**SPECIAL MEETING OF STOCKHOLDERS
TO BE HELD ON NOVEMBER 27, 2006**

GENERAL

Our board of directors is soliciting your proxy in connection with a special meeting of stockholders (the Special Meeting), which will be held on Monday, November 27, 2006, at 8:00 a.m. local time, at 1805 Old Alabama Road, Roswell, Georgia 30076, and at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Special Meeting of stockholders. All stockholders are entitled and encouraged to attend the Special Meeting in person. This Proxy Statement and the accompanying Notice of Special Meeting are being first mailed to stockholders on or about November 13, 2006.

COMPANY BACKGROUND

We are a healthcare services organization providing outsourced business services to physicians. We serve the physician market through two subsidiaries, Integrated Physician Solutions, Inc. (IPS), which provides business and management services to general and subspecialty pediatric physician practices, and Medical Billing Services, Inc. (MBS), which provides billing, collection and practice management services, primarily to hospital-based physicians. We currently have three classes of common stock outstanding: Class A Common Stock, par value \$0.001 per share (Class A Common Stock), Class B Common Stock, par value \$0.001 per share (Class B Common Stock) and Class C Common Stock, par value \$0.001 per share (Class C common Stock). Our Class A Common Stock is traded on the American Stock Exchange (AMEX) under the symbol ONH.

In April 2005, our board of directors initiated a strategic plan designed to accelerate our growth and enhance our future earnings potential. The plan focused on our strengths, which include providing billing, collections and complementary business management services to physician practices. As part of this plan, we completed a series of transactions involving the divestiture of non-strategic assets in 2005 and early 2006. In addition, we redirected financial resources and company personnel to areas that management believed would enhance long-term growth potential. A key component of our long-term strategic plan was the identification of potential acquisition targets that would increase our presence in the markets we serve and enhance stockholder value.

In furtherance of our strategic plan, we recently entered into separate stock purchase agreements for the acquisition of all of the issued and outstanding capital stock of (i) Rand Medical Billing, Inc. (Rand), and (ii) On Line Payroll Services, Inc. and On Line Alternatives, Inc. (collectively, On Line). As part of the consideration for our acquisition of Rand, we have agreed to issue such number of shares of our Class A Common Stock having a value equal to \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing date of the acquisition of Rand. In addition, we entered into (x) a Stock Purchase Agreement, dated September 8, 2006 (the Stock Purchase Agreement) with Phoenix Life Insurance Company (Phoenix) and Brantley Partners IV, L.P. (Brantley IV) to issue, for an aggregate purchase price of \$4,650,000, shares of a newly created class of our common stock, Class D Common Stock, par value \$0.001 per share (the Class D Common Stock), which would be convertible into our Class A Common Stock and (y) a Note Purchase Agreement, dated September 8, 2006 (the Note Purchase Agreement, and together with the Stock Purchase Agreement, the Private Placement Agreements) with Phoenix to issue, for an aggregate purchase price of \$3,350,000, our senior unsecured subordinated promissory notes due 2011 in the original principal amount of \$3,350,000, bearing interest at an aggregate rate of 14% per annum, together with warrants to purchase shares of our Class A Common Stock, as more fully described herein and in the

Note Purchase Agreement and the form of common stock purchase warrant (the Warrant Certificate). Some or all of the proceeds we receive upon consummation of the transactions set forth in the Private Placement Agreements, along with proceeds from senior bank financing and other funds available to us, will be used to finance a portion of the acquisitions of the Rand and

On Line businesses and for general working capital purposes. The issuance of the shares of Class D Common Stock and Class A Common Stock underlying the warrants issued pursuant to the Private Placement Agreements and the Warrant Certificate and the issuance of the shares of our Class A Common Stock in connection with the Rand acquisition are the subject of Proposals IV, V and VI. Copies of the Private Placement Agreements, the form of Warrant Certificate, the Rand stock purchase agreement and the On Line stock purchase agreement are attached hereto as Annexes A, B, N, C and L, respectively.

QUESTIONS AND ANSWERS ABOUT THE MEETING

Why am I receiving this Proxy Statement and proxy card?

You are receiving a Proxy Statement and proxy card because you own shares of our Class A Common Stock, shares of our Class B Common Stock, and/or shares of our Class C Common Stock (collectively, Common Stock). This Proxy Statement describes proposals on which we would like you, as a stockholder, to vote. It also gives you information on the proposals so that you can make an informed decision.

What am I being asked to vote on?

You are being asked to vote on the following proposals:

- Proposal I* To approve an amendment to our certificate of incorporation to increase the aggregate number of shares of our authorized capital stock from 117,000,000 shares to 370,000,000 shares.
- Proposal II* To approve an amendment to our certificate of incorporation to increase the number of shares of Class A Common Stock authorized and available for issuance from 70,000,000 shares to 300,000,000 shares. The increased number of shares to be approved are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal I.
- Proposal III* To approve an amendment to our certificate of incorporation to authorize 50,000,000 shares of a new class of common stock, Class D Common Stock, which is convertible into shares of our Class A Common Stock, and to provide for the rights and preferences of the Class D Common Stock. The new shares to be approved are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal I.
- Proposal IV* To approve the issuance as part of a private placement transaction to Phoenix and Brantley of such number of shares of our newly created Class D Common Stock representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital Corporation (Brantley Capital). The shares of Class D Common Stock to be issued pursuant to this proposal are a portion of, and not in addition to, the shares being created pursuant to Proposal III, the shares of Class A Common Stock to be issued upon conversion of such Class D Common Stock are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal II and all of the shares to be issued pursuant to this proposal are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal I.
- Proposal V* To approve the issuance as part of a private placement transaction to Phoenix of warrants to purchase shares of our Class A Common Stock equal to 1.117% of our outstanding Class A

Common Stock on the date of issuance of the Warrant Certificate, taking into account the issuance of the shares of Class D Common Stock described above but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. The shares of Class A Common Stock to be issued upon exercise of the warrants referred to in this proposal are a portion of, and not in

Table of Contents

addition to, the additional shares being authorized pursuant to Proposal II and are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal I.

Proposal VI To approve the issuance as a portion of the consideration to be paid for our acquisition of the stock of the Rand business to the selling stockholder of Rand such number of shares of our Class A Common Stock having a value of \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing of the acquisition of Rand. The shares of Class A Common Stock to be issued pursuant to this proposal are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal II and all of the shares to be issued pursuant to this proposal are a portion of, and not in addition to, the additional shares being authorized pursuant to Proposal I.

Proposal VII To approve an amendment to our 2004 Incentive Plan to increase the number of shares of our Class A Common Stock available for grants under the 2004 Incentive Plan from 2,200,000 shares to such number of shares representing 10% of our outstanding Class A Common Stock as of the date of closing of the private placement, on a fully diluted basis taking into account the shares issued in the private placement and the Rand acquisition, and to increase the maximum number of shares that can be granted to a participant in any calendar year under the 2004 Incentive Plan from 1,000,000 shares to 3,000,000 shares. The increased number of shares to be approved will be reserved out of the additional shares of Class A Common Stock being authorized pursuant to Proposals I and II.

Why are we seeking approval for the issuance of our shares in the private placement and in connection with the Rand acquisition?

As a result of our Class A Common Stock being listed for trading on AMEX, issuances of our Common Stock are subject to the provisions of the AMEX Company Guide, including Sections 712 and 713. Pursuant to Section 712 of the AMEX Company Guide, prior to seeking to have any additional shares of our Class A Common Stock listed on AMEX which shares are to be used as consideration for the acquisition of another company, we must obtain stockholder approval if, among other things, the present or potential issuance of our Class A Common Stock (or securities convertible into our Class A Common Stock) could result in an increase by 20% or more in the number of our outstanding shares of Class A Common Stock.

Similarly, pursuant to Section 713 of the AMEX Company Guide, prior to seeking to have any additional shares of our Class A Common Stock listed on AMEX, we must obtain stockholder approval if such shares are to be sold, issued or potentially issued both (i) at a price less than the greater of book or market value, and (ii) either (a) such shares, together with shares sold by our officers, directors or principal stockholders, equals 20% or more of the number of shares of our presently outstanding Class A Common Stock (on an as converted basis) or (b) such shares equal to 20% or more of the number of shares of our presently outstanding Class A Common Stock (on an as converted basis).

Pursuant to the terms of the Private Placement Agreements and as more fully described in this Proxy Statement under Proposals IV and V, we intend to issue (i) shares of our Class D Common Stock, representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital and (ii) warrants to purchase shares of our Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the Warrant Certificate, taking into account the issuance of the shares of Class D Common Stock described in this Proxy Statement but excluding certain

of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. In addition, pursuant to the terms of the stock purchase agreement for the acquisition of Rand and as more fully described below under Proposal VI, we have agreed to issue such number of shares of our Class A Common Stock having a value of \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing of the acquisition of Rand.

Table of Contents

If we were to consummate the private placement and the Rand acquisition as of our record date, October 20, 2006, we would be obligated to issue 20,772,427 shares of Class D Common Stock (representing 18.4% of our Class A Common Stock on an as converted basis) pursuant to the Private Placement Agreements, warrants to purchase 1,197,564 shares of our Class A Common Stock (representing 1.1% of our Class A Common Stock on an as converted basis) pursuant to the Private Placement Agreements and the Warrant Certificate and 2,400,000 shares of our Class A Common Stock (representing 2.1% of our Class A Common Stock on an as converted basis) in connection with the Rand acquisition. The closing price of our Class A Common Stock on the record date was \$0.25 per share. While none of these transactions individually would require issuances in excess of 20% of our outstanding Class A Common Stock (on an as converted basis), the combination of all three issuances will exceed 20% of our outstanding Class A Common Stock (on an as converted basis) and the issuance of the shares to Phoenix and Brantley IV and the warrants to Phoenix in the private placement, if consummated on October 20, 2006, would be at a price per share of \$0.22, representing a \$0.03 per share discount from the closing price of \$0.25 for a share of our Class A Common Stock. In addition, since the price per share used in the calculation of the shares to be issued in the Rand acquisition is based on a twenty day average, it is possible that the shares issued in that transaction may be issued at a discount, at a premium or at market. If consummated on October 20, 2006, the shares in the Rand acquisition would have been issued at \$0.26 per share, representing a premium of \$0.01 per share from the closing price of \$0.25 per share. Representatives of AMEX have advised us that these three transactions must be aggregated for the purposes of determining whether stockholder approval is required under Sections 712 and 713 of the AMEX Company Guide. Therefore, our board of directors has decided to submit Proposals IV, V and VI to our stockholders for their consideration and approval prior to consummating these transactions.

When do you expect the private placement and the acquisitions to be consummated?

It is currently contemplated that the private placement and the acquisitions of Rand and On Line will be simultaneously completed promptly following conclusion of our Special Meeting, assuming approval of Proposals I, II, III, IV, V and VI and the satisfaction or waiver of all closing conditions related to the private placement and the acquisitions set forth in the Private Placement Agreements and the acquisition agreements, respectively.

Will you consummate the private placement without consummating the acquisitions?

Under the terms of the Private Placement Agreements, we do not have the right to terminate the Private Placement Agreements in the event that we decide not to or are unable to consummate the acquisition of the Rand business and/or the acquisition of the On Line businesses. However, Phoenix and Brantley IV are not obligated to consummate the private placement unless we have consummated the acquisitions of both the Rand and the On Line businesses. Phoenix and Brantley IV have the discretion to waive this condition and consummate the private placement even if we decide not to or are unable to consummate the acquisition of the Rand business and/or the acquisition of the On Line businesses. There is no guarantee that Phoenix and Brantley IV would agree to waive this condition in those circumstances. If Phoenix and Brantley IV were to waive this condition to consummation of the private placement, then we would consummate the private placement and retain the proceeds for use in future acquisitions consistent with our strategic plan and for other working capital purposes.

Will you consummate the acquisitions without consummating the private placement?

Under the terms of the stock purchase agreements for the acquisitions of the Rand and the On Line businesses, we are not obligated to consummate these acquisitions unless we have received financing in amounts sufficient to pay our purchase price obligations under these agreements. We currently contemplate using some or all of the proceeds we will receive from the private placement, along with proceeds from senior bank financing and other funds available to

us, to finance a portion of the acquisitions of the Rand and On Line businesses. However, our consummation of the acquisitions of the Rand and On Line businesses is not dependent on specifically consummating the private placement. If we do not consummate the private placement, then we could consummate the acquisitions of the Rand and On Line businesses if we are able to find sources of funding sufficient to pay the purchase prices for these businesses from sources other than the private placement. There is no guarantee that we would either be able to find alternative financing sources on terms acceptable to us or find them timely enough to complete the acquisitions as presently negotiated.

Table of Contents

Will you consummate one acquisition without consummating the other acquisition?

Under the terms of the stock purchase agreements for the acquisitions of the Rand and On Line businesses, our obligation to consummate each of the acquisitions is not conditioned upon our consummation of the other acquisition. However, Phoenix and Brantley IV are not obligated to consummate the private placement unless we have consummated the acquisitions of both the Rand and the On Line businesses. Phoenix and Brantley IV have the discretion to waive this condition and consummate the private placement even if we decide not to or are unable to consummate the acquisition of either or both of the Rand business or the On Line businesses. There is no guarantee that Phoenix and Brantley IV would agree to waive this condition in those circumstances. If Phoenix and Brantley IV were to waive this condition to consummation of the private placement, then we would consummate the private placement and the remaining acquisition and retain the remaining portion of the proceeds for use in future acquisitions consistent with our strategic plan and for other working capital purposes.

Will you consummate the Brantley Capital purchase without consummating the private placement?

Under the terms of the purchase agreement with Brantley Capital, we are not obligated to consummate the purchase of the shares of Class B Common Stock from Brantley Capital if the private placement is not consummated. The purchase agreement with Brantley Capital arose as a result of the closing condition to the Private Placement Agreements which required all holders of shares of Class B Common Stock and Class C Common Stock to convert such shares into shares of Class A Common Stock or our acquisition and retirement of all such shares. If the private placement does not close, we will not have the funds to consummate the purchase of these shares from Brantley Capital. Although we believe that this transaction is accretive to our other stockholders and in our best interests, if the private placement does not close we do not presently expect to seek an alternative source of funds to consummate the purchase of these shares from Brantley Capital.

Is stockholder approval the only condition to consummating the private placement and the Rand acquisition?

Each of the Private Placement Agreements and the Rand stock purchase agreement contain a number of conditions to both our obligation to consummate such transactions and the obligations of the other parties thereto to consummate such transactions. A summary of the specific conditions to each agreement are contained in the description of Proposals IV, V and VI. Many of these conditions require actions by parties other than us. While we believe that these actions will occur and such conditions can be satisfied in the time periods specified in each agreement, there is no guarantee that these actions will occur. Most notably, the Private Placement Agreements are conditioned upon all of the current holders of our Class B Common Stock and Class C Common Stock converting such shares into shares of Class A Common Stock or our acquisition and retirement of all such shares prior to consummation of the private placement. While we have discussed this condition with many of these stockholders and most of them have agreed to convert their shares, we do not have a binding commitment from any of these stockholders to convert their shares in such manner and we have not received an indication from all such stockholders that they affirmatively intend to convert their shares. We will continue to have discussions with such stockholders in order to obtain their commitments to convert such shares in the manner required under the Private Placement Agreements. If we are unable to obtain such commitments and such stockholders do not convert their shares in the manner required under the Private Placement Agreements, then we will not be able to consummate the private placement regardless of whether or not Proposals IV and V are approved by our stockholders at the Special Meeting.

Why are we proposing the three amendments to our certificate of incorporation?

Our certificate of incorporation currently authorizes us to issue up to 117,000,000 shares of our capital stock, which includes 70,000,000 shares of our Class A Common Stock. Approval of an increase in the number of shares of our Class A Common Stock and the creation of the terms of the Class D Common Stock is necessary to issue the

securities required to consummate the private placement and the Rand acquisition on the terms currently set forth therein. Also, an increase in the number of our authorized shares of capital stock, including the Class A Common Stock, is necessary to increase the number of shares of Class A Common Stock available for grants under our 2004 Incentive Plan.

Table of Contents

Regardless of whether the private placement and the Rand acquisition are approved and consummated or the 2004 Incentive Plan amendment is approved, we may need additional shares of Class A Common Stock to reserve for the possible conversion of our Class B Common Stock and Class C Common Stock. The conversion factors for the Class B Common Stock and Class C Common Stock fluctuate based on the market price of our Class A Common Stock. Based on recent trading prices for our Class A Common Stock, we may not currently have enough shares of Class A Common Stock to satisfy the conversion of all of the Class B Common Stock and Class C Common Stock should all holders of the Class B Common Stock and Class C Common Stock seek to exercise their conversion rights. As a condition to consummation of the private placement, Phoenix and Brantley IV are requiring that all holders of shares of Class B Common Stock and Class C Common Stock convert those shares into shares of Class A Common Stock, or that such shares of Class B Common Stock and Class C Common Stock otherwise be acquired by us and retired prior to consummation of the private placement. Due to the fluctuating nature of the conversion factors, management is unable to determine with certainty at this time how many shares of Class A Common Stock will be necessary to satisfy this conversion obligation and the conversion obligation in connection with the remainder of the Class B Common Stock and Class C Common Stock when and if this conversion right is exercised. The number of additional shares of Class A Common Stock requested in Proposal II includes management's reasonable estimate of the number of shares of Class A Common Stock that would be required to satisfy these conversion obligations if the trading price of our Class A Common Stock does not decrease below \$0.10 per share. The closing price of our Class A Common Stock on the record date, October 20, 2006, was \$0.25 per share.

Why are we proposing an amendment to our 2004 Incentive Plan?

Our 2004 Incentive Plan currently provides that 2,200,000 shares of our Class A Common Stock are eligible for grants under the plan, of which only 476,000 shares are available for future grants. In addition our 2004 Incentive Plan currently limits the number of shares that we can grant to any participant in any calendar year under the 2004 Incentive Plan to 1,000,000 shares. Our board of directors believes that an increase in the incentive pool to such number of shares representing 10% of our outstanding Class A Common Stock as of the date of closing of the private placement, on a fully diluted basis taking into account the shares issued in the private placement and the Rand acquisition, and an increase in the amount that any single participant is eligible to receive in any calendar year to 3,000,000 shares, will provide us with the ability to attract and retain key employees and to align the interests of our key employees with the interests of our stockholders. If this increase were to have been implemented on our record date, October 20, 2006, assuming that the private placement and the Rand acquisition had been consummated as of such date, this would have resulted in an increase of 9,114,526 shares for an aggregate total of 9,590,526 shares available for grants under the 2004 Incentive Plan.

What will our capital structure look like following the private placement?

The following table summarizes our capital structure as it existed on the record date, October 20, 2006, and as we anticipate it will look upon consummation of the private placement, the Rand and On Line acquisitions and the purchase of our shares of Class B Common Stock from Brantley Capital. The pro-forma numbers reflected in this table assume that our stock price on the closing date for these transactions would be the same as it was on the record date, [\$0.25] per share, and that all of the proposals set forth in this Proxy Statement were approved by the stockholders and such transactions were consummated.

Who is entitled to vote at the Special Meeting?

Our board of directors has fixed the close of business on October 20, 2006 as the record date for determination of stockholders entitled to notice of, and to vote at, the Special Meeting. As of the record date, there were 24,674,818 shares of Common Stock outstanding that were held by approximately 485 stockholders of record, including 12,788,776 shares of our Class A Common Stock issued and outstanding that were held by approximately 475 stockholders of record, 10,448,470 shares of our Class B Common Stock issued and outstanding that were held by approximately 4 stockholders of record, and 1,437,572 shares of our Class C Common Stock issued and outstanding that were held by approximately 6 stockholders of record. Stockholders of record as of the close of business on the record date are entitled to one vote for each share of Common Stock (regardless of class) then held.

How do I vote?

You may vote by mail. You may vote by mail by signing your proxy card and mailing it in the enclosed, prepaid and self-addressed envelope. Holders of Class A Common Stock should vote those shares on the WHITE proxy card, holders of Class B Common Stock should vote those shares on the GREEN proxy card and holders of Class C Common Stock should vote those shares on the BLUE proxy card.

You may vote in person at the Special Meeting. Written ballots will be passed out to anyone who wants to vote at the Special Meeting. If you hold your shares in street name (through a broker or other nominee), you must request a legal proxy from your stockbroker in order to vote at the meeting.

How many shares must be represented to have a quorum?

The holders of a majority of the total shares of our Common Stock outstanding on the record date, whether present at the Special Meeting in person or represented by proxy, will constitute a quorum for the transaction of business at the Special Meeting. The shares held by each stockholder who signs and returns the enclosed form of proxy card will be counted for the purposes of determining the presence of a quorum at the Special Meeting, whether or not the stockholder abstains on all matters or any matter to be acted on at the meeting. Abstentions and broker non-votes both will be counted toward fulfillment of quorum requirements. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. In the event there are not sufficient votes for a quorum or to approve any proposals at the time of the Special Meeting, the Special Meeting may be adjourned or postponed in order to permit the further solicitation of proxies.

How many votes are required to approve the proposals?

For Proposals I and II, the affirmative vote of the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class will be required to approve each proposal.

For Proposal III, the affirmative vote of each of the following will be required to approve such proposal: (i) the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class, (ii) the holders of a majority of the votes attributable to the then outstanding shares of Class B Common Stock voting separately as a class and (iii) the holders of a majority of the votes attributable to the then outstanding shares of Class C Common Stock voting separately as a class. Because approval of Proposal III and filing of the

Table of Contents

Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware would result in the elimination of our Class B Common Stock and Class C Common Stock, our current certificate of incorporation and Delaware law requires that we obtain the additional approval of the holders of a majority of the shares of Class B Common Stock and Class C Common Stock voting separately as classes.

For Proposals IV, V, VI and VII, the affirmative vote of the holders of a majority of the total number of shares of Common Stock represented in person or by proxy at the Special Meeting and entitled to vote will be required to approve each of these proposals.

Abstentions and broker non-votes are not counted in the tally of votes FOR or AGAINST a proposal. As a result, abstentions and broker non-votes will have the same effect as a vote AGAINST each of the proposals.

Are any of the proposals dependent on the approval by the stockholders of the other proposals?

Proposal I is not dependent on the approval by the stockholders of any of the other proposals.

Proposal II is dependent on the approval by the stockholders of Proposal I. If Proposal I is not approved by the stockholders then the amendment described in Proposal II will not be implemented regardless of whether Proposal II is approved by the stockholders.

Proposal III is dependent on the approval by the stockholders of Proposals I and II. If both Proposals I and II are not approved by the stockholders then the amendment described in Proposal III will not be implemented regardless of whether Proposal III is approved by the stockholders.

Proposal IV is dependent on the approval by the stockholders of Proposals I, II, III, V and VI. If all of Proposals I, II, III, V and VI are not approved by the stockholders then the transaction described in Proposal IV will not be consummated regardless of whether Proposal IV is approved by the stockholders.

Proposal V is dependent on the approval by the stockholders of Proposals I, II, III, IV and VI. If all of Proposals I, II, III, IV and VI are not approved by the stockholders then the transaction described in Proposal V will not be consummated regardless of whether Proposal V is approved by the stockholders.

Proposal VI is dependent on the approval by the stockholders of Proposals I, II, III, IV and V. If all of Proposals I, II, III, IV and V are not approved by the stockholders then the transaction described in Proposal VI will not be consummated regardless of whether Proposal VI is approved by the stockholders.

Proposal VII is dependent on the approval by the stockholders of Proposals I and II. If both Proposals I and II are not approved by the stockholders then the amendment described in Proposal VII will not be implemented regardless of whether Proposal VII is approved by the stockholders.

What happens if one or more of our proposals are not approved by the stockholders?

If Proposal I is not approved by the stockholders, then regardless of whether Proposals II, III, IV, V, VI or VII are approved by the stockholders, we will not be able to consummate the private placement or the acquisition of the Rand business on the terms currently contemplated in the Private Placement Agreements and the Rand stock purchase agreement and we may not be able to increase the shares available under the 2004 Incentive Plan.

If Proposal II is not approved by the stockholders, then regardless of whether Proposals I, III, IV, V, VI or VII are approved by the stockholders, we will not be able to consummate the private placement or the acquisition of the Rand

business on the terms currently contemplated in the Private Placement Agreements and the Rand stock purchase agreement and we may not be able to increase the shares available under the 2004 Incentive Plan.

If Proposal III is not approved by the stockholders, then regardless of whether Proposals I, II, IV, V, VI or VII are approved by the stockholders, we will not be able to consummate the private placement on the terms currently contemplated in the Private Placement Agreements because we would not have the shares of Class D Common Stock available for issuance. If Proposal III is not approved, we may still have enough shares of Class A Common Stock available for consummation of the Rand acquisition on the terms currently contemplated in the Rand stock purchase agreement.

If either Proposal IV or Proposal V is not approved by the stockholders, then regardless of whether Proposals I, II, III, VI or VII are approved by the stockholders, we will not be able to consummate the private placement on the terms currently contemplated in the Private Placement Agreements. We would be permitted to

Table of Contents

consummate the acquisitions of the Rand and On Line businesses, but we would need to find sources of funding sufficient to pay the purchase prices for these businesses from sources other than the private placement and there is no guarantee that we would either be able to find alternative financing sources on terms acceptable to us or find them timely enough to continue with the acquisitions as presently negotiated. If either Proposal IV or Proposal V is not approved, we will not consummate the purchase of shares of our Class B Common Stock from Brantley Capital.

If Proposal VI is not approved by the stockholders, then regardless of whether Proposals I, II, III, IV, V or VII are approved by the stockholders, we will not be able to consummate the acquisition of the Rand business on the terms currently contemplated. We would also not be able to consummate the private placement on the terms currently contemplated by the Private Placement Agreements, since the Rand acquisition is a condition precedent to the private placement. We would be permitted to consummate the acquisition of the On Line business, but we would need to find sources of funding sufficient to pay the purchase price for this business from sources other than the private placement and there is no guarantee that we would either be able to find alternative financing sources on terms acceptable to us or find them timely enough to continue with the acquisition as presently negotiated. If Proposal VI is not approved and as a result the private placement is not consummated, we will not consummate the purchase of shares of our Class B Common Stock from Brantley Capital.

The failure of any of Proposals I, II, III, IV, V or VI would make it more difficult for us to continue to pursue our strategic plan through the identification of acquisition targets.

Unless each of Proposals I, II, III, IV, V and VI are approved and the private placement is ready to be consummated, we will not file the Second Amended and Restated Certificate of Incorporation.

If Proposal VII is not approved by the stockholders, then it would have no impact on our ability to consummate the private placement or the acquisitions of the Rand and On Line businesses (assuming that Proposals I, II, III, IV, V and VI are approved). However, it would make it more difficult for us to attract and retain key employees.

What does signing the proxy card mean?

When you sign the proxy card, you appoint each of Terrence L. Bauer and Stephen H. Murdock as your proxy to vote your shares of Common Stock at the Special Meeting and at all adjournments or postponements of the Special Meeting. All properly executed proxy cards delivered pursuant to this solicitation and not revoked will be voted in accordance with the directions given. Other than the proposals described in this Proxy Statement, we do not know of any other matters that will be considered at the Special Meeting. Execution of a proxy card, however, confers on the designated proxy holders discretionary authority to vote the shares represented by the proxy on other business, if any, that may properly come before the Special Meeting or any adjournment or postponement thereof.

What if I return my proxy card but do not provide voting instructions?

If you sign and return your proxy card, but do not include instructions, your proxy will be voted **FOR** each of the five proposals.

Do I need to vote all of my shares in the same manner?

Stockholders may vote part of their shares **FOR** a proposal and refrain from voting some or all of the remaining shares or, may vote some or all of the remaining shares **AGAINST** the proposal. If you execute a proxy card and do not affirmatively specify the number of shares that you are voting, the proxy may be voted with respect to all shares that you are entitled to vote at the Special Meeting.

Will my shares be voted if I do not sign and return my proxy card?

If you do not sign and return your proxy card (or grant your proxy to another person) and do not show up in person at the Special Meeting to vote your shares, then your shares will not be voted at the Special Meeting. If your shares are held in street name (i.e., in the name of your brokerage firm), your brokerage firm may not vote your shares for any of the proposals without affirmative instructions from you regarding the manner in which the votes for your shares should be cast.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it means that you have multiple accounts at the transfer agent and/or with brokers or that you own shares of more than one class of our Common Stock. Please sign and return all proxy

Table of Contents

cards to ensure that all your shares are voted. Holders of Class A Common Stock should vote those shares on the WHITE proxy card, holders of Class B Common Stock should vote those shares on the GREEN proxy card and holders of Class C Common Stock should vote those shares on the BLUE proxy card. You may wish to consolidate as many of your transfer agent or brokerage accounts as possible under the same name and address for better customer service. We will separately mail GREEN and BLUE proxy cards to holders of shares of Class B Common Stock and Class C Common Stock.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Special Meeting. You may do this by:

Sending written notice to our Corporate Secretary at 1805 Old Alabama Road, Suite 350, Roswell, Georgia 30076;

Signing and returning another proxy with a later date; or

Attending the Special Meeting, revoking your proxy, and voting in person. Attendance at the Special Meeting will not, in itself, constitute revocation of a proxy.

What happens if the Special Meeting is postponed or adjourned?

If the Special Meeting is postponed or adjourned for any reason, including permitting the further solicitation of proxies, at any subsequent reconvening of the meeting all proxies will be voted in the same manner as they would have been voted at the original Special Meeting. However, as described above, you may revoke your proxy and change your vote at any time before the polls are closed at the reconvened meeting.

Who can help answer my questions?

If you have questions about any of the proposals or about how to vote or direct a vote in respect of your Common Stock, you may write or call us at 1805 Old Alabama Road, Suite 350, Roswell, Georgia 30076, (678) 832-1800, Attention: Corporate Secretary.

SUMMARY

This summary discusses the material items of each of the proposals which are also described elsewhere in this Proxy Statement. You should carefully read this entire Proxy Statement and the other documents to which this Proxy Statement refers you. See [Where You Can Find More Information](#).

The Amendments to Our Certificate Of Incorporation

Our certificate of incorporation currently authorizes the issuance of up to 117,000,000 shares of capital stock, consisting of (i) 97,000,000 shares of common stock, of which 70,000,000 shares are designated as Class A Common Stock, 25,000,000 shares are designated as Class B Common Stock and 2,000,000 shares are designated as Class C Common Stock and (ii) 20,000,000 shares of preferred stock.

Our board of directors has approved, subject to stockholder approval, amendments to our certificate of incorporation to (i) create a new class of common stock, the Class D Common Stock, and designate its rights and preferences and (ii) increase the number of authorized shares of our capital stock to 370,000,000 shares, consisting of (A) 350,000,000 shares of common stock, of which 300,000,000 shares are designated as Class A Common Stock and 50,000,000 shares are designated as Class D Common Stock and (B) 20,000,000 shares of preferred stock. The authorized shares of Class B Common Stock and Class C Common Stock would be eliminated as a result of the condition to consummation of the private placement that the holders of all such shares convert to shares of Class A Common Stock or we acquire and retire all such shares.

The Class D Common Stock will have the following rights and preferences:

The holders of the Class D Common Stock will have priority in certain distributions made to the other holders of Common Stock. The holders of the shares of Class D Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, will be entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to 9% per annum on the Class D issuance amount, without compounding, from the date the Class D Common Stock is first issued. However, we will be restricted in our certificate of incorporation from paying any distribution in cash to the holders of the Class D Common Stock for as long as the senior credit facility with Wells Fargo Foothill, Inc. is outstanding.

In addition to receiving any accrued but unpaid distributions described above, the holders of the Class D Common Stock will have the right to receive distributions *pari passu* with the holders of the shares of the Class A Common Stock, assuming for purposes of such calculation that each share of Class D Common Stock represented one share of Class A Common Stock (subject to adjustment to such conversion ratio for subsequent issuances by us of shares of our capital stock, or rights to acquire such shares, for less than the price the holders of the Class D Common Stock paid for their shares and for stock splits, combinations, stock dividends and certain other actions as more fully specified in our certificate of incorporation).

The holders of a majority of the Class D Common Stock will have the ability to authorize any payment that might otherwise be considered a distribution for purposes of our certificate of incorporation to be excluded from the distribution priority provisions described above.

Each share of Class D Common Stock will be entitled to one vote. The Class D Common Stock will vote together with all other classes of our Common Stock and not as a separate class, except as otherwise required by

law or in the event of certain actions adversely affecting the rights and preferences of the Class D Common Stock as more fully specified in our certificate of incorporation.

At the option of each holder of Class D Common Stock, exercisable at any time and from time to time by notice to us, each outstanding share of Class D Common Stock held by such holder will convert into a number of shares of Class A Common Stock equal to the Class D Conversion Factor in effect at the time such notice is given. The Class D Conversion Factor will initially be one share of Class A Common Stock for each share of Class D Common Stock, subject to adjustment to such conversion ratio for subsequent issuances by us of shares of our capital stock, or rights to acquire such shares, for less than the price the holders of the Class D Common Stock paid for their shares and for stock splits, combinations, stock dividends and certain other actions as more fully specified in our certificate of incorporation.

Table of Contents

A copy of our form of Second Amended and Restated Certificate of Incorporation, which reflects the changes to our certificate of incorporation that will be made as a result of each of the amendments proposed herein in connection with Proposals I, II and III, is attached to this Proxy Statement as Annex D.

Unless each of Proposals I, II, III, IV, V and VI are approved and the private placement is ready to be consummated, we will not file the Second Amended and Restated Certificate of Incorporation.

As of our record date, October 20, 2006, there were 12,788,776 shares of our Class A Common Stock, 10,448,470 shares of our Class B Common Stock and 1,437,572 shares of our Class C Common Stock outstanding.

In the event that Proposals I, II, III, IV, V and VI are approved by our stockholders at the Special Meeting, we will file the Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware and consummate the private placement by (i) issuing shares of our Class D Common Stock to Phoenix and Brantley IV, (ii) reserving shares of our Class A Common Stock for issuance under the warrants issued to Phoenix and (iii) reserving shares of our Class A Common Stock for issuance upon conversion of the Class D Common Stock. Assuming that Proposal VII is also approved, we will reserve additional shares of our Class A Common Stock for issuance under our 2004 Incentive Plan. Upon consummation of the Rand acquisition we will issue the required number of shares of Class A Common Stock to satisfy our obligations under the Rand stock purchase agreement. We will also reserve a sufficient number of shares of our Class A Common Stock to satisfy the conversion of our other then outstanding convertible securities.

The additional shares of Common Stock authorized by the amendments to our certificate of incorporation could also be used at the direction of our board of directors from time to time for any proper corporate purpose, including, without limitation, the acquisition of other businesses, the raising of additional capital for use in our business or a split or dividend on then outstanding shares of our capital stock. The holders of Common Stock do not presently have any preemptive rights to subscribe for any of our securities and holders of our Common Stock will not have any such rights for the additional shares of Common Stock to be authorized. Any future issuances of authorized shares of Common Stock may be authorized by our board of directors without further action by the stockholders, unless required by law. However, as noted above, Sections 712 and 713 of the AMEX Company Guide would require us to seek stockholder approval prior to any issuance of our Class A Common Stock (or securities convertible into our Class A Common Stock) in connection with an acquisition or direct issuance by us that could result in an increase by 20% or more in the number of our outstanding shares of Class A Common Stock if shares are issued at a discount to market value.

Although our board of directors will issue capital stock only when required or when the board of directors considers such issuance to be in our best interests, the issuance of additional Common Stock or preferred stock may, among other things, have a dilutive effect on the earnings per share (if any) and on the equity and voting rights of our stockholders. Also, since Delaware law requires the vote of a majority of shares of each class of capital stock in order to approve certain mergers and reorganizations, the proposed amendment could permit the board of directors to issue shares to persons supportive of management. Such persons might then be in a position to vote to prevent a proposed business combination that is deemed unacceptable to the board of directors, although deemed to be desirable by some stockholders, including, potentially, a majority of stockholders. Taking such an action could provide management with a means to block any majority vote which might be necessary to effect a business combination in accordance with applicable law, and could enhance the ability of our directors to retain their positions. Additionally, the presence of such additional authorized but unissued shares of Common Stock or preferred stock could discourage unsolicited business combination transactions that might otherwise be desirable to our stockholders.

Except for (i) shares of our Common Stock which may be issued in connection with the private placement, (ii) shares of our Common Stock reserved for issuance under our stock option plans, (iii) shares of our Common Stock which we would be required to issue upon the exercise of outstanding warrants (including warrants to be issued in connection with the private placement, if approved by the stockholders), (iv) shares of our Common Stock which we would be required to issue upon conversion of our outstanding convertible notes, (v) shares of our Common Stock to be issued in connection with the Rand acquisition, and (vi) shares of our Common Stock that may be issuable upon the conversion of outstanding shares of Common Stock, the board of directors has no current plans to issue additional shares of our Common Stock or preferred stock. However, our board of directors believes that the

Table of Contents

benefits of providing it with the flexibility to issue shares without delay for any proper business purpose, including as an alternative to an unsolicited business combination opposed by the board of directors, outweigh the possible disadvantages of dilution and discouraging unsolicited business combination proposals and that it is prudent and in the best interests of stockholders to provide the advantage of greater flexibility which will result from the proposed amendments to our certificate of incorporation.

New Senior Secured Credit Facility

We have entered into a non-binding letter of intent (a copy of which is attached as Annex O) with Wells Fargo Foothill, Inc. for the provision of a new senior secured credit facility in the aggregate principal amount of \$16,500,000, consisting of a \$2,000,000 revolving loan commitment, a \$4,500,000 term loan and a \$10,000,000 acquisition facility commitment available for future acquisitions. We are currently negotiating the definitive terms of the documentation for this credit facility. If we are unable to reach agreement on a credit facility with this lender, then we will seek to find another institutional lender to provide a credit facility on similar terms, but there is no guarantee that we will be able to find such a lender or be able to negotiate similar terms to such credit facility.

The Private Placement

We are seeking to raise \$8,000,000 through a private placement transaction providing for the issuance of shares of our Class D Common Stock, issuance of our senior unsecured subordinated promissory notes and issuance of warrants to purchase shares of our Class A Common Stock. As specified above, the proceeds from this private placement, along with proceeds from senior bank financing and other funds available to us, will be used to fund a portion of the purchase price for the acquisitions of the Rand and the On Line businesses, our purchase of certain shares of our Class B Common Stock from Brantley Capital, to repay certain outstanding senior indebtedness and for general working capital purposes.

Pursuant to the terms of the Stock Purchase Agreement, Phoenix and Brantley IV will purchase, for an aggregate purchase price of \$4,650,000, shares of our Class D Common Stock representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital.

Table of Contents

Pursuant to the terms of the Note Purchase Agreement, Phoenix will purchase, for an aggregate purchase price of \$3,350,000, (i) our senior unsecured subordinated promissory notes, due 2011, in the original principal amount of \$3,350,000 and (ii) warrants to purchase shares of our Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the Warrant Certificate, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described above but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. The notes will bear interest at the combined rate of (x) 12% per annum payable in cash on a quarterly basis and (y) 2% per annum payable in kind (meaning that the accrued interest will be capitalized as principal) on a quarterly basis, subject to our right to pay such amount in cash. The warrants will be exercisable for five years from the date of issuance of the Warrant Certificate at \$0.01 per share.

In connection with the private placement, the parties will enter into a registration rights agreement, pursuant to which the holders of a majority of the shares of Class A Common Stock issuable upon either conversion of the Class D Common Stock or the exercise of the warrants will have the right to require us to register their shares of Class A Common Stock under the Securities Act. The agreement allows them one right to demand that we register their shares of Class A Common Stock under the Securities Act on a registration statement filed with the SEC and unlimited rights to include (or piggy-back) the registration of their shares of Class A Common Stock on certain registration statements that we may file with the SEC for other purposes.

The Private Placement Agreements and the form of Warrant Certificate are attached hereto as Annexes A, B and N and the terms thereof are incorporated herein by reference. We recommend that you review these documents.

The Acquisitions

We have identified several acquisition opportunities to expand our business that are consistent with our strategic plan. We have recently signed definitive agreements for the acquisition of two of these targets. The first acquisition involves the purchase of all of the issued and outstanding capital stock of Rand. Rand is a full service billing agency, providing medical billing exclusively for anatomic and clinical pathology practices located in Simi Valley, California.

On September 8, 2006 we entered into a stock purchase agreement with Rand and the stockholder of Rand to purchase all of the issued and outstanding capital stock of Rand for an aggregate purchase price of \$9,365,333, subject to adjustments conditioned upon future revenue results. A portion of the purchase price is payable by our issuance of such number of shares of our Class A Common Stock having a value of \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing of the Rand acquisition. The remainder of the purchase price is payable in a combination of cash and the issuance of an unsecured subordinated promissory note in the original principal amount of \$1,365,333. At the closing of the Rand acquisition, \$6,800,000 of the purchase price will be paid in cash and the balance will be placed in escrow (including the shares of our Class A Common Stock) pending resolution of the purchase price adjustments and subject to claims, if any, for indemnification.

The second acquisition involves the purchase of all the issued and outstanding capital stock of the On Line businesses. On Line consists of two related companies, On Line Alternatives, Inc. (OLA) and On Line Payroll Services, Inc. (OLP).

OLA is an outsourcing company providing data entry, insurance filing, patient statements, payment posting, collection follow-up and patient refund processing to medical practices. Most of OLA's customers are hospital-based physician practices including radiology, neurology and emergency medicine. Customers also include some other specialties as plastic surgery, family practice, internal medicine and orthopaedics. All billing functions are the responsibility of OLA, and include credentialing and accounts payable processing. OLA also has a group of contract transcriptionists

who work out of their homes and OLA offers these services to clients as well.

OLP provides payroll processing services to small businesses, a few of which are also customers of OLA. OLP provides payroll services including direct deposit, time clock interface and tax reporting to clients in Alabama, Florida, Georgia, Louisiana, Mississippi, Tennessee and Texas.

Table of Contents

On September 8, 2006 we entered into a stock purchase agreement with OLA, OLP and the stockholders of each of OLA and OLP to purchase all of the issued and outstanding capital stock of both OLA and OLP for an aggregate purchase price of \$3,310,924, subject to adjustments conditioned upon future revenue results. The purchase price is payable in a combination of cash and the issuance of unsecured subordinated promissory notes. At the closing of the On Line acquisition, \$2,476,943 of the purchase price will be paid in cash and the remainder through the issuance of an unsecured subordinated promissory note in the original principal amount of \$833,981. We also have an option to pay up to \$75,000 of the purchase price in the form of an additional unsecured promissory note in lieu of cash at the closing.

We plan to close these acquisitions simultaneous with the closing of the private placement and as soon as possible following the Special Meeting, assuming that Proposals I, II, III, IV, V and VI are approved by the stockholders. The stock purchase agreement relating to the Rand acquisition is attached hereto as Annex C and the stock purchase agreement relating to the On Line acquisition is attached hereto as Annex L, the terms of both of which are incorporated herein by reference. We recommend that you review these documents.

Purchase of our Class B Common Stock from Brantley Capital

On September 8, 2006 we entered into a purchase agreement with Brantley Capital to purchase all 1,722,983 shares of our Class B Common Stock owned by Brantley Capital at any time between now and December 31, 2006 for an aggregate purchase price of \$482,435. Upon our acquisition of these shares of Class B Common Stock they will be retired in accordance with the terms of our certificate of incorporation. We plan to consummate this purchase simultaneous with the closing of the private placement. We anticipate using a portion of the proceeds from the private placement, along with proceeds from senior bank financing and other funds available to us, to fund the purchase price for our purchase of the shares of Class B Common Stock owned by Brantley Capital. A copy of the purchase agreement with Brantley Capital is attached hereto as Annex M and the terms thereof are incorporated herein by reference.

THE SPECIAL MEETING

The Special Meeting

We are furnishing this Proxy Statement to you as part of the solicitation of proxies by our board of directors for use at the Special Meeting in connection with the consideration of Proposals I, II, III, IV, V, VI and VII described herein. This Proxy Statement provides you with the information you need to know to be able to vote or instruct your vote to be cast at the Special Meeting.

Date, Time, Place and Purpose

The Special Meeting of our stockholders will be held at 8:00 a.m. local time on _____, November _____, 2006 at our headquarters at 1805 Old Alabama Road, Roswell, Georgia 30076 to vote on Proposals I through VII as described herein.

Voting Power; Record Date

You will be entitled to vote or direct votes to be cast at the Special Meeting if you owned shares of our Common Stock on the close of business on October 20, 2006, which is the record date for the Special Meeting. You will have one vote for each share of Common Stock you owned at the close of business on the record date.

As of the record date, there were 24,674,818 shares of Common Stock outstanding that were held by approximately 485 stockholders of record, including 12,788,776 shares of our Class A Common Stock issued and outstanding that were held by approximately 475 stockholders of record, 10,448,470 shares of our Class B Common Stock issued and outstanding that were held by approximately 4 stockholders of record, and 1,437,572 shares of our Class C Common Stock issued and outstanding that were held by approximately 6 stockholders of record. There are no outstanding shares of our preferred stock. Stockholders of record as of the close of business on the record date are entitled to one vote for each share of Common Stock (regardless of class) then held. With respect to

Table of Contents

Proposal III, the holders of our Class B Common Stock and Class C Common Stock will be entitled to vote separately as classes and are entitled to one vote per share of such class or each class vote.

Quorum

The holders of a majority of the total shares of our Common Stock outstanding on the record date, whether present at the Special Meeting in person or represented by proxy, will constitute a quorum for the transaction of business at the Special Meeting. The shares held by each stockholder who signs and returns the enclosed form of proxy card will be counted for the purposes of determining the presence of a quorum at the Special Meeting, whether or not the stockholder abstains on all matters or any matter to be acted on at the meeting. Abstentions and broker non-votes both will be counted toward fulfillment of quorum requirements. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. In the event that there are not sufficient votes for a quorum or to approve any proposals at the time of the Special Meeting, the Special Meeting may be adjourned or postponed in order to permit the further solicitation of proxies.

Voting Your Shares

Each share of our Common Stock entitles you to one vote. Your proxy card shows the number of shares of our Common Stock that you own. If you receive more than one proxy card it means that you have multiple accounts at the transfer agent and/or with brokers or that you own shares of more than one class of our Common Stock.

There are two ways to vote your shares of our Common Stock at the Special Meeting:

You can vote by signing and returning the enclosed proxy card(s). Holders of Class A Common Stock should vote those shares on the WHITE proxy card, holders of Class B Common Stock should vote those shares on the GREEN proxy card and holders of Class C Common Stock should vote those shares on the BLUE proxy card. Please sign and return all proxy cards to ensure that all of your shares are voted. If you vote by proxy card, your proxy, whose names are listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card, but do not give instructions on how to vote your shares, your shares will be voted, as recommended by our board of directors and special committee, FOR the approval of each of the proposals.

You can attend the Special Meeting and vote in person. We will give you a ballot when you arrive. However, if your shares are held in street name (through a broker or other nominee), you must request a legal proxy from your broker in order to vote at the Special Meeting.

Who Can Answer Your Questions About Voting Your Shares

If you have any questions about any of the proposals or about how to vote or direct a vote in respect of your Common Stock, you may write or call us at 1805 Old Alabama Road, Suite 350, Roswell, Georgia 30076, (678) 832-1800, Attention: Corporate Secretary.

Revoking Your Proxy

If you give a proxy, you may revoke your proxy and change your vote at any time before the polls close at the Special Meeting. You may do this by:

Sending written notice to our Corporate Secretary at 1805 Old Alabama Road, Suite 350, Roswell, Georgia 30076;

Signing and returning another proxy with a later date; or

Attending the Special Meeting, revoking your proxy, and voting in person. Attendance at the Special Meeting will not, in itself, constitute revocation of a proxy.

Table of Contents**Vote Required**

For Proposals I and II, the affirmative vote of the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class will be required to approve each proposal. For Proposal III, the affirmative vote of each of the following will be required to approve such proposal: (i) the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class, (ii) the holders of a majority of the votes attributable to the then outstanding shares of Class B Common Stock voting separately as a class and (iii) the holders of a majority of the votes attributable to the then outstanding shares of Class C Common Stock voting separately as a class. Because approval of Proposal III and filing of the Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware would result in the elimination of our Class B Common Stock and Class C Common Stock, our current certificate of incorporation and Delaware law requires that we obtain the additional approval of the holders of a majority of the shares of Class B Common Stock and Class C Common Stock voting separately as classes. For Proposals IV, V, VI and VII, the affirmative vote of the holders of a majority of the total number of shares of Common Stock represented in person or by proxy at the Special Meeting and entitled to vote will be required to approve each of these proposals. Abstentions and broker non-votes are not counted in the tally of votes FOR or AGAINST a proposal. As a result, abstentions and broker non-votes will have the same effect as a vote AGAINST each of the proposals.

Abstentions and Broker Non-Votes

If your broker holds your shares in its name and you do not give the broker voting instructions, under the rules of the National Association of Securities Dealers (NASD), your broker may not vote your shares on any of the five proposals. If you do not give your broker voting instructions and the broker does not vote your shares, this is referred to as a broker non-vote. Abstentions and broker non-votes are counted for purposes of determining the presence of a quorum, and will have the effect of a vote AGAINST each of the proposals.

Cost of Solicitation of Proxies

The cost of soliciting proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by us. In addition, we will reimburse brokerage firms and other persons representing beneficial owners of our Common Stock for their expenses in forwarding proxy material to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, and personal solicitations by our directors, officers or employees. We reserve the right to hire an independent proxy solicitor in connection with the Special Meeting. No additional compensation will be paid for such solicitation unless we engage an independent proxy solicitor.

Stock Ownership

Of the 24,674,818 outstanding shares of our Common Stock entitled to vote at the Special Meeting, Brantley IV and its affiliates, who own approximately 44.8% of our outstanding Common Stock entitled to vote at the Special Meeting and approximately 83.5% of our outstanding Class B Common Stock entitled to vote at the Special Meeting, and our named executive officers and directors who directly own an aggregate of approximately 8.9% of our outstanding shares of Common Stock entitled to vote at the Special Meeting and 90.4% of our outstanding Class C Common Stock entitled to vote at the Special Meeting, have indicated that they intend to vote such shares FOR each of the five proposals set forth in this Proxy Statement. Assuming that they all vote their shares as indicated FOR each of the proposals, we will have a sufficient number of votes to approve each of the proposals.

PROPOSAL I

APPROVAL OF THE AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CAPITAL STOCK

Our board of directors has approved and is recommending to our stockholders for approval at the Special Meeting a proposal to increase the aggregate number of shares of our authorized capital stock from 117,000,000 shares to 370,000,000 shares, which includes an increase in the authorized shares of our Common Stock from 97,000,000 shares to 350,000,000 shares and leaves the number of authorized shares of our preferred stock at 20,000,000 shares. If the amendment to increase the number of authorized shares of our capital stock as set forth in Proposal I is approved by our stockholders at the Special Meeting and if Proposals II, III, IV, V and VI are approved and the private placement is ready to be consummated, we will amend and restate our certificate of incorporation in the manner provided in the form of Second Amended and Restated Certificate of Incorporation attached as Annex D. The form of Second Amended and Restated Certificate of Incorporation includes provisions for each of Proposals I, II and III and assumes that all three proposals will be approved by our stockholders. A vote FOR this proposal constitutes approval of the form of Second Amended and Restated Certificate of Incorporation as it relates to the increase in the number of shares of authorized stock, which additional shares will be designated as Common Stock. Because the implementation of Proposals I, II, III, IV, V and VI are interdependent, if Proposals I, II, III, IV, V and VI are not approved then we will not make any of the changes proposed in the form of Second Amended and Restated Certificate of Incorporation and will not file it with the Secretary of State of Delaware. In addition, we cannot complete any of the transactions contemplated by Proposals II, III, IV, V, VI or VII if this proposal is not approved by the stockholders at the Special Meeting, and in all likelihood will not be able to complete the Rand acquisition or the On Line acquisition.

The increase in the number of shares of authorized stock as reflected in Proposal I does not alter or change the powers, preferences, or special rights of the holders of shares of our existing Class A Common Stock, Class B Common Stock or Class C Common Stock.

Increase in the Number of Shares of Authorized Common Stock

The amendment to our certificate of incorporation will increase the aggregate number of shares of our authorized capital stock from 117,000,000 shares to 370,000,000 shares, which includes an increase in the authorized shares of our Common Stock from 97,000,000 shares to 350,000,000 shares and leaves the number of authorized shares of our preferred stock at 20,000,000 shares.

The board of directors recommends increasing the aggregate number of shares of our authorized capital stock in order to have a sufficient number of shares of our Common Stock available to issue the shares required under the Private Placement Agreements and the Warrant Certificate (see Proposals IV and V), in connection with the Rand acquisition (see Proposal VI) and in connection with the amendment to our 2004 Incentive Plan (see Proposal VII). Assuming the issuance of shares of our Common Stock in connection with the private placement is approved by our stockholders, we will be obligated to (i) create a new series of common stock, Class D Common Stock, and issue such number of shares of Class D Common Stock representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described below (see Proposal IV) but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital and (ii) reserve for issuance pursuant to exercise of warrants such number of shares of Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the Warrant

Certificate, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described above but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. In addition, we must also have shares available for issuance in connection with previously granted stock options and other stock based awards as well as any future grants under our 2004 Incentive Plan and our other option plans as well as our outstanding convertible notes and other existing convertible securities.

We may need additional shares of Class A Common Stock to reserve for the possible conversion of our Class B Common Stock and Class C Common Stock. The conversion factors for the Class B Common Stock and Class C

Table of Contents

Common Stock fluctuate based on the market price of our Class A Common Stock. Based on recent trading prices for our Class A Common Stock, we may not currently have enough shares of Class A Common Stock to satisfy the conversion of all of the Class B Common Stock and Class C Common Stock should all holders of the Class B Common Stock and Class C Common Stock seek to exercise their conversion rights. As a condition to consummation of the private placement, Phoenix and Brantley IV are requiring that all holders of shares of Class B Common Stock and Class C Common Stock convert those shares to shares of Class A Common Stock, or that such shares of Class B Common Stock and Class C Common Stock otherwise be acquired by us and retired prior to consummation of the private placement. Due to the fluctuating nature of the conversion factors, management is unable to determine with certainty at this time how many shares of Class A Common Stock will be necessary to satisfy this conversion obligation and the conversion obligation in connection with the remainder of the Class B Common Stock and Class C Common Stock when and if such conversion right is exercised. The number of additional shares of Class A Common Stock requested in Proposal II (and included in the increase in authorized capital stock reflected in this proposal) represents management's reasonable estimate of the number of shares of Class A Common Stock that would be required to satisfy these conversion obligations if the trading price of our Class A Common Stock does not decrease below \$0.10 per share. The closing price of our Class A Common Stock on the record date, October 20, 2006, was \$0.25 per share.

The following table provides details regarding the approximate number of shares of our Common Stock authorized, issued and outstanding and reserved as of the periods indicated. Treasury stock is not included in these figures.

	As of October 20, 2006(1)					Pro Forma Post Proposals(3)			
	Class A	Class B	Class C	Preferred	Total	Class A	Class B	Class C	Class D
10,000	70,000,000	25,000,000	2,000,000	20,000,000	370,000,000	300,000,000			50,000,000

1,224(2)	57,211,224(2)				34,098,189(4)	34,098,189(4)			

- (1) Share numbers are prior to any of the amendments to our certificate of incorporation, prior to the consummation of the private placement and the Rand acquisition, and prior to any conversion or purchase and retirement of the outstanding shares of Class B Common Stock and Class C Common Stock.
- (2) Shares are reserved for issuance upon conversion of the Class B Common Stock and Class C Common Stock (at the closing price of our Class A Common Stock on the record date, \$0.25 per share), conversion of outstanding notes (at the closing price of our Class A Common Stock on the record date, \$0.25 per share), exercise of existing warrants, exercise of stock options under existing option grants and additional option grants under our 2004 Incentive Plan. The actual number of shares reserved as of the record date should be 90,336,262 shares; however, we do not presently have enough authorized shares of Class A Common Stock available to reserve all required shares.
- (3) Share numbers are based on approval of all of the proposals set forth in the Proxy Statement and consummation of the transactions described in this Proxy Statement, assuming that the closing price of our Class A Common Stock on such date is the same as it was on the record date.
- (4) Shares are reserved for issuance upon conversion of the Class D Common Stock issued pursuant to the Private Placement Agreements, exercise of the warrants issued pursuant to the Private Placement Agreements, exercise of existing warrants and exercise of stock options under existing option grants and additional option grants under

our 2004 Incentive Plan as amended herein.

We have no current agreements, arrangements, or plans to issue additional shares of Common Stock other than as described above and in connection with the private placement, in connection with the acquisition of Rand and the other proposals in this Proxy Statement. We may need to issue additional shares of our Common Stock in the future to settle outstanding debts or liabilities, to attract or retain key employees, and to make future acquisitions.

The issuance of additional authorized shares of our Common Stock (other than through a stock split or a stock dividend) may dilute the voting power and equity interest of present stockholders. The holders of Common Stock do not presently have any preemptive rights to subscribe for any of our securities and holders of our Common Stock will not have any such rights for the additional shares of Common Stock to be authorized. Any future issuances of

Table of Contents

authorized shares of Common Stock may be authorized by our board of directors without further action by the stockholders, unless required by law. However, as noted above, Sections 712 and 713 of the AMEX Company Guide would require us to seek stockholder approval prior to any issuance of our Class A Common Stock (or securities convertible into our Class A Common Stock) in connection with an acquisition or direct issuance by us that could result in an increase by 20% or more in the number of our outstanding shares of Class A Common Stock if shares are issued at a discount to market value.

Although our board of directors will issue capital stock only when required or when the board of directors considers such issuance to be in our best interests, the issuance of additional Common Stock or preferred stock may, among other things, have a dilutive effect on the earnings per share (if any) and on the equity and voting rights of our stockholders. Furthermore, since Delaware law requires the vote of a majority of shares of each class of capital stock in order to approve certain mergers and reorganizations, the proposed amendment could permit the board of directors to issue shares to persons supportive of management. Such persons might then be in a position to vote to prevent a proposed business combination that is deemed unacceptable to the board of directors, although deemed to be desirable by some stockholders, including, potentially, a majority of stockholders. Taking such an action could provide management with a means to block any majority vote which might be necessary to effect a business combination in accordance with applicable law, and could enhance the ability of our directors to retain their positions. Additionally, the presence of such additional authorized but unissued shares of Common Stock or preferred stock could discourage unsolicited business combination transactions that might otherwise be desirable to our stockholders.

Except for (i) shares of our Common Stock which may be issued in connection with the private placement, (ii) shares of Common Stock reserved for issuance under our stock option plans, (iii) shares of our Common Stock which we would be required to issue upon the exercise of outstanding warrants (including warrants to be issued in connection with the private placement, if approved by the stockholders), (iv) shares of our Common Stock which we would be required to issue upon conversion of our outstanding convertible notes, (v) shares of our Common Stock to be issued in connection with the Rand acquisition, and (vi) shares of our Common Stock that may be issuable upon the conversion of outstanding shares of Common Stock, the board of directors has no current plans to issue additional shares of our Common Stock or preferred stock. However, our board of directors believes that the benefits of providing it with the flexibility to issue shares without delay for any proper business purpose, including as an alternative to an unsolicited business combination opposed by the board of directors, outweigh the possible disadvantages of dilution and discouraging unsolicited business combination proposals and that it is prudent and in the best interests of stockholders to provide the advantage of greater flexibility which will result from the proposed amendments to our certificate of incorporation.

No Dissenter's Rights

Under the Delaware General Corporation Law, our stockholders are not entitled to dissenter's rights with respect to the increase in the number of shares of our authorized capital stock, and we will not independently provide stockholders with any such right.

Required Stockholder Approval

The affirmative vote of the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class will be required to approve this proposal. As such, abstentions and broker non-votes will have the same effect as a vote AGAINST this proposal. If our stockholders approve the increase in the number of shares of our authorized capital stock, as well as Proposals II, III, IV, V and VI such increase in the number of shares will become effective upon our filing of the Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware, which is expected to take place immediately prior to the consummation of the private placement and the Rand acquisition.

THE BOARD OF DIRECTORS RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR APPROVAL OF THE INCREASE IN THE NUMBER OF SHARES OF OUR AUTHORIZED CAPITAL STOCK.

PROPOSAL II

APPROVAL OF THE AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CLASS A COMMON STOCK

Our board of directors has approved and is recommending to our stockholders for approval at the Special Meeting a proposal to increase the number of shares of Class A Common Stock authorized and available for issuance from 70,000,000 shares to 300,000,000 shares. If the increase in the number of shares of authorized Class A Common Stock is approved and if Proposals I, III, IV, V and VI are approved and the private placement is ready to be consummated, we will amend and restate our certificate of incorporation to effect the increase in the manner provided in the form of Second Amended and Restated Certificate of Incorporation attached as Annex D, the terms of which are incorporated herein by reference. The form of Second Amended and Restated Certificate of Incorporation includes provisions for each of Proposals I, II and III and assumes that all three proposals will be approved by our stockholders. Because the implementation of Proposals I, II, III, IV, V and VI are interdependent, if Proposals I, II, III, IV, V and VI are not approved then we will not make any of the changes proposed in the form of Second Amended and Restated Certificate of Incorporation and will not file it with the Secretary of State of Delaware. A vote FOR this proposal constitutes approval of the form of Second Amended and Restated Certificate of Incorporation as it relates to the increase in the number of shares of authorized Class A Common Stock. We cannot complete the private placement or implement the amendment to our 2004 Incentive Plan and in all likelihood will not be able to complete the Rand or On Line acquisitions unless this proposal to increase the number of shares of authorized Class A Common Stock is approved by the stockholders at the Special Meeting.

The increase in the number of shares of authorized Class A Common Stock as reflected in Proposal II does not alter or change the powers, preferences, or special rights of the holders of our existing shares of Class A Common Stock, Class B Common Stock or Class C Common Stock.

Increase in the Number of Shares of Authorized Class A Common Stock

The amendment to our certificate of incorporation will increase the number of shares of authorized Class A Common Stock from 70,000,000 shares to 300,000,000 shares.

The board of directors recommends increasing the number of shares of our authorized Class A Common Stock in order to have a sufficient number of shares of our Class A Common Stock available to reserve for issuance upon conversion of the Class D Common Stock (see Proposal IV) and exercise of the warrants (see Proposal V) issued under the Private Placement Agreements and the Warrant Certificate, for issuance of the Class A Common Stock in connection with the Rand acquisition (see Proposal VI) and to reserve for issuance in connection with the amendment to our 2004 Incentive Plan (see Proposal VII). Assuming the issuance of shares of our stock in connection with the private placement is approved by our stockholders, we will be obligated to (i) initially reserve for issuance pursuant to conversion of the Class D Common Stock such number of shares of Class A Common Stock representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described below but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital and (ii) reserve for issuance pursuant to exercise of warrants such number of Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the Warrant Certificate, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described above but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. In addition, we

must also have shares of Class A Common Stock available for issuance in connection with previously granted stock options and other stock based awards as well as any future grants under our 2004 Incentive Plan (particularly if Proposal VII is approved) and our other option plans as well as our outstanding convertible notes and other existing convertible securities.

We may need additional shares of Class A Common Stock to set aside for the possible conversion of our Class B Common Stock and Class C Common Stock. The conversion factors for the Class B Common Stock and Class C Common Stock fluctuate based on the market price of our Class A Common Stock. Based on recent trading prices for our Class A Common Stock, we may not currently have enough shares of Class A Common Stock to satisfy the

Table of Contents

conversion of all of the Class B Common Stock and Class C Common Stock should all holders of the Class B Common Stock and Class C Common Stock seek to exercise their conversion rights. As a condition to consummation of the private placement, Phoenix and Brantley IV are requiring that all holders of shares of Class B Common Stock and Class C Common Stock convert those shares to shares of Class A Common Stock, or that such shares of Class B Common Stock and Class C Common Stock otherwise be acquired by us and retired prior to or simultaneous with consummation of the private placement. Due to the fluctuating nature of the conversion factors, management is unable to determine with certainty at this time how many shares of Class A Common Stock will be necessary to satisfy this conversion obligation and the conversion obligation in connection with the remainder of the Class B Common Stock and Class C Common Stock when and if it is exercised. The number of additional shares of Class A Common Stock requested in this proposal (and included in the increase in authorized capital stock reflected in Proposal I) includes management's reasonable estimation of the number of shares of Class A Common Stock that would be required to satisfy these conversion obligations if the trading price of our Class A Common Stock does not decrease below \$0.10 per share. The closing price of our Class A Common Stock on the record date, October 20, 2006, was \$0.25 per share.

No Dissenter's Rights

Under the Delaware General Corporation Law, our stockholders are not entitled to dissenter's rights with respect to the increase in the number of shares of authorized Class A Common Stock, and we will not independently provide stockholders with any such right.

Required Stockholder Approval

The affirmative vote of the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class will be required to approve this proposal. As such, abstentions and broker non-votes will have the same effect as a vote AGAINST this proposal. If our stockholders approve the increase in the number of shares of authorized Class A Common Stock, as well as Proposals I, III, IV, V and VI, such increase in the number of shares will become effective upon our filing of the Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware, which is expected to take place immediately prior to the consummation of the private placement and the Rand acquisition.

THE BOARD OF DIRECTORS RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR APPROVAL OF THE INCREASE IN THE NUMBER OF SHARES OF AUTHORIZED CLASS A COMMON STOCK.

PROPOSAL III

APPROVAL OF THE AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO CREATE THE CLASS D COMMON STOCK

Our board of directors has approved and is recommending to our stockholders for approval at the Special Meeting a proposal to designate 50,000,000 shares of our Common Stock as Class D Common Stock and to establish the rights and preferences of such shares.

If this proposal is approved and if Proposals I, II, IV, V and VI are approved and the private placement is ready to be consummated, we will amend and restate our certificate of incorporation to create the Class D Common Stock in the manner provided in the form of Second Amended and Restated Certificate of Incorporation attached as Annex D, the terms of which are incorporated herein by reference. The form of Second Amended and Restated Certificate of Incorporation includes provisions for each of Proposals I, II and III and assumes that all three proposals will be

approved by our stockholders. Because the implementation of Proposals I, II, III, IV, V and VI are interdependent, if Proposals I, II, III, IV, V and VI are not approved then we will not make any of the changes proposed in the form of Second Amended and Restated Certificate of Incorporation and will not file it with the Secretary of State of Delaware. A vote FOR this proposal constitutes approval of the form of Second Amended and Restated Certificate of Incorporation as it relates to the designation of the Class D Common Stock and

Table of Contents

establishment of the rights and preferences related to such shares. We cannot complete the private placement unless this proposal to create the Class D Common Stock is approved at the Special Meeting.

Because approval of Proposal III and filing of the Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware would result in the elimination of our Class B Common Stock and Class C Common Stock, our current certificate of incorporation and Delaware law requires that we obtain the additional approval of the holders of a majority of the shares of Class B Common Stock and Class C Common Stock voting separately as classes.

Description of Our Existing Classes of Common Stock

Our existing certificate of incorporation currently authorizes three classes of common stock. The following is a summary of the terms of our existing Class A Common Stock, Class B Common Stock and Class C Common Stock. Except as set forth below, the Class B Common Stock and Class C Common Stock have the same rights and preferences as our Class A Common Stock.

Voting Rights

Each holder of Class A Common Stock, Class B Common Stock or Class C Common Stock is entitled to one vote with respect to each share of Class A Common Stock, Class B Common Stock or Class C Common Stock held by such holder (regardless of class). The Class A Common Stock, Class B Common Stock and the Class C Common Stock vote together as a single class on all matters, except as otherwise required by the Delaware General Corporation Law or in the event of certain actions adversely affecting the rights and preferences of the Class B Common Stock or Class C Common Stock as more fully specified in our certificate of incorporation.

Subject to the provisions of Section 242(b)(2) of the Delaware General Corporation Law, any term or provision of our certificate of incorporation may be amended, and the number of authorized shares of our capital stock may be increased or decreased, by the affirmative vote of holders of a majority of the votes attributable to the then outstanding shares of Class A Common Stock, Class B Common Stock and Class C Common Stock voting together as a single class. Notwithstanding the foregoing, our certificate of incorporation currently provides that so long as any shares of either the Class B Common Stock or Class C Common Stock are outstanding, the certificate of incorporation may not be amended without the approval of the holders of a majority of the outstanding shares of the Class B Common Stock and/or Class C Common Stock, as applicable, voting separately as a class if such amendment would limit or otherwise modify the powers, designations, preferences, privileges or relative, participating, optional or other special rights of such class, whether by amendment or modification of the certificate of incorporation, by operation of a merger or combination or otherwise. However, the certificate of incorporation does provide that the number of authorized shares of any class or classes of capital stock may be increased or decreased (but not below the number of shares then outstanding) by affirmative vote of the holders of a majority of the votes attributable to then outstanding shares of Common Stock voting together as a single class. Therefore, no separate class vote would be required in this instance with respect to the increases in shares of authorized capital stock and authorized Class A Common Stock set forth in Proposals I and II. However, a separate class vote of the holders of the shares of Class B Common Stock and Class C Common Stock is required in connection with Proposal III because the creation of the Class D Common Stock in accordance with the terms of the form of Second Amended and Restated Certificate of Incorporation requires the elimination of the Class B Common Stock and Class C Common Stock.

Distributions

Subject to the terms of any preferred stock that our board of directors has the authority to designate and issue in the future, all distributions made by us to our stockholders shall be made to the holders of Class A Common Stock,

Class B Common Stock and Class C Common Stock in the following order of priority:

First, the holders of the shares of Class B Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, are entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal

Table of Contents

to \$1.15, plus an amount equal to nine percent (9%) per annum on such amount, without compounding, from the date the Class B Common Stock was first issued.

Second, the holders of the shares of Class C Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, are entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to \$3.30. After the full required distributions have been made to the holders of shares of Class C Common Stock (other than shares concurrently being converted into Class A Common Stock) as described in the previous sentence, each share of Class C Common Stock then outstanding must be retired and may not be reissued, and the holder thereof must surrender the certificates evidencing the shares to us.

Third, after the full distributions have been made to the holders of the shares of Class B Common Stock and Class C Common Stock as described above, all holders of the shares of Class A Common Stock and Class B Common Stock, as a single class, are thereafter entitled to receive all remaining distributions pro rata based on the number of outstanding shares of Class A Common Stock or Class B Common Stock held by each holder, provided that for purposes of such remaining distributions, each share of Class B Common Stock shall be deemed to have been converted into one share of Class A Common Stock (subject to adjustment of such conversion ration in respect of stock splits, combinations, stock dividends and certain other actions as more fully specified in our certificate of incorporation).

All such distributions must be made ratably among the holders of the class of Common Stock in question, based on the number of shares of such class held or deemed to be held by such holders.

Certain events, however, are not considered a distribution for purposes of determining the priority of distributions described above. Such events include: (a) any redemption or repurchase by us of any shares of Class A Common Stock or Class B Common Stock pursuant to the provisions of any other agreement with any of our or our subsidiaries directors, officers or employees, (b) any subdivision or increase in the number of (by stock split, stock dividend or otherwise), or any combination in any manner of, the outstanding shares of Class A Common Stock or Class B Common Stock in accordance with our certificate of incorporation, (c) a merger, share exchange or consolidation after the consummation of which our stockholders immediately prior to such merger, share exchange or consolidation effectively have the power to elect a majority of the board of directors of the surviving corporation or its parent corporation and (d) any other distribution, redemption, repurchase or other action at any time when there is any share of Class B Common Stock outstanding if the holders of a majority of the shares of Class B Common Stock then outstanding determine that such distribution, redemption, repurchase or other action shall not constitute a distribution for purposes of the above.

If our sale or liquidation occurs, or if we enter into a merger or business combination, the liquidation and distribution preferences of the Class B Common Stock and Class C Common Stock would result in the holders of Class B Common Stock and Class C Common Stock receiving a greater portion of the proceeds of such a transaction than such holders would be entitled to if the proceeds were allocated to holders of common stock pro rata based on their portion of our total equity. That is, in a sale, liquidation, merger or business combination, the payment of the preferences described above means that holders of Class B Common Stock and Class C Common Stock receive a share of the proceeds first, and then any remaining proceeds are divided among all of the shareholders of all classes of common stock. For example, if we were sold for a price at or near the amount of the preferences owed to holders of Class B and Class C Common Stock, there could be little or nothing left for distribution to holders of Class A Common Stock after such preferences are paid.

Conversion

Holders of shares of Class B Common Stock have the option to convert their shares of Class B Common Stock into shares of Class A Common Stock at any time based on a conversion factor in effect at the time of the conversion. The conversion factor is designed to yield one share of Class A Common Stock per share of Class B Common Stock converted, plus such additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of \$1.15 per share, plus an amount equal to nine percent (9%) per annum on such amount, without compounding, from the date the Class B Common Stock was first issued to the date of conversion. The conversion factor is calculated based on a number equal to one plus the quotient of \$1.15, plus 9% per annum (not

Table of Contents

compounded), divided by the fair market value (which is determined by reference to the prices at which Class A Common Stock trades immediately prior to the conversion). Therefore, so long as the Class B Common Stock has not yet received a full return of its \$1.15 and a 9% rate of return, if the market value of a share of Class A Common Stock increases, a share of Class B Common Stock will convert into fewer shares of Class A Common Stock, and if the market value of Class A Common Stock shares decreases, a share of Class B Common Stock will convert into more shares of Class A Common Stock. As of the record date, the current conversion factor is 6.364482191781 (one share of Class B Common Stock converts into 6.364482191781 shares of Class A Common Stock), and is subject to adjustment to account for anti-dilution protection, stock splits, stock dividends and certain other actions as more fully specified in our certificate of incorporation.

Holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock into shares of Class A Common Stock at any time based on a conversion factor in effect at the time of the conversion. The conversion factor is designed initially to yield one share of Class A Common Stock per share of Class C Common Stock converted, with the number of shares of Class A Common Stock reducing to the extent that distributions are paid on the Class C Common Stock. The conversion factor is calculated as (x) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (y) \$3.30. As of the record date, the current conversion factor is one (one share of Class C Common Stock converts into one share of Class A Common Stock) and is subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting Class A Common Stock.

Notwithstanding the Class C Common Stock conversion formula described above, if the fair market value used in determining the conversion factor for the Class B Common Stock in connection with any conversion of Class B Common Stock is less than \$3.30 (subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting Class A Common Stock), holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock (within 10 days of receipt of notice of the conversion of the Class B Common Stock) into a number of shares of Class A Common Stock equal to (x) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C common stock divided by (y) the fair market value used in determining the conversion factor for the Class B Common Stock. The aggregate number of shares of Class C Common Stock so converted by any holder shall not exceed a number equal to (a) the number of shares of Class C Common Stock held by such holder immediately prior to such conversion plus the number of shares of Class C Common Stock previously converted into Class A Common Stock by such holder multiplied by (b) a fraction, the numerator of which is the number of shares of Class B Common Stock converted at the lower price and the denominator of which is the aggregate number of shares of Class B Common Stock issued on December 15, 2004. Assuming conversion of the shares of Class B Common Stock at \$0.25 on the record date, the conversion factor would be 13.2 (one share of Class C Common Stock converts into 13.2 shares of Class A Common Stock).

Rights and Preferences of the Class D Common Stock

Except as set forth below, the Class D Common Stock will have the same rights and preferences as our Class A Common Stock:

The holders of the Class D Common Stock will have priority in certain distributions made to the other holders of Common Stock. The holders of the shares of Class D Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, will be entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to 9% per annum on the Class D issuance amount, without compounding, from the date the Class D Common Stock is first issued. However, we will be restricted in our certificate of incorporation from paying any distribution in cash to the holders of the Class D Common Stock for as long as the senior credit facility with Wells Fargo Foothill, Inc. is outstanding.

In addition to receiving any accrued but unpaid distributions described above, the holders of the Class D Common Stock will have the right to receive distributions *pari passu* with the holders of the shares of the Class A Common Stock, assuming for purposes of such calculation that each share of Class D Common Stock represented one share of Class A Common Stock (subject to adjustment to such conversion ratio for subsequent issuances by us of shares of our capital stock, or rights to acquire such shares, for less than the

Table of Contents

price the holders of the Class D Common Stock paid for their shares and for stock splits, combinations, stock dividends and certain other actions as more fully specified in our certificate of incorporation).

The holders of a majority of the Class D Common Stock will have the ability to authorize any payment that might otherwise be considered a distribution for purposes of our certificate of incorporation to be excluded from the distribution priority provisions described above.

Each share of Class D Common Stock will be entitled to one vote. The Class D Common Stock will vote together with all other classes of our Common Stock and not as a separate class, except as otherwise required by law or in the event of certain actions adversely affecting the rights and preferences of the Class D Common Stock as more fully specified in our certificate of incorporation.

At the option of each holder of Class D Common Stock, exercisable at any time and from time to time by notice to us, each outstanding share of Class D Common Stock held by such investor will convert into a number of shares of Class A Common Stock equal to the Class D Conversion Factor in effect at the time such notice is given. The Class D Conversion Factor will initially be one share of Class A Common Stock for each share of Class D Common Stock, subject to adjustment to such conversion ratio for subsequent issuances by us of shares of our capital stock, or rights to acquire such shares, for less than the price the holders of the Class D Common Stock paid for their shares and for stock splits, combinations, stock dividends and certain other actions as more fully specified in our certificate of incorporation.

A copy of the form of Second Amended and Restated Certificate of Incorporation including the amendments proposed herein is attached to this Proxy Statement as Annex D. The form of Second Amended and Restated Certificate of Incorporation eliminates the terms of the Class B Common Stock and the Class C Common Stock because it is a condition to closing of the private placement that all of these shares are either converted into shares of Class A Common Stock or purchased by us and retired. Therefore, approval of Proposal III would result in elimination of the Class B Common Stock and the Class C Common Stock.

No Dissenter's Rights

Under the Delaware General Corporation Law, our stockholders are not entitled to dissenter's rights with respect to the designation of the Class D Common Stock and the establishment of the rights and preferences with respect to such shares, and we will not independently provide stockholders with any such right.

Required Stockholder Approval

The affirmative vote of each of the following will be required to approve this proposal: (i) the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class, (ii) the holders of a majority of the votes attributable to the then outstanding shares of Class B Common Stock voting separately as a class and (iii) the holders of a majority of the votes attributable to the then outstanding shares of Class C Common Stock voting separately as a class. As such, abstentions and broker non-votes will have the same effect as a vote

AGAINST this proposal. If our stockholders approve the creation of the Class D Common Stock, subject to approval by the stockholders of Proposals I, II and IV, it will become effective upon our filing of the Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware, which is expected to take place immediately prior to the completion of the private placement.

THE BOARD OF DIRECTORS RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR APPROVAL OF THE CREATION OF THE CLASS D COMMON STOCK.

**BACKGROUND FOR PROPOSALS IV, V AND VI RELATING TO
THE ISSUANCE OF ADDITIONAL SHARES OF OUR STOCK**

Due to the interrelated nature of each of the contemplated transactions to be consummated by us if Proposals IV, V and VI are approved, each transaction must also be understood in order to fully understand each of the other transactions. The following background material regarding the private placements, the acquisitions and

related matters is subject to and qualified in its entirety by reference to each of the Private Placement Agreements, the form of Warrant Certificate, the Rand stock purchase agreement, the On Line stock purchase agreement and the purchase agreement regarding the purchase of Class B Common Stock from Brantley Capital, copies of which are attached as Annexes A, B, N, C, L and M, respectively, to this Proxy Statement and the terms of which are incorporated into this Proxy Statement by reference.

General

At a meeting of the board of directors held on March 31, 2005, at which all board members were present, management presented an analysis of the strengths, weaknesses, opportunities and threats of each of the surgery center, physician billing and collection, ASP software and physician practice management businesses. The discussion included an analysis of current operations and new business and growth opportunities. After a lengthy discussion, the board determined that the strategy of the business would be to focus on the billing and collection business and to look at strategic alternatives for the ASP and surgery center businesses. The board also instructed management to look at reducing costs associated with the corporate infrastructure.

At our board meeting held on April 11, 2005, at which all board members were present, Mr. Cascio led a discussion on the strategic alternatives discussed at the March meeting and our strategic plan was further refined and management was directed to proceed with the implementation of this plan.

In April 2005, we announced the initiation of a strategic plan designed to accelerate our growth and enhance our future earnings potential. The plan was to focus on our strengths, which include providing billing, collections and complementary business management services to physician practices. As part of this strategic plan, we announced that we would begin to divest certain non-strategic assets. In addition, we announced that we would cease investment in business lines that do not complement our strategic plan and would redirect financial resources and company personnel to areas that we believe enhance long-term growth potential.

During the summer of 2005 in furtherance of our acquisition strategy, we engaged an investment banking firm to help us identify acquisition targets in the billing and collection services industry. At board meetings held on June 1, 2005 and August 16, 2005, at which all board members were present (other than Messrs. LeBlanc and McIntosh, who were absent from the August 16, 2005 meeting), management reported to the board on the progress of the implementation of our strategic plan. In particular, the board engaged in a discussion of acquisition opportunities and directed management to establish parameters for potential acquisitions. At the August meeting, management presented a proposed engagement letter with Stephens, Inc. to serve as an investment banker to assist us in raising additional capital to help finance our potential acquisitions. After discussion, the board directed management to engage in discussions with a number of investment banking firms to ensure that we engaged a firm that would be most beneficial to us throughout this process.

In the third quarter of 2005, we successfully completed the consolidation of corporate functions into our Roswell, Georgia facility and also completed a series of divestitures of non-strategic assets in late 2005 and early 2006. With the completion of these divestitures, we believe that we are now positioned to focus on our physician services business and the physician billing and collections market, leveraging our existing presence to expand into additional geographic regions and increase the range of services we provide to physicians. Part of this strategy is to acquire financially successful billing companies focused on providing services to hospital-based physicians and increasing sales and marketing efforts in existing markets.

We determined that any acquisitions would require additional capital, and, in November 2005, we made a determination to explore potential sources of financing. At that time we engaged the investment banking firm of Stephens, Inc. to help us identify sources of financing, as well as help us structure the financing required for us to

complete potential acquisitions. At our board meeting held on November 15, 2005, at which all board members were present, management provided the board with a presentation provided by Stephens, Inc. as well as an engagement letter. After discussion the board unanimously approved the hiring of Stephens, Inc.

Acquisitions

In December 2005 we engaged a consultant to provide us with introductions to other potential acquisition targets. As a result of both the investment banker and consultant, introductions to management at Rand and the On

Table of Contents

Line businesses were made in December 2005 and January 2006 and we began the diligence process with respect to these businesses.

During the first and second quarters of 2006 we identified a number of potential acquisition candidates in the physician billing and collection businesses. We approached several of these candidates regarding a potential acquisition and were able to come to an agreement in principle with two of these businesses. In January 2006 we negotiated a non-binding letter of intent with the owners of the On Line businesses, and after conducting our diligence investigations into their financial, legal and business operations, we began negotiating definitive agreements. Likewise, in March 2006, we negotiated a non-binding letter of intent with the owner of the Rand business, and after conducting our diligence investigations into their financial, legal and business operations, we began negotiating definitive agreements. These negotiations resulted in our execution of the Stock Purchase Agreement, dated September 8, 2006, with the stockholder of Rand and the Stock Purchase Agreement, dated September 8, 2006, with the stockholders of the On Line businesses. While these businesses do not represent the only acquisition candidates with which management negotiated and conducted diligence investigations, they represent the businesses that management was most desirous of acquiring at this time.

At meetings of the board of directors on March 3, 2006 and March 17, 2006, at which all board members were present (other than Mr. Finn who was absent from the March 3, 2006 meeting) the board engaged in discussions regarding our strategic plan. At the March 3, 2006 meeting, Stephens, Inc. led a presentation to the board reviewing our proposed capital raise, discussion of the process, strategy and potential acquisitions as well as discussed a partial list of potential investors. At the March 17, 2006 meeting, management led a discussion regarding potential acquisition opportunities including Rand and On Line as well as provided an investor presentation prepared by management and Stephens for use in connection with the capital raise.

The board held a meeting on May 12, 2006, at which all board members were present, to discuss the progress with the proposed acquisitions of the Rand and On Line businesses. Management identified the principal financial terms of the proposed transactions and the board engaged in a discussion of these terms. In addition, management updated the board on the current status of the private placement, including identifying potential investors contacted and their responses. The board directed management to solicit proposals from firms regarding a fairness opinion and to report back to the board.

Private Placements

During the time that management was negotiating with the owners of Rand and On Line, management, with the assistance of Stephens, identified potential investors to approach with respect to providing financing for our ongoing business operations and these potential acquisitions.

At the board meeting held on July 19, 2006, at which all board members were present, management reviewed the process and the numerous discussions and meetings that management had with potential investors. The board was advised that management had received a term sheet relating to an investment by Phoenix and Brantley IV. The terms of the proposed investment were presented to the board. The board discussed the terms of the proposed private placement in detail as well as the status of discussions with other potential investors.

Because of the affiliation of Messrs. Cascio and Finn with Brantley IV, and because Phoenix is a limited partner of Brantley IV, our board of directors appointed a special committee of the board of directors to consider all aspects of the negotiation and approval of the Private Placement Agreements with Brantley IV and Phoenix on behalf of our board of directors. The board empowered the special committee to (i) review, negotiate and approve all aspects of the proposed investment in which Brantley IV and Phoenix are involved, (ii) select and approve a firm to issue a fairness opinion with respect to the terms of such proposed investment, and (iii) to engage professional advisors, as needed.

The special committee was appointed on July 19, 2006 and consisted of David Crane and Joseph M. Valley, Jr. During the negotiation of the Private Placement Agreements, we, on the one hand, and Brantley IV and Phoenix, on the other hand, were separately represented by counsel. Additionally, the special committee, after consideration of several proposals at its July 19, 2006 special committee meeting, engaged an independent firm, Valuation Research Corporation, to evaluate the price to be paid in the issuance of the Class D Common Stock for fairness from a financial point of view to our stockholders other than Brantley IV and Phoenix.

At the July 19, 2006, meeting of the special committee, at which both members were present, the members considered the terms of the investment by Brantley IV and Phoenix. The members discussed the terms, the status of

Table of Contents

negotiations with other potential investors and other potential alternative transactions at that time. Following the discussions, the special committee approved the terms of the proposed investments and authorized management to negotiate and finalize the terms of such investment subject to special committee approval of the final documentation.

The special committee met on August 8, 2006, September 1, 2006, and September 8, 2006, at which both members were present, to discuss the status of, and approve changes to, the proposed investment terms and agreements. On August 25, 2006, Valuation Research Corporation made an oral presentation to the special committee consisting of a preliminary overview of the methodologies it was undertaking and the analysis it was performing with respect to its opinion. After changes were negotiated by management and approved by the special committee to the terms of the private placement, on September 1, 2006, Valuation Research once again made an oral presentation to the special committee regarding its analysis. At the meeting held on September 8, 2006, principals from Valuation Research presented the terms of the fairness opinion. The principals of Valuation Research recounted the analysis they performed and identified the substantive components of their findings. Copies of the fairness opinion and related presentation were provided to each member of the special committee prior to the meeting. Following the presentation, a discussion ensued and the members of the special committee questioned the principals from Valuation Research regarding the nature of their analysis and results. At this meeting the members of the special committee approved the terms and conditions of the Private Placement Agreements and authorized the executive officers to enter into the Private Placement Agreements and recommended that our stockholders approve the sale of the Class D Common Stock and the issuance of the warrants to purchase shares of Class A Common Stock, pursuant to the Private Placement Agreements and the Warrant Certificate. No member of the special committee expressed reservations regarding proceeding with the proposed transactions.

On September 8, 2006, the board also held a meeting, at which all board members were present, to approve the terms of the Rand and On Line acquisition agreements, the amendments to our certificate of incorporation and the purchase agreement with Brantley Capital. After discussion the board unanimously approved the Rand and On Line acquisitions, the revised certificate of incorporation, the agreement with Brantley Capital, the issuance of shares of the Class A Common Stock as partial consideration for the Rand acquisition (and recommended that our stockholders approve such issuance) and the filing of our Proxy Statement. No member of the board expressed reservations regarding proceeding with the proposed transactions.

After months of discussions and meetings with many of these parties, including weekly meetings with Stephens, Inc. personnel, we were ultimately able to reach agreement on terms of the private placement with Phoenix and Brantley IV.

We have entered into a Stock Purchase Agreement dated as of September 8, 2006 with Phoenix and Brantley IV. Pursuant to the terms of the Stock Purchase Agreement, we will, subject to stockholder approval and satisfaction of the other closing conditions set forth therein, issue, for an aggregate purchase price of \$4,650,000, such number of shares of our Class D Common Stock representing upon conversion 19.375% of our outstanding Class A Common stock as of the date of issuance of the Class D common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital.

We have also entered into a Note Purchase Agreement dated as of September 8, 2006 with Phoenix. Pursuant to the terms of the Note Purchase Agreement, we will, subject to stockholder approval and satisfaction of the other closing conditions set forth therein, issue, for an aggregate purchase price of \$3,350,000, (i) our senior unsecured subordinated promissory notes due 2011 in the original principal amount of \$3,350,000 and (ii) warrants to purchase shares of our Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the Warrant Certificate, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described above but excluding certain of our outstanding options, warrants and convertible securities

and certain shares of Class B Common Stock to be purchased by us from Brantley Capital.

Interests of Our Directors and Officers in the Private Placement

Phoenix is a limited partner in Brantley IV and Brantley Partners V, L.P. Two of our directors, Paul H. Cascio and Michael J. Finn, are affiliated with Brantley IV and its related entities. Pursuant to the Stock Purchase Agreement, Phoenix and Brantley IV will pay \$3,000,000 and \$1,650,000, respectively, for the purchase of shares of our Class D

Table of Contents

Common Stock. Also, pursuant to the Note Purchase Agreement, Phoenix will pay \$3,350,000 for our senior subordinated and notes and our warrants to purchase shares of our Class A Common Stock. Paul Cascio and Michael J. Finn serve as general partners of the general partner of Brantley III and Brantley IV and are limited partners in these funds. Neither Phoenix, Brantley IV nor Messrs. Cascio or Finn are affiliated with Brantley Capital. The advisor to Brantley III is Brantley Venture Management III, L.P. and the advisor to Brantley IV is Brantley Management IV, L.P.

Because of the affiliation of Messrs. Cascio and Finn with Brantley IV, which is a purchaser under the Stock Purchase Agreement, and because Phoenix is a limited partner of Brantley IV, our board of directors appointed a special committee of the board of directors to consider all aspects of the negotiation and approval of the Private Placement Agreements with Brantley IV and Phoenix on behalf of our board of directors. The special committee consists of David Crane and Joseph M. Valley, Jr. When you consider the recommendation of our special committee that you vote FOR the adoption of Proposals IV and V, you should keep in mind that Messrs. Cascio and Finn may have interests in the private placement that are different from, or in addition to, your interest as a stockholder.

Our special committee was aware of these affiliations during its deliberations on the merits of the issuance of the shares of Class D Common Stock and the warrants to purchase shares of Class A Common Stock as part of the private placement and in determining to recommend to our stockholders that they vote FOR approval of the issuance of the Class D Common Stock and the warrants to purchase shares of Class A Common Stock pursuant to the Private Placement Agreements and the Warrant Certificate.

Our Reasons for the Private Placement

Our special committee has concluded that the terms of the Private Placement Agreements with Brantley IV and Phoenix are in the best interests of our stockholders and that the consummation of the private placement in accordance with the terms of the Private Placement Agreements (including the issuance of the Class D Common Stock and the warrants to purchase shares of Class A Common Stock) is in the best interests of our stockholders.

In approving the Private Placement Agreements and the issuance of our shares pursuant to the Private Placement Agreements, our special committee relied on information (including financial information) relating to our strategic plan, selected acquisition targets, the regulatory environment and industry, and the available financing opportunities. In addition, the special committee considered Valuation Research Corporation's opinion that, based on conditions and considerations described in its opinion, the price to be paid for the Class D Common Stock to us is fair from a financial point of view to the stockholders other than Brantley IV and Phoenix.

In assessing the overall market for billing, collections and complementary business management services to physician practices and other factors, the special committee considered the following:

Attractive Market Opportunity: According to industry research, the hospital-based physician billing and collection industry is a \$7.3 billion market, of which only 30% is currently outsourced. Management believes that the outsourcing market is estimated to be growing at 15% per year, driven by reimbursement pressures, lost revenues and a complex billing environment.

Experienced Senior Management Team and Board: Each member of our senior management has more than 20 years of relevant healthcare experience. Members of our board of directors include seasoned healthcare and financial professionals.

Established Hospital-Based Physician Billing and Collection Platform: Our existing infrastructure provides a platform to support a larger billing and collection operation, capable of producing significant earnings growth

and returns on capital.

Recurring Revenue Model: The combination of long-term contracts and high customer retention rates provides for an attractive recurring revenue stream.

Fragmented Industry with Multiple Acquisition Opportunities: The hospital-based physician billing and collection industry is comprised of more than 700 companies with the largest having a market share of only 6%. Over 300 of these are regional and local companies producing revenues of \$3 to \$20 million.

In addition, our special committee considered a wide variety of factors in connection with its evaluation of the Private Placement Agreements. In light of the complexity of those factors, the special committee did not consider it

Table of Contents

practicable to, nor did it attempt to quantify or otherwise assign relative weights to specific factors it considered in reaching its decision. Some of the factors considered by the special committee are as follows:

Positive Factors:

the proceeds from the private placement will enable us to complete acquisitions contemplated by our current growth strategy which involves both organic growth in our medical billing segment and entering into new markets;

the current state of the overall market for billing, collections and complementary business management services to physician practices is conducive to acquisition;

our belief that historical information concerning our business focus, financial performance and condition, operations, technology and management was not indicative of the full value of our company and there was opportunity for improvement;

management's view of our financial condition, results of operations and business before and after giving effect to the acquisitions of Rand and On Line, and the positive effect they will have on our stockholder value;

current financial market conditions, historical stock market prices, volatility and trading information, taking into consideration that we believe our current stock price does not reflect the value of our operations;

after completion of the proposed transactions, our capital structure will not be as complex because we will no longer have shares of Class B or Class C Common Stock outstanding, which had a significant dilutive effect;

the specific negotiated terms of the Private Placement Agreements relative to our experience and investigation into similar transactions.

Negative Factors:

the risks and uncertainties of our ability to execute our strategic plan and to enhance stockholder value;

the risks that we are unable to successfully integrate the operations of Rand and the On Line businesses into our business;

the risks associated with the increase in leverage, which we believe is offset by the projected increase in our earnings;

the issuance of shares of our Class D Common Stock in the private placement and the issuance of the Class A Common Stock in connection with the Rand acquisition will have a dilutive effect on our current stockholders and holders of convertible securities, which we believe is partially offset by the contemplated repurchase of the shares of Class B Common Stock currently held by Brantley Capital;

by virtue of the aggregate number of shares of Class D Common Stock that Brantley IV will acquire in connection with the private placement, Brantley IV would again own a majority of the voting power of our equity securities and we would, once again, become a controlled company under the listing rules with AMEX; and

upon conversion of the Class D Common Stock or exercise of the warrants, sales of the Class A Common Stock pursuant to a registration statement, as contemplated by the Registration Rights Agreement to be delivered to Phoenix and Brantley IV in connection with the private placement, could have an adverse affect on the market price of our Class A Common Stock.

In assessing the foregoing factors, the board, including the members of the special committee, was provided with reports and summaries regarding the status of the billing and collections industry based on market research conducted by management. The board also reviewed our historical financial information and performance; background, financial and general information regarding Rand and On Line; Valuation Research's fairness opinion and background presentation; presentations prepared by Stephens, Inc. regarding financial opportunities, the presentation used by us in connection with discussions with private investors as well as copies of the Private Placement Agreements and acquisition agreements and related documents.

Table of Contents**Purchase of our Class B Common Stock from Brantley Capital**

On September 8, 2006 we entered into a purchase agreement with Brantley Capital to purchase all 1,722,983 shares of our Class B Common Stock owned by Brantley Capital at any time between now and December 31, 2006 for an aggregate purchase price of \$482,435. Upon our acquisition of these shares of Class B Common Stock they will be retired in accordance with the terms of our certificate of incorporation. We plan to consummate this purchase simultaneous with the closing of the private placement. We anticipate using a portion of the proceeds from the private placement, along with proceeds from senior bank financing and other funds available to us, to fund the purchase price for our purchase of the shares of Class B Common Stock owned by Brantley Capital. A copy of the purchase agreement with Brantley Capital is attached here to as Annex M.

These shares represent about 16.5% of our outstanding shares of Class B Common Stock (and about 10.7% of our outstanding shares of Class A Common Stock on a fully-diluted basis assuming conversion as of the record date) and our purchase of these shares will assist us in satisfying the closing condition to the private placement that requires all holders of shares of our Class B Common Stock and Class C Common Stock to have converted or been acquired by us. Brantley Capital had previously informed us that they would not convert their shares as required in connection with the consummation of the private placement and our board of directors determined that the terms of this purchase were in the best interests of our stockholders and our ability to consummate the private placement. If Brantley Capital were to convert these shares to shares of Class A Common Stock, then, as of the record date, they would convert into 10,965,895 shares of Class A Common Stock. Our purchase and retirement of these shares would eliminate the dilution resulting from conversion of these shares and would have an accretive effect to all other stockholders.

Sources and Use of Proceeds

Some or all of the proceeds we receive upon consummation of the transactions set forth in the Private Placement Agreements, along with proceeds from senior bank financing and other funds available to us, will be used to finance a portion of the acquisitions of the Rand and On Line businesses, our purchase of certain shares of our Class B Common Stock from Brantley Capital and for general working capital purposes.

Below is a summary of the sources and uses of funds in connection with the transactions described in this Proxy Statement. Additional information regarding the sources and uses of funds can be found under the headings Private Placement Agreements and Acquisitions below.

New Senior Secured Credit Facility

We have entered into a non-binding letter of intent (a copy of which is attached as Annex O) with Wells Fargo Foothill, Inc. for the provision of a new senior secured credit facility in the aggregate principal amount of

Table of Contents

\$16,500,000, consisting of a \$2,000,000 revolving loan commitment, a \$4,500,000 term loan and a \$10,000,000 acquisition facility commitment available for future acquisitions. We are currently negotiating the definitive terms of the documentation for this credit facility but anticipate that the substantive provisions of the relevant agreements will be as follows. The credit facility will have a maturity of four years and will be secured by a first priority security interest in substantially all of our assets, including the assets of the Rand and On Line businesses following consummation of those acquisitions. The loans under the credit facility will bear interest at floating rates of interest that would be in the range of the prime rate plus 1.75% or LIBOR plus 3.75%. Availability under the revolving loan will be dependent on our ability to meet a borrowing base formula determined based on certain multiples of our pro forma trailing twelve month earnings before interest, taxes, depreciation and amortization (EBITDA). The credit facility will be subject to certain mandatory prepayment obligations and certain prepayment penalties. In addition, we will be obligated to meet certain financial covenants including maintenance of minimum levels of EBITDA and minimum levels of customer turnover, maintenance of certain fixed charge coverage ratios and maximum leverage ratios, and limitations on annual capital expenditures. The obligations of this lender to consummate the credit facility will be subject to certain closing conditions, including negotiation of definitive documentation and diligence investigations. We anticipate that the closing of the credit facility will occur simultaneously with the closing of the private placement and the acquisitions of the Rand and On Line businesses. Our consummation of a credit facility of at least \$6,500,000 with a senior lender is a condition to the obligations of Phoenix and Brantley IV to consummate the private placement and a portion of the funds available under such credit facility will be necessary to consummate the acquisitions of the Rand and On Line businesses. There is no guarantee that we will be able to consummate this credit facility on these terms or with this institutional lender. If we are unable to reach agreement on a credit facility with this lender, then we will seek to find another institutional lender to provide a credit facility on similar terms, but there is no guarantee that we will be able to find such a lender or be able to negotiate similar terms to such credit facility.

Necessity for Stockholder Approval

As a result of our Class A Common Stock being listed for trading on AMEX, issuances of our Common Stock are subject to the provisions of the AMEX Company Guide, including Sections 712 and 713. Pursuant to Section 712 of the AMEX Company Guide, prior to seeking to have any additional shares of our Class A Common Stock listed on AMEX which shares are to be used as consideration for the acquisition of another company, we must seek stockholder approval if, among other things, the present or potential issuance of our Class A Common Stock (or securities convertible into our Class A Common Stock) could result in an increase by 20% or more in the number of our outstanding shares of Class A Common Stock.

Similarly, pursuant to Section 713 of the AMEX Company Guide, prior to seeking to have any additional shares of our Class A Common Stock listed on AMEX in connection with any such transaction, we must seek stockholder approval if such shares are to be sold, issued or potentially issued both (i) at a price less than the greater of book or market value, and (ii) either (a) such shares together with shares sold by our officers, directors or principal stockholders equals 20% or more of the number of shares of our presently outstanding Class A Common Stock (on an as converted basis) or (b) such shares equal to 20% or more of the number of shares of our presently outstanding Class A Common Stock (on an as converted basis).

Pursuant to the terms of the Private Placement Agreements and as more fully described in this Proxy Statement under Proposals IV and V, we intend to issue (i) shares of our Class D Common Stock, representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital and (ii) warrants to purchase shares of our Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the warrants, taking into account the

issuance of the shares of Class D Common Stock described in this Proxy Statement but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. In addition, pursuant to the terms of the stock purchase agreement for the acquisition of Rand and as more fully described below, we have agreed to issue such number of shares of our Class A

Table of Contents

Common Stock having a value of \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing of the acquisition of Rand.

If we were to consummate the private placement and the Rand acquisition as of our record date, October 20, 2006, we would be obligated to issue 20,772,427 shares of Class D Common Stock (representing 18.4% of our Class A Common Stock on an as converted basis) pursuant to the Private Placement Agreements, warrants to purchase 1,197,564 shares of our Class A Common Stock (representing 1.1% of our Class A Common Stock on an as converted basis) pursuant to the Private Placement Agreements and the Warrant Certificate and 2,400,000 shares of our Class A Common Stock (representing 2.1% of our Class A Common Stock on an as converted basis) in connection with the Rand acquisition. The closing price of our Class A Common Stock on the record date was \$0.25 per share. While none of these transactions individually would require issuances in excess of 20% of our outstanding Class A Common Stock (on an as converted basis), the combination of all three issuances will exceed 20% of our outstanding Class A Common Stock (on an as converted basis) and the issuance of the shares to Phoenix and Brantley IV and the warrants to Phoenix in the private placement, if consummated on October 20, 2006, would be at a price per share of \$0.22, representing a \$0.03 per share discount from the closing price of \$0.25 for a share of our Class A Common Stock. In addition, since the price per share used in the calculation of the shares to be issued in the Rand acquisition is based on a twenty day average, it is possible that the shares issued in that transaction may be issued at a discount, at a premium or at market. If consummated on October 20, 2006, the shares in the Rand acquisition would have been issued at \$0.26 per share, representing a premium of \$0.01 per share from the closing price of \$0.25 per share. Representatives of AMEX have advised us that they would aggregate these three transactions for purposes of determining whether stockholder approval is required under Sections 712 and 713 of the AMEX Company Guide. Therefore, our board of directors has decided to submit Proposals IV, V and VI to our stockholders for their consideration and approval prior to consummating these transactions.

PROPOSAL IV

APPROVAL TO ISSUE SHARES OF OUR CLASS D COMMON STOCK IN A PRIVATE PLACEMENT

As described above, as part of our financing, on September 8, 2006 we entered into a Stock Purchase Agreement with Phoenix and Brantley IV pursuant to which we agreed to issue, for an aggregate purchase price of \$4,650,000, such number of shares of our Class D Common Stock representing upon conversion 19.375% of our outstanding Class A Common Stock as of the date of issuance of the Class D Common Stock, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. If we were to consummate the private placement as of our record date, October 20, 2006, we would be obligated to issue 20,772,427 shares of Class D Common Stock (representing 18.4% of our Class A Common Stock on an as converted basis) pursuant to the Stock Purchase Agreement. Proposal IV seeks stockholder approval of the issuance of these shares of our Class D Common Stock to Phoenix and Brantley IV pursuant to the Stock Purchase Agreement. Reference is hereby made to the summary of terms of this transaction appearing above, the summary of the Stock Purchase Agreement appearing below, and the Stock Purchase Agreement attached hereto as Annex A.

Opinion of Financial Advisor

On July 21, 2006, our board of directors retained Valuation Research Corporation to provide an opinion to the board of directors and the special committee as to the fairness, from a financial point of view, to the stockholders other than Brantley IV and Phoenix of the price to be paid for the shares of Class D Common Stock to be issued to Brantley IV and Phoenix pursuant to the Stock Purchase Agreement. We paid Valuation Research Corporation approximately \$88,000, plus reimbursement of reasonable out-of-pocket expenses, for its services with respect to providing the

fairness opinion and related materials preparation. No portion of Valuation Research Corporation's fee is contingent upon the conclusions reached in its opinion, the closing of the private placement transaction or consummation of any acquisition transaction.

Table of Contents

On August 25, 2006, Valuation Research Corporation made an oral presentation to the special committee consisting of a preliminary overview of the methodologies it was undertaking and the analysis it was performing with respect to its opinion. After discussion with the special committee and further analysis, Valuation Research Corporation presented its opinion both orally and in writing on September 8, 2006 stating that, as of such date, and subject to the assumptions, limitations and qualifications set forth in its written opinion, the price to be paid for the shares of Class D Common Stock to be issued to Brantley IV and Phoenix pursuant to the Stock Purchase Agreement is fair to the stockholders, other than Brantley IV and Phoenix, from a financial point of view.

In undertaking its analysis Valuation Research Corporation, among other things, (i) reviewed drafts of relevant transaction documents; (ii) reviewed historic and projected financial information from our management; (iii) conducted an in-person visit to our corporate headquarters and held telephonic discussions with certain members of our management team with respect to, among other subjects, our past, present, and future operating and financial conditions; (iv) reviewed public information regarding our industry, including with respect to certain publicly traded companies that Valuation Research Corporation deemed comparable to us and certain mergers and acquisitions involving businesses that Valuation Research Corporation deemed comparable to us; and (v) conducted such other reviews, analyses and inquiries and considered such other economic, industry, market, financial, other information and data as they deemed appropriate.

Overview of Opinion

Valuation Research Corporation's opinion is not intended to be, and does not constitute, a recommendation to any stockholder as to how such stockholder should vote with respect to the proposals set forth in this Proxy Statement. Valuation Research Corporation's opinion does not address the fairness of the consideration to be paid, or received, in connection with or the fairness of the acquisitions of Rand or On Line. In addition, the only opinion expressed by Valuation Research Corporation is that the price to be paid to us for the shares of Class D Common Stock to be issued to Brantley IV and Phoenix pursuant to the Stock Purchase Agreement is fair, from a financial point of view, to our stockholders, excluding Brantley IV and Phoenix. Valuation Research Corporation does not express any opinion with respect to the fairness of the purchase by us of shares of our Class B Common Stock from Brantley Capital.

Valuation Research Corporation presented its analysis, as described below, at the meeting of the special committee on September 8, 2006, in connection with the special committee's consideration of the approval of the terms of the Stock Purchase Agreement, including the issuance of the shares of Class D Common Stock. Valuation Research Corporation's opinion assumes that we are a going concern and gives effect to the consummation of the transactions described in this Proxy Statement. For purposes of conducting its analysis, Valuation Research Corporation's opinion assumes that the closing price of our Class A Common Stock at the time of consummation of the transactions described in this Proxy Statement is the same as it was on September 7, 2006, \$0.23 per share. Based on this assumption Valuation Research Corporation calculated that 21,969,024 shares of Class D Common Stock would be sold to the investors for \$4,650,000.

In undertaking its analysis, Valuation Research Corporation deemed that the \$4,650,000 of consideration to be received by us in exchange for issuance of the Class D Common Stock consists of two components of value: (1) the value associated with the 9% per annum, non-compounding dividend on the shares of Class D Common Stock (the Dividend Preference) and (2) the residual equity value of the shares of Class D Common Stock (the Class D Common Equity or Class D Common Equity Value). Valuation Research Corporation used an internal rate of return analysis to allocate the \$4,650,000 purchase price between the Class D Common Equity Value and the Dividend Preference value. Applying a 20.5% discount rate over five years, Valuation Research Corporation determined that the Dividend Preference had a value of \$825,000, which resulted in a Class D Common Equity Value of \$3,825,000. Valuation Research Corporation selected a 20.5% discount rate by adding a spread, determined through its professional judgment and experience, to the implied combined return of the 14% senior unsecured promissory note and warrant to

purchase 1.117% of the outstanding Class A Common Stock issued to Phoenix. The spread was added to estimate the increased risks and higher required return needed to compensate our investors for the junior ranking of the Dividend Preference to the 14% senior unsecured promissory note. In determining the amount of the spread, Valuation Research Corporation considered these risks, the going concern qualification expressed by our auditors, our relatively small market capitalization and the potential uncertainty

Table of Contents

relating to our ability to execute our corporate strategy in the future and as well as its professional judgment and experience. Valuation Research Corporation further determined, based on the Class D Common Equity Value and the number of shares of Class D Common Stock to be issued, that the investors would be paying a cash price of \$0.17 per Class D Common Equity share.

Valuation Research Corporation used several methodologies to assess the fairness, from a financial point of view, of the deemed \$0.17 price per Class D Common Equity share. The following is a summary of the financial analyses performed by Valuation Research Corporation in connection with rendering its opinion. The full text of Valuation Research Corporation's opinion, dated September 8, 2006, which describes, among other things, the limitations on such opinion as well as the assumptions and qualifications made, general procedures followed, and matters considered by Valuation Research Corporation in its review, is attached as Annex E to this Proxy Statement. **The summary of Valuation Research Corporation's opinion contained in this Proxy Statement is qualified in its entirety by reference to the full text of the opinion. You are urged to carefully read Valuation Research Corporation's opinion in its entirety, especially with respect to the qualifications and limitations set forth in it.**

Valuation Research Corporation's analyses included a fundamental valuation of us using a market and acquisition multiples approach and a discounted cash flow approach.

Valuation Research Corporation performed each of the following analyses based upon its view that each is appropriate and reflective of generally accepted valuation methodologies in light of the industries in which we operate, our trading volume relative to total shares outstanding, the accessibility of information regarding comparable publicly-traded companies and the availability of projections from our management. Further, Valuation Research Corporation did not rely exclusively on any one methodology but rather it considered all of the following methodologies in arriving at its conclusions.

No company, transaction or business used in the market and acquisition multiples approach as a comparison is identical to us. Accordingly, an analysis of the results of the foregoing is not entirely mathematical; rather it involves complex considerations and judgments concerning differences in the financial and operating characteristics and other factors that could affect the acquisitions, public trading and other values of the comparable companies, selected transactions or the business segment, company or transactions to which they are being compared. The analyses were prepared solely for purposes of Valuation Research Corporation's opinion to our special committee as to the fairness, from a financial point of view, of the price to be paid for the Class D Common Stock.

Market and Acquisition Multiples Approach

The purpose of the market and acquisition multiples approach is to determine a range of values for shares of our Class A Common Stock on a fully diluted basis, which range is then compared to the \$0.17 per share price deemed to be paid for the Class D Common Equity on a fully converted basis.

This approach to valuation involves the analysis of certain other publicly-traded companies and companies that have been acquired in recent change-of-control transactions that Valuation Research Corporation selected because they have certain business operations, financial characteristics and fundamental economic and industry drivers that provide a reasonable basis for comparison to us for valuation purposes. The analysis involves comparing financial and operating data, such as earnings and cash flow, to aggregate market value of equity and/or enterprise value (or aggregate value of equity plus debt, preferred stock and minority interest, net of cash) to generate valuation metrics, or multiples. The associated multiples, are derived from publicly-traded stock prices and acquisitions of controlling interests in companies. The multiples exhibited from the publicly-traded stock prices and from the selected change-of-control transactions are then used as a basis for selecting an appropriate range of multiples for us to generate a range of per share values for Class A Common Stock on a fully diluted basis, which range is then compared

to the \$0.17 per share price deemed to be paid for the Class D Common Equity. Multiples are generally regarded as an expression of what investors believe to be an appropriate rate of return for a particular security given the inherent risks of ownership of such security.

Table of Contents

Accordingly, in connection with this analysis, Valuation Research Corporation reviewed certain financial information of publicly-traded companies engaged in the healthcare industry. The publicly-traded companies selected by Valuation Research Corporation for analysis included Triad Hospitals Inc., Universal Health Services Inc., Lifepoint Hospitals, Inc., Per-Se Technologies Inc., Alliance Imaging Inc., AmSurg Corp, Symbion Inc., Eresearchtechnology Inc., U.S. Physical Therapy Inc., Sunlink Health Systems, Inc., Prospect Medical Holdings, Inc., UCI Medical Affiliates Inc., and Emergent Group Inc. Valuation Research Corporation noted that no single publicly-traded company used in this analysis is directly comparable to us.

Valuation Research Corporation calculated and considered certain financial ratios of the selected publicly-traded companies based on publicly available information, including, among others, the multiples of enterprise value (EV), the equity value of the comparable company plus all interest-bearing debt, preferred securities, and minority interests, less cash and cash equivalents to EBITDA for, the latest twelve month period ended June 30, 2006 (LTM), as projected for the fiscal year ending December 31, 2006 (current fiscal year, or CFY), and as projected for the fiscal year ending December 31, 2007 (next fiscal year, or NFY). Enterprise value to EBITDA multiples are commonly used by investment bankers, institutional research analysts and other financial professionals to determine the value of companies in connection with the market and acquisition multiples approach. Valuation Research Corporation noted that mean and median the multiples for the selected publicly-traded company group as of September 7, 2006 were as follows:

Company	EV/EBITDA		
	LTM	CFY	NFY
Triad Hospitals Inc.	7.2x	7.3x	6.6x
Universal Health Services, Inc.	8.4x	8.3x	7.7x
Lifepoint Hospitals, Inc.	9.0x	8.2x	7.5x
Per-Se Technologies Inc.	10.8x	10.3x	8.9x
Alliance Imaging Inc.	5.8x	6.5x	5.9x
AmSurg Corp	5.2x	5.1x	4.8x
Symbion Inc.	7.5x	7.5x	6.3x
Eresearchtechnology Inc.	11.6x	11.6x	7.8x
U.S. Physical Therapy Inc.	6.1x	6.4x	5.2x
Sunlink Health Systems, Inc.	6.6x	n/a	n/a
Prospect Medical Holdings, Inc.	4.0x	n/a	n/a
UCI Medical Affiliates Inc.	4.6x	n/a	n/a
Emergent Group Inc.	6.5x	n/a	n/a
Median	6.6x	7.5x	6.6x
Mean	7.2x	7.9x	6.7x

Accordingly, in connection with this analysis, Valuation Research Corporation reviewed certain publicly available financial information regarding transactions of companies engaged in lines of business in industries similar to us. Valuation Research Corporation identified announced change-of-control acquisitions of the following companies: HCA Inc., Beverly Enterprises Inc., Occupational Health & Rehabilitation Inc., NDC Health Corp, Select Medical Corp, US Oncology, Inc., Prime Medical Services, Inc., Landacorp Inc., Comprehensive Medical Imaging Inc., and Pro Vantage Health Services Inc.

This analysis resulted in indicated mean and median EV/ LTM EBITDA multiples of 7.5x and 7.1x, respectively. Enterprise value to EBITDA multiples are commonly used by investment bankers, institutional research analysts and other financial professionals to determine the value of companies in connection with change-of-control transactions.

To account for differences between us and certain publicly traded companies and companies that have been acquired in recent change of control transactions, Valuation Research Corporation selected EV/LTM, EV/CFY and EV/NFY multiples that were lower than the median and mean multiples observed for certain publicly traded companies and companies that have been acquired in recent change of control transactions to reflect the inherent

Table of Contents

differences in companies. Valuation Research Corporation selected the lower multiples because, in their professional judgment, an investment in our securities would involve more risk than an investment in the comparable publicly traded companies and companies that have been acquired in recent change of control transactions identified by Valuation Research Corporation due to such factors as: the going concern qualification expressed by our auditors; our smaller market capitalization and the potential uncertainty relating to our ability to execute our corporate strategy in the future, all of which are factors applicable to us but may or not be applicable to the other publicly traded companies and companies that have been acquired in recent change of control transactions identified by Valuation Research Corporation. The use of EV/LTM, EV/CFY and EV/NFY multiples that are lower than the median and mean multiples observed for certain publicly traded companies and companies that have been acquired in recent change of control transactions result in a lower implied value of the Class A Common Stock on a fully-diluted basis than if the median and mean observed multiples were applied. Valuation Research Corporation derived enterprise value indications for us by applying multiples of 6.0x to 7.0x to our LTM, CFY, and NFY proforma EBITDA, which were adjusted for nonrecurring expenses such as professional fees, loss on sale of property, discontinued operations and consummation of the acquisitions of Rand and Online. In deriving our adjusted LTM, CFY and NFY EBITDA, Valuation Research Corporation assumed that we would not undertake any future acquisitions (other than the acquisitions of Rand and On Line) because our current financial position makes our ability to consummate future acquisitions speculative. Valuation Research Corporation subtracted all interest-bearing debt and Dividend Preference value and added cash and cash equivalents to the derived enterprise value to calculate the equity value. The equity value was divided by the proforma fully-diluted shares of Class A Common Stock outstanding assuming consummation of the transactions described in this Proxy Statement to determine the indications of equity value per share of Class A Common Stock. Using these assumptions, this approach yielded an implied price for our Class A Common Stock in the range of \$0.03 to \$0.07 per share on a fully diluted basis. The multiples selected were based on the mean and median multiples exhibited by the comparable publicly-traded companies and change-of-control transactions. Valuation Research Corporation noted that the \$0.17 per share price deemed to be paid for the Class D Common Equity is above the range of values resulting from this analysis.

Valuation Research Corporation noted that the accuracy of this valuation methodology is dependent on the extent to which the selected publicly-traded companies are comparable to the company being analyzed and on the extent to which the selected change-of-control transaction target companies are comparable to the company being analyzed. In our case, Valuation Research Corporation observed that several of the publicly-traded companies and change-in-control target companies used in the analysis were of a different size than us, operated in channels different from us or operated in different economic environments than we do.

Discounted Cash Flow Approach

The purpose of the discounted cash flow approach is to determine a range of values for shares of our Class A Common Stock on a fully diluted basis, which range is then compared to the \$0.17 per share deemed price to be paid for the Class D Common Equity. The discounted cash flow approach is another commonly used method of determining the value of a company. The approach involves calculating the present value of the estimated future debt free cash flows projected to be generated by the business and theoretically available (though not necessarily paid) to the capital providers of the company. The discounted cash flow approach involves calculating the present value of (i) the estimated debt free cash flows generated by a company and (ii) the value of the company at the end of the projection period, or terminal value. The present value of such amounts is determined by discounting the cash flows to present value using a discount rate that is intended to reflect all risks of ownership and the associated risks of realizing the stream of projected future cash flows. The discount rate can also be interpreted as the weighted average cost of capital or the rate of return that would be required by investors providing capital to a company to compensate them for the time value of their money and the risk inherent in the particular investment.

Valuation Research Corporation calculated a range of enterprise values for us as the sum of the present values of (i) our estimated future debt-free cash flows generated during the quarter ending September 30, 2006 through fiscal year ended 2011 and (ii) our terminal value at the end of the projection period. The estimated future debt-free cash flows were based on projections provided by our management. The range of our terminal values was calculated based on projected 2011 EBITDA and a range of EBITDA multiples of 5.5x to 6.5x. The representative EV/EBITDA multiple range was derived from a representative range of multiples observed with comparable public companies, acquisition transactions, and multiples paid by us in the transactions described in this Proxy Statement.

Table of Contents

Valuation Research Corporation used discount rates ranging from 16.0% to 18.0% for us based on our estimated weighted average cost of capital. The range of discount rates are based upon a range of implied weighted-average costs of capital observed with comparable publicly traded companies, information published by Ibbotson Associates in its Cost of Capital 2006 Yearbook setting forth the range of weighted average cost of capital for business services companies, like us, as 14.61% to 17.04%, and adjustments made based upon Valuation Research Corporation's professional judgment and experience to account for the going concern qualification expressed by our auditors, our relatively small market capitalization, and the potential uncertainty relating to our ability to execute our corporate strategy in the future. Ibbotson Associates is a leading source used by financial advisors and valuation experts to identify general financial metrics for various industry sectors. In calculating our EBITDA for purposes of this analysis, Valuation Research Corporation assumed that we would not undertake any future acquisitions (other than the acquisitions of Rand and On Line) because our current financial position makes our ability to consummate future acquisitions speculative. Valuation Research Corporation subtracted all interest-bearing debt and Dividend Preference value and added cash and cash equivalents to the derived enterprise value to calculate the equity value. The equity value was divided by the pro forma fully-diluted shares of Class A Common Stock outstanding assuming consummation of the transactions described in this Proxy Statement to determine the indications of equity value per share of Class A Common Stock. Using these assumptions, this analysis indicated an implied price for our Class A Common Stock in the range of \$0.05 to \$0.09 per share on a fully diluted basis. Valuation Research Corporation noted that the \$0.17 per share price deemed to be paid for the Class D Common Equity is above the range of values indicated by this analysis.

While the discounted cash flow approach is a widely accepted and practiced valuation methodology, it relies on a number of assumptions, including revenue growth rates, profit margins, working capital ratios, capital expenditures, terminal multiples and discount rates.

Conclusion

On September 8, 2006, Valuation Research Corporation delivered an oral opinion to the special committee, which was reconfirmed both orally and in writing on September 8, 2006, stating that, as of the date of the opinion, the price to be paid for the shares of Class D Common Stock to be issued to Brantley IV and Phoenix pursuant to the Stock Purchase Agreement is fair to our stockholders, excluding Brantley IV and Phoenix, from a financial point of view. This opinion was based upon and subject to the assumptions, qualifications and limitations made and matters considered by Valuation Research Corporation in its review as set forth in its written opinion.

As a matter of course, we do not publicly disclose forward-looking financial information. Nevertheless, in connection with its review, Valuation Research Corporation considered our financial projections. These financial projections were prepared by our management based on assumptions regarding our future performance. The financial projections were prepared under market conditions as they existed as of September 8, 2006. The financial projections do not take into account any circumstances or events occurring after the date they were prepared. In addition, factors such as industry performance, general business, economic, regulatory, market and financial conditions, as well as changes to our business, financial condition or results of operation, including without limitation such changes as may occur as a result of the risk factors we identified in this Proxy Statement and in our other filings with the SEC, may cause the financial projections or the underlying assumptions to be materially inaccurate. As a result, the financial projections are not necessarily indicative of future results.

Valuation Research Corporation's opinion is necessarily based on economic, financial, industry, market and other conditions as in effect on, and the information made available to it as of, the date the opinion is issued. Valuation Research Corporation has not undertaken, and is under no obligation, to update, revise, reaffirm or withdraw its opinion, or otherwise comment on or consider events occurring after the date on which the opinion was issued.

Controlled Company Status

AMEX has adopted minimum requirements for director independence and nominating and compensation committee membership. These requirements do not apply to any company who has a majority of the voting power of its equity securities controlled by a single owner or group. Prior to April 12, 2006, Brantley III, Brantley IV and Brantley Capital were affiliated entities that owned over a majority of the voting power of our issued and outstanding Common Stock. Until that time, we were considered a controlled company under the AMEX rules

Table of Contents

and, as such, were not required to comply with certain of AMEX's rules regarding director independence and nominating and compensation committee membership.

On April 12, 2006, Brantley IV and Brantley III filed with the SEC an amendment to their Schedule 13D relating to us indicating that Brantley Capital had terminated its investment advisory relationship with Brantley Capital Management on September 28, 2005, which resulted in Brantley Capital no longer being an affiliate of Brantley III or Brantley IV. Therefore, no individual or group now owns a majority of the voting power of our equity securities and we are no longer a controlled company under the listing rules of AMEX. The board of directors has since modified its nominating procedures and Compensation Committee membership to comply with the AMEX rules and we have one year from April 12, 2006 within which to establish a board of directors consisting of 50% directors who are independent for purposes of the corporate governance standards for small business issuers of AMEX. However, as a result of the issuance of the Class D Common Stock to Brantley IV in connection with the private placement, Brantley IV would own a majority of the voting power of our equity securities and we would once again become a controlled company under the listing rules of AMEX. As a controlled company, we would not need to comply with, and our stockholders would not have the protection provided by, certain AMEX requirements which mandate that (i) at least a majority of our directors must be independent; (ii) all board members must be nominated by a committee comprised solely of independent directors or by a majority of the independent directors, and (iii) compensation for our chief executive officer must be determined by a compensation committee comprised of independent directors.

Appraisal or Dissenters Rights

No appraisal rights are available under the Delaware General Corporation Law for our stockholders in connection with the private placement or the issuance of the shares of Class A Common stock as part of the Rand acquisition.

Consequences If This Proposal and Other Proposals Are Not Approved

If Proposal IV is not approved by our stockholders at the Special Meeting, then we will not be able to consummate the transactions contemplated by the Private Placement Agreements on the terms currently contemplated and in all likelihood will not be able to complete the Rand acquisition or the On Line acquisition. We could seek alternative financing for the Rand and On Line acquisitions; however, there is no assurance that such financing will be available or, if available, on terms acceptable to us. If Proposals IV and V are not approved, we will not consummate the purchase of shares of our Class B Common Stock from Brantley Capital.

If the amendments to our certificate of incorporation set forth in Proposals I, II and III are not approved by our stockholders at the Special Meeting, then we will not be able to consummate the transactions contemplated by the private placement. In addition, we may not be able to engage in discussions relating to any future transactions involving our Common Stock until our certificate of incorporation is amended to increase the number of authorized shares of our Common Stock.

Required Vote

The affirmative vote of a majority of the total number of shares of Common Stock represented in person or by proxy at the Special Meeting and entitled to vote is needed to approve this proposal. As such, abstentions and broker non-votes will have the same effect as a vote AGAINST this proposal. If our stockholders approve the issuance of the Class D Common Stock in connection with the Stock Purchase Agreement (as set forth in this Proposal IV), as well as Proposals V and VI regarding the issuance of the warrants to purchase shares of Class A Common Stock in the private placement and the issuance of shares of Class A Common Stock in connection with the Rand acquisition, subject to approval by the stockholders of Proposals I, II and III and the satisfaction of the other closing conditions contained therein, we will file our Second Amended and Restated Certificate of Incorporation with the Secretary of State of

Delaware and immediately consummate the private placement and the Rand acquisition.

Recommendation

After careful consideration, the special committee of our board of directors has determined that the issuance of the shares of Class D Common Stock to Brantley IV and Phoenix pursuant to the Stock Purchase Agreement as part of the private placement that is the subject of Proposal IV is fair to and in the best interests of our stockholders. In

addition, the special committee has determined that the terms of the Stock Purchase Agreement, as a whole, are in the best interests of our stockholders and approved the execution of this document. In reaching its decision relating to the issuance of the Class D Common Stock, the special committee considered, among other things, the opinion of Valuation Research Corporation that, as of the date of its opinion and based upon such other matters as Valuation Research Corporation considered relevant, the price to be paid to us in connection with the issuance of the Class D Common Stock is fair to our current stockholders, other than Brantley IV and Phoenix, from a financial point of view. Accordingly, the special committee has approved and declared advisable Proposal IV relating to the issuance to Brantley IV and Phoenix of the shares of Class D Common stock.

THE SPECIAL COMMITTEE RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR APPROVAL OF PROPOSAL IV, APPROVING THE ISSUANCE OF CLASS D COMMON STOCK PURSUANT TO THE STOCK PURCHASE AGREEMENT.

PROPOSAL V

APPROVAL TO ISSUE WARRANTS TO PURCHASE SHARES OF OUR CLASS A COMMON STOCK IN A PRIVATE PLACEMENT

As described above, as part of our financing, on September 8, 2006 we entered into a Note Purchase Agreement with Phoenix, pursuant to which we will, subject to stockholder approval and satisfaction of the other closing conditions set forth therein, issue, for an aggregate purchase price of \$3,350,000, (i) our senior unsecured subordinated promissory notes due 2011 in the original principal amount of \$3,350,000 and (ii) warrants to purchase shares of our Class A Common Stock equal to 1.117% of our outstanding Class A Common Stock on the date of issuance of the Warrant Certificate, on a fully-diluted basis taking into account the issuance of the shares of Class D Common Stock described above but excluding certain of our outstanding options, warrants and convertible securities and certain shares of Class B Common Stock to be purchased by us from Brantley Capital. If we were to consummate the private placement as of our record date, October 20, 2006, we would be obligated to issue warrants to purchase 1,197,564 shares of our Class A Common Stock (representing 1.1% of our Class A Common Stock on an as converted basis) pursuant to the Note Purchase Agreement and the Warrant Certificate. Proposal V seeks stockholder approval of the issuance of these warrants to purchase shares of our Class A Common Stock to Phoenix pursuant to the Note Purchase Agreement, as well as approval to issue shares of Class A Common Stock upon exercise of the warrants. Reference is hereby made to the summary of terms of this transaction appearing above, the summary of the Note Purchase Agreement and the warrants appearing below, and the Note Purchase Agreement and the form of Warrant Certificate, attached hereto as Annexes B and N, respectively.

Appraisal or Dissenters Rights

No appraisal rights are available under the Delaware General Corporation Law for our stockholders in connection with the warrants to purchase shares of Class A Common Stock pursuant to the Note Purchase Agreement and the form of Warrant Certificate or the issuance of Class A Common Stock upon exercise of the warrants.

Consequences If This Proposal and Other Proposals Are Not Approved

If Proposal V is not approved by our stockholders at the Special Meeting, then we will not be able to consummate the transactions contemplated by the Private Placement Agreements on the terms currently contemplated and in all likelihood will not be able to complete the Rand acquisition or the On Line acquisition. We could seek alternative financing for the Rand and On Line acquisitions; however, there is no assurance that such financing will be available or, if available, on terms acceptable to us. Recommendation

After careful consideration, the special committee of our board of directors has determined that the issuance of the warrants to purchase shares of Class A Common Stock to Phoenix pursuant to the Note Purchase Agreement and the Warrant Certificate and as part of the private placement that is the subject of Proposal V is fair to and in the best interests of our stockholders. In addition, the special committee has determined that the terms of the Note Purchase Agreement and the Warrant Certificate, as a whole, are in the best interests of our stockholders and approved the execution of these documents. Accordingly, the special committee has approved and declared advisable Proposal V relating to the issuance to Phoenix of the warrants to purchase shares of Class A Common Stock.

THE SPECIAL COMMITTEE RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR APPROVAL OF PROPOSAL V, APPROVING THE ISSUANCE OF WARRANTS TO PURCHASE SHARES OF CLASS A COMMON STOCK PURSUANT TO THE NOTE PURCHASE AGREEMENT AND THE WARRANT.

The agreement allows them one right to demand that we register their shares of Class A Common stock under the Securities Act on a registration statement filed with the SEC and unlimited rights to include (or piggy-back) the registration of their shares of Class A Common stock on certain registration statements that we may file with the SEC for other purposes.

We may prepay outstanding principal (together

the receipt of all requisite third-party consents;

Indemnification

The Private Placement Agreements both provide that we will indemnify Phoenix and Brantley IV and certain of their affiliates for all losses incurred by any of the indemnified parties for (i) any breach of our representations and warranties or (ii) any breach of our covenants, agreements and obligations, other than losses resulting from action on the part of the indemnified party caused by their gross negligence or willful misconduct.

In addition, each Private Placement Agreement may be terminated:

by any party thereto if a material breach by any other party of any representation, warranty or obligation contained in such Private Placement Agreement exists that may not be cured within 30 days after written notice of such breach;

by any party thereto if any condition to such party's obligations contained in such Private Placement Agreement has not been fulfilled or waived;

by any party thereto if the transactions contemplated by such Private Placement Agreement are illegal or otherwise prohibited by law;

by Phoenix or Brantley IV if the private placement has not been consummated prior to December 31, 2006; or

in the case of the Note Purchase Agreement, by Phoenix if it determines in its good faith discretion that, assuming consummation of the private placement and the acquisitions of the Rand and On Line businesses, we would not be creditworthy.

If permitted under applicable law, any of the parties to a Private Placement Agreement may waive any conditions for their own respective benefit and consummate the transactions contemplated thereby even though one or more of the conditions have not been met.

Table of Contents

Any purported amendment to the Private Placement Agreements shall be null and void unless it is in writing and signed by each of the respective parties to such agreement.

None of the rights and obligations of a party under the Private Placement Agreements may be assigned without the prior written consent of the other parties to such agreement, except that the investors may assign their rights to affiliates of such investors and we may assign our rights pursuant to a merger, recapitalization or other business combination transaction in which the surviving entity agrees in writing to assume our obligations under the Private Placement Agreements.

PROPOSAL VI

APPROVAL TO ISSUE SHARES OF OUR CLASS A COMMON STOCK AS PARTIAL CONSIDERATION IN THE RAND ACQUISITION

As described above, as part of our financing, on September 8, 2006 we entered into a stock purchase agreement with the stockholder of Rand, pursuant to which we will, subject to stockholder approval and satisfaction of the other closing conditions set forth therein, issue, as partial consideration for the purchase by us of the outstanding stock of Rand, such number of shares of our Class A Common Stock having a value of \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing of the acquisition of Rand. If we were to consummate the Rand acquisition as of our record date, October 20, 2006, we would be obligated to issue 2,400,000 shares of our Class A Common Stock (representing 2.1% of our Class A Common Stock on an as converted basis) in connection with the Rand acquisition. Reference is hereby made to the summary of terms of this transaction appearing above, the summary of the Rand stock purchase agreement appearing below, and the Rand stock purchase agreement attached hereto as Annex C, the terms of which are incorporated herein by reference.

Appraisal or Dissenters Rights

No appraisal rights are available under the Delaware General Corporation Law for our stockholders in connection with the issuance of the shares of Class A Common Stock pursuant to the Rand stock purchase agreement.

Consequences If This Proposal and Other Proposals Are Not Approved

If Proposal VI is not approved by our stockholders at the Special Meeting, then we will not be able to consummate the Rand acquisition on the terms currently contemplated by the Rand stock purchase agreement and in all likelihood will not be able to complete the private placement. We could seek alternative terms for the Rand stock purchase agreement and alternative financing; however, there is no assurance that alternative terms can be obtained or that such financing will be available or, if available, on terms acceptable to us. If Proposal VI is not approved and we cannot complete the private placement, we will not consummate the purchase of shares of our Class B Common Stock from Brantley Capital. If the amendments to our certificate of incorporation set forth in Proposals I, II and III are not approved by our stockholders at the Special Meeting, then we will not be able to consummate the transactions contemplated by the Rand stock purchase agreement. In addition, we may not be able to engage in discussions relating to any future transactions involving our Common Stock until our certificate of incorporation is amended to increase the number of authorized shares of our Common Stock.

Required Vote

The affirmative vote of a majority of the total number of shares of Common Stock represented in person or by proxy at the Special Meeting and entitled to vote is needed to approve this proposal. As such, abstentions and broker non-votes will have the same effect as a vote AGAINST this proposal. If our stockholders approve the issuance of the

shares of Class A Common Stock in connection with the Rand stock purchase agreement, as well as Proposals IV and V regarding the issuance of shares of Class D Common Stock and of warrants to purchase shares of Class A Common Stock in the private placement, subject to approval by the stockholders of Proposals I, II and III and the satisfaction of the other closing conditions contained therein, we will file our Second Amended and Restated

Table of Contents

Certificate of Incorporation with the Secretary of State of Delaware and immediately consummate the private placement and the Rand acquisition.

Recommendation

After careful consideration, the board of directors has determined that the issuance of the shares of Class A Common Stock pursuant to the Rand stock purchase agreement that is the subject of Proposal VI is fair to and in the best interests of our stockholders. In addition, the board of directors has determined that the terms of the Rand stock purchase agreement, as a whole, are in the best interests of our stockholders and approved the execution of this document. Accordingly, the board of directors has approved and declared advisable Proposal VI relating to the issuance of shares of Class A Common Stock as partial consideration under the Rand stock purchase agreement.

THE BOARD OF DIRECTORS RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR APPROVAL OF PROPOSAL VI, APPROVING THE ISSUANCE OF SHARES OF CLASS A COMMON STOCK PURSUANT TO THE RAND STOCK PURCHASE AGREEMENT.

In addition, on September 8, 2006 we entered into a stock purchase agreement with On Line and their respective stockholders pursuant to which we have agreed to purchase all of the issued and outstanding capital stock of On Line. A copy of the stock purchase agreement with Rand is attached hereto as Annex C. A copy of the On Line stock purchase agreement is attached hereto as Annex L. Additionally, pro forma financial information showing the effect of these acquisitions and the transactions contemplated by the Private Placement Agreements on us is attached hereto as Annex I, the terms of which are incorporated herein by reference.

Rand Acquisition

Rand Medical Billing, Inc. is a full service billing agency providing medical billing, exclusively for anatomic and clinical pathology practices located in Simi Valley, California.

On September 8, 2006 we entered into a stock purchase agreement with the stockholder of Rand to purchase all of the issued and outstanding capital stock of Rand for an aggregate purchase price of \$9,365,333, subject to adjustments conditioned upon future revenue results.

The purchase price shall be paid as follows:

at closing we will pay \$6,800,000 in cash;

at closing we will deliver an unsecured subordinated promissory note in the original principal amount of \$1,365,333;

at closing we will deliver \$600,000 to the escrow agent for deposit in an interest bearing escrow account; and

at closing we will deliver to the escrow agent such number of shares of our Class A Common Stock having a value of \$600,000 based on the average closing price per share of our Class A Common Stock for the twenty day period prior to the closing of the acquisition of Rand.

The purchase price shall be subject to adjustments conditioned upon future revenue results and claims, if any, for indemnification.

In the event that the gross revenue related to Rand for the period ending December 31, 2007 equals or exceeds the established 2007 minimum revenue target of \$6,349,206 plus the amount of the aggregate losses (which arise

Table of Contents

under the indemnification obligations of the sellers) then we will release all the cash and shares held in escrow to the stockholder of Rand within 30 days of the final determination of the gross revenue for the period. If the gross revenue for the period is less than \$6,349,206 then the release of the cash and shares held in escrow will be postponed.

If the release of the purchase price consideration held in escrow is postponed, then we will calculate the gross revenue for the period ending December 31, 2008. Based on this calculation:

If the 2008 gross revenue equals or exceeds the 2008 minimum revenue target amount of \$9,600,000 then the cash and shares held in escrow shall be released to the Rand stockholder and we will proceed to pay the balance due on the promissory note in five equal monthly installments commencing March 1, 2009.

If the 2008 gross revenue is less than \$9,600,000 but is equal or greater than \$6,349,206 then the cash and shares held in escrow will be released to the Rand stockholder and payments under the promissory note will be adjusted downward based in part on the difference between the 2008 gross revenue and \$6,349,206 divided by \$3,250,794.

If the 2007 gross revenue was equal to or exceeded \$6,349,206 but the 2008 gross revenue amount was less than \$6,349,206, the promissory note will be cancelled and we will not owe the Rand stockholder any amounts under such note.

If the 2007 gross revenue was not equal to or greater than \$6,349,206 and the release from escrow was otherwise postponed and the 2008 gross revenue is also less than \$6,349,206, then the promissory note will be cancelled and the purchase price will be subject to a downward adjustment. The downward adjustment shall be calculated by multiplying \$8,000,000 by the result of 2008 gross revenue divided by \$6,349,206. Any purchase price shortfall will first be allocated out of the cash proceeds held in escrow and any remaining shortfall will cause the forfeiture of the shares. The shortfall will be capped at the amount held in escrow.

The stock purchase agreement with Rand contains customary representations and warranties and conditions to closing. In addition, the stockholder of Rand has agreed to a five-year non-compete and non-solicitation period. The indemnification provided by the Rand stockholder for breaches of representations is capped at the purchase price and we can not make claims until the aggregate amount of our losses exceeds \$50,000.

The closing of the Rand acquisition is expected to occur shortly after the Special Meeting, subject to approval by our stockholders of Proposals I, II, III, IV, V and VI. No regulatory approval is required to consummate this acquisition.

On Line Acquisition

On Line consists of two related companies, OLA and OLP. OLA is an outsourcing company providing data entry, insurance filing, patient statements, payment posting, collection follow-up and patient refund processing to medical practices. Most of OLA's customers are hospital-based physician practices including radiology, neurology and emergency medicine. Customers also include some other specialties as plastic surgery, family practice, internal medicine and orthopaedics. All billing functions are the responsibility of OLA, and include credentialing and accounts payable processing. OLA also has a group of contract transcriptionists who work out of their homes and OLA offers these services to clients as well.

OLP provides payroll processing services to small businesses, a few of which are also customers of OLA. OLP provides payroll services including direct deposit, time clock interface and tax reporting to clients in Alabama, Florida, Georgia, Louisiana, Mississippi, Tennessee and Texas.

On September 8, 2006 we entered into a stock purchase agreement with the stockholders of OLA and OLP to purchase all of the issued and outstanding capital stock of both OLA and OLP for an aggregate purchase price of \$3,310,924, subject to adjustments conditioned upon future revenue results. The purchase price is payable in a combination of cash and unsecured subordinated promissory notes. At the closing of the On Line acquisition, \$2,476,943 of the purchase price will be paid in cash and the remainder in an unsecured subordinated promissory note. We have an option to pay up to \$75,000 of the purchase price in the form of an additional unsecured promissory note in lieu of cash at the closing.

Table of Contents

Within 45 days following the end of the 12-month anniversary of the closing, we will deliver written notice to the former On Line stockholders detailing the revenue of the acquired businesses, determined on a cash basis in accordance with generally accepted accounting principles for such 12-month period. If the actual revenue exceeds \$2,500,259 then the purchase price will be increased on a dollar-for-dollar basis by the lesser of (i) the amount of the excess or (ii) \$500,052. If the actual revenue is less than \$2,500,259 then the principal amount of the unsecured promissory note shall be reduced on a dollar-for-dollar basis. The downward adjustment of the purchase price will be capped at the value of the promissory note. In the event that we move the principal location of the business out of the greater Mobile, Alabama geographic region or the employment of William Suffich or Dorothy Matter is terminated by us without cause or by them for Good Reason, as defined in their respective employment agreements, there will be no downward adjustment in the purchase price.

The stock purchase agreement for the On Line acquisition contains customary representations and warranties and conditions to closing. The indemnification provided by the respective stockholders of OLA and OLP for breaches of representations and warranties is capped at \$1,000,000 and we can not make claims until the aggregate amount of our losses exceeds \$50,000.

The closing of the On Line acquisition is expected to occur shortly after the Special Meeting, subject to approval by our stockholders of Proposals I, II, III, IV, V and VI. No regulatory approval is required to consummate this acquisition.

PROPOSAL VII

APPROVAL OF THE AMENDMENT TO OUR 2004 INCENTIVE PLAN

On September 8, 2006, the board of directors voted to adopt an amendment to the our 2004 Incentive Plan to (i) to increase the number of shares of our Class A Common Stock available for grants under the 2004 Incentive Plan from 2,200,000 shares to such number of shares representing 10% of our outstanding Class A Common Stock as of the date of closing of the private placement, on a fully diluted basis taking into account the shares issued in the private placement and the Rand acquisition, and (ii) to increase the maximum number of shares that can be granted to a participant in any calendar year under the 2004 Incentive Plan from 1,000,000 shares to 3,000,000 shares. The board of directors unanimously (with the exception of Mr. Bauer who abstained) determined to recommend approval of the amendment by the stockholders. Section 711 of the AMEX Company Guide requires AMEX-listed companies to obtain stockholder approval with respect to certain amendments to option plans. Approval of this proposal is contingent upon approval of Proposals I, II, III, IV, V and VI and the filing of our Second Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware.

Description of 2004 Incentive Plan

The following is a summary of the material features of the existing 2004 Incentive Plan and identifies, where applicable, the effect of these amendments. It may not contain all of the information important to you. We urge you to read the entire 2004 Incentive Plan, which was filed as Exhibit 10.19 to our Annual Report on Form 10-KSB for the year ending December 31, 2004 filed with the SEC on April 28, 2005. The 2004 Incentive Plan currently provides for issuance of up to 2,200,000 shares of Class A Common Stock, of which there are 476,000 shares left for issuance pursuant to future grants. If the amendment to the 2004 Incentive Plan is approved, this number will be increased to such number of shares representing 10% of our outstanding Class A Common Stock as of the date of closing of the private placement, on a fully diluted basis taking into account the shares issued in the private placement and the Rand acquisition. If this increase were to have been implemented on our record date, October 20, 2006, assuming that the private placement and the Rand acquisition had been consummated as of such date, this would have resulted in an increase of 9,114,526 shares for an aggregate total of 9,590,526 shares available for grants under the 2004 Incentive

Plan.

Currently, there are no specific grants proposed to be made under the 2004 Incentive Plan.

The purpose of the 2004 Incentive Plan is to advance the interests of the Company and its affiliates by providing for the grant to participants of stock-based and other incentive awards, all as more fully described below.

Table of Contents

The amendment to the 2004 Incentive Plan will become effective on the date of its approval by the stockholders. The plan will terminate when there are no remaining shares available for awards unless terminated as to future grants earlier by the Administrator (as defined below). No incentive stock options (ISOs) may be granted under the 2004 Incentive Plan after September 7, 2014, although ISOs granted before such date may extend beyond that date. A maximum of 2,200,000 shares of Class A Common Stock may be delivered in satisfaction of awards made under the 2004 Incentive Plan (which will increase to 10% of our outstanding Class A Common Stock as of the date of closing of the private placement, on a fully diluted basis taking into account the shares issued in the private placement and the Rand acquisition if the amendment is approved). For purposes of the preceding sentence, shares that have been forfeited in accordance with the terms of the applicable award and shares held back in satisfaction of the exercise price or tax withholding requirements from shares that would otherwise have been delivered pursuant to an award shall not be considered to have been delivered under the 2004 Incentive Plan. Also, the number of shares delivered under an award shall be determined net of any previously acquired shares tendered by the participant in payment of the exercise price or of withholding taxes.

The maximum number of shares of Class A Common Stock for which stock options may be granted to any person in any calendar year and the maximum number of shares of Class A Common Stock subject to stock appreciation rights, or SARs , granted to any person in any calendar year is 1,000,000 shares. The maximum benefit that may be paid to any person under other awards in any calendar year is, to the extent paid in shares, 1,000,000 shares (which will increase to 3,000,000 if the amendment is approved), and, to the extent paid in cash, \$1,000,000. However, stock options and SARs that are granted with an exercise price that is less than the fair market value of the underlying shares on the date of the grant will be subject to both of the limits imposed by the two preceding sentences. These limitations will be construed in a manner consistent with Section 162(m) of the Internal Revenue Code of 1984, as amended (the Internal Revenue Code).

In the event of a stock dividend, stock split or other change in our capital structure, the Administrator will make appropriate adjustments to the limits described above and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to awards, any exercise prices relating to awards and any other provisions of awards affected by the change. The Administrator may also make similar adjustments to take into account other distributions to stockholders or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the operation of the 2004 Incentive Plan and to preserve the value of awards.

Administration

The board of directors or a committee appointed by the board of directors administers the 2004 Incentive Plan. In the case of awards granted to persons who are or are reasonably expected to become our officers, such committee shall be comprised solely of two or more directors, all of whom are outside directors within the meaning of Section 162(m) of the Internal Revenue Code and non-employee directors within the meaning of Rule 16b-3 under the Exchange Act. The term Administrator is used in this Proxy Statement to refer to the person (the board of directors or committee, and their delegates) charged with administering the 2004 Incentive Plan. The Administrator has full authority to determine who will receive awards and to determine the types of awards to be granted as well as the amounts, terms, and conditions of any awards. Awards may be in the form of options, SARs, restricted or unrestricted stock or restricted stock units, Deferred Stock (hereafter defined) or performance awards. The Administrator has the right to determine any questions that may arise regarding the interpretation and application of the provisions of the 2004 Incentive Plan and to make, administer, and interpret such rules and regulations as it deems necessary or advisable. Determinations of the Administrator made under the 2004 Incentive Plan are conclusive and bind all parties.

Eligibility

Participation is limited to those key employees and directors, as well as consultants and advisors, who in the Administrator's opinion are in a position to make a significant contribution to our success and the success of our affiliates and who are selected by the Administrator to receive an award. The group of persons from which the Administrator will select participants currently consists of approximately 25 individuals.

Table of Contents

Stock Options

The Administrator may from time to time award options to any participant subject to the limitations described above. Stock options give the holder the right to purchase shares of our Class A Common Stock within a specified period of time at a specified price. Two types of stock options may be granted under the 2004 Incentive Plan: ISOs, which are subject to special tax treatment as described below, and nonstatutory options (NSOs). Eligibility for ISOs is limited to our employees and employees of our subsidiaries.

The exercise price of an ISO cannot be less than the fair market value of the Class A Common Stock at the time of grant. In addition, the expiration date of an ISO cannot be more than ten years after the date of the original grant. In the case of NSOs, the exercise price and the expiration date are determined in the discretion of the Administrator. The Administrator also determines all other terms and conditions related to the exercise of an option, including the consideration to be paid, if any, for the grant of the option, the time at which options may be exercised and conditions related to the exercise of options. Unless the Administrator determines otherwise, and in all events in the case of any stock option intended to qualify as an ISO and any stock option or SAR (other than a Performance Award subject to Section 6(a)(7) of the 2004 Incentive Plan) intended to qualify as performance-based for purposes of Section 162(m) of the Internal Revenue Code, the exercise price of an award requiring exercise will not be less than the fair market value of the stock subject to the award determined as of the date of grant.

The closing price of our Class A Common Stock as reported on AMEX on our record date, October 20, 2006, was [\$0.25] per share.

Stock Appreciation Rights

The Administrator may grant SARs under the 2004 Incentive Plan. An SAR entitles the holder upon exercise to receive an amount in cash or Class A Common Stock or a combination thereof (as determined by the Administrator) computed by reference to appreciation in the value of a share of Class A Common Stock.

Stock Awards; Deferred Stock

The 2004 Incentive Plan provides for awards of nontransferable shares of restricted Class A Common Stock, restricted stock units, which entitle the holder to receive such number of shares specified in the award or a cash payment for such shares equal to the fair market value on a specified date, as well as unrestricted shares of Class A Common Stock. Awards of restricted stock, restricted stock units and unrestricted stock may be made in exchange for past services or other lawful consideration. Generally, awards of restricted stock or restricted stock units are subject to the requirement that the shares be forfeited or resold to us unless specified conditions are met. Subject to these restrictions, conditions and forfeiture provisions, any recipient of an award of restricted stock will have all the rights of one of our stockholders, including the right to vote the shares and to receive dividends. Other awards under the 2004 Incentive Plan may also be settled with restricted stock. The 2004 Incentive Plan also provides for deferred grants (Deferred Stock) entitling the recipient to receive shares of Class A Common Stock in the future on such conditions as the Administrator may specify.

Performance Awards

The Administrator may also make awards subject to the satisfaction of specified performance criteria. Performance Awards may consist of Class A Common Stock or cash or a combination of the two. The performance criteria used in connection with a particular Performance Award will be determined by the Administrator. In the case of Performance Awards intended to qualify for exemption under Section 162(m) of the Internal Revenue Code, the Administrator will use objectively determinable measures of performance in accordance with Section 162(m) of the Internal Revenue

Code that are based on any or any combination of the following (determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets (in each case before or after deduction for all or any portion of interest, taxes, depreciation or amortization, whether or not on a continuing operations or an aggregate or per share basis); one or more operating ratios; one or more financial coverage ratios; book value per share;

Table of Contents

borrowing levels, leverage ratios (including, without limitation, debt as a percentage of capitalization) or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. The Administrator will determine whether the performance targets or goals that have been chosen for a particular Performance Award have been met.

General Provisions Applicable to All Awards

Neither ISOs nor, except as the Administrator otherwise expressly provides, other awards may be transferred other than by will or by the laws of descent and distribution. During a recipient's lifetime an ISO and, except as the Administrator may provide, other non-transferable awards requiring exercise may be exercised only by the recipient. Shares delivered under the 2004 Incentive Plan may consist of either authorized but unissued or treasury shares. The number of shares delivered upon exercise of a stock option is determined net of any shares transferred by the optionee to us (including through the holding back of shares that would otherwise have been deliverable upon exercise) in payment of the exercise price or tax withholding.

Mergers and Similar Transactions

In the event of a consolidation or merger in which we are not the surviving corporation or which results in the acquisition of substantially all of our stock by a person or entity or by a group of persons or entities acting together, or in the event of a sale of substantially all of our assets or our dissolution or liquidation, the following rules will apply except as otherwise provided in an Award:

If there is no assumption or substitution of stock options, existing stock options will become fully exercisable prior to the completion of the transaction on a basis that gives the holder of the stock option a reasonable opportunity to exercise the stock option and participate in the transaction as a stockholder.

Existing stock options, unless assumed or exercised, will terminate upon completion of the transaction.

Awards of Deferred Stock will be accelerated by the Administrator so that the stock is delivered prior to the completion of the transaction on a basis that gives the holder of the award a reasonable opportunity following issuance of the stock to participate as a stockholder in the transaction.

If there is a surviving or acquiring entity, the Administrator may arrange to have that entity (or an affiliate) assume outstanding awards or grant substitute awards. In the case of shares of restricted stock, the Administrator may require that any amounts delivered, exchanged or otherwise paid in respect of those shares in connection with the transaction be placed in escrow or otherwise made subject to restrictions determined by the Administrator.

Amendment

The Administrator may at any time or times amend the 2004 Incentive Plan or any outstanding Award for any purpose which may at the time be permitted by law, and may at any time terminate the 2004 Incentive Plan as to any future grants of awards. The Administrator may not, however, alter the terms of an Award so as to affect adversely the participant's rights under the Award without the participant's consent, unless the Administrator expressly reserved the right to do so at the time of the Award.

New 2004 Incentive Plan Benefits

The future benefits or amounts that would be received under the 2004 Incentive Plan by executive officers, non-executive directors and non-executive officer employees are discretionary and are therefore not determinable at this time. In addition, the benefits or amounts which have been received by or allocated to the named executive officers and directors for the last completed fiscal year have been identified in this Proxy Statement in the section entitled Director and Executive Officer Compensation. In addition to those options reported in Director and Executive Officer Compensation for the last completed fiscal year, we granted options to purchase 10,000 shares at an exercise price of \$0.47 per share on May 12, 2006 to each of David Crane and Joseph M. Valley, Jr., two of our directors.

Federal Tax Effects

The following discussion summarizes certain federal income tax consequences of the issuance and receipt of options under the 2004 Incentive Plan under the law as in effect on the date of this Proxy Statement. The summary does not purport to cover federal employment tax or other federal tax consequences that may be associated with the 2004 Incentive Plan, nor does it cover state, local or non-U.S. taxes.

ISOs

In general, an optionee realizes no taxable income upon the grant or exercise of an ISO. However, the exercise of an ISO may result in an alternative minimum tax liability to the optionee. With certain exceptions, a disposition of shares purchased under an ISO within two years from the date of grant or within one year after exercise produces ordinary income to the optionee (and a deduction to us) equal to the value of the shares at the time of exercise less the exercise price. Any additional gain recognized in the disposition is treated as a capital gain for which we are not entitled to a deduction. If the optionee does not dispose of the shares until after the expiration of these one-and two-year holding periods, any gain or loss recognized upon a subsequent sale is treated as a long-term capital gain or loss for which we are not entitled to a deduction.

NSOs

In general, in the case of an NSO with an exercise price that is equal to or greater than the fair market value of our Class A Common Stock on the date of grant, the optionee has no taxable income at the time of grant but realizes income in connection with exercise of the option in an amount equal to the excess (at the time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price; a corresponding deduction is available to us; and upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as capital gain or loss for which we are not entitled to a deduction. Differing and adverse tax consequences would result if the exercise price of an NSO is less than the fair market value of a share of Class A Common Stock on the date of grant. We do not currently intend to grant any NSOs with an exercise price that is less than the fair market value of our Class A Common Stock on the date of grant.

In general, an ISO that is exercised by the optionee more than three months after termination of employment is treated as an NSO. ISOs are also treated as NSOs to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of \$100,000.

The Administrator may award stock options that are exercisable for restricted stock. Under Section 83 of the Internal Revenue Code, an optionee who exercises an NSO for restricted stock will generally have income only

Table of Contents

when the stock vests. The income will equal the fair market value of the stock at that time less the exercise price. However, the optionee may make a so-called 83 (b) election in connection with the exercise to recognize taxable income at that time. Assuming no other applicable limitations, the amount and timing of the deduction available to us will correspond to the income recognized by the optionee. The application of Section 83 of the Internal Revenue Code to ISOs exercisable for restricted stock is less clear.

Under the so-called golden parachute provisions of the Internal Revenue Code, the accelerated vesting of awards in connection with our change in control may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including income recognized by reason of the grant, vesting or exercise of awards under the 2004 Incentive Plan, may be subject to an additional 20% federal tax and may be nondeductible to us.

Stockholder Approval of the Amendment to the 2004 Incentive Plan

The affirmative vote of the holders of a majority of the outstanding shares of our Common Stock properly cast in person or by proxy at the Special Meeting, voting together as a single class, is required to approve the amendment to the 2004 Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT ALL STOCKHOLDERS VOTE, OR INSTRUCT THEIR VOTES TO BE CAST, FOR THE AMENDMENT TO THE 2004 INCENTIVE PLAN.

UNAUDITED PRO FORMA FINANCIAL INFORMATION

Pro forma financial information for the year ended December 31, 2005 and the six month period ended June 30, 2006, which reflects our proposed acquisition of the Rand and On Line businesses and the closing of the transactions contemplated under the Private Placement Agreements is set forth in Annex I attached hereto, which includes the unaudited pro forma combined financial statements and related notes thereto. Our historical financial statements for the years ended December 31, 2004 and December 31, 2005 and for the six month period ended June 30, 2006 are attached as Annexes J and K, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following Management's Discussion and Analysis of Financial Condition and Results of Operations highlights the principal factors that have affected our financial condition and results of operations as well as our liquidity and capital resources for the periods described. All significant intercompany balances and transactions have been eliminated in consolidation.

The discussion that follows should be read in conjunction with our financial statements attached hereto as Annexes J and K.

Overview

We are a healthcare services organization providing outsourced business services to physicians, serving the physician market through two subsidiaries, MBS and IPS. MBS provides billing, collection, accounts receivable management, coding and reimbursement services, reimbursement analysis, practice consulting, managed care contract management and accounting and bookkeeping services, primarily to hospital-based physicians such as pathologists, anesthesiologists and radiologists. MBS currently provides services to approximately 58 clients, representing 337 physicians. IPS serves the general and subspecialty pediatric physician market, providing accounting and

bookkeeping, human resource management, accounts receivable management, quality assurance services, physician credentialing, fee schedule review, training and continuing education and billing and reimbursement analysis. IPS currently provides services to five pediatric groups in Illinois and Ohio, representing 37 physicians. We believe our core competency is our long-term experience and success in working with and creating value for physicians.

Table of Contents

Strategic Focus

In 2005, we initiated a strategic plan designed to accelerate our growth and enhance our future earnings potential. As part of this plan, we began to divest certain non-strategic assets and ceased investing in business lines that did not complement our plan, and redirected financial resources and company personnel to areas that management believes enhances long-term growth potential.

More specifically, we have taken the following actions since the first quarter of 2005:

In March 2005, we closed Bellaire SurgiCare, Inc. (Bellaire SurgiCare), one of our ASCs in Houston, Texas, because of declining case load volume and unsatisfactory financial performance and combined the operations of Bellaire SurgiCare with SurgiCare Memorial Village, L.P. (Memorial Village);

In June 2005, we sold IntegriMED, a wholly-owned subsidiary of IPS, to eClinicalWeb;

In August 2005, we closed the SurgiCare corporate headquarters in Houston, Texas and transitioned all corporate functions to our offices in Roswell, Georgia;

In October 2005, we sold our interests in Tuscarawas Ambulatory Surgery Center, LLC (TASC), TASC Anesthesia and Tuscarawas Open MRI, L.P. (TOM) in Dover, Ohio to Union Hospital (Union);

In January 2006, we sold substantially all of the assets of Memorial Village in Houston, Texas to First Surgical Memorial Village, L.P.;

In early 2006, we were notified by Union that it was exercising its option to terminate the management services agreements of TOM and TASC as of March 12, 2006 and April 3, 2006, respectively; and

In March 2006, we sold substantially all of the assets of San Jacinto Surgery Center, Ltd. (San Jacinto) in Baytown, Texas to San Jacinto Methodist Hospital (Methodist).

With the completion of these activities, we no longer have any ownership or management interests in ASCs.

Additionally, we believe that we are now positioned to focus on our physician services business and the physician billing and collections market, leveraging our existing presence to expand into additional geographic regions and increase the range of services we provide to physicians. Part of this strategy will include acquiring financially successful billing companies focused on providing services to hospital-based physicians and increasing sales and marketing efforts in existing markets.

Financial Overview

As more fully described below, our results of operations for the six months ended June 30, 2006 as compared to the same period in 2005 and the year ended December 31, 2005 as compared to the same period in 2004 reflect several important factors, many relating to the impact of transactions which occurred as part of our strategic plan referred to above.

Significant changes in revenues, resulting from increased patient volume and rate increases in IPS's operations and from inclusion of a full year of revenues for MBS in 2005 as compared to two weeks of revenue in 2004;

Inclusion of expenses in 2005 relating to the separation agreement for our former president,

Professional and consulting fees incurred in connection with our merger with IPS (the IPS Merger) and the merger of MBS and Dennis Cain Physician Solutions, Ltd. (DCPS) (the DCPS/MBS Merger and, together with the IPS Merger, the 2004 Mergers) in December 2004 and significant 2005 transactions,

Inclusion of a full year of operating expenses for MBS in 2005 as compared to two weeks of operating expenses in 2004;

Significant charges for impairment of intangible assets and goodwill in 2005 as a result of the significant 2005 transactions.

Sale of substantially all of the assets of Memorial Village, which resulted in a gain on disposition of discontinued components of \$574,321 recorded in the first quarter of 2006;

Sale of substantially all of the assets of San Jacinto, which resulted in a gain on disposition of discontinued components of \$94,066 recorded in the first quarter of 2006; and

Payment of \$112,500 in satisfaction of a \$778,000 debt, which resulted in a gain on forgiveness of debt totaling \$665,463 recorded in the first quarter of 2006.

Critical Accounting Policies and Estimates

The preparation of our financial statements is in conformity with accounting principles generally accepted in the United States, which require management to make estimates and assumptions that affect the amounts reported in the financial statements and footnotes. Our management bases these estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments that are not readily apparent from other sources. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Changes in the facts or circumstances underlying these estimates could result in material changes and actual results could differ from these estimates. We believe the following critical accounting policies affect the most significant areas involving management's judgments and estimates. In addition, please refer to Note 1, General of our unaudited consolidated condensed financial statements for the six months ended June 30, 2006 and 2005 and Note 1, Organization and Accounting Policies, of our consolidated financial statements for the year ended December 31, 2005 and 2004 included in Annex J of this Proxy Statement for further discussion of our accounting policies.

Consolidation of Physician Practice Management Companies. In March 1998, the Emerging Issues Task Force (EITF) of the Financial Accounting Standards Board (FASB) issued its Consensus on Issue 97-2 (EITF 97-2). EITF 97-2 addresses the ability of physician practice management (PPM) companies to consolidate the results of medical groups with which it has an existing contractual relationship. Specifically, EITF 97-2 provides guidance for consolidation where PPM companies can establish a controlling financial interest in a physician practice through contractual management arrangements. A controlling financial interest exists, if, for a requisite period of time, the PPM has control over the physician practice and has a financial interest that meets six specific requirements. The six requirements for a controlling financial interest include:

- (a) the contractual arrangement between the PPM and physician practice (1) has a term that is either the entire remaining legal life of the physician practice or a period of 10 years or more, and (2) is not terminable by the physician practice except in the case of gross negligence, fraud, or other illegal acts by the PPM or bankruptcy of the PPM;
- (b) the PPM has exclusive authority over all decision making related to (1) ongoing, major, or central operations of the physician practice, except the dispensing of medical services, and (2) total practice compensation of the licensed medical professionals as well as the ability to establish and implement guidelines for the selection, hiring, and firing of them;
- (c) the PPM must have a significant financial interest in the physician practice that (1) is unilaterally salable or transferable by the PPM and (2) provides the PPM with the right to receive income, both as ongoing fees and as proceeds from the sale of its interest in the physician practice, in an amount that fluctuates based upon the performance of the operations of the physician practice and the change in fair value thereof.

IPS is a PPM company. IPS's management services agreements (MSA or, collectively, MSAs) governing the contractual relationship with its affiliated medical groups are for forty year terms; are not terminable by the physician practice other than for bankruptcy or fraud; provide IPS with decision making authority other than related to the practice of medicine; provide for employment and non-compete agreements with the physicians governing compensation; provide IPS the right to assign, transfer or sell its interest in the physician practice and assign the rights of the MSAs; provide IPS with the right to receive a management fee based on results of operations and the right to the proceeds from a sale of the practice to an outside party or, at the end of the MSA term, to the physician group. Based on this analysis, IPS has determined that its contracts meet the criteria of EITF 97-2 for consolidating

the results of operations of the affiliated medical groups and has adopted EITF 97-2 in its statement of operations. EITF 97-2 also has addressed the accounting method for future combinations with individual physician practices. IPS believes that, based on the criteria set forth in EITF 97-2, any future acquisitions of individual physician practices would be accounted for under the purchase method of accounting.

Revenue Recognition. MBS's principal source of revenues is fees charged to clients based on a percentage of net collections of the client's accounts receivable. MBS recognizes revenue and bills its clients when the clients receive payment on those accounts receivable. MBS typically receives payment from the client within 30 days of billing. The fees vary depending on specialty, size of practice, payer mix, and complexity of the billing. In addition to the collection fee revenue, MBS also earns fees from the various consulting services that MBS provides, including medical practice management services, managed care contracting, coding and reimbursement services.

IPS records revenue based on patient services provided by its affiliated medical groups. Net patient service revenue is impacted by billing rates, changes in current procedural terminology code reimbursement and collection trends. IPS reviews billing rates at each of its affiliated medical groups on at least an annual basis and adjusts those rates based on each insurer's current reimbursement practices. Amounts collected by IPS for treatment by its affiliated medical groups of patients covered by Medicare, Medicaid and other contractual reimbursement programs, which may be based on cost of services provided or predetermined rates, are generally less than the established billing rates of IPS's affiliated medical groups. IPS estimates the amount of these contractual allowances and records a reserve against accounts receivable based on historical collection percentages for each of the affiliated medical groups, which include various payer categories. When payments are received, the contractual adjustment is written off against the established reserve for contractual allowances. The historical collection percentages are adjusted quarterly based on actual payments received, with any differences charged against net revenue for the quarter. Additionally, IPS tracks cash collection percentages for each medical group on a monthly basis, setting quarterly and annual goals for cash collections, bad debt write-offs and aging of accounts receivable. For the twelve months ended December 31, 2005 and 2004, IPS's net fee-for-service revenue, less bad debt expense, totaled \$17,207,226 and \$14,875,133, respectively. Cash collections related to dates of service in 2005 and 2004 totaled \$17,025,718 and \$15,143,913, respectively. The variance between cash collections and net fee-for-service revenue for the twelve months ended December 31, 2005 was \$181,508, or 1.1% of net fee-for-service revenue. For the year ended December 31, 2004, the variance between cash collections and net fee-for-service revenue was \$268,780, or 1.8% of net fee-for-service revenue. IPS is not aware of any material claims, disputes or unsettled matters with third party payers and there have been no material settlements with third party payers for the six months ended June 30, 2006 and 2005 or the twelve months ended December 31, 2005 and 2004.

Accounts Receivable and Allowance for Doubtful Accounts. MBS records uncollectible accounts receivable using the direct write-off method of accounting for bad debts. Historically, MBS has experienced minimal credit losses and has not written-off any material accounts for the six months ended June 30, 2006 and 2005 or the twelve months ended December 31, 2005 or 2004.

IPS's affiliated medical groups grant credit without collateral to its patients, most of which are insured under third-party payer arrangements. The provision for bad debts that relates to patient service revenues is based on an evaluation of potentially uncollectible accounts. The provision for bad debts includes a reserve for 100% of the accounts receivable older than 180 days. Establishing an allowance for bad debt is subjective in nature. IPS uses historical collection percentages to determine the estimated allowance for bad debts, and adjusts the percentage on a quarterly basis.

IPS' s affiliated medical groups follow a written policy regarding the write-off of accounts receivable older than 90 days. The billing department of each affiliated medical group complies with government and third party payer regulations regarding the collection of balance due amounts. Accounts receivable eligible for adjustment are reviewed

monthly by the practice administrators, with accounts considered for assignment to a collection agency the latter of 180 days after the date of patient liability has been determined or as soon as the internal collection effort has been exhausted. All collection attempts and contacts are documented in the patient's account record for future reference. Once maximum collection efforts are exhausted, both internally and through external collection agencies, adjustments and write-offs are reviewed in the following manner:

Accounts showing a balance less than \$9.99 may be written off at the discretion of the billing staff;

Accounts showing a balance greater than \$10.00 but less than \$500.00 will be evaluated by the billing staff, practice administrator and Director of Operations; and

Accounts showing a balance of greater than \$500.00 will be evaluated by the billing staff, practice administrator, Director of Operations and managing affiliated physician partners.

IPS's days sales outstanding totaled 53.9 and 53.7, respectively, for the twelve months ended December 31, 2005 and 2004.

Investment in Limited Partnerships. At December 31, 2005, we owned a 10% general partnership interest in San Jacinto. The investment is accounted for using the equity method. Under the equity method, the investment is initially recorded at cost and is subsequently increased to reflect our share of the income of the investee and reduced to reflect the share of the losses of the investee or distributions from the investee. Effective March 1, 2006, we sold our interest in San Jacinto. (See Results of Operations Discontinued Operations .)

The general partnership interest was accounted for as an investment in limited partnership due to the interpretation of SFAS 94/Accounting Research Bulletin (ARB) 51 and the interpretations of such by Issue 96-16 and Statement of Position SOP 78-9. Under those interpretations, we could not consolidate our interest in an entity in which it held a minority general partnership interest due to management restrictions, shared operating decision-making, and capital expenditure and debt approval by limited partners and the general form versus substance analysis.

Goodwill and Other Intangible Assets. Goodwill and intangible assets represent the excess of cost over the fair value of net assets of companies acquired in business combinations accounted for using the purchase method. In July 2001, the FASB issued SFAS No. 141, Business Combinations, and SFAS No. 142, Goodwill and Other Intangible Assets. SFAS No. 141 eliminates pooling-of-interest accounting and requires that all business combinations initiated after June 30, 2001, be accounted for using the purchase method. SFAS No. 142 eliminates the amortization of goodwill and certain other intangible assets and requires us to evaluate goodwill for impairment on an annual basis by applying a fair value test. SFAS No. 142 also requires that an identifiable intangible asset that is determined to have an indefinite useful economic life not be amortized, but separately tested for impairment using a fair value-based approach at least annually. We evaluate our goodwill and other intangible assets in the fourth quarter of each fiscal year, unless circumstances require testing at other times. (See Results of Operations Discontinued Operations for additional discussion regarding the impairment testing of identifiable intangible assets.)

Recent Accounting Pronouncements

In November 2004, the EITF reached a consensus in applying the conditions in Paragraph 42 of SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (EITF 03-13). Evaluation of whether operations and cash flows have been eliminated depends on whether (1) continuing operations and cash flows are expected to be generated, and (2) the cash flows, based on their nature and significance are considered direct or indirect. This consensus should be applied to a component that is either disposed of or classified as held-for-sale in fiscal periods beginning after December 15, 2004. The adoption of EITF 03-13 did not have a material impact on our consolidated financial position, results of operations or cash flows.

In December 2004, the FASB published SFAS No. 123 (revised 2004), Share-Based Payment (SFAS 123(R)). SFAS 123(R) requires that the compensation cost relating to share-based payment transactions, including grants of employee stock options, be recognized in the financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. SFAS 123(R) covers a wide range of share-based compensation arrangements including stock options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. SFAS 123(R) is a replacement of SFAS No. 123, Accounting for Stock-Based Compensation, and supersedes Auditing Practices Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and its related interpretive guidance (APB 25).

The effect of SFAS 123(R) will be to require entities to measure the cost of employee services received in exchange for stock options based on the grant-date fair value of the award, and to recognize the cost over the period the

employee is required to provide services for the award. SFAS 123(R) permits entities to use any option-pricing model that meets the fair value objective in SFAS 123(R). We were required to begin to apply SFAS 123(R) for the quarter ending March 31, 2006.

Table of Contents

SFAS 123(R) allows two methods for determining the effects of the transition: the modified prospective transition method and the modified retrospective method of transition. We have adopted the modified prospective transition method beginning in 2006.

In June 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109 (FIN 48), which provides criteria for the recognition, measurement, presentation and disclosure of uncertain tax positions. A tax benefit from an uncertain position may be recognized only if it is more likely than not that the position is sustainable based on its technical merits. The provisions of FIN 48 are effective for fiscal years beginning after December 15, 2006. We do not expect FIN 48 will have a material effect on our consolidated financial condition or results of operations.

Results of Operations

The IPS Merger was treated as a reverse acquisition, meaning that the purchase price, comprised of the fair value of the outstanding shares of the Company prior to the transaction, plus applicable transaction costs, were allocated to the fair value of our tangible and intangible assets and liabilities prior to the transaction, with any excess being considered goodwill. IPS was treated as the continuing reporting entity, and, thus, IPS's historical results became those of the combined company. Our results for the six months ended June 30, 2006 and 2005 include the results of IPS, MBS and our ambulatory surgery and diagnostic center business. Our results for fiscal 2005 include the results of IPS, MBS (which includes DCPS) and our ambulatory surgery and diagnostic center business for the twelve months ended December 31, 2005. Our results for fiscal 2004 include the results of IPS for the twelve months ended December 31, 2004 and the results of MBS (which includes DCPS) and our ambulatory surgery and diagnostic center business commencing on December 15, 2004. The descriptions of the business and results of operations of MBS set forth in this report include the business and results of operations of DCPS. This discussion should be read in conjunction with our unaudited consolidated condensed financial statements for the six months ended June 30, 2006 and 2005 and related notes thereto, which are included as Annex K of this Proxy Statement, and our consolidated financial statements for the years ended December 31, 2005 and 2004 and related notes thereto, which are included as Annex J of this Proxy Statement.

Pursuant to paragraph 43 of SFAS 144, which states that, in a period in which a component of an entity either has been disposed of or is classified as held for sale, the income statement of a business enterprise for current and prior periods shall report the results of operations of the component, including any gain or loss recognized, in discontinued operations. As such, our financial results for the six months ended June 30, 2005 and the twelve months ended December 31, 2004 have been reclassified to reflect the operations, including our surgery and diagnostic center businesses, which were discontinued in 2005.

Net Operating Revenues. Our net operating revenues consist of patient service revenue, net of contractual adjustments, related to the operations of IPS's affiliated medical groups, billing services revenue related to MBS and other revenue. For the six months ended June 30, 2006, consolidated net operating revenues decreased \$1,195,385, or 7.8%, to \$14,085,728, as compared to consolidated net operating revenues of \$15,281,113 for the six months ended June 30, 2005.

MBS's net operating revenues totaled \$4,756,052 for the six months ended June 30, 2006 as compared to net operating revenues totaling \$5,193,532 for the same period in 2005, a decrease of \$437,478, or 8.4%. The decrease in net

operating revenues for MBS was primarily the result of the loss of two customers in August 2005, one of which retired from medical practice and one group which decided to bring their billing in-house, which accounted for approximately \$486,000 in net operating revenues in the first six months of 2005. This decrease was partially offset in the first half of 2006 by the addition of three new customers accounting for approximately \$258,525 in net operating revenues in the first six months of 2006.

IPS's net patient service revenue decreased \$757,906, or 7.5%, from \$10,087,581 for the six months ended June 30, 2005 to \$9,329,675 for the six months ended June 30, 2006. The decrease in net patient service revenue for IPS's affiliated medical groups was primarily the result of decreases in patient volume as a consequence of a diminished cold and flu season in the first six months of 2006 as compared with the same period in 2005. All of IPS's four clinic-based affiliated pediatric groups experienced decreases in patient volume in the first six months of 2006, with total procedures and office visits for all clinic-based facilities decreasing 13,422 and 9,016, respectively, to 191,124 and 79,894 for the six months ended June 30, 2006.

Other revenue, which represents revenue from our vaccine program, a group purchasing alliance for vaccines and medical supplies, totaled \$41,589 for the first six months of 2005, increasing \$139,048, or 334.3%, to \$180,637 for the six months ended June 30, 2006. The vaccine program, which had a total of 428 enrolled participants at December 31, 2005, added approximately 62 members during the first six months of 2006.

Table of Contents***Operating Expenses***

Salaries and Benefits. Consolidated salaries and benefits decreased \$670,609 to \$5,535,247 for the six months ended June 30, 2006, as compared to \$6,205,856 for the same period in 2005.

MBS's salaries and benefits totaled \$2,922,367 for the six months ended June 30, 2006 as compared to \$3,100,956 for the six months ended June 30, 2005, a decrease of \$178,588. This decrease is primarily the result of a reduction in health benefit costs related to the consolidation of MBS's benefit plans with the IPS benefit plans at the beginning of 2006, thereby allowing greater negotiating leverage with benefit providers.

Clinical salaries & benefits include wages for the nurse practitioners, nursing staff and medical assistants employed by the affiliated medical groups and fluctuate indirectly to increases and decreases in productivity and patient volume. Clinical salaries, bonuses, overtime and health insurance collectively totaled \$865,670 for the first six months of 2006, an increase of \$9,334 over the same period in 2005. There was one additional medical assistant on the payroll of one of IPS's affiliated medical groups in the first six months of 2006 as compared to the staffing levels for the first six months of 2005. These expenses represented approximately 9.5% and 8.5% of net operating revenues for the six months ended June 30, 2006 and 2005, respectively. The increase, as a % of net operating revenues, is related to the fixed nature of salaries and benefits needed to maintain minimum staffing levels.

In August 2005, we consolidated our corporate operations into the Roswell, Georgia office. Prior to the staff reductions resulting from this corporate consolidation, salaries and benefits related to corporate staff in Houston, Texas totaled \$565,026 for the six months ended June 30, 2005.

Administrative salaries and benefits, excluding MBS and the former staff of our Houston, Texas office, represent the employee-related costs of all non-clinical practice personnel at IPS's affiliated medical groups as well as our corporate staff in Roswell, Georgia. These expenses increased \$67,129, or 4.2%, from \$1,605,306 for the six months ended June 30, 2005 to \$1,672,435 for the same period in 2006. The additional expense can be attributed primarily to the adoption of SFAS 123(R) in the first quarter of 2006, which resulted in stock option compensation expense totaling approximately \$98,000 for the first six months of 2006.

Physician Group Distribution. Physician group distribution decreased \$580,412, or 12.6%, for the six months ended June 30, 2006 to \$4,023,346, as compared with \$4,603,758 for the six months ended June 30, 2005. Pursuant to the terms of the MSAs governing each of IPS's affiliated medical groups, the physicians of each medical group receive disbursements after the payment of all clinic facility expenses as well as a management fee to IPS. The management fee revenue and expense, which is eliminated in the consolidation of our financial statements, is either a fixed fee or is calculated based on a percentage of net operating income. For the six months ended June 30, 2006, management fee revenue totaled \$660,513 and represented approximately 14.1% of net operating income as compared to management fee revenue totaling \$751,853 and representing approximately 14.0% of net operating income for the same period in 2005. Physician group distribution represented 43.1% of net operating revenues in the first six months of 2006, compared to 45.6% of net operating revenues for the six months ended June 30, 2005. The decrease in physician group distribution for the six months ended June 30, 2006 was directly related to the decrease in net patient service revenue, which was primarily the result of decreased patient volume during the first half of 2006.

Facility Rent and Related Costs. Facility rent and related costs decreased \$65,824, or 7.7%, from \$858,099 for the six months ended June 30, 2005 to \$792,276 for the six months ended June 30, 2006.

MBS's facility rent and related costs totaled \$256,895 for the six months ended June 30, 2006 as compared to \$242,777 for the same period in 2005. This increase can be explained generally by increases in utilities and off-site storage costs for the first half of 2006.

Facility rent and related costs associated with IPS's affiliated medical groups and our corporate office totaled \$507,103 for the six months ended June 30, 2006 compared to \$539,406 for the same period in 2005. Rent expense related to our corporate office in Roswell, Georgia decreased for the first half of 2006 due to approximately \$54,000 in rent payments received for the sublease between eClinicalWeb and us as a result of the IntegriMED Agreement in June 2005.

Table of Contents

In August 2005, we consolidated our corporate operations into the Roswell, Georgia office. Prior to this consolidation, facility-related costs such as utilities and personal property taxes associated with our former office in Houston, Texas totaled approximately \$48,000 for the six months ended June 30, 2005.

Depreciation and Amortization. Consolidated depreciation and amortization expense totaled \$818,828 for the six months ended June 30, 2006, a decrease of \$908,373 from the six months ended June 30, 2005.

For the six months ended June 30, 2006, depreciation expense related to the fixed assets of MBS totaled \$34,836 as compared to \$41,836 for the same period in 2005. Depreciation expense related to the fixed assets of IPS and us totaled \$80,523 and \$58,816 for the six months ended June 30, 2006 and 2005, respectively. Depreciation expense associated with fixed assets related to our former Houston, Texas office, which was closed in August 2005, totaled \$22,768 for the six months ended June 30, 2005.

As part of the DCPS/MBS Merger, we purchased MBS and DCPS for a combination of cash, notes and stock. Since the consideration for this purchase transaction exceeded the fair value of the net assets of MBS and DCPS at the time of the purchase, a portion of the purchase price was allocated to intangible assets. The amortization expense related to the intangible assets recorded as a result of the DCPS/MBS Merger totaled \$531,046 for the six months ended June 30, 2006 and 2005, respectively.

Amortization expense related to the MSAs for IPS's affiliated medical groups totaled \$172,422 and \$209,341 for the six months ended June 30, 2006 and 2005, respectively. The decrease is directly related to the Sutter Settlement and the CARDC Settlement.

As part of the IPS Merger, the purchase price, comprised of the fair value of the outstanding shares of the Company prior to the transaction, plus applicable transaction costs, was allocated to the fair value of our tangible and intangible assets and liabilities prior to the transaction, with any excess being considered goodwill. Amortization expense for the intangible assets recorded as a result of the IPS Merger totaled \$863,394 for the six months ended June 30, 2005. As a result of the dispositions related to our surgery and diagnostic center business, which was discontinued in 2005, and the uncertainty of future cash flows related to our surgery center business, we impaired substantially all of the intangible assets related to the IPS Merger in 2005. Therefore, there was no amortization expense related to the intangible assets in the first half of 2006. (See *Discontinued Operations* for additional discussion regarding the disposition of intangible assets and goodwill recorded as a result of the IPS Merger.)

Professional and Consulting Fees. For the six months ended June 30, 2006, professional and consulting fees totaled \$707,112, a decrease of \$224,528, or 24.1%, from the same period in 2005.

For the first six months of 2006, MBS recorded professional and consulting expenses totaling \$88,476 as compared with \$142,261 for the first six months of 2005, a decrease of \$53,786. This change is primarily the result of a decrease in contract labor used in the first half of 2005 as a result of staffing shortages. This contract labor was not utilized in the first six months of 2006 because MBS's position inventory is fully staffed.

IPS's and our professional and consulting fees, which include the costs of corporate accounting, financial reporting and compliance, and legal fees, decreased from \$653,835 for the six months ended June 30, 2005 to \$618,636 for the six months ended June 30, 2006. The decrease is primarily the result of reduced legal fees and expenses related to the divestiture of our surgery and diagnostic business in 2005.

Insurance. Consolidated insurance expense, which includes the costs of professional liability for affiliated physicians, property and casualty and general liability insurance and directors and officers' liability insurance, decreased from \$441,272 for the six months ended June 30, 2005 to \$339,360 for the six months ended June 30, 2006. Insurance

expense related to the directors and officers liability policies in the first half of 2005 included approximately \$75,000 of premiums for run-off policies related to SurgiCare and IPS. The run-off policies were expensed fully in 2005.

Provision for Doubtful Accounts. Our consolidated provision for doubtful accounts, or bad debt expense, decreased \$337,689, or 53.0%, for the six months ended June 30, 2006 to \$299,146. The entire provision for doubtful accounts for the six months ended June 30, 2006 related to IPS's affiliated medical groups and accounted for 3.2% of IPS's net operating revenues as compared to 6.3% of IPS's net operating revenues for the same period in

Table of Contents

2005. The total collection rate, after contractual allowances, for IPS's affiliated medical groups was 70.6% for the six months ended June 30, 2006, compared to 63.8% for the same period in 2005.

Other Expenses. Consolidated other expenses totaled \$2,272,944 for the six months ended June 30, 2006, a decrease of \$277,151 from the same period in 2005. Other expenses include general and administrative expenses such as office supplies, telephone & data communications, printing & postage, transfer agent fees, and board of directors compensation and meeting expenses, as well as some direct clinical expenses, which are expenses that are directly related to the practice of medicine by the physicians that practice at the affiliated medical groups managed by IPS.

MBS's other expenses totaled \$556,621 for the six months ended June 30, 2006 as compared to \$662,957 for the six months ended June 30, 2005. Of the total decrease, approximately \$90,000 and \$19,000 related to decreases in office supplies and postage and courier expenses, respectively, in the first six months of 2006 as compared to the same period in 2005. These expense fluctuations are the direct result of the decrease in net operating revenues in the first half of 2006. Additionally, MBS renegotiated its long distance rates in the fall of 2005, which resulted in approximately \$39,000 in cost savings in the first six months of 2006 as compared to the same period in 2005.

For the six months ended June 30, 2006, IPS's direct clinical expenses, other than salaries and benefits, totaled \$1,146,920, an increase of \$34,792 over direct clinical expenses in the first half of 2005, which totaled \$1,112,128. Vaccine expenses accounted for approximately \$43,000 of the total increase in direct clinical expenses in the first six months of 2006. IPS's affiliated medical groups began using two new vaccines in late 2005—Menactra and Decavac which replaced lower-priced vaccines previously utilized by the medical groups.

Our and IPS's general and administrative expenses totaled \$334,778 for the six months ended June 30, 2006, a decrease of \$200,472 from the same period in 2005. Of the total decrease, approximately \$198,000 relates to cost efficiencies and expense reductions as a result of the consolidation of corporate functions into our Roswell, Georgia office in August 2005.

Other Income and Expenses.

Interest Expense. Consolidated interest expense totaled \$234,144 for the six months ended June 30, 2006, an increase of \$83,752 from the same period in 2005. Interest expense activity in the first half of 2006, including increases from the first six months of 2005, can be explained generally by the following:

Brantley Debt. In March and April 2005, we borrowed an aggregate of \$1,250,000 from Brantley Partners IV, L.P. (Brantley IV). (See Liquidity and Capital Resources.) Interest expense related to these notes totaled approximately \$57,000 for the six months ended June 30, 2006.

MBS Notes. On April 19, 2006, we executed subordinated promissory notes with the former equity owners of MBS and DCPS for an aggregate of \$714,336. This represented the retroactive purchase price increase due to the former equity owners of MBS and DCPS based on the financial results of the newly formed MBS, as required by the merger agreement governing the DCPS/MBS Merger. The notes bear interest at the rate of 8% per annum, payable monthly beginning on April 30, 2006, and will mature on December 15, 2007. Interest expense related to these notes totaled approximately \$11,429 for the six months ended June 30, 2006.

Line of Credit. As part of the restructuring transactions, we also entered into a new secured two-year revolving credit facility pursuant to the Loan and Security Agreement (the Loan and Security Agreement), dated December 15, 2004, by and among us, certain of our affiliates and subsidiaries, and CIT Healthcare, LLC (formerly known as Healthcare Business Credit Corporation)(CIT) borrowing \$1.6 million under this facility concurrently with the Closing. (See Liquidity and Capital Resources for additional discussion regarding the

Loan and Security Agreement.) Interest expense related to this line of credit totaled \$114,807 for the six months ended June 30, 2006, compared to \$97,825 for the six months ended June 30, 2005. The increase in interest expense on the line of credit facility was a direct result of interest rate increases for the first six months of 2006 as compared to the same period in 2005. In December 2005, we received notification from CIT stating that certain events of default under the Loan and Security Agreement had occurred as a result of us being out of compliance with two financial covenants. As a result of the events of default, CIT

Table of Contents

raised the interest rate for monies borrowed under the Loan and Security Agreement to a default rate of prime rate plus 6% as compared to the stated interest rate of prime rate plus 3% as of the Closing. (See Liquidity and Capital Resources for additional discussion regarding our defaults under the Loan and Security Agreement.) The loan balance for this facility was \$998,668 and \$1,681,450 at June 30, 2006 and 2005, respectively. Additionally, the average prime rate for the first half of 2006 was 7.67% as compared to 5.67% for the same six-month period in 2005.

Gain on Forgiveness of Debt. On August 25, 2003, our lender, DVI, announced that it was seeking protection under Chapter 11 of the United States Bankruptcy laws. Both IPS and SurgiCare had loans outstanding to DVI in the form of term loans and revolving lines of credit. As part of the IPS Merger, we negotiated a discount on the term loans and a buy-out of the revolving lines of credit. As part of that agreement, we executed a new loan agreement with U.S. Bank Portfolio Services, as Servicer for payees, for payment of the revolving lines of credit and renegotiation of the term loans. In the first quarter of 2006, we negotiated an 85% discount on the revolving line of credit, which had a balance of \$778,000 at December 31, 2005. As of March 13, 2006, we had made aggregate payments in the amount of \$112,500 in satisfaction of the \$778,000 debt, and recognized a gain on forgiveness of debt totaling \$665,463 for the six months ended June 30, 2006.

Discontinued Operations.

Bellaire SurgiCare. As of the Closing, our management expected the case volumes at Bellaire SurgiCare to improve in 2005. However, by the end of February 2005, it was determined that the expected case volume increases were not going to be realized. On March 1, 2005, we closed Bellaire SurgiCare and consolidated its operations with the operations of Memorial Village. We tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the decision to close Bellaire SurgiCare and the resulting impairment of the joint venture interest and management contracts related to the surgery centers, we recorded a charge for impairment of intangible assets of \$4,090,555 for the year ended December 31, 2004. We also recorded a loss on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$163,049 for the quarter ended March 31, 2005. There were no operations for this component after March 31, 2005.

Capital Allergy and Respiratory Disease Center (CARDC). On April 1, 2005, IPS entered into a Mutual Release and Settlement Agreement (the *CARDC Settlement*) with Dr. Bradley E. Chipps, M.D. and CARDC to settle disputes as to the existence and enforceability of certain contractual obligations. As part of the *CARDC Settlement*, Dr. Chipps, CARDC, and IPS agreed that CARDC would purchase the assets owned by IPS and used in connection with CARDC, in exchange for termination of the MSA between IPS and CARDC. Additionally, among other provisions, after April 1, 2005, Dr. Chipps, CARDC and IPS have been released from any further obligation to each other arising from any previous agreement. As a result of the *CARDC* dispute, we recorded a charge for impairment of intangible assets related to *CARDC* of \$704,927 for the year ended December 31, 2004. We also

recorded a gain on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$506,625 for the quarter ended March 31, 2005. For the quarter ended June 30, 2005, we reduced the gain on disposal of this discontinued component by \$238,333 as the result of post-settlement adjustments related to the reconciliation of balance sheet accounts. There were no operations for this component in our financial statements after March 31, 2005.

IntegriMED. On June 7, 2005, InPhySys, Inc. (formerly known as IntegriMED, Inc.) (*IntegriMED*), a wholly owned subsidiary of IPS, executed an Asset Purchase Agreement (the *IntegriMED Agreement*) with eClinicalWeb, LLC (*eClinicalWeb*) to sell substantially all of the assets of IntegriMED. As a result of this transaction, we recorded a loss on disposal of this discontinued component of \$47,101 for the quarter ended June 30, 2005. The operations of this component are reflected in our consolidated condensed statements of operations as loss from operations of discontinued components for the six months ended June 30, 2005. There were no operations for this component in our financial statements after June 30, 2005.

TASC and TOM. On June 13, 2005, we announced that we had accepted an offer to purchase our interests in TASC and TOM in Dover, Ohio. On September 30, 2005, we executed purchase agreements to sell our 51% ownership interest in TASC and our 41% ownership interest in TOM to Union. Additionally, as part of the transactions, TASC, as the sole member of TASC Anesthesia, executed an Asset Purchase Agreement to sell certain assets of TASC Anesthesia to Union. The limited partners of TASC and TOM also sold a certain number of their units to Union such that at the closing of these transactions, Union owned 70% of the ownership interests in TASC and TOM. We no longer have an ownership interest in TASC, TOM or TASC Anesthesia. As a result of these transactions, as well as the uncertainty of future cash flows related to our surgery center business, we determined

Table of Contents

that the joint venture interests associated with TASC and TOM were impaired and recorded a charge for impairment of intangible assets related to TASC and TOM of \$2,122,445 for the three months ended June 30, 2005. Also as a result of these transactions, we recorded a gain on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$1,357,712 for the quarter ended December 31, 2005. We allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill related to TASC and TOM totaling \$789,173 for the quarter ended December 31, 2005, which reduced the gain on disposal. In early 2006, we were notified by Union that it was exercising its option to terminate the management services agreements of TOM and TASC as of March 12, 2006 and April 3, 2006, respectively. As a result, we recorded a charge for impairment of intangibles assets of \$1,021,457 for the three months ended December 31, 2005 related to the TASC and TOM management services agreements. The operations of this component are reflected in our consolidated condensed statements of operations as loss from operations of discontinued components for the six months ended June 30, 2005. There were no operations for this component in our financial statements after September 30, 2005.

Sutter. On October 31, 2005, IPS executed the Sutter Settlement with Dr. Sutter to settle disputes that had arisen between IPS and Dr. Sutter and to avoid the risk and expense of litigation. As part of the Sutter Settlement, Dr. Sutter and IPS agreed that Dr. Sutter would purchase the assets owned by IPS and used in connection with Dr. Sutter's practice, in exchange for termination of the related MSA. Additionally, among other provisions, after October 31, 2005, Dr. Sutter and IPS have been released from any further obligation to each other arising from any previous agreement. As a result of this transaction, we recorded a loss on disposal of this discontinued component (in addition to the charge for impairment of intangible assets of \$38,440 recorded in the fourth quarter of 2005) of \$279 for the quarter ended December 31, 2005. The operations of this component are reflected in our consolidated condensed statements of operations as loss from operations of discontinued components for the six months ended June 30, 2005. There were no operations for this component in our financial statements after October 31, 2005.

Memorial Village. As a result of the uncertainty of future cash flows related to our surgery center business as well as the transactions related to TASC and TOM, we determined that the joint venture interest associated with Memorial Village was impaired and recorded a charge for impairment of intangible assets related to Memorial Village of \$3,229,462 for the three months ended June 30, 2005. In November 2005, we decided that, as a result of ongoing losses at Memorial Village, it would need to either find a buyer for our equity interests in Memorial Village or close the facility. In preparation for this pending transaction, we tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the decision to sell or close Memorial Village, as well as the uncertainty of cash flows related to our surgery center business, we recorded an additional charge for impairment of intangible assets of \$1,348,085 for the three months ended September 30, 2005. On February 8, 2006, Memorial Village executed an Asset Purchase Agreement (the *Memorial Agreement*) for the sale of substantially all of its assets to First Surgical. Memorial Village was approximately 49% owned by Town & Country SurgiCare, Inc., a wholly owned subsidiary of the Company. The Memorial Agreement was deemed to be effective as of January 31, 2006. As a result of this transaction, we recorded a gain on the disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$574,321 for the quarter ended March 31, 2006. We allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill related to Memorial Village totaling \$2,005,383 for the quarter ended December 31, 2005. The operations of this component are reflected in our consolidated statements of operations as loss from operations of discontinued components for the six months ended June 30, 2006 and 2005, respectively. San Jacinto. On March 1, 2006, San Jacinto executed an Asset Purchase Agreement for the sale of substantially all of its assets to Methodist. San Jacinto was approximately 10% owned by Baytown SurgiCare, Inc., our wholly owned subsidiary, and is not consolidated in our financial statements. As a result of this transaction, we recorded a gain on disposal of this discontinued operation of \$94,066 for the quarter ended March 31, 2006. As a result of the uncertainty of future cash flows related to our surgery center business and in conjunction with the transactions related to TASC and TOM, we determined that the joint venture interest associated with San Jacinto was impaired and recorded a charge for impairment of intangible assets related to San Jacinto of \$734,522 for the three months ended June 30, 2005. We also recorded an additional \$2,113,262 charge for impairment of intangible assets for the three months ended September 30, 2005 related to the management contracts with San Jacinto. We allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill related to San Jacinto totaling \$694,499 for the quarter ended December 31, 2005. There were no operations for this component in our financial statements after March 31, 2006.

Orion. Prior to the divestiture of our ambulatory surgery center business, we recorded management fee revenue, which was eliminated in the consolidation of our financial statements, for Bellaire SurgiCare, TASC and TOM and Memorial Village. The management fee revenue for San Jacinto was not eliminated in consolidation. The management fee revenue associated with the discontinued operations in the surgery center business totaled \$61,039 for the six months ended June 30, 2006. For the six months ended June 30, 2005, we generated management fee revenue of \$218,407 and net minority interest losses totaling \$42,765. For the quarters ended June 30, 2005 and December 31, 2005, we recorded a charge for impairment of intangible assets of \$276,420 and \$142,377, respectively, related to trained work force and non-compete agreements affected by the surgery center operations we discontinued in 2005 and early 2006.

Net Operating Revenues. Our net operating revenues consist of patient service revenue, net of contractual adjustments, related to the operations of IPS's affiliated medical groups, billing services revenue related to MBS and other revenue. For the twelve months ended December 31, 2005, consolidated net operating revenue increased \$11,981,948, or 68.1%, to \$29,564,885, as compared with \$17,582,937 for the twelve months ended December 31, 2004. Our results for fiscal 2005 include the results of IPS, MBS and our ambulatory surgery and diagnostic center

business for the twelve months ended December 31, 2005. Our results for fiscal 2004 include the results of IPS for the twelve months ended December 31, 2004 and the results of MBS and our ambulatory surgery and diagnostic center business for the two weeks beginning December 15, 2004.

MBS's net operating revenues totaled \$9,979,232 for the twelve months ended December 31, 2005. In 2004, MBS's net operating revenues, which totaled \$426,359, represented operations beginning on December 15, 2004 after the DCPS/MBS Merger.

IPS's net patient service revenue increased \$2,261,614, or 13.4%, from \$16,928,348 for the year ended December 31, 2004 to \$19,189,962 for the year ended December 31, 2005. The increase in net patient service revenue for IPS's affiliated medical groups was primarily the result of the following:

Increases in patient volume and productivity. Three of IPS's four clinic-based affiliated pediatric groups experienced increases in patient volume in 2005, with total procedures and office visits for all clinic-based facilities increasing 24,423 and 6,619, respectively, to 415,622 and 168,257 for the twelve months ended December 31, 2005. One medical group added two full-time equivalent (FTE) providers in July 2004 that have been considerably more productive than the physicians they replaced. Additionally, the increased usage of electronic medical records software in 2005 has improved overall productivity in another affiliated

Table of Contents

medical group, primarily in the area of patient scheduling. These productivity increases contributed to an average increase of 255 procedures per provider in 2005, as compared to the same period in 2004.

Rate increases. In addition to increases in production, several of the clinic-based affiliated medical groups increased their rates in 2005 for core procedure and visit current procedural terminology codes. These rate increases were the result of an analysis of the medical groups' 2004 rates as compared to the reimbursement rates of key insurers that showed that, in many cases, the insurer's reimbursement rates were higher than the medical groups' core charges.

Increases in other sources of patient revenue. In July 2005, physicians at one of IPS's affiliated medical groups began to provide services on a rotating basis to a clinic started by a local hospital for a flat fee of \$14,000 per month.

Other revenue totaled \$228,230 in 2004, increasing \$167,460, or 73.4%, to \$395,690 for the year ended December 31, 2005. For the twelve months ended December 31, 2005, revenue from our vaccine program, which is a group purchasing alliance for vaccines and medical supplies, totaled \$319,799, an increase of \$91,569 over 2004. The vaccine program, which had a total of 222 enrolled participants at the end of 2004, added approximately 204 members during the year ended December 31, 2005. Additionally, revenue related to a small number of former IntegriMED customers not fully transitioned to eClinicalWeb at the time of the IntegriMED Agreement totaled approximately \$58,000 for the year ended December 31, 2005. This revenue is not expected to be recurring revenue and the final customer was transitioned from the Company in November 2005.

Operating Expenses.

Salaries and Benefits. Consolidated salaries and benefits increased \$7,608,119 to \$12,663,369 for the year ended December 31, 2005, as compared to \$5,055,249 in 2004. MBS's salaries and benefits totaled \$6,243,209 for the twelve months ended December 31, 2005. In 2004, MBS's salaries and benefits, which totaled \$262,230, represented wages beginning on December 15, 2004 after the DCPS/MBS Merger.

In August 2005, we consolidated our corporate operations into the Roswell, Georgia office. Prior to the staff reductions resulting from this corporate consolidation, salaries and benefits related to corporate staff in Houston, Texas totaled \$864,010 in 2005. In 2004, salaries and benefits for the Houston, Texas corporate employees totaled \$45,865, which represented wages beginning on December 15, 2004 after the IPS Merger. Severance, retention costs and accrued vacation related to the corporate staff reductions at our Houston, Texas office totaled \$143,250 for the year ended December 31, 2005. Additionally, effective November 8, 2005, Keith G. LeBlanc resigned his position as president and director of the Company to pursue other interests. Mr. LeBlanc will remain as a consultant to the Company for a period of twelve months. The Company and Mr. LeBlanc executed a Separation Agreement and General Release (the "Separation Agreement") governing Mr. LeBlanc's separation benefits and consulting agreement. The Separation Agreement is incorporated by reference to Exhibit 10.8 of our Form 10-QSB for the quarter ended September 30, 2005, which was filed on November 14, 2005. Salaries and benefits expense in 2005 included an accrual of \$484,520 for separation benefits related to the Separation Agreement.

Clinical salaries & benefits include wages for the nurse practitioners, nursing staff and medical assistants employed by the affiliated medical groups and are directly related to increases and decreases in productivity and patient volume. Clinical salaries, bonuses, overtime and health insurance collectively totaled \$1,728,764 in 2005, an increase of \$126,374 over the same period in 2004. These expenses represented approximately 9.0% and 9.5% of net operating revenue for the twelve months ended December 31, 2005 and 2004, respectively.

Administrative salaries and benefits, excluding MBS and the former staff of our Houston, Texas office, represent the employee-related costs of all non-clinical practice personnel at IPS's affiliated medical groups as well as our corporate staff in Roswell, Georgia. These expenses increased \$127,033, or 5.1%, from \$2,476,378 for the year ended December 31, 2004 to \$2,603,411 for the same period in 2005. The additional salaries expense can be attributed primarily to: (i) the addition of one billing FTE and the promotion of several employees to supervisor at two of IPS's affiliated medical groups as the result of billing office reorganizations, which accounted for approximately \$57,000 of the increase; and (ii) combined salary increases totaling approximately \$62,000 for our Chief Executive Officer and Chief Financial Officer as a result of the IPS Merger on December 15, 2004.

Physician Group Distribution. Physician group distribution increased \$1,375,894, or 19.8%, for the year ended December 31, 2005 to \$8,314,975, as compared with \$6,939,081 for the year ended December 31, 2004. Pursuant to the terms of the MSAs governing each of IPS's affiliated medical groups, the physicians of each medical group receive disbursements after the payment of all clinic facility expenses as well as a management fee to IPS. The management fee revenue and expense, which is eliminated in the consolidation of our financial statements, is either a fixed fee or is calculated based on a percentage of net operating income. For the twelve months ended December 31, 2005, management fee revenue totaled \$1,450,784 and represented approximately 14.9% of net operating income as compared to management fee revenue totaling \$1,246,470 and representing approximately 13.8% of net operating income in 2004. Physician group distributions represented 42.5% of net operating revenues in 2005, compared to 40.4% of net operating revenues for the same period in 2004. The increase in physician group distributions in 2005 was directly related to the increase in net patient service revenue, which was primarily the result of increased patient volume during the year.

Facility Rent and Related Costs. Facility rent and related costs increased 52.9% from \$1,116,949 for the year ended December 31, 2004 to \$1,707,579 for the year ended December 31, 2005. MBS's facility rent and related costs totaled \$502,917 for the twelve months ended December 31, 2005. In 2004, MBS's rent expenses totaled \$9,291, which represented expenses beginning on December 15, 2004 after the DCPS/MBS Merger. Facility rent and related costs associated with our former Houston, Texas office totaled \$625,453 in 2005 as compared to \$11,940 for the period beginning on December 15, 2004 after the IPS Merger.

Facility rent and related costs associated with IPS's affiliated medical groups and our corporate office totaled \$1,082,126 for the year ended December 31, 2005 compared to \$1,105,009 for the same period in 2004. One of IPS's affiliated medical groups refurbished its existing office space at two locations at a cost of approximately \$36,000. Rent expense related to our corporate office in Roswell, Georgia decreased in 2005 due to approximately \$63,000 in rent payments received for the sublease between eClinicalWeb and the Company as a result of the IntegriMED Agreement in June 2005.

Depreciation and Amortization. Consolidated depreciation and amortization expense totaled \$2,818,042 for the year ended December 31, 2005, an increase of \$2,166,312 over the year ended December 31, 2004.

For the twelve months ended December 31, 2005, depreciation expense related to the fixed assets of MBS totaled \$86,081. In 2004, MBS's depreciation expenses totaled \$1,692, which represented the expense beginning on December 15, 2004 after the DCPS/MBS Merger. Depreciation expense associated fixed assets related to our former Houston, Texas office totaled \$46,454 in 2005 as compared to \$20,764 for the period beginning on December 15, 2004 after the IPS Merger. Depreciation expense related to the fixed assets of IPS and us totaled \$118,620 and \$132,716 for the years ended December 31, 2005 and 2004, respectively.

Amortization expense related to the MSAs for IPS's affiliated medical groups totaled \$386,125 and \$358,116 for the years ended December 31, 2005 and 2004, respectively.

As part of the IPS Merger, the purchase price, comprised of the fair value of the outstanding shares of the Company prior to the transaction, plus applicable transaction costs, was allocated to the fair value of our tangible and intangible assets and liabilities prior to the transaction, with any excess being considered goodwill. The amortization expense related to the intangible assets recorded as a result of the IPS Merger totaled \$1,118,670 and \$94,089 for the years ended December 31, 2005 and 2004, respectively. (See *Discontinued Operations* for additional discussion regarding the disposition of intangible assets and goodwill recorded as a result of the IPS Merger.)

As part of the DCPS/MBS Merger, we purchased MBS and DCPS for a combination of cash, notes and stock. Since the consideration for this purchase transaction exceeded the fair value of the net assets of MBS and DCPS at the time

of the purchase, a portion of the purchase price was allocated to intangible assets. The amortization expense related to the intangible assets recorded as a result of the DCPS/MBS Merger totaled \$1,062,093 and \$44,254 for the years ended December 31, 2005 and 2004, respectively.

Professional and Consulting Fees. For the year ended December 31, 2005, professional and consulting fees totaled \$1,910,555, an increase of \$1,206,848, or 171.5%, over the same period in 2004. For the twelve months ended December 31, 2005, MBS recorded professional and consulting expenses totaling \$275,176. In 2004, MBS s

professional and consulting fees totaled \$22,020 for the period beginning on December 15, 2004 after the DCPS/MBS Merger.

IPS's and our professional and consulting fees, which include the costs of corporate accounting, financial reporting and compliance, increased from \$681,687 for the year ended December 31, 2004 to \$1,635,379 for the year ended December 31, 2005. The increase is primarily the result of (i) approximately \$345,000 in additional accounting and audit fees as a result of the expanded reporting requirements resulting from the IPS Merger and DCPS/MBS Merger (collectively, the 2004 Mergers); (ii) approximately \$355,000 in additional legal fees resulting from the 2004 Mergers, including a \$90,000 charge to legal fees recorded in the third quarter of 2005 related to a litigation settlement; (iii) approximately \$91,000 in professional fees for investor relations and corporate communications; (iv) approximately \$57,000 in costs associated with the small number of former IntegriMED customers not fully transitioned to eClinicalWeb at the time of the IntegriMED Agreement; and (v) approximately \$20,000 in consulting fees incurred during the year related to accounting software upgrades in the corporate office.

Insurance. Consolidated insurance expense, which includes the costs of professional liability insurance for affiliated physicians, property and casualty and general liability insurance and directors and officers' liability insurance, increased from \$534,650 for the year ended December 31, 2004 to \$898,495 for the year ended December 31, 2005. For the twelve months ended December 31, 2005, MBS's insurance expenses totaled \$13,637. In 2004, MBS recorded insurance expense totaling \$136 for the period beginning on December 15, 2004 after the DCPS/MBS Merger.

IPS's and our insurance expenses totaled \$900,768 for the twelve months ended December 31, 2005, an increase of \$366,255 over the same period in 2004. Directors and officers' liability insurance increased approximately \$240,000 from 2004 to 2005, and relates solely to the increase in premiums as a result of the 2004 Mergers. General liability insurance, which includes property & casualty insurance for the affiliated medical groups and the corporate office in Roswell, Georgia, increased from \$20,050 for the year ended December 31, 2004 to \$92,381 for the twelve months ended December 31, 2005. The expense for 2005 included insurance premiums totaling \$86,379 related to our former office in Houston, Texas, while the 2004 expense only included \$1,601 for the period beginning December 15, 2004 after the IPS Merger. Professional liability insurance for the affiliated medical groups increased \$28,674 from \$457,360 for the twelve months ended December 31, 2004 to \$486,034 for the same period in 2005. This increase is primarily due to a combination of two factors at one of the affiliated medical groups: (i) the addition of a FTE provider in 2005 coupled with (ii) an approximately \$2,500 per provider annual rate increase over 2004 premiums.

Provision for Doubtful Accounts. Our consolidated provision for doubtful accounts, or bad debt expense, increased \$111,268, or 10.4%, for the year ended December 31, 2005 to \$1,176,405. IPS's provision for doubtful accounts for the twelve months ended December 31, 2005 totaled \$1,154,464 and accounted for 5.9% of net operating revenues as compared to 6.2% of net operating revenues for the same period in 2004. The total collection rate, after contractual allowances, for IPS's affiliated medical groups was 68.6% for the year ended December 31, 2005, compared to 67.1% for the same period in 2004.

Other Expenses. Consolidated other expenses totaled \$5,024,169 for the year ended December 31, 2005, an increase of \$1,909,154 over the same period in 2004. Other expenses include general and administrative expenses such as office supplies, telephone & data communications, printing & postage, transfer agent fees, and board of directors compensation and meeting expenses, as well as some direct clinical expenses, which are expenses that are directly related to the practice of medicine by the physicians that practice at the affiliated medical groups managed by IPS. MBS's other expenses totaled \$1,240,494 for the twelve months ended December 31, 2005, and included approximately \$641,000 in postage and courier fees, approximately \$391,000 for office supplies & telephone expenses, and approximately \$51,000 in travel expenses related to new business marketing. In 2004, MBS's other expenses totaled \$118,783 for the period beginning on December 15, 2004 after the DCPS/MBS Merger.

For the year ended December 31, 2005, IPS' s direct clinical expenses, other than salaries and benefits, totaled \$2,349,706, an increase of \$377,721, or 19.2%, over 2004 direct clinical expenses, which totaled \$1,971,985. Vaccine expenses accounted for \$358,408 of the total increase in direct clinical expenses in 2005, increasing from \$1,565,833 in 2004 to \$1,924,241 in 2005, largely as a result of the increase in patient volume at IPS' s affiliated

medical groups during the year. Vaccine expenses represented approximately 10.0% of net operating revenue for the twelve months ended December 31, 2005 compared to approximately 9.2% of net operating revenue for the same period in 2004. Additionally, IPS's affiliated medical groups began using two new vaccines in 2005—Menactra and Decavac—which replaced lower-priced vaccines previously utilized by the medical groups.

Our and IPS's general and administrative expenses totaled \$1,192,545 for the twelve months ended December 31, 2005, an increase of \$215,012 over 2004 totals. Of the total increase, approximately \$109,000 and \$16,000 relate to our board of directors' fees and travel expenses and transfer agent fees, respectively, both of which were new costs for us in 2005. Additional printing costs associated with our SEC filings totaled approximately \$65,000 for the twelve months ended December 31, 2005. Travel expenses related primarily to employee travel between Roswell, Georgia and Houston, Texas as part of the process of the consolidation of corporate functions totaled approximately \$94,000 in 2005.

Other Income and Expenses.

Interest Expense. Consolidated interest expense totaled \$342,678 for the twelve months ended December 31, 2005, a decrease of \$626,368 from the same period in 2004. Interest expense activity in 2005, including decreases from 2004, can be explained generally by the following:

Brantley Debt. As part of the 2004 Mergers, we used \$6,037,111 of proceeds to repay debt and accrued interest owed to an affiliate of Brantley IV. Additionally, Brantley Capital and Brantley III each held debt of IPS and were party to the Amended and Restated Debt Exchange Agreement, dated February 9, 2004, as amended by the First Amendment to Debt Exchange Agreement dated July 16, 2004 (the "Debt Exchange Agreement") under which Brantley Capital and Brantley III received Class A Common Stock in exchange for the contribution of an aggregate of approximately \$4,375,000 in debt, including accrued interest as of the Closing, to us. Brantley Capital also received Class A Common Stock equal to the amount of approximately \$593,000 in accrued dividends owed to it by IPS in exchange for such indebtedness. Interest expense related to the Brantley Capital, Brantley III and Brantley IV subsidiary debt totaled approximately \$566,000 in 2004. In March and April 2005, we borrowed an aggregate of \$1,250,000 from Brantley IV. Interest expense related to these notes totaled approximately \$89,000 for the twelve months ended December 31, 2005.

DVI Restructuring. As described in Part I. Item 1. Description of Business—Acquisitions and Restructuring Transactions—New Line of Credit and Debt Restructuring, we restructured our previously-existing debt facilities, which resulted in a decrease in aggregate debt owed to DVI from approximately \$10.1 million to a combined principal amount of approximately \$6.5 million, of which approximately \$2.0 million was paid at the Closing. Interest expense related to IPS's portion of the restructured debt totaled \$207,428 in 2004.

New Line of Credit. As part of the restructuring transactions, we also entered into the Loan and Security Agreement with CIT, borrowing \$1.6 million under this facility concurrently with the Closing. Interest expense related to this line of credit totaled \$208,211 for the year ended December 31, 2005, an increase of \$42,510 over the interest expense for 2004 related to our previous revolving credit facility with DVI.

Gain on Forgiveness of Debt. On August 25, 2003, our lender, DVI, announced that it was seeking protection under Chapter 11 of the United States Bankruptcy laws. Both IPS and SurgiCare had loans outstanding to DVI in the form of term loans and revolving lines of credit. As part of the IPS Merger, we negotiated a discount on the term loans and a buy-out of the revolving lines of credit. As part of that agreement, we executed a new loan agreement with U.S. Bank Portfolio Services ("USBPS"), as Servicer for payees, for payment of the revolving lines of credit and renegotiation of the term loans. Additionally, as part of that transaction, we entered into a new secured two-year revolving line of credit with CIT, which was used to pay-off the DVI revolving lines of credit. The total gain on the cancellation of debt

was \$4,956,885 (net of accrued interest totaling \$24,597 related to a 60-day extension of the original settlement agreement with USBPS) and was allocated based on the historical note balances of IPS and SurgiCare. The gain allocated to SurgiCare reduced the amount of debt assumed in the purchase price calculation, along with the resulting allocation of the fair value of our historical net assets to intangible assets and goodwill. The gain allocated to IPS (net of \$12,093 in accrued interest) totaled \$2,424,978 for the year ended December 31, 2004.

The remaining \$2,960 gain on forgiveness of debt recorded in 2004 relates to previously negotiated settlements by us with certain creditors.

Discontinued Operations.

Heart Center. On September 19, 2003, IPS entered into a Settlement Agreement (the *Heart Center Settlement*) with Dr. Jane Kao (*Dr. Kao*) and the Heart Center to settle disputes as to the existence and enforceability of certain contractual obligations. As part of the Heart Center Settlement, Dr. Kao, the Heart Center and IPS agreed that, until December 31, 2004, each party would conduct their operations under the terms established by the MSA between IPS and the Heart Center. Additionally, among other provisions, after December 31, 2004, Dr. Kao, the Heart Center and IPS were released from any further obligation to each other arising from any previous agreement, and Dr. Kao purchased the accounts receivable related to the Heart Center and IPS terminated its ownership and management agreement with the Heart Center. The operations of this component are reflected in our consolidated statements of operations as *loss from operations of discontinued components* for the year ended December 31, 2004. IPS recorded a loss on disposal of this discontinued component of \$12,366 for the year ended December 31, 2004. There were no operations for this component in Company's financial statements in 2005.

Bellaire SurgiCare. As of the Closing, our management expected the case volumes at Bellaire SurgiCare to improve in 2005. However, by the end of February 2005, it was determined that the expected case volume increases were not going to be realized. On March 1, 2005, we closed Bellaire SurgiCare and consolidated its operations with the operations of Memorial Village. We tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the decision to close Bellaire SurgiCare and the resulting impairment of the joint venture interest and management contracts related to the surgery centers, we recorded a charge for impairment of intangible assets of \$4,090,555 for the year ended December 31, 2004. We also recorded a loss on disposal of this discontinued component (in addition to the charge for impairment of intangible

assets) of \$163,049 for the quarter ended March 31, 2005. The operations of this component are reflected in our consolidated statements of operations as loss from operations of discontinued components for the twelve months ended December 31, 2005 and 2004, respectively. There were no operations for this component after March 31, 2005.

CARDC. On April 1, 2005, IPS entered into the *CARDC* Settlement with Dr. Bradley E. Chipps, M.D. and *CARDC* to settle disputes as to the existence and enforceability of certain contractual obligations. As part of the *CARDC* Settlement, Dr. Chipps, *CARDC*, and IPS agreed that *CARDC* would purchase the assets owned by IPS and used in connection with *CARDC*, in exchange for termination of the MSA between IPS and *CARDC*. Additionally, among other provisions, after April 1, 2005, Dr. Chipps, *CARDC* and IPS have been released from any further obligation to each other arising from any previous agreement. As a result of the *CARDC* Settlement, we recorded a charge for impairment of intangible assets related to *CARDC* of \$704,927 for the year ended December 31, 2004. We also recorded a gain on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$506,625 for the quarter ended March 31, 2005. For the quarter ended June 30, 2005, we reduced the gain on disposal of this discontinued component by \$238,333 as the result of post-settlement adjustments related to the reconciliation of balance sheet accounts. The operations of this component are reflected in our consolidated statements of operations as loss from operations of discontinued components for the twelve months ended December 31, 2005 and 2004, respectively. There were no operations for this component in our financial statements after March 31, 2005.

IntegriMED. On June 7, 2005, IPS executed an Asset Purchase Agreement with eClinicalWeb to sell substantially all of the assets of IntegriMED. As a result of this transaction, we recorded a loss on disposal of this discontinued component of \$47,101 for the quarter ended June 30, 2005. The operations of this component are reflected in our consolidated statements of operations as loss from operations of discontinued components for the twelve months ended December 31, 2005 and 2004, respectively. TASC and TOM. On June 13, 2005, we announced that we had accepted an offer to purchase our interests in TASC and TOM in Dover, Ohio. These transactions, which were consummated on September 30, 2005, were deemed to be effective as of October 1, 2005. As a result of these transactions, as well as the uncertainty of future cash flows related to our surgery center business, we determined that the joint venture interests associated with TASC and TOM were impaired and recorded a charge for impairment of intangible assets related to TASC and TOM of \$2,122,445 for the three months ended June 30, 2005. As a result of these transactions, we recorded a gain on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$1,357,712 for the quarter ended December 31, 2005. We allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill for the quarter ended December 31, 2005. The loss on write-down of goodwill related to TASC and TOM totaled \$789,173 and reduced the gain on disposal. In early 2006, we were notified by Union that it was exercising its option to terminate the management services agreements of TOM and TASC as of March 12, 2006 and April 3, 2006, respectively. As a result, we recorded a charge for impairment of intangible assets of \$1,021,457 for the three months ended December 31, 2005 related to the TASC and TOM management services agreements. The operations of this component are reflected in our consolidated statements of operations as loss from operations of discontinued components for the twelve months ended December 31, 2005 and 2004, respectively. There were no operations for this component in our financial statements after September 30, 2005.

Sutter. On October 31, 2005, IPS executed the Sutter Settlement with Dr. Sutter to settle disputes that had arisen between IPS and Dr. Sutter and to avoid the risk and expense of litigation. As part of the Sutter Settlement, Dr. Sutter and IPS agreed that Dr. Sutter would purchase the assets owned by IPS and used in connection with

Dr. Sutter's practice, in exchange for termination of the MSA between IPS and Dr. Sutter. Additionally, among other provisions, after October 31, 2005, Dr. Sutter and IPS have been released from any further obligation to each other arising from any previous agreement. As a result of this transaction, we recorded a loss on disposal of this discontinued component (in addition to the charge for impairment of intangible assets of \$38,440 recorded in the fourth quarter of 2005) of \$279 for the quarter ended December 31, 2005. The operations of this component are reflected in our consolidated statements of operations as loss from operations of discontinued components for the twelve months ended December 31, 2005 and 2004, respectively. Memorial Village. As a result of the uncertainty of future cash flows related to our surgery center business as well as the transactions involving TASC and TOM, we determined that the joint venture interest associated with Memorial Village was impaired and recorded a charge for impairment of intangible assets related to Memorial Village of \$3,229,462 for the three months ended June 30, 2005. In November 2005, we decided that, as a result of ongoing losses at Memorial Village, it would need to either find a buyer for our equity interests in Memorial Village or close the facility. In preparation for this pending transaction, we tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the decision to sell or close Memorial Village, as well as the uncertainty of cash flows related to our surgery center business, we recorded an additional charge for impairment of intangible assets of \$1,348,085 for the three months ended September 30, 2005. Effective January 31, 2006, we executed an Asset Purchase Agreement to sell substantially all of the assets of Memorial Village. Pursuant to SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, the assets and liabilities of Memorial Village have been reclassified as assets held for sale and liabilities held for sale on our consolidated balance sheet as of December 31, 2005. We allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill for the quarter ended December 31, 2005. The loss on write-down of goodwill related to Memorial Village totaled \$2,005,383. The operations of this component are reflected in our consolidated statements of operations as loss from operations of

discontinued components for the twelve months ended December 31, 2005 and 2004, respectively.

San Jacinto. Effective March 1, 2006, we executed an Asset Purchase Agreement to sell substantially all of the assets of San Jacinto, which is 10% owned by Baytown SurgiCare, Inc., our wholly owned subsidiary and is not consolidated in our financial statements. As a result of the uncertainty of future cash flows related to our surgery center business, and in conjunction with the transactions involving TASC and TOM, we determined that the joint venture interest associated with San Jacinto was impaired and recorded a charge for impairment of intangible assets related to San Jacinto of \$734,522 for the three months ended June 30, 2005. We also recorded an additional \$2,113,262 charge for impairment of intangible assets for the three months ended September 30, 2005 related to the management contracts with San Jacinto. We allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill for the quarter ended December 31, 2005. The loss on write-down of goodwill related to San Jacinto totaled \$694,499.

Orion. Prior to the divestiture of our ambulatory surgery center business, we recorded management fee revenue, which was eliminated in the consolidation of our financial statements, for Bellaire SurgiCare, TASC and TOM and Memorial Village. The management fee revenue for San Jacinto was not eliminated in consolidation. The management fee revenue associated with the discontinued operations in the surgery center business totaled \$407,595 for the year ended December 31, 2005. Additionally, we recorded equity in the earnings of San Jacinto in the amount of \$43,273 for the twelve months ended December 31, 2005, while sustaining a minority interest loss in TOM of \$93,802 for the same period. For the year ended December 31, 2004, we generated management fee revenue of \$15,219, a minority interest loss in Memorial Village of \$51,800 and equity in the earning of San Jacinto totaling \$1,169. For the quarters ended June 30, 2005 and December 31, 2005, we recorded a charge for impairment of intangible assets of \$276,420 and \$142,377, respectively, related to trained work force and non-compete agreements affected by the surgery center operations we discontinued in 2005 and early 2006. Pursuant to SFAS No. 144,

Accounting for the Impairment or Disposal of Long-Lived Assets, the long-term investment in San Jacinto and the distributions due to the limited partners of San Jacinto have been reclassified as assets and liabilities held for sale on our consolidated balance sheet as of December 31, 2005.

Preferred Stock Dividends. Prior to the IPS Merger, holders of IPS's Series A-2 preferred stock were entitled to receive, when, as and if declared by the board of directors, cumulative dividends payable at the annual rate of \$0.40 for each share. Dividends were accrued, even if not declared, and were to be declared and paid in cash in equal installments on the first day of January, April, July and October immediately following the issue date, or continue to be accrued until such time as the preferred stockholders demanded payment. Preferred stock dividends in the amount of \$606,100 were accrued for the twelve months ended December 31, 2004. No cash payments of dividends were made in 2005 or 2004. The Series A-2 redeemable convertible preferred stock, along with the other three series of redeemable convertible preferred stock held by IPS stockholders prior to the IPS Merger, including any accrued and unpaid dividends therein, were exchanged for shares of our Class A Common Stock as a part of the IPS Merger.

Liquidity and Capital Resources

For the six months ended June 30, 2006, net cash provided by operating activities totaled \$575,852 as compared to net cash used in operating activities totaling \$1,805,230 for the same period in 2005. The net impact of discontinued operations on net cash provided by operating activities in the first six months of 2006 totaled \$230,744.

Net cash used in operating activities totaled \$3,309,084 for the year ended December 31, 2005 compared to net cash used in operating activities of \$2,820,499 for the same period in 2004. Net cash used in operations increased over 2004 primarily as a result of the growth in operating expenses related to the IPS Merger and the DCPS/MBS Merger. The net impact of discontinued operations on net cash used in operating activities in 2005 totaled \$11,163,307.

For the six months ended June 30, 2006, net cash provided by investing activities totaled \$417,234 as compared to \$32,195 in net cash provided by investing activities in the six months ended June 30, 2005. The net

impact of discontinued operations on net cash provided by investing activities totaled \$430,244 in the first six months of 2006.

For the year ended December 31, 2005, net cash provided by investing activities totaled \$1,947,564 compared to \$1,716,708 in net cash provided by investing activities for the same period in 2004, which included \$2,090,677 in net proceeds related to the 2004 Mergers. In 2005, we received proceeds from the sale of TASC and TOM in the fourth quarter of 2005, in addition to the sales of CARDAC, IntegriMED and Sutter in the first, second and fourth quarters of 2005, respectively.

Net cash used in financing activities totaled \$962,970 for the six months ended June 30, 2006 as compared to \$1,382,272 in net cash provided by financing activities for the six months ended June 30, 2005. The change in cash uses related to financing activities from 2005 to 2006 can be explained generally by the following:

Net repayments on the CIT revolving credit facility totaled \$718,221 in the first six months of 2006, including approximately \$300,000 in repayments related to discontinued operations;

As discussed below, in March and April of 2005, we borrowed an aggregate of \$1,250,000 from Brantley IV.

We made aggregate payments in the amount of \$112,500 in the first quarter of 2006 in satisfaction of a \$778,000 debt, and recognized a gain on forgiveness of debt totaling \$665,463 for the six months ended June 30, 2006; and

We repaid approximately \$200,000 in satisfaction of a working capital note from the sellers of MBS in the first quarter of 2006.

Net cash provided by financing activities totaled \$958,482 for the year ended December 31, 2005 compared to net cash provided by financing activities totaling \$1,756,105 for the year ended December 31, 2004. The following financing activities occurred in 2005:

Net repayments of capital lease obligations totaled \$492,819, including approximately \$635,000 in repayments related to discontinued operations;

Net borrowings on the CIT revolving credit facility totaled \$386,340; and

In March and April 2005, we borrowed an aggregate of \$1,250,000 from Brantley IV.

Our financial statements have been prepared in conformity with GAAP, which contemplate the continuation of the Company as a going concern. We incurred substantial operating losses during 2005, and has used substantial amounts of working capital in our operations. Additionally, as described more fully below, we received notification from CIT in December 2005 that certain events of default under the Loan and Security Agreement had occurred as a result of us being out of compliance with two financial covenants relating to our debt service coverage ratio and our minimum operating income level. These conditions raise substantial doubt about our ability to continue as a going concern.

We have financed our growth and operations primarily through the issuance of equity securities, secured and/or convertible debt, most recently by completing the 2004 Mergers and restructuring transactions in December 2004 and borrowing from related parties. On December 15, 2004, we also entered into a new secured two-year revolving credit facility pursuant to the Loan and Security Agreement. Under this facility, initially up to \$4,000,000 of loans could be made available to us, subject to a borrowing base. As discussed below, the amount available under this credit facility has been reduced. We borrowed \$1,600,000 under this facility concurrently with the Closing. The interest rate under

this facility is the prime rate plus 6%. Upon an event of default, CIT can accelerate the loans or call the Guaranties described below. In connection with entering into this new facility, we also restructured our previously-existing debt facilities, which resulted in a decrease in aggregate debt owed to DVI from approximately \$10.1 million to a combined principal amount of approximately \$6.5 million, of which approximately \$2.0 million was paid at the Closing.

Pursuant to a Guaranty Agreement (the Brantley IV Guaranty), dated as of December 15, 2004, provided by Brantley IV to CIT, Brantley IV agreed to provide a deficiency guaranty in the initial amount of \$3,272,727. As discussed below, the amount of this Brantley IV Guaranty has been reduced. Pursuant to a Guaranty Agreement (the Brantley Capital Guaranty) and collectively with the Brantley IV Guaranty, the Guaranties), dated as of

Table of Contents

December 15, 2004, provided by Brantley Capital Corporation (Brantley Capital) to CIT, Brantley Capital agreed to provide a deficiency guarantee in the initial amount of \$727,273. As discussed below, the amount of this Brantley Capital Guaranty has been reduced. In consideration for the Guaranties, we issued warrants to purchase 20,455 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley IV, and issued warrants to purchase 4,545 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley Capital. None of these warrants, which expire on December 15, 2009, have been exercised as of June 30, 2006.

On March 16, 2005, Brantley IV loaned us an aggregate of \$1,025,000 (the First Loan). On June 1, 2005, we executed a convertible subordinated promissory note in the principal amount of \$1,025,000 (the First Note) payable to Brantley IV to evidence the terms of the First Loan. The material terms of the First Note are as follows: (i) the First Note is unsecured; (ii) the First Note is subordinate to our outstanding loan from CIT and other indebtedness for monies borrowed, and ranks pari passu with general unsecured trade liabilities; (iii) principal and interest on the First Note is due in a lump sum on April 19, 2006 (the First Note Maturity Date); (iv) the interest on the First Note accrues from and after March 16, 2005, at a per annum rate equal to nine percent (9.0%) and is non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to us, may declare the principal of the First Note to be due and immediately payable; and (vi) on or after the First Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the First Note into shares of our Class A Common Stock at a price per share equal to \$1.042825 (the First Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the First Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the First Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the First Note shall not exceed the lesser of: (i) 1,159,830 shares of Class A Common Stock, or (ii) 16.3% of the then outstanding Class A Common Stock. As of June 30, 2006, if Brantley IV were to convert the First Note, we would have to issue 1,098,644 shares of Class A Common Stock. On May 9, 2006, we and Brantley IV executed an amendment to the First Note (the First and Second Note Amendment) extending the First Note Maturity Date to August 15, 2006. On August 8, 2006, we and Brantley IV executed a second amendment to the First Note (the First and Second Note Second Amendment) extending the First Note Maturity Date to October 15, 2006 and as of October 15, 2006 we and Brantley IV executed a third amendment to the First Note (the First and Second Note Third Amendment) further extending the First Note Maturity Date to November 30, 2006.

On April 19, 2005, Brantley IV loaned us an additional \$225,000 (the Second Loan). On June 1, 2005, we executed a convertible subordinated promissory note in the principal amount of \$225,000 (the Second Note) payable to Brantley IV to evidence the terms of the Second Loan. The material terms of the Second Note are as follows: (i) the Second Note is unsecured; (ii) the Second Note is subordinate to our outstanding loan from CIT and other indebtedness for monies borrowed, and ranks pari passu with general unsecured trade liabilities; (iii) principal and interest on the Second Note is due in a lump sum on April 19, 2006 (the Second Note Maturity Date); (iv) the interest on the Second Note accrues from and after April 19, 2005, at a per annum rate equal to nine percent (9.0%) and is non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to us, may declare the principal of the Second Note to be due and immediately payable; and (vi) on or after the Second Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the Second Note into shares of our Class A Common Stock at a price per share equal to \$1.042825 (the Second Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the Second Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the Second Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the Second Note shall not exceed the lesser of: (i) 254,597 shares of Class A Common Stock, or (ii) 3.6% of the then outstanding Class A Common Stock. As of June 30, 2006, if Brantley IV were to convert the Second Note, we would have to issue 239,332 shares of Class A Common Stock. On May 9, 2006, we and Brantley IV executed the First and Second Note Amendment extending the Second Note Maturity Date to August 15, 2006. On August 8, 2006, we and Brantley IV executed the First and Second Note Second Amendment extending the

Second Note Maturity Date to October 15, 2006 and as of October 15, 2006 we executed the First and Second Note Third Amendment further extending the Second Note Maturity Date to November 30, 2006.

Additionally, in connection with the First Loan and the Second Loan, we entered into a First Amendment to the Loan and Security Agreement (the First Amendment), dated March 22, 2005, with certain of our affiliates and

Table of Contents

subsidiaries, and CIT, whereby our \$4,000,000 secured two-year revolving credit facility has been reduced by the amount of the loans from Brantley IV to \$2,750,000. As a result of the First Amendment, the Brantley IV Guaranty was amended by the Amended and Restated Guaranty Agreement, dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley IV by the amount of the First Loan to \$2,247,727. Also as a result of the First Amendment, the Brantley Capital Guaranty was amended by the Amended and Restated Guaranty Agreement, dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley Capital by the amount of the Second Loan to \$502,273. Paul H. Cascio, our Chairman of the board of directors, and Michael J. Finn, one of our directors, are affiliates of Brantley IV.

As part of the Loan and Security Agreement, we are required to comply with certain financial covenants, measured on a quarterly basis. The financial covenants include maintaining a required debt service coverage ratio and meeting a minimum operating income level for the surgery and diagnostic centers before corporate overhead allocations. As of and for the three months and six months ended June 30, 2006, we were out of compliance with both of these financial covenants and has notified the lender as such. Under the terms of the Loan and Security Agreement, failure to meet the required financial covenants constitutes an event of default. Under an event of default, the lender may (i) accelerate and declare the obligations under the credit facility to be immediately due and payable; (ii) withhold or cease to make advances under the credit facility; (iii) terminate the credit facility; (iv) take possession of the collateral pledged as part of the Loan and Security Agreement; (v) reduce or modify the revolving loan commitment; and/or (vi) take necessary action under the Guaranties. The revolving credit facility is secured by our assets. As of June 30, 2006, the outstanding principal under the revolving credit facility was \$998,668. The full amount of the loan as of June 30, 2006 is recorded as a current liability. In December 2005, we received notification from CIT stating that (i) certain events of default under the Loan and Security Agreement had occurred as a result of us being out of compliance with two financial covenants relating to our debt service coverage ratio and our minimum operating income level, (ii) as a result of the events of default, CIT raised the interest rate for monies borrowed under the Loan and Security Agreement to the provided Default Rate of prime rate plus 6%, (iii) the amount available under the revolving credit facility was reduced to \$2,300,000 and (iv) CIT reserved all additional rights and remedies available to it as a result of these events of default. We are currently in negotiations with CIT to obtain, among other provisions, a waiver of the events of default. In the event CIT declares the obligations under the Loan and Security Agreement to be immediately due and payable or exercises its other rights described above, we would not be able to meet our obligations to CIT or our other creditors. As a result, such action would have a material adverse effect on our ability to continue as a going concern.

As of June 30, 2006, our existing credit facility with CIT had limited availability to provide for working capital shortages. Although we believe that we will generate cash flows from operations in the future, there is substantial doubt as to whether we will be able to fund our operations solely from our cash flows. In April 2005, we initiated a strategic plan designed to accelerate our growth and enhance our future earnings potential. The plan focuses on our strengths, which include providing billing, collections and complementary business management services to physician practices. A fundamental component of our plan is the selective consideration of accretive acquisition opportunities in these core business sectors. In addition, we ceased investment in business lines that did not complement our strategic plans and redirected financial resources and our personnel to areas that management believes enhances long-term growth potential. On June 7, 2005, as described in Discontinued Operations, IPS completed the sale of substantially all of the assets of IntegriMED, and on October 1, 2005, we completed the sale of our interests in TASC and TOM in Dover, Ohio. Beginning in the third quarter of 2005, we successfully completed the consolidation of corporate functions into our Roswell, Georgia facility. Additionally, consistent with our strategic plan, we sold our interest in Memorial Village effective January 31, 2006 and in San Jacinto effective March 1, 2006. These transactions are described in greater detail under the caption Discontinued Operations.

We intend to continue to manage our use of cash. However, our business is still faced with many challenges. If cash flows from operations and borrowings are not sufficient to fund our cash requirements, we may be required to further

reduce our operations and/or seek additional public or private equity financing or financing from other sources or consider other strategic alternatives, including possible additional divestitures of specific assets or lines of business. Any acquisitions will require additional capital. There can be no assurances that additional financing will be available, or that, if available, the financing will be obtainable on terms acceptable to us or that any additional financing would not be substantially dilutive to our existing stockholders.

Employment and Other Agreements

Employment Agreements. Effective December 15, 2004, we entered into an employment agreement with Terrence L. Bauer for the position of our Chief Executive Officer. In November 2005, Mr. Bauer was named our President. The initial term of the agreement is five years, with automatic renewal at the end of the initial term and each successive renewal term thereafter for successive two-year terms. The agreement provides for a base salary of \$240,000 for each of the five years in the initial term. The board of directors will review the base salary annually, and may, in its reasonable discretion, adjust the base salary. Mr. Bauer's base salary for 2006 is \$260,000. In addition, we may pay an annual bonus to Mr. Bauer upon the attainment of objectives determined by the board of directors. Mr. Bauer's employment agreement includes post-employment restrictive covenants not to disclose our confidential information, or engage in activity that interferes with our business. If Mr. Bauer is terminated without cause, the agreement provides for, among other things, a continuation of base salary through and until the end of the non-competition

period, which for purposes of the employment agreement shall mean the period during the term of employment and thereafter until the second anniversary of the date of termination of Mr. Bauer's employment with us. All equity incentives, including warrants, would also vest at that time.

Effective December 15, 2004, we entered into an employment agreement with Keith G. LeBlanc, for the position of President. On November 8, 2005, we entered into the Separation Agreement with Mr. LeBlanc terminating his employment effective as of October 31, 2005. Pursuant to the terms of the Separation Agreement, Mr. LeBlanc resigned his positions as President and a director and received a lump sum payment of \$125,000. Mr. LeBlanc was retained by us as a consultant, on an independent contractor basis, to assist with certain transition matters in exchange for a payment of \$215,000 to be paid in equal incremental payments through October 31, 2006. In lieu of this lump sum payment, Mr. LeBlanc will receive payments totaling \$125,000 in equal incremental payments commencing on November 1, 2006 and continuing through October 31, 2007. The vesting of the restricted stock units granted to Mr. LeBlanc in August, 2005 was accelerated to vest in equal parts on each of January 1, 2006 and January 1, 2007.

In addition, we may pay an annual bonus to Mr. Cain upon the attainment of objectives determined by the board of directors. Other Stock Option Plans

SurgiCare, Inc. 2001 Stock Option Plan. In October 2001, our board of directors adopted the SurgiCare, Inc. 2001 Stock Option Plan (the "2001 Plan"), which was approved by our stockholders at the annual meeting of stockholders held on November 13, 2001. Initially 140,000 shares of stock (adjusted for stock splits) were reserved for issuance

pursuant to the 2001 Plan. Options to acquire approximately 3,615 shares of our Class A Common Stock were outstanding under the 2001 Plan at December 31, 2005. The purposes of the 2001 Plan are to advance the best interest of our stockholders and to attract, retain and motivate key employees and persons affiliated with us,

and provide such persons with additional incentive to further the business, promote long-term financial success and increase stockholder value by increasing their proprietary interest in our success. The 2001 Plan permits us to grant stock option grants, stock appreciation rights, restricted stock awards and performance stock awards to our key employees, officers, directors, and consultants. Incentive stock options granted pursuant to the 2001 Plan cannot be granted at an exercise price which is less than 100% of the fair market value of the Common Stock on the date of the grant.

Limitation of Liability and Indemnification of Officers and Directors

Our certificate of incorporation and bylaws provide that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. We believe that the provisions in our certificate of incorporation and bylaws are necessary to attract and retain qualified persons as directors and officers.

MARKET PRICE INFORMATION AND DIVIDENDS**Market Information**

Our Class A Common Stock is currently traded on AMEX under the symbol ONH. From July 2001 to December 15, 2004, our common stock was traded on AMEX under the symbol SRG.

On December 15, 2004, we completed a one-for-ten reverse stock split and reclassified our outstanding common stock as Class A Common Stock. No fractional shares of common stock were issued as a result of the reverse stock split and reclassification. In lieu of receiving fractional shares, stockholders received a cash payment in U.S. dollars equal to such fraction multiplied by the closing price of the common stock reported on AMEX on the effective date of the reverse stock split. In addition, each option and warrant to purchase common stock outstanding on the effective date of the reverse stock split was adjusted so that the number of shares of common stock to be issued upon their exercise was divided by ten and the exercise price of each option and warrant was multiplied by ten and the options and warrants became exercisable for Class A Common Stock. The number of shares of Class A Common Stock reserved under our stock option plans and for issuance pursuant to warrants to purchase our Class A Common Stock were similarly adjusted. If the adjustments to the options and warrants described above resulted in any right to acquire a fractional share of Common Stock, such fractional share was disregarded and the number of shares of Class A Common Stock reserved for issuance under the plans and warrants and the number of shares of common stock subject to any such options and warrants became the next lower number of Class A Common Stock, rounding all fractions downward.

On October 20, 2006, the last sale price of our common stock as reported on AMEX was \$0.25 per share. The following table sets forth for the periods indicated the high and low per share closing prices for our common stock for the periods prior to December 15, 2004 and the Class A Common Stock for periods after December 15, 2004, in each as reported by AMEX. Prices prior to December 15, 2004 are restated to reflect a one-for-ten reverse stock split of our common stock on December 15, 2004.

 Dividends

We have not paid dividends on shares of our Common Stock within the last three years, and do not expect to declare or pay any cash dividends on our Common Stock in the foreseeable future. Our existing senior credit facility does not allow the payment of dividends without the prior written consent of our lender. We anticipate that our new senior credit facility will have a similar restriction on the payment of dividends.

Subject to the terms of any preferred stock that our board of directors may designate and authorize in the future, our certificate of incorporation currently provides that all dividends and other distributions to be paid to our stockholders will be made to the holders of our Class A Common Stock, Class B Common Stock and Class C Common Stock in the following order and priority (If Proposals I through VI described above is approved by our stockholders at the Special Meeting, the following description will change in the manner set forth under Proposal IV above):

First, the holders of the shares of Class B Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, shall be entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to \$1.15, plus an amount equal to nine percent (9%) per annum on such amount, without compounding, from the date the Class B Common Stock was first issued.

Second, the holders of the shares of Class C Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, shall be entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to \$3.30. After the full required distributions have been made to the holders of shares of Class C Common Stock (other than shares concurrently being converted into Class A Common Stock) as described in the previous sentence, each share of Class C Common Stock then outstanding shall be retired and shall not be reissued, and the holder thereof shall surrender the certificates evidencing the shares to us.

Third, after the full distributions have been made to the holders of the shares of Class B Common Stock and Class C Common Stock as described above, all holders of the shares of Class A Common Stock and Class B Common Stock, as a single class, shall thereafter be entitled to receive all remaining distributions pro rata based on the number of outstanding shares of Class A Common Stock or Class B Common Stock held by each holder, provided that for purposes of such remaining distributions, each share of Class B Common Stock shall be deemed to have been converted into one share of Class A Common Stock (subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting Class A Common Stock).

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The board of directors has set October 20, 2006, as the record date for the determination of stockholders entitled to notice of and to vote at the Special Meeting. Stockholders of record as of the close of business on the record date are entitled to one vote for each share of Common Stock (regardless of class) then held. As of the record date, we had 24,674,818 shares of Common Stock issued and outstanding, including 12,788,776 shares of Class A

Table of Contents

Common Stock, 10,448,470 shares of Class B Common Stock, and 1,437,572 shares of Class C Common Stock. Our certificate of incorporation provides that all holders of all classes of Common Stock shall vote together as a single class with respect to Proposals I and II. For Proposal III, the affirmative vote of each of the following will be required to approve such proposal: (i) the holders of a majority of the votes attributable to the then outstanding shares of Common Stock voting together as a single class, (ii) the holders of a majority of the votes attributable to the then outstanding shares of Class B Common Stock voting separately as a class and (iii) the holders of a majority of the votes attributable to the then outstanding shares of Class C Common Stock voting separately as a class. For Proposals IV, V, VI and VII, the affirmative vote of the holders of a majority of the total number of shares of Common Stock represented in person or by proxy at the Special Meeting and entitled to vote will be required to approve each of these proposals.

The following table sets forth certain information with respect to Common Stock beneficially owned as of October 20, 2006, by (i) each person known to us to be the beneficial owner of more than 5% of the issued and outstanding Common Stock, (ii) each of the members or nominees of the board of directors, (iii) each of our named executive officers, and (iv) all directors and executive officers as a group. Beneficial ownership has been determined in accordance with Rule 13d-3 under the Exchange Act. Under this rule, certain shares may be deemed beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed beneficially owned by a person if the person has the right to acquire shares (for example, upon the exercise of an option or warrant) within sixty days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person by reason of such acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date. The information in the table is based on information provided to us by the person or group, including filings made by such person with the SEC. Other than as noted below, management knows of no person or group that owns more than 5% of the outstanding shares of Common Stock at the record date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following parties have a direct or indirect material interest in transactions with us since the beginning of the most recently completed fiscal year and such transactions are described below:

Paul H. Cascio and Michael J. Finn, each of whom is one of our directors, are general partners of the general partner of Brantley III and Brantley IV and limited partners of those funds. Messrs. Cascio and Finn are *de-minimis* shareholders of Brantley Capital. The advisor to Brantley III is Brantley Venture Management III, L.P. and the advisor to Brantley IV is Brantley Management IV, L.P.

Brantley IV, Brantley Capital and other investors own shares of Class B Common Stock and Brantley III and Brantley Capital own shares of Class A Common Stock. By virtue of their affiliations with Brantley III and Brantley IV, Messrs. Cascio and Finn may be deemed to have a pecuniary interest in the shares of Class B Common Stock held by Brantley IV and the shares of Class A Common Stock held by Brantley III. (See Voting Securities and Principal Holders Thereof).

During 2004 and prior years, each of us and IPS issued promissory notes to an affiliate of Brantley IV, as part of a bridge financing, the aggregate amount of such debt, including interest, was \$6,037,111 as of December 15, 2004. Such bridge loans were paid by us with a portion of the cash invested by Brantley IV in purchase of the Class B Common Stock. At the time the bridge loans were made, Mr. Cascio, Mr. Finn and Brantley IV were unrelated third parties with respect to us, and the loans were made after arms length negotiations on terms we believed were as favorable as could be obtained from other unrelated third parties.

Brantley Capital and Brantley III each held debt of IPS and are party to the Amended and Restated Debt Exchange Agreement dated February 9, 2004, as amended on July 16, 2004 (the Debt Exchange Agreement). Pursuant to the Debt Exchange Agreement, Brantley Capital and Brantley III received Class A Common Stock with a fair market value equal to the amount owing to it under its loan to IPS in exchange for contribution of such debt to us. Pursuant to the Debt Exchange Agreement, Brantley Capital also received Class A Common Stock with a fair market value equal to the amount of certain accrued dividends owed to it by IPS in exchange for the contribution of such indebtedness.

The aggregate amount of debt exchanged by the parties to the Debt Exchange Agreement was \$4,375,229, which included accrued interest as of December 15, 2004, and \$593,100 of debt in respect of accrued dividends.

Brantley Capital and Brantley III previously owned an aggregate of 1,653,000 shares of the Series A-2 convertible preferred stock of IPS with a liquidation preference of approximately \$6,705,037, and received 2,312,081 shares of Class A Common Stock in our acquisition of IPS. Such shares were intended to approximate the value of such liquidation preference, but were subject to reduction to the extent necessary to achieve the guaranteed allocation to holders of certain classes of IPS common stock.

Following certain assignments of rights and additional investments pursuant to the Supplemental Stock Subscription Agreement, dated as of December 15, 2004, by and among SurgiCare, Brantley IV and certain other investors (the Supplemental Stock Subscription Agreement) and the Second Amendment and Supplement to Stock Subscription Agreement (the Second Amendment and Supplement to Stock Subscription Agreement), dated as of December 15, 2004, by and among SurgiCare, Brantley IV, Brantley Capital and certain other investors, the shares of our Class B Common Stock received by Brantley IV and its co-investors constituted approximately 69.6% of our outstanding equity immediately after the consummation of the restructuring on an as-converted basis. Brantley IV also received the option to purchase additional shares of Class A Common Stock for cash in an amount up to an aggregate of \$3,000,000 from time to time after the consummation of the restructuring, subject to the approval of a majority of the unaffiliated members of our board of directors, at a price equal to the lesser of \$1.25 per share or 70% of the daily average of the high and low trading prices of the Class A Common Stock for the twenty trading days preceding the date of the closing of such investment. Each of Brantley IV and Brantley Capital used its own cash for the acquisition of the Class B Common Stock.

Pursuant to a registration rights agreement, dated as of December 15, 2004, by and among us, Brantley IV and certain other investors, Brantley IV, the other investors and/or their permitted transferees were granted the right to request that we effect the registration of shares of Class A Common Stock currently issued, or issued in the future, to Brantley IV, the other investors and/or their permitted transferees (including shares of Class A Common Stock into which shares of Class B Common Stock or our other securities are convertible, collectively, Registerable Securities) having an anticipated net aggregate offering price of at least \$5,000,000. At any time we otherwise proposes to register any of its equity securities, Brantley IV and the other investors and/or their permitted transferees may request the registration of Registerable Securities. Brantley IV and the other investors have registration rights for all of the shares of Class A Common Stock issuable upon conversion of its shares of Class B Common Stock. As of December 15, 2004, this was approximately 16,033,984 shares of Class A Common Stock but, assuming everything else remains the same, the number of shares of Class A Common Stock as to which Brantley IV and the other investors have registration rights will continually increase, since the conversion factor for the Class B Common Stock is designed to yield additional shares of Class A Common Stock over time pursuant to the terms thereof. The third-party beneficiaries will have registration rights for one year with respect to an aggregate of up to approximately 6,122,172 shares of Class A Common Stock.

We entered into the Stockholders Agreement with Brantley III, Brantley IV and Brantley Capital, pursuant to which each of Brantley III, Brantley IV and Brantley Capital (i) is entitled to nominate one person to become a member of our board of directors and (ii) has agreed to cast all votes necessary to elect as members of our board of directors the three people who have been nominated by Brantley III, Brantley IV and Brantley Capital. In accordance with the Stockholders Agreement, Paul Cascio, Michael Finn and David Crane were nominated to be elected as directors at the last annual meeting.

As part of the restructuring, we entered into employment agreements with Terrence L. Bauer, our director, President and Chief Executive Officer and a stockholder, Stephen H. Murdock, our Chief Financial Officer and Corporate Secretary, Dennis M. Cain, the Chief Executive Officer of MBS and a stockholder of ours and Tommy M. Smith, the President and Chief Operating Officer of MBS and a stockholder of ours.

In connection with the DCPS/MBS Merger in December 2004, holders of MBS common stock, DCPS limited partnership interests and Dennis Cain Management, LLC (DCM) limited liability company interests received an aggregate of cash, our promissory notes and shares of our Class C Common Stock. The purchase price was subject to retroactive increase (including issuance of up to 450,000 additional shares of Class A Common Stock) or decrease based on the financial results of us and our predecessors in 2004 and 2005. Pursuant to the merger agreement governing the DCPS/MBS Merger (the DCPS/MBS Merger Agreement), the adjustment was based on whether DCPS and MBS, on a combined basis, met an earnings before income taxes, depreciation and amortization (EBITDA) target

of \$2 million for the fiscal years ended December 31, 2004 and 2005. We accrued a liability in the amount of \$840,286 as of December 31, 2005 based on this provision of the DCPS/MBS Merger Agreement and adjusted the purchase price accordingly. On April 19, 2006, we executed subordinated promissory notes for an aggregate of \$714,336. The notes bear interest at the rate of 8% per annum, payable monthly beginning on April 30, 2006, and will mature on December 15, 2007. Additionally, as a result of this purchase price adjustment, we issued 285,726 shares of Class A Common Stock to the former equity holders of MBS, DCPS and DCM on May 9, 2006. In addition, 75,758 shares of our Class A Common Stock were reserved for issuance at the direction of the sellers of the

DCPS and MBS equity, which includes Messrs. Cain and Smith. On July 14, 2006, we issued 75,000 shares of our Class A Common Stock to certain employees and affiliates of MBS and DCPS. Each share of Class C Common Stock was convertible into one share of Class A Common Stock at October 20, 2006 or 13.2 shares of Class A Common Stock assuming simultaneous conversion of the shares of Class B Common Stock.

In connection with the restructuring, we entered into the Loan and Security Agreement dated as of December 15, 2004, by and among us, certain of our affiliates and subsidiaries and CIT Healthcare, LLC (formerly known as Healthcare Business Credit Corporation) (CIT) (the Loan and Security Agreement) and revolving credit note with CIT. Pursuant to the Guaranty Agreement (the Brantley IV Guaranty), dated as of December 15, 2004, provided by Brantley IV to CIT, Brantley IV agreed to provide a deficiency guaranty in the amount of \$3,272,727. Pursuant to the Guaranty Agreement (the Brantley Capital Guaranty); and together with the Brantley IV Guaranty, collectively, the Guaranties), dated as of December 15, 2004, provided by Brantley Capital to CIT, Brantley Capital agreed to provide a deficiency guaranty in the amount of \$727,273. We issued warrants to purchase an aggregate of 25,000 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley IV and Brantley Capital in consideration for deficiency Guaranties in the aggregate amount of \$4,000,000 by Brantley IV and Brantley Capital in connection with the new credit facility. It is our intent to payoff the Loan and Security Agreement with CIT from proceeds of the credit facility with Wells Fargo Foothill, Inc.

On March 16, 2005, Brantley IV loaned us an aggregate of \$1,025,000 (the First Loan). On June 1, 2005, we executed a convertible subordinated promissory note in the principal amount of \$1,025,000 (the First Note) payable to Brantley IV to evidence the terms of the First Loan. The material terms of the First Note are as follows: (i) the First Note is unsecured; (ii) the First Note is subordinate to our outstanding loan from CIT and other indebtedness for monies borrowed, and ranks *pari passu* with general unsecured trade liabilities; (iii) principal and interest on the First Note is due in a lump sum on April 19, 2006 (the First Note Maturity Date); (iv) the interest on the First Note accrues from and after March 16, 2005, at a per annum rate equal to nine percent (9.0%) and is non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to us, may declare the principal of the First Note to be due and immediately payable; and (vi) on or after the First Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the First Note into shares of our Class A Common Stock at a price per share equal to \$1.042825 (the First Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the First Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the First Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the First Note shall not exceed the lesser of: (i) 1,159,830 shares of Class A Common Stock, or (ii) 16.3% of the then outstanding Class A Common Stock. As of October 20, 2006, if Brantley IV were to convert the First Note, we would have to issue 1,126,166 shares of Class A Common Stock. On May 9, 2006, we and Brantley IV executed an amendment to the First Note (the First and Second Note Amendment) extending the First Note Maturity Date to August 15, 2006. On August 8, 2006, we and Brantley IV executed another amendment to the First Note (the First and Second Note Second Amendment) extending the First Note Maturity Date to October 15, 2006 and as of October 15, 2006, we and Brantley IV executed a third amendment to the First Note (the First and Second Note Third Amendment) further extending the First Note Maturity Date to November 30, 2006. The First Note will be converted to shares of Class A Common Stock prior to consummation of the private placement as a condition to closing.

On April 19, 2005, Brantley IV loaned us an additional \$225,000 (the Second Loan). On June 1, 2005, we executed a convertible subordinated promissory note in the principal amount of \$225,000 (the Second Note) payable to Brantley IV to evidence the terms of the Second Loan. The material terms of the Second Note are as follows: (i) the Second Note is unsecured; (ii) the Second Note is subordinate to our outstanding loan from CIT and other indebtedness for monies borrowed, and ranks *pari passu* with general unsecured trade liabilities; (iii) principal and interest on the Second Note is due in a lump sum on April 19, 2006 (the Second Note Maturity Date); (iv) the interest on the Second Note accrues from and after April 19, 2005, at a per annum rate equal to nine percent (9.0%) and is

non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to us, may declare the principal of the Second Note to be due and immediately payable; and (vi) on or after the Second Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest

due of the Second Note into shares of our Class A Common Stock at a price per share equal to \$1.042825 (the Second Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the Second Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the Second Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the Second Note shall not exceed the lesser of: (i) 254,597 shares of Class A Common Stock, or (ii) 3.6% of the then outstanding Class A Common Stock. As of October 20, 2006, if Brantley IV were to convert the Second Note, we would have to issue 245,373 shares of Class A Common Stock. On May 9, 2006, we and Brantley IV executed the First and Second Note Amendment extending the Second Note Maturity Date to August 15, 2006. On August 8, 2006, we and Brantley IV executed another amendment to the First and Second Note Second Amendment extending the Second Note Maturity Date to October 15, 2006 and as of October 15, 2006, we and Brantley IV executed the First and Second Note Third Amendment further extending the Second Note Maturity date to November 30, 2006. The Second Note will be converted to shares of Class A Common Stock prior to consummation of the private placement as a condition to closing.

Additionally, in connection with the First Loan and the Second Loan, we entered into a First Amendment to the Loan and Security Agreement (the First Amendment), dated March 22, 2005, with certain of our affiliates and subsidiaries, and CIT, whereby its \$4,000,000 secured two-year revolving credit facility has been reduced by the amount of the loans from Brantley IV to \$2,750,000. As a result of the First Amendment, the Brantley IV Guaranty was amended by the Amended and Restated Guaranty Agreement, dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley IV by the amount of the First Loan to \$2,247,727. Also as a result of the First Amendment, the Brantley Capital Guaranty was amended by the Amended and Restated Guaranty Agreement, dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley Capital by the amount of the Second Loan to \$502,273.

On June 17, 2005, we granted stock options to certain of our employees, officers, directors and former directors under our 2004 Incentive Plan, including Terrence L. Cain, the Chief Executive Officer of MBS and a stockholder of ours and Tommy M. Smith, the President and Chief Operating Officer of MBS and a stockholder of ours. Company's stockholders. The Company has provided a copy of such opinion to Investors, and such opinion has not been withdrawn or revoked or otherwise modified in any material respect.

(cc) Special Committee; Board Recommendation; Required Vote.

(i) The special committee of independent directors of the Board of Directors of the Company (the Special Committee), at a meeting duly called and held, has, by unanimous vote of its members, (A) determined that this Agreement and the transactions contemplated by this Agreement are advisable and fair to and in the best interests of the stockholders of the Company, and (B) resolved to recommend that the stockholders of the Company approve the issuance of the Class D Shares pursuant to this Agreement (the Company Board Recommendation).

(ii) The affirmative vote of (x) holders of (1) a majority of the voting power of the outstanding shares of the Company's common stock, voting together as a single class, and (2) a majority of the voting power of the outstanding shares of the Class B Common Stock and Class C Common Stock, voting as separate classes, to approve filing of the Second Amended and Restated Certificate and (y) holders of a majority of the voting power of the outstanding shares of the Company's common stock, voting together as a single class to approve the issuance of the Class D Shares (collectively, the Required Company Stockholder Approval), are the only votes of the holders of any class or series of Capital Stock of the Company necessary to approve the issuance of the Class D Shares pursuant to this Agreement.

(dd) Foreign Assets Control Regulations, Etc.

(i) Except as a result of the identity or status of Investors, neither the sale of the Class D Shares by the Company hereunder nor its use of the proceeds thereof will violate the Trading with the Enemy Act, as amended, or any of the foreign assets control regulations of the United States Treasury Department (31 CFR, Subtitle B, Chapter V, as amended) or any enabling legislation or executive order relating thereto.

(ii) Neither the Company nor any of its Subsidiaries is a Person described or designated in the Specially Designated Nationals and Blocked Persons List of the Office of Foreign Assets Control or in Section 1 of Executive Order No. 13,224 of September 24, 2001, Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit or Support Terrorism, 66 U.S. Fed. 3.2 Representations of Each Investor. Each Investor represents and warrants to the Company (as to itself only) that as of the date hereof and as of the Closing Date:

(a) Legal Status; Authorization. Such Investor is (a) a corporation duly incorporated, validly existing and in good standing under the laws of its jurisdiction of incorporation and (b) has the full power and authority to execute, deliver and perform its obligations under this Agreement and the Registration Rights Agreement and to consummate the transactions contemplated by this Agreement and the Registration Rights Agreement. The execution, delivery and performance by it of this Agreement and the Registration Rights Agreement and (a) has been duly authorized by all necessary action and (b) does not contravene the terms of its organizational documents, or any amendment thereof.

(b) Validity and Binding Effect. This Agreement and the Registration Rights Agreement are the legal, valid and binding obligations of such Investor enforceable in accordance with their respective terms, subject to limitations imposed by bankruptcy, insolvency, moratorium or other similar laws affecting the rights of creditors generally or the application of general equitable principles.

(c) Fees/Commissions. Such Investor has not agreed to pay any finder's fee, commission, origination fee or other fee or charge to any person or entity with respect to the Equity Investment or other transactions contemplated hereunder.

(d) Accredited Investor: Purchase Entirely for Own Account. Such Investor is an accredited investor as that term is defined in Rule 501 of the Securities Act and, in making the purchase contemplated herein, it is specifically understood and agreed that such Investor is acquiring the Class D Shares for the purpose of investment and not with a view towards the sale or distribution thereof within the meaning of the Securities Act.

(e) Restricted Securities. Such Investor understands that the Class D Shares will not be registered under the Securities Act, by reason of their issuance by the Company in a transaction exempt from the registration requirements of the Securities Act, and that it must hold the Class D Shares indefinitely unless a subsequent disposition thereof is registered under the Securities Act and applicable state securities laws or is exempt from registration.

(f) Receipt of Information. Such Investor has received all the information it considers necessary or appropriate for deciding whether to purchase the Class D Shares. Such Investor further represents that it has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of the offering of the Class D Shares, the business, properties, prospects and financial condition of the Company and to obtain additional information (to the extent the Company possessed such information or could acquire it without unreasonable effort or expense) necessary to verify the accuracy of any information furnished to it or to which it had access. The foregoing, however, does not limit or modify the representations and warranties of the Company in Section 3.1 of this Agreement or the right of such Investor to rely thereon. Such Investor learned of this investment opportunity as a result of direct contact by the Company or an agent of the Company and not by means of advertising, publication or other written materials.

(g) Investment Experience. Such Investor is experienced in evaluating and investing in securities, of companies in the development state and acknowledges that it is able to fend for itself, can bear the economic risk of its investment, and has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of the investment in the Class D Shares. Such Investor also represents that it has not been organized for the purpose of purchasing the Class D Shares.

(h) Reliance Upon Investor's Representations. Such Investor understands that the Class D Shares are not registered under the Securities Act on the ground that the sale provided for in this Agreement and the issuance of the Class D Shares hereunder is exempt from registration under the Securities Act pursuant to Section 4(2) thereof and/or Regulation D thereunder, and that the Company's reliance on such exemption is based on the representations of Investors set forth herein. Such Investor realizes that the basis for the exemption may not be present if, notwithstanding such representations, such Investor has in mind merely purchasing the Class D Shares being purchased by it for a fixed or determinable period in the future, or for a market rise, or for sale if the market does not rise. Such Investor does not have any such intention.

(i) Legends. The certificate evidencing the Class D Shares shall be endorsed with the legend substantially in the form set forth below, and such Investor covenants that, except to the extent such restrictions are waived by the Company, such Investor shall not transfer the securities represented by any such certificate without complying with the restrictions on transfer described in the legend endorsed on such certificate:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED OR QUALIFIED UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES LAWS OF ANY STATE, AND MAY BE OFFERED AND SOLD ONLY IF REGISTERED AND QUALIFIED PURSUANT TO THE RELEVANT PROVISIONS OF FEDERAL AND STATE SECURITIES LAWS OR IF THE COMPANY IS PROVIDED AN OPINION OF COUNSEL SATISFACTORY TO THE COMPANY (WHICH IN THE CASE OF ANY FINANCIAL INSTITUTIONAL HOLDER HEREOF MAY BE ITS INTERNAL COUNSEL) THAT REGISTRATION AND QUALIFICATION UNDER FEDERAL AND STATE SECURITIES LAWS IS NOT REQUIRED.

ARTICLE 5

INDEMNIFICATION; SURVIVAL

5.1 General Indemnification

(a) The Company, without limitation as to time, will defend and indemnify each of the Investors and their respective officers, directors, managers, employees, attorneys and agents (each, an Indemnified Party) against, and hold each Indemnified Party harmless from, all losses, claims, damages, liabilities, costs (including the costs of preparation and

attorneys' fees and expenses) (collectively, the Losses) incurred by any Indemnified Party as a result of, or arising out of, or relating to (A) any misrepresentation or breach of any representation or warranty made by the Company herein or (B) any breach of any covenant or agreement of the Company contained in this Agreement, other than in either case any Losses resulting from action on the part of such Indemnified Party to the extent they are a result of such party's gross negligence or willful misconduct. The Company agrees to reimburse each Indemnified Party promptly for all such Losses as they are incurred by such Indemnified Party in connection

A-14

Table of Contents

with the investigation of, preparation for or defense of any pending or threatened claim or any action or proceeding arising therefrom. The obligations of the Company under this paragraph will survive any transfer of the Class D Shares and the termination of this Agreement. In the event that the foregoing indemnity is unavailable or insufficient to hold an Indemnified Party harmless, then the Company will contribute to amounts paid or payable by such Indemnified Party in respect of such Indemnified Party's Losses in such proportions as appropriately reflect the relative benefits received by and fault of the Company and such Indemnified Party in connection with the matters as to which such Losses relate and other equitable considerations.

(b) If any action, proceeding or investigation is commenced, as to which any Indemnified Party proposes to demand indemnification, it shall notify the Company with reasonable promptness; provided, however, that any failure by such Indemnified Party to notify the Company shall not relieve the Company from its obligations hereunder except to the extent the Company is prejudiced thereby. The Company shall be entitled to assume the defense of any such action, proceeding or investigation, including the employment of counsel and the payment of all fees and expenses. Any Indemnified Party shall have the right to employ separate counsel in connection with any such action, proceeding or investigation and to participate in the defense thereof, but the fees and expenses of such counsel shall be paid by the Indemnified Party, unless (A) the Company has failed to assume the defense and employ counsel as provided herein, (B) the Company has agreed in writing to pay such fees and expenses of separate counsel or (C) an action, proceeding, or investigation has been commenced against both the Indemnified Party and/or the Company and representation of both the Company and the Indemnified Party by the same counsel would be inappropriate because of actual or potential conflicts of interest between the parties. In the case of any circumstance described in clauses (A), (B) or (C) of the immediately preceding sentence, the Company shall be responsible for the reasonable fees and expenses of such separate counsel; provided, however, that the Company shall not in any event be required to pay the fees and expenses of more than one separate counsel (and, if deemed necessary by such separate counsel, appropriate local counsel who shall report to such separate counsel) for any related Indemnified Parties. The Company shall be liable only for settlement of any claim against an Indemnified Party made with the Company's written consent.

5.2 Limitation of Damages. Neither Investors nor the Company shall in any event be liable to the other party for special or consequential damages arising from this Agreement.

5.3 Survival. All representations, warranties, covenants and agreements contained herein or made in writing by the Company or Investors in connection herewith (except as specifically set forth herein) shall survive the execution and delivery of this Agreement and consummation of the Equity Investment.

ARTICLE 6

TERMINATION

6.1 Termination. This Agreement and the transactions contemplated under it may be terminated and abandoned at any time prior to the Closing (notwithstanding the Company's receipt of the Required Company Stockholder Approval):

(a) by mutual consent in writing of the Company and each Investor;

(b) (i) by any Investor, if there has been a breach of any covenant of the Company hereunder, or a breach of any of the representations and warranties of the Company made in Section 3.1 of this Agreement, or the failure of any condition to Closing set forth in Section 4.2 hereof, or (ii) by the Company, if there has been a breach of any covenant of any Investor hereunder, a breach of any of the representations and warranties of any Investor made in Section 3.2 of this Agreement or a failure of any of the conditions to Closing set forth in Section 4.3 hereof;

(c) by the Company or any Investor, if there shall be any law of any competent Governmental Authority that makes consummation of the transactions contemplated hereby, illegal or otherwise prohibited or if any order of any competent Governmental Authority prohibiting such transactions is entered and such order shall become final and non-appealable; and

(e) by any Investor, if the Closing shall have not occurred on or prior to December 31, 2006 for any reason whatsoever other than Investors breaching any of their undertakings hereunder or acting in bad faith.

6.2 Effect of Termination. In the event of the termination of this Agreement pursuant to Section 6.1, this Agreement, except for the provisions of this Section 6.2, Article 5, and Section 7.2, shall become void and have no effect, without any liability on the part of any party to this Agreement or their respective directors, officers, or stockholders. Notwithstanding the foregoing, nothing in this Section 6.2 shall relieve any party to this Agreement of liability for willful breach; *provided, however*, that if it shall be judicially determined that termination of this Agreement was caused by a willful breach of this Agreement, then, as the sole remedy of any party aggrieved by such breach (all other liability being hereby irrevocably waived by such aggrieved party and such aggrieved party hereby agrees not to assert any such other liability or any claim in connection therewith), the party to this Agreement found to have intentionally breached this Agreement shall indemnify and hold harmless such aggrieved party for the out-of-pocket costs, fees and expenses of its counsel, accountants, financial advisors and other experts and advisors incurred in connection with, as well as its other out-of-pocket fees and expenses directly incident to, the negotiation, preparation and execution of this Agreement and related documentation and the stockholders' meeting.

ARTICLE 7

MISCELLANEOUS

7.1 Successors and Assigns Included in Parties. Whenever in this Agreement one of the parties hereto is named or referred to, the heirs, legal representatives, successors, successors in title and assigns of such parties shall be included, and all covenants and agreements contained in this Agreement by or on behalf of the Company or by or on behalf of each Investor shall bind and inure to the benefit of their respective heirs, legal representatives, successors in title and assigns, whether so expressed or not.

7.2 Costs and Expenses. The Company agrees to pay upon demand all reasonable out-of-pocket costs and expenses of each of the Investors in connection with such Investor's due diligence investigation in connection with, and the preparation, negotiation, execution, delivery of, this Agreement, and any amendment, modification or waiver hereof or thereof or consent with respect hereto or thereto.

7.3 Assignment. No Investor may assign this Agreement or any rights or obligations hereunder, other than to affiliates of such Investor, without the prior written consent of the Company, such consent not to be unreasonably withheld, conditioned or delayed, provided that any permitted transferee shall agree in writing to be bound, with respect to the transferred securities, by the provisions hereof that apply to Investors. The Company may not assign this Agreement or any rights or obligations hereunder without the prior written consent of each Investor, except pursuant to a merger, recapitalization or other business combination transaction in which the surviving entity agrees in writing to assume all of the covenants, liabilities and obligations of the Company hereunder. Any assignment contrary to the terms hereof is null and void and of no force and effect. Notwithstanding the foregoing, nothing in this Agreement is intended to give any person not named herein the benefit of any legal or equitable right, remedy or claim under this Agreement, except as expressly provided herein.

7.4 Severability. If any provision(s) of this Agreement or the application thereof to any Person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Agreement and the application of such provisions to other Persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

7.5 Article and Section Headings; Defined Terms. Numbered and titled article and section headings and defined terms are for convenience only and shall not be construed as amplifying or limiting any of the provisions of this

Agreement.

7.6 Notices. Any and all notices, elections or demands permitted or required to be made under this Agreement shall be in writing, signed by the party giving such notice, election or demand and shall be delivered personally, telecopied, or sent by certified mail or overnight via nationally recognized courier service (such as Federal Express), to the other party at the address set forth below, or at such other address as may be supplied in writing and of which receipt has been acknowledged in writing. are hereby waived by the Company. Upon the occurrence of any such Event of Default and the acceleration of the maturity of the Indebtedness evidenced by the Note:

(a) Investor shall be immediately entitled to exercise any and all rights and remedies possessed by Investor pursuant to the terms of the Note and all of the other Loan Documents; and

(b) Investor shall have any and all other rights and remedies that Investor may now or hereafter possess at law, in equity or by statute.

6.3 *Remedies Cumulative; No Waiver.* No right, power or remedy conferred upon or reserved to Investor by this Agreement or any of the other Loan Documents is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder, under any of the other Loan Documents or now or hereafter existing at law, in equity or by statute. No delay or omission by Investor to exercise any right, power or remedy accruing upon the occurrence and during the continuance of any Event of Default shall exhaust or impair any such right, power or remedy or shall be construed to be a waiver of any such Event of Default or an acquiescence therein, and every right, power and remedy given by this Agreement and the other Loan Documents to Investor may be exercised from time to time and as often as may be deemed expedient by Investor.

6.4 *Proceeds of Remedies.* Any or all proceeds resulting from the exercise of any or all of the foregoing remedies shall be applied as set forth in the Loan Document(s) providing the remedy or remedies exercised, if none is specified, or if the remedy is provided by this Agreement, then as follows:

Fourth, the remainder, if any, to the Company or to any other Person lawfully thereunto entitled.

ARTICLE 7

INDEMNIFICATION; SURVIVAL

7.1 *General Indemnification.*

(a) The Company, without limitation as to time, will defend and indemnify Investor and its officers, directors, managers, employees, attorneys and agents (each, an Indemnified Party) against, and hold each Indemnified Party harmless from, all losses, claims, damages, liabilities, costs (including the costs of preparation and attorneys' fees and expenses) (collectively, the Losses) incurred by any Indemnified Party as a result of, or arising out of, or relating to (A) any misrepresentation or breach of any representation or warranty made by the Company herein or (B) any breach of any covenant, agreement or Obligation of the Company contained in any of the Loan Documents, other than in either case any Losses resulting from action on the part of such Indemnified Party to the extent they are a result of such party's gross negligence or willful misconduct. The Company agrees to reimburse each Indemnified Party

promptly for all such Losses as they are incurred by such Indemnified Party in connection with the investigation of, preparation for or defense of any pending or threatened claim or any action or proceeding arising therefrom. The obligations of the Company under this paragraph will survive any transfer of the Note and the termination of this Agreement. In the event that the foregoing indemnity is unavailable or insufficient to hold an Indemnified Party harmless, then the Company will contribute to amounts paid or payable by such Indemnified Party in respect of such Indemnified Party's Losses in such proportions as appropriately reflect the relative benefits received by and fault of the Company and such Indemnified Party in connection with the matters as to which such Losses relate and other equitable considerations.

B-20

Table of Contents

(b) If any action, proceeding or investigation is commenced, as to which any Indemnified Party proposes to demand indemnification, it shall notify the Company with reasonable promptness; provided, however, that any failure by such Indemnified Party to notify the Company shall not relieve the Company from its obligations hereunder except to the extent the Company is prejudiced thereby. The Company shall be entitled to assume the defense of any such action, proceeding or investigation, including the employment of counsel and the payment of all fees and expenses. The Indemnified Party shall have the right to employ separate counsel in connection with any such action, proceeding or investigation and to participate in the defense thereof, but the fees and expenses of such counsel shall be paid by the Indemnified Party, unless (A) the Company has failed to assume the defense and employ counsel as provided herein, (B) the Company has agreed in writing to pay such fees and expenses of separate counsel or (C) an action, proceeding, or investigation has been commenced against both the Indemnified Party and/or the Company and representation of both the Company and the Indemnified Party by the same counsel would be inappropriate because of actual or potential conflicts of interest between the parties. In the case of any circumstance described in clauses (A), (B) or (C) of the immediately preceding sentence, the Company shall be responsible for the reasonable fees and expenses of such separate counsel; provided, however, that the Company shall not in any event be required to pay the fees and expenses of more than one separate counsel (and, if deemed necessary by such separate counsel, appropriate local counsel who shall report to such separate counsel) for all Indemnified Parties. The Company shall be liable only for settlement of any claim against an Indemnified Party made with the Company's written consent. Nothing in this Section 7.1 shall affect, limit or prejudice the obligations, undertakings and liabilities of the Company to pay all amounts owing under the Note and all other Obligations under this Agreement and the other Loan Documents in accordance with the terms thereof and hereof.

7.2 Limitation of Damages. Neither Investor nor the Company shall in any event be liable to the other party for special or consequential damages arising from this Agreement or otherwise related to the Obligations under the Loan Documents.

7.3 Survival. All representations, warranties, covenants and agreements contained herein or made in writing by the Company or Investor in connection herewith (except as specifically set forth herein) shall survive the execution and delivery of this Agreement and other Loan Documents.

ARTICLE 8

TERMINATION

8.1 Termination. This Agreement and the transactions contemplated under it may be terminated and abandoned at any time prior to the Closing (notwithstanding the Company's receipt of the Required Company Stockholder Approval):

(a) by mutual consent in writing of the Company and Investor;

(b) (i) by the Investor, if there has been a breach of any covenant of the Company hereunder, or a breach of any of the representations and warranties of the Company made in Section 3.1 of this Agreement, or the failure of any condition to Closing set forth in Section 5.2 hereof, or (ii) by the Company if there has been a breach of any covenant of the Investor hereunder, a breach of any of the representations and warranties of the Investor made in Section 3.2 of this Agreement or a failure of any of the conditions to Closing set forth in Section 5.3 hereof;

(c) by Investor, if Investor shall have determined, in its good faith discretion, in connection with the completion of its due diligence review of the Company and the Acquisition Targets that the Company, after giving effect to such acquisitions and the Equity Investment, is not creditworthy;

(d) by the Company or Investor, if there shall be any law of any competent Governmental Authority that makes consummation of the transactions contemplated hereby, illegal or otherwise prohibited or if any order of any competent Governmental Authority prohibiting such transactions is entered and such order shall become final and non-appealable; and

(e) by the Investor if the Closing shall have not occurred on or prior to December 31, 2006 for any reason whatsoever other than Investor breaching any of its undertakings hereunder or acting in bad faith.

8.2 *Effect of Termination.* In the event of the termination of this Agreement pursuant to Section 8.1, this Agreement, except for the provisions of this Section 8.2, Article 7 and Section 9.2, shall become void and have no effect, without any liability on the party of any party to this Agreement or their respective directors, officers, or stockholders. Notwithstanding the foregoing, nothing in this Section 8.2 shall relieve any party to this Agreement of liability for willful breach; *provided, however*, that if it shall be finally judicially determined that termination of this Agreement was caused by a willful breach of this Agreement, then, as the sole remedy of any party aggrieved by such breach (all other liability being hereby irrevocably waived by such aggrieved party and such aggrieved party hereby agrees not to assert any such other liability or any claim in connection therewith), the party to this Agreement found to have intentionally breached this Agreement shall indemnify and hold harmless such aggrieved party for the out-of-pocket costs, fees and expenses of its counsel, accountants, financial advisors and other experts and advisors incurred in connection with, as well as its other out-of-pocket fees and expenses directly incident to, the negotiation, preparation and execution of this Agreement and related documentation and the stockholders' meeting. The Company agrees that any determination by the Investor to terminate this Agreement by virtue of the Investor's determination, in good faith, that the Company is not creditworthy shall not give rise to any action by the Company for wrongful termination of this Agreement.

ARTICLE 9

MISCELLANEOUS

9.1 *Successors and Assigns Included in Parties.* Whenever in this Agreement one of the parties hereto is named or referred to, the heirs, legal representatives, successors, successors in title and assigns of such parties shall be included, and all covenants and agreements contained in this Agreement by or on behalf of the Company or by or on behalf of Investor shall bind and inure to the benefit of their respective heirs, legal representatives, successors in title and assigns, whether so expressed or not.

9.2 *Costs and Expenses.* The Company agrees (a) to pay upon demand all reasonable out-of-pocket costs and expenses of Investor in connection with (i) Investor's due diligence investigation in connection with, and the preparation, negotiation, execution, delivery of, this Agreement and the other Loan Documents, and any amendment, modification or waiver hereof or thereof or consent with respect hereto or thereto and (ii) the administration, monitoring and review of the Note (including, without limitation, reasonable out-of-pocket expenses for travel, meals, long distance telephone calls, wire transfers, facsimile transmissions and copying and with respect to the engagement of appraisers, consultants, auditors or similar Persons by Investor at any time, whether before or after the Closing Date, to render opinions concerning the Company's financial condition), (b) to pay upon demand all reasonable out-of-pocket costs and expenses of Investor in connection with (x) any refinancing or restructuring of the Note Purchase, whether in the nature of a work out, in any insolvency or bankruptcy proceeding or otherwise and whether or not consummated, and (y) any amendments, waivers, or extensions and (z) the enforcement, attempted enforcement or preservation of any rights or remedies under this Agreement or any of the other Loan Documents, whether in any action, suit or proceeding (including any bankruptcy or insolvency proceeding) or otherwise, and (c) to pay and hold Investor harmless from and against all liability for any intangibles, documentary, stamp or other similar taxes, fees and excises, if any, including any interest and penalties, and any finder's or brokerage fees, commissions and expenses (other than any fees, commissions or expenses of finders or brokers engaged by Investor), that may be payable in connection with the transactions contemplated by this Agreement and the other Loan Documents. All such costs or expenses shall constitute a part of the Obligations under the Loan Documents.

9.3 *Assignment.*

(a) Investor may not assign this Agreement or any rights or obligations hereunder, other than to affiliates of Investor, without the prior written consent of the Company, such consent not to be unreasonably withheld, conditioned or

delayed, provided that any permitted transferee shall agree in writing to be bound, with respect to the transferred securities, by the provisions hereof that apply to Investor. The Company may not assign this Agreement or any rights or obligations hereunder without the prior written consent of Investor, except pursuant to a merger, recapitalization or other business combination transaction in which the surviving entity is a United States entity and agrees in writing to assume all of the covenants, liabilities and obligations of the Company hereunder and with

respect to which the Investor shall have reasonably determined that such surviving entity has the same or better credit standing than the Company and provided that, in any case, no other Default or Event of Default shall then exist and no blockage, standstill or other similar event shall have been thereby triggered and still exist in any Intercreditor Agreement with respect to any Senior Indebtedness. Any assignment contrary to the terms hereof is null and void and of no force and effect. Notwithstanding the foregoing, nothing in this Agreement is intended to give any person not named herein the benefit of any legal or equitable right, remedy or claim under this Agreement, except as expressly provided herein.

(b) The Company shall keep at its principal executive office a register for the registration of transfers of the Note. The name and address of the holder of the Note, each transfer thereof and the name and address of each transferee thereof shall be registered in such register. Prior to due presentment for registration of transfer, the Person in whose name the Note shall be registered shall be deemed and treated as the owner and holder thereof for all purposes hereof, and the Company shall not be affected by any notice or knowledge to the contrary. Subject to compliance with applicable restrictions on transfer pursuant to federal and state securities laws, upon surrender of the Note at the principal executive office of the Company for registration of transfer (duly endorsed or accompanied by a written instrument of transfer duly executed by the registered holder of such Note or its attorney duly authorized in writing and accompanied by the address for notices of the transferee of such Note or part thereof), the Company shall execute and deliver, at the Company's expense (except as provided below), a new Note (as requested by the holder thereof) in exchange therefor, in an aggregate principal amount equal to the unpaid principal amount of the surrendered Note (which shall include all capitalized interest with respect thereto to the extent such interest has not already been represented by the issuance of a new Note). Subject to the requirements set forth above in this Section 9.3, each such new Note shall be payable to such Person as such holder may request and shall be substantially in the form of the old Note being so replaced. Each such new Note shall be dated and bear interest from the date to which interest shall have been paid on the surrendered Note or dated the date of the surrendered Note if no interest shall have been paid thereon. The Company may require payment of a sum sufficient to cover any stamp tax or governmental charge imposed in respect of any such transfer of the Note.

9.4 Time of the Essence. Time is of the essence with respect to each and every covenant, agreement and Obligation of the Company hereunder and under all of the other Loan Documents.

9.5 Severability. If any provision(s) of this Agreement or the application thereof to any Person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Agreement and the application of such provisions to other Persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

9.6 Interest and Charges Not to Exceed Maximum Allowed by Law. Anything in this Agreement, the Note or any of the other Loan Documents to the contrary notwithstanding, in no event whatsoever, whether by reason of advancement of proceeds of the Note, acceleration of the maturity of the unpaid balance of the Note or otherwise, shall the interest and other charges agreed to be paid to Investor for the use of the money advanced or to be advanced hereunder exceed the maximum amounts collectible under applicable laws in effect from time to time. It is understood and agreed by the parties that, if for any reason whatsoever the interest or loan charges paid or contracted to be paid by the Company in respect of the Indebtedness evidenced by the Note shall exceed the maximum amounts collectible under applicable laws in effect from time to time, then ipso facto, the obligation to pay such interest and/or loan charges shall be reduced to the maximum amounts collectible under applicable laws in effect from time to time, and any amounts collected by Investor that exceed such maximum amounts shall be applied to the reduction of the principal balance of the Indebtedness evidenced by the Note and/or refunded to the Company so that at no time shall the interest or loan charges paid or payable in respect of the Indebtedness evidenced by the Note exceed the maximum amounts permitted from time to time by applicable law.

9.7 Article and Section Headings; Defined Terms. Numbered and titled article and section headings and defined terms are for convenience only and shall not be construed as amplifying or limiting any of the provisions of this Agreement.

9.8 Notices. Any and all notices, elections or demands permitted or required to be made under this Agreement shall be in writing, signed by the party giving such notice, election or demand and shall be delivered personally, telecopied, or sent by certified mail or overnight via nationally recognized courier service (such as

9.11 *Counterparts.* This Agreement may be executed in any number of counterparts (including by facsimile and by PDF transmission), each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same Agreement.

9.12 *Construction and Interpretation.* Should any provision of this Agreement require judicial interpretation, the parties hereto agree that the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be more strictly construed against the party that itself or through its agent prepared the same, it being agreed that the Company, Investor and their respective agents have participated in the preparation hereof.

9.13 *Consent to Jurisdiction; Exclusive Venue.* THE COMPANY HEREBY IRREVOCABLY CONSENTS TO THE JURISDICTION OF THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF NEW YORK, AND ALL STATE COURTS SITTING IN NEW YORK CITY FOR THE PURPOSE OF ANY LITIGATION TO WHICH INVESTOR MAY BE A PARTY AND WHICH CONCERNS THIS AGREEMENT OR THE OBLIGATIONS UNDER THE LOAN DOCUMENTS. IT IS FURTHER AGREED THAT VENUE FOR ANY SUCH ACTION SHALL LIE EXCLUSIVELY WITH COURTS SITTING IN NEW YORK CITY, UNLESS INVESTOR AGREES TO THE CONTRARY IN WRITING. THE COMPANY WAIVES ANY OBJECTION BASED UPON LACK OF PERSONAL JURISDICTION, IMPROPER VENUE OR FORUM NON CONVENIENS. THE COMPANY HEREBY WAIVES PERSONAL SERVICE OF THE SUMMONS, COMPLAINT AND OTHER PROCESS ISSUED IN ANY SUCH ACTION OR SUIT AND AGREE THAT SERVICE OF SUCH SUMMONS, COMPLAINT AND OTHER PROCESS MAY BE MADE BY COMPLYING WITH THE PROVISIONS FOR GIVING NOTICE AS SET FORTH IN THIS AGREEMENT. NOTHING IN THIS AGREEMENT SHALL BE DEEMED OR OPERATE TO AFFECT THE RIGHT OF INVESTOR TO SERVE LEGAL PROCESS IN ANY OTHER MANNER PERMITTED BY LAW, OR TO PRECLUDE THE ENFORCEMENT BY INVESTOR OF ANY JUDGMENT OR ORDER OBTAINED IN SUCH FORUM OR THE TAKING OF ANY ACTION UNDER THIS AGREEMENT TO ENFORCE SAME IN ANY OTHER APPROPRIATE FORUM OR JURISDICTION.

9.14 *Waiver of Trial by Jury.* INVESTOR AND THE COMPANY HEREBY KNOWINGLY AND VOLUNTARILY WITH THE BENEFIT OF COUNSEL WAIVE TRIAL BY JURY IN ANY ACTIONS, PROCEEDINGS, CLAIMS OR COUNTERCLAIMS, WHETHER IN CONTRACT OR TORT OR OTHERWISE, AT LAW OR IN EQUITY, ARISING OUT OF OR IN ANY WAY RELATING TO THIS AGREEMENT OR THE LOAN DOCUMENTS.

9.15 *No Setoffs, etc.* All payments hereunder and under the Note shall be made by the Company without setoff, offset, deduction or counterclaim, free and clear of all taxes, levies, imports, duties, fees and charges, and without any withholding, restriction or conditions imposed by any governmental authority. If the Company shall be required by any law to deduct, setoff or withhold any amount from or in respect of any payment to Investor hereunder or under the Notes, then the amount so payable to Investor shall be increased as may be necessary so that, after making all required deductions, setoffs and withholdings, Investor shall receive an amount equal to the sum it would have received had no such deductions, setoffs or withholding been made.

STOCK PURCHASE AGREEMENT

This **STOCK PURCHASE AGREEMENT** (Agreement) is made and entered into this 8th day of September, 2006 by and among (i) Rand Medical Billing, Inc. a California corporation (Rand), (ii) Marvin I. Retsky, M.D. (Retsky), the sole stockholder of Rand and (iii) Orion HealthCorp Inc., a Delaware corporation (Purchaser), (Purchaser, Retsky and Rand are each a Party and are collectively the Parties).

RECITALS:

WHEREAS, Retsky owns one hundred percent of the issued and outstanding shares of capital stock of Rand; and

WHEREAS, Retsky desires to sell to Purchaser, and Purchaser desires to purchase from Retsky, the Shares (as defined below) owned by Retsky, all in accordance with the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants, and agreements, and subject to the terms and conditions, set forth herein, the parties agree as follows:

ARTICLE I

PURCHASE OF SHARES

1.1 Sale of Shares

Upon the terms and subject to the conditions in this Agreement, Purchaser will purchase, and Retsky will convey, transfer, assign and deliver to Purchaser, free and clear of all Encumbrances (as defined below), on the Closing Date (as defined below), the number of the shares of capital stock of Rand set forth opposite his name on Schedule 1.1 attached hereto (the Shares), which represents all of the issued and outstanding shares of capital stock of Rand.

1.2 Method and Conveyance of Transfer

The conveyance and transfer of the Shares will be effected by delivery of all certificates evidencing the Shares, duly endorsed in blank by Retsky, or such other instruments of transfer as are reasonably acceptable to Purchaser in each case, vesting in Purchaser good and marketable title to the Shares, free and clear of all Encumbrances.

ARTICLE II

PURCHASE PRICE

2.1 Purchase Price

Purchaser agrees to pay Retsky, Nine Million Three Hundred Sixty Five Thousand Three Hundred Thirty Three Dollars (\$9,365,333) (the Purchase Price) for the Shares. The Purchase Price will be subject to possible adjustments pursuant to future revenue results and possible Losses subject to indemnification. The Purchase Price shall be paid as follows:

(a) Cash Down. At the Closing, Purchaser will pay Retsky, by wire transfer of immediately available funds to an account specified by Retsky, an amount equal to Six Million Eight Hundred Thousand Dollars (\$6,800,000) (the Cash

Down Payment);

(b) Promissory Note. At the Closing, Purchaser will execute and deliver to Retsky a promissory note in the original principal amount of One Million Three Hundred Sixty Five Thousand Three Hundred Thirty Three Dollars (\$1,365,333), in substantially the form attached hereto as Exhibit A (the Promissory Note);

(c) Cash Escrow. At the Closing, Purchaser will deliver to City National Bank, or such other escrow agent as mutually agreed to by the parties located in the State of California, (the Escrow Agent) for deposit

into an interest-bearing escrow account (Cash Escrow Account), by wire transfer of immediately available funds, an amount equal to Six Hundred Thousand Dollars (\$600,000) (the Escrow Amount) to be held pursuant to the terms of an Escrow Agreement between Retsky, Purchaser and Escrow Agent (the Escrow Agreement);

(d) Stock Shares Issued. At the Closing, Purchaser will deliver to Escrow Agent a stock certificate for the number of shares of Class A common stock of Purchaser (the Common Stock) equal in value to Six Hundred Thousand Dollars (\$600,000). For purposes of calculating the average price per share (the Closing Date Price Per Share) for the Common Stock to be delivered pursuant to this Section 2.1(d) at the Closing, the price per share shall be the price of the Common Stock for the twenty (20) day period immediately prior to the Closing Date. The number of shares of Common Stock delivered in satisfaction of the Stock Consideration portion of the Purchase Price shall be determined by dividing Six Hundred Thousand Dollars (\$600,000) by the Closing Date Price Per Share (the Stock Consideration). The number of shares of Common Stock included in the Purchase Price shall be adjusted to reflect any subsequent stock split, reverse split or reclassification, or the like.

2.2 Methods and Definitions

(a) Gross Revenue Targets and Definitions

(i) The calendar 2007 minimum gross revenue target is Six Million Three Hundred Forty Nine Thousand Two Hundred and Six Dollars (\$6,349,206) (2007 Minimum Revenue Target).

(ii) The calendar 2008 minimum gross revenue target is Nine Million Six Hundred Thousand Dollars (\$9,600,000) (2008 Minimum Revenue Target).

(iii) The last day of the financial period that will be used for determining the revenue levels achieved shall be referred to as the Reporting Date .

(b) Determination of Gross Revenue. Within sixty (60) days following the Reporting Dates set forth in Sections 2.3 and 2.4 below, Purchaser will deliver a written notice to Retsky (Revenue Notice) detailing the Gross Revenue (as defined below) of Rand for the 12 month period ended on the Reporting Date, (such amount as finally determined in accordance with this Section 2.2(b), the Actual Gross Revenue). If Retsky objects to the calculation of Gross Revenue in the Revenue Notice, he shall notify Purchaser within thirty (30) days following receipt of such Revenue Notice, setting forth in specific detail the basis for such objection (the Objection Notice). If Retsky fails to deliver the Objection Notice within such time period, the Actual Gross Revenue shall be as set forth in the Revenue Notice. If an Objection Notice is delivered within the required period, then Purchaser and Retsky shall use their respective best efforts to reach agreement as to any such proposed adjustment to Gross Revenue detailed in such Objection Notice. If Purchaser and Retsky are unable to resolve any such dispute within thirty (30) days of Purchaser's receipt of the Objection Notice, then Purchaser and Retsky shall select a regionally recognized independent accounting firm (Accounting Firm) mutually acceptable to the parties to resolve said dispute. In the event Purchaser and Retsky cannot agree on a mutually acceptable Accounting Firm, Purchaser and Retsky each shall select a regionally recognized independent accounting firm and the two accounting firms so selected shall select the Accounting Firm. Purchaser and Retsky shall use commercially reasonable efforts to cause a report to be rendered by the Accounting Firm within thirty (30) days of its appointment. The determination of the Accounting Firm shall be final and binding on Retsky and Purchaser. The costs and expenses of the Accounting Firm will be shared equally by Purchaser and Retsky. For purposes of this Agreement, Gross Revenue means revenue recognized in accordance with generally accepted accounting principles (GAAP) used by Purchaser in preparing its consolidated financial statements.

2.3 2007 Actual Gross Revenue Calculation

For purposes of this Agreement, the Actual Gross Revenue for the period ending December 31, 2007 (the 2007 Actual Revenue) will be equal to the Actual Gross Revenue, based upon a Reporting Date of December 31, 2007, as determined pursuant to the methods set forth in Section 2.2(b) above.

C-2

Table of Contents

(a) *Early Escrow Release.* If the 2007 Actual Revenue equals or exceeds the 2007 Minimum Revenue Target and the amount of the aggregate Losses, as defined in Article X subject to indemnification by Retsky, is less than the Threshold amount defined in Section 10.2, then, within thirty (30) days following the final determination of the 2007 Actual Revenue, Purchaser and Rand shall deliver joint written instructions to the Escrow Agent instructing the Escrow Agent to take the following actions:

- (i) Release the balance of the funds held in the Cash Escrow Account (including any accrued interest) to Retsky.
- (ii) Release the balance of the Stock Consideration held in escrow pursuant to Section 2.1(d) to Retsky.

(b) *Escrow Release Postponed.* If the 2007 Actual Revenue is less than the 2007 Minimum Revenue Target, then the Cash Escrow Account and the Stock Consideration will not be released by the Escrow Agent and the Purchase Price will be subject to the adjustments set forth in Section 2.4 below and not pursuant to Section 2.3.

(c) *Partial Escrow Release.* If the 2007 Actual Revenue is greater than the 2007 Minimum Revenue Target, but if the amount of the aggregate Losses as defined in Article X, subject to indemnification by Retsky, is more than or equal to the Threshold amount defined in Section 10.2, then the Cash Escrow Account and the Stock Consideration will in that order be reduced by the amount of the aggregate Losses as defined in Article X, subject to indemnification by Retsky, with the balance of the funds held in the Cash Escrow Account if any (including any accrued interest) and the balance of the Stock Consideration held in Escrow pursuant to Section 2.1(d), if any paid to Retsky. For purposes herein, the price per share shall be determined in the manner set forth in Section 2.4(d)(vi) using December 31, 2007 as the date and not December 31, 2008.

2.4 2008 Purchase Price Adjustment

For purposes of this Agreement, the Actual Gross Revenue for the period ending December 31, 2008 (the 2008 Actual Revenue) will be equal to the Actual Gross Revenue, based upon a Reporting Date of December 31, 2008, as determined pursuant to the method set forth in Section 2.2(b) above. Subsections (a) through (d) define the four possible outcomes and the respective actions to be taken:

(a) *Revenue Exceeds 2008 Minimum Revenue Target.* If the 2008 Actual Revenue is equal to or greater than the 2008 Minimum Revenue Target then, subject to Section 2.5 below, (i) Purchaser and Retsky shall deliver joint written instructions to the Escrow Agent instructing the Escrow Agent to take the actions described in Section 2.3(a) provided that these actions were not previously taken in compliance with Section 2.3(a) above (ii) Purchaser will proceed to pay the balance due on the Promissory Note (Section 2.1(b)) in five equal monthly installments beginning March 1, 2009. In this case the Purchase Price equals the amount stated in Section 2.1.

(b) *Revenue Exceeds 2007 Minimum Revenue Target.* If the 2008 Actual Revenue is less than the 2008 Minimum Revenue Target but is equal to or greater than the 2007 Minimum Revenue Target, then, subject to Section 2.5 below, Purchaser and Retsky shall deliver joint written instructions to the Escrow Agent instructing the Escrow Agent to take the actions described in Section 2.3(a), provided that these actions were not previously taken in compliance with Section 2.3(a). In addition, the total amount due on the Promissory Note will be computed subject to the following adjustment:

(i) An adjustment factor will be computed, as follows: the 2007 Minimum Revenue Target amount will be subtracted from the 2008 Actual Revenue with the remainder then divided by Three Million Two Hundred Fifty Thousand Seven Hundred Ninety Four Dollars (\$3,250,794) (Promissory Note Adjustment Factor), provided, however the Promissory Note Adjustment Factor cannot be greater than one (1).

(ii) The adjusted amount of the Promissory Note will be determined by multiplying the Promissory Note Adjustment Factor by original amount of the Promissory Note (the Adjusted Promissory Note Obligation). The Adjusted Promissory Note Obligation will be the full Purchaser obligation with regard to the Promissory Note, and such amount will be due and payable in five equal monthly installments

C-3

Table of Contents

beginning March 1, 2009. At Purchaser's request Retsky will return the Promissory Note to Purchaser for cancellation and Purchaser will execute and deliver a new Promissory Note to Retsky for the amount of the Adjusted Promissory Note Obligation.

(iii) In this case the Purchase Price equals the amount stated in Section 2.1 less the amount by which the Promissory Note was reduced in this Section 2.4(b).

(c) 2007 Minimum Revenue Target Previously Met but 2008 Revenue is Under 2007 Minimum Revenue Target. If in accordance with Section 2.3(b), the 2007 Minimum Revenue Target was previously equaled or exceeded, but the 2008 Actual Revenue is less than the 2007 Minimum Revenue Target, the Promissory Note will be marked canceled with no payment due and returned to Purchaser, thereby reducing the amount of the Purchase Price stated in Section 2.1 by the full amount of the Promissory Note.

(d) Revenue is Under 2007 Minimum Revenue Target. If the 2007 Actual Revenue was not equal to or greater than the 2007 Minimum Revenue Target and the release of the cash and shares was postponed in accordance with Section 2.3(b) and the 2008 Actual Revenue is less than the 2007 Minimum Revenue Target, then, subject to Section 2.5 below, the following procedures will be used to adjust the Purchase Price:

(i) The Promissory Note will be marked canceled with no payment due and returned to Purchaser.

(ii) An adjustment factor will be computed taking the 2008 Actual Revenue amount and dividing it by the 2007 Minimum Revenue Target amount (the 2008 Reduction Ratio).

(iii) The Purchase Price will be adjusted downward to a number computed by multiplying Eight Million Dollars (\$8,000,000) by the 2008 Reduction Ratio.

(iv) Following the above calculation steps, an adjustment amount will be computed by subtracting the Purchase Price from the Eight Million Dollars (\$8,000,000) (the Purchase Price Shortfall).

(v) The Purchase Price Shortfall will be first allocated to reduce the amount due to Retsky from the Cash Escrow Account, with the amount of this reduction being due to Purchaser. When this calculation is complete, Purchaser and Retsky shall deliver joint written instructions to the Escrow Agent instructing the Escrow Agent to release the funds held in the Cash Escrow Account by the Escrow Agent to Retsky and Purchaser, according to the above calculations.

(vi) If the Purchase Price Shortfall exceeds the amount in the Cash Escrow Account, the excess amount (the Remaining Losses) will be deducted from the Stock Consideration being held in escrow. The price per share (Price Per Share) shall be determined by using the average of the closing sale price of Purchaser's Common Stock as reported by the American Stock Exchange (AMEX) or any other national securities exchange in which the Common Stock is then listed for the previous twenty (20) trading days on which it shall have traded ending on the last trading day immediately prior to December 31, 2008. Provided, however, that if the Common Stock is not then listed or admitted to trading on any national securities exchange then the Price Per Share will be the average of the closing bid and asked prices of Common Stock as shown by the National Association of Securities Dealers, Inc (NASD) automated quotation system or the over-the-counter market for the previous twenty (20) trading days on which it shall have traded ending on the last trading day immediately prior to December 31, 2008. The number of shares to be deducted from the Stock Consideration will be determined by dividing the amount of the Remaining Losses by the Price Per Share. Purchaser and Retsky shall deliver joint written instructions to the Escrow Agent instructing the Escrow Agent to release the stock certificate to Purchaser for replacement with a new stock certificate with a revised number of shares, subtracting those shares that offset the amount of the Remaining Losses. This revised stock certificate will then be immediately delivered to Retsky by Purchaser. Notwithstanding the foregoing, Retsky shall have, at its option, the

right to pay the amount of the Remaining Losses in cash by December 31, 2008, thereby eliminating the need to forfeit any of the Stock Consideration.

(vii) If the Purchase Price Shortfall exceeds the value of the Stock Consideration being held in escrow, there will be no obligation on the part of Retsky to return any portion of the Cash Down Payment

C-4

relative to the future revenue results obtained by Purchaser. In this case, the Escrow Agent will release the Stock Consideration and the Cash Escrow Account to Purchaser.

2.5 Effects of Indemnification by Retsky

The terms, definitions and methods described in this Article II apply to the Purchase Price, and adjustments to the Purchase Price that may be necessary if the 2008 Minimum Revenue Target is not achieved. At the point where the 2008 Purchase Price Adjustment calculations have been completed, if aggregate Losses, as defined in Article X, exceed the Threshold, after taking into consideration adjustments that have previously been made under Section 2.3(c), above the amount of the additional aggregate Losses will be deducted from the above payments of cash and stock before the actual release of the contents of the escrow accounts and before the Promissory Note is paid. The amount of the aggregate Losses will be deducted first from any amounts due on the Promissory Note, second from amounts available in the Cash Escrow Account and third, to the extent possible, by a reduction in the number of shares held in escrow as the Stock Consideration using the method described in Section 2.4(e)(vi) to determine the number of shares to be removed and returned to Purchaser.

2.6 Excess Accounts Receivable Purchase Price Adjustment

The Purchase Price may be increased if there is an excess amount of the cash collected for the accounts receivables of Rand (the Excess A/R) between October 1, 2006 and through the close of business on December 31, 2006 (Collection Period). The method for computing the Excess A/R will be as follows: (a) cash received from the payment of accounts receivables of Rand during the Collection Period less (b) the sum of (i) the actual expenses incurred by Rand for the items set forth on Schedule 2.6 during such Collection Period and (ii) Three Thousand Six Hundred Twenty Three Dollars and Eighteen Cents (\$3,623.18) times the number of days between the Closing Date and December 31, 2006. The amount of any Excess A/R, if any, will be paid by Purchaser to Retsky in four equal monthly payments beginning February 1, 2007.

ARTICLE III

CLOSING

The closing of the transactions contemplated by this Agreement (the Closing) will take place at the offices of Purchaser at 1805 Old Alabama Road Suite 350, Roswell, GA 30076 on October 31, 2006, at 10:00 a.m. Eastern Standard Time after the satisfaction or waiver of the conditions set forth in this Article VI and VII (other than any such conditions that by their terms cannot be satisfied until the Closing Date, which conditions shall be required to be so satisfied or waived on the Closing Date) or such other place or date mutually agreeable to the Parties (the Closing Date). The Parties will use commercially reasonable efforts to cause the Closing to occur as soon as practicable. If the Closing has not taken place by such date by reason of the failure of fulfillment of any condition or conditions contained in this Agreement then either Party may extend the Closing for sixty (60) days to permit fulfillment of such condition or conditions. The Closing shall be effective as of 12:01 A.M. E.S.T. on the Closing Date.

ARTICLE IV

Retsky and Rand, jointly and severally, represent and warrant to Purchaser that the statements contained in this Article IV are correct and complete as of the date of this Agreement and will be correct and complete as of the Closing Date (as though made then and as though the Closing Date were substituted for the date of this Agreement throughout this Article IV), as follows:

- (f) make any single expenditure or agree to make any single expenditure, or series of expenditures in excess of \$10,000 in the aggregate, other than in the ordinary course of business; and
- (g) not take any action or agree to take any action prohibited by this Section 8.1.

8.3 Reasonable Diligent Efforts to Complete Necessary Tasks

Subject to the terms and conditions set forth in this Agreement, the Parties shall use their commercially reasonable efforts to take, or cause to be taken, and to do, or cause to be done, and to assist and cooperate with the other parties in doing, all things (including, without limitation, executing and delivering such other documents or agreements) necessary, advisable or appropriate to consummate and make effective as promptly as practicable the transactions contemplated by this Agreement.

8.4 Tax Matters

Prior to Closing, without the prior written consent of Purchaser, Rand shall not make or change any Tax election, change any annual accounting period, adopt or change any accounting method, file any amended Tax Return, enter into any closing agreement, settle any Tax claim or assessment, surrender any right to claim a refund of Taxes, or consent to any extension or waiver of the limitation period applicable to any Tax, in any case, if such election, adoption, change, amendment, agreement, settlement, surrender, consent or other action would have the effect of increasing the Tax liability of that Rand for any period ending after the Closing Date or decreasing any Tax attribute of that Rand existing on the Closing Date. Retsky and Rand shall not revoke Rand's election to be taxed as an S corporation within the meaning of Section 1361 and 1362 of the Code prior to Closing and neither Retsky nor Rand shall take any action that would result in the termination of Rand's status as a validly electing S corporation within the meaning of Sections 1361 and 1362 of the Code prior to Closing.

8.5 Full Access to Rand Records and Facilities

Retsky will cause Rand to permit Purchaser and their Representatives (including legal counsel and accountants) to have full access at all reasonable times, and in a manner so as to not interfere with the normal business operations of Rand to all premises, properties, personnel, books, records (including Tax records), financial or other operating data or other information, Contracts and documents of or pertaining to Rand.

8.6 No Public Announcements

Neither Retsky nor Purchaser shall, nor shall any of their respective Representatives, without the approval of the other party, issue any press releases or otherwise make any public statements with respect to the transactions contemplated by this Agreement, except as may be required by applicable Law or by obligations pursuant to any listing agreement with any national securities exchange.

8.7 Commitment by Rand to Exclusive Dealing

Retsky and Rand shall not, and shall cause the their respective Representatives to refrain from taking any action to, directly or indirectly, encourage, initiate, solicit or engage in discussions or negotiations with, or provide any information to, any Person, other than Purchaser (and its Representatives and financing sources), concerning any purchase of any capital stock or equity interests of Rand or any merger, asset sale, recapitalization or similar transaction involving each Rand except in connection with the transactions contemplated by this Agreement. Retsky will not vote his capital stock of Rand in favor of any purchase of any merger, asset sale, recapitalization or similar transaction involving Rand or Retsky other than in favor of the transaction set forth in this Agreement. Retsky will notify Purchaser as soon as practicable if any Person makes any proposal, offer, inquiry to, or contact with, Retsky or Rand (or their respective Representatives), as the case may be, with respect to the foregoing and shall describe in reasonable detail the identity of any such Person and the substance and material terms of any such contact and the material terms of any such proposal.

8.8 Notification of Certain Matters

Retsky and Rand shall give prompt notice to Purchaser of any of the following which occurs, or of which it becomes aware, following the date hereof: (i) the occurrence or existence of any fact, circumstance or event which would reasonably be expected to result in (A) any representation or warranty made by Retsky or Rand in this Agreement or in any Schedule, Exhibit or certificate or delivered herewith, to be untrue or inaccurate in any material respect or (B) the failure of any condition precedent to either party's obligations; and (ii) any notice or other

ARTICLE IX

9.1 Securities Issues

Retsky agrees that he will not acquire, purchase, agree to acquire, directly or indirectly, or recommend to any Person, to purchase, any voting securities of Purchaser based on any non-public information known to Retsky.

9.2 Non-Competition; Non-Solicitation

(a) *Period of Non-Competition.* Retsky, hereby covenants and agrees that he will not during the period from and after the Closing Date through the third (3rd) anniversary of the Closing Date (the Non-Competition Period), own, manage, operate, join, control or participate in the ownership, management, operation or control of, or be connected as a director, officer, employee, partner, lender, consultant or otherwise with any business or organization which, directly or indirectly, Competes (as hereinafter defined) with Purchaser or Rand in Rand or Purchaser's business in the counties of Alameda, Los Angeles, San Diego and San Francisco in the state of California (Restricted Territory). For purposes of this Agreement, a business or organization shall be deemed to Compete with Rand or Purchaser if such business or organization provides billing services to pathologists, clinical laboratories and other medical professionals, including services and products that facilitate the collection of physician fees from patients and third party payers. Nothing in this paragraph shall prohibit Retsky from owning for investment purposes up to two percent (2%) of the securities of any entity or enterprise whose securities are listed on a national exchange.

(b) *Non-Solicitation of Customers.* Retsky, hereby covenants and agrees that he will not during the period from and after the Closing Date through the fifth (5th) anniversary of the Closing Date (the Non-Solicitation Period), directly or indirectly, (i) solicit, raid, entice or induce any Person that as of the Closing Date is, and during the twelve-month period prior to the Closing Date was, or at any time during the Non-Solicitation Period shall be, a customer of Rand or Purchaser, to become a customer of any Person (other than Rand or Purchaser) for products or services the same as, or competitive with, those products and services as from time to time shall be provided by Rand or Purchaser, (ii) approach any such Person for such purpose or authorize the taking of such actions by any other Person or assist or participate with any such Person in taking such action, or (iii) in any way interfere with the relationship between Rand, Purchaser and any such Person or business relationship (including making any negative or disparaging statements or communications about Rand or Purchaser).

During the Non-Solicitation Period, the Executive will immediately notify the Company of any change of his address and the name and address of any subsequent employer.

(d) *Effects of Laws and Public Policies.* The Parties hereto recognize that the laws and public policies of the various states of the United States may differ as to the validity and enforceability of covenants similar to those set forth in this Article IX. The Parties acknowledge and agree that the restrictions contained in this Article IX are needed in order to induce Purchaser to purchase the Shares and to enter into this Agreement. It is the intention of the parties that the provisions of this Article IX be enforced to the fullest extent permissible under the laws and policies of each jurisdiction in which enforcement may be sought, and that the unenforceability (or the modification to conform to

such laws or policies) of any provisions of this Article IX shall not render unenforceable, or impair, the remainder of the provisions of this Article IX. Accordingly, if any provision of this Article IX shall be determined to be invalid or unenforceable, such invalidity or unenforceability shall be deemed to apply only with respect to the

Table of Contents

operation of such provision in the particular jurisdiction in which such determination is made and not with respect to any other provision or jurisdiction.

(e) *Right of Injunctive Relief.* The parties hereto acknowledge and agree that any remedy at law for any breach of the provisions of this Article IX would be inadequate, and Rand hereby consents to the granting by any court of an injunction or other equitable relief, without the necessity of actual monetary loss being proved, in order that the breach or threatened breach of such provisions may be effectively restrained.

9.3 Confidentiality of Information

Each party hereto will hold, and will use its best efforts to cause its Affiliates and their respective representatives to hold, in strict confidence from any Person (other than any such Affiliate or representative), all documents and information concerning the other party or any of its Affiliates furnished to it by the other party or such other party's representatives in connection with this Agreement or the transactions contemplated hereby, unless (i) compelled to disclose by judicial or administrative process (including without limitation in connection with obtaining the necessary approvals of this Agreement and the transactions contemplated hereby of governmental or regulatory authorities) or by other requirements of law or (ii) disclosed in an action or proceeding brought by a party hereto in pursuit of its rights or in the exercise of its remedies hereunder, except to the extent that such documents or information can be shown to have been (A) previously known by the party receiving such documents or information, (B) in the public domain (either prior to or after the furnishing of such documents or information hereunder) through no fault of such receiving party or (C) later acquired by the receiving party from another source if the receiving party is not aware that such source is under an obligation to another party hereto to keep such documents and information confidential; provided that following the Closing the foregoing restrictions will not apply to Purchaser's use of documents and information concerning the business of Rand hereunder.

9.4 Mail and Communications

Retsky will promptly remit to Purchaser any mail or other communications, including, without limitation, any written inquiries and payments received by Retsky relating to the business of Rand and any mail, invoices or other communications received by Retsky relating to the business of Rand which are received by Retsky from and after the Closing Date.

10.2 Limitation and Expiration.

Notwithstanding the above:

(a) Threshold Limitation. Following the Closing, there shall be no liability for indemnification under this Article X for breaches of representations or warranties of Purchaser, on the one hand, or Retsky, on the other hand, unless and until the aggregate amount of all Losses for such breach exceeds \$50,000 (the Threshold) at which point Purchaser or Retsky, as the case may be, shall be indemnified for all Losses without deduction for the Threshold, provided, however, that the Threshold will not apply to breaches of the representations and warranties set forth in Sections 4.1, 4.2, 4.4, 4.15, 4.17 and 4.33 or to Losses under Section 10.1(a)(iii)-(vi).

(b) Aggregate Payment Limit. (d) *Scope of Remedies.* Following the Closing, except with respect to claims based upon fraud and injunctive relief provided elsewhere and except as otherwise provided in this Agreement, the remedies provided in this Article X shall be the sole and exclusive remedy for any Losses of Purchaser, Retsky or Rand with respect to this Agreement and any exhibit or schedule attached hereto or any certificate delivered hereunder.

10.3 Remedies.

Purchaser will, at its option, have the right to set off any Losses due to Purchaser under Section 10.1(a) above against (i) any amounts due to Retsky under the Promissory Note, (ii) funds held in the Cash Escrow Account, (iii) the Stock Consideration held in the Cash Escrow Account (the number of shares subject to forfeiture shall be determined by dividing the Losses due to Purchaser under Section 10.1(a) by the Adjusted Price Per Share (as defined below)). Purchaser may require Rand or Retsky to pay such Losses due to Purchaser under Section 10.1(a) above in cash. The Adjusted Price Per Share shall be the average of the closing sale price of Purchaser's Common Stock as reported by the AMEX for the previous twenty (20) trading days on which it shall have traded ending on the last trading day immediately prior to the date the notice is delivered pursuant to Section 10.4.

10.4 General Claims Provisions

(a) *Definitions.* For the purposes of this Agreement, the term Indemnitee will refer to the person(s) or entity(ies) indemnified, or entitled, or claiming to be entitled, to be indemnified, pursuant to the provisions of Sections 10.1 and 10.2. The term Indemnitor will refer to the person(s) or entity(ies) having the obligation to indemnify pursuant to such provisions.

(b) *Notice.* The Indemnitee will promptly give the Indemnitor notice of any matter which the Indemnitee has determined has given, or could give, rise to a right of indemnification under this Agreement, stating the amount of the Losses, if known, the method of computation thereof and the basis for the claim, all with reasonable particularity. Failure to give timely notice of a matter which may give rise to an indemnification claim will not affect the rights of the Indemnitee to collect such claim from the Indemnitor so long as such failure to so notify does not materially adversely affect the Indemnitor's ability to defend such claim against a third party.

(c) *Third-Party Claims.* The obligations and liabilities of the Indemnitor with respect to Losses arising from claims of any third party that are subject to the indemnification provided for in this Article X (Indemnification) will be governed by the following additional terms and conditions:

(i) if the Indemnitee receives notice of any Third-Party Claim, the Indemnitee will give the Indemnitor prompt notice of such Third-Party Claim and will permit the Indemnitor, at its option, to assume and control the defense and/or management of such Third-Party Claim at the Indemnitor's expense and through counsel of its choice, if the Indemnitor (A) gives prompt notice of its intention to do so to the Indemnitee, (B) admits in writing to the Indemnitee that the Indemnitor assumes responsibility for all Losses based upon or arising from such claim (subject to the limitations of Section 10.2 hereof), and (C) has affirmatively waived in writing all defenses the Indemnitor may have against the Indemnitee in respect of such claim;

(ii) if the Indemnitor exercises its right to undertake the defense and/or management of any such Third-Party Claim, the Indemnitee will cooperate with the Indemnitor in such defense and/or management and make available to the Indemnitor all witnesses, pertinent records, materials and information in the Indemnitee's possession or under its

control relating thereto as is reasonably required by the Indemnitor;

(iii) if the Indemnitor does not exercise its right to undertake the defense and/or management of any Third-Party Claim as provided above, the Indemnitee may, directly or indirectly, conduct the defense and/or management of any such Third-Party Claim in any manner it reasonably may deem appropriate and at the expense of the Indemnitor, and the Indemnitor will cooperate with the Indemnitee in such defense and/or

C-32

Table of Contents

management, and make available to the Indemnitee all witnesses, pertinent records, materials and information in the Indemnitor's possession or under its control relating thereto as is reasonably required by the Indemnitee;

(iv) the Indemnitor will not consent to the entry of any judgment or enter into any settlement with respect to a Third-Party Claim (A) without the prior written consent of the Indemnitee (not to be unreasonably withheld), unless the judgment or proposed settlement involves only the payment of money damages, does not impose an injunction or other equitable relief upon the Indemnitee and could not otherwise reasonably be expected to have a material adverse effect on the Indemnitee and (B) unless the consent or settlement includes as an unconditional term thereof the giving by the claimant or plaintiff to the Indemnitee on an unconditional release from all liability in respect of the Third-Party Claim;

(v) the Indemnitee will not consent to the entry of any judgment or enter into any settlement with respect to a Third-Party Claim without the prior written consent of the Indemnitor (not to be unreasonably withheld), unless the Indemnitor fails to assume the defense and/or management of the Third-Party Claim in accordance with this Section 10.4(c); and

(vi) the Indemnitee will have the right, at its own cost and expense, to participate in the defense of the Third-Party Claim.

(d) Effect of Materiality Qualifiers. Although a representation, warranty or covenant of any of the parties to this Agreement may not be deemed breached, inaccurate or in default unless or until a certain standard as to materiality, materiality, or material adverse effect has been met, for purposes of calculating Losses in connection with this Article X, once such materiality or material adverse effect standard has been met, the Indemnitee will be entitled to indemnification for all Losses arising out of or resulting from such breach, inaccuracy or default of any such representation, warranty, or covenant without giving effect to any such standard.

10.5 Adjustments to Purchase Price

Any indemnification payments received pursuant to this Article X shall be treated, to the extent permitted by law, as an adjustment to the Purchase Price.

ARTICLE XI

TERMINATION

11.1 Termination of Agreement

This Agreement and the transactions contemplated under it may be terminated and abandoned at any time prior to the Closing:

(a) Mutual Consent. By mutual consent in writing of Purchaser and Retsky;

(b) In Case of Breach. By Purchaser or Retsky if, in the case of Purchaser, there has been a breach of any covenant or a material breach of the representations and warranties of Rand or Retsky made under this Agreement or if, in the case of Retsky, there has been a breach of any covenant or a material breach of any of the representations and warranties of Purchaser made under this Agreement;

(c) If Purchaser or Rand has Material Adverse Effect. By Purchaser if there has been a Material Adverse Effect with respect to Rand;

(d) *If Certain Conditions Cannot Be Fulfilled.* By Purchaser, if any of the conditions contained in Article VI, or by Retsky, if any of the conditions contained in Article VII, respectively, are impossible to fulfill in all material respects.

Any termination pursuant to this Article XI will not affect the obligations of the parties under Section 8.6 (Public Announcements), Section 9.1 (Securities), Section 9.3 (Confidentiality), Section 11.2 (Procedure Upon Termination), Section 11.3 (Effect of Termination), Section 13.1 (Expenses) and Section 13.7 (Governing Law),

C-33

Table of Contents

which shall survive any such termination of this Agreement, and will be without prejudice to the terminating party's legal rights and remedies by reason of any breach of this Agreement occurring prior to such termination.

11.2 Procedure Upon Termination

In the event of termination by Purchaser or Retsky, pursuant to Section 11.1 hereof, written notice thereof shall promptly be given to the other party or parties, and this Agreement shall terminate, and the transactions contemplated hereunder shall be abandoned, without further action by Purchaser or Restky. If this Agreement is terminated as provided herein, each of the parties shall return all documents, and other material of any other party relating to the transactions contemplated hereby, whether obtained before or after the execution hereof, to the party furnishing the same.

11.3 Effect of Termination

In the event that this Agreement is terminated as provided herein, then, other than as set forth in the last paragraph of Section 11.1, each of the Parties shall be relieved of their duties and obligations arising under this Agreement after the date of such termination.

ARTICLE XII

TAX MATTERS

12.1 Cooperation on Tax Matters.

Purchaser and Retsky shall cooperate fully as and to the extent reasonably requested by any of the parties to this Agreement, in connection with the filing of Tax Returns pursuant to this Article XII and any audit, litigation or other proceeding with respect to Taxes. Such cooperation shall include the retention and (upon request of any of the above-named parties) the provision of records and information which are reasonably relevant to any such Tax Return, audit, litigation or other proceeding. So long as taxable periods of, or related to, Rand ending on or before the Closing Date remain open, Purchaser will promptly notify Retsky in writing of any pending or threatened Tax audits or assessments for which Retsky has or may have liability. Retsky will promptly notify Purchaser in writing of any written or other notification received by Retsky from the Internal Revenue Service or any other Taxing authority of any proposed adjustment raised in connection with a Tax audit, examination, proceeding or determination of a taxable period of Rand ending on or before the Closing Date.

12.2 Tax Returns.

Purchaser shall prepare or cause to be prepared, and file or cause to be filed, all Tax Returns of Rand for all Tax periods ending on or before the Closing Date (a Pre-Closing Period) and for all Tax periods which begin before the Closing Date and end after the Closing Date, if any, (a Straddle Period) that are filed after the Closing Date. Purchaser shall deliver such Pre-Closing Period Tax Returns and Straddle Period Tax Returns to Retsky at least thirty (30) days prior to the due date of such Tax Returns (without taking into account any extensions thereof, unless Retsky determines to file for an extension) for his review. Solely with respect to any Pre-Closing Period Tax Returns, Purchaser shall make all changes reasonably requested by Retsky to the extent that (i) such changes are consistent with the past practice and custom of Rand, (ii) are in accordance with applicable law, and (iii) are provided to Purchaser within fifteen (15) days after Retsky's receipt of such Pre-Closing Period Tax Returns. Purchaser shall file such Pre-Closing Period Tax Returns on the due date of such Tax Returns (without taking into account any extensions thereof, unless Retsky determines to file for an extension). Retsky shall pay to Purchaser or Rand, as an adjustment to the Purchase Price, an amount equal to all Taxes shown to be due on a Pre-Closing Period Tax Return and the portion

of such Taxes shown to be due on a Straddle Period Tax Return which relates to the portion of such Straddle Period ending on the Closing Date within fifteen (15) days after the receipt of a bill from Purchaser for such Taxes. In the case of any Taxes that are imposed on a periodic basis and are payable with respect to a Straddle Period, the portion of such Tax which relates to the portion of such Straddle Period ending on the Closing Date shall (x) in the case of any Taxes other than Taxes based upon or related to income or gross receipts, be deemed to be the amount of such Tax for the entire taxable period multiplied by a fraction the numerator of which is

C-34

Table of Contents

the number of days in the taxable period ending on the Closing Date and the denominator of which is the number of days in the entire taxable period, and (y) in the case of any Tax based upon or related to income or gross receipts be deemed equal to the amount which would be payable if the relevant taxable period ended on the Closing Date.

12.3 Defense of Tax Claims.

(a) Notwithstanding any other provision in this Agreement to the contrary, if any third party shall notify Purchaser with respect to any matter relating to Taxes (a Tax Claim), which may give rise to a claim for indemnification against Retsky pursuant to Section 10.1, then the Purchaser shall promptly notify Retsky thereof in writing; provided, however, that no delay on the part of the Purchaser shall relieve Retsky from any obligation hereunder unless (and then solely to the extent) Retsky thereby is prejudiced.

(b) Retsky will have the right to defend Purchaser or Rand, as the case may be, against the Tax Claim with counsel of its choice reasonably satisfactory to Purchaser so long as (i) Retsky notifies Purchaser in writing within fifteen (15) days after Purchaser has given notice of the Tax Claim that Retsky will indemnify Purchaser or Rand, as the case may be, from and against the entirety of any adverse consequences Purchaser or Rand may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Tax Claim, (ii) Retsky provides Purchaser with evidence acceptable to Purchaser that Retsky have the financial resources to defend against the Tax Claim and fulfill his indemnification obligations with respect to the Tax Claim, (iii) settlement of, or an adverse judgment with respect to, the Tax Claim will not establish a precedential custom or practice adverse to the continuing business interests of Rand or otherwise have an adverse effect on Purchaser or Rand's Tax position for periods beginning on or after, or including, the Closing Date, and (iv) Retsky conducts the defense of the Tax Claim actively and diligently.

(c) So long as Retsky is conducting the defense of the Tax Claim in accordance with Section 12.3(b) above, (i) Purchaser may retain separate co-counsel at its sole cost and expense and participate in the defense of the Tax Claim, and (ii) Retsky may not consent to the entry of any judgment or enter into any settlement with respect to the Tax Claim without the prior written consent of the Purchaser, which consent will not be unreasonably withheld or delayed.

(d) In the event any of the conditions in Section 12.3(b) above is or becomes unsatisfied, (i) Purchaser may defend against, and consent to the entry of any judgment or enter into any settlement with respect to, the Tax Claim in any manner it reasonably may deem appropriate (and Purchaser need not consult with, or obtain any consent from, Retsky in connection therewith), (ii) Retsky will reimburse Purchaser promptly and periodically for the costs of defending against the Tax Claim (including reasonable attorneys' fees and expenses), and (iii) Retsky will remain responsible for any adverse consequences Purchaser or Rand may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Tax Claim to the fullest extent provided in this section.

12.4 Certain Taxes and Fees

All transfer, documentary, sales, use, stamp, registration and other such Taxes and all conveyance fees, recording charges and other fees and charges (including penalties and interest) incurred in connection with the transaction contemplated by this Agreement shall be paid by Retsky when due and Retsky shall, at his own expense, file all necessary Tax Returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other Taxes and fees.

12.5 Code Section 338(h)(10) Election

At the election of Purchaser, Retsky shall join with Purchaser in making a timely election under Code Section 338(h)(10) (and any corresponding election under state, local, and foreign tax law) with respect to the

purchase and sale of the stock of Rand pursuant to this Agreement (collectively, the Election). If the Election is made, Retsky and Purchaser shall cooperate for the purpose of effectuating a timely and effective Election, including, without limitation, the execution and filing of any required forms or returns (each such form or return, a 338 Election Form). The Election shall be filed based upon the purchase price allocation determined by Purchaser and consented to by Retsky (which consent shall not be unreasonably withheld, delayed or conditioned). Retsky, Purchaser, and Rand shall file all Tax Returns and information reports in a manner consistent with such allocation,

C-35

as adjusted to take into account the Tax Adjustment as set forth in Section 12.6 of this Agreement. On or prior to March 1, 2007, Purchaser shall prepare and deliver to Retsky all required 338 Election Forms. Retsky shall execute all such forms and other documents required to be executed by him in connection with the Election as set forth in instructions provided by Purchaser and deliver the same to Purchaser within fifteen (15) days of the receipt of such forms and other documents. If a 338 Election Form is required to be filed prior to the final determination of the Tax Adjustment, Purchaser will execute such 338 Election Form and deliver it to Retsky at least thirty (30) days prior to the last date on which such 338 Election Form may be filed, and Purchaser shall file such 338 Election Form using the information then available, and Purchaser and Retsky shall amend such 338 Election Form as necessary upon the final determination of the Tax Adjustment. The Purchaser shall be responsible for filing all 338 Election Forms with the proper Governmental Authorities, provided that Retsky shall be responsible for filing any 338 Election Form that must be filed with a Tax Return that Retsky is responsible for preparing and filing.

12.6 Tax Adjustment.

If pursuant to Section 12.5 of this Agreement, the Purchaser elects to make the Election, Retsky shall include any income, gain, loss or deduction or other Tax item resulting from the Election on his Tax Returns to the extent required by applicable Law. In addition, the Purchase Price shall be increased by an amount equal to the aggregate excess Tax cost (federal, state, local and foreign Taxes included) of Retsky incurred as a result of making the Election described in Section 12.5 above. Retsky's excess Tax cost for purposes of this Section 12.6 shall be determined by Retsky's independent certified public accountant based on Retsky's federal, state, local and foreign Taxes for the year with respect to which the Election is made, determined with and without the effect of the Election. No later than fifteen (15) days after Purchaser notifies Retsky of Purchaser's intention to make an Election, Retsky shall deliver to the Purchaser a calculation of the excess Tax cost as determined in accordance with this Section 12.6 (i.e., the amount by which Retsky's Taxes calculated with the effect of the Election exceed Retsky's Taxes calculated without the effect of the Election) along with such other information as reasonably required by Purchaser to confirm the amount of the excess Tax cost and the Tax Adjustment (as defined herein). The excess Tax cost shall be grossed up at Retsky's effective tax rate for the year in which the Election is made, with the aggregate of the excess tax cost and the gross-up amount referred to as the Tax Adjustment. It is the intent of the parties that the Tax Adjustment shall be equal to the amount necessary such that Retsky shall be no worse off, on an after-tax basis, than had the Election not been made. The Purchaser shall notify Retsky within fifteen (15) days of the receipt of such calculation of any objections to such calculation. If the Purchaser objects to the calculation, then the Purchaser and Retsky shall attempt to resolve any disputes; provided, however, that if they are unable to do so within fifteen (15) days after the Retsky's receipt of notice of an objection, such disputed items shall be submitted to a mutually acceptable independent accounting firm for final determination, which shall be binding upon the Purchaser and Retsky. The Purchaser shall pay to Retsky the amount of the Tax Adjustment no later than fifteen (15) days after the later of (x) the filing of the Election or (y) final determination of the Tax Adjustment. The payment of the Tax Adjustment shall be treated as a purchase price adjustment. If a subsequent determination is made that the Election was not available with respect to the transactions contemplated by this Agreement, Retsky shall promptly pay to the Purchaser an amount equal to the Tax Adjustment previously received by him from the Purchaser.

Consideration Per Share shall mean, with respect to Class A Common Stock or Rights, the quotient of (i) the Aggregate Consideration Receivable in respect of such Class A Common Stock or such Rights; divided by (ii) the total number of such shares of Class A Common Stock or, in the case of Rights, the total number of shares of Class A Common Stock covered by such Rights.

Excluded Securities shall mean and include: (i) shares of Class A Common Stock or Rights issued in any of the transactions described in this Article 4.4.4.2 in respect of which an adjustment has been made pursuant to this Article 4.4.4.2 and any shares of Class A Common Stock issued in respect of Rights for which an adjustment has been made under this Article 4.4.4.2 or in respect of which no adjustment was required at the time of the issuance of such Rights under this Article 4.4.4.2; (ii) shares of Class A Common Stock issuable upon exercise of the warrants issued or to be issued to Phoenix Life Insurance Company on or about the date hereof in connection with the filing of this Second Amended and Restated Certificate of Incorporation; (iii) shares of Class A Common Stock issuable upon exercise of any options or warrants granted, or shares of Class A Common Stock granted as restricted stock units, pursuant to the Corporation's 2004 Incentive Plan, the Corporation's 2001 Stock Option Plan or any other equity incentive plan approved by the Board of Directors, provided that in any case the aggregate number of shares of Class A Common Stock issuable in respect of all such plans shall not at any time exceed 10% of all shares of Class A Common Stock determined on a fully diluted basis taking into account all outstanding Rights; (iv) shares of Class A Common Stock issued pursuant to the conversion provisions set forth in Article 4.4.5 for any shares of Class D Common Stock to the extent, but only to the extent, that such shares of Class D Common Stock were issued pursuant to the Class D Stock Purchase Agreement; (v) any shares of Class A Common Stock whose sale or issuance has been otherwise adjusted pursuant to Article 4.4.4.1 above; (vi) any shares of Class A Common Stock or Rights issued as payment of the Class D Dividend Amount; (vii) any shares of Class A Common Stock or Rights issued as full or partial consideration for the acquisition by the Corporation (or any subsidiary thereof) of all or substantially all of the capital stock or assets of any third party; and (viii) any shares of Class A Common Stock or Rights issued by the Corporation to any lender in connection with the provision by such lender of financing to the Corporation, provided that the aggregate number of shares of Class A Common Stock issuable in respect thereof shall not at any time exceed 5% of all shares of Class A Common Stock determined on a fully diluted basis including all outstanding Rights.

Right shall mean and include: (i) any warrant or any option (including, without limitation, employee stock options) to acquire shares of Class A Common Stock; (ii) any right issued to holders of shares of Class A Common Stock permitting the holders thereof to subscribe for Class A Common Stock (pursuant to a rights offering or otherwise); (iii) any right to acquire shares of Class A Common Stock pursuant to the provisions of any security convertible or exchangeable into shares of Class A Common Stock; and (iv) any similar right permitting the holder thereof to subscribe for or purchase shares of Class A Common Stock.

In the event that the Corporation shall issue and sell shares of Class A Common Stock or Rights for a consideration consisting, in whole or in part, of property (including, without limitation, a security) other than cash or its equivalent, then in determining the Aggregate Consideration Receivable, the Board of Directors shall determine, in good faith and on a reasonable basis, the fair value of such property, and such determination, if so made, shall be binding upon all holders of Common Stock. Upon the expiration of any Rights, with respect to which an adjustment was required to be made pursuant to this Article 4.4.4.2, without the full exercise thereof, the Class D Conversion Constant and the number of shares of Class A Common Stock into which each share of Class D Common Stock is convertible shall, upon such expiration, be readjusted and shall thereafter be the Class D Conversion Constant as would have been had, had they been originally adjusted (or had the original adjustment not been required, as the case may be) as if: the only shares of Class A Common Stock issuable under such Rights were the shares of Class A Common Stock, if any, actually issued or sold upon the exercise of such Rights; and such shares of Class A Common Stock, if any, were issued or sold for the consideration actually received by the Corporation upon such exercise plus the aggregate consideration, if any, actually received by the Corporation for the issuance, sale or grant of all of such Rights, whether or not exercised, provided that no such readjustment shall have the effect of decreasing the Class D Conversion

Constant by an amount in excess of the amount of the increase initially made in respect of the issuance, sale, or grant of such Rights. If, with respect to any of the Rights with respect to which an adjustment was required to be made pursuant to this Article 4.4.4.2, there is an increase or decrease in the consideration payable to the Corporation in respect of the exercise thereof, or there is an increase or

Table of Contents

decrease in the number of shares of Class A Common Stock issuable upon the exercise thereof (by change of rate or otherwise), the Class D Conversion Constant computed upon the original issue and sale thereof, and any subsequent adjustments based thereon, shall, upon any such increase or decrease becoming effective, be recomputed to reflect such increase or decrease insofar as it affects such Rights which are outstanding at such time.

4.4.4.3 Definition of Class A Common Stock for Purposes of Article 4.4.4. For purposes of Article 4.4.4, Class A Common Stock shall mean the Corporation's Class A Common Stock as well as any Common Stock having the same rights, preferences and privileges as the Class A Common Stock as described in Article 4.4 hereof and without otherwise having any rights, preferences or privileges senior to or having a priority over those of the Class A Common Stock.

4.4.5 Conversion of Class D Common Stock.

4.4.5.1 Optional Conversion. At the option of any holder of shares of Class D Common Stock, exercisable at any time and from time to time, in whole or in part, by notice to the Corporation, each outstanding share of Class D Common Stock held by such holder shall convert into a number of shares of Class A Common Stock equal to the Class D Conversion Factor in effect at the time such notice is given.

4.4.5.2 Subsequent Distributions, Etc. No Distributions shall be or become payable on any shares of Class D Common Stock converted pursuant to Article 4.4.5.1 above at or following such conversion. From and after such conversion, such shares of Class D Common Stock shall be retired and shall not be reissued, and upon the conversion of all outstanding shares of Class D Common Stock (or the redemption, repurchase or purchase by the Corporation of all outstanding shares of Class D Common Stock in accordance with Article 4.4.8 below) and upon the filing of a certificate in accordance with Section 243 of the DGCL, the authorized shares of Class D Common Stock shall be eliminated.

4.4.5.3 Fractional Shares, Etc. Fractional shares of Class A Common Stock issuable upon conversion of shares of Class D Common Stock under Article 4.4.5.1 above may be issued (or, at the discretion of the Board of Directors, eliminated in return for payment therefor in cash at the fair market value thereof, as determined in good faith by the Board of Directors).

4.4.5.4 Effect of Conversion. Upon conversion of any share of Class D Common Stock, the holder shall surrender the certificate evidencing such share to the Corporation at its principal place of business. Promptly after receipt of such certificate, the Corporation shall issue and send to such holder a new certificate, registered in the name of such holder, evidencing the number of shares of Class A Common Stock into which such share has been converted. From and after the time of conversion of any share of Class D Common Stock, the rights of the holder thereof as such shall cease; the certificate formerly evidencing such share shall, until surrendered and reissued as provided above, evidence the applicable number of shares of Class A Common Stock; and such holder shall be deemed to have become the holder of record of the applicable number of shares of Class A Common Stock.

4.4.6 Notices. All notices referred to herein shall be in writing, shall be delivered personally or by first class mail, postage prepaid, and shall be deemed to have been given when so delivered or mailed to the Corporation at its principal executive offices and to any stockholder at such holder's address as it appears in the stock records of the Corporation (unless otherwise specified in a written notice to the Corporation by such holder).

4.4.7 Prohibition on Distributions Constituting Taxable Events. Notwithstanding anything to the contrary in this Second Amended and Restated Certificate of Incorporation, the Corporation shall not take any action that would have been prohibited under Article 4.4.7 of the Corporation's Amended and Restated Certificate of Incorporation filed December 15, 2004 (the Old Charter) without either (i) the written approval of the holders (the Legacy Class B

Holders) who held a majority of the Corporation s Class B Common Stock, par value \$0.001 per share, (the Old Class B Shares) outstanding on the date immediately prior to the filing of this Second Amended and Restated Certificate of Incorporation or (ii) receipt by the Corporation of a legal opinion, in form satisfactory to the Legacy Class B Holders who held a majority of the Old Class B Shares outstanding on the date immediately prior to the filing of this Second Amended and Restated Certificate of Incorporation, from tax counsel to the Corporation that taking such action would not result in adverse tax consequences to such Legacy

Class B Holders. During the time period in which the restrictions set forth in Article 4.4.7 of the Old Charter are effective, no amendment to the provisions of this Article 4.4.7 shall be effective without the prior written consent of the Legacy Class B Holders who held a majority of the Old Class B Shares outstanding on the date immediately prior to the filing of this Second Amended and Restated Certificate of Incorporation.

4.4.8 Redeemed or Repurchased Shares. Upon redemption, repurchase or purchase by the Corporation of any shares of Class D Common Stock, such acquired shares shall no longer be entitled to any voting rights as set forth in Article 4.4.2, distribution rights as set forth in Article 4.4.3, or conversion rights as set forth in Article 4.4.5. From and after such redemption, repurchase or purchase, the acquired shares of Class D Common Stock shall be retired and shall not be reissued.

5. Election of Directors. The election of directors need not be by ballot unless the By-laws of this Corporation shall so require.

6. By-Laws. In furtherance and not in limitation of the power conferred upon the Board of Directors by law, the Board of Directors shall have power to make, adopt, alter, amend and repeal from time to time By-laws of this Corporation. Notwithstanding the preceding sentence, the By-laws of this Corporation may be rescinded, altered, amended or repealed in any respect by the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 $\frac{2}{3}$ %) of the outstanding voting stock of the Corporation, voting together as a single class.

7. Exculpation of Directors. A director of this Corporation shall not be liable to this Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent that exculpation from liability is not permitted under the DGCL as in effect at the time such liability is determined. No amendment or repeal of this Article 7 shall apply to or have any effect on the liability or alleged liability of any director of this Corporation for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal.

8. Corporate Opportunities. To the maximum extent permitted from time to time under the law of the State of Delaware, this Corporation renounces any interest or expectancy of the Corporation in, or in being offered an opportunity to participate in, business opportunities that are from time to time presented to its officers, directors or stockholders, other than those officers, directors or stockholders who are employees of this Corporation. No amendment or repeal of this paragraph 8 shall apply to or have any effect on the liability or alleged liability of any officer, director or stockholder of the Corporation for or with respect to any opportunities of which such officer, director or stockholder becomes aware prior to such amendment or repeal.

9. Special Meetings of Stockholders. Special meetings of the stockholders of the Corporation for any purpose or purposes may be called at any time by the Board of Directors, or by a majority of the members of the Board of Directors, or by a committee of the Board of Directors which has been duly designated by the Board of Directors and whose powers and authority, as provided in a resolution of the Board of Directors or in the By-laws of the Corporation, include the power to call such meetings, but such special meetings may not be called by any other person or persons; provided, however, that if and to the extent that any special meeting of stockholders may be called by any other person or persons specified in any provisions of the Certificate of Incorporation or any amendment thereto or any certificate filed under Section 151(g) of the DGCL, then such special meeting may also be called by the person or persons, in the manner, at the times and for the purposes so specified.

10. Indemnification. To the fullest extent permitted by the DGCL, the Corporation shall indemnify and advance indemnification expenses on behalf of all directors and officers of the Corporation. The Corporation shall indemnify such other persons as may be required by statute or by the By-laws of the Corporation. The Corporation may, to the full extent permitted by Delaware law, purchase and maintain insurance on behalf of any director or officer, or such other person as may be permitted by statute or the By-laws of the Corporation, against any liability which may be

asserted against any director, officer or such other person and may enter into contracts providing for the indemnification of any director, officer or such other person to the full extent permitted by Delaware law. The liability of directors of the Corporation (for actions or inactions taken by them as directors) for monetary damages shall be eliminated to the fullest extent permissible under Delaware law. If the DGCL is hereafter amended to authorize corporate action further limiting or eliminating the personal liability of directors, then the liability of the directors to the Corporation shall be limited or eliminated to the fullest extent permitted by the DGCL, as so amended from time to time. Any repeal or modification of this Article 10 by the stockholders of the Corporation

shall be prospective only, and shall not adversely affect any limitation on the personal liability of a director of the Corporation existing at the time of such repeal or modification.

11. Books. The books of this Corporation may (subject to any statutory requirements) be kept outside the State of Delaware as may be designated by the Board of Directors or in the By-laws of this Corporation.

12. Action by Consent of Stockholders. If at any time this Corporation shall have a class of stock registered pursuant to the provisions of the 1934 Act, for so long as such class is so registered, any action by the stockholders of such class must be taken at an annual or special meeting of stockholders and may not be taken by written consent.

We have not been involved in the structuring, documentation or negotiation of the Transactions and have not, other than the delivery of the Opinion and its review and analysis undertaken in connection therewith as described herein, provided any financial advisory or investment banking services to the Company related to or associated with the Transactions.

In its normal course of business, we are regularly engaged to provide financial opinions with respect to valuation and fairness in connection with mergers, acquisitions, divestitures, leveraged buyouts, recapitalizations and financings.

Based upon and subject to the foregoing, and in reliance thereon, it is our opinion that, as of the date hereof, the price to be paid for the Class D Stock to the Company by Brantley and Phoenix is fair from a financial point of view to the shareholders other than Brantley and Phoenix.

The Company intends to reevaluate goodwill impairment on an annual basis, or when events or circumstances indicate an impairment test is necessary.

Income Taxes: The Company, with the consent of its stockholder, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes, the stockholder of an S corporation is taxed on the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Table of Contents**Annex I****UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS**

The following unaudited pro forma condensed combined financial statements are presented to illustrate the effect on the historical financial position and operating results as a result of the acquisitions by Orion of all of the issued and outstanding capital stock of Rand Medical Billing, Inc. (Rand), and On Line Alternatives, Inc. and On Line Payroll Services, Inc. (collectively, OLA/OLP). The unaudited pro forma condensed combined financial statements also give effect to the Private Placement Agreements with Phoenix and Brantley IV, the conversion of the Brantley IV convertible notes into common stock and the conversion of all of the Common Stock Class B (after the purchase of the Class B Common Stock previously owned by Brantley Capital) and Class C into Common Stock Class A. The following two unaudited pro forma condensed combined statements of earnings are presented using Orion s, Rand s and OLA/OLP s results for the year ended December 31, 2005 and the six months ended June 30, 2006. The following unaudited pro forma condensed combined balance sheet is presented using Orion s, Rand s and OLA/OLP s condition as of June 30, 2006. The OLA/OLP pro forma adjustments are combined for purposes of the unaudited pro forma condensed combined financial statements because the acquisitions are contemplated on a combined basis as one purchase transaction, and OLA/OLP are under common ownership and showing the pro forma adjustments on a combined basis instead of separately would be consistent with the contemplated transaction.

The Rand and OLA/OLP acquisitions will be accounted for as a purchase in accordance with generally accepted accounting principles. The pro forma adjustments were applied to the respective historical financial statements to reflect and account for each acquisition using the purchase method of accounting. Accordingly, the total purchase costs were allocated to the tangible and intangible assets acquired and liabilities assumed based on their respective fair values. In assessing the fair value of the identifiable intangible assets, two valuation methods were used. First, for the non-compete agreements, the fair value was determined by forecasting results of operations for Rand and OLA/OLP with and without the non-compete agreements in place, with the difference between these two amounts discounted to present value. Second, for the customer relationships intangible assets, the fair value was determined using the capitalized excess earnings method. The remaining intangible asset values have been classified with goodwill. The unaudited pro forma condensed combined balance sheet is presented as if the acquisitions and other transactions contemplated thereby had occurred on June 30, 2006. The unaudited pro forma condensed combined statement of earnings assumes that the acquisitions and the other transactions contemplated thereby had occurred on January 1, 2005. The pro forma adjustments are based on the information and assumptions available and considered reasonable at the time of the printing of the proxy statement.

A final determination of the required purchase accounting adjustments will be made after the completion of the transactions. In management s opinion, the unaudited pro forma condensed combined financial information reflected herein is not expected to differ materially from the final amounts. The actual financial position and results of operations may differ, perhaps significantly, from the pro forma amounts reflected herein because of additional information, changes in value that are not currently identified and operating results between the dates of the pro forma information and the date on which the acquisitions and other transactions contemplated herein actually take place.

The unaudited pro forma condensed combined financial information is based upon the financial condition and operating results of Orion, Rand and OLA/OLP during periods when the businesses were under separate management and control, therefore the information presented may not be indicative of the results that would have actually occurred had the acquisitions been consummated as of the respective periods presented, nor is it indicative of future financial or operating results. Orion may also expect to incur integration related expenses as a result of the acquisitions. The unaudited pro forma condensed combined financial information and related notes should be read along with:

(i) the historical financial statements of Orion HealthCorp, Inc. for the fiscal year ended December 31, 2005 included in Annex J to this Proxy Statement; and

(ii) the historical financial statements of Orion HealthCorp, Inc. for the six months ended June 30, 2006 included in Annex K to this Proxy Statement.

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Pro Forma Condensed Combined Balance Sheet****(a) To Record the Repurchase and Retirement of 1,722,983 Shares of the Company's Class B Common Stock.**

In connection with the 2004 Mergers, the Company issued 11,482,260 shares of Class B Common Stock, which is convertible into shares of Class A Common Stock. Holders of shares of Class B Common Stock have the option to convert their shares of Class B Common Stock into Class A Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed to yield one share of Class A Common Stock per share of Class B Common Stock converted, plus such additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock and a nine percent (9%) return on the original purchase price for the Class B Common Stock without compounding, from the date of issuance through the date of conversion. In addition, the conversion ratio of the Class B Common Stock fluctuates based on the market price of the Class A Common Stock. A decline in the price of Class A Common Stock will increase the Class B Common Stock conversion ratio because the multiplier for calculating the conversion ratio increases as the stock price used in its denominator decreases.

The Company has reached an agreement with a Class B shareholder to purchase that shareholder's 1,722,983 shares of the Company's Class B Common Stock at a price of \$0.28 per share, which represents the average of the closing price of the Company's Class A Common Stock for the five days prior to August 28, 2006.

The calculation of the purchase price is as follows:

Number of shares of Class B Common Stock to be repurchased	1,722,983
Average closing stock price of the Company's Class A Common Stock for the five days prior to August 28, 2006	\$ 0.28
Total purchase price	\$ 482,435

To record the repurchase and retirement of the Class B Common Stock as of June 30, 2006:

Par value of Class B Common Stock repurchased 1,722,983 shares \$0.001 par value	\$ 1,723
Total purchase price	482,435
Adjustment to additional paid-in capital	\$ (480,712)

(b) To Record the Conversion of Class B Common Stock to Class A Common Stock.

Between December 15, 2004 and October 20, 2006, 1,033,790 shares of Class B Common Stock have been converted into 2,613,671 shares of Class A Common Stock. Additionally, as detailed in note (a), above, the Company has agreed to repurchase 1,722,983 shares of its Class B Common Stock.

After considering the aforementioned share repurchase, the remaining 8,725,487 shares of Class B Common Stock will be converted concurrent with the closing of the proposed new private placement, which is more fully described in note (e), below.

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Pro Forma Condensed Combined Balance Sheet (Continued)**

The calculation of the conversion factor to convert the Class B Common Stock to Class A Common Stock, assuming a conversion date of June 30, 2006 is as follows:

	Number of days held		562
divided by	Number of days in year		365
			1.539726027
multiplied by	Dividend rate		9%
			0.138575342
multiplied by	Original Class B price per share	\$	1.15
			0.159361644
plus	Original Class B price per share	\$	1.15
		\$	1.31
divided by	Closing stock price on conversion date	\$	0.29
			4.515040151157
plus	Original Class B conversion constant		1.00
equals	Class B conversion factor		5.515040151157

To record the conversion of Class B Common Stock to Class A Common Stock as of June 30, 2006:

Par value of Class B Common Stock converted	8,725,487 shares	\$0.001 par value		\$	8,725
Shares of Class B Common Stock outstanding as of June 30, 2006			8,725,487		
multiplied by	Class B conversion factor		5.515040151157		
Number of shares of Class A Common Stock issuable upon conversion of Class B Common Stock			48,121,411		
multiplied by	Par value of Class A Common Stock	\$	0.001		48,121
Adjustment to additional paid-in capital					\$ (39,396)

Assuming the measurement date of October 20, 2006 used elsewhere in this proxy, there would be 55,533,206 shares of Class A Common Stock issuable upon the conversion of 8,725,487 shares of Class B Common Stock.

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Pro Forma Condensed Combined Balance Sheet (Continued)****(c) To Record the Conversion of Class C Common Stock to Class A Common Stock.**

In connection with the 2004 Mergers, the Company issued 1,575,760 shares of Class C Common Stock. Holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock into shares of Class A Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed initially to yield one share of Class A Common Stock per share of Class C Common Stock converted, with the number of shares of Class A Common Stock reducing to the extent that distributions are paid on the Class C Common Stock. The conversion factor is calculated as (i) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (ii) \$3.30. The initial conversion factor was one (one share of Class C Common Stock converts into one share of Class A Common Stock) and is subject to adjustment as discussed below. If the fair market value used in determining the conversion factor for the Class B Common Stock in connection with any conversion of Class B Common Stock is less than \$3.30 (subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting Class A Common Stock), holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock (within 10 days of receipt of notice of the conversion of the Class B Common Stock) into a number of shares of Class A Common Stock equal to (i) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (ii) the fair market value used in determining the conversion factor for the Class B Common Stock (the Anti-Dilution Option). The aggregate number of shares of Class C Common Stock so converted by any holder shall not exceed a number equal to (a) the number of shares of Class C Common Stock held by such holder immediately prior to such conversion plus the number of shares of Class C Common Stock previously converted in Class A Common Stock by such holder multiplied by (b) a fraction, the numerator of which is the number of shares of Class B Common Stock converted at the lower price and the denominator of which is the aggregate number of shares of Class B Common Stock issued at the closing of the 2004 Mergers.

Between December 15, 2004 and October 20, 2006 138,188 shares of Class C Common Stock have been converted into 660,537 shares of Class A Common Stock.

The remaining 1,437,572 shares of Class C Common Stock will be converted concurrent with the closing of the proposed new private placement, which is more fully described in note (e), below.

The calculation of the conversion factor to convert the Class C Common Stock to Class A Common Stock, assuming a conversion date of June 30, 2006 is as follows:

	Class C base price	\$	3.30
divided by	Closing stock price on conversion date	\$	0.29
equals	Class C conversion factor		11.379310344828

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Pro Forma Condensed Combined Balance Sheet (Continued)**

To record the conversion of Class C Common Stock to Class A Common Stock as of June 30, 2006:

multiplied by	Par value of Class A Common Stock	\$	0.001		13,866

Assuming the measurement date of October 20, 2006 used elsewhere in this proxy, there would be 16,068,079 shares of Class A Common Stock issuable upon the conversion of 1,437,572 shares of Class C Common Stock.

(d) To Record the Conversion of the Brantley IV Convertible Promissory Notes into Class A Common Stock.

In March and April 2005, the Company borrowed an aggregate of \$1,250,000 from Brantley IV. Among other provisions, the promissory notes governing these borrowings provided for the conversion of the principal balance of the promissory notes, plus accrued interest through the conversion date, into Class A Common Stock at a price per share equal to \$1.042825. As part of the private placement more fully described in note (e), below, Brantley IV will convert the promissory notes into Class A Common Stock.

The calculation of the conversion of the Brantley IV convertible promissory notes into Class A Common Stock, assuming a conversion date of June 30, 2006 is as follows:

Principal amount of convertible promissory notes	\$	1,250,000
Accrued interest on convertible promissory notes		145,274

Total principal and interest		\$ 1,395,274

Number of shares of Class A Common Stock issuable upon conversion of the Brantley IV convertible promissory notes		1,337,975

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Pro Forma Condensed Combined Balance Sheet (Continued)**

To record the conversion of the Brantley IV convertible promissory notes to Class A Common Stock as of June 30, 2006:

Total principal and interest of the Brantley IV convertible promissory notes		\$ 1,395,275
Number of shares of Class A Common Stock issuable upon conversion of the Brantley IV convertible promissory notes	1,337,975	
multiplied by Par value of Class A Common Stock	\$ 0.001	1,338
Adjustment to additional paid-in capital		\$ 1,393,937

Assuming the measurement date of October 20, 2006 used elsewhere in this proxy, there would be 1,371,539 shares of Class A Common Stock issuable upon the conversion of the Brantley IV convertible promissory notes.

(e) To Record the Private Placement with Phoenix Life Insurance Company and Brantley Partners IV, L.P.

Represents the investment by Phoenix and Brantley IV of cash in exchange for the Company's Class D Common Stock. Phoenix will receive the number of shares of Class D Common Stock representing 12.5% of the outstanding Class A Common Stock on a fully-converted basis as of the close of business of the business day that immediately precedes the closing of the private placement in exchange for cash of \$3,000,000. Brantley IV will receive the number of shares of Class D Common Stock representing 6.875% of the outstanding Class A Common Stock on a fully-converted basis as of the close of business of the business day that immediately precedes the closing of the private placement in exchange for cash of \$1,650,000.

The fully-converted Class A Common Stock represents the sum of (i) the then-outstanding shares of Class A Common Stock, (ii) the number of shares of Class A Common Stock into which the then-outstanding shares of the Class B Common Stock are convertible, (iii) the number of shares of Class A Common Stock into which the then-outstanding shares of the Class C Common Stock are convertible, (iv) the number of shares of Class A Common Stock into which the Brantley IV convertible promissory notes are convertible, (v) the number of shares of Class A Common Stock into which the Class D Common Stock to be issued as part of the private placement would be convertible, assuming that such shares were issued as of such date. (Each share of Class D Common Stock is initially convertible into one share of Class A Common Stock.) and (vi) the number of shares of Class A Common Stock issuable upon the exercise of the then-outstanding in-the-money options, warrants and restricted stock units.

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Pro Forma Condensed Combined Balance Sheet (Continued)**

For the purposes of the private placement, the number of shares of Class D Common Stock to be issued to Phoenix and Brantley IV would be calculated as follows as of June 30, 2006 and the measurement date of October 20, 2006, respectively:

The allocation of the private placement between Class D Common Stock and additional paid-in capital as of June 30, 2006 and the measurement date of October 20, 2006, respectively would be as follows:

June 30, 2006	October 20, 2006
----------------------	-------------------------

Class D Common Stock, par value \$0.001	18,436	20,772

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of
Orion HealthCorp, Inc. and Subsidiaries

We have audited the accompanying consolidated balances sheets of Orion HealthCorp, Inc. (formerly SurgiCare, Inc.) and Subsidiaries as of December 31, 2005 and 2004, and the related consolidated statements of operations, stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Orion HealthCorp, Inc. (formerly SurgiCare, Inc.) and Subsidiaries as of December 31, 2005 and 2004, and the consolidated results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 19 to the consolidated financial statements, the accompanying financial statements have been restated.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has suffered recurring losses from operations and negative cash flows that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Notes to Consolidated Financial Statements
December 31, 2005 and 2004**

Note 1. Organization and Accounting Policies

Orion HealthCorp, Inc. (formerly SurgiCare, Inc. SurgiCare) and its subsidiaries (Orion or the Company) maintain their accounts on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Company and its subsidiaries and the methods of applying those principles, which materially affect the determination of financial position, results of operations and cash flows are summarized below.

Description of Business

Orion is a healthcare services organization providing outsourced business services to physicians. The Company serves the physician market through two subsidiaries, Integrated Physician Solutions, Inc. (IPS), which provides business and management services to general and subspecialty pediatric physician practices; and Medical Billing Services, Inc. (MBS), which provides billing, collection and practice management services, primarily to hospital-based physicians.

The Company was incorporated in Delaware on February 24, 1984 as Technical Coatings, Incorporated. On December 15, 2004, the Company completed a transaction to acquire IPS (the IPS Merger) and to acquire Dennis Cain Physician Solutions, Ltd. (DCPS) and MBS (the DCPS/MBS Merger) (collectively, the 2004 Mergers). As a result of these transactions, IPS and MBS became wholly owned subsidiaries of the Company, and DCPS is a wholly owned subsidiary of MBS. On December 15, 2004, and simultaneous with the consummation of the 2004 Mergers, the Company changed its name from SurgiCare, Inc. to Orion and consummated its restructuring transactions (the Closing), which included issuances of new equity securities for cash and contribution of outstanding debt, and the restructuring of its debt facilities. The Company also completed a one-for-ten reverse stock split (the Reverse Stock Split). SurgiCare common stock was converted to Orion Class A Common Stock (the Reclassification). The Company also created Class B Common Stock and Class C Common Stock, which were issued in connection with the equity investments and acquisitions. (See Note 3. Acquisitions and Restructuring Transactions).

In April 2005, the Company initiated a strategic plan designed to accelerate the Company s growth and enhance its future earnings potential. The plan focuses on the Company s strengths, which include providing billing, collections and complementary business management services to physician practices. As part of this strategic plan, the Company began to divest certain non-strategic assets. In addition, the Company ceased investment in business lines that did not complement the Company s strategic plan and redirected financial resources and Company personnel to areas that management believes enhance long-term growth potential. Beginning in the third quarter of 2005, the Company successfully completed the consolidation of corporate functions into its Roswell, Georgia facility. Consistent with its strategic plan, the Company also completed a series of transactions involving the divestiture of non-strategic assets in 2005.

Integrated Physician Solutions

IPS, a Delaware corporation, was founded in 1996 to provide physician practice management services to general and subspecialty pediatric practices. IPS commenced its business activities upon consummation of several medical group business combinations effective January 1, 1999.

As of December 31, 2005, IPS managed nine practice sites, representing five medical groups in Illinois and Ohio. IPS provides human resources management, accounting, group purchasing, public relations, marketing, information technology, and general day-to-day business operations management services to these medical groups. The physicians, who are all employed by separate corporations, provide all clinical and patient care related services.

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

There is a standard forty-year management service agreement (MSA) between IPS and the various affiliated medical groups whereby a management fee is paid to IPS. IPS owns all of the assets used in the operation of the medical groups. IPS manages the day-to-day business operations of each medical group and provides the assets for the physicians to use in their practice, for a fixed fee or percentage of the net operating income of the medical group. All revenues are collected by IPS, the fixed fee or percentage payment to IPS is taken from the net operating income of the medical group and the remainder of the net operating income of the medical group is paid to the physicians and treated as an expense on IPS 's financial statements as physician group distribution.

On April 1, 2005, IPS entered into a Mutual Release and Settlement Agreement (the CARDC Settlement) with Bradley E. Chipps, M.D. (Dr. Chipps) and Capital Allergy and Respiratory Disease Center, a medical corporation (CARDC) to settle disputes as to the existence and enforceability of certain contractual obligations. As part of the CARDC Settlement, Dr. Chipps, CARDC, and IPS agreed that CARDC would purchase the assets owned by IPS and used in connection with CARDC in exchange for termination of the MSA between IPS and CARDC. Additionally, among other provisions, after April 1, 2005, Dr. Chipps, CARDC and IPS have been released from any further obligation to each other.

On June 7, 2005, InPhySys, Inc. (formerly known as IntegriMED, Inc.) (IntegriMED), a wholly owned subsidiary of IPS, executed an Asset Purchase Agreement (the IntegriMED Agreement) with eClinicalWeb, LLC (eClinicalWeb) to sell substantially all of the assets of IntegriMED. The IntegriMED Agreement was deemed to be effective as of midnight on June 6, 2005. As consideration for the purchase of the acquired assets, eClinicalWeb issued to IntegriMED the following: (i) a two percent (2%) ownership interest in eClinicalWeb; and (ii) \$69,034 for the payoff of certain leases and purchase of certain software. Also eClinicalWeb agreed to sublease certain office space from IPS that was occupied by employees of IntegriMED.

On October 31, 2005, IPS executed a Mutual Release and Settlement Agreement (the Sutter Settlement) with John Ivan Sutter, M.D., PA (Dr. Sutter) to settle disputes that had arisen between IPS and Dr. Sutter and to avoid the risk and expense of litigation. As part of the Sutter Settlement, Dr. Sutter and IPS agreed that Dr. Sutter would purchase the assets owned by IPS and used in connection with Dr. Sutter 's practice, in exchange for termination of the related MSA. Additionally, among other provisions, after October 31, 2005, Dr. Sutter and IPS have been released from any further obligation to each other.

Medical Billing Services

MBS is based in Houston, Texas and was incorporated in Texas on October 16, 1985. DCPS is based in Houston, Texas and was organized as a Texas limited liability company on September 16, 1998. DCPS reorganized as a Texas limited partnership on August 31, 2003. MBS (which includes the operations of DCPS) offers its clients a complete outsourcing service, which includes practice management and billing and collection services, allowing them to avoid the infrastructure investment in their own back-office operations. These services help clients to be financially successful by improving cash flows and reducing administrative costs and burdens.

MBS provides services to approximately 58 customers throughout Texas. These customers include anesthesiologists, pathologists, and radiologists, imaging centers, comprehensive breast centers, hospital labs, cardio-thoracic surgeons and ambulatory surgery centers (ASCs.)

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)*****Ambulatory Surgery Center Business***

As of December 31, 2005, the Company owned interests as general partner in two ASCs, both of which are located in Texas. The Company sold its interest in SurgiCare Memorial Village L.P. (Memorial Village) effective January 31, 2006 and in San Jacinto Surgery Center Ltd. (San Jacinto) effective March 1, 2006. (See Note 18. Subsequent Events). The following table sets forth information related to Orion's ASCs in operation at December 31, 2005:

Name	Location	Acquisition Date	Ownership
SurgiCare Memorial Village L.P.	Houston, Texas	Oct. 2000	49%
San Jacinto Surgery Center Ltd.	Baytown, Texas	Oct. 2000	10%

On March 1, 2005, the Company closed its wholly owned subsidiary, Bellaire SurgiCare, Inc. (Bellaire SurgiCare), and consolidated its operations with the operations of Memorial Village.

In April 2005, due to unsatisfactory financial performance of the Company's surgery centers and in accordance with its strategic plan, the Company began the process of divesting its surgery center ownership interests.

On September 30, 2005, Orion executed purchase agreements to sell its 51% ownership interest in Tuscarawas Ambulatory Surgery Center, L.L.C. (TASC) and its 41% ownership interest in Tuscarawas Open MRI, L. P., (TOM) both located in Dover, Ohio, to Union Hospital (Union). Additionally, as part of the transactions, TASC, as the sole member of TASC Anesthesia, L.L.C. (TASC Anesthesia), executed an Asset Purchase Agreement to sell certain assets of TASC Anesthesia to Union. The limited partners of TASC and TOM also sold a certain number of their units to Union such that at the closing of these transactions, Union owned 70% of the ownership interests in TASC and TOM.

As consideration for the purchase of the 70% ownership interests in TASC and TOM, Union Hospital paid purchase prices of \$950,000 and \$2,188,237, respectively. Orion's portion of the total proceeds for TASC, TASC Anesthesia and TOM, after closing costs of \$82,632, was cash in the amount of \$1,223,159 and a note due on or before March 30, 2006 in the amount of \$530,547. As a result of these transactions, Orion no longer has an ownership interest in TASC, TOM or TASC Anesthesia.

Additionally, as part of the TASC and TOM transactions, Orion executed two-year management services agreements (the TASC MSA and the TOM MSA) with terms substantially the same as those of the management services agreements under which Orion performed management services to TASC and TOM prior to the transactions. In the first quarter of 2006, the Company received notification that Union was exercising its option to terminate the TASC MSA and TOM MSA. (See Note 18. Subsequent Events).

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all of its majority-owned subsidiaries. Orion's results for fiscal 2005 include the results of IPS, MBS and the Company's ambulatory surgery and diagnostic

center business for the twelve months ended December 31, 2005. Orion's results for fiscal 2004 include the results of IPS for the twelve months ended December 31, 2004 and the results of MBS and the Company's surgery and diagnostic center business commencing on December 15, 2004. The descriptions of the business and results of operations of MBS set forth in these notes include the business and results of operations of DCPS. All material intercompany balances and transactions have been eliminated in consolidation.

Recent Accounting Pronouncements

In November 2004, the Emerging Issues Task Force (EITF) of the Financial Accounting Standards Board (FASB), reached a consensus in applying the conditions in Paragraph 42 of Statement of Financial Accounting

Table of Contents

Orion HealthCorp, Inc.

Notes to Consolidated Financial Statements (Continued)

Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (EITF 03-13). Evaluation of whether operations and cash flows have been eliminated depends on whether (i) continuing operations and cash flows are expected to be generated, and (ii) the cash flows, based on their nature and significance are considered direct or indirect. This consensus should be applied to a component that is either disposed of or classified as held-for-sale in fiscal periods beginning after December 15, 2004. The adoption of EITF 03-13 did not have a material impact on its consolidated financial position, results of operations or cash flows.

In December 2004, the FASB published SFAS No. 123 (revised 2004), Share-Based Payment (SFAS 123(R)). SFAS 123(R) requires that the compensation cost relating to share-based payment transactions, including grants of employee stock options, be recognized in the financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. SFAS 123(R) covers a wide range of share-based compensation arrangements including stock options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. SFAS 123(R) is a replacement of SFAS No. 123, Accounting for Stock-Based Compensation, and supersedes Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and its related interpretive guidance (APB 25).

The effect of SFAS 123(R) will be to require entities to measure the cost of employee services received in exchange for stock options based on the grant-date fair value of the award, and to recognize the cost over the period the employee is required to provide services for the award. SFAS 123(R) permits entities to use any option-pricing model that meets the fair value objective in SFAS 123(R). The Company will be required to apply SFAS 123(R) for its quarter ending March 31, 2006.

SFAS 123(R) allows two methods for determining the effects of the transition: the modified prospective transition method and the modified retrospective method of transition. The Company will adopt the modified prospective transition method beginning in 2006. The pro forma net income effect of using the fair value method for the past two fiscal years is presented in the table under the caption Stock-Based Compensation, below. The pro forma compensation costs presented below and in prior filings for the Company have been calculated using a Black-Scholes option pricing model and may not be indicative of amounts which should be expected in future years.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

Revenue Recognition

IPS records revenue based on patient services provided by its affiliated medical groups. Net patient service revenue is impacted by billing rates, changes in Current Procedure Terminology (CPT) code reimbursement and collection trends. IPS reviews billing rates at each of its affiliated medical groups on at least an annual basis and adjusts those rates based on each insurer's current reimbursement practices. Amounts collected by IPS for treatment by its affiliated medical groups of patients covered by Medicare, Medicaid and other contractual reimbursement programs, which may be based on cost of services provided or predetermined rates, are generally less than the established billing rates of IPS's affiliated medical groups. IPS estimates the amount of these contractual allowances and records a reserve against accounts receivable based on historical collection percentages for each of the affiliated medical groups, which include various payer categories. When payments are received, the contractual adjustment is written off against the established

reserve for contractual allowances. The historical collection percentages are adjusted quarterly based on actual payments received, with any differences charged against net revenue for the quarter. Additionally, IPS tracks cash collection percentages for each medical group on a monthly basis, setting quarterly and annual goals for cash collections, bad debt write-offs and aging of accounts receivable.

Orion HealthCorp, Inc.

Notes to Consolidated Financial Statements (Continued)

MBS's principal source of revenues is fees charged to clients based on a percentage of net collections of the client's accounts receivable. MBS recognizes revenue and bills its clients when the clients receive payment on those accounts receivable. MBS typically receives payment from the client within 30 days of billing. The fees vary depending on specialty, size of practice, payer mix, and complexity of the billing. In addition to the collection fee revenue, MBS also earns fees from the various consulting services that MBS provides, including medical practice management services, managed care contracting, coding and reimbursement services.

Orion's principal source of revenues from its surgery center business was a surgical facility fee charged to patients for surgical procedures performed in its ASCs and for diagnostic services performed at TOM. Orion depended upon third-party programs, including governmental and private health insurance programs to pay these fees on behalf of its patients. Patients were responsible for the co-payments and deductibles when applicable. The fees varied depending on the procedure, but usually included all charges for operating room usage, special equipment usage, supplies, recovery room usage, nursing staff and medications. Facility fees did not include the charges of the patient's surgeon, anesthesiologist or other attending physicians, which were billed directly to third-party payers by such physicians. In addition to the facility fee revenues, Orion also earned management fees from its operating facilities and development fees from centers that it developed. As more fully described in Note 18. Subsequent Events, the Company no longer has ownership or management interests in surgery and diagnostic centers.

ASCs, such as those in which Orion owned an interest at December 31, 2005, depend upon third-party reimbursement programs, including governmental and private insurance programs, to pay for services rendered to patients. The Medicare program currently pays ASCs and physicians in accordance with fee schedules, which are prospectively determined.

In addition to payment from governmental programs, ASCs derive a significant portion of their net revenues from private healthcare reimbursement plans. These plans include standard indemnity insurance programs as well as managed care structures such as preferred provider organizations (PPOs), health maintenance organizations (HMOs) and other similar structures.

Accounts Receivable and Allowance for Doubtful Accounts.

IPS's affiliated medical groups grant credit without collateral to its patients, most of which are insured under third-party payer arrangements. The provision for bad debts that relates to patient service revenues is based on an evaluation of potentially uncollectible accounts. The provision for bad debts includes a reserve for 100% of the accounts receivable older than 180 days. Establishing an allowance for bad debt is subjective in nature. IPS uses historical collection percentages to determine the estimated allowance for bad debts, and adjusts the percentage on a quarterly basis.

MBS records uncollectible accounts receivable using the direct write-off method of accounting for bad debts. Historically, MBS has experienced minimal credit losses and has not written-off any material accounts during 2005 or 2004.

Inventory

Inventory consists of medical and pharmaceutical supplies, which are stated at the lower of cost or market. Cost is determined under the first-in, first-out method.

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)****Property and Equipment**

Property and equipment are presented at cost. Depreciation and amortization are computed at rates considered sufficient to amortize the cost of the assets, using the straight-line method over their estimated useful lives as follows:

Office furniture and equipment	5-7 years
Medical and surgical equipment	5-7 years
Leasehold improvements	3 years or remaining life of lease
Computer equipment and software	3-7 years
Transportation equipment	5 years

Investment in Limited Partnerships

At December 31, 2005, the Company owned a 10% general partnership interest in San Jacinto. The investment is accounted for using the equity method. Under the equity method, the investment is initially recorded at cost and is subsequently increased to reflect the Company's share of the income of the investee and reduced to reflect the share of the losses of the investee or distributions from the investee. Effective March 1, 2006, the Company sold its interest in San Jacinto. (See Note 18. Subsequent Events).

The general partnership interest was accounted for as an investment in limited partnership due to the interpretation of SFAS 94/Accounting Research Bulletin (ARB) 51 and the interpretations of such by Issue 96-16 and Statement of Position (SOP) 78-9. Under those interpretations, the Company could not consolidate its interest in an entity in which it held a minority general partnership interest due to management restrictions, shared operating decision-making, and capital expenditure and debt approval by limited partners and the general form versus substance analysis.

Segments of an Enterprise and Related Information

In accordance with SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information, the Company has determined that it has two reportable segments IPS and MBS. The reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology, operational support and marketing strategies. The Company's reportable segments consist of: (i) the pediatric medical groups that provide patient care operating under the MSA; and (ii) MBS, which provides practice management, billing and collection, managed care consulting and coding/reimbursement services to hospital-based physicians and clinics. Management chose to aggregate the MSAs into a single operating segment consistent with the objective and basic principles of SFAS No. 131 based on similar economic characteristics, including the nature of the products and services, the type of customer for their services, the methods used to provide their services and in consideration of the regulatory environment under Medicare and the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Goodwill and Intangible Assets

Goodwill and intangible assets represent the excess of cost over the fair value of net assets of companies acquired in business combinations accounted for using the purchase method. In July 2001, the FASB issued SFAS No. 141,

Business Combinations, and SFAS No. 142, Goodwill and Other Intangible Assets. SFAS No. 141 eliminates pooling-of-interest accounting and requires that all business combinations initiated after June 30, 2001 be accounted for using the purchase method. SFAS No. 142 eliminates the amortization of goodwill and certain other intangible assets and requires the Company to evaluate goodwill for impairment on an annual basis by applying a fair value test. SFAS No. 142 also requires that an identifiable intangible asset that is determined to have an indefinite useful economic life not be amortized, but separately tested for impairment using a fair value-based approach at least annually.

Notes to Consolidated Financial Statements (Continued)

The Company adopted SFAS No. 142 effective January 1, 2002. As a result, IPS determined that its long-term MSAs, executed as part of the medical group business combinations consummated in 1999, are an identifiable intangible asset in accordance with paragraph 39 of SFAS No. 141.

As part of the acquisition and restructuring transactions that closed on December 15, 2004 and as detailed in Note 3. Acquisitions and Restructuring Transactions, the Company recorded intangible assets and goodwill related to the 2004 Mergers. (See also Note 4. Goodwill and Intangible Assets).

Income Taxes

Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the tax bases of assets and liabilities and their reported amounts in the financial statements. Deferred tax assets and liabilities are included in the financial statements at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled as prescribed in SFAS No. 109, Accounting for Income Taxes. As changes in tax laws or rates are enacted, deferred tax assets and liabilities are adjusted through the current period's provision for income taxes. A valuation allowance is provided for deferred tax assets if it is more than likely that such asset will not be realizable.

Stock Based Compensation

At December 31, 2005, the Company had two stock-based employee compensation plans. The Company accounts for these plans under APB 25 and related interpretations. Accordingly, compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company's stock at the date of the grant over the amount an employee must pay to acquire the stock. The Company grants options at or above the market price of its common stock at the date of each grant.

On June 17, 2005, the Company granted 1,357,000 stock options to certain employees, officers, directors and former directors of the Company under the Company's 2004 Incentive Plan, as amended. In the third quarter of 2005, stock options totaling 360,000 to certain employees were cancelled as a result of staff reductions related to the consolidation of corporate functions duplicated at the Company's Houston, Texas and Roswell, Georgia facilities. No options were granted to employees in 2004.

On August 31, 2005, the Company granted 650,000 restricted stock units to certain officers of the Company under the Company's 2004 Incentive Plan, as amended.

The fair value of options is calculated using the Black-Scholes option-pricing model. Had the Company adopted the fair value method of accounting for stock based compensation, compensation expense would have been higher, and net loss and net loss attributable to common shareholders would have increased for the periods presented. No change in cash flows would occur. The effects of applying SFAS No. 123(R) in this pro forma disclosure are not indicative of future amounts.

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

The following table illustrates the effect on net loss per share of Class A Common Stock if the Company had applied the fair value recognition provisions of SFAS No. 123(R) to stock-based employee compensation.

	For the Years Ended December 31,	
	2005	2004
Net loss as reported	\$ (20,439,501)	\$ (6,175,095)
Deduct: Total stock-based employee compensation (expense determined under the fair value-based method for all awards), net of tax effect	(142,861)	(155,245)
Net loss pro forma	\$ (20,582,362)	\$ (6,330,340)
Net loss per share:		
Basic as reported	\$ (1.96)	\$ (0.72)
Basic pro forma	\$ (1.97)	\$ (0.74)
Diluted as reported	\$ (1.96)	\$ (0.72)
Diluted pro forma	\$ (1.97)	\$ (0.74)

The above pro forma effects on net loss per share of Class A Common Stock are not likely to be representative of the effects on reported net loss for future years because options vest over several years and additional awards may be made in subsequent periods.

Reclassifications

Certain reclassifications have been made in the 2004 financial statements to conform to the reporting format in 2005. Such reclassifications had no effect on previously reported earnings. The most significant reclassifications relate to the presentation of discontinued operations for comparative purposes on the consolidated statements of operations. Additionally, in 2005 the Company separately disclosed the operating, investing and financing components of the cash flows attributable to its discontinued operations, which were reported on a combined basis as a single amount in 2004.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. While management believes current estimates are reasonable and appropriate, actual results could differ from those estimates.

Note 2. Going Concern

The accompanying consolidated financial statements have been prepared in conformity with GAAP, which contemplate the continuation of the Company as a going concern. The Company incurred substantial operating losses

during 2004 and 2005, and has used substantial amounts of working capital in its operations. Additionally, as described more fully below, the Company received notification from CIT Healthcare, LLC (formerly known as Healthcare Business Credit Corporation) (CIT) in December 2005 that certain events of default under the Loan and Security Agreement had occurred as a result of the Company being out of compliance with two financial covenants relating to its debt service coverage ratio and its minimum operating income level. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The Company has financed its growth and operations primarily through the issuance of equity securities, secured and/or convertible debt, most recently by completing a series of acquisitions and restructuring transactions (the Restructuring), which occurred in December 2004 and are described in Note 3. Acquisitions and

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

Restructuring Transactions, and borrowing from related parties. In connection with the closing of these transactions, the Company entered into a new secured two-year revolving credit facility pursuant to a Loan and Security Agreement (the Loan and Security Agreement), dated December 15, 2004, by and among Orion, certain of its affiliates and subsidiaries, and CIT. In connection with entering into this new facility, Orion also restructured its previously-existing debt facilities, which resulted in a decrease in aggregate debt owed to DVI Business Credit Corporation and DVI Financial Services, Inc. (collectively, DVI) from approximately \$10.1 million to a combined principal amount of approximately \$6.5 million, of which approximately \$2.0 million was paid at the Closing.

Pursuant to a Guaranty Agreement (the Brantley IV Guaranty), dated as of December 15, 2004, provided by Brantley IV to CIT, Brantley IV agreed to provide a deficiency guaranty in the initial amount of \$3,272,727. As discussed below, the amount of this Brantley IV Guaranty has been reduced. Pursuant to a Guaranty Agreement (the Brantley Capital Guaranty), dated as of December 15, 2004, provided by Brantley Capital Corporation (Brantley Capital) to CIT, Brantley Capital agreed to provide a deficiency guarantee in the initial amount of \$727,273. As discussed below, the amount of this Brantley Capital Guaranty has been reduced. In consideration for the Guaranties, Orion issued warrants to purchase 20,455 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley IV, and issued warrants to purchase 4,545 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley Capital. None of these warrants, which expire on December 15, 2009, have been exercised as of December 31, 2005.

In addition to the Closing, on March 16, 2005, Brantley IV loaned the Company an aggregate of \$1,025,000 (the First Loan). On June 1, 2005, the Company executed a convertible subordinated promissory note in the principal amount of \$1,025,000 (the First Note) payable to Brantley IV to evidence the terms of the First Loan. The material terms of the First Note are as follows: (i) the First Note is unsecured; (ii) the First Note is subordinate to the Company's outstanding loan from CIT and other indebtedness for monies borrowed, and ranks pari passu with general unsecured trade liabilities; (iii) principal and interest on the First Note is due in a lump sum on April 19, 2006 (the First Note Maturity Date); (iv) the interest on the First Note accrues from and after March 16, 2005, at a per annum rate equal to nine percent (9.0%) and is non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to the Company, may declare the principal of the First Note to be due and immediately payable; and (vi) on or after the First Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the First Note into shares of Class A Common Stock of the Company at a price per share equal to \$1.042825 (the First Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the First Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the First Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the First Note shall not exceed the lesser of: (i) 1,159,830 shares of Class A Common Stock, or (ii) 16.3% of the then outstanding Class A Common Stock. As of December 31, 2005, if Brantley IV were to convert the Second Note, the Company would have to issue 1,054,168 shares of Class A Common Stock. The Company is in the process of negotiating an extension on the First Note.

On April 19, 2005, Brantley IV loaned the Company an additional \$225,000 (the Second Loan). On June 1, 2005, the Company executed a convertible subordinated promissory note in the principal amount of \$225,000 (the Second Note) payable to Brantley IV to evidence the terms of the Second Loan. The material terms of the Second Note are as follows: (i) the Second Note is unsecured; (ii) the Second Note is subordinate to the Company's outstanding loan from CIT and other indebtedness for monies borrowed, and ranks pari passu with general unsecured trade liabilities; (iii) principal and interest on the Second Note is due in a lump sum on April 19, 2006 (the Second Note Maturity Date); (iv) the interest on the Second Note accrues from and after April 19, 2005, at a per annum rate equal to nine

percent (9.0%) and is non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to the Company, may declare the principal of the Second Note to be due and immediately payable; and (vi) on or after the Second Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the Second Note into shares of Class A Common Stock

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

of the Company at a price per share equal to \$1.042825 (the Second Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the Second Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the Second Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the Second Note shall not exceed the lesser of: (i) 254,597 shares of Class A Common Stock, or (ii) 3.6% of the then outstanding Class A Common Stock. As of December 31, 2005, if Brantley IV were to convert the Second Note, the Company would have to issue 229,569 shares of Class A Common Stock. The Company is in the process of negotiating an extension on the Second Note.

Additionally, in connection with the First Loan and the Second Loan, the Company entered into a First Amendment to the Loan and Security Agreement (the First Amendment), dated March 22, 2005, with certain of the Company s affiliates and subsidiaries, and CIT, whereby its \$4,000,000 secured two-year revolving credit facility has been reduced by the amount of the loans from Brantley IV to \$2,750,000. As a result of the First Amendment, the Brantley IV Guaranty was amended by the Amended and Restated Guaranty Agreement (the Amended Brantley IV Guaranty), dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley IV by the amount of the First Loan to \$2,247,727. Also as a result of the First Amendment, the Brantley Capital Guaranty was amended by the Amended and Restated Guaranty Agreement (the Amended Brantley Capital Guaranty), dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley Capital by the amount of the Second Loan to \$502,273. Paul H. Cascio, the Chairman of the board of directors of Orion, and Michael J. Finn, a director of Orion, are affiliates of Brantley IV.

As part of the Loan and Security Agreement, the Company is required to comply with certain financial covenants, measured on a quarterly basis. The financial covenants include maintaining a required debt service coverage ratio and meeting a minimum operating income level for the surgery and diagnostic centers before corporate overhead allocations. As of and for the twelve months ended December 31, 2005, the Company was out of compliance with both of these financial covenants and has notified the lender as such. Under the terms of the Loan and Security Agreement, failure to meet the required financial covenants constitutes an event of default. Under an event of default, the lender may (i) accelerate and declare the obligations under the credit facility to be immediately due and payable; (ii) withhold or cease to make advances under the credit facility; (iii) terminate the credit facility; (iv) take possession of the collateral pledged as part of the Loan and Security Agreement; (v) reduce or modify the revolving loan commitment; and/or (vi) take necessary action under the Guaranties. The revolving credit facility is secured by the Company s assets. As of December 31, 2005, the outstanding principal under the revolving credit facility was \$1,703,277. The full amount of the loan as of December 31, 2005 is recorded as a current liability. In December 2005, the Company received notification from CIT stating that (i) certain events of default under the Loan and Security Agreement had occurred as a result of the Company being out of compliance with two financial covenants relating to its debt service coverage ratio and its minimum operating income level, (ii) as a result of the events of default, CIT raised the interest rate for monies borrowed under the Loan and Security Agreement to the provided Default Rate of prime rate plus 6%, (iii) the amount available under the revolving credit facility was reduced from \$2,750,000 to \$2,300,000 and (iv) CIT reserved all additional rights and remedies available to it as a result of these events of default. The Company is currently in negotiations with CIT to obtain, among other provisions, a waiver of the events of default. In the event CIT declares the obligations under the Loan and Security Agreement to be immediately due and payable or exercises its other rights described above, the Company would not be able to meet its obligations to CIT or its other creditors. As a result, such action would have a material adverse effect on the Company s ability to continue as a going concern.

As of December 31, 2005, the Company's existing credit facility with CIT had limited availability to provide for working capital shortages. Although the Company believes that it will generate cash flows from operations in the future, there is substantial doubt as to whether it will be able to fund its operations solely from its cash flows. In April 2005, the Company initiated a strategic plan designed to accelerate the Company's growth and enhance its future earnings potential. The plan focuses on the Company's strengths, which include providing billing, collections and complementary business management services to physician practices. A fundamental component of the

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

Company's plan is the selective consideration of accretive acquisition opportunities in these core business sectors. In addition, the Company ceased investment in business lines that did not complement the Company's strategic plans and redirected financial resources and Company personnel to areas that management believes enhance long-term growth potential. On June 7, 2005, as described in Note 1. Organization and Accounting Policies, IPS completed the sale of substantially all of the assets of IntegriMED, and on October 1, 2005, the Company completed the sale of its interests in TASC and TOM in Dover, Ohio. Beginning in the third quarter of 2005, the Company successfully completed the consolidation of corporate functions into its Roswell, Georgia facility. Additionally, consistent with its strategic plan, the Company sold its interest in Memorial Village effective January 31, 2006 and in San Jacinto effective March 1, 2006. (See Note 18. Subsequent Events).

The Company intends to continue to manage its use of cash. However, the Company's business is still faced with many challenges. If cash flows from operations and borrowings are not sufficient to fund the Company's cash requirements, the Company may be required to further reduce its operations and/or seek additional public or private equity financing or financing from other sources or consider other strategic alternatives, including possible additional divestitures of specific assets or lines of business. In November 2005, the Company made a determination to explore potential additional sources of financing. In connection with this exploration, the Company has engaged Stephens Inc. as its placement agent for a private offering of debt or equity. The engagement, which is for up to one year, provides for (i) an up front payment of \$20,000, (ii) a success fee ranging from one to six percent of gross proceeds (depending on whether the offering is of senior debt, subordinated debt or equity or equity linked securities), against which the upfront payment will be credited, and (iii) other typical provisions including indemnification by the Company of the placement agent. There can be no assurances that additional financing or strategic alternatives will be available, or that, if available, the financing or strategic alternatives will be obtainable on terms acceptable to the Company or that any additional financing would not be substantially dilutive to the Company's existing stockholders.

Note 3. Acquisitions and Restructuring Transactions***Acquisition of IPS***

In connection with the IPS Merger, IPS equity holders and certain IPS debt holders received an aggregate of 4,470,654 shares of the Company's Class A Common Stock. This number approximately equaled the total number of shares of SurgiCare common stock outstanding on a fully diluted basis immediately prior to closing the IPS Merger and the other transactions consummated at the Closing.

SFAS No. 141 requires that, in a business combination effected through the issuance of shares or other equity interests, as in the case of the IPS Merger, a determination be made as to which entity is the acquirer for accounting purposes. This determination is principally based on the relative voting rights in the combined entity held by existing stockholders of each of the combining companies, the composition of the board of directors of the combined entity, and the expected composition of the executive management of the combined entity. Based on an assessment of the relevant facts and circumstances existing with respect to the IPS Merger, it was determined that IPS was the acquirer for accounting purposes, even though IPS is a subsidiary of Orion.

Accordingly, the IPS Merger was treated as a reverse acquisition, meaning that the purchase price, comprised of the fair value of the outstanding shares of the Company prior to the transaction, plus applicable transaction costs, was allocated to the fair value of the Company's tangible and intangible assets and liabilities prior to the transaction, with

any excess being considered goodwill. IPS was treated as the continuing reporting entity, and, thus, IPS's historical results have become those of the combined company.

Issuance of Class B Common Stock

On December 15, 2004, Orion issued 11,482,261 shares of its Class B Common Stock (the Investment Transaction) to Brantley Partners IV, L.P. (Brantley IV) and various other investors for \$13,328,350 in cash. The

J-16

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

Class B Common Stock was issued pursuant to the terms of (i) the Amended and Restated Stock Subscription Agreement dated February 9, 2004, as amended on July 16, 2004, between Brantley IV and SurgiCare, (ii) the Supplemental Stock Subscription Agreement, dated as of December 15, 2004, by and among SurgiCare, Brantley IV and certain affiliates of Brantley IV, and (iii) the Second Amendment and Supplement to Stock Subscription Agreement, dated as of December 15, 2004, by and among SurgiCare, Brantley IV and certain other investors, including Brantley Capital, an affiliate of Brantley IV.

At the Closing, Orion used \$6,037,111 of the proceeds of the Investment Transaction to repay the outstanding principal and a portion of the accrued but unpaid interest on a note owed immediately prior to the Closing by SurgiCare and IPS to an affiliate of Brantley IV. Additionally, the Company used \$3,683,492 of the proceeds of the Investment Transaction to repay a portion of the indebtedness owed by the Company to unaffiliated third parties and restructured additional existing indebtedness.

Holders of shares of Class B Common Stock have the option to convert their shares of Class B Common Stock into Class A Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed to yield one share of Class A Common Stock per share of Class B Common Stock converted, plus such additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock and a nine percent (9%) return on the original purchase price for the Class B Common Stock without compounding, from the date of issuance through the date of conversion. As of December 31, 2005, each share of Class B Common Stock was convertible into 4.700108783239 shares of Class A Common Stock. As of that date, there were 10,448,470 shares of Class B Common Stock issued and outstanding.

Acquisition of DCPS and MBS

In connection with the DCPS/MBS Merger, holders of MBS common stock, DCPS limited partnership interests and Dennis Cain Management, LLC (DCM) limited liability company interests received an aggregate of \$3,000,000 in cash, promissory notes of Orion in the aggregate principal amount of \$1,000,000 and 1,575,760 shares of the Company's Class C Common Stock. The purchase price was subject to retroactive increase (including issuance of up to 450,000 additional shares of Class A Common Stock) or decrease based on the financial results of the newly formed company and its predecessors in 2004 and 2005. Pursuant to the DCPS/MBS Merger Agreement the adjustments was based on whether DCPS and MBS, on a combined basis, meet an earnings before income taxes, depreciation and amortization (EBITDA) target of \$2 million for the fiscal years ended December 31, 2004 and 2005. Additionally, two of the principal owners of DCPS and MBS, as part of employment agreements executed in connection with the DCPS/MBS Merger were entitled to receive additional payments up to \$175,000 each, based on the amount by which EBITDA of DCPS and MBS on a combined basis, exceeded \$1.2 million for the year ended December 31, 2005. The Company has accrued a liability in the amount of \$840,286 as of December 31, 2005 based on these provisions and adjusted the purchase price accordingly. The Company will also issue 285,726 shares of Class A Common Stock as a result of this purchase price adjustment. In addition, 75,758 shares of Orion's Class A Common Stock were reserved for issuance at the direction of the sellers of the DCPS and MBS equity.

Holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock into shares of Class A Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed initially to yield one share of Class A Common Stock per share of Class C Common Stock converted, with the number of shares of Class A Common Stock reducing to the extent that distributions are

paid on the Class C Common Stock. The conversion factor is calculated as (x) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (y) \$3.30. The initial conversion factor was one (one share of Class C Common Stock converts into one share of Class A Common Stock) and is subject to adjustment as discussed below. As of December 31, 2005, there were 1,437,572 shares of Class C Common Stock issued and outstanding.

J-17

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

If the fair market value used in determining the conversion factor for the Class B Common Stock in connection with any conversion of Class B Common Stock is less than \$3.30 (subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting Class A Common Stock), holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock (within 10 days of receipt of notice of the conversion of the Class B Common Stock) into a number of shares of Class A Common Stock equal to (x) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (y) the fair market value used in determining the conversion factor for the Class B Common Stock (the Anti-Dilution Option). The aggregate number of shares of Class C Common Stock so converted by any holder shall not exceed a number equal to (a) the number of shares of Class C Common Stock held by such holder immediately prior to such conversion plus the number of shares of Class C Common Stock previously converted in Class A Common Stock by such holder multiplied by (b) a fraction, the numerator of which is the number of shares of Class B Common Stock converted at the lower price and the denominator of which is the aggregate number of shares of Class B Common Stock issued at the closing of the Investment Transaction.

New Line of Credit and Debt Restructuring

On December 15, 2004, Orion also entered into a new secured two-year revolving credit facility pursuant to the Loan and Security Agreement. Under this facility, initially up to \$4,000,000 of loans could be made available to Orion, subject to a borrowing base, which is determined based on a percentage of eligible outstanding accounts receivable less than 180 days old. As discussed below, the amount available under this credit facility has been reduced. Orion borrowed \$1,600,000 under this facility concurrently with the closing of the Restructuring. The interest rate under this facility is the prime rate plus 3%. Upon an event of default, CIT can accelerate the loans or call the Guaranties described below. (See Note 6. Long-Term Debt and Lines of Credit, for additional discussion regarding the Company's defaults under the Loan and Security Agreement.) In connection with entering into this new facility, Orion also restructured its previously-existing debt facilities, which resulted in a decrease in aggregate debt owed to DVI from approximately \$10.1 million to a combined principal amount of approximately \$6.5 million, of which approximately \$2.0 million was paid at the Closing.

In connection with the Loan and Security Agreement, Brantley IV and Brantley Capital issued the Guaranties. See Note 2. Going Concern, for a description of the terms of the Guaranties. On March 16, 2005, and April 19, 2005, Brantley IV made the First Loan and Second Loan, respectively. See Note 2. Going Concern, for a description of the terms of the First Loan and Second Loan.

Note 4. Goodwill and Intangible Assets

Goodwill and intangible assets represent the excess of cost over the fair value of net assets of companies acquired in business combinations accounted for using the purchase method. In July 2001, the FASB issued SFAS No. 141, Business Combinations, and SFAS No. 142, Goodwill and Other Intangible Assets. SFAS No. 141 eliminates pooling-of-interest accounting and requires that all business combinations initiated after June 30, 2001, be accounted for using the purchase method. SFAS No. 142 eliminates the amortization of goodwill and certain other intangible assets and requires the Company to evaluate goodwill for impairment on an annual basis by applying a fair value test. SFAS No. 142 also requires that an identifiable intangible asset that is determined to have an indefinite useful economic life not be amortized, but separately tested for impairment using a fair value-based approach at least annually.

The Company adopted SFAS No. 142 effective January 1, 2002. As a result, IPS determined that its long-term MSAs, executed as part of the medical group business combinations consummated in 1999, are an identifiable intangible asset in accordance with paragraph 39 of SFAS No. 141.

As part of the acquisition and restructuring transactions that closed on December 15, 2004, the Company recorded intangible assets and goodwill related to the 2004 Mergers. As of the Closing, the Company's management expected the case volumes at Bellaire SurgiCare to improve in 2005. However, by the end of February 2005, it

J-18

Table of Contents

Orion HealthCorp, Inc.

Notes to Consolidated Financial Statements (Continued)

was determined that the expected case volume increases were not going to be realized. On March 1, 2005, the Company closed Bellaire SurgiCare and consolidated its operations with the operations of Memorial Village. As a result of the decision to close Bellaire SurgiCare and the resulting impairment of the joint venture interest and management contracts related to the surgery centers, the Company recorded a charge for impairment of intangible assets of \$4,090,555 for the year ended December 31, 2004.

As a result of the CARDC Settlement described in Note 1. Organization and Accounting Policies Description of Business Integrated Physician Solutions, the Company recorded a charge for impairment of intangible assets related to CARDC of \$704,927 for the year ended December 31, 2004.

On June 13, 2005, the Company announced that it had accepted an offer to purchase its interests in TASC and TOM in Dover, Ohio. Based on the pending sales transaction involving TASC and TOM, as well as the uncertainty of future cash flows related to the Company's surgery center business, the Company determined that the joint venture interests associated with TASC, TOM and Memorial Village were impaired and recorded a charge for impairment of intangible assets of \$6,362,849 for the quarter ended June 30, 2005. The sale of the Company's interests in TASC and TOM was completed effective as of October 1, 2005. (See Note 1. Organization and Accounting Policies Description of Business Ambulatory Surgery Center Business).

In November 2005, the Company decided that, as a result of ongoing losses at Memorial Village, it would need to either find a buyer for the Company's equity interests in Memorial Village or close the facility. Based on the decision to sell or close Memorial Village, as well as the continuing uncertainty of cash flows related to the Company's surgery center segment, the Company determined that the joint venture interests for San Jacinto, as well as the management contracts associated with Memorial Village and San Jacinto, were impaired and recorded an additional charge for impairment of intangible assets totaling \$3,461,351 for the quarter ended September 30, 2005.

As described in Note 18. Subsequent Events, effective January 31, 2006 and March 1, 2006, respectively, the Company executed Asset Purchase Agreements to sell substantially all of the assets of Memorial Village and San Jacinto. Also in the first quarter of 2006, the Company was notified by Union that it was exercising its option to terminate the TASC MSA and TOM MSA. As a result of the sales of Memorial Village and San Jacinto, as well as the termination of the TASC MSA and TOM MSA, the Company no longer has an ownership or management interest in any ambulatory surgery centers and, as such, the Company tested the remaining identifiable intangible assets related to the surgery centers from the IPS Merger at December 31, 2005. Based on the terminations of the TASC MSA and TOM MSA, as well as the sales of Memorial Village and San Jacinto, the Company determined that the management contracts associated with TASC and TOM were impaired and recorded an additional charge for impairment of intangible assets of \$1,163,830 for the quarter ended December 31, 2005.

As a result of the Sutter Settlement, which is described in Note 1. Organization and Accounting Policies Description of Business Integrated Physician Solutions, the Company also recorded an additional \$38,440 charge for impairment of intangible assets for the quarter ended December 31, 2005.

All of the charges for impairment of intangible assets are included in discontinued operations.

In order to determine whether the goodwill recorded as a result of the IPS Merger was impaired at December 31, 2005, the Company compared the fair value of each ASC's assets to its net carrying value. As each of the ASCs was sold between October 1, 2005 and March 1, 2006, the fair value of each ASC was best determined by the purchase

price of the assets. Since TASC and TOM were sold effective October 1, 2005, the balance sheet at September 30, 2005 was used to determine the fair value of its assets. Since the Memorial Village and San Jacinto transactions took place after year-end, the December 31, 2005 balance sheets were used to determine the carrying value of the assets of those entities. The Company determined that the fair value of each ASC was greater than the carrying value in each case and concluded that there was no impairment of goodwill at December 31, 2005. As a result of the sale of all of the entities related to the Company's ambulatory surgery center business, the Company allocated the goodwill recorded as part of the IPS Merger to each of the surgery center

Note 5. Earnings per Share

Basic earnings per share are calculated on the basis of the weighted average number of shares of Class A Common Stock outstanding at year-end. Diluted earnings per share, in addition to the weighted average determined for basic loss per share, include common stock equivalents which would arise from the exercise of stock options and warrants using the treasury stock method, conversion of debt and conversion of Class B Common Stock and Class C Common Stock.

	For the Years Ended December 31,	
	2005	2004
Net loss	\$ (20,439,501)	\$ (6,175,095)

Net loss per share - Basic	\$ (1.96)	\$ (0.72)
Net loss per share - Diluted	\$ (1.96)	\$ (0.72)

The following potentially dilutive securities are not included in the 2005 and 2004 calculation of weighted average number of shares of Class A Common Stock outstanding for diluted net loss per share, because the effect would be anti-dilutive due to the net loss for the year:

a) 2,510,347 and 889,841 options, warrants and restricted stock units were outstanding at December 31, 2005 and 2004, respectively.

b) \$50,000 and \$320,000 of notes were convertible into Class A Common Stock at December 31, 2005 and 2004, respectively. The conversion price was equal to \$3.50 per share until January 31, 2004. Subsequent to that date, the conversion price is equal to the lower of \$2.50 or 75% of the average closing price for the 20 trading days immediately prior to the conversion date.

c) 10,448,470 and 11,482,261 shares of Class B Common Stock were outstanding at December 31, 2005 and 2004, respectively. The conversion mechanism for the Class B Common Stock is explained in Note 3. Acquisitions and Merger Transactions, under the caption Issuance of Class B Common Stock.

d) 1,437,572 and 1,575,760 shares of Class C Common Stock were outstanding at December 31, 2005 and 2004, respectively. The conversion mechanism for the Class C Common Stock is explained in Note 3. Acquisitions and Restructuring Transactions, under the caption Acquisition of DCPS and MBS.

Subject to the terms of any preferred stock or any other class of stock having any preference or priority over the Class A Common Stock, Class B Common Stock and Class C Common Stock that the Company may issue in the future, all dividends and other distributions will be made to the holders of Class A Common Stock, Class B Common Stock and Class C Common Stock in the following order of priority:

First, the holders of the shares of Class B Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, are entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to \$1.15 plus an amount equal to nine percent (9%) per annum on such amount, without compounding, from the date the Class B Common Stock was first issued.

Second, the holders of the shares of Class C Common Stock (other than shares concurrently being converted into Class A Common Stock), as a single and separate class, are entitled to receive all distributions until there has been paid with respect to each such share from amounts then and previously distributed an amount equal to \$3.30. After the full required distributions have been made to the holders of shares of Class C Common Stock (other than shares concurrently being converted into Class A Common Stock) as described in the previous sentence, each share of Class C Common Stock then outstanding will be retired and will not be reissued.

Third, after the full distributions have been made to the holders of the shares of Class B Common Stock and Class C Common Stock as described above, all holders of the shares of Class A Common Stock and Class B Common Stock, as a single class, shall thereafter be entitled to receive all remaining distributions pro rata based on the number of outstanding shares of Class A Common Stock or Class B Common Stock held by each holder, provided that for purposes of such remaining distributions, each share of Class B Common Stock will be deemed to have been converted into one share of Class A Common Stock (subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting the Class A Common Stock).

(3)

As part of the Loan and Security Agreement, the Company is required to comply with certain financial covenants, measured on a quarterly basis. The financial covenants include maintaining a required debt service coverage ratio and meeting a minimum operating income level for the surgery and diagnostic centers before corporate overhead allocations. At December 31, 2005, the Company was out of compliance with both of these financial covenants and has notified the lender as such. Under the terms of the Loan and Security Agreement, failure to meet the required financial covenants constitutes an event of default. Under an event of default, the lender may (i) accelerate and declare the obligations under the credit facility to be immediately due and payable; (ii) withhold or cease to make advances under the credit facility; (iii) terminate the credit facility; (iv) take possession of the collateral pledged as part of the Loan and Security Agreement; (v) reduce or modify the revolving loan commitment; and/or (vi) take necessary action under the Guaranties. The full amount of the loan as of December 31, 2005 is recorded as a current liability. In December 2005, the Company received notification from CIT stating that (i) certain events of default under the Loan and Security Agreement had occurred as a result of the Company being out of compliance with two financial covenants relating to its debt

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

service coverage ratio and its minimum operating income level, (ii) as a result of the events of default, CIT raised the interest rate for monies borrowed under the Loan and Security Agreement to the provided Default Rate of prime rate plus 6%, (iii) the amount available under the revolving credit facility was reduced to \$2,300,000 and (iv) CIT reserved all additional rights and remedies available to it as a result of these events of default. The Company is currently in negotiations with CIT to obtain, among other provisions, a waiver of the events of default. In the event CIT declares the obligations under the Loan and Security Agreement to be immediately due and payable or exercises its other rights described above, the Company would not be able to meet its obligations to CIT or its other creditors. As a result, such action would have a material adverse effect on the Company's ability to continue as a going concern. Future aggregate annual maturities of long-term debt are as follows:

Fiscal Year Ending	Amount

Note 8. Operating Leases

The Company leases its treatment facilities and corporate office space under operating leases that expire in various years through 2011. The leases provide for annual operating expense increases. The Company also leases medical equipment under an operating lease that expires in 2006. Annual rental payments related to the Company's facility leases including discontinued operations totaled \$1,998,300 and \$1,167,269 for the years ended

December 31, 2005 and 2004, respectively. Rental payments related to the Company's principal office in Roswell, Georgia were offset by approximately \$63,000 in rent payments received for the sublease between eClinicalWeb and the Company as a result of the IntegriMED Agreement in June 2005.

Future annual base rental payments under these lease agreements are as follows:

Fiscal Year Ending	Amount
2006	\$ 1,295,690

Note 9. Related Party Transactions

On December 15, 2004, and simultaneous with the consummation of the 2004 Mergers, the Company consummated its restructuring transactions, which included issuances of new equity securities for cash and contribution of outstanding debt, and the restructuring of its debt facilities. The Company also completed a one-for-ten reverse stock split, created three new classes of common stock and changed its name. SurgiCare common stock was converted to Orion Class A Common Stock. The Company also created Class B and Class C Common Stock, which were issued in connection with the equity investments and acquisitions.

In connection with the IPS Merger, IPS equityholders and certain IPS debtholders received an aggregate of 4,470,654 shares of the Company's Class A Common Stock. This number approximately equaled the total number of shares of SurgiCare common stock outstanding on a fully-diluted basis immediately prior to closing the IPS Merger and the other transactions consummated at the Closing.

Orion also acquired DCPS, and MBS. The Company acquired MBS by merging a newly-formed SurgiCare subsidiary with and into MBS, with MBS as the surviving corporation. As a consequence of the merger, MBS became a wholly-owned subsidiary of Orion. DCPS was acquired by the contribution of the units of limited partnership interest in DCPS to Orion, and the limited liability company interests of DCM, which is the general partner of DCPS, were also contributed to Orion. Immediately following the Closing, the interests in DCPS and DCM were transferred to MBS.

In connection with the DCPS/MBS Merger, holders of MBS common stock, DCPS limited partnership interests and DCM limited liability company interests received an aggregate of \$3,000,000 in cash, promissory notes of Orion in the aggregate principal amount of \$1,000,000 and 1,575,760 shares of the Company's Class C Common Stock. The purchase price was subject to retroactive increase (including issuance of up to 450,000 additional shares of Class A Common Stock) or decrease based on the financial results of the newly-formed company and its predecessors in 2004 and 2005. Pursuant to the DCPS/MBS Merger Agreement the adjustments were based on whether DCPS and MBS, on a combined basis, meet the EBITDA target of an aggregate of \$2 million for the fiscal years ended December 31, 2004 and 2005. Additionally, two of the principal owners of DCPS and MBS, as part of employment agreements executed in connection with the DCPS/MBS Merger were entitled to receive additional payments up to \$175,000 each, based on the amount by which EBITDA of DCPS and MBS on a combined basis exceeded \$1.2 million for the year ended December 31, 2005. The Company has accrued a liability in the amount of \$840,286 as of December 31, 2005 based on these provisions and adjusted the purchase price

accordingly. The Company will also issue 285,726 shares of Class A Common Stock as a result of this purchase price adjustment. In addition, 75,758 shares of Orion's Class A Common Stock were reserved for issuance at the direction of the sellers of the DCPS and MBS equityholders. The shares of Class C Common Stock are convertible into shares of Class A Common Stock.

On December 15, 2004, Orion issued 11,482,261 shares of its Class B Common Stock as part of the Investment Transaction. See Note 3. Acquisitions and Restructuring Transactions, for a description of the Investment Transaction.

The shares received by Brantley IV, Brantley Capital and the other co-investors in the Investment Transaction constituted approximately 69.6% of Orion's outstanding equity after the Closing, on an as-converted basis. Brantley IV also received the option to purchase shares of Class A Common Stock for cash in an amount up to an aggregate of \$3,000,000 after the Closing.

In connection with the Closing, Orion also entered into the Loan and Security Agreement and the Guarantees. See Note 2. Going Concern, for a description of the terms of the Guaranties.

On March 16, 2005 and April 19, 2005, Brantley IV made the First Loan and Second Loan, respectively. See Note 2. Going Concern, for a description of the terms of the First Loan and Second Loan.

Keith G. LeBlanc, as of December 15, 2004, entered into an employment agreement with Orion and became the President of Orion, reporting to its board of directors. He was elected to the Orion board of directors and began serving upon the Closing. As of the Closing, he owned 8,000 shares of Class A Common Stock (0.03% of Orion's outstanding equity after the Closing on an as-converted basis). The total number of shares beneficially owned by Mr. LeBlanc, including shares issuable upon exercise of unexercised warrants on or prior to May 31, 2005, was 283,903 shares, or approximately 1.05% of the outstanding shares of Class A Common Stock as of the Closing, and shares issuable upon the exercise of such warrants. Mr. LeBlanc's warrants have an exercise price of \$3.20, with the exception of 4,000 warrants, which have an exercise price of \$4.50. Effective November 8, 2005, Keith G. LeBlanc resigned his position as president and director of the Company to pursue other interests. Mr. LeBlanc will remain as a consultant to the Company for a period of twelve months. The Company and Mr. LeBlanc executed the Separation Agreement and General Release governing Mr. LeBlanc's separation benefits and consulting agreement.

Terrence L. Bauer, the former President and Chief Executive Officer of IPS, entered into an employment agreement with Orion and became the Chief Executive Officer of Orion, reporting to its board of directors as of December 15, 2004. He has been elected to the Orion board of directors and began serving upon the Closing. As of immediately prior to the Closing, he owned 200,000 shares (7.1%) of IPS's common stock, which converted to 13,110 shares of Class A Common Stock, which is approximately 0.05% of Orion's outstanding equity after the Closing on an as-converted basis.

Stephen H. Murdock, the former Chief Financial Officer of IPS, entered into an employment agreement to become Chief Financial Officer of Orion effective December 15, 2004.

Dennis Cain, the former President of DCPS, entered into an employment agreement to become the Chief Executive Officer of MBS as of December 15, 2004. Pursuant to the DCPS/MBS Merger Agreement, he may have the authority to appoint a member to any advisory board established by the Orion board of directors. As of the Closing, he and his wife together owned, directly and indirectly, 787,880 shares of Class C Common Stock, subject to retroactive

adjustment, which, together with 75,758 shares of Class A Common Stock that are to be issued at the direction of either Mr. Cain or Tom M. Smith, are, on an as-converted basis, approximately 3.30% of Orion's outstanding equity after the Closing.

Tom M. Smith, the former President of MBS, entered into an employment agreement to become the President and Chief Operating Officer of MBS as of December 15, 2004. Pursuant to the DCPS/MBS Merger Agreement, he may have the authority to appoint a member to any advisory board established by the Orion board of directors. As of the Closing, he owned 636,607 shares of Class C Common Stock, subject to retroactive adjustment, which, together

with 75,758 shares of Class A Common Stock that are to be issued at the direction of either Mr. Cain or Mr. Smith, are, on an as-converted basis, approximately 2.72% of Orion's outstanding equity after the Closing.

Orion has entered into agreements to employ Messrs. LeBlanc, Bauer, Murdock, Cain and Smith in the capacities described above. The initial term of each employment agreement is five years. The employment agreements provide that Orion may pay bonuses to the executives upon the attainment of objectives determined by the board of directors. By entering into these employment agreements, the executives agree not to disclose confidential information or engage in an activity that interferes with Orion until the second anniversary of (i) the end of the executive's employment agreement or (ii) termination of the executive's employment (Non-Competition Period). If an executive's employment is terminated without cause, the agreements provide for continuation of the executive's base salary until the expiration of the Non-Competition Period and a minimum bonus of 50% of the average of the bonus payments made to the executive in the two years immediately preceding the termination. All options would also vest at that time. As of December 31, 2005, the Company's combined base annual salary commitments related to the employment agreements totaled \$3,120,000 through 2009.

Paul H. Cascio and Michael J. Finn, each of whom is a director of Orion, are affiliated with Brantley Partners, a private equity firm with offices in Ohio and California. Since the firm's inception in 1987, it has been a lead investor in over 40 privately held companies in a variety of manufacturing, technology and service industries throughout the United States. Brantley Partners and its affiliates have approximately \$300 million of committed capital under management. Mr. Cascio and Mr. Finn are general partners of the general partner of Brantley Venture Partners II, L.P., Brantley Venture Partners III, L.P. (Brantley III) and Brantley IV and limited partners of those funds.

Brantley Capital and Brantley III each held debt of IPS and are party to the Amended and Restated Debt Exchange Agreement dated February 9, 2004, as amended on July 16, 2004 (the Debt Exchange Agreement). Pursuant to the Debt Exchange Agreement, Brantley Capital and Brantley III received Class A Common Stock with a fair market value (based on the daily average of the high and low price per share of SurgiCare common stock over the five trading days immediately prior to the Closing) equal to the amount owing to it under its loan to IPS in exchange for contribution of such debt to Orion. Pursuant to the Debt Exchange Agreement, Brantley Capital also received Class A Common Stock with a fair market value (based on the daily average of the high and low price per share of SurgiCare common stock over the five trading days immediately prior to the Closing) equal to the amount of certain accrued dividends owed to it by IPS in exchange for the contribution of such indebtedness, provided that the amount of shares received in respect of such dividends was subject to reduction to the extent necessary to achieve the guaranteed allocation of shares of Class A Common Stock to the holders of IPS common stock and Series B Convertible preferred stock pursuant to the IPS Merger Agreement. The aggregate amount of debt exchanged by the parties to the Debt Exchange Agreement was \$4,375,229, which included accrued interest as of the Closing, and \$593,100 of debt in respect of accrued dividends.

Brantley Capital and Brantley III previously owned an aggregate of 1,653,000 shares of the Series A-2 convertible preferred stock of IPS with a liquidation preference of approximately \$6,705,037, and received 2,312,081 shares of Class A Common Stock pursuant to the IPS Merger Agreement. Such shares were intended to approximate the value of such liquidation preference, but were subject to reduction to the extent necessary to achieve the guaranteed allocation to holders of certain classes of IPS common stock discussed above.

Brantley IV and its co-investors also received the right to register Registrable Shares (as defined below) pursuant to a Registration Rights Agreement, dated as of December 15, 2004, by and among Orion and the investors set forth on

Schedule I thereto (the Registration Rights Agreement). Registrable Shares means the Class A Common Stock currently issued, or issued in the future, to Brantley IV and its permitted transferees (including shares of Class A Common Stock into which shares of Class B Common Stock or other securities of Orion are convertible) other than shares which have been sold pursuant to an effective registration statement or pursuant to a transaction under Rule 144 under the Securities Act.

Table of Contents

Orion HealthCorp, Inc.

Notes to Consolidated Financial Statements (Continued)

Pursuant to the Registration Rights Agreement, Brantley IV and its co-investors and/or their permitted transferees, holding at least 50 percent of the Registrable Shares have the right to request that Orion effect the registration on Form S-1 of shares of Class A Common Stock having an anticipated net aggregate offering price of at least \$5,000,000. Orion is not required to effect any such registration within six months after the effective date of any such registration statement. Additionally, at any time Orion is eligible to file a registration statement on Form S-3, Brantley IV, and/or its permitted transferees, may request that Orion effect the registration on Form S-3 of Registrable Shares having an anticipated net aggregate offering price of at least \$500,000.

At any time Orion otherwise proposes to register any of its equity securities under the Securities Act, Brantley IV and its co-investors and/or their permitted transferees may request the registration of Registrable Shares. However, Orion is not obligated to effect any registration of shares incidental to the registration of Orion Securities in connection with a Form S-8 or a Form S-4 relating to the acquisition or merger, by Orion or Orion's subsidiaries, of or with any other business.

For one year after the date of the Registration Rights Agreement, the IPS shareholders and certain IPS debtholders and the DCPS/MBS equityholders may request to have the following shares included in registrations pursuant to which Brantley IV and its permitted transferees are registering shares: (i) the shares of Class A Common Stock issued to the IPS shareholders pursuant to the IPS Merger Agreement or to the IPS debtholders pursuant to the Debt Exchange Agreement; and (ii) the shares of Class A Common Stock issued to the DCPS/MBS equityholders pursuant to the DCPS/MBS Merger Agreement (including shares issuable upon conversion of Class C Common Stock).

Brantley IV and its co-investors have registration rights for all of the shares of Class A Common Stock issuable upon conversion of its shares of Class B Common Stock. Initially, this will be approximately 16,033,984 shares but, assuming everything else remains the same, the number of shares of Class A Common Stock as to which Brantley IV and its co-investors have registration rights will continually increase, since the conversion factor for the Class B Common Stock is designed to yield additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock, including the additional investment by the Additional Investors, less the Base Bridge Interest Amount, plus an amount equal to nine percent (9%) per annum on the amount of the original purchase price from time to time outstanding less the Base Bridge Interest Amount, without compounding, from the date the Class B Common Stock was first issued to the date of conversion. Brantley IV and its co-investors and their permitted transferees will also have registration rights for any additional shares of Class A Common Stock (including Class A Common Stock into which other securities of Orion are convertible) issued to them. The third-party beneficiaries will have registration rights for one year with respect to an aggregate of up to approximately 6,122,172 shares of Class A Common Stock. If the registration rights are exercised and the underlying shares are offered or sold, Orion's stock price could decline.

As of the Closing, Brantley IV and its co-investors, including Brantley Capital, owned shares of Class B Common Stock and Brantley III and Brantley Capital owned shares of Class A Common Stock. By virtue of their affiliations with Brantley III, Brantley IV, Brantley Capital and Brantley Capital Management, L.L.C., Messrs. Cascio and Finn may be deemed to have a pecuniary interest in the shares of Class B Common Stock held by Brantley IV and Brantley Capital and the shares of Class A Common Stock held by Brantley Capital and Brantley III, which together initially represented approximately 57.3% of Orion's outstanding equity after the Closing on an as-converted basis, and on an unconverted basis approximately 51.9% of the outstanding voting power of Orion. Assuming everything else remains the same, the percentage interest of Brantley IV and Brantley Capital upon conversion will continually increase, since the conversion factor for the Class B Common Stock is designed to yield additional shares of Class A Common Stock,

or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock, including the additional investment by the Additional Investors, less the Base Bridge Interest Amount, plus an amount equal to nine percent

At December 31, 2005, the Company had net operating loss carryforwards of approximately \$28,530,000 (federal), which will begin to expire in the year 2011 and \$28,540,000 (state), which will begin to expire in the year 2006. As a result of the acquisitions and restructuring transactions, the Company has undergone an ownership change and the utilization of the tax net operating losses are subject to potential limitations pursuant to Internal Revenue Code section 382. These limitations could reduce the amount of the net operating loss carryforwards utilized in the future. Furthermore, the ultimate utilization of the carryforwards is dependent upon the timing and extent of the Company's future profitability. The annual limitations combined with the expiration date of the carryforwards may prevent the utilization of the carryforwards.

Acquisitions and Restructuring Transactions, the Company created two new classes of common stock and one new class of preferred stock. Subject to the limitations prescribed by law and the provisions of the Company's Certificate of Incorporation, the board of directors is authorized to issue the Preferred Stock from time to time in one or more series, each of such series to have such number of shares, voting powers, full or limited, or no voting powers, and such designations, preferences and relative, participating, optional or other special rights, and such qualifications, limitations or restrictions thereof, as shall be determined by the board of directors in a resolution or resolutions providing for the issue of such Preferred Stock. Subject to the powers and rights of any Preferred Stock, including any series thereof, having any preference or priority over, or rights superior to, the common stock, the holders of the common stock shall have and possess all powers and voting and other rights pertaining to the stock of the Company.

Transactions with Employees and Directors

The Company accounts for its employee stock options under APB 25, Accounting for Stock Issued to Employees, for which no compensation expense is recognized for employee stock options if there is no intrinsic value at the date of grant.

In October 2001, the Company established a stock option plan, which authorized 140,000 shares of common stock (1,400,000 shares after giving effect for the reverse stock split) to be made available through an incentive program for employees. The options are granted at an exercise price equal to the fair market value of the common stock at the date of grant. The options have a ten-year term. No options were granted under this plan in 2004 or 2003.

In December 2004, the Company adopted the 2004 Incentive Plan, which provides for issuance of up to 2.2 million shares of Class A Common Stock. On June 17, 2005, the Company granted 1,357,000 stock options to certain

employees, officers, directors and former directors of the Company under the 2004 Incentive Plan, as amended. In the third quarter of 2005, stock options totaling 360,000 to certain employees were cancelled as a result of staff reductions related to the consolidation of corporate functions duplicated at the Company's Houston, Texas and Roswell, Georgia facilities. On August 31, 2005, the Company granted 650,000 restricted stock units to certain officers of the Company. No options were granted under the 2004 Incentive Plan in 2004.

The purpose of the 2004 Incentive Plan is to advance the interests of Orion and its affiliated companies by providing for the grant to participants of stock-based and other incentive awards, all as more fully described below.

No Incentive Stock Options (ISOs) may be granted under the 2004 Incentive Plan after the date that is ten years after the plan is adopted, although ISOs granted before such date may extend beyond that date. A maximum of 2.2 million shares of Class A Common Stock may be delivered in satisfaction of awards made under the 2004

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

Incentive Plan. For purposes of the preceding sentence, shares that have been forfeited in accordance with the terms of the applicable award and shares held back in satisfaction of the exercise price or tax withholding requirements from shares that would otherwise have been delivered pursuant to an award shall not be considered to have been delivered under the 2004 Incentive Plan. Also, the number of shares delivered under an award shall be determined net of any previously acquired shares tendered by the participant in payment of the exercise price or of withholding taxes.

The maximum number of shares of Class A Common Stock for which stock options may be granted to any person in any calendar year and the maximum number of shares of Class A Common Stock subject to stock appreciation rights, or SARs, granted to any person in any calendar year will each be 1,000,000. The maximum benefit that will be paid to any person under other awards in any calendar year will be, to the extent paid in shares, 1,000,000 shares, and, to the extent paid in cash, \$1 million. However, stock options and SARs that are granted with an exercise price that is less than the fair market value of the underlying shares on the date of the grant will be subject to both of the limits imposed by the two preceding sentences. These limitations will be construed in a manner consistent with Section 162(m) of the Internal Revenue Code, as amended.

In the event of a stock dividend, stock split or other change in our capital structure, the administrator of the plan will make appropriate adjustments to the limits described above and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to awards, any exercise prices relating to awards and any other provisions of awards affected by the change. The administrator may also make similar adjustments to take into account other distributions to stockholders or any other event, if the administrator determines that adjustments are appropriate to avoid distortion in the operation of the 2004 Incentive Plan and to preserve the value of awards.

The following table contains information regarding options and restricted stock units for the years ended December 31, 2005 and 2004, respectively:

Note 15. 401(k) Plan

IPS has an employee benefit plan under Section 401(k) of the Internal Revenue Code for all eligible employees. Participants are permitted to defer compensation up to the dollar limitation as defined by the IRS for the taxable year. On discretionary basis, IPS may match up to 100% of the non-highly compensated employee's deferrals, as long as the total of the employee's deferrals and employer match contribution combined do not exceed

J-40

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

25% of their income. The amount of any employer matching contribution or maximum contribution cap shall be determined annually on a location-by-location basis. IPS's contributions vest 33 1/3% after 2 years of service, 66 2/3% after 3 years of service, and 100% after 4 years of service. IPS contributed approximately \$61,346 and \$57,060 in match contributions in 2005 and 2004, respectively.

In 2004 and 2005, the Company had an employee benefit plan under Section 401(k) of the Internal Revenue Code for all eligible employees. Participants are permitted to defer compensation up to the dollar limitation as defined by the IRS for the taxable year. On a discretionary basis, the Company could make a match equal to a uniform percentage of the employees' salary deferrals that did not exceed 3% of the employees' compensation. The Company's contributions vest 20% after one year of service and 20% each year thereafter, being fully vested after five years of service. The Company did not make a matching contribution to the plan in 2005 or 2004.

In 2004, MBS had an employee benefit plan under Section 401(k) of the Internal Revenue Code for all eligible employees. This plan is a safe harbor 401(k) plan, which means that MBS can make a safe harbor contribution equal to 100% of each employee deferral that does not exceed 3% of the employee's compensation plus 50% of employee salary deferrals between 3% and 5% of the employee's compensation. This safe harbor matching contribution is fully vested and is referred to as a basic matching contribution. Participants are permitted to defer compensation up to the dollar limitation as defined by the IRS for the taxable year. MBS may make a matching contribution equal to a uniform percentage of the employees' salary deferrals, which percentage would be determined each year. On a discretionary basis, MBS may make a profit sharing contribution. MBS's contributions vest 20% after two years of service, and 20% each year thereafter, being fully vested after six years of service. MBS did not make a matching contribution or profit sharing contribution to the plan during 2004. Concurrent with the DCPS/MBS Merger, the assets of MBS's employee benefit plan were frozen. Effective in March 2005, all eligible MBS employees were transferred to SurgiCare's employee benefit plan.

Effective January 1, 2006, the assets of the employee benefits plans of IPS, the Company and MBS were liquidated and transferred into one employee benefit plan under Section 401(k) of the Internal Revenue Code for all eligible employees of Orion HealthCorp, Inc.

Note 16. Litigation

On January 1, 1999, IPS acquired Children's Advanced Medical Institutes, Inc. (CAMI) in a merger transaction. On that same date, IPS began providing management services to the Children's Advanced Medical Institutes, P.A. (the P.A.), an entity owned by the physicians affiliated with CAMI. The parties' rights and obligations were memorialized in a merger agreement, a management services agreement and certain other agreements. On February 7, 2000, the P.A., certain physicians affiliated with the P.A., and the former shareholders of CAMI filed suit against IPS in the U.S. District Court for the Northern District of Texas, Dallas Division, Civil Action File No. 3-00-CV-0536-L. On May 9, 2001, IPS (which was formerly known as Pediatric Physician Alliance, Inc.) filed suit against the P.A., certain physicians who were members of the P.A., and Patrick Solomon as Escrow Agent of CAMI. The case was filed in the U.S. District Court for the Northern District of Texas, Dallas Division, Civil Action File No. 3-01CV0877-L. In their complaint, the P.A., the former shareholders of CAMI and the physicians seek a claim against IPS for approximately \$500,000 (which includes interest and attorneys' fees). IPS asserted a claim against the physicians for over \$5,000,000 due to the overpayments and their alleged breach of the agreements. An arbitration hearing was held on the claim filed by the former shareholders of CAMI in January 2004, and the Arbitrator issued an award against IPS. The

U.S. District Court confirmed the award in the amount of \$548,884 and judgment was entered. IPS has accrued approximately \$540,000 for possible losses related to this claim. On June 1, 2005, IPS and the physicians executed a settlement agreement under which \$300,000 of the judgment was paid to the physicians with the remaining amount of the judgment being returned to IPS. All claims asserted in the lawsuit and arbitration were dismissed with prejudice.

On October 5, 2004, Orion's predecessor, SurgiCare, was named as a defendant in a suit entitled Shirley Browne and Bellaire Anesthesia Management Consultants, Inc. (BAMC) v. SurgiCare, Inc., Bellaire SurgiCare,

J-41

Table of Contents**Orion HealthCorp, Inc.****Notes to Consolidated Financial Statements (Continued)**

Inc., Sherman Nagler, Jeffrey Penso, and Michael Mineo, in the 152nd Judicial District Court of Harris County, Texas, Cause No. 2004-55688. The dispute arises out of the for cause termination of BAMC's exclusive contract to provide anesthesia services to Bellaire SurgiCare, Inc. Ms. Browne had filed a charge of discrimination with the EEOC on February 6, 2004, claiming that she was terminated in retaliation for having previously complained about discriminatory treatment and a hostile work environment. She claimed she had been discriminated against based on her sex, female, and retaliated against in violation of Title VII. The Company denied Ms. Browne's allegations of wrongdoing. The EEOC declined to institute an action and issued a right to sue letter, which prompted the lawsuit. The parties have reached a final settlement, which was accrued for as of September 30, 2005 and paid on December 27, 2005, on all matters for dismissal of all claims.

On July 12, 2005, Orion was named as a defendant in a suit entitled American International Industries, Inc. vs. Orion HealthCorp, Inc., previously known as SurgiCare, Inc., Keith G. LeBlanc, Paul Cascio, Brantley Capital Corporation, Brantley Venture Partners III, L.P., and Brantley Partners IV, L.P. in the 80th Judicial District Court of Harris County, Texas, Cause No. 2005-44326. This case involves allegations that the Company made material and intentional misrepresentations regarding the financial condition of the parties to the acquisition and restructuring transactions effected on December 15, 2004 for the purpose of inducing American International Industries, Inc. (AII) to convert its SurgiCare Class AA convertible preferred stock (Class AA Preferred Stock) into shares of Orion Class A Common Stock. AII asserts that the value of its Class A Common Stock of Orion has fallen as a direct result of the alleged material misrepresentations by the Company. AII is seeking actual damages of \$3,800,000, punitive damages of \$3,800,000, and rescission of the agreement to convert the Class AA Preferred Stock into Class A Common Stock. The Company and the other defendants filed an Answer denying the allegations set forth in the Complaint.

In addition, the Company is involved in various other legal proceedings and claims arising in the ordinary course of business. The Company's management believes that the disposition of these additional matters, individually or in the aggregate, is not expected to have a materially adverse effect on the Company's financial condition. However, depending on the amount and timing of such disposition, an unfavorable resolution of some or all of these matters could materially affect the Company's future results of operations or cash flows in a particular period.

Note 17. Commitments

Effective December 15, 2004, the Company entered into employment agreements with key executives. The initial terms of the agreements are five years, with automatic renewal at the end of the initial term and each successive renewal term thereafter for successive two-year terms. If the key executives are terminated without cause, the agreement provides for, among other things, a continuation of base salary through and until the end of the non-competition period, which for purposes of the employment agreement shall mean the period during the term of employment and thereafter until the second anniversary of the date of termination of the key executive's employment with the Company. All equity incentives, including stock options, warrants and restricted stock units, would also vest at that time. As of December 31, 2005, the Company's combined base annual salary commitments related to the employment agreements totaled \$3,120,000 through 2009.

Additionally, on November 9, 2005, the Company announced that Keith G. LeBlanc had resigned his position as president and director of the Company to pursue other interests. Mr. LeBlanc will remain as a consultant to the Company for a period of twelve months. The Company and Mr. LeBlanc executed the Separation Agreement governing Mr. LeBlanc's separation benefits and consulting agreement. Salaries and benefits expense in 2005 included

an accrual of \$484,520 for separation benefits related to the Separation Agreement.

Note 18. Subsequent Events

On February 8, 2006, Memorial Village executed an Asset Purchase Agreement (the *Memorial Agreement*) for the sale of substantially all of its assets to First Surgical Memorial Village, L.P. (*First Surgical*). Memorial Village is approximately 49% owned by Town & Country SurgiCare, Inc., a wholly owned subsidiary of Orion. The Memorial Agreement was deemed to be effective as of January 31, 2006.

The property sold by Memorial Village to First Surgical (hereinafter collectively referred to as the *Memorial Acquired Assets*) included the equipment, inventory, goodwill, contracts, leasehold improvements, equipment leases, books and records, permits and licenses and other personal property owned by Memorial Village and used in the operation of Memorial Village's business. The Memorial Acquired Assets did not include any of the following: accounts receivable, cash and cash equivalents, marketable securities, insurance policies, prepaid expenses, deposits with utility and/or service providers, shares of corporations, real estate owned by Memorial Village, or liabilities, other than those expressly assumed by the First Surgical in the Agreement.

As consideration for the Memorial Acquired Assets, Memorial Village received a total purchase price of \$1,100,000, of which Orion received approximately \$815,000 after payment of certain legal and other post-closing expenses. The proceeds received by Orion consisted of the following amounts:

- i. Approximately \$677,000 representing the principal amount of a note payable owed to Orion from Memorial Village;
- ii. Approximately \$99,000 representing Orion's pro-rata share of the net proceeds after payment of certain legal and other post-closing expenses; and
- iii. A reserve fund of approximately \$39,000, pending approval of the assumption of certain capital leases by First Surgical.

On March 1, 2006, San Jacinto, executed an Asset Purchase Agreement (the *San Jacinto Agreement*) for the sale of substantially all of its assets to San Jacinto Methodist Hospital (*Methodist*). San Jacinto is approximately 10% owned by Baytown SurgiCare, Inc., a wholly owned subsidiary of Orion.

The property sold by San Jacinto to Methodist (hereinafter collectively referred to as the *San Jacinto Acquired Assets*), included the leasehold title to real property, together with all improvements, buildings and fixtures, all major, minor or other equipment, all computer equipment and hardware, furniture and furnishings, inventory and supplies, current financial, patient, credentialing and personnel records, interest in all commitments, contracts, leases and agreements outstanding in respect to San Jacinto, to the extent assignable, all licenses and permits held by San Jacinto, all patents and patent applications and all logos, names, trade names, trademarks and service marks, all computer software, programs and similar systems owned by or licensed to San Jacinto, goodwill and all interests in property, real, personal and mixed, tangible and intangible acquired by San Jacinto prior to March 1, 2006. The San Jacinto Acquired Assets did not include any of the following: restricted and unrestricted cash and cash equivalents, marketable securities, certificates of deposit, bank accounts, temporary investments, accounts receivable, notes receivable intercompany accounts of San Jacinto, and all commitments, contracts, leases and agreements other than those expressly assumed by Methodist in the San Jacinto Agreement.

As consideration for the San Jacinto Acquired Assets, San Jacinto received a total purchase price of \$5,500,000, of which Orion received a net amount of approximately \$598,000. The proceeds received by Orion consisted of the following amounts:

- i. Approximately \$450,000 representing Orion's pro-rata share of the net proceeds; and
- ii. Approximately \$148,000 representing the principal and interest amounts of a note payable owed to Orion from San Jacinto.

Orion HealthCorp, Inc.

Notes to Consolidated Financial Statements (Continued)

As part of the closing of the Agreement, Orion was obligated to make payments, totaling \$607,000, from its portion of the proceeds as follows:

- i. Approximately \$357,000 representing distributions due to the limited partners of San Jacinto for cash collections previously received by Orion, and payment of accounts payable and other expenses; and
- ii. Approximately \$250,000 to CIT, which represents repayment of the obligations related to San Jacinto under the Loan and Security Agreement.

As of March 13, 2006, the Company has retired approximately \$778,000 of debt at a discounted price of \$112,500.

Note 19. Restatement of Financial Statements

On November 1, 2006, the Company received comments from the Staff of the SEC in connection with their review of the Company's preliminary proxy statement on Schedule 14A filed with the SEC on September 11, 2006. In connection with the receipt of these comments, the Company determined that the Company's presentation of the charge for impairment of intangible assets in continuing operations rather than in discontinued operations was inconsistent with the guidelines set forth under SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. Accordingly, the Company's historical consolidated statements of operations and statements of cash flows for the years ended December 31, 2005 and 2004 have been restated to reflect the reclassification of the charge for impairment of intangible assets of \$11,462,470 and \$4,795,482, respectively, from continuing operations to discontinued operations. The reclassification had no effect on the consolidated net income or cash flows of the Company for the periods presented.

Description of Business

Orion is a healthcare services organization providing outsourced business services to physicians. The Company serves the physician market through two subsidiaries, Medical Billing Services, Inc. (MBS), which provides billing, collection and practice management services, primarily to hospital-based physicians; and Integrated Physician Solutions, Inc. (IPS), which provides business and management services to general and subspecialty pediatric physician practices.

The Company was incorporated in Delaware on February 24, 1984 as Technical Coatings, Incorporated. On December 15, 2004, the Company completed a transaction to acquire IPS (the IPS Merger) and to acquire Dennis Cain Physician Solutions, Ltd. (DCPS) and MBS (the DCPS/MBS Merger) (collectively, the 2004 Mergers). As a result of these transactions, IPS and MBS became wholly owned subsidiaries of the Company, and DCPS is a wholly owned subsidiary of MBS. On December 15, 2004, and simultaneous with the consummation of the 2004 Mergers, the Company changed its name from SurgiCare, Inc. to Orion and consummated its restructuring transactions (the Closing), which included issuances of new equity securities for cash and contribution of outstanding debt, and the restructuring of its debt facilities. The Company also created Class B Common Stock and Class C Common Stock, which were issued in connection with the equity investments and acquisitions.

In April 2005, the Company initiated a strategic plan designed to accelerate the Company's growth and enhance its future earnings potential. The plan focuses on the Company's strengths, which include providing billing, collections and complementary business management services to physician practices. As part of this strategic plan, the Company began to divest certain non-strategic assets. In addition, the Company ceased investment in business lines that did not complement the Company's strategic plan and redirected financial resources and Company personnel to areas that management believes enhance long-term growth potential. Beginning in the third quarter of 2005, the Company successfully completed the consolidation of corporate

functions into its Roswell, Georgia facility. Consistent with its strategic plan, the Company also completed a series of transactions involving the divestiture of non-strategic assets in 2005.

Medical Billing Services

MBS is based in Houston, Texas and was incorporated in Texas on October 16, 1985. DCPS is based in Houston, Texas and was organized as a Texas limited liability company on September 16, 1998. DCPS reorganized as a Texas limited partnership on August 31, 2003. MBS (which includes the operations of DCPS) offers its clients a complete outsourcing service, which includes practice management and billing and collection services, allowing them to avoid the infrastructure investment in their own back-office operations. These services help clients to be financially successful by improving cash flows and reducing administrative costs and burdens.

MBS provides services to approximately 58 customers throughout Texas. These customers include anesthesiologists, pathologists, and radiologists, imaging centers, comprehensive breast centers, hospital labs, cardio-thoracic surgeons and ambulatory surgery centers (ASCs.)

Integrated Physician Solutions

IPS, a Delaware corporation, was founded in 1996 to provide physician practice management services to general and subspecialty pediatric practices. IPS commenced its business activities upon consummation of several medical group business combinations effective January 1, 1999.

As of June 30, 2006, IPS managed nine practice sites, representing five medical groups in Illinois and Ohio. IPS provides human resources management, accounting, group purchasing, public relations, marketing, information technology, and general day-to-day business operations management services to these medical groups. The physicians, who are all employed by separate corporations, provide all clinical and patient care related services.

There is a standard forty-year management service agreement (MSA) between IPS and the various affiliated medical groups whereby a management fee is paid to IPS. IPS owns all of the assets used in the operation of the medical groups. IPS manages the day-to-day business operations of each medical group and provides the assets for the physicians to use in their practice, for a fixed fee or percentage of the net operating income of the medical group. All revenues are collected by IPS, the fixed fee or percentage payment to IPS is taken from the net operating income of the medical group and the remainder of the net operating income of the medical group is paid to the physicians and treated as an expense on IPS 's financial statements as physician group distribution.

On April 1, 2005, IPS entered into a Mutual Release and Settlement Agreement (the CARDC Settlement) with Bradley E. Chipps, M.D. (Dr. Chipps) and Capital Allergy and Respiratory Disease Center, a medical corporation (CARDC) to settle disputes as to the existence and enforceability of certain contractual obligations. As part of the CARDC Settlement, Dr. Chipps, CARDC, and IPS agreed that CARDC would purchase the assets owned by IPS and used in connection with CARDC in exchange for termination of the MSA between IPS and CARDC. Additionally, among other provisions, after April 1, 2005, Dr. Chipps, CARDC and IPS have been released from any further obligation to each other.

On June 7, 2005, InPhySys, Inc. (formerly known as IntegriMED, Inc.) (IntegriMED), a wholly owned subsidiary of IPS, executed an Asset Purchase Agreement (the IntegriMED Agreement) with eClinicalWeb, LLC (eClinicalWeb) to

sell substantially all of the assets of IntegriMED. The IntegriMED Agreement was deemed to be effective as of midnight on June 6, 2005. As consideration for the purchase of the acquired assets, eClinicalWeb issued to IntegriMED the following: (i) a two percent (2%) ownership interest in eClinicalWeb; and (ii) \$69,034 for the payoff of certain leases and purchase of certain software. Also eClinicalWeb agreed to sublease certain office space from IPS that was occupied by employees of IntegriMED.

On October 31, 2005, IPS executed a Mutual Release and Settlement Agreement (the Sutter Settlement) with John Ivan Sutter, M.D., PA (Dr. Sutter) to settle disputes that had arisen between IPS and Dr. Sutter and to

avoid the risk and expense of litigation. As part of the Sutter Settlement, Dr. Sutter and IPS agreed that Dr. Sutter would purchase the assets owned by IPS and used in connection with Dr. Sutter's practice, in exchange for termination of the related MSA. Additionally, among other provisions, after October 31, 2005, Dr. Sutter and IPS have been released from any further obligation to each other.

Ambulatory Surgery Center Business

As of June 30, 2006, the Company no longer has ownership or management interests in surgery and diagnostic centers.

On March 1, 2005, the Company closed its wholly owned subsidiary, Bellaire SurgiCare, Inc. (Bellaire SurgiCare), and consolidated its operations with the operations of SurgiCare Memorial Village, L.P. (Memorial Village).

In April 2005, due to unsatisfactory financial performance of the Company's surgery centers and in accordance with its strategic plan, the Company began the process of divesting its surgery center ownership interests.

On September 30, 2005, Orion executed purchase agreements to sell its 51% ownership interest in Tuscarawas Ambulatory Surgery Center, L.L.C. (TASC) and its 41% ownership interest in Tuscarawas Open MRI, L. P., (TOM) both located in Dover, Ohio, to Union Hospital (Union). Additionally, as part of the transactions, TASC, as the sole member of TASC Anesthesia, L.L.C. (TASC Anesthesia), executed an Asset Purchase Agreement to sell certain assets of TASC Anesthesia to Union. The limited partners of TASC and TOM also sold a certain number of their units to Union such that at the closing of these transactions, Union owned 70% of the ownership interests in TASC and TOM.

As consideration for the purchase of the 70% ownership interests in TASC and TOM, Union Hospital paid purchase prices of \$950,000 and \$2,188,237, respectively. Orion's portion of the total proceeds for TASC, TASC Anesthesia and TOM, after closing costs of \$82,632, was cash in the amount of \$1,223,159 and a note due on or before March 30, 2006 in the amount of \$530,547. The March 30, 2006 note was not fully paid by Union and the remaining balance of \$261,357 was written off against the gain on disposition for the quarter ended December 31, 2005. As a result of these transactions, Orion no longer has an ownership interest in TASC, TOM or TASC Anesthesia.

Additionally, as part of the TASC and TOM transactions, Orion executed two-year management services agreements (the TASC MSA and the TOM MSA) with terms substantially the same as those of the management services agreements under which Orion performed management services to TASC and TOM prior to the transactions.

On January 12, 2006, the Company was notified by Union that it was exercising its option to terminate the TOM MSA as of March 12, 2006. Management fee revenue related to TOM was \$0 and \$11,728 for the three months ended June 30, 2006 and 2005, respectively. For the six months ended June 30, 2006 and 2005, management fee revenue related to TOM was \$7,217 and \$17,351, respectively.

On February 3, 2006, the Company was notified by Union that it was exercising its option to terminate the TASC MSA as of April 3, 2006. Management fee revenue related to TASC was \$968 and \$26,014 for the three months ended June 30, 2006 and 2005, respectively. For the six months ended June 30, 2006 and 2005, management fee revenue related to TASC was \$22,525 and \$52,038, respectively.

On February 8, 2006, Memorial Village executed an Asset Purchase Agreement (the Memorial Agreement) for the sale of substantially all of its assets to First Surgical Memorial Village, L.P. (First Surgical). Memorial Village is approximately 49% owned by Town & Country SurgiCare, Inc., a wholly owned subsidiary of Orion. The Memorial Agreement was deemed to be effective as of January 31, 2006.

The property sold by Memorial Village to First Surgical (hereinafter collectively referred to as the Memorial Acquired Assets) included the equipment, inventory, goodwill, contracts, leasehold improvements, equipment leases, books and records, permits and licenses and other personal property owned by Memorial Village and used in the operation of Memorial Village's business. The Memorial Acquired Assets did not include any of the following: accounts receivable, cash and cash equivalents, marketable securities, insurance policies, prepaid expenses, deposits with utility and/or service providers, shares of corporations, real estate owned by Memorial Village, or liabilities, other than those expressly assumed by the First Surgical in the Agreement.

As consideration for the Memorial Acquired Assets, Memorial Village received a total purchase price of \$1,100,000, of which Orion received approximately \$815,000 after payment of certain legal and other post-closing expenses. The proceeds received by Orion consisted of the following amounts:

- i. Approximately \$677,000 representing the principal amount of a note payable owed to Orion from Memorial Village;
- ii. Approximately \$99,000 representing Orion's pro-rata share of the net proceeds after payment of certain legal and other post-closing expenses; and
- iii. A reserve fund of approximately \$39,000, pending approval of the assumption of certain capital leases by First Surgical.

On March 1, 2006, San Jacinto Surgery Center, Ltd. (San Jacinto) executed an Asset Purchase Agreement (the San Jacinto Agreement) for the sale of substantially all of its assets to San Jacinto Methodist Hospital (Methodist). San Jacinto is approximately 10% owned by Baytown SurgiCare, Inc., a wholly owned subsidiary of Orion.

The property sold by San Jacinto to Methodist (hereinafter collectively referred to as the San Jacinto Acquired Assets), included the leasehold title to real property, together with all improvements, buildings and fixtures, all major, minor or other equipment, all computer equipment and hardware, furniture and furnishings, inventory and supplies, current financial, patient, credentialing and personnel records, interest in all commitments, contracts, leases and agreements outstanding in respect to San Jacinto, to the extent assignable, all licenses and permits held by San Jacinto, all patents and patent applications and all logos, names, trade names, trademarks and service marks, all computer software, programs and similar systems owned by or licensed to San Jacinto, goodwill and all interests in property, real, personal and mixed, tangible and intangible acquired by San Jacinto prior to March 1, 2006. The San Jacinto Acquired Assets did not include any of the following: restricted and unrestricted cash and cash equivalents, marketable securities, certificates of deposit, bank accounts, temporary investments, accounts receivable, notes receivable intercompany accounts of San Jacinto, and all commitments, contracts, leases and agreements other than those expressly assumed by Methodist in the San Jacinto Agreement.

As consideration for the San Jacinto Acquired Assets, San Jacinto received a total purchase price of \$5,500,000, of which Orion received a net amount of approximately \$598,000. The proceeds received by Orion consisted of the following amounts:

- i. Approximately \$450,000 representing Orion's pro-rata share of the net proceeds; and

ii. Approximately \$148,000 representing the principal and interest amounts of a note payable owed to Orion from San Jacinto.

As part of the closing of the Agreement, Orion was obligated to make payments, totaling \$607,000, from its portion of the proceeds as follows:

i. Approximately \$357,000 representing distributions due to the limited partners of San Jacinto for cash collections previously received by Orion, and payment of accounts payable and other expenses; and

ii. Approximately \$250,000 to CIT, which represents repayment of the obligations related to San Jacinto under the Loan and Security Agreement.

Note 2. Going Concern

The accompanying unaudited consolidated condensed financial statements have been prepared in conformity with GAAP, which contemplate the continuation of the Company as a going concern. The Company incurred substantial operating losses during 2005, and has used substantial amounts of working capital in its operations. Additionally, as described more fully below, the Company received notification from CIT Healthcare, LLC (formerly known as Healthcare Business Credit Corporation) (CIT) in December 2005 that certain events of default under the Loan and Security Agreement had occurred as a result of the Company being out of compliance with two financial covenants relating to its debt service coverage ratio and its minimum operating income level. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The Company has financed its growth and operations primarily through the issuance of equity securities, secured and/or convertible debt, most recently by completing a series of acquisitions and restructuring transactions (the Restructuring), which occurred in December 2004, and borrowing from related parties. In connection with the closing of these transactions, the Company entered into a new secured two-year revolving credit facility pursuant to a Loan and Security Agreement (the Loan and Security Agreement), dated December 15, 2004, by and among Orion, certain of its affiliates and subsidiaries, and CIT. Under this facility, initially up to \$4,000,000 of loans could be made available to Orion, subject to a borrowing base, which is determined based on a percentage of eligible outstanding accounts receivable less than 180 days old. As discussed below, the amount available under this credit facility has been reduced. Orion borrowed \$1,600,000 under this facility concurrently with the closing of the Restructuring. The interest rate under this facility is the prime rate plus 6%. Upon an event of default, CIT can accelerate the loans or call the Guaranties described below. (See Note 10. Long-Term Debt and Lines of Credit, for additional discussion regarding the Company's defaults under the Loan and Security Agreement.) In connection with entering into this new facility, Orion also restructured its previously-existing debt facilities, which resulted in a decrease in aggregate debt owed to DVI Business Credit Corporation and DVI Financial Services, Inc. (collectively, DVI) from approximately \$10.1 million to a combined principal amount of approximately \$6.5 million, of which approximately \$2.0 million was paid at the Closing.

Pursuant to a Guaranty Agreement (the Brantley IV Guaranty), dated as of December 15, 2004, provided by Brantley Partners IV, L.P. (Brantley IV) to CIT, Brantley IV agreed to provide a deficiency guaranty in the initial amount of \$3,272,727. As discussed below, the amount of this Brantley IV Guaranty has been reduced. Pursuant to a Guaranty Agreement (the Brantley Capital Guaranty and collectively with the Brantley IV Guaranty, the Guaranties), dated as of December 15, 2004, provided by Brantley Capital Corporation (Brantley Capital) to CIT, Brantley Capital agreed to provide a deficiency guarantee in the initial amount of \$727,273. As discussed below, the amount of this Brantley Capital Guaranty has been reduced. In consideration for the Guaranties, Orion issued warrants to purchase 20,455 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley IV, and issued warrants to purchase 4,545 shares of Class A Common Stock, at an exercise price of \$0.01 per share, to Brantley Capital. None of these warrants, which expire on December 15, 2009, have been exercised as of June 30, 2006.

On March 16, 2005, Brantley IV loaned the Company an aggregate of \$1,025,000 (the First Loan). On June 1, 2005, the Company executed a convertible subordinated promissory note in the principal amount of \$1,025,000 (the First

Note) payable to Brantley IV to evidence the terms of the First Loan. The material terms of the First Note are as follows: (i) the First Note is unsecured; (ii) the First Note is subordinate to the Company's outstanding loan from CIT and other indebtedness for monies borrowed, and ranks pari passu with general unsecured trade liabilities; (iii) principal and interest on the First Note is due in a lump sum on April 19, 2006 (the First Note Maturity Date); (iv) the interest on the First Note accrues from and after March 16, 2005, at a per annum rate equal to nine percent (9.0%) and is non-compounding; (v) if an event of default occurs and is

K-10

continuing, Brantley IV, by notice to the Company, may declare the principal of the First Note to be due and immediately payable; and (vi) on or after the First Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the First Note into shares of Class A Common Stock of the Company at a price per share equal to \$1.042825 (the First Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the First Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the First Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the First Note shall not exceed the lesser of: (i) 1,159,830 shares of Class A Common Stock, or (ii) 16.3% of the then outstanding Class A Common Stock. As of June 30, 2006, if Brantley IV were to convert the First Note, the Company would have to issue 1,098,644 shares of Class A Common Stock. On May 9, 2006, Brantley IV and the Company executed an amendment to the First Note (the First and Second Note Amendment) extending the First Note Maturity Date to August 15, 2006. On August 8, 2006, Brantley IV and the Company executed a second amendment to the First Note (the First and Second Note Second Amendment) extending the First Note Maturity Date to October 15, 2006.

On April 19, 2005, Brantley IV loaned the Company an additional \$225,000 (the Second Loan). On June 1, 2005, the Company executed a convertible subordinated promissory note in the principal amount of \$225,000 (the Second Note) payable to Brantley IV to evidence the terms of the Second Loan. The material terms of the Second Note are as follows: (i) the Second Note is unsecured; (ii) the Second Note is subordinate to the Company's outstanding loan from CIT and other indebtedness for monies borrowed, and ranks pari passu with general unsecured trade liabilities; (iii) principal and interest on the Second Note is due in a lump sum on April 19, 2006 (the Second Note Maturity Date); (iv) the interest on the Second Note accrues from and after April 19, 2005, at a per annum rate equal to nine percent (9.0%) and is non-compounding; (v) if an event of default occurs and is continuing, Brantley IV, by notice to the Company, may declare the principal of the Second Note to be due and immediately payable; and (vi) on or after the Second Note Maturity Date, Brantley IV, at its option, may convert all or a portion of the outstanding principal and interest due of the Second Note into shares of Class A Common Stock of the Company at a price per share equal to \$1.042825 (the Second Note Conversion Price). The number of shares of Class A Common Stock to be issued upon conversion of the Second Note shall be equal to the number obtained by dividing (x) the aggregate amount of principal and interest to be converted by (y) the Second Note Conversion Price (as defined above); provided, however, the number of shares to be issued upon conversion of the Second Note shall not exceed the lesser of: (i) 254,597 shares of Class A Common Stock, or (ii) 3.6% of the then outstanding Class A Common Stock. As of June 30, 2006, if Brantley IV were to convert the Second Note, the Company would have to issue 239,332 shares of Class A Common Stock. On May 9, 2006, Brantley IV and the Company executed the First and Second Note Amendment extending the Second Note Maturity Date to August 15, 2006. On August 8, 2006, Brantley IV and the Company executed the First and Second Note Second Amendment extending the Second Note Maturity Date to October 15, 2006.

Additionally, in connection with the First Loan and the Second Loan, the Company entered into a First Amendment to the Loan and Security Agreement (the First Amendment), dated March 22, 2005, with certain of the Company's affiliates and subsidiaries, and CIT, whereby its \$4,000,000 secured two-year revolving credit facility has been reduced by the amount of the loans from Brantley IV to \$2,750,000. As a result of the First Amendment, the Brantley IV Guaranty was amended by the Amended and Restated Guaranty Agreement, dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley IV by the amount of the First Loan to \$2,247,727. Also as a result of the First Amendment, the Brantley Capital Guaranty was amended by the Amended and Restated Guaranty Agreement, dated March 22, 2005, which reduced the deficiency guaranty provided by Brantley Capital by the amount of the Second Loan to \$502,273. Paul H. Cascio, the Chairman of the board of directors of the Company, and

Michael J. Finn, a director of the Company, are affiliates of Brantley IV.

As part of the Loan and Security Agreement, the Company is required to comply with certain financial covenants, measured on a quarterly basis. The financial covenants include maintaining a required debt service coverage ratio and meeting a minimum operating income level for the surgery and diagnostic centers before corporate overhead allocations. As of and for the three months and six months ended June 30, 2006, the Company

K-11

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Consolidated Condensed Financial Statements (Continued)**

was out of compliance with both of these financial covenants and has notified the lender as such. Under the terms of the Loan and Security Agreement, failure to meet the required financial covenants constitutes an event of default. Under an event of default, the lender may (i) accelerate and declare the obligations under the credit facility to be immediately due and payable; (ii) withhold or cease to make advances under the credit facility; (iii) terminate the credit facility; (iv) take possession of the collateral pledged as part of the Loan and Security Agreement; (v) reduce or modify the revolving loan commitment; and/or (vi) take necessary action under the Guaranties. The revolving credit facility is secured by the Company's assets. As of June 30, 2006, the outstanding principal under the revolving credit facility was \$998,668. The full amount of the loan as of June 30, 2006 is recorded as a current liability. In December 2005, the Company received notification from CIT stating that (i) certain events of default under the Loan and Security Agreement had occurred as a result of the Company being out of compliance with two financial covenants relating to its debt service coverage ratio and its minimum operating income level, (ii) as a result of the events of default, CIT raised the interest rate for monies borrowed under the Loan and Security Agreement to the provided Default Rate of prime rate plus 6%, (iii) the amount available under the revolving credit facility was reduced from \$2,750,000 to \$2,300,000 and (iv) CIT reserved all additional rights and remedies available to it as a result of these events of default. The Company is currently in negotiations with CIT to obtain, among other provisions, a waiver of the events of default. In the event CIT declares the obligations under the Loan and Security Agreement to be immediately due and payable or exercises its other rights described above, the Company would not be able to meet its obligations to CIT or its other creditors. As a result, such action would have a material adverse effect on the Company's ability to continue as a going concern.

As of June 30, 2006, the Company's existing credit facility with CIT had limited availability to provide for working capital shortages. Although the Company believes that it will generate cash flows from operations in the future, there is substantial doubt as to whether it will be able to fund its operations solely from its cash flows. In April 2005, the Company initiated a strategic plan designed to accelerate the Company's growth and enhance its future earnings potential. The plan focuses on the Company's strengths, which include providing billing, collections and complementary business management services to physician practices. A fundamental component of the Company's plan is the selective consideration of accretive acquisition opportunities in these core business sectors. In addition, the Company ceased investment in business lines that did not complement the Company's strategic plans and redirected financial resources and Company personnel to areas that management believes enhance long-term growth potential. On June 7, 2005, as described in Note 1. General Description of Business Integrated Physician Solutions, IPS completed the sale of substantially all of the assets of IntegriMED, and on October 1, 2005, the Company completed the sale of its interests in TASC and TOM in Dover, Ohio. Beginning in the third quarter of 2005, the Company successfully completed the consolidation of corporate functions into its Roswell, Georgia facility. Additionally, consistent with its strategic plan, the Company sold its interest in Memorial Village effective January 31, 2006 and in San Jacinto effective March 1, 2006. (See Note 1. General Description of Business Ambulatory Surgery Center Business).

The Company intends to continue to manage its use of cash. However, the Company's business is still faced with many challenges. If cash flows from operations and borrowings are not sufficient to fund the Company's cash requirements, the Company may be required to further reduce its operations and/or seek additional public or private equity financing or financing from other sources or consider other strategic alternatives, including possible additional divestitures of specific assets or lines of business. Any acquisitions will require additional capital. There can be no assurances that additional financing will be available, or that, if available, the financing will be obtainable on terms acceptable to the Company or that any additional financing would not be substantially dilutive to the Company's existing stockholders.

Note 3. Revenue Recognition

MBS's principal source of revenues is fees charged to clients based on a percentage of net collections of the client's accounts receivable. MBS recognizes revenue and bills its clients when the clients receive payment on those accounts receivable. MBS typically receives payment from the client within 30 days of billing. The fees vary

K-12

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Consolidated Condensed Financial Statements (Continued)**

depending on specialty, size of practice, payer mix, and complexity of the billing. In addition to the collection fee revenue, MBS also earns fees from the various consulting services that MBS provides, including medical practice management services, managed care contracting, coding and reimbursement services.

IPS records revenue based on patient services provided by its affiliated medical groups. Net patient service revenue is impacted by billing rates, changes in Current Procedure Terminology code reimbursement and collection trends. IPS reviews billing rates at each of its affiliated medical groups on at least an annual basis and adjusts those rates based on each insurer's current reimbursement practices. Amounts collected by IPS for treatment by its affiliated medical groups of patients covered by Medicare, Medicaid and other contractual reimbursement programs, which may be based on cost of services provided or predetermined rates, are generally less than the established billing rates of IPS's affiliated medical groups. IPS estimates the amount of these contractual allowances and records a reserve against accounts receivable based on historical collection percentages for each of the affiliated medical groups, which include various payer categories. When payments are received, the contractual adjustment is written off against the established reserve for contractual allowances. The historical collection percentages are adjusted quarterly based on actual payments received, with any differences charged against net revenue for the quarter. Additionally, IPS tracks cash collection percentages for each medical group on a monthly basis, setting quarterly and annual goals for cash collections, bad debt write-offs and aging of accounts receivable.

As of June 30, 2006, the Company no longer has ownership or management interests in surgery and diagnostic centers. Orion's principal source of revenues from its surgery center business was a surgical facility fee charged to patients for surgical procedures performed in its ASCs and for diagnostic services performed at TOM. Orion depended upon third-party programs, including governmental and private health insurance programs to pay these fees on behalf of its patients. Patients were responsible for the co-payments and deductibles when applicable. The fees varied depending on the procedure, but usually included all charges for operating room usage, special equipment usage, supplies, recovery room usage, nursing staff and medications. Facility fees did not include the charges of the patient's surgeon, anesthesiologist or other attending physicians, which were billed directly to third-party payers by such physicians. In addition to the facility fee revenues, Orion also earned management fees from its operating facilities and development fees from centers that it developed. ASCs, such as those in which Orion owned an interest prior to June 30, 2006, depend upon third-party reimbursement programs, including governmental and private insurance programs, to pay for services rendered to patients. The Medicare program currently pays ASCs and physicians in accordance with fee schedules, which are prospectively determined. In addition to payment from governmental programs, ASCs derive a significant portion of their net revenues from private healthcare reimbursement plans. These plans include standard indemnity insurance programs as well as managed care structures such as preferred provider organizations, health maintenance organizations and other similar structures.

Note 4. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. While management believes current estimates are reasonable and appropriate, actual results could differ from those estimates.

Note 5. Segment Reporting

In accordance with SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information, the Company has determined that it has two reportable segments – IPS and MBS. The reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology, operational support and marketing strategies. The Company's reportable

K-13

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Consolidated Condensed Financial Statements (Continued)**

segments consist of: (i) IPS, which includes the pediatric medical groups that provide patient care operating under the MSA; and (ii) MBS, which provides practice management, billing and collections, managed care consulting and coding and reimbursement services to hospital-based physicians and clinics. Management chose to aggregate the MSAs into a single operating segment consistent with the objective and basic principles of SFAS No. 131 based on similar economic characteristics, including the nature of the products and services, the type of customer for their services, the methods used to provide their services and in consideration of the regulatory environment under Medicare and the Health Insurance Portability and Accountability Act of 1996.

The following table summarizes key financial information, by reportable segment, as of and for the three months and six months ended June 30, 2006 and 2005, respectively:

(1) The balance at June 30, 2005 includes \$9,179,336 of intangible assets and goodwill that were impaired in 2005.

Note 6. Goodwill and Intangible Assets

Goodwill and intangible assets represent the excess of cost over the fair value of net assets of companies acquired in business combinations accounted for using the purchase method. In July 2001, the FASB issued SFAS No. 141,

Business Combinations, and SFAS No. 142, Goodwill and Other Intangible Assets. SFAS No. 141 eliminates pooling-of-interest accounting and requires that all business combinations initiated after June 30, 2001, be accounted for using the purchase method. SFAS No. 142 eliminates the amortization of goodwill and certain other intangible assets and requires the Company to evaluate goodwill for impairment on an annual basis by applying a fair value test. SFAS No. 142 also requires that an identifiable intangible asset that is determined to have an indefinite useful economic life not be amortized, but separately tested for impairment using a fair value-based approach at least annually.

K-15

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Consolidated Condensed Financial Statements (Continued)**

The Company adopted SFAS No. 142 effective January 1, 2002. As a result, IPS determined that its long-term MSAs, executed as part of the medical group business combinations consummated in 1999, are an identifiable intangible asset in accordance with paragraph 39 of SFAS No. 141.

As part of the acquisition and restructuring transactions that closed on December 15, 2004, the Company recorded intangible assets and goodwill related to the 2004 Mergers. As of the Closing, the Company's management expected the case volumes at Bellaire SurgiCare to improve in 2005. However, by the end of February 2005, it was determined that the expected case volume increases were not going to be realized. On March 1, 2005, the Company closed Bellaire SurgiCare and consolidated its operations with the operations of Memorial Village. The Company tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the decision to close Bellaire SurgiCare and the resulting impairment of the joint venture interest and management contracts related to the surgery centers, the Company recorded a charge for impairment of intangible assets of \$4,090,555 for the year ended December 31, 2004.

As a result of the CARDC Settlement described in Note 1. General Description of Business Integrated Physician Solutions, the Company recorded a charge for impairment of intangible assets related to CARDC of \$704,927 for the year ended December 31, 2004.

On June 13, 2005, the Company announced that it had accepted an offer to purchase its interests in TASC and TOM in Dover, Ohio. In preparation for this pending transaction, the Company tested the identifiable intangible assets related to the surgery center business using the present value of cash flows method as of June 30, 2005. Based on the pending sales transaction involving TASC and TOM, as well as the uncertainty of future cash flows related to the Company's surgery center business, the Company determined that the joint venture interests associated with TASC, TOM and Memorial Village were impaired and recorded a charge for impairment of intangible assets of \$6,362,849 for the quarter ended June 30, 2005. The sale of the Company's interests in TASC and TOM was completed effective as of October 1, 2005. (See Note 1. General Description of Business Ambulatory Surgery Center Business).

In November 2005, the Company decided that, as a result of ongoing losses at Memorial Village, it would need to either find a buyer for the Company's equity interests in Memorial Village or close the facility. In preparation for this expected transaction, the Company once again tested the identifiable intangible assets related to the surgery center business using the present value of cash flows method at September 30, 2005. Based on the decision to sell or close Memorial Village, as well as the continuing uncertainty of cash flows related to the Company's surgery center segment, the Company determined that the joint venture interests for San Jacinto, as well as the management contracts associated with Memorial Village and San Jacinto, were impaired and recorded an additional charge for impairment of intangible assets totaling \$3,461,351 for the quarter ended September 30, 2005.

As described in Note 1. General Description of Business Ambulatory Surgery Center Business, effective January 31, 2006 and March 1, 2006, respectively, the Company executed Asset Purchase Agreements to sell substantially all of the assets of Memorial Village and San Jacinto. Also in the first quarter of 2006, the Company was notified by Union that it was exercising its option to terminate the TASC MSA and TOM MSA. As a result of the sales of Memorial Village and San Jacinto, as well as the termination of the TASC MSA and TOM MSA, the Company no longer has an ownership or management interest in any ambulatory surgery centers and, as such, the Company tested the remaining identifiable intangible assets related to the surgery centers from the IPS Merger at December 31, 2005. Based on the terminations of the TASC MSA and TOM MSA, as well as the sales of Memorial Village and San Jacinto, the Company determined that the management contracts associated with TASC and TOM were impaired and recorded an

additional charge for impairment of intangible assets of \$1,163,830 for the quarter ended December 31, 2005.

As a result of the Sutter Settlement, which is described in Note 1. General Description of Business Integrated Physician Solutions, the Company also recorded an additional \$38,440 charge for impairment of intangible assets for the quarter ended December 31, 2005.

K-16

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Consolidated Condensed Financial Statements (Continued)**

All of the charges for impairment of intangible assets are included in discontinued operations.

In order to determine whether the goodwill recorded as a result of the IPS Merger was impaired at December 31, 2005, the Company compared the fair value of each ASC's assets to its net carrying value. As each of the ASCs was sold between October 1, 2005 and March 1, 2006, the fair value of each ASC was best determined by the purchase price of the assets. Since TASC and TOM were sold effective October 1, 2005, the balance sheet at September 30, 2005 was used to determine the fair value of its assets. Since the Memorial Village and San Jacinto transactions took place after year-end, the December 31, 2005 balance sheets were used to determine the carrying value of the assets of those entities. The Company determined that the fair value of each ASC was greater than the carrying value in each case and concluded that there was no impairment of goodwill at December 31, 2005. As a result of the sale of all of the entities related to the Company's ambulatory surgery center business, the Company allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill of \$3,489,055 for the quarter ended December 31, 2005. The charge for the write-down of goodwill was included in discontinued operations in 2005.

Note 7. Earnings per Share

Basic earnings per share are calculated on the basis of the weighted average number of shares of Class A Common Stock outstanding at the end of the reporting periods. Diluted earnings per share, in addition to the weighted average determined for basic earnings per share, include common stock equivalents which would arise from the exercise of stock options and warrants using the treasury stock method, conversion of debt and conversion of Class B Common Stock and Class C Common Stock.

- (3) 10,448,470 shares of Class B Common Stock were outstanding at June 30, 2006. Holders of shares of Class B Common Stock have the option to convert their shares of Class B Common Stock into Class A Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed to yield one share of Class A Common Stock per share of Class B Common Stock converted, plus such additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock and a nine percent (9%) return on the original purchase price for the Class B Common Stock without compounding, from the date of issuance through the date of conversion. As of June 30, 2006, each share of Class B Common Stock was convertible into 5.515040151157 shares of Class A Common Stock.
- (4) 1,437,572 shares of Class C Common Stock were outstanding at June 30, 2006. Holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock into shares of Class A Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed initially to yield one share of Class A Common Stock per share of Class C Common Stock converted, with the number of shares of Class A Common Stock reducing to the extent that distributions are paid on the Class C Common Stock. The conversion factor is calculated as (x) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (y) \$3.30. The initial conversion factor was one (one share of Class C Common Stock converts into one share of Class A Common Stock) and is subject to adjustment as discussed below. If the fair market value used in determining the conversion factor for the Class B Common Stock in connection with any conversion of Class B Common Stock is less than \$3.30 (subject to adjustment to account for stock splits, stock dividends, combinations or other similar events affecting Class A Common Stock), holders of shares of Class C Common Stock have the option to convert their shares of Class C Common Stock (within 10 days of receipt of notice of the conversion of the Class B Common Stock) into a number of shares of Class A Common Stock equal to (x) the amount by which \$3.30 exceeds the aggregate distributions made with respect to a share of Class C Common Stock divided by (y) the fair market value used in determining the conversion factor for the Class B Common Stock (the Anti-Dilution Option). The aggregate number of shares of Class C Common Stock so converted by any holder shall not exceed a number equal to (a) the number of shares of Class C Common Stock held by such holder immediately prior to such conversion plus the number of shares of Class C Common Stock previously converted in Class A Common Stock by such holder multiplied by (b) a fraction, the numerator of which is the number of shares of Class B Common Stock converted at the lower price and the denominator of which is the aggregate number of shares of Class B Common Stock issued at the closing of the 2004 Mergers. If all of the Class B Common Stock had been converted at June 30, 2006, the holders of Class C Common Stock would have been eligible to convert 1,308,142 shares of Class C Common Stock into 14,885,754 shares of Class A Common Stock under the anti-dilution provision.
- (5) The potentially dilutive securities listed in (1) - (4), above, are not included in the calculation of weighted average number of shares of Class A Common Stock outstanding for diluted net loss per share for the three months ended June 30, 2006, because the effect would be anti-dilutive due to the net loss for the quarter:

The following potentially dilutive securities are not included in the calculation of weighted average number of shares of Class A Common Stock outstanding for diluted net loss per share for the three months and six months ended June 30, 2005, because the effect would be anti-dilutive due to the net loss for the periods:

a) 1,860,347 options and warrants were outstanding at June 30, 2005.

b) \$1,300,000 of notes were convertible into Class A Common Stock at June 30, 2005. Of the total, \$50,000 were convertible at a conversion price equal to the lower of \$2.50 or 75% of the average closing price for the 20 trading days immediately prior to the conversion date. The remaining \$1,250,000 was convertible into 1,228,598 shares of Class A Common Stock at June 30, 2005.

c) 10,685,381 shares of Class B Common Stock were outstanding at June 30, 2005. Holders of shares of Class B Common Stock have the option to convert their shares of Class B Common Stock into Class A

Common Stock at any time based on a conversion factor in effect at the time of the transaction. The conversion factor is designed to yield one share of Class A Common Stock per share of Class B Common Stock converted, plus such additional shares of Class A Common Stock, or portions thereof, necessary to approximate the unpaid portion of the return of the original purchase price for the Class B Common Stock and a nine percent (9%) return on the original purchase price for the Class B Common Stock without compounding, from the date of issuance through the date of conversion.

d) 1,555,137 shares of Class C Common Stock were outstanding at June 30, 2005. The shares of Class C Common Stock are convertible into shares of Class C Common Stock based on the formula described in (4), above.

Note 8. Employee Stock-Based Compensation

At June 30, 2006, the Company had two stock-based employee compensation plans. Prior to January 1, 2006, the Company accounted for grants for these plans under Accounting Principals Board Opinion (APB) No. 25, Accounting for Stock Issued to Employees (APB 25) and related interpretations, and applied SFAS No. 123, Accounting for Stock-Based Compensation, as amended by SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure, for disclosure purposes only. Under APB 25, stock-based compensation cost related to stock options was not recognized in net income since the options underlying those plans had exercise prices greater than or equal to the market value of the underlying stock on the date of the grant. The Company grants options at or above the market price of its common stock at the date of each grant.

On June 17, 2005, the Company granted 1,357,000 stock options to certain employees, officers, directors and former directors of the Company under the Company's 2004 Incentive Plan, as amended. In the third quarter of 2005, stock options totaling 360,000 to certain employees were cancelled as a result of staff reductions related to the consolidation of corporate functions duplicated at the Company's Houston, Texas and Roswell, Georgia facilities. On May 12, 2006, the Company granted 102,000 stock options to certain employees and directors of the Company under the Company's 2004 Incentive Plan, as amended.

On August 31, 2005, the Company granted 650,000 restricted stock units to certain officers of the Company under the Company's 2004 Incentive Plan, as amended. No restricted stock units have been granted in 2006.

Effective January 1, 2006, the company adopted SFAS No. 123 (revised 2004), Share Based Payment, (SFAS No. 123(R)) which revises SFAS No. 123 and supersedes APB 25. SFAS No. 123(R) requires that all share-based payments to employees be recognized in the financial statements based on their fair values at the date of grant. The calculated fair value is recognized as expense (net of any capitalization) over the requisite service period, net of estimated forfeitures, using the straight-line method under SFAS No. 123(R). The Company considers many factors when estimated expected forfeitures, including types of awards, employee class and historical experience. The statement was adopted using the modified prospective method of application which requires compensation expense to be recognized in the financial statements for all unvested stock options beginning in the quarter of adoption. No adjustments to prior periods have been made as a result of adopting SFAS No. 123(R). Under this transition method, compensation expense for share-based awards granted prior to January 1, 2006, but not yet vested as of January 1, 2006, will be recognized in the Company's financial statements over their remaining service period. The cost was based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123. As required by SFAS No. 123(R), compensation expense recognized in future periods for share-based compensation granted prior

to adoption of the standard will be adjusted for the effects of estimated forfeitures.

For the three months and six months ended June 30, 2006, the impact of adopting SFAS No. 123(R) on the Company's consolidated condensed statements of operations was an increase in salaries and benefits expense of \$49,642 and \$97,713, respectively, with a corresponding decrease in the Company's income from continuing operations, income before provision for income taxes and net income resulting from the recognition of

K-19

compensation expense associated with employee stock options. There was no material impact on the Company's basic and diluted net income per share as a result of the adoption of SFAS No. 123(R).

The adoption of SFAS No. 123(R) has no effect on net cash flow. Since the Company is not presently a taxpayer and has provided a valuation allowance against deferred income tax assets net of liabilities, there is also no effect on the Company's consolidated statement of cash flows. Had the Company been a taxpayer, the Company would have recognized cash flow resulting from tax deductions in excess of recognized compensation cost as a financing cash flow.

The following table illustrates the pro forma net income and earnings per share that would have resulted in the three months and six months ended June 30, 2005 from recognizing compensation expense associated with accounting for employee stock-based awards under the provisions of SFAS No. 123(R). The reported and pro forma net income and earnings per share for the three months and six months ended June 30, 2006 are provided for comparative purposes only, since stock-based compensation expense is recognized in the financial statements under the provisions of SFAS No. 123(R).

Bellaire SurgiCare. As of the Closing, the Company's management expected the case volumes at Bellaire SurgiCare to improve in 2005. However, by the end of February 2005, it was determined that the expected case volume increases were not going to be realized. On March 1, 2005, the Company closed Bellaire SurgiCare and consolidated its operations with the operations of Memorial Village. The Company tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the

decision to close Bellaire SurgiCare and the resulting impairment of the joint venture interest and management contracts related to the surgery centers, the Company recorded a charge for impairment of intangible assets of \$4,090,555 for the year ended December 31, 2004. The Company also recorded a loss on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$163,049 for the quarter ended March 31, 2005. The operations of this component are reflected in the Company's consolidated condensed statements of operations as loss from operations of discontinued components for the three months and six months ended June 30, 2005. There were no operations for this component after March 31, 2005.

CARDC. On April 1, 2005, IPS entered into the *CARDC* Settlement with Dr. Bradley E. Chipps, M.D. and *CARDC* to settle disputes as to the existence and enforceability of certain contractual obligations. As part of the *CARDC* Settlement, Dr. Chipps, *CARDC*, and IPS agreed that *CARDC* would purchase the assets owned by IPS and used in connection with *CARDC*, in exchange for termination of the MSA between IPS and *CARDC*. Additionally, among other provisions, after April 1, 2005, Dr. Chipps, *CARDC* and IPS have been released from any further obligation to each other arising from any previous agreement. As a result of the *CARDC* dispute, the Company recorded a charge for impairment of intangible assets related to *CARDC* of \$704,927 for the year ended December 31, 2004. The Company also recorded a gain on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$506,625 for the quarter ended March 31, 2005. For the quarter ended June 30, 2005, the Company reduced the gain on disposal of this discontinued component by \$238,333 as the result of post-settlement adjustments related to the reconciliation of balance sheet accounts. The operations of this component are reflected in the Company's consolidated condensed statements of operations as loss from operations of discontinued components for the three months and six months ended June 30, 2005. There were no operations for this component in the Company's financial statements after March 31, 2005.

TASC and TOM. On June 13, 2005, the Company announced that it had accepted an offer to purchase its interests in TASC and TOM in Dover, Ohio. These transactions, which were consummated on September 30, 2005, were deemed to be effective as of October 1, 2005, and are described in greater detail in Note 1. General Description of Business Ambulatory Surgery Center Business. As a result of these transactions, as well as the

uncertainty of future cash flows related to the Company's surgery center business, the Company determined that the joint venture interests associated with TASC and TOM were impaired and recorded a charge for impairment of intangible assets related to TASC and TOM of \$2,122,445 for the three months ended June 30, 2005. As a result of these transactions, the Company recorded a gain on disposal of this discontinued component (in addition to the charge for impairment of intangible assets) of \$1,357,712 for the quarter ended December 31, 2005. The Company allocated the goodwill recorded as part of the IPS Merger to each of the surgery center reporting units and recorded a loss on the write-down of goodwill related to TASC and TOM totaling \$789,173 for the quarter ended December 31, 2005, which reduced the gain on disposal. In early 2006, the Company was notified by union that it was exercising its option to terminate the management services agreements of TOM and TASC as of March 12, 2006 and April 3, 2006, respectively. As a result, the Company recorded a charge for impairment of intangible assets of \$1,012,457 for the three months ended December 31, 2005 related to the TASC and TOM management services agreements. The operations of this component are reflected in the Company's consolidated condensed statements of operations as loss from operations of discontinued components for the three months and six months ended June 30, 2005. Sutter. On October 31, 2005, IPS executed the Sutter Settlement with Dr. Sutter to settle disputes that had arisen between IPS and Dr. Sutter and to avoid the risk and expense of litigation. As part of the Sutter Settlement, Dr. Sutter and IPS agreed that Dr. Sutter would purchase the assets owned by IPS and used in connection with Dr. Sutter's

Additionally, among other provisions, after October 31, 2005, Dr. Sutter and IPS have been released from any further obligation to each other arising from any previous agreement. As a result of this transaction, the Company recorded a loss on disposal of this discontinued component (in addition to the charge for impairment of intangible assets of \$38,440 recorded in the fourth quarter of 2005) of \$279 for the quarter ended December 31, 2005. The operations of this component are reflected in the Company's consolidated condensed statements of operations as loss from operations of discontinued components for the three months and six months ended June 30, 2005. Memorial Village. As a result of the uncertainty of future cash flows related to the Company's surgery center business as well as the transactions involving TASC and TOM, the Company determined that the joint venture interest associated with the joint venture interest associated with Memorial Village was impaired and recorded a charge for impairment of intangible assets related to Memorial Village of \$3,229,462 for the three months ended June 30, 2005. In November 2005, the Company decided that, as a result of ongoing losses at Memorial Village, it would need to either find a buyer for the Company's equity interests in Memorial Village or close the facility. In preparation for this pending transaction, the Company tested the identifiable intangible assets and goodwill related to the surgery center business using the present value of cash flows method. As a result of the decision to sell or close Memorial Village, as well as the uncertainty of cash flows related to the Company's surgery center business, the Company recorded an additional charge for impairment of intangible assets of \$1,348,085 for the three months ended September 30, 2005. As described in Note 1. San Jacinto. As described in Note 1. General Description of Business Ambulatory Surgery Center Business, effective March 1, 2006, the Company executed an Asset Purchase Agreements to sell substantially all of the assets of San Jacinto, which is 10% owned by Baytown SurgiCare, Inc., a wholly owned subsidiary of the Company and is not consolidated in the Company's financial statements. As a result of the uncertainty of future cash flows related to the Company's surgery center business, and in conjunction with the transactions involving TASC and Tom the Company determined that the joint venture interest associated with San Jacinto was impaired and recorded a charge for impairment of intangible assets related to San Jacinto of \$734,522 for the three months ended June 30, 2005. The Company also recorded an additional \$2,113,262 charge for impairment of intangible assets for the three months ended September 30, 2005 related to the management contracts with San Jacinto. As a result of this transaction, the Company recorded a gain on disposal of this discontinued operation of \$94,066 for the quarter ended March 31, 2006. Orion. Prior to the divestiture of the Company's ambulatory surgery center business, the Company recorded management fee revenue, which was eliminated in the consolidation of the Company's financial statements, for Bellaire SurgiCare, TASC and TOM and Memorial Village. The management fee revenue for San Jacinto was not eliminated in consolidation. The management fee revenue associated with the discontinued operations in the surgery

center business totaled \$968 and \$61,039, respectively, for the three months and six months ended June 30, 2006. For the three months and six months ended June 30, 2005, the Company generated management fee revenue of \$112,155 and 218,407, respectively, and net minority interest losses totaling \$3,318 and 42,765, respectively. For the quarters ended June 30, 2005 and December 31, 2005, the Company recorded a charge for impairment of intangible assets of \$276,420 and \$142,377, respectively, related to trained work force and non-compete agreements affected by the surgery center operations the Company discontinued in 2005 and early 2006.

(1) As of March 13, 2006, the Company had retired approximately \$778,000 of debt at a discounted price of \$112,500.

(2) As part of the Loan and Security Agreement, the Company is required to comply with certain financial covenants, measured on a quarterly basis. The financial covenants include maintaining a required debt service coverage ratio and meeting a minimum operating income level for the surgery and diagnostic centers before corporate overhead allocations. At June 30, 2006, the Company was out of compliance with both of these financial covenants and has notified the lender as such. Under the terms of the Loan and Security Agreement,

failure to meet the required financial covenants constitutes an event of default. Under an event of default, the lender may (i) accelerate and declare the obligations under the credit facility to be immediately due and payable; (ii) withhold or cease to make advances under the credit facility; (iii) terminate the credit facility; (iv) take possession of the collateral pledged as part of the Loan and Security Agreement; (v) reduce or modify the revolving loan commitment; and/or (vi) take necessary action under the Guaranties. The full amount of the loan as of June 30, 2006 is recorded as a current liability. In December 2005, the Company received notification from CIT stating that (i) certain events of default under the Loan and Security Agreement had occurred as a result of the Company being out of compliance with two financial covenants relating to its debt service coverage ratio and its minimum operating income level, (ii) as a result of the events of default, CIT raised the interest rate for monies borrowed under the Loan and Security Agreement to the provided Default Rate of prime rate plus 6%, (iii) the amount available under the revolving credit facility was reduced to \$2,300,000 and

K-27

Table of Contents**Orion HealthCorp, Inc.****Notes to Unaudited Consolidated Condensed Financial Statements (Continued)**

(iv) CIT reserved all additional rights and remedies available to it as a result of these events of default. The Company is currently in negotiations with CIT to obtain, among other provisions, a waiver of the events of default. In the event CIT declares the obligations under the Loan and Security Agreement to be immediately due and payable or exercises its other rights described above, the Company would not be able to meet its obligations to CIT or its other creditors. As a result, such action would have a material adverse effect on the Company's ability to continue as a going concern.

Note 11. Litigation

On January 1, 1999, IPS acquired Children's Advanced Medical Institutes, Inc. (CAMI) in a merger transaction. On that same date, IPS began providing management services to the Children's Advanced Medical Institutes, P.A. (the P.A.), an entity owned by the physicians affiliated with CAMI. The parties' rights and obligations were memorialized in a merger agreement, a management services agreement and certain other agreements. On February 7, 2000, the P.A., certain physicians affiliated with the P.A., and the former shareholders of CAMI filed suit against IPS in the U.S. District Court for the Northern District of Texas, Dallas Division, Civil Action File No. 3-00-CV-0536-L. On May 9, 2001, IPS (which was formerly known as Pediatric Physician Alliance, Inc.) filed suit against the P.A., certain physicians who were members of the P.A., and Patrick Solomon as Escrow Agent of CAMI. The case was filed in the U.S. District Court for the Northern District of Texas, Dallas Division, Civil Action File No. 3-01CV0877-L. In their complaint, the P.A., the former shareholders of CAMI and the physicians seek a claim against IPS for approximately \$500,000 (which includes interest and attorneys' fees). IPS asserted a claim against the physicians for over \$5,000,000 due to the overpayments and their alleged breach of the agreements. An arbitration hearing was held on the claim filed by the former shareholders of CAMI in January 2004, and the Arbitrator issued an award against IPS. The U.S. District Court confirmed the award in the amount of \$548,884 and judgment was entered. IPS has accrued approximately \$540,000 for possible losses related to this claim. On June 1, 2005, IPS and the physicians executed a settlement agreement under which \$300,000 of the judgment was paid to the physicians with the remaining amount of the judgment being returned to IPS. All claims asserted in the lawsuit and arbitration were dismissed with prejudice.

On October 5, 2004, Orion's predecessor, SurgiCare, was named as a defendant in a suit entitled Shirley Browne and Bellaire Anesthesia Management Consultants, Inc. (BAMC) v. SurgiCare, Inc., Bellaire SurgiCare, Inc., Sherman Nagler, Jeffrey Penso, and Michael Mineo, in the 152nd Judicial District Court of Harris County, Texas, Cause No. 2004-55688. The dispute arises out of the for cause termination of BAMC's exclusive contract to provide anesthesia services to Bellaire SurgiCare, Inc. Ms. Browne had filed a charge of discrimination with the EEOC on February 6, 2004, claiming that she was terminated in retaliation for having previously complained about discriminatory treatment and a hostile work environment. She claimed she had been discriminated against based on her sex, female, and retaliated against in violation of Title VII. The Company denied Ms. Browne's allegations of wrongdoing. The EEOC declined to institute an action and issued a right to sue letter, which prompted the lawsuit. The parties have reached a final settlement, which was accrued for as of September 30, 2005 and paid on December 27, 2005, on all matters for dismissal of all claims.

On July 12, 2005, Orion was named as a defendant in a suit entitled American International Industries, Inc. vs. Orion HealthCorp, Inc., previously known as SurgiCare, Inc., Keith G. LeBlanc, Paul Cascio, Brantley Capital Corporation, Brantley Venture Partners III, L.P., and Brantley Partners IV, L.P. in the 80th Judicial District Court of Harris County, Texas, Cause No. 2005-44326. This case involves allegations that the Company made material and intentional misrepresentations regarding the financial condition of the parties to the acquisition and restructuring transactions

effected on December 15, 2004 for the purpose of inducing American International Industries, Inc. (AII) to convert its SurgiCare Class AA convertible preferred stock (Class AA Preferred Stock) into shares of Orion Class A Common Stock. AII asserts that the value of its Class A Common Stock of Orion has fallen as a direct result of the alleged material misrepresentations by the Company. AII is seeking actual damages of \$3,800,000, punitive damages of \$3,800,000, and rescission of the agreement to convert the Class AA Preferred Stock into

Class A Common Stock. The Company and the other defendants filed an Answer denying the allegations set forth in the Complaint.

In addition, the Company is involved in various other legal proceedings and claims arising in the ordinary course of business. The Company's management believes that the disposition of these additional matters, individually or in the aggregate, is not expected to have a materially adverse effect on the Company's financial condition. However, depending on the amount and timing of such disposition, an unfavorable resolution of some or all of these matters could materially affect the Company's future results of operations or cash flows in a particular period.

Note 12. Subsequent Events

In connection with the DCPS/MBS Merger in December 2004, 75,758 shares of Orion's Class A Common Stock were reserved for issuance at the direction of the sellers of the MBS and DCPS equity. On July 14, 2006, 75,000 shares of Class A Common Stock were issued to certain employees and affiliates of MBS and DCPS.

On August 8, 2006, Brantley IV and the Company executed the First and Second Note Second Amendment, which extends the First Note Maturity Date and Second Note Maturity Date to October 15, 2006. (See Note 2. Going Concern).

Note 13. Restatement of Financial Statements

On November 1, 2006, the Company received comments from the Staff of the Securities and Exchange Commission (the SEC) in connection with their review of the Company's preliminary proxy statement on Schedule 14A filed with the SEC on September 11, 2006. In connection with the receipt of these comments, the Company determined that the Company's presentation of the charge for impairment of intangible assets in continuing operations rather than in discontinued operations was inconsistent with the guidelines set forth under Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. Accordingly, the Company's historical unaudited consolidated condensed statements of operations and statements of cash flows for the three months and six months ended June 30, 2005 have been restated to reflect the reclassification of the charge for impairment of intangible assets of \$6,362,849 from continuing operations to discontinued operations. The reclassification had no effect on the consolidated net income or cash flows of the Company for the periods presented.

Table of Contents**Section 10.4 Defense of Third-Party Actions.**

(a) A party seeking indemnification under this Article X (an Indemnified Party) shall give prompt written notice to any Person who is obligated to provide indemnification hereunder (an Indemnifying Party) of the commencement or assertion of any action, proceeding, demand, or claim by a third party other than any claim relating to Taxes (which is covered by Section 11.5) (collectively, a Third-Party Action) in respect of which such Indemnified Party shall seek indemnification hereunder; provided, that the failure to so notify shall not relieve the Indemnifying Party of its obligations hereunder, except to the extent that the Indemnifying Party is actually and materially prejudiced thereby. The Indemnifying Party shall have ten (10) days after receipt of such notice to assume control of the defense of, settle, or otherwise dispose of such Third-Party Action, through counsel reasonably acceptable to the Indemnified Party at the expense of the Indemnifying Party, and on such terms as it deems appropriate; provided, that the Indemnifying Party shall be entitled to assume the defense of such action only to the extent the Indemnifying Party acknowledges its indemnity obligation and assumes and holds such Indemnified Party harmless from and against the full amount of any loss resulting therefrom (subject to the limitations set forth in Section 10.6(a)); and provided, further, that: (i) the Indemnified Party shall have the right to retain control of the defense of, settle, or otherwise dispose of such Third-Party Action on such terms as it deems appropriate, but only if the Indemnified Party waives all claims for indemnification from the Indemnifying Party with respect to such Third-Party Action; (ii) the Indemnified Party shall be entitled, at its own expense, to participate in, but not control, the defense of such Third-Party Action; and (iii) the Indemnifying Party shall not consent to the entry of any judgment or enter into any settlement that does not include as an unconditional term thereof the giving by each claimant or plaintiff to each Indemnified Party a full release from all liability in respect of such Third-Party Action.

(b) If the Indemnifying Party does not notify the Indemnified Party within ten (10) days after the receipt of the Indemnified Party's notice of a claim of indemnity hereunder that it elects to undertake the defense thereof, the Indemnified Party shall have the right to contest, settle or compromise the claim but shall not thereby waive any right to indemnity therefor pursuant to this Agreement.

(c) The parties hereto shall extend reasonable cooperation in connection with the defense of any Third-Party Action pursuant to this Article X and, in connection therewith, shall furnish such records, information, and testimony and attend such conferences, discovery proceedings, hearings, trials, and appeals as may be reasonably requested.

Section 10.5 Direct Claims. In any case in which an Indemnified Party seeks indemnification hereunder which is not subject to Section 10.4 because no Third-Party Action is involved, the Indemnified Party shall notify the Indemnifying Party in writing of any Indemnified Costs which such Indemnified Party claims are subject to indemnification under the terms hereof. The failure of the Indemnified Party to exercise promptness in such notification shall not amount to a waiver of such claim unless the resulting delay actually and materially prejudices the position of the Indemnifying Party with respect to such claim.

Section 10.6 Limitations. No Indemnifying Party shall be required to indemnify an Indemnified Party for any Indemnified Costs under this Article X for breaches of any of the representations and warranties set forth in this Agreement unless the aggregate of all Indemnified Costs of the Indemnifying Party pursuant to this Article X for breaches of any of the representations and warranties set forth in this Agreement exceeds Fifty Thousand Dollars (\$50,000) (the Basket); in which event such indemnity shall apply only for the amounts by which such claim or claims exceed such Basket; provided, however, that the Basket and Cap will not apply to breaches of the representations and warranties set forth in Section 3.2 (Authority of Shareholder; Consents), Section 3.3 (Capitalization; Title), Section 3.12 (Taxes), Section 3.20 (Employee Benefit Plans and Other Plans), Section 3.34 (Net Worth), or the indemnification obligations in Section 10.2(iv), (v), (vi) or (vii) of this Agreement. Anything contained in this Agreement to the contrary notwithstanding, the total liability of the Indemnifying Party in relation to the Indemnification obligations pursuant to this Article X shall not exceed One Million Dollars (\$1,000,000.00) (Cap).

The term Time of Determination as used herein shall be the time and date of the earlier to occur of (A) the date as of which the Current Market Value is to be computed and (B) the last full trading day on such exchange or market before the commencement of ex-dividend trading in the Common Stock relating to the event giving rise to the adjustment required by Section 2. The closing price for any day shall be the last reported sale price regular way or, in case no such reported sale takes place on such day, the average of the closing bid and asked prices regular way for such day, in each case (1) on the principal national securities exchange on which the Common Shares are listed or to which such shares are admitted to trading or (2) if the Common Shares are not listed or admitted to trading on a national securities exchange, in the over-the-counter market as reported by NASDAQ or any comparable system or (3) if the Common Shares are not listed on NASDAQ or a comparable system, as furnished by two members of the NASD selected from time to time in good faith by the Board of Directors of the Company for that purpose. In the absence of all of the foregoing, or if for any other reason the Current Market Value per share cannot be determined pursuant to the foregoing provisions of this Section 1(c), the Current Market Value per share shall be the fair market value thereof as determined in good faith by the Board of Directors of the Company.

2. Adjustment in Exercise Price and Number of Shares. The initial exercise price of \$0.01 per share shall be subject to adjustment from time to time as hereinafter provided (such price, as last adjusted, being herein called the Exercise Price). Upon each adjustment of the Exercise Price, the holder of this Warrant Certificate shall thereafter be entitled to purchase at the Exercise Price resulting from such adjustment, the number of shares obtained by dividing (i) the product of (A) the number of shares purchasable pursuant hereto immediately prior to such adjustment and (B) the Exercise Price immediately preceding such adjustment by (ii) the Exercise Price resulting from such adjustment.

(a) Subdivision or Combination of Stock. If and whenever the Company shall at any time subdivide its outstanding Common Shares into a greater number of shares, the Exercise Price in effect immediately prior to such subdivision shall be proportionately reduced, and conversely, in case the outstanding Common Shares of the Company shall be combined into a smaller number of shares, the Exercise Price in effect immediately prior to such combination shall be proportionately increased.

(b) Stock Dividends. If and whenever at any time the Company shall declare a dividend or make any other distribution upon any class or series of stock of the Company payable in Common Shares, the Exercise Price in effect immediately prior to such dividend or distribution shall be proportionately reduced as if such dividend or distribution had been made by way of a subdivision pursuant to Section 2(a) above.

(c) Reorganization, Reclassification, Consolidation, Merger. If any capital reorganization, reclassification of the capital stock of the Company, consolidation or merger of the Company with another corporation, or sale, transfer or other disposition of all or substantially all of the Company's properties to another corporation shall be effected, then, lawful and adequate provision shall be made whereby each holder of Warrants shall thereafter have the right to purchase and receive upon the basis and upon the terms and conditions herein specified and in lieu of the Common Shares immediately theretofore issuable upon exercise of the Warrants, such shares of stock, securities or properties (including cash paid as partial consideration) (collectively, the Substitute Securities) as may be issuable or payable with respect to or in exchange for a number of outstanding Common Shares equal to the number of Common Shares issuable upon exercise of the Warrants immediately prior to such reorganization, reclassification, consolidation, merger, sale, transfer or other disposition, and in any such case, appropriate provision shall be made with respect to the rights and interests of each holder of Warrants to the end that the provisions hereof shall thereafter be applicable, as nearly equivalent as may be practicable in relation to any Substitute Securities thereafter deliverable upon the

exercise thereof. The above provisions of this Section 2(c) shall similarly apply to successive reorganizations, reclassification, consolidations, mergers, sales, transfers or dispositions.

(d) Additional Common Shares. In the event that the Company shall issue or sell Additional Common Shares or Rights (excluding Excluded Securities) at a Consideration Per Share lower than the Reference Price, then

N-2

Table of Contents

the Exercise Price in effect immediately after such event shall be adjusted by multiplying the Exercise Price in effect immediately prior to such event by the quotient of:

(i) the sum of:

(A) the number of Common Shares outstanding immediately prior to such event (calculated on a fully diluted basis taking into account all outstanding Rights); plus

(B) the quotient of (I) the Aggregate Consideration Receivable in respect of such event, divided by (II) the Reference Price; divided by

(ii) the sum of:

(A) the number of Common Shares outstanding immediately prior to such event (calculated on a fully diluted basis taking into account all outstanding Rights); plus

(B) the number of Additional Common Shares issued or sold in such event (or then issuable pursuant to Rights issued or sold in such event).

Additional Common Shares means any Common Shares issued or sold by the Company after the date hereof.

Aggregate Consideration Receivable means, in the case of a sale of Additional Common Shares, the aggregate amount paid to the Company in connection therewith and, in the case of an issuance or sale of Rights, or any amendment thereto, the sum of: (i) the aggregate amount paid to the Company for such Rights; plus (ii) the aggregate consideration or premiums stated in such Rights payable for Additional Common Shares covered thereby; in each case without deduction for any fees, expenses or underwriters' discounts.

Consideration Per Share shall mean, with respect to Common Shares or Rights, the quotient of (i) the Aggregate Consideration Receivable in respect of such Common Shares or such Rights; divided by (ii) the total number of such Common Shares or, in the case of Rights, the total number of Common Shares covered by such Rights.

Excluded Securities shall mean and include: (i) Common Shares or Rights issued in any of the transactions described in this Section 2(d) in respect of which an adjustment has been made pursuant to this Section 2(d) and any Common Shares issued in respect of Rights for which an adjustment has been made under this Section 2(d) or in respect of which no adjustment was required at the time of the issuance of such Rights under this Section 2(d); (ii) Common Shares issuable upon exercise of the Warrants; (iii) Common Shares issuable upon exercise of any options or warrants granted, or Common Shares granted as restricted stock units, pursuant to the Company's 2004 Incentive Plan, the Company's 2001 Stock Option Plan or any other equity incentive plan approved by the Board of Directors, provided that in any case the aggregate number of Common Shares issuable in respect thereof shall not at any time exceed 10% of all Common Shares determined on a fully diluted basis taking into account all outstanding Rights; (iv) Common Shares issued pursuant to the conversion provisions existing as of the date hereof in respect of the Company's Class B Common Stock, par value \$0.0001 per share, the Company's Class C Common Stock, par value \$0.0001 per share, and the Company's Class D Common Stock, par value \$0.0001 per share, in each case, to the extent, but only to the extent, that such shares of Class B Common Stock, Class C Common Stock and Class D Common Stock were outstanding as of the date hereof; (v) any Common Shares whose issuance has been otherwise adjusted pursuant to Sections 2(a), 2(b) or 2(c) above; (vi) any Common Shares or Rights issued pursuant to the PIK dividend provisions of the Company's Second Amended and Restated Certificate of Incorporation as in effect on the date hereof; (vii) any Common Shares or Rights issued as full or partial consideration for the acquisition by the Company (or any subsidiary thereof) of all or substantially all of the capital stock or assets of any third party; and

(viii) any Common Shares or Rights issued by the Company to any lender in connection with the provision by such lender of financing to the Company, provided that the aggregate number of Common Shares issuable in respect thereof shall not at any time exceed 5% of all Common Shares determined on a fully diluted basis taking into account all outstanding Rights.

Reference Price shall mean \$ per Common Share.

Right shall mean and include: (i) any warrant or any option (including, without limitation, employee stock options) to acquire Common Shares; (ii) any right issued to holders of Common Shares permitting the holders thereof to subscribe for Additional Common Shares (pursuant to a rights offering or otherwise); (iii) any right to

N-3

acquire Common Shares pursuant to the provisions of any security convertible or exchangeable into Common Shares; and (iv) any similar right permitting the holder thereof to subscribe for or purchase Common Shares.

In the event that the Company shall issue and sell Common Shares or Rights for a consideration consisting, in whole or in part, of property (including, without limitation, a security) other than cash or its equivalent, then in determining the Aggregate Consideration Receivable, the Board of Directors shall determine, in good faith and on a reasonable basis, the fair value of such property, and such determination, if so made, shall be binding upon the holder of this Warrant. Upon the expiration of any Rights, with respect to which an adjustment was required to be made pursuant to this Section 2(d), without the full exercise thereof, the Exercise Price and the number of Common Shares purchasable upon the exercise of each Warrant shall, upon such expiration, be readjusted and shall thereafter be the Exercise Price and the number of Common Shares, as would have been had, had they been originally adjusted (or had the original adjustment not been required, as the case may be) as if: the only Common Shares issuable under such Rights were the Common Shares, if any, actually issued or sold upon the exercise of such Rights; and such Common Shares, if any, were issued or sold for the consideration actually received by the Company upon such exercise plus the aggregate consideration, if any, actually received by the Company for the issuance, sale or grant of all of such Rights, whether or not exercised, provided that no such readjustment shall have the effect of increasing the Exercise Price by an amount in excess of the amount of the reduction initially made in respect of the issuance, sale, or grant of such Rights. If, with respect to any of the Rights with respect to which an adjustment was required to be made pursuant to this Section 2(d), there is an increase or decrease in the consideration payable to the Company in respect of the exercise thereof, or there is an increase or decrease in the number of Common Shares issuable upon the exercise thereof (by change of rate or otherwise), the Exercise Price computed upon the original issue and sale thereof, and any subsequent adjustments based thereon, shall, upon any such increase or decrease becoming effective, be recomputed to reflect such increase or decrease insofar as it affects such Rights which are outstanding at such time.

3. Company to Provide Stock. The Company covenants and agrees that all the Common Shares which may be issued upon the exercise of the Warrants evidenced hereby upon the due exercise, including the receipt by the Company of the aggregate Exercise Price for all Warrants exercised, will be duly authorized, validly issued and fully paid and nonassessable and free from all taxes, liens and charges with respect to the issue thereof to the registered holder hereof other than those which the Company shall promptly pay or discharge. The Company further covenants and agrees that during the period within which the Warrants evidenced hereby may be exercised, the Company will at all times reserve such number of Common Shares as may be sufficient to permit the exercise in full of the Warrants hereby.

4. Other Notices. If any time prior to the Expiration Date of the Warrants evidenced hereby:

(a) The Company shall declare any dividend on the Common Shares payable in shares of capital stock of the Company other than Common Shares; or

(b) The Company shall issue any options, warrants or rights pro rata to all holders of Common Shares entitling them to subscribe for or purchase any shares of stock of the Company or to receive any other rights; or

(c) The Company shall distribute pro rata to all holders of Common Shares evidences of its indebtedness or assets (including cash distributions); or

(d) There shall occur any reclassification of the Common Shares, or any consolidation or merger of the Company with or into another corporation (other than a consolidation or merger in which the Company is the continuing corporation and which does not result in any reclassification of the Common Stock) or a sale or transfer to another corporation of all or substantially all of the properties of the Company; or

(e) There shall occur the voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company;

then, and in each of such cases, the Company shall mail to the registered holder hereof at its last address appearing on the books of the Company, a reasonable time (and, in any event, at least fifteen (15) business days) prior to the applicable record date (or determination date) mentioned below, a notice stating, to the extent such information is available, (i) the date on which a record is to be taken for the purpose of such dividend, distribution or rights, or, if a

N-4

Table of Contents

record is not to be taken, the date as of which the holders of Common Shares of record to be entitled to such dividend, distribution or rights are to be determined, or (ii) the date on which such liquidation, dissolution or winding up is expected to become effective and the date as of which it is expected that holders of Common Shares of record shall be entitled to exchange their Common Shares for securities or other property deliverable upon such reclassification, consolidation, merger, sale, transfer, liquidation, dissolution or winding up.

5. Replacement of Warrants. On receipt of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Warrant Certificate, and in the case of any such loss, theft or destruction of this Warrant Certificate, on delivery of an indemnity agreement reasonably satisfactory in form and substance to the Company (provided that an unsecured agreement of indemnity from Phoenix Life Insurance Company shall be deemed satisfactory) or, in the case of any such mutilation, on surrender and cancellation of such Warrant Certificate, unless the Company has received notice that any such Warrant Certificate has been acquired by a bona fide purchase, the Company at its expense will execute and deliver, in lieu thereof, a new Warrant Certificate of like tenor.

6. Registered Holder. The registered holder of this Warrant Certificate shall be deemed the owner hereof and of the Warrants evidenced hereby for all purposes. The registered holder of this Warrant Certificate shall not be entitled by virtue of ownership of this Warrant Certificate to any rights whatsoever as a stockholder of the Company.

7. Amendments and Waivers. Any provision in this Warrant Certificate to the contrary notwithstanding, changes in or additions to this Warrant Certificate may be made and compliance with any covenant or provision herein set forth may be omitted or waived if the Company shall obtain consent thereto in writing from the holder hereof.

8. Transfer.

(a) None of this Warrant Certificate and the Warrants evidenced hereby nor any Common Shares issued on exercise hereof may be sold, transferred, pledged, hypothecated or otherwise disposed of unless and until: (i) there is then in effect a registration statement under the Securities Act of 1933, as amended (the Securities Act), covering such proposed disposition and such disposition is made in accordance with such registration statement and all applicable state securities laws; or (ii) (A) the transferor shall have notified the Company of the proposed disposition and shall have furnished the Company with a statement of the circumstances surrounding the proposed disposition, and (B) if reasonably requested by the Company, such transferor shall have furnished the Company with an opinion of counsel, reasonably satisfactory to the Company (which opinion may be from internal counsel of such transferor if transferor is a financial institution), that such disposition will not require registration of such securities under the Securities Act and that all requisite action has been or will, on a timely basis, be taken under any applicable state securities laws in connection with such disposition; and (iii) the proposed transferee shall have agreed in writing to be bound by the terms and provisions of this Section 8.

(b) Notwithstanding the provisions of Section 8(a), no such registration statement or opinion of counsel shall be necessary for a transfer pursuant to Rule 144(k) promulgated under the Securities Act, or a transfer to an entity wholly owned by such transferor, if the transferee agrees in writing to be subject to the terms hereof to the same extent as if such transferee were an original holder of this certificate.

(c) This Warrant Certificate may be transferred only in whole and not in part.

(d) The Company shall keep at its principal executive office a register for the registration of transfers of this Warrant Certificate. The name and address of the holder of this Warrant Certificate, each transfer thereof and the name and address of each transferee thereof shall be registered in such register. Subject to the requirements set forth above in this Section 8, upon surrender of this Warrant Certificate at the principal executive office of the Company for registration of transfer (duly endorsed or accompanied by a written instrument of transfer duly executed by the

registered holder of this Warrant Certificate or its attorney duly authorized in writing and accompanied by the address for notices of the transferee of this Warrant Certificate), the Company shall execute and deliver, at the Company's expense (except as provided below), a new Warrant Certificate (as requested by the holder thereof) in exchange therefor. Subject to the requirements set forth above in this Section 8, each such new Warrant Certificate shall be registered to such person as such holder may request and shall be substantially in the form of the old Warrant Certificate being so replaced. The Company may require payment of a sum sufficient to cover any stamp tax or governmental charge imposed in respect of any such transfer of this Warrant Certificate.

PROPOSAL LETTER
\$16.5 MILLION SENIOR SECURED CREDIT FACILITY

Dear Terrence:

As we, Wells Fargo Foothill, Inc. (*WFF*), understand, Orion HealthCorp Inc. (the *Company* or *you*) is desirous of obtaining financing in order to (a) refinance certain of its existing indebtedness, (b) finance working capital, capital expenditures, acquisitions and general corporate purposes, and (c) pay fees and expenses associated with the transaction (the *Transaction*). Based upon information known to us today concerning the Transaction, we are pleased to provide you with this letter, and the Term Sheet attached hereto, which establishes the terms and conditions under which WFF proposes to provide to Company a \$16,500,000 senior secured credit facility (the *Facility*).

This letter is a proposal, to be used as a basis for continued discussions, and does not constitute a commitment of WFF, or an agreement to deliver such a commitment. If delivered, such a commitment would be subject to WFF's receipt of credit approval for the Transaction. Please note, moreover, that the terms and conditions of the proposed Facility are not limited to those set forth herein or in the Term Sheet. Those matters that are not covered or made clear herein or in the Term Sheet are subject to mutual agreement of the parties.

This letter replaces and supersedes the proposal letter between the parties hereto dated as of August 17, 2006.

Costs and Expenses

In consideration of the proposal of WFF and recognizing that in connection herewith WFF is incurring costs and expenses (including, without limitation, fees and disbursements of counsel, filing and recording fees, costs and expenses of due diligence, transportation, duplication, messenger, appraisal, audit, and syndication, and consultant costs and expenses), you hereby agree to pay, or reimburse WFF for all such costs and expenses, regardless of whether the Transaction contemplated hereby is consummated. You also agree to pay all costs and expenses of WFF (including, without limitation, fees and disbursements of counsel) incurred in connection with the enforcement of any of its rights and remedies hereunder.

Upon accepting this proposal letter, you agree to pay to WFF an expense deposit and work fee which shall be applied to the payment of costs and expenses payable by you pursuant to the preceding paragraph. WFF will be entitled to retain the Deposit regardless of whether a commitment letter consistent with the terms of this proposal letter is issued or the Facility is consummated; *provided, however*, that if either (a) Company closes the proposed financing with WFF, or (b) WFF notifies you in writing that it is no longer willing to pursue the proposed financing, any unapplied balance of the Deposit will be refunded to you. Such Deposit shall be \$40,000 paid and due upon execution of this Letter and attached Term Sheet. Subsequent amounts shall be paid by you upon mutual agreement from time to time through the closing date, at which point all expenses incurred are due and payable.

Confidentiality

You agree that this proposal letter (including the Term Sheet) is for your confidential use only and that neither its existence, nor the terms hereof, will be disclosed by you to any person other than your officers, directors, employees, potential investors (other than potential senior debt lenders) and principals and advisors of the anticipated acquisition companies, accountants, attorneys, and other advisors, and then only on a need-to-know basis in connection with the Transaction contemplated hereby and on a confidential basis. Indemnification

You agree to indemnify and hold harmless WFF, each of its affiliates, and each of its officers, directors, employees, agents, advisors, attorneys, and representatives (each, an ***Indemnified Party***) from and against any and all claims, damages, losses, liabilities, and expenses (including, without limitation, fees and disbursements of counsel), that may be incurred by or asserted or awarded against any Indemnified Party, in each case, arising out of or in connection with or relating to this proposal letter, the loan documentation, or the Transaction contemplated hereby, or any use made or proposed to be made with the proceeds of the Facility, and whether or not the Transaction contemplated hereby is consummated, except to the extent such claim, damage, loss, liability, or expense is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct.

You further agree that no Indemnified Party shall have any liability (whether direct or indirect, in contract, tort or otherwise) to Company for or in connection with the Transaction contemplated hereby, except to the extent such liability is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct. In no event, however, shall any Indemnified Party be liable on any theory of liability for any special, indirect, consequential or punitive damages. ***Governing Law, Etc.***

This proposal letter may be terminated by either party by giving written notice to the other party hereto; *provided, however*, that the Costs and Expenses, Confidentiality, Indemnity, Governing Law, and Waiver of Jury Trial provisions hereof shall survive such termination.

Waiver of Jury Trial

Each party hereto irrevocably waives all right to trial by jury in any action, proceeding, or counterclaim (whether based on contract, tort, or otherwise) arising out of or relating to this proposal letter or the Transaction contemplated hereby or the actions of WFF or any of its affiliates in the negotiation, performance, or enforcement of this proposal letter.
