COLONIAL HIGH INCOME MUNICIPAL TRUST SEMIANNUAL REPORT

May 31, 2001

[graphic omitted]

President's Message

Dear Shareholder:

Toward the end of 2000, it became apparent that the US economy was not going to experience the "soft landing" the Federal Reserve Board (the Fed) had intended. In hopes of re-stimulating the sagging economy, the Fed began reducing short-term interest rates just after the first of the year. We saw five rate cuts during the six-month period ended May 31, 2001, bringing the short-term interest rate down from 6.5% to 4.0%.

The aggressive rate cuts created some concern in the markets that the Fed was providing too much economic stimulation, causing some fear that inflationary pressures could surface. However, the weakness in the economy, and in corporate profits, prompted investors to rotate some assets out of the stock market and into the municipal bond market -- a shift which provided support for municipal bond prices.

The following report will provide you with information about the fund's performance and the strategies used by portfolio manager Maureen G. Newman and associate portfolio manager Gary Lasman. As always, we thank you for choosing Colonial High Income Municipal Trust and for giving us the opportunity to serve your investment needs.

Respectfully,

/s/ Stephen E. Gibson

Stephen E. Gibson
President
July 12, 2001

PORTFOLIO MANAGERS' REPORT

As economic growth slowed and the stock market weakened, investors looked to diversify their portfolios by investing in municipal bonds. The Colonial High

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

Income Municipal Trust benefited from this increased demand for municipal bonds, returning 5.46% at NAV for the six-month period ended May 31, 2001. This performance exceeded that of the fund's benchmark, the Lehman Municipal Bond Index, which returned 4.73% for the same period. A strong income stream also helped to boost total return during the period.

The fund is leveraged through the use of preferred shares, which pay interest rates comparable to those of short-term securities. Approximately one-third of the fund's assets were raised through the issuance of preferred shares, and that money was invested in long-term municipal bonds which typically pay higher yields. While the issuance of preferred shares provides the possibility of higher tax-exempt income, it also adds price volatility to the portfolio.

During the first half of 2001, the Fed aggressively cut interest rates. We feel the bond market probably overreacted to concerns about inflation stemming from these cuts, and that the recent drop in bond prices has created some good opportunities in the bond market. While we do not expect to see inflation return in the months to come, we also do not expect a strong economic rebound in the second half of 2001. We anticipate further rate cuts from the Fed, although not on such an aggressive schedule, and we have positioned the fund to take advantage of lower long-term interest rates.

/s/ Maureen G. Newman

/s/ Gary A. Lasman

MAUREEN G. NEWMAN is portfolio manager of Colonial High Income Municipal Trust and a senior vice president of Colonial Management Associates, Inc. (CMA).

GARY A. LASMAN is associate portfolio manager of Colonial High Income Municipal Trust and a vice president of CMA.

Tax-exempt investing offers current tax-free income but also involves certain risks. The value of the fund will be affected by interest rate changes and the creditworthiness of issues held in the fund. The municipal bond management team identifies problems and opportunities and reacts quickly to market changes.

NOTES TO INVESTMENT PORTFOLIO:

-
- (a) Zero coupon bond.
 - (b) This issuer is in default of certain debt covenants. Income is not being accrued.
 - (c) Accrued interest accumulates in the value of the security and is payable at redemption.
 - (d) Denotes restricted security, which is subject to restrictions on resale under Federal Securities laws. At May 31, 2001, these securities amounted to \$5,176,250, which represented 1.5% of net assets.

Additional information on these restricted securities held at May 31, 2001, is as follows:

SECURITY	ACQUISITION DATE	ACQUISITION COST

Charter Mac Equity Issue Trust	06/11/99	\$ 500,000
Muni Mae Equity Issue Trust	05/30/00	2,000,000
TX Galveston Health Facilities Center	09/28/94	1,000,000

- (e) The Trust has been informed that each issuer has placed direct obligations of the U.S. Government in an irrevocable trust, solely for the payment of the principal and interest.
- (f) This security, or a portion thereof, with a total market value of \$13,945,028, is being used to collateralize open futures contracts.
- (g) Variable rate demand notes are considered short-term obligations. Interest rates change periodically on specified dates. These securities are payable on demand and are secured by either letters of credit or other credit support agreements from banks. The rates listed are as of May 31, 2001.
- (h) Cost for federal income tax purposes is the same.

NOTES TO FINANCIAL STATEMENTS
May 31, 2001 (Unaudited)

NOTE 1. ACCOUNTING POLICIES

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

ORGANIZATION

Colonial High Income Municipal Trust (the "Trust"), is a Massachusetts business trust registered under the Investment Company Act of 1940 (the "Act"), as amended, as a diversified, closed-end, management investment company. The Trust's investment objective is to provide high current income, generally exempt from federal income taxes, by investing primarily in medium and lower quality municipal securities. The Trust authorized an unlimited number of common shares of beneficial interest and 4,800 Auction Preferred Shares ("APS").

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The following significant accounting policies are consistently followed by the Trust in the preparation of its financial statements.

SECURITY VALUATION AND TRANSACTIONS

Debt securities generally are valued by a pricing service based upon market transactions for normal, institutional-size trading units of similar securities. When management deems it appropriate, an over-the-counter or exchange bid quotation is used.

Futures contracts are valued based on the difference between the last sale price and the opening price of the contract.

Options are valued at the last reported sale price, or in the absence of a sale, the mean between the last quoted bid and asking price.

Short-term obligations with a maturity of 60 days or less are valued at amortized cost.

Portfolio positions for which market quotations are not readily available are valued at fair value under procedures approved by the Trustees.

Security transactions are accounted for on the date the securities are purchased, sold or mature.

Cost is determined and gains and losses are based upon the specific identification method for both financial statement and federal income tax purposes.

The Trust may trade securities on other than normal settlement terms. This may increase the risk if the other party to the transaction fails to deliver and causes the Trust to subsequently invest at less advantageous prices.

FEDERAL INCOME TAXES

Consistent with the Trust's policy to qualify as a regulated investment company and to distribute all of its taxable and tax-exempt income, no federal income tax has been accrued.

INTEREST INCOME, DEBT DISCOUNT AND PREMIUM

Interest income is recorded on the accrual basis. Original issue discount is accreted to interest income over the life of a security with a corresponding increase in the cost basis; market discount is not accreted. Premium is amortized against interest income with a corresponding decrease in the cost basis.

Effective December 1, 2001, the Trust will adopt the provisions of the AICPA Audit and Accounting Guide for Investment Companies and will be required to

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

amortize premium and discount on all debt securities. Upon the effective date, this accounting principle change will not have an impact on total net assets but will result in a reclassification between cost of securities held and net unrealized appreciation/depreciation. The Trust currently has not determined the impact of the adoption of the new accounting policy.

DISTRIBUTIONS TO SHAREHOLDERS

Distributions to common and preferred shareholders are recorded on the ex-date.

The amount and character of income and gains to be distributed are determined in accordance with income tax regulations which may differ from generally accepted accounting principles. Reclassifications are made to the Trust's capital accounts to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations.

Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. Each dividend payment period for the APS is generally seven days. The applicable dividend rate for the APS on May 31, 2001 was 3.20% for Series T and 3.10% for Series W. For the six months ended May 31, 2001, the Trust paid dividends to Auction Preferred shareholders amounting to \$2,215,543 representing an average APS dividend rate for such period of 3.70%.

NOTE 2. FEES AND COMPENSATION PAID TO AFFILIATES MANAGEMENT FEE

Colonial Management Associates, Inc. (the "Advisor") is the investment advisor of the Trust and furnishes accounting and other services and office facilities for a monthly fee equal to 0.80% annually of the Trust's average weekly net assets.

BOOKKEEPING FEE

The Advisor provides bookkeeping and pricing services for a monthly fee equal to \$18,000 per year plus 0.0233% annually of the Trust's average weekly net assets over \$50 million.

OTHER

The Trust pays no compensation to its officers, all of whom are employees of the Advisor.

The Trust's Trustees may participate in a deferred compensation plan which may be terminated at any time. Obligations of the plan will be paid solely out of the Trust's assets.

NOTE 3. PREFERRED SHARE OFFERING

On August 20, 1999, the Trust offered and currently has outstanding 4,800 APS (2,400 shares each of Series T and W). The APS are redeemable at the option of the Trust on any dividend payment date at the redemption price of \$25,000 per share, plus an amount equal to any dividends accumulated on a daily basis unpaid through the redemption date (whether or not such dividends have been declared). Total proceeds, net of commissions, of \$118,500,000, were received upon completion of the offering.

Costs incurred by the Trust in connection with the offering of the APS totaling and \$282,640 and \$106,148 for fiscal year 2000 and 1999, respectively, were recorded as a reduction of capital paid in excess of par applicable to common shares.

Under the Act, the Trust is required to maintain asset coverage of at least 200% with respect to the APS as of the last business day of each month in which any APS are outstanding. Additionally, the Trust is required to meet more stringent asset coverage requirements under the terms of the APS and in accordance with the guidelines prescribed by the rating agencies. Should these

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

requirements not be met, or should dividends accrued on the APS not be paid, the Trust may be restricted in its ability to declare dividends to common shareholders or may be required to redeem certain of the APS. At May 31, 2001, there were no such restrictions on the Trust.

NOTE 4. PORTFOLIO INFORMATION INVESTMENT ACTIVITY

During the six months ended May 31, 2001, purchases and sales of investments, other than short-term obligations, were \$27,554,005 and \$30,412,558, respectively.

Unrealized appreciation (depreciation) at May 31, 2001, based on cost of investments for federal income tax purposes was:

Gross unrealized appreciation	\$ 2,481,343
Gross unrealized depreciation	(12,864,196)

Net unrealized depreciation	\$(10,382,853)
	=====

CAPITAL LOSS CARRYFORWARDS

At November 30, 2000, capital loss carryforwards available (to the extent provided in regulations) to offset future realized gains were approximately as follows:

YEAR OF EXPIRATION	CAPITAL LOSS CARRYFORWARD
-----	-----
2001	\$ 5,578,000
2002	6,579,000
2003	5,268,000
2004	2,815,000
2005	5,927,000
2007	3,942,000
2008	14,341,000

	\$44,450,000

Expired capital loss carryforwards, if any, are recorded as a reduction of paid-in capital.

To the extent loss carryforwards are used to offset any future realized gains, it is unlikely that such gains would be distributed since they may be taxable to shareholders as ordinary income.

OTHER

There are certain risks arising from geographic concentration in any state. Certain revenue or tax related events in a state may impair the ability of certain issuers of municipal securities to pay principal and interest on their obligations.

The Trust may focus its investments in certain industries, subjecting it to greater risk than a fund that is more diversified.

The Trust may purchase or sell municipal and Treasury bond futures contracts and purchase and write options on futures. The Trust may invest in these instruments to hedge against the effects of changes in the value of portfolio securities due to anticipated changes in interest rates and/or market conditions, for duration management, or when the transactions are economically appropriate to the reduction of risk inherent in the management of the Trust and not for trading purposes. The use of futures contracts and options involves certain risks, which include (1) imperfect correlation between the price movement of the instruments and the underlying securities, (2) inability

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

to close out positions due to different trading hours or the temporary absence of a liquid market for either the instrument or the underlying securities or (3) an inaccurate prediction by the Advisor of the future direction of interest rates. Any of these risks may involve amounts exceeding the amount recorded in the Trust's Statement of Assets and Liabilities at any given time.

FINANCIAL HIGHLIGHTS

Selected per share data, total return, ratios and supplemental data throughout each period are as follows (common shares unless otherwise noted):

	(UNAUDITED) SIX MONTHS ENDED MAY 31,	YEAR ENDED NOVEMBER 30	PERIOD ENDED NOVEMBER 30,

- (a) The Fund changed its fiscal year end from December 31 to November 30.
- (b) Total return at market value assuming all distributions reinvested and excluding brokerage commissions.
- (c) Not annualized.
- (d) The benefits derived from custody credits and directed brokerage arrangements had no impact.
- (e) Annualized.
- (f) Ratios reflect net assets available to common shares only; net investment income ratio also reflects net investment income less payments to preferred shareholders.
- (g) The per share net investment income amount does not reflect the period's reclassifications of net investment income on a per share basis net investment income.

DIVIDEND REINVESTMENT PLAN

As a shareholder in the Trust you are eligible to participate in the Dividend Reinvestment Plan.

The Trust generally distributes net investment income and net short-term capital gains monthly and net long-term capital gains annually. Under the Trust's Dividend Reinvestment Plan (the "Plan") all distributions are reinvested automatically in additional shares of the Trust, unless the shareholder elects to receive cash or the shares are held in broker or nominee name and a reinvestment service is not provided by the broker or nominee. All cash distributions will be mailed by check directly to the record holder by the dividend paying agent.

If the market price of Trust shares on the distribution payment date is equal to or greater than the net asset value, Plan participants will be issued shares at the higher of net asset value or 95% of the market price. However, if the market price of shares is less than the net asset value, shares will be bought as soon as practicable (but no more than 30 days after the distribution, except as may be required to comply with federal securities laws) in the open market for the accounts of Plan participants. If, during this purchase period, the market price surpasses the net asset value, the average per share price paid may exceed the net asset value of the shares, resulting in the acquisition of fewer shares than if the distribution had been in newly-issued shares. The aggregate market value of the shares may constitute taxable income to shareholders for federal income tax purposes.

All Plan accounts receive monthly written confirmations of all transactions. Shares purchased under the Plan ordinarily are held in uncertificated form, although each participant has the right to receive certificates for whole shares owned by the participant. Each shareholder's proxy includes shares purchased pursuant to the Plan. The automatic reinvestment of distributions does not relieve participants of any income tax payable on the distributions.

There is no charge to Plan participants for reinvesting distributions. Fees and

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-30D

expenses of the Plan other than brokerage charges are paid by the Trust. Participants bear a pro-rata share of brokerage charges incurred on open market purchases of shares issued under the Plan. A shareholder may elect not to participate or terminate his or her participation in the Plan by written notice to the Plan administrator. Such notice must be received by the Plan administrator before the dividend record date in order to be effective with respect to that dividend. The Plan may be amended or terminated on 30 days' written notice to the Plan participants. Upon withdrawal by any participant or any termination of the Plan, certificates for whole shares will be issued and cash payments will be made for any fractional shares. All correspondence concerning the Plan should be directed to EquiServe Trust Company, the Trust's dividend disbursing agent and administrator of the Plan, at P.O. Box 1681, Boston, Massachusetts 02105, Attention: Dividend Reinvestment Department.

TRANSFER AGENT

IMPORTANT INFORMATION ABOUT THIS REPORT

The Transfer Agent for Colonial High Income Municipal Trust is:

EquiServe Trust Company
100 Federal Street
Boston, MA 02110
1-800-730-6001

The Colonial High Income Municipal Trust mails one shareholder report to each shareholder address. If you would like more than one report, please call 1-800-426-3750 and additional reports will be sent to you.

This report has been prepared for shareholders of Colonial High Income Municipal Trust.
