Item 8: Other Events

On June 15, 2007, Northway Financial, Inc. (the “Company”) completed the private placement of \$10,000,000 aggregate liquidation amount of floating rate trust preferred securities (the “Capital Securities”) issued by Northway Capital Trust IV, a Delaware statutory special purpose business trust, (the “Trust”). The Capital Securities were sold to a pooled investment vehicle sponsored by Bear, Stearns & Co., Inc. The proceeds from the sale of Capital Securities, together with the proceeds from the sale by the Trust of its common securities to the Company, were invested in Floating Rate Junior Subordinated Debt Securities of the Company due June 15, 2037 (the “Junior Subordinated Debt”), which were issued pursuant to an Indenture, dated June 15, 2007 between the Company and Wells Fargo Bank, National Association as Trustee. Both the Capital Securities and the Junior Subordinated Debt have a floating rate, which resets quarterly, equal to the three-month LIBOR plus 1.49%. Currently, the interest rate on these securities is 6.85%. Payments of distributions and other amounts due on the Capital Securities are irrevocably guaranteed by the Company, to the extent that the Trust has funds available from the payments of such distributions, pursuant to a Guarantee Agreement, dated June 15, 2007, between the Company and Wells Fargo National Bank, National Association, as Guarantee Trustee. The Junior Subordinated Debt and the Capital Securities may be redeemed at the option of the Company on fixed quarterly dates starting on June 15, 2012. Copies of the operative agreements and other documents related to this private placement are attached as exhibits 99.1 through 99.6 to this Form 8-K.

The \$10,000,000 proceeds shall be used by the Company to payoff, along with cash available, a \$13,000,000 floating rate trust preferred security callable by the Company on July 7, 2007 (the “Callable Security”). The payoff of the Callable Security will result in a \$355,000 write-off of unamortized deferred origination costs on July 7, 2007. The current rate on the Callable Security is 9.0006% and is based on three-month LIBOR as of its most recent reset date plus 3.65%. Accordingly, the payoff of the Callable Security is expected to result in significant future net savings to the Company.
