its relationships with shareholders, employees, customers, governmental agencies and the general public. The Committee may also recommend appropriate new policies to the Board of Directors. The charter of the Committee on Corporate Responsibility is available at <http://www.goodyear.com/investor/governance.html>.

Finance Committee

The Finance Committee consults with management and makes recommendations to the Board of Directors regarding Goodyear's capital structure, dividend policy, tax strategies, compliance with terms in financing arrangements, risk management strategies, banking arrangements and lines of credit and pension plan funding. The Finance Committee also reviews and consults with management regarding policies with respect to interest rate and foreign exchange risk, liquidity management, counter party risk, derivative usage, credit ratings, and investor relations activities. The charter of the Finance Committee is available at <http://www.goodyear.com/investor/governance.html>.

Nominating and Board Governance Committee

The Nominating and Board Governance Committee identifies, evaluates and recommends to the Board of Directors candidates for election to the Board of Directors. The Committee also develops and recommends appropriate corporate governance guidelines, recommends policies and standards for evaluating the overall effectiveness of the Board of Directors in the governance of Goodyear and undertakes such other activities as may be delegated to it from time to time by the Board of Directors. The Board has determined that each member of the Nominating and Board Governance Committee meets the independence requirements of the New York Stock Exchange. The charter of the Nominating and Board Governance Committee is available at <http://www.goodyear.com/investor/governance.html>.

Consideration of Director Nominees

The policy of the Nominating and Board Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Director. In evaluating such nominations, the Nominating and Board Governance Committee seeks to address the criteria described below under Director Selection Guidelines as well as any needs for particular expertise on the Board.

Any shareholder desiring to submit a proposed candidate for consideration by the Nominating and Board Governance Committee should send the name of such proposed candidate, together with biographical data and background information concerning the candidate, to: The Secretary, The Goodyear Tire & Rubber Company, 1144 East Market Street, Akron, Ohio 44316-0001.

Director Selection Guidelines

The Board of Directors has approved Director Selection Guidelines that apply to prospective Board mem-

Table of Contents

bers. Under these criteria, members of the Board should have a reputation for high moral character, integrity and sound judgment, substantial business expertise, financial literacy, achievement in his or her chosen field, should have adequate time to devote to Goodyear, and should have the ability to effectively serve several years prior to retirement at age 70. A person's particular expertise and ability to satisfy the independence standards of the New York Stock Exchange may also be evaluated. Each Director must have the ability to fully represent Goodyear's diverse constituencies.

Identifying and Evaluating Nominees for Director

The Nominating and Board Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. The Committee also retains third-party executive search firms to identify candidates. Two nominees, Mr. O Neal and Ms. Peterson, are proposed to be elected for the first time at the Annual Meeting. Each of these nominee's names was first suggested by a third-party executive search firm.

Once a prospective nominee has been identified, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members and the likelihood that the prospective nominee can satisfy the Director Selection Guidelines described above. If the Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee against the standards and qualifications set out in Goodyear's Director Selection Guidelines.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be elected to the Board, and the Board makes its decision after considering the recommendation and report of the Committee.

Executive Sessions

Non-management Directors meet regularly in executive sessions without management. An executive session is generally held in conjunction with each regularly scheduled Board meeting. Non-management Directors are Directors who are not Company officers but otherwise include Directors, if any, who are not independent by virtue of the existence of a material relationship with Goodyear. Executive sessions are led by a Presiding Director, who is elected annually by the Board. Mr. Zimmerman, the current Presiding Director, was elected to that position on May 7, 2003.

DIRECTORS' COMPENSATION

Goodyear directors who are not officers or employees of Goodyear or any of its subsidiaries receive, as compensation for their services as a director, \$17,500 per calendar quarter. The Presiding Director receives an additional \$13,750 per calendar quarter. The chairperson of the Audit Committee receives an additional \$3,750 per calendar quarter and the chairpersons of all other committees receive an additional \$1,250 per calendar quarter. Any director who attends more than 24 board and committee meetings will receive \$1,700 for each additional meeting attended (\$1,000 if the meeting is attended by telephone). Travel and lodging expenses incurred in attending board and committee meetings are paid by Goodyear. A director who is also an officer or an employee of Goodyear or any of its subsidiaries does not receive additional compensation for his or her services as a director.

Directors who are not current or former employees of Goodyear or its subsidiaries participate in the Outside Directors' Equity Participation Plan (the Directors' Equity Plan). The Directors' Equity Plan is intended to further align the interests of directors with the interests of shareholders by making part of each director's compensation dependent on the value and appreciation over time of the Common Stock.

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form DEF 14A

Under the Directors' Equity Plan, on the first business day of each calendar quarter each eligible director who has been a director for the entire preceding calendar quarter will have \$17,500 accrued to his or her plan account. On April 14, 2004, individuals who had served as director since October 1, 2003 had an additional \$20,000 accrued to their account pursuant to an April 13, 2004 amendment to the Directors' Equity Plan. Amounts accrued are converted into units equivalent in

Table of Contents

value to shares of Common Stock at the fair market value of the Common Stock on the accrual date. The units will receive dividend equivalents at the same rate as the Common Stock, which dividends will also be converted into units in the same manner. The Directors' Equity Plan also permits each participant to annually elect to have 25%, 50%, 75% or 100% of his or her retainer and meeting fees deferred and converted into share equivalents on substantially the same basis.

A participating director is entitled to benefits under the Directors' Equity Plan after leaving the Board of Directors unless the Board of Directors elects to deny or reduce benefits. Benefits may not be denied or reduced if, prior to leaving the Board of Directors, the director either (i) attained the age of 70 with at least five years of Board service or (ii) attained the age of 65 with at least ten years of Board service. The units will be converted to a dollar value at the price of the Common Stock on the later of the first business day of the seventh month following the month during which the participant ceases to be a director and the fifth business day of the year next following the year during which the participant ceased to be a director. Such amount will be paid in ten annual installments or, at the discretion of the Compensation Committee, in a lump sum or in fewer than ten installments beginning on the tenth day following the aforesaid conversion from units to a dollar value. Amounts in Plan accounts will earn interest from the date converted to a dollar value until paid at a rate one percent higher than the prevailing yield on United States Treasury securities having a ten-year maturity on the conversion date.

The units accrued to the accounts of the participating directors under the Directors' Equity Plan at May 10, 2004 are set forth in the Deferred Share Equivalent Units column of the Beneficial Ownership of Management table on page 11.

Goodyear also sponsors a Directors' Charitable Award Program funded by life insurance policies owned by Goodyear on the lives of pairs of directors. Goodyear donates \$1 million per director to one or more qualifying charitable organizations recommended by the paired directors after both of the paired directors are deceased. Assuming current tax laws remain in effect, Goodyear will recover the cost of the program over time with the proceeds of the insurance policies purchased. Directors derive no financial benefit from the program.

ELECTION OF DIRECTORS

(Item 1 on your Proxy)

The Board of Directors is classified into three classes of directors. At each annual meeting of shareholders, directors of one class are elected, on a rotating basis, to three year terms, to serve as the successors to the directors of the same class whose terms expire at that annual meeting. Each class is currently comprised of three directors, except Class II which has five directors. Upon the retirement of Agnar Pytte immediately prior to the Annual Meeting, and pursuant to action previously taken by the Board, the Board of Directors will be comprised of ten directors. Following the Annual Meeting, Classes II and III will each be comprised of three directors and Class I will be comprised of four directors. The terms of the current Class II Directors will expire at the Annual Meeting. The current terms of the Class I and Class III Directors will expire at the 2005 and 2006 annual meetings, respectively.

At the Annual Meeting, three persons are to be elected to serve as Class II Directors, each to a three year term and one person is to be elected to serve as a Class I Director for a one year term. RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

(Item 2 on your Proxy)

The Audit Committee of the Board has appointed PricewaterhouseCoopers LLP (PwC) as independent accountants to audit Goodyear's consolidated financial statements for the fiscal year ending December 31, 2004. During fiscal year 2003, PwC served as Goodyear's independent accountants and also provided certain tax and other audit related services. See "Principal Accountant Fees and Services" on page 18. Representatives of PwC are expected to attend the meeting, where they are expected to be available to respond to appropriate questions and, if they desire, to make a statement.

The following resolution will be presented by your Board of Directors at the Annual Meeting:

Resolved, that the appointment of PricewaterhouseCoopers LLP as independent accountants for the Company for the year ending December 31, 2004 is hereby ratified.

In the event the appointment of PwC is not ratified by the shareholders, the adverse vote will be deemed to be an indication to the Audit Committee that it should consider selecting other independent accountants for 2004.

Your Board of Directors recommends that shareholders vote FOR ratification (Proxy Item 2).

SHAREHOLDER PROPOSAL

(Item 3 on your Proxy)

The proposal set forth below has been submitted by a shareholder. Goodyear will furnish to any person, orally or in writing as requested, the number of shares of Common Stock held by the shareholder proponent promptly upon any written or oral request.

Shareholder Voting Right on a Poison Pill

RESOLVED: That the shareholders of our company request that our Board of Directors seek shareholder approval at the earliest subsequent shareholder election, for the adoption, maintenance or extension of any current or future poison pill. Once adopted, removal of this proposal or any dilution of this proposal, would consistently be submitted to shareholder vote at the earliest subsequent shareholder election.

We as shareholders voted in support of this topic:

Year	Rate of Support
2002	70%
2003	53%

This percentage is based on yes and no votes cast. I believe this level of shareholder support is impressive because this support followed our Directors' objection to the proposal. I believe that shareholders are more likely to vote in favor of this proposal topic if shareholders have the staff and/or resources to closely follow our company's governance practices.

Only 20% of shares outstanding supported our Directors' position on this topic in 2002. This 20% management support is a direct comparison to our Directors' percentage in the 2003 proxy.

I do not see how our Directors object to this proposal because it gives our Directors the flexibility to overrule our shareholder vote if our Directors seriously believe they have a good reason. I believe our two consecutive votes are a strong signal of shareholder concern. This topic also won an overall 60% yes-vote at 79 companies in 2003.

Victor Rossi, P.O. Box 249, Boonville, Calif. 95415 submitted this proposal.

Poison Pill Negative

The key negative of poison pills is that pills can preserve management deadwood instead of protecting investors.

The Potential of a Tender Offer Can Motivate Our Directors

An anti-democratic management scheme to flood the market with diluted stock is not a reason that a tender offer for our stock should fail.

Akin to a Dictator

Poison pills are akin to a dictator who says, "Give up more of your freedom and I'll take care of you." Performance is the greatest defense against getting taken over. Ultimately if you perform well you remain independent, because your stock price stays up.

I believe our Directors could make a token response to this proposal—hoping to gain points in the new corporate governance rating systems. A reversible response, which could still allow our directors to give us a poison pill on short notice with no subsequent vote, would not substitute for this proposal.

The Council of Institutional Investors www.cii.org, an organization of 130 pension funds investing \$2 trillion, called for shareholder approval of poison pills.

STATEMENT OF THE BOARD OF

DIRECTORS OPPOSING SHAREHOLDER PROPOSAL

The Board of Directors has already acted to terminate Goodyear's Shareholder Rights Plan (the Rights Plan) effective June 1, 2004. Accordingly, the Board of Directors recommends that shareholders vote against the adoption of the shareholder proposal.

The Board is mindful that the Rights Plan has been the subject of two similar proposals by the same shareholder in recent years. Although each of these prior proposals failed to receive the necessary votes for adoption, following the 2003 Annual Meeting of Shareholders the Board of Directors initiated a comprehensive review of the Rights Plan, and on February 3, 2004, **determined to terminate the Rights Plan by accelerating its termination date from July 29, 2006 to June 1, 2004**. In addition, the Board agreed to the following policy with respect to the future adoption of a rights plan (the Policy):

If the Company ever were to adopt a rights plan, the Board of Directors would seek prior shareholder approval of the plan unless, due to timing constraints or other reasons, a committee consisting solely of independent directors determines that it would be in the best interests of shareholders to adopt a plan before obtaining shareholder approval.

If a rights plan is adopted without prior shareholder approval, the plan must either be ratified by shareholders or must expire within one year.

The Policy is in Goodyear's Corporate Governance Guidelines and is designed to balance the concerns of shareholders expressed in the votes of the prior rights plan proposals with the Directors' fiduciary obligations under Ohio law. A blanket requirement that shareholders approve all rights plans under all circumstances could, in certain circumstances, prevent the Directors from fulfilling their fiduciary obligations, especially in the context of a takeover attempt. As a result, the Policy gives the Board of Directors the flexibility to adopt a shareholder rights plan in the future when, consistent with its fiduciary obligation under Ohio law, a committee consisting solely of independent Directors determines such action to be in the best interests of Goodyear's shareholders. In the event that a rights plan is adopted in the future, the Policy requires that Goodyear's shareholders would have to approve the rights plan within one year or the rights plan would expire.

Your Board of Directors strongly believes that by adopting the Policy and terminating the Rights Plan early it has appropriately implemented the proposal.

Your Board of Directors recommends that shareholders vote AGAINST the adoption of the Shareholder Proposal (Proxy Item 3.)

OTHER BUSINESS

Your Board of Directors does not intend to bring any other business before the Annual Meeting and is not aware of any other business intended to be presented by any other person.

After the conclusion of the matters described above, shareholders will have an opportunity to ask appropriate questions regarding Goodyear and its operations.

If any other matters properly come before the Annual Meeting, your proxy will be voted by Messrs. Boland, Minter and Zimmerman in such manner as they, in their discretion, deem appropriate.

Notes To Option/ SAR Grants Table:

- (1) On December 2, 2003, stock options in respect of an aggregate of 3,850,350 shares of Common Stock were granted to 842 persons, including the Named Officers. All shares are the subject of non-qualified stock options. Each stock option will become exercisable in respect of 25% of the shares covered thereby on each of the first four anniversaries of the grant date. Each unexercised stock option terminates automatically if the optionee ceases to be an employee of Goodyear or one of its subsidiaries for any reason, except that (a) upon retirement or disability of the optionee more than six months after the grant date, the stock option will become immediately exercisable and remain exercisable until its expiration date, and (b) in the event of the death of the optionee more than six months after the grant thereof, each stock option will become exercisable and remain exercisable for up to three years after the date of death of the optionee. Each option also includes the right to the automatic grant of a new option (a reinvestment option) for that number of shares tendered in the exercise of the original stock option. The reinvestment option will be granted on, and will have an exercise price equal to the fair market value of the Common Stock on, the date of the exercise of the original stock option and will be subject to the same terms and conditions as the original stock option except for the exercise price and the reinvestment option feature.
- (2) The exercise price of each stock option is equal to 100% of the per share fair market value of the Common Stock on the date granted. The option exercise price and/or withholding tax obligations may be paid by delivery of shares of Common Stock valued at the market value on the date of exercise.
- (3) The dollar amounts shown reflect calculations at the 5% and 10% rates set by the Securities and Exchange Commission and, therefore, are not intended to forecast possible future appreciation, if any, of the price of the Common Stock. No economic benefit to the optionees is possible without an increase in price of the Common Stock, which will benefit all shareholders commensurately.
- (4) In order to realize the potential values set forth in the 5% and 10% columns of the Table, the per share price of the Common Stock would be \$11.09 and \$17.66, respectively.

The purpose of the plan is to provide long-term incentive compensation opportunities to attract, retain and reward key personnel and to motivate key personnel to achieve business objectives. Upon the attainment of performance goals established by the Committee, participants will be eligible to receive a cash award at the

end of the performance period subject to adjustment and approval by the Committee. No grants were issued under this plan as of January 1, 2004.

Savings Plan

Goodyear sponsors the Employee Savings Plan for Salaried Employees (the Savings Plan). An eligible employee, including officers, may contribute 1% to 50% of his or her compensation to the Savings Plan, subject to an annual contribution ceiling (\$13,000 in 2004). Savings Plan participants who are age 50 or older and contributing at the maximum plan limits or at the annual contribution ceiling are entitled to make catch-up contributions annually up to a specified amount (\$3,000 in 2004). Contributions to the Savings Plan are not included in the current taxable income of the employee

Table of Contents

pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended. Employee contributions are invested, at the direction of the participant, in any one or more of the nine available funds and/or in mutual funds under a self directed account.

Prior to January 1, 2003, Goodyear matched at a 50% rate each dollar contributed by a participating employee up to a maximum of the lesser of (i) 6% of the participant's annual compensation or (ii) legally imposed limits. Goodyear contributions are invested by the Savings Plan trustee in shares of Common Stock. Goodyear suspended the matching program effective January 1, 2003. Participants with three years of service or who have attained age 52 may transfer all or any whole percentage of their employer match funds from the Goodyear Stock Fund to any one or more of the other investment alternatives.

Severance Plan

The Goodyear Employee Severance Plan (the "Severance Plan"), adopted on February 14, 1989, provides that, if a full-time salaried employee of Goodyear or any of the domestic subsidiaries (who participates in the Salaried Pension Plan) with at least one year of service is involuntarily terminated (as defined in the Severance Plan) within two years following a change in control, the employee is entitled to severance pay, either in a lump sum or, at the employee's election, on a regular salary payroll interval basis.

The severance pay will equal the sum of (a) two weeks' pay for each full year of service with Goodyear and its subsidiaries and (b) one month's pay for each \$12,000 of total annual compensation (the base salary rate in effect at the date of termination, plus all incentive compensation received during the twelve months prior to his or her separation). Severance pay may not exceed two times the employee's total annual compensation.

In addition, medical benefits and basic life insurance coverage will be provided to each employee on the same basis as in effect prior to his or her separation for a period of weeks equal to the number of weeks of severance pay. A change in control is deemed to occur upon the acquisition of 35% or more of the Common Stock by any acquiring person or any change in the composition of the Board of Directors of Goodyear with the effect that a majority of the directors are not continuing directors.

If the Named Officers had been involuntarily terminated as of December 31, 2003 (following a change in control), the amount of severance pay due would have been: Mr. Keegan \$2,000,000; Mr. Harvie, \$965,000; Mr. Clark \$1,012,000; Mr. Ticken, \$1,095,000; and Mr. Kaplan \$1,080,000.

The Company also follows general guidelines for providing severance benefits to executive officers of the Company whose employment terminates prior to retirement, and under appropriate circumstances. Executive officers eligible for such benefits typically receive a separation allowance based on individual circumstances, including length of service, in an amount generally equivalent to 6 to 18 months of base salary plus an amount based on the individual's target bonus then in effect over an equivalent period. The separation allowance may be paid in a single lump sum or in installments. The Company may also provide limited outplacement and personal financial planning services to eligible executive officers following their termination.

Deferred Compensation Plan

Goodyear's Deferred Compensation Plan for Executives provides that an eligible employee may elect to defer all or a portion of his or her Performance Plan award and/or annual salary by making a timely deferral election. Several deferral period options are available. All amounts deferred earn amounts equivalent to the returns on one or more of five reference investment funds, as selected by the participant. The plan was amended in 2002 to eliminate a provision that required the automatic deferral of any cash compensation earned which, if paid as and when due, would not be deductible by Goodyear for federal income tax purposes by reason of Section 162(m) of the Code.

RETIREMENT BENEFITS

Goodyear maintains a Salaried Pension Plan (the "Pension Plan"), a defined benefit plan qualified under the Code, in which many salaried employees, including most executive officers, participate. The Pension Plan permits any eligible employee to make monthly optional contributions up to a maximum 2004 contribution of \$3,660.50. The Code limits the maximum amount of earnings that may be used in calculating benefits under the Pension Plan, which limit is \$205,000 for 2004. The Pension Plan provides benefits to participants who have at least five years of service upon any termination of employment.

Goodyear also maintains a Supplementary Pension Plan (the "Supplementary Plan"), a non-qualified, unfunded plan which provides additional retirement benefits to certain officers and other key employees. The Supplementary Plan provides pension benefits to participants who have at

least 30 years of service or have ten years of service and are age 55 or older.

Under the Pension Plan and the Supplementary Plan (the Pension Plans), benefits payable to a participant who retires between ages 55 and 65 are subject to a reduction for each full year of retirement before age 65. Participants may elect a lump sum payment of benefits under the Pension Plans, subject to the approval of the

Table of Contents

Compensation Committee in respect of benefits under the Supplementary Plan.

The table below shows estimated annual benefits payable at selected earnings levels under the Pension Plans assuming retirement on July 1, 2004 at age 65 after selected periods of service.

The pension benefit amounts shown include the maximum benefits obtainable and assume payments are made on a five year certain and life annuity basis and are not subject to any deduction for social security or any other offsets. Pension benefits are based on the retiree's highest average annual earnings, consisting of salary and cash payments under the Performance Recognition Plan, for any five calendar years out of the ten years immediately preceding his or her retirement (assuming full participation in the contributory feature of the Pension Plan).

Earnings covered by the Pension Plans are substantially equivalent to the sum of the amounts set forth under the Salary and Bonus columns of the Summary Compensation Table on page 13. The years of credited service under the Pension Plans for the Named Officers are: Mr. Keegan, 32 years (Supplementary Plan only); Mr. Harvie, 8 years; Mr. Clark, 30 years; Mr. Tieken, 9 years, and Mr. Kaplan 34 years.

EMPLOYMENT AGREEMENT

Mr. Keegan and Goodyear entered into an agreement, dated September 11, 2000, which provided, among other things, for the employment of Mr. Keegan as President and Chief Operating Officer.

Under the agreement, Mr. Keegan received an initial base salary of \$800,000 per year and a bonus for 2000 of \$432,000. The agreement also provided an annual bonus target of \$640,000 for 2001. In accordance with the agreement and determinations of the Compensation Committee, Mr. Keegan was also granted a stock option for 250,000 shares of Common Stock on October 3, 2000, at an \$18.25 per share exercise price. The agreement also set forth the Company's expectation with respect to grants to be made under Goodyear's long-term incentive program. The agreement stated that the target amount of stock option grants for Mr. Keegan's position was 140,000 shares. The agreement noted that this amount was subject to reduction if the Company adopted an additional component to the program.

As contemplated by the agreement, on December 4, 2000, Mr. Keegan was granted stock options for 80,000 shares of Common Stock at an exercise price of \$17.68 per share and on December 5, 2000 he was awarded performance unit grants for 12,000 units for the performance period ending December 31, 2001, for 24,000 units for the performance period ending December 31, 2002, and for 36,000 units for the performance period ending December 31, 2003.

In accordance with the agreement and under the 1997 Plan, Mr. Keegan entered into a Restricted Stock Purchase Agreement dated October 3, 2000, pursuant to which he purchased 50,000 shares of the Common Stock for \$.01 per share, which shares could not be transferred by Mr. Keegan prior to October 3, 2002 and were subject to a repurchase option whereby Goodyear could have repurchased all or a portion of such shares at \$.01 per share through October 3, 2002 if Mr. Keegan ceased to be employed by Goodyear for any reason (other than his death or disability) prior to October 3, 2002. On October 3, 2002 Goodyear's conditional repurchase option expired and all other restrictions on transfer lapsed.

Mr. Keegan will also receive a total pension benefit equal to what he would have earned under the Pension Plans if his service with Goodyear were equal to the total of his service with Goodyear and Eastman Kodak Company. Mr. Keegan also received a \$10,000 relocation allowance. He also receives the same non-salary

Table of Contents

benefits generally made available to Goodyear executive officers.

Mr. Keegan's agreement was supplemented on February 3, 2004 to provide for the payment of severance compensation to Mr. Keegan upon the termination of his employment with Goodyear under the circumstances outlined in the supplemental agreement. If paid, the severance compensation would consist of (i) two times the sum of Mr. Keegan's annual base salary and target bonus then in effect, plus (ii) the pro rata portion of Mr. Keegan's target bonus for the then current fiscal year. In the event that severance compensation is paid to Mr. Keegan under the agreement, the agreement restricts Mr. Keegan from participating in any business that competes with Goodyear for a period of two years. The term of the supplemental agreement is from February 3, 2004 to February 28, 2009. If Mr. Keegan's employment was terminated as of December 31, 2003 and the supplemental agreement was in effect at that time, the amount of severance due Mr. Keegan would have been \$4,000,000. This amount would not be payable if Mr. Keegan received benefits under previously described Severance Plan.

CONSULTING AGREEMENT

Mr. Samir G. Gibara and Goodyear entered into an agreement, dated February 4, 2003, which provided for the retention of Mr. Gibara as a consultant to Goodyear from January 1, 2003 through December 31, 2003. Under the agreement, Mr. Gibara provided assistance and advice to Goodyear and received \$180,000 paid in equal monthly installments. The payments under the consulting agreement were in addition to any fees Mr. Gibara received as a non-employee director. Mr. Gibara previously served as Goodyear's Chief Executive Officer from January 1, 1996 to December 31, 2002 and as its Chairman of the Board of Directors from July 1, 1996 to June 30, 2003.

OTHER MATTERS

During 2003, Goodyear and its subsidiaries in the ordinary course of their business and at competitive prices and terms made sales to or purchases from, or engaged in other transactions with, corporations of which certain Goodyear non-employee directors are executive officers and/or directors. Goodyear does not consider the transactions to be material to its business and believes such transactions were not material in relation to the business of such other corporations or the interests of the directors concerned.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors and officers to file reports of ownership and changes in ownership in Goodyear's equity securities with the Securities and Exchange Commission, the New York Stock Exchange and Goodyear. Based solely on a review of the copies of Forms 3, 4 and 5 received, and on written representations from certain directors and officers that no updating Section 16(a) forms were required to be filed by them, Goodyear believes that no Goodyear director or officer filed a late report or failed to file a required report under Section 16(a) of the Exchange Act during or in respect of the year ended December 31, 2003 with the exception of Samir G. Gibara who, due to an administrative error on the part of Goodyear in communicating a cash distribution from Goodyear's 401(k) plan in connection with Mr. Gibara's retirement, filed a report on January 15, 2003 relating to a January 6, 2003 distribution of cash; and Eric A. Berg who, due to an administrative error on the part of Goodyear in communicating the lapse of restrictions on a prior grant of restricted stock and a related withholding of shares for payment of withholding taxes, filed a report on March 21, 2003 reporting the March 6, 2003 withholding transaction.

Representatives of PricewaterhouseCoopers are expected to be present at the annual meeting and will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Fees Incurred by Goodyear for PricewaterhouseCoopers LLP

The following table presents fees and expenses for audit services rendered by PricewaterhouseCoopers LLP for the audit of Goodyear's annual Financial Statements for fiscal 2003 and 2002 and fees and expenses

All audit, audit related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's Pre-Approval Policy provides for pre-approval of audit, audit-related, tax services and all other fees on an annual basis and, in addition, individual engagements anticipated to exceed pre-established thresholds must be separately approved. Under the policy, the Audit Committee delegates pre-approval authority to the Chair of the Committee. The Chair is to report any such pre-approval decisions to the Committee at its next scheduled meeting.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors has reviewed and discussed with management and PricewaterhouseCoopers LLP, independent accountants for Goodyear, the consolidated financial statements of Goodyear and its subsidiaries to be set forth in Goodyear's 2003 Annual Report to Shareholders and in Item 8 of its Annual Report on Form 10-K for the year ended December 31, 2003.

The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters under Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, which include, among other items, matters relating to the conduct of an audit of Goodyear's financial statements. As a result of the restatement of the Company's consolidated financial statements as described in Note 2 to the Company's 2003 financial statements, management informed the Committee of actions taken and to be taken to improve the Company's internal controls.

The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 and has discussed with PricewaterhouseCoopers LLP their independence from Goodyear.

Based on the review and discussions with management and PricewaterhouseCoopers LLP referred to above, the Audit Committee has recommended to the Board of Directors that Goodyear publish the consolidated financial statements of Goodyear and subsidiaries for the year ended December 31, 2003 in Goodyear's Annual Report on Form 10-K for the year ended December 31, 2003 and in its 2003 Annual Report to Shareholders.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Committee Policies and Practices

The Board of Directors of Goodyear (the Board) has delegated to the Compensation Committee of the Board (the Committee) primary responsibility for establishing and administering the compensation programs of Goodyear for its executive officers and other key personnel. In performing its duties, the Committee meets with the Chief Executive Officer to review compensation policy and specific levels of compensation paid to the executive officers and other key personnel, administers Goodyear's plans for its executive officers and certain other key personnel and reports and makes recommendations to the Board regarding executive compensation policies and programs.

The Committee annually reviews Goodyear's executive compensation practices to determine whether Goodyear's executive compensation practices (a) enable Goodyear to attract and retain qualified and experienced executive officers and other key personnel, (b) will motivate executive officers and other key personnel to attain appropriate short term and long term performance goals and to manage Goodyear for sustained long term growth, and (c) align the interests of executive officers and other key personnel with the interests of the shareholders.

Goodyear provides compensation in the form of: (1) competitive salaries; (2) annual cash bonuses based on performance measured against specific goals; and (3) long term compensation in the form of Common Stock of Goodyear and/or cash pursuant to performance unit grants with multi-year performance periods and stock options granted at the fair market value of the Common Stock on the date of grant.

Executive compensation programs are designed so that a substantial percentage of each executive officer's compensation is dependent upon corporate performance and appreciation in the value of Common Stock.

In addition, the Committee desires to encourage ownership of Common Stock by executive officers by providing forms of performance-based incentive compensation that give executive officers the opportunity to acquire shares of Common Stock. In furtherance of this objective, the Chief Executive Officer reviews ownership levels among the executive officers and reports them to the Committee.

Section 162(m) of the Internal Revenue Code (the Code) provides that compensation paid to a public company's chief executive officer and its four other highest paid executive officers in excess of \$1 million is not deductible unless such compensation is paid only upon the achievement of objective performance goals where certain procedural requirements have been satisfied. Alternatively, such compensation may be deferred until the executive officer is no longer a covered person under Section 162(m) of the Code. The Committee does not mandate the automatic deferral of compensation of any cash compensation earned which, if paid as and when due, would not be deductible by Goodyear for federal income tax purposes by reason of Section 162(m) of the Code. In 2003, no executive officer was paid in excess of \$1 million.

Compensation of Executive Officers

Salaries and Annual Bonus. The Committee met with the Chief Executive Officer to receive his recommendations regarding 2003 adjustments to the salary and annual bonus guidelines for each executive officer. The guidelines for each position were based primarily on market data from two generally available surveys (one of more than 400 companies and the other of more than 700 companies) and one independent 2002 survey (46 companies with median sales of \$23.8 billion) of the salary and annual bonus practices of other companies. The Committee generally establishes salary and annual performance bonus guidelines at levels that approximate the median (the 50th percentile), determined utilizing regression analysis based on revenues, of such kinds of compensation paid by the surveyed companies. In addition to the individual position data surveys, three other general surveys indicating past, present and projected salary and bonus structures and annual increases for executive positions were reviewed.

The Committee also considered the Chief Executive Officer's recommendations, which were based in substantial part on the aforesaid guidelines as well as on certain subjective factors, including his evaluation of the performance of each executive officer, Goodyear's recent performance and general economic and competitive conditions.

As a result, the Committee did not grant salary merit increases to any executive officer in 2003. However, salary adjustments were granted to a small group of executive officers whose salaries were substantially below the guideline for their position. In addition, salary increases were awarded in 2003 to certain executive officers that moved to positions with significant increases in responsibility. In cases where the promoted officer's salary was substantially below the guideline for the officer's new position, salary increases were implemented in two stages, the first increase occurring at the time of the promotion and the second at a later date.

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form DEF 14A

In 2003, salaries of the executive officers named in the Summary Compensation Table (the Named Officers) were an average of 13.9% lower than the median indicated by the guidelines and 8.2% higher than in

Table of Contents

2002. The aggregate salaries paid to all executive officers during 2003 were 8.5% higher than in 2002. Salaries in 2003 averaged approximately 66% of total annual cash compensation paid to the Named Officers and 72% of total annual cash compensation paid to all executive officers.

The Performance Recognition Plan for 2003 was approved by the Committee at its meeting on December 3, 2002. Pursuant to the Plan and based on the recommendations of the Chief Executive Officer, in December 2002 the Committee reviewed and adopted performance goals for plan year 2003 and established the target amount of the annual performance bonus for each executive officer. The goals for funding the 2003 payment pool were based 50% on Cash Flow targets and 50% on earnings before interest and taxes (EBIT) targets for Goodyear and its business units. Funding of the payment pool could have ranged from zero to 200% of the target amounts depending on the Cash Flow and EBIT performance levels achieved. Target amounts were based on 100% of the payment pool, and payouts could be earned up to 200% of the portion of the target amount based on Cash Flow goals and 200% of the portion of the target amount based on EBIT goals.

Payments to the individual participants from the payment pool could have ranged from zero to an amount significantly higher than the target amount depending on their individual performance. The target annual incentive compensation levels of all executive officers for 2003 (assuming payout at 100% of the target amount) were established to represent approximately 40% of total 2003 annual cash (salary and bonus) compensation, which was substantially the same proportion as the median level established by the aforesaid surveys.

Under the Plan, the aggregate payout pool earned was equal to approximately \$16.7 million, or 65% of the target amount, based on the level of attainment of the EBIT and Cash Flow goals by the individual business units. After careful consideration, the Committee determined it would be appropriate to pay 72% of the target amount, or approximately \$18.4 million. Payments made to participants in the Company's various business units were based primarily on the financial performance of each respective business. Although the Company's North American Tire business did not meet the EBIT and Cash Flow goals set for it, the Committee determined that as a result of the effort of the business to implement its turnaround plan, it was appropriate to designate a payout pool of 25% of the target for the North American Tire business.

The Named Officers have been awarded payouts at an average of 64% of their target amount. Accordingly, the Performance Recognition Plan payments represented an average of approximately 34% of annual cash compensation for the Named Officers and 28% of the 2003 annual cash compensation of all executive officers.

Long Term Compensation. A significant portion of the total compensation package of each executive officer is contingent upon the performance of Goodyear. Long term performance-based compensation is designed to represent approximately 50% of the total annual compensation of each executive officer if target payouts are achieved.

Long term compensation generally includes stock options and performance grants which measure performance over a three year period based on Goodyear's total shareholder return and return on invested capital. Performance grants are designed to comprise approximately 50% of target long term compensation.

Performance unit grants were granted under the 2002 Plan on December 3, 2002 for the three year performance period ending December 31, 2005. Each unit is equivalent in value to one share of Common Stock. The performance criteria for the performance period is based 50% on Goodyear's total shareholder return during the period relative to a peer group, namely the firms (other than Goodyear) comprising the S&P Auto and Component Industry Index, and 50% on Goodyear's average annual return on invested capital during the performance period.

No payouts were made in respect of the performance grants for the three year performance period ended December 31, 2003.

The Committee annually grants stock options to officers and other key employees of Goodyear. The Committee believes that annual grants of stock options provide additional long term incentives to improve future Company performance. All options are granted at a per share exercise price equal to the market value of the Common Stock on the date of grant.

The Committee is provided survey information regarding the option granting practices of other manufacturing companies of similar size in order to determine if Goodyear's grants are competitive. The Committee believes that ordinarily options should be granted once each year and that, under ordinary circumstances, each year each executive officer should be granted options in respect of shares having approximately the same dollar value, determined using the Black-Scholes methodology applied in respect of the same surveys used to establish the salary and annual bonus guidelines, subject to variation to reflect changes in the responsibility or performance of the executive officer or changes in the performance or circumstances of Goodyear.

Within the guideline ranges established using the surveys, the size of individual stock option grants were determined primarily on the basis of the responsibilities of each executive officer. Recent Company perform-

Table of Contents

ance, prior grants and the prior performance of the executive officer were also considered in determining the size of the grant.

On December 2, 2003, stock options in respect of 3,850,350 shares of Common Stock were granted pursuant to the 2002 Performance Plan at an exercise price of \$6.81 per share (the fair market value of the Common Stock on that day) to 842 executive officers and key employees, which options expire on December 2, 2013.

Compensation of the Chief Executive Officer

Mr. Keegan was elected Chief Executive Officer effective as of January 1, 2003 and Chairman of the Board effective as of July 1, 2003. The Committee reviewed Mr. Keegan's compensation in the same manner as described above for the other executive officers. In light of Mr. Keegan's promotion and substantially increased responsibilities, the Committee increased his salary effective January 1, 2003 to an annual rate of \$1,000,000.

Pursuant to the Performance Recognition Plan for 2003, the Committee established a target bonus of \$1,000,000 for Mr. Keegan, the payout of which was subject to adjustment by the Committee from zero to up to \$2,000,000 depending on the extent to which Mr. Keegan achieved the goals assigned to him. For total company participants, including Mr. Keegan, potential payouts under the Plan are calculated based on the attainment of company-wide EBIT and Cash Flow goals. Although the 2003 company-wide EBIT goal was not met, cash flow slightly exceeded the 2003 company-wide Cash Flow target. As a result of exceeding the Cash Flow target, 50.92% of the target bonus for total company participants, including Mr. Keegan, was available for the payment of awards under the Plan. In determining the award to be made to Mr. Keegan, the Committee considered several factors, including: the continued strengthening of the operating performance of each of the Company's businesses other than the North American Tire business; the implementation and execution of the Company's financing strategy; and the progress made in the turnaround of the North American Tire business, including the consummation of a new labor agreement with the United Steelworkers of America, significant improvement in relations with the Company's dealer network and improvement in the North American commercial truck tire business. The Committee also noted that, upon his request, the Committee made no award under the Plan to Mr. Keegan for 2002. As a result of these factors, the Committee made an award to Mr. Keegan of \$509,200 under the Plan in respect of 2003. This award represents 50.92% of Mr. Keegan's target bonus for 2003.

Applying the same guidelines and performance measures and goals used in respect of other executive officers, on December 3, 2002, performance unit grants were made to Mr. Keegan for the three year performance period ending December 31, 2005 for 60,000 units. Each unit is equivalent in value to one share of Common Stock.

Mr. Keegan was granted stock options based on the same guidelines applied by the Committee in respect of the stock option grants to the other executive officers. On December 3, 2002, he was granted stock options in respect of 140,000 shares of Common Stock in respect of 2003. He was granted stock options in respect of 200,000 shares of Common Stock in respect of 2004 on December 2, 2003.

Director Independence Standards

To be considered independent under the rules of the New York Stock Exchange, Inc. (NYSE), the Board must determine that a Director does not have any direct or indirect material relationship with Goodyear, apart from his or her directorship. The Board has established the following guidelines to assist it in determining Director independence.

- (1) A Director will not be independent if, within the preceding three years: (i) the Director was employed by Goodyear; (ii) an immediate family member of the Director was employed by Goodyear as an executive officer; (iii) the Director, or an immediate family member of the Director, received more than \$100,000 per year in direct compensation from Goodyear, other than director and committee fees and pension or other forms of deferred compensation for prior service; (iv) the Director was employed by or affiliated with Goodyear's present or former independent auditor; (v) an immediate family member of the Director was employed by Goodyear's present or former independent auditor in a professional capacity; or (vi) a Goodyear executive officer was on the compensation committee of the board of directors of a company that concurrently employed the Goodyear Director or employed an immediate family member of the Director as an officer.
- (2) The following commercial relationships will not be considered to be material relationships that would impair a Director's independence: if, within the preceding three years, a Goodyear Director was an executive officer or employee, or his or her immediate family member was an executive officer, of another company that made payments to, or received payments from, Goodyear for property or services in an amount which, in any single fiscal year, was less than the greater of \$1 million, or two percent of such other company's consolidated gross revenues.
- (3) If, within the preceding three years, a Goodyear Director served as an executive officer of a charitable organization, and Goodyear's charitable contributions to the organization, in any single fiscal year, were more than the greater of \$1 million, or two percent of such organization's total annual receipts, then such relationship: (i) will be disclosed in the Company's proxy statement; and (ii) will be evaluated by the Board of Directors in order to determine whether or not the Director should be considered independent. Such determination will be made by the Directors who satisfy the independence guidelines set forth in (1) and (2) above.

The Board will annually review commercial and charitable relationships of Directors. The criteria described above are not meant to be an exhaustive list of relationships or circumstances that would preclude independence. There may be other relationships or circumstances which, in the Board's judgment, would not be deemed to be material and the Director will be deemed independent if, after taking into account all relevant facts and circumstances, the Board determines that the existence of such relationship or circumstance would not impair the Director's exercise of independent judgment. The basis for such a determination will be disclosed in the Company's annual proxy statement.

For the purposes of these independence standards:

executive officer means the company president, any vice-president in charge of a principal business unit, division or function (such as sales, administration or finance) or any other person who performs similar policy-making functions for the company; and

immediate family member means any of the person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone who shares the person's home.

At least one member of the Audit Committee shall be a financial expert as defined by the Securities and Exchange Commission. In performing its duties, the Committee will maintain effective working relationships with the Board of Directors, management and the internal and external auditors. To effectively perform his or her role, each Committee member will obtain an understanding of the responsibilities of Committee membership as well as the Company's business, operations and risks. ships between the independent accountants and the Company, consistent with the provisions of Independence Standards Board Standard No. 1.

8. Obtain and review, at least annually, a report by the independent accountants describing (i) the independent accountants' internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review, or peer group review, of the independent accountants, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent accountants, and any steps taken to deal with such issues, and (iii) (to assess the independent accountants' independence) all relationships between the independent accountants and the Company.
9. Review and pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by the independent accountants, subject to the de minimus exceptions for non-audit services as permitted by applicable law which are approved by the Audit Committee prior to the completion of the audit.
10. Review earnings press releases and financial information and earnings guidance provided to analysts and rating agencies. The Audit Committee's responsibility to discuss these matters may be done generally (i.e., discussion of the types of information to be disclosed and the type of presentation to be made). The Audit Committee need not discuss in advance each earnings release or each instance in which the Company may provide earnings guidance.
11. Review policies and guidelines with respect to risk assessment and risk management, including the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
12. Establish clear hiring policies for employees or former employees of the independent accountants.
13. Establish and maintain procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
14. When appropriate, retain and compensate independent legal, accounting or other advisors at its sole discretion. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to any advisors employed by the Audit Committee and for ordinary expenses of the Audit Committee.

In so reporting, the Audit Committee shall review with the Board of Directors any issues that arise (i) with respect to the quality or integrity of the Company's financial statements, (ii) the Company's compliance with legal or regulatory requirements, (iii) the performance and independence of the Company's independent accountants and (iv) the performance of the Company's internal audit function.

In addition, the Audit Committee shall perform such other responsibilities as may be delegated to it by the Board of Directors from time to time.

DELEGATION

The Audit Committee may delegate authority to one or more of its members when appropriate, including the authority to grant preapprovals of audit and permitted non-audit services, provided that decisions of such members to grant preapprovals shall be presented to the full Audit Committee at its next scheduled meeting.
