**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION**
WASHINGTON, D.C. 20549

FORM 10-K

(Mark One)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

for the fiscal year ended December 31, 2009

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

for the transition period from _____ to _____.
Commission file number 000-21640

STATION CASINOS, INC.

(Exact name of registrant as specified in its charter)

Nevada

(State or other jurisdiction of incorporation or
organization)

88-0136443

(I.R.S. Employer Identification No.)

1505 South Pavilion Center Drive, Las Vegas, Nevada 89135

(Address of principal executive offices, Zip Code)

Registrant's telephone number, including area code: **(702) 495-3000**

Securities registered pursuant to Section 12(b) of the Act: **None**

Securities registered pursuant to Section 12(g) of the Act: **Common Stock, \$0.01 par value**

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Edgar Filing: STATION CASINOS INC - Form 10-K

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to the Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

The aggregate market value of the voting common stock held by non-affiliates (all other persons other than executive officers or directors) of the registrant as of June 30, 2009 was \$0.

As of January 31, 2010, there were 41.7 shares outstanding of the registrant's voting common stock and 41,674,838 shares outstanding of the registrant's non-voting common stock.

Documents Incorporated by Reference

The information required by Part III (Items 10, 11, 12, 13 and 14) will be filed with the Commission not later than 120 days after the end of the fiscal year as an amendment to this Annual Report on Form 10-K.

PART I

ITEM 1. BUSINESS

Unless the context indicates otherwise, all references to the "Company", "Station", "we", "our", "ours" and "us" refer to Station Casinos, Inc. and its consolidated subsidiaries.

Overview of Recent Developments

As a result of the continuing macroeconomic conditions, including the credit crisis and a decrease in consumer confidence levels, we have experienced a significant reduction in net revenues.

On July 28, 2009, the Company and its affiliates FCP Holding Inc., FCP VoteCo, LLC, Fertitta Partners, LLC, FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC (collectively, the "Debtors") filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada (the "Bankruptcy Court") under chapter 11 of title 11 of the United States Code. These chapter 11 cases are being jointly administered under the caption In re Station Casinos, Inc., et al Debtors Case No. 09-52470 (the "Chapter 11 Case"). On February 10, 2010, GV Ranch Station, Inc., a wholly-owned subsidiary of Station Casinos, Inc. that manages and owns 50% of Green Valley Ranch Resort Spa Casino, filed a voluntary petition in the Bankruptcy Court under chapter 11 of title 11 of the United States Code.

On March 24, 2010, the Debtors filed a joint plan of reorganization under Chapter 11 of the Bankruptcy Code (the "Joint Plan of Reorganization"). As part of the Joint Plan of Reorganization, the mortgage lenders to FCP Propco, LLC ("Propco"), holding debt secured by Red Rock Casino Resort Spa, Palace Station, Boulder Station, and Sunset Station (the "Propco Properties"), will become the equity owners of a newly-formed company and will sell 46% of the equity in that new company to an affiliate of Fertitta Gaming LLC, a newly-formed entity owned by Frank Fertitta III and Lorenzo Fertitta, who will make a significant new investment to purchase their equity in the new company. The remaining equity will be owned primarily by the Propco Lenders and Colony Capital, who will also be making a new investment in the company. Fertitta Gaming, an entity owned by the Fertittas, will also manage the Propco Properties under a long-term management agreement. The Joint Plan of Reorganization also calls for the Company to seek to conduct a sale process for the remaining assets of the Company, under the supervision of the Bankruptcy Court.

The Joint Plan of Reorganization and the disclosure statement have not yet been approved by the Bankruptcy Court and are subject to further negotiations with creditors of the Company and its subsidiaries. As a result, the Joint Plan of Reorganization and the disclosure statement may be materially modified before approval. In addition to customary Chapter 11 proceedings, the completion of the transaction is subject to Hart-Scott-Rodino and other antitrust reviews and customary closing conditions.

This report not intended to be, and should not in any way be construed as, a solicitation of votes on the Joint Plan of Reorganization. The Joint Plan of Reorganization and the related disclosure statement have been filed with the Bankruptcy Court and were filed with the Securities and Exchange Commission by the Company on its Current Report on Form 8-K dated March 24, 2010, which is publicly available at <http://www.sec.gov>. The Joint Plan of Reorganization and the disclosure statement may not be relied on for any purpose until a determination by the Bankruptcy Court is made that the proposed disclosure statement contains adequate information, as required by the U.S. Bankruptcy Code. Following Bankruptcy Court approval of the disclosure statement and related voting solicitation procedures, the Company will solicit acceptances of the plan and seek its confirmation by the Bankruptcy Court. There can be no assurance that such plan acceptances or confirmation will be obtained.

Edgar Filing: STATION CASINOS INC - Form 10-K

The Company's direct and indirect subsidiaries that operate its hotel and casino properties have not filed for bankruptcy relief and continue to operate their businesses in the ordinary course. In connection with the filing of the Chapter 11 Case, on July 28, 2009, the Company entered into a forbearance agreement with the lenders holding a majority of the commitments under its senior secured credit facility (the "Credit Agreement") pursuant to which the lenders agreed, among other things, to forbear from exercising their default-related rights, remedies and powers or privileges against certain subsidiaries that guarantee the Company's obligations under the Credit Agreement. The Forbearance Agreement expired on January 31, 2010.

It is probable that a plan of reorganization would require the issuance of common stock or common stock equivalents.

Merger

On November 7, 2007, the Company completed its merger (the "Merger") with FCP Acquisition Sub, a Nevada corporation ("Merger Sub"), pursuant to which Merger Sub merged with and into the Company with the Company continuing as the surviving corporation. The Merger was completed pursuant to the Agreement and Plan of Merger (the "Merger Agreement"), dated as of February 23, 2007 and amended as of May 4, 2007, among the Company, Fertitta Colony Partners LLC, a Nevada limited liability company ("FCP"), and Merger Sub.

As a result of the Merger, 24.1% of the issued and outstanding shares of non-voting common stock of the Company are owned by Fertitta Partners LLC, a Nevada limited liability company ("Fertitta Partners"), which is owned by affiliates of Frank J. Fertitta III, Chairman, Chief Executive Officer and President of Station, affiliates of Lorenzo J. Fertitta, Vice Chairman of Station, affiliates of Blake L. Sartini and Delise F. Sartini, and certain officers and other members of management of the Company. The remaining 75.9% of the issued and outstanding shares of non-voting common stock of the Company are owned by FCP Holding, Inc., a Nevada corporation ("FCP HoldCo") and a wholly-owned subsidiary of FCP. FCP is owned by an affiliate of Colony Capital, LLC ("Colony"), affiliates of Frank J. Fertitta III and Lorenzo J. Fertitta and certain officers and other members of management. Substantially simultaneously with the consummation of the Merger, shares of voting common stock of Station were issued for nominal consideration to FCP VoteCo LLC, a Nevada limited liability company ("FCP VoteCo"), which is owned equally by Frank J. Fertitta III, Lorenzo J. Fertitta and Thomas J. Barrack, Jr., the Chairman and Chief Executive Officer of Colony.

At the effective time of the Merger, each outstanding share of our common stock, including any rights associated therewith (other than shares of our common stock owned by FCP, Merger Sub, FCP HoldCo, Fertitta Partners or any wholly-owned subsidiary of the Company or shares of our common stock held in treasury by us) was cancelled and converted into the right to receive \$90 in cash, without interest. Following the consummation of the Merger, the Company is privately owned through FCP HoldCo, Fertitta Partners and FCP VoteCo. Station common stock ceased trading on the New York Stock Exchange at market close on November 7, 2007, and is no longer listed on any exchange or quotation system. The Company's voting common stock is registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended.

Forward-looking Statements

When used in this report and elsewhere by management from time to time, the words "may", "might", "could", "believes", "anticipates", "expects" and similar expressions are intended to identify forward-looking statements with respect to our financial condition, results of operations and our business including our reorganization plan, expansions, development and acquisition projects, legal proceedings and employee matters. Certain important factors, including but not limited to, financial market risks, could cause our actual results to differ materially from those expressed in our forward-looking statements. Further information on potential factors which could affect our financial condition, results of operations

and business including, without limitation, failure to obtain approval of the Joint Plan of Reorganization, our ability to effect a successful restructuring, the ability to recognize the benefits of the Merger, the impact of the substantial outstanding indebtedness, the ability to maintain existing management, integration of acquisitions, competition within the gaming industry, the cyclical nature of the hotel business and gaming business, economic conditions, development and construction risks, regulatory matters and litigation are included in our filings with the Securities and Exchange Commission. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date thereof. We undertake no obligation to publicly release any revisions to such forward-looking statements to reflect events or circumstances after the date hereof.

General

We are a gaming and entertainment company that currently owns and operates ten major hotel/casino properties (two of which are 50% owned) under the Station and Fiesta brand names and eight smaller casino properties (three of which are 50% owned), in the Las Vegas metropolitan area, as well as manages a casino for a Native American tribe. We were incorporated in the State of Nevada in 1976. Our growth strategy includes the master-planned expansions of our existing gaming facilities in Nevada, the development of gaming facilities on certain real estate we own or are under contract to acquire in the Las Vegas valley and Reno, Nevada, the evaluation and pursuit of additional acquisition or development opportunities in Nevada and other gaming markets and the pursuit of additional management agreements with Native American tribes.

We own and operate Palace Station Hotel & Casino ("Palace Station"), Boulder Station Hotel & Casino ("Boulder Station"), Texas Station Gambling Hall & Hotel ("Texas Station"), Sunset Station Hotel & Casino ("Sunset Station"), Santa Fe Station Hotel & Casino ("Santa Fe Station"), Red Rock Casino Resort Spa ("Red Rock"), Fiesta Rancho Casino Hotel ("Fiesta Rancho"), Fiesta Henderson Casino Hotel ("Fiesta Henderson"), Wild Wild West Gambling Hall & Hotel ("Wild Wild West"), Wildfire Casino Rancho ("Wildfire Rancho"), Wildfire Casino Boulder ("Wildfire Boulder"), Gold Rush Casino ("Gold Rush") and Lake Mead Casino. We also own a 50% interest in Green Valley Ranch Resort Spa Casino ("Green Valley Ranch"), Aliante Station Casino + Hotel ("Aliante Station"), Barley's Casino & Brewing Company ("Barley's"), The Greens Gaming and Dining ("The Greens") and Wildfire Lanes and Casino ("Wildfire Lanes"). Each of our casinos caters primarily to local Las Vegas area residents. We market the eight "Station" casinos (including Green Valley Ranch and Red Rock) together under the Station Casinos' brand and the two "Fiesta" casinos under the Fiesta brand, offering convenience and choices to residents throughout the Las Vegas valley with our strategically located properties. In addition, we manage Thunder Valley Casino ("Thunder Valley") in Sacramento, California on behalf of the United Auburn Indian Community ("UAIC").

Operating Strategy

Our operating strategy emphasizes attracting and retaining customers primarily from the local and repeat visitor markets. Our casino properties attract customers through:

innovative, frequent and high-profile promotional programs directed towards the local market;

focused marketing efforts and convenient locations;

aggressive marketing to the repeat visitor market; and

the development of strong relationships with specifically targeted travel wholesalers in addition to convention business at both Green Valley Ranch and Red Rock.

Although perceived value initially attracts a customer to our casino properties, actual value generates customer satisfaction and loyalty. We believe that actual value becomes apparent during the customer's visit through an enjoyable, affordable and high-quality entertainment experience. Las Vegas, which has

been one of the fastest-growing cities in the United States, is characterized by a historically strong economy and demographics, which include an increasing number of retirees and other active gaming customers; however, the city continues to be adversely affected by the national economic downturn. The current recession has had an adverse impact on the growth and economy of Las Vegas, resulting in significant declines in the local housing market and rising unemployment which has negatively affected consumer spending and customer visits to our properties.

We believe that our out-of-town patrons are also discerning customers who enjoy our value-oriented, high-quality approach. We believe that our patrons view our hotel and casino product as a preferable alternative to attractions located on the Las Vegas Strip and downtown Las Vegas. In markets outside of Las Vegas we believe customers come from farther distances, a radius in some cases of more than 150 miles; however, the business model for local customers remains the same.

Provide a High-Value Experience

Because we target the repeat customer, we are committed to providing a high-value entertainment experience for our customers in our restaurants, hotels, casinos and other entertainment amenities. We develop regional entertainment destinations for locals that include other amenities such as spas, movie theaters, bowling centers, ice skating, live entertainment venues and child care facilities. In addition, we believe the value offered by restaurants at each of our casino properties is a major factor in attracting local gaming customers, as dining is a primary motivation for casino visits by many locals. Through their restaurants, each of which has a distinct style of cuisine, our casino properties offer generous portions of high-quality food at reasonable prices. In addition, our operating strategy focuses on slot and video poker machine play. Our target market consists of frequent gaming patrons who seek not only a friendly atmosphere and convenience, but also higher than average payout rates. Because locals and repeat visitors demand variety and quality in their slot and video poker machine play, our casino properties offer the latest in slot and video poker technology.

As part of our commitment to providing a quality entertainment experience for our patrons, we are dedicated to ensuring a high level of customer satisfaction and loyalty by providing attentive customer service in a friendly, casual atmosphere. We recognize that consistent quality and a comfortable atmosphere stem from the collective care and friendliness of each employee. We began as a family-run business, and have maintained close-knit relationships among our management and we endeavor to instill among our employees this same sense of loyalty. Toward this end, we take a hands-on approach through active and direct involvement with employees at all levels.

Marketing and Promotion

We employ an innovative marketing strategy that utilizes frequent high profile promotional programs in order to attract customers and establish a high level of name recognition. In addition to aggressive marketing through television, radio and newspaper advertising, we have created and sponsored promotions that have become a tradition in the locals' market.

In 1999, we introduced a unified Boarding Pass player rewards program at our Station properties. The Boarding Pass program allows guests to earn points based on their level of gaming activity. The Fiesta properties offer a similar player rewards program called the Amigo Club. Members of the Boarding Pass and the Amigo Club can redeem points at any of our properties for free slot play, meals in any of the restaurants, hotel rooms, movie passes, entertainment tickets or merchandise from our gift shops.

We are heavily focused on using cutting edge technology to drive customer traffic with products such as our Jumbo Brand products, which include "Jumbo Pennies," "Jumbo Bingo," "Jumbo Keno" and "Jumbo Hold'Em." Other products include "Xtra Play Cash" and "Sports Connection," among others. We believe that these products create sustainable competitive advantages and distinguish us from our competition.

Edgar Filing: STATION CASINOS INC - Form 10-K

Properties

Set forth below is certain information as of December 31, 2009 concerning our properties, all of which we own and/or operate except as otherwise indicated. The properties are more fully described following the table.

	Hotel Rooms	Slots(1)	Gaming Tables(2)	Parking Spaces(3)	Acreage
Casino Properties					
Palace Station	1,000	1,722	46	2,600	30

- (1) Includes slot and video poker machines and other coin-operated devices.
- (2) Generally includes blackjack ("21"), craps, roulette, pai gow poker, mini baccarat, let it ride, three-card poker, Texas hold'em and wild hold'em. The Casino Properties also offer a keno lounge, with the exception of Green Valley Ranch and Aliante Station, and a bingo parlor, with the exception of Green Valley Ranch. The Casino Properties also offer a race and sports book and the Other Properties offer a sports book with the exception of The Greens and Lake Mead Casino.
- (3) Includes covered parking spaces of 1,900 for Palace Station, 1,900 for Boulder Station, 3,500 for Texas Station, 2,900 for Sunset Station, 4,500 for Santa Fe Station, 5,100 for Red Rock, 2,700 for Green Valley Ranch, 3,300 for Aliante Station, 1,000 for Fiesta Rancho and 1,100 for Fiesta Henderson.
- (4) We manage Thunder Valley on behalf of the UAIC.

Casino Properties

Palace Station

Palace Station is strategically located at the intersection of Sahara Avenue and Interstate 15, one of Las Vegas' most heavily traveled areas. Palace Station is a short distance from McCarran International Airport and from major attractions on the Las Vegas Strip and downtown Las Vegas. Palace Station features a turn-of-the-20th-century railroad station theme with non-gaming amenities including newly remodeled hotel rooms, seven full-service restaurants, a 275-seat entertainment lounge, four additional

Edgar Filing: STATION CASINOS INC - Form 10-K

bars, two swimming pools, an approximately 20,000-square-foot banquet and convention center, a gift shop and a non-gaming video arcade.

Palace Station's seven full-service restaurants have a total of approximately 1,300 seats. These restaurants offer a variety of high-quality food at reasonable prices, including the Grand Café (featuring American fare), Feast Buffet, The Broiler Steaks and Seafood, Pasta Palace (an Italian restaurant), Cabo Mexican Restaurant, and 18-seat Oyster Bar and Food Express Chinese Restaurant. In addition to these restaurants, Palace Station offers various fast-food outlets and the Bonkers Comedy Club.

Boulder Station

Boulder Station, which opened in August 1994, is strategically located on Boulder Highway, immediately adjacent to the Interstate 515 interchange. We believe that this highly visible location at this well-traveled intersection offers a competitive advantage relative to existing hotels and casinos located on Boulder Highway. Boulder Station is located approximately four miles east of the Las Vegas Strip and approximately four miles southeast of downtown Las Vegas. Boulder Station features a turn-of-the-20th-century railroad station theme with non-gaming amenities including five full-service restaurants, a 750-seat entertainment lounge, six additional bars, an 11-screen movie theater complex, a Kid's Quest child care facility, a swimming pool, a non-gaming video arcade and a gift shop.

Boulder Station's five full-service restaurants have a total of over 1,400 seats. These restaurants offer a variety of high-quality meals at reasonable prices, including, the 24-hour Boulder Café (featuring American and Chinese fare), Feast Buffet, The Broiler Steaks and Seafood, Pasta Palace (an Italian restaurant) and Guadalajara Bar & Grille (a Mexican restaurant). In addition to these restaurants, Boulder Station offers various fast-food outlets.

Texas Station

Texas Station, which opened in July 1995, is strategically located at the corner of Lake Mead Boulevard and Rancho Drive in North Las Vegas. Texas Station features a friendly Texas atmosphere, highlighted by distinctive early Texas architecture with non-gaming amenities including five full-service restaurants, a Kid's Quest child care facility, a 300-seat entertainment lounge, a 1,700-seat event center, eight additional bars, an 18-screen movie theater complex, a swimming pool, a non-gaming video arcade, a gift shop, a 60-lane bowling center and approximately 40,000 square feet of meeting and banquet space.

Texas Station's five full-service restaurants have a total of approximately 1,200 seats. These restaurants offer a variety of high-quality food at reasonable prices, including the 24-hour Coco's, Austins Steakhouse, San Lorenzo (an Italian restaurant), Feast Buffet (featuring seven different food stations) and Texas Star Oyster Bar, which has 110 seats. In addition to the Texas Station-themed restaurants, guests may also enjoy the unique features of several bars and lounges including Martini Ranch, Whiskey Bar, Garage Bar, A Bar and South Padre Honky Tonk. Texas Station also offers a variety of fast-food outlets to enhance the customers' dining selection.

Sunset Station

Sunset Station, which opened in June 1997, is strategically located at the intersection of Interstate 515 and Sunset Road. Multiple access points provide customers convenient access to the gaming complex and parking areas. Situated in a highly concentrated commercial corridor along Interstate 515, Sunset Station has prominent visibility from the freeway and the Sunset commercial corridor. Sunset Station is located approximately nine miles east of McCarran International Airport and approximately seven miles southeast of Boulder Station. Sunset Station features a Spanish/Mediterranean-style theme with non-gaming amenities including seven full-service restaurants themed to capitalize on the familiarity of the restaurants at our other properties, a 520-seat entertainment lounge, a 4,000-seat outdoor amphitheater, eight

Edgar Filing: STATION CASINOS INC - Form 10-K

additional bars, a gift shop, a non-gaming video arcade, a 13-screen movie theater complex, a 72-lane bowling center, a Kid's Quest child care facility and a swimming pool.

Sunset Station's seven full-service restaurants have a total of approximately 2,100 seats featuring "live-action" cooking and simulated patio dining. These restaurant facilities offer a variety of high-quality food at reasonable prices, including the 24-hour Coco's (featuring American fare), Sonoma Cellar Steakhouse, Capri Italian Ristorante, Guadalajara Bar & Grille (a Mexican restaurant), Feast Buffet, a live action buffet featuring Mexican, Italian, barbecue, American and Chinese cuisine, Hooter's and a 65-seat Oyster Bar. Guests may also enjoy the Gaudi Bar, a centerpiece of the casino featuring over 8,000 square feet of stained glass. Sunset Station also offers a variety of fast-food outlets to enhance the customers' dining selection.

Santa Fe Station

In October 2000, we purchased Santa Fe Station which is strategically located at the intersection of Highway 95 and Rancho Drive, approximately five miles northwest of Texas Station. Santa Fe Station features non-gaming amenities including three full-service restaurants, a gift shop, a non-gaming video arcade, a swimming pool, a 500-seat entertainment lounge, seven additional bars, a 60-lane bowling center, a 16-screen movie theater complex, a Kid's Quest child care facility and over 14,000 square feet of meeting and banquet facilities.

Santa Fe Station's three full-service restaurants have a total of approximately 1,000 seats, which include The Charcoal Room (a steakhouse), Cabo Mexican Restaurant, and the Feast Buffet, a live action buffet featuring Mexican, Italian, barbecue, American and Chinese cuisine. Guests may also enjoy 4949 Lounge, a centerpiece of the casino. Santa Fe Station also offers a variety of fast-food outlets to enhance the customers' dining selection.

Red Rock

Red Rock, which opened on April 18, 2006, is strategically located on Charleston Boulevard at the Interstate 215/Charleston interchange in the Summerlin master-planned community in Las Vegas, Nevada. Red Rock features an elegant desert oasis theme with a contemporary design, offering 815 hotel rooms featuring ultra-modern design filled with the most up-to-date luxury amenities. In addition to its standard guestrooms, the hotel offers six styles of suites, including one-of-a-kind custom villas and penthouse suites. Additional non-gaming amenities include ten full-service restaurants, a 16-screen movie theater complex, 94,000 square feet of meeting and convention space, a night club, a full-service spa, a 72-lane bowling center and a Kid's Quest child care facility.

Red Rock's eight full-service restaurants have a total of approximately 1,600 seats and include Hachi (a contemporary Japanese restaurant), T-bones Chophouse, Terra Rossa (an Italian restaurant), Cabo Mexican Restaurant, the Grand Café, Feast Buffet, a live action buffet featuring Mexican, Italian, barbecue, American and Chinese cuisine, Sand Bar and LBS: A Burger Joint (a gourmet burger restaurant). Red Rock also offers a variety of fast-food outlets to enhance the customers' dining selection.

Green Valley Ranch

Green Valley Ranch, which opened in December 2001, is strategically located at the intersection of Interstate 215 and Green Valley Parkway in Henderson, Nevada. Green Valley Ranch is approximately five minutes from McCarran International Airport and seven minutes from the Las Vegas Strip. We jointly developed the project on 40 acres of a 170-acre multi-use commercial development with GCR Gaming. In addition to our 50% ownership, we are also the managing partner of Green Valley Ranch and receive a management fee equal to 2% of the property's revenues and approximately 5% of Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA").

Edgar Filing: STATION CASINOS INC - Form 10-K

Green Valley Ranch was designed to complement the Green Valley master-planned community. The AAA Four Diamond resort features a Mediterranean-style villa theme with non-gaming amenities including eight full-service restaurants, a 4,200-square-foot non-gaming arcade, a state-of-the-art spa with outdoor pools, a 10-screen movie theater complex, two gift shops, approximately 65,000 square feet of meeting and convention space and an entertainment lounge. Green Valley Ranch also offers an 8-acre complex featuring private poolside cabanas, a contemporary poolside bar and grill, one and a half acres of vineyards and an outdoor performance venue.

Green Valley Ranch's eight full-service restaurants include the China Spice (a Chinese restaurant), Sushi+Sake, Terra Verde (an Italian restaurant), Hank's Fine Steaks and Martinis, The Original Pancake House, Feast Buffet, a live action buffet featuring Mexican, Italian, barbecue, American and Chinese cuisine, Tides Oyster Bar and Turf Grill. Green Valley Ranch also offers a variety of fast-food outlets to enhance the customers' dining selection. Guests may also enjoy the Drop Bar, a centerpiece of the casino, and Ovation, an entertainment lounge.

Aliante Station

Aliante Station, which opened on November 11, 2008, is strategically located at the intersection of Interstate 215 and Aliante Parkway in North Las Vegas, Nevada. We jointly developed the project on 40 acres in the Aliante master-planned community with The Greenspun Corporation. Aliante Station features a contemporary desert theme with non-gaming amenities including 202 hotel rooms, six full-service restaurants, a 16-screen movie theater complex, an entertainment lounge and approximately 14,000 square feet of meeting and banquet space. We receive a management fee equal to 2% of the property's revenues and approximately 5% of EBITDA.

Aliante's six full-service restaurants include MRKT Sea and Land, PiPS Italian Cucina, Camacho's (a Mexican restaurant), Original Pancake House, TGI Friday's and Feast Buffet, a live action buffet featuring Mexican, Italian, barbecue, American and Chinese cuisine. Aliante also offers a variety of fast-food outlets to enhance the customers' dining selection.

Fiesta Rancho

Fiesta Rancho was purchased in January 2001 and is strategically located at the intersection of Lake Mead Boulevard and Rancho Drive in North Las Vegas across from Texas Station. Fiesta Rancho features a Southwestern theme with non-gaming amenities including three full-service restaurants, a gift shop, a non-gaming video arcade, a swimming pool, a 600-seat entertainment lounge, a regulation-size ice skating rink and three additional bars.

Fiesta Rancho's three full-service restaurants have a total of over 870 seats, and include the 24-hour Denny's Restaurant, Garduno's (a Mexican restaurant), and Festival Buffet. Fiesta Rancho also offers a variety of fast-food outlets to enhance the customers' dining selection.

Fiesta Henderson

Fiesta Henderson was purchased in January 2001 and is strategically located at the intersection of Interstate 215 and Interstate 515 in Henderson, Nevada. The property features four full-service restaurants, a 12-screen movie theater complex, a gift shop, a swimming pool, three bars and lounges and meeting space.

Fiesta Henderson's four full-service restaurants have a total of approximately 1,100 seats, and include the 24-hour Denny's Restaurant, Fuego Steakhouse, Amigo's Mexican Cantina and Festival Buffet. Fiesta Henderson also offers a variety of fast-food outlets to enhance the customers' dining selection.

Other Properties

Wild Wild West

Wild Wild West, which we acquired in July 1998, is strategically located on Tropicana Avenue and immediately adjacent to Interstate 15. Wild Wild West's non-gaming amenities include a full-service restaurant, a bar, a gift shop and a truck plaza. In December 2009, the Wild Wild West was rebranded as Days Inn Las Vegas under a franchise agreement with Days Inn Worldwide.

Wildfire Rancho

In January 2003, we purchased Wildfire Rancho located on Rancho Drive across from Texas Station. Wildfire Rancho's non-gaming amenities include a lounge, outdoor patio and a full-service restaurant.

Wildfire Boulder & Gold Rush

In August 2004, we purchased Wildfire Boulder (formerly known as Magic Star) and Gold Rush. Wildfire Boulder is located on Boulder Highway in Henderson, Nevada. Gold Rush is located at the intersection of Interstate 515 and Sunset Road, adjacent to Sunset Station in Henderson, Nevada. Both properties offer non-gaming amenities which include a full service restaurant and a bar.

Lake Mead Casino

In September 2006, we purchased Lake Mead Casino located in Henderson, Nevada. Lake Mead Casino's non-gaming amenities include a full-service restaurant and bar.

Barley's, The Greens and Wildfire Lanes

Barley's, which opened in January 1996, is a casino and brew pub located in Henderson, Nevada. Barley's non-gaming amenities include a full-service restaurant, a pizza kitchen and a bar. In November 2005, we purchased a 50% interest in The Greens, a restaurant and lounge, located in Henderson, Nevada. The Greens' non-gaming amenities include a full-service restaurant and bar. In October 2007, we purchased a 50% interest in Wildfire Lanes (formerly known as Renata's) located in Henderson, Nevada. Wildfire Lanes' non-gaming features include a full-service restaurant, a bar and an 18-lane bowling center. We are the managing partner for Barley's, The Greens and Wildfire Lanes and receive a management fee equal to approximately 10% of EBITDA.

Managed Properties

Thunder Valley

We have entered into a Development Services Agreement and a Management Agreement with the UAIC. Our seven-year Management Agreement was approved by the National Indian Gaming Commission (the "NIGC") and expires in June 2010. Pursuant to those agreements, and in compliance with a Memorandum of Understanding entered into by the UAIC and Placer County, California, we developed, with the UAIC, Thunder Valley Casino, a gaming and entertainment facility located approximately seven miles north of Interstate 80 on Highway 65, in Placer County, California, near Sacramento, opened on June 9, 2003. We receive a management fee equal to 24% of the facility's net income (as defined in the management agreement). Thunder Valley's non-gaming amenities include three specialty restaurants, a 500-seat buffet, a food court and a center pit bar.

Expansion Strategy

Selection Criteria

We believe that a highly visible location, convenient access and ample parking are critical factors in attracting local patronage and repeat visitors. Additionally, sites must be large enough to support multi-phased, master-planned growth to capitalize on growing demand in incremental stages. We select sites that are located within a dense population base so that the facility cannot be cut-off from its primary market. These sites generally have been adjacent to high-traffic surface streets and interstate highways. We believe that each of our Casino Properties' locations has provided us with a significant competitive advantage to attract our targeted customer base. In the Las Vegas metropolitan area, as a result of Senate Bill 208, there are a limited number of sites available for development off of "The Strip" or downtown and we control a number of these sites.

Master-Planned Development

Our expansion strategy includes the master-planned expansion of our existing and future gaming locations. In designing project sites, we plan and engineer for multi-phased facility expansions to accommodate future growth and to allow us to develop dominant properties. A project's master-planned design typically allows the option of adding hotel rooms, casino space, parking structures and non-gaming entertainment such as movie theaters, additional restaurants, retail shops and various other entertainment venues.

We continually evaluate the timing and scope of our master-planned developments at each of our properties and may determine from time to time to expand the scope of, improve on or suspend the implementation of our master plans. These decisions are dependent upon the availability of financing, competition and future economic and gaming regulatory environments, many of which are beyond our control.

Development and Acquisition Opportunities

We have acquired several parcels of land in the Las Vegas valley, northern California and Reno, Nevada, which can be used for new casino development or other associated development. In addition, we have agreements to acquire additional parcels of land in the Las Vegas valley. We also evaluate other development and acquisition opportunities in current and emerging gaming markets, including land-based, dockside, riverboat and Native American gaming. Our decision whether to proceed with any new gaming development or acquisition opportunity is dependent upon future economic and regulatory factors, the availability of financing and competitive and strategic considerations, many of which are beyond our control.

In December 2006, we entered into an amended and restated operating agreement with FBLV Holding Company LLC ("FBLV"). Pursuant to the amended and restated operating agreement, the parties contributed approximately 52 acres (with approximately 20 acres contributed by us for our 50% ownership and approximately 32 acres contributed by FBLV for their 50% ownership) of improved and unimproved real property located along Rancho Road south of Palace Station in Las Vegas, Nevada into a joint venture. It is anticipated that the joint venture will develop, construct and manage, pursuant to a master development plan, a mixed-use residential, retail and entertainment project on all or a portion of such property. The timing, cost and scope of the project have yet to be determined.

Native American Development

The Federated Indians of Graton Rancheria

We have entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the "FIGR"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected us to assist them in designing, developing and financing their project and, upon opening we will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and we will receive a management fee equal to 24% of the facility's net income in years 1 through 4 and 27% of the facility's net income in years 5 through 7. We will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. In August 2005, we purchased 270 acres of land just west of the Rohnert Park city limits in Sonoma County, California. In March 2006, we purchased an additional 4.7 acres adjacent to the previously acquired property. The property purchased is approximately one-quarter mile from Highway 101 and approximately 43 miles from downtown San Francisco. In March 2008, it was determined that approximately 247 acres of the 270-acre site purchased in August 2005 would be taken into trust, with the remaining 23 acres retained by Station. As a result, the estimated cost of the remaining 23 acres was reclassified from Native American development costs to land held for development during the year ended December 31, 2008. Over the period of May 2007 through June 2008, we purchased an additional 11 acres of land adjacent to the 23 acres, bringing the total land held for development to 34 acres. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the United States Department of the Interior (the "DOI") accepting a portion of the land into trust on behalf of the FIGR and approval of the Management Agreement by the National Indian Gaming Commission (the "NIGC"). Prior to obtaining third-party financing, we will contribute significant financial support to the project. Through December 31, 2009, we have advanced approximately \$144.5 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the FIGR's gaming revenues. In addition, we have agreed to pay approximately \$11.3 million upon achieving certain milestones, which will not be reimbursed. Through December 31, 2009, approximately \$2.0 million of these payments had been made and were expensed as incurred. The timing and feasibility of the project are dependent upon the receipt of the necessary governmental and regulatory approvals. The Company plans to continue contributing significant financial support to the project, even though there can be no assurances as to when or if the necessary approvals will be obtained.

On May 7, 2008, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of the FIGR. The publication commenced a thirty-day period in which interested parties could seek judicial review of the Determination. On June 6, 2008, the Stop The Casino 101 Coalition and certain individuals filed a complaint (the "Complaint") in the United States District Court for the Northern District of California seeking declaratory and injunctive relief against the DOI and officials of the DOI. The Complaint sought judicial review of the Determination. On September 10, 2008, the U.S. Attorney representing the DOI exercised her right to have the case reassigned from a magistrate to an Article III judge, and the FIGR subsequently intervened in the lawsuit. On November 17, 2008, the federal defendants and the FIGR filed their respective motions to dismiss the complaint for lack of jurisdiction and failure to state a claim. In response, the plaintiffs filed a motion for leave to amend their complaint which was granted on January 26, 2009. The Company believes that the allegations contained in the Complaint are without merit. The DOI and the FIGR filed motions to dismiss the amended complaint on February 20, 2009, and on March 27, 2009, a

hearing was held to argue such motions. On April 21, 2009, the DOI and FIGR's motions to dismiss were granted. On June 8, 2009, the plaintiffs filed an appeal (the "Appeal") in the United States Court of Appeals for the Ninth Circuit Appeals, and the DOI agreed to voluntary stay the taking of the site into trust pending resolution of the appeal. The plaintiffs, including several who are now represented separately by a second attorney, filed their opening briefs on October 26, 2009. On November 4, 2009, DOI filed an unopposed motion to expedite the oral argument. DOI and FIGR then filed their answering briefs on November 25, 2009. The plaintiffs responded by filing reply briefs on December 28, 2009. The court clerk initially rejected the motion to expedite oral argument, but following FIGR's motion for reconsideration, the court has scheduled oral argument for April 15, 2010. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

On February 19, 2009, a Notice of Availability of a Final Environmental Impact Statement (the "EIS") was filed in the Federal Register, leaving only the issuance of the Record of Decision (the "ROD") to complete the environmental process for the FIGR project. Issuance of the ROD will initiate a 30-day period in which opponents of the project will have the right to seek judicial review of the ROD.

Gun Lake Tribe

On November 13, 2003, we agreed to purchase a 50% interest in MPM Enterprises, LLC, a Michigan limited liability company ("MPM"). Concurrently with our agreement to purchase that interest, MPM and the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians of Michigan, a federally recognized Native American tribe commonly referred to as the Gun Lake Tribe ("Gun Lake"), entered into amended Development and Management Agreements, pursuant to which MPM agreed to assist Gun Lake in developing and operating a gaming and entertainment project to be located in Allegan County, Michigan. On July 29, 2005, MPM and Gun Lake entered into amended and restated Development and Management Agreements. We have agreed to pay \$6.0 million for our 50% interest in MPM, which is payable upon achieving certain milestones and is not reimbursable. As of December 31, 2009, payments totaling \$6.0 million had been made and were expensed as incurred. An additional \$12.0 million in total may be paid by us in years six and seven of the Third Amended and Restated Management Agreement, subject to certain contingencies. Under the terms of the Third Amended and Restated Development Agreement, we have agreed to arrange financing for the ongoing development costs and construction of the project. Through December 31, 2009, we have advanced approximately \$53.6 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from Gun Lake's gaming revenues. The Third Amended and Restated Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 30% of the project's net income to be paid to MPM. Pursuant to the terms of the MPM Operating Agreement, our portion of the management fee is 50% of the first \$24 million of management fees earned, 83% of the next \$24 million of management fees and 93% of any management fees in excess of \$48 million.

The project will be located on approximately 147 acres on U.S. Highway 131 and 129th Avenue, approximately 25 miles north of Kalamazoo, Michigan. As currently contemplated, the project will include slot machines, table games and various dining options. Construction of the project includes the conversion of a portion of an existing 192,000 square-foot building into the casino and entertainment facility. Development of the gaming and entertainment project and operation of Class III gaming is subject to certain governmental and regulatory approvals, including, but not limited to, approval of the Management Agreement by the NIGC.

On February 27, 2004, the DOI issued a Finding of No Significant Impact with respect to the proposed project. On May 13, 2005, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of Gun Lake. On June 13, 2005, Michigan Gambling Opposition (the "MGO Plaintiffs") filed a complaint (the "MGO

Edgar Filing: STATION CASINOS INC - Form 10-K

Complaint") in the United States District Court, District of Columbia (the "District Court"), seeking declaratory and injunctive relief against the DOI and officials of the DOI. The MGO Complaint sought judicial review of the Determination. On January 6, 2006, Gun Lake filed a motion for judgment on the pleadings or, in the alternative, for summary judgment. Also on January 6, 2006, the DOI filed a motion to dismiss or, in the alternative, for summary judgment.

On February 23, 2007, the District Court issued its decision in favor of the DOI and Gun Lake, finding that there were no facts which would entitle the MGO Plaintiffs to any relief on the four issues raised in the MGO Complaint, and granted the parties' motion to dismiss or, in the alternative for summary judgment (the "Dispositive Motions"). On March 1, 2007, the MGO Plaintiffs filed a motion for stay pending appeal with the District Court. On March 5, 2007, the District Court granted the MGO Plaintiffs' motion for stay pending appeal, thereby precluding the DOI from taking the site into trust for the benefit of Gun Lake until the District Court's decision granting the Dispositive Motions had been reviewed on appeal. On May 21, 2007, the MGO Plaintiffs filed their appellate brief in the United States Court of Appeal for the District of Columbia (the "Court of Appeals") appealing the District Court's decision. On July 6, 2007, the DOI and Gun Lake filed their responsive briefs. On July 30, 2007, the MGO Plaintiffs filed their reply brief. Oral arguments were heard on October 19, 2007. On April 29, 2008, the Court of Appeals affirmed the District Court's dismissal of the lawsuit filed by the MGO Plaintiffs.

On May 13, 2008, the MGO Plaintiffs filed a petition for rehearing en banc with the Court of Appeals. On July 25, 2008, the Court of Appeals denied the MGO Plaintiffs' petition for rehearing en banc. On July 29, 2008, the MGO Plaintiffs filed an emergency motion for stay of mandate pending petition for certiorari. On August 1, 2008, the DOI and Gun Lake filed their responses to the emergency motion for stay of mandate. On August 15, 2008, the Court of Appeals granted the emergency motion for stay of mandate. On October 23, 2008, the MGO Plaintiffs filed a petition for certiorari seeking review of the Court of Appeals' decision by the United States Supreme Court. On January 21, 2009, the United States Supreme Court denied the petition for certiorari and on January 27, 2009, the appellate court issued a mandate that dissolved the stay. On January 30, 2009, the DOI accepted approximately 147 acres of real property into trust in Allegan County, Michigan, for the benefit of Gun Lake. On August 18, 2009, the Secretary of Interior issued an Initial Reservation Proclamation proclaiming that the 147-acre parcel is Gun Lake's reservation.

On August 1, 2008, David Patchak filed a complaint (the "Patchak Complaint") seeking declaratory and injunctive relief against the DOI and officials of the DOI. On October 6, 2008, Gun Lake filed a motion for judgment on the pleadings. The Patchak Complaint also seeks judicial review of the Determination. On October 7, 2008, the DOI filed a motion to dismiss. On October 17, 2008, the plaintiff filed a motion to stop the DOI from taking land into trust for Gun Lake, which was denied by the District Court on January 26, 2009. The District Court filed an order that gave the plaintiff 21 days to submit a memorandum addressing whether the District Court still has jurisdiction in this case in light of the DOI accepting the land in trust for the benefit of Gun Lake. The DOI and Gun Lake filed their memoranda addressing this issue on April 6, 2009. On August 19, 2009, the DOI's motion to dismiss and motion for judgment on the pleadings was granted and the plaintiff's motions for preliminary injunctive relief were denied. On September 15, 2009, plaintiff filed a notice of appeal with the United States Court of Appeals for the District of Columbia Circuit. On November 6, 2009, Gun Lake filed a Motion to Dismiss the appeal in part. The Motion has been referred to the panel of judges to whom the case will be assigned for decision. On January 8, 2010, the Court ordered the Court Clerk to enter a briefing schedule. To date, no briefing schedule has been issued. The Company believes that the appeal is without merit. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

On March 9, 2007, Gun Lake and the State of Michigan entered into a tribal-state Class III gaming compact. The compact was subject to approval by the Michigan Legislature and, if approved, would regulate gaming at Gun Lake's proposed gaming and entertainment project to be developed on the site. On August 8, 2007, the Michigan House of Representatives ratified the compact. On February 11, 2009,

the Michigan Senate passed a resolution approving the compact. On February 19, 2009, the Michigan House of Representatives passed a similar resolution approving the Compact and the Compact was submitted to the Secretary of Interior for his approval. On April 22, 2009, the Compact became effective by publication in the Federal Register. Prior to obtaining third-party financing, we will contribute significant financial support to the project. Construction on the project began in September 2009.

Mechoopda Indian Tribe

We have entered into Development and Management Agreements with the Mechoopda Indian Tribe of Chico Rancheria, California (the "MITCR"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the MITCR in developing and operating a gaming and entertainment facility to be located on a portion of an approximately 650-acre site in Butte County, California, at the intersection of State Route 149 and Highway 99, approximately 10 miles southeast of Chico, California and 80 miles north of Sacramento, California. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the MITCR's gaming revenues. Through December 31, 2009, we have advanced approximately \$11.9 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project. In addition, we have agreed to pay approximately \$2.2 million of payments upon achieving certain milestones, which will not be reimbursed. Through December 31, 2009, \$50,000 of these payments had been made and were expensed as incurred. Although the Company continues to fund advances to MITCR, given the recent recession and thus the revised expected potential of the project, as of December 31, 2009 the Company has fully impaired the associated long-term asset. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include slot machines, table games and dining and entertainment amenities. Development of the facility is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting land into trust on behalf of the MITCR and approval of the Management Agreement by the NIGC. Prior to obtaining third-party financing, we will contribute significant financial support to the project. The timing of this type of project is difficult to predict and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when or if these approvals will be obtained.

On January 17, 2008, the Bureau of Indian Affairs (the "BIA") issued a Finding of No Significant Impact with respect to the proposed project. On May 8, 2008, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of MITCR. On March 26, 2008, Butte County, California (the "Plaintiff") filed a complaint in the United States District Court for the District of Columbia (the "District Court") seeking declaratory and injunctive relief against the NIGC. On May 19, 2008, the Plaintiff filed a first amended complaint (the "Amended Complaint") in the District Court seeking declaratory and injunctive relief against the NIGC, the DOI and officials of the DOI. The Amended Complaint sought judicial review of the Determination and the NIGC's approval of the tribal-gaming ordinance. On May 13, 2008, MITCR filed a motion to intervene in that lawsuit which was granted by the District Court on June 16, 2008. On June 30, 2008, MITCR filed an answer to the Amended Complaint. On September 12, 2008, the U.S. Department of Justice on behalf of the NIGC and DOI, and MITCR each filed a motion to dismiss the Plaintiff's Amended Complaint. The Plaintiff's opposition to MITCR's motion to dismiss and the Plaintiff's dispositive motion were filed on October 24, 2008, and the NIGC, DOI and MITCR briefs concerning the dispositive motions were filed on December 8, 2008. Oral arguments were heard by the District Court on February 13, 2009. On April 13, 2009, the District Court granted the DOI and MITCR's motion to dismiss. On May 13, 2009, the Plaintiff filed an appeal in the U.S. Court of Appeals for the District of Columbia in Washington DC. The Plaintiff's brief was filed on September 14, 2009, and the MITCR and DOI's briefs were filed October 14, 2009. The Plaintiff's reply brief was filed October 28, 2009, and oral arguments were held on December 10, 2009. The

Company believes that the appeal is without merit. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

North Fork Rancheria of Mono Indian Tribe

We have entered into Development and Management Agreements with the North Fork Rancheria of Mono Indians (the "Mono"), a federally recognized Native American tribe located near Fresno, California. Pursuant to those agreements, we will assist the Mono in developing and operating a gaming and entertainment facility to be located in Madera County, California. We have purchased, for the benefit of the Mono, a 305-acre parcel of land located on Highway 99 north of the city of Madera. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the Mono's gaming revenues. Through December 31, 2009, we have advanced approximately \$15.7 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. In addition, we have agreed to pay approximately \$1.3 million of payments upon achieving certain milestones, which will not be reimbursed and will be expensed as incurred. Through December 31, 2009, none of these payments had been made. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include slot machines, table games, restaurants, a hotel and entertainment amenities. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, approval by the California Legislature of the gaming compact with the State of California, the DOI accepting the land into trust on behalf of the Mono and approval of the Management Agreement by the NIGC.

On April 28, 2008, the Mono and the State of California entered into a tribal-state Class III gaming compact. The compact is subject to approval by the California Legislature and, if approved, will regulate gaming at the Mono's proposed gaming and entertainment project to be developed on the site. No assurances can be provided as to whether the California Legislature will approve the compact. Prior to obtaining third-party financing, we will contribute significant financial support to the project. The timing of this type of project is difficult to predict, and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when, or if, these approvals will be obtained.

Employees

As of January 31, 2010, we had approximately 11,689 employees in Nevada, which includes Green Valley Ranch, Aliante Station, Barley's, The Greens and Wildfire Lanes. From time to time, certain of our employees are contacted by unions and we engage in discussions with such employees regarding establishment of collective bargaining agreements. While we are faced with such movements by employees from time to time, we do not believe that such movements will have any broad-based impact on our employees; however, there can be no assurances to that effect.

Financial Information

Please refer to *Item 6 Selected Financial Data* and *Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations* for information about our revenues, operating results and total assets and liabilities, and to *Item 8 Financial Statements and Supplementary Data* for our consolidated financial statements and accompanying footnotes.

Available Information

We are a reporting company under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and file annual reports, quarterly reports and other documents with the Securities and Exchange

Commission (the "SEC"). You may also read and copy any of our filings at the SEC's public reference room at 100 F Street N.E., Room 1580, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. Because we submit filings to the SEC electronically, access to this information is available at the SEC's internet website (www.sec.gov). This site contains reports and other information regarding issuers that file electronically with the SEC.

We also make available, free of charge, at our principal internet address (www.stationcasinos.com) our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and, if applicable, amendments to those reports filed or furnished pursuant to the Exchange Act as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC.

Our Code of Business Conduct and Ethics includes a code of ethics for our principal executive officer and our principal accounting officer and applies to all of our employees and non-employee directors. Our Code of Business Conduct and Ethics is available on the Investor Relations section of our website at www.stationcasinos.com.

ITEM 1A. RISK FACTORS

We are subject to a number of risks including our ability to successfully reorganize the Company in the Chapter 11 Case and general business and financial risk factors. Any or all of such factors below, could have a material adverse affect on our business, financial condition or results of operations.

Before making an investment decision, the investor should carefully consider the risks and uncertainties described below together with all of the information included or incorporated by reference in this Annual Report on Form 10-K and our other public filings made with the SEC before making an investment decision with respect to our securities. The risks and uncertainties described below are not the only ones facing us. Additional risks and uncertainties that management is not aware of or that is currently deemed immaterial may also adversely affect our business operations, financial condition or results of operations. Any of the following risks could materially adversely affect our business operations, financial condition or results of operations in which case the investor may lose all or part of its original investment.

The Chapter 11 Case may materially adversely affect our business, results of operations and prospects.

Risk factors involving the Chapter 11 Case include, but are not limited to, the following:

There can be no assurance that the Joint Plan of Reorganization will be confirmed and consummated or, if it is not confirmed and consummated, that we will be able to successfully develop, prosecute, confirm and consummate one or more plans of reorganization with respect to the Chapter 11 Case that are acceptable to the Bankruptcy Court and the Company's creditors, equity holders and other parties in interest. Additionally, third parties may seek and obtain Bankruptcy Court approval to terminate or shorten the exclusivity period for the Company to propose and confirm one or more plans of reorganization, to appoint a Chapter 11 Trustee, or to convert the cases to Chapter 7 cases.

The Chapter 11 Case may adversely affect our business prospects and/or our ability to operate during the reorganization.

The Chapter 11 Case and attendant difficulties of operating our properties while attempting to reorganize the business in bankruptcy may make it more difficult to maintain and promote our properties and attract customers to our properties.

The Chapter 11 Case will cause us to incur substantial costs for professional fees and other expenses associated with the bankruptcy.

The Chapter 11 Case may adversely affect our ability to maintain our gaming licenses in the jurisdictions in which we operate.

Edgar Filing: STATION CASINOS INC - Form 10-K

The Chapter 11 Case will prevent us from continuing to grow our business through acquisitions and may restrict our ability to pursue other business strategies. Among other things, the Bankruptcy Code limits our ability to incur additional indebtedness, make investments, sell assets, consolidate, merge or sell or otherwise dispose of all or substantially all of our assets or grant liens. These restrictions may place us at a competitive disadvantage.

The Chapter 11 Case may adversely affect our ability to maintain, expand, develop and remodel our properties.

Transactions by the Debtors outside the ordinary course of business are subject to the prior approval of the Bankruptcy Court, which may limit our ability to respond timely to certain events or take advantage of certain opportunities.

We may not be able to obtain Bankruptcy Court approval or such approval may be delayed with respect to actions we seek to undertake in the Chapter 11 Case.

We may be unable to retain and motivate key executives and employees through the process of reorganization, and we may have difficulty attracting new employees. In addition, so long as the Chapter 11 Case continues, our senior management will be required to spend a significant amount of time and effort dealing with the reorganization instead of focusing exclusively on business operations.

There can be no assurances as to our ability to maintain sufficient financing sources to fund our reorganization plan and meet future obligations.

Even assuming a successful emergence from Chapter 11, there can be no assurance as to the overall long-term viability of our reorganized company.

The uncertainty regarding the eventual outcome of the Chapter 11 Case and the effect of other unknown adverse factors could threaten our existence as a going concern.

Continuing on a going concern basis is dependent upon, among other things, confirming and consummating the Joint Plan of Reorganization or developing a plan of reorganization that is acceptable to our creditors and obtaining Bankruptcy Court approval of such a reorganization plan, maintaining our gaming licenses, maintaining the support of key vendors and customers and retaining key personnel, along with financial, business, and other factors, many of which are beyond our control. To date, we have not been successful in developing a plan of reorganization that is acceptable to our creditors.

Under the priority scheme established by the Bankruptcy Code, unless creditors agree otherwise in accordance with the Bankruptcy Code, prepetition liabilities and post-petition liabilities must be satisfied in full before certain creditors and our equity holders are entitled to receive any distribution or retain any property under a plan of reorganization. The ultimate recovery to creditors and/or our shareholders, if any, will not be determined until confirmation of a plan of reorganization. No assurance can be given as to what values, if any, will be ascribed in the Chapter 11 Case to each of these constituencies or what types or amounts of distributions, if any, they would receive. If certain requirements of the Bankruptcy Code are met, a plan of reorganization can be confirmed notwithstanding its rejection by certain of the Company's creditors and the Company's equity holders and notwithstanding the fact that such creditors and equityholders do not receive or retain any property on account of their claims under the plan of reorganization.

The audited consolidated financial statements of Station Casinos, Inc. contained elsewhere in this Annual Report on Form 10-K have been prepared assuming that the Company will continue as a going concern. However, the report of our independent registered public accounting firm on the financial statements of Station Casinos, Inc. as of and for the year ended December 31, 2009 includes an explanatory paragraph describing the existence of substantial doubt about the ability of the Company to

continue as a going concern. This report, as well as our uncertain ability to pay our debt service obligations, may adversely impact our ability to attract customers to our properties, attract and retain key executive employees and maintain and promote our properties, which could materially adversely affect our results of operations.

Prolonged continuation of the Chapter 11 Cases may harm our business.

If the Chapter 11 Cases continue for a prolonged amount of time, the proceedings could adversely affect our business and operations. So long as the Chapter 11 Cases continue, our senior management will be required to spend a significant amount of time and effort dealing with our reorganization instead of focusing exclusively on business operations. Prolonged continuation of the Chapter 11 Cases will also make it more difficult to attract and retain management and other key personnel necessary to the success and growth of our business. In addition, the longer the Chapter 11 Cases continue, the more likely it is that our customers, suppliers and agents will lose confidence in our ability to successfully reorganize our business and seek to establish alternative commercial relationships. Furthermore, so long as the Chapter 11 Cases continue, we will be required to incur substantial costs for professional fees and other expenses associated with the Chapter 11 Cases. Prolonged continuation of the Chapter 11 Cases may also require us to seek additional financing. It may not be possible for us to obtain additional financing during or after the Chapter 11 Cases on commercially favorable terms or at all. If we were to require additional financing during the Chapter 11 Cases and were unable to obtain the financing on favorable terms or at all, our chances of successfully reorganizing our business may be seriously jeopardized.

Our high leverage and debt service obligations could adversely affect our ability to raise additional capital to fund our operations, increase our vulnerability to general adverse economic and industry conditions, expose us to interest rate risk to the extent of our variable rate debt and prevent us from meeting our obligations.

As a result of the Merger, we are highly leveraged. Our ability to make scheduled payments on or to refinance our debt obligations has been significantly impacted by general economic, financial, competitive and other factors that are beyond our control. We expect that we will remain highly leveraged following our restructuring and if our economic performance were to deteriorate, we may be unable to maintain a level of cash flows from operating activities sufficient to enable us to pay the principal, premium, if any, and interest on our indebtedness outstanding following a restructuring.

Our high level of debt and the covenants contained in our senior secured credit facilities and any debt that may remain outstanding following the consummation of the Joint Plan of Reorganization or other restructuring could have important consequences, including:

Requiring us to dedicate a substantial portion of our cash flow from operations to required payments of principal and interest on our indebtedness, thereby reducing the availability of such cash flow to fund our operations, working capital, capital expenditures, future business opportunities and other general corporate activities.

Making us vulnerable to increases in interest rates because a portion of our debt is at variable rates.

Limiting our ability to react to changes in the economy or our industry.

Limiting our ability to obtain additional financing in the future to fund our operations, working capital, capital expenditures, future business opportunities and other general corporate activities.

Placing us at a competitive disadvantage compared to our competitors who are less leveraged.

Depending on the terms of our restructuring, we and our subsidiaries may be able to incur substantial additional indebtedness in the future, subject to the restrictions contained in the applicable credit facilities

and the indentures. If new indebtedness is added to our current debt levels, the related risks that we now face could intensify.

Conditions in the financial system and the capital and credit markets may negatively affect our business, results of operations and financial condition.

In addition to earnings and cash flows from operations, we rely on borrowed money to finance our business, which may be constrained if we are unable to borrow additional capital or refinance existing borrowings on reasonable terms. Developments in the financial markets, including the crisis in the banking system, a series of rating agency downgrades of subprime U.S. mortgage-related assets and significant provisions for loan losses recorded by major financial institutions have resulted in a severe tightening in the credit markets, a low level of liquidity in many financial markets and other adverse conditions for issuers in fixed income, credit and equity markets. The credit, financial and equity markets have experienced disruption that has had a dramatic impact on the availability and cost of capital and credit. While the United States and other governments have enacted legislation and taken other actions to help alleviate these conditions, there is no assurance that such steps will have the effect of easing the conditions in credit and capital markets. Therefore, we have no assurance that we will have further access to credit or capital markets at desirable times or at rates that we would consider acceptable, and the lack of such funding could have a material adverse effect on our business, results of operations and financial condition and our ability to service our indebtedness. We are unable to predict the likely duration or severity of the current disruption in the capital and credit markets, or its impact on the larger economy.

Recent instability in the financial markets have had an impact on our business and may continue to adversely affect us in the future.

Recently, the residential real estate market in Las Vegas and the U.S. has experienced a significant downturn due to declining real estate values, substantially reducing mortgage loan originations and securitizations, and precipitating more generalized credit market dislocations and a significant contraction in available liquidity globally. These factors, combined with declining business and consumer confidence and increased unemployment, have precipitated an economic slowdown and a recession. Individual consumers are experiencing higher delinquency rates on various consumer loans and defaults on indebtedness of all kinds have increased. All of these factors have materially and adversely affected our results of operations. In addition, further declines in real estate values in Las Vegas and the U.S. or elsewhere and continuing credit and liquidity concerns could continue to have an adverse affect on our results of operations.

A decline in our economic performance has adversely affected our ability to service all of our indebtedness.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to general economic, financial, competitive and other factors that are beyond our control. Our performance has been significantly impacted by general economic and financial conditions, which has affected our cash flows from operating activities and our ability to pay the principal, premium, if any, and interest on our indebtedness. As a result, we have elected not to make certain interest payments on our senior and senior subordinated notes prior to the filing of the Chapter 11 Case and initiated discussions with our lenders regarding a restructuring.

In addition, a further deterioration in our economic performance may cause us to reduce or delay investments and capital expenditures, or to sell assets. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. In addition, any such transaction would require the approval of the Bankruptcy Court.

Our business is sensitive to reductions in discretionary consumer spending as a result of downturns in the economy.

Consumer demand for casino hotel properties, such as ours, is sensitive to downturns in the economy and the corresponding impact on discretionary spending on leisure activities. Changes in discretionary consumer spending or consumer preferences brought about by factors such as perceived or actual general economic conditions, the current housing crisis and the credit crisis, the impact of high energy and food costs, the potential for continued bank failures, perceived or actual disposable consumer income and wealth, effects of the current recession and changes in consumer confidence in the economy, or fears of war and future acts of terrorism could further reduce customer demand for the amenities that we offer, thus imposing practical limits on pricing and harming our operations. The current housing crisis and economic slowdown in the United States has resulted in a significant decline in the amount of tourism and spending in Las Vegas. This decline has adversely affected, and may continue to adversely affect our financial condition, results of operations and cash.

Factors affecting the economy may harm our operating results.

Our properties draw a substantial number of customers from the Las Vegas valley, as well as certain geographic areas, including Southern California, Arizona and Utah. The economies of these areas have recently been negatively impacted due to a number of factors, including the credit crisis and a decrease in consumer confidence levels. The resulting severe economic downturn and adverse conditions in these local markets have negatively affected our operations, and may continue to negatively affect our operations in the future. Based on information from the Las Vegas Convention and Visitors Authority, gaming revenues in Las Vegas for the year ended December 31, 2009 have declined by 9.8% from the level in the comparable period of the prior year. During periods of economic contraction such as the current period, our revenues may decrease while some of our costs remain fixed or even increase, resulting in decreased earnings. Gaming and other leisure activities we offer represent discretionary expenditures and participation in such activities may decline during economic downturns, during which consumers generally earn less disposable income. The current economic condition has adversely affected consumer spending at our gaming operations and related facilities and may continue to adversely affect our business.

Furthermore, other uncertainties, including national and global economic conditions, other global events, or terrorist attacks or disasters in or around Southern Nevada or Northern California could have a significant adverse effect on our business, financial condition and results of operations. Our properties use significant amounts of electricity, natural gas and other forms of energy. While no shortages of energy have been experienced, the substantial increase in the cost of electricity, natural gas and gasoline in the United States has negatively affected our operating results. As we are a highly leveraged company, if adverse regional and national economic conditions persist or worsen, the decreased revenues from our operations attributable to decreases in consumer spending levels may result in a failure to satisfy additional financial and other restrictive covenants to which we are subject under our existing indebtedness or indebtedness that is outstanding following our restructuring. Furthermore, due to the existing uncertainty in the capital and credit markets, we may not be able to refinance our existing debt, or obtain additional credit facilities on terms acceptable to us or at all.

We depend on key markets and may not be able to continue to attract a sufficient number of guests and gaming customers in Nevada to make our operations profitable.

Our operating strategies emphasize attracting and retaining customers from the Las Vegas local and repeat visitor market. All of our owned casino properties are dependent upon attracting Las Vegas residents. We cannot be sure that we will be able to continue to attract a sufficient number of guests, gaming customers and other visitors in Nevada to make our operations profitable. In addition, our operating strategy, including the master-planning of our casinos for future expansion, has been developed, in part, based on expected population growth in Las Vegas. There can be no assurance that growth will

continue in Las Vegas or that we will be able to successfully adapt to the current economic downturn or any further economic slowdown.

We face substantial competition in the gaming industry.

Our Nevada casino properties face competition from all other casinos and hotels in the Las Vegas area, including to some degree, from each other. In addition, our casino properties face competition from all smaller non-restricted gaming locations and restricted gaming locations (locations with 15 or fewer slot machines) in the greater Las Vegas area. As of December 31, 2009, there were approximately 1,415 restricted gaming locations with approximately 14,169 slot machines. We compete with other hotel/casinos and restricted gaming locations by focusing on repeat customers and attracting these customers through innovative marketing programs. Our value-oriented, high-quality approach is designed to generate repeat business. Additionally, our casino properties are strategically located and designed to permit convenient access and ample parking, which are critical factors in attracting local visitors and repeat patrons. Currently, there are approximately 37 major gaming properties located on or near the Las Vegas Strip, 16 located in the downtown area and several located in other areas of Las Vegas. Major additions, expansions or enhancements of existing properties or the construction of new properties by competitors, could also have a material adverse effect on the business of our casino properties.

Our Nevada casino properties also face competition from 93 non-restricted gaming locations in the Las Vegas area primarily targeted to the local and the repeat visitor markets. Some of these competitors have completed construction or expansions and other existing competitors are under construction on other projects. Although we have competed strongly in these marketplaces, there can be no assurance that additional capacity will not have a negative impact on our business.

In 1997, the Nevada legislature enacted Senate Bill 208. This legislation identified certain gaming enterprise districts wherein casino gaming development would be permitted throughout the Las Vegas valley and established more restrictive criteria for the establishment of new gaming enterprise districts. We believe the growth in gaming supply in the Las Vegas locals' market has been, and will continue to be, limited by the provisions of Senate Bill 208.

To a lesser extent, our Nevada operations compete with gaming operations in other parts of the state of Nevada, such as Reno, Laughlin and Lake Tahoe, riverboat gaming markets in the Midwest and South, facilities in Atlantic City, New Jersey, casinos located on Native American land and in other parts of the world, with state-sponsored lotteries, on-and-off-track pari-mutuel wagering, card rooms and other forms of legalized gambling.

Native American gaming in California, as it currently exists, has had little, if any impact on our Nevada operations to date, although there are no assurances as to future impact. In total, the State of California has signed and ratified Tribal-State Compacts with 69 Native American tribes. Currently there are 58 Native American casinos in operation in the State of California. These Native American tribes are allowed to operate slot machines, lottery games, and banking and percentage games (including "21") on Native American lands. It is not certain if any expansion of Native American gaming in California will affect our Nevada operations given that visitors from California make up Nevada's largest visitor market. Moreover, it is uncertain how soon any expansion would affect our interests in Native American gaming in California. Increased competition from Native American gaming may result in a decline in our revenues and may have a material adverse effect on our business.

The gaming industry also includes land-based casinos, dockside casinos, riverboat casinos, racetracks with slots, casinos located on Native American land and other forms of legalized gaming. There is intense competition among companies in the gaming industry, some of which have significantly greater resources than we do. Several states are currently considering legalizing casino gaming in designated areas. Legalized casino gaming in such states and on Native American land will result in strong competition could adversely

affect our operations, particularly to the extent that such gaming is conducted in areas close to our operations.

We may incur losses that are not adequately covered by insurance which may harm our results of operations.

Although we maintain insurance customary and appropriate for our business, we cannot assure you that insurance will be available or adequate to cover all loss and damage to which our business or our assets might be subjected. The lack of adequate insurance for certain types or levels of risk could expose us to significant losses in the event that a catastrophe occurred for which we are underinsured. Any losses we incur that are not adequately covered by insurance may decrease our future operating income, require us to find replacements or repairs for destroyed property and reduce the funds available for payments of our obligations.

Certain construction risks may arise during the building of any new property.

We are currently providing funding for the proposed gaming facilities for the Federated Indians of Graton Rancheria, the Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians, the Mechoopda Indian Tribe of Chico Rancheria, California and the North Fork Rancheria of Mono Indians (collectively the "Native American Tribes"). We evaluate expansion opportunities as they become available, and we may in the future develop projects in addition to the above listed projects.

Construction projects, such as the proposed gaming facilities for the Native American Tribes entail significant risks, including the following:

shortages of material or skilled labor;

unforeseen engineering, environmental or geological problems;

work stoppages;

weather interference;

floods; and

unanticipated cost increases;

any of which can give rise to delays or cost overruns.

The anticipated costs and construction periods are based upon budgets, conceptual design documents and construction schedule estimates prepared by us in consultation with our architects and contractors. Construction, equipment, staffing requirements, problems or difficulties in obtaining any of the requisite licenses, permits, allocations or authorizations from regulatory authorities can increase the cost or delay the construction or opening of each of the proposed facilities or otherwise affect the project's planned design and features. We cannot be sure that we will not exceed the budgeted costs of these projects or that the projects will commence operations within the contemplated time frame, if at all. Budget overruns and delays with respect to expansion and development projects could have a material adverse impact on our results of operations.

We may experience difficulty integrating operations of acquired companies and developed properties and managing our overall growth which could have a material adverse effect on our operating results.

We may not be able to manage the combined operations of Station Casinos, Inc., including, the projects with the Native American Tribes and future acquired companies or developed properties effectively, or realize any of the anticipated benefits of the acquisitions, including streamlining operations or gaining efficiencies from the elimination of duplicative functions. The integration of other companies as

assets will require continued dedication of management resources and may temporarily detract attention from our day-to-day business.

In addition, because we plan to continue to pursue expansion and acquisition opportunities, we face significant challenges not only in managing and integrating the projects with the Native American Tribes, but also managing our expansion projects and any other gaming operations we may acquire in the future. Management of these new projects will require increased managerial resources, and we intend to continue our efforts to enhance our gaming management team. However, there can be no assurances that we will succeed in doing so. Failure to manage our growth effectively could have a material adverse effect on our operating results.

We rely on key personnel, the loss of the services of whom could materially and adversely affect our results of operations.

Our ability to operate successfully and competitively is dependent, in part, upon the continued services of certain of our officers and key employees. In the event that these officers and/or employees were to leave us, we might not be able to find suitable replacements. We believe that the loss of the services of these officers and/or employees could have a material adverse effect on our results of operations.

We regularly pursue new gaming acquisition and development opportunities and may not be able to recover our investment or successfully expand to additional locations.

We regularly evaluate and pursue new gaming acquisition and development opportunities in existing and emerging jurisdictions. These opportunities have in the past, and may in the future, take the form of joint ventures. To the extent that we decide to pursue any new gaming acquisition or development opportunities, our ability to benefit from such investments will depend upon a number of factors including:

our ability to identify and acquire attractive acquisition opportunities and development sites;

our ability to secure required federal, state and local licenses, permits and approvals, which in some jurisdictions are limited in number;

certain political factors;

the availability of adequate financing on acceptable terms (including waivers of restrictions in existing credit arrangements); and

our ability to identify and develop satisfactory relationships with joint venture partners.

Most of these factors are beyond our control. Therefore, we cannot be sure that we will be able to recover our investment in any new gaming development opportunities or acquired facilities, or successfully expand to additional locations.

We have invested, and will likely continue to invest, in real property in connection with the pursuit of expansion opportunities. These investments are subject to the risks generally incident to the ownership of real property, including:

changes in economic conditions;

environmental risks;

governmental rules and fiscal policies; and

other circumstances over which we may have little or no control.

The development of such properties is also subject to restrictions under our credit facilities. We cannot be sure that we will be able to recover our investment in any such properties or be able to prevent incurring investment losses.

We are subject to extensive state and local regulation and licensing and gaming authorities have significant control over our operations which could have an adverse effect on our business.

Nevada Gaming Regulations

The ownership and operation of casino gaming facilities and the manufacture and distribution of gaming devices in Nevada are subject to: (i) the Nevada Gaming Control Act and the rules and regulations promulgated thereunder (collectively, the "Nevada Act"); and (ii) various local ordinances and regulations. Our gaming operations in Nevada are subject to the licensing and regulatory control of the Nevada Gaming Commission (the "Nevada Commission"), the Nevada State Gaming Control Board (the "Nevada Board"), the City of Las Vegas, the Clark County Liquor and Gaming Licensing Board (the "Clark County Board"), the City of North Las Vegas, the City of Henderson and certain other local regulatory agencies. The Nevada Commission, Nevada Board, City of Las Vegas, Clark County Board, City of North Las Vegas, City of Henderson, and certain other local regulatory agencies are collectively referred to as the "Nevada Gaming Authorities".

The laws, regulations and supervisory procedures of the Nevada Gaming Authorities are based upon declarations of public policy which are concerned with, among other things: (i) the prevention of unsavory or unsuitable persons from having a direct or indirect involvement with gaming at any time or in any capacity; (ii) the establishment and maintenance of responsible accounting practices and procedures; (iii) the maintenance of effective controls over the financial practices of licensees, including the establishment of minimum procedures for internal controls and the safeguarding of assets and revenues, providing reliable record keeping and requiring the filing of periodic reports with the Nevada Gaming Authorities; (iv) the prevention of cheating and fraudulent practices; and (v) providing a source of state and local revenues through taxation and licensing fees. Changes in such laws, regulations and procedures could have an adverse effect on our gaming operations.

Our direct and indirect subsidiaries that conduct gaming operations in Nevada are required to be licensed by the Nevada Gaming Authorities. The gaming licenses require the periodic payment of fees and taxes and are not transferable. Palace Station Hotel & Casino, Inc. ("PSHC"), Boulder Station, Inc. ("BSI"), Texas Station, LLC ("TSL"), Sunset Station, Inc. ("SSI"), Tropicana Station, Inc. ("TRSI"), Santa Fe Station, LLC. ("SFSL"), Charleston Station, LLC. ("CSL"), Fiesta Station, Inc. ("FSI"), Rancho Station, LLC ("RSL"), Lake Mead Station, Inc. ("LMSI"), Gold Rush Station, LLC ("GRS"), Magic Star Station, LLC ("MSS") and LML Station, LLC ("LML") have received licenses to conduct non-restricted gaming operations. In addition, Green Valley Ranch Gaming, LLC ("GVRG") has received licenses to conduct non-restricted gaming operations at Green Valley Ranch Resort Spa Casino and Aliante Gaming, LLC ("AGL") has received licenses to conduct non-restricted gaming operations at Aliante Station Casino + Hotel. Our ownership in GVRG and AGL are owned through intermediary companies known as GV Ranch Station, Inc. ("GVR") and Aliante Station, LLC/Aliante Holding, LLC (collectively "ASL-AHL") respectively. Both GVR and ASL-AHL are licensed as members and managers of GVRG and AGL respectively. Town Center Amusements, Inc., a Limited Liability Company ("TCAI") has been licensed to conduct non-restricted gaming operations at Barley's Casino & Brewing Company ("Barley's"), a micro brewery and casino located in Henderson, Nevada. Greens Café, LLC ("GC") has been licensed to conduct non-restricted gaming operations at The Greens, a restaurant and bar located in Henderson, Nevada and Sunset GV, LLC ("SGV") has been licensed to conduct non-restricted gaming operations at Wildfire Casino & Lanes ("Wildfire Lanes"), formerly Renata's Supper Club, a casino located in Henderson, Nevada. Station's ownership in TCAI, GC and SGV is held through an intermediary company known as Green Valley Station, Inc. ("GVSI"), which is licensed as a member and manager of TCAI, GC and SGV. We also own a minority interest in Fiesta Palms, LLC, d.b.a. Palms Casino Resort, which we hold

through our subsidiary, Palms Station, LLC ("PSL"). Station is registered by the Nevada Commission as a publicly traded corporation (a "Registered Corporation") and has been found suitable to own the stock of PSHC, BSI, TSL, SSI, TRSI, GVSI, SFSL, CSL, GVRG, FSI, RSL, LMSI, GRS, MSS and LML. We are also licensed as a manufacturer and distributor of gaming devices. PSHC, BSI, SSI, TRSI, GVSI, GVRG, FSI and LMSI are each a corporate gaming licensee and TCAI, TSL, GVRG, RSL, GRS, MSS, GC, PSL, LML, SGV, CSL, SFSL and AGI are each a limited liability company licensee (individually a "Gaming Subsidiary" and collectively the "Gaming Subsidiaries") under the terms of the Nevada Act. As a Registered Corporation, Station is required periodically to submit detailed financial and operating reports to the Nevada Commission and the Nevada Board and furnish any other information, which the Nevada Commission or the Nevada Board may require. No person may become a stockholder or holder of an interest of, or receive any percentage of profits from the Gaming Subsidiaries without first obtaining licenses and approvals from the Nevada Gaming Authorities. Station and the Gaming Subsidiaries have obtained from the Nevada Gaming Authorities the various registrations, findings of suitability, approvals, permits and licenses (individually, a "Gaming License" and collectively, the "Gaming Licenses") required in order to engage in gaming activities in Nevada.

The Nevada Gaming Authorities may investigate any individual who has a material relationship to, or material involvement with, a Registered Corporation, such as Station or the Gaming Subsidiaries, which hold licenses, in order to determine whether such individual is suitable or should be licensed as a business associate of a Registered Corporation or a gaming licensee. Officers, directors and certain key employees of the Gaming Subsidiaries must file applications with the Nevada Gaming Authorities and may be required to be licensed or found suitable by the Nevada Gaming Authorities. Our officers, directors and key employees who are actively and directly involved in gaming activities of the Gaming Subsidiaries may be required to be licensed or found suitable by the Nevada Gaming Authorities. The Nevada Gaming Authorities may deny an application for licensing for any cause that they deem reasonable. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. The applicant for licensing or a finding of suitability must pay all the costs of the investigation. Changes in licensed positions must be reported to the Nevada Gaming Authorities and, in addition to their authority to deny an application for a finding of suitability or licensure, the Nevada Gaming Authorities have jurisdiction to disapprove a change in corporate position.

If the Nevada Gaming Authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue to have a relationship with Station or the Gaming Subsidiaries, the companies involved would have to sever all relationships with such person. In addition, the Nevada Commission may require Station or the Gaming Subsidiaries to terminate the employment of any person who refuses to file the appropriate applications. Determinations of suitability or questions pertaining to licensing are not subject to judicial review in Nevada.

Station and the Gaming Subsidiaries are required to submit detailed financial and operating reports to the Nevada Commission. Substantially all material loans, leases, sales of securities and similar financing transactions by us and our Gaming Subsidiaries must be reported to or approved by the Nevada Commission and/or the Nevada Board.

If it were determined that the Nevada Act was violated by a Gaming Subsidiary, the gaming licenses it holds could be limited, conditioned, suspended or revoked, subject to compliance with certain statutory and regulatory procedures. In addition, Station, the Gaming Subsidiaries and the persons involved could be subject to substantial fines for each separate violation of the Nevada Act at the discretion of the Nevada Commission. Further, a supervisor could be appointed by the Nevada Commission to operate Palace Station, Boulder Station, Texas Station, Sunset Station, Santa Fe Station, Red Rock, Green Valley Ranch, Aliante Station, Fiesta Rancho, Fiesta Henderson, Wild Wild West, Wildfire Rancho, Barley's, Gold Rush, Wildfire Boulder, The Greens, Lake Mead Casino and Wildfire Lanes and, under certain circumstances, earnings generated during the supervisor's appointment (except for the reasonable rental value of the premises) could be forfeited to the State of Nevada. Limitation, conditioning or suspension of the Gaming

Licenses of the Gaming Subsidiaries or the appointment of a supervisor could (and revocation of any Gaming License would) have a material adverse affect on our gaming operations.

Any beneficial owner of our voting or non-voting securities, regardless of the number of shares owned, may be required to file an application, be investigated, and obtain a finding of suitability as a beneficial owner of our voting securities determined if the Nevada Commission has reason to believe that such ownership would otherwise be inconsistent with the declared policies of the State of Nevada. The applicant must pay all costs of investigation incurred by the Nevada Gaming Authorities in conducting any such investigation.

The Nevada Act provides that persons who acquire beneficial ownership of more than 5% of the voting or non-voting securities of a Registered Corporation must report the acquisition to the Nevada Commission. The Nevada Act also requires that beneficial owners of more than 10% of the voting securities of a Registered Corporation must apply to the Nevada Commission for a finding of suitability within thirty days after the Chairman of the Nevada Board mails the written notice requiring such filing. An "institutional investor," as defined in the Nevada Commission's regulations, which acquires beneficial ownership of more than 10%, but not more than 25% of our voting securities may apply to the Nevada Commission for a waiver of such finding of suitability if such institutional investor holds the voting securities for investment purposes only. An institutional investor that has obtained a waiver may, in certain circumstances, hold up to 29% of our voting securities and maintain its waiver for a limited period of time. An institutional investor shall not be deemed to hold voting securities for investment purposes unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of our Board of Directors, any change in our corporate charter, bylaws, management policies or our operations, or any of our gaming affiliates, or any other action which the Nevada Commission finds to be inconsistent with holding our voting securities for investment purposes only. Activities which are not deemed to be inconsistent with holding voting securities for investment purposes only include: (i) voting on all matters voted on by stockholders; (ii) making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in our management, policies or operations; and (iii) such other activities as the Nevada Commission may determine to be consistent with such investment intent. If the beneficial holder of voting securities who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information including a list of beneficial owners. The applicant is required to pay all costs of the investigation.

Any person who fails or refuses to apply for a finding of suitability or a license within thirty days after being ordered to do so by the Nevada Commission or the Chairman of the Nevada Board may be found unsuitable. The same restrictions apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any stockholder who is found unsuitable and who holds, directly or indirectly, any beneficial ownership of the common stock of a Registered Corporation beyond such period of time as may be prescribed by the Nevada Commission may be guilty of a criminal offense. We are subject to disciplinary action if, after we receive notice that a person is unsuitable to be a stockholder or to have any other relationship with us or our Gaming Subsidiaries, we (i) pay that person any dividend or interest upon our voting securities, (ii) allow that person to exercise, directly or indirectly, any voting right conferred through securities held by that person, (iii) pay remuneration in any form to that person for services rendered or otherwise, or (iv) fail to pursue all lawful efforts to require such unsuitable person to relinquish his voting securities including, if necessary, the immediate purchase of said voting securities for cash at fair market value. Additionally, the Clark County Board has the authority to approve all persons owning or controlling the stock of any corporation controlling a gaming licensee.

The Nevada Commission may, in its discretion, require the holder of any debt security of a Registered Corporation to file applications, be investigated and be found suitable to own the debt security of a Registered Corporation if the Nevada Commission has reason to believe that such ownership would otherwise be inconsistent with the declared policies of the State of Nevada. If the Nevada Commission

determines that a person is unsuitable to own such security, then pursuant to the Nevada Act, the Registered Corporation can be sanctioned, including the loss of its approvals, if without the prior approval of the Nevada Commission, it: (i) pays to the unsuitable person any dividend, interest, or any distribution whatsoever; (ii) recognizes any voting right by such unsuitable person in connection with such securities; (iii) pays the unsuitable person remuneration in any form; or (iv) makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

We are required to maintain a current stock ledger in Nevada, which may be examined by the Nevada Gaming Authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Nevada Gaming Authorities. Failure to make such disclosure may be grounds for finding the record holder unsuitable. We are also required to render maximum assistance in determining the identity of the beneficial owner. The Nevada Commission has the power to require our stock certificates to bear a legend indicating that the securities are subject to the Nevada Act. However, to date, the Nevada Commission has not imposed such a requirement on us.

We may not make a public offering of our securities without the prior approval of the Nevada Commission if the securities or proceeds therefrom are intended to be used to construct, acquire or finance gaming facilities in Nevada, or to retire or extend obligations incurred for such purposes.

Changes in control of the Company through merger, consolidation, stock or asset acquisitions (including stock issuances in connection with restructuring transactions), management or consulting agreements, or any act or conduct by a person whereby such person obtains control, may not occur without the prior approval of the Nevada Commission. Entities seeking to acquire control of a Registered Corporation must satisfy the Nevada Board and the Nevada Commission that they meet a variety of stringent standards prior to assuming control of such Registered Corporation. The Nevada Commission may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control, to be investigated and licensed as part of the approval process relating to the transaction.

The Nevada legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting Nevada corporate gaming licensees, and Registered Corporations that are affiliated with those operations, may be injurious to stable and productive corporate gaming. The Nevada Commission has established a regulatory scheme to ameliorate the potentially adverse effects of these business practices upon Nevada's gaming industry and to further Nevada's policy to: (i) assure the financial stability of corporate gaming licensees and their affiliates; (ii) preserve the beneficial aspects of conducting business in the corporate form; and (iii) promote a neutral environment for the orderly governance of corporate affairs. Approvals are, in certain circumstances, required from the Nevada Commission before a Registered Corporation can make exceptional repurchases of voting securities above the current market price thereof and before a corporate acquisition opposed by management can be consummated. The Nevada Act also requires prior approval of a plan of re-capitalization proposed by the Registered Corporation's Board of Directors in response to a tender offer made directly to the Registered Corporation's stockholders for the purpose of acquiring control of the Registered Corporation.

License fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Nevada and to the counties and cities in which the Nevada licensee's respective operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable either monthly, quarterly or annually and are based upon either: (i) a percentage of the gross revenues received; (ii) the number of gaming devices operated; or (iii) the number of table games operated. A live entertainment tax is also paid by casino operations where entertainment is furnished in connection with admission charges, the serving or selling of food or refreshments or the selling of any

merchandise. Nevada licensees that hold a license as an operator of a slot route, or manufacturer's or distributor's license also pay certain fees and taxes to the State of Nevada.

Any person who is licensed, required to be licensed, registered, required to be registered, or is under common control with such persons (collectively, "Licensees"), and who proposes to become involved in a gaming venture outside of Nevada, is required to deposit with the Nevada Board, and thereafter maintain, a revolving fund in the amount of \$10,000 to pay the expenses of investigation by the Nevada Board of their participation in such foreign gaming. The revolving fund is subject to increase or decrease at the discretion of the Nevada Commission. Thereafter, licensees are required to comply with certain reporting requirements imposed by the Nevada Act. Licensees are also subject to disciplinary action by the Nevada Commission if they knowingly violate any laws of the foreign jurisdiction pertaining to the foreign gaming operation, fail to conduct the foreign gaming operation in accordance with the standards of honesty and integrity required of Nevada gaming operations, engage in activities or enter into associations that are harmful to the State of Nevada or its ability to collect gaming taxes and fees, or employ, contract with or associate with a person in the foreign operation who has been denied a license or finding of suitability in Nevada on the grounds of unsuitability or whom a court in the state of Nevada has found guilty of cheating. The loss or restriction of our gaming licenses in Nevada would have a material adverse effect on our business and could require us to cease gaming operations in Nevada.

Nevada Liquor Regulations

The sale of alcoholic beverages at Palace Station, Wildfire Rancho and Santa Fe Station is subject to licensing control and regulation by the City of Las Vegas. Red Rock, Boulder Station and Wild Wild West are subject to liquor licensing control and regulation by the Clark County Board. Texas Station, Fiesta Rancho, and Aliante Station are subject to liquor licensing control and regulation by the City of North Las Vegas. Sunset Station, Green Valley Ranch, Fiesta Henderson, Barley's, Gold Rush, Wildfire Boulder, The Greens, Lake Mead Casino and Wildfire Lanes are subject to liquor licensing control and regulation by the City of Henderson. All liquor licenses are revocable and are not transferable. The agencies involved have full power to limit, condition, suspend or revoke any such license, and any such disciplinary action could (and revocation would) have a material adverse effect on the operations of the Gaming Subsidiaries.

We are subject to Native American gaming regulations which could have an adverse effect on our business.

The terms and conditions of management contracts and the operation of casinos and all gaming on land held in trust for Native American tribes in the United States are subject to the Indian Gaming Regulatory Act of 1988 (the "IGRA"), which is administered by the National Indian Gaming Commission (the "NIGC") and the gaming regulatory agencies of tribal governments. The IGRA is subject to interpretation by the NIGC and may be subject to judicial and legislative clarification or amendment.

The IGRA established three separate classes of tribal gaming—Class I, Class II and Class III. Class I gaming includes all traditional or social games solely for prizes of minimal value played by a tribe in connection with celebrations or ceremonies. Class II gaming includes games such as bingo, pull-tabs, punchboards, instant bingo and non-banked card games (those that are not played against the house), such as poker. Class III gaming is casino-style gaming and includes banked table games such as blackjack, craps and roulette, and gaming machines such as slots, video poker, lotteries and pari-mutuel wagering. Thunder Valley may provide Class II gaming and, as limited by the tribal-state compact, Class III gaming.

The IGRA requires NIGC approval of management contracts for Class II and Class III gaming as well as the review of all agreements collateral to the management contracts. The management agreement relating to our management of the casino owned by the UAIC was approved by the NIGC with respect to Thunder Valley in December 2002. The NIGC will not approve a management contract if a director or a 10% shareholder of the management company: (i) is an elected member of the governing body of the Native American tribe which is the party to the management contract; (ii) has been or subsequently is

convicted of a felony or gaming offense; (iii) has knowingly and willfully provided materially important false information to the NIGC or the tribe; (iv) has refused to respond to questions from the NIGC; or (v) is a person whose prior history, reputation and associations pose a threat to the public interest or to effective gaming regulation and control, or create or enhance the chance of unsuitable activities in gaming or the business and financial arrangements incidental thereto. In addition, the NIGC will not approve a management contract if the management company or any of its agents have attempted to unduly influence any decision or process of tribal government relating to gaming, or if the management company has materially breached the terms of the management contract or the tribe's gaming ordinance or resolution, or a trustee, exercising the skill and due diligence that a trustee is commonly held to, would not approve the management contract. A management contract can be approved only after the NIGC determines that the contract provides, among other things, for: (i) adequate accounting procedures and verifiable financial reports, which must be furnished to the tribe; (ii) tribal access to the daily operations of the gaming enterprise, including the right to verify daily gross revenues and income; (iii) minimum guaranteed payments to the tribe, which must have priority over the retirement of development and construction costs; (iv) a ceiling on the repayment of such development and construction costs and (v) a contract term not exceeding five years and a management fee not exceeding 30% of net revenues (as determined by the NIGC); provided that the NIGC may approve up to a seven year term and a management fee not to exceed 40% of net revenues if the NIGC is satisfied that the capital investment required, and the income projections for the particular gaming activity require the larger fee and longer term. There is no periodic or ongoing review of approved contracts by the NIGC. The only post-approval action that could result in possible modification or cancellation of a contract would be as the result of an enforcement action taken by the NIGC based on a violation of the law or an issue affecting suitability.

The IGRA prohibits all forms of Class III gaming unless the tribe has entered into a written agreement with the state that specifically authorizes the types of Class III gaming the tribe may offer (a "tribal-state compact"). These tribal-state compacts provide, among other things, the manner and extent to which each state will conduct background investigations and certify the suitability of the manager, its officers, directors, and key employees to conduct gaming on Native American lands. We have been licensed by the UAIC's tribal gaming agency to manage Thunder Valley.

Title 25, Section 81 of the United States Code states that "no agreement shall be made by any person with any tribe of Indians, or individual Indians not citizens of the United States, for the payment or delivery of any money or other thing of value... in consideration of services for said Indians relative to their lands... unless such contract or agreement be executed and approved" by the Secretary or his or her designee. An agreement or contract for services relative to Native American lands which fails to conform with the requirements of Section 81 is void and unenforceable. All money or other things of value paid to any person by any Native American or tribe for or on his or their behalf, on account of such services, in excess of any amount approved by the Secretary or his or her authorized representative will be subject to forfeiture. We believe that we have complied with the requirements of Section 81 with respect to our management contract for Thunder Valley and intend to comply with Section 81 with respect to any other contract to manage casinos located on Native American land in the United States.

Native American tribes are sovereign nations with their own governmental systems, which have primary regulatory authority over gaming on land within the tribes' jurisdiction. Therefore, persons engaged in gaming activities, including Station, are subject to the provisions of tribal ordinances and regulations on gaming. These ordinances are subject to review by the NIGC under certain standards established by the IGRA. The NIGC may determine that some or all of the ordinances require amendment, and those additional requirements, including additional licensing requirements, may be imposed on us. We have received no such notification regarding Thunder Valley. The possessions of valid licenses from the UAIC are ongoing conditions of our management agreement with that tribe.

Several bills have been introduced in Congress that would amend the IGRA. While there have been a number of technical amendments to the IGRA, to date there have been no material changes. Any

amendment of the IGRA could change the governmental structure and requirements within which Thunder Valley could conduct gaming, and may have an adverse effect on our results of operations or impose additional regulatory or operational burdens.

California Gaming Regulations

In California, licensing and registration requirements for tribal financing sources are governed by the compact, amended compact and by regulations adopted by the California Gambling Control Commission and the Tribal Gaming Agency (the "TGA").

The UAIC's compact was set to expire on December 31, 2020. The Amended Compact extended the term until December 31, 2030. The UAIC's compact and amended compact require that any person who directly or indirectly extend financing to the UAIC's gaming facility or gaming operation must be licensed as a "financial source" by the TGA. However, as permitted by the compact and amended compact, the TGA has the discretion to exempt federally and state regulated banks, savings and loan associations and other federal and state regulated lending institutions, entities identified by Regulation CGCC-2, subdivision (f) of the California Gambling Control Commission, as well as persons who hold less than 10% of notes issued by the UAIC or a related entity. The Amended Compact further specifies that entities identified by Regulation CGCC-2, subdivision (h) of the California Gambling Control Commission, and persons or entities whose sole connection with extending financing to the UAIC is to provide loan brokerage or debt servicing for a financial source at no cost to the UAIC or the Gaming Operation are not considered financial sources. For an applicant who is a non-exempted business entity, these licensing provisions also apply to the entity's officers, directors, principal management employees, owners (if an unincorporated entity), partners and greater than 10% shareholders. Under the compact and amended compact, a permanent license cannot be issued unless the TGA has conducted an investigation as to the suitability of the applicant. Any application for a gaming license may be denied, and any license issued may be revoked, if the TGA determines the applicant to be unsuitable or otherwise unqualified for a gaming license. Each license is subject to review for compliance at least every two years.

Prior to receiving a license, an applicant must apply to the California Gambling Control Commission for a determination of suitability. The California Department of Justice, Division of Gambling Control will then conduct an investigation of the applicant following the guidelines set forth in the California Gambling Control Act and will provide its suitability recommendation to the California Gambling Control Commission. If the TGA receives notice that the Commission has determined that a person is unsuitable, the compact requires that the TGA revoke any license it has issued to such person.

The compact and amended compact state that any agreement between the UAIC and a financial source terminates upon revocation or non-renewal of the financial source's license because of a determination of unsuitability by the California Gambling Control Commission. Upon such a termination, the UAIC's only liability is for a bona fide repayment of all outstanding sums (exclusive of interest) owed as of the termination date, exclusive of unpaid accrued interest.

Further, the UAIC is not permitted to enter into, or continue to make payments under, any financing agreement with anyone whose application to the California Gambling Control Commission for a determination of suitability has been denied or has expired without renewal. Station California, LLC, our wholly owned subsidiary, has been found suitable as a Gaming Resource Supplier and Financial Source by the California Gambling Control Commission. This finding of suitability is subject to review for compliance annually.

General Gaming Regulations in Other Jurisdictions

If we become involved in gaming operations in any other jurisdictions, such gaming operations will subject us and certain of our officers, directors, key employees, stockholders and other affiliates ("Regulated Persons") to strict legal and regulatory requirements, including mandatory licensing and

approval requirements, suitability requirements, and ongoing regulatory oversight with respect to such gaming operations. Such legal and regulatory requirements and oversight will be administered and exercised by the relevant regulatory agency or agencies in each jurisdiction (the "Regulatory Authorities"). We and the Regulated Persons will need to satisfy the licensing, approval and suitability requirements of each jurisdiction in which we seek to become involved in gaming operations. These requirements vary from jurisdiction to jurisdiction, but generally concern the responsibility, financial stability and character of the owners and managers of gaming operations as well as persons financially interested or involved in gaming operations. In general, the procedures for gaming licensing, approval and finding of suitability require Station and each Regulated Person to submit detailed personal history information and financial information to demonstrate that the proposed gaming operation has adequate financial resources generated from suitable sources and adequate procedures to comply with the operating controls and requirements imposed by law and regulation in each jurisdiction, followed by a thorough investigation by such Regulatory Authorities. In general, Station and each Regulated Person must pay the costs of such investigation. An application for any gaming license, approval or finding of suitability may be denied for any cause that the Regulatory Authorities deem reasonable. Once obtained, licenses and approvals may be subject to periodic renewal and generally are not transferable. The Regulatory Authorities may at any time revoke, suspend, condition, limit or restrict a license, approval or finding of suitability for any cause that they deem reasonable. Fines for violations may be levied against the holder of a license or approval and in certain jurisdictions, gaming operation revenues can be forfeited to the state under certain circumstances. There can be no assurance that we will obtain all of the necessary licenses, approvals and findings of suitability or that our officers, directors, key employees, other affiliates and certain other stockholders will satisfy the suitability requirements in one or more jurisdictions, or that such licenses, approvals and findings of suitability, if obtained, will not be revoked, limited, suspended or not renewed in the future.

Failure by us to obtain, or the loss or suspension of, any necessary licenses, approval or findings of suitability would prevent us from conducting gaming operations in such jurisdiction and possibly in other jurisdictions, which may have an adverse effect on our results of operations. We may be required to submit detailed financial and operating reports to Regulatory Authorities.

Factors affecting tax laws could have an adverse effect on our business.

The gaming industry represents a significant source of tax revenue, particularly to the State of Nevada and its counties and municipalities. From time to time, various state and federal legislators and officials have proposed changes in tax law, or in the administration of such law, affecting the gaming industry. The Nevada Legislature meets every two years and when special sessions are called by the Governor. The Nevada Legislature is not currently in session and is next scheduled to meet in early 2011. An increase in the gaming tax could have an adverse effect on our results of operations.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Substantially all of the property that we own and lease is subject to liens to secure borrowings under our senior secured credit facilities. With the exception of Red Rock, Palace Station, Sunset Station, Boulder Station, land owned at the southern end of Las Vegas Boulevard at Cactus Avenue and land surrounding the Wild Wild West, substantially all of the property that we own and lease is subject to liens to secure borrowings under our senior secured credit facilities. The CMBS Loans are collateralized by substantially all fee and leasehold real property comprising Palace Station, Boulder Station, Sunset Station and Red Rock. The land located on the southern end of Las Vegas Boulevard at Cactus Avenue and the land surrounding Wild Wild West in Las Vegas, Nevada collateralizes the \$250 million land loan.

Edgar Filing: STATION CASINOS INC - Form 10-K

Palace Station is situated on approximately 30 acres that we own located on the west side of Las Vegas, Nevada.

Boulder Station is situated on approximately 54 acres located on the east side of Las Vegas, Nevada. We own 27 acres and lease the remaining 27 acres from KB Enterprises, a company owned by the Frank J. Fertitta and Victoria K. Fertitta Revocable Family Trust (the "Related Lessor"). Frank J. Fertitta, Jr. and Victoria K. Fertitta are the parents of Frank J. Fertitta III, Chairman, Chief Executive Officer and President of Station and Lorenzo J. Fertitta, Vice Chairman of Station. The lease has a maximum term of 65 years, ending in June 2058. The lease provides for monthly payments of \$222,933 through May 2018. In June 2013, and every ten years thereafter, the rent will be adjusted to the product of the fair market value of the land and the greater of (i) the then prevailing annual rate of return for comparably situated property or (ii) 8% per year. In no event will the rent for any period be less than the immediately preceding period. In June 2018, and every ten years thereafter, the rent will be adjusted by a cost of living factor. Pursuant to the ground lease, we have an option, exercisable at five-year intervals with the next option in June 2013, to purchase the land at fair market value. Our leasehold interest in the property is subject to a lien to secure borrowings under the CMBS Loan Documents. We believe that the terms of the ground lease are as fair to us as could be obtained from an independent third party.

Texas Station is situated on approximately 47 acres located in North Las Vegas, Nevada. We lease this land from Texas Gambling Hall & Hotel, Inc., a company owned by the Related Lessor. The lease has a maximum term of 65 years, ending in July 2060. The lease provides for monthly rental payments of \$337,417 through June 2010. In July 2010, and every ten years thereafter, the rent will be adjusted to the product of the fair market value of the land and the greater of (i) the then prevailing annual rate of return being realized for owners of comparable land in Clark County or (ii) 8% per year. In July 2015, and every ten years thereafter, the rent will be adjusted by a cost of living factor. In no event will the rent for any period be less than the immediately preceding period. Pursuant to the ground lease, we have an option, exercisable at five-year intervals with the next option in May 2010, to purchase the land at fair market value. We believe that the terms of the ground lease are as fair to us as could be obtained from an independent third party.

Sunset Station is situated on approximately 82 acres that we own located in Henderson, Nevada.

Santa Fe Station is situated on approximately 38 acres that we own located on the northwest side of Las Vegas, Nevada.

Red Rock is situated on approximately 64 acres that we own located on the northwest side of Las Vegas, Nevada.

Green Valley Ranch, a 50% owned joint venture, is situated on approximately 40 acres in Henderson, Nevada that is owned by the joint venture.

Aliante Station, a 50% owned joint venture, is situated on approximately 40 acres in North Las Vegas, Nevada that is owned by the joint venture.

Fiesta Rancho is situated on approximately 25 acres that we own in North Las Vegas, Nevada.

Fiesta Henderson is situated on approximately 46 acres that we own in Henderson, Nevada.

We also have acquired or are under contract to acquire approximately 106 acres of land on which Wild Wild West is located and the surrounding area of which, approximately 77 acres have been acquired as of December 31, 2009. In December 2008, we amended the lease and purchase agreement for the 19-acre parcel of land on which the Wild Wild West is located. Under the amended agreement, we have an option to purchase the land on or before December 28, 2011 for a purchase price of \$36 million. The amended lease also includes options to purchase the land in July 2023, 2044 and 2065 for a purchase price equal to fair market value as of July 2022, 2043 and 2064, respectively. We currently own or lease eight additional

sites, which have been acquired for potential gaming projects, consisting of 253 acres in the Las Vegas valley, 172 acres in northern California and 200 acres in Reno, Nevada.

ITEM 3. LEGAL PROCEEDINGS

Station and our subsidiaries are defendants in various lawsuits relating to routine matters incidental to our business. As with all litigation, no assurance can be provided as to the outcome of the following matters and litigation inherently involves significant costs. Following is a summary of key litigation impacting us and our subsidiaries.

Luckevich, Scott and St. Cyr Litigation

On February 4, 2008, Josh Luckevich, Cathy Scott and Julie St. Cyr filed a purported class action complaint against the Company and certain of its subsidiaries in the United States District Court for the District of Nevada, Case No. CV-00141 (the "Federal Court Action"). The plaintiffs are all former employees of the Company or its subsidiaries. The complaint alleged that the Company (i) failed to pay its employees for all hours worked, (ii) failed to pay overtime, (iii) failed to timely pay wages and (iv) unlawfully converted certain earned wages. The complaint in the Federal Court Action sought, among other relief, class certification of the lawsuit, compensatory damages in excess of \$5,000,000, punitive damages and an award of attorneys' fees and expenses to plaintiffs' counsel.

On October 31, 2008, the Company filed a motion for judgment on the pleadings. During a hearing on that motion, the United States District Court questioned whether it had jurisdiction to adjudicate the matter. After briefing regarding the jurisdiction question, on May 16, 2009, the United States District Court dismissed the Federal Court Action for lack of jurisdiction and entered a judgment in the Company's favor. Subsequently, on July 21, 2009, the plaintiffs filed a purported class action complaint against the Company and certain of its subsidiaries in the District Court of Clark County, Nevada, Case No. A-09-595614-C (the "State Court Action"). The complaint in the State Court Action alleges substantially the same claims that were alleged in the complaint in the Federal Court Action.

On August 19, 2009, the corporate defendants, other than the Company, filed an answer responding to the complaint. Subsequently, on August 27, 2009, the corporate defendants, other than the Company, filed a motion to stay the State Court Action pending the resolution of the Company's bankruptcy petition. That motion was granted on September 30, 2009.

The Company believes that the allegations in the complaint in the State Court Action are without merit and intends to vigorously defend the same.

Chapter 11 Case

On July 28, 2009, the Company and its affiliates FCP Holding Inc., FCP VoteCo, LLC, Fertitta Partners, LLC, FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada under chapter 11 of title 11 of the United States Code. These chapter 11 cases are being jointly administered under the caption In re Station Casinos, Inc., et al Debtors Case No. 09-52477. On February 10, 2010, GV Ranch Station, Inc., a wholly-owned subsidiary of Station Casinos, Inc. that manages and owns 50% of Green Valley Ranch Resort Spa Casino, filed a voluntary petition in the Bankruptcy Court under chapter 11 of title 11 of the United States Code.

On February 10, 2010, the Company's wholly owned subsidiary, GV Ranch Station, Inc. ("*GV Ranch*"), filed a Voluntary Petition for Chapter 11 Protection in the United States Bankruptcy Court,

District of Nevada, Case No. 10-50381-gwz. GV Ranch and its joint venture partner, GCR Gaming, LLC ("GCR"), each own a 50% equity interest in Green Valley Ranch Gaming, LLC, an entity that holds as its asset the Green Valley Ranch Resort and Casino, located in Henderson Nevada ("GVR"). GV Ranch manages GVR under an operating agreement executed between the GV Ranch, GCR, and Green Valley Ranch Gaming, LLC (the "Operating Agreement"). On February 18, 2010, GCR filed a motion in the Bankruptcy Court seeking (i) dismissal of the G.V. Ranch Chapter 11 case as a bad faith filing; or, in the alternative (ii) rejection of the Operating Agreement; or, in the alternative (iii) relief from the automatic stay to enforce its rights under the Operating Agreement. In its motion, GCR alleges that GV Ranch mismanaged the property by, among other things, diverting business from GVR to another Station-managed property. The motion, along with a motion for joint administration of the case with Station's bankruptcy cases in the same court, will be heard on April 19, 2010. The Company vigorously denies any and all of GCR's allegations.

ITEM 4. RESERVED

[RESERVED]

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

All of the outstanding common stock of Station Casinos, Inc. is privately held and there is no established public trading market for our common stock.

Holdings

As of January 31, 2010, there were two holders of record of our non-voting common stock and one holder of record of our voting common stock.

Dividends

There were no dividends paid during the years ended December 31, 2009 and 2008, respectively.

During the year ended December 31, 2007, we paid a quarterly cash dividend of \$0.2875 per share to stockholders of record on February 26, 2007, May 21, 2007 and October 5, 2007. The total amount paid in dividends for 2007 was \$49.1 million.

The payment of dividends in the future will be at the discretion of our Board of Directors. Restrictions imposed by our debt instruments and other agreements limit the payment of dividends (see "Management's Discussion and Analysis of Financial Condition and Results of Operations Description of Certain Indebtedness and Capital Stock").

Issuer Purchases of Equity Securities

There were no purchases of our common stock made by or on behalf of us during the three months ended December 31, 2009.

ITEM 6. SELECTED FINANCIAL DATA

The selected consolidated financial data presented below as of and for the years ended December 31, 2009 and 2008, the successor period from November 8, 2007 through December 31, 2007 (the "Successor Period") and the period then ended, the predecessor period from January 1, 2007 through November 7, 2007 (the "Predecessor Period"), and as of and for the fiscal years ended December 31, 2006 and 2005 have been derived from our consolidated financial statements which, except for 2006 and 2005, are contained elsewhere in this Annual Report on Form 10-K. The selected consolidated financial data set forth below are qualified in their entirety by, and should be read in conjunction with, "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Consolidated Financial Statements, the notes thereto and other financial and statistical information included elsewhere in this Annual Report on Form 10-K.

Edgar Filing: STATION CASINOS INC - Form 10-K

Upon consummation of the Merger, equity-based awards in FCP and Fertitta Partners were issued (see Note 16 to the Consolidated Financial Statements in this Annual Report on Form 10-K), which vest immediately or over five years, and as such, expense of approximately \$287.7 million related to this issuance was recorded during the Successor Period.

Edgar Filing: STATION CASINOS INC - Form 10-K

- (c) Development expenses include costs to identify potential gaming opportunities and other development opportunities, which include payroll, travel and legal expenses. Also included in development expense are non-reimbursable milestone payments related to the Gun Lake project in Michigan of \$4.0 million and \$2.0 million for the years ended December 31, 2009 and 2004, respectively (see Note 13 to the Consolidated Financial Statements in this Annual Report on Form 10-K).
- (d) Preopening expenses for the years ended December 31, 2009, 2008, the Successor Period and the Predecessor Period related to projects under development. Preopening expenses for the years ended December 31, 2006, 2005 and 2004 include costs primarily related to the opening of Red Rock.
- (e) During the Predecessor Period, the Company recorded approximately \$156.5 million in costs related to the Merger. These costs include approximately \$31.6 million of accounting, investment banking, legal and other costs associated with the Merger and \$124.9 million of expense related to the accelerated vesting and buyout of employee stock options and restricted stock awards upon consummation of the Merger.
- (f) During the year ended December 31, 2009, we recorded approximately \$1.28 billion in non-cash impairment charges to write-down certain portions of our goodwill, intangible assets, investments in joint ventures, land held for development and Native American project costs to their fair values during the fourth quarter of 2009. During the year ended December 31, 2008, we recorded approximately \$3.40 billion in asset impairment charges, of which \$3.34 billion related to non-cash impairment charges to write-down certain portions of our goodwill, intangible assets, investments in joint ventures and land held for development to their fair values during the fourth quarter of 2008. During the 2007 Predecessor Period, we recorded impairment charges of \$16.6 million, including an \$8.0 million write-down of goodwill at Wildfire Boulder and Gold Rush, and \$8.6 million related to the write-down of the corporate office building in conjunction with its sale.
- (g) During the year ended December 31, 2009, we recorded approximately \$16.7 million in write-downs and other charges, net, of which \$2.4 million related to write-off of cancelled projects, \$5.5 million related to losses on asset disposals, \$3.0 million of severance expense, \$5.3 million related to fully reserving a note receivable from an unconsolidated affiliate and \$0.5 million related to the write-off of debt offering and restructuring fees. During the year ended December 31, 2008, we recorded \$57.8 million in write-downs and other charges, net of which \$44.6 million related to the write-off of cancelled projects, \$4.5 million related to loss on asset disposals, \$5.0 million related to severance expense and \$3.7 million for cancelled debt offering fees (see Note 15 to the Consolidated Financial Statements in this Annual Report on Form 10-K). During the 2007 Predecessor Period, we recorded write-downs and other charges, net of \$(1.3) million representing a \$1.6 million gain on asset disposal, partially offset by a \$0.2 million severance charge. During the Successor Period and the years ended December 31, 2006 and 2005, write-downs and other charges, net related to loss on asset disposals and severance expense.
- (h) During the year ended December 31, 2009, we recorded lease termination expense of \$4.1 million related to the termination of an equipment lease and a lease for certain office space that was no longer being utilized. The remaining lease payments on the office space totaling approximately \$1.0 million were accrued in accordance with the guidance for accounting for costs associated with exit or disposal activities. The accrual for the office space lease termination is included in liabilities subject to compromise at December 31, 2009 in the accompanying consolidated balance sheet in this Annual Report on Form 10-K. During the years ended December 31, 2008, 2006 and 2005, we recorded lease termination expense to terminate various leases primarily related to land adjacent to the current Wild Wild West property. In addition, in 2008 it was determined that certain office space that we leased would no longer be utilized. As such, the remaining lease payments were accrued in accordance with the guidance for accounting for costs associated with exit or disposal activities. During the Predecessor Period, we recorded management agreement/lease termination expense primarily due to the termination of the management agreement related to Cherry nightclub at Red Rock.
- (i) Our losses from joint ventures were impacted during the year ended December 31, 2009 primarily by our share of impairment losses on land held by the Rancho Road joint venture and by our share of asset impairment charges and operating losses from Aliante Station, which opened in November 2008. Our earnings from joint ventures were impacted during the year ended December 31, 2008 by increased preopening expenses incurred prior to the opening of Aliante Station.
- (j) During 2009, we recorded a gain on early retirement of debt of \$40.3 million as a result of our repurchase of \$40.0 million of our outstanding 6⁷/₈% Senior Subordinated Notes and \$8.0 million of our outstanding 6¹/₂% Senior Subordinated Notes. During the Successor Period, in conjunction with the Merger, we terminated our previous revolving credit facility resulting in a loss on early retirement of debt of \$20.3 million, which included the write-off of unamortized loan costs as well as costs to terminate our then existing cash flow hedge interest rate swaps. During the year ended December 31, 2005, we redeemed the remaining \$16.9 million of outstanding 8³/₈% Senior Notes due 2008 and \$17.4 million of outstanding 9⁷/₈% Senior Subordinated Notes due 2010.
- (k) Reorganization items represent amounts incurred as a direct result of the Chapter 11 Case. Reorganization items for the year ended December 31, 2009 include \$225.0 million related to the write-off of debt discount and prepaid debt issue costs, \$80.8 million related to post-petition adjustments of swap liabilities to their fair values, and \$70.1 million related to professional fees and other expenses.
- (l) Includes long term debt of \$5.7 billion classified as liabilities subject to compromise.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

We are a gaming and entertainment company that currently owns and operates ten major hotel/casino properties (two of which are 50% owned) under the Station and Fiesta brand names and eight smaller casino properties (three of which are 50% owned), in the Las Vegas metropolitan area, as well as manages a casino for a Native American tribe. Our growth strategy includes the master-planned expansions of our existing gaming facilities in Nevada, the development of gaming facilities on certain real estate we own or are under contract to acquire in the Las Vegas valley and Reno, Nevada, the evaluation and pursuit of additional acquisition or development opportunities in Nevada and other gaming markets and the pursuit of additional management agreements with Native American tribes.

We own and operate Palace Station Hotel & Casino ("Palace Station"), Boulder Station Hotel & Casino ("Boulder Station"), Texas Station Gambling Hall & Hotel ("Texas Station"), Sunset Station Hotel & Casino ("Sunset Station"), Santa Fe Station Hotel & Casino ("Santa Fe Station"), Red Rock Casino Resort Spa ("Red Rock"), Fiesta Rancho Casino Hotel ("Fiesta Rancho"), Fiesta Henderson Casino Hotel ("Fiesta Henderson"), Wild Wild West Gambling Hall & Hotel ("Wild Wild West"), Wildfire Casino Rancho ("Wildfire Rancho"), Wildfire Casino Boulder ("Wildfire Boulder"), Gold Rush Casino ("Gold Rush") and Lake Mead Casino. We also own a 50% interest in Green Valley Ranch Resort Spa Casino ("Green Valley Ranch"), Aliante Station Casino + Hotel ("Aliante Station"), Barley's Casino & Brewing Company ("Barley's"), The Greens Gaming and Dining ("The Greens") and Wildfire Lanes and Casino ("Wildfire Lanes"). Each of our casinos caters primarily to local Las Vegas area residents. We market the eight "Station" casinos (including Green Valley Ranch and Red Rock) together under the Station Casinos' brand and the two "Fiesta" casinos under the Fiesta brand, offering convenience and choices to residents throughout the Las Vegas valley with our strategically located properties. In addition, we manage Thunder Valley Casino ("Thunder Valley") in Sacramento, California on behalf of the United Auburn Indian Community ("UAIC").

Our operating results are greatly dependent on the volume of customers at our properties, which in turn affects the price we can charge for our non-gaming amenities. A substantial portion of our operating income is generated from our gaming operations, more specifically slot play. Gross revenues are one of the key indicators of our business. The majority of our revenue is cash based through customers wagering with cash or paying for non-gaming amenities with cash or credit card. Because our business is capital intensive, we rely heavily on the ability of our properties to generate operating cash flow to repay debt financing, fund maintenance capital expenditures and provide excess cash for future development.

Recent Events

As a result of the continuing macroeconomic conditions, including the credit crisis and a decrease in consumer confidence levels, we have experienced a significant reduction in net revenues.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company commenced the Chapter 11 Case on July 28, 2009. The pending Chapter 11 Case raises substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments (except as described below) to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty.

Chapter 11 Case

On July 28, 2009, the Company and its affiliates FCP Holding Inc., FCP VoteCo, LLC, Fertitta Partners, LLC, FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada under chapter 11 of title 11 of the United States Code. These chapter 11 cases are being jointly administered under the caption In re Station Casinos, Inc., et al Debtors Case No. 09-52470. On February 10, 2010, GV Ranch Station, Inc., a wholly-owned subsidiary of Station Casinos, Inc. that manages and owns 50% of Green Valley Ranch Resort Spa Casino, filed a voluntary petition in the Bankruptcy Court under chapter 11 of title 11 of the United States Code.

On March 24, 2010, the Debtors filed a joint plan of reorganization under Chapter 11 of the Bankruptcy Code. As part of the Joint Plan of Reorganization, the mortgage lenders to FCP Propco, LLC, holding debt secured by Red Rock Casino Resort Spa, Palace Station, Boulder Station, and Sunset Station, will become the equity owners of a newly-formed company and will sell 46% of the equity in that new company to an affiliate of Fertitta Gaming LLC, a newly-formed entity owned by Frank Fertitta III and Lorenzo Fertitta, who will make a significant new investment to purchase their equity in the new company. The remaining equity will be owned primarily by the Propco Lenders and Colony Capital, who will also be making a new investment in the company. Fertitta Gaming, an entity owned by the Fertittas, will also manage the Propco Properties under a long-term management agreement. The Joint Plan of Reorganization also calls for the Company to seek to conduct a sale process for the remaining assets of the Company, under the supervision of the Bankruptcy Court.

The Joint Plan of Reorganization and the disclosure statement have not yet been approved by the Bankruptcy Court and are subject to further negotiations with creditors of the Company and its subsidiaries. As a result, the Joint Plan of Reorganization and the disclosure statement may be materially modified before approval. In addition to customary Chapter 11 proceedings, the completion of the transaction is subject to Hart-Scott-Rodino and other antitrust reviews and customary closing conditions.

This report not intended to be, and should not in any way be construed as, a solicitation of votes on the Joint Plan of Reorganization. The Joint Plan of Reorganization and the related disclosure statement have been filed with the Bankruptcy Court and were filed with the Securities and Exchange Commission by the Company on its Current Report on Form 8-K dated March 24, 2010, which is publicly available at <http://www.sec.gov>. The Joint Plan of Reorganization and the disclosure statement may not be relied on for any purpose until a determination by the Bankruptcy Court is made that the proposed disclosure statement contains adequate information, as required by the U.S. Bankruptcy Code. Following Bankruptcy Court approval of the disclosure statement and related voting solicitation procedures, the Company will solicit acceptances of the plan and seek its confirmation by the Bankruptcy Court. There can be no assurance that such plan acceptances or confirmation will be obtained.

The Company's direct and indirect subsidiaries that operate its hotel and casino properties have not filed for bankruptcy relief and continue to operate their businesses in the ordinary course. In connection with the filing of the Chapter 11 Case, on July 28, 2009, the Company entered into a forbearance agreement with the lenders holding a majority of the commitments under its senior secured credit facility (the "Credit Agreement") pursuant to which the lenders agreed, among other things, to forbear from exercising their default-related rights, remedies and powers or privileges against certain subsidiaries that guarantee the Company's obligations under the Credit Agreement. The Forbearance Agreement expired on January 31, 2010.

Edgar Filing: STATION CASINOS INC - Form 10-K

The Debtors continue to conduct their businesses as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court.

It is probable that a plan of reorganization would require the issuance of common stock or common stock equivalents.

Aliante Station

Aliante Station, strategically located at the intersection of Interstate 215 and Aliante Parkway in North Las Vegas, Nevada, opened on November 11, 2008. We jointly developed the project on 40 acres in the Aliante master-planned community with The Greenspun Corporation. Aliante Station features a contemporary desert theme with non-gaming amenities including 202 hotel rooms, six full-service restaurants, a 16-screen movie theater complex, an entertainment lounge and approximately 14,000 square feet of meeting and banquet space. We receive a management fee equal to 2% of the property's revenues and approximately 5% of EBITDA.

Merger

On November 7, 2007, the Company completed its merger (the "Merger") with FCP Acquisition Sub, a Nevada corporation ("Merger Sub"), pursuant to which Merger Sub merged with and into the Company with the Company continuing as the surviving corporation. The Merger was completed pursuant to the Agreement and Plan of Merger (the "Merger Agreement"), dated as of February 23, 2007 and amended as of May 4, 2007, among the Company, Fertitta Colony Partners LLC, a Nevada limited liability company ("FCP"), and Merger Sub.

As a result of the Merger, 24.1% of the issued and outstanding shares of non-voting common stock of the Company are owned by Fertitta Partners LLC, a Nevada limited liability company ("Fertitta Partners"), which is owned by affiliates of Frank J. Fertitta III, Chairman, Chief Executive Officer and President of Station, affiliates of Lorenzo J. Fertitta, Vice Chairman of Station, affiliates of Blake L. Sartini and Delise F. Sartini, and certain officers and other members of management of the Company. The remaining 75.9% of the issued and outstanding shares of non-voting common stock of the Company are owned by FCP Holding, Inc., a Nevada corporation ("FCP HoldCo") and a wholly-owned subsidiary of FCP. FCP is owned by an affiliate of Colony Capital, LLC ("Colony"), affiliates of Frank J. Fertitta III and Lorenzo J. Fertitta and certain officers and other members of management. Substantially simultaneously with the consummation of the Merger, shares of voting common stock of Station were issued for nominal consideration to FCP VoteCo LLC, a Nevada limited liability company ("FCP VoteCo"), which is owned equally by Frank J. Fertitta III, Lorenzo J. Fertitta and Thomas J. Barrack, Jr., the Chairman and Chief Executive Officer of Colony.

At the effective time of the Merger, each outstanding share of our common stock, including any rights associated therewith (other than shares of our common stock owned by FCP, Merger Sub, FCP HoldCo, Fertitta Partners or any wholly-owned subsidiary of the Company or shares of our common stock held in treasury by us) was cancelled and converted into the right to receive \$90 in cash, without interest. Following the consummation of the Merger, the Company is privately owned through FCP HoldCo, Fertitta Partners and FCP VoteCo. Station common stock ceased trading on the New York Stock Exchange at market close on November 7, 2007, and is no longer listed on any exchange or quotation system. The Company's voting common stock is registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended.

The Merger resulted in a greater than 50% control of the Company and was a "business combination" for accounting purposes, requiring FCP, Fertitta Partners, FCP VoteCo and their respective owners (the "Investors"), pursuant to the accounting guidance for business combinations, to record the acquired assets and assumed liabilities at their fair market values as of the acquisition date, resulting in a new basis of

Edgar Filing: STATION CASINOS INC - Form 10-K

accounting. As a result of the Securities and Exchange Commission's rules and guidance regarding "push-down" accounting, the Investors' new accounting basis in our assets and liabilities is reflected in our consolidated financial statements to the extent that the Investors paid cash for the non-voting common stock of the Company as of the consummation of the Merger. Management has deemed it impracticable to determine the individual investors' carryover basis in the shares and has accordingly computed the carryover basis based on the pro rata portion of book value of Station prior to the Merger. The accompanying results of operations and cash flows for 2007 are presented for two periods: January 1, 2007 through November 7, 2007 (the "Predecessor Period") and November 8, 2007 through December 31, 2007 (the "Successor Period"). The Predecessor Period and the year ended December 31, 2006 reflect the historical accounting basis in our assets and liabilities, while the Successor Period and the year ended December 31, 2008 reflect the push down of the Investors' new basis to our consolidated financial statements.

The following discussion and analysis should be read in conjunction with "Selected Financial Data" and the consolidated financial statements and notes thereto included elsewhere in this Annual Report on Form 10-K.

Results of Operations

The following table highlights the results of our operations (dollars in thousands):

	Successor		Predecessor		2007 Combined (a)		
	Year ended	Percent	Year ended	Percent	Period from	Period from	Year ended
	December 31,	change	December 31,	change	November 8,	November 7,	December 31,

- (a) The results for the fiscal year ended December 31, 2007, which we refer to as "2007 Combined", were derived by the mathematical addition of the results for the Predecessor Period and the Successor Period. The presentation of financial information for 2007 Combined herein may yield results that are not fully comparable on a period-by-period basis, particularly related to depreciation, amortization, interest expense and tax provision accounts, primarily due to the impact of the Merger on November 7, 2007. 2007 Combined does not comply with Generally Accepted Accounting Principles ("GAAP") or with the Securities and Exchange Commission's ("SEC") rules for pro forma presentation; however, it is presented because we believe that it provides the most meaningful comparison of our results for 2007 to our results for current and prior periods.
- (b) Includes the wholly-owned properties of Palace Station, Boulder Station, Texas Station, Sunset Station, Santa Fe Station, Red Rock (since April 18, 2006), Fiesta Rancho and Fiesta Henderson.
- (c) Includes management fees from Thunder Valley, Green Valley Ranch, Aliante Station (since November 11, 2008), Barley's, The Greens and Wildfire Lanes (since October 22, 2007).
- (d)

Edgar Filing: STATION CASINOS INC - Form 10-K

Includes the wholly-owned properties of Wild Wild West, Wildfire Rancho, Wildfire Boulder, Gold Rush, Lake Mead Casino (since October 1, 2006) and corporate and development expense.

Net Revenues

Consolidated net revenues for the year ended December 31, 2009 decreased 18.2% to \$1.06 billion as compared to \$1.30 billion in 2008. The decrease in net revenues was due primarily to a continuing overall decrease in gaming revenues across all properties as a result of weakening Las Vegas and U.S. economies. Declining real estate values, the credit crisis, increased unemployment and a decrease in consumer confidence levels have all precipitated an economic slowdown which has negatively impacted our operations during 2009 and 2008. Similarly, combined net revenues from our Major Las Vegas Operations decreased 17.5% to \$970.5 million for the year ended December 31, 2009 as compared to \$1.18 billion for the year ended December 31, 2008.

Consolidated net revenues for the year ended December 31, 2008 decreased 10.3% to \$1.30 billion as compared to \$1.45 billion for Combined 2007, and combined net revenues from our Major Las Vegas Operations decreased 10.2% to \$1.18 billion for the year ended December 31, 2008 as compared to \$1.31 billion for 2007 Combined.

The year over year revenue declines for the years ended December 31, 2009 and 2008, respectively, were due to the general economic downturn discussed above.

Operating Income/Operating Margin

Our consolidated operating loss of \$1.21 billion for the year ended December 31, 2009 decreased significantly as compared to a consolidated operating loss of \$3.22 billion for the year ended December 31, 2008. The decrease is primarily the result of a decrease in operating costs and expenses in 2009 compared to 2008, most notably a \$2.11 billion decrease in impairment charges and other write-downs, partially offset by the 2009 decline in net revenues discussed above. The 2008 impairment charges are discussed below.

Consolidated operating income for the year ended December 31, 2008 was impacted significantly by asset impairments and write-downs and other charges, net of \$3.41 billion which included the impairment of goodwill, intangible assets, investments in joint ventures and land held for development, charges related to abandoned projects and cancelled debt offering costs. Consolidated operating income for 2007 Combined was impacted by \$156.5 million of merger transactions costs, \$288.1 million of share-based compensation expense related to equity-based awards granted upon consummation of the Merger and \$20.1 million in impairments and write-downs and other charges, net which included a \$16.6 million impairment loss. Excluding these charges (\$3.40 billion in 2008 and \$459.7 million in 2007 Combined), consolidated operating income decreased 44.0% in the year ended December 31, 2008 as compared to 2007 Combined. This decrease in operating income is a result of 10.3% decline in consolidated net revenue discussed above, as well as an increase in depreciation and amortization expense of 34.4% related primarily to the intangible assets recorded in conjunction with the Merger.

Edgar Filing: STATION CASINOS INC - Form 10-K

The following table highlights our various sources of revenues and expenses as compared to prior years (dollars in thousands):

	Successor				Predecessor		2007 Combined (a)
	Year Ended December 31, 2009		Year Ended December 31, 2008		Period from November 8, 2007 Through December 31, 2007		Period from January 1, 2007 Through November 7, 2007

<i>Percent of net revenues</i>	3.1%		2.8%				23.5%
(Losses) earnings from joint ventures	\$ (127,643)	(850.0)%	\$ 17,020	(57.6)%	\$ 5,875	\$ 34,247	\$ 40,122

(a)

The results for the fiscal year ended December 31, 2007, which we refer to as "2007 Combined", were derived by the mathematical addition of the results for the Predecessor Period and the Successor Period. The presentation of financial information of 2007 Combined herein may yield results that are not fully comparable on a period-by-period basis, particularly related to depreciation, amortization, interest expense and tax provision accounts, primarily due to the impact of the Merger on November 7, 2007. 2007 Combined does not comply with GAAP or with the SEC's rules for pro forma presentation; however, it is presented because we believe that it provides the most meaningful comparison of our results for 2007 to our results for current and prior periods.

Casino. Casino revenues decreased 16.7% to \$764.6 million for the year ended December 31, 2009 as compared to \$918.1 million for 2008 primarily due to the general economic slowdown discussed above. As a result of the economic slowdown, customer visits to our properties and customer spend per visit decreased during the year ended December 31, 2009 as compared to 2008. Casino expenses decreased 10.2% to \$324.4 million for the year ended December 31, 2009 as compared to \$361.3 million for 2008. The decrease in casino expenses is due to a decrease in gaming taxes as a result of lower gaming revenues, a decrease in costs related to complimentarys and reduced payroll expense as a result of decreased staffing company-wide.

Casino revenues decreased 10.9% to \$918.1 million for the year ended December 31, 2008 as compared to \$1.0 billion for 2007 Combined primarily due to the general economic slowdown discussed above. As a result, customer visits to our properties and customer spend per visit decreased during the year ended December 31, 2008 as compared to 2007 Combined. Casino expenses decreased 7.8% to \$361.3 million for the year ended December 31, 2008 as compared to \$392.0 million for 2007 Combined. The decrease in casino expenses is due to a decrease in gaming taxes as a result of lower gaming revenues, a decrease in costs related to complimentarys and reduced payroll expense as a result of decreased staffing company wide.

Edgar Filing: STATION CASINOS INC - Form 10-K

Food and Beverage. Food and beverage revenues decreased 17.0% for the year ended December 31, 2009 as compared to 2008 due to the conversion of owned outlets to leased outlets as well as reduced hours of operation at various owned food outlets due to the general economic slowdown discussed above. Food covers decreased 20.3% for the year ended December 31, 2009 compared to 2008 as a result of these same factors. Food and beverage expenses decreased 23.6% for the year ended December 31, 2009 as compared to 2008 due to the decrease in covers, an overall decrease in our food and beverage costs as a result of efficiency efforts and reduced payroll expenses due to reduced staffing and reduced hours of operation. The food and beverage margin for the year ended December 31, 2009 increased 5.3% as compared to 2008, primarily due to the efficiency efforts that have decreased our food and beverage costs. Average guest check for the year ended December 31, 2009 increased by approximately 3.2% as compared to 2008 due primarily to the closure of lower priced restaurants and an increase in selected menu prices.

Food and beverage revenues decreased 7.9% for the year ended December 31, 2008 as compared to 2007 Combined due to several restaurant closures during the year as well as reduced hours of operation at various food outlets due to the general economic slowdown discussed above. Food covers decreased 14.6% for the year ended December 31, 2008 compared to 2007 Combined as a result of these same factors. Food and beverage expenses decreased 13.7% for the year ended December 31, 2008 as compared to 2007 Combined due to the decrease in covers, the conversion of certain owned outlets to leased outlets, an overall decrease in our food and beverage costs as a result of efficiency efforts and reduced payroll expenses due to reduced staffing and reduced hours of operation. The food and beverage margin for the year ended December 31, 2008 increased 4.4 percentage points as compared to 2007 Combined, primarily due to the efficiency efforts that have decreased our food and beverage costs. Average guest check for the year ended December 31, 2008 increased by approximately 4.8% as compared to 2007 Combined due primarily to an increase in selected menu prices and the addition of an Asian-themed full service restaurant at Red Rock in July 2007.

Room. Room revenues decreased 22.2% for the year ended December 31, 2009 as compared to 2008, and room occupancy decreased to 83% for the year ended December 31, 2009 as compared to 88% for 2008 due to the general economic slowdown discussed above. The average daily room rate decreased to \$67 for the year ended December 31, 2009 from \$85 for 2008 due to an overall decrease across all properties as a result of the general economic slowdown. Room expenses decreased 14.6% for the year ended December 31, 2009 as compared to 2008 due mainly to decreased occupancy levels. As a result of the decreased room revenues, partially offset by the improvement in room expenses, room operating margin decreased by 3.6% for the year ended December 31, 2009 as compared to 2008.

Room revenues decreased 6.0% for the year ended December 31, 2008 as compared to 2007 Combined. Room occupancy decreased to 88% for the year ended December 31, 2008 as compared to 90% for 2007 Combined due to the general economic slowdown discussed above. The average daily room rate decreased to \$85 for the year ended December 31, 2008 from \$93 for 2007 Combined due to an overall decrease across all properties as a result of the general economic slowdown and increased wholesale room sales which yield lower average room rates. Room expenses increased 6.3% for the year ended December 31, 2008 as compared to 2007 Combined due to an increase in expenses related to our focus on brand and revenue management. Accordingly, room operating margin decreased 4.4% for the year ended December 31, 2008 as compared to 2007 Combined.

Other. Other revenues primarily include income from gift shops, bowling, entertainment, leased outlets and the spa. Other revenues decreased 12.2% for the year ended December 31, 2009 as compared to 2008 due to decreased spending in these areas as a result of the general economic slowdown discussed above. The economic slowdown also resulted in a decrease in other revenues of 4.7% for the year ended December 31, 2008 as compared to 2007 Combined.

Management Fees. We manage Thunder Valley on behalf of the United Auburn Indian Community (the "UAIC") and receive a management fee equal to 24% of net income (as defined in the management

agreement). In addition, we are the managing partner for Green Valley Ranch, Aliante Station, Barley's, The Greens and Wildfire Lanes and receive a management fee equal to 2% of revenues and approximately 5% of Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") from Green Valley Ranch and Aliante Station and 10% of EBITDA from Barley's, The Greens and Wildfire Lanes. For the year ended December 31, 2009, management fees decreased to \$52.4 million from \$72.4 million for 2008 as a result of an overall decrease in revenues at our managed properties due to the general economic slowdown discussed above. For the year ended December 31, 2008, management fees decreased to \$72.4 million from \$87.8 million for 2007 Combined as a result of an overall decrease in revenues at our managed properties due to the general economic slowdown discussed above as well as our portion of expenses at Thunder Valley related to California Compact Referendum laws of approximately \$1.6 million during 2008. The Thunder Valley management agreement will expire in June 2010.

Selling, General and Administrative ("SG&A"). SG&A expenses decreased 8.5% for the year ended December 31, 2009 as compared to 2008 due to our cost savings initiatives which reduced payroll expense and health benefit costs company-wide. In addition, SG&A expenses were lower in 2009 as a result of efficiency efforts which resulted in reductions in advertising, security expense, and maintenance expense of \$7.8 million, \$1.1 million and \$3.4 million, respectively, compared to 2008 levels. SG&A as a percentage of net revenues increased to 21.6% for the year ended December 31, 2009 compared to 19.3% in 2008 due to lower net revenues. SG&A expenses decreased 1.6% for the year ended December 31, 2008 as compared to 2007 Combined due to a reduction of \$3.0 million in advertising expense and a reduction in utilities expense of \$2.0 million as a result of energy efficiency efforts which was partially offset by approximately \$2.0 million in severance expense. SG&A as a percentage of net revenues increased to 19.3% for the year ended December 31, 2008 compared to 17.6% in 2007 Combined due to lower net revenues.

Corporate Expense. Corporate expense decreased to \$33.0 million for the year ended December 31, 2009 as compared to \$36.0 for the year ended December 31, 2008. The decrease was primarily related to reduced payroll expense and health benefit costs resulting from cost savings initiatives. Corporate expense decreased to approximately \$36.0 million for the year ended December 31, 2008 as compared to \$340.5 million for 2007 Combined due primarily to a reduction in share-based compensation expense of \$292.5 million of which \$287.1 million related to the equity-based awards granted upon the consummation of the Merger that was recorded in 2007 Combined, as a well as a decrease in payroll expense due to employee reductions.

Development Expense. Development expense includes costs to identify potential gaming opportunities and other development opportunities, which include payroll, travel and legal expenses. Development expenses for the years ended December 31, 2009 and 2008, and 2007 Combined, were \$6.3 million, \$3.4 million and \$3.5 million, respectively. The increase in development expenses during the year ended December 31, 2009 compared to prior years was due primarily to the payment of a \$4 million milestone payment in connection with the Gun Lake project.

Depreciation and Amortization. Depreciation and amortization decreased 8.7% to \$207.2 million for the year ended December 31, 2009 compared to \$226.8 million for the year ended December 31, 2008. This decrease was due primarily to reductions in amortization expense of approximately \$20.8 million related to lower definite-lived intangible asset balances resulting from the impairment of our customer relationship intangibles in the fourth quarter of 2008, as well as definite-lived assets that became fully amortized during late 2008, partially offset by a slight increase in depreciation expense as a result of additions to property and equipment.

Depreciation and amortization increased 34.4% to \$226.8 million for the year ended December 31, 2008 compared to \$168.8 million for 2007 Combined. This increase was primarily due to amortization expense of \$74.5 million associated with the intangible assets recorded in conjunction with the Merger offset by a decrease in depreciation expense due to a new fair value basis of our property, plant and equipment as a result of the Merger.

Edgar Filing: STATION CASINOS INC - Form 10-K

Preopening Expense. We incurred preopening expenses of approximately \$5.8 million, \$10.2 million and \$7.0 million million during the years ended December 31, 2009 and 2008, and 2007 Combined, respectively, and relate primarily to projects under development.

Asset Impairments. For the year ended December 31, 2009, we recorded asset impairments totaling \$1.28 billion, primarily as a result of the ongoing recession which has resulted in decreased projected cash flow estimates, decreased valuation multiples for gaming assets due to the current market conditions and higher discount rates resulting from turmoil in the credit markets. Asset impairment recognized during the year ended December 31, 2009 consisting of the following:

\$181.8 million to write down to fair value the goodwill of certain of our reporting units.

\$255.3 million to write down to fair value certain intangible assets that were recognized in the Merger.

\$30.0 million to write down our investments in joint ventures to their fair values, due to decreases in estimated future cash flows from these investments.

\$617.4 million related to our land held for development due to decreased real estate values in the markets in which we operate, changes in the anticipated use of certain land parcels, and the current economic condition of the Company and its ability to secure adequate financing for capital projects going forward.

\$179.4 million related to the property and equipment of certain reporting units.

\$13.0 million related to capitalized Native American project costs which may not be recoverable.

In the year ended December 31, 2008, asset impairments were \$3.34 billion and consisted of the following:

\$2.59 billion and \$327.3 million, respectively, to write down to their fair values certain portions of our goodwill and intangible assets that were recognized in the Merger. The impairment charges are the result of the ongoing recession which has resulted in decreased projected cash flow estimates, decreased valuation multiples for gaming assets due to the current market conditions and higher discount rates resulting from turmoil in the credit markets.

\$273.0 million to write down our investments in joint ventures to their fair values. The primary reason for the impairment charge is the ongoing recession which has caused us to decrease our estimates for projected cash flows from our investments in joint ventures.

\$148.0 million related to our land held for development due to changes in the anticipated use of certain land parcels and the current economic condition of the Company and its ability to secure adequate financing for capital projects going forward.

During 2007 Combined, we recognized asset impairments of \$16.6 million consisting of the following:

\$8.0 million in non-cash impairment charges related to the impairment of goodwill at Wildfire Boulder (formerly Magic Star) and Gold Rush.

\$8.6 million related to the write-down of the corporate office building prior to the sale leaseback transaction.

Write-downs and Other Charges, net. For the year ended December 31, 2009, write-downs and other charges, net were \$20.8 million and consisted of the following:

Edgar Filing: STATION CASINOS INC - Form 10-K

\$2.4 million to write-off projects that were abandoned due to the general economic slowdown.

\$5.5 million loss on disposal of assets, net, primarily related to the disposal of certain land held for development in Reno, Nevada.

Edgar Filing: STATION CASINOS INC - Form 10-K

\$3.0 million in severance expense.

Charges totaling \$4.1 million related to the early termination of an equipment lease and a lease for office space no longer being utilized.

\$5.3 million to fully reserve a note receivable from an unconsolidated affiliate.

\$0.5 million related to abandoned debt offering and restructuring efforts.

In the year ended December 31, 2008, write-downs and other charges, net were \$62.6 million and consisted of the following:

\$44.6 million to write-off projects that were abandoned due to the general economic slowdown and options to purchase land that we allowed to lapse.

\$4.5 million loss on disposal of assets, net, primarily related to the closure of several food venues.

\$3.7 million to write-off of costs incurred to launch a private exchange offer in November 2008 that was subsequently terminated in December 2008.

\$1.7 million to terminate various leases related to land adjacent to the current Wild Wild West property and \$3.1 million related to an office space that we currently lease but no longer utilize. As such, the remaining lease payments were accrued in accordance with the guidance for accounting for costs associated with exit or disposal activities.

\$5.0 million in severance expense.

During 2007 Combined, write-downs and other charges, net were \$3.4 million and consisted of the following:

\$3.8 million in agreement/lease termination expense primarily due to the termination of the management agreement related to Cherry nightclub at Red Rock.

\$0.4 million in severance expense.

\$(0.8) million in gains on disposals of assets, net.

Merger Transaction Costs. During 2007 Combined, the Company recorded approximately \$156.5 million in costs related to the Merger. These costs include approximately \$31.6 million of accounting, investment banking, legal and other costs associated with the Merger and \$124.9 million of expense related to the accelerated vesting and buyout of employee stock options and restricted stock awards upon consummation of the Merger.

(Losses) Earnings From Joint Ventures. We own a 50% interest in various joint ventures, and a 6.7% interest in a joint venture that owns the Palms Casino Resort. Our share of the earnings (losses) from these joint ventures was \$(127.6) million, \$17.0 million and \$40.1 million for the years ended December 31, 2009, 2008, and 2007 Combined, respectively. The \$144.6 million decrease in our earnings from joint ventures for the year ended December 31, 2009 as compared to the year ended December 31, 2008 is due primarily to impairments of long-lived assets recorded by certain joint ventures totaling \$124.9 million, as well as operating losses at Aliante Station, which opened in November 2008, and a decrease in operating results at Green Valley Ranch due to the general economic slowdown discussed above. The decrease of \$23.1 million in our earnings from joint ventures for the year ended December 31, 2008 as compared to 2007 Combined is due to a decrease in operating results at Green Valley Ranch due to the general economic slowdown discussed above, an increase in preopening expenses at Aliante Station which

opened in November 2008, and additional depreciation and amortization expense related to purchase price allocations to our investments in joint ventures made in conjunction with the Merger.

Interest Expense. Interest expense, net of capitalized interest, decreased 27.1% to \$276.6 million for the year ended December 31, 2009 as compared to \$379.3 million for the year ended December 31, 2008. Gross interest expense decreased 27.4% to \$295.8 million for the year ended December 31, 2009 as compared to \$407.5 million for the year ended December 31, 2008. A majority of the decrease is due to the accounting treatment under the guidance for financial reporting by entities in reorganization under the bankruptcy code whereby interest expense is recognized only to the extent that it will be paid during the bankruptcy proceeding or that it is probable that it will be an allowed claim. As a result of the Chapter 11 Case, we stopped accruing interest for the senior notes, the senior subordinated notes and the mezzanine financings. Had we recognized the additional contractual interest expense, interest expense for the year ended December 31, 2009 would have been \$127.1 million higher than what was recorded. Capitalized interest for the year ended December 31, 2009 was \$16.0 million compared to \$27.1 million for the year ended December 31, 2008. The higher capitalized interest in the prior period was primarily due to interest being capitalized on our equity contributions to Aliante Station during the construction of the project.

Interest expense, net of capitalized interest, increased 46.7% to \$379.3 million in the year ended December 31, 2008 as compared to \$258.6 million in 2007 Combined. Gross interest expense increased approximately \$129.3 million due to an increase of debt of \$4.75 billion incurred in conjunction with the Merger in November 2007 which includes \$185.5 million in gross interest expense related to the CMBS Loans and \$250 million Land Loan for the year ended December 31, 2008 as compared to \$29.0 million in 2007 Combined. This increase was offset by a reduction of \$45.2 million of interest expense related to our revolver due a lower credit line effective with the Merger. In addition, our weighted average cost of debt increased to 7.5% for the year ended December 31, 2008 from 7.1% for 2007 Combined. The increase in weighted-average cost of debt is primarily related to a 0.7% increase in our effective interest rate as a result of the fair value adjustments made in connection with the Merger related to our senior and senior subordinated notes offset by a decrease in LIBOR rates during the later part of 2008. Capitalized interest increased approximately \$7.7 million for the year ended December 31, 2008, primarily due to an increase in interest being capitalized on our equity contributions to Aliante Station during the construction of the project as well as that attributable to several other ongoing projects.

Interest and Other Expense from Joint Ventures. For the years ended December 31, 2009 and 2008, and 2007 Combined, we recorded \$40.8 million, \$47.6 million and \$28.2 million, respectively, in interest and other expense related to our unconsolidated joint ventures. The \$6.8 million decrease in interest and other expense from joint ventures for the year ended December 31, 2009 compared to the year ended December 31, 2008 relates primarily to decreased expense related to changes in the fair values of the interest rate swaps of the joint ventures, partially offset by increased interest at Aliante Station as a result of interest being capitalized during 2008 related the development of the property. The increase in interest and other expense from joint ventures for the year ended December 31, 2008 as compared to 2007 Combined is due to the additional interest expense incurred related to the \$430 million credit facility at Aliante Station entered into in October 2007 and \$12.3 million in expense related to the change in fair value of interest rate swaps at both Green Valley Ranch and Aliante Station that are not designated as hedges for accounting purposes.

Change in Fair Value of Derivative Instruments. During the year ended December 31, 2009, we recorded gains of \$23.7 million related primarily to the change in fair value of our derivative instruments not designated as hedges for accounting purposes during the period prior to the Chapter 11 petition date. As a result of the Chapter 11 Case, certain interest rate swaps were classified as liabilities subject to compromise in accordance with the accounting guidance for financial reporting by entities in reorganization under the bankruptcy code. As a result of this reclassification, post-petition changes in expected amount of the allowed claims for these interest rate swaps is recognized in the reorganization items line on our consolidated statement of operations. The post-petition change in fair value of derivative instruments included in reorganization items is an expense of \$80.8 million, primarily as a result of the reversal of pre-petition nonperformance adjustments that were previously included in the carrying values

of these swaps. During the year ended December 31, 2008 and 2007 Combined, we recorded losses of \$23.1 million and \$30.7 million, respectively, related primarily to the change in fair value of our derivative instruments not designated as hedges for accounting purposes. Fluctuations in interest rates can cause the fair value of our derivative instruments to change each reporting period.

Gain (Loss) on Early Retirement of Debt. In January 2009, a wholly-owned subsidiary of the Company purchased \$40.0 million in aggregate principal amount of our outstanding \$700 million 6⁷/₈% Senior Subordinated Notes and \$8.0 million in aggregate principal amount of our outstanding \$450 million 6¹/₂% Senior Subordinated Notes for approximately \$1.5 million plus approximately \$1.4 million in accrued interest. As a result, we recorded a gain on early retirement of debt of approximately \$40.3 million during the year ended December 31, 2009, representing the difference between the reacquisition price and the net carrying amount of the extinguished debt based on the face amount of the associated debt adjusted for the related unamortized discount and debt issuance costs.

During 2007 Combined, in conjunction with the Merger, we terminated our then existing revolving facility resulting in a loss on early retirement of debt of \$20.3 million, which includes the write-off of unamortized loan costs as well as costs to terminate our then existing interest rate swaps.

Liquidity and Capital Resources

The following liquidity and capital resources discussion contains certain forward-looking statements with respect to our business, financial condition, results of operations, dispositions, acquisitions, expansion projects and our subsidiaries, which involve risks and uncertainties that cannot be predicted or quantified, and consequently, actual results may differ materially from those expressed or implied herein. Such risks and uncertainties include, but are not limited to, completion of our reorganization plan, financial market risks, the ability to maintain existing management, integration of acquisitions, competition within the gaming industry, the cyclical nature of the hotel business and gaming business, economic conditions, regulatory matters and litigation and other risks described in our filings with the Securities and Exchange Commission. In addition, construction projects entail significant risks, including shortages of materials or skilled labor, unforeseen regulatory problems, work stoppages, weather interference, floods and unanticipated cost increases. The anticipated costs and construction periods are based on budgets, conceptual design documents and construction schedule estimates. There can be no assurance that the budgeted costs or construction period will be met. All forward-looking statements are based on our current expectations and projections about future events.

Overview and Effect of Recent Developments

On July 28, 2009, the Company and its affiliates FCP Holding Inc., FCP VoteCo, LLC, Fertitta Partners, LLC, FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada under chapter 11 of title 11 of the United States Code. These chapter 11 cases are being jointly administered under the caption In re Station Casinos, Inc., et al Debtors Case No. 09-52470. On February 10, 2010, GV Ranch Station, Inc., a wholly-owned subsidiary of Station Casinos, Inc. that manages and owns 50% of Green Valley Ranch Resort Spa Casino, filed a voluntary petition in the Bankruptcy Court under chapter 11 of title 11 of the United States Code.

On March 24, 2010, the Debtors filed a joint plan of reorganization under Chapter 11 of the Bankruptcy Code. As part of the Joint Plan of Reorganization, the mortgage lenders to FCP Propco, LLC, holding debt secured by Red Rock Casino Resort Spa, Palace Station, Boulder Station, and Sunset Station, will become the equity owners of a newly-formed company and will sell 46% of the equity in that new

company to an affiliate of Fertitta Gaming LLC, a newly-formed entity owned by Frank Fertitta III and Lorenzo Fertitta, who will make a significant new investment to purchase their equity in the new company. The remaining equity will be owned primarily by the Propco Lenders and Colony Capital, who will also be making a new investment in the company. Fertitta Gaming, an entity owned by the Fertittas, will also manage the Propco Properties under a long-term management agreement. The Joint Plan of Reorganization also calls for the Company to seek to conduct a sale process for the remaining assets of the Company, under the supervision of the Bankruptcy Court.

The Joint Plan of Reorganization and the disclosure statement have not yet been approved by the Bankruptcy Court and are subject to further negotiations with creditors of the Company and its subsidiaries. As a result, the Joint Plan of Reorganization and the disclosure statement may be materially modified before approval. In addition to customary Chapter 11 proceedings, the completion of the transaction is subject to Hart-Scott-Rodino and other antitrust reviews and customary closing conditions.

This report not intended to be, and should not in any way be construed as, a solicitation of votes on the Joint Plan of Reorganization. The Joint Plan of Reorganization and the related disclosure statement have been filed with the Bankruptcy Court and were filed with the Securities and Exchange Commission by the Company on its Current Report on Form 8-K dated March 24, 2010, which is publicly available at <http://www.sec.gov>. The Joint Plan of Reorganization and the disclosure statement may not be relied on for any purpose until a determination by the Bankruptcy Court is made that the proposed disclosure statement contains adequate information, as required by the U.S. Bankruptcy Code. Following Bankruptcy Court approval of the disclosure statement and related voting solicitation procedures, the Company will solicit acceptances of the plan and seek its confirmation by the Bankruptcy Court. There can be no assurance that such plan acceptances or confirmation will be obtained.

The Company's direct and indirect subsidiaries that operate its hotel and casino properties have not filed for bankruptcy relief and continue to operate their businesses in the ordinary course. In connection with the filing of the Chapter 11 Case, on July 28, 2009, the Company entered into a forbearance agreement with the lenders holding a majority of the commitments under its senior secured credit facility (the "Credit Agreement") pursuant to which the lenders agreed, among other things, to forbear from exercising their default-related rights, remedies and powers or privileges against certain subsidiaries that guarantee the Company's obligations under the Credit Agreement. The Forbearance Agreement expired on January 31, 2010.

The Debtors continue to conduct their businesses as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court.

Year Ended December 31, 2009

During the year ended December 31, 2009, cash flows used in operating activities were approximately \$126.7 million, as compared to cash flows provided by operating activities of \$51.2 million for the year ended December 31, 2008, reflecting a year over year decrease in cash flows from operations of \$177.9 million. This decrease resulted primarily from a \$152.5 million increase in our operating loss, net of noncash items and reorganization costs, an increase in restricted cash of \$145.4 million, and cash used for reorganization items of \$59.8, partially offset by a decrease of \$190.8 million in cash paid for interest. The weakening Las Vegas and U.S. economies, the decline in real estate values, the credit crisis, increased unemployment and a decrease in consumer confidence levels adversely affected our net revenues and operating margin, and these trends are expected to continue to affect our net revenue levels in 2010. In addition, our estimated future cash flows have been impacted by these same factors, resulting in the significant asset impairment charges recorded in the years ended December 31, 2009 and 2008. The increase in our restricted cash requirements for the year ended December 31, 2009 is due primarily to additional collateral required for our treasury management function, restrictions placed on our cash by

Edgar Filing: STATION CASINOS INC - Form 10-K

lenders of the CMBS Loans, and restrictions placed on our cash by the Bankruptcy Court. Cash used in investing activities during the year ended December 31, 2009 decreased by \$134.0 million compared to 2008 primarily as a result of a \$107.5 decrease in capital expenditures due to the economic slowdown, and a decrease in cash contributions to joint ventures of \$33.4 million. Cash paid for interest during the year ended December 31, 2009 decreased by \$190.8 million compared to the year ended December 31, 2008 primarily as a result of our election not to make the scheduled interest payments on our senior and senior subordinated notes and a portion of our CMBS loans in 2009 as described above.

At December 31, 2009, we had no borrowing availability under our Revolver but had \$25.3 million of availability under our DIP Credit Agreement. In addition, subsequent to December 31, 2009, the DIP Credit Agreement facility was increased to \$185 million. At December 31, 2009 we have \$185.2 million in cash and cash equivalents, of which approximately \$81.5 million is in our casino cages to be used for the day-to-day operations of our properties and the remaining \$103.7 million is to be used for general corporate purposes.

During the year ended December 31, 2009, total capital expenditures were approximately \$64.6 million for maintenance capital expenditures and various other projects. We classify items as maintenance capital to differentiate replacement type capital expenditures such as new slot machines from investment type capital expenditures to drive future growth such as an expansion of an existing property. In contrast to normal repair and maintenance costs that are expensed when incurred, items we classify as maintenance capital are expenditures necessary to keep our existing properties at their current levels and are typically replacement items due to the normal wear and tear of our properties and equipment as a result of use and age. Capital expenditures for the year ended December 31, 2009 were \$107.5 million lower than the prior year capital expenditures of \$172.1 million due to our reduced capital spending in 2009 in response to current market conditions.

In addition to capital expenditures, during the year ended December 31, 2009, we paid approximately \$19.3 million in advances for our Native American development projects (see "Future Development") and paid approximately \$24.3 million in cash equity contributions to joint ventures. During the year ended December 31, 2008, advances for Native American development costs were \$14.9 million and equity contributions to joint ventures were \$46.9 million.

Year Ended December 31, 2008

During the year ended December 31, 2008, we generated cash flows from operating activities of approximately \$51.2 million. Cash flows provided by operating activities decreased approximately \$241.7 million during the year ended December 31, 2008 as compared to 2007 Combined. This decrease is the result of an \$82.1 million decrease in distributions of earnings from joint ventures due to a one-time distribution from Green Valley Ranch in 2007 with no corresponding distribution in 2008, an \$113.0 million increase in cash paid for interest in 2008 as compared to 2007 due to our increased debt obligations and a decrease in our operating income resulting from a \$148.8 million decrease in our net revenues. We believe that our cash flows will continue to be affected by the interest payments on our debt. In addition, net revenues continue to be affected by the weakening Las Vegas and U.S. economies as a result of declining real estate values, declining consumer confidence, rising unemployment and increasing energy prices which continue to affect us in the first quarter of 2009 with net revenue declines that are in excess of fourth quarter levels.

At December 31, 2008, we had total available borrowings of \$650 million under our Revolver, which was reduced by borrowings of \$628.2 million, various letters of credit totaling approximately \$10.2 million and \$11.6 million in draws requested but not funded, leaving zero availability as of December 31, 2008. We had \$458.1 million in cash and cash equivalents as of December 31, 2008, of which \$77.3 million was in our casino cages to be used for the day-to-day operations of our properties and the remaining \$380.8 million was to be used for general corporate purposes.

Edgar Filing: STATION CASINOS INC - Form 10-K

During 2008, total capital expenditures were approximately \$172.1 million, of which approximately \$38.4 million was for the purchase of land, approximately \$21.1 million was for the construction of a parking garage at Red Rock and approximately \$112.6 was for maintenance capital expenditures and various other projects. We classify items as maintenance capital to differentiate replacement type capital expenditures such as a new slot machine from investment type capital expenditures to drive future growth such as an expansion of an existing property. In contrast to normal repair and maintenance costs that are expensed when incurred, items we classify as maintenance capital are expenditures necessary to keep our existing properties at their current levels and are typically replacement items due to the normal wear and tear of our properties and equipment as a result of use and age. Capital expenditures for the year ended December 31, 2008 were significantly less than the prior year. This reduction is due primarily to the completion of several major expansion projects in the prior year, including the phase II and phase III master-planned expansions at Red Rock, the phase II master-planned expansion at Fiesta Henderson and the phase III master-planned expansion at Santa Fe. In addition, we also completed construction of a new corporate office building during 2007. We did not have any significant expansion projects for the year ended December 31, 2008.

In addition to capital expenditures, we paid approximately \$14.9 million in reimbursable advances for our Native American development projects (see "Future Development") and paid approximately \$46.9 million in equity contributions to joint ventures.

Year Ending December 31, 2010

Our primary cash requirements for 2010 are expected to include (i) approximately \$65 million to \$85 million for maintenance and other capital expenditures, (ii) payments related to our existing and potential Native American projects and (iii) expenses related to the Chapter 11 Case. Our liquidity and capital resources for 2010 are expected to be significantly affected by the Chapter 11 Case and completion of a restructuring of our indebtedness. At this time it is not possible to predict with certainty the effect the Chapter 11 Case and a restructuring will have on our business or various creditors. Our future results depend upon our confirming and successfully implementing, on a timely basis, a restructuring of our indebtedness. Our operations and relationship with our customers, employees, regulators, vendors and agents may be adversely affected by the filing of the Chapter 11 Case. As a result of the filing of the Chapter 11 Case, we expect to incur, among other things, increased costs for professional fees and similar expenses. In addition, the filing may make it more difficult to retain and attract management and other key personnel and requires senior management to spend a significant amount of time and effort dealing with our financial reorganization instead of focusing on the operations of our business.

Our cash flow may be affected by a variety of factors, many of which are outside our control, including regulatory issues, competition, financial markets and other general business conditions. We cannot assure you that we will possess sufficient income and liquidity to meet all of our liquidity requirements and other obligations. Although we believe that cash flows from operations and borrowings under our DIP Credit Agreement will be adequate to meet our financial and operating obligations in 2010, our results for future periods are subject to numerous uncertainties. We may encounter liquidity problems, which could affect our ability to meet our obligations while attempting to meet competitive pressures or adverse economic conditions.

In connection with the filing of the Chapter 11 Case, on July 31, 2009, the Station Casinos, Inc. entered into a \$150 million unsecured, subordinated administrative priority DIP Credit Agreement among Station Casinos, Inc., as borrower, Vista Holdings, LLC (a non-debtor subsidiary of the Company), as administrative agent and lender, and the lenders party thereto. During the first quarter of 2010, the DIP Credit Agreement was amended to increase the facility to \$185 million. The DIP Credit Agreement, as amended, provides for a \$185 million revolving credit facility that will be funded on a committed basis for so long as Vista Holdings, LLC has cash and cash equivalents on hand in an amount in excess of \$100 million and on a discretionary basis thereafter. The proceeds of the loans incurred under the DIP

Credit Agreement will be used for working capital and other general corporate purposes of the Company and will be available for intercompany loans to our subsidiaries during the pendency of the Chapter 11 Case. Advances under the DIP Credit Agreement will bear interest at a rate equal to 2.5% plus LIBOR. At December 31, 2009, advances under the DIP Credit Agreement totaled \$124.7 million, and Vista Holdings, LLC had cash and cash equivalents on hand of \$91.4 million.

Station Casinos, Inc.'s obligations under the DIP Credit Agreement will be an administrative expense claim in the Chapter 11 Case having *pari passu* priority with other administrative expense claims, provided that repayment of the loan by Station Casinos, Inc. shall be subordinate to the full repayment of the lenders under the Company's prepetition Credit Agreement.

Station Casinos, Inc.'s obligations under the DIP Credit Agreement may be accelerated following certain events of default, including (without limitation) the conversion of any of the Chapter 11 Case to a case under chapter 7 of the Bankruptcy Code or the appointment of a trustee pursuant to chapter 11 of the Bankruptcy Code.

The DIP Credit Agreement, as amended, matures on the earlier of (i) August 10, 2010 (ii) ten business days after the effective date of a chapter 11 plan of reorganization is confirmed in the Chapter 11 Case by the Bankruptcy Court, and (iii) the date of acceleration, if any, of the advances under the DIP Credit Agreement following an event of default thereunder.

Also, in connection with the filing of the Chapter 11 Case, on July 31, 2009, Station Casinos, Inc. entered into an Unsecured Revolving Loan Promissory Note in favor of Past Enterprises, Inc. (a non-debtor subsidiary of the Company) pursuant to which Past Enterprises provides to Station Casinos, Inc. an unlimited revolving credit facility (the "Past Revolving Loan") at an interest rate of 2.78% per annum, the proceeds of which will be used for working capital and other general corporate purposes of the Company and will be available for intercompany loans to its subsidiaries.

The Past Revolving Loan matures on the earlier of (i) demand, or (ii) July 31, 2011, and provides for a default rate of interest of 4.78% if principal or interest due thereunder is not paid when due. At December 31, 2009, the outstanding balance due under the Past Revolving Loan totaled \$68.5 million.

Station Casinos, Inc.'s obligations under the Past Revolving Loan will be an administrative expense claim in the Chapter 11 Case having *pari passu* priority with other administrative expense claims, provided that repayment of the loan by Station Casinos, Inc. shall be subordinate to the full repayment of the lenders under the Company's prepetition Credit Agreement.

Off Balance Sheet Arrangements

As of December 31, 2009, we have certain off-balance sheet arrangements that affect our financial condition, liquidity and results of operations, including interest rate swaps with a combined notional amount of \$250 million (see "Description of Certain Indebtedness and Capital Stock Derivative Instruments").

Edgar Filing: STATION CASINOS INC - Form 10-K

The following table summarizes our contractual obligations and commitments (amounts in thousands):

Payments due by year	Contractual obligations			Total contractual cash obligations
	Long-term debt (a)	Operating leases (b)	Other long-term obligations (c)	
2010	\$ 6,431,882	\$ 9,491	\$ 17,170	\$ 6,458,543
2011	313,443	9,460	125	323,028
2012	247,943	9,461	100	257,504
2013	154,718	9,372	200	164,290
2014	117,560	9,354		126,914
Thereafter	334,411	430,532		764,943
Total	\$ 7,599,957	\$ 477,670	\$ 17,595	\$ 8,095,222

- (a) Includes interest related to interest rate swaps that have not been terminated which has been estimated based on the notional amount and net interest spread as of December 31, 2009. Interest related to the long-term debt of the Debtors, including the Term Loan, Revolver, CMBS Loans, Senior Notes and Senior Subordinated Notes and Land Loan is estimated based on the outstanding balance and interest rate as of July 27, 2009 immediately preceding the petition date of the Chapter 11 Case. Interest related to the Land Loan is estimated based on the outstanding balance and interest rate as of December 31, 2009. The total amount of termination payments due on swaps that were terminated early is included in 2010. See Notes 11 and 12 to the Consolidated Financial Statements in this Annual Report on Form 10-K for additional information related to long-term debt and derivative instruments, respectively.
- (b) See Note 13 to the Consolidated Financial Statements in this Annual Report on Form 10-K.
- (c) Other long-term obligations are comprised of employment contracts, long-term stay-on agreements and slot conversion purchases.

As further discussed in Note 21 to the Consolidated Financial Statements in this Annual Report on Form 10-K, on January 1, 2007 we adopted the provisions of the accounting guidance for uncertainty in income taxes. We had \$10.3 million of unrecognized tax benefits as of December 31, 2009. Due to the inherent uncertainty of the underlying tax positions, it is not possible to assign the liability as of December 31, 2009 to any particular years in the table.

Inflation

We do not believe that inflation has had a significant impact on our revenues, results of operations or cash flows in the last three fiscal years.

Future Development

Las Vegas Development

Rancho Road

In December 2006, we entered into an amended and restated operating agreement with FBLV Holding Company LLC ("FBLV"). Pursuant to the amended and restated operating agreement, the parties contributed approximately 52 acres (with approximately 20 acres contributed by us for our 50% ownership and approximately 32 acres contributed by FBLV for their 50% ownership) of improved and unimproved real property located along Rancho Road south of Palace Station in Las Vegas, Nevada into a joint venture. It is anticipated that the joint venture will develop, construct and manage, pursuant to a

master development plan, a mixed-use residential, retail and entertainment project on all or a portion of such property. The timing, cost and scope of the project have yet to be determined. Through December 31, 2009, we have contributed an additional \$43.7 million to fund the acquisition of additional property as well as design and development costs.

Native American Development

The Federated Indians of Graton Rancheria

We have entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the "FIGR"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected us to assist them in designing, developing and financing their project and, upon opening, we will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and we will receive a management fee equal to 24% of the facility's net income in years 1 through 4 and 27% of the facility's net income in years 5 through 7. We will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. In August 2005, we purchased 270 acres of land just west of the Rohnert Park city limits in Sonoma County, California. In March 2006, we purchased an additional 4.7 acres adjacent to the previously acquired property. The property purchased is approximately one-quarter mile from Highway 101 and approximately 43 miles from downtown San Francisco. In March 2008, it was determined that approximately 247 acres of the 270-acre site purchased in August 2005 would be taken into trust, with the remaining 23 acres retained by Station. As a result, the estimated cost of the remaining 23 acres was reclassified from Native American development costs to land held for development during the year ended December 31, 2008. Over the period of May 2007 through June 2008, we purchased an additional 11 acres of land adjacent to the 23 acres, bringing the total land held for development to 34 acres. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the United States Department of the Interior (the "DOI") accepting a portion of the land into trust on behalf of the FIGR and approval of the Management Agreement by the National Indian Gaming Commission (the "NIGC"). Prior to obtaining third-party financing, we will contribute significant financial support to the project. Through December 31, 2009, we have advanced approximately \$144.5 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the FIGR's gaming revenues. In addition, we have agreed to pay approximately \$11.3 million upon achieving certain milestones, which will not be reimbursed. Through December 31, 2009, approximately \$2.0 million of these payments had been made and were expensed as incurred. The timing and feasibility of the project are dependent upon the receipt of the necessary governmental and regulatory approvals. The Company plans to continue contributing significant financial support to the project, even though there can be no assurances as to when or if the necessary approvals will be obtained.

On May 7, 2008, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of the FIGR. The publication commenced a thirty-day period in which interested parties could seek judicial review of the Determination. On June 6, 2008, the Stop The Casino 101 Coalition and certain individuals filed a complaint (the "Complaint") in the United States District Court for the Northern District of California seeking declaratory and injunctive relief against the DOI and officials of the DOI. The Complaint sought judicial review of the Determination. On September 10, 2008, the U.S. Attorney representing the DOI exercised her right to have the case reassigned from a magistrate to an Article III judge, and the FIGR subsequently

intervened in the lawsuit. On November 17, 2008, the federal defendants and the FIGR filed their respective motions to dismiss the complaint for lack of jurisdiction and failure to state a claim. In response, the plaintiffs filed a motion for leave to amend their complaint which was granted on January 26, 2009. The Company believes that the allegations contained in the Complaint are without merit. The DOI and the FIGR filed motions to dismiss the amended complaint on February 20, 2009, and on March 27, 2009, a hearing was held to argue such motions. On April 21, 2009, the DOI and FIGR's motions to dismiss were granted. On June 8, 2009, the plaintiffs filed an appeal (the "Appeal") in the United States Court of Appeals for the Ninth Circuit Appeals, and the DOI agreed to voluntary stay the taking of the site into trust pending resolution of the appeal. The plaintiffs, including several who are now represented separately by a second attorney, filed their opening briefs on October 26, 2009. On November 4, 2009, DOI filed an unopposed motion to expedite the oral argument. DOI and FIGR then filed their answering briefs on November 25, 2009. The plaintiffs responded by filing reply briefs on December 28, 2009. The court clerk initially rejected the motion to expedite oral argument, but following FIGR's motion for reconsideration, the court has scheduled oral argument for April 15, 2010. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

On February 19, 2009, a Notice of Availability of a Final Environmental Impact Statement (the "EIS") was filed in the Federal Register, leaving only the issuance of the Record of Decision (the "ROD") to complete the environmental process for the FIGR project. Issuance of the ROD will initiate a 30-day period in which opponents of the project will have the right to seek judicial review of the ROD.

Gun Lake Tribe

On November 13, 2003, we agreed to purchase a 50% interest in MPM Enterprises, LLC, a Michigan limited liability company ("MPM"). Concurrently with our agreement to purchase that interest, MPM and the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians of Michigan, a federally recognized Native American tribe commonly referred to as the Gun Lake Tribe ("Gun Lake"), entered into amended Development and Management Agreements, pursuant to which MPM agreed to assist Gun Lake in developing and operating a gaming and entertainment project to be located in Allegan County, Michigan. On July 29, 2005, MPM and Gun Lake entered into amended and restated Development and Management Agreements. We have agreed to pay \$6.0 million for our 50% interest in MPM, which is payable upon achieving certain milestones and is not reimbursable. As of December 31, 2009, payments totaling \$6.0 million had been made and were expensed as incurred. An additional \$12.0 million in total may be paid by us in years six and seven of the Third Amended and Restated Management Agreement, subject to certain contingencies. Under the terms of the Third Amended and Restated Development Agreement, we have agreed to arrange financing for the ongoing development costs and construction of the project. Through December 31, 2009, we have advanced approximately \$53.6 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from Gun Lake's gaming revenues. The Third Amended and Restated Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 30% of the project's net income to be paid to MPM. Pursuant to the terms of the MPM Operating Agreement, our portion of the management fee is 50% of the first \$24 million of management fees earned, 83% of the next \$24 million of management fees and 93% of any management fees in excess of \$48 million.

The project will be located on approximately 147 acres on U.S. Highway 131 and 129th Avenue, approximately 25 miles north of Kalamazoo, Michigan. As currently contemplated, the project will include slot machines, table games and various dining options. Construction of the project includes the conversion of a portion of an existing 192,000 square-foot building into the casino and entertainment facility. Development of the gaming and entertainment project and operation of Class III gaming is subject to

certain governmental and regulatory approvals, including, but not limited to, approval of the Management Agreement by the NIGC.

On February 27, 2004, the DOI issued a Finding of No Significant Impact with respect to the proposed project. On May 13, 2005, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of Gun Lake. On June 13, 2005, Michigan Gambling Opposition (the "MGO Plaintiffs") filed a complaint (the "MGO Complaint") in the United States District Court, District of Columbia (the "District Court"), seeking declaratory and injunctive relief against the DOI and officials of the DOI. The MGO Complaint sought judicial review of the Determination. On January 6, 2006, Gun Lake filed a motion for judgment on the pleadings or, in the alternative, for summary judgment. Also on January 6, 2006, the DOI filed a motion to dismiss or, in the alternative, for summary judgment.

On February 23, 2007, the District Court issued its decision in favor of the DOI and Gun Lake, finding that there were no facts which would entitle the MGO Plaintiffs to any relief on the four issues raised in the MGO Complaint, and granted the parties' motion to dismiss or, in the alternative for summary judgment (the "Dispositive Motions"). On March 1, 2007, the MGO Plaintiffs filed a motion for stay pending appeal with the District Court. On March 5, 2007, the District Court granted the MGO Plaintiffs' motion for stay pending appeal, thereby precluding the DOI from taking the site into trust for the benefit of Gun Lake until the District Court's decision granting the Dispositive Motions had been reviewed on appeal. On May 21, 2007, the MGO Plaintiffs filed their appellate brief in the United States Court of Appeal for the District of Columbia (the "Court of Appeals") appealing the District Court's decision. On July 6, 2007, the DOI and Gun Lake filed their responsive briefs. On July 30, 2007, the MGO Plaintiffs filed their reply brief. Oral arguments were heard on October 19, 2007. On April 29, 2008, the Court of Appeals affirmed the District Court's dismissal of the lawsuit filed by the MGO Plaintiffs.

On May 13, 2008, the MGO Plaintiffs filed a petition for rehearing en banc with the Court of Appeals. On July 25, 2008, the Court of Appeals denied the MGO Plaintiffs' petition for rehearing en banc. On July 29, 2008, the MGO Plaintiffs filed an emergency motion for stay of mandate pending petition for certiorari. On August 1, 2008, the DOI and Gun Lake filed their responses to the emergency motion for stay of mandate. On August 15, 2008, the Court of Appeals granted the emergency motion for stay of mandate. On October 23, 2008, the MGO Plaintiffs filed a petition for certiorari seeking review of the Court of Appeals' decision by the United States Supreme Court. On January 21, 2009, the United States Supreme Court denied the petition for certiorari and on January 27, 2009, the appellate court issued a mandate that dissolved the stay. On January 30, 2009, the DOI accepted approximately 147 acres of real property into trust in Allegan County, Michigan, for the benefit of Gun Lake. On August 18, 2009, the Secretary of Interior issued an Initial Reservation Proclamation proclaiming that the 147-acre parcel is Gun Lake's reservation.

On August 1, 2008, David Patchak filed a complaint (the "Patchak Complaint") seeking declaratory and injunctive relief against the DOI and officials of the DOI. On October 6, 2008, Gun Lake filed a motion for judgment on the pleadings. The Patchak Complaint also seeks judicial review of the Determination. On October 7, 2008, the DOI filed a motion to dismiss. On October 17, 2008, the plaintiff filed a motion to stop the DOI from taking land into trust for Gun Lake, which was denied by the District Court on January 26, 2009. The District Court filed an order that gave the plaintiff 21 days to submit a memorandum addressing whether the District Court still has jurisdiction in this case in light of the DOI accepting the land in trust for the benefit of Gun Lake. The DOI and Gun Lake filed their memoranda addressing this issue on April 6, 2009. On August 19, 2009, the DOI's motion to dismiss and motion for judgment on the pleadings was granted and the plaintiff's motions for preliminary injunctive relief were denied. On September 15, 2009, plaintiff filed a notice of appeal with the United States Court of Appeals for the District of Columbia Circuit. On November 6, 2009, Gun Lake filed a Motion to Dismiss the appeal in part. The Motion has been referred to the panel of judges to whom the case will be assigned for decision. On January 8, 2010, the Court ordered the Court Clerk to enter a briefing schedule. To date, no

briefing schedule has been issued. The Company believes that the appeal is without merit. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

On March 9, 2007, Gun Lake and the State of Michigan entered into a tribal-state Class III gaming compact. The compact was subject to approval by the Michigan Legislature and, if approved, would regulate gaming at Gun Lake's proposed gaming and entertainment project to be developed on the site. On August 8, 2007, the Michigan House of Representatives ratified the compact. On February 11, 2009, the Michigan Senate passed a resolution approving the compact. On February 19, 2009, the Michigan House of Representatives passed a similar resolution approving the Compact and the Compact was submitted to the Secretary of Interior for his approval. On April 22, 2009, the Compact became effective by publication in the Federal Register. Prior to obtaining third-party financing, we will contribute significant financial support to the project. Construction on the project began in September 2009.

Mechoopda Indian Tribe

We have entered into Development and Management Agreements with the Mechoopda Indian Tribe of Chico Rancheria, California (the "MITCR"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the MITCR in developing and operating a gaming and entertainment facility to be located on a portion of an approximately 650-acre site in Butte County, California, at the intersection of State Route 149 and Highway 99, approximately 10 miles southeast of Chico, California and 80 miles north of Sacramento, California. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the MITCR's gaming revenues. Through December 31, 2009, we have advanced approximately \$11.9 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project. In addition, we have agreed to pay approximately \$2.2 million of payments upon achieving certain milestones, which will not be reimbursed. Through December 31, 2009, \$50,000 of these payments had been made and were expensed as incurred. Although the Company continues to fund advances to MITCR, given the recent recession and thus the revised expected potential of the project, as of December 31, 2009 the Company has fully impaired the associated long-term asset. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include slot machines, table games and dining and entertainment amenities. Development of the facility is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting land into trust on behalf of the MITCR and approval of the Management Agreement by the NIGC. Prior to obtaining third-party financing, we will contribute significant financial support to the project. The timing of this type of project is difficult to predict and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when or if these approvals will be obtained.

On January 17, 2008, the Bureau of Indian Affairs (the "BIA") issued a Finding of No Significant Impact with respect to the proposed project. On May 8, 2008, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of MITCR. On March 26, 2008, Butte County, California (the "Plaintiff") filed a complaint in the United States District Court for the District of Columbia (the "District Court") seeking declaratory and injunctive relief against the NIGC. On May 19, 2008, the Plaintiff filed a first amended complaint (the "Amended Complaint") in the District Court seeking declaratory and injunctive relief against the NIGC, the DOI and officials of the DOI. The Amended Complaint sought judicial review of the Determination and the NIGC's approval of the tribal-gaming ordinance. On May 13, 2008, MITCR filed a motion to intervene in that lawsuit which was granted by the District Court on June 16, 2008. On June 30, 2008, MITCR filed an answer to the Amended Complaint. On September 12, 2008, the U.S. Department of Justice on behalf of the NIGC and DOI, and MITCR each filed a motion to dismiss the Plaintiff's Amended Complaint. The

Plaintiff's opposition to MITCR's motion to dismiss and the Plaintiff's dispositive motion were filed on October 24, 2008, and the NIGC, DOI and MITCR briefs concerning the dispositive motions were filed on December 8, 2008. Oral arguments were heard by the District Court on February 13, 2009. On April 13, 2009, the District Court granted the DOI and MITCR's motion to dismiss. On May 13, 2009, the Plaintiff filed an appeal in the U.S. Court of Appeals for the District of Columbia in Washington DC. The Plaintiff's brief was filed on September 14, 2009, and the MITCR and DOI's briefs were filed October 14, 2009. The Plaintiff's reply brief was filed October 28, 2009, and oral arguments were held on December 10, 2009. The Company believes that the appeal is without merit. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

North Fork Rancheria of Mono Indian Tribe

We have entered into Development and Management Agreements with the North Fork Rancheria of Mono Indians (the "Mono"), a federally recognized Native American tribe located near Fresno, California. Pursuant to those agreements, we will assist the Mono in developing and operating a gaming and entertainment facility to be located in Madera County, California. We have purchased, for the benefit of the Mono, a 305-acre parcel of land located on Highway 99 north of the city of Madera. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the Mono's gaming revenues. Through December 31, 2009, we have advanced approximately \$15.7 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. In addition, we have agreed to pay approximately \$1.3 million of payments upon achieving certain milestones, which will not be reimbursed and will be expensed as incurred. Through December 31, 2009, none of these payments had been made. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include slot machines, table games, restaurants, a hotel and entertainment amenities. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, approval by the California Legislature of the gaming compact with the State of California, the DOI accepting the land into trust on behalf of the Mono and approval of the Management Agreement by the NIGC.

On April 28, 2008, the Mono and the State of California entered into a tribal-state Class III gaming compact. The compact is subject to approval by the California Legislature and, if approved, will regulate gaming at the Mono's proposed gaming and entertainment project to be developed on the site. No assurances can be provided as to whether the California Legislature will approve the compact. Prior to obtaining third-party financing, we will contribute significant financial support to the project. The timing of this type of project is difficult to predict, and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when, or if, these approvals will be obtained.

Land Acquisition

We have acquired certain parcels of land as part of future development activities. Our decision whether to proceed with any new gaming or development opportunity is dependent upon future economic and regulatory factors, the availability of financing and competitive and strategic considerations. As many of these considerations are beyond our control, no assurances can be made that we will be able to secure additional, acceptable financing in order to proceed with any particular project.

Edgar Filing: STATION CASINOS INC - Form 10-K

As of December 31, 2009, we had \$305.6 million of land held for development that consists primarily of nine sites that are owned or leased, which includes 359 acres in the Las Vegas valley, 172 acres in northern California and 200 acres in Reno, Nevada. The primary gaming-entitled land that we own in the Las Vegas valley consists of 77 acres of land (106 acres including those leased or under contract) on which the Wild Wild West is located and the surrounding area, 68 acres located at the intersection of Durango Road and the Southern Beltway/Interstate 215 in the southwest area of Las Vegas, 49 acres also located in southwest Las Vegas at the intersection of Town Center and Interstate 215, 45 acres in the master-planned community of Inspirada located in Henderson, Nevada, 61 acres located on the southern end of Las Vegas Boulevard at Cactus Avenue of which we lease and have an option to purchase 2.5 acres and 30 acres on Boulder Highway at the site formerly known as the Castaways Hotel Casino and Bowling Center.

During the year ended December 31, 2009, as a result of the Chapter 11 Case and the continuing decline in general economic conditions, we reviewed our portfolio of land held for development for impairment. We tested our land held for development for recoverability by comparing the estimated undiscounted future cash flows for the land parcels to the carrying values, and for those parcels with a carrying value greater than the estimated undiscounted future cash flows, an impairment loss was calculated based on the excess of the carrying value over the fair value of the asset. We recorded a total impairment loss on land held for development of \$617.4 million. We estimated the fair values used to calculate the impairment losses using traditional real estate valuation techniques, primarily the sales comparison approach.

In December 2008, we amended the lease and purchase agreement for the 19-acre parcel of land on which the Wild Wild West is located. Under the amended agreement, we have an option to purchase the land on or before December 28, 2011 for a purchase price of \$36 million. The amended lease also includes options to purchase the land in July 2023, 2044 and 2065 for a purchase price equal to fair market value as of July 2022, 2043 and 2064, respectively. No amounts related to these purchase options have been recorded on our consolidated balance sheets at December 31, 2009 and 2008.

During the three months ended December 31, 2008, it was determined that a triggering event, as described in the guidance for accounting for the impairment or disposal of long-lived assets, had occurred related to much of our land held for development due to changes in the anticipated use of certain land parcels and the current economic condition of the Company and its ability to secure adequate financing for capital projects going forward. As a result, we compared the estimated future cash flows for certain land parcels, on an undiscounted basis, to the carrying value. In certain instances, the carrying value was higher and as such, we recorded an impairment loss of \$148.0 million to write down the book value of certain parcels of land to their fair values in accordance with the accounting guidance for impairment or disposal of long-lived assets. The fair values were estimated by management utilizing traditional real estate valuation techniques, primarily the sales comparison approach.

Regulation and Taxes

We are subject to extensive regulation by the Nevada gaming authorities and will be subject to regulation, which may or may not be similar to that in Nevada, by any other jurisdiction in which we may conduct gaming activities in the future, including the NIGC and tribal gaming agency of the UAIC.

The gaming industry represents a significant source of tax revenue, particularly to the State of Nevada and its counties and municipalities. From time to time, various state and federal legislators and officials have proposed changes in tax law, or in the administration of such law, affecting the gaming industry. The Nevada Legislature meets every two years and when special sessions are called by the Governor. The Nevada Legislature is not currently in session and is next scheduled to meet in early 2011. An increase in the gaming tax could have an adverse effect on our results of operations.

On March 27, 2008, in the matter captioned Sparks Nugget, Inc. vs. State ex rel. Department of Taxation, the Nevada Supreme Court ruled that complimentary meals provided to employees and patrons are not subject to Nevada use tax. We have filed refunds for the periods from April 2000 through February

2008. The amount subject to these refunds is approximately \$15.3 million plus interest. Any amount refunded to us would be reduced by a contingent fee owed to a third party advisory firm. On April 15, 2008, the Department of Taxation filed a motion for rehearing of the Supreme Court's decision. On July 16, 2008, the Nevada Supreme Court denied the Department of Taxation's motion for rehearing. The Company is currently evaluating the impact of the Nevada Supreme Court's decision not to rehear the case. Accordingly, we have not recorded a receivable related to a refund for previously paid use tax on complimentary employee and patron meals in the accompanying consolidated balance sheets as of December 31, 2009 and 2008, respectively. However, we began claiming this exemption on sales and use tax returns for periods subsequent to February 2008 given the Nevada Supreme Court decision.

We believe that our recorded tax balances are adequate. However, it is not possible to determine with certainty the likelihood of possible changes in tax law or in the administration of such law, regulations or compact provisions. Such changes, if adopted, could have a material adverse effect on our operating results.

Description of Certain Indebtedness and Capital Stock

CMBS Loans

In connection with the Merger, on November 7, 2007, a number of wholly-owned unrestricted direct and indirect subsidiaries of Station (collectively, the "CMBS Borrower") entered into a mortgage loan and related mezzanine financings in the aggregate principal amount of \$2.475 billion (the "CMBS Loans"), for the purpose of financing the Merger consideration payable to the Company's stockholders upon consummation of the Merger and paying fees and expenses incurred in connection with the Merger.

The CMBS Loans are secured by substantially all fee and leasehold real property comprising Palace Station, Boulder Station, Sunset Station and Red Rock (collectively, the "CMBS Property") and will mature in November 2010. Prior to the 2009 maturity date, the CMBS Borrower exercised a one-year extension to extend the maturity date to November 2010 subject to two additional one-year extensions. The lenders have disputed the effectiveness of the extension. Interest on the CMBS Loans is equal to one-month LIBOR plus 5.3% per annum, which includes an additional 3.0% default rate. As a result of the Chapter 11 Case, interest due on the mezzanine financings is not being remitted to the mezzanine lenders. The CMBS Borrower is required to hedge the LIBOR interest rate such that it will not exceed 5.5% on a blended basis. As a result, the CMBS Borrower purchased interest rate caps with a combined notional amount of \$1.11 billion and a cap rate of 5.8% for an initial premium of \$3.6 million. The initial premium was recorded in other assets and, in accordance with the authoritative guidance for accounting for derivative instruments and hedging activities, is fair valued at each reporting period. In addition, the CMBS Borrower entered into an interest rate swap with a notional amount of \$1.36 billion in which the borrower paid a fixed rate of approximately 5.3% and received one-month LIBOR, terminating in November 2012 (see Note 12 Derivative Instruments). This interest rate swap was early terminated during the three months ended December 31, 2009.

The loan documents for the CMBS Loans (the "CMBS Loan Documents") contain a number of covenants that, among other things, restrict, subject to certain exceptions, each wholly-owned unrestricted direct and indirect subsidiary's ability to incur additional indebtedness; create liens on assets; engage in mergers or consolidations; sell assets; pay dividends or make distributions; make investments, loans or advances; make certain acquisitions; engage in certain transactions with affiliates; and fundamentally change its business. The CMBS Loan Documents also require the CMBS Borrower to fund specific reserves as defined. In addition, the CMBS Loan Documents contain a requirement that if the CMBS Borrower fails to maintain a minimum lease coverage ratio of 1.15 to 1.00 during two consecutive fiscal quarters, 80% of the funds available following the payment of all amounts and reserves required to be made pursuant to the CMBS Loan Documents be deposited into an account for the benefit of the lenders instead of permitting distribution of such funds to the Company. As of December 31, 2009, we were not in compliance with the lease coverage ratio. In a letter dated April 6, 2009 to the CMBS Borrower, certain

lenders under the CMBS Loans alleged that the CMBS Borrower had not calculated the lease coverage ratio in accordance with the CMBS Loan Documents for the quarters ended September 30, 2008 and December 31, 2008 and further alleged that the CMBS Borrower would not have been in compliance with the minimum lease coverage ratio if the lease coverage ratio had been properly calculated. As a result, those lenders instituted a block against the release of 80% of the funds available following the payment of all amounts and reserves due under the CMBS Loans and instructed our depository bank to hold such funds in a collateral account for the benefit of the lenders. As a result of the Chapter 11 Case, the block against the release of funds increased to 100% of the funds available following the payment of all amounts and reserves due under the CMBS Loans. During year ended December 31, 2009, \$78.7 million was deposited in the collateral account in relation to this block.

Land Loan

On February 7, 2008, CV Propco, LLC, a wholly-owned, indirect unrestricted subsidiary of Station, as borrower, entered into a \$250 million delay-draw term loan which is collateralized by land located on the southern end of Las Vegas Boulevard at Cactus Avenue and land surrounding Wild Wild West in Las Vegas, Nevada (the "Land Loan"). The Land Loan contains no principal amortization and matures on February 7, 2011. At closing, \$200 million was drawn with the remaining \$50 million drawn in June 2008. The proceeds were used to fund a distribution to Station, establish an interest reserve and pay transaction expenses. Borrowings under the Land Loan bear interest at LIBOR plus 5.5% per annum or at the Alternate Base Rate (as defined in the Land Loan) plus 3.5% per annum, which includes an additional 2% default rate, at the borrower's election. The borrower is required to hedge the interest rate such that LIBOR will not exceed 6.5%. As a result, the borrower entered into two interest rate swap agreements with notional amounts of \$200 million and \$50 million in which the borrower paid a fixed LIBOR rate of 3.0% and 3.7%, respectively, and received one-month LIBOR. These interest rate swaps were early terminated in November 2009 (see Note 12 Derivative Instruments).

The Land Loan contains a number of covenants that, among other things, restrict, subject to certain exceptions, the borrower's ability to incur additional indebtedness; create liens on assets; engage in mergers or consolidations; sell assets; pay dividends or make distributions; make investments, loans or advances; make certain acquisitions; engage in certain transactions with affiliates; and fundamentally change its business. In addition, the Land Loan requires the borrower to maintain a loan-to-value ratio of no more than 40% and also contains customary affirmative covenants and certain events of default.

During the first quarter of 2009, the lenders under the land loan, based on appraisals, indicated their opinion that the value of the collateral had likely decreased to the point that the loan-to-value ratio was no longer less than 40%, as required under the credit agreement, and thus an event of default had occurred under the credit agreement. As a result of such event of default, lenders have become entitled to exercise remedies, including, among other things, the ability to declare the land loan and related accrued interest due and payable and to foreclose on the underlying collateral of the borrower which at December 31, 2009 and 2008 included land with a book value of \$133.2 million and \$501.1 million, respectively. In December 2009, the balance of the interest reserve account of \$8.2 million was liquidated, and \$8.0 million was applied as a principal reduction to the loan with the remainder applied to the swap termination settlement amount. In addition, the borrower did not make the November 2009 payments or any subsequent payments due on account of interest or the interest rate swap agreements. There is no recourse to the Company for any portion of the land loan that is not satisfied by the borrower or the collateral. The Company is in discussions with the lenders regarding solutions to the event of default, however, the Company can provide no assurance that it will be able to reach a solution with the lenders. As a result of this uncertainty, the outstanding indebtedness related to the land loan and the market value of the associated interest rate swap have been classified as current in the accompanying consolidated balance sheets at December 31, 2009.

Credit Agreement

In connection with the Merger, Station, as borrower, entered into a new \$900 million senior secured credit agreement (the "Credit Agreement") consisting of a \$650 million revolving facility (the "Revolver") and a \$250 million term loan (the "Term Loan"). The maturity date for both the Term Loan and the Revolver is August 7, 2012 subject to a single 15-month extension (as further defined in the Credit Agreement). The Term Loan requires quarterly principal payments of \$625,000. The Revolver contains no principal amortization. Borrowings under the Credit Agreement bear interest at a margin above the Alternate Base Rate or the Eurodollar Rate (each as defined in the Credit Agreement), as selected by us. The margin above such rates, and the fee on the unfunded portions of the Revolver, will vary quarterly based on our total debt to Adjusted EBITDA (as defined in the Credit Agreement). As of December 31, 2009, the borrower's margin above the Eurodollar Rate on borrowings under the Credit Agreement was 4.50%. As of December 31, 2009, the maximum margin for Eurodollar Rate borrowings was 4.50% and the maximum margin for Alternate Base Rate borrowings was 3.50%. As of December 31, 2009, the fee for any unfunded portion of the Revolver was 0.375%.

The Credit Agreement contains certain financial and other covenants. These include a minimum interest coverage, a maximum total debt to Adjusted EBITDA (as defined in the Credit Agreement) ratio and a total senior secured debt to Adjusted EBITDA (as defined in the Credit Agreement) ratio.

For the quarters ended December 31, 2008, March 31, 2009, June 30, 2009, September 30, 2009 and December 31, 2009, we were not in compliance with the financial covenants in the Credit Agreement. In addition, the filing of the Chapter 11 Case constitutes an event of default under the terms of the Credit Agreement. Notwithstanding such events of default, in connection with the filing of the Chapter 11 Case, on July 28, 2009, the Company entered into a Second Forbearance Agreement and Second Amendment to the Credit Agreement (the "Forbearance Agreement") with the lenders holding a majority of the commitments under its Credit Agreement pursuant to which the lenders agreed, among other things, to forbear from exercising their default-related rights, remedies and powers or privileges against certain subsidiaries that guarantee the Company's obligations under the Credit Agreement. The Forbearance Agreement terminated on January 31, 2010.

Senior and Senior Subordinated Notes

The indentures (the "Indentures") governing our \$2.3 billion in aggregate principal amount of senior and senior subordinated notes (the "Notes") contain certain customary financial and other covenants, which limit our and our subsidiaries' ability to incur additional debt. As a result of the filing of the Chapter 11 Case, all amounts outstanding under the Notes have been accelerated and are due and payable.

We have not made scheduled interest payments on the Company's \$450 million 6¹/₂% Senior Subordinated Notes due February 1, 2014 (the "2014 Subordinated Notes"), \$400 million 7³/₄% Senior Notes due August 15, 2016 (the "2016 Senior Notes"), \$700 million 6⁷/₈% Senior Subordinated Notes due 2016 (the "2016 Subordinated Notes"), \$300 million 6⁵/₈% Senior Subordinated Notes due 2018 (the "2018 Subordinated Notes") or \$450 million 6% Senior Notes due 2012 (the "2012 Senior Notes") since February 1, 2009. The grace periods with respect to the payment of interest on the 2014 Subordinated Notes, 2016 Senior Notes, 2016 Subordinated Notes, 2018 Subordinated Notes and 2012 Senior Notes have expired, resulting in an event of default under the indentures governing such indebtedness. In addition as a result of the filing of the Chapter 11 Case, the 2014 Subordinated Notes, 2016 Senior Notes, 2016 Subordinated Notes, 2018 Subordinated Notes and 2012 Senior Notes have been accelerated and are due and payable, subject to the bankruptcy stay.

Corporate Office Lease

In November 2007, we entered into a sale-leaseback agreement related to our corporate office building with a third-party real estate investment firm. We sold the corporate office building for approximately \$70 million and subsequently entered into a lease with the purchaser for an initial period of

Edgar Filing: STATION CASINOS INC - Form 10-K

20 years with four options to extend the lease, each option for an extension of five years. An event of default under the sale leaseback agreement for the corporate office building occurred on October 26, 2009 as a result of the Chapter 11 Case not being dismissed within 90 days following the filing thereof, entitling the landlord to exercise its remedies thereunder, including, among other things, termination of the lease and acceleration of contractual rents. Annual lease payments increase approximately 1.2% annually to approximately \$6.7 million in the final year of the original term. The lease also contains two options for us to repurchase the corporate office building, one option at the end of the fifth year of the lease term and a second option at the end of the tenth year of the lease term, which is considered continuing involvement under the authoritative guidance for accounting for sale-leaseback transactions involving real estate. Because of this continuing involvement, the sale-leaseback transaction is being accounted for as a financing transaction, with the sales proceeds recorded as a liability and the lease payments recorded as interest expense. In addition, we continue to include the corporate office building within property and equipment, net on our consolidated balance sheets and depreciate it according to our policy. During the twelve months ended December 31, 2009 and 2008, we recorded interest expense related to this lease of approximately \$5.3 million and \$5.3 million, respectively. Future minimum lease payments related to this lease for the next five years are approximately \$5.4 million, \$5.5 million, \$5.5 million, \$5.6 million and \$5.7 million for the years ended December 31, 2010, 2011, 2012, 2013 and 2014, respectively.

Revolving Facility

In conjunction with the Merger on November 7, 2007, we terminated our previous \$2.0 billion revolving credit facility (the "Revolving Facility") due December 2010. As a result, we recorded a loss on early retirement of debt of approximately \$8.1 million during the Successor Period to reflect the write off of the unamortized loan costs. In addition, we terminated two interest rate swaps with a combined notional amount of \$500 million, which were due to terminate in December 2010 and tied directly to the Revolving Facility. These interest rate swaps were terminated at market value, and as a result, we paid approximately \$12.2 million which is included in loss on early retirement of debt in the Successor Period.

At December 31, 2009, the estimated fair value of our long-term debt was approximately \$2.9 billion, compared to the book value of \$5.9 billion. The estimated fair value of our long-term debt at December 31, 2008 was approximately \$3.9 billion, compared to the book value of approximately \$5.8 billion. The estimated fair value amounts were based on quoted market prices on or about December 31, for our debt securities that are publicly traded. For the Revolver, Term Loan, CMBS Loans and Land Loan, the fair value approximates the carrying amount of the debt due to short-term maturities of the individual components of the debt.

Derivative Instruments

We have entered into various interest rate swaps with members of our bank group to manage interest expense. At December 31, 2009, we have a floating-to-fixed interest rate swap with a notional amount of \$250 million, terminating in January 2011, which effectively converts a portion of our floating-rate debt to a fixed rate. This interest rate swap is not designated as a hedging instrument and as a result, gains or losses resulting from the change in fair value of this swap are recognized in earnings in the period of the change. Fluctuations in interest rates can cause the fair value of our derivative instruments to change each reporting period. While we attempt to predict such movements in interest rates and impact on derivative instruments, such estimates are subject to a large degree of variability which could have a significant impact on our consolidated financial statements. As of December 31, 2009, we paid a weighted-average fixed rate of approximately 3.0% and received one-month LIBOR which approximated 0.2% on this interest rate swap.

During the three months ended December 31, 2009, we early terminated a floating-to-fixed interest rate swap with a notional amount of \$1.36 billion. Prior to termination, this cash flow hedges effectively converted a portion of our floating-rate debt to a fixed rate. This interest rate swap was not designated as a

hedging instrument and as a result, gains or losses resulting from the change in fair value of this swap were recognized in earnings in the period of the change.

Also during the three months ended December 31, 2009, we early terminated two floating-to-fixed interest rate swaps with a combined notional amount of \$250 million and it became probable that the original forecasted transactions would not occur. Prior to termination, these cash flow hedges effectively converted a portion of our floating-rate debt to a fixed rate. These interest rate swaps previously qualified and were designated as cash flow hedges, resulting in the effective portion of the gain or loss from the change in fair value being reported as a component of other comprehensive income (loss). The variable cash flow method was used to measure the ineffectiveness of the hedging relationship. Accordingly, the calculation of ineffectiveness involved a comparison of the present value of the cumulative change in the expected future cash flows of the variable portion of the interest rate swaps and the present value of the cumulative change in the expected future variable interest payments designated in the hedging relationship. During the first quarter of 2009, these interest rate swaps were de-designated as cash flow hedges for accounting purposes. As a result of the termination of these swaps, we reclassified \$1.7 million in deferred losses, net of tax, from accumulated other comprehensive income into earnings.

During the second quarter of 2009, two interest rate swaps of one of our 50% owned joint ventures with notional amounts of \$297.8 million were terminated, and therefore it became probable that the original forecasted transactions would not occur. As a result, we reclassified \$0.3 million in deferred losses, net of tax, from accumulated other comprehensive income into earnings. As of December 31, 2009, the remaining interest rate swaps of our 50% owned joint ventures have a total notional amount of \$538.0 million. Subsequent to December 31, 2009, these remaining interest rate swaps were early terminated, and as a result, the remaining balance of \$2.0 million of deferred losses, net of tax, will be reclassified from accumulated other comprehensive income into earnings during the first quarter of 2010.

The difference between amounts received and paid under our interest rate swap agreements, as well as any costs or fees, is recorded as a reduction of, or an addition to, interest expense as incurred over the life of the interest rate swaps. The net effect of the interest rate swaps and interest rate cap resulted in an increase in interest expense of approximately \$77.5 million, \$35.1 million and \$0.4 million for the years ended December 31, 2009 and 2008 and 2007 Combined, respectively. In addition, our proportionate share of the net effect of interest rate swaps of our 50% owned joint ventures is reflected as an increase (decrease) in interest and other expense from joint ventures in our consolidated statements of operations, and totaled approximately \$10.6 million, \$17.3 million and \$(0.7) million for the years ended December 31, 2009 and 2008 and the Successor Period, respectively.

Common Stock

We are authorized to issue up to 10,000 shares of voting common stock, \$0.01 par value per share. At December 31, 2009, there were 41.7 shares of voting common stock issued and outstanding. Each holder of issued and outstanding shares of voting common stock is entitled to one vote for each share held of record on each matter submitted to a vote of stockholders. Holders of our voting common stock have no cumulative voting, conversion or redemption rights. Under the Equityholders Agreement of Station, FCP and Fertitta Partners, as amended, in certain circumstances, FCP VoteCo, as the holder of Station's voting common stock, shall have the preemptive right to purchase or subscribe to any voting stock to be sold or issued by Station on the terms and conditions as such voting stock is being offered and sold or issued. Subject to any preferences that may be granted to the holders of our preferred stock, each holder of voting common stock is entitled to receive ratably, such dividends as may be declared by our Board of Directors out of funds legally available therefore, as well as any distributions to the stockholders and, in the event of our liquidation, dissolution or winding up is entitled to share ratably in all our assets remaining after payment of liabilities.

No cash dividends were paid during the years ended December 31, 2009 and 2008, respectively. During the Predecessor Period, we paid a quarterly cash dividend of \$0.2875 per share to stockholders of

record on February 26, 2007, May 21, 2007 and October 5, 2007. The total amount paid in dividends for 2007 was \$49.1 million.

Non-Voting Common Stock

We are authorized to issue up to 100,000,000 shares of non-voting common stock, \$0.01 par value per share. At December 31, 2009, there were 41,674,838 shares of non-voting common stock issued and outstanding. Holders of issued and outstanding shares of non-voting common stock are not entitled to vote on any matters to be voted on by the stockholders of the Company and are not to be included in determining the number of shares voting or entitled to vote. Holders of our non-voting common stock have no cumulative voting, conversion or redemption rights. Under the Equityholders Agreement of Station, FCP and Fertitta Partners, as amended, in certain circumstances, holders of non-voting common stock shall have the preemptive right to purchase or subscribe to any equity interests (other than voting stock) to be sold or issued by Station on the same terms and conditions as such equity interests are being offered and sold or issued. Subject to any preferences that may be granted to the holders of our preferred stock, each holder of non-voting common stock is entitled to receive ratably, such dividends as may be declared by our Board of Directors out of funds legally available therefor, as well as any distributions to the stockholders and, in the event of our liquidation, dissolution or winding up is entitled to share ratably in all our assets remaining after payment of liabilities.

Preferred Stock

We are authorized to issue up to 10,000 shares of preferred stock, \$0.01 par value per share of which none are issued. The Board of Directors, without further action by the holders of our common stock, may issue shares of preferred stock in one or more series and may fix or alter the rights, preferences, privileges and restrictions, including the voting rights, redemption provisions (including sinking fund provisions), dividend rights, dividend rates, liquidation rates, liquidation preferences, conversion rights and the description and number of shares constituting any wholly unissued series of preferred stock. Except as described above, our Board of Directors, without further stockholder approval, may issue shares of preferred stock with rights that could adversely affect the rights of the holders of our common stock. The issuance of shares of preferred stock under certain circumstances could have the effect of delaying or preventing a change of control of Station or other corporate action.

Treasury Stock

During the Predecessor Period, we repurchased approximately 1.3 million shares of our common stock for approximately \$110.2 million, primarily through open market purchases. On November 7, 2007, upon consummation of the Merger, all of our treasury stock was cancelled and retired.

Critical Accounting Policies

Significant Accounting Policies and Estimates

We prepare our consolidated financial statements in conformity with accounting principles generally accepted in the United States. Certain of our accounting policies, including the determination of slot club program liability, the estimated useful lives assigned to our assets, asset impairment, insurance reserves, bad debt expense, derivative instruments, purchase price allocations made in connection with our acquisitions and the calculation of our income tax liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, terms of existing contracts, observance of trends in the gaming industry and information available from other outside sources. There can be no assurance that actual results will not differ from our estimates. To provide an understanding of the methodology we apply, our significant accounting policies and basis of

Edgar Filing: STATION CASINOS INC - Form 10-K

presentation are discussed below, as well as where appropriate in this discussion and analysis and in the notes to our consolidated financial statements.

Slot Club Programs

Our Boarding Pass and Amigo Club player rewards programs (the "Programs") allow customers to redeem points earned from their gaming activity at all Station and Fiesta properties for complimentary slot play, food, beverage, rooms, entertainment and merchandise. At the time redeemed, the retail value of complimentary items under the Programs is recorded as revenue with a corresponding offsetting amount included in promotional allowances. The cost associated with complimentary food, beverage, rooms, entertainment and merchandise redeemed under the Programs is recorded in casino costs and expenses on our consolidated statements of operations.

Under the Programs, customers are able to accumulate points over time that they may redeem at their discretion under the terms of the Programs. The estimated cost to provide points is expensed as the points are earned and is included in casino costs and expenses in our consolidated statements of operations. To arrive at the estimated cost associated with outstanding points under the Programs, various estimates and assumptions are made regarding incremental costs of the benefits, historical breakage/forfeiture rates and an estimate of the mix of goods and services we believe, based on past customer redemption patterns, will be redeemed. At December 31, 2009 and 2008, \$6.1 million and \$6.7 million, respectively, were accrued for the cost of anticipated Program redemptions.

Self-Insurance Reserves

We are currently self-insured up to certain stop loss amounts for workers' compensation and general liability costs. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of estimates for claims incurred but not reported. At December 31, 2009 and 2008, we had total self-insurance accruals reflected in our consolidated balance sheets of \$3.6 million and \$3.7 million, respectively. Effective July 1, 2008, we were no longer self-insured for medical costs. In estimating these accruals, we evaluated historical loss experience and made judgments about the expected levels of costs per claim. We believe changes in medical costs, trends in claims of our employee base, accident frequency and severity and other factors could materially affect the estimate for these liabilities. We continually monitor changes in employee demographics, incident and claim type and evaluate our insurance accruals and adjust our accruals based on our evaluation of these qualitative data points.

Derivative Instruments

From time to time we enter into derivative instruments, typically in the form of interest rate swaps, in order to manage interest rate risks associated with our current and future borrowings. We have adopted the accounting guidance for derivative instruments and hedging activities, as amended, to account for our interest rate swaps. The accounting guidance requires us to recognize our derivative instruments as either assets or liabilities in our consolidated balance sheet at fair value. The accounting for changes in fair value (i.e. gains or losses) of the derivative instrument agreements depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. Additionally, the difference between amounts received and paid under such agreements as well as any costs or fees, is recorded as a reduction of, or an addition to, interest expense as incurred over the life of the agreement.

For derivative instruments that are designated and qualify as a cash flow hedge, the effective portion of the gain or loss on the derivative instrument is reported as a component of other comprehensive income (loss) and the ineffective portion is recorded in the consolidated statement of operations. Derivative instruments that are designated as a fair value hedge and qualify for the "shortcut" method under the relevant accounting guidance are allowed an assumption of no ineffectiveness. As such, there is no impact on the consolidated statement of operations from the changes in the fair value of the hedging instrument.

Instead, the fair value of the instrument is recorded as an asset or liability on our consolidated balance sheet with an offsetting adjustment to the carrying value of the related debt. For those derivative instruments that are not designated as hedges for accounting purposes, the change in fair value is recorded in the consolidated statement of operations in the period of change.

Fluctuations in interest rates can cause the fair value of our derivative instruments to change each reporting period. While we attempt to predict such movements in interest rates and the impact on derivative instruments, such estimates are subject to a large degree of variability which could have a significant impact on our consolidated financial statements.

Property and Equipment

Property and equipment are stated at cost. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets or the terms of the capitalized lease, whichever is less. Costs of major improvements are capitalized, while costs of normal repairs and maintenance are charged to expense as incurred.

We must make estimates and assumptions when accounting for capital expenditures. Whether an expenditure is considered a maintenance expense or a capital asset is a matter of judgment. We classify items as maintenance capital to differentiate replacement type capital expenditures such as a new slot machine from investment type capital expenditures to drive future growth such as an expansion of an existing property. In contrast to normal repair and maintenance costs that are expensed when incurred, items we classify as maintenance capital are expenditures necessary to keep our existing properties at their current levels and are typically replacement items due to the normal wear and tear of our properties and equipment as a result of use and age. Our depreciation expense is highly dependent on the assumptions we make about our assets' estimated useful lives. We determine the estimated useful lives based on our experience with similar assets, engineering studies and our estimate of the usage of the asset. Whenever events or circumstances occur which change the estimated useful life of an asset, we account for the change prospectively.

We evaluate our property and equipment and other long-lived assets for impairment in accordance with the authoritative guidance for accounting for the impairment or disposal of long-lived assets. For assets to be disposed of, we recognize the asset to be sold at the lower of carrying value or fair value less costs of disposal. Fair value for assets to be disposed of is generally estimated based on comparable asset sales, solicited offers or a discounted cash flow model. For assets to be held and used, we review fixed assets for impairment whenever indicators of impairment exist. If an indicator of impairment exists, we compare the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then an impairment loss is measured based on fair value compared to carrying value, with fair value typically based on a discounted cash flow model or market comparables, when available. Our consolidated financial statements reflect all required adjustments as of December 31, 2009 and 2008.

Goodwill and Other Intangible Assets

In accordance with the accounting guidance for goodwill and other intangible assets, we annually test our goodwill and indefinite-lived intangible assets for impairment, and in certain situations we test for impairment between those annual dates. For the years ended December 31, 2009 and 2008, and the Predecessor period, we estimated the fair values of these assets and compared these fair values to the assets' carrying values. If the carrying value of the assets exceeds the fair value, then impairment is measured based on the difference between the calculated fair value and the carrying value.

The customer relationship intangible asset refers to the value associated with our rated casino guests. The initial fair value of the customer relationship intangible asset was based on the projected net cash

flows associated with these casino guests. Prior to the annual impairment test for the year ended December 31, 2008, we had utilized the income forecast approach as our basis for amortization of the customer relationships intangible assets. The percentage of annual amortization applied each year utilizing the income forecast approach was based on expected future net cash flows associated with our rated casino guests and an expected attrition rate. We believed this approach better reflected the pattern in which the economic benefits of the intangible asset were consumed. The attrition rate was determined in part quantitatively using historical customer data and qualitatively based on the consistency of our rated casino guests which is predominantly Las Vegas local residents as opposed to out of town customers. Subsequent to our annual impairment testing for the year ended December 31, 2008, these intangible assets are being amortized ratably over their estimated useful lives as the expected pattern of consumption no longer accommodates the income forecast approach. The remaining definite-lived intangible assets are being amortized ratably over their estimated useful lives.

The customer relationship intangible asset is reviewed for impairment whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. Increased competition within the gaming industry or a downturn in the economy could have an impact on our customer relationship intangible asset. Declines in the customer spending which would impact the expected future cash flows associated with our rated casino guests, declines in the number of visitations which could impact the expected attrition rate of our rated casino guests or an erosion of our operating margins associated with our rated casino guest could cause the carrying value of the customer relationship asset to exceed the fair value. In this event, an impairment based on the difference between the calculated fair value and the carrying value would be recognized.

During the third quarter of 2009, we determined that the filing of the Chapter 11 Case constituted a triggering event indicating that an interim test for impairment of intangible assets was required. That testing was completed during the fourth quarter of 2009 and as a result, we recorded impairment losses of \$12.6 million and \$29.7 million related to our customer relationships and brands, respectively in impairment of intangible assets on the consolidated statement of operations during the fourth quarter of 2009. During our annual impairment testing of intangible assets for the year ended December 31, 2008, we recorded impairment losses of \$228.2 million and \$85.5 million related to our customer relationships and brands, respectively in impairment of intangible assets on the consolidated statement of operations. The impairment of our brands and customers relationships is the result of the ongoing recession which has resulted in decreased projected cash flow estimates, decreased valuation multiples for gaming assets due to current market conditions and higher discount rates resulting from turmoil in the credit markets. In addition, we recorded impairment losses totaling \$131.8 million in impairment of intangible assets on our consolidated statement of operations related to certain management contract intangible assets. The impairment of the management contract intangible assets resulted from decreases in the projected revenue streams from these contracts as a result of the general economic downturn previously discussed.

Also as a result of the filing of the Chapter 11 Case, we performed interim impairment testing of our goodwill. That testing was completed during the fourth quarter of 2009, and resulted in the recognition of impairment losses totaling approximately \$181.8 million related to the goodwill of certain operating subsidiaries. This impairment was recorded in impairment of goodwill on our consolidated statements of operations.

In conjunction with our annual impairment testing for the year ended December 31, 2008, we determined that an impairment of the goodwill recorded in conjunction with the Merger of approximately \$2.6 billion existed company-wide. This impairment was recorded in impairment of goodwill on our consolidated statements of operations. For the Predecessor Period, we determined that an impairment of goodwill at Wildfire Boulder and Gold Rush totaling approximately \$8.0 million existed which we recorded in impairment of goodwill on our consolidated statements of operations. We determined that there was no impairment during the Successor Period.

Edgar Filing: STATION CASINOS INC - Form 10-K

Inherent in the reviews of the carrying amounts of the above assets are various estimates. Future cash flow estimates are, by their nature, subjective and actual results may differ materially from our estimates. If our ongoing estimates of future cash flows are not met, we may have to record additional impairment charges in future accounting periods. Our estimates of cash flows are based on the current regulatory, political and economic climates, recent operating information and budgets of the various properties where we conduct operations. These estimates could be negatively impacted by changes in federal, state or local regulations, economic downturns, or other events affecting various forms of travel and access to our properties. Once an impairment of goodwill or other intangible assets has been recorded, it cannot be reversed.

Income Taxes

We are subject to income taxes in the U.S. and file a consolidated federal income tax return. We account for income taxes in accordance with the guidance for accounting for income taxes. That guidance requires the recognition of deferred tax assets, net of applicable reserves, related to net operating loss carry-forwards and certain temporary differences.

Effective January 1, 2007, we adopted the authoritative accounting guidance for accounting for uncertainty in income taxes. The accounting guidance contains a two-step approach to recognizing and measuring uncertain tax positions accounted for in accordance with the authoritative guidance for accounting for income taxes. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount that is more than 50% likely to be realized upon settlement.

Our income tax returns are subject to examination by tax authorities. We regularly assess the potential outcome of these examinations in determining the adequacy of our provision for income taxes and our income tax liabilities. To determine necessary reserves, we must make assumptions and judgments about potential actions by taxing authorities, partially based on past experiences. Our estimate of the potential outcome for any uncertain tax issue is highly judgmental, and we believe we have adequately provided for any reasonable and foreseeable outcomes relating to uncertain tax matters. When actual results of tax examinations differ from our estimates or when potential actions are settled differently than we expected, we adjust the income tax provision and our tax reserves in the current period. The provision for income taxes includes the impact of reserve provisions and changes to reserves that are considered appropriate, as well as the related net interest.

Recently Issued Accounting Standards

In January 2010, updated accounting guidance was issued for improving disclosures about fair value measurement. This guidance clarifies and extends the disclosure requirements about recurring and nonrecurring fair value measurements. The guidance is effective for reporting periods beginning after December 15, 2009. Accordingly, we will adopt the new guidance in the first fiscal quarter of 2010. The adoption of this new guidance is not expected to have a material impact on our consolidated financial statements.

In August 2009, updated accounting guidance was issued for fair value measurements and disclosures related to the fair value of liabilities that are traded as assets in the marketplace. This update provides clarification on measuring liabilities at fair value when a quoted price in an active market is not available. The provisions of this guidance are effective for the Company beginning October 1, 2009. The adoption of this guidance did not have a significant impact on our consolidated financial statements.

In June 2009, new accounting guidance was issued that establishes the FASB Accounting Standards Codification (the "Codification") as the source of authoritative GAAP for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive

releases of the SEC under authority of federal security laws will remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for interim and annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on our financial condition or results of operations.

In June 2009, new accounting guidance was issued for accounting for transfers of financial assets. The new guidance removes the concept of a qualifying special-purpose entity (QSPE) from the accounting guidance for accounting for transfers and servicing of financial assets and extinguishment of liabilities and removes the exception from applying the accounting guidance related to consolidation of variable interest entities. The new guidance also clarifies the requirements for isolation and limitations on portions of financial assets that are eligible for sale accounting. The new guidance is effective for fiscal years beginning after November 15, 2009. Accordingly, we will adopt the new guidance in fiscal year 2010. The adoption of this new guidance is not expected to have a material impact on our consolidated financial statements.

In June 2009, new accounting guidance was issued amending the accounting guidance related to consolidation of variable interest entities ("VIE"). Among other things, the new guidance requires a qualitative rather than a quantitative analysis to determine the primary beneficiary of a VIE; requires continuous assessments of whether an enterprise is the primary beneficiary of a VIE; enhances disclosures about an enterprise's involvement with a VIE including disclosure of significant judgments and assumptions as to whether a VIE must be consolidated and how involvement with a VIE affects the company's financial statements; and amends certain guidance for determining whether an entity is a VIE. Under the new guidance, a VIE must be consolidated if the enterprise has both (a) the power to direct the activities of the VIE that most significantly impact the entity's economic performance, and (b) the obligation to absorb losses or the right to receive benefits from the VIE that could potentially be significant to the VIE. This new guidance is effective for fiscal years beginning after November 15, 2009. Accordingly, we will adopt this new guidance on January 1, 2010. We are currently evaluating the impact on our consolidated financial statements of adopting this new guidance.

In May 2009, new accounting guidance was issued for recognized and non-recognized subsequent events. The new guidance establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued. The new guidance also requires disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. The new guidance is effective for interim and annual periods ending after June 15, 2009. Accordingly, we adopted the new guidance for the interim period ending June 30, 2009. The adoption of this new accounting guidance did not have a material effect on our consolidated financial statements.

In April 2009, new accounting guidance was issued for interim disclosures about fair value of financial instruments. This new guidance requires that additional disclosures about fair values of financial instruments be included for interim reporting periods. We adopted this new guidance effective April 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2009, new accounting guidance was issued on recognition and presentation of other-than-temporary impairments. This new guidance amends the impairment guidance relating to certain debt securities and requires a company to assess the likelihood of selling the security prior to recovering its cost basis. Additionally, when a company meets the criteria for impairment, the impairment charges related to credit losses would be recognized in earnings, while non-credit losses would be reflected in other comprehensive income. We adopted this new accounting guidance effective April 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2009, new accounting guidance was issued on determining fair value when the volume and level of activity for the asset or liability have significantly decreased and identifying transactions that are not orderly, which provides guidance on determining when the trading volume and activity for an asset or

liability has significantly decreased, which may indicate an inactive market, and on measuring the fair value of an asset or liability in inactive markets. We adopted this new accounting guidance effective April 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2008, new accounting guidance was issued on accounting for assets acquired and liabilities assumed in a business combination that arise from contingencies. This new guidance requires that an acquirer recognize at fair value, at the acquisition date, an asset acquired or a liability assumed in a business combination that arises from a contingency if the acquisition-date fair value of the asset or liability can be determined during the measurement period. We adopted this new accounting guidance on January 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2008, new accounting guidance was issued on determination of the useful life of intangible assets. This new accounting guidance amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset. The intent of the new guidance is to improve the consistency between the useful life of a recognized intangible asset and the period of expected cash flows used to measure the fair value of the asset under business combinations accounting guidance and other applicable accounting guidance. We adopted this new accounting guidance on January 1, 2009 and it must be applied prospectively to intangible assets acquired after the effective date. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In March 2008, new accounting guidance was issued on disclosures about derivative instruments and hedging activities. The new guidance changes the disclosure requirements for derivative instruments and hedging activities, and requires entities to provide enhanced disclosures about how and why they use derivative instruments, how derivative instruments and related hedged items are accounted for and the effect of derivative instruments on the entity's financial position, financial performance and cash flows. We adopted this new accounting guidance during the first quarter of 2009. See Note 12 Derivative Instruments for additional information.

In December 2007, new accounting guidance was issued on business combinations and noncontrolling interests in consolidated financial statements. The new guidance requires the acquiring entity in a business combination to recognize the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value, with limited exceptions, replacing the cost-allocation process that was included in the previous accounting guidance. Further, the new guidance also changes the accounting for acquired in-process research and development assets, contingent consideration, partial acquisitions and transaction costs. Under the new guidance, all entities are required to report noncontrolling (minority) interests in subsidiaries as equity in the consolidated financial statements. In addition, transactions between an entity and noncontrolling interests will be treated as equity transactions. We adopted this new accounting guidance on January 1, 2009, and the adoption did not have a material impact on our consolidated financial statements.

A variety of proposed or otherwise potential accounting guidance is currently under study by standard-setting organizations and certain regulatory agencies. Because of the tentative and preliminary nature of such proposed accounting guidance, we have not yet determined the effect, if any, that the implementation of such proposed accounting guidance would have on our consolidated financial statements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our long-term debt. We attempt to limit our exposure to interest rate risk by managing the mix of our long-term and short-term borrowings under the Credit Agreement. Borrowings under the Credit Agreement bear interest at a margin above the Alternate Base Rate or the Eurodollar Rate (each as defined in the Credit Agreement) as selected by us. However, the amount of outstanding borrowings is expected to fluctuate and may be reduced from time to time. The borrowings under the Credit Agreement mature in August 2012.

The following table provides information about our long-term debt at December 31, 2009 (see also "Description of Certain Indebtedness and Capital Stock") (amounts in thousands):

	Maturity date	Face amount	Carrying value	Estimated fair value (b)
CMBS Loans, weighted-average interest rate of approximately 6.0%	November 2012 (a)	\$ 2,475,000	\$ 2,475,000	\$ 2,475,000
Land Loan, weighted-average interest rate of approximately 7.6%	February 2011	242,032	242,032	242,032
Revolver, weighted-average interest rate of approximately 3.9%	August 2012	628,237	628,237	628,237
Term Loan, weighted-average interest rate of approximately 3.8%	August 2012	245,000	245,000	245,000
6% senior notes	April 2012	450,000	450,000	67,500
7 ³ / ₄ % senior notes	August 2016	400,000	400,000	64,000
6 ¹ / ₂ % senior subordinated notes	February 2014	442,000	442,000	553
6 ⁷ / ₈ % senior subordinated notes	March 2016	660,000	660,000	2,475
6 ⁵ / ₈ % senior subordinated notes	March 2018	300,000	300,000	3,750
Other debt, weighted-average interest rate of approximately 7.8%	2010-2020	79,789	79,789	79,789
Total		\$ 5,922,058	\$ 5,922,058	\$ 3,808,336

- (a) Prior to the maturity date, the CMBS Borrower exercised a one-year extension to extend the maturity date to November 2010 subject to two additional one-year extensions. The lenders have disputed the effectiveness of the extension.
- (b) The estimated fair values of the senior notes and the senior subordinated notes are based on actual market prices for the most recent trades on or before December 31, 2009. The estimated fair values of all other long-term debt are assumed to be equal to the carrying values, and do not reflect any adjustment related to the Company's credit risk or the potential impact of the Chapter 11 Case on the amounts that are recoverable by creditors.

Edgar Filing: STATION CASINOS INC - Form 10-K

We are also exposed to market risk in the form of fluctuations in interest rates and their potential impact upon our debt. This market risk is managed by utilizing derivative financial instruments in accordance with established policies and procedures. We evaluate our exposure to market risk by monitoring interest rates in the marketplace, and do not utilize derivative financial instruments for trading purposes. Our derivative financial instruments consist exclusively of interest rate swap agreements and interest rate cap agreements. Interest differentials resulting from these agreements are recorded on an accrual basis as an adjustment to interest expense.

Edgar Filing: STATION CASINOS INC - Form 10-K

The following table provides information about our financial instruments at December 31, 2009 that are sensitive to changes in interest rates (amounts in thousands):

	Current Portion as of December 31,						Total
	2009	2011	2011	2012	2013	Thereafter	
Long-term debt (including current portion):							
Fixed-rate	\$ 2,252,409	5,627	310	330	352	2,343	\$ 2,261,371
Weighted-average interest rate	8.7%	6.1%	7.2%	7.2%	7.2%	7.3%	8.7%
Variable-rate	\$ 3,660,308	\$ 42	\$ 46	\$ 291	\$	\$	\$ 3,660,687
Weighted-average interest rate	5.6%	7.5%	7.5%	7.5%			5.6%
Interest rate swaps*:							
Notional amount	\$ 250,000	\$	\$	\$	\$	\$	\$ 250,000
Average payable rate	3.0%						3.0%
Average receivable rate	0.2%						0.2%

*

Excludes terminated interest rate swaps.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of Station Casinos, Inc.:

We have audited the accompanying consolidated balance sheets of Station Casinos, Inc. and its subsidiaries (the "Company") as of December 31, 2009 and 2008, and the related consolidated statements of operations, stockholders' deficit, and cash flows for each of the two years in the period ended December 31, 2009 (Successor), the period from November 8, 2007 through December 31, 2007 (Successor), and the period from January 1, 2007 through November 7, 2007 (Predecessor). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company at December 31, 2009 and 2008, and the consolidated results of its operations and its cash flows for each of the two years in the period ended December 31, 2009 (Successor), the period from November 8, 2007 through December 31, 2007 (Successor), and the period from January 1, 2007 through November 7, 2007 (Predecessor), in conformity with U.S. generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 1, on July 28, 2009, the Company and certain of its affiliates filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada under chapter 11 of title 11 of the United States Code. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters also are described in Note 1. The consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Basis of Presentation

Basis of Presentation and Organization

Station Casinos, Inc. (the "Company", "Station", "we", "our", "ours" or "us"), a Nevada corporation, is a gaming and entertainment company that currently owns and operates ten major hotel/casino properties (two of which are 50% owned) under the Station and Fiesta brand names and eight smaller casino properties (three of which are 50% owned), in the Las Vegas metropolitan area, as well as manages a casino for a Native American tribe. The accompanying consolidated financial statements include the accounts of Station and its wholly owned subsidiaries and MPM Enterprises, LLC (which is 50% owned by Station and required to be consolidated). Investments in all other 50% or less owned affiliated companies are accounted for under the equity method. All significant intercompany accounts and transactions have been eliminated.

Overview of Recent Developments

On July 28, 2009, the Company and its affiliates FCP Holding Inc., FCP VoteCo, LLC, Fertitta Partners, LLC, FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC (collectively, the "Debtors") filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada (the "Bankruptcy Court") under chapter 11 of title 11 of the United States Code. These chapter 11 cases are being jointly administered under the caption In re Station Casinos, Inc., et al Debtors Case No. 09-52470 (the "Chapter 11 Case"). On February 10, 2010, GV Ranch Station, Inc., a wholly-owned subsidiary of Station Casinos, Inc. that manages and owns 50% of Green Valley Ranch Resort Spa Casino, filed a voluntary petition in the Bankruptcy Court under chapter 11 of title 11 of the United States Code.

On March 24, 2010, the Debtors filed a joint plan of reorganization under Chapter 11 of the Bankruptcy Code (the "Joint Plan of Reorganization"). As part of the Joint Plan of Reorganization, the mortgage lenders to FCP Propco, LLC ("Propco"), holding debt secured by Red Rock Casino Resort Spa, Palace Station, Boulder Station, and Sunset Station (the "Propco Properties"), will become the equity owners of a newly-formed company and will sell 46% of the equity in that new company to an affiliate of Fertitta Gaming LLC, a newly-formed entity owned by Frank Fertitta III and Lorenzo Fertitta, who will make a significant new investment to purchase their equity in the new company. The remaining equity will be owned primarily by the Propco lenders and Colony Capital, who will also be making a new investment in the company. Fertitta Gaming, an entity owned by the Fertittas, will also manage the Propco Properties under a long-term management agreement. The Joint Plan of Reorganization also calls for the Company to seek to conduct a sale process for the remaining assets of the Company, under the supervision of the Bankruptcy Court.

The Joint Plan of Reorganization and the disclosure statement have not yet been approved by the Bankruptcy Court and are subject to further negotiations with creditors of the Company and its subsidiaries. As a result, the Joint Plan of Reorganization and the disclosure statement may be materially modified before approval. In addition to customary Chapter 11 proceedings, the completion of the transaction is subject to Hart-Scott-Rodino and other antitrust reviews and customary closing conditions.

This report not intended to be, and should not in any way be construed as, a solicitation of votes on the Joint Plan of Reorganization. The Joint Plan of Reorganization and the related disclosure statement have been filed with the Bankruptcy Court and were filed with the Securities and Exchange Commission by

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

the Company on its Current Report on Form 8-K dated March 24, 2010, which is publicly available at <http://www.sec.gov>. The Joint Plan of Reorganization and the disclosure statement may not be relied on for any purpose until a determination by the Bankruptcy Court is made that the proposed disclosure statement contains adequate information, as required by the U.S. Bankruptcy Code. Following Bankruptcy Court approval of the disclosure statement and related voting solicitation procedures, the Company will solicit acceptances of the plan and seek its confirmation by the Bankruptcy Court. There can be no assurance that such plan acceptances or confirmation will be obtained.

The Company's direct and indirect subsidiaries that operate its hotel and casino properties have not filed for bankruptcy relief and continue to operate their businesses in the ordinary course. In connection with the filing of the Chapter 11 Case, on July 28, 2009, the Company entered into a forbearance agreement with the lenders holding a majority of the commitments under its senior secured credit facility (the "Credit Agreement") pursuant to which the lenders agreed, among other things, to forbear from exercising their default-related rights, remedies and powers or privileges against certain subsidiaries that guarantee the Company's obligations under the Credit Agreement. The Forbearance Agreement expired on January 31, 2010.

The Debtors continue to conduct their businesses as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court.

It is probable that a plan of reorganization would require the issuance of common stock or common stock equivalents.

Accounting for Reorganization

The accounting guidance for financial reporting by entities in reorganization under the bankruptcy code, which is applicable to companies in chapter 11, generally does not change the manner in which financial statements are prepared. The consolidated financial statements have been prepared on a going-concern basis, which assumes continuity of operations, realization of assets and satisfaction of liabilities in the ordinary course of business. The Chapter 11 Case creates substantial doubt about Station's ability to continue as a going concern. The accompanying consolidated financial statements do not reflect any adjustments relating to the recoverability of assets and the classification of liabilities that might result from the outcome of these uncertainties. In addition, a plan of reorganization could materially change the amounts and classifications reported in the consolidated financial statements which do not give effect to any adjustments to the carrying values of assets or amounts of liabilities that might be necessary as a consequence of confirmation of a plan of reorganization.

Station's ability to continue as a going concern is contingent upon, among other things, its ability to (i) maintain compliance with the debtor in possession ("DIP") credit agreement, (ii) generate sufficient cash flow from operations; and (iii) obtain confirmation of a plan of reorganization under the Bankruptcy Code. In the event Station's restructuring activities are not successful and it is required to liquidate, the Company will be required to adopt the liquidation basis of accounting. Under the liquidation basis of accounting, assets are stated at their estimated net realizable values and liabilities are stated at their estimated settlement amounts.

The accounting guidance for financial reporting by entities in reorganization under the bankruptcy code requires that the financial statements for periods subsequent to the filing of the Chapter 11 Case

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. Revenues, expenses, realized gains and losses, and provisions for losses that can be directly associated with the reorganization and restructuring of the business must be reported separately as reorganization items in the statements of operations beginning in the quarter ending September 30, 2009. The balance sheet must distinguish pre-petition liabilities subject to compromise from both those pre-petition liabilities that are not subject to compromise and from post-petition liabilities. Cash used for reorganization items must be disclosed separately in the statement of cash flows. Station adopted the accounting guidance for financial reporting by entities in reorganization under the bankruptcy code on July 28, 2009 and will segregate those items as outlined above for all reporting periods subsequent to such date.

Factors Affecting Comparability

As a result of the filing of the Chapter 11 Case, Station is now periodically required to file various documents with (and provide certain information to) the Bankruptcy Court, including statements of financial affairs, schedules of assets and liabilities, and monthly operating reports in forms prescribed by federal bankruptcy law, as well as certain financial information on an unconsolidated basis. Such materials will be prepared according to requirements of federal bankruptcy law. While they accurately provide then-current information required under federal bankruptcy law, they are nonetheless unconsolidated, unaudited, and prepared in a format different from that used in Station's financial statements filed under the securities laws. Accordingly, we believe that the substance and format do not allow meaningful comparison with our regular publicly disclosed financial statements. Moreover, the materials filed with the Bankruptcy Court are not prepared for the purpose of providing a basis for an investment decision relating to Station's securities, or for comparison with other financial information filed with the Securities and Exchange Commission.

DIP Financing

In connection with the filing of the Chapter 11 Case, on July 31, 2009, Station Casinos, Inc. entered into a \$150 million unsecured, subordinated administrative priority debtor in possession credit agreement (the "DIP Credit Agreement") among Station Casinos, Inc., as borrower, Vista Holdings, LLC (a non-debtor subsidiary of the Company) as administrative agent (the "Administrative Agent") and lender, and the lenders party thereto. The DIP Credit Agreement provides for a \$150 million revolving credit facility that will be funded on a committed basis for so long as Vista Holdings, LLC has cash and cash equivalents on hand in an amount in excess of \$100 million and on a discretionary basis thereafter. The proceeds of the loans incurred by the DIP Credit Agreement will be used for working capital and other general corporate purposes of the Company and will be available for intercompany loans to its subsidiaries during the pendency of the Chapter 11 Case. At December 31, 2009, advances under the DIP Credit Agreement totaled \$124.7 million, and availability was \$25.3 million. Vista Holdings, LLC had cash and cash equivalents on hand in of \$91.4 million at December 31, 2009. During the first quarter of 2010, the facility was increased to \$185 million.

Station Casinos, Inc.'s obligations under the DIP Credit Agreement will be an administrative expense claim in the Chapter 11 Case having *pari passu* priority with other administrative expense claims, provided that repayment of the loan by Station Casinos, Inc. shall be subordinate to the full repayment of the lenders under the Company's prepetition Credit Agreement.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

Station Casinos, Inc.'s obligations under the DIP Credit Agreement may be accelerated following certain events of default, including (without limitation) the conversion of any of the Chapter 11 Case to a case under chapter 7 of the Bankruptcy Code or the appointment of a trustee pursuant to chapter 11 of the Bankruptcy Code.

The DIP Credit Agreement matures on the earlier of (i) August 10, 2010, (ii) ten business days after the effective date of a chapter 11 plan of reorganization is confirmed in the Chapter 11 Case by the Bankruptcy Court, and (iii) the date of acceleration, if any, of the advances under the DIP Credit Agreement following an event of default thereunder.

Also, in connection with the filing of the Chapter 11 Case, on July 31, 2009, Station Casinos, Inc. entered into an Unsecured Revolving Loan Promissory Note in favor of Past Enterprises, Inc. (a non-debtor subsidiary of the Company) pursuant to which Past Enterprises provides to Station Casinos, Inc. an unlimited revolving credit facility (the "Past Revolving Loan") at an interest rate of 2.78% per annum, the proceeds of which will be used for working capital and other general corporate purposes of the Company and will be available for intercompany loans to its subsidiaries.

The Past Revolving Loan matures on the earlier of (i) demand, or (ii) July 31, 2011, and provides for a default rate of interest of 4.78% if principal or interest due thereunder is not paid when due. At December 31, 2009, the outstanding balance due under the Past Revolving Loan totaled \$68.5 million.

Station Casinos, Inc.'s obligations under the Past Revolving Loan will be an administrative expense claim in the Chapter 11 Case having *pari passu* priority with other administrative expense claims, provided that repayment of the loan by Station Casinos, Inc. shall be subordinate to the full repayment of the lenders under the Company's prepetition Credit Agreement.

Merger

On November 7, 2007, the Company completed its merger (the "Merger") with FCP Acquisition Sub, a Nevada corporation ("Merger Sub"), pursuant to which Merger Sub merged with and into the Company with the Company continuing as the surviving corporation. The Merger was completed pursuant to the Agreement and Plan of Merger (the "Merger Agreement"), dated as of February 23, 2007 and amended as of May 4, 2007, among the Company, Fertitta Colony Partners LLC, a Nevada limited liability company ("FCP"), and Merger Sub.

As a result of the Merger, 24.1% of the issued and outstanding shares of non-voting common stock of the Company are owned by Fertitta Partners LLC, a Nevada limited liability company ("Fertitta Partners"), which is owned by affiliates of Frank J. Fertitta III, Chairman, Chief Executive Officer and President of Station, affiliates of Lorenzo J. Fertitta, Vice Chairman of Station, affiliates of Blake L. Sartini and Delise F. Sartini, and certain officers and other members of management of the Company. The remaining 75.9% of the issued and outstanding shares of non-voting common stock of the Company are owned by FCP Holding, Inc., a Nevada corporation ("FCP HoldCo") and a wholly-owned subsidiary of FCP. FCP is owned by an affiliate of Colony Capital, LLC ("Colony"), affiliates of Frank J. Fertitta III and Lorenzo J. Fertitta and certain officers and other members of management. Substantially simultaneously with the consummation of the Merger, shares of voting common stock of Station were issued for nominal consideration to FCP VoteCo LLC, a Nevada limited liability company ("FCP VoteCo"), which is owned equally by Frank J. Fertitta III, Lorenzo J. Fertitta and Thomas J. Barrack, Jr., the Chairman and Chief Executive Officer of Colony.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

At the effective time of the Merger, each outstanding share of our common stock, including any rights associated therewith (other than shares of our common stock owned by FCP, Merger Sub, FCP HoldCo, Fertitta Partners or any wholly-owned subsidiary of the Company or shares of our common stock held in treasury by us) was cancelled and converted into the right to receive \$90 in cash, without interest. Following the consummation of the Merger, the Company is privately owned through FCP HoldCo, Fertitta Partners and FCP VoteCo. Station common stock ceased trading on the New York Stock Exchange at market close on November 7, 2007, and is no longer listed on any exchange or quotation system. The Company's voting common stock is registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended.

The Merger resulted in a greater than 50% control of the Company and was a "business combination" for accounting purposes, requiring FCP, Fertitta Partners, FCP VoteCo and their respective owners (the "Investors"), pursuant to the accounting guidance for business combinations, to record the acquired assets and assumed liabilities at their fair market values as of the acquisition date, resulting in a new basis of accounting. As a result of the Securities and Exchange Commission's rules and guidance regarding "push-down" accounting, the Investors' new accounting basis in our assets and liabilities is reflected in our consolidated financial statements to the extent that the Investors paid cash for the non-voting common stock of the Company as of the consummation of the Merger. Management has deemed it impracticable to determine the individual investors' carryover basis in the shares and has accordingly computed the carryover basis based on the pro rata portion of book value of Station prior to the Merger. The accompanying consolidated statements of operations, stockholders' (deficit) equity and cash flows for 2007 are presented for two periods: January 1, 2007 through November 7, 2007 (the "Predecessor Period") and November 8, 2007 through December 31, 2007 (the "Successor Period"). The Predecessor Period reflects the historical accounting basis in our assets and liabilities, while the Successor Period reflects the push down of the Investors' new basis to our consolidated financial statements.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions for items such as slot club program liability, self-insurance reserves, bad debt reserves, estimated useful lives assigned to our assets, asset impairment, derivative instruments, purchase price allocations made in connection with acquisitions and the calculation of the income tax liabilities, that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand at our properties, as well as investments purchased with an original maturity of 90 days or less. As a result of the Chapter 11 Case, the Bankruptcy Court has imposed certain limitations on the use of the Debtors' cash and cash equivalents.

Restricted Cash

Restricted cash includes cash reserves required in connection with the Company's financing transactions, treasury management activities, the CMBS Loans, letter of credit collateralization and

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

regulatory reserves for race and sports book operations, and restrictions placed on our cash by the Bankruptcy Court.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined on a weighted-average basis.

Fair Value of Financial Instruments

The carrying value of our cash and cash equivalents, restricted cash, receivables and accounts payable approximates fair value primarily because of the short maturities of these instruments. For debt with short-term maturities, the fair value approximates the carrying amount. The fair value of our publicly traded debt securities is based on quoted market prices on or about December 31, 2009, however since all of these debt securities are classified as liabilities subject to compromise as a result of the Chapter 11 Case, they are carried at the expected amount of the allowed claims, which approximates the face value of the securities.

Property and Equipment and Other Long-Lived Assets

Property and equipment are stated at cost. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets or the terms of the capitalized lease, whichever is less. Costs of major improvements are capitalized, while costs of normal repairs and maintenance are charged to expense as incurred.

We must make estimates and assumptions when accounting for capital expenditures. Whether an expenditure is considered a maintenance expense or a capital asset is a matter of judgment. We classify items as maintenance capital to differentiate replacement type capital expenditures such as a new slot machine from investment type capital expenditures to drive future growth such as an expansion of an existing property. In contrast to normal repair and maintenance costs that are expensed when incurred, items we classify as maintenance capital are expenditures necessary to keep our existing properties at their current levels and are typically replacement items due to the normal wear and tear of our properties and equipment as a result of use and age. Our depreciation expense is highly dependent on the assumptions we make about our assets' estimated useful lives. We determine the estimated useful lives based on our experience with similar assets, engineering studies and our estimate of the usage of the asset. Whenever events or circumstances occur which change the estimated useful life of an asset, we account for the change prospectively.

We evaluate our property and equipment and other long-lived assets for impairment in accordance with the guidance for accounting for the impairment or disposal of long-lived assets. For assets to be disposed of, we recognize the asset to be sold at the lower of carrying value or fair value less costs of disposal. Fair value for assets to be disposed of is generally estimated based on comparable asset sales, solicited offers or a discounted cash flow model. For assets to be held and used, we review fixed assets for impairment whenever indicators of impairment exist. If an indicator of impairment exists, we compare the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then an impairment is measured based on fair value compared to carrying value, with fair value typically based on a discounted cash flow model or market comparables, when available. As of December 31, 2009 and 2008, our consolidated financial statements reflect all

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

adjustments required under the guidance for accounting for the impairment or disposal of long-lived assets.

See Note 5 for a discussion of impairment charges recorded in the year ended December 31, 2009 for property and equipment, and Note 15 for a discussion of impairment charges recorded in the year ended December 31, 2009 related to other long-lived assets.

Capitalization of Interest

We capitalize interest costs associated with debt incurred in connection with major construction projects. Interest capitalization ceases once the project is substantially complete or no longer undergoing construction activities to prepare it for its intended use. When no debt is specifically identified as being incurred in connection with such construction projects, we capitalize interest on amounts expended on the project at our weighted average cost of borrowings. Interest capitalized was approximately \$16.0 million, \$27.1 million, \$3.1 million and \$16.3 million for the years ended December 31, 2009 and 2008, the Successor Period, and the Predecessor Period, respectively.

Goodwill and Other Intangible Assets

In accordance with the accounting guidance for goodwill and other intangible assets, we test for impairment of goodwill and indefinite-lived intangible assets annually and in certain situations between those annual dates. For the years ended December 31, 2009, 2008, the Successor Period and the Predecessor Period, management established the fair values used in the annual impairment review process utilizing a variety of generally accepted asset valuation approaches.

Inherent in the calculation of fair values are various estimates. Future cash flow estimates are, by their nature, subjective and actual results may differ materially from our estimates. If our ongoing estimates of future cash flows are not met, we may have to record additional impairment charges in future accounting periods. Our estimates of cash flows are based on the current regulatory, political and economic climates, recent operating information and budgets of the various properties where we conduct operations. These estimates could be negatively impacted by changes in federal, state or local regulations, economic downturns, or other events affecting various forms of travel and access to our properties. Once an impairment of goodwill or other intangible assets has been recorded, it cannot be reversed.

Goodwill

Our annual impairment testing for goodwill is performed at the reporting unit level, and each of our 100% owned casino properties is considered to be a reporting unit. Our annual goodwill impairment testing utilizes a two step process. In the first step, we compare the fair value of each reporting unit with its carrying amount, including goodwill. The fair value of each reporting unit is estimated using the expected present value of future cash flows along with indications provided by the current valuation multiples of comparable publicly traded companies. If the fair value of the reporting unit exceeds its carrying amount, then goodwill of the reporting unit is not considered impaired. If the carrying value of the reporting unit exceeds its fair value, then the goodwill of the reporting unit is considered to be impaired, and we proceed to the second step of the goodwill impairment test. In the second step, we determine the implied value of the reporting unit's goodwill by allocating the fair value of the reporting unit determined in step one to the assets and liabilities of the reporting unit, as if the reporting unit had been acquired in a business combination. If the carrying value of the reporting unit's goodwill exceeds the implied fair value of that

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

goodwill, an impairment loss is recognized in an amount equal to that excess. See Note 6 for a discussion of goodwill impairment charges recognized during the years ended December 31, 2009, 2008 and the Predecessor Period.

Indefinite-lived Intangible Assets

Our indefinite-lived intangible assets include brands and certain license rights. The fair value of brands is estimated using a derivation of the income approach to valuation, based on estimated royalties saved through ownership of the assets. The fair value of license rights is estimated using market indications of fair value. For indefinite-lived intangible assets, our annual impairment test consists of a comparison of the fair value of the intangible asset with its carrying amount. If the carrying amount of the intangible asset exceeds its fair value, an impairment loss is recognized in an amount equal to that excess. Indefinite-lived intangible assets are not amortized unless it is determined that their useful life is no longer indefinite. We periodically review our indefinite-lived assets to determine whether events and circumstances continue to support an indefinite useful life. If it is determined that an indefinite-lived intangible asset has a finite useful life, then the asset is tested for impairment and is subsequently accounted for as a finite-lived intangible asset. For the years ended December 31, 2009, 2008, the Successor Period, and the Predecessor Period, none of our indefinite-lived intangible assets were deemed to no longer have an indefinite useful life. See Note 6 for a discussion of impairment charges for indefinite-lived intangible assets recognized during the years ended December 31, 2009 and 2008, respectively.

Finite-lived Intangible Assets

Our finite-lived intangible assets include customer relationship and management contract intangibles. Finite-lived intangible assets are amortized over their estimated useful lives, and we periodically evaluate the remaining useful lives of these intangible assets to determine whether events and circumstances warrant a revision to the remaining period of amortization.

The customer relationship intangible asset refers to the value associated with our rated casino guests. The initial fair value of the customer relationship intangible asset was based on the projected net cash flows associated with these casino guests. Prior to the annual impairment test for the year ended December 31, 2008, we had utilized the income forecast approach as our basis for amortization of the customer relationships intangible assets. The percentage of annual amortization applied each year utilizing the income forecast approach was based on expected future net cash flows associated with our rated casino guests and an expected attrition rate. We believed this approach better reflected the pattern in which the economic benefits of the intangible asset were consumed. The attrition rate was determined in part quantitatively using historical customer data and qualitatively based on the consistency of our rated casino guests which is predominantly Las Vegas local residents as opposed to out of town customers. Subsequent to our annual impairment testing for the year ended December 31, 2008, these intangible assets are being amortized ratably over their estimated useful lives as the expected pattern of consumption no longer accommodates the income forecast approach.

The customer relationship intangible asset is reviewed for impairment whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. Increased competition within the gaming industry or a downturn in the economy could have an impact on our customer relationship intangible asset. Declines in customer spending which would impact the expected future cash flows associated with our rated casino guests, declines in the number of visitations which could impact the

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

expected attrition rate of our rated casino guests or an erosion of our operating margins associated with our rated casino guest could cause the carrying value of the customer relationship asset to exceed the fair value. In this event an impairment based on the difference between the calculated fair value and the carrying value would be recognized.

Management contract intangible assets refer to the value associated with management agreements under which we provide management services to various casino properties, including casinos operated by joint ventures in which we hold a 50% equity interest, and certain Native American casinos that we have developed or are currently under development. The fair values of these management contract intangibles are established using discounted cash flow techniques based on estimated future cash flows expected to be received in exchange for providing management services. Management contract intangible assets are amortized ratably over their expected useful lives. We begin amortizing management contract intangible assets when the property begins operations and management fees are being earned.

See Note 6 for a discussion of impairment charges recorded in the years ended December 31, 2009 and 2008 for finite-lived intangible assets.

Native American Development Costs

We incur certain costs associated with development and management agreements entered into with Native American Tribes (the "Tribe"). In accordance with the guidance for accounting for costs and initial rental operations of real estate projects, costs for the acquisition and related development of the land and the casino facilities are capitalized as long-term assets until such time as the assets are transferred to the Tribe at which time a long term receivable is recognized.

In accordance with the accounting guidance for capitalization of interest costs, we capitalize interest to the project once a "Notice of Intent" (or the equivalent) to transfer the land into trust, signifying that activities are in progress to prepare the asset for its intended use, has been issued by the United States Department of the Interior ("DOI").

We earn a return on the costs incurred for the acquisition and development of the projects based upon the costs incurred over the development period of the project. In accordance with the guidance for accounting for sales of real estate, we recognize the return when the facility is complete and collectability of the receivable is assured. Due to the uncertainty surrounding the estimated cost to complete and the collectability of the stated return, we defer the return until the gaming facility is complete and transferred to the Tribe and the resulting receivable has been repaid. Repayment of the resulting advances would be from a refinancing by the Tribe, from the cash flow from the gaming facility or both.

On a quarterly basis, we evaluate the Native American Development Costs for impairment in accordance with the accounting guidance for the impairment or disposal of long-lived assets. If an indicator of impairment exists, we compare the estimated future cash flows of the asset, on an undiscounted basis, to the carrying amount of the asset. If the undiscounted expected future cash flows exceed the carrying value, no impairment is indicated. If the undiscounted expected future cash flows do not exceed the carrying value, then impairment is measured based on the difference between fair value and the carrying value. Fair value is typically based on a discounted cash flow model. See Note 15 for a discussion of impairment charges recorded during the year ended December 31, 2009 related to Native American projects. The consolidated financial statements as of December 31, 2009 and 2008 reflect all adjustments required by the accounting guidance for the impairment or disposal of long-lived assets.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

Debt Issuance Costs

Debt issuance costs incurred in connection with the issuance of long-term debt are capitalized and amortized to interest expense over the expected terms of the related debt agreements and are included in other assets, net on our consolidated balance sheets.

Advertising

We expense advertising costs the first time the advertising takes place. Advertising expense, which is generally included in selling, general and administrative expenses on the accompanying consolidated statement of operations, was approximately \$13.7 million, \$18.3 million, \$3.6 million and \$17.7 million for the years ended December 31, 2009 and 2008, the Successor Period, and the Predecessor Period, respectively.

Preopening

Preopening expenses have been expensed as incurred. The construction phase of a project typically covers a period of 12 to 24 months. The majority of preopening costs are incurred in the three months prior to opening. We incurred preopening expenses of approximately \$5.8 million, \$10.2 million, \$1.2 million and \$5.9 million during the years ended December 31, 2009 and 2008, the Successor Period and the Predecessor Period, respectively.

Derivative Instruments

From time to time we enter into derivative instruments, typically in the form of interest rate swaps, in order to manage interest rate risks associated with our current and future borrowings. We have adopted the authoritative guidance for accounting for derivative instruments and hedging activities, as amended, to account for our interest rate swaps. The accounting guidance requires us to recognize our derivative instruments as either assets or liabilities in our consolidated balance sheet at fair value. The accounting for changes in fair value (i.e. gains or losses) of the derivative instrument agreements depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. Additionally, the difference between amounts received and paid under such agreements as well as any costs or fees, is recorded as a reduction of, or an addition to, interest expense as incurred over the life of the agreement.

For derivative instruments that are designated and qualify as a cash flow hedge, the effective portion of the gain or loss on the derivative instrument is reported as a component of other comprehensive income (loss) and the ineffective portion is recorded in the consolidated statement of operations. Derivative instruments that are designated as a fair value hedge and qualify for the "shortcut" method under the accounting for derivative instruments and hedging activities, as amended, are allowed an assumption of no ineffectiveness. As such, there is no impact on the consolidated statement of operations from the changes in the fair value of the hedging instrument. Instead, the fair value of the instrument is recorded as an asset or liability on our consolidated balance sheet with an offsetting adjustment to the carrying value of the related debt. For those derivative instruments that are not designated as hedges for accounting purposes, the change in fair value is recorded in the consolidated statement of operations in the period of change (See Note 12).

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

Fluctuations in interest rates can cause the fair value of our derivative instruments to change each reporting period. While we attempt to predict such movements in interest rates and the impact on derivative instruments, such estimates are subject to a large degree of variability which could have a significant impact on our consolidated financial statements.

Revenues and Promotional Allowances

We recognize as casino revenues the net win from gaming activities, which is the difference between gaming wins and losses. All other revenues are recognized as the service is provided. Additionally, our Boarding Pass and Amigo Club player rewards programs (the "Programs") allow customers to redeem points earned from their gaming activity at all Station and Fiesta properties for complimentary slot play, food, beverage, rooms, entertainment and merchandise. At the time redeemed, the retail value of complementaries under the Programs is recorded as revenue with a corresponding offsetting amount included in promotional allowances. The cost associated with complimentary food, beverage, rooms, entertainment and merchandise redeemed under the Programs is recorded in casino costs and expenses on our consolidated statements of operations. The estimated departmental costs of providing such promotional allowances are included in casino costs and expenses and consist of the following (amounts in thousands):

	Year Ended December 31, 2009	Successor Year Ended December 31, 2008	Period from November 8, 2007 Through December 31, 2007	Predecessor Period from January 1, 2007 Through November 7, 2007
Food and beverage	\$ 77,194	\$ 84,843	\$ 15,524	\$ 82,591
Room	8,142	7,548	1,126	5,588
Other	2,873	3,596	816	3,948
Total	\$ 88,209	\$ 95,987	\$ 17,466	\$ 92,127

We also record a liability for the estimated cost of the outstanding points under the Programs that we believe will ultimately be redeemed. At December 31, 2009 and 2008, \$6.1 million and \$6.7 million, respectively, were accrued for the cost of anticipated Program redemptions. The estimated cost of the outstanding points under the Programs is calculated based on the total number of points earned but not yet achieving necessary redemption levels, converted to a redemption value times the average cost. The redemption value is estimated based on the average number of points needed to convert to rewards. The average cost is the incremental direct departmental cost for which the points are anticipated to be redeemed. When calculating the average cost we use historical point redemption patterns to determine the redemption distribution between gaming, food, beverage, rooms, entertainment and merchandise as well as potential breakage.

Management fee revenues earned under our management agreements are recognized when the services have been performed, the amount of the fee is determinable, and collectability is reasonably assured.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

Related Party Transactions

We have entered into various related party transactions, which consist primarily of lease payments related to ground leases at Boulder Station and Texas Station. We paid approximately \$6.7 million, \$6.5 million, \$0.9 million and \$5.3 million for the years ended December 31, 2009 and 2008, the Successor Period and the Predecessor Period, respectively, in connection with these related party ground lease transactions.

Additionally, we have purchased tickets to events held by Zuffa, LLC ("Zuffa") which is the parent company of the Ultimate Fighting Championship and is owned by Frank J. Fertitta III and Lorenzo J. Fertitta. For the years ended December 31, 2009 and 2008, we made payments to Zuffa for approximately \$0.7 million and \$0.7 million, respectively, for ticket purchases to, and closed circuit viewing fees of, Ultimate Fighting Championship events. In the Successor Period and the Predecessor Period, we made payments to Zuffa for approximately \$0.1 million and \$0.2 million, respectively, primarily for the purchase of tickets. In addition, in September 2008 Zuffa and a wholly-owned subsidiary of the Company entered into a month-to-month license agreement whereby Zuffa has the rights to a previously unused portion at Palace Station for general office and administrative use. Payments received by the Company related to this license agreement totaled approximately \$22,000 and \$21,000 for the years ended December 31, 2009 and 2008, respectively.

Share-Based Compensation

Effective January 1, 2006, we adopted the accounting guidance for share-based payments, utilizing the modified prospective application. Under the modified prospective application, the accounting guidance applies to new awards and awards that were outstanding on December 31, 2005 that are subsequently modified, repurchased or cancelled. Under the modified prospective application, compensation cost recognized in the year ended December 31, 2006 and subsequent periods includes compensation cost of all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the grant-date fair value estimated in accordance with the original provisions of the accounting guidance, and compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of the accounting guidance for share-based payments, as revised.

Successor Period

Equity Awards. Upon consummation of the Merger, FCP and Fertitta Partners issued Class B Units to an affiliate of Frank J. Fertitta III, Lorenzo J. Fertitta and certain officers of the Company. During the year ended December 31, 2008, Class B units that were previously issued upon consummation of the Merger were transferred to certain officers and management of the Company. Pursuant to the accounting guidance for share-based payments, the unearned share-based compensation related to the Class B Units is amortized to compensation expense over the requisite service period (immediate to five years). The share-based expense for these awards was based on the estimated fair market value of the Class B Units at the date of grant applied to the total number of Class B Units that were anticipated to fully vest and then amortized over the vesting period.

Also upon consummation of the Merger, FCP and Fertitta Partners issued Class C Units to certain officers and management of the Company. During the year ended December 31, 2008, additional Class C units were issued to certain management of the Company. Pursuant to the accounting guidance for share-

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

based payments, the unearned share-based compensation related to the Class C Units is amortized to compensation expense over the requisite service period (five years). The share-based expense for these awards was based on the estimated fair market value of the Class C Units at the date of grant, applied to the total number of Class C Units that were anticipated to fully vest and then amortized over the vesting period.

Predecessor Period

As a result of the consummation of the Merger described above, all outstanding stock options and unvested restricted stock awards vested and \$124.9 million in previously unrecognized compensation expense was recognized during the Predecessor Period and is included in merger transaction costs on the consolidated statement of operations.

Stock Options. The fair value of each option grant was estimated on the date of grant using the Black-Scholes option pricing model and expensed using the straight-line approach. Option valuation models require the input of highly subjective assumptions and changes in the assumptions used can materially affect the fair value estimate. Expected volatility and dividends were based on implied and historical factors related to our common stock. The expected term represented the weighted-average time between grant date and exercise date and the risk-free interest rate was based on U.S. Treasury rates appropriate for the expected term. We used historical data and projections to estimate expected employee behaviors related to option exercises and forfeitures. The accounting guidance for share-based payments requires that forfeitures be included as part of the grant date estimate. The effect of forfeitures related to previous pro forma expense was not material.

Restricted Stock. The unearned share-based compensation related to restricted stock was amortized to compensation expense over the period the restrictions lapse (generally five to ten years). The share-based expense for these awards was determined based on the market price of our stock at the date of grant applied to the total number of shares that were anticipated to fully vest and then amortized over the vesting period. Subsequent to our adoption of the accounting guidance for share-based payments, we recognize compensation expense based on our expectation of which restricted stock awards will vest over the requisite service period for such awards. Prior to implementing the accounting guidance for share-based payments, we recognized deferred compensation as a contra-equity account representing the amount of unrecognized restricted stock expense that was reduced as the expense was recognized. Under the provisions of the accounting guidance for share-based payments, the previously recorded deferred compensation was recorded against additional paid-in capital.

Operating Segments

The accounting guidance for disclosures about segments of an enterprise and related information requires separate financial information be disclosed for all operating segments of a business. We believe we meet the "economic similarity" criteria established by the accounting guidance and as a result, we aggregate all of our properties into one operating segment. All of our properties offer the same products, cater to the same customer base, are all located in the greater Las Vegas, Nevada area, have the same regulatory and tax structure, share the same marketing techniques and are all directed by a centralized management structure.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

Recently Issued Accounting Standards

In January 2010, updated accounting guidance was issued for improving disclosures about fair value measurement. This guidance clarifies and extends the disclosure requirements about recurring and nonrecurring fair value measurements. The guidance is effective for reporting periods beginning after December 15, 2009. Accordingly, we will adopt the new guidance in the first fiscal quarter of 2010. The adoption of this new guidance is not expected to have a material impact on our consolidated financial statements.

In August 2009, updated accounting guidance was issued for fair value measurements and disclosures related to the fair value of liabilities that are traded as assets in the marketplace. This update provides clarification on measuring liabilities at fair value when a quoted price in an active market is not available. The provisions of this guidance are effective for the Company beginning October 1, 2009. The adoption of this guidance did not have a significant impact on our consolidated financial statements.

In June 2009, new accounting guidance was issued that establishes the FASB Accounting Standards Codification (the "Codification") as the source of authoritative GAAP for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive releases of the SEC under authority of federal security laws will remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for interim and annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on our financial condition or results of operations.

In June 2009, new accounting guidance was issued for accounting for transfers of financial assets. The new guidance removes the concept of a qualifying special-purpose entity (QSPE) from the accounting guidance for accounting for transfers and servicing of financial assets and extinguishment of liabilities and removes the exception from applying the accounting guidance related to consolidation of variable interest entities. The new guidance also clarifies the requirements for isolation and limitations on portions of financial assets that are eligible for sale accounting. The new guidance is effective for fiscal years beginning after November 15, 2009. Accordingly, we will adopt the new guidance in fiscal year 2010. The adoption of this new guidance is not expected to have a material impact on our consolidated financial statements.

In June 2009, new accounting guidance was issued amending the accounting guidance related to consolidation of variable interest entities ("VIE"). Among other things, the new guidance requires a qualitative rather than a quantitative analysis to determine the primary beneficiary of a VIE; requires continuous assessments of whether an enterprise is the primary beneficiary of a VIE; enhances disclosures about an enterprise's involvement with a VIE including disclosure of significant judgments and assumptions as to whether a VIE must be consolidated and how involvement with a VIE affects the company's financial statements; and amends certain guidance for determining whether an entity is a VIE. Under the new guidance, a VIE must be consolidated if the enterprise has both (a) the power to direct the activities of the VIE that most significantly impact the entity's economic performance, and (b) the obligation to absorb losses or the right to receive benefits from the VIE that could potentially be significant to the VIE. This new guidance is effective for fiscal years beginning after November 15, 2009. Accordingly, we will adopt this new guidance on January 1, 2010. We are currently evaluating the impact on our consolidated financial statements of adopting this new guidance.

In May 2009, new accounting guidance, as amended, was issued for recognized and non-recognized subsequent events. The new guidance establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued. The new guidance

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

is effective for interim and annual periods ending after June 15, 2009. Accordingly, we adopted the new guidance for the interim period ending June 30, 2009. The adoption of this new accounting guidance did not have a material effect on our consolidated financial statements.

In April 2009, new accounting guidance was issued for interim disclosures about fair value of financial instruments. This new guidance requires that additional disclosures about fair values of financial instruments be included for interim reporting periods. We adopted this new guidance effective April 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2009, new accounting guidance was issued on recognition and presentation of other-than-temporary impairments. This new guidance amends the impairment guidance relating to certain debt securities and requires a company to assess the likelihood of selling the security prior to recovering its cost basis. Additionally, when a company meets the criteria for impairment, the impairment charges related to credit losses would be recognized in earnings, while non-credit losses would be reflected in other comprehensive income. We adopted this new accounting guidance effective April 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2009, new accounting guidance was issued on determining fair value when the volume and level of activity for the asset or liability have significantly decreased and identifying transactions that are not orderly, which provides guidance on determining when the trading volume and activity for an asset or liability has significantly decreased, which may indicate an inactive market, and on measuring the fair value of an asset or liability in inactive markets. We adopted this new accounting guidance effective April 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2008, new accounting guidance was issued on accounting for assets acquired and liabilities assumed in a business combination that arise from contingencies. This new guidance requires that an acquirer recognize at fair value, at the acquisition date, an asset acquired or a liability assumed in a business combination that arises from a contingency if the acquisition-date fair value of the asset or liability can be determined during the measurement period. We adopted this new accounting guidance on January 1, 2009. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In April 2008, new accounting guidance was issued on determination of the useful life of intangible assets. This new accounting guidance amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset. The intent of the new guidance is to improve the consistency between the useful life of a recognized intangible asset and the period of expected cash flows used to measure the fair value of the asset under business combinations accounting guidance and other applicable accounting guidance. We adopted this new accounting guidance on January 1, 2009 and it must be applied prospectively to intangible assets acquired after the effective date. The adoption of this new accounting guidance did not have a material impact on our consolidated financial statements.

In March 2008, new accounting guidance was issued on disclosures about derivative instruments and hedging activities. The new guidance changes the disclosure requirements for derivative instruments and hedging activities, and requires entities to provide enhanced disclosures about how and why they use derivative instruments, how derivative instruments and related hedged items are accounted for and the

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies and Basis of Presentation (Continued)

effect of derivative instruments on the entity's financial position, financial performance and cash flows. We adopted this new accounting guidance during the first quarter of 2009. See Note 12 Derivative Instruments for additional information.

In December 2007, new accounting guidance was issued on business combinations and noncontrolling interests in consolidated financial statements. The new guidance requires the acquiring entity in a business combination to recognize the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value, with limited exceptions, replacing the cost-allocation process that was included in the previous accounting guidance. Further, the new guidance also changes the accounting for acquired in-process research and development assets, contingent consideration, partial acquisitions and transaction costs. Under the new guidance, all entities are required to report noncontrolling (minority) interests in subsidiaries as equity in the consolidated financial statements. In addition, transactions between an entity and noncontrolling interests will be treated as equity transactions. We adopted this new accounting guidance on January 1, 2009, and the adoption did not have a material impact on our consolidated financial statements.

A variety of proposed or otherwise potential accounting guidance is currently under study by standard-setting organizations and certain regulatory agencies. Because of the tentative and preliminary nature of such proposed accounting guidance, we have not yet determined the effect, if any, that the implementation of such proposed accounting guidance would have on our consolidated financial statements.

Reclassifications

Certain amounts in the consolidated financial statements for the year ended December 31, 2008, the Successor Period and the Predecessor Period have been reclassified to conform to the 2009 presentation. These reclassifications had no effect on the previously reported net losses.

2. Acquisition of Station Casinos, Inc.

On November 7, 2007, pursuant to the Merger Agreement described in Note 1, approximately 72.2% of the outstanding shares of the Company were acquired for \$4.17 billion. In addition, we incurred approximately \$52.0 million of direct Merger costs and approximately \$60.1 million in capitalized debt issuance costs related to new financings under a new senior secured credit agreement and a mortgage loan and related mezzanine financings.

We valued the identifiable assets acquired and liabilities assumed at the date of the Merger at fair value. In accordance with the provisions of the accounting guidance for business combinations, to the extent that the purchase price exceeded the fair value of the net identifiable tangible and intangible assets acquired, such excess was allocated to goodwill. We believe that the goodwill arose from our dominance in the local Las Vegas gaming market, the value of the existing workforce and existing management and operating infrastructure. See Note 6 a discussion of impairment charges related to our goodwill and intangible assets during the years ended December 31, 2009 and 2008.

Pro Forma Financial Information

The following unaudited pro forma results of operations assume that the Merger occurred at the beginning of the 2007. This unaudited pro forma information should not be relied upon as necessarily being indicative of the results that would have been obtained if the Merger had actually occurred on those

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2. Acquisition of Station Casinos, Inc. (Continued)

dates, nor of the results that may be reported in the future. The pro forma financial information for contains an adjustment of \$286.3 million for the immediate vesting of Class B Units.

	For the Year Ended December 31, 2007 (amounts in thousands)	
Net revenue	\$	1,446,995
Operating loss		(32,102)
Interest expense, net		366,995
Net loss		(539,949)

Merger Transaction Costs

During the Predecessor Period, the Company recorded approximately \$156.5 million in costs related to the Merger. These costs presented as merger transaction costs on our consolidated statement of operations, include approximately \$31.6 million of accounting, investment banking, legal and other costs associated with the Merger and \$124.9 million of expense related to the accelerated vesting and buyout of employee stock options and restricted stock awards upon consummation of the Merger.

3. Receivables, net

Components of receivables are as follows (amounts in thousands):

	Successor December 31,	
	2009	2008
Casino	\$ 15,946	\$ 13,067
Hotel	4,068	5,951
Management fees	7,313	5,341
Income tax	18,655	15,614
Due from unconsolidated joint ventures	5,420	3,664
Other	8,714	4,468
	60,116	48,105
Allowance for doubtful accounts	(10,238)	(5,834)
Receivables, net	\$ 49,878	\$ 42,271

4. Due from/to Unconsolidated Affiliate

On October 24, 2008 and December 26, 2008, promissory notes for \$0.7 million and \$4.3 million (collectively, the "2008 GVR Promissory Notes"), respectively were executed between GV Ranch Station, Inc. (the consolidated entity that owns our 50% portion of Green Valley Ranch) and Green Valley Ranch. The 2008 GVR Promissory Notes accrued interest at an annual rate of 5.0% and were payable either on demand or on the six-month anniversary of the execution date. Effective January 1, 2009, the 2008 GVR Promissory Notes were replaced with a new promissory note (the "2009 GVR Promissory Note") in the amount of \$5.0 million, which accrues interest at an annual rate of 5.0% and matures on January 1, 2011. The 2009 GVR Promissory Note is subordinate to Green Valley Ranch's senior secured

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

4. Due from/to Unconsolidated Affiliate (Continued)

debt and interest rate swaps. Subsequent to December 31, 2009, events of default occurred related to Green Valley Ranch's senior secured debt and interest rate swaps and as a result, the Company believes the GVR Promissory Note and the related accrued interest may not be recoverable. The Company believes Green Valley Ranch's default on its debt represents the culmination of conditions that existed prior to December 31, 2009 and accordingly, the Company recognized a \$5.3 million expense in write-downs and other charges, net in our consolidated statements of operations during the three months ended December 31, 2009 to fully reserve this receivable. The 2008 GVR Promissory Notes and related interest receivable were recorded in due from unconsolidated affiliate on our consolidated balance sheet at December 31, 2008.

On February 16, 2007, Green Valley Ranch entered into a new \$830 million credit facility (the "Green Valley Facility"). Proceeds from the Green Valley Facility were used to repay outstanding borrowings under the previous revolving facility and term loan, as well as fund an equal distribution to the members which was comprised of approximately \$185 million in cash distributions to each member and a \$100 million loan to each member or a wholly-owned subsidiary of such member, in each case evidenced by a promissory note from each member for total distributions of approximately \$570 million. Effective January 1, 2008, Green Valley Ranch distributed to its members, or cancelled, as applicable, the \$200 million in notes receivable, and the related accrued interest thereon. As a result, the \$100 million due to unconsolidated affiliate and related accrued interest recorded on our consolidated balance sheet at December 31, 2007 was eliminated during the year ended December 31, 2008 with a corresponding reduction in our investments in joint ventures.

5. Property and Equipment

Property and equipment consists of the following (amounts in thousands):

	Estimated life (years)	Successor	
		December 31,	
		2009	2008
Land		\$ 426,918	\$ 440,923
Buildings and improvements	10-45	2,200,182	2,316,836
Furniture, fixtures and equipment	3-7	548,816	523,187
Construction in progress		82,062	119,678
		3,257,978	3,400,624
Accumulated depreciation and amortization		(534,295)	(384,455)
Property and equipment, net		\$ 2,723,683	\$ 3,016,169

Depreciation expense was \$153.3 million, \$152.1 million, \$21.0 million and \$139.7 million, respectively, for the years ended December 31, 2009, 2008, the Successor Period, and the Predecessor Period.

During the year ended December 31, 2009, we reviewed the carrying values of our property and equipment for impairment because we determined that indicators of impairment existed. We compared the estimated future cash flows of the assets for each reporting unit, on an undiscounted basis, to the carrying values of the assets as required by the accounting guidance for impairment or disposal of long-lived assets. For those assets where the undiscounted cash flows did not exceed the carrying values, we measured an impairment based on the excess of carrying value over fair value. As a result, we recorded impairment

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

5. Property and Equipment (Continued)

charges totaling \$179.4 million related to property and equipment at certain operating subsidiaries in impairment of other assets in our consolidated statements of operations.

As a result of the Merger discussed in Note 1 and pursuant to the provisions of the accounting guidance for the impairment or disposal of long-lived assets, property and equipment balances reflect the push down of the Investors' new basis on our consolidated financial statements. At December 31, 2009 and 2008, substantially all of our property and equipment is pledged as collateral for our long-term debt.

6. Goodwill and Other Intangible Assets

As discussed in Note 2, our Merger was completed on November 7, 2007. In connection with the Merger, we recorded significant amounts of intangible assets and goodwill that are included in the tables below.

Intangible assets, net as of December 31, 2009 and 2008 consist of the following:

	Estimated life (years)	December 31, 2009			
		Gross Carrying Amount	Accumulated Amortization	Accumulated Impairment Losses	Net Carrying Amount
Brands	Indefinite	\$ 214,791	\$	\$ (115,237)	\$ 99,554
License rights	Indefinite	4,531			4,531
Customer relationships	15	268,961	(18,297)	(240,849)	9,815
Management contracts	3-20	521,464	(112,595)	(229,534)	179,335
Other	1	8,654	(8,654)		
		\$ 1,018,401	\$ (139,546)	\$ (585,620)	\$ 293,235

	Estimated life (years)	December 31, 2008			
		Gross Carrying Amount	Accumulated Amortization	Accumulated Impairment Losses	Net Carrying Amount
Brands	Indefinite	\$ 214,791	\$	\$ (85,548)	\$ 129,243
License rights	Indefinite	4,490			4,490
Customer relationships	15	268,961	(16,844)	(228,216)	23,901
Management contracts	3-20	521,464	(60,286)	(16,594)	444,584
Other	1	8,654	(8,654)		
		\$ 1,018,360	\$ (85,784)	\$ (330,358)	\$ 602,218

The intangible asset for customer relationships represents the value associated with our rated casino guests. Prior to our annual impairment test for the year ended December 31, 2008, we had utilized the income forecast approach as our basis for amortization of the customer relationships intangible assets since the cash flow related to these assets was expected to be higher in the earlier years of the relationship and then decline materially over time. Subsequent to our annual impairment testing for the year ended December 31, 2008, these intangible assets are being amortized ratably over their estimated useful lives as the expected pattern of consumption no longer accommodates the income forecast approach. The remaining definite-lived intangible assets are being amortized ratably over their estimated useful lives. The aggregate amortization expense for the years ended December 31, 2009 and 2008 and the Successor Period

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

6. Goodwill and Other Intangible Assets (Continued)

for those assets that are amortized under the provisions of the accounting guidance for goodwill and intangible assets was approximately \$53.8 million, \$74.5 million and \$11.3 million, respectively. There was no such amortization expense related to intangible assets recorded in the Predecessor Period. Estimated annual amortization expense for intangible assets for the years ended December 31, 2010, 2011, 2012, 2013 and 2014 is anticipated to be approximately \$21.9 million, \$0.8 million, \$4.3 million, \$23.8 million and \$23.8 million, respectively.

During the years ended December 31, 2009 and 2008, we recorded impairment losses in impairment of other intangible assets on our consolidated statement of operations of \$12.6 million and \$228.2 million, respectively, related to our customer relationships and \$29.7 and \$85.5 million, respectively, related to our brands. The impairment of our brands and customers relationships is the result of the ongoing recession which has resulted in decreased projected cash flow estimates, decreased valuation multiples for gaming assets due to the current market conditions and higher discount rates resulting from turmoil in the credit markets. The concentration of our customer base in the Las Vegas valley, where the impact of the recession has been particularly significant, has negatively impacted our projected cash flow estimates. In addition, during the year ended December 31, 2009, we recorded impairment losses totaling \$212.9 million in impairments of other intangible assets on our consolidated statements of operations related to certain management contract intangible assets as a result of decreases in the projected revenue streams for these contracts. During the year ended December 31, 2008 we recorded an impairment loss of \$16.6 million in impairment of other intangible assets on the consolidated statements of operations related to the management contract intangible asset for the Mechoopda Indian Tribe of Chico Rancheria, California (the "MITCR"), a federally recognized Native American tribe, as a result of a decrease in the projected revenue stream from this contract due to the high costs of financing resulting from the turmoil in the credit markets.

Goodwill primarily represents the excess of total acquisition costs over the fair market value of net assets acquired in the Merger. The changes in the carrying amount of goodwill for the year ended December 31, 2009 are as follows (amounts in thousands):

	Year ended December 31, 2009
Balance at the beginning of the year:	
Goodwill	\$ 2,986,993
Accumulated impairment losses	(2,620,509)
	\$ 366,484
Impairment losses	(181,785)
Balance at the end of the year:	
Goodwill	\$ 2,986,993
Accumulated impairment losses	(2,802,294)
	\$ 184,699

In conjunction with our annual impairment testing for the year ended December 31, 2009, we determined that goodwill impairment totaling approximately \$181.8 million existed at certain operating

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

6. Goodwill and Other Intangible Assets (Continued)

subsidiaries. In conjunction with our annual impairment testing for the year ended December 31, 2008, we determined that an impairment of the goodwill recorded in conjunction with the Merger of approximately \$2.6 billion existed company-wide. These impairments were recorded in impairment of goodwill on our consolidated statements of operations. For the Predecessor Period, we recorded an impairment of goodwill at Wildfire Boulder and Gold Rush totaling approximately \$8.0 million. We determined that there was no goodwill impairment during the Successor Period.

7. Land Held for Development

Land Held for Development

As of December 31, 2009, we had \$305.6 million of land held for development consisting primarily of eleven sites that are owned or leased, which includes 368 acres in the Las Vegas valley, 1,321 acres in northern California and 200 acres in Reno, Nevada. The primary gaming-entitled land that we own in the Las Vegas valley consists of 77 acres of land (106 acres including those leased or under contract) on which the Wild Wild West is located and the surrounding area, 71 acres located at the intersection of Durango Road and the Southern Beltway/Interstate 215 in the southwest area of Las Vegas, 58 acres also located in southwest Las Vegas at the intersection of Town Center and Interstate 215, 45 acres in the master-planned community of Inspirada located in Henderson, Nevada, 61 acres located on the southern end of Las Vegas Boulevard at Cactus Avenue of which we lease and have an option to purchase 2.5 acres, and 30 acres on Boulder Highway at the site formerly known as the Castaways Hotel Casino and Bowling Center.

In December 2008, we amended the lease and purchase agreement for the 19-acre parcel of land on which the Wild Wild West is located. Under the amended agreement, we have an option to purchase the land for a purchase price of \$36 million. The amended lease also includes options to purchase the land in July 2023, 2044 and 2065 for a purchase price equal to fair market value as of July 2022, 2043 and 2064, respectively. No amounts related to these purchase options have been recorded on our consolidated balance sheets at December 31, 2009 and December 31, 2008.

Our decision whether to proceed with any new gaming or development opportunity is dependent upon future economic and regulatory factors, the availability of acceptable financing and competitive and strategic considerations. As many of these considerations are beyond our control, no assurances can be made that we will be able to proceed with any particular project.

Impairment Loss

As a result of the continuing recession and its significant impact on real estate values, we reviewed our land held for development for impairment during the year ended December 31, 2009 and determined that impairments existed for a number of sites. As a result, we recorded impairments totaling \$617.4 million in impairment of other assets in our consolidated statements of operations related to impairments of our land held for development in the Las Vegas valley, Reno, Nevada, and northern California.

During the three months ended December 31, 2008, it was determined that a triggering event, as described under the accounting guidance for impairment or disposal of long-lived assets, had occurred related to much of our land held for development due to changes in the anticipated use of certain land parcels and the current economic condition of the Company and its ability to secure adequate financing for capital projects going forward. As a result, we compared the estimated future cash flows for certain land parcels, on an undiscounted basis, to the carrying value. In certain instances, the carrying value was higher and as such, we recorded an impairment loss of \$148.0 million to write down the book value of the land to

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

7. Land Held for Development (Continued)

the fair values. The fair values were calculated by management utilizing traditional real estate valuation techniques, primarily the sales comparison approach.

Loss on Land Disposition

During the year ended December 31, 2009, we recorded a loss on land disposition of \$5.1 million related to a parcel of land in Reno, Nevada that had previously been held for development.

8. Investments in Joint Ventures

We have various investments in 50% owned joint ventures, and a 6.7% investment in a joint venture that owns the Palms Casino Resort in Las Vegas, Nevada, which are accounted for under the equity method. Under the equity method, original investments are recorded at cost and adjusted by our share of earnings, losses and distributions of the joint ventures, and the carrying value of investments may be reduced below zero, resulting in a deficit investment balance, when the investor is committed to provide further financial support for the investee. As of December 31, 2009, we have received distributions in excess of our equity earnings. The investment balance also includes any fair value adjustments recorded in conjunction with the Merger described in Note 1 and impairment charges discussed below. Investments in joint ventures consist of the following (amounts in thousands):

	Successor	
	December 31,	
	2009	2008
Green Valley Ranch (50.0%) (a)	\$ 4,310	\$ 26,162
Rancho Road (50.0%) (b)		366
Palms Casino Resort (6.7%)		4,080
Barley's (50.0%)	4,852	10,764
Wildfire Lanes (50.0%)	1,257	1,668
The Greens (50.0%)	70	510
Investments in joint ventures	\$ 10,489	\$ 43,550
Aliante Station (50.0%) (c)	\$ (38,389)	\$ (3,557)
Rancho Road (50.0%) (b)	(104,659)	
Deficit investments in joint ventures	\$ (143,048)	\$ (3,557)

(a) Effective January 1, 2008, Green Valley Ranch distributed to its Members, or cancelled, as applicable, \$200 million in notes receivable and the related accrued interest thereon. As a result, the \$100 million due to unconsolidated affiliate and related accrued interest recorded on our consolidated balance sheet at December 31, 2007 was eliminated during the year ended December 31, 2008 with a corresponding reduction in our investment in Green Valley Ranch.

(b) As a result of the significant decline in real estate values in the Las Vegas valley, Rancho Road recorded an impairment charge related to its land held for development. Our investment in Rancho Road at December 31, 2009 reflects a deficit of approximately \$104.7 million which is recorded as a long-term liability on our consolidated balance sheets.

(c) As a result of ongoing operating losses of Aliante Station and an impairment of our joint venture investment recognized during the year ended December 31, 2008, our investment in Aliante Station at

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

8. Investments in Joint Ventures (Continued)

December 31, 2009 and 2008 reflect deficits of approximately \$38.4 million and \$3.6 million, respectively, which is recorded as a long-term liability on our consolidated balance sheets.

As a result of the Merger, our investments in joint ventures balance as of December 31, 2007 differed from our ownership equity in these investments by \$217.3 million due to the allocation of the purchase price to these investment accounts. Differences between our investments in joint ventures balance and the Company's underlying equity in the joint ventures attributable to land, goodwill and indefinite-lived intangible assets are not amortized. Differences attributable to depreciable assets and definite-lived intangible assets are amortized based on the estimated useful lives of the related assets and recorded in earnings from joint ventures on our consolidated statement of operations. During the years ended December 31, 2009 and 2008, we recorded approximately \$0.1 million and \$2.8 million, respectively, of depreciation and amortization related to these assets. As a result of amortization expense recorded during the years ended December 31, 2009, 2008 and the Successor Period, and impairment losses recorded during the three months ended December 31, 2009 discussed below, these differences have been fully written off as of December 31, 2009.

Impairment Loss

During the year ended December 31, 2009, it was determined that due to the ongoing recession and its impact on our estimated future cash flows from our investments in joint ventures, a triggering event, as described under the accounting guidance for the impairment or disposal of long-lived assets, had occurred related to certain of our investments in joint ventures. As a result, we compared the estimated future cash flows of each of our investments in joint ventures, on an undiscounted basis, to the carrying value. The carrying values for our investments in certain joint ventures were higher and as such, we recorded impairment losses totaling approximately \$30.0 million to reduce the carrying values of our investments in these joint ventures to their fair values.

During the three months ended December 31, 2008, it was determined that a triggering event, as described under the accounting guidance for the impairment or disposal of long-lived assets, had occurred related to a majority of our investments in joint ventures due to the ongoing recession which has caused us to decrease our estimates for projected cash flows from our investments in joint ventures. As a result, we compared the estimated future cash flows of each of our investments in joint ventures, on an undiscounted basis, to the carrying value. The carrying value for all of our investments in joint ventures, with the exception of Green Valley Ranch, was higher and as such, we recorded an impairment loss of approximately \$273.0 million to reduce the carrying values of our investments in joint ventures to their fair values.

Summarized balance sheet information for the joint ventures is as follows (amounts in thousands):

	Successor	
	December 31,	
	2009	2008
Current assets	\$ 78,715	\$ 119,417
Property and equipment and other assets, net	1,775,436	2,109,933
Current liabilities	492,344	152,528
Long-term debt and other liabilities	1,356,243	1,711,428
Shareholders' equity	5,564	365,394

9. Management Fees

We have entered into a Development Services Agreement and a Management Agreement with the United Auburn Indian Community ("UAIC"). Our seven-year Management Agreement was approved by the National Indian Gaming Commission (the "NIGC") and expires in June 2010. Pursuant to those agreements, and in compliance with a Memorandum of Understanding entered into by the UAIC and Placer County, California, we developed, with the UAIC, Thunder Valley, a gaming and entertainment facility on approximately 49 acres located approximately seven miles north of Interstate 80 on Highway 65, in Placer County, California, near Sacramento, which opened on June 9, 2003.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

9. Management Fees (Continued)

We manage Thunder Valley on behalf of the UAIC and receive a management fee equal to 24% of net income (as defined in the management agreement). In addition, we are the managing partner for Green Valley Ranch, Aliante Station, Barley's, The Greens and Wildfire Lanes and receive a management fee equal to 2% of revenues and approximately 5% of Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") from Green Valley Ranch and Aliante Station and 10% of EBITDA from Barley's, The Greens, and Wildfire Lanes. Our management fees are included in net revenues on our consolidated statements of operations. Management fees earned under our management agreements are recognized in revenue when the services have been performed, the amount of the fee is determinable, and collectability is reasonably assured.

10. Accrued Expenses and Other Current Liabilities

Accrued expenses and other current liabilities consist of the following (amounts in thousands):

	Successor	
	December 31,	
	2009	2008
Accrued payroll and related	\$ 20,973	\$ 55,673

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Long-term Debt and Liabilities Subject to Compromise (Continued)

- (b) Certain long-term debts are subject to compromise as a result of the Chapter 11 Case and are classified as liabilities subject to compromise in our consolidated balance sheet at December 31, 2009 as described below.

Liabilities Subject to Compromise

Under bankruptcy law, actions by creditors to collect upon liabilities of the Debtors incurred prior to the Petition Date are stayed and certain other pre-petition contractual obligations may not be enforced against the Debtors without approval of the Court. In accordance with the accounting guidance for financial reporting by entities in reorganization under the bankruptcy code, these liabilities are classified as liabilities subject to compromise in our consolidated balance sheet as of December 31, 2009, and are adjusted to the expected amount of the allowed claims, even if they may be settled for lesser amounts. The expected amount of the allowed claims for certain liabilities subject to compromise differ from their prepetition carrying amounts mainly as a result of the write-off of approximately \$185.7 million in debt discounts during the year ended December 31, 2009 and the reversal of approximately \$88.6 million in nonperformance risk adjustments that had previously been included in the pre-petition fair values of the interest rate swap liabilities in accordance with the accounting guidance for fair value measurements. Adjustments to the claims may result from negotiations, payments authorized by the Court, or other events. It is anticipated that such adjustments, if any, could be material. As of December 31, 2009, pre-petition liabilities included in liabilities subject to compromise have been reduced as a result of the payment of certain accounts payable and notes payable as allowed by the court, and non-cash adjustments of the expected amount of the allowed claims related to interest rate swap liabilities. Any payment terms established for the liabilities subject to compromise will be established in connection with actual confirmation of the plan of reorganization. Liabilities subject to compromise are classified separately from long-term obligations and current liabilities.

The following table summarizes the components of liabilities subject to compromise as of December 31, 2009 (in thousands):

	December 31, 2009
CMBS mortgage loan and related mezzanine financings	\$ 2,475,000
Revolver and term loan	873,237
6% senior notes	450,000
7 ³ / ₄ % senior notes	400,000
6 ¹ / ₂ % senior subordinated notes	442,000
6 ⁷ / ₈ % senior subordinated notes	660,000
6 ⁵ / ₈ % senior subordinated notes	300,000
Other long-term debt	70,133
Interest rate swaps	141,793
Accrued interest	142,562
Payroll and related liabilities	25,330
Accounts payable and other liabilities	4,054
Total liabilities subject to compromise	\$ 5,984,109

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Long-term Debt and Liabilities Subject to Compromise (Continued)

Interest Expense

In accordance with the accounting guidance for financial reporting by entities in reorganization under the bankruptcy code, interest expense is recognized only to the extent that it will be paid during the bankruptcy proceeding or that it is probable that it will be an allowed claim. Currently the Company is not accruing interest for the senior notes, the senior subordinated notes or the mezzanine financings. As a result, post-petition interest expense is lower than pre-petition interest expense. The write-off of debt discounts and deferred debt issue costs related to liabilities subject to compromise also reduces post-petition interest expense as there are no longer any non-cash amortization charges related to these items.

CMBS Loans

In connection with the Merger, on November 7, 2007, a number of wholly-owned unrestricted direct and indirect subsidiaries of Station (collectively, the "CMBS Borrower") entered into a mortgage loan and related mezzanine financings in the aggregate principal amount of \$2.475 billion (the "CMBS Loans"), for the purpose of financing the Merger consideration payable to the Company's stockholders upon consummation of the Merger and paying fees and expenses incurred in connection with the Merger.

The CMBS Loans are secured by substantially all fee and leasehold real property comprising Palace Station, Boulder Station, Sunset Station and Red Rock (collectively, the "CMBS Property") and will mature in November 2010. Prior to the 2009 maturity date, the CMBS Borrower exercised a one-year extension to extend the maturity date to November 2010 subject to two additional one-year extensions. The lenders have disputed the effectiveness of the extension. Interest on the CMBS Loans is equal to one-month LIBOR plus 5.3% per annum, which includes an additional 3.0% default rate. As a result of the Chapter 11 Case, interest due on the mezzanine financings is not being remitted to the mezzanine lenders. The CMBS Borrower is required to hedge the LIBOR interest rate such that it will not exceed 5.5% on a blended basis. As a result, the CMBS Borrower purchased interest rate caps with a combined notional amount of \$1.11 billion and a cap rate of 5.8% for an initial premium of \$3.6 million. The initial premium was recorded in other assets and, in accordance with the authoritative guidance for accounting for derivative Instruments and hedging activities, is marked to market at each reporting period. In addition, the CMBS Borrower entered into an interest rate swap with a notional amount of \$1.36 billion in which the borrower paid a fixed rate of approximately 5.3% and received one-month LIBOR, terminating in November 2012. This interest rate swap was early terminated during the three months ended December 31, 2009 (see Note 12 Derivative Instruments).

The loan documents for the CMBS Loans (the "CMBS Loan Documents") contain a number of covenants that, among other things, restrict, subject to certain exceptions, each wholly-owned unrestricted direct and indirect subsidiary's ability to incur additional indebtedness; create liens on assets; engage in mergers or consolidations; sell assets; pay dividends or make distributions; make investments, loans or advances; make certain acquisitions; engage in certain transactions with affiliates; and fundamentally change its business. The CMBS Loan Documents also require the CMBS Borrower to fund specific reserves as defined. In addition, the CMBS Loan Documents contain a requirement that if the CMBS Borrower fails to maintain a minimum lease coverage ratio of 1.15 to 1.00 during two consecutive fiscal quarters, 80% of the funds available following the payment of all amounts and reserves required to be made pursuant to the CMBS Loan Documents be deposited into an account for the benefit of the lenders instead of permitting distribution of such funds to the Company. As of December 31, 2009, we were not in

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Long-term Debt and Liabilities Subject to Compromise (Continued)

compliance with the lease coverage ratio. In a letter dated April 6, 2009 to the CMBS Borrower, certain lenders under the CMBS Loans alleged that the CMBS Borrower had not calculated the lease coverage ratio in accordance with the CMBS Loan Documents for the quarters ended September 30, 2008 and December 31, 2008 and further alleged that the CMBS Borrower would not have been in compliance with the minimum lease coverage ratio if the lease coverage ratio had been properly calculated. As a result, those lenders instituted a block against the release of 80% of the funds available following the payment of all amounts and reserves due under the CMBS Loans and instructed our depository bank to hold such funds in a collateral account for the benefit of the lenders. As a result of the Chapter 11 Case, the block against the release of funds increased to 100% of the funds available following the payment of all amounts and reserves due under the CMBS Loans. During year ended December 31, 2009, \$78.7 million was deposited in the collateral account in relation to this block.

Land Loan

On February 7, 2008, CV Propco, LLC, a wholly-owned, indirect unrestricted subsidiary of Station, as borrower, entered into a \$250 million delay-draw term loan which is collateralized by land located on the southern end of Las Vegas Boulevard at Cactus Avenue and land surrounding Wild Wild West in Las Vegas, Nevada (the "Land Loan"). The Land Loan contains no principal amortization and matures on February 7, 2011. At closing, \$200 million was drawn with the remaining \$50 million drawn in June 2008. The proceeds were used to fund a distribution to Station, establish an interest reserve and pay transaction expenses. Borrowings under the Land Loan bear interest at LIBOR plus 5.5% per annum or at the Alternate Base Rate (as defined in the Land Loan) plus 3.5% per annum, which includes an additional 2% default rate, at the borrower's election. The borrower is required to hedge the interest rate such that LIBOR will not exceed 6.5%. As a result, the borrower entered into two interest rate swap agreements with notional amounts of \$200 million and \$50 million in which the borrower pays a fixed LIBOR rate of 3.0% and 3.7%, respectively, and receives one-month LIBOR. These interest rate swaps were early terminated in November 2009 (see Note 12 Derivative Instruments).

The Land Loan contains a number of covenants that, among other things, restrict, subject to certain exceptions, the borrower's ability to incur additional indebtedness; create liens on assets; engage in mergers or consolidations; sell assets; pay dividends or make distributions; make investments, loans or advances; make certain acquisitions; engage in certain transactions with affiliates; and fundamentally change its business. In addition, the Land Loan requires the borrower to maintain a loan-to-value ratio of no more than 40% and also contains customary affirmative covenants and certain events of default.

During the first quarter of 2009, the lenders under the land loan, based on appraisals, indicated their opinion that the value of the collateral had likely decreased to the point that the loan-to-value ratio was no longer less than 40%, as required under the credit agreement, and thus an event of default had occurred under the credit agreement. As a result of such event of default, lenders have become entitled to exercise remedies, including, among other things, the ability to declare the land loan and related accrued interest due and payable and to foreclose on the underlying collateral of the borrower which at December 31, 2009 and 2008 included land with a book value of \$133.2 million and \$501.1 million, respectively. In December 2009, the balance of the interest reserve account of \$8.2 million was liquidated, and \$8.0 million was applied as a principal reduction to the loan with the remainder applied to the swap termination settlement amount. In addition, the borrower did not make the November 2009 payments or any subsequent payments due on account of interest or the interest rate swap agreements. There is no recourse to the Company for any portion of the land loan that is not satisfied by the Borrower or the collateral. The

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Long-term Debt and Liabilities Subject to Compromise (Continued)

Company is in discussions with the lenders regarding solutions to the event of default however the Company can provide no assurance that it will be able to reach a solution with the lenders. As a result the outstanding indebtedness related to the land loan and the market value of the associated interest rate swap have been classified as current in the accompanying consolidated balance sheets at December 31, 2009. See Note 7 for a discussion of impairment charges recognized during the years ended December 31, 2009 and 2008 related to land held for development.

Credit Agreement

In connection with the Merger, Station, as borrower, entered into a new \$900 million senior secured credit agreement (the "Credit Agreement") consisting of a \$650 million revolving facility (the "Revolver") and a \$250 million term loan (the "Term Loan"). The maturity date for both the Term Loan and the Revolver is August 7, 2012 subject to a single 15-month extension (as further defined in the Credit Agreement). The Term Loan requires quarterly principal payments of \$625,000. The Revolver contains no principal amortization. Borrowings under the Credit Agreement bear interest at a margin above the Alternate Base Rate or the Eurodollar Rate (each as defined in the Credit Agreement), as selected by us. The margin above such rates, and the fee on the unfunded portions of the Revolver, will vary quarterly based on our total debt to Adjusted EBITDA (as defined in the Credit Agreement). As of December 31, 2009, the borrower's margin above the Eurodollar Rate on borrowings under the Credit Agreement was 4.50%. As of December 31, 2009, the maximum margin for Eurodollar Rate borrowings was 4.50% and the maximum margin for Alternate Base Rate borrowings was 3.50%. As of December 31, 2009, the fee for any unfunded portion of the Revolver was 0.375%.

The Credit Agreement contains certain financial and other covenants. These include a minimum interest coverage, a maximum total debt to Adjusted EBITDA (as defined in the Credit Agreement) ratio and a total senior secured debt to Adjusted EBITDA (as defined in the Credit Agreement) ratio.

For the quarters ended December 31, 2008, March 31, 2009, June 30, 2009, September 30, 2009 and December 31, 2009, we were not in compliance with the financial covenants in the Credit Agreement. In addition, the filing of the Chapter 11 Case constitutes an event of default under the terms of the Credit Agreement. Notwithstanding such events of default, in connection with the filing of the Chapter 11 Case, on July 28, 2009, the Company entered into a Second Forbearance Agreement and Second Amendment to the Credit Agreement (the "Forbearance Agreement") with the lenders holding a majority of the commitments under its Credit Agreement pursuant to which the lenders agreed, among other things, to forbear from exercising their default-related rights, remedies and powers or privileges against certain subsidiaries that guarantee the Company's obligations under the Credit Agreement. The Forbearance Agreement terminated on January 31, 2010.

Senior and Senior Subordinated Notes

The indentures (the "Indentures") governing our \$2.3 billion in aggregate principal amount of senior and senior subordinated notes (the "Notes") contain certain customary financial and other covenants, which limit our and our subsidiaries' ability to incur additional debt. As a result of the filing of the Chapter 11 Case, all amounts outstanding under the Notes have been accelerated and are due and payable.

We did not make scheduled interest payments on the Company's \$450 million 6¹/₂% Senior Subordinated Notes due February 1, 2014 (the "2014 Subordinated Notes"), \$400 million 7³/₄% Senior Notes due August 15, 2016 (the "2016 Senior Notes"), \$700 million 6⁷/₈% Senior Subordinated Notes due

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Long-term Debt and Liabilities Subject to Compromise (Continued)

2016 (the "2016 Subordinated Notes"), \$300 million 6⁵/₈% Senior Subordinated Notes due 2018 (the "2018 Subordinated Notes") or \$450 million 6% Senior Notes due 2012 (the "2012 Senior Notes") since February 1, 2009. The grace periods with respect to the payment of interest on the 2014 Subordinated Notes, 2016 Senior Notes, 2016 Subordinated Notes, 2018 Subordinated Notes and 2012 Senior Notes have expired, resulting in an event of default under the indentures governing such indebtedness. In addition as a result of the filing of the Chapter 11 Case, the 2014 Subordinated Notes, 2016 Senior Notes, 2016 Subordinated Notes, 2018 Subordinated Notes and 2012 Senior Notes have been accelerated and are due and payable, subject to the bankruptcy stay.

Gain on Early Retirement of Debt

In January 2009, a wholly-owned subsidiary of the Company purchased \$40.0 million in aggregate principal amount of our outstanding \$700 million 6⁷/₈% Senior Subordinated Notes and \$8.0 million in aggregate principal amount of our outstanding \$450 million 6¹/₂% Senior Subordinated Notes for approximately \$1.5 million plus approximately \$1.4 million in accrued interest. As a result, during the three months ended March 31, 2009, we recorded a gain on early retirement of debt of approximately \$40.3 million, which is the difference between the reacquisition price and the net carrying amount of the extinguished debt including the face amount of the associated debt adjusted for the related unamortized discount and debt issuance costs.

Corporate Office Lease

In November 2007, we entered into a sale-leaseback agreement related to our corporate office building with a third-party real estate investment firm. We sold the corporate office building for approximately \$70 million and subsequently entered into a lease with the purchaser for an initial period of 20 years with four options to extend the lease, each option for an extension of five years. An event of default under the sale leaseback agreement for the corporate office building occurred on October 26, 2009 as a result of the Chapter 11 Case not being dismissed within 90 days following the filing thereof, entitling the landlord to exercise its remedies thereunder, including, among other things, termination of the lease and acceleration of contractual rents. Annual lease payments increase approximately 1.2% annually to approximately \$6.7 million in the final year of the original term. The lease also contains two options for us to repurchase the corporate office building, one option at the end of the fifth year of the lease term and a second option at the end of the tenth year of the lease term, which is considered continuing involvement under the authoritative guidance for accounting for sale-leaseback transactions involving real estate. Because of this continuing involvement, the sale-leaseback transaction is being accounted for as a financing transaction, with the sales proceeds recorded as a liability and the lease payments recorded as interest expense. In addition, we continue to include the corporate office building within property and equipment, net on our consolidated balance sheets and depreciate it according to our policy. During the twelve months ended December 31, 2009 and 2008, we recorded interest expense related to this lease of approximately \$5.3 million and \$5.3 million, respectively. Future minimum lease payments related to this lease for the next five years are approximately \$5.4 million, \$5.5 million, \$5.5 million, \$5.6 million and \$5.7 million for the years ended December 31, 2010, 2011, 2012, 2013 and 2014, respectively.

Revolving Facility

In conjunction with the Merger on November 7, 2007, we terminated our previous \$2.0 billion revolving credit facility (the "Revolving Facility") due December 2010. As a result, we recorded a loss on

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Long-term Debt and Liabilities Subject to Compromise (Continued)

early retirement of debt of approximately \$8.1 million during the Successor Period to reflect the write off of the unamortized loan costs. In addition, we terminated two interest rate swaps with a combined notional amount of \$500 million, which were due to terminate in December 2010 and tied directly to the Revolving Facility. These interest rate swaps were terminated at market value, and as a result, we paid approximately \$12.2 million which is included in loss on early retirement of debt in the Successor Period.

At December 31, 2009, the estimated fair value of our long-term debt was approximately \$3.8 billion, compared to the book value of \$5.9 billion. The estimated fair value of our long-term debt at December 31, 2008 was approximately \$3.9 billion, compared to the book value of approximately \$5.8 billion. The estimated fair value amounts were based on quoted market prices on or about December 31, for our debt securities that are publicly traded. For the Revolver, Term Loan, CMBS Loans and Land Loan, the fair value approximates the carrying amount of the debt due to short-term maturities of the individual components of the debt.

Scheduled maturities of long-term debt, excluding liabilities subject to compromise, are as follows (amounts in thousands):

Years ending December 31,	
2010	\$ 242,347
2011	5,670
2012	356
2013	621
2014	352
Thereafter	2,342
Total	\$ 251,688

Long-term debt included in liabilities subject to compromise is not included in the above table since the scheduled maturities are uncertain as a result of the Chapter 11 Case.

12. Derivative Instruments

Our objective in using derivatives is to add stability to interest expense and to manage our exposure to interest rate movements or other identified risks. To accomplish this objective, we primarily use interest rate swaps and interest rate caps as part of our cash flow hedging strategy. Interest rate swaps utilized as cash flow hedges involve the receipt of variable-rate payments in exchange for fixed-rate payments over the life of the agreements without exchange of the underlying principal amount. We do not use derivative financial instruments for trading or speculative purposes.

At December 31, 2009, we have a floating-to-fixed interest rate swap with a notional amount of \$250 million, terminating in January 2011, which effectively converts a portion of our floating-rate debt to a fixed rate. This interest rate swap is not designated as a hedging instrument and as a result, gains or losses resulting from the change in fair value of this swap are recognized in earnings in the period of the change. Fluctuations in interest rates can cause the fair value of our derivative instruments to change each reporting period. While we attempt to predict such movements in interest rates and impact on derivative instruments, such estimates are subject to a large degree of variability which could have a significant impact on our consolidated financial statements. As of December 31, 2009, we paid a weighted-average fixed rate of approximately 3.0% and received one-month LIBOR which approximated 0.2% on this

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

12. Derivative Instruments (Continued)

interest rate swap. As a result of the Chapter 11 Case, this interest rate swap is classified in liabilities subject to compromise at December 31, 2009.

During the three months ended December 31, 2009, we early terminated a floating-to-fixed interest rate swap with a notional amount of \$1.36 billion. Prior to termination, this cash flow hedges effectively converted a portion of our floating-rate debt to a fixed rate. This interest rate swap was not designated as a hedging instrument and as a result, gains or losses resulting from the change in fair value of this swap were recognized in earnings in the period of the change. The estimated expected amount of the allowed claim related to this interest rate swap is classified in liabilities subject to compromise at December 31, 2009.

Also during the three months ended December 31, 2009, we early terminated two floating-to-fixed interest rate swaps with a combined notional amount of \$250 million and it became probable that the original forecasted transactions would not occur. Prior to termination, these cash flow hedges effectively converted a portion of our floating-rate debt to a fixed rate. These interest rate swaps previously qualified and were designated as cash flow hedges, resulting in the effective portion of the gain or loss from the change in fair value being reported as a component of other comprehensive income (loss). The variable cash flow method was used to measure the ineffectiveness of the hedging relationship. Accordingly, the calculation of ineffectiveness involved a comparison of the present value of the cumulative change in the expected future cash flows of the variable portion of the interest rate swaps and the present value of the cumulative change in the expected future variable interest payments designated in the hedging relationship. During the first quarter of 2009, these interest rate swaps were de-designated as cash flow hedges for accounting purposes. As a result of the termination of these swaps, we reclassified \$1.7 million in deferred losses, net of tax, from accumulated other comprehensive income into earnings. The total termination settlement amount of these swaps is recorded in accrued expenses and other current liabilities at December 31, 2009.

During the second quarter of 2009, two interest rate swaps of one of our 50% owned joint ventures with notional amounts of \$297.8 million were terminated and it became probable that the original forecasted transactions would not occur. As a result, we reclassified \$0.3 million in deferred losses, net of tax, from accumulated other comprehensive income into earnings. As of December 31, 2009, the remaining interest rate swaps of our 50% owned joint ventures have a total notional amount of \$420.0 million. Subsequent to December 31, 2009, these remaining interest rate swaps were early terminated, and as a result, the remaining balance of \$2.0 million of deferred losses, net of tax, will be reclassified from accumulated other comprehensive income into earnings during the first quarter of 2010.

Accumulated other comprehensive loss on our consolidated balance sheets includes deferred gains and losses related to our interest rate swaps that were previously designated as hedging instruments under the authoritative guidance for accounting for derivative instruments and hedging activities, as well as our proportionate share of our 50% owned joint ventures' deferred gains and losses on interest rate swaps that were previously designated as hedging instruments. We expect a total of approximately \$2.0 million of deferred net losses related to these interest rate swaps, included in accumulated other comprehensive loss at December 31, 2009, to be reclassified into earnings during the next twelve months.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

12. Derivative Instruments (Continued)

The activity in deferred gains (losses) on derivatives included in accumulated other comprehensive loss is as follows (amounts in thousands):

	Successor		Predecessor
	Year Ended December 31, 2009	Year Ended December 31, 2008	Period from November 8, 2007 Through December 31, 2007

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

12. Derivative Instruments (Continued)

The difference between amounts received and paid under our interest rate swap agreements, as well as any costs or fees, is recorded as a reduction of, or an addition to, interest expense as incurred over the life of the interest rate swaps. The net effect of the interest rate swaps and interest rate cap resulted in an increase in interest expense of approximately \$77.5 million, \$35.1 million and \$0.4 million for the years ended December 31, 2009 and 2008 and the Successor Period, respectively. In addition, our proportionate share of the net effect of interest rate swaps of our 50% owned joint ventures is reflected as an increase (decrease) in interest and other expense from joint ventures in our consolidated statements of operations, and totaled approximately \$10.6 million, \$17.3 million and \$(0.7) million for the years ended December 31, 2009 and 2008 and the Successor Period, respectively.

The fair values of our outstanding derivative instruments are recorded in our consolidated balance sheet as follows (amounts in thousands):

Balance Sheet Classification	Fair Value at	
	December 31, 2009	December 31, 2008
Derivatives designated as hedging instruments:		
Interest rate swaps:		
Other long-term liabilities	\$	\$ 6,148
Derivatives not designated as hedging instruments:		
Interest rate swaps:		
Liabilities subject to compromise	141,793	
Accrued expenses and other current liabilities	8,937	5,960
Other long-term liabilities		87,163
Total interest rate swaps not designated as hedging instruments	150,730	93,123
Total liability derivatives	\$ 150,730	\$ 99,271
Interest rate cap:		
Other assets, net	\$ 42	\$ 163
Total asset derivatives	\$ 42	\$ 163

13. Commitments and Contingencies

*Leases**Boulder Station Lease*

We entered into a ground lease for 27 acres of land on which Boulder Station is located. We lease this land from KB Enterprises, a company owned by the Frank J. Fertitta and Victoria K. Fertitta Revocable Family Trust (the "Related Lessor"). Frank J. Fertitta, Jr. and Victoria K. Fertitta are the parents of Frank J. Fertitta III, Chairman, Chief Executive Officer and President of Station and Lorenzo J. Fertitta, Vice Chairman of Station. The lease has a maximum term of 65 years, ending in June 2058. The lease provides for monthly payments of \$222,933 through May 2018. In June 2013, and every ten years thereafter, the rent will be adjusted to the product of the fair market value of the land and the greater of (i) the then prevailing annual rate of return for comparably situated property or (ii) 8% per year. In no

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

event will the rent for any period be less than the immediately preceding period. In June 2018, and every ten years thereafter, the rent will be adjusted by a cost of living factor. Pursuant to the ground lease, we have an option, exercisable at five-year intervals with the next option in June 2013, to purchase the land at fair market value. Our leasehold interest in the property is subject to a lien to secure borrowings under the CMBS Loan Documents.

Texas Station Lease

We entered into a ground lease for 47 acres of land on which Texas Station is located. We lease this land from Texas Gambling Hall & Hotel, Inc., a company owned by the Related Lessor. The lease has a maximum term of 65 years, ending in July 2060. The lease provides for monthly rental payments of \$337,417 through June 2010. In July 2010, and every ten years thereafter, the rent will be adjusted to the product of the fair market value of the land and the greater of (i) the then prevailing annual rate of return being realized for owners of comparable land in Clark County or (ii) 8% per year. In July 2015, and every ten years thereafter, the rent will be adjusted by a cost of living factor. In no event will the rent for any period be less than the immediately preceding period. Pursuant to the ground lease, we have an option, exercisable at five-year intervals with the next option in May 2010, to purchase the land at fair market value. Our leasehold interest in the property is subject to a lien to secure borrowings under the Credit Agreement.

Wild Wild West Lease

We amended the lease and purchase agreement for the 19-acre parcel of land on which the Wild Wild West is located in December 2008. Under the amended agreement, we have an option to purchase the land on or before December 28, 2011 for a purchase price of \$36 million. The amended lease also includes options to purchase the land in July 2023, 2044 and 2065 for a purchase price equal to fair market value as of July 2022, 2043 and 2064, respectively. No amounts related to these purchase options have been recorded on our consolidated balance sheets at December 31, 2009 and 2008. Additionally, the annual lease expense was increased from \$1.6 million for the year ended December 31, 2008 to \$2.1 million and \$2.4 million for the years ended December 31, 2009 and 2010, respectively. In July 2013, and every three years thereafter, the rent will be adjusted by changes in the consumer price index, not to exceed 12% and shall at no time be decreased.

CMBS Lease

In connection with the financing of the CMBS Loans, certain Station subsidiaries (the "Operating Subsidiaries") entered into an amended and restated purchase and sale agreement with a wholly-owned subsidiary of Station, which immediately prior to the closing of the CMBS Loans, assigned its rights and obligations under the amended and restated purchase and sale agreement to a newly created subsidiary of the Company, the CMBS Borrower. Pursuant this purchase and sale agreement, the CMBS Property was sold to the CMBS Borrower. Immediately following the sale, such CMBS Property was leased back to the Company pursuant to a master lease with an initial term of fifteen years and extension terms for an aggregate of ten additional years. The Company in turn subleased each parcel of the CMBS Property back to the Operating Subsidiaries, with each such sublease having the same term as the master lease. All transactions related to this lease are intercompany in nature and as such eliminate upon consolidation.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

Operating Leases

We lease several parcels of land, buildings and equipment used in our operations. Leases on various parcels ranging from 2.5 acres to 47 acres have terms expiring between September 2010 and August 2103. Future minimum lease payments required under these operating leases and other non-cancelable operating leases are as follows (amounts in thousands):

Years ending December 31,	
2010	\$ 9,491
2011	9,460
2012	9,461
2013	9,372
2014	9,354
Thereafter	430,532
Total	\$ 477,670

Rent expense totaled approximately \$9.7 million, \$9.9 million, \$1.2 million and \$8.5 million for the years ended December 31, 2009 and 2008, the Successor Period and the Predecessor Period, respectively.

During the year ended December 31, 2009, the Debtors rejected two operating leases related to unoccupied office space. Under Section 365 of the Bankruptcy Code, the Debtors may assume, assume and assign, or reject executory contracts and unexpired leases, including real property and equipment leases with the approval of the Bankruptcy Court and under certain other conditions. Rejection constitutes a court-authorized termination of the lease or contract in question and, subject to certain exceptions, relieves the Debtors of future obligations under such lease or contract, but creates a pre-petition claim for damages caused by such termination, subject to the Debtors' right to review and contest such claim. Parties whose contracts or leases are rejected may file claims against the Debtors for damages. Generally, the assumption of an executory contract or unexpired lease requires the Debtors to cure all prior defaults under such executory contract or unexpired lease, including all pre-petition arrearages, and to provide adequate assurance of future performance. In this regard, the Debtors' financial statements include amounts classified as "liabilities subject to compromise" that the Debtors believe that the Bankruptcy Court will allow as claim amounts as a result of the Debtors' rejection of various executory contracts and unexpired leases. Additional amounts may be included in "liabilities subject to compromise" in future periods if additional executory contracts and unexpired leases are rejected. Conversely, the Debtors would expect that the assumption of certain executory contracts and unexpired leases may convert certain liabilities shown in future financial statements as subject to compromise to post-petition liabilities. Due to the uncertain nature of many of the potential claims, the Debtors are unable to project the magnitude of such claims with any degree of certainty.

Regulation and Taxes

On March 27, 2008, in the matter captioned Sparks Nugget, Inc. vs. State ex rel. Department of Taxation, the Nevada Supreme Court ruled that complimentary meals provided to employees and patrons are not subject to Nevada use tax. We have filed refunds for the periods from April 2000 through February 2008. The amount subject to these refunds is approximately \$15.3 million plus interest. Any amount refunded to us would be reduced by a contingent fee owed to a third party advisory firm. On April 15,

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

2008, the Department of Taxation filed a motion for rehearing of the Supreme Court's decision. On July 16, 2008, the Nevada Supreme Court denied the Department of Taxation's motion for rehearing. The Company is currently evaluating the impact of the Nevada Supreme Court's decision not to rehear the case. Accordingly, we have not recorded a receivable related to a refund for previously paid use tax on complimentary employee and patron meals in the accompanying consolidated balance sheets as of December 31, 2009 and 2008, respectively. However, we began claiming this exemption on sales and use tax returns for periods subsequent to February 2008 given the Nevada Supreme Court decision.

Las Vegas Development

Rancho Road

In December 2006, we entered into an amended and restated operating agreement with FBLV Holding Company LLC ("FBLV"). Pursuant to the amended and restated operating agreement, the parties contributed approximately 52 acres (with approximately 20 acres contributed by us for our 50% ownership and approximately 32 acres contributed by FBLV for their 50% ownership) of improved and unimproved real property located along Rancho Road south of Palace Station in Las Vegas, Nevada into a joint venture. It is anticipated that the joint venture will develop, construct and manage, pursuant to a master development plan, a mixed-use residential, retail and entertainment project on all or a portion of such property. The timing, cost and scope of the project have yet to be determined. Through December 31, 2009, we have contributed an additional \$43.7 million to fund the acquisition of additional property as well as design and development costs.

Native American Development

The Federated Indians of Graton Rancheria

We have entered into Development and Management Agreements with the Federated Indians of Graton Rancheria (the "FIGR"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the FIGR in developing and operating a gaming and entertainment project to be located in Sonoma County, California. The FIGR selected us to assist them in designing, developing and financing their project and, upon opening, we will manage the facility on behalf of the FIGR. The Management Agreement has a term of seven years from the opening of the facility and we will receive a management fee equal to 24% of the facility's net income in years 1 through 4 and 27% of the facility's net income in years 5 through 7. We will also receive a development fee equal to 2% of the cost of the project upon the opening of the facility.

In October 2003, the FIGR entered into a Memorandum of Understanding with the City of Rohnert Park. In August 2005, we purchased 270 acres of land just west of the Rohnert Park city limits in Sonoma County, California. In March 2006, we purchased an additional 4.7 acres adjacent to the previously acquired property. The property purchased is approximately one-quarter mile from Highway 101 and approximately 43 miles from downtown San Francisco. In March 2008, it was determined that approximately 247 acres of the 270-acre site purchased in August 2005 would be taken into trust, with the remaining 23 acres retained by Station. As a result, the estimated cost of the remaining 23 acres was reclassified from Native American development costs to land held for development during the year ended December 31, 2008. Over the period of May 2007 through June 2008, we purchased an additional 11 acres of land adjacent to the 23 acres, bringing the total land held for development to 34 acres. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals,

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

including, but not limited to, negotiating a gaming compact with the State of California, the United States Department of the Interior (the "DOI") accepting a portion of the land into trust on behalf of the FIGR and approval of the Management Agreement by the National Indian Gaming Commission (the "NIGC"). Prior to obtaining third-party financing, we will contribute significant financial support to the project. Through December 31, 2009, we have advanced approximately \$144.5 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the FIGR's gaming revenues. In addition, we have agreed to pay approximately \$11.3 million upon achieving certain milestones, which will not be reimbursed. Through December 31, 2009, approximately \$2.0 million of these payments had been made and were expensed as incurred. The timing and feasibility of the project are dependent upon the receipt of the necessary governmental and regulatory approvals. The Company plans to continue contributing significant financial support to the project, even though there can be no assurances as to when or if the necessary approvals will be obtained.

On May 7, 2008, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of the FIGR. The publication commenced a thirty-day period in which interested parties could seek judicial review of the Determination. On June 6, 2008, the Stop The Casino 101 Coalition and certain individuals filed a complaint (the "Complaint") in the United States District Court for the Northern District of California seeking declaratory and injunctive relief against the DOI and officials of the DOI. The Complaint sought judicial review of the Determination. On September 10, 2008, the U.S. Attorney representing the DOI exercised her right to have the case reassigned from a magistrate to an Article III judge, and the FIGR subsequently intervened in the lawsuit. On November 17, 2008, the federal defendants and the FIGR filed their respective motions to dismiss the complaint for lack of jurisdiction and failure to state a claim. In response, the plaintiffs filed a motion for leave to amend their complaint which was granted on January 26, 2009. The Company believes that the allegations contained in the Complaint are without merit. The DOI and the FIGR filed motions to dismiss the amended complaint on February 20, 2009, and on March 27, 2009, a hearing was held to argue such motions. On April 21, 2009, the DOI and FIGR's motions to dismiss were granted. On June 8, 2009, the plaintiffs filed an appeal (the "Appeal") in the United States Court of Appeals for the Ninth Circuit Appeals, and the DOI agreed to voluntarily stay the taking of the site into trust pending resolution of the appeal. The plaintiffs, including several who are now represented separately by a second attorney, filed their opening briefs on October 26, 2009. On November 4, 2009, DOI filed an unopposed motion to expedite the oral argument. DOI and FIGR then filed their answering briefs on November 25, 2009. The plaintiffs responded by filing reply briefs on December 28, 2009. The court clerk initially rejected the motion to expedite oral argument, but following FIGR's motion for reconsideration, the court has scheduled oral argument for April 15, 2010. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

On February 19, 2009, a Notice of Availability of a Final Environmental Impact Statement (the "EIS") was filed in the Federal Register, leaving only the issuance of the Record of Decision (the "ROD") to complete the environmental process for the FIGR project. Issuance of the ROD will initiate a 30-day period in which opponents of the project will have the right to seek judicial review of the ROD.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

Gun Lake Tribe

On November 13, 2003, we agreed to purchase a 50% interest in MPM Enterprises, LLC, a Michigan limited liability company ("MPM"). Concurrently with our agreement to purchase that interest, MPM and the Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians of Michigan, a federally recognized Native American tribe commonly referred to as the Gun Lake Tribe ("Gun Lake"), entered into amended Development and Management Agreements, pursuant to which MPM agreed to assist Gun Lake in developing and operating a gaming and entertainment project to be located in Allegan County, Michigan. On July 29, 2005, MPM and Gun Lake entered into amended and restated Development and Management Agreements. We have agreed to pay \$6.0 million for our 50% interest in MPM, which is payable upon achieving certain milestones and is not reimbursable. As of December 31, 2009, payments totaling \$6.0 million had been made and were expensed as incurred. An additional \$12.0 million in total may be paid by us in years six and seven of the Third Amended and Restated Management Agreement, subject to certain contingencies. Under the terms of the Third Amended and Restated Development Agreement, we have agreed to arrange financing for the ongoing development costs and construction of the project. Through December 31, 2009, we have advanced approximately \$53.6 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project, which is included on our consolidated balance sheets. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from Gun Lake's gaming revenues. The Third Amended and Restated Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 30% of the project's net income to be paid to MPM. Pursuant to the terms of the MPM Operating Agreement, our portion of the management fee is 50% of the first \$24 million of management fees earned, 83% of the next \$24 million of management fees and 93% of any management fees in excess of \$48 million.

The project will be located on approximately 147 acres on U.S. Highway 131 and 129th Avenue, approximately 25 miles north of Kalamazoo, Michigan. As currently contemplated, the project will include slot machines, table games and various dining options. Construction of the project includes the conversion of a portion of an existing 192,000 square-foot building into the casino and entertainment facility. Development of the gaming and entertainment project and operation of Class III gaming is subject to certain governmental and regulatory approvals, including, but not limited to, approval of the Management Agreement by the NIGC.

On February 27, 2004, the DOI issued a Finding of No Significant Impact with respect to the proposed project. On May 13, 2005, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of Gun Lake. On June 13, 2005, Michigan Gambling Opposition (the "MGO Plaintiffs") filed a complaint (the "MGO Complaint") in the United States District Court, District of Columbia (the "District Court"), seeking declaratory and injunctive relief against the DOI and officials of the DOI. The MGO Complaint sought judicial review of the Determination. On January 6, 2006, Gun Lake filed a motion for judgment on the pleadings or, in the alternative, for summary judgment. Also on January 6, 2006, the DOI filed a motion to dismiss or, in the alternative, for summary judgment.

On February 23, 2007, the District Court issued its decision in favor of the DOI and Gun Lake, finding that there were no facts which would entitle the MGO Plaintiffs to any relief on the four issues raised in the MGO Complaint, and granted the parties' motion to dismiss or, in the alternative for summary judgment (the "Dispositive Motions"). On March 1, 2007, the MGO Plaintiffs filed a motion for

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

stay pending appeal with the District Court. On March 5, 2007, the District Court granted the MGO Plaintiffs' motion for stay pending appeal, thereby precluding the DOI from taking the site into trust for the benefit of Gun Lake until the District Court's decision granting the Dispositive Motions had been reviewed on appeal. On May 21, 2007, the MGO Plaintiffs filed their appellate brief in the United States Court of Appeal for the District of Columbia (the "Court of Appeals") appealing the District Court's decision. On July 6, 2007, the DOI and Gun Lake filed their responsive briefs. On July 30, 2007, the MGO Plaintiffs filed their reply brief. Oral arguments were heard on October 19, 2007. On April 29, 2008, the Court of Appeals affirmed the District Court's dismissal of the lawsuit filed by the MGO Plaintiffs.

On May 13, 2008, the MGO Plaintiffs filed a petition for rehearing en banc with the Court of Appeals. On July 25, 2008, the Court of Appeals denied the MGO Plaintiffs' petition for rehearing en banc. On July 29, 2008, the MGO Plaintiffs filed an emergency motion for stay of mandate pending petition for certiorari. On August 1, 2008, the DOI and Gun Lake filed their responses to the emergency motion for stay of mandate. On August 15, 2008, the Court of Appeals granted the emergency motion for stay of mandate. On October 23, 2008, the MGO Plaintiffs filed a petition for certiorari seeking review of the Court of Appeals' decision by the United States Supreme Court. On January 21, 2009, the United States Supreme Court denied the petition for certiorari and on January 27, 2009, the appellate court issued a mandate that dissolved the stay. On January 30, 2009, the DOI accepted approximately 147 acres of real property into trust in Allegan County, Michigan, for the benefit of Gun Lake. On August 18, 2009, the Secretary of Interior issued an Initial Reservation Proclamation proclaiming that the 147-acre parcel is Gun Lake's reservation.

On August 1, 2008, David Patchak filed a complaint (the "Patchak Complaint") seeking declaratory and injunctive relief against the DOI and officials of the DOI. On October 6, 2008, Gun Lake filed a motion for judgment on the pleadings. The Patchak Complaint also seeks judicial review of the Determination. On October 7, 2008, the DOI filed a motion to dismiss. On October 17, 2008, the plaintiff filed a motion to stop the DOI from taking land into trust for Gun Lake, which was denied by the District Court on January 26, 2009. The District Court filed an order that gave the plaintiff 21 days to submit a memorandum addressing whether the District Court still has jurisdiction in this case in light of the DOI accepting the land in trust for the benefit of Gun Lake. The DOI and Gun Lake filed their memoranda addressing this issue on April 6, 2009. On August 19, 2009, the DOI's motion to dismiss and motion for judgment on the pleadings was granted and the plaintiff's motions for preliminary injunctive relief were denied. On September 15, 2009, plaintiff filed a notice of appeal with the United States Court of Appeals for the District of Columbia Circuit. On November 6, 2009, Gun Lake filed a Motion to Dismiss the appeal in part. The Motion has been referred to the panel of judges to whom the case will be assigned for decision. On January 8, 2010, the Court ordered the Court Clerk to enter a briefing schedule. To date, no briefing schedule has been issued. The Company believes that the appeal is without merit. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

On March 9, 2007, Gun Lake and the State of Michigan entered into a tribal-state Class III gaming compact. The compact was subject to approval by the Michigan Legislature and, if approved, would regulate gaming at Gun Lake's proposed gaming and entertainment project to be developed on the site. On August 8, 2007, the Michigan House of Representatives ratified the compact. On February 11, 2009, the Michigan Senate passed a resolution approving the compact. On February 19, 2009, the Michigan House of Representatives passed a similar resolution approving the Compact and the Compact was submitted to the Secretary of Interior for his approval. On April 22, 2009, the Compact became effective

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

by publication in the Federal Register. Prior to obtaining third-party financing, we will contribute significant financial support to the project. Construction on the project began in September 2009.

Mechoopda Indian Tribe

We have entered into Development and Management Agreements with the Mechoopda Indian Tribe of Chico Rancheria, California (the "MITCR"), a federally recognized Native American tribe. Pursuant to those agreements, we will assist the MITCR in developing and operating a gaming and entertainment facility to be located on a portion of an approximately 650-acre site in Butte County, California, at the intersection of State Route 149 and Highway 99, approximately 10 miles southeast of Chico, California and 80 miles north of Sacramento, California. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the MITCR's gaming revenues. Through December 31, 2009, we have advanced approximately \$11.9 million toward the development of this project, primarily to complete the environmental assessment and secure real estate for the project. In addition, we have agreed to pay approximately \$2.2 million of payments upon achieving certain milestones, which will not be reimbursed. Through December 31, 2009, \$50,000 of these payments had been made and were expensed as incurred. Although the Company continues to fund advances to MITCR, given the recent recession and thus the revised expected potential of the project, as of December 31, 2009 the Company has fully impaired the associated long-term asset. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include slot machines, table games and dining and entertainment amenities. Development of the facility is subject to certain governmental and regulatory approvals, including, but not limited to, negotiating a gaming compact with the State of California, the DOI accepting land into trust on behalf of the MITCR and approval of the Management Agreement by the NIGC. Prior to obtaining third-party financing, we will contribute significant financial support to the project. The timing of this type of project is difficult to predict and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when or if these approvals will be obtained.

On January 17, 2008, the Bureau of Indian Affairs (the "BIA") issued a Finding of No Significant Impact with respect to the proposed project. On May 8, 2008, the DOI published in the Federal Register a Notice of Final Agency Determination (the "Determination") to take certain land into trust for the benefit of MITCR. On March 26, 2008, Butte County, California (the "Plaintiff") filed a complaint in the United States District Court for the District of Columbia (the "District Court") seeking declaratory and injunctive relief against the NIGC. On May 19, 2008, the Plaintiff filed a first amended complaint (the "Amended Complaint") in the District Court seeking declaratory and injunctive relief against the NIGC, the DOI and officials of the DOI. The Amended Complaint sought judicial review of the Determination and the NIGC's approval of the tribal-gaming ordinance. On May 13, 2008, MITCR filed a motion to intervene in that lawsuit which was granted by the District Court on June 16, 2008. On June 30, 2008, MITCR filed an answer to the Amended Complaint. On September 12, 2008, the U.S. Department of Justice on behalf of the NIGC and DOI, and MITCR each filed a motion to dismiss the Plaintiff's Amended Complaint. The Plaintiff's opposition to MITCR's motion to dismiss and the Plaintiff's dispositive motion were filed on October 24, 2008, and the NIGC, DOI and MITCR briefs concerning the dispositive motions were filed on December 8, 2008. Oral arguments were heard by the District Court on February 13, 2009. On April 13, 2009, the District Court granted the DOI and MITCR's motion to dismiss. On May 13, 2009, the Plaintiff

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

13. Commitments and Contingencies (Continued)

filed an appeal in the U.S. Court of Appeals for the District of Columbia in Washington DC. The Plaintiff's brief was filed on September 14, 2009, and the MITCR and DOI's briefs were filed October 14, 2009. The Plaintiff's reply brief was filed October 28, 2009, and oral arguments were held on December 10, 2009. The Company believes that the appeal is without merit. As with all litigation, no assurances can be provided as to the outcome of this lawsuit.

North Fork Rancheria of Mono Indian Tribe

We have entered into Development and Management Agreements with the North Fork Rancheria of Mono Indians (the "Mono"), a federally recognized Native American tribe located near Fresno, California. Pursuant to those agreements, we will assist the Mono in developing and operating a gaming and entertainment facility to be located in Madera County, California. We have purchased, for the benefit of the Mono, a 305-acre parcel of land located on Highway 99 north of the city of Madera. Under the terms of the Development Agreement, we have agreed to arrange the financing for the ongoing development costs and construction of the facility. Funds advanced by us are expected to be repaid from the proceeds of the project financing or from the Mono's gaming revenues. Through December 31, 2009, we have advanced approximately \$15.7 million toward the development of this project, primarily to complete the environmental impact study and secure real estate for the project, which is included on our consolidated balance sheets. In addition, we have agreed to pay approximately \$1.3 million of payments upon achieving certain milestones, which will not be reimbursed and will be expensed as incurred. Through December 31, 2009, none of these payments had been made. The Management Agreement has a term of seven years from the opening of the facility and provides for a management fee of 24% of the facility's net income. As currently contemplated, the facility will include slot machines, table games, restaurants, a hotel and entertainment amenities. Development of the gaming and entertainment project is subject to certain governmental and regulatory approvals, including, but not limited to, approval by the California Legislature of the gaming compact with the State of California, the DOI accepting the land into trust on behalf of the Mono and approval of the Management Agreement by the NIGC.

On April 28, 2008, the Mono and the State of California entered into a tribal-state Class III gaming compact. The compact is subject to approval by the California Legislature and, if approved, will regulate gaming at the Mono's proposed gaming and entertainment project to be developed on the site. No assurances can be provided as to whether the California Legislature will approve the compact. Prior to obtaining third-party financing, we will contribute significant financial support to the project. The timing of this type of project is difficult to predict, and is dependent upon the receipt of the necessary governmental and regulatory approvals. There can be no assurances when, or if, these approvals will be obtained.

14. Stockholders' Equity

Successor Period

Common Stock

We are authorized to issue up to 10,000 shares of voting common stock, \$0.01 par value per share. At December 31, 2009, there were 41.7 shares of voting common stock issued and outstanding. Each holder of issued and outstanding shares of voting common stock is entitled to one vote for each share held of record on each matter submitted to a vote of stockholders. Holders of our voting common stock have no cumulative voting, conversion or redemption rights. Under the Equityholders Agreement of Station, FCP and Fertitta Partners, as amended, in certain circumstances, FCP VoteCo, as the holder of Station's voting

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

14. Stockholders' Equity (Continued)

common stock, shall have the preemptive right to purchase or subscribe to any voting stock to be sold or issued by Station on the terms and conditions as such voting stock is being offered and sold or issued. Certain actions defined as Major Actions in the Equityholders Agreement of Station, FCP and Fertitta Partners, as amended, require the approval of Thomas J. Barrack, Jr. and at least one of Frank J. Fertitta III or Lorenzo J. Fertitta. Subject to any preferences that may be granted to the holders of our preferred stock, each holder of voting common stock is entitled to receive ratably, such dividends as may be declared by our Board of Directors out of funds legally available therefore, as well as any distributions to the stockholders and, in the event of our liquidation, dissolution or winding up is entitled to share ratably in all our assets remaining after payment of liabilities.

Non-Voting Common Stock

We are authorized to issue up to 100,000,000 shares of non-voting common stock, \$0.01 par value per share. At December 31, 2009, there were 41,674,838 shares of non-voting common stock issued and outstanding. Holders of issued and outstanding shares of non-voting common stock are not entitled to vote on any matters to be voted on by the stockholders of the Company and are not to be included in determining the number of shares voting or entitled to vote. Holders of our non-voting common stock have no cumulative voting, conversion or redemption rights. Under the Equityholders Agreement of Station, FCP and Fertitta Partners, as amended, in certain circumstances, holders of non-voting common stock shall have the preemptive right to purchase or subscribe to any equity interests (other than voting stock) to be sold or issued by Station on the same terms and conditions as such equity interests are being offered and sold or issued. Subject to any preferences that may be granted to the holders of our preferred stock, each holder of non-voting common stock is entitled to receive ratably, such dividends as may be declared by our Board of Directors out of funds legally available therefore, as well as any distributions to the stockholders and, in the event of our liquidation, dissolution or winding up is entitled to share ratably in all our assets remaining after payment of liabilities.

Preferred Stock

We are authorized to issue up to 10,000 shares of preferred stock, \$0.01 par value per share of which none are issued. The Board of Directors, without further action by the holders of our common stock, may issue shares of preferred stock in one or more series and may fix or alter the rights, preferences, privileges and restrictions, including the voting rights, redemption provisions (including sinking fund provisions), dividend rights, dividend rates, liquidation rates, liquidation preferences, conversion rights and the description and number of shares constituting any wholly unissued series of preferred stock. Except as described above, our Board of Directors, without further stockholder approval, may issue shares of preferred stock with rights that could adversely affect the rights of the holders of our common stock. The issuance of shares of preferred stock under certain circumstances could have the effect of delaying or preventing a change of control of Station or other corporate action.

Predecessor Period

Common Stock

During the Predecessor Period, we paid a quarterly cash dividend of \$0.2875 per share to stockholders of record on February 26, 2007, May 21, 2007 and October 5, 2007 for approximately \$49.1 million.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

14. Stockholders' Equity (Continued)

Treasury Stock

During the Predecessor Period, we repurchased approximately 1.3 million shares of our common stock for approximately \$110.2 million, primarily through open market purchases. As of November 7, 2007, upon consummation of the Merger, all of our treasury stock was cancelled and retired.

Other Comprehensive Loss

The accounting guidance for reporting comprehensive income (loss) requires companies to disclose other comprehensive income (loss) and the components of such income (loss). Comprehensive income (loss) is the total of net income (loss) and all other non stockholder changes in equity. We have recorded the mark-to-market valuation of our interest rate swaps designated as hedging instruments and our 50% interest in the mark-to-market valuation of the interest rate swaps designated as hedging instruments at Green Valley Ranch and Aliante Station, as well as the unrealized gain (loss) on available-for-sale securities and the amortization of the unrecognized pension and postretirement benefit plan liabilities as other comprehensive (loss) income. Comprehensive loss was computed as follows (amounts in thousands):

	Year Ended December 31, 2009	Successor Year Ended December 31, 2008	Period from November 8, 2007 Through December 31, 2007	Predecessor Period from January 1, 2007 Through November 7, 2007
Net loss	\$ (1,679,514)	\$ (3,268,500)	\$ (337,900)	\$ (57,656)
Mark-to-market valuation of interest rate swaps, net of tax	(1,286)	(1,937)	1,314	(7,179)
Unrealized gain (loss) on available-for-sale securities, net of tax	123	(695)	(119)	607
Amortization of unrecognized pension and postretirement benefit plan liabilities, net of tax	816	6,323	3,665	513
Comprehensive loss	\$ (1,679,861)	\$ (3,264,809)	\$ (333,040)	\$ (63,715)

The components of accumulated other comprehensive loss are as follows (amounts in thousands):

	Successor December 31, 2009	2008
Mark-to-market valuation of interest rate swaps, net of tax	\$ (1,985)	\$ (8,414)
Unrealized loss on available-for-sale securities, net of tax	(85)	(207)
Amortization of unrecognized pension and postretirement benefit plan liabilities, net of tax	1,148	331
Accumulated other comprehensive loss	\$ (922)	\$ (8,290)

The mark-to-market valuation of interest rate swaps, net of tax included in accumulated other comprehensive loss at December 31, 2009 relates to our 50% interest in the mark-to-market valuation of the interest rate swap at Green Valley Ranch that has been de-designated as a cash

flow hedge during the

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

14. Stockholders' Equity (Continued)

year ended December 31, 2009. The deferred net loss of \$2.0 million related to this interest rate swap included in accumulated other comprehensive loss at December 31, 2009 is expected to be accreted as an increase in interest expense from joint ventures on our consolidated statement of operations during the first quarter of 2010 as a result of the termination of the swap.

15. Asset Impairments and Write-downs and Other Charges, Net

Included in our statements of operations for the years ended December 31, 2009, 2008, the Successor Period and the Predecessor period are various pretax charges related to impairments of goodwill, intangible assets and other assets, as well as write-downs and other charges, net. Write-downs and other charges, net includes gains or losses on asset disposals, severance expense and other non-routine transactions. Components of asset impairments and write-downs and other charges, net were as follows:

	Year Ended December 31, 2009	Successor Year Ended December 31, 2008	Period from November 8, 2007 Through December 31, 2007	Predecessor Period from January 1, 2007 Through November 7, 2007
Impairment of goodwill (Note 6)	\$ 181,785	\$ 2,594,992	\$	\$ 8,043

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

15. Asset Impairments and Write-downs and Other Charges, Net (Continued)

Impairment of Native American Project Costs and Related Capitalized Interest

During the year ended December 31, 2009, we determined that a total of \$13.0 million in advances and capitalized interest related to one of our Native American development agreements was not recoverable, and the carrying value of the project was written down to fair value, which approximates the fair value of the land. The fair value of the land is included in land held for development in our consolidated balance sheet at December 31, 2009.

Write-off of Abandoned Projects

During the years ended December 31, 2009 and 2008, due to the current economic conditions, we decided to abandon several projects at our properties that were in the developmental stage. In conjunction with these decisions, the costs incurred to date on such projects were expensed during the years ended December 31, 2009 and 2008. In addition, during the year ended December 31, 2008, we had various options to purchase land in northern Nevada that we allowed to lapse. The costs of these options, which were previously included in other assets, net were expensed during the year ended December 31, 2008.

Management Agreement/Lease Termination

During the year ended December 31, 2009, we expensed approximately \$3.1 million related to the termination of an equipment lease and \$1.0 million related to leased office space no longer being utilized. During the year ended December 31, 2008, we expensed approximately \$1.7 million to terminate various leases related to land adjacent to the current Wild Wild West property and expensed \$3.1 million related to an office space that we currently lease but no longer utilize. During the Predecessor period we incurred approximately \$3.8 million in management agreement/lease termination expense primarily due to the termination of the management agreement related to Cherry nightclub at Red Rock.

Reserve for Note Receivable from Unconsolidated Affiliate

During the year ended December 31, 2009, we recognized a \$5.3 million expense related to a note receivable from an unconsolidated affiliate that may not be recoverable. See Note 4 for additional information.

Write-off of Debt Offering and Restructuring Fees

Included in write-off of debt offering and restructuring fees is the write-off of fees and costs incurred in connection the termination of a debt restructuring project for one of our non-Debtor subsidiaries during 2009, and the write-off of cancelled debt offering fees and costs incurred to launch a private exchange offer in November 2008 that was subsequently terminated in December 2008.

16. Share-Based Compensation

Successor Period

Long-term incentive compensation is provided in the form of non-voting limited liability company membership interests in FCP and Fertitta Partners pursuant to the Second Amended and Restated Operating Agreement of Fertitta Colony Partners and the Amended and Restated Operating Agreement of Fertitta Partners, respectively (collectively "the Operating Agreements"). The Operating Agreements allow certain officers and members of management of the Company to participate in the long-term growth

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

16. Share-Based Compensation (Continued)

and financial success of the Company through indirect ownership of Class B Units and direct ownership of Class C Units in FCP and Fertitta Partners. The purpose is to promote the Company's long-term growth and profitability by aligning the interests of the Company's management with the interests of the owners of the Company and by encouraging retention.

Upon the consummation of the Merger, certain members of management were awarded indirect ownership of Class B Units and direct ownership of Class C Units in each of FCP and Fertitta Partners. During the year ended December 31, 2008, Class B Units that were previously issued upon consummation of the Merger were transferred to certain officers and management of the Company. During the year ended December 31, 2008, additional Class C Units were issued to certain management of the Company. The Class C Units include certain call and put provisions as defined in the Operating Agreements, such that under certain circumstances, within ninety days after termination, in certain cases, of the Class C Unit holder's employment with Station, FCP and Fertitta Partners can call the Class C Units and the employee that holds the Class C Units can put the Class C Units back to FCP and Fertitta Partners. The conditions that could result in the employee putting the Class C Units back to FCP and Fertitta Partners are either contingent or within the control of the issuer.

At December 31, 2009, we had unearned share-based compensation of approximately \$41.1 million associated with Class B Units and Class C Units which is expected to be recognized over a period of approximately 3.75 years. During the year ended December 31, 2009, no Class B Units or Class C Units were granted. Should the Class B Units and the Class C Units be cancelled as a result of the Chapter 11 proceedings, the remaining unearned share-based compensation will be recognized upon cancellation.

At December 31, 2008, we had unearned share-based compensation of approximately \$57.1 million associated with Class B Units and Class C Units which is expected to be recognized over a period of approximately 4.7 years. During the year ended December 31, 2008, 0.7 million Class B Units were granted with a weighted average grant date fair value of \$17.65, which vest equally over five years. During the Successor Period, 6.9 million Class B Units were granted with a weighted-average grant-date fair value of \$44.92, of which 6.4 million units vested immediately and the remaining units vest equally over five years. In addition, 0.3 million and 1.4 million Class C Units were granted during the year ended December 31, 2008 and the Successor Period with a weighted average grant-date fair value of \$12.43 and \$28.54, respectively. The Class C Units vest equally over five years.

The Company determined the fair value associated with these units taking into account the estimated enterprise value of the Company, expected term of the units (5.5 years and 6.0 years for the years ended December 31, 2008 and 2007, respectively), expected volatility based on expected volatility of equity instruments of comparable companies (22% and 30% for the years ended December 31, 2008 and 2007 respectively) and a risk free rate of 3.33% and 4.01% for the years ended December 31, 2008 and 2007, respectively. The estimated fair value of the units will be recognized in expense on a straight-line basis over the requisite service periods of the awards.

Predecessor Period

Prior to the Merger, the stockholders approved and we adopted the 2005 Stock Compensation Plan (the "2005 Plan") which provided for grants of stock options, stock appreciation rights, restricted stock, restricted stock units, and other stock awards (collectively, the "Awards"). Individuals eligible to receive Awards under the 2005 Plan included employees, directors and independent contractors of the Company and its subsidiaries and other entities controlled by us. However, incentive stock options could be granted

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

16. Share-Based Compensation (Continued)

only to an employee of ours or a subsidiary of ours. Upon adoption of the 2005 Plan, no additional grants of awards could be made under the following plans of Station (the "Prior Plans"): (i) the Incentive Stock Option Plan, (ii) the Compensatory Stock Option Plan, (iii) the Restricted Share Plan, (iv) the Non-employee Director Stock Option Plan, (v) the 1999 Compensatory Stock Option Plan, and (vi) the 1999 Share Plan.

Pursuant to the Merger discussed in Note 1, each share of Station restricted stock vested and was cancelled and converted into the right to receive \$90.00 in cash, without interest and less any applicable payroll withholding taxes, while each stock option outstanding under Station's stock plans was cancelled and extinguished, and the holder of any such stock option was entitled to receive an amount in cash equal to the product of (i) the number of shares of Station common stock subject to such stock option and (ii) the excess, if any, of \$90.00 over the exercise price per share of such stock option, without interest and less any applicable payroll withholding taxes. As a result, \$124.9 million in previously unrecognized compensation expense was recognized during the Predecessor Period and is included in merger transaction costs on the consolidated statement of operations. The Predecessor share-based compensation plans were discontinued in connection with the Merger.

Summarized information for the 2005 Plan and Prior Plans, collectively, is as follows:

	Options	Weighted average exercise price	Restricted Shares	Weighted average grant date fair value	Total
Outstanding at December 31, 2006	2,187,107	\$ 12.07	3,027,354	\$ 52.12	5,214,461
Granted					
Exercised/Lapsed	(46,050)	\$ 12.17	(419,223)	\$ 46.67	(465,273)
Canceled	(400)	\$ 16.81	(400)	\$ 64.67	(800)
Accelerated vest	(2,140,657)	\$ 12.06	(2,607,731)	\$ 52.99	(4,748,388)
Outstanding at November 7, 2007		\$		\$	
Exercisable at November 7, 2007		\$		\$	
Available for grant at November 7, 2007					

As of December 31, 2006, 2,069,407 of the options were vested and exercisable with a weighted average exercise price of \$11.81 and 1,108,632 were available for grant.

Stock Options

No stock options have been issued since 2003 resulting in no assumptions for dividend yield, expected volatility, risk-free interest rate or expected term of option for the year ended December 31, 2007.

The intrinsic value of a stock option is the amount by which the market value of the underlying stock exceeds the exercise price of the stock option. Total intrinsic value of stock options exercised was \$3.3 million for the Predecessor Period.

Net cash proceeds from the exercise of stock options was \$0.6 million for the Predecessor Period, and there was no actual income tax benefit realized from stock option exercises for the Predecessor Period.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

16. Share-Based Compensation (Continued)

Restricted Stock

There were no restricted stock grants in 2007, 2008 or 2009. The total fair value of restricted shares that vested for the Predecessor Period was \$35.7 million. The fair value of restricted shares that vested due to the Merger on November 7, 2007 was \$234.7 million for the Predecessor Period.

The following table represents where recorded share-based compensation expense was classified in the accompanying consolidated statements of operations (amounts in thousands):

	Successor		Period from November 8, 2007 Through December 31, 2007	Predecessor Period from January 1, 2007 Through November 7, 2007
	Year Ended December 31, 2009	Year Ended December 31, 2008

Tax benefit	(4,846)	(4,952)	(100,846)	(50,090)
Share-based compensation expense, net of tax	\$ 9,000	\$ 9,197	\$ 187,284	\$ 93,025

17. Executive Compensation Plans

We have employment agreements with certain of our executive officers. These contracts provide for, among other things, an annual base salary, supplemental long-term disability and supplemental life insurance benefits in excess of our normal coverage for employees. In addition, we have adopted a Supplemental Executive Retirement Plan for our Chief Executive Officer and a Supplemental Management Retirement Plan for certain key executives as selected by our Board of Directors. Other executive plans include a Deferred Compensation Plan and a Long-Term Stay-On Performance Incentive Plan.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

18. Reorganization Items, Net

Reorganization items, net represent amounts incurred as a direct result of the Chapter 11 Case and are presented separately in the consolidated statements of operations. The components of reorganization items are as follows (amounts in thousands):

	Year Ended
	December 31, 2009
Professional fees and retainers	\$ 66,522
Write-off of debt discount and debt issuance costs	225,011
Adjustment of swap carrying values to expected amounts of allowed claims	80,790
Other	3,565
Reorganization items, net	\$ 375,888

Professional fees include financial, legal and other services directly associated with the reorganization process. Cash payments for the year ended December 31, 2009 for professional fees and retainers and other reorganization items totaled \$59.8 million. In accordance with the accounting guidance for financial reporting by entities in reorganization under the bankruptcy code, the Company ceased amortization of debt discounts and deferred debt issuance costs related to the liabilities subject to compromise on the Petition Date. Reorganization items, net for the year ended December 31, 2009 includes losses of \$185.7 million and \$39.3 million, respectively, representing the write-off of unamortized debt discounts and debt issuance costs related to certain liabilities subject to compromise. The write-off of these amounts resulted in an adjustment of the net carrying value of the related liabilities to the expected amount of the allowed claims.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

19. Fair Value Measurements

The following table presents information about our financial assets and liabilities measured at fair value on a recurring basis at December 31, 2009, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value (amounts in thousands):

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2009
Assets				
Company-owned life insurance deferred compensation	\$	\$ 20,089	\$	\$ 20,089
Interest rate caps		42		42
Available-for-sale securities	394			394
Total assets measured at fair value on a recurring basis	\$ 394	\$ 20,131	\$	\$ 20,525
Liabilities				
Liabilities subject to compromise:				
Interest rate swaps	\$	\$ 141,793	\$	\$ 141,793
Deferred compensation liabilities	1,054			1,054
Liabilities not subject to compromise:				
Interest rate swaps		8,937		8,937
Total liabilities measured at fair value on a recurring basis	\$ 1,054	\$ 150,730	\$	\$ 151,784

The fair values of Company-owned life insurance deferred compensation assets are based on quotes for like instruments with similar credit ratings and terms. The fair values of available-for-sale securities and deferred compensation liabilities are based on quoted prices in active markets. The fair values of interest rate swaps and interest rate caps are based on quoted market prices from various banks for similar instruments. These quoted market prices are based on relevant factors such as the contractual terms of our interest rate swap agreements and interest rate curves and are adjusted for the non-performance risk of either us or our counterparties, as applicable. Certain interest rate swaps have been terminated early, and the fair values of those terminated swaps are based on the close-out amounts quoted by the counterparties.

Certain liabilities that are measured at fair value on a recurring basis have been reclassified to liabilities subject to compromise as a result of the Chapter 11 Case. For these liabilities, the fair values approximate the expected amounts of the allowed claims.

20. Retirement Plans

Effective as of November 30, 1994, we adopted the Supplemental Executive Retirement Plan (the "SERP"), which is an unfunded defined benefit plan for the Chief Executive Officer and President as sole participants. On January 21, 2005, Station amended the SERP (the "First SERP Amendment"). The purpose of the First SERP Amendment was to (i) increase the Early Retirement Date (as defined in the

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

20. Retirement Plans (Continued)

SERP) for participants from age 45 to age 50, (ii) increase the Normal Retirement Date (as defined in the SERP) for the participants from age 55 to age 60, (iii) add the President of the Company as a participant, and (iv) include the average annual bonus (in addition to base salary) earned by participants for the three most recent fiscal years in determining Final Annual Compensation (as defined in the SERP). On November 7, 2007, Station further amended the SERP for the purpose of updating the "Change of Control" definition and confirming that the Merger would not constitute a "Change of Control" for purposes of the plan. On April 17, 2008, the Company executed the third amendment of the SERP to increase the Early Retirement Date (as defined in the SERP) for participants from age 50 to age 60 and increase the Normal Retirement Date (as defined in the SERP) for participants from age 60 to age 65.

Effective as of November 30, 1994, we adopted the Supplemental Management Retirement Plan (the "SMRP"), which is an unfunded defined benefit plan. Certain key executives (other than the Chief Executive Officer and President) as selected by the Board of Directors are able to participate in the SMRP. On November 7, 2007, Station amended the SMRP for the purpose of updating the "Change of Control" definition under the plan and confirming that the Merger would not constitute a "Change of Control" for purposes of the plan. On April 17, 2008, the Company executed the second amendment of the SMRP to increase the Early Retirement Date (as defined in the SMRP) for participants from age 55 to age 60 and increase the Normal Retirement Date (as defined in the SMRP) for participants from age 60 to age 65.

STATION CASINOS, INC.

- (a) As a result of the Chapter 11 Case, the current liabilities and the accrued pension costs at December 31, 2009 are classified as liabilities subject to compromise in the accompanying consolidated balance sheets.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

20. Retirement Plans (Continued)

The components of the net periodic pension benefit cost consist of the following (in thousands):

	Successor		Period from November 8, 2007 Through December 31, 2007	Predecessor Period from January 1, 2007 Through November 7, 2007
	Year Ended December 31, 2009	Year Ended December 31, 2008		
Service cost	\$ 2,115	\$ 1,850	\$ 303	\$ 1,747
Interest cost	1,217	1,253	276	1,589
Amortization of prior service (credit) cost	(63)	(70)	46	265
Amortization actuarial losses		92	94	541
Net periodic pension cost	3,269	3,125	719	4,142
Curtailment charge		(1,525)	(20)	
Total pension cost	\$ 3,269	\$ 1,600	\$ 699	\$ 4,142

We expect benefits of approximately \$0.3 million to be paid in each of the next five years and approximately \$1.5 million to be paid in aggregate for the five years thereafter. These estimates are based on assumptions about future events and as such, actual payments may vary significantly from these estimates.

401(k) Plan

We have a defined contribution 401(k) plan, which covers all employees who meet certain age and length of service requirements and allows an employer contribution up to 50% of the first 4% of each participating employee's compensation. Plan participants can elect to defer before tax compensation through payroll deductions. These deferrals are regulated under Section 401(k) of the Internal Revenue Code. In December 2008, we announced that we had elected to suspend the employer contribution effective January 1, 2009 therefore there were no matching contributions during the year ended December 31, 2009. Our matching contributions were approximately \$3.7 million, \$0.4 million, and \$3.2 million for the years ended December 31, 2008, the Successor Period and the Predecessor Period, respectively.

21. Income Taxes

We file a consolidated federal income tax return. For financial reporting purposes, we recorded income tax benefit of \$289.9, \$381.3 million, \$26.7 million and \$15.3 million for the years ended December 31, 2009 and 2008, the Successor Period and the Predecessor Period, respectively.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

21. Income Taxes (Continued)

The (benefit) provision for income taxes attributable to net (loss) income consists of the following (amounts in thousands):

	Successor		Predecessor
	Year Ended December 31, 2009	Year Ended December 31, 2008	Period from November 8, 2007 Through December 31, 2007
Current	\$ (1,217)	\$ (585)	\$ (8,768)
Deferred	(288,655)	(380,760)	(17,968)
			Period from January 1, 2007 Through November 7, 2007
			\$ (8,399)
			(6,936)
Total income taxes	\$ (289,872)	\$ (381,345)	\$ (26,736)
			\$ (15,335)

The income tax provision differs from that computed at the federal statutory corporate tax rate as follows:

	Successor		Predecessor
	Year Ended December 31, 2009	Year Ended December 31, 2008	Period from November 8, 2007 Through December 31, 2007
Federal statutory rate	35.0%	35.0%	35.0%
Valuation adjustment	(15.8)	(0.9)	
Lobbying and political			(0.3)
Goodwill impairment	(3.0)	(23.5)	
Reversal of reserves for unrecognized tax benefits		(0.1)	
Credits earned, net			1.2
Nondeductible officers compensation			1.8
Nondeductible transaction costs			(10.8)
Vesting of Class B and Class C Units	(0.2)	(0.2)	(27.7)
Golden parachute			(5.3)
Restructuring costs	(1.2)		
Other, net	(0.1)	0.1	(0.6)
Effective tax rate	14.7%	10.4%	7.3%
			21.0%

We recorded \$0, \$2.0 million, \$23.3 million, and \$0 as increases to contributed capital for certain tax benefits from employee share-based compensation for the year ended December 31, 2009 and 2008, the Successor Period and the Predecessor Period, respectively. As part of the purchase accounting adjustment, \$76.2 million of tax benefits from employee share-based compensation were recorded as a deferred tax asset related to net operating losses.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

21. Income Taxes (Continued)

The tax effects of significant temporary differences representing net deferred tax assets and liabilities are as follows (amounts in thousands):

	Successor December 31,	
	2009	2008
Deferred tax assets:		
Accrued vacation, bonuses and group insurance	\$ 5,656	\$ 6,066
Preopening and other costs, net of amortization	7,417	10,629
Accrued benefits	8,069	7,339
Comprehensive income adjustments	46	112
Net operating loss carryover	290,840	187,604
Financing arrangements	102,054	73,558
FICA credits	7,816	8,304
Minimum tax credit carryover	26,087	26,798
Other deferred tax assets	41,137	9,060
Valuation allowance	(343,714)	(32,277)
Total deferred tax assets	\$ 145,408	\$ 297,193
Deferred tax liabilities:		
Prepaid expenses and other	\$ (16,805)	\$ (18,358)
Temporary differences related to property and equipment	(173,539)	(421,024)
Goodwill		
Long term debt (fair market value adjustment)		(73,152)
Intangibles	(74,044)	(185,113)
Total deferred tax liabilities	(264,388)	\$ (697,647)
Net	\$ (118,980)	\$ (400,454)

At December 31, 2009, the Company had an Alternative Minimum Tax ("AMT") credit carryover of approximately \$26.1 million. AMT credits are available to be carried forward indefinitely and may be utilized against regular U.S. corporate tax to the extent that they do not exceed computed AMT calculations. The Company expects to utilize all of its AMT credits.

At December 31, 2009, the Company had a general business credit ("GBC") carryover for U.S. federal income tax purposes of approximately \$7.8 million. The GBC carryover will begin expiring in 2022. The accounting guidance for income taxes requires recognition of a future tax benefit to the extent that realization of such benefit is more likely than not. Otherwise a valuation allowance is applied. Based on the future reversal of existing temporary differences, the Company believes it will be unable to utilize the GBC carryover on a more likely than not basis and has recorded a full valuation allowance for this credit in the current year.

As of December 31, 2009, the Company has a tax net operating loss carryover of approximately \$854.6 million that expires in 2027, 2028 and 2029. Management believes that the realization of a portion of this deferred tax asset is more likely than not based on the future reversal of existing temporary differences. At December 31, 2009 and December 31, 2008, a valuation allowance was established against the portion of net operating loss that is more likely than not unrealizable. We did not record a valuation

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

21. Income Taxes (Continued)

allowance at December 31, 2007 relating to recorded tax benefits because all benefits were more likely than not to be realized. At December 31, 2009, the Company has an income tax receivable of \$18.7 million as a result of net operating loss carryback to the year 2006.

Station or our subsidiaries file income tax returns as prescribed by the laws of the jurisdictions in which we operate. We are no longer subject to U.S. federal tax examination for years before 2003.

Our total unrecognized tax benefits that, if recognized, would affect our effective tax rate were approximately \$0.6 million at January 1, 2008 and \$3.3 million at December 31, 2008. As of December 31, 2009, this amount was \$0.7 million. The liability for unrecognized tax benefits was \$8.9 million for the year ended December 31, 2008 and \$10.3 million at December 31, 2009.

We recognize accrued interest and penalties related to our unrecognized tax benefits in income tax expense. As of January 1, 2008, we had \$0.4 million accrued for the payment of interest. Our liability for the payment of interest on our unrecognized tax benefits increased to \$1.4 million as of December 31, 2008. The liability was reduced to zero as of December 31, 2009 because the net operating losses exceed taxable income including the unrecognized tax benefits. We do not anticipate any penalty assessments associated with our liability for unrecognized tax benefits. In the next twelve months, the Company does not expect the liability for the unrecognized benefits to change significantly.

A summary of the changes in the gross amount of unrecognized tax benefit is shown below (in millions):

	Successor	
	December 31,	
	2009	2008
Balance at the beginning of the year	\$ 8.9	\$ 3.3
Additions based on tax positions related to the prior year	1.4	6.8
Reductions based on tax positions related to prior years		(0.3)
Additions based on tax positions related to the current year		0.2
Statute expirations		(1.1)
Balance at the end of the year	\$ 10.3	\$ 8.9

22. Legal Matters

Station and its subsidiaries are defendants in various lawsuits relating to routine matters incidental to their business. As with all litigation, no assurance can be provided as to the outcome of the following matters and litigation inherently involves significant costs. Following is a summary of key litigation impacting Station. Station believes that the plaintiffs' claims are without merit and does not expect that the lawsuits will have a material adverse effect on the financial position or results of operations.

Luckevich, Scott and St. Cyr Litigation

On February 4, 2008, Josh Luckevich, Cathy Scott and Julie St. Cyr filed a purported class action complaint against the Company and certain of its subsidiaries in the United States District Court for the District of Nevada, Case No. CV-00141 (the "Federal Court Action"). The plaintiffs are all former employees of the Company or its subsidiaries. The complaint alleged that the Company (i) failed to pay its

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

22. Legal Matters (Continued)

employees for all hours worked, (ii) failed to pay overtime, (iii) failed to timely pay wages and (iv) unlawfully converted certain earned wages. The complaint in the Federal Court Action sought, among other relief, class certification of the lawsuit, compensatory damages in excess of \$5,000,000, punitive damages and an award of attorneys' fees and expenses to plaintiffs' counsel.

On October 31, 2008, the Company filed a motion for judgment on the pleadings. During a hearing on that motion, the United States District Court questioned whether it had jurisdiction to adjudicate the matter. After briefing regarding the jurisdiction question, on May 16, 2009, the United States District Court dismissed the Federal Court Action for lack of jurisdiction and entered a judgment in the Company's favor. Subsequently, on July 21, 2009, the plaintiffs filed a purported class action complaint against the Company and certain of its subsidiaries in the District Court of Clark County, Nevada, Case No. A-09-595614-C (the "State Court Action"). The complaint in the State Court Action alleges substantially the same claims that were alleged in the complaint in the Federal Court Action.

On August 19, 2009, the corporate defendants, other than the Company, filed an answer responding to the complaint. Subsequently, on August 27, 2009, the corporate defendants, other than the Company, filed a motion to stay the State Court Action pending the resolution of the Company's bankruptcy petition. That motion was granted on September 30, 2009.

The Company believes that the allegations in the complaint in the State Court Action are without merit and intends to vigorously defend the same.

Chapter 11 Case

On July 28, 2009, the Company and its affiliates FCP Holding Inc., FCP VoteCo, LLC, Fertitta Partners, LLC, FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC (collectively, the "Debtors") filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, Nevada (the "Bankruptcy Court") under chapter 11 of title 11 of the United States Code. These chapter 11 cases are being jointly administered under the caption *In re Station Casinos, Inc., et al Debtors Case No. 09-52470* (the "Chapter 11 Case").

On February 10, 2010, the Company's wholly owned subsidiary, GV Ranch Station, Inc. ("*GV Ranch*"), filed a Voluntary Petition for Chapter 11 Protection in the United States Bankruptcy Court, District of Nevada, Case No. 10-50381-gwz. GV Ranch and its joint venture partner, GCR Gaming, LLC ("*GCR*"), each own a 50% equity interest in Green Valley Ranch Gaming, LLC, an entity that holds as its asset the Green Valley Ranch Resort and Casino, located in Henderson Nevada ("*GVR*"). GV Ranch manages GVR under an operating agreement executed between the GV Ranch, GCR, and Green Valley Ranch Gaming, LLC (the "Operating Agreement"). On February 18, 2010, GCR filed a motion in the Bankruptcy Court seeking (i) dismissal of the G.V. Ranch Chapter 11 case as a bad faith filing; or, in the alternative (ii) rejection of the Operating Agreement; or, in the alternative (iii) relief from the automatic stay to enforce its rights under the Operating Agreement. In its motion, GCR alleges that GV Ranch mismanaged the property by, among other things, diverting business from GVR to another Station-managed property. The motion, along with a motion for joint administration of the case with Station's bankruptcy cases in the same court, will be heard on April 19, 2010. The Company vigorously denies any and all of GCR's allegations.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

23. Debtor Condensed Combined Financial Statements

As discussed in Note 1, on July 28, 2009 the Company and certain of its affiliates filed voluntary petitions in the United States Bankruptcy Court for the District of Nevada in Reno, under chapter 11 of title 11 of the United States Code.

The following condensed combined balance sheet as of December 31, 2009, condensed combined statement of operations and condensed combined statements of cash flows for the post-petition period from July 28, 2009 through December 31, 2009 are presented on a combined basis for Station Casinos, Inc. and its wholly owned subsidiaries that are debtors in the Chapter 11 Case. Station Casinos, Inc.'s investments in non-debtor subsidiaries are accounted for under the equity method in the following condensed financial statements of the debtors. The debtor entities included in the following condensed combined financial statements are Station Casinos, Inc., FCP MezzCo Parent, LLC, FCP MezzCo Parent Sub, LLC, FCP MezzCo Borrower VII, LLC, FCP MezzCo Borrower VI, LLC, FCP MezzCo Borrower V, LLC, FCP MezzCo Borrower IV, LLC, FCP MezzCo Borrower III, LLC, FCP MezzCo Borrower II, LLC, FCP MezzCo Borrower I, LLC, FCP PropCo, LLC, Northern NV Acquisitions, LLC, Tropicana Station, LLC, River Central, LLC and Reno Land Holdings, LLC.

STATION CASINOS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

24. Subsequent Events

Subsequent to December 31, 2009, we did not make scheduled interest payments totaling \$3.1 million on the Land Loan.

On February 10, 2010, GV Ranch Station, Inc., a wholly-owned subsidiary of Station Casinos, Inc., filed a voluntary petition in the Bankruptcy Court under chapter 11 of title 11 of the United States Code.

On March 24, 2010, the Debtors filed a joint plan of reorganization under Chapter 11 of the Bankruptcy Code. As part of the Joint Plan of Reorganization, the mortgage lenders to FCP Propco, LLC, holding debt secured by Red Rock Casino Resort Spa, Palace Station, Boulder Station, and Sunset Station, will become the equity owners of a newly-formed company and will sell 46% of the equity in that new company to an affiliate of Fertitta Gaming LLC, a newly-formed entity owned by Frank Fertitta III and Lorenzo Fertitta, who will make a significant new investment to purchase their equity in the new company. The remaining equity will be owned primarily by the Propco Lenders and Colony Capital, who will also be making a new investment in the company. Fertitta Gaming, an entity owned by the Fertittas, will also manage the Propco Properties under a long-term management agreement. The Joint Plan of Reorganization also calls for the Company to seek to conduct a sale process for the remaining assets of the Company, under the supervision of the Bankruptcy Court.

The Joint Plan of Reorganization and the disclosure statement have not yet been approved by the Bankruptcy Court and are subject to further negotiations with creditors of the Company and its subsidiaries. As a result, the Joint Plan of Reorganization and the disclosure statement may be materially modified before approval. In addition to customary Chapter 11 proceedings, the completion of the transaction is subject to Hart-Scott-Rodino and other antitrust reviews and customary closing conditions.

We evaluated all activity of the Company and concluded that no other subsequent events have occurred that would require recognition in the consolidated financial statements or disclosure in the notes to the consolidated financial statements.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

As of the end of the period covered by this Annual Report on Form 10-K, an evaluation was carried out by the Company's management, with the participation of its Chief Executive Officer and Chief Accounting Officer, of the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based upon this evaluation, the Chief Executive Officer and Chief Accounting Officer concluded that the Company's disclosure controls and procedures are effective and designed to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Accounting Officer to allow timely decisions regarding required disclosure. No changes were made to the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) during the last fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Management's Report on Internal Control Over Financial Reporting

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control system was designed to provide reasonable assurance to the Company's management and board of directors regarding the preparation and fair presentation of published financial statements.

All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective internal controls can provide only reasonable assurances with respect to financial statement preparation. Further because of changes in conditions, the effectiveness of internal controls may vary over time.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2009. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control Integrated Framework*. Based on our assessment we believe that, as of December 31, 2009, the Company's internal control over financial reporting is effective based on those criteria.

This annual report does not include an attestation report of the company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the company to provide only management's report in this annual report.

ITEM 9B. OTHER INFORMATION

None

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

There is incorporated by reference the information appearing in an amendment to this Annual Report on Form 10-K to be filed with the Commission not later than 120 days after the end of the fiscal year.
