Dear Stockholder:

On behalf of your Board of Directors and management, you are cordially invited to attend the Annual Meeting of Stockholders to be held at Insperity's Corporate Headquarters, Centre I in the Auditorium, located at 22900 Hwy. 59 N. (Eastex Freeway), Kingwood, Texas 77339, on May 13, 2014, at 3:00 p.m. Central time.

It is important that your shares are represented at the meeting. Whether or not you plan to attend the meeting, please complete and return the enclosed proxy card in the accompanying envelope or vote using the telephone or Internet procedures that may be provided to you. Please note that voting using any of these methods will not prevent you from attending the meeting and voting in person.

You will find information regarding the matters to be voted on at the meeting in the following pages. Our annual report on Form 10-K for the year ending December 31, 2013 is also enclosed with these materials.

Your interest in Insperity is appreciated, and we look forward to seeing you on May 13th.

Sincerely,

/s/ Paul J. Sarvadi

PROXY STATEMENT
FOR THE
ANNUAL MEETING OF STOCKHOLDERS OF
INSPERITY, INC.
TO BE HELD ON TUESDAY, MAY 13, 2014

Solicitation

The accompanying proxy is solicited by the Board of Directors (“the Board”) of Insperty, Inc., a Delaware corporation (the “Company” or “Insperty”), for use at the 2014 Annual Meeting of Stockholders to be held on May 13, 2014, and at any reconvened meeting after an adjournment thereof. The Annual Meeting of Stockholders will be held at 3:00 p.m. (Central Daylight Time), at the Company’s Corporate Headquarters, Centre I in the Auditorium located at 22900 Hwy. 59 N. (Eastex Freeway), Kingwood, Texas 77339.

Voting Information

You may vote in one of four ways:

- by attending the meeting and voting in person;
- by signing, dating and returning your proxy in the envelope provided;
- by submitting your proxy via the Internet at the address listed on your proxy card; or
- by submitting your proxy using the toll-free telephone number listed on your proxy card.

For stockholders of record, if your shares are held in an account at a brokerage firm or bank, you may submit your voting instructions by signing and timely returning the enclosed voting instruction form, by Internet at the address shown on your voting instruction form, by telephone using the toll-free number shown on that form, or by providing other proper voting instructions to the registered owner of your shares. If shares are held in street name through a broker and the broker is not given direction on how to vote, the broker will not have discretion to vote such shares on non-routine matters, including the election of directors.

For stockholders of record, if you either return your signed proxy or submit your proxy using the Internet or telephone procedures that may be available to you, your shares will be voted as you direct. If the accompanying proxy is properly executed and returned, but no voting directions are indicated thereon, the shares represented thereby will be voted FOR the election as directors of the nominees listed herein, and FOR proposals 2 and 3. In addition, the proxy confers discretionary authority to the persons named in the proxy authorizing those persons to vote, in their discretion, on any other matters properly presented at the Annual Meeting of Stockholders. The Board is not currently aware of any such other matters. Any stockholder of record giving a proxy has the power to revoke it at any time before it is voted by: (i) submitting written notice of revocation to the Secretary of the Company at the address listed above; (ii) submitting another proxy that is properly signed and later dated; (iii) submitting a proxy again on the Internet or by telephone; or (iv) voting in person at the Annual Meeting. Stockholders who hold their shares through a nominee or broker are invited to attend the meeting but must obtain a signed proxy from their nominee or broker in order to vote in person.

The Company pays the expense of preparing, printing and mailing proxy materials to our stockholders. Proxies may be solicited personally or by telephone by officers or employees of the Company, none of whom will receive additional compensation. We will also reimburse brokerage houses and other nominees for their reasonable expenses in forwarding proxy materials to beneficial owners of our Common Stock.

The approximate date on which this proxy statement and the accompanying proxy card will first be sent to stockholders is April 11, 2014.

Table of Contents

At the close of business on March 14, 2014, the record date for the determination of stockholders of the Company entitled to receive notice of, and to vote at, the 2014 Annual Meeting of Stockholders or any reconvened meeting after an adjournment thereof, 25,551,243 shares of the Company's Common Stock, par value \$0.01 per share (the "Common Stock"), were outstanding. Each share of Common Stock is entitled to one vote upon each of the matters to be voted on at the meeting. The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock is required for a quorum. If a quorum is present at the meeting, under the Company's Bylaws, action on a matter or to elect director nominees shall be approved if the votes cast in favor of the matter or nominee exceed the votes cast opposing the matter or such nominee, as applicable.

In determining the number of votes cast, shares abstaining from voting or not voted on a matter will not be treated as votes cast. Accordingly, although proxies containing broker non-votes (which result when a broker holding shares for a beneficial owner has not received timely voting instructions on certain matters from such beneficial owner and when the broker does not otherwise have discretionary power to vote on a particular matter) are considered "shares present" in determining whether there is a quorum present at the Annual Meeting, they are not treated as votes cast with respect to the election of directors, and thus will not affect the outcome of the voting on the election of directors or any of the other proposals on non-routine matters to be voted on at the Annual Meeting. However, a broker holding shares for a beneficial owner will have the discretion to vote such shares for a beneficial owner with respect to routine matters, including the ratification of the appointment of the Company's independent registered public accounting firm.

PROPOSAL NUMBER 1
ELECTION OF DIRECTORS

General

The Company's Certificate of Incorporation and Bylaws provide that the number of directors on the Board shall be fixed from time to time by the Board but shall not be less than three nor more than 15 persons. The number of members constituting the Board is currently fixed at nine.

In accordance with the Certificate of Incorporation of the Company, the members of the Board are divided into three classes and are elected for a term of office expiring at the third succeeding annual stockholders' meeting following their election to office, or until a successor is duly elected and qualified. The Certificate of Incorporation also provides that such classes shall be as nearly equal in number as possible. The terms of office of the Class I, Class II and Class III directors expire at the Annual Meeting of Stockholders in 2014, 2015 and 2016, respectively.

The term of office of each of the current Class I directors expires at the time of the 2014 Annual Meeting of Stockholders, or as soon thereafter as their successors are elected and qualified. Mr. Brown, Dr. Jones and Mr. Petsch have been nominated to serve additional three-year terms as Class I directors. All nominees have consented to be named in this proxy statement and to serve as a director if elected.

It is the intention of the person or persons named in the accompanying proxy card to vote for the election of all nominees named below unless a stockholder has voted against such nominee. The affirmative vote of a majority of the votes cast by holders of the Common Stock present in person or by proxy at the 2014 Annual Meeting of Stockholders is required for election of the nominees. Abstentions and broker non-votes will be deemed votes not cast. Under our Bylaws and in accordance with Delaware law, a director's term extends until his or her successor is duly elected and qualified, or until he or she resigns or is removed from office. Thus, an incumbent director who fails to receive the required vote for re-election at our annual meeting of stockholders would continue serving as a director (sometimes referred to as a "holdover director"), generally until the next annual meeting of stockholders. However, as a condition to being nominated to continue to serve as a director, the incumbent director nominees have submitted an irrevocable letter of resignation that is effective upon and only in the event that (i) such nominee fails to receive the required vote; and (ii) the Board accepts such resignation. In such an event, the Corporate Governance Committee is required to make a recommendation to the Board as to whether the Board should accept the resignation, and the Board is required to decide whether to accept the resignation and to disclose its decision-making process within 90 days from the certification of the election results.

If, at the time of or prior to the 2014 Annual Meeting of Stockholders, any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy may be used to vote for a substitute or substitutes designated by the Board. The Board has no reason to believe that any substitute nominee or nominees will be required. No proxy will be voted for a greater number of persons than the number of nominees named herein.

Nominees — Class I Directors (For Terms Expiring at the 2017 Annual Meeting)

Michael W. Brown. Mr. Brown, age 68, joined the Company as a Class I director in November 1997. He is a member of the Company's Finance, Risk Management and Audit Committee and the Nominating and Corporate Governance Committee. Mr. Brown is the past chairman of the NASDAQ Stock Market Board of Directors and a past governor of the National Association of Securities Dealers. Mr. Brown joined Microsoft Corporation in 1989 as its treasurer and became its chief financial officer in 1993, in which capacity he served until his retirement in July 1997. Prior to joining Microsoft, Mr. Brown spent 18 years with Deloitte & Touche LLP. Mr. Brown is also a director of EMC Corporation, Stifel Financial Corporation and VMware, Inc. and serves on the audit committees of EMC Corporation and VMware, Inc. Mr. Brown also serves or has served as a director, trustee or advisor of several private businesses, civic or charitable organizations. Mr. Brown holds a Bachelor of Science degree in Economics from the University of Washington in Seattle.

Mr. Brown brings to the Board substantial financial expertise that includes an extensive knowledge of the complex financial and operational issues affecting large companies, and a deep understanding of accounting principles and financial reporting rules and regulations. His prior experience in public accounting and as a chief financial officer of a global technology company brings an important perspective to the Board. Mr. Brown also serves on the boards and

audit committees of multiple publicly traded companies in both the technology and financial services sectors, which provides us with valuable insight on technological and strategic issues affecting the Company. Mr. Brown's prior service as chairman of the NASDAQ Stock Market Board of Directors and as a past governor of the National Association of Securities Dealers provides experience with issues affecting a publicly traded company as well as demonstrating Mr. Brown's leadership and business acumen.

Table of Contents

Eli Jones. Dr. Jones, age 52, joined the Company as a Class I director in April 2004. He is chairman of the Company's Compensation Committee and a member of the Nominating and Corporate Governance Committee. Dr. Jones is the Dean of the Sam M. Walton College of Business at the University of Arkansas and holder of the Sam M. Walton Leadership Chair in Business. Prior to joining the faculty at the University of Arkansas, he was Dean of the E. J. Ourso College of Business and Ourso Distinguished Professor of Business at Louisiana State University ("LSU") from 2008 to 2012; Professor of Marketing and Associate Dean at the C.T. Bauer College of Business at the University of Houston from 2007 to 2008; an Associate Professor of Marketing from 2002 to 2007; and an assistant professor from 1997 until 2002. He taught at Texas A&M University for several years before joining the faculty of the University of Houston. Dr. Jones served as the executive director of the Program for Excellence in Selling and the founding director of the Sales Excellence Institute at the University of Houston from 1997 to 2007. Before becoming a professor, he worked in sales and sales management for three Fortune 100 companies: Quaker Oats, Nabisco and Frito-Lay. Dr. Jones is also a director at Arvest Bank. He received his Bachelor of Science degree in Journalism in 1982, his MBA in 1986, and his Ph.D. in 1997, all from Texas A&M University.

Dr. Jones brings to the Board significant experience and cutting-edge knowledge and expertise. He is considered a "sales scientist" in that he conducts and publishes cutting-edge research in sales, sales management, marketing strategy, leadership and customer relationship management based on data from organizations world-wide, which are areas critical to the Company. Dr. Jones is able to draw upon his research to provide the Board knowledge with respect to the Insperty sales force. Dr. Jones' prior service as Dean of the E. J. Ourso College of Business and Ourso Distinguished Professor of Business at LSU and his current position as Dean of the Sam M. Walton College of Business at the University of Arkansas and holder of the Sam M. Walton Leadership Chair in Business demonstrate his leadership and broad-based business acumen.

Gregory E. Petsch. Mr. Petsch, age 63, joined the Company as a Class I director in October 2002. He is chairman of the Company's Nominating and Corporate Governance Committee and a member of the Compensation Committee. Mr. Petsch retired from Compaq Computer Corporation in 1999 where he had held various positions since 1983, most recently as senior vice president of Worldwide Manufacturing and Quality beginning in 1991. Prior to joining Compaq, he worked for 10 years for Texas Instruments. Mr. Petsch serves or has served as a director, trustee or advisor of several private business, civic or charitable organizations. In 1992, Mr. Petsch was voted Manufacturing Executive of the Year by Upside Magazine, and from 1993 to 1995, he was nominated Who's Who of Global Business Leaders. He is founder and president of Petsch Foundation, Inc. He earned a Bachelor of Business Technology degree from the University of Houston in 1978.

Mr. Petsch brings to the Board extensive operational expertise and business experience. His prior experience as a senior vice president of Worldwide Manufacturing and Quality, as well as his other positions with Compaq and Texas Instruments, provides the Board with additional insight into technology and business issues affecting the Company. The Board recommends that stockholders vote "For" all of the nominees listed above, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

Directors Remaining in Office

Jack M. Fields, Jr. Mr. Fields, age 62, joined the Company as a Class III director in January 1997 following his retirement from the United States House of Representatives, where he served for 16 years. Mr. Fields is a member of the Company's Compensation Committee and the Nominating and Corporate Governance Committee. During 1995 and 1996, Mr. Fields served as chairman of the House Telecommunications and Finance Subcommittee, which has jurisdiction and oversight over the Federal Communications Commission and the Securities and Exchange Commission (the "SEC"). Mr. Fields has been chief executive officer of the Twenty-First Century Group in Washington, D.C. since January 1997. He serves on the Board of Directors for Invesco Mutual Funds (formerly AIM Mutual Funds), and also serves or has served as a director, trustee or advisor of several private business, civic or charitable organizations. Mr. Fields earned a Bachelor of Arts degree in 1974 from Baylor University and graduated from Baylor Law School in 1977.

Mr. Fields brings extensive governmental affairs and regulatory experience and expertise to the Board. His prior experience in the United States House of Representatives, including his role as chairman of the committee that had oversight over the SEC, and his service as chief executive officer with a Washington, D.C. based political consulting firm bring important governmental affairs and regulatory perspectives to the Board. Additionally, Mr. Fields' background and accomplishments demonstrate his leadership, and his service as a director of the Invesco Mutual Funds provides us with additional valuable perspective on issues affecting the Company.

Carol R. Kaufman. Ms. Kaufman, age 64, joined the Company as a Class II director in November 2013. She is a member of the Company's Finance, Risk Management and Audit Committee and the Nominating and Corporate Governance Committee. Ms. Kaufman is the executive vice president, secretary, chief administrative officer and chief governance officer of The Cooper Companies, Inc., a global medical device company, where she has served since October 1995, including as vice president of legal affairs beginning in March 1996, senior vice president beginning in October 2004 and her current position beginning in July 2011. From January 1989

Table of Contents

through September 1995, she served as vice president, secretary and chief administrative officer of Cooper Development Company, a former affiliate of The Cooper Companies, Inc. Beginning in 1971, Ms. Kaufman held several financial positions, including deputy corporate controller, with Cooper Laboratories, Inc., the former parent of The Cooper Companies, Inc. Ms. Kaufman is also a director of Chindex, Inc. and serves on its audit and compensation committees and is the chair of its governance and nominating committee. Ms. Kaufman earned a Bachelor of Science degree in Mathematics in 1971 from Boston University.

Ms. Kaufman brings extensive financial, accounting and business experience, including in corporate governance, to the Board. Her varied roles within The Cooper Companies provide the Board with additional expertise on accounting and controls, and on evaluating and executing strategic initiatives.

Paul S. Lattanzio. Mr. Lattanzio, age 50, has been a Class III director of the Company since 1995. He is a member of the Company's Finance, Risk Management and Audit Committee and the Nominating and Corporate Governance Committee. Mr. Lattanzio has been president of Star Avenue Capital, LLC since May 2010. Prior to that, he most recently served as a senior managing director and head of Bear Growth Capital Partners, a private equity group, from July 2003 to January 2009. He served as a managing director for TD Capital Communications Partners (f/k/a Toronto Dominion Capital), a venture capital investment firm, from July 1999 until July 2002. From February 1998 to March 1999, he was a co-founder and senior managing director of NMS Capital Management, LLC, a \$600 million private equity fund affiliated with NationsBanc Montgomery Securities. Prior to NMS Capital, Mr. Lattanzio served in several positions with various affiliates of Bankers Trust New York Corporation for over 13 years, most recently as a managing director of BT Capital Partners, Inc. Mr. Lattanzio has experience in a variety of investment banking disciplines, including mergers and acquisitions, private placements and restructuring. Mr. Lattanzio received his Bachelor of Science degree in Economics with honors from the University of Pennsylvania's Wharton School of Business in 1984.

Mr. Lattanzio brings extensive financial and investment banking experience and business acumen to the Board. His broad experience with several investment firms and private equity groups, including his current experience as the president of Star Avenue Capital, LLC, brings an important perspective to the Board on issues concerning the Company's strategic initiatives.

Richard G. Rawson. Mr. Rawson, age 65, president of the Company and the majority of its subsidiaries, is a Class III director and has been a director of the Company since 1989. He has been president of the Company since August 2003. Before being elected president, he served as executive vice president of administration, chief financial officer and treasurer of the Company from February 1997 until August 2003. Prior to that, he served as senior vice president, chief financial officer and treasurer of the Company since 1989. Prior to joining the Company in 1989, Mr. Rawson served as a senior financial officer and controller for several companies in the manufacturing and seismic data processing industries. He has served the National Association of Professional Employer Organizations ("NAPEO") as president, first vice president, second vice president and treasurer, as well as chairman of the Accounting Practices Committee. Mr. Rawson has a Bachelor of Business Administration degree in Finance from the University of Houston and currently serves as a member of the board for the C.T. Bauer College of Business.

Mr. Rawson brings financial and operational experience to the Board. His lengthy service as president of the Company, as well as his prior service as chief financial officer and treasurer of the Company, provide in-depth knowledge and insight of Company operations and financial matters to the Board.

Paul J. Sarvadi. Mr. Sarvadi, age 57, Chairman of the Board and Chief Executive Officer and co-founder of the Company and its subsidiaries, is a Class II director and has been a director since the Company's inception in 1986. He has also served as the Chairman of the Board and Chief Executive Officer of the Company since 1989 and as president of the Company from 1989 until August 2003. He attended Rice University and the University of Houston prior to starting and operating several small companies. Mr. Sarvadi has served as president of NAPEO and was a member of its Board of Directors for five years. In 2001, Mr. Sarvadi was selected as the 2001 National Ernst & Young Entrepreneur of the Year[®] for service industries. In 2004, he received the Conn Family Distinguished New Venture Leader Award from Mays Business School at Texas A&M University. In 2007, he was inducted into the Texas Business Hall of Fame.

Mr. Sarvadi brings substantial business and operational experience to the Board, including an extensive knowledge of sales, customer relationships, and issues affecting small to medium-sized businesses. Mr. Sarvadi's role as a co-founder of the Company and lengthy service as chief executive officer of the Company provide to the Board extensive knowledge and insight of our operations and issues affecting the Company as well as the broader professional employer organization ("PEO") industry. Mr. Sarvadi's previous experience starting and operating several small businesses, as well as his frequent interaction with the Company's clients, provide valuable insight to the challenges facing small to medium-sized businesses, which is a principal focus of the Company.

Austin P. Young. Mr. Young, age 73, joined the Company as a Class II director in January 2003. He is chairman of the Company's Finance, Risk Management and Audit Committee and a member of the Nominating and Corporate Governance Committee. Mr. Young served as senior vice president, chief financial officer and treasurer of CellStar Corporation from 1999 to December 2001, when he retired. From 1996 to 1999, he served as executive vice president - finance and administration of Metamor Worldwide, Inc. Mr. Young also held the position of senior vice president and chief financial officer of American General Corporation for over eight years and was a partner

in the Houston and New York offices of KPMG before joining American General. Mr. Young currently serves as a director and chairman of the Audit Committees of Tower Group International, Ltd. and Amerisafe, Inc. He is a member of the Houston and State Chapters of the Texas Society of CPAs, the American Institute of CPAs, and the Financial Executives International. He holds an accounting degree from The University of Texas.

Mr. Young brings extensive financial and accounting experience to the Board. His prior experience as a partner in an international accounting firm, as a senior financial officer of large companies, and his service on the audit committees of publicly traded companies provide Mr. Young with a thorough understanding of generally accepted accounting principles and financial statements. Additionally, Mr. Young's prior experience provides a solid background for him to advise and consult with the Board on financial and audit-related matters as chairman of the Finance, Risk Management and Audit Committee, and to serve as the designated audit committee financial expert of the Finance, Risk Management and Audit Committee. Mr. Young's service on other boards and his extensive knowledge of the Company and its business provide us with additional valuable perspective on issues affecting the Company.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Insperty has adopted Corporate Governance Guidelines, which include guidelines for, among other things, director responsibilities, qualifications and independence. The Board continually monitors developments in corporate governance practices and regulatory changes and periodically assesses the adequacy of and modifies its Corporate Governance Guidelines and committee charters as warranted in light of such developments. You can access the Company's Corporate Governance Guidelines in their entirety on the Company's website at www.insperity.com in the Corporate Governance section under the Investor Relations tab. The information on our website is not, and shall not be deemed to be, a part of this proxy statement.

On an annual basis, each director and executive officer is obligated to complete a questionnaire that requires disclosure of any transactions with the Company in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest, and must promptly advise us of any changes to the information previously provided.

Determinations of Director Independence

Under rules of the New York Stock Exchange (the "NYSE"), the Company must have a majority of independent directors. No director qualifies as independent unless the Board affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In evaluating each director's independence, the Board considered all relevant facts and circumstances, and relationships and transactions between each director, her or his family members or any business, charity or other entity in which the director has an interest on the one hand, and the Company, its affiliates, or the Company's senior management on the other. As a result of this review, at its meeting held on February 17, 2014, the Board affirmatively determined that all of the Company's directors are independent from the Company and its management, with the exception of Messrs. Sarvadi and Rawson, both of whom are members of the senior management of the Company.

The Board has considered what types of disclosure should be made relating to the process of determining director independence. To assist the Board in making disclosures regarding its determinations of independence, in 2004, the Board adopted categorical standards as contemplated under the listing standards of the NYSE then in effect. Under the rules then in effect, relationships that were within the categorical standards were not required to be disclosed in the proxy statement and their impact on independence was not required to be separately discussed, although the categorical standards, by themselves, did not determine the independence of a particular director. The Board considers all relevant facts and circumstances in determining whether a director is independent. A relationship satisfies the categorical standards adopted by the Board if it:

- is not a relationship that would preclude a determination of independence under Section 303A.02(b) of the NYSE Listed Company Manual;
- consists of charitable contributions made by Insperty to an organization where a director is an executive officer and does not exceed the greater of \$1 million or 2% of the organization's gross

revenue in any of the last three years; and

- is not required to be, and it is not otherwise, disclosed in Insperity's annual proxy statement.

In the course of the Board's determination regarding the independence of directors other than Messrs. Sarvadi and Rawson, it considered all transactions, relationships and arrangements in which such directors and Insperity were participants. In particular, with respect to each of the most recent three fiscal years, the Board evaluated, with respect to Mr. Fields, Insperity's provision of PEO-related services to companies owned by Mr. Fields and, with respect to Dr. Jones, its long-time employment of an individual who became Dr. Jones' son-in-law. The Board has determined that these relationships are not material. In making this determination with respect to Mr.

Table of Contents

Fields, the Board considered the fact that his companies pay Insperty comprehensive service fees on the same basis as all other clients, and payments net of payroll costs made by his companies were less than 0.1% of Insperty's revenues in each of the last three fiscal years. In making this determination with respect to Dr. Jones, the Board considered that Dr. Jones' son-in-law was employed as a manager of lead generation, held such position for a few years prior to becoming a member of Dr. Jones' family, did not have management responsibilities, and his salary was between the 25th and 75th percentile for the position.

Selection of Nominees for the Board of Directors

Identifying Candidates

The Nominating and Corporate Governance Committee solicits ideas for potential candidates for membership on the Board from a number of sources including members of the Board, executive officers of the Company, individuals personally known to the members of the Board, and research. The Nominating and Corporate Governance Committee also has sole authority to select and compensate a third-party executive search firm to help identify candidates, if it deems advisable. In addition, the Nominating and Corporate Governance Committee will consider candidates for the Board submitted by stockholders. Any such submissions should include the candidate's name and qualifications for Board membership and should be directed to the Corporate Secretary of Insperty at 19001 Crescent Springs Drive, Kingwood, Texas 77339. Although the Nominating and Corporate Governance Committee does not require the stockholder to submit any particular information regarding the qualifications of the stockholder's candidate, the level of consideration that the Nominating and Corporate Governance Committee will give to the stockholder's candidate will be commensurate with the quality and quantity of information about the candidate that the stockholder makes available to the Committee. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, and will evaluate each of them on the same basis.

In addition, the Bylaws of the Company permit stockholders to nominate directors for election at an annual stockholders meeting whether or not such nominee is submitted to and evaluated by the Nominating and Corporate Governance Committee. To nominate a director using this process, the stockholder must follow the procedures described under "Additional Information – Advance Notice Required for Stockholder Nominations and Proposals" on page 36.

Evaluating Candidates

Each candidate must meet certain minimum qualifications, including:

- the ability to represent the interests of all stockholders of the Company and not just one particular constituency;
- independence of thought and judgment;
- the ability to dedicate sufficient time, energy and attention to the performance of her or his duties, taking into consideration the prospective nominee's service on other public company boards; and
- skills and expertise that are complementary to the existing Board members' skills; in this regard, the Board will consider the Board's need for operational, sales, management, financial, governmental or other relevant expertise.

In addition, the Nominating and Corporate Governance Committee considers other qualities that it may deem to be desirable from time to time, such as the extent to which the prospective nominee contributes to the diversity of the Board — with diversity being construed broadly to include a variety of perspectives, opinions, experiences and backgrounds. However, diversity is just one factor that the Nominating and Corporate Governance Committee may consider, and the Board does not have any particular policy with regard to diversity. The Nominating and Corporate Governance Committee may also consider the ability of the prospective nominee to work within the then-existing interpersonal dynamics of the Board and her or his ability to contribute to the collaborative culture among Board members.

Based on this initial evaluation, the chairman of the Nominating and Corporate Governance Committee will determine whether to interview the nominee, and if warranted, will recommend that one or more members of the Nominating and Corporate Governance Committee, other members of the Board and senior management, as appropriate, interview the nominee in person or by telephone. After completing this evaluation and interview process, the Committee makes

a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation of the Nominating and Corporate Governance Committee.

Board of Directors Leadership

The Company does not have a policy with respect to whether the positions of Chairman of the Board and chief executive officer (“CEO”) should be held by the same person or two separate individuals, and believes that it is in the best interest of the Company to consider that question from time to time in the context of succession planning. At this time, the Board believes that it is in the best interest of the Company and an appropriate leadership structure to have the CEO also serve as Chairman of the Board. Combining the CEO and Chairman of the Board roles provides an efficient and effective leadership model that promotes unambiguous accountability and alignment on corporate strategy. Mr. Sarvadi co-founded the Company in 1986 and has served as Chairman of the Board and CEO since 1989. The Board believes that Mr. Sarvadi’s intimate knowledge of the daily operations of and familiarity with the Company and industry put him in the best position to provide leadership to the Board on setting the agenda, emerging issues facing the Company and the PEO industry, and strategic opportunities. Additionally, Mr. Sarvadi’s substantial financial stake in the Company creates a strong alignment of interests with other stockholders. Mr. Sarvadi’s combined roles also ensure that a unified message is conveyed to stockholders, employees and clients.

The Company’s Corporate Governance Guidelines established the position of lead independent director in 2012.

Mr. Petsch, as chairman of the Nominating and Corporate Governance Committee, is currently the lead independent director. The lead independent director has the following responsibilities in addition to the regular duties of a director:

- Prepare and set the agenda for and chair executive sessions of the outside directors;
- Call or convene executive sessions of the outside directors;
- Authority to set the agenda for meetings of the Board;
- Preside at all meetings of the Board where the Chairman of the Board is not present or has a potential conflict of interest;
- Serve as liaison and facilitate communications between the independent directors and the Chairman of the Board and CEO;
- Consult with the Chairman of the Board and CEO on matters relating to corporate governance and performance of the Board; and
- Collaborate with the rest of the Nominating and Corporate Governance Committee on possible director conflicts of interest or breaches of the Corporate Governance Guidelines.

Board of Directors’ Role in Risk Oversight

The Board is responsible for overseeing the Company’s overall risk profile and assisting management in addressing specific risks. The Company’s Enterprise Risk Management Steering Committee (the “ERM Steering Committee”) is responsible for formally identifying and evaluating risks that may affect the Company’s ability to execute its corporate strategy and fulfill its business objectives. The ERM Steering Committee employs a disciplined approach to identifying, documenting, evaluating, communicating, and monitoring enterprise risk management within the Company. The ERM Steering Committee is chaired by the Company’s chief financial officer and includes the Company’s general counsel, internal audit director and other members of management. The ERM Steering Committee reports to the Board and the CEO. During 2013, the ERM Steering Committee completed a comprehensive review and update of the Company’s risks, including strategic, operational, financial, legal, regulatory and reputational risks. The ERM Steering Committee further reviewed and updated the mitigating factors associated with such risks, and prioritized the identified risks based upon the subjectively determined likelihood of the occurrence and the estimated resulting impact on the Company if the risk occurred. The ERM Steering Committee is charged with periodically reviewing the Company’s overall risk profile, as well as any significant identified risks, with both the Finance, Risk Management and Audit Committee and the entire Board.

The Board executes its risk oversight function both directly and through its standing committees, each of which assists the Board in overseeing a part of the Company’s overall risk management. Throughout the year, the Board and each such committee spend a portion of their time reviewing and discussing specific risk factors, and risk assessments are part of all major decision making. The Board is kept informed of each committee’s risk oversight and related activities

through regular reports from such committees. The Finance, Risk Management and Audit Committee is assigned primary responsibility for oversight of risk assessment with financial implications. In its periodic meetings with management, internal auditors and independent auditors, the Finance, Risk Management and Audit Committee reviews and monitors many factors relating to enterprise risk, including:

10

Table of Contents

- the financial affairs of the Company;
- the integrity of the Company's financial statements and internal controls;
- the Company's compliance with legal and regulatory requirements;
- the independent auditor's qualifications, independence and performance;
- the performance of the personnel responsible for the Company's internal audit function and independent auditors; and
- the Company's policies and procedures with respect to risk management.

The Compensation Committee has the primary responsibility to consider material risk factors relating to the Company's compensation policies and practices. The Nominating and Corporate Governance Committee monitors governance and succession risks. As part of its review and approval of the Company's capital budget, major acquisitions, material contracts, compensation and other similar matters, the Board retains ultimate authority over assessing the risks and their impacts on the Company's business.

Prohibition on Hedging and Pledging of Company Common Stock

The Company has established strict standards regarding the speculative trading of Company Common Stock. In February 2013, the Company amended its internal policies to prohibit employees from engaging in hedging transactions involving Company Common Stock. The Board also adopted a formal policy prohibiting employees and directors from engaging in the significant pledging of shares of Company Common Stock. All pledging requests will be reviewed by the Board, which will consider the facts and circumstances and other information the Board deems relevant.

After a thorough review, the Board previously determined that the shares pledged by the CEO were not significant. In making this determination, the Board considered that the CEO reduced the number of pledged shares from last year, and the pledged shares only represent approximately 17% of the CEO's total share ownership and approximately 1% of the Company's total shares outstanding and market capitalization. The Board also considered the CEO's significant number of founder's shares that were not earned as compensation from the Company, and his compliance with the Company's stock ownership guidelines, disregarding the pledged shares.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics (the "Code"), governing the conduct of the Company's directors, officers and employees. The Code, which meets the requirements of Rule 303A.10 of the NYSE Listed Company Manual and Item 406 of Regulation S-K, is intended to promote honest and ethical conduct, full, fair, accurate, timely and understandable disclosure in the Company's public filings, compliance with laws and the prompt internal reporting of violations of the Code. You can access the Code on the Company's website at www.insperity.com in the Corporate Governance section under the Investor Relations tab. Changes in and waivers to the Code for the Company's directors, executive officers and certain senior financial officers will be posted on the Company's Internet website within four business days of being approved and maintained for at least 12 months. If you wish to raise a question or concern or report a violation to the Finance, Risk Management and Audit Committee, you should visit www.ethicspoint.com or call the Ethicspoint toll-free hotline at 1-866-384-4277.

Stockholder Communications

Stockholders and other interested parties may communicate directly with the entire Board or the non-management directors as a group by sending an email to directors@insperity.com. Alternatively, you may mail your correspondence to the Board or non-management directors in care of the Corporate Secretary, 19001 Crescent Springs Drive, Kingwood, Texas 77339. In the subject line of the email or on the envelope, please specify whether the communication is addressed to the entire Board or to the non-management directors.

Unless any director directs otherwise, communications received (via U.S. mail or email) will be reviewed by the Corporate Secretary who will exercise his discretion not to forward to the Board correspondence that is inappropriate such as business solicitations, frivolous communications and advertising, routine business matters (i.e. business inquiries, complaints, or suggestions), and personal grievances.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors

Directors are expected to attend all or substantially all Board meetings and meetings of the Committees of the Board on which they serve. Directors are also expected to spend the necessary time to discharge their responsibilities appropriately (including advance

Table of Contents

review of meeting materials) and to ensure that other existing or future commitments do not materially interfere with their responsibilities as members of the Board. The Board met five times in 2013. All of the members of the Board participated in more than 75% of the meetings of the Board and Committees of which they were members during the fiscal year ended December 31, 2013. The Board encourages its members to attend the Annual Meeting of Stockholders. Last year, seven of the Company's eight directors attended the Annual Meeting of Stockholders.

Executive Sessions of the Board of Directors and the Lead Independent or Presiding Director

The Company's non-management directors, all of whom are also independent, hold executive sessions at which the Company's management is not in attendance at regularly scheduled Board meetings. The lead independent director, currently Mr. Petsch, establishes the agenda and serves as presiding director at the executive sessions. In the absence of a lead independent director, the chairman of the Nominating and Corporate Governance Committee or an independent director designated by the outside directors shall preside at meetings of non-management directors.

Committees of the Board of Directors

The Board has appointed three committees: the Finance, Risk Management and Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. The charters for each of the three committees, which have been adopted by the Board, contain a detailed description of the respective committee's duties and responsibilities and are available on the Company's website at www.insperity.com in the Corporate Governance section under the Investor Relations tab. The Board has reviewed the applicable legal and NYSE standards for Committee member independence as well as the Company's independence standards and has determined that each member of the Board's committees is "independent" under such requirements.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met five times in 2013. The members of the Nominating and Corporate Governance Committee are all of the non-management directors: Mr. Petsch, who serves as chairman, Messrs. Brown, Fields, Lattanzio and Young, Dr. Jones and Ms. Kaufman. The Nominating and Corporate Governance Committee: (i) identifies individuals qualified to become Board members, consistent with the criteria for selection approved by the Board; (ii) recommends to the Board a slate of director nominees to be elected by the stockholders at the next annual meeting of stockholders and, when appropriate, director appointees to take office between annual meetings; (iii) develops and recommends to the Board a set of corporate governance guidelines for the Company; and (iv) oversees the evaluation of the Board.

Finance, Risk Management and Audit Committee

The Finance, Risk Management and Audit Committee met eight times in 2013. The members of this Committee are Mr. Young, who serves as chairman, Messrs. Lattanzio and Brown, and Ms. Kaufman. The Board has determined that Mr. Young is an "audit committee financial expert" as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC. The Finance, Risk Management and Audit Committee assists the Board in fulfilling its responsibility to oversee the financial affairs, risk management, accounting and financial reporting processes, and audits of financial statements of the Company by reviewing and monitoring: (i) the financial affairs of the Company; (ii) the integrity of the Company's financial statements and internal controls; (iii) the Company's compliance with legal and regulatory requirements; (iv) the independent auditor's qualifications, independence and performance; (v) the performance of the personnel responsible for the Company's internal audit function and the independent auditors; and (vi) the Company's policies and procedures with respect to risk management, as well as other matters that may come before it as directed by the Board.

Compensation Committee

The Compensation Committee met five times in 2013. The members of the Compensation Committee are Dr. Jones, who serves as chairman, and Messrs. Fields and Petsch. The Compensation Committee: (i) oversees and administers the Company's compensation policies, plans and practices; (ii) reviews and discusses with management the Compensation Discussion and Analysis required by SEC Regulation S-K, Item 402; and (iii) prepares the annual report required by the rules of the SEC on executive compensation for inclusion in the Company's annual report on Form 10-K or proxy statement for the annual meeting of stockholders. To carry out these purposes, the Compensation Committee: (i) evaluates the performance of and determines the compensation for senior management, taking into

consideration recommendations made by the CEO; (ii) administers the Company's compensation programs; and (iii) performs such other duties as may from time to time be directed by the Board.

Pursuant to the terms of the Insperty, Inc. 2001 Incentive Plan, as amended (the "2001 Incentive Plan") and the Insperty, Inc. 2012 Incentive Plan (the "2012 Incentive Plan" and, together with the 2001 Incentive Plan, the "Incentive Plans"), the Board or the Compensation Committee may delegate authority under the Incentive Plans to the Chairman of the Board or a committee of one or more Board members, respectively, pursuant to such conditions and limitations as each may establish, except that neither may delegate to any

person the authority to make awards, or take other action, under the Incentive Plans with respect to participants who may be subject to Section 16 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Summary

In this section we describe our compensation philosophy, objectives and strategies and the underlying elements of our compensation programs. Insperty has had a long-standing objective of linking executive compensation to performance and our 2013 compensation packages for executives continued in this spirit, reflecting changes in economic conditions both within and outside of the Company. We continually review our executive compensation practices for alignment with Company values, long-term stockholder interests and continued growth of the Company.

Stockholder Advisory Votes

At our 2011 Annual Meeting, the stockholders, on an advisory basis, voted in favor of an annual advisory vote on the frequency of holding future votes to approve the compensation of the Company’s named executive officers (“NEOs”). In accordance with the stockholders’ preference, the Company’s Board has determined that the Company will hold an advisory vote on executive compensation every year. Proposal No. 2 in this proxy statement contains the resolution and supporting materials with respect to this year’s advisory vote on executive compensation.

At our 2013 Annual Meeting, the stockholders approved, in a non-binding advisory vote, the compensation of the Company’s NEOs, with over 92% of the votes cast in favor of such compensation. The Compensation Committee values the opinions expressed by our stockholders in their vote and considered the vote outcome when it made compensation decisions for the executive officers for fiscal year 2014 and in considering recommending changes to the Board regarding the Company’s compensation policies, as discussed below.

Recent Actions and Changes

During 2013, the Company implemented the following changes to our compensation and corporate governance policies:

- implemented a “double trigger” requirement for early vesting of NEOs’ stock awards on a change in control;
- adopted a policy prohibiting employees and directors from engaging in hedging transactions involving shares of the Company’s Common Stock (see page 11 in the Corporate Governance Section); and
- adopted a policy prohibiting employees and directors from pledging transactions involving shares of the Company’s Common Stock that would be considered significant by the Board (see page 11 in the Corporate Governance Section).

In 2014, and in furtherance of our compensation objectives and commitment to best practices, the Compensation Committee and Board adopted a “clawback policy” for incentive compensation paid to executive officers and other employees (see page 23).

Compensation Philosophy

Insperty’s overall compensation philosophy is pay-for-performance. A substantial portion of each executive officer’s total compensation package consists of a long-term incentive component and a variable compensation component, with a goal of aligning the interests of the executive officers with those of the stockholders by tying executive compensation to our performance and stock price. In order to remain competitive with the market, total compensation also includes a stable base salary, as well as an element of supplemental benefits and perquisites. We believe this combination of compensation elements supports our pay-for-performance philosophy.

Compensation Objectives

We are committed to attracting, motivating, retaining and encouraging long-term employment of individuals with a demonstrated commitment to integrity and exemplary personal standards of performance. Our culture is based upon the value of and respect for each individual, encouraging personal and professional growth, rewarding outstanding individual and corporate performance and achieving excellence through a high-energy, collegial work environment. We are convinced these elements contribute

Table of Contents

to our vision of being an “employer of choice,” which increases our value to clients, employees, stockholders, and the communities where we live and work.

Our compensation objectives for executives are based on the same principles that we employ in establishing all of our compensation programs. For executives, our compensation programs are designed to:

- attract and retain key executive officers responsible for our success; and
- motivate management both to achieve short-term business goals and to enhance long-term stockholder value through our “pay-for-performance” philosophy.

Compensation Strategies

To accomplish our objectives, we adhere to the following compensation strategies:

- We have established and strive to maintain a performance-driven culture that encourages growth by recognizing and rewarding employees who reach and exceed the Company’s business objectives. As part of our competitive compensation program, our base salary system compensates employees based upon job responsibilities, level of experience, individual performance, comparisons to the market, internal comparisons and other relevant factors.
- We provide incentive compensation to recognize and reward individual, departmental and corporate performance through a variable pay component that is equitable to both employees and stockholders, encourages leadership of departmental units and directly supports our business objectives. As employees progress to higher levels in the Company, an increasing proportion of their compensation is linked to Company-wide and departmental performance.
- We have created a strong alignment of interests among executive officers, employees and stockholders through the use of long-term equity incentive compensation opportunities.
- We provide a competitive benefits package that recognizes and encourages work-life balance and fosters a long-term commitment to the Company.

Risk Assessment

The Company conducted an assessment of our compensation programs and practices for its employees and determined that there are no risks arising from such compensation programs and practices that are reasonably likely to have a material adverse effect on the Company.

Elements of Compensation

The annual compensation package for executive officers consists of:

- an annual base salary payable in cash;
- variable cash compensation, which is targeted as a percentage of base pay;
- long-term equity incentive compensation; and
- supplemental and special benefits, including management perquisites.

Each of these elements is described below.

Role of Executive Officers and Outside Consultants in Compensation Decisions

The recommendations of the CEO play a significant role in the compensation-setting process. On an annual basis, our CEO reviews the performance of each of our other executive officers based upon the core competencies of business ethics, continuous learning, integrity, managing customer focus, strategic thinking, visionary leadership and other factors deemed relevant in reviewing each executive’s performance, and presents to the Compensation Committee his recommendations for each executive’s compensation, including salary adjustments, incentive awards and equity award amounts. The Compensation Committee, however, has discretion to modify recommended adjustments or awards to executives. Compensation Committee meetings typically have included, for all or a portion of each meeting, not only the Compensation Committee members but also our CEO. The CEO does not make a recommendation with respect to his own compensation. The Compensation Committee meets in executive session without management present when discussing and determining the compensation of the CEO. In addition, the Compensation Committee evaluates the

Table of Contents

performance of the CEO at least annually. The Compensation Committee makes all final compensation decisions for each of our executive officers, including the CEO.

At the direction of the Compensation Committee, we periodically conduct an executive compensation study that compares each executive officer's compensation to market data for similar positions. The Compensation Committee determines whether the study is to be performed internally by Insperty or by an outside consulting firm that is directly engaged by the Compensation Committee. The Compensation Committee's charter provides that it has the sole authority to retain and terminate any compensation consultant to assist in maintaining compensation practices in alignment with our compensation goals. While we believe that using outside consultants is an efficient way to keep current regarding competitive compensation practices, we do not believe that we should accord undue weight to the advice of such consultants. Accordingly, the Compensation Committee does not target our executives' pay to any particular level (such as a target percentile) of comparative market data contained in executive compensation studies. However, such data are considered by the Compensation Committee in meeting our compensation program objectives as described above.

The Compensation Committee has periodically engaged Pearl Meyer & Partners ("Pearl Meyer") to conduct executive compensation studies. Pearl Meyer does not receive remuneration from the Company, directly or indirectly, other than for advisory services rendered to, or at the direction of, the Compensation Committee or the Board. The Compensation Committee has reviewed Pearl Meyer's independence and determined that Pearl Meyer is an independent advisor with no conflicts of interest with us (as determined under Rule 10C-1(b)(4)(i) of the Exchange Act).

Determination of Compensation Amounts and Formulas

In October 2012, Pearl Meyer was engaged by the Compensation Committee to conduct an executive and director compensation study (the "2012 Study") as part of the process of determining 2013 compensation. In connection with the 2012 Study, Pearl Meyer identified a peer group consisting of publicly traded companies that provide human resources and other business products and services and whose average trailing 12 months of sales revenue equated to approximately \$2.5 billion (the "Compensation Peer Group"). The selection process for the Compensation Peer Group took into account multiple factors, including: industry (with an emphasis on outsourced human resources services, including PEO competitors of the Company), comparable revenue range, comparability in terms of complexity and business risk, and the extent to which each company may compete with Insperty for executive talent. The Compensation Peer Group included: Automatic Data Processing, Inc., CBIZ, Inc., Cognizant Technology Solutions Corporation, Concur Technologies, Inc., Convergys Corporation, Gartner, Inc., Genpact Limited, Intuit, Inc., Korn/Ferry International, Paychex, Inc., Resources Connection, Inc., salesforce.com, inc., Towers Watson & Company, The Ultimate Software Group, Inc. and Web.com Group, Inc. The Compensation Peer Group is periodically reviewed and may be modified based on these and other relevant criteria.

The 2012 Study examined market compensation data for executive positions based on a combination of proxy data of the Compensation Peer Group, benchmark position compensation survey data and the results of an internal evaluation and ranking process. Survey sources included Pearl Meyer's proprietary general executive compensation databases and other independent surveys. In addition to proxy and survey data, Pearl Meyer employed an executive ranking process to align jobs based upon internal equity or the value of positions.

In addition to comparative market data, internal factors are also an important consideration when determining each executive officer's compensation. These factors include:

- the executive officer's performance review conducted by either the Compensation Committee (for the CEO) or the CEO (for all other executive officers);
- the CEO's recommendations regarding the other executive officers;
- the executive officer's tenure with the Company, industry experience and ability to influence stockholder value; and
- the importance of the executive officer's position to the Company in relation to the other executive officer positions within the Company.

Compensation History and Mix

When reviewing and setting compensation for executive officers, the Compensation Committee also reviewed tally sheets setting forth all components of compensation for each executive officer for the previous three years. The tally sheets included dollar values for the three previous years' salary, cash incentive awards, perquisites (cash and in-kind), long-term stock-based awards, benefits and dividends paid on unvested long-term stock-based awards. Tally sheets were used to assist the Committee in determining current compensation decisions in view of executives' historical and cumulative pay.

Table of ContentsBase Salary¹

Base salary is intended to provide stable annual compensation to attract and retain talented executive officers. Typically, changes in base salary for each executive officer are determined based upon external market comparisons in compensation studies and the internal factors described above. Annual performance appraisals are completed through our talent management system, which evaluates the executive officer's annual performance based on pre-established competencies and the achievement of specific individual performance goals that were generally established prior to the end of the first quarter of the year. Competencies for executive officers included business ethics, continuous learning, integrity, managing customer focus, strategic thinking and visionary leadership. Annual adjustments to base salary are based upon the annual performance evaluation, market data and other relevant considerations.

Continued strong Company performance and improving economic conditions permitted the Company to award merit salary increases during the first quarter of 2013. Merit salary increases during 2013 for the executive officers were as follows:

	2012	2013	2013
	Base Salary	Base Salary	Increase
Chief Executive Officer and Chairman of the Board	\$811,500	\$816,300	0.6%
Chief Financial Officer, SVP of Finance and Treasurer	\$354,000	\$378,000	6.8%
President	\$440,000	\$464,000	5.5%
Chief Operating Officer and EVP of Client Services	\$440,000	\$464,000	5.5%
EVP of Sales & Marketing	\$418,000	\$442,000	5.7%

The average salary increase for the above executive officers in 2013 was 4.8%. The increases in base salary were based on the annual performance reviews, the findings of the 2012 Compensation Study conducted by Pearl Meyer and other factors deemed relevant by the Compensation Committee.

Variable Compensation²

We believe that variable cash compensation is a key element of the total compensation of each executive officer. Such compensation embodies our pay-for-performance philosophy whereby a significant portion of executive compensation is at risk and tied to corporate, departmental and individual performance. Variable compensation for all executive officers, as well as most other employees, is paid through the Insperty Annual Incentive Plan ("IAIP"), a non-equity incentive program under the stockholder-approved 2012 Incentive Plan (see page 20). The IAIP is intended to link executive officers' compensation to the Company's overall performance, as well as to each of their individual performance and the performance of the departments under each of their supervision. During the first quarter of 2013, the Compensation Committee established a target bonus, stated as a percentage of base salary, for each executive officer. The ultimate IAIP bonus awarded to each executive officer was based upon the formulas, factors and components discussed below.

Target Bonus Percentage

The Compensation Committee approved the target bonus percentage for each executive officer (other than the CEO) based on the CEO's recommendations. His recommendations took into account the executive officer's level of responsibility, market conditions and internal equity considerations. The Compensation Committee also evaluated the foregoing factors in determining the CEO's target bonus percentage. Because executive officers are in a position to directly influence the overall performance of the Company, and in alignment with our pay-for-performance philosophy, we believe that a significant portion of their total cash compensation should be at risk. Therefore, most executive officers were granted a target bonus percentage equal to their base salary. The CEO, the individual with the greatest overall responsibility for Company performance, was granted a larger incentive opportunity in comparison to his base salary in order to weight his overall pay mix even more heavily towards performance-based compensation. The Chief Financial Officer, who had less responsibility for overall Company operating performance relative to other executive officers, was granted a smaller incentive opportunity in comparison to his base salary in order to weight his overall pay mix less heavily towards performance-based compensation. For 2013, the Compensation Committee set a target for variable compensation that was computed as a percentage of each executive officer's base salary as follows:

-
- ¹ See “Salary” included in the Summary Compensation Table on page 24.
See “Non-Equity Incentive Plan Compensation” included in the Summary Compensation Table on page 24. In
- ² addition, see “Estimated Possible Payouts Under Non-Equity Incentive Plan Awards” in the Grants of Plan-Based Awards Table on page 25.

Table of Contents

	Target Bonus Percentage under IAIP
Chief Executive Officer and Chairman of the Board	120%
Chief Financial Officer, SVP of Finance and Treasurer	85%
President	100%
Chief Operating Officer and EVP of Client Services	100%
EVP of Sales & Marketing	100%
Calculation and Weighting of Performance Components	

For 2013, the targeted variable compensation under the IAIP for the CEO was based on corporate and individual performance components and for all other executive officers was based on corporate, departmental and individual performance components. As described in further detail below, corporate performance goals for 2013 were based on operating income per worksite employee per month (“OIPE”), number of paid worksite employees (“NPWE”) and gross profit contribution (“GPC”). For the CEO, variable compensation was heavily weighted toward corporate performance to align his IAIP bonus with Company-wide performance. For all executive officers, 20% was weighted toward individual performance to reflect their individual performance during the year, as determined through the annual performance appraisal process as discussed above. A departmental component was included in the IAIP bonus of each executive officer (other than the CEO) to encourage him to provide effective leadership to the departments under his supervision, as well as to align the interests of the executive with those of the employees that he supervises. Each performance component is determined separately and is not dependent on the other components, except that if an executive officer’s individual performance rating is below the threshold, then he receives no IAIP bonus, regardless of corporate and departmental performance. Each executive officer’s IAIP bonus is the sum of the result of each performance component.

Each performance component was designated a weighting for each executive officer as follows:

	Corporate Performance			Departmental	Individual
	OIPE	NPWE	GPC		
Chief Executive Officer and Chairman of the Board	24%	24 %	32 %	0 %	20 %
Chief Financial Officer, SVP of Finance and Treasurer	15%	15 %	20 %	30 %	20 %
President	18%	18 %	24 %	20 %	20 %
Chief Operating Officer and EVP of Client Services	18%	18 %	24 %	20 %	20 %
EVP of Sales & Marketing	18%	18 %	24 %	20 %	20 %
OIPE Corporate Component					

For the last several years, we have chosen operating income per worksite employee as one of the metrics for measuring corporate performance because we believe it is a key indicator of our overall productivity; effective management of pricing, direct costs and operating expenses; and ability to grow the business while favorably balancing profitability. We also believe that this metric reflects the combined contribution of all departments and encourages collaboration across the organization because each department within the Company can have a direct impact on corporate performance as measured according to this metric. The formula for measuring the OIPE corporate performance component of the IAIP bonus for each executive officer was determined as follows:

$$\text{Annual X Target X Individual X OIPE Corporate} = \text{OIPE}$$

Edgar Filing: INSPERITY, INC. - Form DEF 14A

Salary (\$)	Bonus (%)	Weighting of OIPE Corporate Component (%)	Performance Modifier (0%-150%)	Corporate Component Payout (\$)
-------------	-----------	---	--------------------------------------	---------------------------------------

17

Table of Contents

The OIPE Corporate Performance Modifier was determined as follows:

Performance Level	2013 OIPE	OIPE Corporate Performance Modifier
Below Threshold	Less than \$50	0%
Threshold	\$50	50%
Target	\$53	100%
Stretch Goal	\$57	130%
Maximum	\$62	150%

If 2013 OIPE (excluding total incentive compensation expense, operating expenses related to acquisition activity in 2013 and extraordinary, unusual or infrequent items, if applicable) was below the threshold, the OIPE Corporate Performance Modifier was 0%, resulting in an OIPE corporate component payout of \$0. The OIPE Corporate Performance Modifier would be interpolated if actual performance fell in between the threshold, target, stretch goal or maximum performance level.

The Company's 2013 OIPE fell below the threshold. Based on this performance, the Compensation Committee determined the OIPE Corporate Performance Modifier to be 0% for each executive officer. Accordingly, no executive officer received compensation for this corporate performance goal.

NPWE Corporate Component

We also chose the number of paid worksite employees as a measure of corporate performance in order to focus all of our employees on growing our business. The number of paid worksite employees is a key metric for measuring the success of our sales operations and client retention efforts and is a significant driver in our overall growth and performance. This performance goal also encouraged collaboration among all employees Company wide to increase the number of paid worksite employees.

The formula for measuring the NPWE corporate performance component of the IAIP bonus for each executive officer was determined as follows:

Annual Salary (\$)	X	Target Bonus (%)	X	Individual Weighting of NPWE Corporate Component (%)	X	NPWE Corporate Performance Modifier (0%-150%)	=	NPWE Corporate Component Payout (\$)
--------------------	---	------------------	---	--	---	---	---	--------------------------------------

The NPWE corporate component of IAIP bonuses was based on the number of paid worksite employees in January 2014, which would reflect the net impact of sales and client retention during 2013, including the results of our annual Fall Sales Campaign and significant year-end client renewal period.

The NPWE Corporate Performance Modifier was determined as follows:

Performance Level	Worksite Employees Paid in January 2014	NPWE Corporate Performance Modifier
Below Threshold	Less than 134,000	0%
Threshold	134,000	50%
Target	136,000	100%
Stretch Goal	138,000	130%
Maximum	140,000	150%

If the number of worksite employees paid in January 2014 was below the threshold, the NPWE Corporate Performance Modifier was 0%, resulting in a NPWE corporate component payout of \$0. The NPWE Corporate Performance Modifier would be interpolated if actual performance fell in between the threshold, target, stretch goal or maximum performance level.

The number of worksite employees paid in January 2014 fell below the threshold. Based on this performance, the Compensation Committee determined the NPWE Corporate Performance Modifier to be 0% for each executive officer. Accordingly, no executive officer received compensation for this corporate performance goal.

Table of Contents

GPC Corporate Component

In 2013, we also included gross profit contribution as a separate corporate performance goal for targeted variable compensation under the IAIP. Gross profit contribution is an important measure of Company performance as it is primarily determined by our ability to grow revenue and manage pricing and direct costs.

The formula for measuring the GPC corporate performance component of the IAIP bonus for each executive officer was determined as follows:

$$\begin{array}{rcccccc} \text{Annual} & & \text{Target} & & \text{Individual} & & \text{GPC} \\ \text{Salary} & \times & \text{Bonus} & \times & \text{Weighting of GPC} & \times & \text{Corporate} \\ (\$) & & (\%) & & \text{Corporate Component} & & \text{Performance} \\ & & & & (\%) & & \text{Modifier} \\ & & & & & & (0\%-150\%) \\ & & & & & & = \\ & & & & & & \text{GPC} \\ & & & & & & \text{Corporate} \\ & & & & & & \text{Component} \\ & & & & & & \text{Payout} (\$) \end{array}$$

The GPC Corporate Performance Modifier was determined as follows:

Performance Level	Gross Profit	GPC Corporate Performance Modifier
Below Threshold	Less than \$403,350,000	0%
Threshold	\$403,350,000	50%
Target	\$408,389,000	100%
Stretch Goal	\$414,350,000	130%
Maximum	\$421,345,000	150%

If 2013 gross profit contribution (excluding gross profit related to acquisition activity in 2013 and extraordinary, unusual or infrequent items, if applicable) was below the threshold, the GPC Corporate Performance Modifier was 0%, resulting in a GPC Corporate Component payout of \$0. The GPC Corporate Performance Modifier would be interpolated if actual performance fell in between the threshold, target, stretch target or maximum performance levels. The Company's 2013 gross profit contribution fell below the threshold. Based on this performance, the Compensation Committee determined the GPC Corporate Performance Modifier to be 0% for each executive officer. Accordingly, no executive officer received compensation for this corporate performance goal.

Departmental Component

The formula for measuring the departmental performance component of the IAIP bonus for each executive officer (other than the CEO who has no departmental component included in his IAIP bonus) was as follows:

$$\begin{array}{rcccccc} \text{Annual} & & \text{Target} & & \text{Individual} & & \text{Departmental} \\ \text{Salary} & \times & \text{Bonus} & \times & \text{Weighting of} & \times & \text{Performance} \\ (\$) & & (\%) & & \text{Departmental} & & \text{Modifier} \\ & & & & \text{Component} (\%) & & (0\%-100\%) \\ & & & & & & = \\ & & & & & & \text{Departmental} \\ & & & & & & \text{Component} \\ & & & & & & \text{Payout} (\$) \end{array}$$

The goals were developed by each department and were designed to encourage employees to work together to continue making business improvements and to increase efficiency, productivity and collaboration across the organization. All departmental goals were approved by the CEO. As part of our continued focus on managing operating expenses, we did not include a stretch goal or maximum performance level for 2013; therefore, the target level also constituted the maximum level achievable for IAIP bonus purposes. The Departmental Performance Modifier for all executive officers can range from 0% to 100% based on the achievement of departmental goals. If departmental performance was below the threshold, the Departmental Performance Modifier was 0%, resulting in a departmental component payout of \$0. The nature of the departmental goals and objectives for each executive officer was as follows:

Table of Contents

Nature of Goals and Objectives

Chief Financial Officer, SVP of Finance and Treasurer	Effective management of operating expenses; implementation of Company real estate strategy including effective and efficient management of Company occupancy; timely due diligence and integration of acquisitions; successful completion of internal audit projects; quality of internal controls; and successful credit management efforts.
President	Effective client pricing and renewal activities; effective operating expense management; successful negotiation of certain insurance policies and third party contracts; development and implementation of health care reform initiatives and strategy; achievement of adjacent business unit financial metrics; effective process and technology enhancements; successful implementation of certain pricing initiatives; and development of new service and package offerings for clients.
Chief Operating Officer and EVP of Client Services	Effective client satisfaction and retention; achievement of adjacent business unit financial metrics; development of Company training and leadership programs; effective operating expense management; successful implementation of information technology initiatives; and development, implementation and rollout of certain adjacent business unit initiatives.
EVP of Sales & Marketing	Effective marketing initiatives; successful new sales results; effective operating expense management; effective client satisfaction; successful implementation of training and sales lifecycle program and Company community involvement.

In light of the CEO's assessment of the executive officers' performance against the achievement of their departmental goals, the average Departmental Performance Modifier for the executive officers in 2013 was 94%.

Individual Component

The formula for measuring the individual performance component of the IAIP bonus for each executive officer was as follows:

$$\begin{array}{ccccccc} \text{Annual} & & \text{Target} & & \text{Weighting of} & & \text{Individual} \\ \text{Salary (\$)} & \times & \text{Bonus (\%)} & \times & \text{Individual} & \times & \text{Performance} \\ & & & & \text{Component (\%)} & & \text{Modifier} \\ & & & & & & \text{(0\%-150\%)} \\ & & & & & & \text{Individual} \\ & & & & & & \text{Component} \\ & & & & & & \text{Payout (\$)} \end{array} =$$

The Individual Performance Modifier for all executive officers can range from 0% to 150% based on the executive officer's individual performance rating resulting from the annual performance appraisal process, as described on page 16 under "Base Salary." Based on the executives' individual performance ratings, the average Individual Performance Modifier for the executive officers was 134%.

The Compensation Committee reserves the right to pay discretionary bonuses to executive officers outside of the IAIP. While the Committee may exercise such discretion in appropriate circumstances, no executive officer has a guaranteed right to a discretionary bonus as a substitute for a performance-based bonus under the IAIP in the event that performance targets are not met. During 2013, no discretionary bonuses were awarded to executive officers.

Long-Term Incentive Compensation

Long-term equity incentives align the interests of the executive officers with those of the stockholders. We believe that long-term incentives enhance retention while rewarding executive officers for their service. For 2013, long-term incentive compensation for executive officers was awarded under the stockholder-approved Insperty, Inc. 2012 Incentive Plan, as amended ("2012 Incentive Plan"). At the 2012 Annual Meeting, stockholders approved the 2012 Incentive Plan, which replaced the 2001 Incentive Plan and reserved additional shares for issuance. Awards previously issued under the 2001 Incentive Plan continue to be governed by the terms of that plan. The objectives of the Incentive

Plans are:

- to provide incentives to attract and retain persons with training, experience and ability to serve as our employees;
- to promote the interests of the Company by encouraging employees to acquire or increase their equity interest in the Company;
- to provide a means whereby employees may develop a sense of proprietorship and personal involvement in the development and financial success of the Company; and
- to encourage employees to remain with and devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its stockholders.

Table of Contents

Awards granted under the Incentive Plans have historically been made in the form of stock options or restricted stock. The Incentive Plans do not require a holding period for stock options, restricted stock or other awards, beyond the vesting date provided for in the award agreement. Pursuant to the terms of the 2012 Incentive Plan, future awards may include phantom shares, performance units, bonus stock or other incentive awards. We may periodically grant new stock options, restricted stock, or other long-term incentives to provide continuing incentive for future performance. The award size and recipients of awards are determined by the degree to which a particular position in the Company has the ability to influence stockholder value.

In recent years, we have awarded restricted stock rather than stock options. We believe the current accounting treatment of restricted stock more closely reflects the economic value of the award to the employees as compared to that of stock options. We anticipate continuing to utilize restricted stock with a three-year vesting schedule with no additional holding period required beyond the vesting date. The awards are valued using the closing price of the Company's stock on the grant date.

In February 2013, the CEO presented to the Compensation Committee his recommendations for awards of restricted stock for the other executive officers. His recommendations as to the amount of awards to be granted were based on a number of factors, including the performance of each executive officer, the importance of each executive officer's role in the Company's future business operations, equity pay practices of competitor companies, annual expense to the Company of equity awards and the Company's own past practices in granting equity awards. The Compensation Committee then determined and approved the awards for the executive officers, including the CEO, based upon the above noted factors.¹

In February 2013, the Company amended the terms of the 2012 Incentive Plan to provide that future awards granted to executive officers will include a "double trigger" requirement in the case of a "change in control" of the Company as defined under the Plan. The imposition of the double trigger means that awards granted to executive officers will no longer immediately vest following a change in control. Under the double trigger, the conditions and/or restrictions that must be met with respect to vesting or exercisability of future awards granted to an executive officer will lapse only after a "qualifying termination" within a prescribed number of months following a change in control.

We have no program, plan or practice to time the grant of stock-based awards in coordination with the release of material non-public information. All equity grants to executive officers are approved solely by the Compensation Committee or the independent directors at regularly scheduled meetings, or in limited cases involving key recruits or promotions, by a special committee, special meeting, or unanimous written consent. If an award is made at a meeting, the grant date is the meeting date or a fixed, future date specified at the time of the grant, such as the first business day of a subsequent calendar month or the date that the grant recipient commences employment. If an award is approved by unanimous written consent, the grant date is a fixed, future date on or after the date the consent is effective under applicable corporate law (or, if later, the date the grant recipient starts employment), and the exercise price, in the case of a stock option, is the closing price of Company stock on such date. Under the terms of the Incentive Plans, the exercise price of stock options cannot be less than the closing price of Company stock on the date of grant. The Incentive Plans prohibit stock options from being re-priced or exchanged for a cash buy-out or settlement with a lower exercise price, without prior stockholder approval.

Supplemental and Special Benefits, Including Management Perquisites²

Executive compensation also includes supplemental benefits and a limited number of perquisites that enhance our ability to attract and retain talented executive officers. We believe that perquisites assist in the operation of business, allowing executive officers more time to focus on business objectives. Supplemental benefits and perquisites include the following:

401(k) Benefits

We do not provide pension arrangements, post-retirement health coverage or nonqualified defined contribution or other deferred compensation plans for our executive officers. Our executive officers are eligible to participate in Insperty's corporate 401(k) plan. Each payroll period, we contribute on behalf of each participant a matching contribution equal to 50% of the first 6% of compensation contributed by the participant to the plan as elective deferrals (subject to applicable limitations under the Internal Revenue Code). All of our executive officers participated

in the Insperity 401(k) plan during 2013 and received matching contributions, which are included under the caption “All Other Compensation” in the Summary Compensation Table on page 24.

¹ See “Stock Awards” included in the Summary Compensation Table on page 24. In addition, see “All Other Stock Awards” included in the Grants of Plan-Based Awards Table on page 25.

Employee Stock Purchase Plan

The Company maintains an Employee Stock Purchase Plan (“ESPP”) which is intended to qualify for favorable tax treatment under Section 423 of the Internal Revenue Code. All employees, including executive officers (other than 5% owners of the Company), are eligible to participate in the ESPP. Under the ESPP, employees may purchase shares of Company stock through payroll deductions at a discount currently set at 5% of market value. The offering periods under the ESPP are limited to three- or six-months in duration. Employees are limited to a maximum payroll deduction of up to a specified percentage of eligible compensation and may not purchase more than \$25,000 in shares each calendar year under the ESPP.

Automobile

We provide automobiles to executive officers for both business and personal use. The executive officers are taxed for their personal use of the automobile.

Supplemental Executive Disability Income Plan

We maintain a supplemental executive disability income plan for executive officers and a small group of upper management employees. The supplemental executive disability income plan targets replacement of 75% of total cash compensation up to \$20,000 per month. The plan recognizes the significant variable pay at the senior levels in the Company and the benefit limitations of our basic long-term disability plan, which provides replacement of 60% of base salary only up to \$10,000 per month.

Executive Wellness Plan

We offer an Executive Wellness Plan to the executive officers to assist them in maintaining their health. The plan pays for wellness services, which allow the executive officers an opportunity to have a clear understanding of their current physical condition, risk factors, and ways to improve their health.

Chairman’s Trip

An annual Chairman’s Trip is held for employees recognized during the year for their outstanding service, and for sales representatives meeting a certain sales target. We believe executive officers should be part of the trip to recognize these outstanding employees of the Company. Therefore, we provide the opportunity for all executive officers and their spouses to attend the Chairman’s Trip. We pay the associated income taxes related to the trip on behalf of the employees and the executive officers.

Club Membership

We pay country club memberships for executive officers. We believe club memberships provide an opportunity to build business and client relationships while also promoting a healthy lifestyle for each executive officer. Executive officers are taxed on membership dues.

Aircraft

We provide access to the Company-owned aircraft to the CEO, the president, the chief operating officer, and the executive vice president of sales and marketing for personal use. These individuals are required to reimburse the Company for the incremental cost associated with their personal use of the aircraft. The incremental cost is calculated by multiplying the number of hours of personal use by the average incremental cost per hour. The CEO is not required to reimburse the Company for commuting between his primary residence in the greater Dallas area and a second residence in Arkansas and the Company’s headquarters in Houston, Texas and travel to Georgia where the Company has conference facilities.¹ We think that the CEO’s access to Company-owned aircraft under these circumstances greatly enhances his productivity and work-life balance given the demands of his position and outweighs the expense of such travel to the Company. The CEO and other executives are responsible for paying any income taxes associated with the personal use of the aircraft.

Other Personal Benefits

Periodically, executive officers and other employees attend Company-related activities, such as professional sporting events or out-of-town business meetings and events, for which the Company incurs travel and other event-related expenses. Such events may include the spouses of the executives. We pay the associated income taxes related to these Company-related activities on behalf of executive officers and other employees.

¹ The associated incremental cost of personal travel is reflected in “All Other Compensation” included in the Summary Compensation Table on page 24.

Other Policies

Stock Ownership Guidelines

To further align the interests of the CEO and non-employee directors with those of our stockholders, the Board has adopted stock ownership guidelines for the Company. The stock ownership guidelines provide that the CEO is required to own three times his annual base salary in Company Common Stock and all non-employee directors are required to own three times their annual cash retainer in Company Common Stock. Stock ownership includes direct stock ownership but does not include unvested stock awards or unexercised stock options. The Company annually monitors and calculates the stock ownership level of each individual, and each individual has five years to meet the applicable ownership requirements. The CEO is in compliance and the non-employee directors are expected to be in compliance within the applicable time period.

Employment Agreements, Post-Employment and Change in Control Compensation

Our executive officers are employed at will and none have an employment agreement. In 2013, no executive officers departed from the Company. We do not provide the executive officers with any kind of contractual severance.

Beginning in 2013, equity awards granted to executive officers do not automatically accelerate upon a change in control. Rather such awards contain a “double trigger” requiring a qualifying termination within a prescribed number of months following the change in control in order to accelerate vesting.

Incentive Compensation Recoupment Policy (“Clawback Policy”)

In February 2014, the board adopted a recoupment policy for incentive compensation paid to executive officers and other employees. The policy authorizes the Company to recover excess incentive compensation paid to an executive officer who engaged in, or was aware of and failed to report, fraud or misconduct which results in a restatement of the Company’s financial statements.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company’s principal executive officer or any of the Company’s three other most highly compensated executive officers employed as of the end of the year (other than the principal executive officer or the principal financial officer). This limitation does not apply to compensation that is paid only if the executive’s performance meets pre-established objective goals based on performance criteria approved by stockholders. We strive to take action, where possible and considered appropriate, to preserve the deductibility of compensation paid to the Company’s executive officers. We have also awarded compensation that might not be fully tax deductible when such grants were nonetheless in the best interest of the Company and its stockholders. Subject to the requirements of Section 162(m), the Company generally will be entitled to take tax deductions relating to compensation that is performance-based, which may include cash incentives, stock options and other performance-based awards.

SUMMARY COMPENSATION TABLE

The table below summarizes the total compensation paid or earned by the Company's CEO, chief financial officer and each of the three other most highly compensated executive officers of the Company (collectively the "NEOs") for services rendered in all capacities to the Company during 2013, 2012 and 2011. The Company has not entered into any employment agreements with any of the NEOs.

The compensation plans under which the grants in the following tables were made are generally described in the Compensation Discussion and Analysis beginning on page 13, and include the IAIP, a non-equity incentive plan, the 2001 Incentive Plan and the 2012 Incentive Plan, which provide for, among other things, restricted stock grants.

The amounts in this column represent the aggregate grant date fair value of restricted stock granted in the year indicated. For additional information, refer to Note 11, "Incentive Plans," in the Notes to Consolidated Financial Statements included in Insperty's annual report on Form 10-K for the year ended December 31, 2013 filed with the Securities and Exchange Commission on February 10, 2014. See the Grants of Plan-Based Awards Table on page 25 for information on awards made in 2013. These amounts do not correspond to the actual value that will be realized by the NEO.

² Represents variable compensation earned and awarded by the Compensation Committee under the IAIP.

³ All other compensation in 2013 includes the following: Company-provided automobiles; country club memberships; 401(k) matching contributions; dividends on unvested restricted stock grants; premiums for executive disability insurance; costs associated with the Chairman's Trip and other travel and associated federal income taxes. The federal income taxes associated with the Chairman's Trip and other travel paid by the Company on behalf of the executives were as follows: Mr. Sarvadi - \$57,379; Mr. Rawson - \$22,942; Mr. Arizpe - \$10,239; Mr. Mincks - \$8,083; and Mr. Sharp - \$5,773. The 401(k) matching contributions made by the Company during 2013 for the NEOs totaled \$7,650 each. Dividends paid to Messrs. Sarvadi, Sharp, Rawson, Arizpe and Mincks on unvested restricted stock holdings totaled \$52,678; \$19,040; \$32,640; \$32,640 and \$32,640, respectively. The incremental cost of Mr. Arizpe's use of a Company-leased vehicle was \$25,377. The Company owns an aircraft that is used by its executives for business and, on occasion, personal travel. In addition, Mr. Sarvadi uses the Company's aircraft to commute to his residences and certain other business related entertainment travel for which he is not required to reimburse the Company. The total incremental cost of such travel for Mr. Sarvadi and Mr.

Rawson, including lost income tax deductions, was \$355,864 and \$27,824, respectively. In the instances where the aircraft is used for personal travel, the executive is required to reimburse the Company for the associated incremental costs. The incremental cost for personal use of Company aircraft is calculated at an hourly rate that takes into account variable costs incurred as a result of the personal flight activity, including fuel, communications and travel expenses for the flight crew. It excludes non-variable costs, such as regularly scheduled inspections and maintenance that would have been incurred regardless of whether there was any personal use of the aircraft. During 2013, Messrs. Sarvadi and Rawson reimbursed the Company \$259,915 and \$69,647, respectively, for personal travel costs.

¹ These amounts represent the threshold, target and maximum amounts payable to each executive under the IAIP for 2013. If the threshold is not achieved, the payout is zero.

² These amounts represent the number of shares of restricted stock granted to each executive under the 2012 Incentive Plan during 2013.

These amounts represent the full grant date fair value of restricted stock granted to each executive during 2013. For restricted stock, fair value is calculated using the closing price of Insperty's Common Stock on the NYSE on the date of grant. For the relevant assumptions used to determine the valuation of our stock awards, refer to Note 11,

³ "Incentive Plans," in the Notes to Consolidated Financial Statements included in our 2013 annual report on Form 10-K for the year ended December 31, 2013, filed with the Securities and Exchange Commission on February 10, 2014. The terms of the stock awards provide for three-year vesting and the payment of dividends on all unvested shares. Executives are required to pay the par value (\$0.01) of each share at or near the date of grant.

The 2001 Incentive Plan, the 2012 Incentive Plan and the Insuperity, Inc. 2008 Employee Stock Purchase Plan (the "ESPP") have been approved by the Company's stockholders. As more fully described on page 22, the ESPP is intended to qualify for favorable tax treatment under Section 423 of the Internal Revenue Code.

This includes 1,321,454 shares available under the ESPP and 1,499,221 shares available under the 2012 Incentive Plan. As of March 14, 2014, 1,321,454 shares and 1,218,193 shares were available for issuance under the ESPP and the 2012 Incentive Plan, respectively. The securities remaining available for issuance under the 2012 Incentive Plan may be issued in the form of stock options, performance awards, stock awards (including restricted stock), phantom stock awards, stock appreciation rights, and other stock-based awards.

The Insuperity Nonqualified Stock Option Plan was not approved by stockholders. For a description of the material features of the Nonqualified Stock Option Plan, see Note 11, "Incentive Plans," in the Notes to Consolidated Financial Statements included in the Company's annual report on Form 10-K for the year ended December 31, 2013, filed with the Securities and Exchange Commission on February 10, 2014. Although there are approximately 640,000 unissued shares in the Nonqualified Stock Option Plan, no new shares will be issued under the Nonqualified Stock Option Plan pursuant to an amendment to the 2001 Incentive Plan approved by stockholders in 2006.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We have no employment agreements or severance policies in place for our executive officers. There are no unvested outstanding stock options and none have been granted to executive officers since 2005. In February 2013, the Company amended the terms of the 2012 Incentive Plan to provide that future awards granted to executive officers will include a "double trigger" requirement in the case of a "change in control" of the Company as defined under the Plan. The imposition of the double trigger means that awards for executive officers will no longer immediately vest following a change in control (see page 21 in the Compensation Discussion and Analysis Section). Restricted stock awards previously granted under the 2001 Incentive Plan immediately vest upon a change in control. Our Incentive Plans provide for immediate vesting of restricted stock upon termination due to disability or death, provided the holder has been in continuous employment since the award date. Unvested shares of restricted stock are forfeited upon termination for any reason other than disability or death. The number of shares and market value of the restricted stock that would automatically vest for each NEO upon a change in control or termination due to death or disability, based on the closing price of our Common Stock on December 31, 2013, is set forth in the NEO's Outstanding Equity Awards Table at 2013 Fiscal Year End on page 26, under the captions "Number of Shares or Units of Stock That Have Not Vested" and "Market Value of Shares or Units of Stock That Have Not Vested."

Table of Contents**DIRECTOR COMPENSATION**

The Company uses a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the Board. Non-employee directors of the Company were compensated for 2013 as shown in the table below and are also reimbursed for reasonable expenses incurred in serving as a director. All compensation, except for reimbursement of actual expenses, can be taken in cash or Common Stock, at the director's option. Directors who are employees of the Company receive no additional compensation for serving on the Board.

	Board	Compensation Committee	Finance, Risk Management and Audit Committee	Nominating and Corporate Governance Committee
Annual Retainers	\$50,000	\$3,000	\$5,000	None
Annual Committee Chair Fees	N/A	\$12,000	\$15,000	\$15,000 ¹

¹ This fee includes an additional amount paid to the lead independent director.

² These fees are also paid to the Committee chairman for meetings attended with the Company's management or auditors between regular meetings.

³ These fees are paid only for meetings not held in conjunction with a meeting of the Board.

Each person who is initially appointed or elected as a director of the Company receives a grant of shares of restricted Common Stock on the date of election or appointment with an aggregate fair market value, determined based on the closing price of the Common Stock on the date prior to the date of grant, of \$75,000, rounded up to the next higher whole share amount in the case of a fractional share amount, and such restricted Common Stock vests as to one-third of the shares on each anniversary of its grant date. If a director terminates his or her service as a member of the Board, his or her unvested portion of such restricted stock award, if any, shall terminate immediately on such termination date, unless such termination of service is due to death or disability, in which event the unvested portion of such restricted stock award shall become 100% vested on such termination date. In 2013, Carol Kaufman received an initial grant of restricted stock upon her appointment to the Board.

In addition, on the date of each annual meeting of stockholders, each non-employee director receives either a grant of unrestricted shares of Common Stock with an aggregate fair market value determined based on the closing price of the Common Stock on the date prior to the date of grant, of \$90,000, or an immediately vested and exercisable option to purchase a number of shares of Common Stock that had an aggregate value, determined on the date prior to the date of grant, of \$90,000, calculated using the valuation methodology most recently utilized by the Company for purposes of financial statement reporting. In 2013, all non-employee directors elected to receive unrestricted shares of Common Stock. The awards were rounded up to the next higher whole share amount in the case of a fractional share amount.

¹ Represents the dollar amount recognized for financial statement reporting purposes with respect to 2013 for the fair value of stock awards made to directors during 2013, based on the closing price of Insperty's Common Stock on the date of grant. In the case of annual director equity awards that do not contain vesting or other restrictions, Insperty recognizes the entire fair value for financial statement reporting purposes in the year that the grant is made. In the case of initial director equity awards that contain vesting restrictions, Insperty recognizes the fair value for financial statement reporting purposes over the vesting period.

² All Other Compensation represents dividends paid on stock awards granted in 2013.

REPORT OF THE FINANCE, RISK MANAGEMENT AND AUDIT COMMITTEE

The Finance, Risk Management and Audit Committee has been appointed by the Board to assist the Board in fulfilling its responsibility to oversee the financial affairs, risk management, accounting and financial reporting processes, and audits of the financial statements of the Company. We operate under a written charter adopted by the Board of Directors and reviewed annually by us. We have furnished the following report for 2013.

We have reviewed and discussed the Company's consolidated audited financial statements as of and for the year ended December 31, 2013, with management and the independent auditor. We discussed with the independent auditor the matters required to be discussed by the standards adopted or referenced by the Public Company Accounting Oversight Board ("PCAOB") and SEC, Communications with Audit Committees, as currently in effect.

We received from the independent auditor the written disclosures and letter required by the PCAOB regarding the independent auditor's communications with us concerning independence, as currently in effect, and we discussed with the independent auditor its independence. We also considered the compatibility of the provision of non-audit services with the independent auditor's independence.

Based on our reviews and discussions referred to above, we recommended that the Board include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires the Company's directors and officers and persons who own more than 10% of the Common Stock to file initial reports of ownership and reports of changes in ownership (Forms 3, 4, and 5) of Common Stock with the SEC and the NYSE. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all such forms that they file.

Based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all Section 16(a) reports with respect to the year ended December 31, 2013, applicable to its officers, directors and greater than 10% beneficial owners were timely filed.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Finance, Risk Management and Audit Committee has adopted a statement of policy and procedures with respect to related party transactions covering the review, approval or ratification of transactions involving the Company and "Related Parties" (generally, directors and executive officers and their immediate family members and 5% stockholders). The policy currently covers transactions in which the Company and any Related Party are participants and in which the Related Party has a material interest, other than transactions involving an amount equal to or less than \$50,000 (individually or when aggregated with all similar transactions) and not involving non-employee directors. The policy generally requires that such transactions be approved by the Finance, Risk Management and Audit Committee in advance of the consummation or material amendment of the transaction. Under the policy, prior to entering into a related party transaction, full disclosure of all of the facts and circumstances relating to the transaction must be made to the Finance, Risk Management and Audit Committee, which will approve such transaction only if it is in, or is not inconsistent with, the best interests of the Company and its stockholders. In the event a transaction is not identified as a related party transaction in advance, it will be submitted promptly to the Finance, Risk Management and Audit Committee or the chairman thereof, and such committee or chairman, as the case may be, will evaluate the transaction and evaluate all options, including but not limited to ratification, amendment or termination of the transaction.

A significant component of our marketing strategy is the title sponsorship of the Insperty Invitational™ golf tournament, a Champions PGA tour event held annually in The Woodlands, Texas, a suburb of Houston. Consistent with other PGA golf tournaments, the Insperty Invitational golf tournament benefits and is managed by a non-profit organization, Greater Houston Golf Charities ("GHGC"). In connection with the Company's sponsorship, Mr. Jay E. Mincks, Executive Vice President of Sales and Marketing, serves as chairman of GHGC, a non-compensatory position. During 2013, the Company paid GHGC \$3.2 million in sponsorship and tournament related expenses, as well as an additional \$1.0 million in other event sponsorships and charitable contributions.

We provide PEO-related services to certain entities that are owned by, or have board members that are, Related Parties. These Related Parties include Mr. Richard G. Rawson, Mr. Paul J. Sarvadi and Mr. Jack M. Fields, Jr. or members of their families. The PEO service fees paid by such entities are within the pricing range of other unrelated clients of ours. During 2013, such client companies paid the Company the following service fees, which are presented net of the associated payroll costs:

Related Party	Net Service Fees / (Payroll Costs)	
Mr. Rawson (four client companies)	\$465,366	/ \$(1,606,924)
Mr. Sarvadi (three client companies)	\$191,193	/ \$(463,739)
Mr. Fields (two client companies)	\$162,790	/ \$(561,223)

We made charitable contributions to non-profit organizations for which certain Related Parties serve as members of their Board of Directors. These Related Parties include Messrs. Sarvadi, Rawson and Mincks. During 2013, certain corporate employees were family members of certain Related Parties. Total salaries, commissions and incentive compensation paid during 2013 to family members of Messrs. Sarvadi and Arizpe were \$274,691 (three corporate employees) and \$317,085 (four corporate employees), respectively.

PROPOSAL NUMBER 2:

Advisory Vote on Executive Compensation

In accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and related rules under Section 14A of the Exchange Act, we are providing stockholders with an opportunity to make a non-binding recommendation on the compensation of our NEOs. At the 2011 Annual Meeting, stockholders recommended that we hold an annual advisory vote on executive compensation and in light of this result, the Board plans to hold a non-binding vote on NEO compensation annually.

This proposal, commonly referred to as “say-on-pay”, provides stockholders an opportunity to provide an overall assessment of the compensation of our NEOs rather than focus on any specific item of compensation. The advisory vote is a non-binding vote on the compensation of the NEOs, as described in the “Compensation Discussion and Analysis” section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. Although the results of the voting on this proposal are not binding on the Board of Directors, the Board and Compensation Committee value stockholders’ opinions and will take the results into account when making a determination concerning the compensation of our NEOs. At the 2013 Annual Meeting, a substantial majority of the votes, over 92%, were cast in favor of our NEO compensation.

As set forth in the “Compensation Discussion and Analysis” section of this proxy statement, our Compensation Committee structured the compensation of the NEOs to emphasize the Company’s pay-for-performance philosophy. Our compensation program is designed to attract and retain key executives responsible for our success and to provide motivation for both achieving short-term business goals and enhancing long-term stockholder value. Please read the “Compensation Discussion and Analysis” section beginning on page 13 for additional details.

The Compensation Committee regularly reviews best practices in corporate governance and executive compensation. In observance of those best practices, the following changes were implemented in 2013:

- Eliminated automatic acceleration of new equity awards for executive officers in the event of a change in control of the Company by requiring a qualifying termination of employment for vesting;
- Adopted a policy prohibiting employees and directors from hedging the Company’s Common Stock; and
- Adopted a policy to prohibit significant pledging of the Company’s Common Stock by employees and directors.

Already in 2014, and in furtherance of our compensation objectives and commitment to best practices, the Compensation Committee and Board adopted a clawback policy for incentive compensation paid to executive officers based upon the achievement of financial results which are later the subject of a financial restatement.

The Company also continues to observe the following best practices:

- Maintains a pay-for-performance philosophy;
- Does not maintain employment agreements with the NEOs;
- Does not provide any supplemental executive pension benefits;
- Maintains stock ownership guidelines for the CEO;
- Does not provide excess parachute payments in the event of a change in control;
- Does not provide any tax gross-ups in the event of a change in control;
- Does not provide any tax gross-ups on perquisites to executive officers, except for limited business related travel; and
- Does not provide post-retiree medical coverage.

Stockholders are being asked to vote on the following resolution:

“RESOLVED, that the compensation paid to Insperty’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.”

Table of Contents

The Board recommends that stockholders indicate their support by selecting “For” when voting on our executive compensation program. While the results of the advisory vote are non-binding, the Board and Compensation Committee will consider the outcome of the vote when evaluating whether any actions are necessary when considering future executive compensation decisions.

The Board unanimously recommends that you select “For” the adoption of the resolution approving the compensation of the Company’s NEOs. Properly dated and signed proxies will be so voted unless stockholders specify otherwise.

PROPOSAL NUMBER 3:

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

The Finance, Risk Management and Audit Committee has appointed the firm of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014, subject to ratification by the Company's stockholders. Ernst & Young has served as the Company's independent registered public accounting firm since 1991. Representatives of Ernst & Young are expected to be present at the Annual Meeting of Stockholders and will have an opportunity to make a statement, if they desire to do so, and to respond to appropriate questions from those attending the meeting.

Fees of Ernst & Young LLP

Ernst & Young's fees for professional services totaled \$1,029,400 in 2013 and \$1,039,100 in 2012. During 2013 and 2012, Ernst & Young's fees for professional services included the following:

Audit Fees — fees for audit services, which relate to the consolidated audit, internal control audit in compliance with Sarbanes-Oxley Section 404, quarterly reviews, subsidiary audits and related matters, were \$815,000 in 2013 and \$827,700 in 2012.

Audit-Related Fees — fees for audit-related services, which consisted primarily of the SOC 1 Report, the retirement plan audits, and quarterly agreed-upon procedures, were \$212,000 in 2013 and \$209,000 in 2012.

Tax Fees — there were no fees for tax services in 2013 or in 2012.

All Other Fees — there were fees of \$2,400 in both 2013 and 2012, which were annual subscription fees for Insperty's use of Ernst and Young's online research databases and other research tools.

The Finance, Risk Management and Audit Committee reviewed the non-audit services provided to the Company and considered whether Ernst & Young's provision of such services was compatible with maintaining its independence. Finance, Risk Management and Audit Committee Pre-Approval Policy for Audit and Non-Audit Services
The Finance, Risk Management and Audit Committee has established a policy that requires pre-approval of the audit and non-audit services performed by the independent auditor. Unless a service proposed to be provided by the independent auditors has been pre-approved by the Finance, Risk Management and Audit Committee under its pre-approval policies and procedures, it will require specific pre-approval of the engagement terms by the Finance, Risk Management and Audit Committee. Under the policy, pre-approved service categories are generally provided for up to 12 months and must be detailed as to the particular services provided and sufficiently specific and objective so that no judgments by management are required to determine whether a specific service falls within the scope of what has been pre-approved. In connection with any pre-approval of services, the independent auditor is required to provide detailed back-up documentation concerning the specific services to be provided.

The Finance, Risk Management and Audit Committee may delegate pre-approval authority to one or more of its members, including a subcommittee of the Finance, Risk Management and Audit Committee. The member or members to whom such authority is delegated shall report any pre-approval actions taken by them to the Finance, Risk Management and Audit Committee at its next scheduled meeting. The Finance, Risk Management and Audit Committee does not delegate to management any of its responsibilities to pre-approve services performed by the independent auditor.

None of the services related to the Audit-Related Fees or Other Fees described above was approved by the Finance, Risk Management and Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

Required Affirmative Vote

If the votes cast in person or by proxy at the 2014 Annual Meeting of Stockholders in favor of this proposal exceed the votes cast opposing the proposal, the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014, will be ratified. If the appointment of Ernst & Young is not ratified, the Finance, Risk Management and Audit Committee will reconsider the appointment.

The Board and the Finance, Risk Management and Audit Committee recommend that stockholders vote "For" the ratification of appointment of Ernst & Young LLP as the Company's independent registered public accounting firm, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

ADDITIONAL INFORMATION

Delivery of Proxy Statement

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as “householding,” potentially means extra convenience for security holders and cost savings for companies. This year, a number of brokers and our transfer agent with account holders who are Insuperity stockholders will be householding the Company’s proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholder. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker and direct your written request to Insuperity, Inc., Attention: Ruth Saler, Investor Relations Administrator, 19001 Crescent Springs Drive, Kingwood, Texas 77339, or contact Ruth Saler at 1-800-237-3170. The Company will promptly deliver a separate copy to you upon request.

Stockholder Proposals for 2014 Annual Meeting

In order for director nominations and stockholder proposals to have been properly submitted for presentation at the 2014 Annual Meeting of Stockholders, notice must have been received by the Company between the dates of January 14, 2014, and February 13, 2014. The Company received no such notice, and no stockholder director nominations or proposals will be presented at the Annual Meeting of Stockholders.

Stockholder Proposals for 2015 Proxy Statement

Any proposal of a stockholder intended to be considered for inclusion in the Company’s proxy statement for the 2015 Annual Meeting of Stockholders must be received at the Company’s principal executive offices no later than the close of business on December 8, 2014.

Advance Notice Required for Stockholder Nominations and Proposals

The Bylaws of the Company require timely advance written notice of stockholder nominations of director candidates and of any other proposals to be presented at an annual meeting of stockholders. Notice will be considered timely for the Annual Meeting of Stockholders to be held in 2015 if it is received not later than the close of business on February 12, 2015, and not earlier than the close of business on January 13, 2015. In addition, the Bylaws require that such written notice set forth: (a) for each person whom the stockholder proposes to nominate for election, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or as otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including, without limitation, such person’s written consent to be named in the proxy statement as a nominee and to serve as a director if elected; and (b) as to such stockholder: (i) the name and address, as they appear on the Company’s books, of such stockholder; (ii) the class and number of shares of the Company’s capital stock that are beneficially owned by such stockholder; and (iii) a description of all agreements, arrangements or understandings between such stockholder and each such person that such stockholder proposes to nominate as a director and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such stockholder.

In the case of other proposals by stockholders at an annual meeting, the Bylaws require that such written notice set forth as to each matter such stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting; (b) the reasons for conducting such business at the annual meeting; (c) the name and address, as they appear on the Company’s books, of such stockholder; (d) the class and number of shares of the Company’s stock that is beneficially owned by such stockholder; and (e) any material interest of such stockholder in such business.
