ACE MARKETING & PROMOTIONS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
THREE MONTHS AND SIX MONTHS ENDED JUNE 30, 2009 AND 2008
(UNAUDITED)

The Condensed Balance Sheets as of June 30, 2009 and December 31, 2008 the Condensed Statements of Operations for the three months and six months ended June 30, 2009 and 2008 and the Condensed Statements of Cash Flows for the six months ended June 30, 2009 and 2008 have been prepared by us without audit, and in accordance with the requirements of Form 10-Q and, therefore, they do not include all information and footnotes necessary for a fair presentation of

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. In our opinion, the accompanying unaudited condensed financial statements contain all adjustments necessary to present fairly in all material respects our financial position as of June 30, 2009, results of operations for the three months and six months ended June 30, 2009 and 2008 and cash flows for the six months ended June 30, 2009 and 2008. All such adjustments are of a normal recurring nature.

This report should be read in conjunction with our Form 10-K for our fiscal year ended December 31, 2008.

The results of operations for the three months and six months ended June 30, 2009 and the cash flows for the six months ended June 30, 2009 are not necessarily indicative of the results to be expected for the full year.

NATURE OF OPERATIONS - Ace Marketing & Promotions, Inc. (the "Company") is a full service advertising specialties and promotional products company that distributes items typically with logos to large corporations, schools and universities, financial institutions and not-for-profit organizations. Specific categories of promotional products include advertising specialties, business gifts, incentives and awards, and premiums.

In Fiscal 2008, the Company became an authorized distributor, provider and reseller of mobile advertising solutions. To date, the Company has not generated any significant revenue from this segment.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition - Revenue is recognized when title and risk of loss transfers to the customer and the earnings process is complete. In general, title passes to our customers upon the customer's receipt of the merchandise. Revenue is accounted for in accordance with Emerging Issue Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent." Revenue is recognized on a gross basis since the Company has the risks and rewards of ownership, latitude in selection of vendors and pricing, and bears all credit risk.

ACE MARKETING & PROMOTIONS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
THREE MONTHS AND SIX MONTHS ENDED JUNE 30, 2009 AND 2008
(UNAUDITED)

The Company records all shipping and handling fees billed to customers as revenues, and related costs as cost of goods sold, when incurred, in accordance with EITF 00-10, "Accounting for Shipping and Handling Fees and Costs."

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements - On September 15, 2006, the Financial Accounting Standards Board ("FASB") issued Statement No. 157, FAIR VALUE MEASUREMENTS ("SFAS 157"). SFAS 157 provides guidance for using fair value to measure assets and liabilities. This statement references fair value as the

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

price that would be received to sell an asset or paid to transfer a liability, in an orderly transaction, between market participants in the market in which the reporting entity transacts. The statement applies whenever other standards require (or permit) assets or liabilities to be measured at fair value. The statement does not expand the use of fair value in any new circumstances. SFAS 157 was effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The adoption of this Statement did not have a material effect on our financial position or results of operation.

In May 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard ("SFAS") No. 165, Subsequent Events ("Statement No. 165"), which requires an entity after the balance sheet date to evaluate events or transactions that may occur for potential recognition or disclosure in its financial statements. Statement No. 165 determines the circumstances under which the entity shall recognize these events or transactions in its financial statements and provides the disclosures that an entity shall make about them including disclosing the date through which the entity evaluated these events or transactions, as well as whether that date is the date the entity's financial statements were issued or the date the financial statements were available to be issued. Statement No. 165 became effective for the Company as of June 30, 2009. The company established that there would be no material effect with the adoption of this statement on its financial statements.

2. LOSS PER SHARE

Basic loss per common share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. Dilutive loss per share gives effect to stock options and warrants, which are considered to be dilutive common stock equivalents. Basic loss per common share was computed by dividing net loss by the weighted average number of shares of common stock outstanding. The number of common shares potentially issuable upon the exercise of certain options and warrants that were excluded from the diluted loss per common share calculation was approximately 6,484,000 and 5,124,000 because they are antidilutive as a result of a net loss for the three and six months ended June 30, 2009 and 2008, respectively.

3. STOCK COMPENSATION

The Company's Plan is accounted for in accordance with the recognition and measurement provisions of Statement of Financial Accounting Standards ("FAS") No. 123 (revised 2004), Share-Based Payment ("FAS 123(R)"). FAS 123 (R) requires compensation costs related to share-based payment transactions, including employee stock options, to be recognized in the financial statements. In addition, the Company adheres to the guidance set forth within Securities and Exchange Commission ("SEC") Staff Accounting Bulletin ("SAB") No. 107, which provides the Staff's views regarding the interaction between SFAS No. 123(R) and certain SEC rules and regulations and provides interpretations with respect to the valuation of share-based payments for public companies.

Stock options and warrants issued in exchange for non-employee services pursuant

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

to the provisions of FAS 123(R), Emerging Issues Task Force ("EITF") 96-3 and EITF 96-18 are accounted for at the fair value of the consideration or services received or the fair value of the equity instruments issued, whichever is more reliably measurable

The Company's results for the three and six month periods ended June 30, 2009 and 2008 include employee share-based compensation expense totaling approximately \$(54,000) and \$71,000 and \$129,000 and 272,000, respectively. Such amounts have been included in the Condensed Consolidated Statements of Operations within selling, general and administrative expenses. No income tax benefit has been recognized in the statement of operations for share-based compensation arrangements due to a history of operating losses.

STOCK OPTION PLAN

During Fiscal 2005, the Company established, and the stockholders approved, an Employee Benefit and Consulting Services Compensation Plan (the "Plan") for the granting of up to 2,000,000 non-statutory and incentive stock options and stock

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

awards to directors, officers, consultants and key employees of the Company. On June 9, 2005, the Board of Directors amended the Plan to increase the number of stock options and awards to be granted under the Plan to 4,000,000.

All stock options under the Plan are granted at or above the fair market value of the common stock at the grant date. Employee and non-employee stock options vest over varying periods and generally expire either 5 or 10 years from the grant date.

The fair value of options at the date of grant was estimated using the Black-Scholes option pricing model. For option grants, the Company will take into consideration guidance under SFAS 123R and SEC Staff Accounting Bulletin No. 107 (SAB 107) when reviewing and updating assumptions. The expected volatility is based upon historical volatility of our stock and other contributing factors. The expected term is based upon observation of actual time elapsed between date of grant and exercise of options for all employees. Previously, such assumptions were determined based on historical data.

The weighted average assumptions made in calculating the fair values of options granted during the three and six months ended June 30, 2009 and 2008 are as follows:

| | Six Months Ended June 30, | | Three Months Ended June 30, | |

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

The weighted-average grant-date fair value of options granted during the six months ended June 30, 2009 was \$0.62 and \$0.53 for the six months ended June 30, 2008.

The aggregate intrinsic value of options outstanding and options exercisable at June 30, 2009 is calculated as the difference between the exercise price of the underlying options and the market price of the Company's common stock for the shares that had exercise prices, that were lower than the \$.75 closing price of the Company's common stock on June 30, 2009.

As of June 30, 2009, the fair value of unamortized compensation cost related to unvested stock option awards was approximately \$561,000. Unamortized compensation cost as of June 30, 2009 is expected to be recognized over a remaining weighted-average vesting period of 5 years

4. NOTE RECEIVABLE

In February 2008, the Company entered into an agreement with Blue Bite, LLC ("Blue Bite"), a distributor of wireless networking solutions, to become an authorized provider and reseller in the United States of mobile Advertising solutions.

In connection with the agreement, the Company loaned Blue Bite \$50,000 (the "Note"). The Note bears interest at 10% per annum and is due June 1, 2009. The Note is convertible, at the Company's option, into a 10% ownership interest of Blue Bite. Upon conversion, the Company would also have to deliver to Blue Bite, \$75,000 in restricted Common Stock of the Company as additional consideration.

On September 17, 2008, the Company loaned Blue Bite an additional \$50,000 pursuant to the terms of a one year convertible promissory note the "Second Note". The Second Note provides for interest at 10% per annum, payable with any outstanding principal on September 17, 2009. The Company has the option to convert the Second Note plus \$75,000 worth of shares of restricted Common Stock of the Company into an additional 10% interest in Blue Bite.

On May 26, 2009, Ace Marketing received repayment of \$100,000 loan from Blue Bite together with interest.

5. TRANSACTIONS WITH MAJOR CUSTOMER

The Company sells its products to a geographically diverse group of customers, performs ongoing credit evaluations of its customers and generally does not require collateral.

For the six months ended June 30, 2009 and 2008, sales from ten percent or greater customers approximated 25.9 % and 21.7%, respectively of total sales. During the June 30, 2009 reporting period, we had one principal customer accounted for these results. During the June 30, 2008 reporting period we had a different customer, a retailer who accounted for these results.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

6. CONSULTING AGREEMENT

In February 2009, the Company entered into an agreement with a consulting firm to provide investor relations services. The warrants have a vesting period of 25% immediately and the remaining ratably on a monthly basis through January 2010.

In addition, the consultant would be entitled to an additional advisory fee, subject to the Company completing a successful capital raise through the sale of its common stock of at least \$1,250,000.

In April of 2009, the Company entered into an agreement with a consultant (former employee) to assist Ace in forming a proximity marketing business to offer to Ace Marketing customers. The original agreement with this person was executed in January 2008 and it provided for the grant of non-statutory stock options to purchase 1,000,000 shares under our 2005 Employee Benefit and Consulting Services Compensation Plan. The amended agreement provides for a reduction in the number of options pursuant to the agreement from 1,000,000 options to 500,000 options with the exercise price of \$1.00 per share and expiring on March 31, 2012. The options currently have a vesting period of 25% each on May 1, 2009, May 1, 2010, May 1, 2011 and March 1, 2012.

OVERVIEW

We are a full service promotional marketing and distribution company offering a wide array of business solutions. Ace has grown organically through referrals based on its high quality service and external financings to support our growth. We are also expanding through hiring leading independent salespersons who are well supported by the Ace proprietary business structure. By offering more services and solutions to our customers, new recruits will have the ability to expand their present business by simply making the move to Ace. Upon integrating their client base into our system they too become trusted advisors that provide integrated business solutions instead of a commodity based promotional product salesperson.

These achievements position us to accelerate growth through potential acquisition and consolidation of other companies as well as simply recruiting experienced salespeople. In the event a company is acquired by us, of which no assurances can be given in this regard, the new clients would all be introduced to the additional services that are now available in our promotional marketing model.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

We have effectively carved out a niche for Ace. Marketing and branding companies create an image and direction for clients. Ad agencies develop print, TV, radio and other campaigns aimed at goals of recruiting and introducing new products or services. Traditional promotional product companies offer imprinted merchandise and apparel. Ace finds itself in a position of providing value added services that compliment those of the ad agency, as well as branding and marketing companies while at the same time far exceeding the capabilities of a standard promotional products distributor.

We expect our revenues to grow at such time as economic conditions in the United States improve, by adding additional in-house and independent sales representatives to our sales network. While one or more acquisitions of other distributors will also be considered by Management, we can provide no assurances that one or more acquisitions of other distributors will be completed on terms satisfactory to us, if at all.

ACE MOBILE MARKETING

In 2008, we entered into agreements with certain non-affiliated parties to become an authorized distributor, provider and reseller in the United States of mobile advertising solutions, in the Mobile Advertising & Proximity Marketing Industry.

Management believes that proximity marketing has unlimited marketing possibilities to thousands of different businesses. Proximity marketing is the localized wireless distribution of advertising content associated with a particular place. If we place a proximity transmitting box in a location of an advertiser/business, transmissions (messages) will be sent to and received by cell phones and PDA's equipped with Bluetooth technology within approximately 100 meters of a marketing broadcast. A person receiving the transmission can elect to download the transmission, read the message and potentially act upon the message sent by the advertiser. The message will remain on the cell phone or PDA until proactively removed by the user. The user also has the ability to forward the message to other users, which generates multiple views over an extended period of time.

Management believes that advertisers are constantly seeking new measurable media channels that can accurately target and engage key consumer segments, and deliver compelling, relevant content that can be enjoyed for what it is, shared with friends, interactively engaged with or commercially acted upon instantaneously. All messages received by the public are free of charge meaning there is no charge on any content a consumer downloads. We will enable our advertising customers to promote their business by sending still images, animated images, audio files, video clips, text files, promotional or discount contents, bar codes, mobile games and java applications and business card files. We can also send live data such as news and sports updates to targeted mobile phones.

Management believes that proximity marketing is completely spam-free and compliant with all applicable governmental regulations. It asks the users if they would like to receive the content. It tracks how many people accept and reject the content, providing the sender with a detailed time and date for every transmission. The system maintains a unique Bluetooth ID assigned to each device, and therefore will not send users the same advertisement more than once, and if rejected will not contact the user again.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

Ace intends to market its proximity boxes as a premiere mobile technology. This will allow Ace to create a new channel in the mobile marketplace for existing brands and marketers to leverage the inherent strengths of mobile advertising. Ace plans to leverage the technology to develop niche vertical sites. These services will be scalable for both large and small businesses to monetize high traffic areas. Additionally, the platform shall be dynamically scalable for worldwide partnerships, where a multi-location business will be able to send a different marketing campaign for each demographic. Ace has demonstrated the use of proximity marketing boxes and delivered branded content for:

- o Def Leppard to support their band tour;
- o International Speeding Corporation, owner and operator of 13 major motorsports facilities, including the Daytona International Speedway;
- o Macy's Thanksgiving Day Parade ;
- o SantaLand at Macy's;
- o Madison Square Garden;
- o IMAX theater
- o Lonestar to support their band

Blue Bite, LLC is also an authorized distributor, provider and reseller of the proximity transmitting boxes. We have an agreement pursuant to which Ace loaned Blue Bite \$100,000 pursuant to two Notes (due June 1, 2009 and September 17, 2009) convertible at Ace's option into a 20% ownership interest of Blue Bite. At the time of conversion, Ace would also have to deliver to Blue Bite up to \$150,000 in fair market value of its restricted Common Stock as additional consideration. In May 2009, Blue Bite repaid Ace its loans, together with accrued interest thereon.

14

On May 26, 2009, Ace opted not to convert the loans and accepted full payment of principal and interest to close out the agreement and loan with Blue Bite.

CRITICAL ACCOUNTING POLICIES

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with generally accepted accounting principles in the United States. The preparation of financial statements requires management to make estimates and disclosures on the date of the financial statements. On an on-going basis, we evaluate our estimates including, but not limited to, those related to revenue recognition. We use authoritative pronouncements, historical experience and other assumptions as the basis for making judgments. Actual results could differ from those estimates. We believe that the following critical accounting policies affect our more significant judgments and estimates in the preparation of our financial statements.

REVENUE RECOGNITION. Revenues are recognized when title and risk of loss

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

transfers to the customer and the earnings process is complete. In general, title passes to our customers upon the customer's receipt of the merchandise. Revenue is accounted for in accordance with Emerging Issue Task Force Issue No. 99-19, reporting revenue gross as a principal versus net as an agent. Revenue is recognized on a gross basis since our company has the risks and rewards of ownership, latitude in selection of vendors and pricing, and bears all credit risk. Our company records all shipping and handling fees billed to customers as revenues, and related costs as cost of goods sold, when incurred, in accordance with Emerging Issue Task Force Issue No. 00-10, accounting for shipping and handling fees and costs.

ALLOWANCE FOR DOUBTFUL ACCOUNTS. We are required to make judgments based on historical experience and future expectations, as to the realizability of our accounts receivable. We make these assessments based on the following factors: (a) historical experience, (b) customer concentrations, (c) customer credit worthiness, (d) current economic conditions, and (e) changes in customer payment terms.

STOCK BASED COMPENSATION. The Company records compensation expense associated with stock options and other equity-based compensation in accordance with SFAS 123(R). Share-based compensation expense is determined based on the grant-date fair value estimated in accordance with the provisions of SFAS 123(R). The Company recognizes compensation expense on a straight-line basis over the requisite service period of the award.

RESULTS OF OPERATIONS

The following table sets forth certain selected unaudited condensed statement of operations data for the periods indicated in dollars and as a percentage of total net revenues. The following discussion relates to our results of operations for the periods noted and is not necessarily indicative of the results expected for any other interim period or any future fiscal year. In addition, we note that the period-to-period comparison may not be indicative of future performance.

| | ----- Three Months Ended June 30 ----- | |
|--|--|--------------|
| | 2009 ---- | 2008 ---- |
| Revenue | \$ 841,247 | \$ 2,049,867 |
| Cost of Revenues | 500,349 | 1,578,235 |
| Gross Profit | 340,898 | 471,632 |
| Selling, General and Administrative Expenses | 499,189 | 663,312 |
| (Loss) from Operations | (158,291) | (194,680) |

We generated revenues of \$841,247 in the second quarter of 2009 compared to \$2,049,867 in the same three month period ending June 30, 2008. The decrease in revenues of \$1,208,620 in 2009 compared to 2008 was due to the general state of economy and customers choosing to cancel or delay purchases of promotional products and the non-occurrence of a major one-time order of \$685,000, which accounted for 33.5% of sales in 2008.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

Cost of revenues was \$500,349 or 59% of revenues in the second quarter of 2009 compared to 1,578,235 or 77% of revenues in the same three months of 2008. Cost of revenues includes purchases and freight costs associated with the shipping of merchandise to our customers. Decrease in cost of revenues of \$1,077,886 in 2009 is related to a decrease in sales during the current quarter ending June 30, 2009.

Gross profit was \$340,898 in the second quarter of 2009 or 41% of net revenues compared to \$471,632 in the same three months of 2008 or 23% of revenues. Gross profits will vary period-to-period depending upon a number of factors including the mix of items sold, pricing of the items and the volume of product sold.

Also, it is our practice to pass freight costs on to our customers.

Reimbursement of freight costs which are included in revenues have lower profit margins than sales of our promotional products and has the effect of reducing our overall gross profit margin on sales of products, particularly on smaller orders.

Selling, general, and administrative expenses were \$499,189 in the second quarter of 2009 compared to \$663,312 in the same three months of 2008. Such costs include payroll and related expenses, commissions, insurance, rents, professional, consulting and public awareness fees. The overall decrease of \$164,123 was primarily due to an \$182,573 decrease in stock based compensation.

Net loss from operations was \$(158,291) in the second quarter of 2009 compared to a net loss of \$(194,680) for the same three months in 2008. The second quarter net loss for 2009 includes stock based payments (non-cash) of \$(53,890) as compared to \$128,683 for the comparable period of 2008. Net loss for the three months ended June 30, 2009 decreased by approximately \$36,000 over the comparable period of the prior year despite a substantial decrease in revenue and gross profit primarily due to a \$182,573 decrease in stock based payments (non-cash). No benefit for income taxes is provided for in 2009 and 2008 due to the full valuation allowance on the net deferred tax assets.

The following table sets forth certain selected unaudited condensed statement of operations data for the periods indicated in dollars and as a percentage of total net revenues. The following discussion relates to our results of operations for the periods noted and is not necessarily indicative of the results expected for any other interim period or any future fiscal year. In addition, we note that the period-to-period comparison may not be indicative of future performance.

| | Six months Ended June 30 | | | |
|--|--------------------------|-------|--------------|-------|
| | 2009 | | 2008 | |
| Revenue | \$1,296,279 | | \$ 3,226,050 | |
| Cost of Revenues | 831,217 | 64.1% | 2,388,695 | 74% |
| Gross Profit | 465,062 | 35.9% | 837,355 | 26% |
| Selling, general & Administrative expenses | 1,090,135 | 84.1% | 1,334,030 | 41.4% |
| (Loss) from operations | (625,073) | 48.2% | (496,675) | 15.4% |

We generated revenues of \$1,296,279 in the first six months of 2009 compared to \$3,226,050 in the same six month period ending June 30, 2008. The decrease in revenues of \$1,929,771 in 2009 as compared to 2008 is due to the general state of the economy and customers choosing to cancel or delay purchases of

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

promotional products and the non-occurrence of a major order with a New York State Troopers which was responsible for 21.7% of revenues for the six months ended June 30, 2008.

Cost of revenues was \$831,217 or 64% of revenues in the first six months of 2009 compared to \$2,388,695 or 74% of revenues in the same six months of 2008. Cost of revenues includes purchases and freight costs associated with the shipping of merchandise to our customers. Decreases in cost of revenues of \$1,557,478 in 2009 are due to reduced revenues for the reasons set forth the in preceding paragraph.

Gross profit was \$465,062 in the first six months of 2009 or 36% of net revenues compared to \$837,355 in the same six months of 2008 or 26% of revenues. Gross profits will vary period-to-period depending upon a number of factors including the mix of items sold, pricing of the items and the volume of product sold.

16

Also, it is our practice to pass freight costs on to our customers. Reimbursement of freight costs which are included in revenues have lower profit margins than sales of our promotional products and has the effect of reducing our overall gross profit margin on sales of products, particularly on smaller orders. The six month gross profit for 2008 was negatively impacted by reduced gross profit achieved in connection with the large order placed by members of a police organization.

Selling, general, and administrative expenses were \$1,090,135 in the first six months of 2009 compared to \$1,334,030 in the same six months of 2008. Such costs include payroll and related expenses, commissions, insurance, rents, professional, consulting and public awareness fees. The overall decrease of \$243,895 was primarily due to a \$200,957 decrease in stock based compensation.

Net loss from operations was \$(625,073) in the first six months of 2009 compared to a net loss of \$(496,675) for the same six months in 2008. The net loss increased by approximately \$128,000 due to a decrease in gross profit of approximately \$372,000 partially offset by a decrease in operating expenses of \$343,900. The first six months net loss for 2009 includes stock based payments (non-cash) of \$70,887 as compared to \$271,844 for the comparable period of 2008. No benefit for income taxes is provided for in 2009 and 2008 due to the full valuation allowance on the net deferred tax assets.

Liquidity and Capital Resources

----- 2009 Cash Flow Discussion

The company had cash and cash equivalents of \$368,081 at June 30, 2009. Cash used in operating activities for the six months ended June 30, 2009 was \$(491,170). This resulted primarily from a net loss of \$(620,762), offset by stock based compensation of \$70,887 a decrease in accounts receivable of \$203,664 and an increase in prepaid expenses and other assets of \$49,564 and a decrease of accounts payable and accrued expenses of \$109,138.

The company had cash and cash equivalents of \$579,305 at June 30, 2008. Cash used by operating activities for the six months ended June 30, 2008 was \$(189,716). This resulted primarily from a net loss of \$(492,698), offset by stock based compensation of \$271,844 a decrease in accounts receivable of \$104,600, an increase in prepaid expenses and other assets of \$9,156 and a decrease of accounts payable and accrued expenses of \$68,730.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

Our company commenced operations in 1998 and was initially funded by our three founders, each of whom has made demand loans to our Company that have been repaid. Since 1999, we have relied primarily on equity financing from outside investors to supplement our cash flow from operations.

We anticipate that our future liquidity requirements will arise from the need to finance our accounts receivable and inventories, hire additional sales persons, capital expenditures and possible acquisitions. The primary sources of funding for such requirements will be cash generated from operations, raising additional capital from the sale of equity or other securities and borrowings under debt facilities which currently do not exist. We believe that we can generate sufficient cash flow from these sources to fund our operations for at least the next fifteen months. In the event we should need additional financing, we can provide no assurances that we will be able to obtain financing on terms satisfactory to us, if at all.

Recent Financings

In February 2009, we sold 500,000 shares of our Common Stock at an exercise price of \$.50 per share, payable one-half immediately and the balance in March 2009 through the retirement of a \$125,000 Note. Exemption is claimed under Section 4(2) of the Securities Act of 1933, as amended.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our short term money market investments. The Company does not have any financial instruments held for trading or other speculative purposes and does not invest in derivative financial instruments, interest rate swaps or other investments that alter interest rate exposure. The Company does not have any credit facilities with variable interest rates.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures, which are designed to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commissions rules and forms, and that such information is accumulated and communicated to our management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of our management, including our CEO and CFO, an evaluation was performed on the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this quarterly report. Based on that evaluation, our management, including our CEO and CFO, concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

There were no changes in the Company's internal controls over financial reporting during the most recently completed fiscal quarter that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

At December 31, 2008, management identified the following significant deficiencies that when aggregated give rise to a material weakness in the area of financial reporting.

These deficiencies include, without limitation, a) lack of review or evidence of review in the financial Reporting process; b) information technology limitations; and inability to apply complex accounting principles. Management is presently assessing these deficiencies and as of June 30, 2009, had not completed remediated the identified deficiencies.

Management's Plan of Remediation

Independent Board of Directors or Audit Committee

Due to the current size of the Company it does not intend to add independent board members at this time. This deficiency will be addressed if the Company shows substantial growth moving forward.

Information Technology

Management is in the process of implementing a weekly and monthly checklist of IT required function to assure all necessary activities are completed and documented. As of this time the checklist has not yet been completed.

Management has limited the access to all financial applications only to include the Companies CEO, President and CFO. All passwords have been changed and will be changed on a quarterly basis to allow only access to the proper employee's.

Management has its IT personnel updating the software at least annually and ensuring the updates, patches and licenses are current.

18

Revenue Recognition and Cost of Revenue

As of January 2009, management has implemented a change to ensure the company has a centralized system to track orders processed shipped and recorded. Orders can no longer move forward without verification from the billing or tracking department. No testing has yet been completed on the system.

Financial Reporting

Management has completed the complex equity transactions that are required and is in the process of having an outside consultant report on the system.

Management is also addressing the two accounting systems currently in use and has a plan which will be implemented in the second quarter to move to a single system. The single system will meet the company's needs and any current future growth.

Accounts Payable and Cash Disbursements

As of February 2009, management has implemented a change to address its deficiencies. The Company has granted access rights for the user of the accounts payable module which now results in the payment of open invoices to relieve any

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10-Q

double counting. No testing has been completed on the new system.
