CHAIRMAN'S MESSAGE

BT is one of the world's leading providers of communications solutions and services operating in 170 countries. Our principal activities include networked IT services, local, national and international telecommunications services, and higher-value broadband and internet products and services.

FINANCIAL HEADLINES

- Revenue of £19,514 million, up 6%
- New wave revenue of £6,282 million, up 38%
- Profit before taxation and specific items of £2,177 million, up 5%
- Earnings per share before specific items of 19.5 pence, up 8%
- Net debt reduced from £7.9 billion to £7.5 billion
- Full-year dividend of 11.9 pence, up 14%
- Broadband end users of 7.9 million, up 58%

Dear Shareholder,

Welcome to our new format Annual Review which, this year, includes the Notice of Meeting. I very much hope you will be able to join us at the AGM at London's Barbican Centre on 12 July 2006. If you do not plan to attend I hope you will send us a completed proxy form so you are able to vote at the Meeting. You will also find enclosed a copy of our shareholder magazine Forward which contains an update on the many exciting things happening in BT's fast changing world.

RESULTS

Our results for the 2006 financial year were excellent. Earnings per share before specific items grew by 8% to 19.5 pence. We continued to invest significantly in technologies and systems designed to transform our customers' experience, at the same time as generating free cash flow of £1.6 billion.

The news on dividends is again positive. Your Board is recommending a full-year dividend of 11.9 pence per share – a pay out ratio of 61% of earnings before specific items, compared with 57% last year. We continue our progressive dividend policy and expect our pay out ratio to rise to around two-thirds of earnings in the 2008 financial year.

We operated our share buy back programme again in the 2006 financial year. This is being funded from cash generated over and above that required for servicing our debt, which remains below £8 billion.

BUSINESS PROGRESS

We continued to implement our strategy of growth through business transformation. Your Board has given its backing to targeted acquisitions that will help us confirm our status as a leading player in the global networked IT services market. In the 2006 financial year, we acquired Atlanet in Italy (as part of a major deal with Fiat), Cara Group in Ireland and Total Network Solutions in the UK. And in the UK, we now have almost eight million broadband lines over which we are able to offer customers exciting, next-generation voice and entertainment services. New wave revenue grew by 38% to £6.3 billion, and accounted for around one-third of our total business.

REGULATION

We believe that a fair and flexible regulatory regime is vital for our industry, for ensuring that we can meet customers' growing needs and for encouraging investment. We were pleased that, following its strategic review of telecommunications, Ofcom accepted the set of legally-binding Undertakings that BT proposed in order to transform the regulatory landscape in the UK. We believe that the impact of these Undertakings will be to focus regulation where it remains necessary at the same time as stimulating de-regulation wherever possible.

PENSIONS

BT stands fully behind its pension promise to pensioners and members of the BT Pension Scheme (BTPS). The scheme is well-managed and its assets have grown very significantly in recent years, from £23 billion at the end of 2002 to more than £35 billion currently. The accounting deficit has almost halved in the last year alone. With the Trustees of the BTPS, we are continuing discussions on the triennial funding valuation of the scheme. In particular, we aim to review recent pensions legislation and guidelines, and examine the implications and extent of the Crown Guarantee given on privatisation in 1984. The Crown Guarantee, which applies to liabilities assumed by BT in 1984 and only in the event of insolvency, is an extra layer of security for BT pensioners.

THE BOARD

There were a number of changes to your Board during the year. I would like to welcome Matti Alahuhta and Phil Hodgkinson as non-executive directors. Matti has been President of Kone Corporation since January 2005 and was previously at Nokia; Phil is Group Finance Director of HBOS. Both bring a wide range of commercial and senior management experience to your company. I would also like to thank Lou Hughes who stepped down as a non-executive director on 31 March 2006 for his excellent contribution over more than six years. I'm pleased that his experience is not lost to us: he has joined our Americas Advisory Board.

OUR WIDER RESPONSIBILITIES

Our aim as a communications company is to operate in a socially responsible and sustainable way and to ensure that we help everyone benefit from improved communications and enhanced connectivity. I'm very proud of the fact that, for the fifth year in a row, BT was the highest placed telecommunications company in the Dow Jones Sustainability Index.

Climate change has been moving inexorably up the social and corporate agendas for a number of years now. Although telecommunications technology is environmentally friendly, BT is one of the largest companies in the UK and one of the largest consumers of electricity. Our operations inevitably have an impact on the environment and we take the job of managing that impact seriously. We are now, for example, meeting almost all our UK electricity needs from environmentally friendly sources, including wind generation, solar, wave and hydroelectric schemes.

LOOKING FORWARD

I am very grateful to our shareholders and our customers for their continued loyalty and the confidence that they have shown in BT's programme of transformation. I'd like to thank our employees for making that programme happen.

Your company is well set for continued success in the years ahead. Our performance underpins our confidence that we can continue to grow revenue, EBITDA¹, earnings per share and dividends over the coming year, and accelerate the strategic transformation of the business.

NOTICE OF MEETING

To give as many shareholders as possible the opportunity to attend the AGM, we hold the meeting in a different city in the UK each year. We also broadcast my speech and the presentation by our Chief Executive, Ben Verwaayen, live over the internet (see page 14).

Edgar Filing: BT GROUP PLC - Form 6-K

The directors proposed for re-election this year are Sir Anthony Greener, Maarten van den Bergh and Clay Brendish who are independent non-executive directors. I am pleased to confirm to shareholders that, following formal performance evaluation, we continue to regard Sir Anthony, Maarten and Clay as effective non-executive directors. They make a valuable contribution to the Board and have demonstrated a high level of commitment to the role. Matti Alahuhta and Phil Hodgkinson, who joined the Board during the year, are also retiring automatically and are proposed for election. The Board recommend Matti and Phil for election.

Even if you are not able to come to the meeting in person, your vote is still important. I would urge you, regardless of the number of shares you own, to vote.

You may vote by completing and returning the enclosed Proxy Card. Alternatively, you may cast your vote online or by telephone or fax.

If you intend coming to this year's meeting, please either return the enclosed AGM Intention to Attend card or indicate your intention to attend over the internet or by phone.

I look forward to seeing you at the Barbican.

REVIEW OF THE YEAR

INTRODUCTION

Our vision is for BT to be dedicated to helping customers thrive in a changing world. Our mission is to be the leader in delivering converged networked services.

We are committed to increasing shareholder value by transforming the customer experience through service excellence, by the effective management of our powerful brand, and by leveraging our large scale networks and our existing customer base. We aim to find new and mutually-rewarding ways of engaging with around 20 million customers, to capitalise on the possibilities of convergence, to offer global reach combined with the service values associated with local delivery, and to continue to provide innovative services and solutions.

We are committed to enhancing our positive impact on society through leadership in CSR (corporate social responsibility), and our policy is to achieve best practice in our standards of business integrity in all our operations, in line with our published statement of business practice [□ The Way We Work](#).

OUR CUSTOMERS

GROUP RESULTS

The financial results reflect the continuing strong growth in new wave services as we drive value from transforming the business. We have continued to make progress in growing earnings per share before specific items which at 19.5 pence were 8% higher than last year. Revenue for the full year has grown by 6% to £19,514 million. New wave revenue grew by 38% to £6,282 million and now represents around one-third of the group's business.

Profit before tax and specific items was £2,177 million, up 5% from the prior year. Capital expenditure of £3.1 billion increased by 4% reflecting the cost of investing in our network transformation.

BALANCE SHEET

The group's balance sheet continued to strengthen and provides confidence to our customers and suppliers. Net debt was reduced by a further £0.4 billion to £7.5 billion during the year. Total assets were £24.7 billion of which £15.5 billion were property, plant and equipment. The return on capital employed, before specific items, was 16.8%.

CASH FLOW

Net cash inflow from operating activities was £5.4 billion. Free cash flow of £1.6 billion was generated in the year.

DIVIDENDS

The Board recommends a final dividend of 7.6 pence per share, amounting to £632 million. This will be paid, subject to shareholder approval, on 11 September 2006 to shareholders on the register on 18 August 2006. This takes the proposed dividend for the full year to 11.9 pence per share, compared to 10.4 pence in the 2005 financial year, an increase of 14%.

OUR PEOPLE

Our commitment to meeting our customers' needs presents the 104,400 people employed by BT at 31 March 2006 with opportunities to develop innovative solutions, generate new business, drive efficiencies and experience personal growth.

CORPORATE SOCIAL RESPONSIBILITY

Managing social, ethical and environmental issues in a way that grows shareholder value and helps BT and our customers be more sustainable is very important to us.

The Dow Jones Sustainability Indexes rank companies for their success in managing social, ethical and environmental factors for competitive advantage. During the 2006 financial year, BT was ranked as the top telecommunications company in the Dow Jones Sustainability Index for the fifth year in a row.

We also hold the Queen's Award for Enterprise in recognition of our contribution to sustainable development.

The Board reviews our CSR strategy, performance and risks annually and is kept informed of new developments that might impact on its duties. We have 12 CSR key performance indicators which cover our relationships with our stakeholders, as well as our environmental performance and our contribution to digital inclusion and business integrity. See our online social and environmental report at www.bt.com/betterworld for more details.

HOW BT OPERATES

BT consists principally of four lines of business: BT Global Services, Openreach, BT Retail and BT Wholesale.

Openreach was established on 21 January 2006 in response to Ofcom's strategic review of telecommunications. It operates the physical (as opposed to the electronic) assets of the local access and backhaul networks and provides the services which use these networks to communications providers, both internally and

externally, in an equivalent and transparent way.

For financial reporting purposes, Openreach remained part of BT Wholesale until the end of the 2006 financial year. It will be reported as a separate line of business in the 2007 financial year.

Openreach, BT Retail and BT Wholesale operate almost entirely within the UK, where BT is the UK's largest communications service provider, by market share. BT supplies the residential and business markets with a wide range of communications products and services, including voice, data, internet and multimedia services, and offering a comprehensive range of managed and packaged communications solutions.

BT Global Services addresses the networked IT services needs of multi-site organisations both in the UK and internationally.

Sales, general and administration costs	1,563	1,600
EBITDA	791	754
Operating profit	644	607
Capital expenditure	153	170

BT Retail is the UK's largest communications service provider, by market share, to the residential and business markets. It trades under one of the UK's leading brands – BT – and is the prime channel to market in the UK for other businesses in the BT Group. It supplies a wide range of communication products and services, including voice, data, internet and multimedia services, and offers a comprehensive range of managed and packaged communications solutions. The portfolio includes traditional telephony products such as calls, analogue/digital lines and private circuits. New wave revenue generation is focused on broadband, mobility and networked IT services. Its strategy is to improve the customer experience, control costs and increase cash flow, defend traditional revenues and build new revenue streams.

The results demonstrated a continued strategic shift towards new wave products with growth in broadband, networked IT services and mobility revenues. Despite the substitution by new wave products, traditional revenue was defended by changes in pricing structure and packages to benefit frequent users and marketing campaigns focusing on key customer service promises.

Revenue decreased by 3% in the 2006 financial year to £8,452 million. The growth in new wave revenue of 38% in the 2006 financial year continued to reduce our dependence on traditional revenue.

BT Wholesale

	2006 £m	2005 £m
Revenue	9,232	9,095
Gross variable profit	7,031	6,933
EBITDA	3,894	3,864
Operating profit	1,992	1,950
Capital expenditure	2,013	1,981

BT Wholesale

BT Wholesale provides network services and solutions within the UK. Its customers include communications companies, fixed and mobile network operators, internet and other service providers. The customer base also includes BT Retail and BT Global Services. The majority of BT Wholesale's revenue is internal (2006 □ 54%, 2005 □ 58%) and mainly represents trading with BT Retail. External revenue is derived from providing wholesale products and solutions to other operators interconnecting with BT's UK fixed network.

In the 2006 financial year, revenue totalled £9,232 million, an increase of 2% over the 2005 financial year, reflecting the strong growth in new wave revenues, mainly broadband.

BT Global Services

	2006 £m	2005 £m
Revenue	8,632	7,488
EBITDA	1,001	961
Operating profit	363	411
Capital expenditure	702	605

BT Global Services supplies managed services and solutions to multi-site organisations worldwide □ its core target market is 10,000 multi-site organisations including major companies with significant global requirements, together with large organisations in target local markets. It provides them with networked IT services and a complete range of managed solutions.

In the 2006 financial year BT Global Services' revenue was 15% higher at £8,632 million, including £795 million from the Albacom and Infonet businesses acquired in the final quarter of the 2005 financial year. This represents an underlying increase of 5% compared to the 2005 financial year. Revenues outside the UK have grown strongly as BT Global Services builds on its global capabilities.

GOING CONCERN

The company's financial statements for the year ended 31 March 2006 have been prepared on a going concern basis as, after making appropriate enquiries, the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future.

FORWARD-LOOKING STATEMENTS - CAUTION ADVISED

Certain statements in this summary financial statement are forward-looking and are made in reliance on the safe harbour provisions of the US Private Securities Litigation Reform Act of 1995. These statements include, without limitation, those concerning: continued growth in EBITDA, earnings per share, and in new wave revenue, mainly from networked IT services, broadband and mobility growth; implementation of BT's 21st Century Network; expectations regarding progressive dividend policy, dividend payout ratio and cost savings; accelerating transformation of the business; and improving shareholder returns.

Although BT believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that these expectations will prove to have been correct. Because these statements involve risks and uncertainties, actual results may differ materially from those expressed or implied by these forward-looking statements.

Factors that could cause differences between actual results and those implied by the forward-looking statements include, but are not limited to: material adverse changes in economic conditions in the markets served by BT; future regulatory actions and conditions in BT's operating areas, including competition from others; selection by BT of the appropriate trading and marketing models for its products and services; fluctuations in foreign currency exchange rates and interest rates; technological innovations, including the cost of developing new products, networks and solutions and the need to increase expenditures for improving the quality of service; prolonged adverse weather conditions resulting in a material increase in overtime, staff or other costs; timing of entry and profitability of BT in certain communications markets; developments in the convergence of technologies; the anticipated benefits and advantages of new technologies, products and services, including broadband and other new wave initiatives, not being realised; and general financial market conditions affecting BT's performance. Certain of these factors are discussed in more detail in the Annual Report including, without limitation, in Group risk factors. BT undertakes no obligation to update any forward-looking statements whether as a result of new information, future events or otherwise.

ADOPTION OF INTERNATIONAL FINANCIAL REPORTING STANDARDS

The group's consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and IFRIC interpretations in issue as adopted by the EU effective as at 31 March 2006. The transition date for the adoption of IFRS is 1 April 2004. All comparative data in these statements has been restated accordingly with the exception of these policies in relation to financial instruments under IAS 32 [Financial Instruments: Disclosure and Presentation] and IAS 39 [Financial Instruments: Recognition and Measurement]. Further details can be found in note 34 to the Annual Report.

SUMMARY REPORT ON DIRECTORS' REMUNERATION

INTRODUCTION

This is a summary of the full Report on directors' remuneration in the Annual Report and Form 20-F 2006, a copy of which is available on request or at www.bt.com/annualreport. The full report will be voted on at the 2006 Annual General Meeting.

REMUNERATION COMMITTEE

The Remuneration Committee sets the remuneration policy and individual packages for the Chairman, executive directors and other senior executives reporting to the Chief Executive. It also approves changes in the company's long-term incentive plans, recommends to the Board those plans which require shareholder approval and oversees their operation.

REMUNERATION POLICY FOR EXECUTIVES

BT's executive remuneration policy is to reward employees competitively, taking into account individual, line of business and company performance, market comparisons and the competitive pressures in the information and communications technology industry.

The policy for executive pay, in general terms, is for base salaries to be positioned around the mid-market, with total direct compensation (basic salary, annual bonus and the value of any long-term incentives) to be at the upper quartile only for sustained and excellent performance.

MAIN COMPONENTS OF REMUNERATION

Executive benefits packages comprise a mix of basic salary and performance-related remuneration, as follows:

Basic salary

This is reviewed annually. Basic salaries remained unchanged in 2005/06 with the exception of an increase agreed for Paul Reynolds to reflect his responsibility for delivering the 21st Century Network and a number of key productivity and process improvements.

Performance-related remuneration

- Annual bonus – the annual bonus plan is designed to reward the achievement of results against set objectives. Targets in respect of corporate performance, set at the beginning of the financial year 2005/06 for each objective, were based on earnings per share, free cash flow and customer satisfaction. Approximately 43% of any total bonus is payable in the form of deferred shares under the Deferred Bonus Plan. The shares vest after three years and act both as an incentive and a retention measure.
- Long-term incentives – the BT Equity Incentive Portfolio, comprising share options, incentive shares and retention shares, is designed to ensure that equity participation is an important part of overall remuneration. For the financial year 2005/06, the Committee decided to grant incentive shares instead of the previous year's combination of share options and incentive shares:
 - Awards vest only if a predetermined performance target has been achieved.
 - The performance measure is total shareholder return (TSR) compared with a basket of companies in the European Telecom Sector.
 - BT's TSR at the end of the three-year measurement period must be in the upper quartile for all of the awards to vest. At median, 25% of shares under award would vest. Below that point none of the share awards would vest.

Retention shares are granted in exceptional circumstances to help recruit or retain individuals with critical skills. In the financial year 2005/06, 14 awards were made for recruitment and retention purposes, including one award made to Ian Livingston in connection with his appointment as Chief Executive, BT Retail. A retention arrangement was also introduced last year for Andy Green, Chief Executive BT Global Services, linked to performance targets for that line of business. Under this arrangement, an award of retention shares, with a value of £750,000, will be granted in June 2006.

Financial year 2006/07 policy

No material policy changes were made by the Committee; a small increase was made in bonus potential for target

and stretch achievement by executive directors against the corporate scorecard to maintain market competitiveness. From 1 June 2006, Ben Verwaayen's annual base pay will be increased to £750,000 – his first increase since joining BT in 2002 – and Hanif Lalani's annual base pay will be increased to £460,000, following his successful assumption of, and continuing performance in, the Group Finance Director's role. Cash-based bonus and incentive plans were agreed for Openreach executives, as required by Undertakings agreed with Ofcom.

Pension arrangements

Pensions are based on salary alone – bonuses, other benefits and long-term incentives are excluded.

Those directors and other employees, who joined the company prior to 1 April 2001, are members of the BT Pension Scheme, which is a defined benefits scheme. Andy Green, Hanif Lalani and Paul Reynolds are members of the BT Pension Scheme.

Retirement provision for executive directors and other senior executives who joined BT on or after 1 April 2001 is generally made on a defined contribution basis – the company agrees to pay a fixed percentage (typically around 30%) of the executive's salary each year towards the provision of retirement benefits.

The Committee reviewed the impact of the Lifetime Allowance under the pension simplification legislation which came into force from 6 April 2006. As a result, BT offered those members affected the option to opt out of future accruals of pensionable service and in its place to receive a cash allowance annually (30% of salary for executive directors affected). This was broadly cash neutral for the company.

Other benefits

Other benefits include some or all of: company car, fuel or driver, personal telecommunications facilities and home security, medical and dental cover, special life cover, professional subscriptions and tax planning and financial counselling.

Service agreements

The policy is for the Chairman and executive directors to have service agreements providing for one year's notice by the company. If BT terminates the Chairman's contract before it expires – at the end of the 2007 AGM – he is entitled to payment of salary for 12 months from termination or until the 2007 AGM if that is shorter. Ben Verwaayen is entitled to £700,000 on termination by BT. Andy Green, Hanif Lalani, Ian Livingston and Paul Reynolds are entitled to salary and benefits until the earlier of 12 months from notice of BT's termination of the contract or the director obtaining full-time employment. See the tables opposite for details of directors' emoluments and interests in shares.

Retirement benefits are accruing to three directors under defined contribution arrangements and to three directors and one former director under defined benefit arrangements.

Pensions

Sir Christopher Bland is not a member of any of the company's pension schemes but the company matches his contributions of 10% of the earnings cap, to a personal pension plan. B Verwaayen and I Livingston are not members of any of the company's pension schemes but the company has agreed to pay an amount equal to 30% of salary towards pension provision. The aggregate value of contributions paid, or treated as paid, to defined contribution schemes in the 2006 financial year was £63,360. A Green, H Lalani and P Reynolds are members of the BT Pension Scheme. Additional days of pensionable service are being purchased for A Green, H Lalani and P Reynolds to bring their pensionable service at age 60 up to 40 years.

Notes

1In addition, deferred bonuses payable in shares in three years' time, subject to continued employment, were awarded to B Verwaayen (£1,316,000), A Green (£300,000), H Lalani (£240,000), I Livingston (£315,000) and P Reynolds (£270,000).

2Part of the pension allowance of 30% of salary for B Verwaayen and I Livingston was paid to them direct.

3P Reynolds sacrificed £225,000 of his bonus for the financial year 2005/06 and the company has paid an equivalent amount into the BT Pension Scheme to provide him with additional benefits on a defined contribution basis.

Executive directors are also able to participate in BT's all-employee share plans.

Notes

aBeneficial shareholdings include shares held in the director's own name or by close family members.

bOptions granted under the Global Share Option Plan are normally exercisable in full between the third and tenth anniversaries of their date of grant only if a corporate performance target has been met. Option prices range between 187p and 318p.

cRetention shares are used as a recruitment and retention tool. They vest after three years and are transferred to participants, if they are still employed by the company.

dAwards of shares are directly linked to the value of annual bonuses. The shares vest after three years and are transferred to participants, if they are still employed by the company. Details of deferred bonus awards in respect of the financial year 2005/06 are given in the notes to the table above. Awards in respect of the deferred bonuses will be granted in June 2006.

SUMMARY DIRECTORS REPORT

PRINCIPAL ACTIVITIES

BT Group plc is one of the world's leading providers of communications solutions and services, operating in 170 countries. In the 2006 financial year approximately 87% of revenues were derived from operations in the UK. Details of our businesses and performance are given on pages 4 and 5.

DIVIDENDS

An interim dividend of 4.3 pence per share (2005: 3.9 pence) was paid on 13 February 2006. The directors recommend a final dividend of 7.6 pence per share (2005: 6.5 pence) to be paid on 11 September 2006 to shareholders on the register at the close of business on 18 August 2006. This makes a total dividend for the year of 11.9 pence per share (2005: 10.4 pence), an increase of 14%.

DIRECTORS

Details of the current members of the Board are shown on the following page. All served throughout the financial year, with the exception of Matti Alahuhta and Phil Hodkinson, who were appointed on 1 February 2006. Lou Hughes served as a director until 31 March 2006.

Sir Anthony Greener, Maarten van den Bergh and Clayton Brendish retire from the Board by rotation at the Annual General Meeting and being eligible, offer themselves for re-election. Matti Alahuhta and Phil Hodkinson, having been appointed by the Board, will retire and will be proposed for election.

The letters of appointment of Sir Anthony Greener, Maarten van den Bergh and Clay Brendish were extended for a second term of three years and are terminable by either party on three months' notice.

The contracts of Matti Alahuhta and Phil Hodgkinson are for an initial period of three years from 1 February 2006 and are terminable by either party on three months' notice.

ANNUAL GENERAL MEETING

The Notice of the Annual General Meeting to be held at 10.30 am at the Barbican Centre, London on 12 July 2006 is contained on pages 12 to 14.

CORPORATE GOVERNANCE

It is BT's policy to achieve for all our operations best practice in our standards of business integrity. The directors consider that BT has, throughout the year, complied with the provisions set out in section 1 of the 2003 Combined Code on Corporate Governance.

BOARD, DIRECTORS AND BOARD COMMITTEES

The Board is currently made up of the part-time Chairman, the Chief Executive, four other executive directors and eight independent non-executive directors. It is BT's policy that the Board will comprise a majority of independent non-executive directors. The roles of the Chairman and the Chief Executive are separate. The non-executive directors provide a strong, independent element on the Board. Sir Anthony Greener, the Deputy Chairman, is the senior independent director. Non-executive directors are appointed initially for three years at the end of which the appointment may be continued by mutual agreement. The Chairman and the non-executive directors meet regularly without the executive directors. The Chairman ensures the views of shareholders are known to and appropriately considered by the Board.

The Board's principal focus is the overall strategic direction, development and control of the group. A formal statement of its role is available on the company's website. The Board meets at least nine times each year.

During summer 2005 the Board carried out a further evaluation of Board and Board Committee performance and effectiveness. As part of this process, the Chairman has one-to-one sessions with the directors and the Deputy Chairman, Sir Anthony Greener, met all directors individually to review the Chairman's performance.

To meet best corporate governance practice, Audit, Remuneration and Nominating Committees have long been an established part of BT's system of governance. Each committee has written terms of reference, which are available on the company's website. The Audit and Remuneration Committees are made up entirely of independent non-executive directors. The Board considers that several of the Audit Committee's members have recent and relevant financial experience. The Audit Committee reviews the company's published financial results, the Annual Report and Form 20-F and other published information for statutory and regulatory compliance and reports its views to the Board. It recommends the appointment, reappointment and remuneration of the company's external auditors. The Board has policies determining what non-audit services the company's external auditors can provide, in order to safeguard their independence and objectivity.

The Nominating Committee ensures an appropriate balance of experience and abilities on the Board, using this evaluation to review the size and composition of the Board and to recommend any proposed changes to the Board.

The Equality of Access Board became operational on 1 November 2005 to monitor the company's compliance with the Undertakings made to Ofcom following Ofcom's Strategic Review of Telecommunications. Its terms of reference are also available on the company's website.

The Chief Executive, Ben Verwaayen, chairs the Operating Committee, which meets weekly. The Board also has a Community Support Committee and a Pension Scheme Performance Review Group.

INTERNAL CONTROL AND RISK MANAGEMENT

The Board is responsible for the group's systems of internal control and risk management and for reviewing the effectiveness of those systems. Such systems are designed to manage, rather than eliminate, the risk of failure to achieve business objectives; any system can provide only reasonable and not absolute assurance against material misstatement or loss.

BT has processes for identifying, evaluating and managing the significant risks faced by the group. These processes have been in place for the whole of the 2006 financial year and have continued up to the date on which this document was approved.

NOTICE OF MEETING

The 2006 Annual General Meeting of BT Group plc will be held at the Barbican Hall, Barbican Centre, Silk Street, London EC2Y 8DS, at 10.30 am on Wednesday 12 July 2006 to consider the following:

ORDINARY BUSINESS

RESOLUTION 1

That the accounts and reports of the directors and the auditors for the year ended 31 March 2006 be received.

Legislation requires the directors to present to the meeting these accounts and reports contained in the Company's Annual Report.

RESOLUTION 2

That the directors' remuneration report for the year ended 31 March 2006 be approved.

The directors have to ask shareholders to vote on this report on directors' remuneration. It is summarised on pages 8 to 9 of this document. The full report, in the Annual Report, is on the Company's website at www.bt.com/annualreport, or is sent to shareholders if requested.

RESOLUTION 3

That the final dividend of 7.6 pence per share recommended by the directors be declared payable on 11 September 2006 to holders of ordinary shares registered at the close of business on 18 August 2006.

The final dividend declared cannot exceed the amount recommended by the directors.

RESOLUTIONS 4-6: RE-ELECTION OF DIRECTORS

Under the Company's articles of association (articles), in compliance with the Combined Code on Corporate Governance, all directors have to retire every three years at an Annual General Meeting. As a result, three directors must retire at this year's Annual General Meeting and are proposed by the Board for re-election.

RESOLUTION 4

That Sir Anthony Greener be re-elected as a director.

Sir Anthony was appointed to the BT Board on 1 October 2000. He was appointed Joint Deputy Chairman and Chairman of the Audit Committee on 1 January 2001. He is the senior independent director. He became Deputy Chairman and Chairman of the Remuneration Committee on 18 July 2001 and is also a member of the Nominating Committee. He was formerly chairman of Diageo plc, the drinks and food group created by the merger of Guinness plc and Grand Metropolitan plc. Prior to completion of this merger, he was chairman and chief executive of Guinness plc.

Sir Anthony is chairman of the Qualifications and Curriculum Authority and sits on the board of United Learning Trust.

Aged 65.

RESOLUTION 5

That Maarten van den Bergh be re-elected as a director.

Maarten was appointed to the BT Board on 1 September 2000. He chairs the Pension Scheme Performance Review Group and is a member of the Audit, Remuneration and Nominating Committees. He is chairman of Akzo Nobel Supervisory Board and a non-executive director of British Airways and Royal Dutch Shell, and was chairman of Lloyds TSB Group until 11 May 2006. Prior to his retirement in July 2000, Maarten was president of the Royal Dutch Petroleum Company and vice chairman of its committee of managing directors from July 1998, having been appointed a managing director of the Royal Dutch Shell Group of companies in July 1992.

A Dutch national, he is aged 64.

RESOLUTION 6

That Clayton Brendish be re-elected as a director.

Clay Brendish was appointed to the Board on 1 September 2002. He is a member of the Audit and Community Support Committees. Clay is non-executive director and external chairman of Meteorological Office Board; non-executive chairman of Anite,

Close Beacon Investment Fund and Echo Research; a trustee of Economist Newspapers and Foundation for Liver Research and a non-executive director of Herald Investment Trust. Prior to his retirement in May 2001, he was executive deputy chairman of CMG having joined the board when it acquired Admiral.

Clay was co-founder and executive chairman of Admiral, incorporated in 1979. He has also acted as an adviser to the Government on the efficiency of the Civil Service, working as an advisor to the Chancellor of the Duchy of Lancaster and the Office of Public Services on their respective Next Steps Agencies. Aged 59.

RESOLUTIONS 7-8: ELECTION OF DIRECTORS

The articles require any director appointed by the Board to retire at the Annual General Meeting following appointment.

RESOLUTION 7

That Matti Alahuhta be elected as a director.

Matti Alahuhta was appointed to the Board on 1 February 2006. He is a member of the Remuneration Committee. He has been president of Kone Corporation, one of the world's largest elevator manufacturers, since January 2005 and a director since 2003. He worked previously at Nokia Corporation for more than 20 years, where his most recent roles were: executive vice president and chief strategy officer; president, Nokia mobile phones; and president telecommunications. He is foundation board chairman of the International Institute for Management Development (IMD), one of the leading global management schools, and chairman of Technology Industries of Finland Centennial Foundation.

A Finnish national, he is aged 53.

RESOLUTION 8

That Phil Hodgkinson be elected as a director.

Phil Hodgkinson was appointed to the Board on 1 February 2006. He is a member of the Audit and Community Support Committees. He is group finance director of HBOS plc and chairman of Insight Investment. A Fellow of the Institute of Actuaries, he was formerly chairman of Clerical Medical Investment Group and Halifax Financial Services, and previously chief executive of Zurich Life and Eagle Star Life. He is a non-executive director of Business in the Community and chairman of the HBOS Foundation (the group's charitable arm).

Aged 48.

RESOLUTION 9

That PricewaterhouseCoopers LLP be reappointed auditors of the Company, to hold office until the conclusion of the next general meeting at which accounts are laid before the Company.

The resolution proposes the reappointment of PricewaterhouseCoopers LLP as the Company's auditors.

RESOLUTION 10

That the directors be authorised to decide the auditors' remuneration.

This resolution follows standard practice. If passed, the directors will decide how much the auditors should be paid.

SPECIAL BUSINESS

The following resolution will be proposed as an ordinary resolution.

RESOLUTION 11

That the authority and power conferred on the directors in relation to the Section 80 Amount by Article 74 of the Company's articles of association be renewed until 11 October 2007 and for that period the Section 80 Amount shall be £137 million.

The articles give a general authority to the directors to allot unissued shares, which is subject to renewal by shareholders.

The directors will be able to issue new shares up to a nominal value of £137 million (the Section 80 Amount), which is equal to approximately 33% of the issued share capital (excluding treasury shares) of the Company as at the date of this Notice.

See the notes to Resolution 13 for more information on treasury shares.

The following two Resolutions will be proposed as special resolutions.

RESOLUTION 12

That the authority and power conferred on the directors by Article 74 of the Company's articles of association be:

- **extended to any sale of shares which the Company may hold as treasury shares; and**
- **renewed until 11 October 2007;**

and for that period the Section 89 Amount shall be £21 million.

This resolution renews the authority given to directors to allot equity securities without needing to offer these shares to existing shareholders first:

- for cash, up to an amount representing approximately 5% of the issued share capital (including treasury shares) as at the date of this Notice; or
- in connection with a rights issue defined in summary as an offer of equity securities to shareholders which is open for a period decided by the Board subject to any limits or restrictions that the Board thinks are necessary or appropriate.

There are no current plans to allot shares except in connection with the Company's employee share plans. References to allot in this note include the sale of treasury shares. The authorities sought by Resolutions 11 and 12 will last for 15 months until 11 October 2007, although the directors intend to seek renewal of these powers at each Annual General Meeting.

This will ensure that the directors continue to have the flexibility to act in the best interests of shareholders, when opportunities arise, by allotting shares.

RESOLUTION 13

That the Company be generally and unconditionally authorised to make market purchases (within the meaning of Section 163(3) of the Companies Act 1985) of shares of 5p each in the Company, subject to the following conditions:

- (a) the maximum number of shares which may be purchased is 834 million shares;**
- (b) the minimum price which may be paid for each share is 5p;**
- (c) the maximum price which may be paid for each share is an amount equal to 105% of the average of the middle market quotations of a share as derived from the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the share is contracted to be purchased; and**

(d) this authority will expire at the close of the Annual General Meeting of the Company held in 2007, or if earlier, 11 October 2007 (except in relation to the purchase of shares, the contract for which was concluded before the expiry of this authority and which might be executed wholly or partly after that expiry).

The directors would like the Company to continue to have the flexibility to buy its own shares. This resolution renews the Company's authority to buy its own shares in similar terms to previous years' authorities. It would be limited to 834 million ordinary shares, representing 10% of the issued share capital (excluding treasury shares) at the date of this Notice. The directors would exercise this authority only after considering the effects on earnings per share and the benefits for shareholders generally.

Shares purchased by the Company out of distributable profits may be held as treasury shares, which may then be cancelled, sold for cash or used to meet the Company's obligations under its employee share plans.

During the 2006 financial year, 166 million shares were purchased (1.9% of the share capital) for a total consideration of £360 million, at an average price of £2.17 per share. As at 17 May 2006, 22 million treasury shares had been transferred to meet the Company's obligations under its employee share plans and as at that date, the Company still held 290 million treasury shares which is equal to 3.5% of the issued share capital (excluding treasury shares) in issue as at that date.

The Company's current intention is to hold any shares purchased as treasury shares but it retains the flexibility to cancel them or sell them for cash if it considers this to be in the best interests of the Company.

The authority sought by this resolution will end by 11 October 2007, although the directors intend to seek renewal of this power at each Annual General Meeting.

As at 17 May 2006, there were options outstanding over 465 million shares (of which options over 279 million shares were in respect of options granted under the savings related share option plans), representing 5.6% of the Company's issued share capital (excluding treasury shares). If the authority given by this resolution were to be fully used, these would represent 6.2% of the Company's issued share capital (excluding treasury shares). There are no warrants outstanding.

The following resolution will be proposed as an ordinary resolution.

RESOLUTION 14

That British Telecommunications plc, a wholly-owned subsidiary of the Company, be authorised to make donations to EU (European Union) political organisations, not exceeding £100,000 in total, during the period beginning with the date of the 2006 Annual General Meeting and ending at the conclusion of the day on which the 2007 Annual General Meeting is held.

The Company's continuing policy is that no company in the group shall make contributions in cash or kind (including loans) to any political party. Arrangements are in place to implement this policy. However, the definition of political donations used in the Companies Act 1985 is very much broader than the sense in which these words are ordinarily used. It covers activities such as making MPs and others in the political world aware of key industry issues and matters affecting the Company, which make an important contribution to their understanding of BT. These activities are carried out on an even-handed basis related broadly to the major political parties' electoral strength. The authority we are requesting in this resolution is not designed to change the above policy. It will, however, ensure that the group acts within the provisions of the Companies Act 1985 requiring companies to obtain shareholder authority before they can make donations to EU political organisations (which includes UK political parties) as defined in the Act. During the 2006 financial year, the Company's wholly-owned subsidiary, British Telecommunications plc, spent £23,858.

Only shareholders on the Register of Members at 6.00 pm on 10 July 2006 are entitled to attend and vote. A shareholder entitled to attend and vote is entitled to appoint a proxy or proxies to vote on his or her behalf. A proxy need not be a shareholder of the Company. On a poll, the number of shares held by each shareholder at 6.00 pm on 10 July 2006 will decide the number of votes that the shareholder may cast.

IF YOU ARE NOT COMING TO THE MEETING

Webcast

The speeches by the Chairman, Sir Christopher Bland, and the Chief Executive, Ben Verwaayen, will be broadcast live on the internet at www.bt.com/btagm2006. Questions and voting on the business of the meeting will not be broadcast. If you intend to view the webcast, you should visit this site before the meeting to check that you will be able to view it on your computer, and also whether you need any additional software.

DOCUMENTS

The following documentation, which is available for inspection during business hours at the registered office of the Company on any weekday (public holidays excluded), will also be available for inspection at the place of the Annual General Meeting from 9.30 am on the day of the meeting until the conclusion of the meeting:

- (a) the register of interests of directors (and their families) in the share capital of the Company;
- (b) copies of all service contracts and contracts of appointment between the directors and the Company; and
- (c) printed copies of the documentation made available to shareholders using electronic communication, including the Annual Report and Form 20-F 2006 and the Annual Review & Notice of Meeting 2006.

Your directors believe that the proposals in Resolutions 1 to 14 are in the best interests of both the Company and its shareholders and unanimously recommend that you vote in favour of all these resolutions. The directors intend to do so in respect of their own beneficial holdings.

AGM INFORMATION

You have the right to attend, speak and vote at the Annual General Meeting if you are on the BT Group share register at 6.00 pm on 10 July 2006.

If you are not attending the meeting, you may appoint by post, fax, over the internet or by telephone, someone else as your proxy to attend the meeting and/or vote on your behalf. The number of shares you hold as at the above register deadline will decide how many votes you or your proxy will have if there is a poll. For more information about appointing a proxy, please read the explanatory notes on the enclosed Proxy Card.

TIME AND PLACE OF MEETING

Time 10.30 am on 12 July 2006. Doors open at 9.30 am to the shareholder helpdesk, for questions and queries, and to the reception area which will include a display of BT's services.

Place The Barbican Hall, Barbican Centre, Silk Street, London EC2Y 8DS. A map and travel information are below.

IF YOU ARE COMING TO THE MEETING

You can register your intention to attend over the internet (see note 3 on the Proxy Card), or by calling the telephone number given for appointing proxies (see note 4 on the Proxy Card). You can also sign the enclosed AGM Intention to Attend Card (if you did not receive this Notice electronically) and return it. No stamp is required if posting within the UK, even if you use an envelope.

ADMISSION CARD/PROXY CARD

Please bring your Admission Card/Proxy Card as it will speed your admission, and keep it until the meeting ends. You may also find it helpful to bring this Annual Review & Notice of Meeting 2006 with you, in order to refer to it at the meeting.

JOINT SHAREHOLDERS

All joint shareholders may attend and speak at the meeting. However, only the first shareholder listed on the Register of Members is entitled to vote.

QUESTIONS

Before voting takes place on each resolution, shareholders will have the opportunity to ask questions. If you wish to ask a question, please make your way to a question point where someone will help you.

CAPITAL GAINS TAX

The rights issue in June 2001 adjusted the value of your BT shares for capital gains tax (CGT) purposes. An explanatory leaflet is available from the Shareholder Helpline.

The demerger of O2 in November 2001 adjusted the value of your BT shares for CGT purposes. For CGT calculations, the base cost of the BT Group shares is calculated by multiplying the acquisition cost of the BT shareholding by 77.544%. This is in accordance with the confirmed opening prices for BT Group shares following the demerger.
