INFORMATION ABOUT VOTING

How are proxies being solicited?

This proxy solicitation is being made by and at the direction of the board of directors of the Company, and we will pay all expenses relating to the solicitation. In addition to the use of the mails, proxies may be solicited personally, by telephone or by other electronic means by officers, directors and employees of the Company and the Bank, who will not be compensated for such solicitation activities. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries for forwarding solicitation materials to the beneficial owners of shares held of record by such persons, and the Company will reimburse those persons for their reasonable expenses.

What is on the agenda for the annual meeting?

The agenda for the annual meeting includes the election of three Class II Directors to the Company's board of directors, to serve until the 2012 annual meeting of shareholders and until their successors are elected and qualify and such other matters as may properly come before the annual meeting. We are not aware of any such other matters that may properly come before the annual meeting at the present time.

Who can vote?

You can vote at the annual meeting if you are a holder of our common stock on the record date. The record date is the close of business on November 13, 2009. Each share of common stock you own as of the record date entitles you to one vote for each director to be elected in the election of directors and one vote on any other matter as may properly come before the annual meeting. As of November 13, 2009, there were 10,665,635 shares of common stock outstanding and entitled to vote.

How do I vote if shares are held directly in my name?

If you hold your shares in certificate form and not through a bank, brokerage firm or other nominee, you may vote your shares in one of the following ways:

- Voting By Mail. If you choose to vote by mail, complete the enclosed proxy, date and sign it, and return it in the postage-paid envelope provided.
- Voting By Telephone. If you choose to vote by telephone, call toll-free (866)246-8478
- Voting By Internet. If you choose to vote by internet, log onto <https://www.proxyvotenow.com/frbk>
- In Person. If you choose to vote in person, come to the annual meeting and cast your vote. If you attend the meeting, you may vote your shares in person even if you have previously submitted a proxy.

How do I vote if shares are held in street name or through a bank, brokerage firm or other nominee?

If you hold your shares in street name or through a bank, brokerage firm or other nominee, you will need to vote your shares by providing voting instructions to your bank, brokerage firm or other nominee, in accordance with the voting instruction form provided to you by your bank, brokerage firm or other nominee, or by obtaining a legal proxy from your bank, brokerage firm or other nominee

authorizing you to vote those shares at the annual meeting. Only with a legal proxy from your bank, brokerage firm or other nominee can you cast your vote in person at the annual meeting.

How will my proxy be voted?

Unless you indicate differently on your proxy, we plan to vote signed and returned proxies FOR the election of the board's director nominees named in this proxy statement. If you hold your shares of the Company's common stock in "street name" (that is, through a broker or other nominee) and fail to instruct your broker or nominee as to how to vote your shares of common stock, your broker or nominee may, in its discretion, vote your shares FOR the election of the nominees for director named in this proxy statement, but may not vote your shares on any other matter to properly come before the annual meeting. At or after the annual meeting, a judge or judges of election will tabulate ballots cast by shareholders present and voting in person and votes cast by proxy.

What is a broker non-vote?

A broker non-vote occurs when a bank or brokerage firm holding shares on behalf of a shareholder does not receive voting instructions from the shareholder by a specified date before the annual meeting and the bank or brokerage firm is not permitted to vote those undirected shares on specified matters under applicable stock exchange rules. Thus, if you do not give your broker specific instructions, your shares may not be voted on those matters (so-called "broker non-votes") and will not be counted in determining the number of shares necessary for approval. Broker non-votes are not considered to be votes cast and, therefore, generally have no effect on the outcome of elections of directors or other matters submitted to the shareholders. Shares represented by "broker non-votes" will be counted, however, in determining the number of shares of common stock represented in person or by proxy and entitled to vote.

Can I revoke my proxy or change my vote after submitting my proxy?

Yes. Any shareholder giving a proxy has the right to attend the annual meeting and vote in person. A proxy may be revoked prior to the annual meeting if a later-dated proxy or a written revocation is sent to the Company at Two Liberty Place, 50 S. 16th Street, Suite 2400, Philadelphia, PA 19102, Attention: Kemma Black, Corporate Secretary, and received prior to the annual meeting. In addition, a proxy may be revoked at the annual meeting by filing a later-dated proxy or by filing a written notice of such revocation with the Secretary of the Company at the annual meeting prior to the voting of such proxy.

What constitutes a quorum at the annual meeting and how are votes counted?

We need a quorum of shareholders to hold a valid annual meeting. A quorum will be present if at least a majority of the outstanding shares of common stock are represented in person or by proxy at the annual meeting. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum.

How many votes are required for the election of directors?

Directors are elected by a plurality vote of shares of common stock cast in person or by proxy at the annual meeting. A "plurality" means that the individuals who receive the largest number of affirmative votes cast are elected as directors up to the maximum number of directors to be chosen at the annual meeting. Because the election of directors is based on a plurality of the votes cast, abstentions and broker non-votes have no effect on the outcome of the vote. Votes that are withheld from a director

nominee will be excluded entirely from the vote for such nominee and will have no effect on the result. Shareholders are not entitled to cumulative voting in the election of directors.

How many votes are required for any other proposals that may properly come before the annual meeting?

Any other proposals that may properly come before the annual meeting will be approved if a majority of the votes cast are voted in favor of the action, unless the question is one upon which a larger or different vote is required by express provision of law or by our articles of incorporation or our bylaws. Abstentions and broker non-votes on such other proposals are not considered votes cast on the proposals and, as such, have no effect on the approval of the proposals. We are not aware of any such other proposals that may properly come before the annual meeting at the present time.

ELECTION OF DIRECTORS

The Company's by-laws provide that the board may consist of not less than five directors and not more than 25 directors, classified into three classes, as nearly equal in number as possible, with the specific number of directors fixed from time to time by resolution of the board. The members of one class of directors is elected at each annual meeting and each class of directors serves for approximately three years. The classes of directors have been designated as "Class I," "Class II" and "Class III."

The board has fixed the number of directors at eight, after increasing the number from eight to nine in June 2008, at which time Theodore J. Flocco, Jr. was appointed, and then reducing the number in July 2008 following the resignation of Louis J. DeCesare. Currently, the Class I Directors are Harry D. Madonna and William W. Batoff; the Class II Directors are Robert J. Coleman, Lyle W. Hall, Jr. and Harris Wildstein, Esq.; and the Class III Directors are Neal I. Rodin, Barry L. Spevak and Theodore J. Flocco, Jr. Mr. DeCesare had been a Class I Director.

The incumbent Class I Directors will continue in office until the Company's 2011 Annual Meeting of Shareholders and the incumbent Class III Directors will continue in office until the Company's 2010 Annual Meeting of Shareholders. All directors will hold office until the annual meeting of shareholders at which their terms expire and until the elections and qualifications of their successors.

Upon the recommendation of the nominating committee of our board of directors, our board has nominated Robert J. Coleman, Lyle W. Hall, Jr. and Harris Wildstein, Esq. for reelection as Class II Directors, to serve until the Company's 2012 annual meeting of shareholders and thereafter until their successors are elected and qualify. All of the director nominees have agreed to stand for election. In the event, however, that one or more director nominees, for any reason, become unavailable for election or service as directors, the board may designate a substitute nominee or nominees to replace him or them and the persons designated in the enclosed proxy will vote for the election of such other person or persons as the board may recommend.

Director Nominees

The following individuals have been nominated for election to the board as Class II Directors, each of them to serve until the 2012 Annual Meeting of Shareholders and until his successor is elected and qualifies.

Before his retirement from Ernst & Young LLP, Mr. Flocco was Senior Audit Partner and advised many of the largest SEC regulated clients of the Philadelphia office for more than 35 years, including several regional and local banks. Mr. Flocco's appointment to the board of directors resulted from investments by Vernon W. Hill, II, founder and chairman (retired) of Commerce Bancorp, and a group of three other investors, including Mr. Flocco, in a private placement of \$10.8 million of convertible trust preferred securities sponsored by the Company. In connection with the investments, Mr. Hill entered into a consulting agreement with the Company which, among other things, provides Mr. Hill the right to designate one individual to the board of directors, and Mr. Flocco is Mr. Hill's designee for that position. Mr. Flocco has experience in the banking, mutual fund, real estate and manufacturing and distribution industries. His responsibilities at Ernst & Young LLP included consulting with senior executives and directors of companies on accounting and strategic business issues, mergers and

acquisitions, public offerings and SEC registrations. He has extensive experience in the public offering market, having spearheaded more than 100 public equity and debt offerings.

Neal I. Rodin, age 64, has been a director of the Company and the Bank since 1988. Mr. Rodin has been the Managing Director of the Rodin Group, an international real estate investment company, since 1988, and has been the President of IFC, an international financing and investing company, since 1975.

Barry L. Spevak, age 49, has been a director of the Company and the Bank since April 2004. He has also been a partner with Miller Downey Spevak Kaffenberger, Limited, a certified public accounting firm, since 1991 and serves on the board of directors of the Recording for the Blind and Dyslectic.

As noted above, Messrs. Madonna, Batoff, Hall and Wildstein are members of First Bank of Delaware's board of directors. First Bank of Delaware's class of common stock is registered with the Federal Deposit Insurance Corporation, or "FDIC," pursuant to section 12 of the Securities Exchange Act of 1934, as amended. Mr. Rodin and Mr. Batoff are brothers-in-law.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF ITS NOMINEES TO THE BOARD OF DIRECTORS OF THE COMPANY TO SERVE UNTIL THE 2012 ANNUAL MEETING OF SHAREHOLDERS AND UNTIL HIS SUCCESSOR IS ELECTED AND QUALIFIES.

BOARD OF DIRECTORS AND COMMITTEES

Director Independence

The Company's common stock is listed on the Nasdaq Global Market and the Company's board of directors has determined the independence of the members of its board and committees under the Nasdaq listing standards. The Company's board of directors determined that under Nasdaq independence standards Messrs. Batoff, Coleman, Flocco, Hall, Rodin and Spevak, constituting a majority of the members of the the Company's board of directors, are independent, and that all of the members of the audit, nominating and compensation committees are independent. The Company's directors who were determined to not be independent were Messrs. Madonna and Wildstein. In determining the independence of Mr. Flocco, the board considered a consulting arrangement pursuant to which Mr. Flocco earned \$32,500 during 2008.

Meetings of the Board and Attendance

During 2008, the directors held eleven board meetings. All of the directors attended at least 75% of all of the meetings of the board and the meetings of all committees of the board on which such director served.

We encourage all incumbent directors and nominees for election as directors to attend our annual meetings. All then-serving directors attended the Company's 2008 Annual Meeting of Shareholders.

Board Committees

The Company's board of directors conducts much of its business through committees, including a standing audit committee, nominating committee and compensation committee.

Audit Committee

The board of directors of the Company has designated a standing audit committee. Messrs. Hall (chair), Batoff and Spevak serve as members of the audit committee. The board of directors has determined that Mr. Hall is an "audit committee financial expert" as that term is defined in Item 407(d)(5) of Regulation S-K, and is "financially sophisticated," as that term is defined under Nasdaq rules. All members of the audit committee are independent under Nasdaq listing standards, including the independence criteria applicable to audit committee members. The audit committee held five meetings during 2008, and it operates under a written charter approved by the board. A copy of the audit committee's charter is available on the Company's website at www.rfbkonline.com. The purposes of the audit committee are to:

- assist the board in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and independent auditors, and the Company's management of market, credit, liquidity and other financial and operational risks;
- decide whether to appoint, retain or terminate the Company's independent auditors and to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors; and

- prepare the report required to be prepared by the audit committee pursuant to the rules of the Securities and Exchange Commission, or “SEC,” for inclusion in the Company’s annual proxy statement.

Audit Committee Report

The audit committee of the Company’s board of directors is responsible for providing independent, objective oversight of the Company’s accounting functions and internal controls.

Management is responsible for the Company’s internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The audit committee’s responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the audit committee has reviewed and discussed the audited consolidated financial statements of the Company at and for the year ended December 31, 2008, with management. The audit committee discussed with Beard Miller Company LLP, or “BMC,” the Company’s independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, “Communication with Audit Committees,” as amended. The audit committee received the written disclosures and letter from BMC required by Independence Standards Board Standard No. 1, “Independence Discussions with Audit Committees,” as in effect, and discussed with BMC its independence. Since then, BMC merged with Parente Randolph, LLC and became ParenteBeard, LLC.

Based upon the audit committee’s review and discussions with management and the independent accountants referred to above, the audit committee recommended to the board that the Company’s audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the Securities and Exchange Commission.

Respectfully submitted,

Lyle W. Hall, Jr. Chair
William W. Batoff
Barry L. Spevak

March 12, 2009

Notwithstanding anything to the contrary set forth in any of the Company’s previous filings under the Securities Act or the Exchange Act that might incorporate future filings, including this Proxy Statement, in whole or in part, the preceding Audit Committee Report shall not be incorporated by reference into any such filings nor shall they be deemed to be soliciting material or deemed to be filed with the SEC under the Securities Act of 1933, as amended, or the Exchange Act of 1934, as amended.

Compensation Committee

Messrs. Batoff (chair), Hall, and Rodin serve as members of the compensation committee. All members of the compensation committee have been determined by the board to be independent under Nasdaq listing standards, “non-employee directors,” as defined in SEC Rule 16b-3, and “outside directors,” as defined for purposes of Internal Revenue Code Section 162(m). The compensation committee held five meetings in 2008. The compensation committee operates under a written charter

approved by the board. A copy of the compensation committee's charter is available on the Company's website at www.rfbkonline.com. The compensation committee's responsibilities include the following.

- Review and approve on an annual basis the corporate goals and objectives with respect to compensation for the chief executive officer.
- Evaluate at least annually the chief executive officer's performance in light of established goals and objectives and, based on such evaluation, have sole authority to determine the chief executive officer's annual compensation.
- Review and make recommendations to the board of directors with respect to compensation for other executive officers, incentive-compensation plans and equity-based compensation plans.
- Review and make recommendations to the board of directors with respect to the compensation of directors.
- Administer, interpret and determine awards pursuant to the Company's stock-based incentive compensation plans.
- Have the sole authority, in its discretion, to retain and terminate any consulting firm to assist in the evaluation of director, chief executive officer or senior executive compensation, including sole authority to approve the firm's fees and other retention terms.

Compensation Processes and Procedures

The compensation committee meets at such times as it determines to be necessary or appropriate, but not less than once a year. The compensation committee has the sole authority to establish the compensation of the chief executive officer of the Company and the Bank and may not delegate such authority, except to a subcommittee. The chief executive officer has the primary responsibility for determining the amount and form of compensation of the other executive officers of the Company and consults with the compensation committee on such matters. The compensation committee is empowered to engage independent compensation consultants, but did not do so during 2008. In 2006, however, the compensation committee did engage Strategic Compensation Planning, Inc., of Malvern, Pennsylvania, to assist the compensation committee in structuring the employment agreements for the chief executive officer of the Company and the Bank. See "Executive Compensation" on page 17 for more information regarding this employment agreement.

The compensation committee is also responsible for periodically reviewing the amount and form of director compensation paid to non-employee directors. The compensation committee recommends proposed changes in director compensation to the board as appropriate, from time to time, and any changes in director compensation are approved by the board.

Compensation Committee Interlocks and Insider Participation

During 2008, Messrs. Batoff, Hall, and Rodin served as members of the compensation committee of the Company's board of directors. No member of the compensation committee during 2008 ever served as an officer or employee of the Company or the Bank. There are no compensation committee interlocks between the Company or the Bank and any other entity, involving the Company's or the Bank's, or such entity's, executive officers or board members.

Nominations and Shareholder Communications

Nominating Committee

Messrs. Rodin (chair), Hall, and Batoff serve as members of our nominating committee. All members of the nominating committee have been determined by the board to be independent under Nasdaq listing standards. The nominating committee held one meeting in 2008. The nominating committee operates under a written charter approved by the board. A copy of the nominating committee's charter is available on the Company's website at www.rfbkonline.com.

The nominating committee oversees the composition and operation of the Company's board, including identifying individuals qualified to become board members, recommending to the board director nominees for the annual meetings of shareholders, and filling vacancies occurring between annual shareholder meetings. It identifies director candidates by considering the recommendations of the Company's directors, executive officers and shareholders, as well as those of experts and consultants of the Company. The nominating committee evaluates candidates it has identified or who have been recommended to it based on the selection criteria provided in the nominating committee charter and other criteria deemed relevant by the nominating committee, including each candidate's background and experience, as well as the candidate's ability to act in the best interest of the Company's shareholders, honesty and integrity.

The nominating committee evaluates director candidates recommended by shareholders in the same manner that it evaluates other director candidates. The procedures for shareholders to recommend director candidates are described under the heading "Shareholder Proposals and Nominations for the 2010 Annual Meeting" on page 26.

Shareholder Communications

Any shareholder may communicate with our board of directors, or any individual member or members of the board, by directing his, her or its communication to Kemma Black, Corporate Secretary, Republic First Bancorp, Inc., Two Liberty Place, 50 S. 16th Street, Suite 2400, Philadelphia, PA 19102, together with a request to forward the communication to the intended recipient or recipients. Executive Compensation

Compensation Discussion and Analysis

Overview of the Executive Compensation Program. The Company's executive compensation program includes a number of fixed and variable compensation and benefit components, typical of programs among comparable community banking and financial services companies in our local and regional marketplace.

The program seeks to provide participating executives with an industry-competitive level of total compensation when their collective and individual performances meet or exceed the goals approved by the board of directors, the compensation committee or the chief executive officer.

Compensation Philosophy and Program Objectives. We believe that the compensation program for executives should directly support the achievement of annual, longer-term and strategic goals of the business, and, thereby, align the interests of executives with the interests of the Company's shareholders.

We believe the current program provides sufficient levels of fixed income, in the forms of base salary and health and welfare benefits, to attract high caliber executive talent to the organization. It also provides competitive annual bonus and longer-term incentive opportunities to encourage specific performance and to reward the successful efforts of executives.

The incentive opportunities are based on competitive industry practice, an executive's role in the organization, and performance.

Our current program contains certain deferred post-employment compensation features, provided on a selective basis, to encourage retention through long-term wealth accumulation opportunities and to assure transition support in the event of substantial organization or ownership change. These provisions are designed to support retention of good performers by the organization.

We believe that the features and composition of the current program are consistent with practices of other comparable community banking and financial services organizations in our marketplace and that the program balances the need for competitive pay opportunities at the executive level with shareholders' expectations for reasonable return on their investment.

Program Management. The compensation committee of the board of directors has primary responsibility for the design and administration of the compensation of the chief executive officer of the Company and the Bank, and makes recommendations with respect to the compensation program for other executive officers. The compensation committee will consider the make-up and administration of the executive compensation program in light of changing organization needs and operating conditions and changing trends in industry practice. The compensation committee has the power and authority to retain consultants and, in 2006, retained Strategic Compensation Planning, Inc., of Malvern, PA, to assist the compensation committee in structuring the employment agreements for the chief executive officer of the Company and the Bank. See "Executive Compensation" on page 17 for more information regarding this employment agreement.

Role of Executive Management in the Pay Decision Process. The compensation committee is responsible for approving compensation of the chief executive officer of the Company and the Bank. It will also make recommendations with respect to the compensation of other executive officers. In formulating its decisions, the compensation committee may seek information about the performance of the business, organization staffing requirements and the performance levels of incumbent executives from

the chief executive officer. It will also utilize the services of the Company's chief financial officer and other officers of the Company to the extent the compensation committee deems appropriate.

Program Review and Pay Decision Process. Annually, the compensation committee reviews information on executive compensation levels in the industry and industry program practices, reviews the Company's compensation program, and considers adjustments to the program, salary adjustments and incentive awards. The compensation committee will examine the current compensation and benefit levels of incumbent executives in light of their continuing or changing roles in the business and the assessments of their individual performances by the compensation committee or the chief executive officer. It will also determine annual bonus compensation, after consideration of Company and individual performance, but which is ultimately discretionary.

The compensation committee may also be called upon to consider pay related decisions throughout the calendar year as executives are reassigned or promoted and new executives join the organization. In these instances, the compensation committee will review all aspects of the executive's compensation including base salary level, annual incentive opportunities, longer-term incentive awards, participation in special benefit plans, and employment contract provisions, if applicable.

Pay Decision Factors and Considerations. The following factors typically influence compensation committee decisions on pay and benefits for Company executives:

- **Salary:** executive's overall performance during the year ending, changes in organization role and scope of responsibility, current salary in relation to the position's market value, any significant changes in the industry's pay practices for comparable positions.
- **Annual Bonus Compensation:** competitive industry practice with respect to size of awards, actual performance (achievement) against goals and objectives.
- **Longer-term Incentive Awards:** competitive industry practice with respect to size of awards, recent performance of the Company and the individual executive, applicable accounting rules for expensing equity awards, and shareholder concerns about dilution and overhang.
- **Nonqualified Compensation and Benefits:** tax rules on qualified benefit plans, likely replacement income benefits for executives compared to other categories of employees within the organization, competitive industry practice for comparable type and level of executive positions.
- **Perquisites:** the needs of the executive's position, frequency of travel to other Company locations, or to meet with Company clients and prospective clients, and competitive industry practices for comparable executive roles.
- **Employment Agreements:** where they serve Company needs for confidentiality about business practices and plans and preservation of the customer base (noncompetition and nonsolicitation provisions) and competitive industry practices.

Basis for Defining Competitive Compensation Levels and Practices. The types and levels of compensation included in the Company's executive compensation program are generally consistent with current features and programming trends among similar size and type organizations in the Company's local and regional marketplace.

The compensation committee reviews survey reports on national and regional compensation practice within Company's industry group, focusing on pay levels and practices among community banking and diversified financial services institutions based in the Mid-Atlantic Region and specifically the Greater Philadelphia metropolitan marketplace having assets of \$800 million to \$1.5 billion. This range of institutions represents banking companies that are somewhat smaller and somewhat larger than Company. The asset range will be modified from time to time as Company's operating circumstances change.

For the 2008 program planning cycle, the compensation committee reviewed executive compensation information from the following institutions in Pennsylvania, Delaware, and New Jersey:

Abington Community Bancorp, Inc. Bancorp, Inc.	Greater Community Bancorp Leesport Financial Corp.
Bryn Mawr Bank Corp. First Chester County Corp.	Royal Bancshares of Pennsylvania

Program Components. There are six (6) elements in the current executive compensation program:

Base Salary. Base salary opportunities are targeted at the median level of industry practice for comparable jobs in like size and type community banking and financial service organizations. Within the defined competitive range, an executive's salary level is based initially on his qualifications for the assignment and experience in similar level and type roles. Ongoing, salary adjustments reflect the individual's overall performance of the job against organization expectations and may also reflect changes in industry practices.

Health & Welfare Benefits. Executives participate in Company's qualified health and welfare benefits program on the same terms and conditions as all other employees of the Company.

Annual Performance Incentives. The Company pays bonus compensation which provides executives with opportunities to earn additional cash compensation in a given year. Bonus compensation is discretionary, but Company and business unit operating results and individual performance contributions are considered. Typical annual performance metrics for Company executives include net income, loan and deposit growth and net interest margin. The determination of actual bonus amounts is not formulaic, but, rather, the result of a review of achievements by the chief executive officer and the compensation committee and the application of prevailing industry practices on annual incentive awards.

Longer-term Performance Incentives. Executives are eligible to participate in longer-term incentive award plans established to focus executive efforts on the strategic directions and goals of the business and to reward them for their successes in increasing enterprise value. Awards can result in additional cash compensation or equity grants in the form of stock options or restricted stock. While the size of such awards may increase or decrease based on current business performance, it is the intention of the compensation committee to recommend some combination of the available awards at least annually as an incentive to focus executives future efforts on longer-term needs and objectives of the business.

- **Equity Grant Plans.** Our Amended and Restated Stock Option and Restricted Stock Plan authorizes us to grant options to purchase shares of common stock to our employees, directors and consultants. We can also grant restricted stock to these same audiences. Our compensation committee is the administrator of all stock grant plans. Stock option or restricted stock grants may be made at the commencement of employment and from time to time to meet other specific retention or performance objectives, or for other reasons.

Periodic grants of stock options or restricted stock are made at the discretion of the compensation committee to eligible employees and, in appropriate circumstances, the compensation committee considers the recommendations of the chief executive officer.

- **Deferred Compensation.** At the end of the calendar year, named executive officers may receive, at the compensation committee's discretion, a contribution equal to some percentage of their base salary or base salary and bonus, usually 10%-25%, into our deferred compensation plan. Contributions vest over three (3) years. The value and any earnings on participant accounts are determined by the changes in value of the Company's common stock. Receipt of the deferred compensation and earnings is deferred to normal retirement.

Nonqualified Benefits and Perquisites. We currently do not offer a nonqualified supplemental retirement income plan (SERP) to any of our executives, but our chief executive officer, as a former non-employee director, has an account balance in a now frozen retirement income plan for directors.

Perquisites for Company executives are generally limited automobile allowance or use of a Company-provided automobile, and, in a very few instances, a club membership. Typically, these perquisites are provided in instances where such benefits can facilitate the conduct of business with corporate and high net worth clients.

Employment Agreements and Change in Control. Our chief executive officer has an employment agreement with the Company and the Bank. The agreement includes a change in control severance provision. See "Executive Compensation" on page 17 for additional information regarding this agreement.

- **Post Retirement Income Benefits.** When retired, former Company executives are only eligible to receive replacement income benefits from our qualified retirement income plans, the same plans covering other employees of the Company. We do not currently sponsor any type of supplemental retirement income plan for highly compensated employees, although we may consider instituting such a plan in the future.
- **Severance in the Event of Termination Not for Cause or Change in Control.** Our chief executive officer has specific severance arrangements in place with the Company in the event of a termination of their employment not related to a change in control of the Company and in the event of such a change in control. Under this arrangement, our chief executive officer would receive three times the sum of his then-current base salary plus the average of his bonuses for the prior three years. All outstanding equity grants and other benefit provisions would fully vest. We also maintain a change in control policy which would provide a severance benefit to executive officers upon certain changes of control of the Company. See "Severance and Change in Control Benefits" at page 21.
- **Tax Gross-up Provision.** The employment agreement for our chief executive officer provides for an excise tax liability gross-up payment following a change in control (as defined in the agreement) if his severance benefits exceed the then-current standards under Internal Revenue Code Section 4999.

Status of the Program and Likely Practices Going Forward. The general structure of the Company executive compensation program was established several years ago and it has been continuously refined to meet the changing needs of the business and to maintain a competitive posture in the marketplace for executive talent.

Due to the Company's recent financial and operating results, the compensation committee determined not to award any bonus compensation to our chief executive officer for 2007 or 2008, and only modest bonus compensation to certain other executive officers. The compensation committee will evaluate award opportunities for executives, consistent with performance results.

Both stock option grants and deferred compensation contributions are likely to continue with the size of awards tracking with the performance results of the business.

It is possible that some of these future grants may include performance vesting in lieu of the traditional time vesting requirements attached to past grants.

Nonqualified Benefits. The compensation committee may evaluate the need and effectiveness of a supplemental retirement income plan for certain highly compensated employees in the future.

Perquisites. We believe the Company's perquisites have always been modest, offering use of a Company vehicle primarily to those executives who travel among Company's branch offices and operations centers and those who frequently meet with clients and prospects offsite. Similarly, club memberships are only provided for those executives who can utilize them in conducting the Company's business.

Employment Agreements. The compensation committee has responsibility for review of current and proposed employment agreements and will specifically authorize contract renewals.

Compliance with Sections 162(m) and 409A of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code provides that publicly held corporations may not deduct compensation paid to certain executive officers in excess of \$1,000,000 annually, with certain exemptions for qualified "performance-based" compensation. The Company has obtained shareholder approval of its stock option plan, and compensation earned pursuant to such plans is exempt from the Section 162(m) limit. Since we retain discretion over bonuses and certain amounts contributed to the deferred compensation plan, such amounts will not qualify for the exemption for performance-based compensation. Such amounts have not been at levels that, together with other compensation, approached the \$1,000,000 limit. Due to the relatively conservative amount of annual compensation, the Company believes its compensation policies reflect due consideration of Section 162(m). We reserve the right, however, to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of our shareholders, after taking into consideration changing business conditions or the executive officer's performance.

It is also our intention to maintain our executive compensation arrangements in conformity with the requirements of Section 409A of the Internal Revenue Code, which imposes certain restrictions on deferred compensation arrangements. We have been engaged in a process of reviewing and modifying our deferred compensation arrangements since the enactment of Section 409A in 2004 in order to maintain compliance under Section 409A.

(1) The amount shown is the dollar amount recognized for financial statement reporting purposes with respect to the referenced fiscal year in accordance with ASC 718-10. The Black-Scholes option pricing model is utilized to determine the fair value of stock options. Assumptions made in the valuation of option awards for financial statement reporting purposes are as follows: In 2008 the following assumptions were utilized: a dividend yield of 0%; expected volatility of 24.98% to 34.52%; risk-free interest rate of 2.49% to 3.37% and an expected life of 7.0 years. In 2007 the following assumptions were utilized: a dividend yield of 0%; expected volatility of 25.24%; risk-free interest rate of 4.70% and an expected life of 7.0 years. In 2006 the following assumptions were utilized: a dividend yield of 0%; expected volatility of 29.03%; risk-free interest rate of 4.83% and an expected

life of 7.0 years. A dividend yield of 0% is utilized, because cash dividends have never been paid. The expected life reflects a 3 to 4 year “all or nothing” vesting period, the maximum ten year term and review of historical behavior. The volatility was based on Bloomberg’s seven year volatility calculation for “FRBK” stock. The risk-free interest rate is based on the seven year Treasury bond.

2008 Pension Benefits Table

Name	Plan Name	Number of Years Credited Service (1) (#)	Present Value of Accumulated Benefit (\$)
Harry D. Madonna	Supplemental retirement benefits	16	210,883

(1) Mr. Madonna's years of credited service and the present value of his accumulated benefit were determined as of December 31, 2008, which is the same pension plan measurement date that the Company used for financial statement reporting purposes with respect to its audited financial statements for the fiscal year ended December 31, 2008.

In 1992, the Company adopted a supplemental retirement plan for non-employee directors. The plan was frozen to new participants in 1992, but the Company continues to maintain the plan for participants who served as non-employee directors in 1992. At that time, Mr. Madonna was a non-employee director and he continues to be a participant in the plan. The present value of accumulated benefit was calculated based upon the actuarial present value of accumulated benefits, calculated as of December 31, 2008, as follows. The plan provides for a retirement benefit of \$25,000 per year for ten years, which payments may begin at the later of actual retirement date or 65 years of age. As Mr. Madonna has reached 65 years of age, the amount shown as the present value of the accumulated benefit is the amount necessary to fund \$25,000 annual payments over a ten year period commencing as December 31, 2008, the end of the Company's most recently completed fiscal year, determined using a 4% discount rate. Upon completion of a change in control, in satisfaction of all his rights under this arrangement, Mr. Madonna will be entitled to receive approximately \$250,000.

2008 Nonqualified Deferred Compensation Table

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (1) (\$)	Aggregate Earnings in Last Fiscal Year (\$ (2)	Aggregate Balance at Last Fiscal Year-End (3) (\$)
Harry D. Madonna	-	99,825	(59,216)	331,343
Louis J. DeCesare	-	-	-	-
(4)				
Paul Frenkiel	-	23,433	2,386	89,604
Carol L. Hunter	-	11,475	904	12,379

- (1) Company contributions are also included as other compensation in the Summary Compensation Table.
- (2) Participant accounts are credited with gains, losses and expenses as if they had been invested in the common stock of the Company. The amount reported is not included in the Summary Compensation Table.
- (3) The aggregate balances include company contributions of \$99,825, \$142,250 and \$79,503 for Mr. Madonna, \$23,433, \$22,750 and \$22,147 for Mr. Frenkiel and \$11,475, \$0 and \$0 for Ms. Hunter, all included as other compensation in the Summary Compensation Table for 2008, 2007 and 2006, respectively. Company contributions to the deferred compensation plan vest over a three year period or completion of a change in control, as defined in the plan. At December 31, 2008, the vested balances for Mr. Madonna, Mr. Frenkiel and Ms. Hunter were \$80,060, \$17,001, and \$0, respectively.
- (4) Mr. DeCesare had no contributions or aggregate earnings in 2008, because when his employment ceased, he was entitled only to a distribution of the vested portion of his account applicable to prior years. The amount of that distribution was \$21,434.

The Company has caused a deferred compensation plan to be maintained for the benefit of its officers and directors. The plan, which permits participants to make contributions up to the amount of his or her salary subject to applicable limitations under the Internal Revenue Code. In addition, the Company may make discretionary contributions to the plan, typically a percentage of the participant's base salary or annual cash compensation. The Company's contributions to the plan for the benefit of Mr. Madonna are limited by the amounts specified in his January 2007 employment agreement. The value and any earnings on participant accounts are determined by the changes in value of the Company's common stock. The plan provides for distributions upon retirement and, subject to applicable limitations under the Internal Revenue Code, limited hardship withdrawals.

Severance and Change in Control Benefits. Mr. Madonna's employment agreement with the Company and the Bank provides for certain severance and change in control benefits. Upon the occurrence of a change in control (as defined in the agreements), or termination for any reason other than death, resignation by the executive without cause (as defined in the agreements) and termination by the Company or the Bank with good reason (as defined in the agreements), Mr. Madonna would receive a severance payment equal to three times his annual base salary plus three times his average bonus over the prior three years. Mr. Madonna would receive three years of health and life insurance or cash in an amount equal to the cost of such insurance. Mr. Madonna would receive an automobile. Mr. Madonna would also receive a "gross-up" payment as reimbursement for any additional excise taxes if triggered under section 4999 of the Internal Revenue Code. If a change in control occurred December 31, 2008, or Mr. Madonna's employment was terminated December 31, 2008 for any reason other than death, resignation by Mr. Madonna without cause or termination by the Company or the Bank with good reason, Mr. Madonna would have received cash severance, life and health insurance benefits, automobile allowances and tax gross ups aggregating approximately \$2.0 million. Payments following a change in control are to be made in a lump sum. In all other instances, payments are to be made over 36 months.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with related persons

On June 10, 2008, a family trust of Harry D. Madonna, chairman, chief executive officer and president of the Company and the Bank, and Theodore J. Flocco, Jr., a director of the Company and the Bank, along with Vernon W. Hill, II and other investors, purchased capital securities of Trust IV. Mr. Madonna's family trust purchased 3,000 capital securities and Mr. Flocco purchased 240 capital securities, and Mr. Hill purchased 6,000 capital securities, each for \$1,000 per capital security. Mr. Hill, at the time of his investment, entered into a consulting agreement with the Company, pursuant to which he provides advisory and consulting services to the Company with respect to strategic matters and opportunities, as well as the Company's business and operations. Among other things, the consulting agreement provides Mr. Hill the right to designate one individual to the board of directors, and Mr. Flocco is Mr. Hill's designee for that position.

The Bank has made, and expects to continue to make, loans in the future to directors and executive officers of the Company and the Bank, and to their family members, and to firms, corporations, and other entities in which they and their family members maintain interests. None of such loans are, as of the date of this Annual Report on Form 10-K, or were at December 31, 2008, nonaccrual, past due, restructured or potential problems, and all of such loans were made in the ordinary course of business, on

substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company or the Bank and did not involve more than the normal risk of collectibility or present other unfavorable features.

Prior to January 31, 2005, First Bank of Delaware was a wholly owned subsidiary of the Company. Four of the Company's eight directors, Messrs. Batoff, Hall, Madonna and Wildstein, are members of First Bank of Delaware's five person board. At the time First Bank of Delaware was spun off from the Company, the Bank and BSC Services Corporation, a wholly-owned subsidiary of First Bank of Delaware, entered into a number of agreements pursuant to which BSC Services Corporation provided services to the Bank, including a financial accounting and reporting service agreement, compliance services agreement, operation and data processing services agreement; and human resources and payroll services agreement. These agreements provided for shared data processing, accounting, employee leasing, human resources, credit and compliance services. During 2008, the Company and First Bank of Delaware began to transition away from this relationship. In July 2008, the Bank and First Bank of Delaware entered into a number of agreements, similar to those between BSC Services Corporation and the Bank, but pursuant to which the Bank would provide services to First Bank of Delaware. These agreements include a financial accounting and reporting service agreement, compliance and audit services agreement, operations, data processing and administrative services agreement, human resources and payroll services agreement, and credit and loan administration services agreement. In August 2008, BSC Services Corporation discontinued its operations and all of its employees were transferred to the direct employ of either the Bank of First Bank of Delaware. The Bank paid BSC Services Corporation \$8.2 million in 2008 for services provided. For services provided in 2008, after changes in the relationship between the Bank and First Bank of Delaware, First Bank of Delaware paid the Bank \$215,000.

AUDIT-RELATED INFORMATION

Registered Public Accounting Firm

The audit committee selected BMC as the independent registered public accounting firm for the Company for the fiscal years ending December 31, 2007 and 2008. On October 1, 2009, the Company was notified that BMC merged with Parente Randolph, LLC and became ParenteBeard, LLC (“ParenteBeard”). The audit committee has approved ParenteBeard as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2009. ParenteBeard has advised the Company that one or more of its representatives will be present at the 2009 annual meeting to make a statement if they so desire and to respond to appropriate questions.

The following table presents the aggregate fees billed by BMC, the Company’s principal accountant, for the fiscal years ended December 31, 2008 and 2007.

Tax Fees (3)	20,000	20,639
All Other Fees (4)	—	—
Total Fees	\$ 235,135	\$ 188,301

(1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company’s consolidated financial statements, internal control over financial reporting and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by Beard Miller Company LLP in connection with statutory and regulatory filings or engagements.

(2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s consolidated financial statements and are not reported under “Audit Fees.”

(3) Tax Fees consist of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal and state tax compliance, tax audit defense, customs and duties, and mergers and acquisitions.

(4) All Other Fees consist of fees billed for products and services provided by the independent registered public accounting firm, other than those services described above.

The audit committee meets with our independent auditors to approve the annual scope of accounting services to be performed and the related fee estimates. The audit committee also meets with the Company’s independent auditors, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to the Company’s earnings announcements, to review the results of their auditors’ work. During the course of the year, the chairman of the audit committee has the authority to pre-approve requests for services that were not approved in the annual pre-approval process. The chairman reports any interim pre-approvals at the following quarterly meeting. At each of the meetings, management and the Company’s independent auditors update the audit committee with material changes to any service engagement and related fee estimates as compared to amounts previously approved. During fiscal 2008 all audit and non-audit services performed by BMC for the Company were pre-approved by the audit committee in accordance with the foregoing procedures.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who own more than 10% of a registered class of the Company's equity securities (collectively, the "Reporting Persons") to file reports of ownership and changes in ownership with the SEC and to furnish the Company with copies of these reports. Based on the Company's review of the copies of the reports filed by such persons and written representations, the Company believes that all filings required to be made by Reporting Persons for the period from January 1, 2008 through December 31, 2008 were made on a timely basis except for three untimely Form 4s reporting ten transactions filed by William W. The Chairman of any meeting of shareholders held to elect directors and the board of directors may refuse to recognize the nomination of any person not made in compliance with such provisions.  THE BOARD OF DIRECTORS

The undersigned shareholder of Republic First Bancorp, Inc. (the "Company") hereby constitutes and appoints Rhonda S. Costello and Andrew J.
