**PROXY STATEMENT
FOR
2003 ANNUAL MEETING OF STOCKHOLDERS
OF
WILLIS LEASE FINANCE CORPORATION
To Be Held on May 28, 2003**

SOLICITATION AND VOTING OF PROXIES

General

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors, also referred to as the Board, of WILLIS LEASE FINANCE CORPORATION ("Willis Lease Finance" or the "Company") of proxies to be voted at the 2003 Annual Meeting of Stockholders, which will be held at 2:00 p.m. local time on May 28, 2003 at Willis Lease Finance's executive offices, located at 2320 Marinship Way, Suite 300, Sausalito, California 94965, or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of 2003 Annual Meeting of Stockholders.

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

This Proxy Statement is being mailed to stockholders on or about April 28, 2003. Willis Lease Finance's 2002 Annual Report is being mailed to stockholders concurrently with this Proxy Statement. The 2002 Annual Report is not to be regarded as proxy soliciting material or as a communication by means of which any solicitation of proxies is to be made.

Voting

The close of business on March 31, 2003 is the record date for stockholders entitled to notice of and to vote at the 2003 Annual Meeting of Stockholders. As of that date, Willis Lease Finance had 8,838,140 shares of common stock, \$0.01 par value, issued and outstanding. All of the shares of Willis Lease Finance's common stock outstanding on the record date are entitled to vote at the 2003 Annual Meeting of Stockholders, and stockholders of record entitled to vote at the meeting will have one vote for each share of common stock so held with regard to each matter to be voted upon.

The required quorum for the meeting is a majority of the outstanding shares of common stock eligible to be voted on the matters to be considered at the meeting. In the election for directors (Proposal 1), the two nominees for the Class II Directors receiving the highest number of affirmative votes will be elected. The affirmative vote of a majority of the outstanding voting shares present or represented and entitled to vote at the 2003 Annual Meeting of Stockholders is required for the approval of the amendment to the Company's 1996 Stock Option/Stock Issuance Plan (the "1996 Plan") (Proposal 2).

Shares of Willis Lease Finance's common stock represented by proxies on the accompanying proxy card, which are properly executed and returned to Willis Lease Finance, will be voted at the 2003 Annual Meeting of Stockholders in accordance with the stockholder's instructions contained therein. If no instructions are marked on the proxy card, the shares represented thereby will be voted (i) for the election of the Board's nominees as Class II Directors (Proposal 1) and (ii) for the amendment to the

1

1996 Plan (Proposal 2). If a properly signed proxy or ballot indicates that a stockholder, broker or other nominee abstains from voting or that the shares are not to be voted on a particular proposal, the shares will not be counted as having been voted on that proposal, although such shares will be counted as being in attendance at the meeting for purposes of determining the presence of a quorum. Broker non-votes (i.e. shares held by brokers or nominees as to which instructions have not been received from beneficial owners or persons entitled to vote that the broker or nominee does not have discretionary power to vote on a particular matter) are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved by a majority of the shares represented in person or by proxy and entitled to vote.

Management does not know of any matters to be presented at the 2003 Annual Meeting of Stockholders other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment.

Revocability of Proxies

Any stockholder giving a proxy in the form accompanying this Proxy Statement has the right to revoke it at any time before it is voted at the meeting. It may be revoked by filing with the Corporate Secretary of Willis Lease Finance an instrument of revocation or by the presentation at or prior to the meeting of a duly executed proxy bearing a later date. It may also be revoked by attendance at the meeting and election to vote in person.

Solicitation

This solicitation is made by the Board of Willis Lease Finance. The entire cost of preparing, assembling and mailing the Notice of 2003 Annual Meeting of Stockholders, this Proxy Statement and the enclosed proxy card, and of soliciting proxies, will be paid by Willis Lease Finance. Proxies will be solicited principally through the use of the mails, but, if deemed desirable, may be solicited personally or by telephone, electronic mail or special letter by officers and regular Company employees for no additional compensation. The Company has retained American Stock Transfer & Trust and ADP to aid in the solicitation at an estimated cost to the Company of approximately \$5,000 plus out-of-pocket expenses.

**INFORMATION ABOUT THE BOARD OF DIRECTORS
AND THE COMMITTEES OF THE BOARD**

Board of Directors

The Bylaws of Willis Lease Finance provide that the authorized number of Directors of the Company is five (5). At the present time, the Board consists of five (5) Directors who are divided into three (3) classes: Class I (two Directors), Class II (two Directors) and Class III (one Director). One class is elected each year for a three-year term.

The business, property and affairs of Willis Lease Finance are managed under the direction of the Board. Directors are kept informed of Willis Lease Finance's business through discussions with the President and Chief Executive Officer and other officers of Willis Lease Finance, by reviewing materials provided to them and by participating in meetings of the Board and its committees. The Board held a total of four (4) meetings during the fiscal year ended December 31, 2002, referred to as the 2002 fiscal year. Each incumbent director attended at least 75% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all Committees of the Board on which he served.

Committees of the Board

The Board of Directors has an Audit Committee and a Compensation Committee, both comprised solely of independent directors. There is no nominating committee or committee performing the functions of such a committee.

The Audit Committee oversees Willis Lease Finance's accounting function, internal controls and financial reporting process on behalf of the Board of Directors. The Audit Committee meets with Willis Lease Finance's financial management and its independent auditors to review Willis Lease Finance's financial statements and filings, the audit and matters arising therefrom, and Willis Lease Finance's financial reporting procedures including any significant judgments made in preparation of the financial statements. From January 1, 2002 through February 20, 2002, this Committee consisted of Directors William M. LeRoy (Chairman), Glenn L. Hickerson and Willard H. Smith, Jr. Effective February 20, 2002, the Board authorized a change in the Audit Committee composition, which currently consists of Directors William M. LeRoy (Chairman), Glenn L. Hickerson and Gérard Laviec. This Committee held six (6) meetings during the 2002 fiscal year. On June 13, 2000, the Audit Committee adopted an Audit Committee Charter that meets the requirements of the Securities and Exchange Commission and National Association of Securities Dealers.

The Compensation Committee reviews and approves Willis Lease Finance's compensation arrangements for executive officers and administers the 1996 Plan and the Deferred Compensation Plan. From January 1, 2002 through February 20, 2002, this Committee consisted of Glenn L. Hickerson (Chairman), William M. LeRoy and Willard H. Smith, Jr. Effective as of February 20, 2002, the Board authorized a change in the Compensation Committee composition, which currently consists of Directors Glenn L. Hickerson (Chairman), William M. LeRoy and Gérard Laviec. This Committee held three (3) meetings during the 2002 fiscal year.

Director Compensation

In the 2002 fiscal year, independent members of the Board were each paid an annual fee of \$12,500. Each independent member of the Board was also reimbursed for all reasonable out-of-pocket costs incurred to attend Board or Committee meetings. In addition, each independent member of the Board receives \$1,000 for each Board meeting and \$500 for each Committee meeting which he attends in person, and \$500 and \$250, respectively, for each Board and Committee meeting attended by telephone. Pursuant to the "Automatic Option Grant Program" under the 1996 Plan, each individual

who first becomes a non-employee Board member is eligible to receive an option grant for 5,000 shares of common stock. In addition, on the date of each annual stockholders meeting, each individual who is to continue to serve as an independent Board member, whether or not such individual is standing for re-election at that particular annual meeting, will be granted an option to purchase a specified number of shares of common stock, provided such individual has served as an independent Board member for at least six months. The number of shares of common stock subject to each annual automatic option grant shall not be more than 10,000 shares per year, and the number of shares will be determined by dividing \$20,000 by the Black-Scholes formula value of the option. Each grant under the Automatic Option Grant Program will have an exercise price per share equal to the fair market value per share of Willis Lease Finance's common stock on the grant date and will have a maximum term of 10 years, measured from the grant date, subject to earlier termination should the optionee cease to serve as a member of the Board.

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

Each 5,000-share initial option grant vests in a series of four successive equal annual installments over the optionee's period of continued service as a Board member measured from the option grant date. Each \$20,000 value annual option grant vests in one installment upon the optionee's completion of one year of Board service measured from the grant date.

Independent Directors are also eligible to participate in the Director Fee Option Grant Program in effect under the 1996 Plan, pursuant to which they may elect to apply a portion or all of their annual compensation towards the acquisition of special below-market option grants. Options granted to independent Directors under the Director Fee Option Grant Program have a maximum term of 10 years, measured from the grant date, subject to earlier termination should the optionee cease to serve as a member of the Board.

Pursuant to the Stockholder's Agreement by and among Willis Lease Finance, Charles F. Willis, IV, CFW Partners, L.P., Austin Chandler Willis 1995 Irrevocable Trust, and FlightTechnics, LLC dated as of November 7, 2000, Mr. Hans Jörg Hunziker (or any successor to Mr. Hunziker nominated by FlightTechnics to the Board) is not considered an independent director of Willis Lease Finance. Accordingly, Mr. Hunziker does not participate in the above-described compensation arrangements for independent members of the Board.

On March 28, 2002, Directors LeRoy and Laviec, in connection with their elections to apply \$5,125 and \$969 respectively, of their compensation for the first quarter of the 2002 fiscal year to the acquisition of a special grant under the Director Fee Option Grant Program, were granted options for 1,642 and 310 shares of common stock under that program, respectively. These options have an exercise price of \$1.56 per share, one-third of the fair market value per share of the common stock on the grant date. The spread on the option shares at the time of grant (the fair market value of the option shares less the aggregate exercise price) was equal to \$5,125 and \$969 of their cash retainer fees which Directors LeRoy and Laviec, respectively, elected to apply to their grants. These options became fully exercisable on March 28, 2002.

On June 28, 2002, Directors LeRoy and Laviec, in connection with their elections to apply \$5,125 and \$906, respectively, of their compensation for the second quarter of the 2002 fiscal year to the acquisition of a special grant under the Director Fee Option Grant Program, were granted options for 1,591 and 281 shares of common stock under that program, respectively. These options have an exercise price of \$1.61 per share, one-third of the fair market value per share of the common stock on the grant date. The spread on the option shares at the time of grant (the fair market value of the option shares less the aggregate exercise price) was equal to \$5,125 and \$906 of their cash retainer fees which Directors LeRoy and Laviec, respectively, elected to apply to their grants. These options became fully exercisable on June 28, 2002.

On September 30, 2002, Directors LeRoy and Laviec, in connection with their election to apply \$5,375 and \$1,219, respectively, of their compensation for the third quarter of the 2002 fiscal year to

4

the acquisition of a special grant under the Director Fee Option Grant Program, were granted options of 2,067 and 468 shares of common stock under that program, respectively. These options have an exercise price of \$1.30 per share, one-third of the fair market value per share of the common stock on the grant date. The spread on the option shares at the time of grant (the fair market value of the option shares less the aggregate exercise price) was equal to \$5,375 and \$1,219, respectively, of the quarterly cash retainer fees which Directors LeRoy and Laviec, respectively, elected to apply to their grants. These options became fully exercisable on September 30, 2002.

On December 31, 2002, Directors LeRoy and Laviec, in connection with their election to apply \$5,125 and \$1,031 of their compensation for the fourth quarter of the 2002 fiscal year to the acquisition of a special grant under the Director Fee Option Grant Program, were granted options for 1,520 and 306 shares of common stock under that program, respectively. The Board is divided into three (3) classes, each having three-year terms that expire in successive years. At the 2003 Annual Meeting of Stockholders, two Directors will be elected in Class II, each to serve a three-year term expiring at the 2006 Annual Meeting of Stockholders or until succeeded by another qualified director who has been duly elected.

The nominees for Director in Class II are GLENN L. HICKERSON and GÉRARD LAVIEC.

The proxy holders intend to vote all proxies received by them for the foregoing nominees, unless instructions to the contrary are marked on the proxy. In the event that any nominee is unable or declines to serve as a Director at the time of the 2003 Annual Meeting of Stockholders, the proxies will be voted for any nominee who shall be designated by the present Board to fill the vacancy. As of the date of this Proxy Statement, the Board is not aware of any nominee who is unable or will decline to serve as a director.

WILLIS LEASE FINANCE'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF THE TWO NOMINEES AS CLASS II DIRECTORS.

**PROPOSAL 2
AMENDMENT TO THE 1996 STOCK OPTION/STOCK ISSUANCE PLAN**

The Company's stockholders are being asked to approve an amendment to the 1996 Plan that will increase the maximum number of shares of common stock authorized for issuance over the term of the 1996 Plan from 2,525,000 to 3,025,000.

The proposed authorized share increase will assure that a sufficient reserve of common stock is available under the 1996 Plan to attract and retain the services of key individuals essential to the Company's long-term growth and success.

The amendment to the 1996 Plan was adopted by the Board as of March 1, 2003. The following is a summary of the principal features of the 1996 Plan, as most recently amended. However, the summary does not purport to be a complete description of all the provisions of the 1996 Plan. A copy of the actual plan document is attached to this Proxy Statement as Exhibit A.

Equity Incentive Programs

The 1996 Plan contains five (5) separate equity incentive programs: (i) a Discretionary Option Grant Program, (ii) a Salary Investment Option Grant Program, (iii) a Stock Issuance Program, (iv) an Automatic Option Grant Program, and (v) a Director Fee Option Grant Program. The principal features of these programs are described below. The 1996 Plan (other than the Automatic Option Grant Program) is administered by the Compensation Committee of the Board. The Compensation Committee acting in such administrative capacity (the "Plan Administrator") has complete discretion (subject to the provisions of the 1996 Plan) to authorize option grants and direct stock issuances under the 1996 Plan. Pursuant to provisions in the 1996 Plan, the Board may appoint a secondary committee of one or more Board members, including employee directors, to authorize option grants and direct stock issuances to eligible persons other than executive officers and Board members subject to the short-swing liability provisions of the federal securities laws. The Compensation Committee shall have the exclusive authority to determine which officers and Directors of the Company that are subject to the short-swing profit liabilities of Section 16 of the Securities and Exchange

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

Act of 1934 and other highly compensated individuals will be eligible to participate in the Salary Investment Option Grant Program for one or more calendar years, but no administrative discretion will be exercised by the Compensation Committee with respect to the grants made under the Automatic Option Grant, Salary Investment Option Grant and Director Fee Option Grant Programs. All grants under the Automatic

7

Option Grant Program, Salary Investment Option Grant and Director Fee Option Grant Programs will be made in strict compliance with the express provisions of each program.

Share Reserve

A total of 2,525,000 shares of common stock has been reserved for issuance over the term of the 1996 Plan. In no event may any one participant in the 1996 Plan be granted stock options and direct stock issuances for more than 500,000 shares in the aggregate per calendar year under the 1996 Plan. Stockholder approval of this Proposal 2 shall reserve 500,000 additional shares of common stock for issuance over the term of the 1996 Plan, for a total of 3,025,000 shares.

In the event any change is made to the outstanding shares of common stock by reason of any recapitalization, stock dividend, stock split, combination of shares, exchange of shares or other change in corporate structure effected without the Company's receipt of consideration, appropriate adjustments will be made to (i) the maximum number and class of securities issuable under the 1996 Plan, (ii) the maximum number and class of securities for which any one participant may be granted stock options, separately exercisable stock appreciation rights, and direct stock issuances under the 1996 Plan per calendar year, (iii) the number and class of securities for which option grants will subsequently be made under the Automatic Option Grant Program to each newly-elected or continuing non-employee Board member, and (iv) the number and class of securities and the exercise price per share in effect under each outstanding option.

Should an option expire or terminate for any reason prior to exercise in full or be canceled in accordance with the provisions of the 1996 Plan, the shares subject to the portion of the option not so exercised or canceled will be available for subsequent issuance under the 1996 Plan. Unvested shares issued under the 1996 Plan and subsequently repurchased by the Company at the original option exercise or direct issue price paid per share will also be added back to the share reserve and will accordingly be available for subsequent issuance under the 1996 Plan. Shares subject to any option surrendered in accordance with the stock appreciation right provisions of the 1996 Plan will not be available for subsequent issuance.

Eligibility

Employees of the Company or any parent or subsidiary, non-employee members of the Board or the board of directors of any parent or subsidiary corporation, and consultants and other independent advisors in the service of the Company or its parent or subsidiary corporations are eligible to participate in the Discretionary Option Grant and Stock Issuance Programs. Only employees who are officers and Directors of the Company that are subject to the short-swing profit liabilities of Section 16 of the Securities and Exchange Act of 1934 or other highly compensated individuals will be eligible to participate in the Salary Investment Option Grant Program. Non-employee members of the Board are also eligible to participate in the Automatic Option Grant and Director Fee Option Grant Programs.

On March 31, 2003, four (4) executive officers, three (3) non-employee Board members and thirty-eight (38) other employees were eligible to participate in the Discretionary Option Grant and Stock Issuance Programs, and the three (3) non-employee Board members were also eligible to participate in the Automatic Option Grant Program and the Director Fee Option Grant Program.

Discretionary Option Grant Program

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

Options granted under the Discretionary Option Grant Program will have an exercise price per share not less than the fair market value per share of common stock on the option grant date. No granted option will have a term in excess of ten (10) years. The options generally become exercisable in a series of installments over the optionee's period of service with the Company.

Upon cessation of service, the optionee has a limited period of time in which to exercise his or her outstanding options for any shares in which the option is exercisable at the time of optionee's termination of service. The Plan Administrator has complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or to accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's actual cessation of service.

The Plan Administrator is authorized to issue two types of stock appreciation rights in connection with option grants made under the Discretionary Option Grant Program: tandem stock appreciation rights and limited stock appreciation rights.

Tandem stock appreciation rights provide the holders with the right to surrender their options for an appreciation distribution from the Company equal in amount to the excess of (a) the fair market value of the vested shares of common stock subject to the surrendered option over (b) the aggregate exercise price payable for those shares. Such appreciation distribution may, at the discretion of the Plan Administrator, be made in cash or in shares of common stock.

Limited stock appreciation rights may be provided to one or more non-employee Board members or officers of the Company as part of their option grants. Any option with such a limited stock appreciation right may be surrendered to the Company upon the successful completion of a hostile tender offer for more than fifty percent (50%) of the Company's outstanding voting stock. In return for the surrendered option, the optionee will be entitled to a cash distribution from the Company in an amount per surrendered option share equal to the excess of (a) the highest price paid per share of common stock in connection with the tender offer over (b) the exercise price payable for such share.

The shares of common stock acquired upon the exercise of one or more options may be unvested and subject to repurchase by the Company, at the original exercise price paid per share, if the optionee ceases service with the Company prior to vesting in those shares. The Plan Administrator has complete discretion to establish the vesting schedule to be in effect for any such unvested shares and, in certain circumstances, may cancel the Company's outstanding repurchase rights with respect to those shares and thereby accelerate the vesting of those shares.

The Plan Administrator also has the authority to effect the cancellation of outstanding options under the Discretionary Option Grant Program and to issue replacement options with an exercise price based on the fair market price of common stock at the time of the new grant.

Salary Investment Option Grant Program

In the event the Plan Administrator elects to activate the Salary Investment Option Grant Program for one or more calendar years, each executive officer and other highly compensated employee of the Company selected for participation may elect, prior to the start of the calendar year, to reduce his or her base salary for that calendar year by a specified dollar amount not less than \$10,000 nor more than \$50,000. If such election is approved by the Plan Administrator, the individual will automatically be granted, on the first trading day in January of the calendar year for which that salary reduction is to be in effect (or the first trading day of the month following the adoption and implementation of this program if it is implemented within calendar year 2003), a non-statutory option to purchase that number of shares of common stock determined by dividing the salary reduction amount by two-thirds

of the fair market value per share of common stock on the grant date. The option will be exercisable at a price per share equal to one-third of the fair market value of the option shares on the grant date. As a result, the total spread on the option shares at the time of grant (the fair market value of the option shares on the grant date less the aggregate exercise price payable for those shares) will be equal to the amount of salary invested in that option. The option will vest and become exercisable in a series of twelve (12) equal monthly installments over the calendar year for which the salary reduction is to be in effect and will be subject to full and immediate vesting upon certain changes in the ownership or control of the Company.

The shares subject to each option under the Salary Investment Option Program will immediately vest upon (i) an acquisition of the Company by merger or asset sale or (ii) the successful completion of a tender offer for more than 50% of the Company's outstanding voting stock or a change in the majority of the Board effected through one or more contested elections for Board membership.

Limited stock appreciation rights will automatically be included as part of each grant made under the Salary Investment Option Grant Program. Options with such a limited stock appreciation right may be surrendered to the Company upon the successful completion of a hostile

tender offer for more than 50% of the Company's outstanding voting stock. In return for the surrendered option, the optionee will be entitled to a cash distribution from the Company in an amount per surrendered option share equal to the excess of (i) the highest price per share of common stock paid in connection with the tender offer over (ii) the exercise price payable for such share.

Automatic Option Grant Program

Under the Automatic Option Grant Program, each individual who was serving as a non-employee Board member on September 18, 1996 was granted at that time a non-statutory option to purchase 5,000 shares of common stock, provided such individual had not previously been in the Company's employ and had not otherwise received a stock option grant from the Company. Each individual who first becomes a non-employee Board member after September 18, 1996, whether through election by the stockholders or appointment by the Board, will automatically be granted, at the time of such initial election or appointment, a non-statutory option to purchase 5,000 shares of common stock, provided such individual has not previously been in the employ of the Company or any parent or subsidiary corporation. In addition, on the date of each Annual Meeting, each individual who continues to serve as a non-employee Board member, whether or not that individual is standing for re-election to the Board at that particular Annual Meeting, will automatically be granted a non-statutory option to purchase a specified number of shares of the Company's common stock, provided such individual has served as a non-employee Board member for at least six (6) months. The number of shares of common stock subject to each such annual automatic option grant will be determined by dividing \$20,000 by the Black-Scholes formula value of the option, as determined by the Company's independent financial advisors. However, in no event may such option grant exceed 10,000 shares of common stock. There will be no limit on the number of such annual option grants that any one non-employee Board member may receive over his or her period of Board service.

Each initial 5,000-share or annual \$20,000-value option granted under the Automatic Option Grant Program will have an exercise price per share equal to one hundred percent (100%) of the fair market value per share of common stock on the option grant date and a maximum term of ten (10) years measured from the grant date, subject to earlier termination at the end of the twelve (12)-month period measured from the date of the optionee's cessation of Board service. Each initial 5,000-share or annual \$20,000-value option is immediately exercisable for all the option shares. However, any shares purchased under the option will be subject to repurchase by the Company, at the option exercise price paid per share, upon the optionee's cessation of Board service prior to vesting in those shares. The shares subject to each initial 5,000-share automatic option grant vest in a series of four (4) successive equal annual installments upon the optionee's completion of each year of Board service over the four

10

(4)-year period measured from the grant date. The shares subject to each annual \$20,000-value grant vest upon the optionee's completion of one (1) year of Board service measured from the grant date. Should the optionee cease to serve as a Board member, the optionee will generally have until the earlier of (i) the twelve (12) month period following such cessation of service or (ii) the expiration date of the option term in which to exercise the option for the number of shares that are vested at the time of such individual's cessation of Board service.

The shares subject to each automatic option grant will immediately vest in full upon (i) the optionee's death or permanent disability while a Board member, (ii) an acquisition of the Company by merger or asset sale, (iii) the successful completion of a tender offer for more than fifty percent (50%) of the Company's outstanding voting stock or (iv) a change in the majority of the Board effected through one or more proxy contests for Board membership. In addition, upon the successful completion of a hostile tender offer for more than fifty percent (50%) of the Company's outstanding voting stock, each automatic option grant may be surrendered to the Company for a cash distribution per surrendered option share in an amount equal to the excess of (a) the highest price per share of common stock paid in connection with such tender offer over (b) the exercise price payable for such share. Stockholder approval of this Proposal will also constitute pre-approval of each option granted on or after the date of the Annual Meeting with such a surrender right and the subsequent surrender of that option in accordance with foregoing provisions.

Stock Issuance Program

Shares may be sold under the Stock Issuance Program at a price per share not less than the fair market value on the issuance date, payable in cash or through a promissory note payable to the Company. Shares may also be issued solely as a bonus for past services.

The issued shares may either be immediately vested upon issuance or subject to a vesting schedule tied to the performance of service or the attainment of performance goals. The Plan Administrator, however, has the discretionary authority at any time to accelerate the vesting of any and all unvested shares outstanding under the 1996 Plan.

Director Fee Option Grant Program

Under the Director Fee Option Grant Program each non-employee Board member will have the opportunity to elect to apply all or a portion of any annual retainer fee and attendance fees otherwise payable in cash to the acquisition of a below-market option grant. Such election must be made prior to the start of the calendar year to which the election applies. The option grant will automatically be made at the end of each fiscal quarter in the year for which the retainer fee and attendance fees would otherwise be payable in cash. The option will have an exercise price per share equal to one-third of the fair market value of the option shares on the grant date, and the number of shares subject to the option will be determined by dividing the applicable quarterly amount of the retainer fee plus the applicable amount of any attendance fees earned during the quarter applied to the program by two-thirds of the fair market value per share of common stock on the grant date. As a result, the total spread on the option (the fair market value of the option shares on the grant date less the aggregate exercise price payable for those shares) will be equal to the portion of the retainer fee plus the attendance fees invested in that option. The option will be fully vested at the time of grant.

Limited stock appreciation rights will automatically be included as part of each grant made under the Director Fee Option Grant Program. Options with such a limited stock appreciation right may be surrendered to the Company upon the successful completion of a hostile tender offer for more than 50% of the Company's outstanding voting stock. In return for the surrendered option, the optionee will be entitled to a cash distribution from the Company in an amount per surrendered option share equal

to the excess of (i) the highest price per share of common stock paid in connection with the tender offer over (ii) the exercise price payable for such share.

General Provisions

Acceleration

In the event that the Company is acquired by merger or asset sale, each outstanding option under the Discretionary Option Grant Program which is not to be assumed by the successor corporation will automatically accelerate in full, and all unvested shares under the Discretionary Option Grant and Stock Issuance Programs will immediately vest, except to the extent the Company's repurchase rights with respect to those shares are to be assigned to the successor corporation. Any options assumed in connection with such acquisition may, in the Plan Administrator's discretion, be subject to immediate acceleration, and any unvested shares which do not vest at the time of such acquisition may be subject to full and immediate vesting, in the event the individual's service with the successor entity is subsequently terminated within a twelve (12) months following the acquisition. In connection with a change in control of the Company (whether by successful tender offer for more than fifty percent (50%) of the outstanding voting stock or a change in the majority of the Board by one or more contested elections for Board membership), the Plan Administrator will have the discretionary authority to provide for automatic acceleration of outstanding options under the Discretionary Option Grant Program and the automatic vesting of all unvested shares outstanding under the Discretionary Option Grant and Stock Issuance Programs, with such acceleration or vesting to occur either at the time of such change in control or upon the subsequent termination of the individual's service. Each option outstanding under the Automatic Option Grant, Director Fee Option Grant and Salary Investment Option Grant Programs will automatically accelerate in full upon an acquisition or change in control of the Company.

The acceleration of vesting upon a change in the ownership or control of the Company may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of the Company.

Financial Assistance

The Plan Administrator may institute a loan program to assist one or more participants in financing the exercise of outstanding options or the purchase of shares under the Discretionary Option Grant and Stock Issuance Programs. The Plan Administrator has complete discretion to determine the terms of any such financial assistance. However, any such financing will be full-recourse and interest bearing. In addition, the maximum amount of financing provided any individual may not exceed the cash consideration payable for the issued shares plus all applicable taxes.

The table below shows, as to each of the Company's executive officers named in the Summary Compensation Table and the various indicated individuals and groups, the number of shares of common stock subject to options granted under the 1996 Plan between January 1, 2002 and March 31, 2003, together with the weighted average exercise price payable per share.

As of March 31, 2003, options covering 1,872,426 shares of common stock were outstanding under the 1996 Plan, 348,601 shares remained available for future option grants, and 303,973 shares have been issued under the 1996 Plan in connection with option exercises.

Amendment and Termination. The Board may amend or modify the 1996 Plan in any or all respects whatsoever, subject to any stockholder approval required under applicable law or regulation. The Board may terminate the 1996 Plan at any time, and the 1996 Plan will in all events terminate on June 19, 2006.

Federal Income Tax Consequences

Option Grants granted under the 1996 Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised. The optionee will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two (2) years after the option grant date and more than one (1) year after the exercise date. If either of these two (2) holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the lesser of (i) the difference between the fair market value of those shares on the exercise date over purchase price paid per shares or (ii) the amount realized over the purchase price paid will be taxable as ordinary income to the optionee.

If the optionee makes a disqualifying disposition of the purchased shares, then the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the lesser of (i) the difference between the fair market value of those shares on the exercise date over purchase price paid per shares or (ii) the amount realized over the purchase price paid. In no other

instance will the Company be allowed a deduction with respect to the optionee's disposition of the purchased shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding

requirements applicable to such income.

If the shares acquired upon exercise of the non-statutory option are unvested and subject to repurchase by the Company in the event of the optionee's termination of service prior to vesting in those shares, then the optionee will not recognize any taxable income at the time of exercise but will have to report as ordinary income, as and when the Company's repurchase right lapses, an amount equal to the excess of (i) the fair market value of the shares on the date the repurchase right lapses over (ii) the exercise price paid for the shares. The optionee may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year of exercise of the option an amount equal to the excess of (i) the fair market value of the purchased shares on the exercise date over (ii) the exercise price paid for such shares. If the Section 83(b) election is made, the optionee will not recognize any additional income as and when the repurchase right lapses.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for the taxable year of the Company in which such ordinary income is recognized by the optionee.

Stock Appreciation Rights. An optionee who is granted a stock appreciation right will recognize ordinary income in the year of exercise equal to the amount of the appreciation distribution. The Company will be entitled to an income tax deduction equal to such distribution for the taxable year in which the ordinary income is recognized by the optionee.

Direct Stock Issuance. The tax principles applicable to direct stock issuances under the 1996 Plan will be substantially the same as those summarized above for the exercise of non-statutory option grants.

Deductibility of Executive Compensation. The Company anticipates that any compensation deemed paid by it in connection with disqualifying dispositions of incentive stock option shares or exercises of non-statutory options will qualify as performance-based compensation for purposes of Internal Revenue Code Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain executive officers of the Company. Accordingly, all compensation deemed paid with respect to those options will remain deductible by the Company without limitation under Internal Revenue Code Section 162(m).

Accounting Treatment

Option grants or stock issuances with exercise or issue prices less than the fair market value of the shares on the grant or issue date will result in a direct compensation expense to the Company's earnings equal to the difference between the exercise or issue price and the fair market value of the shares on the grant or issue date. Such expense will be accruable by the Company over the period that the option shares or issued shares are to vest. Option grants or stock issuances with exercise or issue prices equal to the fair market value of the shares at the time of issuance or grant will not result in any charge to the Company's earnings, but the Company must disclose in the notes to the Company's financial statements the fair value of options granted under the 1996 Plan and the pro forma impact on the Company's annual net income and earnings per share as though the computed fair value of such

options had been treated as compensation expense. In addition, the number of outstanding options may be a factor in determining the Company's earnings per share on a fully-diluted basis. Should one or more optionees be granted stock appreciation rights which have no conditions upon exercisability other than a service or employment requirement, then such rights will result in a compensation expense to the Company's earnings.

In March 2000, the Financial Accounting Standards Board issued interpretation number 44, "Accounting for Certain Transactions Involving Stock Compensation, an Interpretation of APB Opinion 25." Under this interpretation, option grants made to independent consultants (but not non-employee Board members) will result in a direct charge to the Company's reported earnings based upon the fair value of the option measured initially as of the grant date of that option and then subsequently on the vesting date of each installment of the underlying option shares. Such charge will accordingly include the appreciation in the value of the option shares over the period between the grant date of the option and the vesting date of each installment of the option shares. In addition, after the implementation date, any options which are repriced will also trigger a direct charge to the Company's reported earnings measured by the appreciation in value of the underlying shares between the grant date of the option and the date the option is exercised for those shares.

New Plan Benefits

As of March 31, 2003, no options have been granted, and no direct stock issuances have been made on the basis of the 500,000 share increase of common stock to be authorized for issuance under this Proposal.

Stockholder Approval

The affirmative vote of a majority of the outstanding voting shares of the Company present or represented and entitled to vote at the 2003 Annual Meeting of Stockholders is required for approval of the amendment to the 1996 Plan. Should such stockholder approval not be obtained, then any options granted on the basis of the 500,000 share increase of common stock to be authorized for issuance under this Proposal will terminate without becoming exercisable and no further options will be granted on the basis of such share increase. The 1996 Plan will continue to remain in effect, and option grants and direct stock issuances may continue to be made pursuant to the provisions of the 1996 Plan in effect prior to the new amendment, until the available reserve of common stock as last approved by the stockholders has been issued pursuant to option grants made under the 1996 Plan.

THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSED AMENDMENT TO THE 1996 PLAN.**Equity Compensation Plan Information**

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Willis Lease Finance's Directors and executive officers, and persons who own more than ten percent of a registered class of Willis Lease Finance's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Willis Lease Finance. Directors, executive officers and holders of more than ten percent of Willis Lease Finance's common stock are required by Securities and Exchange Commission regulation to furnish Willis Lease Finance with copies of all Section 16(a) reports they file.

18

Based solely upon review of the copies of such reports furnished to Willis Lease Finance and written representations from its officers and Directors, Willis Lease Finance believes that during the fiscal year ended December 31, 2002, its Directors, executive officers and holders of more than ten percent of Willis Lease Finance's common stock complied with all applicable Section 16(a) filing requirements.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

At the end of the 2002 fiscal year, the Compensation Committee of the Board was composed of three independent Directors: Glenn L. Hickerson (Chairman), William M. LeRoy and Gérard Laviec.

The Compensation Committee administers Willis Lease Finance's compensation policies and programs and has primary responsibility for executive compensation matters, including the establishment of the base salaries of Willis Lease Finance's executive officers, the approval of individual bonuses and bonus programs for executive officers and the administration of certain employee benefit programs. In addition, the Compensation Committee has exclusive responsibility for administering the 1996 Plan, under which stock option grants and direct stock issuances may be made to executive officers and other employees.

For the 2002 fiscal year, the Compensation Committee chose to freeze the salaries of executive officers at 2001 levels, based upon general industry conditions. In previous years, the Compensation Committee made its decisions primarily on the basis of its understanding of the compensation practices of similarly sized companies serving similar industry segments, referred to as Peer Companies, and fixed the compensation package of each executive officer at a level which was competitive with those practices. The positions of Willis Lease Finance's President and CEO and executive officers were compared with those of their counterparts at the Peer Companies, and the market compensation levels for comparable positions were examined to determine base salary and total cash compensation. Willis Lease Finance's intent is to position its executive compensation levels around the 75th percentile at Peer Companies. In addition, the practices of the Peer Companies concerning stock option grants were reviewed and compared. The Compensation Committee also considers geographic location and companies that may compete with Willis Lease Finance in recruiting executive talent.

While the Compensation Committee decided in 2002 to freeze the salaries of executive officers at 2001 levels, the following is a summary of policies that the Compensation Committee applied in the 2001 fiscal year in setting the compensation levels for Willis Lease Finance's executive officers.

General Compensation Policy. The objectives of Willis Lease Finance's executive compensation program are to motivate and retain current executives and to attract future ones. Willis Lease Finance's executive compensation program is designed to: (1) provide a direct and substantial link between Company performance and executive pay, (2) consider individual performance and accomplishments and compensate accordingly, and (3) determine Willis Lease Finance's position in the aviation services and leasing markets and be competitive in that labor market.

Factors. The principal factors that are considered by the Compensation Committee in establishing the components of each executive officer's compensation package are summarized below. The Compensation Committee may, however, in its discretion apply entirely different factors in setting executive compensation for future fiscal years.

Base Salary. The base salary for each executive officer is set on the basis of personal performance, the Compensation Committee's assessment of salary levels in effect for comparable positions with Willis Lease Finance's Peer Companies, and internal comparability considerations. The weight given to each of these factors may vary from individual to individual. Base salaries are reviewed on an annual basis, and adjustments are made in accordance with the factors indicated above.

19

Incentive Compensation. The Compensation Committee has established an incentive compensation program pursuant to which each executive officer is eligible to earn a bonus on the basis of the achievement of certain Company and individual goals. The bonuses earned by each of the executive officers are set forth in the Summary Compensation Table which appears later in this Proxy Statement.

Long-Term Incentive Compensation. Long-term incentives are provided through stock option grants. The grants are designed to align the interests of the executive officers with those of the stockholders, and to provide executive officers with a significant incentive to manage Willis Lease Finance from the perspective of an owner with an equity stake in the business. The stock option plan encourages long-term retention and provides rewards to executives and other eligible employees commensurate with growth in stockholder value. It is the Committee's practice to grant options to purchase shares at the market price of the underlying shares of common stock on the date of grant with a term of up to ten years. All of the options granted to Willis Lease Finance's executive officers during the 2002 fiscal year will vest in four equal annual installments. Accordingly, the options will provide a return to the executive officer only if he remains in Willis Lease Finance's employ and the market price of the underlying shares of common stock appreciates.

The number of shares subject to each option grant is set at a level intended to create a meaningful opportunity for stock ownership based on the executive officer's current position with Willis Lease Finance, the base salary associated with that position, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the option term, and the individual's personal performance in recent periods. The Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Committee does not adhere to any specific guidelines as to the relative option holdings of Willis Lease Finance's executive officers.

Deferred Compensation. Willis Lease Finance maintains the Deferred Compensation Plan for its executives, which permits participating executives to defer payment of up to 80% of their base salary and/or part or all of their bonus. Through the Deferred Compensation Plan, the Willis Lease Finance Corporation Deferred Compensation Plan Trust invests all deferred amounts in investment funds and horizon portfolios (compatible with the investment options under Section 401(k) of the Internal Revenue Code of 1986, as amended) pursuant to the election of each participant. The Compensation Committee determines the participant's "Annual Company Matching Amount" for any plan year to be added to the amount the participant elects to contribute from his/her salary and/or bonus. Such amounts are vested in accordance with a vesting schedule set forth in the Deferred Compensation Plan. In 2002 fiscal year the Compensation Committee determined that Willis Lease Finance would not contribute any "Annual Company Matching Amount".

Mr. Willis was the only executive who elected to participate in the Deferred Compensation Plan in the 2002 fiscal year. Mr. Willis deferred \$37,500 of his salary payable in 2002 fiscal year for a total accumulated deferral of \$170,833. During 2002 fiscal year, the investments from Mr. Willis' deferred salary resulted in ordinary dividends in the amount of \$2,484.

CEO Compensation. The compensation payable to Mr. Willis, Willis Lease Finance's Chief Executive Officer during the 2002 fiscal year, was determined by the Compensation Committee. In 2002, the Compensation Committee chose to freeze Mr. Willis' annual salary at the 2001 level of \$500,000. In previous years, his base salary was set at a level which the Compensation Committee felt would be competitive with the base salary levels in effect for CEOs at similarly-sized companies within the industry. For the 2002 fiscal year, Mr. Willis received a bonus of \$312,500. Mr. Willis' bonus was determined in accordance with the Willis Lease Finance Corporation 2002 Bonus Program. The bonus was based upon company performance relative to performance targets established by the Compensation Committee. Mr. Willis also participated in the Deferred Compensation Plan described above.

Compliance with Internal Revenue Code Section 162. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation that is not performance based (within the meaning of Section 162(m)) exceeds \$1 million per officer in any year. In prior years (with the exception of 2000 fiscal year), the compensation paid to Willis Lease Finance's executive officers did not exceed the \$1 million limit per officer. However, for the 2000 fiscal year the compensation paid to the CEO exceeded the \$1 million limit by a small amount. The compensation paid to Willis Lease Finance's CEO for the 2002 and 2001 fiscal years did not exceed that limit. In the coming years, in order to permit the future deductibility of cash bonus awards for certain executive officers, Willis Lease Finance may adopt an executive incentive plan, subject to approval by stockholders, that will qualify as performance based compensation for purposes of Section 162(m). The 1996 Plan, however, is structured so that any compensation deemed paid to an executive officer in connection with the exercise of his or her outstanding options under the 1996 Plan will qualify as performance-based compensation which will not be subject to the \$1 million limitation.

Should a change of control in the ownership of Willis Lease Finance occur, the agreement will be automatically extended for a period of 2 years from the date of the change of control event.

In the event that the severance and other benefits provided to Mr. Willis constitute "parachute payments" subject to federal excise tax, then Mr. Willis' benefits under the change of control provisions of the agreement shall be reduced in accordance with the mechanism set forth in the agreement.

Willis Lease Finance and Mr. Willis have entered into an indemnification agreement effective as of September 17, 1996.

These options were not exercised at expiration on February 28, 2003.

In connection with an acquisition of Willis Lease Finance by merger, asset sale or other change of control event, each outstanding option held by the Chief Executive Officer and the other executive officers under the 1996 Plan will automatically accelerate in full and all unvested shares of common stock held by such individuals subject to direct issuances made under such plans will immediately vest in full, except to the extent such options are to be assumed by, and Willis Lease Finance's repurchase rights with respect to these shares are to be assigned to, the successor corporation. In addition, upon an involuntary termination of the Chief Executive Officer or any of the other executive officers within twelve months following a merger or asset sale or other change in control of Willis Lease Finance, each outstanding option and all unvested shares of common stock held by such individual will automatically vest in full. Furthermore, with regard to future option grants and direct stock issuances, the "Plan Administrator" of the 1996 Plan has the authority to provide for accelerated vesting of any outstanding options awarded to the Chief Executive Officer or any other executive officer or any unvested share issuances actually held by such individual, in connection with certain changes in control of Willis Lease Finance or the subsequent termination of the officer's employment following the change in control event.

WILLIS LEASE FINANCE CORPORATION 1996 STOCK OPTION/STOCK ISSUANCE PLAN (Amended and restated as of March 1, 2003)

ARTICLE ONE GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

This 1996 Stock Option/Stock Issuance Plan is intended to promote the interests of Willis Lease Finance Corporation, a Delaware corporation, by providing eligible persons with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in the service of the Corporation.

Capitalized terms shall have the meanings assigned to such terms attached.

II. STRUCTURE OF THE PLAN

A. The Plan shall be divided into five separate equity programs:

(i) the Discretionary Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock,

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

(ii) the Salary Investment Option Grant Program under which eligible employees may elect to have a portion of their base salary invested each year in special option grants,

(iii) the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary),

(iv) the Automatic Option Grant Program under which eligible non-employee Board members shall automatically receive option grants at periodic intervals to purchase shares of Common Stock, and

(v) the Director Fee Option Grant Program under which non-employee Board members may elect to have all or any portion of their annual retainer fee and attendance fees otherwise payable in cash applied to special option grants.

B. The provisions of Articles One and Seven shall apply to all equity programs under the Plan and shall govern the interests of all persons under the Plan.

III. ADMINISTRATION OF THE PLAN

A. The Primary Committee shall have sole and exclusive authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to Section 16 Insiders. However, any discretionary option grants or stock issuances for members of the Primary Committee shall be made by a disinterested majority of the Board.

B. Administration of the Discretionary Option Grant and Stock Issuance Programs with respect to all other persons eligible to participate in those programs may, at the Board's discretion, be vested in the Primary Committee or a Secondary Committee, or the Board may retain the power to administer those programs with respect to all such persons. The members of the Secondary Committee may be Board members who are Employees eligible to receive discretionary option grants or direct stock issuances under the Plan or any other stock option, stock appreciation, stock bonus or other stock plan of the Corporation (or any Parent or Subsidiary).

C. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Committee and reassume all powers and authority previously delegated to such committee.

D. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and regulations as it may deem appropriate for proper administration of the Discretionary Option Grant and Stock Issuance Programs and to make such determinations under, and issue such interpretations of, the provisions of such programs and any outstanding options or stock issuances thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Discretionary Option Grant and Stock Issuance Programs under its jurisdiction or any option or stock issuance thereunder.

E. The Primary Committee shall have the sole and exclusive authority to determine which Section 16 Insiders and other highly compensated employees shall be eligible for participation in the Salary Investment Option Grant Program for one or more calendar years. However, all option grants under the Salary Investment Option Grant Program shall be made in accordance with the express terms of that program, and the Primary Committee shall not exercise any discretionary functions with respect to the option grants made under that program.

F. Service on the Primary Committee or the Secondary Committee shall constitute service as a Board member, and members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants or stock issuances under the Plan.

G. Administration of the Automatic Option Grant and Director Fee Option Grant Programs shall be self-executing in accordance with the terms of those programs, and no Plan Administrator shall exercise any discretionary functions with respect to any option grants or stock issuances made under those programs.

IV. ELIGIBILITY

A. The persons eligible to participate in the Discretionary Option Grant and Stock Issuance Programs are as follows:

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

- (i) Employees,
- (ii) non-employee members of the Board or the board of directors of any Parent or Subsidiary, and
- (iii) consultants and other independent advisors who provide services to the Corporation (or any Parent or Subsidiary).

B. Only Employees who are Section 16 Insiders or other highly compensated individuals shall be eligible to participate in the Salary Investment Option Grant Program.

C. Each Plan Administrator shall, within the scope of its administrative jurisdiction under the Plan, have full authority to determine, (i) with respect to the option grants under the Discretionary Option Grant Program, which eligible persons are to receive option grants, the time or times when such option grants are to be made, the number of shares to be covered by each such grant, the status of the granted option as either an Incentive Option or a Non-Statutory Option, the time or times when each option is to become exercisable, the vesting schedule (if any) applicable to the option shares and the maximum term for which the option is to remain outstanding and (ii) with respect to stock issuances under the Stock Issuance Program, which eligible persons are to receive stock issuances, the time or times when such issuances are to be made, the number of shares to be issued to each Participant, the vesting schedule (if any) applicable to the issued shares and the consideration for such shares.

D. The Plan Administrator shall have the absolute discretion either to grant options in accordance with the Discretionary Option Grant Program or to effect stock issuances in accordance with the Stock Issuance Program.

E. The individuals who shall be eligible to participate in the Automatic Option Grant Program shall be limited to (i) those individuals serving as non-employee Board members on the Underwriting Date, (ii) those individuals who first become non-employee Board members after the Underwriting Date, whether through appointment by the Board or election by the Corporation's stockholders, and (iii) those individuals who continue to serve as non-employee Board members at one or more Annual Stockholders Meetings held after the Underwriting Date. A non-employee Board member who has previously been in the employ of the Corporation (or any Parent or Subsidiary) shall not be eligible to receive an option grant under the Automatic Option Grant Program at the time he or she first becomes a non-employee Board member, but shall be eligible to receive periodic option grants under the Automatic Option Grant Program while he or she continues to serve as a non-employee Board member.

F. All non-employee Board members shall be eligible to participate in the Director Fee Option Grant Program.

V. STOCK SUBJECT TO THE PLAN

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The maximum number of shares of Common Stock reserved for issuance over the term of the Plan shall not exceed 3,025,000 shares. Such authorized share reserve is comprised of (i) 525,000 shares initially reserved for issuance under the Plan, (ii) an additional increase of 500,000 shares authorized by the Board on February 24, 1998, and approved by the stockholders at the 1998 Annual Meeting, (iii) a further increase of 500,000 shares authorized by the Board on April 4, 2000 and April 24, 2000 and approved at the 2000 Annual Meeting, (iv) a further increase of 1,000,000 shares authorized by the Board on March 30, 2001, and approved at the 2001 Annual Meeting, and (v) an additional increase of 500,000 shares authorized by the Board on March 1, 2003, subject to stockholder approval at the 2003 Annual Meeting.

B. No one person participating in the Plan may receive options, separately exercisable stock appreciation rights and direct stock issuances for more than 250,000 shares of Common Stock in the aggregate per calendar year, beginning with the 1996 calendar year and for more than 500,000 shares of Common Stock in the aggregate per calendar year, beginning with the 2001 calendar year.

C. Shares of Common Stock subject to outstanding options shall be available for subsequent issuance under the Plan to the extent those options expire or terminate for any reason prior to exercise in full. Unvested shares issued under the Plan and subsequently cancelled or repurchased by the Corporation, at the original issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option grants or direct stock issuances under the Plan. However, should the exercise price of an option under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an option or the vesting of a stock issuance under the Plan, then the number of shares of Common Stock available for issuance under the Plan shall be reduced by the gross number of shares for which the option is exercised or which vest under the stock issuance, and not by the net number of shares of Common Stock issued to the holder of such option or stock issuance.

D. If any change is made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the number and/or class of securities for which any one person may be granted stock options, separately exercisable stock appreciation rights and direct stock issuances under this Plan per calendar year, (iii) the number and/or class of securities for which grants are subsequently to be made under the Automatic Option Grant Program to new and continuing non-employee Board members, (iv) the

number and /or class of securities and the exercise price per share in effect under each outstanding option under the Plan. Such adjustments to the outstanding options are to be effected in a manner which shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Plan Administrator shall be final, binding and conclusive.

ARTICLE TWO DISCRETIONARY OPTION GRANT PROGRAM

I. OPTION TERMS

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; *provided*, however, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of Section I of Article Five and the documents evidencing the option, be payable in one or more of the forms specified below:

(i) cash or check made payable to the Corporation,

(ii) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or

(iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable written instructions to (a) a Corporation-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. Exercise and Term of Options. Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option shall have a term in excess of ten (10) years measured from the option grant date.

C. Effect of Termination of Service.

1. The following provisions shall govern the exercise of any options held by the Optionee at the time of cessation of Service or death:

(i) Any option outstanding at the time of the Optionee's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing

the option, but no such option shall be exercisable after the expiration of the option term.

(ii) Any option exercisable in whole or in part by the Optionee at the time of death may be subsequently exercised by the personal representative of the Optionee's estate or by the

person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution.

(iii) Should the Optionee's Service be terminated for Misconduct, then all outstanding options held by the Optionee shall terminate immediately and cease to be outstanding.

(iv) During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's cessation of Service. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Service, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

2. The Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service from the limited exercise period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term, and/or

(ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested had the Optionee continued in Service.

D. Stockholder Rights. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

E. Repurchase Rights. The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while holding such unvested shares, the Corporation shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. Limited Transferability of Options. During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or by the laws of descent and distribution following the Optionee's death. However, a Non-Statutory Option may, in connection with the Optionee's estate plan, be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's immediate family or to a trust established exclusively for one or more such family members. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the option pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

II. INCENTIVE OPTIONS

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Five shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall *not* be subject to the terms of this Section II.

A. **Eligibility.** Incentive Options may only be granted to Employees.

B. **Dollar Limitation.** The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000). To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Options shall be applied on the basis of the order in which such options are granted.

C. **10% Stockholder.** If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

III. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. In the event of any Corporate Transaction, each outstanding option shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable with respect to the total number of shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. However, an outstanding option shall not so accelerate if and to the extent: (i) such option is, in connection with the Corporate Transaction, either to be assumed by the successor corporation (or parent thereof) or to be replaced with a comparable option to purchase shares of the capital stock of the successor corporation (or parent thereof), (ii) such option is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing on the unvested option shares at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to such option or (iii) the acceleration of such option is subject to other limitations imposed by the Plan Administrator at the time of the option grant. The determination of option comparability under clause (i) above shall be made by the Plan Administrator, and its determination shall be final, binding and conclusive.

B. All outstanding repurchase rights shall also terminate automatically, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction, except to the extent: (i) those repurchase rights are to be assigned to the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator at the time the repurchase right is issued.

C. Immediately following the consummation of the Corporate Transaction, all outstanding options shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments to reflect such Corporate Transaction shall also be made to (i) the exercise price payable per share under each outstanding option, *provided* the aggregate exercise price payable for such securities shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan and (iii) the maximum number and/or class of securities for which any one person may be granted stock options, separately exercisable stock appreciation rights and direct stock issuances under the Plan per calendar year.

E. The Plan Administrator shall have full power and authority to grant options under the Discretionary Option Grant Program which will automatically accelerate in the event the Optionee's

Service subsequently terminates by reason of an Involuntary Termination within twelve (12) months following the effective date of any Corporate Transaction in which those options are assumed or replaced and do not otherwise accelerate. Any options so accelerated shall remain exercisable for fully-vested shares until the *earlier* of (i) the expiration of the option term or (ii) the expiration of the one (1)-year period measured from the effective date of the Involuntary Termination. In addition, the Plan Administrator may provide that one or more of the Corporation's outstanding repurchase rights with respect to shares held by the Optionee at the time of such Involuntary Termination shall immediately terminate, and the shares subject to those terminated repurchase rights shall accordingly vest in full.

F. The Plan Administrator shall have the discretion, exercisable either at the time the option is granted or at any time while the option remains outstanding, to (i) provide for the automatic acceleration of one or more outstanding options (and the automatic termination of one or more outstanding repurchase rights with the immediate vesting of the shares of Common Stock subject to those rights) upon the occurrence of a Change in Control or (ii) condition any such option acceleration (and the termination of any outstanding repurchase rights) upon the subsequent Involuntary Termination of the Optionee's Service within a specified period following the effective date of such Change in Control. Any options

accelerated in connection with a Change in Control shall remain fully exercisable until the expiration or sooner termination of the option term.

G. The portion of any Incentive Option accelerated in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable One Hundred Thousand Dollar limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Option under the Federal tax laws.

H. The outstanding options shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. CANCELLATION AND REGRANT OF OPTIONS

The Plan Administrator shall have the authority to effect, at any time and from time to time, with the consent of the affected option holders, the cancellation of any or all outstanding options under the Discretionary Option Grant Program and to grant in substitution new options covering the same or different number of shares of Common Stock but with an exercise price per share based on the Fair Market Value per share of Common Stock on the new grant date.

V. STOCK APPRECIATION RIGHTS

A. The Plan Administrator shall have full power and authority to grant to selected Optionees tandem stock appreciation rights and/or limited stock appreciation rights.

B. The following terms shall govern the grant and exercise of tandem stock appreciation rights:

(i) One or more Optionees may be granted the right, exercisable upon such terms as the Plan Administrator may establish, to elect between the exercise of the underlying option for shares of Common Stock and the surrender of that option in exchange for a distribution from the Corporation in an amount equal to the excess of (a) the Fair Market Value (on the option surrender date) of the number of shares in which the Optionee is at the time vested under the surrendered option (or surrendered portion thereof) over (b) the aggregate exercise price payable for such shares.

(ii) No such option surrender shall be effective unless it is approved by the Plan Administrator. If the surrender is so approved, then the distribution to which the Optionee shall be entitled may be made in shares of Common Stock valued at Fair Market Value on the option surrender date, in cash, or partly in shares and partly in cash, as the Plan Administrator shall in its sole discretion deem appropriate.

(iii) If the surrender of an option is rejected by the Plan Administrator, then the Optionee shall retain whatever rights the Optionee had under the surrendered option (or surrendered portion thereof) on the option surrender date and may exercise such rights at any time prior to the *later* of (a) five (5) business days after the receipt of the rejection notice or (b) the last day on which the option is otherwise exercisable in accordance with the terms of the documents evidencing such option, but in no event may such rights be exercised more than ten (10) years after the option grant date.

C. The following terms shall govern the grant and exercise of limited stock appreciation rights:

(i) One or more Section 16 Insiders may be granted limited stock appreciation rights with respect to their outstanding options.

(ii) Upon the occurrence of a Hostile Take-Over, each individual holding one or more options with such a limited stock appreciation right shall have the unconditional right (exercisable for a thirty (30)-day period following such Hostile Take-Over) to surrender each such option to the Corporation, to the extent the option is at the time exercisable for vested shares of Common Stock. In return for the surrendered option, the Optionee shall receive a cash distribution from the Corporation in an amount equal to the excess of (A) the Take-Over Price of the shares of Common Stock which are at the time vested under each surrendered option (or surrendered portion thereof) over (B) the aggregate exercise price payable for such shares. Such cash distribution shall be paid within five (5) days following the option surrender date.

(iii) The Plan Administrator shall pre-approve, at the time the limited stock appreciation right is granted, the subsequent exercise of that right in accordance with the terms of the grant and the provisions of this Section V.C. No additional approval of the Plan Administrator or the Board shall be required at the time of the actual option surrender and cash distribution.

(iv) The balance of the option (if any) shall continue in full force and effect in accordance with the documents evidencing such option.

ARTICLE THREE
SALARY INVESTMENT OPTION GRANT PROGRAM

I. OPTION GRANTS

The Primary Committee shall have the sole and exclusive authority to determine the calendar year or years (if any) for which the Salary Investment Option Grant Program is to be in effect and to select the Section 16 Insiders and other highly compensated Employees eligible to participate in the Salary Investment Option Grant Program for those calendar year or years. Each selected individual who elects to participate in the Salary Investment Option Grant Program must, prior to the start of each calendar year of participation, file with the Plan Administrator (or its designate) an irrevocable authorization directing the Corporation to reduce his or her base salary for that calendar year by an amount not less than Ten Thousand Dollars (\$10,000.00) nor more than Fifty Thousand Dollars (\$50,000.00) (or the appropriate amount with respect to elections made by newly eligible individuals during a calendar year). The Primary Committee shall have complete discretion to determine whether to approve the filed authorization in whole or in part. To the extent the Primary Committee approves the authorization, the individual who filed that authorization shall automatically be granted an option under the Salary Investment Grant Program on the first trading day in January of the calendar year for which the salary reduction is to be in effect, or, if the Program is first implemented during a calendar year, the option shall be granted on the first trading day of the month following the month in which the Program is implemented.

II. OPTION TERMS

Each option shall be a Non-Statutory Option evidenced by one or more documents in the form approved by the Plan Administrator; *provided*, however, that each such document shall comply with the terms specified below.

A. Exercise Price.

(i) The exercise price per share shall be thirty-three and one-third percent (33¹/₃%) of the Fair Market Value per share of Common Stock on the option grant date.

(ii) The exercise price shall become immediately due upon exercise of the option and shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. Number of Option Shares. The number of shares of Common Stock subject to the option shall be determined pursuant to the following formula (rounded down to the nearest whole number):

$$X = A / (B * 66^{2}/_{3}\%), \text{ where}$$

X is the number of option shares,

A is the dollar amount of the approved reduction in the Optionee's base salary for the calendar year, and

B is the Fair Market Value per share of Common Stock on the option grant date.

C. Exercise and Term of Options. The option shall become exercisable in a series of twelve (12) successive equal monthly installments upon the Optionee's completion of each calendar month of Service in the calendar year for which the salary reduction is in effect. Each option shall have a maximum term of ten (10) years measured from the option grant date.

D. Effect of Termination of Service. Should the Optionee cease Service for any reason while holding one or more options under this Article Three, then each such option shall remain exercisable, for any or all of the shares for which the option is exercisable at the time of such cessation of Service, until the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of such cessation of Service. Should the Optionee die while holding one or more options under this Article Three, then each such option may be exercised, for any or all of the shares for which the option is exercisable at the time of the Optionee's cessation of

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

Service (less any shares subsequently purchased by Optionee prior to death), by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution. Such right of exercise shall lapse, and the option shall terminate, upon the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the three (3)-year period measured from the date of the Optionee's cessation of Service. However, the option shall, immediately upon the Optionee's cessation of Service for any reason, terminate and cease to remain outstanding with respect to any and all shares of Common Stock for which the option is not otherwise at that time exercisable.

III. CORPORATE TRANSACTION/ CHANGE IN CONTROL/ HOSTILE TAKE-OVER

A. In the event of any Corporate Transaction while the Optionee remains in Service, each outstanding option held by such Optionee under this Salary Investment Option Grant Program, to the extent not already vested, shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable for all the shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. Each such outstanding option shall terminate immediately following the Corporate Transaction, except to the extent assumed by the successor corporation (or parent thereof) in such Corporate Transaction. Any option so assumed and shall remain exercisable for

the fully-vested shares until the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of the Optionee's cessation of Service.

B. In the event of a Change in Control while the Optionee remains in Service, each outstanding option held by such Optionee under this Salary Investment Option Grant Program shall automatically accelerate so that each such option shall immediately become fully exercisable with respect to the total number of shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. The option shall remain so exercisable until the *earlier* of (i) the expiration of the ten (10)-year option term, (ii) the expiration of the three (3)-year period measured from the date of the Optionee's cessation of Service or (iii) the surrender of the option in connection with a Hostile Take-Over.

C. Upon the occurrence of a Hostile Take-Over, the Optionee shall have a thirty (30)-day period in which to surrender to the Corporation each outstanding option granted him or her under the Salary Investment Option Grant Program. The Optionee shall in return be entitled to a cash distribution from the Corporation in an amount equal to the excess of (i) the Take-Over Price of the shares of Common Stock at the time subject to the surrendered option (whether or not the Optionee is otherwise at the time vested in those shares) over (ii) the aggregate exercise price payable for such shares. Such cash distribution shall be paid within five (5) days following the surrender of the option to the Corporation. The Primary Committee shall, at the time the option with such limited stock appreciation right is granted under the Salary Investment Option Grant Program, pre-approve any subsequent exercise of that right in accordance with the terms of this Paragraph C. Accordingly, no further approval of the Primary Committee or the Board shall be required at the time of the actual option surrender and cash distribution.

D. The grant of options under the Salary Investment Option Grant Program shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. REMAINING TERMS

The remaining terms of each option granted under the Salary Investment Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

ARTICLE FOUR STOCK ISSUANCE PROGRAM

I. STOCK ISSUANCE TERMS

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each such stock issuance shall be evidenced by a Stock Issuance Agreement which complies with the terms specified below.

A. Purchase Price.

1. The purchase price per share shall be fixed by the Plan Administrator, but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the issuance date.

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

2. Subject to the provisions of Section I of Article Five, shares of Common Stock may be issued under the Stock Issuance Program for any of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:

- (i) cash or check made payable to the Corporation, or
 - (ii) past services rendered to the Corporation (or any Parent or Subsidiary).
-

B. Vesting Provisions.

1. Shares of Common Stock issued under the Stock Issuance Program may, in the discretion of the Plan Administrator, be fully and immediately vested upon issuance or may vest in one or more installments over the Participant's period of Service or upon attainment of specified performance objectives. The elements of the vesting schedule applicable to any unvested shares of Common Stock issued under the Stock Issuance Program, namely:

- (i) the Service period to be completed by the Participant or the performance objectives to be attained,
- (ii) the number of installments in which the shares are to vest,
- (iii) the interval or intervals (if any) which are to lapse between installments, and
- (iv) the effect which death, Permanent Disability or other event designated by the Plan Administrator is to have upon the vesting schedule, shall be determined by the Plan Administrator and incorporated into the Stock Issuance Agreement.

2. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested shares of Common Stock and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate.

3. The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant under the Stock Issuance Program, whether or not the Participant's interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares.

4. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent (including the Participant's purchase-money indebtedness), the Corporation shall repay to the Participant the cash consideration paid for the surrendered shares and shall cancel the unpaid principal balance of any outstanding purchase-money note of the Participant attributable to the surrendered shares.

5. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock (or other assets attributable thereto) which would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

II. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. All of the Corporation's outstanding repurchase/cancellation rights under the Stock Issuance Program shall terminate automatically, and all the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction, except to the extent (i) those repurchase/cancellation rights are to be assigned to the successor corporation (or parent

thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed in the Stock Issuance Agreement.

B. The Plan Administrator shall have the discretionary authority, exercisable either at the time the unvested shares are issued or any time while the Corporation's repurchase/cancellation rights remain outstanding under the Stock Issuance Program, to provide that those rights shall automatically terminate in whole or in part, and the shares of Common Stock subject to those terminated rights shall immediately vest, in the event the Participant's Service should subsequently terminate by reason of an Involuntary Termination within twelve (12) months following the effective date of any Corporate Transaction in which those repurchase/cancellation rights are assigned to the successor corporation (or parent thereof).

C. The Plan Administrator shall have the discretion, exercisable either at the time the unvested shares are issued or at any time while the Corporation's repurchase rights remain outstanding, to (i) provide for the automatic termination of one or more outstanding repurchase/cancellation rights and the immediate vesting of the shares of Common Stock subject to those rights upon the occurrence of a Change in Control or (ii) condition any such accelerated vesting upon the subsequent Involuntary Termination of the Participant's Service within a specified period following the effective date of such Change in Control.

III. SHARE ESCROW/LEGENDS

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

ARTICLE FIVE AUTOMATIC OPTION GRANT PROGRAM

I. OPTION TERMS

A. **Grant Dates.** Option grants shall be made on the dates specified below:

1. Each individual who is first elected or appointed as a non-employee Board member shall automatically be granted, on the date of such initial election or appointment, a Non-Statutory Option to purchase 5,000 shares of Common Stock, provided that individual has not previously been in the employ of the Corporation or any Parent or Subsidiary.

2. On the date of each Annual Stockholders Meeting, each individual who is to continue to serve as an Eligible Director, whether or not that individual is standing for re-election to the Board at that particular Annual Meeting, shall automatically be granted a Non-Statutory Option to purchase a specified number of shares of Common Stock, provided such individual has served as a non-employee Board member for at least six (6) months. The number of shares of Common Stock subject to each such annual automatic option grant will be determined by dividing \$20,000 by the Black-Scholes formula value of the option, as determined by the Company's independent financial advisors. However, in no event may such option grant exceed 10,000 shares of Common Stock. There shall be no limit on the number of such \$20,000-value option grants any one Eligible Director may receive over his or her period of Board service, and non-employee Board members who have previously been in the employ of the Corporation (or any Parent or Subsidiary) or who have otherwise received a stock option grant from the Corporation shall be eligible to receive one or more such annual option grants over their period of continued Board service.

Stockholder approval of this 1999 Restatement at the 1999 Annual Meeting shall constitute pre-approval of each option granted under this Article Five on or after the date of that Annual Meeting and the subsequent exercise of that option in accordance with the provisions of this Article Five.

B. **Exercise Price.**

1. The exercise price per share shall be equal to one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

C. **Option Term.** Each option shall have a term of ten (10) years measured from the option grant date.

D. **Exercise and Vesting of Options.** Each option shall be immediately exercisable for any or all of the option shares. However, any shares purchased under the option shall be subject to repurchase by the Corporation, at the exercise price paid per share, upon the Optionee's cessation of Board service prior to vesting in those shares. Each initial 5,000-share grant shall vest, and the Corporation's repurchase right shall lapse, in a series of four (4) successive equal annual installments over the Optionee's period of continued service as a Board member, with the first such installment to vest upon the Optionee's completion of one (1) year of Board service measured from the option grant date. Each annual \$20,000 value grant shall vest, and the Corporation's repurchase right shall lapse, upon the Optionee's completion of one (1) year of Board service measured from the option grant date.

E. **Termination of Board Service.** The following provisions shall govern the exercise of any options held by the Optionee at the time the Optionee ceases to serve as a Board member:

(i) The Optionee (or, in the event of Optionee's death, the personal representative of the Optionee's estate or the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution) shall have a twelve (12)-month period following the date of such cessation of Board service in which to exercise each such option.

(ii) During the twelve (12)-month exercise period, the option may not be exercised in the aggregate for more than the number of vested shares of Common Stock for which the option is exercisable at the time of the Optionee's cessation of Board service.

(iii) Should the Optionee cease to serve as a Board member by reason of death or Permanent Disability, then all shares at the time subject to the option shall immediately vest so that such option may, during the twelve (12)-month exercise period following such cessation of Board service, be exercised for all or any portion of those shares as fully-vested shares of Common Stock.

(iv) In no event shall the option remain exercisable after the expiration of the option term. Upon the expiration of the twelve (12)-month exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

II. CORPORATE TRANSACTION/CHANGE IN CONTROL/HOSTILE TAKE-OVER

A. In the event of any Corporate Transaction, the shares of Common Stock at the time subject to each outstanding option but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Immediately following the consummation of the Corporate Transaction, each automatic option grant shall terminate

and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

B. In connection with any Change in Control, the shares of Common Stock at the time subject to each outstanding option but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such option shall remain exercisable for such fully-vested option shares until the expiration or sooner termination of the option term or the surrender of the option in connection with a Hostile Take-Over.

C. Upon the occurrence of a Hostile Take-Over, the Optionee shall have a thirty (30)-day period in which to surrender to the Corporation each automatic option held by him or her. The Optionee shall in return be entitled to a cash distribution from the Corporation in an amount equal to the excess of (i) the Take-Over Price of the shares of Common Stock at the time subject to the surrendered option (whether or not the Optionee is otherwise at the time vested in those shares) over (ii) the aggregate exercise price payable for such shares. Such cash distribution shall be paid within five (5) days following the surrender of the option to the Corporation. Stockholder approval of this 1999 Restatement at the 1999 Annual Meeting shall constitute pre-approval of each option granted with such a surrender provision on or after the date of that Annual Meeting and the subsequent surrender of that option in accordance with the provisions of this Section II.C. No additional approval of the Plan Administrator or the Board shall be required at the time of the actual option surrender and cash distribution.

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments shall also be made to the exercise price payable per share under each outstanding option, *provided* the aggregate exercise price payable for such securities shall remain the same.

E. The grant of options under the Automatic Option Grant Program shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

III. REMAINING TERMS

The remaining terms of each option granted under the Automatic Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

Such election must be filed with the Corporation's Chief Financial Officer prior to first day of the calendar year for which the annual retainer fee and attendance fees which are the subject of that election are otherwise payable, or, with respect to newly eligible non-employee Board members, prior to the first day of the fiscal quarter beginning after they became eligible. Each non-employee Board member who files such a timely election shall automatically be granted an option under this Director Fee Option Grant Program at the end of each fiscal quarter in the calendar year for which the annual retainer and attendance fees which are the subject of that election would otherwise be payable in cash.

II. OPTION TERMS

Each option shall be a Non-Statutory Option governed by the terms and conditions specified below.

A. Exercise Price.

1. The exercise price per share shall be thirty-three and one-third percent ($33\frac{1}{3}\%$) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall become immediately due upon exercise of the option and shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. **Number of Option Shares.** The number of shares of Common Stock subject to the option shall be determined pursuant to the following formula (rounded down to the nearest whole number):

$$X = A / (B * 66\frac{2}{3}\%), \text{ where}$$

X is the number of option shares,

A is the portion of the annual retainer fee plus the portion of any attendance fees earned during the quarter subject to the non-employee Board member's election, and

B is the Fair Market Value per share of Common Stock on the option grant date.

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

C. **Exercise and Term of Options.** The option shall be fully vested at the time of grant. Each option shall have a maximum term of ten (10) years measured from the option grant date.

D. **Termination of Board Service.** Should the Optionee cease Board service for any reason (other than death or Permanent Disability) while holding one or more options under this Director Fee Option Grant Program, then each such option shall remain exercisable, for any or all of the shares for which the option is exercisable at the time of such cessation of Board service, until the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of such cessation of Board service.

E. **Death or Permanent Disability.** Should the Optionee's service as a Board member cease by reason of death or Permanent Disability, then each option held by such Optionee under this Director Fee Option Grant Program may be exercised for any or all of those shares as fully-vested shares until the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of such cessation of Board service.

Should the Optionee die after cessation of Board service but while holding one or more options under this Director Fee Option Grant Program, then each such option may be exercised, for any or all of the shares for which the option is exercisable at the time of the Optionee's cessation of Board service (less any shares subsequently purchased by Optionee prior to death), by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution. Such right of exercise shall lapse, and the option shall terminate, upon the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the three (3)-year period measured from the date of the Optionee's cessation of Board service.

III. CORPORATE TRANSACTION/ CHANGE IN CONTROL/ HOSTILE TAKE-OVER

A. In the event of any Corporate Transaction while the Optionee remains a Board member, each outstanding option held by such Optionee under this Director Fee Option Grant Program, to the extent the option is not already vested, shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become exercisable for all the shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. Each such outstanding option shall terminate

immediately following the Corporate Transaction, except to the extent assumed by the successor corporation (or parent thereof) in such Corporate Transaction. Any option so assumed and shall remain exercisable for the fully-vested shares until the *earlier* of (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of the Optionee's cessation of Board service.

B. In the event of a Change in Control while the Optionee remains in Service, each outstanding option held by such Optionee under this Director Fee Option Grant Program shall remain exercisable until the *earlier* or (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of the Optionee's cessation of Service.

C. Upon the occurrence of a Hostile Take-Over, the Optionee shall have a thirty (30)-day period in which to surrender to the Corporation each outstanding option granted him or her under the Director Fee Option Grant Program. The Optionee shall in return be entitled to a cash distribution from the Corporation in an amount equal to the excess of (i) the Take-Over Price of the shares of Common Stock at the time subject to each surrendered option over (ii) the aggregate exercise price payable for such shares. Such cash distribution shall be paid within five (5) days following the surrender of the option to the Corporation. No approval or consent of the Board or any Plan Administrator shall be required in connection with such option surrender and cash distribution.

D. The grant of options under the Director Fee Option Grant Program shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. REMAINING TERMS

The remaining terms of each option granted under this Director Fee Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

ARTICLE SEVEN MISCELLANEOUS

I. FINANCING

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

The Plan Administrator may permit any Optionee or Participant to pay the option exercise price under the Discretionary Option Grant Program or the purchase price of shares issued under the Stock Issuance Program by delivering a full-recourse, interest bearing promissory note payable in one or more installments. The terms of any such promissory note (including the interest rate and the terms of repayment) shall be established by the Plan Administrator in its sole discretion. In no event may the maximum credit available to the Optionee or Participant exceed the sum of (i) the aggregate option exercise price or purchase price payable for the purchased shares plus (ii) any Federal, state and local income and employment tax liability incurred by the Optionee or the Participant in connection with the option exercise or share purchase.

II. TAX WITHHOLDING

The Corporation's obligation to deliver shares of Common Stock upon the exercise of options or the issuance or vesting of such shares under the Plan shall be subject to the satisfaction of all applicable Federal, state and local income and employment tax withholding requirements.

III. EFFECTIVE DATE AND TERM OF THE PLAN

A. The Plan became effective with respect to the Discretionary Option Grant and the Stock Issuance Programs immediately upon the Plan Effective Date. The Automatic Option Grant Program became effective on the Underwriting Date. The Director Fee Option Grant Program shall become

effective upon shareholder approval of the proposal to incorporate the program into the Plan at the 1999 Annual Meeting.

B. The Plan was amended and restated by the Board on February 24, 1998 (the "1998 Restatement") to effect the following changes: (i) increase the maximum number of shares of Common Stock authorized for issuance over the term of the Plan from 525,000 shares to 1,025,000 shares, (ii) render the non-employee Board members who are serving as Plan Administrator eligible to receive option grants and direct stock issuances under the Discretionary Option Grant and Stock Issuance Programs in effect under the Plan, (iii) remove certain restrictions on the eligibility of non-employee Board members to serve as Plan Administrator, and (iv) effect a series of additional changes to the provisions of the Plan (including the stockholder approval requirements, the transferability of Non-Statutory Options and the elimination of the six (6)-month holding requirement as a condition to the exercise of stock appreciation rights) in order to take advantage of the amendments to Rule 16b-3 of the 1934 Act which exempts certain officer and director transactions under the Plan from the short-swing liability provisions of the federal securities laws. The 1998 Restatement was approved by the stockholders at the 1998 Annual Meeting. All option grants and direct stock issuances made prior to the 1998 Restatement shall remain outstanding in accordance with the terms and conditions of the respective instruments evidencing those options or issuances, and nothing in the 1998 Restatement shall be deemed to modify or in any way affect those outstanding options or issuances. The Plan was again amended and restated by the Board on April 6, 1999 (the "1999 Restatement") to (i) incorporate the Salary Investment Option Grant and Director Fee Option Grant Programs and (ii) change the calculation of the number of shares of common stock for which continuing non-employee Board members are to be automatically granted stock options at each Annual Stockholder's Meeting, beginning with the 1999 Annual Meeting, from a fixed 1,000 shares per non-employee Board member to a grant worth \$20,000 based upon a Black-Scholes option valuation, with the number of shares subject to each such automatic grant not to exceed 5,000 shares. The 1999 Restatement was approved by the stockholders at the 1999 Annual Meeting. The Plan was again amended and restated by the Board on April 4, 2000 and on April 24, 2000 (the "2000 Restatement") to increase the maximum number of shares of Common Stock authorized for issuance over the term of the Plan from 1,025,000 shares to 1,525,000 shares and to increase the limit on the annual Automatic Grants to non-employee directors to 10,000. The 2000 Restatement was approved by the stockholders at the 2000 Annual Meeting. The Plan was again amended and restated by the Board on March 30, 2001 (the "2001 Restatement") to increase the maximum number of shares of Common Stock authorized for issuance over the term of the Plan from 1,525,000 shares to 2,525,000 shares and to increase the maximum number of shares one person participating in the Plan may receive as options, separately exercisable stock appreciation rights and direct stock issuances to 500,000 shares of Common Stock in the aggregate per calendar year, beginning with the 2001 calendar year. The 2001 Restatement was approved by the stockholders at the 2001 Annual Meeting. The Plan was again amended and restated by the Board on March 1, 2003 (the "2003 Restatement") to increase the maximum number of shares of Common Stock authorized for issuance over the term of the Plan from 2,525,000 shares to 3,025,000 shares subject to the approval of the stockholders at the 2003 Annual Meeting. The Plan Administrator may make option grants and direct stock issuances under the Plan at any time before the date fixed herein for the termination of the Plan.

C. The Plan shall terminate upon the *earliest* of (i) June 19, 2006, (ii) the date on which all shares available for issuance under the Plan shall have been issued as fully-vested shares or (iii) the termination of all outstanding options in connection with a Corporate Transaction. Upon such plan termination, all outstanding option grants and unvested stock issuances shall thereafter continue to have force and effect in accordance with the provisions of the documents evidencing such grants or issuances.

IV. AMENDMENT OF THE PLAN

A. The Board shall have complete and exclusive power and authority to amend or modify the Plan in any or all respects. However, no such amendment or modification shall adversely affect the

Edgar Filing: WILLIS LEASE FINANCE CORP - Form DEF 14A

rights and obligations with respect to stock options or unvested stock issuances at the time outstanding under the Plan unless the Optionee or the Participant consents to such amendment or modification. In addition, certain amendments may require stockholder approval pursuant to applicable laws or regulations.

B. Options to purchase shares of Common Stock may be granted under the Discretionary Option Grant Program and shares of Common Stock may be issued under the Stock Issuance Program that are in each instance in excess of the number of shares then available for issuance under the Plan, provided any excess shares actually issued under those programs shall be held in escrow until there is obtained stockholder approval of an amendment sufficiently increasing the number of shares of Common Stock available for issuance under the Plan. If such stockholder approval is not obtained within twelve (12) months after the date the first such excess issuances are made, then (i) any unexercised options granted on the basis of such excess shares shall terminate and cease to be outstanding and (ii) the Corporation shall promptly refund to the Optionees and the Participants the exercise or purchase price paid for any excess shares issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate) for the period the shares were held in escrow, and such shares shall thereupon be automatically cancelled and cease to be outstanding.

V. USE OF PROCEEDS

Any cash proceeds received by the Corporation from the sale of shares of Common Stock under the Plan shall be used for general corporate purposes.

VI. REGULATORY APPROVALS

A. The implementation of the Plan, the granting of any stock option under the Plan and the issuance of any shares of Common Stock (i) upon the exercise of any granted option or (ii) under the Stock Issuance Program shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the stock options granted under it and the shares of Common Stock issued pursuant to it.

B.
