DCAP GROUP, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
SIX MONTHS ENDED JUNE 30, 2003 AND 2002 (UNAUDITED)

- The Condensed Consolidated Balance Sheet as of June 30, 2003, the Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2003 and 2002 and the Condensed Consolidated Statements of Cash Flows for the six months ended June 30, 2003 and 2002 have been prepared by us without audit. In our opinion, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary to present fairly in all material respects our financial position as of June 30, 2003, results of operations for the three and six months ended June 30, 2003 and 2002 and cash flows for the six months ended June 30, 2003 and 2002. This report should be read in conjunction with our Annual Report on Form 10-KSB for the year ended December 31, 2002.

The results of operations and cash flows for the six months ended June 30, 2003 are not necessarily indicative of the results to be expected for the full year.

- Summary of Significant Accounting Policies:
 - Principles of consolidation

Edgar Filing: DCAP GROUP INC/ - Form 10QSB

The accompanying consolidated financial statements include the accounts of all subsidiaries and joint ventures in which we have a majority voting interest or voting control. All significant intercompany accounts and transactions have been eliminated.

b. Revenue recognition

We recognize commission revenue from insurance policies at the beginning of the contract period (except for those commissions payable annually, which we recognize on a ratable basis) and on automobile club dues equally over the contract period. Franchise fee revenue is recognized when substantially all of our contractual requirements under the franchise agreement are completed. Refunds of commissions on the cancellation of insurance policies are reflected at the time of cancellation.

Premium financing fee revenue is earned based upon the origination of premium finance contracts sold by agreement to third parties. The contract fee gives consideration to an estimate as to the collectability of the loan amount. Periodically, actual results are compared to estimates previously recorded, and adjusted accordingly.

c. Website Development Costs

Technology and content costs are generally expensed as incurred, except for certain costs relating to the development of internal-use software, including those relating to operating our website, that are capitalized and depreciated over two years. A total of \$23,549 and -0- in such costs was incurred during the six months ended June 30, 2003 and 2002, respectively.

8

d. Reclassifications

Certain reclassifications have been made to the consolidated financial statements for the six months ended June 30, 2002 to conform with the classifications used for the six months ended June 30, 2003.

3. Acquisition of AIA Acquisition Corp.

On May 28, 2003, we acquired, effective May 1, 2003, substantially all of the assets of AIA Acquisition Corp. ("AIA"), an insurance brokerage firm with six offices located in Eastern Pennsylvania for a base purchase price of \$904,000. The base purchase price was payable with 904 shares of our Series A Preferred Stock. The Series A Preferred Stock carries a 5% dividend, is convertible into our Common Stock at a conversion price of \$.50 per share and is redeemable on April 30, 2007 (or sooner under certain circumstances). Additional cash consideration based upon the EBITDA of the combined operations of AIA and our wholly-owned subsidiary, Barry Scott Companies, Inc., during the five year period ending April 30, 2008 may be payable. The additional consideration cannot exceed an aggregate of \$335,000. The AIA insurance agencies derive substantially all of their income from commissions and fees associated with the sale of automobile insurance. The acquisition allows for the expansion of our geographical footprint outside New York State and allows for us to capitalize on operational and administrative efficiencies.

On May 28, 2003, we entered into a two year employment contract with a

Edgar Filing: DCAP GROUP INC/ - Form 10QSB

former employee of AIA.

The goodwill amount recorded at May 1, 2003 is comprised of the following: (i) the excess of the purchase price over the tangible net assets and identified intangibles acquired; and (ii) the estimated direct transaction costs associated with the acquisition.

Our condensed consolidated statements of operations include the revenues and expenses of AIA from May 1, 2003.

The following pro forma results were developed assuming the acquisition of AIA had occurred on January 1, 2002:

	Three months ended June 30,		Six months ended June 30,	
	2003	2002	2003	2002
Revenues	\$2,024,900	\$888,561	\$4,125,978	\$1,737,885

continuing operations	321,737	50,620	752,812	59,134
Income from continuing				
operations per share	0.03	0.01	0.06	0.01

The above unaudited pro forma condensed financial information is presented for illustrative purposes only and is not necessarily indicative of the condensed consolidated results of operations that actually would have been realized had we and AIA been a combined company during the specified periods.

4. Business Segments:

We currently have two reportable business segments: Insurance and Premium Finance. The Insurance segment sells retail auto, motorcycle, boat, life, business, and homeowner's insurance and franchises. In addition, this segment offers tax preparation services and automobile club services for roadside emergencies. Insurance revenues are derived from activities within the United States, and all long-lived assets are located within the United States. The Premium Finance segment offers property and casualty policyholders loans to finance the policy premiums. Such loans are sold to a third party upon origination.

In December 2002, we disposed of our Hotel segment as part of a settlement agreement. Accordingly, the segment information shown in the following table excludes the activity of this segment for the six months ended June 30, 2003 and 2002.

Summarized financial information concerning our reportable segments is shown in the following tables:

5. Stock Options

We have elected the disclosure only provisions of Statement of Financial Accounting Standard No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123") in accounting for our employee stock options. Accordingly, no compensation expense has been recognized. Had we recorded compensation expense for the stock options based on the fair value at the grant date for awards in the six months ended June 30, 2003 and 2002 consistent with the provisions of SFAS 123, our net income and net income per share would have been adjusted as follows:

6. Sale of Stores

During the six months ended June 30, 2003, we sold two of our retail offices (part of our Insurance segment) for cash consideration aggregating \$141,383 and a note receivable of approximately \$97,000. The sale of the two offices resulted in a gain of \$89,700. The assets of these stores included accounts receivable of approximately \$85,000, goodwill with a carrying amount of \$50,000, and fixed assets with a carrying amount of approximately \$10,000. In addition, concurrently with the sale, the purchasers entered into franchise agreements with us.

7. Income Taxes

Our tax provision for the three and six months ended June 30, 2003 reflects the anticipated utilization of net operating loss carryforwards that had previously been fully reserved. As a result we recognized a tax benefit during the three and six months ended June 30, 2003.

11

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

SIX MONTHS ENDED JUNE 30, 2003 AND 2002

Results of Operations

Our net income from continuing operations for the six months ended June 30, 2003 was \$742,107 as compared to \$48,242 for the six months ended June 30, 2002.

During the six months ended June 30, 2003, revenues from our insurance related operations were \$3,015,662 as compared to \$699,235 for the six months ended June 30, 2002. The increase in revenues was generally due to revenues from the Barry Scott Companies, Inc., which we acquired on August 30, 2002, and AIA Acquisition Corp. whose assets we acquired effective May 1, 2003.

Premium finance revenues increased \$270,176 during the six months ended June 30, 2003 as compared to the six months ended June 30, 2002. This increase was the result of higher average premiums being financed and an expansion of our premium finance marketing efforts to non-DCAP insurance agencies. In March, 2003, we were informed by Flatiron Credit Company, Inc ("Flatiron"), the premium finance agency that was purchasing our premium finance receivables, that it would no longer do so after July 30, 2003. On July 14, 2003, we obtained an \$18,000,000 two-year line of credit from Manufacturers and Traders Trust Company ("M&T") to finance our premium finance operations. Concurrently, we obtained \$3,500,000 in funding from a private placement of subordinated debt and warrants to support our premium finance operations.

During the second quarter of 2003, Flatiron required us to cease doing premium finance business with a group of insurance agencies that generated a

Edgar Filing: DCAP GROUP INC/ - Form 10QSB

high percentage of bad debts. As a result, the number of contracts and the resulting revenue attendant to those contracts were not realized.

On July 14, 2003, we began utilizing the above mentioned credit facilities. We have commenced recording interest and fee-based revenue over the life of each loan (generally 10 or 11 months) and expenses of operating a finance company, such as servicing, bad debts and interest expense. Thus, rather than recording a one time fee per contract (as we did in connection with our Flatiron relationship), we are now recording income and expense over the life of each contract. As a result, although our revenue per contract will increase, since the revenue will be recognized over a longer period of time, in all likelihood there will be a short-term decline in our premium finance revenue.

Our selling, general and administrative expenses for the six months ended June 30, 2003 were \$1,954,874 more than for the six months ended June 30, 2002. This increase was primarily due to the expenses of the Barry Scott Companies acquired on August 30, 2002 and AIA Acquisition Corp. whose assets were acquired effective May 1, 2003.

During the six months ended June 30, 2003, we issued redeemable Series A Preferred Stock in connection with the acquisition of the assets of AIA Acquisition Corp. and incurred interest expense of \$7,792. No Preferred Stock was outstanding during the six months ended June 30, 2002.

During the six months ended June 30, 2003, we sold two of our stores, resulting in a gain of \$89,700. No such sales occurred during the six months ended June 30, 2002.

12

Our insurance-related operations, on a stand-alone basis, generated a net profit of \$626,487 during the six months ended June 30, 2003 as compared to a loss of \$41,120 during the six months ended June 30, 2002. Our premium finance operations, on a stand-alone basis, generated a net profit of \$525,266 during the six months ended June 30, 2003 as compared to a net profit of \$304,984 during the six months ended June 30, 2002. Losses from corporate-related items not allocable to reportable segments were \$409,646 during the six months ended June 30, 2003 as compared to \$215,622 during the six months ended June 30, 2002.

In January 2003, we discontinued the operations of the International Airport Hotel in San Juan, Puerto Rico. During the six months ended June 30, 2003, this discontinued operation generated a net loss of \$46,096 as compared to a net profit of \$39,057 during the six months ended June 30, 2002.

Liquidity and Capital Resources

As of June 30, 2003, we had \$1,081,820 in cash and cash equivalents and working capital of \$1,540,214. As of December 31, 2002, we had \$607,403 in cash and cash equivalents and working capital of \$904,232.

Cash and cash equivalents increased between December 31, 2002 and June 30, 2003 primarily due to (i) net cash of \$569,228 from investing activities for the six months ended June 30, 2003 based on proceeds of \$500,000 from the disposition of our Hotel segment and \$141,383 from the sale of stores and (ii) net cash of \$214,403 provided by operating activities for the six months ended June 30, 2003 based on our net income of \$696,011 and depreciation and amortization of \$74,918 for the period, offset by an increase in current assets of \$422,822, a decrease in current liabilities of \$71,033, and the gain on the sale of stores of \$89,700, offset by (iii) cash of \$309,214 used in financing activities for principal payments of long-term debt and capital lease

obligations.

In connection with our May 2003 acquisition of AIA Acquisition Corp., we issued Series A Preferred Stock valued at \$904,000. The Series A Preferred Stock carries a 5% dividend, is convertible into our Common Stock at a conversion price of \$.50 per share and is redeemable on April 30, 2007 (or sooner under certain circumstances).

As indicated above, in July 2003, in order to finance our premium finance operations, we obtained a variable rate two-year line of credit of \$18,000,000 from M&T and \$3,500,000 from a private placement of subordinated debt and warrants. The subordinated debt is payable on January 10, 2006 and provides for interest at the rate of 12.625% per annum, payable semi-annually. We have the right to prepay the subordinated debt commencing on July 10, 2004.

Liquidity at June 30, 2003 was sufficient, in the opinion of management, to meet our cash requirements for the 12 month period ending June 30, 2004.

Item 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

On May 28, 2003, through an indirect wholly-owned subsidiary, we acquired substantially all of the assets of AIA Acquisition Corp. ("AIA"). The base purchase price of \$904,000 was payable by the delivery of 904 shares of our Series A Preferred Stock. The Series A Preferred Stock carries a 5% dividend, is convertible into our Common Stock at a conversion price of \$.50 per share and is mandatorily redeemable on April 30, 2007 (or sooner under certain circumstances).

The above offering of shares was exempt from the registration requirements of the Securities Act of 1933 pursuant to Section 4(2) thereof as a transaction not involving any public offering. We reached this determination based on the following: (i) AIA represented that it was either an "accredited investor" or that it had such knowledge and experience in financial and business matters that it was capable of evaluating the merits and risks of an investment in the Series A Preferred Stock; (ii) it acquired the shares for its own
