Board of Directors Meetings

The board of directors of I-trax held a total of six meetings during 2002. Each director who served in 2002, other than and Dr. Craig Jones, who resigned from the board effective December 22, 2002, and Dr. Johns, attended more than 75% of the meetings of the board and its committees of which he or she is a member.

Board of Directors' Committees

The board of directors has a compensation committee and an audit committee.

Compensation Committee

Edgar Filing: I TRAX INC - Form DEF 14A

The compensation committee is primarily responsible for determining the compensation payable to the officers and key employees of I-trax and recommending to the board additions, deletions and alterations with respect to the various employee benefit plans and other fringe benefits provided by I-trax. No member of the committee, however, may participate in decisions pertaining to his or her compensation or benefits in his or her capacity as a director of I-trax. The committee also is primarily responsible for administering I-trax's stock option plans, awarding stock options to I-trax's key employees and non-employee directors and determining the terms and conditions on which the options are granted. The committee currently has one member, Mr. Bock. Dr. Jones served on the committee through the date of his resignation from the Board on December 22, 2002. The committee did not hold separate meetings during 2002. Rather, members of the committee participated in all board meetings concerning compensation issues and had recommended a course of action with respect to compensation matters to the board at those meetings. The board of directors expects to elect a new member to the compensation committee at the 2003 annual meeting of directors, which will follow I-trax's 2003 annual meeting of stockholders.

Audit Committee

The audit committee is primarily responsible for approving the services performed by I-trax's independent auditors and reviewing and evaluating I-trax's accounting principles and reporting practices. The audit committee is also responsible for monitoring I-trax's system of internal accounting controls and has the responsibility and authority described in its charter, which is attached as Exhibit A to this proxy statement. The audit committee and the board of directors expect to review and, if necessary, amend the committee's charter as may be required by the Sarbanes-Oxley Act of 2002 and related rules and regulations at the 2003 annual meeting of directors, which will follow the 2003 annual meeting of stockholders. Currently, the audit committee consists of Mr. Wheeler, as Chairman, and Mr. Bock. Mr. Palumbo served on the committee until his resignation effective as of October 15, 2002 when he joined I-trax as an employee. Mr. Wheeler currently serves as a consultant to I-trax, and the board of directors expects to assess his continued service on the committee at the 2003 annual meeting of directors in light of the Sarbanes-Oxley Act of 2002 and related rules and regulations. The committee held two separate meetings in 2002 and one separate meeting in 2003 to review I-trax's 2002 financial statements. All of the members of the audit committee are independent, as defined in Section 121(A), as in effect on April 25, 2003, of the American Stock Exchange listing standards.

Compensation of Directors

During 2002, directors did not receive any cash payments. When Dr. Leibowitz joined the board in March 2002, he received an option grant that would allow him to purchase up to 20,000 shares of I-trax common stock at \$5.83 per share. This option grant vests over a period of two years. Directors are reimbursed for out-of-pocket expenses incurred in connection with attending board meetings.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE NOMINEES LISTED IN THIS PROXY STATEMENT.

Edgar Filing: I TRAX INC - Form DEF 14A

PROPOSAL NO. 2 RATIFICATION OF INDEPENDENT AUDITORS

I-trax is asking the stockholders to ratify the appointment of Goldstein Golub Kessler LLP as I-trax's independent auditors for the fiscal year ending December 31, 2003. The affirmative vote of the holders of a majority of shares present or represented by proxy and voting at the 2003 annual meeting will be required to ratify the appointment of Goldstein Golub Kessler LLP.

In the event the stockholders fail to ratify the appointment, the audit committee of the board of directors will reconsider its selection. Even if the appointment is ratified, the audit committee of the board, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the board feels that such a change would be in I-trax's and its stockholders' best interests.

Representatives of Goldstein Golub Kessler LLP are expected to be present at the 2003 annual meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

I-trax engaged Goldstein Golub Kessler LLP on February 19, 2003, pursuant to the authorization of the audit committee of the board to audit I-trax's financial statements for the years ending December 31, 2002 and 2003. PricewaterhouseCoopers LLP had audited I-trax's financial statements for the years ending December 31, 2000 and 2001.

I-trax filed with the Securities and Exchange Commission on February 12, 2003 a Current Report on Form 8-K to report the dismissal of PricewaterhouseCoopers LLP effective February 6, 2003 and on February 19, 2003 a Current Report on Form 8-K to report the engagement of Goldstein Golub Kessler LLP effective February 18, 2003. The board of directors and the audit committee dismissed PricewaterhouseCoopers LLP and engaged Goldstein Golub Kessler LLP after reviewing PricewaterhouseCoopers LLP's proposed fees to audit I-trax's 2002 financial statements and comparing those fees with those quoted by comparable audit firms.

During the two years ending December 31, 2002 and through February 12, 2003 there were no disagreements between I-trax and PricewaterhouseCoopers LLP on any matters of accounting principles or practices, financial statement disclosure, or audit scope or procedures, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused it to make reference to such disagreements in its reports. PricewaterhouseCoopers LLP furnished to I-trax a letter addressed to the Securities and Exchange Commission agreeing with this statement. This letter, dated February 12, 2003, was filed as an exhibit to Form 8-K announcing the dismissal of PricewaterhouseCoopers LLP.

In addition, neither I-trax nor anyone on its behalf consulted Goldstein Golub Kessler LLP regarding the application of accounting principals to a specific completed or contemplated transaction or regarding the type of audit opinion that Goldstein Golub Kessler LLP would render on I-trax's financial statements prior to Goldstein Golub Kessler LLP's engagement.

During 2002, I-trax's former independent auditors, PricewaterhouseCoopers LLP, provided services in the following categories and amounts:

1. Audit Fees	\$48,125
---------------	----------

Edgar Filing: I TRAX INC - Form DEF 14A

2. Financial Information Systems Design and Implementation	--
3. All Other Fees	11,800

The audit committee has considered the above non-audit services and has determined that these services did not compromise the independence of PricewaterhouseCoopers LLP.

6

In addition, subsequent to 2002, Goldstein Golub Kessler LLP provided services in the following categories and amounts:

1. Audit Fees	\$50,000
2. Financial Information Systems Design and Implementation	--
3. All Other Fees	5,000

Goldstein Golub Kessler LLP has a continuing relationship with American Express Tax and Business Services Inc. from which it leases auditing staff who are full time, permanent employees of American Express Tax and Business Services and through which its partners provide non-audit services. As a result of this arrangement, Goldstein Golub Kessler LLP has no full time employees and therefore, none of the audit services performed were provided by permanent full-time employees of Goldstein Golub Kessler LLP. Goldstein Golub Kessler LLP manages and supervises the audit and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF GOLDSTEIN GOLUB KESSLER LLP AS I-TRAX'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2003.

7

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table below sets forth, as of April 20, 2003, the number of shares and percentage of I-trax common stock beneficially owned by:

- o our Chief Executive Officer, four other most highly compensated executive officers based on compensation earned during 2002, and one executive officer elected in 2002;
- o each director;
- o all directors and executive officers as a group; and
- o each person who is known by I-trax to own beneficially five percent or more of I-trax's outstanding common stock.

Edgar Filing: I TRAX INC - Form DEF 14A

Beneficial ownership was determined in accordance with Rule 13d-3 under the Exchange Act of 1934, as amended. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares, such as upon exercise of options or warrants, within 60 days of April 20, 2003, the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares includes the amount of shares beneficially owned by such person (and only such person) by reason of any acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

To I-trax's knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

(1) Salary includes amounts deferred under I-trax's 401(k) Plan.

(2) Salary includes the following amounts deferred by the named executive officers at the request of I-trax to conserve cash: Mr. Martin, \$20,418; Mr. Palumbo, \$23,333; Mr. Reiss, \$20,418; Dr. Rehtmeyer, \$14,582; Mr. Tomaro, \$11,250; and Mr. Rozenfeld, \$9,750. Repayment terms have not been set.

(3) Salary includes amounts deferred under I-trax's salary deferment program in effect from November 2000 to December 31, 2001. Pursuant to the program, Mr. Martin deferred \$29,166 in 2000 and \$135,357 in 2001; Mr. Reiss deferred \$29,166 in 2000 and \$135,357 in 2001; Mr. Tomaro deferred \$70,665 in 2001; and Mr. Rozenfeld deferred \$8,958 in 2000 and \$65,132 in 2001. Further, effective as of December 31, 2001, these executive officers, surrendered the deferred salary in exchange for warrants to acquire I-trax common stock. These officers received a warrant to acquire one share of common stock exercisable at \$.75 per share for each \$1.75 of deferred salary. Accordingly, if an officer exercises these warrants in the future, the effective per share price for each share of common stock that such officer would receive upon exercise would be \$2.50. The price of \$2.50 per share was intended to equal the price per share paid by third-party investors purchasing common stock from I-trax in 2001 private placements. Accordingly, Messrs. Martin and Reiss each received warrants to purchase 94,013 shares, Mr. Tomaro received warrants to purchase 40,380 shares and Mr. Rozenfeld received warrants to purchase 42,337 shares. Effective as of December 31, 2001 and pursuant to the salary deferment program described above, the named executive officers were granted warrants to purchase 52,269 shares of common stock at an exercise price of \$2.50 per share and warrants to purchase 14,062 shares of common stock at an exercise price of \$5.00 per share. 11

6,250; and Mr. Rozenfeld, 6,645. The warrants exercisable at \$5.00 were allocated as follows: Mr. Martin, 4,375; Mr. Reiss, 4,375; Mr. Tomaro, 2,604; and Mr. Rozenfeld, 2,708. These extra warrants were issued to all employees that participated in the salary deferment program because similar warrants were issued by I-trax to third-party investors in connection with the several private placement completed by I-trax in 2001. As a condition to deferring pay in the salary deferment program, I-trax promised the participating employees that they would be treated in the same manner as third-party investors in I-trax.

Employment Contracts

Health Management, I-trax's operating subsidiary, is party to an employment agreement with Messrs. Martin, Reiss and Palumbo and Dr. Rehtmeyer.

Frank A. Martin and Gary Reiss

On December 29, 2000, Health Management entered into an employment agreement with each of Messrs. Martin and Reiss. Each agreement is for an initial term of three years ending on December 28, 2003. Thereafter, each employment agreement extends automatically for successive periods of one year, unless the applicable executive officer elects not to renew the agreement. Each agreement provides for an annual base salary during the initial term of \$175,000.

Health Management may terminate Mr. Martin or Mr. Reiss' employment with or without cause at any time. In addition, Mr. Martin or Mr. Reiss may terminate their employments upon 90 days' notice or upon shorter notice for good reason. Good reason includes the failure by Health Management to continue the executive officer in his executive position, material diminution of the executive officer's responsibilities, duties or authority, assignment to the executive officer of duties inconsistent with his position or requiring the executive officer to be permanently based anywhere other than within 25 miles of Philadelphia, Pennsylvania.

In the event either employment agreement is terminated without cause or for good reason, Health Management will pay the applicable executive officer severance equal to one year's salary, payable over one year. In addition, in the event either employment agreement is terminated without cause or for good reason, the executive officer will remain subject to the non-competition restrictions described below only as long as he is receiving severance payments. Finally, all options granted to such executive officers will accelerate and vest immediately.

With the exception of the circumstances described in the immediately preceding paragraph, each executive officer agreed not to compete against Health Management for a period of one year following the expiration of the initial term or any renewal term, even if the actual employment is terminated prior to such expiration. Each executive officer also agreed not to use or disclose any confidential information of Health Management for at least five years after the expiration of the original term or any renewal term, even if the actual employment is terminated

prior to such expiration. Finally, each executive officer agreed that any invention he develops during his employment relating to the business of Health Management will belong to Health Management.

Dr. Carol M. Rehtmeyer

On February 5, 2002, Health Management entered into an employment agreement with Dr. Rehtmeyer. The agreement is for an initial term of three years ending on February 5, 2005. Thereafter, the agreement extends automatically for successive periods of one year, unless Dr. Rehtmeyer or Health Management elects not to renew the agreement. The agreement provides for an annual base salary during the initial term of \$125,000.

Health Management may terminate Dr. Rehtmeyer's employment with or without cause at any time. In addition, Dr. Rehtmeyer may terminate her employment upon 90 days' notice or upon shorter notice for good reason. Good reason includes the failure by Health Management to continue Dr. Rehtmeyer in her executive position, material diminution of her responsibilities, duties or authority, assignment to her of duties inconsistent with her position or requiring her to be permanently based anywhere other than within 25 miles of Omaha, Nebraska.

If the employment agreement is terminated without cause or for good reason during the first year of the initial term, Health Management will pay Dr. Rehtmeyer severance equal to one year's salary, payable over one year. If the employment agreement is terminated without cause or for good reason after the first year of the initial term, Health Management will pay Dr. Rehtmeyer severance equal to six months' salary, payable over six months. In addition, if the employment agreement is terminated without cause or for good reason, Dr. Rehtmeyer will remain subject to the non-competition restrictions described below only as long as she is receiving severance payments. If the employment agreement is terminated without cause or for good reason following a change of control of I-trax that results in a payment to Dr. Rehtmeyer on account of her I-trax common stock, Health Management will not pay Dr. Rehtmeyer severance. Finally, all options granted to Dr. Rehtmeyer will accelerate and vest immediately in any circumstances described in this paragraph.

With the exception of the circumstances described in the immediately preceding paragraph, Dr. Rehtmeyer agreed not to compete against Health Management for a period of one year following the expiration of the initial term or any renewal term, even if the actual employment is terminated prior to such expiration. She also agreed not to use or disclose any confidential information of Health Management for at least five years after the expiration of the original term or any renewal term, even if the actual employment is terminated prior to such expiration. Finally, Dr. Rehtmeyer also agreed that any invention she develops during her employment relating to the business of Health Management will belong to Health Management.

John R. Palumbo

On October 15, 2002, Health Management entered into an employment agreement with Mr. Palumbo. The agreement is for an initial term of three years ending on October 25, 2005. Thereafter, the agreement extends automatically for successive periods of one year, unless Mr. Palumbo elects not to renew the agreement. The agreement provides for an annual base salary during the initial term of \$200,000.

Edgar Filing: I TRAX INC - Form DEF 14A

Health Management may terminate Mr. Palumbo's employment with or without cause at any time. In addition, Mr. Palumbo may terminate his employment upon 90 days' notice or upon shorter notice for good reason. Good reason includes the failure by Health Management to continue Mr. Palumbo in his executive position, material diminution of his responsibilities, duties or authority, assignment to him of duties inconsistent with his position or requiring him to be permanently based anywhere other than within 25 miles of Philadelphia, Pennsylvania.

If the employment agreement is terminated without cause or for good reason, Health Management will pay Mr. Palumbo severance equal to one year's salary, payable over one year. In addition, in the event the employment agreement is terminated without cause or for good reason, Mr. Palumbo will remain subject to the non-competition restrictions described below only as long as he is receiving severance payments. All options granted to Mr. Palumbo will accelerate and vest immediately in any circumstances described in this paragraph.

With the exception of the circumstances described in the immediately preceding paragraph, Mr. Palumbo agreed not to compete against Health Management for a period of one year following the expiration of the initial

14

term or any renewal term, even if the actual employment is terminated prior to such expiration. He also agreed not to use or disclose any confidential information of Health Management for at least five years after the expiration of the original term or any additional term, even if the actual employment is terminated prior to such expiration. Finally, Mr. Palumbo also agreed that any invention he develops during his employment relating to the business of Health Management will belong to Health Management.

Change of Control Arrangements

The compensation committee, as administrator of I-trax's 2000 Equity Compensation Plan and 2001 Equity Compensation Plan, can provide for accelerated vesting of the shares of common stock subject to outstanding options in connection with certain changes in control of I-trax.

SECTION 16(a) OF THE EXCHANGE ACT BENEFICIAL OWNERSHIP COMPLIANCE

I-trax's board members, executive officers and persons who hold more than 10% of I-trax's outstanding common stock are subject to the reporting requirements of Section 16(a) of the Exchange Act of 1934, as amended, which require them to file reports with respect to their common stock ownership and their transactions in common stock. Based upon the copies of Section 16(a) reports that I-trax received from such persons for their 2002 fiscal year transactions in I-trax common stock and their common stock holdings and the written representations received from one or more of these persons that no annual Form 5 reports were required to be filed by them for the 2002 fiscal year, I-trax believes that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by I-trax's executive officers, board members and greater than 10% stockholders.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Dr. Jones, a director of I-trax through December 22, 2002, is the Director of the Division of Allergy & Immunology at the Los Angeles County and University of Southern California Medical Center, which is operated by the Los Angeles County Department of Health Services (DHS). The Los Angeles County DHS

Edgar Filing: I TRAX INC - Form DEF 14A

purchased an information system from I-trax to support implementation of a clinical disease management program for which it paid I-trax approximately \$61,000 in 2001.

In May 2000, Health Management entered into a consulting agreement with Health Industry Investments, LLC, an affiliate of Mr. Green, a director of I-trax. This consulting agreement was superseded by a new consulting agreement between Health Management and Akin Gump Health Strategies, LLC, likewise an affiliate of Mr. Green. Under the new consulting agreement, Health Strategies agreed to introduce Health Management to potential customers for I-trax's services and Health Management agreed to compensate Health Strategies if Health Management closes transactions with such potential customers. I-trax has not made any payment under the original or new consulting agreement. In addition, under the original consulting agreement, I-trax granted Health Management in April 2001, options to acquire 40,000 shares of I-trax common stock at an exercise price of \$2.75 as compensation for continuing to perform services under the consulting agreement. These options vest over two years.

Effective as of December 29, 2000, Health Management issued to each of Messrs. Martin and Reiss, the Chief Executive Officer and Chief Operating Officer, respectively, 50,000 shares of Health Management common stock at a per share purchase price of \$10. The aggregate purchase price was payable pursuant to a Promissory Note and Pledge Agreement in the principal amount of \$499,750. The principal amount of each Promissory Note and Pledge Agreement accrues interest at an annual rate of 5.87%. The principal and interest on each Promissory Note and Pledge Agreement was payable in five annual installments of principal and interest beginning on December 29, 2001. Furthermore, in the event these officers were performing their duties adequately and were accomplishing I-trax's goals, the compensation committee of I-trax's board of directors had the option of waiving and forgiving any of the annual payments of principal and interest in lieu of granting such officers a cash bonus. These transactions were rescinded in 2001.

From November 2000 through May 2001, I-trax completed an offering of convertible promissory notes and stock purchase warrants. I-trax raised \$2,000,000 in this offering. Of this total, \$700,000 was loaned to I-trax by Woodglen Group, L.P., a 5% stockholder, \$250,000 was loaned to

15

I-trax by Mr. Martin and \$250,000 was loaned to I-trax by Mr. Reiss. The convertible promissory notes had a maturity date of one year from the date of issue and accrue interest at an annual rate of 8% with a default annual rate of 12%. The principal amount of, and accrued and unpaid interest under, the convertible promissory notes were convertible into common stock. The stock purchase warrants granted the holders a right to purchase one share of common stock for each \$10 in original principal amount of convertible promissory notes. The initial conversion price of the convertible promissory notes and the exercise price of the stock purchase warrants were \$10 per share, subject, in each case, to full-ratchet anti-dilution adjustment in the event of a subsequent offering with an effective per share price of less than \$10.

On June 25, 2001 and pursuant to an Exchange Agreement dated May 14, 2001, the holders of the convertible promissory notes, including Woodglen Group, L.P., a 5% stockholder, Mr. Martin and Mr. Reiss exchanged the principal of, and accrued interest through May 15, 2001 under, the promissory notes in the aggregate amount of \$2,280,157 for I-trax common stock at the exchange price of \$2.50 per share. As consideration for the exchange, I-trax reset the exercise price of the warrants to acquire 440,000 shares of common stock, originally issued together with the convertible promissory notes, to \$2.50 per share.

Edgar Filing: I TRAX INC - Form DEF 14A

Accordingly, in the transaction, Woodglen Group, L.P. received 291,108 shares and warrants to acquire 140,000 shares, Mr. Martin received 104,690 shares and warrants to acquire 50,000 shares and Mr. Reiss received 104,361 shares and warrants to acquire 50,000 shares.

Effective as of June 25, 2001, I-trax completed a private placement of 440,000 shares of common stock at \$2.50 per share, yielding to I-trax \$1,100,000. Woodglen Group, L.P., a 5% stockholder, invested \$850,000 in this private placement. As consideration for completing the private placement, I-trax issued to the participating investors stock purchase warrants to purchase one share of common stock for each \$10 invested in this private placement at an exercise price of \$5.00 per share. I-trax, therefore, issued warrants to acquire a total of 110,000 shares of common stock, of which a warrant to acquire 85,000 shares of common stock was issued to Woodglen Group, L.P.

During the first and second quarters of 2001, Mr. Martin loaned I-trax \$515,000 to fund I-trax's working capital deficiency. Of this amount, I-trax repaid \$240,000 in June 2001. On June 25, 2001, Mr. Martin exchanged the remaining \$275,000 of the loan, and accrued interest of \$9,163, into common stock at the exchange price of \$2.50 per share. I-trax issued 113,664 shares in this exchange. In addition, I-trax issued Mr. Martin a stock purchase warrants to acquire 103,000 shares at an exercise price of \$2.50 per share as consideration for this bridge financing. The terms of this exchange transaction and warrant issuance, including the exchange price and the calculation of the number of warrants granted, were intended to be identical to those applicable to the debt exchange transaction closed by I-trax on June 25, 2001 and described above.

During the first and second quarters of 2001, Mr. Reiss loaned I-trax \$240,000 to fund I-trax's working capital deficiency. I-trax repaid this amount in June 2001. On June 25, 2001, as consideration for the loan, I-trax issued Mr. Reiss stock purchase warrants to acquire 48,000 shares of common stock at an exercise price of \$2.50 per share. The terms of the warrant issuance, including the calculation of the number of warrants granted, were intended to be identical to those applicable to the debt exchange transaction closed by I-trax on June 25, 2001 and described above.

On March 2, 2001, I-trax entered into an Amended and Restated Promissory Note and Warrant Purchase Agreement with a group of investors led by Psilos Group Partners, L.P. (collectively, the "Psilos Group") pursuant to which the Psilos Group agreed, among other things, to loan I-trax up to \$1,000,000. The Psilos Group included Nantucket, a venture fund managed by Mr. Martin. As consideration, I-trax granted the Psilos Group warrants to acquire .05264 shares of common stock at \$.50 per share for each \$1 of the face amount of the loan. The loan accrues interest at an annual rate of 8%, with an annual default rate of 12%, and is due five years from original date of issuance. The Psilos Group funded \$692,809 of the \$1,000,000 and received warrants to purchase 364,694 shares of common stock. Of such total amounts, Nantucket funded \$75,000 and received warrants to purchase 39,480 shares of common stock. Effective as of January 4, 2002, all Psilos Group investors exercised their warrants using a cashless exercise feature and received an aggregate of 340,316 shares of common stock.

Beginning in November 2000, in an effort to conserve cash, I-trax established a salary deferment program whereby certain executive officers, including Messrs. Martin, Reiss, Tomaro, McCormack and Rozenfeld, and other employees agreed to defer all or a portion of their salaries. To induce employees to participate in the salary deferment program, I-trax agreed to pay interest at an annual rate of 8% on the deferred salary. In addition, I-trax

Edgar Filing: I TRAX INC - Form DEF 14A

promised participating employees that they would receive (1) an option to convert deferred salary into equity on the same basis as third-party investors in I-trax and (2) "coverage warrants" to the extent they were also granted to third-party investors while participating employees were deferring pay. I-trax ended the salary deferment program on December 31, 2001. As of December 31, 2001, I-trax accrued \$1,038,876 on account of deferred salaries and interest thereon. Certain participating employees, including Messrs. Martin, Reiss, Tomaro, McCormack and Rozenfeld, agreed to exchange a total of \$814,595 of accrued salary, together with interest thereon, for warrants to acquire 465,480 shares of common stock with an exercise price of \$0.75 per share. The number of warrants issued to each employee electing to surrender accrued salary was calculated by dividing the employee's total accrued salary and interest thereon by \$1.75. Accordingly, if an employee elected to exchange accrued salary for warrants and later exercised these warrants, the effective per share price for the shares of common stock that the employee would receive would be \$2.50. The price of \$2.50 per share was intended to equal the price per share paid by third-party investors purchasing common stock in several private placements completed by I-trax in 2001. I-trax also granted the participating employees warrants to acquire 142,193 shares of common stock at an exercise price of \$2.50 per share and warrants to acquire 20,538 shares of common stock at \$5.00 per share. These extra warrants were issued to all employees that participated in the salary deferment program because similar warrants were issued by I-trax to third-party investors in connection with the several private placement completed by I-trax in 2001.

During the third and fourth quarters of 2001, Mr. Reiss loaned I-trax \$296,000, Mr. Martin loaned I-trax \$280,000 and Alan Sakal, I-trax's Senior Vice President, loaned I-trax \$100,000, in each case, to fund I-trax's working capital deficiency. I-trax repaid Mr. Sakal's loan in January 2002. The outstanding loans accrue interest at an annual rate of 8%. On December 20, 2001, as consideration for the loans, I-trax issued Messrs. Reiss, Martin and Sakal stock purchase warrants to acquire 29,600 shares, 28,000 shares and 10,000 shares of common stock, respectively, at an exercise price of \$5.00 per share. The terms of these warrants, including the calculation of the number of warrants granted, were intended to be identical to the warrants issued by I-trax in a private placement of \$1,100,000 of common stock and warrants closed on June 25, 2001 and described above.

Effective as of December 31, 2001, Mr. Martin exercised warrants to purchase 94,013 shares of common stock by agreeing to cancel a portion of a loan in the amount of \$70,510 payable by I-trax to Mr. Martin. The exercised warrants were originally issued to Mr. Martin under the salary deferment program described above.

Lauren Reiss-Pollard, a daughter of Mr. Reiss, is an employee of Health Management. Mrs. Reiss-Pollard received cash compensation of \$78,000 in 2001 and \$80,717 in 2002.

Sean Martin, the son of Mr. Martin, is an employee of Health Management. Mr. Sean Martin received cash compensation of \$62,500 in 2002.

In addition to advances to I-trax made by Messrs. Martin and Reiss described elsewhere in this section, in 2001 Messrs. Martin and Reiss advanced to I-trax an aggregate of \$380,000 and subsequent to year ended 2002, Messrs. Martin and Reiss advanced to I-trax an aggregate of \$140,000. These advances accrue interest at an annual rate of 8%. I-trax and Messrs. Martin and Reiss have not yet agreed on repayment terms.

Effective February 6, 2002, I-trax acquired WellComm in a two-step

Edgar Filing: I TRAX INC - Form DEF 14A

reorganization pursuant to a Merger Agreement dated January 28, 2002 by and among I-trax, WC Acquisition, Inc., an Illinois corporation and a wholly-owned subsidiary of I-trax, WellComm and Mr. Blazek and Dr. Rehtmeyer. In the merger, I-trax issued WellComm stockholders approximately \$2,200,000 in cash and 1,488,000 shares of I-trax common stock. Dr. Rehtmeyer also received options to acquire 56,000 shares of I-trax common stock at a nominal exercise price. After the merger, Mr. Blazek and Dr. Rehtmeyer were elected to I-trax's board of directors.

I-trax funded the acquisition of WellComm by selling a 6% convertible senior debenture in the aggregate principal amount of \$2,000,000 to Palladin Opportunity Fund LLC pursuant to a Purchase Agreement dated as of February 4, 2002 between Palladin and I-trax. Pursuant to the purchase agreement, I-trax also issued Palladin a warrant to purchase an aggregate of up to 307,692 shares of common stock at an exercise price of \$5.50 per share. The outstanding principal and any interest under the debenture are payable in full on or before February 3, 2004. Further, outstanding principal and any interest may be converted at any time at the election of Palladin into I-trax common stock. As a result of this transaction, Palladin became a 5% stockholder.

In 2002, Mr. Blazek loaned I-trax \$234,500, Dr. Rehtmeyer loaned I-trax \$92,750 and Jane Ludwig, a Vice President of I-trax, loaned I-trax \$22,750. Subsequent to year ended 2002, Mr. Blazek loaned I-trax \$149,200 and Dr. Rehtmeyer loaned I-trax \$50,800. These loans are due on February 27, 2004 and are accruing interest at an annual rate of 8%.

A relative of Mr. Reiss advanced to I-trax \$350,000 in 2002. I-trax repaid \$125,000 of this sum in 2002 and \$140,000 subsequent to year ended 2002. The balance is due on demand and is accruing interest at an annual rate of 8%.

Subsequent to year ended 2002, Mr. Blazek, acting in his capacity as limited agent of certain I-trax stockholders that that acquired I-trax common stock as a result of the acquisition of WellComm by I-trax, loaned I-trax \$139,500. I-trax and Mr. Blazek have not yet agreed on repayment terms.

Subsequent to year ended 2002, Acorn II, an investment fund affiliated with Woodglen Group, L.P., a 5% stockholder, loaned I-trax \$150,000. The loan is due on December 31, 2003 and is accruing interest at an annual rate of 12%.

Pursuant to a consulting agreement dated July 1, 2002, I-trax engaged Mr. Wheeler to analyze and, if necessary, improve the company's accounting practices and financial reporting. Under this consulting agreement, in 2002 Mr. Wheeler received compensation from I-trax of \$23,334.

The Certificate of Incorporation of I-trax limits the liability of I-trax's directors for monetary damages arising from a breach of their fiduciary duty as directors, except for any breach of the director's duty of loyalty to I-trax or its stockholders, for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, for any transaction from which the director derived an improper personal benefit and as otherwise required by Delaware General Corporation Law. This limitation of liability does not limit equitable remedies such as injunctive relief or rescission.

I-trax's bylaws require I-trax to indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law.
