PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

June 24, 2005

This Proxy Statement is furnished to the shareholders of Apex Silver Mines Limited ("Apex Silver" or "we") in connection with the solicitation of proxies by the board of directors of Apex Silver to be voted at the annual meeting of shareholders on June 24, 2005, or at any postponements or adjournments of the annual meeting. Our annual meeting is being held for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting are first being mailed to our shareholders on or about May 20, 2005.

Only holders of our ordinary shares, par value \$0.01 per share, at the close of business on May 18, 2005, the record date, are entitled to notice of and to vote at the annual meeting. On the record date, 48,065,297 ordinary shares were issued, outstanding and entitled to vote. Each ordinary share outstanding on the record date is entitled to one vote. The holders of a majority of our ordinary shares issued and outstanding and entitled to vote at the annual meeting, present in person or by proxy, constitute a quorum.

If a shareholder abstains from voting on any matter, we intend to count the abstention as present for purposes of determining whether a quorum is present at the annual meeting for the transaction of business. Additionally, we intend to count broker "non-votes" as present for purposes of determining the presence or absence of a quorum for the transaction of business. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Abstentions will be treated as a vote against that proposal, but non-votes will not be tabulated for purposes of determining whether a proposal has been approved. Except in the case of non-votes, if a proxy is submitted without designating "For," "Against," or "Abstain" for any proposal, the ordinary shares represented by such proxy will be voted **FOR** such proposal.

Any proxy may be revoked at any time before it is voted by written notice to the Chairman, by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the annual meeting.

The cost of this proxy solicitation will be borne by Apex Silver. In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, telegraph or in person. We will also request banks and brokers to solicit their customers who have a beneficial interest in our ordinary shares registered in the names of nominees, and we will reimburse banks and brokers for their reasonable out-of-pocket expenses in doing so. In addition, we have engaged D.F. King & Co., Inc. to assist in our proxy solicitation. We anticipate the cost of these services will be approximately \$10,000, plus out-of-pocket expenses.

While shareholders may propose director nominees at any time, we must receive the required notice (described below) on or before the date set forth in the prior year's annual proxy statement under the heading "Shareholder Proposals" in order to be considered by the Committee in connection with our next annual meeting of shareholders (typically held in May or June of each year).

Shareholders wishing to recommend a director candidate to serve on the board may do so by providing advance written notice to the Chairman of the Nominating Committee which identifies the candidate and includes certain information regarding the nominating shareholder and the candidate. The Nominating Committee will evaluate the independence of directors and potential directors, as well as his or her business experience, or specialized skills or experience. Diversity of background and experience, including diversity of race, ethnicity, international background, gender and age, are also important factors in evaluating candidates for board membership. The Committee will also consider issues involving possible conflicts of interest of directors or potential directors.

Director Compensation

Our non-employee director compensation program consists of two principal components: share options and cash payments. The Non-Employee Directors' Share Plan provides for the automatic grant of (i) a fully vested and exercisable option to purchase a number of ordinary shares equal to \$50,000 divided by the closing price of the ordinary shares on the American Stock Exchange on the date of the grant to each non-employee director at the effective date of his or her initial election to the board of directors, (ii) a fully vested and exercisable option to purchase the number of ordinary shares equal to \$50,000 divided by the closing price of the ordinary shares on the American Stock Exchange on the date of the grant at the close of business of each annual meeting of the shareholders, and (iii) at the close of business of each meeting of the board of directors, a fully vested and exercisable option valued at \$3,000 calculated using the Black-Scholes option-pricing model to purchase ordinary shares with an exercise price equal to the closing price of the ordinary shares on the American Stock Exchange on such date, without regard to whether the non-employee director attends the meeting. During 2004, pursuant to the Non-Employee Directors' Share Plan, non-employee directors received as standard compensation the following options to purchase our ordinary shares:

Date of 2004 Grant	Number of Shares	Exercise Price
January 23	411	\$ 21.41
February 27	400	\$ 21.83
March 11	406	\$ 21.50
May 27	3,251	\$ 18.65
September 30	466	\$ 21.70
October 7	472	\$ 21.00
December 9	595	\$ 16.68

In addition, non-employee directors are paid \$600 for attendance at board meetings and \$500 for attendance at board committee meetings. We also reimburse our directors for all reasonable out-of-pocket costs incurred by them in connection with their services to us.

Mr. Hansard performs consulting services for Moore Capital Management, LLC. One or more investment portfolios managed by Moore Capital or its affiliates are shareholders of Apex Silver. For these consulting services and for time spent attending meetings of our board of directors, Moore Capital compensates Kingsfort Ltd., of which Mr. Hansard is an employee, 45,000 Great British Pounds per annum, and directly compensates Mr. Hansard 20,000 Great British Pounds per annum. Amounts paid by Moore Capital directly or indirectly to Mr. Hansard for attending our board meetings totaled approximately \$121,000 for 2004. Mr. Hansard may assign to Moore Capital's clients, who are shareholders of Apex Silver, ordinary shares he receives on the exercise of options granted to him as director compensation.

Share Option Grants

The following table contains further information concerning the share option grants made to our executive officers during the fiscal year ended December 31, 2004. In the event of a change of control (as defined in the 2004 Equity Incentive Plan), all unexercised options are immediately exercisable in full. The percentage of total options granted to employees is based on 399,000 options granted to employees in 2004 pursuant to the 2004 Equity Incentive Plan.

Amounts shown as potential realizable values are based on compounded annual rates of share price appreciation of five and ten percent over the 10-year term of the options, as mandated by rules of the Securities and Exchange Commission, and are not indicative of expected share price performance. Actual gains, if any, on share option exercises are dependent on future performance of the overall market conditions, as well as the option holders' continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved or may be exceeded. The indicated amounts are net of the option exercise price but before taxes that may be payable upon exercise.

Report of the Compensation Committee of the Board of Directors

Governance and Policy

The Compensation Committee is appointed by the Board to establish, administer and evaluate the compensation philosophy, policies and plans for our non-employee directors and executive officers, to make recommendations to the Board regarding director and executive compensation and to review the performance and determine the compensation of our executive officers, based on criteria including the Company's performance and accomplishment of long-term strategic objectives.

Apex Silver's executive compensation plans are designed to attract, motivate and retain executives critical to the Company's long-term success and the creation of shareholder value. Fundamentally, our philosophy is to link compensation with the achievement of individual and Company annual and long-term performance goals. Our compensation programs include a equity component, which is designed to encourage share ownership and align the interests of our executives with those of our shareholders.

We believe that compensation decisions are complex and best made after a deliberate review of a number of factors, including Company performance, achievement of individual performance goals, the particular challenges faced by each executive, recommendations of management and the standards of our industry.

Our executive compensation program consists of three principal components: base salary, awards under the 2004 Equity Incentive Plan and discretionary bonus awards. These components are described below.

Base Salary. Executive salaries were established initially at levels consistent with the median salaries of mining companies of similar size and growth prospects. The Compensation Committee considered the factors listed above, as well as increases in the cost of living as reported in various indices, in making the salary adjustments implemented in 2004.

Edgar Filing: APEX SILVER MINES LTD - Form DEF 14A

2004 Equity Incentive Plan. In 2004, our shareholders approved the 2004 Equity Incentive Plan, under which we may grant incentive share options to employees. The Compensation Committee made share option grants in 2004 to executives that were consistent with our compensation philosophy of aligning the interests of executives with those of our shareholders and encouraging share ownership by executives. Specific grants in 2004 were determined in consideration of the factors listed above.

Discretionary Bonus Awards. For 2004, the Compensation Committee focused primarily on the Company's successful capital raising efforts, management's success in completion of the development plan and achieving other objectives for the development of the San Cristobal Project, successful additions to management and the contributions of specific executives in granting discretionary bonus awards. The same factors were considered in the decision to pay bonus awards in cash, rather than in restricted stock as in 2003.

Compensation of the Chief Executive Officers

Mr. Hulley, who had served as our Chief Executive Officer since 2002, resigned from that position effective October 11, 2004 and was replaced by Mr. Clevenger. Mr. Hulley's base salary for 2004 was \$353,053. In increasing Mr. Hulley's salary from 2003, the Compensation Committee considered Mr. Hulley's contribution to the advancement of our development goals for the San Cristobal Project, and overall Company performance and reviewed the salaries of executives in similarly sized mining companies. In determining the cash bonus and options awarded to Mr. Hulley, the Committee considered the successful capital raising efforts in 2004, completion of the updated Development Plan for the Company's San Cristobal Project and the commencement of development, and his success in recruiting an exceptionally well-qualified Chief Executive Officer, Chief Operating Officer, and other operating management to build and operate San Cristobal and continue to grow the company.

Mr. Clevenger's base salary for 2004 was \$410,000, of which he received \$93,271 after joining the Company on October 11. He received 40,000 shares of restricted stock and 100,000 options to acquire ordinary shares under the 2004 Equity Incentive Plan on the commencement of his service as our Chief Executive Officer. In determining Mr. Clevenger's base salary, the Compensation Committee reviewed Mr. Clevenger's extensive and varied experience in the mining industry, including his experience in South America with large mining investments and the construction and operations of large mines, the salaries of executives in similarly sized mining companies, and the various elements of Mr. Clevenger's total compensation package.

Each of the members of the Audit Committee is independent as defined by the American Stock Exchange listing standards.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and us that might bear on the auditors' independence, consistent with Independence Standards Board Statement No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to

the auditors' independence. The Audit Committee also discussed with management and the auditors the quality and adequacy of our internal controls, responsibilities, budget and staffing. The Audit Committee reviewed with the auditors their audit plan, audit scope and identification of audit risks. The Audit Committee discussed with the auditors the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee reviewed and discussed the Company's interim financial statements filed on Form 10-Q and the Company's audited financial statements for the fiscal year ended December 31, 2004 with management and the auditors. Performance Graph

The graph below compares the cumulative total shareholder return as of December 31, 2004 on \$100 invested in our ordinary shares as of January 1, 2000, in the stocks comprising the Media General Silver Index, which includes only companies with silver mining investments, and in the stocks comprising the S&P 500 Index, assuming the reinvestment of all dividends.

Compensation Committee Interlocks and Insider Participation

Neither Mr. Conger nor Mr. Soros, the members of the Compensation Committee in 2004, has ever been an officer or employee of Apex Silver or its subsidiaries. All relationships between these directors and Apex Silver and its subsidiaries required to be disclosed have been disclosed elsewhere in this proxy statement.

Employment Agreements and Change-in-Control Arrangements

At the time we offered employment to Messrs. Hulley, Clevenger, Edwards and Lettes, we provided each executive officer with a letter indicating the terms of his employment with Apex Silver. All executives are employed on an at-will basis and may be terminated at any time. Under the terms of their offer letters, Messrs. Hulley, Clevenger, Edwards and Lettes each have agreed not to join a company whose primary business is the acquisition and development of silver mines for two years after termination of employment with us.

We have also entered into change of control agreements with Messrs. Hulley, Clevenger, Edwards and Lettes. The agreements become effective upon a change of control as defined in the agreements. If we terminate an executive other than for cause, disability or death or the executive terminates his employment for good reason (as such terms are defined in the agreements), the executive will become entitled to a specific severance payment equal to three times, for Messrs. Hulley, Clevenger and Edwards, and two times, for Mr. Lettes, the sum of the executive's base salary plus 100 percent of the executive's target bonus amount (as defined in our incentive bonus plan) multiplied by the executive's annual base salary. The agreements provide that if any payments under the agreements would cause us to have paid an "excess parachute payment" as defined in Section 280G(b)(1) of the Internal Revenue Code, the payment will be reduced to the highest amount that will not cause us to have paid an excess parachute payment. In addition, if we terminate the executive other than for cause, disability or death or the executive terminates his employment for good reason, the executive shall be entitled, for a 36 month period for Messrs. Hulley, Clevenger and Edwards, and for a 24 month period for Mr. Lettes, to certain life, disability, accident, medical and dental insurance benefits.

We have adopted a severance plan which provides benefits to employees who cease to be employed by us due to involuntary termination without cause. As defined in the plan, involuntary termination without cause includes job elimination or consolidation, closure of a work site, reorganization or merger or reduction in work force, and does not include disability, retirement or voluntary resignation. Messrs. Hulley, Clevenger, Edwards and Lettes are eligible to participate in the plan. Under the plan, unless otherwise agreed as described below, each executive would receive severance pay based on his years of continuous employment, with a minimum of 16 weeks of pay and a maximum of 52 weeks of pay, plus medical, dental, life insurance, outplacement and other benefits. If upon termination of an executive's employment he receives benefits under his change of control agreement, he would not receive benefits under the severance plan.

Our 2004 Equity Incentive Plan, pursuant to which Messrs. Hulley, Clevenger, Edwards and Lettes hold options, provides that in the event of a change in control (as defined in the 2004 Equity Incentive Plan), all unvested options become exercisable in full.

Certain Transactions

We made a \$300,000 relocation advance to Alan Edwards, our Chief Operating Officer, in August 2004 pursuant to our relocation policy, which provides for a 90 day interest-free advance to an employee who completes the purchase of a residence in the new location prior to completing the sale of the employee's residence in the former location. The advance was fully repaid by Mr. Edwards in November 2004.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of ordinary shares and other equity securities and to furnish us with copies of such reports.

The Form 4s for stock options granted on January 23, 2004 to each of Messrs. Conger, Hanna, Hansard, Hoegh, Kaplan, Morano, Smith and Soros were not filed until March 2, 2004. The Form 4 for stock and stock option awards to Mr. Edwards on June 21, 2004 was not filed until June 25, 2004 and the Form 4 for stock option awards to Mr. Hanna on September 30, 2004 was not filed until October 22, 2004.

Recommendation and Required Vote

The affirmative vote of the holders of a majority of the ordinary shares entitled to vote and represented in person or by proxy at the annual meeting is required for the election of directors. **The Board of Directors unanimously recommends that the Company's shareholders vote FOR the election of Ove Hoegh, Keith R. Hulley and Paul Soros.**

**PROPOSAL NO. 2 PROPOSAL TO AMEND THE MEMORANDUM OF ASSOCIATION TO
INCREASE AUTHORIZED SHARE CAPITAL**

Introduction

Since our inception in 1997, our memorandum of association has provided an authorized share capital of U.S.\$750,000 divided into 75,000,000 shares of nominal or par value of U.S.\$0.01. At April 7, 2005, on a fully diluted basis, we had 64,261,381 ordinary shares outstanding or reserved for issuance. In addition to the 47,704,747 ordinary shares outstanding, a total of 2,287,285 ordinary shares may be issued upon exercise of existing stock options and an additional 1,940,000 ordinary shares have been reserved for future issuance under our 2004 Equity Incentive Plan and Non-Employee Director Share Plan. In addition, 450,000 ordinary shares have been reserved for issuance upon exercise of outstanding warrants and an additional 11,879,350 ordinary shares have been reserved and may be issued upon conversion of our 2.875% and 4.0% Senior Subordinated Convertible Notes due 2024.

The board has determined that it is in the best interest of the shareholders to increase the authorized share capital to 175,000,000 ordinary shares with a par value of \$0.01. The Board believes that it is desirable to have the additional authorized shares available for stock dividends or splits, future financing and acquisition transactions, strategic alliances, stock compensation, and other general corporate purposes. The additional ordinary shares would be available for issuance without further action by the shareholders and without the accompanying delay and expense involved in calling a special meeting of shareholders, except as may otherwise be required by law or the listing rules of the American Stock Exchange or other exchange or system on which all our shares are traded or quoted. The issuance of any additional ordinary shares may result in a dilution of the shareholders' current respective equity interests in the Company as well as a dilution in the voting power of the shareholders.

Although, at present, we have no agreements, commitments or plans for the issuance of any ordinary shares other than as described in the first paragraph above, the Board of Directors believes it is important that we are able to respond quickly to opportunities that may arise without incurring the additional time and expense of a special shareholders' meeting.

Proposed Amendment to the Memorandum of Association

Our board or directors has approved, and proposes and recommends to shareholders that they adopt, the following ordinary resolution to increase authorized share capital:

RESOLVED, that the authorized share capital of Apex Silver be increased:

- (a) from U.S.\$750,000.00 divided into 75,000,000 shares of a nominal or par value of U.S.\$0.01 each,
- (b) to U.S.\$1,750,000.00 divided into 175,000,000 ordinary shares of a nominal or par value of U.S.\$0.01.

Recommendation and Required Vote

The affirmative vote of a majority of our ordinary shares entitled to vote and who do vote (in person or by proxy) at the meeting is required to approve the ordinary resolution. Our Board has unanimously approved the proposed amendment and believes it is in the best interest of the Company and its shareholders. **The Board of Directors unanimously recommends the Company's shareholders vote FOR adoption of the ordinary resolution.**

**PROPOSAL NO. 3 PROPOSAL TO AMEND THE MEMORANDUM OF ASSOCIATION TO
AUTHORIZE "BLANK CHECK" PREFERENCE SHARES**

Introduction

Our memorandum of association currently permits us to issue preference shares with such rights and preferences as may be determined by the board of directors, provided, however, that the rights assigned to the preference shares may not prejudice the holders of the ordinary shares. For example, without specific shareholder approval, we may not issue preference shares with voting rights exceeding those of our ordinary shares. We have never issued any preference shares.

The board has determined that it is the best interest of shareholders to amend our memorandum of association to increase our share capital by U.S.\$250,000.00 and to authorize the creation of 25,000,000 preference shares, par value \$.01 per share (the "Preference Shares"), with "blank check" authority vested in the board of directors.

If this proposal is approved, the terms of preference shares, if any, will be determined by the board of directors at the time the preference shares are issued. Under Cayman Islands law, the board of directors may lawfully provide for preferred dividends; liquidation preferences; conversion and exchange rights, including the prices or prices and rates of conversion and exchange and adjustments, if any; and other preferences, powers, qualifications, rights and privileges, but may not provide special voting rights not otherwise afforded to the holders of ordinary shares.

Subject to the limitations of Cayman Islands law, including those described above, and other applicable laws, including the rules and regulations of the Securities and Exchange Commission and the American Stock Exchange or other applicable exchange or quotations system, the Board of Directors would be authorized, without further action from the shareholders, to provide for the issuance of all or any of the preference shares in one or more classes or series, specifying the number of shares to be included therein, the distinguishing designations of each class and the preferences, limitations and relative rights applicable to each class.

The board of directors believes that the authority to issue preference shares will provide us with additional flexibility in our efforts to raise capital and structure acquisitions and other strategic alliances. Although, at present, we have no agreements, commitments or plans for the issuance of any preference shares, the board of directors believes it is important that we are able to respond quickly to opportunities that may arise without incurring the additional time and expense of a special shareholders' meeting.

Proposed Amendment to the Memorandum of Association

Our Board has approved, and proposes and recommends to shareholders that they adopt, the following ordinary resolution to authorize "blank check" preference shares:

RESOLVED, that the authorized share capital of Apex Silver be increased by U.S.\$250,000.00, divided into 25,000,000 preference shares of a nominal or par value of U.S.\$0.01 each, with such rights and preferences as may be determined from time to time by the Board of Directors.

Recommendation and Required Vote

The affirmative vote of a majority of our ordinary shares entitled to vote and who do vote (in person or by proxy) at the meeting is required to approve the ordinary resolution. Our Board has unanimously approved the proposed amendment and believes it is in the best interest of the Company and its shareholders. **The Board of Directors unanimously recommends the Company's shareholders vote FOR adoption of the ordinary resolution.**

PROPOSAL NO. 4 SPECIAL RESOLUTION AMENDMENT OF ARTICLE 18

Article 18(b) of our current Articles provides that a general meeting of shareholders may be convened by any two shareholders and that the expenses of the meeting must be paid by the Company. While it is not unusual for shareholders to have the right to convene a general shareholders meeting, it is very unusual for that right to be given to such a small number of shareholders. Pursuant to this provision, it may be possible for two shareholders, each holding only one ordinary share, to convene a general shareholders meeting. This provision, if it were exercised successfully, would result in significant expense to the Company for the preparation, printing and distribution of proxy materials to all beneficial owners and for other expenses incurred to hold the meeting. The existing provision could be used to advance the special interests of a tiny minority of our shareholders, which may not be in the interest of the majority of our shareholders.

The board believes it is appropriate for shareholders to be able informally to bring matters to the attention of the board as well as formally to convene shareholder meetings in certain circumstances. The board has established a procedure for any securityholder to communicate with the board or any specific member or committee of the board. We have also adopted procedures for shareholders to nominate individuals to serve on the board. Further, shareholders may prepare and submit specific proposals to the board for inclusion at the annual meeting. All of these are described on this proxy statement.

In addition to the right of two shareholders to convene a general meeting described above, Section 18(b) permits a majority of shareholders to convene a general meeting. The board believes it is in the best interest of all shareholders to permit shareholders who, individually or as a group, hold twenty percent (20%) or more of our then outstanding shares to convene a general meeting of shareholders. By limiting this power to only a significant group of shareholders, but reducing the number of shares permitted to convene a general meeting from a majority to 20%, the board believes we have provided an appropriate balance between our goal of providing shareholders with the ability to directly influence our policies and our need to protect the Company and its shareholders from the unnecessary expense that would be incurred if we could be required to hold shareholders meetings as currently permitted by Article 18.

Proposed Amendment to the Articles of Association

Our Board has approved, and proposes and recommends to shareholders that they adopt, the following special resolution to amend Article 18(b) of the Articles of Association:

RESOLVED, as a Special Resolution, that Article 18(b) of the Articles of Association be deleted and replaced in its entirety as follows:

- (b) Except as otherwise required by law, and subject to the terms of any class or series of shares issued by the Company having a preference over the ordinary shares as to dividends or upon liquidation, or to elect directors, general meetings may also be convened upon the written request of Shareholders holding twenty percent (20%) or more of the outstanding ordinary shares generally entitled to vote.

Recommendation and Required Vote

Approval of the amendment to Article 18 of the Articles of Association requires a special resolution passed by the affirmative vote of at least two-thirds of our ordinary shares entitled to vote and who do vote (in person or by proxy) at the meeting. **The Board of Directors unanimously recommends the Company's shareholders vote FOR the approval of the amendment and restatement of Article 18(b) of the Articles of Association.**

PROPOSAL NO. 5. SPECIAL RESOLUTION APPROVAL OF THE AMENDED AND RESTATED MEMORANDUM AND ARTICLES OF ASSOCIATION

In addition to the specific proposals discussed above, the Board of Directors has adopted, subject to shareholder approval, certain other amendments to the Company's Articles of Association. These amendments are described below and the Amended and Restated Memorandum and Articles of Association ("Amended and Restated Articles") reflecting these amendments is attached as Appendix A.

Summary of Proposed Changes

The following is a summary of the substantive changes contained in the Amended and Restated Articles. This summary does not describe all of the new or additional terms contained in the Amended and Restated Articles. Shareholders are urged to review the Amended and Restated Articles in its entirety.

Subject	Existing Provision	Proposed Provision	Purpose of Change
Division of Share Capital (Article 12(b))	The Company's existing shares may be sub-divided into shares of a smaller amount than is fixed by the Memorandum of Association.	Same, with the addition of a proviso which requires the amount paid and the amount unpaid, on each reduced share, to be the same as it was in the case of the share from which the reduced share was derived.	To update the language to reflect current Cayman Islands law.
Adjourned Meetings (Article 23)	A general meeting that is adjourned for lack of a quorum is automatically reconvened at the same time one week later. At the reconvened meeting, there is no quorum requirement.	The date and time of a re-convened meeting will be selected by the Chairman and the quorum requirement at the re-convened meeting will be the same as the quorum requirement at the original meeting.	To provide for sufficient flexibility in the unlikely event of an adjourned shareholder meeting.
Notice for Adjourned Meetings (Article 26)	When a meeting is adjourned for 10 days or more, notice of the adjourned meeting shall be given as in the case of the original meeting.	When a meeting is adjourned for 20 days or more, notice of the adjourned meeting shall be given as in the case of the original meeting	To provide for sufficient flexibility in the unlikely event of an adjourned shareholder meeting and to avoid the costly and often unnecessary requirement to provide additional notice to all shareholders unless the meeting is adjourned for a substantial period of time.
Removal of Director (Article 41(e))	A Director may be removed upon the affirmative vote of the holders of a majority representing eighty percent (80%) in value of the outstanding shares.	The revised Articles will delete the phrase "in value."	The phrase "in value" may incorrectly be interpreted to require that the votes of different classes of voting shares must be weighted according to the relative value of each class of shares. The correct vote is eighty percent (80%) of the outstanding voting shares.

Edgar Filing: APEX SILVER MINES LTD - Form DEF 14A

Delegation to Board Committees (Articles 53, 54(c) and 60)	The Directors may delegate to one or more committees.	The revised Articles replace the term "Shareholder" with the term "member".	Board committees will consist of one or more members of the Board. There is no requirement that the committees be made up of Shareholders. This amendment corrects a drafting error in the original Articles.
Director Meetings (Article 59)	At least one meeting of the Board of Directors must be held in the Cayman Islands in each calendar year.	This provision will be deleted.	The provision is no longer required pursuant to Cayman Islands law.
Indemnification (Article 85(a))	Indemnification provisions apply to officers and employees only at the discretion of the Board.	Indemnification provisions will automatically apply to officers and employees.	Automatic indemnification of employees and officers is more typical of similarly-sized public companies and will improve the Company's ability to attract and retain qualified officers and employees.
Amendment of Memorandum and Articles of Association (Article 88)	The Articles provide that Articles 41(b) and 41(e) can only be amended upon the affirmative vote of the holders of a majority representing eighty percent (80%) in value of the outstanding shares.	The revised Articles will delete the phrase "in value."	The phrase "in value" may incorrectly be interpreted to require that the votes of different classes of voting shares must be weighted according to the relative value of each class of shares. The correct vote is eighty percent (80%) of the outstanding voting shares.

In addition to the recommended changes described above, the Amended and Restated Articles will also include other minor technical revisions and corrections that will not involve any substantive changes. These changes include:

the deletion of certain text in Article 17 which is duplicative of text contained in Article 15;

the addition of text in the first sentence of Article 26 to clarify that the Chairman can be directed to adjourn a meeting only by ordinary resolution of the shareholders;

the addition of text at the end of Article 27 to note that matters not decided by ordinary resolution may be required to be decided by the supermajority vote contained in Article 88 (the previous version incorrectly implied that an ordinary resolution or special resolution are the only two types of vote which may be required pursuant to the Articles);

the removal of dated text in Article 41(b) regarding the initial terms of the Company's directors;

the correction of a typographical error in the last sentence of Article 51; and

the deletion of the form of stock transfer (Article 9), the form of proxy (Article 37) and the form of proxy for an alternate director (Article 49).

CAPITALIZATION OF PROFITS

~~79-78.~~

The Company may upon the recommendation of the Directors resolve that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Company's reserve accounts or to the credit of the profit and loss account or otherwise available for distribution, and accordingly that such sum be set free for distribution amongst the Shareholders who would have been entitled thereto if distributed by way of dividend and in the same proportions on condition that the same be not paid in cash but be applied either in or towards paying up any amounts for the time being unpaid on any shares held by such Shareholders respectively or paying up in full unissued shares or debentures of the Company to be allotted and distributed credited as fully paid up to and amongst such Shareholders in the proportion aforesaid, or partly in the one way and partly in the other, and the Directors shall give effect to such resolution; Provided always that a share premium account and capital redemption reserve may only be applied in accordance with the provisions of the Law.
