PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the board of directors of Centru Financial Corporation of proxies to be voted at the annual meeting of stockholders to be held at the Hilton Chicago O'Hare Airport, O'Hare International Airport, Chicago, Illinois, on Tuesday, April 26, 2011, at 8:00 a.m., local time, or at any adjournments or postponements of the meeting.

Centru Financial Corporation, a Delaware corporation, is a regional financial services company based in St. Louis, Missouri which has one bank subsidiary. Our offices serve a market area which extends from the far western and southern suburbs of the Chicago metropolitan area across Central and Northern Illinois down to the metropolitan St. Louis area.

This proxy statement and the accompanying notice of meeting and proxy are first being mailed to holders of shares of our common stock, par value \$1.00 per share, on or about March 25, 2011 to stockholders of record as of March 1, 2011. We are required to file an annual report, called a Form 10-K, with the SEC. A copy of Form 10-K for the fiscal year ended December 31, 2010 is enclosed for your reference.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting

The proxy statement and annual report to security holders are available in the investor relations section of our website at www.centru.com.

Voting Rights and Proxy Information

The board of directors has fixed the close of business on March 1, 2011, as the record date for the determination of stockholders entitled to notice of, and to vote at, the annual meeting. Our transfer books will not be closed between the record date and the date of the annual meeting. The board of directors hopes that all stockholders can be represented at the annual meeting. Whether or not you expect to be present, please sign and return your proxy in the enclosed self-addressed, stamped envelope. Stockholders giving proxies retain the right to revoke them at any time before they are voted by written notice of revocation to the secretary of Centru Financial Corporation and stockholders present at the meeting may revoke their proxy and vote in person.

The shares represented by each valid proxy received in time will be voted at the annual meeting and, if a choice is specified on the proxy, it will be voted in accordance with that specification. If no instructions are specified in a signed proxy returned to the company, the shares represented thereby will be voted FOR the election of the directors listed in the enclosed proxy, FOR approval of the independent auditors and FOR the non-binding executive compensation proposal. If any other matters are properly presented at the annual meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have the authority to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the annual meeting is adjourned or postponed, a proxy will remain valid and may be voted at the adjourned or postponed meeting. As of the date of printing of this proxy statement, we do not know of any other matters that are to be presented at the annual meeting other than the election of two Class I directors, ratification of the company's independent auditors and the non-binding executive compensation proposal.

Stockholders giving proxies retain the right to revoke them at any time before they are voted by written notice of revocation to the secretary of Centru Financial Corporation or by a later executed proxy. Attendance at the annual meeting will not automatically revoke a proxy, but a stockholder attending the annual meeting may request a ballot

and vote in person, thereby revoking a prior granted proxy.

On March 1, 2011, we had 6,048,405 issued and outstanding shares of common stock. For the election of directors, and for all other matters to be voted upon at the annual meeting, each share of common stock is entitled to one vote. A majority of the outstanding shares of the common stock must be present in person or represented by proxy to constitute a quorum for purposes of the annual meeting. Abstentions and broker non-votes (i.e., shares held by brokers in street name, voting on certain matters due to discretionary authority or instructions from the beneficial owners but not voting on other matters due to lack of authority to vote on such matters without instructions from the beneficial owner) will be counted for purposes of determining a quorum. Broker non-votes will not count toward the determination of whether such matters are approved or directors are elected. Abstentions do not affect the election of directors but have the same effect as a negative vote on all other matters. Directors will be elected by a plurality of the votes present in person or represented by proxy at the meeting and entitled to vote. In all other matters, the affirmative vote of the majority of shares of common stock present in person or represented by proxy at the annual meeting and entitled to vote on the subject matter shall be required to constitute stockholder approval.

I. ELECTION OF DIRECTORS

We have a staggered board of directors, divided into three classes. One class is elected annually to serve for three years. At the annual meeting, our stockholders will be entitled to elect two Class I directors for terms of three years or until their successors are elected and qualified. Each of the nominees for election as Class I directors are incumbent directors. Our board of directors has reviewed the independence of the nominees for election to the board and the independence of the incumbent directors in accordance with the standards of the Nasdaq Stock Market. In accordance with such review, the board of directors has determined that each of Messrs. Breipohl, Ganim, McDonnell, Shinkle, Smith and Sullivan are independent under those standards.

The proxy provides instructions for voting for all director nominees or for withholding authority to vote for one or more director nominees. Unless instructed to the contrary, the persons acting under the proxy which we are soliciting will vote for the nominees listed below. In the event, however, that any nominee shall be unable to serve, which is not now contemplated, the proxy holders reserve the right to vote at the annual meeting for a substitute nominee.

Information About Directors and Nominees

Set forth below is information, current as of March 1, 2011, concerning the nominees for election and for the other directors whose terms of office will continue after the meeting, including the age, year first elected a director and business experience of each during the previous five years, and the specific factors that led the board to conclude that the person should serve as a director. When identifying nominees for directors, the corporate governance and nominating committee seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. After reviewing the particular experience, qualification and skills of each nominee and director, the board concluded that each individual is qualified to serve as a director. Unless otherwise indicated, each person has held the positions shown for at least five years. The two nominees, if elected at the annual meeting, will serve as Class I directors for three-year terms, expiring in 2014. We recommend that you vote your shares FOR both nominees.

Separation of the Chairman and Chief Executive Officer Roles and Board Oversight of Risk

The chairman and chief executive officer roles are currently separate. While the company's by-laws permit the chairman and the chief executive officer to be the same person, we believe separation of these roles provides important checks and balances for the CEO role and those areas reporting to the board. The board has delegated to the audit committee the responsibility of implementing internal audit controls and maintaining the safety, soundness and integrity of the institution by properly mitigating and managing risk. On a daily basis, these duties are the responsibilities of the chief risk officer. This individual has a direct reporting relationship to the chairman of the audit committee who, in turn, provides regular updates to the full board. In addition, the board receives regular updates from key business leaders in the organization on critical business issues as part of the board's oversight function. From a leadership perspective, the board does interact periodically with key members of management through their participation in various board committee meetings. However, most routine matters are delegated to the CEO.

4.

Board Committees and Meetings

Our board of directors generally meets on a quarterly basis. The board of directors met thirteen times during 2010. During 2010, all directors attended at least 75 percent of the meetings of the board and the committees on which they served. Our board of directors has standing executive and compensation, corporate governance and nominating and audit committees.

Executive and Compensation Committee

The members of the executive and compensation committee are Messrs. Shinkle (Chairman) and McDonnell. Mr. Griffith also served on the committee as its chair until his resignation from the board in April 2010. The committee met four times during 2010. The executive and compensation committee adopted a charter on June 16, 2005, which was last revised in April 2010. The executive and compensation committee charter combines the duties of both the executive committee and the compensation committee and is available on the company's website at www.centru.com.

The executive and compensation committee is organized, and its members appointed, by the board of directors to carry out the responsibilities of the board of directors relating to the effective administration of the company's executive compensation and benefits programs as well as the general oversight of the company's compensation program for all company employees. The committee responsibilities include reviewing the performance of the CEO and all compensation matters for our executive officers. The executive committee also has the authority to act on other matters, not related to compensation, in between meetings of the board of directors. The committee is comprised of two independent directors and is responsible for providing oversight to ensure that the company's compensation incentives and benefits are competitive and are aligned with company goals so that such goals can be successfully achieved.

The executive and compensation committee does not generally delegate any matters relating to the compensation and benefits of named executive officers to any other party other than to the full board of directors. Items of daily management and decisions relating to company-wide compensation and benefits, not specifically targeting named executive officers, is delegated to company management to the extent that it does not result in decisions that may materially benefit named executive officers in comparison with the overall employee population. The company's chief executive officer may recommend or provide information for consideration regarding the compensation and benefits of named executive officers to members of the board of directors.

In the course of determining base salaries and total compensation for our executive officers, the committee reviews data for institutions which are deemed to be the company's peer group. In 2009, in conjunction with the process to determine salaries for 2010, the Compensation Committee engaged Amalfi Consulting to conduct an overall compensation review for 15 executive and officer positions. The study was based on a peer group of 18 publicly traded banks located in IA, IL, IN, KY, MI, MO and OH, with similar performance results, business models and median asset size. The assets of these peer banks ranged from \$1 to \$2.4 billion and included the following institutions: Lakeland Financial Corporation (LKFN); First Financial Corporation (THFF); Enterprise Financial Services Corp (EFSC); Farmers Capital Bank Corporation (FFKT); Peoples Bancorp Inc. (PEBO); Hills Bancorporation (HBIA); Porter Bancorp, Inc. (PBIB); S.Y. Bancorp, Inc. (SYBT); QCR Holdings, Inc. (QCRH); MBT Financial Corp. (MBTF); West Bancorporation, Inc. (WTBA); Firstbank Corporation (FBMI); Horizon Bancorp (HBNC); Pulaski Financial Corp. (PULB); Bank of Kentucky Financial Corp (BKYF); German American Bancorp, Inc. (GABC); Princeton National Bancorp, Inc. (PNBC); and First Mid-Illinois Bancshares, Inc. (FMBH). The top six officers were benchmarked to the peer group data at the 25th, 50th and 75th percentiles. In addition, all 15 positions were benchmarked to banking and financial services industry cash compensation surveys at the 25th, 50th and 75th percentiles. These survey sources employed were published by Amalfi Consulting, American Banker's Association, Bank Administration Institute, Crowe Chizek and Watson Wyatt. As a follow up item to the executive compensation

review, the Compensation Committee requested that Amalfi Consulting provide several draft executive and Board of Director compensation philosophy statements for its review and use as it reviewed its own compensation philosophies. In 2010, the Human Resources department, at the direction of the Compensation Committee, engaged Amalfi Consulting to provide advice and guidance regarding matters related to compensation and the TARP requirements. No benchmarking was conducted as a part of this engagement.

5.

The executive and compensation committee also periodically reviews director compensation. This oversight may be done in conjunction with or as delegated to the corporate governance committee or the full board of directors.

Audit Committee

The audit committee is responsible for assisting the board of directors with oversight of (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of our internal accounting function and independent auditors. The audit committee has the direct authority and responsibility to select, evaluate and, where appropriate, replace the independent auditors, and is an "audit committee" for purposes of Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The members of the audit committee are Messrs. Smith (Chair), Ganim and Sullivan. The committee met eight times during 2010.

Corporate Governance and Nominating Committee

Our board of directors has a corporate governance and nominating committee which consists of three directors. Messrs. McDonnell (Chair), Smith and Sullivan are the current members of this committee. The corporate governance and nominating committee identifies individuals to become board members and selects, or recommends for the board's selection, director nominees to be presented for stockholder approval at the annual meeting of stockholders or to fill any vacancies. The corporate governance and nominating committee met once during 2010.

Our board of directors has adopted a written charter for the corporate governance and nominating committee. The charter and principles are available on the company's website at www.centtrue.com. Based upon the review described above under the section "Election of Directors", the board of directors has determined that each of the members of our corporate governance and nominating committee is independent under the applicable standards of the Nasdaq Stock Market.

The corporate governance and nominating committee will consider director nominees recommended by stockholders. A stockholder who wishes to recommend a person or persons for consideration as a nominee for election to the board of directors must send a written notice by mail, c/o corporate governance and nominating committee, Centru Financial Corporation, 7700 Bonhomme Avenue, St. Louis, Missouri 63105, that sets forth: (1) the name, address (business and residence), date of birth and principal occupation or employment (present and for the past five years) of each person whom the stockholder proposes to be considered as a nominee; (2) the number of shares of the common stock beneficially owned (as defined by section 13(d) of the Securities Exchange Act of 1934) by each such proposed nominee; (3) any other information regarding such proposed nominee that would be required to be disclosed in a definitive proxy statement to stockholders prepared in connection with an election of directors pursuant to section 14(a) of the Securities Exchange Act of 1934; and (4) the name and address (business and residential) of the stockholder making the recommendation and the number of shares of the common stock beneficially owned (as defined by section 13(d) of the Securities Exchange Act of 1934) by the stockholder making the recommendation.

We may require any proposed nominee to furnish additional information as may be reasonably required to determine the qualifications of such proposed nominee to serve as a director of Centru Financial Corporation. Stockholder recommendations will be considered only if received no less than 120 days or no more than 150 days before the one year anniversary of the date of the proxy statement sent to stockholders in connection with the previous year's annual meeting of stockholders. The corporate governance and nominating committee will consider any nominee recommended by a stockholder in accordance with the preceding paragraph under the same criteria as any other potential nominee.

While the corporate governance and nominating committee seeks board members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity, the company does not have a formal written diversity policy for director nominations. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated and be selected based upon contributions they can make to the board in performing its oversight responsibilities. The corporate governance and nominating committee uses a subjective process for identifying and evaluating nominees for director, based on the information available to, and the subjective judgments of, the members of the corporate governance and nominating committee and our then current needs. We do not believe there would be any difference in the manner in which the committee evaluates nominees based on whether the nominee is recommended by a stockholder or not.

6.

Code of Ethics

The company has adopted a code of ethics that applies to all of our employees, officers and directors, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. Our code of ethics contains written standards that we believe are reasonably designed to deter wrongdoing and to promote:

- Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- Full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submit to, the Securities and Exchange Commission and in other public communications we make;
- Compliance with applicable governmental laws, rules and regulations;
- The prompt internal reporting of violations of the code to an appropriate person or persons named in the code; and
- Accountability for adherence to the code.

Stockholder Communications with the Board and Policy for Director Attendance at Annual Meetings

Our board of directors has a process for stockholders to send communications to the board of directors, its executive and compensation committee, its corporate governance and nominating committee or its audit committee, including complaints regarding accounting, internal accounting controls, or auditing matters. Communications can be sent to the board of directors, its executive and compensation committee, its corporate governance and nominating committee or its audit committee or specific directors either by regular mail to the attention of the board of directors, its executive and compensation committee, its corporate governance and nominating committee, its audit committee or specific directors, at our principal executive offices at 7700 Bonhomme Avenue, St. Louis, Missouri 63105. All of these communications will be reviewed by our secretary (1) to filter out communications that our secretary deems, in his or her reasonable judgment, are not appropriate for our directors, such as spam and communications offering to buy or sell products or services, and (2) to sort and relay the remainder to the appropriate committee or directors.

We expect and encourage all of our directors and nominees for election as directors to attend the annual meeting of stockholders, absent a compelling reason. All of our directors at the time of the 2010 annual meeting attended that meeting.

Compensation of Directors

Each non-employee Centrue Financial Corporation director received an annual retainer of \$5,000, and each non-employee Centrue Bank director received an annual retainer of \$5,000. Additionally, the audit committee chairman received an annual retainer of \$20,000. Each non-employee Centrue Financial Corporation director earned a fee of \$750 for each board meeting attended and \$500 for each committee meeting attended, and each non-employee Centrue Bank director earned \$750 for each board meeting attended and \$500 for each committee meeting attended. Non-employee directors may also receive an annual grant of options to purchase shares of common stock under the company's 2003 Stock Option Plan. The 2003 Stock Option Plan provides for annual formula grants to each of our directors of options to purchase shares of common stock with an exercise price of not less than 100% of the then current market price of the common stock on the date of the grant. Such previously issued options were exercisable over five years. During 2010, non-employee directors were not granted stock options.

II. ADVISORY (NON-BINDING) VOTE RATIFYING INDEPENDENT AUDITORS

The audit committee of the board has selected Crowe Horwath LLP as our independent auditors for our fiscal year ending December 31, 2011. We are submitting the selection of independent auditors for stockholder ratification at the annual meeting. A representative of Crowe Horwath LLP will be present at the annual meeting and will be available to respond to appropriate questions from stockholders. Crowe Horwath LLP also served as our independent auditors for our fiscal year ended December 31, 2010.

Our organizational documents do not require that our stockholders ratify the selection of our independent auditors. If our stockholders do not ratify the selection, the audit committee will reconsider whether to retain Crowe Horwath LLP, but may retain them nonetheless. Even if the selection is ratified, the audit committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the company.

The board of directors unanimously recommends a vote “FOR” approval of the independent auditors.

III. ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

On February 17, 2009, the President signed into law the American Recovery and Reinvestment Act of 2009. Among other things, the broad sweeping legislation requires that “TARP recipients during the period in which any obligation arising from financial assistance provided under the TARP remains outstanding shall permit a separate [nonbinding] shareholder vote to approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the Commission.” The non-binding vote is required annually at each annual or other meeting of shareholders during the period that any obligation arising from financial assistance provided under the TARP remains outstanding.

On January 9, 2009, the company completed the sale of \$32.7 million of preferred stock and a warrant to purchase up to 508,320 shares of the company’s common stock to the U.S. Treasury under the TARP Program. As a result, the company is submitting this nonbinding proposal for consideration by shareholders in compliance with Section 7001 of the American Recovery and Reinvestment Act of 2009.

This proposal, commonly known as a “Say-on-Pay” proposal, gives you as a shareholder the opportunity to endorse or not endorse our executive pay program and policies through the following resolution:

“Resolved, that the shareholders approve the executive compensation of the company, as described in the “Compensation Discussion and Analysis” and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this proxy statement.”

Because your vote is advisory, it will not be binding upon the board. However, the executive and compensation committee will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE EXECUTIVE COMPENSATION OF THE COMPANY, AS DESCRIBED IN THE “COMPENSATION DISCUSSION AND ANALYSIS,” AND THE TABULAR DISCLOSURE REGARDING NAMED EXECUTIVE OFFICER COMPENSATION (TOGETHER WITH THE ACCOMPANYING NARRATIVE DISCLOSURE) IN THIS PROXY STATEMENT.

SECURITY OWNERSHIP OF CERTAIN

The company has determined beneficial ownership in accordance with the rules of the SEC. Shares of common stock subject to options that are either currently exercisable or exercisable within 60 days of March 1, 2011 are treated as outstanding and beneficially owned by the option holder for the purpose of computing the percentage ownership of the option holder. However, these shares are not treated as outstanding for the purpose of computing the percentage ownership of any other person. The table lists applicable percentage ownership based on 6,048,405 shares outstanding as of March 1, 2011. Unless otherwise indicated, the address for each person listed below is 7700 Bonhomme Avenue, St. Louis, Missouri 63105.

Section 16(a) Beneficial Ownership Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that our executive officers, directors and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission. They are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms, and, if appropriate, representations made to us by any reporting person concerning whether a Form 5 was required to be filed for 2010, we are not aware that any of our directors, executive officers or 10% stockholders failed to comply with the filing requirements of Section 16(a) during 2010, with the exception of one executive officer, Ricky R. Parks, who failed to timely file one Form 4 reporting one transaction.

Report of Executive and Compensation Committee

The executive and compensation committee has reviewed and discussed the Compensation Discussion and Analysis (the "CD&A") for the year ended December 31, 2010 with management. Based on the review and discussions, the executive and compensation committee recommended to the board of directors that the CD&A be included in the company's annual report on Form 10-K for the year ended December 31, 2010 and the company's 2011 proxy statement for filing with the SEC.

The committee certifies that:

- (1) It has reviewed with senior risk officers, the senior executive officer (SEO) compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of Centrue Financial Corporation;
- (2) It has reviewed with senior risk officers the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to Centrue Financial Corporation; and
- (3) It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of Centrue Financial Corporation to enhance compensation of any employee.

Our SEO and Employee Compensation Plans.

The company's SEO compensation plans are:

- (1) the employment agreements that we have with our senior executive officers, as described in greater detail later in this proxy statement;
- (2) the Centrue Financial Corporation 2003 Stock Option Plan, as amended and restated;
- (3) the Centrue Financial Corporation Executive Deferred Compensation Plan, effective as of January 1, 2008; and
- (4) our 401(k), group health, dental, vision, life, dependent life, short and long-term disability insurance and flexible spending account plans.

Our employee compensation plans, as defined in the U.S. Treasury's Interim Final Rule issued by the U.S. Treasury under the TARP Capital Purchase Program, include all of the SEO compensation plans set forth above, with the exception of the employment agreements.

Modifications to our SEO and Employee Compensation Plans which Discourage Manipulation of Reported Earnings and Unnecessary and Excessive Risk Taking. The SEO compensation plans and employee compensation plans are modified by (1) Omnibus Agreements entered into with the senior executive officers; and (2) Waivers signed by the senior executive officers.

Among other things, the Omnibus Agreements provide that:

- (1) Any bonus or incentive compensation paid to the executive during the period that the U.S. Treasury owns the TARP securities will be subject to recovery or "clawback" by the company or its affiliates if the payments were based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, all within the meaning of Section 111(b) of the EESA and the CPP Guidance; and

- (2) In the event that the executive and compensation committee of the board of directors of the company determines that any incentive compensation arrangement pursuant to which the executive is or may be entitled to a payment encourages the executive to take unnecessary and excessive risks that threaten the value of the financial institution within the meaning of §30.9 Q-4 of 31 C.F.R. Part 30, the committee, on behalf of the company, shall take such action as is necessary to amend such incentive compensation arrangements to eliminate such encouragement, and the executive's incentive compensation will be determined pursuant to such amended arrangements.

12.

The waivers voluntarily waive any claim against the company for any changes to their compensation or benefits, as required to comply with regulations.

In addition, the executive and compensation committee of the board of directors of the company is cognizant of Section 111(b)(3)(D) of EESA, as amended, which expressly prohibits the company from paying or accruing any bonus, retention award, or incentive compensation during the period in which any obligation arising from financial assistance provided under TARP remains outstanding (with certain exceptions including long-term restricted stock pursuant to specified conditions).

Our Code of Ethics and our Employment Agreements. Our employment agreements with our senior executive officers contain terms which provide that the agreement may be terminated “for cause” for, among other things, the willful engaging in illegal conduct or gross misconduct which is materially and demonstrably injurious to the business or reputation of the company.

In addition to the terms of our employment agreements, the company has a detailed code of ethics which expressly prohibits, among other things, providing materially false or misleading financial information, dishonesty and fraud. Violations of the code of ethics may result in disciplinary action up to and including immediate termination of employment.

Our Compensation Philosophy and Practices. In addition to the various agreements that we have with our executive officers, the modifications to those agreements as described immediately above, and our code of ethics, all of which have the effect of discouraging unnecessary and excessive risk-taking and the manipulation of reported earnings, our compensation philosophy and practices also serve to further these objectives. The discussions that appear under the captions “Philosophy,” “Elements of Compensation and Determination of Payments,” “Compensation of Chief Executive Officer,” and “Compensation of Other Executive Officers” under our Compensation Discussion and Analysis are hereby incorporated by reference.

Conclusion. As a result of the foregoing, the executive and compensation committee of the board of directors of the company believes that our CEO compensation plans do not encourage our senior executive officers to take unnecessary and excessive risks that threaten the value of Centru Financial Corporation. In addition, the executive and compensation committee of the board of directors of the company believes that our employee compensation plans do not encourage the manipulation of reported earnings to enhance the compensation of any Centru employee.

Respectively Submitted,
2010 Executive and Compensation Committee

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The executive and compensation committee's principal responsibilities include acting upon matters delegated to the committee by the full board and ensuring the alignment of compensation with the strategic objectives of the organization.

The executive and compensation committee recognizes that the company's success is largely dependent on the selection, training and development of top caliber executive, managerial and professional talent. The committee has established an objective that the company's executives be among the most highly qualified and talented professionals available in their respective areas of expertise, when compared to a peer group that represents competition for business and talent. (Information on our peer group is contained below under the caption "Compensation of the Chief Executive Officer.") The committee evaluates the performance of the chief executive officer and other executive officers of the organization considering input from other board members, the chief executive officer and the head of human resources in order to evaluate the company's progress in relation to this objective.

The company believes successful compensation programs link business and compensation strategies with thought processes that address a broad array of program influences. This approach to strategy is a core value as it relates to how the company competes with other organizations while meeting the needs of its customers.

Elements of Compensation and Determination of Payments

The executive and compensation committee generally annually reviews and approves goals and objectives relevant to the incentive compensation plans of the chief executive officer and other executive officers of the organization. For the purposes of the committee's oversight, executive officers include those individuals who are the annually named executive officers of the company. No formal incentive compensation program was rolled out for 2010 due to the company's financial performance projections.

In determining the compensation and benefits of our executive officers, the following factors are generally taken into consideration: the performance of the executive officers in achieving short and long-term goals; payment of compensation commensurate with the ability and expertise of the executive officers; and payment of compensation that is competitive with similar companies (see "Executive and Compensation Committee" above). The committee considers the foregoing factors, as well as others, in determining the compensation and benefits plans of our executive officers.

In the course of determining base salaries and total compensation for our executive officers, the committee reviews data for institutions which are deemed to be the company's peer group. In determining base salaries for 2010, the committee considered peer data as compiled and reported by independent consultant Amalfi Consulting.

The following elements include factors that will be considered when reviewing executive officer compensation and benefits: base salary, bonus, long-term incentives, officer benefits, retirement plan funding, perquisites and group insurance benefits.

The following is a general description of how each of these elements applies to our executive officers.

Base Salary – In determining the base salary of executive officers, the executive and compensation committee defines base salary as the annualized regular cash compensation of an employee, excluding bonus awards, company contributions to employee benefits plans, or other compensation not designated as salary. The executive and

compensation committee considers the individual job performance of the executive officers, as well as overall corporate performance, and the median salaries as published by our peers and other third party consultants. Base salaries are generally reviewed and considered for adjustment on an annual basis, unless circumstances exist in which the executive is assuming a scope and degree of responsibilities materially greater or lesser than the executive's present duties, or it is deemed that an adjustment is needed to meet marketplace demands.

14.

Short-Term Incentive Compensation (Cash Bonus) –The short-term incentive compensation program is intended to sustain management’s focus on the company’s requirement for strategic long-range planning by encouraging attainment of annual profitability goals. The plan is designed to attract, develop, retain and reward well-qualified management and executive staff. No formal officer short-term incentive compensation program was rolled out for 2010 due to the company’s financial performance projections.

Long-Term Incentive Compensation – The company’s primary long-term incentive vehicle is stock options. Inclusion in the company’s long-term incentive program is based on the recommendation of the chief executive officer and the executive and compensation committee and is approved by the board of directors. No specific formula is used in determining the amount and frequency of long-term incentives. However, the committee considers factors such as earnings per share, return on equity and total return to shareholders and generally reserves long-term incentive grants to motivate and reward extraordinary performance that may positively impact the company’s long-term objectives. Restricted stock awards may also be utilized. No long-term equity awards were granted for 2010 due to the company’s financial performance projections.

Officer Benefits – Officer benefits programs focus on two general types of officer benefits: nonqualified retirement benefits and officer life insurance. Officer benefits are considered to be a critical component in attracting, retaining and motivating key talent.

On January 1, 2008, the Centrue Financial Corporation Executive Deferred Compensation Plan took effect. Participants may defer up to 50% of salary and up to 100% of bonus (beginning with bonuses earned in 2008). The plan is available to certain members of the senior management team and other select individuals deemed to meet the criteria of “top hat” plan participants. Participant deferrals are invested in a phantom account representing units of Centrue Financial Corporation common stock. The company may make discretionary matching contributions with respect to a portion of the participant’s deferral and discretionary contributions that are not related to the participant’s deferrals. The company match, and any discretionary employer contributions, are credited quarterly (with the exception of a discretionary annual 3% contribution to those officers who would have otherwise received a 3% safe harbor 401(k) match of deferred dollars) and invested per the participant’s direction into one or more of the following: Centrue Financial Corporation common stock (phantom units), Vanguard Lifestyle Income, Vanguard Lifestyle Conservative Growth, Vanguard Lifestyle Moderate Growth, Vanguard Lifestyle Growth. Participants are always 100% vested in their own deferrals. Company contributions (with the exception of a discretionary annual 3% contribution to those officers who would have otherwise received a 3% safe harbor 401(k) match of deferred dollars) vest after five years (e.g. 2008 company contributions become vested on 12/31/13 and 2009 contributions become vested on 12/31/14). In 2010, the company made no matches to this plan.

No trust was established for the plan. However, the plan is structured to allow for a rabbi trust. Participants may elect to receive distributions upon separation of service or upon normal retirement age (65) in a lump sum, over a five-year period or over a 10-year period. Participants have the option to take a distribution upon a change of control. Participants may elect to receive plan payments in cash, shares of company stock or a combination of both.

Several officers, including our chief executive officer, are currently covered by a bank owned life insurance (BOLI) policy. A small group of officers with BOLI, not including our chief executive officer, are also covered by a split dollar plan which, subject to the achievement of certain conditions, pays out a portion of death benefits to the executives’ named beneficiaries.

Retirement Benefits- The executive and compensation committee considers various benefits, including retirement benefits, in determining compensation. The primary retirement vehicle is the company’s 401(k) plan which allows eligible participants to defer compensation up to annual IRS limits subject to non-discrimination testing. In 2010, all eligible participants received a safe harbor contribution equal to 3% of their total eligible compensation through July

1, 2010 regardless of whether participants elected to make salary deferrals after which time the plan ceased to be a safe harbor plan. For 2011, the plan remains a non-safe harbor plan.

Company executives participate in retirement plan programs in a manner consistent with plan provisions covering other employees. Currently, the company does not provide executives with any supplemental executive retirement plan benefits.

15.

Perquisites – Executive officers may have a limited number of perquisites made available to them. The main perquisites that may be offered are reimbursement of business expenses and employment agreements or change-in-control agreements. A detailed explanation of employment agreements is provided in the section designated as “Employment Agreements and Other Arrangements.”

Group Insurance Benefits- The company offers a comprehensive employee benefits package for all eligible employees which includes group health, dental, vision, life, dependent life, short and long-term disability insurance and a flexible spending account plan. With the exception of an accelerated waiting period for some insurances for officers, executive officers are afforded the same participation and rewards terms as all other eligible staff.

Total Rewards - The company considers compensation a single package consisting of the parts described in this statement. When viewed in this manner, the organization is positioned to: 1) establish specific goals for each form of compensation, 2) project funding requirements consistent with the company’s business strategies, and 3) administer the program with predetermined goals as a guide. Assuming strategic goals are met, the combined total rewards would be expected to be comparable to similarly sized banks within the company’s market area. The approach to total rewards for 2010 was notably impacted by the company’s financial performance and anticipated operating loss.

TARP Related Compensation Matters

In connection with the company’s participation in January 2009 in the U.S. Department of Treasury’s Troubled Asset Relief Program Capital Purchase Program (the “TARP Program”), the executive and compensation committee is required to identify the features in the company’s incentive compensation arrangements that could encourage its senior executive officers to take unnecessary and excessive risks that could threaten the value of the company. The committee is required to review the company’s incentive compensation arrangements to ensure that senior executive officers are not encouraged to take such risks. The committee must also meet at least every six months with the company’s senior risk officers to discuss and review the relationship between the company’s risk management policies and practices and its incentive compensation arrangements. The committee began this dialogue with the company’s senior risk officers in January of 2009 and has since continued on the semi-annual schedule.

After analyzing various company practices and procedures as they relate to compensation risk, the senior risk managers concluded that the compensation plan arrangements do not encourage unnecessary and excessive risks that threaten the value of Centru Financial Corporation. At least every six months, the senior risk managers repeat this process and provide the executive and compensation committee with its findings, observations and recommendations and serve as a resource for the committee during its certification exercises.

Additionally, in conjunction with the executive and compensation committee, management works to ensure that TARP-related responsibilities are met. These responsibilities include, but are not limited to: identification of senior executive officers and highly compensated employees for purposes of restrictions on incentive compensation, compliance with severance pay prohibitions and clawback requirements for bonus payments, prohibition of certain gross-up and bonus payments and accruals, compensation committee review of plans, filings with Treasury, adoption of a company-wide policy on excessive or luxury expenditures, review of bonuses, retention awards and other compensation paid prior to the enactment of the American Recovery and Reinvestment Act of 2009 (“ARRA”), adherence with IRC Section 162(m)(5) and say on pay, and disclosures regarding compensation consultants and perquisites.

The executive and compensation committee did consider the results of the 2010 shareholder advisory vote on executive compensation. As a result of the favorable vote received, no material changes were made to our current executive compensation decisions and policies.

During the period that the U.S. Treasury holds the company's preferred or common stock, the company may be restricted from paying bonus and other incentive compensation in cash to the company's executive officers.

Written Agreement Related Compensation Matters

In accordance with the Centrue Financial Corporation and Centrue Bank joint Written Agreement with the Federal Reserve Bank of Chicago and the IDFP, dated December 18, 2009, the company is subject to certain restrictions on indemnification and severance payments of section 18(k) of the FDI Act (12 U.S.C. § 1828(k)) and Part 359 of the Federal Deposit Insurance Corporation's regulations (12 C.F.R. Part 359).

Employment Agreements and Other Arrangements

We are party to the following employment agreements with our executive officers named in the compensation table. During the period that the U.S. Treasury holds the company's preferred or common stock, the company may be restricted from accruing or paying severance to the company's executive officers. Further, under the terms of our Written Agreement, the company must comply with certain restrictions regarding indemnification and severance payments.

Thomas A. Daiber and Kurt R. Stevenson

The post-merger Centrue entered into employment agreements with Thomas A. Daiber and Kurt R. Stevenson on June 30, 2006. Except as described below, each agreement is substantially identical. Initially the agreements were effective for a three-year term. On the second anniversary of the agreements' effective date, the term was extended an additional day so that the term is always one year, unless either party gives written notice of non-renewal to the other party.

The agreement for Mr. Daiber provides for an annual base salary of not less than \$290,000 (\$335,000 in 2010). Additionally, Mr. Daiber has the opportunity to receive an annual performance bonus of up to 50% of his base salary. The agreement also provided for the award of incentive stock options to Mr. Daiber, and on July 7, 2006, Mr. Daiber was awarded options to purchase equal to 12,500 shares of Centrue stock after the merger. Mr. Daiber is entitled to a bank of paid time off days, as well as other benefits, at least as favorable to the benefits provided to all other employees.

The agreement for Mr. Stevenson provides for an annual base salary of not less than \$170,000 (\$188,000 in 2010). Additionally, Mr. Stevenson will have the opportunity to receive an annual performance bonus of up to 30% of his base salary. The agreement also provided for the award of incentive stock options to Mr. Stevenson, and on July 7, 2006, Mr. Stevenson was awarded options to purchase equal to 7,500 shares of Centrue stock after the merger. Mr. Stevenson is entitled to a bank of paid time off days, as well as other benefits, at least as favorable to the benefits provided to all other employees.

The employment agreements include customary provisions prohibiting the executive from competing and other activities that would be harmful to the company. Payments under the employment agreements will be reduced to the extent necessary to prevent any portion of the payments from being treated as a nondeductible excess parachute payment under the federal tax laws. Current golden parachute provisions for TARP recipients prohibit a severance from being paid or accrued for Messrs. Daiber and Stevenson until TARP funds are repaid. Further, under the terms of our Written Agreement, the company must comply with certain restrictions regarding indemnification and severance payments.

Both executives signed non-material contract amendments in December 2008 to address Internal Revenue Code Section 409A compliance matters for 2009.

Compensation of the Chief Executive Officer

Thomas A. Daiber

During 2010, Thomas A. Daiber served as the chief executive officer of Centrue Financial Corporation.

The board of directors approved Mr. Daiber's annual salary for 2010 of \$335,000 which reflected no change from 2009.

In conjunction with the 2010 performance cycle, in 2009, the committee engaged Amalfi Consulting to review executive compensation at the bank and to recommend potential improvements regarding existing practices, including those impacting the chief executive officer. The company recognizes that competitive compensation is critical for attracting, motivating, and rewarding qualified executives, and this review was intended to identify appropriate compensation levels and compensation program design features. The committee engaged Amalfi to perform the review as an objective third party, to summarize issues relative to topics such as competitive compensation, annual incentives and long-term incentives.

The study was based on a peer group of 18 publicly traded banks located in IA, IL, IN, KY, MI, MO and OH, with similar performance results, business models and median asset size. The assets of these peer banks ranged from \$1 to \$2.4 billion and included the following institutions: Lakeland Financial Corporation (LKFN); First Financial Corporation (THFF); Enterprise Financial Services Corp (EFSC); Farmers Capital Bank Corporation (FFKT); Peoples Bancorp Inc. (PEBO); Hills Bancorporation (HBIA); Porter Bancorp, Inc. (PBIB); S.Y. Bancorp, Inc. (SYBT); QCR Holdings, Inc. (QCRH); MBT Financial Corp. (MBTF); West Bancorporation, Inc. (WTBA); Firstbank Corporation (FBMI); Horizon Bancorp (HBNC); Pulaski Financial Corp. (PULB); Bank of Kentucky Financial Corp (BKYF); German American Bancorp, Inc. (GABC); Princeton National Bancorp, Inc. (PNBC); and First Mid-Illinois Bancshares, Inc. (FMBH). The top six officers were benchmarked to the peer group data at the 25th, 50th and 75th percentiles. In addition, all 15 positions were benchmarked to banking and financial services industry cash compensation surveys at the 25th, 50th and 75th percentiles. These survey sources employed were published by Amalfi Consulting, American Banker's Association, Bank Administration Institute, Crowe Chizek and Watson Wyatt.

The committee also considered various aspects of company performance including earnings, asset quality levels, compliance issues, capital levels, branch distribution strategy, loan and deposit growth, cost savings and employee morale when reviewing Mr. Daiber's compensation.

No changes were made to Mr. Daiber's salary as a result of this study.

Other Potential Post-Employment Payments

The following paragraphs describe the post-termination benefits payable to the company's executive officers. During the period that the U.S. Treasury holds preferred or common stock of the company pursuant to the TARP Capital Purchase Program, the company may be prohibited or restricted from making the payments described in this section to the executive officers. Payments under the employment agreements will be reduced to the extent necessary to prevent any portion of the payments from being treated as a nondeductible excess parachute payment under the federal tax laws.

The company intends to household proxy materials this year. Brokers to Centrue Financial Corporation stockholders will deliver a single proxy statement and Form 10-K annual report to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or the company that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement and Form 10-K annual report, please notify your broker, direct your written request to Centrue Financial Corporation, 7700 Bonhomme Avenue, St. Louis, Missouri 63105 or contact Investor Relations at investor.relations@centrue.com.

Stockholders who currently receive multiple copies of the proxy statement and Form 10-K annual report at their address and would like to request “householding” of their communications should contact their broker or, if a stockholder is a direct holder of Centrue Financial Corporation shares, they should submit a written request to Computershare Investor Services, the company’s transfer agent, at 2 North LaSalle Street, Chicago, IL 60602.

OTHER MATTERS

We do not intend to present any other business at the meeting and know of no other matters which will be presented. However, if any other matters come before the meeting, it is the intention of the persons named in the accompanying proxy to vote in accordance with their best judgment on those matters. A representative of our independent auditors, Crowe Horwath LLP, is expected to attend the annual meeting and will be available to respond to appropriate questions and to make a statement if he or she so desires.

Your proxy is solicited by the board of directors, and we will pay the cost of solicitation. In addition to soliciting proxies by use of the mail, officers, directors and regular employees of Centrue Financial Corporation or our subsidiaries, acting on our behalf, may solicit proxies by telephone, telegraph or personal interview. We will, at our expense, upon the receipt of a request from brokers and other custodians, nominees and fiduciaries, forward proxy soliciting material to the beneficial owners of shares held of record by such persons.
