Item 5. Other Events.

In June 2001, the Financial Accounting Standards Board ( FASB ) issued Statement of Financial Accounting Standards ( SFAS ) No. 142, Goodwill and Intangible Assets ( SFAS No. 142 ). Under this new standard, all goodwill, including goodwill acquired before initial application of the standard, is not amortized but must be tested for impairment at least annually at the reporting unit level, as defined in the standard. Millennium Chemicals Inc. ( the Company ) and Equistar Chemicals, LP ( Equistar ) adopted this standard on January 1,

2002. Accordingly, the Company reported a charge for the cumulative effect of this accounting change of \$275 million in the first quarter of 2002 to write off certain of its goodwill related to its Acetyls business based upon the Company's estimate of fair value for this business using various valuation methods considering expected future profitability and cash flows. Additionally, Equistar reported an impairment of its goodwill in the first quarter of 2002. The write-off at Equistar required an adjustment of \$30 million to reduce the carrying value of the Company's investment in Equistar to its approximate proportional share of Equistar's Partners' capital, which the Company also reported as a charge for the cumulative effect of this accounting change. Exhibit 99.1 attached hereto shows the Company's net income and earnings per share, adjusted to exclude goodwill amortization expense, for the twelve month periods ended December 31, 2001, 2000 and 1999.
