Edgar Filing: VIVENDI UNIVERSAL - Form 11-K

annual earnings, subject to a 12% maximum in pre-tax contributions and 17% maximum in after-tax contributions. Highly compensated employees, as defined by the Plan, are allowed to make pre-tax contributions up to 17% with a limit of 12% of their pre-tax account. Matching contributions were increased to 60% of the first 6% of participants' pre-tax and after-tax contributions made during each payroll period.

Participants may elect to have their contributions and matching contributions invested in a variety of investment funds. Investment elections or contribution rate changes can be changed on any business day and must be made in increments of 1%.

Participants are 100% vested in their pre-tax, after-tax and rollover contributions. A participant's interest in the Company's matching contribution will become vested according to the following schedule:

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. For 2001, the total forfeited amount was \$25,919.

Loans: Participants may borrow from their vested account balance. The minimum loan amount is \$1,000 and the maximum is the lesser of \$50,000 or 50% of the participant's vested amount balance. Only one loan may be outstanding at any one time. The interest rate charged on loans shall be set monthly for loans made during the month. Repayments are made through payroll deductions over a

Edgar Filing: VIVENDI UNIVERSAL - Form 11-K

period of no more than 5 year although the term may be extended to 15 years if the loan is for the purpose of the participant's primary residence.

Participant Distributions: The distribution to which a plan participant is entitled is provided by the vested contributions and income thereon allocated to the participant's account. The distribution election may be made upon retirement, death, disability or termination of employment. Distributions are in the form of immediate or deferred cash lump sum or immediate or deferred installments. Installments are available only for participants who retire or who are disabled as defined by the Plan. Normal retirement age is 65; however, a participant may work past his normal retirement date and continue to participate in the Plan until termination of employment. If a former participant is rehired and has not received a distribution of his account balance, any forfeited amounts will be reinstated. If the former participant has received a distribution, then the distribution must be repaid within five years from the participant's rehire date in order to restore the forfeiture amount. There are also certain inservice withdrawals from the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Accounting records of the Plan are maintained on an accrual basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the risk associated with investment securities and the uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in risks, in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

The assets are held in trust by Bank of New York (Trustee) in the Joseph E. Seagram & Sons, Inc. Master Trust Agreement (Master Trust), which also includes assets of the 401(k) plans of the Company's affiliates, Universal Studios, Inc., UMG Manufacturing and Logistics, Inc. and Spencer Gifts, Inc. and Joseph E. Seagram & Sons, Inc. The related investment income and appreciation in fair value represents allocations to the Plan based upon the ratio of the Plan's assets to total Master Trust Assets.
