PART III

MERGER

On November 7, 2007, the Company completed its merger (the "Merger") with FCP Acquisition Sub, a Nevada corporation ("Merger Sub"), pursuant to which Merger Sub merged with and into the Company with the Company continuing as the surviving corporation. The Merger was completed pursuant to the Agreement and Plan of Merger, dated as of February 23, 2007 and amended as of May 4, 2007, among the Company, Fertitta Colony Partners LLC, a Nevada limited liability company ("FCP"), and Merger Sub.

As a result of the Merger, approximately 24.1% of the issued and outstanding shares of non-voting common stock of the Company are owned by Fertitta Partners LLC, a Nevada limited liability company ("Fertitta Partners"), which is owned by affiliates of Frank J. Fertitta III, Chairman and Chief Executive Officer of Station, affiliates of Lorenzo J. Fertitta, Vice Chairman and President of Station, affiliates of Blake L. Sartini and Delise F. Sartini, and certain officers and other members of management of the Company. The remaining 75.9% of the issued and outstanding shares of non-voting common stock of the Company are owned by FCP Holding, Inc., a Nevada corporation ("FCP HoldCo") and a wholly-owned subsidiary of FCP. FCP is owned by an affiliate of Colony Capital, LLC ("Colony") and affiliates of Frank J. Fertitta III and Lorenzo J. Fertitta. Substantially simultaneously with the consummation of the Merger, all of the shares of voting common stock of Station were issued for nominal consideration to FCP VoteCo LLC, a Nevada limited liability company ("FCP VoteCo"), which is owned by Frank J. Fertitta III, Lorenzo J. Fertitta and Thomas J. Barrack, Jr., Chairman and Chief Executive Officer of Colony.

At the effective time of the Merger, each outstanding share of the Company's common stock, including any rights associated therewith (other than shares of the Company's common stock owned by FCP, Merger Sub, FCP HoldCo, Fertitta Partners or any wholly-owned subsidiary of the Company or shares of common stock held in treasury by the Company) was cancelled and converted into the right to receive \$90.00 in cash, without interest. As a result of the Merger and the related transactions, all of the shares of capital stock are owned by FCP HoldCo, Fertitta Partners and FCP VoteCo. The Company's common stock ceased trading on the New York Stock Exchange at market close on November 7, 2007, and is no longer listed on any exchange or quotation system. The Company's voting common stock is registered pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers and directors who own more than 10% of the Company's common stock to file reports of ownerships on Forms 3, 4 and 5 with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and 10% stockholders are required by the SEC to furnish the Company with copies of all Forms 3, 4 and 5 they file. No such reports were required to be filed during 2009.

CODE OF ETHICS

The Company has adopted a Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all of its directors, officers (including its principal executive officer and principal financial officer) and employees. The Code of Ethics and any waivers or amendments to the Code of Ethics are available on the Company's website at www.stationcasinos.com. Printed copies are also available to any person without charge, upon request directed to the Company's Corporate Secretary, 1505 South Pavilion Center Drive, Las Vegas, Nevada 89135.

AUDIT COMMITTEE FINANCIAL EXPERT

The Board of Directors has a separately designated standing Audit Committee, which is composed of Dr. James E. Nave, D.V.M. and Jonathan H. Grunzweig. In light of the absence of a public trading market for our common stock, our Board has not designated any member of the Audit Committee as an "audit committee financial expert" nor has it designated any member of the Board as a "lead independent director." We believe that Dr. Nave would be considered an independent director (as independence is defined in Section 303A.02 of the listing standards of the New York Stock Exchange (the "NYSE"), the national securities exchange upon which our common stock was listed prior to the Merger). However, we believe that Mr. Grunzweig would not be considered an independent director under such standards because of his relationship with Colony Capital, LLC and certain of its affiliates which hold significant interests in FCP and FCP VoteCo, which own 74.1% of our outstanding shares of non-voting common stock and 100% of our outstanding shares of voting common stock, respectively.

BOARD LEADERSHIP STRUCTURE AND RISK OVERSIGHT

The Company does not have a formal policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as it believes making that determination based on the position and direction of the Company and the membership of the Board is in the best interest of the Company. Frank J. Fertitta III serves as the Chairman, Chief Executive Officer and President of the Company. The Board of Directors determined that the combination of these roles is in the best interest of the Company's stakeholders because this structure makes the best use of Mr. Fertitta's extensive knowledge of the Company and its industry, as well as fostering greater communication between the Company's management and the Board.

The Board of Directors as a whole oversees the Company's risk management activities, and receives regular reports from the Company's risk management and compliance departments. In addition, the Board of Directors has assigned the Audit Committee primary responsibility for the oversight of risk management activities related to financial risk.

The Company does not currently have a formal policy with respect to the consideration of diversity in identifying director nominees.

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This section provides an overview and analysis of our compensation program and policies and the material compensation decisions we have made under those programs and policies. This section also discusses the material elements of the compensation of each of the executive officers as of December 31, 2009 identified below, whom we refer to as our "Named Executive Officers":

Frank J. Fertitta III, Chairman of the Board, Chief Executive Officer and President;

Lorenzo J. Fertitta, Vice Chairman of the Board and former President;

Thomas M. Friel, Executive Vice President, Chief Accounting Officer and Treasurer;

Richard J. Haskins, Executive Vice President, General Counsel and Secretary;

Edgar Filing: STATION CASINOS INC - Form 10-K/A

Kevin L. Kelley, Executive Vice President and Chief Operating Officer; and

Scott M Nielson, Executive Vice President and Chief Development Officer.

This section is intended to help you understand the detailed information provided in the compensation tables and related disclosures set forth below and to help you put that information into context within our overall compensation program.

Compensation Philosophy and Objectives

The Company believes that it is necessary to establish compensation programs and related opportunities that are designed to attract and retain those individuals needed to successfully implement the Company's strategy and motivate individuals with a long-term vision for the Company. These programs and opportunities have to be balanced with the cost to the Company and its stakeholders. In order to arrive at a proper balance, the Company has established the following compensation philosophy and guidelines:

employment agreements determine the salary which provides the basic level of compensation for performing the job expected of the Named Executive Officers;

cash bonus awards are used as an incentive for attainment of the Company's financial performance in a particular period;

long-term stay-on performance incentive agreements are used in order to promote our long-term objectives; and

equity awards are used to provide a long-term incentive and align the interests of our executives with those of our stakeholders.

Our primary objectives in setting compensation policies are to develop a program designed to attract and retain those individuals needed to successfully implement the Company's strategy and to reward them relative to the Company's performance. We set compensation policies to promote profitable growth and to retain highly talented, motivated individuals with a long-term vision for the Company and we also seek to align the financial interest of the Company's executives with that of our stakeholders. To achieve this goal, we believe that a significant portion of the Company's executives' compensation should be "at risk" and tied to the achievement of annual and long-term corporate performance criteria. We believe the Company's compensation policies and practices for both executive officers and employees are balanced in such a way that they do not create risks that are reasonably likely to have a material adverse effect on the Company.

The Company's executive compensation program is designed to achieve the following objectives:

attract and motivate experienced executives in light of the competitive realities of our industry;

retain talented individuals;

align our compensation strategy with our business objectives, including enhancing stakeholder value; and

support a culture of strong performance by rewarding employees for results.

These objectives underlie our compensation philosophy and all compensation-related decisions.

Each element of our compensation is intended to generally match, in cost and type, the corresponding component offered to executives in similar positions in similar organizations. Each of the elements of the Company's compensation and benefit programs are discussed and illustrated below. Unless otherwise stated, all elements are accrued as an expense and are deductible to the Company as compensation expense.

Compensation Program Design

The executive compensation program is designed with our executive compensation objectives in mind and is comprised of various cash and equity compensation methods over a short-term and long-term payment structure in order to recognize and reward executives for their contributions to the Company today and in the future.

There is some variation in the overall mix of compensation paid directly to each Named Executive Officer. In order to determine the proper allocation and value, we use benchmarks to provide guidance. In order to establish the benchmarks, each year we identify a group of casino and gaming companies (the "Peer Companies") that we believe are the Company's competition for executive level employees. For the year ended December 31, 2009, the Peer Companies consisted of Harrah's Entertainment Inc., MGM Mirage, Boyd Gaming Corp., Las Vegas Sands Corp., Penn National Gaming Inc., Trump Entertainment Resorts, Inc. and Wynn Resorts Ltd.

In light of the Company's ongoing restructuring efforts, the base salaries and target bonuses for the Named Executive Officers for 2009 remained unchanged from 2008.

Steps taken by the Board of Directors in shaping and maintaining the Company's compensation philosophy include:

reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer and the other executive officers;

evaluating the performance of the Chief Executive Officer and the other executive officers in light of these goals and objectives;

setting the compensation of the Chief Executive Officer and the other executive officers based on such evaluation;

reviewing the level and type of perquisites and other personal benefits provided to the Chief Executive Officer and other executive officers, taking into account their levels of salary and other compensation, the value of similar benefits provided at comparable companies and the value of such benefits given to such officers in past years.;

Roles of Management in Compensation Decisions

Executive officers and other management play a significant role in the compensation-setting process. The Chief Executive Officer annually reviews the performance of our senior executives and, based on these reviews, recommends compensation for all senior executives, other than his own. The Board of Directors, however, has the discretion to modify the Chief Executive Officer's recommendations and make the final decisions regarding material compensation to senior executives, including base salary, annual bonuses and equity awards. The Company's senior executives typically are invited to attend meetings of the Board of Directors, from time to time, except when their own compensation is being discussed or determined.

Role of Outside Consultants in Establishing Compensation

From time to time, the Company engages the services of independent legal counsel, consultants and subject matter experts in order to analyze, review and recommend actions with regard to director compensation, executive officer compensation or general compensation and plan provisions, and appropriate funding is provided by the Company for any such services. We retain a nationally recognized human resources consulting firm, Towers Watson, to assist with the design, implementation and communication of our compensation program. We will continue to engage external consultants for the purposes of determining the Chief Executive Officer's and other senior executive officers' compensation. Certain compensation consultants also provide other services to the Company, and during 2009 none of these consultants nor their affiliates were paid total fees in excess of \$120,000.

Edgar Filing: STATION CASINOS INC - Form 10-K/A

The Company utilizes outside consultants, such as Towers Watson, to facilitate gathering data regarding our Peer Companies from published executive compensation surveys and proxy statements filed with the SEC and to review the external competitiveness of the Company's executive compensation program. Data compiled by Towers Watson regarding the Peer Companies is used to benchmark senior executive compensation, including base salary, bonus and long-term incentive pay. Due to the highly competitive nature of the gaming industry, the Company targets the higher end of the Peer Companies' compensation practices in order to attract and retain the most talented executives.

Elements of Compensation Program

The Company's executive compensation program consists of the following components: base salary, senior executive annual bonus plan, long-term incentives (including equity awards and participation in long-term stay-on incentive plans), retirement and other benefits and perquisites.

The Company targets overall compensation levels competitive with our Peer Companies. The various components of executive compensation reflect the following elements:

Base Salary

As part of our strategy to attract and retain high quality executive employees, we have established a policy to pay executive base salaries based on competitive base salaries paid by the Peer Companies, with the Company's salaries being at or near the high end of the range. Actual salaries are determined based upon an assessment of the individual's contribution and value to the organization and the competitive market for that position. The annual base salary for each Named Executive Officer is set forth in his employment agreement with the Company. Base salaries are reviewed annually and may be adjusted (for increase but not for decrease) based on an evaluation of the executive's performance in conjunction with a review of compensation received by individuals holding similar positions at the Peer Companies.

Adjustments in base salary may be attributable to any of the following factors:

merit increases as a reward for meeting or exceeding objectives;

market increases as a result of a competitive market analysis or in coordination with a long-term plan to pay a position at a more competitive level;

promotional increases as a result of increased responsibilities associated with a change in position or organizational change; and/or

retention increases as a result of senior executives being recruited by or offered a position by another competitor.

The amount of a Named Executive Officer's base salary is the reference point for determining the other elements of his compensation package. For example, the relative range of potential annual incentive awards to each Named Executive Officer is based on a percentage of such Named Executive Officer's base salary. In addition, base salary is a component of the contribution formula under the Company's retirement plans and is the key component in determining change-in-control-related payments under the Named Executive Officers' employment agreements.

Effective November 7, 2007, the base salaries under their respective employment agreements were \$2,500,000 for Frank J. Fertitta III, \$500,000 for Mr. Friel, \$660,000 for Mr. Haskins and \$960,000 for Mr. Nielson. Effective January 1, 2008, the Named Executive Officers voluntarily reduced their annual base salary by 10%. As a result, the current base salaries for the Named Executive Officers are as follows: \$2,250,000 for Frank J. Fertitta III, \$450,000 for Mr. Friel, \$594,000 for Mr. Haskins and \$864,000 for Mr. Nielson. Mr. Kelley was appointed Executive Vice President and Chief Operating Officer effective January 7, 2008 with a base salary of \$1,000,000. In accordance with Frank J. Fertitta's employment agreement he was entitled to receive an increase in his base salary to \$3,000,000 effective November 7, 2009, which he postponed.

Senior Executive Annual Bonus Plan

The Senior Executive Annual Bonus Plan was approved by the Company's stockholders in 2004 to provide participating executive officers incentive compensation, through additional cash or equity, for their significant contributions toward improved profitability and growth of the Company as determined by the achievement of pre-established performance goals. The Senior Executive Annual Bonus Plan was designed to ensure that annual incentive awards paid to participating executive officers would be fully taxable as performance-based compensation, as defined by the regulations under Section 162(m) of the Internal Revenue Code of 1986, as amended. Each year, the Board of Directors approves which executive officers will participate in the Senior Executive Annual Bonus Plan prior to, or at the time of, the establishment of the Company's performance goals for the year. In 2009, each of the Named Executive Officers was a participant in the Senior Executive Annual Bonus Plan.

The purpose of the Senior Executive Annual Bonus Plan is to focus each executive on the attainment of financial objectives that we believe are primary determinants of the Company's performance over time. Each year specific goals based on objectives contained in the Senior Executive Annual Bonus Plan are approved by the Board of Directors. The actual award may vary from zero to 233% of each Named Executive Officer's base salary; provided, however, that Frank J. Fertitta III is eligible to receive a minimum annual bonus pursuant to the terms of his respective employment agreement. Taking into consideration the economic climate in 2009 and resulting negative impact on the business of the Company, the Board of Directors did not award bonuses to the Chief Executive Officer and other Named Executive Officers for the year ended December 31, 2009.

Stock-Based Compensation

Prior to the Merger, the Company provided stock-based incentives to its executives. We attempted to pay a considerable portion of such executives' total compensation in stock in order to give the executives a long-term stake in the business and to align executives' interests with those of the Company's former stockholders. These grants of stock options and restricted stock awards served to align the executive's interests with the former stockholders' interests as the size of the executive's reward was dependent upon the Company's stock performance. Grants made to the Company's executives were based on the grant values for similar positions among the Peer Companies, with the Company's grant values being at or near the high end of the range. Awards were generally granted with either 10% or 20% of the award vesting on each anniversary from the date of grant until fully vested.

There were no restricted stock grants made in 2007. In 2007 until the Merger was completed on November 7, 2007, the Named Executive Officers received quarterly dividends on their unvested restricted stock awards on the same basis as all stockholders of the Company and as all other employees holding unvested restricted stock awards.

Upon consummation of the Merger, each share of Station restricted stock vested and was cancelled and converted into the right to receive \$90.00 in cash, without interest. Each Named Executive Officer received a cash payment in an amount equal to the numbers of shares of restricted stock held by such officer multiplied by \$90.00 per share, less any applicable payroll withholding taxes. In addition, each stock option outstanding under Station's stock plans was cancelled and extinguished at the effective time of the Merger, and each Named Executive Officer holding such a stock option was entitled to receive an amount in cash equal to the product of (i) the number of shares of Station common stock subject to such stock option and (ii) the excess, if any, of \$90.00 over the exercise price per share of such stock option, without interest and less any applicable payroll withholding taxes.

Equity-Based Compensation

Following the Merger, long-term incentive compensation is now provided to senior management in the form of non-voting limited liability company membership interests in FCP and Fertitta Partners pursuant to the Second Amended and Restated Operating Agreement of FCP and the Amended and

Edgar Filing: STATION CASINOS INC - Form 10-K/A

Restated Operating Agreement of Fertitta Partners, respectively (collectively "the Operating Agreements"). The Operating Agreements allow certain officers and members of management of the Company to participate in the long-term growth and financial success of the Company through indirect ownership of Class B Units and direct ownership of Class C Units in FCP and Fertitta Partners. The purpose is to promote the Company's long-term growth and profitability by aligning the interests of the Company's management with the interests of the owners of the Company and by encouraging retention. Upon the consummation of the Merger, each Named Executive Officer (with the exception of Mr. Kelley) or, in certain cases, a family trust that benefits only the Named Executive Officer and specified family members, was awarded indirect interests in Class B Units of each of FCP and Fertitta Partners. In addition, each Named Executive Officer (with the exception of Messrs. Frank J. Fertitta III and Kevin L. Kelley) or, in certain cases, a family trust that benefits only the Named Executive Officer and specified family members, was awarded Class C Units in each of FCP and Fertitta Partners upon consummation of the Merger.

During the year ended December 31, 2008, indirect interests in Class B Units of each of FCP and Fertitta Partners that were previously issued upon consummation of the Merger were transferred to certain officers and management of the Company. During the year ended December 31, 2008, additional Class C Units in each of FCP and Fertitta Partners were issued to certain management of the Company. Pursuant to Mr. Kelley's employment agreement, he was awarded indirect interests in Class B Units of each FCP and Fertitta Partners and Class C Units in each of FCP and Fertitta Partners. During the year ended December 31, 2009, none of the Named Executive Officers were awarded direct or indirect interests in Class B Units or Class C Units of either FCP or Fertitta Partners.

The Class B Units represent fifteen percent (15%) of the total outstanding Class A Units and Class B Units (pro forma for the issuance of the Class A Units and Class B Units) of FCP and Fertitta Partners, respectively. The Class C Units may be issued from time to time by each of FCP and Fertitta Partners to members of Station's management and may represent in the aggregate up to five percent (5%) of the outstanding Class A Units and Class B Units of FCP and Fertitta Partners, respectively. The indirect interests in the Class B Units held by Named Executive Officers (other than Frank J. Fertitta III) and the Class C Units shall vest ratably over the first five (5) anniversaries following the date of grant, and any unvested units shall vest immediately upon a Change in Control. The indirect interests in Class B Units issued to Frank J. Fertitta III vested immediately upon grant.

The Class C Units include call and put rights, such that under certain circumstances, within ninety days after termination of the Class C Unit holder's employment with the Company, FCP and Fertitta Partners can call the Class C Units and the employee that holds the Class C Units can put the Class C Units back to FCP and Fertitta Partners.

As holders of Class B Units and Class C Units in FCP and Fertitta Partners, the Named Executive Officers are entitled to certain distributions, which are made *first* pro rata to holders of the Class A Units until such holders have received distributions in an amount per unit equal to \$90.00 (the "Initial Cost Basis"), *second* pro rata to the holders of Class B Units until such members have received distributions in an amount per Unit equal to the Initial Cost Basis, and thereafter to all respective holders of Class A Units, Class B Units and Class C Units in proportion to their respective percentage interests.

Long-Term Stay-On Performance Incentive Plan

The Company has also entered into long-term stay-on performance incentive agreements with certain Named Executive Officers, which are intended to assist the Company in attracting, retaining and motivating these Named Executive Officers through the use of compensation that rewards long-term performance. The Company provides executive officers with long-term cash-based incentive awards in order to promote our long-term objectives and motivate eligible employees to achieve critical operating and financial objectives and to produce positive returns for the Company, as well as our retention objectives.

Edgar Filing: STATION CASINOS INC - Form 10-K/A

Mr. Friel entered into a Long-Term Stay-On Performance Incentive Agreement dated June 1, 2004, whereby the Company will pay him \$125,000 in cash on each of June 1, 2006, 2008, 2010 and 2012, provided that he will have been continuously employed with the Company through those respective dates. Mr. Haskins entered into a Long-Term Stay-On Performance Incentive Agreement dated April 1, 2002, whereby the Company paid him \$125,000 in cash on each of April 1, 2003, 2005, 2007 and 2009.

Perquisites and Other Personal Benefits

We provide each of our Named Executive Officers with perquisites and other personal benefits such as access to the Company's airplane, club memberships, tax planning advice, retirement benefits and life and disability insurance. In addition, Frank J. Fertitta III was provided with personal security services. Mr. Kelley was also entitled, under his employment agreement, to receive reimbursement for all reasonable out-of-pocket expenses incurred by him in relocating from Macao Special Administrative Region to Las Vegas, Nevada. When determining which perquisites and other personal benefits to provide to our Named Executive Officers, we take into account the levels of salary and other compensation given to the Chief Executive Officer and other Named Executive Officers and the value of such benefits given to such officers in past years. We do not view perquisites as a significant element of our comprehensive compensation structure; however, we believe that they can serve, along with other forms of compensation, to attract and retain talented individuals.

We offer a number of health and welfare and retirement programs to all eligible employees. All of our Named Executive Officers are eligible to participate in our employee benefit plans, including medical, dental, life insurance and 401(k) plans. The Named Executive Officers that are employed by the Company also receive group health insurance coverage through the Company's Exec-U-Care Medical Plan, while under the Company's group life insurance program, they are eligible for supplemental life insurance in the following amounts: not less than \$70.0 million aggregate coverage for Frank J. Fertitta III, \$4.0 million for Mr. Friel, \$4.0 million for Mr. Haskins, \$4.0 million for Mr. Kelley and \$7.5 million for Mr. Nielson.

In addition to the standard group long-term disability benefit, each Named Executive Officer that is employed by the Company is eligible to participate in the Special Long-Term Disability Plan, which is a Company-paid individual long-term disability insurance policy paying an additional monthly benefit equal to a combined monthly benefit amount of 66% of the average of base salary plus bonus for the two plan years immediately preceding (but not including) the plan year in which the participant's employment is terminated due to disability divided by twelve; provided, however, that the monthly benefit will be reduced by any benefit the participant receives from all other disability plans sponsored by the Company, if any. Benefits begin on the first day of the second month succeeding the month in which the participant's termination of employment due to disability occurs. The Board of Directors chooses those individuals that are eligible to participate in the plan from key executives nominated by the Chief Executive Officer. As of December 31, 2009, Messrs. Nielson, Kelley and Friel were participants in the plan. The Board of Directors may, in its sole discretion, terminate the participation of any participant prior to the disability of such participant.

During 2009, Frank J. Fertitta III was eligible to participate in the Supplemental Executive Retirement Plan (the "SERP"), while the other Named Executive Officers were eligible to participate in the Supplemental Management Retirement Plan (the "SMRP"). Each Named Executive Officer was also eligible to participate in the Deferred Compensation Plan For Executives (the "DCPE") and the Deferred Compensation Plan For Management (the "DCPM"). These plans are described in more detail under the Discussion of Pension Benefits Table.

Tax and Accounting Considerations

The Company takes into consideration tax and accounting implications in the design of its compensation programs. In the selection of long-term incentives, we review the projected expense amounts and expense timing associated with alternative types of awards. We also calculate and monitor the

accounting expense related to equity-based compensation in accordance with the accounting guidance for share-based payments. To date, the accounting expense related to equity-based compensation has not been a significant factor in setting or changing equity compensation grant practices.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), prevents publicly traded companies from receiving a tax deduction on compensation paid to the Named Executive Officers in excess of \$1 million in any taxable year, effective for compensation paid after 1993. We are not subject to the provisions of Section 162(m) as we are currently not a publicly traded company. We may, in the future, become subject to Section 162(m). While we are mindful of the provisions of Section 162(m), we have the discretion to grant non-deductible compensation to Named Executive Officers, depending upon the circumstances. We believe that in certain circumstances, achieving our compensation objectives set forth above might be more important than the benefit of tax deductibility under Section 162(m).

Sections 280G and 4999 of the Code limit our ability to take a tax deduction for certain "excess parachute payments" (as defined in Sections 280G and 4999) and impose excise taxes on each executive that receives "excess parachute payments" in connection with his or her severance from our company in connection with a change of control. We consider the adverse tax liabilities imposed by Sections 280G and 4999, as well as other competitive factors, when we structure certain post-termination compensation payable to our Named Executive Officers. The potential adverse tax consequences to us and/or the Named Executive Officers, however, are not necessarily determinative factors in such decisions. Our agreements with our Named Executive Officers relating to their employment require us to make a gross-up payment to compensate them for any excise taxes that they incur as a result of these provisions.

Stock Ownership Guidelines

Because our stock is owned by only FCP, Fertitta Partners and FCP VoteCo, we do not have a policy of stock ownership requirements for our Named Executive Officers or directors.

Employment Agreements

The employment agreements for the Named Executive Officers contain provisions that we consider appropriate for executives at the respective level while providing the Company with the necessary protections. The employment agreements are described in more detail in the sections entitled "Summary Compensation Table Discussion of Summary Compensation Table and Grants of Plan-Based Awards in 2009 Table" and "Potential Payments Upon Termination of Employment or Change of Control" below. In connection with the consummation of the Merger, we entered into new employment agreements with each of our Named Executive Officers (with the exception of the employment agreement of Mr. Kelley, which was entered into on December 14, 2007).

COMPENSATION COMMITTEE REPORT

Subsequent to the Merger, we no longer have a separate compensation committee. We, as the Board of Directors, have reviewed and discussed the forgoing Compensation Discussion and Analysis with management. Based on this review and discussion with management, we have recommended that the Compensation Discussion and Analysis be included in this Annual Report on Form 10-K for the year ended December 31, 2009.

Respectfully Submitted,
Frank J. Fertitta III
Lorenzo J. Fertitta
Thomas J. Barrack, Jr.

The amounts previously reported for 2008 and 2007 have been restated in accordance with new SEC rules relating to executive compensation disclosures. (f)

Amounts reflect increases in actuarial values of benefits accrued under defined benefit plans, which are calculated by determining the difference between the aggregate value of benefits accrued under all defined benefit plans as of December 31, 2009 and December 31, 2008 for 2009, December 31, 2008 and December 31, 2007 for 2008, and December 31, 2007 and December 31, 2006 for 2007, the relevant measurement dates used for the related SERP and SMRP. The amounts set forth in this column relate only to the above mentioned benefit accruals as there are no above-market or preferential earnings on deferred compensation accounts. The amounts shown do not reflect decreases in the actuarial present value of the accumulated benefits under the defined benefit plans for Mr. Fertitta of \$(542,835) and \$(3,658,135) for 2009 and 2008, respectively, Mr. Haskins of \$(49,926) for 2008, and Mr. Nielson of \$(635,560) for 2008.

(i)

During 2009, the Company provided personal security services for Frank J. Fertitta III and his family. The decision to provide such personal security services was prompted by the results of an analysis provided by an independent professional consulting firm specializing in executive safety and security. Based on these results, the Governance and Compensation Committee approved personal security services to be paid by the Company for Frank J. Fertitta III and his family. Compensation reported for personal security services represents the aggregate incremental cost incurred by the Company for security personnel and security equipment-related costs.

(ii)

Amount represents the incremental cost to the Company for personal use of the Company aircraft, including landing/ramp fees, weather report fees and other miscellaneous variable costs. In addition, the incremental cost includes the average fuel cost per mile, which is calculated as the total annual fuel costs divided by the annual number of miles flown by the Company aircraft to derive an average fuel cost per mile. The average fuel cost per mile is then multiplied by the miles flown for personal use to derive the incremental cost. Fixed costs that do not change based on usage, such as pilots' salaries and non-trip hanger related costs, are excluded from the calculation.

(iii)

Amount represents reimbursement for all reasonable out-of-pocket expenses incurred by Mr. Kelley in relocating from Macao Special Administrative Region to Las Vegas, Nevada in accordance with his employment agreement.

GRANTS OF PLAN-BASED AWARDS IN 2009

There were no grants of plan-based awards in 2009 to any Named Executive Officers.

Discussion of Summary Compensation Table and Grants of Plan-Based Awards in 2009 Table

Employment Agreements

As described in the "Compensation Discussion and Analysis" section above, the annual base salary for each Named Executive Officer is set forth in his employment agreement with the Company, and is reviewed on an annual basis and is subject to adjustment (for increase but not for decrease) based on an evaluation of the executive's performance in conjunction with a review of compensation received by individuals holding similar positions at the Peer Companies. Actual base salary amounts, stock awards, cash bonus awards and other compensation for 2009 were determined by the Board of Directors, subject to certain limitations. The base salaries, stock awards, option awards, cash bonus awards and other compensation that were awarded to each Named Executive Officer in 2009, 2008 and 2007 are detailed in the above tables. For a more detailed discussion of how actual base salaries, cash bonus awards, stock awards, option awards and other compensation amounts are determined, as well as the performance-based conditions, vesting schedule, and dividends pertaining to such compensation, see "Compensation Discussion and Analysis Elements of Compensation." A description of the material terms of the Named Executive Officers' employment agreements is set forth below.

The Company entered into employment agreements with Frank J. Fertitta III, Thomas M. Friel, Richard J. Haskins and Scott M Nielson dated as of November 7, 2007 in connection with the consummation of the Merger and entered into an employment agreement dated as of December 14, 2007 with Kevin L. Kelley (collectively, the "Employment Agreements"). Pursuant to the terms of the Employment Agreements, Frank J. Fertitta III has agreed to serve as the Chief Executive Officer of the Company and Chairman of the Board, Mr. Friel has agreed to serve as the Executive Vice President, Chief Accounting Officer and Treasurer of the Company, Mr. Haskins has agreed to serve as Executive Vice President, General Counsel and Secretary of the Company, Mr. Kelley has agreed to serve as Executive Vice President and Chief Operating

Officer of the Company and Mr. Nielson has agreed to serve as

Executive Vice President and Chief Development Officer of the Company. All of the Employment Agreements terminate on November 6, 2012 other than Mr. Kelley's employment agreement, which terminates on January 6, 2013, but are subject to automatic 5-year extensions unless the Company or the Named Executive Officer who is party thereto gives notice at least six months prior to the end of the then-current term or unless the employment agreement is otherwise terminated pursuant to the terms of such agreement; provided, however, that in the case of Frank J. Fertitta III only, as long as such Named Executive Officer maintains, in the aggregate, agreed upon minimum levels of direct or indirect ownership of the outstanding Class A Units and Class B Units in FCP, the Company shall have no right to notify Frank J. Fertitta III that the term of his employment agreement may not be extended. The employment agreement of Frank J. Fertitta III provides that each such Named Executive Officer shall devote reasonable time and attention to the business and affairs of the Company. The employment agreements of the remaining Named Executive Officers provide that each such Named Executive Officer shall devote his full time and attention to the business and affairs of the Company. The Employment Agreements do not prohibit the Named Executive Officers from engaging in charitable and community affairs or managing personal investments during the term of their employment.

Each employment agreement provides for a base salary (to be reviewed annually for increase but not decrease), an annual cash bonus to be based on the Named Executive Officer's performance and to be determined by the Company's Board of Directors, participation in the Company's Deferred Compensation Plan, and the inclusion of the Named Executive Officer in all benefit plans and programs of the Company made available to the Company's executive officers or salaried employees generally. Frank J. Fertitta III shall also have the right to receive a minimum annual cash bonus of no less than 50% of 200% of his then current base salary, and a supplemental performance bonus to be paid if the Company and its subsidiaries exceed, by 10% or more, certain target financial performance benchmarks established by the Board of Directors of the Company. Frank J. Fertitta III's annual base salary for the first year of his employment with the Company is \$2,500,000. The annual base salary for the first year of each other Named Executive Officer's employment with the Company as provided by their respective employment agreements is as follows: Mr. Friel shall receive \$500,000, Mr. Haskins shall receive \$660,000, Mr. Kelley shall receive \$1,000,000 and Mr. Nielson shall receive \$960,000. Effective January 1, 2008, the Named Executive Officers voluntarily reduced their annual base salary by 10%, and during the period January 1, 2008 through December 31, 2009, none of the Named Executive Officers annual base salaries were increased. As a result, the current base salaries for the Named Executive Officers are as follows: \$2,250,000 for Frank J. Fertitta III, \$450,000 for Mr. Friel, \$594,000 for Mr. Haskins, and \$864,000 for Mr. Nielson. In accordance with Frank J. Fertitta's employment agreement he was entitled to receive an increase in his base salary to \$2,750,000 effective November 7, 2008, and \$3,000,000 effective November 7, 2009, both of which he postponed.

The employment agreement of Frank J. Fertitta III also provides that he shall not be entitled to receive any equity-based compensation without the approval of a majority of the Company's Board of Directors, including the members of the Board designated by affiliates of Colony.

Each Named Executive Officer also is entitled to certain other benefits and perquisites in addition to those made available to the Company's management generally. These other benefits include participation in the SERP or the SMRP, as applicable, participation in the Company's Special Long-Term Disability Plan, group health insurance coverage through such executive group health insurance plan as the Company may select, and supplemental life insurance in the amount of not less than \$70.0 million aggregate coverage for Frank J. Fertitta III, \$4.0 million aggregate coverage for each of Mr. Friel, Mr. Haskins and Mr. Kelley and \$7.5 million aggregate coverage for Mr. Nielson. Perquisites include, but are not limited to, payment or reimbursement for the cost of an annual physical examination, four weeks of vacation per year, and payment or reimbursement of initiation and annual membership fees for a country club, lunch club or fitness club.

Edgar Filing: STATION CASINOS INC - Form 10-K/A

For a discussion of the benefits to be paid to the Named Executive Officers upon termination of their Employment Agreements, please see the section entitled "Potential Payments Upon Termination of Employment or Change of Control", below.

2005 Stock Compensation Plan

In May 2005, the stockholders approved and the Company adopted the 2005 Stock Compensation Plan (the "2005 Plan") which provided for grants of stock options, stock appreciation rights, restricted stock awards, restricted stock units and other stock awards (collectively, the "Awards"). Individuals eligible to receive Awards under the 2005 Plan included employees, directors and independent contractors of the Company and its subsidiaries and other entities controlled by the Company. However, incentive stock options were available to grant only to an employee of the Company or a subsidiary of the Company.

In 2006, the Named Executive Officers received restricted stock awards pursuant to the 2005 Plan described above. There were no restricted stock grants made in 2007. In connection with the Merger, each share of Station restricted stock vested and was cancelled and converted into the right to receive \$90.00 in cash, without interest and less any applicable payroll withholding taxes, while each stock option outstanding under Station's stock plans was cancelled and extinguished, and the holder of any such stock option was entitled to receive an amount in cash equal to the product of (i) the number of shares of Station common stock subject to such stock option and (ii) the excess, if any, of \$90.00 over the exercise price per share of such stock option, without interest and less any applicable payroll withholding taxes. The 2005 Plan was discontinued in connection with the Merger.

The material terms of the 2005 Plan related to recipients, grant timing, number of options, option price and duration were determined by the Governance and Compensation Committee, subject to certain limitations. Grants to Named Executive Officers during 2006 were all in the form of restricted stock awards which were to vest at a rate of 10% per year over a ten-year period. In 2006 and 2007 until the consummation of the Merger on November 7, 2007, the Named Executive Officers received quarterly dividends on their unvested restricted stock awards on the same basis as all stockholders of the Company and as all other employees holding unvested restricted stock awards.

Equity-Based Compensation

Following the Merger, long-term incentive compensation is now provided to senior management in the form of non-voting limited liability company membership interests in FCP and Fertitta Partners pursuant to the Second Amended and Restated Operating Agreement of FCP and the Amended and Restated Operating Agreement of Fertitta Partners, respectively (collectively "the Operating Agreements"). The Operating Agreements allow certain officers and members of management of the Company to participate in the long-term growth and financial success of the Company through indirect ownership of Class B Units and direct ownership of Class C Units in FCP and Fertitta Partners. The purpose is to promote the Company's long-term growth and profitability by aligning the interests of the Company's management with the interests of the owners of the Company and by encouraging retention. Upon the consummation of the Merger, each Named Executive Officer (with the exception of Mr. Kelley) or, in certain cases, a family trust that benefits only the Named Executive Officer and specified family members, was awarded indirect interests in Class B Units of each of FCP and Fertitta Partners. In addition, each Named Executive Officer (with the exception of Messrs. Frank J. Fertitta III and Kevin L. Kelley) or, in certain cases, a family trust that benefits only the Named Executive Officer and specified family members, was awarded Class C Units in each of FCP and Fertitta Partners upon consummation of the Merger.

During the year ended December 31, 2008, indirect interests in Class B Units, of each of FCP and Fertitta Partners, that were previously issued upon consummation of the Merger were transferred to certain officers and management of the Company. During the year ended December 31, 2008, additional Class C Units in each of FCP and Fertitta Partners were issued to certain management of the Company.

Edgar Filing: STATION CASINOS INC - Form 10-K/A

Pursuant to Mr. Kelley's employment agreement, he was awarded indirect interests in Class B Units of each FCP and Fertitta Partners and Class C Units in each of FCP and Fertitta Partners.

For a more detailed discussion of these equity awards, see "Compensation Discussion and Analysis Elements of Compensation Equity-Based Compensation."

PENSION BENEFITS AT DECEMBER 31, 2009

The following table provides information as of December 31, 2009 with respect to the Supplemental Executive Retirement Plan (the "SERP") and the Supplemental Management Retirement Plan (the "SMRP") for each of the Named Executive Officers.

Name	Plan Name (a)	Number of Years Credited Service (#)(b)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)

Kevin L. Kelley	SMRP	2	531,332

(a) The Company adopted the SERP, effective November 30, 1994 and amended on January 21, 2005, November 7, 2007 and April 17, 2008 with the Chief Executive Officer and President as the sole participant. The remaining Named Executive Officers are participants in the SMRP which was also effective November 30, 1994 and amended on November 7, 2007 and April 17, 2008.

(b) Number of years of credited service is calculated from the later of the adoption of the SERP and SMRP or the date the Named Executive Officer became a participant in the SERP or SMRP, as applicable, and does not reflect the Named Executive Officers' actual years of service with the Company.

Discussion of Pension Benefits Table***Defined Benefit Plans***

The Company maintains two defined benefit plans for its Named Executive Officers: the SERP, in which Frank J. Fertitta III was a participant during 2009, and the SMRP, in which the other Named Executive Officers were participants during 2009.

Supplemental Executive Retirement Plan

Effective as of November 30, 1994, the Company adopted the SERP, which is a defined benefit plan. On January 21, 2005, the Company amended the SERP to (i) increase the Early Retirement Date (as defined in the SERP) for participants from age 45 to age 50, (ii) increase the Normal Retirement Date (as defined in the SERP) for participants from age 55 to age 60, (iii) add the President of the Company as a participant, and (iv) include the average annual bonus (in addition to base salary) earned by participants for the three most recent fiscal years in determining Final Annual Compensation (as defined in the SERP). On November 7, 2007, the Company also amended the SERP for the purpose of updating the "Change of Control" definition under the plan and confirming that the Merger would not constitute a "Change of Control" for purposes of the plan. On April 17, 2008, the Company further amended the SERP for the purpose of increasing the Early Retirement Date (as defined in the SERP) for participants from age 50 to age 60 and increasing the Normal Retirement Date (as defined in the SERP) for participants from age 60 to age 65.

Table I below sets forth the total benefits payable to the Chief Executive Officer and President as the sole participant in the SERP (the "SERP Participant"). Amounts shown in Table I represent the annual benefits to which the SERP Participant is entitled under the SERP.

TABLE I*

Remuneration (\$)	At Least 65 Years Old and 10 or More Years of Service (\$)
2,250,000	1,125,000
2,500,000	1,250,000
2,750,000	1,375,000
3,000,000	1,500,000
3,250,000	1,625,000
3,500,000	1,750,000

*

Assumes normal retirement, which means retirement at age 65 at December 31, 2009.

Subject to the limitations set forth below, the SERP provides a monthly supplemental retirement benefit (the "SERP SRB"), in addition to any other qualified or non-qualified retirement plan of the Company, equal to one-twelfth of the product of (a) 50% and (b) the average monthly regular base salary paid to the SERP Participant for the 36 months immediately preceding (but not including) the month in which the SERP Participant's retirement or other termination of employment occurred, multiplied by twelve), as determined under the SERP, as amended; provided, however, that the average annual bonus shall be limited to a maximum amount equal to 100% of the product of (i) the average monthly regular base salary paid to the SERP Participant for the 36 months immediately preceding (but not including) the month in which the SERP Participant's retirement or other termination of employment occurred), multiplied by (ii) twelve. Amounts shown in Table I represent the annual benefits to which the SERP Participant is entitled under the SERP, as amended, which amounts are then reduced by monthly benefits payable under all qualified and non-qualified defined benefit retirement plans of the Company. The amounts listed in Table I are not currently subject to any deductions for social security because the

Edgar Filing: STATION CASINOS INC - Form 10-K/A

Company currently has no other defined benefit plans. The SERP Participant will become vested in accrued SERP SRBs upon the later of (a) the attainment of age 65 and (b) the completion of ten years of service after the effective date of the plan, or, if a Change of Control (as defined in the SERP) occurs, the SERP Participant will become fully vested in the SERP SRB.

The SERP SRB is payable upon the later of the date on which the SERP Participant attains age 65 or the SERP Participant's termination of employment. Alternatively, the SERP Participant may elect to commence receiving the SERP SRB upon the later of the date on which the SERP Participant attains age 65 or the SERP Participant's termination of employment. In the event of such an early retirement election, the SERP SRB shall be reduced by 6% of such otherwise payable benefit for each year that the SERP Participant is less than age 65.

The SERP SRB payments will be made for no less than 15 years after the date on which the SERP Participant begins to receive payments; provided, however, that in the event of a Change in Control (as defined in the employment agreement of the SERP Participant), the SERP Participant will be entitled to receive, in lieu of any other payments under the SERP, a lump-sum payment of the economic equivalent of the SERP Participant receiving payments under the SERP for a period of 15 years (with such amount determined as if the SERP Participant were immediately eligible for retirement under the SERP without penalty for early retirement). If the SERP Participant dies after he becomes vested and prior to the date on which the SERP Participant begins to receive SERP SRB payments, the Company will pay a survivors benefit to the SERP Participant's spouse equal to the amount that would have been payable to such spouse if the SERP Participant had commenced receiving the SERP SRB at age 65 in the form of a joint and 50% survivor annuity. The Company has no duty to set aside or invest any amounts under or in respect to the SERP.

Supplemental Management Retirement Plan

Effective November 30, 1994, the Company adopted the SMRP, which is a defined benefit plan. On November 7, 2007, the Company amended the SMRP for the purpose of updating the "Change of Control" definition under the plan and confirming that the Merger would not constitute a "Change of Control" for purposes of the plan, while on April 17, 2008, the Company further amended the SMRP for the purpose of increasing the Early Retirement Date (as defined in the SMRP) for participants from age 55 to age 60 and increasing the Normal Retirement Date (as defined in the SMRP) for participants from age 60 to age 65. Table II below sets forth the total benefits payable to the Named Executive Officers (other than the Chief Executive Officer and President) selected by the Board of Directors to participate in the SMRP. Amounts shown in Table II represent the annual benefits to which the covered Named Executive Officers are entitled under the SMRP.

TABLE II*

Remuneration (\$)	At Least 65 Years Old and 10 or More Years of Service (\$)
450,000	180,000
600,000	240,000
750,000	300,000
900,000	360,000

*

Assumes normal retirement, which means retirement at age 65 at December 31, 2009.

Edgar Filing: STATION CASINOS INC - Form 10-K/A

The SMRP provides a monthly supplemental retirement benefit (the "SMRP SRB"), in addition to any other qualified or non-qualified retirement plan of the Company, equal to one-twelfth of the product of (a) 40% and (b) the Named Executive Officer's final annual compensation, as determined under the SMRP, which amounts are then reduced by monthly benefits payable under all qualified and non-qualified defined benefit retirement plans of the Company. The amounts shown in Table II are not currently subject to any deductions for social security or other offset amounts because the Company currently has no other defined benefit plans. The Named Executive Officers will become vested in the accrued SMRP SRBs upon the later of (a) the attainment of age 65 and (b) the completion of ten years of service after the effective date of the plan, or, if a Change of Control (as defined in the SMRP) occurs, the Named Executive Officer will become fully vested in the SMRP SRB.

The SMRP SRB is payable upon the later of the date on which the Named Executive Officer attains age 65 or the Named Executive Officer's termination of employment. Alternatively, the Named Executive Officer may elect to commence receiving the SMRP SRB upon the later of the date on which the Named Executive Officer attains age 65 or the Named Executive Officer's termination of employment. In the event of an early retirement election, the SMRP SRB shall be reduced by 6% of such otherwise payable benefit for each year that the Named Executive Officer is younger than age 65.

The SMRP SRB payments will be made for no less than 15 years after the date on which the Named Executive Officer begins to receive payments. If the Named Executive Officer dies after becoming vested and prior to the date on which the Named Executive Officer begins to receive SMRP SRB payments, the Company will pay a survivor's benefit to the Named Executive Officer's spouse equal to the amount that would have been payable to such spouse if the Named Executive Officer had commenced receiving the SMRP SRB at age 65 in the form of a joint and 50% survivor annuity. The Company has no duty whatsoever to set aside or invest any amounts under or in respect to the SMRP.

Assumptions Made in Calculating the Present Value of Accumulated Pension Benefits

In order to calculate the present value of accumulated benefits as of December 31, 2009, the following assumptions were made:

Assumed Retirement Age

The assumed retirement age is the normal retirement age defined in the applicable plan (age 65 as of December 31, 2009), and the earliest unreduced retirement age, if applicable. Since unreduced benefits are not available prior to age 65 and all Named Executive Officers are under age 65, age 65 was used for all Named Executive Officers.

Discount Rates

The discount rate used in calculating the present value of accumulated benefits as of December 31, 2009 is 5.5%.

Mortality

The assumed mortality is the RP-2000 white collar mortality table for males and females, as developed and approved by the Society of Actuaries, projected for 25 years. Because pre-retirement decrements are not included in the calculation, the mortality assumption affects only post-retirement present values.

Form of Payment

Consistent with assumptions used for financial statement purposes, married participants are assumed to elect unreduced 50% joint and survivor annuity, with 15 years of guaranteed payments. For unmarried

Edgar Filing: STATION CASINOS INC - Form 10-K/A

participants, the annuity is an unreduced single life annuity with 15 years of guaranteed payments. Actual spouse data was used in calculating present values.

Present Values

Present values are calculated using the assumed retirement age, discount rates, mortality table and form of payment assumptions described above; no decrements are assumed prior to retirement. Further, benefits are based on average earnings on the valuation date, without projection. The resulting benefit is prorated for current service as a participant divided by projected service through vesting date.

NONQUALIFIED DEFERRED COMPENSATION IN 2009

Name	Plan(a)	Executive Company Contributions		Aggregate	Aggregate
		Contributions in Last FY (\$)(b)	Contributions in Last FY (\$)(c)	Earnings (Loss) in Last FY (\$)(d)	
Thomas M. Friel	DCPM				687,483
Richard J. Haskins	DCPM				510,556
Scott M Nielson	DCPM			10,474	46,946
Scott M Nielson	DCPE				6,661,024

- (a) The Company offers both the DCPE and DCPM. See further discussion on details of the plans below.
- (b) No contributions to deferred compensation plans were made by any Named Executive Officer during the year ended December 31, 2009.
- (c) Effective January 1, 2009, the Company elected to suspend its contributions to the deferred compensation plans.
- (d) Amount represents change in market value for investments. None of the amounts included in this column are included in the Summary Compensation Table.
- (e) As permitted by the Internal Revenue Service transition relief with respect to Section 409A of the Code, each of the Named Executive Officers participating in the DCPE and/or DCPM elected to receive a special one time distribution from his account in January 2009.

Discussion of Nonqualified Deferred Compensation Table

In addition to the defined benefit plans that it maintains for its executives, the Company also maintains two deferred compensation plans in which the Named Executive Officers were eligible to participate in 2009: the Deferred Compensation Plan For Executives (the "DCPE") and the Deferred Compensation Plan For Management (the "DCPM").

The DCPE, in effect as of November 30, 1994, as amended and restated as of September 12, 2001, as amended as of December 4, 2002 and as further amended as of November 11, 2007, is a deferred compensation plan for executive officers whose base salaries are a rate in excess of the amount specified in Section 401(a) (17) of the Internal Revenue Code of 1986, as amended (the "Code"), and who are selected for participation by the Board of Directors. These executive officers may defer up to 50% of their regular base salary and 100% of any special and/or discretionary bonuses and receive a Company match of up to 5% of any base salary and bonus deferred under the DCPE. If the executive officer is terminated without cause or if a Change of Control (as defined in the DCPE) occurs prior to completion of five years of continuous service, any accrued balance existing under the matching and supplemental accounts becomes fully vested as of the date of such event. Hardship distributions are permitted under the plan in the event of an unforeseeable emergency, and will be limited to the amount shown to be necessary to meet the emergency. An executive officer may specify a date, no earlier than 13 months after the date of such election, on which the vested accrued balances of his accounts under the DCPE will be paid. Absent such election, the vested accrued balances will be paid following the termination of his employment with the Company.

Edgar Filing: STATION CASINOS INC - Form 10-K/A

As of January 2005, deferrals were no longer being made into the DCPE as the Named Executive Officers elected to participate in the DCPM instead. As of December 31, 2009, no Named Executive Officer has a balance in the DCPE.

The DCPM, in effect as of November 30, 1994, as amended and restated as of January 1, 2001, as amended as of August 13, 2007, and as further amended as of November 11, 2007, is a deferred compensation plan for a select group of management and highly compensated employees who are selected for participation by the Board of Directors. Participants may defer up to 90% of their regular base salary and 100% of any special and/or discretionary bonuses and receive a Company match of up to 5% of any base salary and bonus deferred under the DCPM. Effective January 1, 2009, the Company elected to suspend the employer matching contributions to the DCPM. If the Named Executive Officer is terminated, any accrued balance existing under the matching and supplemental accounts shall be paid to the Named Executive Officer as soon as practicable after such termination. Hardship distributions are permitted under the plan in the event of an unforeseeable emergency, and will be limited to the amount shown to be necessary to meet the emergency. All contributions to the DCPM are invested in multiples of 1% as designated by the participant. A participant may direct his or her contributions into a select group of investment options.

Fertitta III will be entitled to receive a lump-sum payment of the economic equivalent of Frank J. Fertitta III receiving payments under the SERP for a period of 15 years.

(g) In the event of death, a payment of \$70.0 million will be made to the designated beneficiary under a third party insurance policy. Amounts for benefits provided in the case of a Change in Control are estimated based on 2009 premiums paid by the Company and represent the annual costs.

Change in Control Events Under The Employment Agreements

As described in "Compensation Discussion and Analysis Employment Agreements", each of the Company's Named Executive Officers is party to an employment agreement that requires us to make payments and provide benefits to such Named Executive Officer upon the termination of his employment with us under various scenarios. The Employment Agreements do not provide for any additional payments or benefits under a voluntary termination of employment by the Named Executive Officer or involuntary termination by the Company for Cause (as defined in the Employment Agreements). Under those scenarios, the Named Executive Officers are only entitled to their accrued and unpaid obligations, such as salary and unused vacation.

A description of the payments and benefits that we are required to provide to the Named Executive Officers under their Employment Agreements upon various termination events is set forth below.

"Change in Control" is defined under the Employment Agreements as any event in which:

prior to the occurrence of an initial public offering of the capital stock of the Company or any entity that owns or controls substantially all of the assets of the Company, the consummation of any transaction (including, without limitation, any merger or consolidation) as a result of which any person, corporation, entity or group, other than certain existing members of FCP or a permitted transferee or affiliate thereof, becomes the beneficial owner of more than 50% of the total issued and outstanding Class A Units and Class B Units of FCP;

after the occurrence of an initial public offering of the capital stock of the Company or any entity that owns or controls substantially all of the assets of the Company, the consummation of any transaction (including, without limitation, any merger or consolidation) as a result of which any person, corporation, entity or group, other than certain existing members of FCP or a permitted transferee or affiliate thereof, becomes the beneficial owner of more than 35% of the total issued and outstanding shares of voting stock of the Company or the affiliate thereof which is the issuer of the equity interests offered and sold in any such initial public offering; or

the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation) in one or a series of related transactions, of more than 50% (as measured by fair market value at the time of transfer) of the assets of the Company to any person (other than the Company or a Company subsidiary), other than any member of FCP as of November 7, 2007 (or a permitted transferee or affiliate thereof) or as part of any financing transaction engaged in by the Company or a Company subsidiary.

No Change of Control shall be deemed to have occurred as a result of any reorganization of or similar transaction engaged in by the Company or any subsidiary of the Company (including an initial public offering). "Beneficial ownership" shall have the same meaning as defined in Rules 13d-3 and 13d-5 under the Exchange Act.

"Cause" is defined under the employment agreements of the Named Executive Officers (other than Frank J. Fertitta III) as any event in which the Named Executive Officer:

has been convicted of any felony;

has been found unsuitable to hold a gaming license by a final non-appealable decision of the Nevada Gaming Commission;
or

in carrying out his duties under the employment agreement, has engaged in acts or omissions constituting gross negligence or willful misconduct resulting, in either case, in material economic harm to the Company.

In the event of Frank J. Fertitta III's termination without Cause or for Good Reason prior to a Change in Control, he will receive a payment equal to four times 220% of his base salary. If any Named Executive Officer (other than Frank J. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Potential Purchase of Assets of the Company

Fertitta Gaming LLC ("Fertitta Gaming"), which is owned by Frank and Lorenzo Fertitta, and the steering committee representing over 60% of the Company's senior secured bank debt (the "Opco Lenders") to have reached an agreement (the "Opco Plan Support Agreement") support the joint plan of reorganization of the Company and its subsidiaries that are debtors and debtors in possession (collectively, the "Debtors") in the Chapter 11 cases pending in the United States Bankruptcy Court, which is to be modified pursuant to the terms of the Opco Plan Support Agreement (as so modified, the "Joint Plan").

Pursuant to the Opco Plan Support Agreement, the Opco Lenders have agreed to support the \$772 million "stalking horse" bid by a newly-formed company ("Newco") to be owned by Fertitta Gaming, Colony Capital and the mortgage lenders to FCP Propco, LLC ("Propco" and the "Propco Lenders," respectively), to purchase substantially all of the assets of the Company, which include Santa Fe Station, Texas Station, Fiesta Henderson, Fiesta Rancho and Native American gaming projects (the "Opco Properties"). The Company is not currently party to any agreement with respect to Newco's purchase of the Opco Properties and such purchase is subject to the Company conducting a sale process for such assets under the supervision of the Bankruptcy Court. The Newco bid for the Opco Properties will entail significant new investment in Newco by Fertitta Gaming and would result in a substantial cash recovery to the Opco Lenders. If Newco is the successful bidder, Fertitta Gaming will manage the Opco Properties under a long-term management agreement.

Also pursuant to the Opco Plan Support Agreement, the parties have agreed to support the Joint Plan as it relates to the restructuring of Propco, which includes the acquisition of Red Rock Casino Resort Spa, Palace Station, Boulder Station, and Sunset Station (the "Propco Properties") by Newco. The Propco Lenders have agreed to sell 46% of the equity in Newco to Fertitta Gaming, which will be making a new investment in Newco. The remaining equity in Newco will be owned primarily by the Propco Lenders and Colony Capital, which will also be making a new investment in the company. Fertitta Gaming will also manage the Propco Properties under a long-term management agreement. The restructuring of Propco under the Joint Plan is not conditioned upon Newco ultimately becoming the successful bidder for the Opco Properties.

This report is not intended to be, and should not in any way be construed as, a solicitation of votes on the Company's reorganization plan which was filed with the U.S. Bankruptcy Court. The plan was filed together with a proposed disclosure statement which should not be relied on for any purpose until a determination by the U.S. Bankruptcy Court is made that the proposed disclosure statement contains adequate information, as required by the U.S. Bankruptcy Code. Following Bankruptcy Court approval of the disclosure statement and related voting solicitation procedures, the Company will solicit acceptances of the plan and seek its confirmation by the Bankruptcy Court. There can be no assurance that such plan acceptances or confirmation will be obtained.

Boulder Station Lease

The Company entered into a ground lease for 27 acres of land on which Boulder Station is located. The Company leases this land from KB Enterprises, a company owned by the Frank J. Fertitta, Jr. and Victoria K. Fertitta Revocable Family Trust (the "Related Lessor"). Frank J. Fertitta, Jr. and Victoria K. Fertitta are the parents of Frank J. Fertitta III, Chairman of the Board, Chief Executive Officer and

President of the Company and Lorenzo J. Fertitta, Vice Chairman of the Board. The lease has a maximum term of 65 years, ending in June 2058. The lease provides for monthly payments of \$222,933 through May 2018. In June 2013, and every ten years thereafter, the rent will be adjusted to the product of the fair market value of the land and the greater of (i) the then prevailing annual rate of return for comparably situated property or (ii) 8% per year. In June 2018, and every ten years thereafter, the rent will be adjusted by a cost of living factor. In no event will the rent for any period be less than the immediately preceding period. Pursuant to the ground lease, the Company has an option, exercisable at five-year intervals with the next option in June 2013, to purchase the land at fair market value. In connection with the CMBS Loans, the Boulder Station ground lease is subleased back to Boulder Station by the Company. The CMBS Loans are secured by, among other things, a perfected first priority leasehold deed of trust on the leasehold estate of the tenant (previously Boulder Station but now FCP PropCo, LLC) under the Boulder Ground Lease. The Company believes that the terms of the ground lease are as fair to the Company as could be obtained from an independent third party.

Texas Station Lease

The Company entered into a ground lease for 47 acres of land on which Texas Station is located. The Company leases this land from Texas Gambling Hall & Hotel, Inc., a company owned by the Related Lessor. The lease has a maximum term of 65 years, ending in July 2060. The lease provides for monthly rental payments of \$337,417 through June 2010. In July 2010, and every ten years thereafter, the rent will be adjusted to the product of the fair market value of the land and the greater of (i) the then prevailing annual rate of return being realized for owners of comparable land in Clark County or (ii) 8% per year. In July 2015, and every ten years thereafter, the rent will be adjusted by a cost of living factor. In no event will the rent for any period be less than the immediately preceding period. Pursuant to the ground lease, the Company has an option, exercisable at five-year intervals with the next option in May 2010, to purchase the land at fair market value. The Company's obligations under the Credit Agreement are secured by, among other things, a leasehold deed of trust on the leasehold estate of Texas Station under this ground lease. The Company believes that the terms of the ground lease are as fair to the Company as could be obtained from an independent third party.

Zuffa, LLC

The Company has purchased tickets to events held by Zuffa, LLC ("Zuffa") which is the parent company of the Ultimate Fighting Championship ("UFC") and is owned by Frank J. Fertitta III and Lorenzo J. Payments received by the Company related to this license agreement totaled approximately \$22,000 and \$21,000 for the years ended December 31, 2009 and 2008, respectively. In January 2009, the Company subleased its leased aircraft to Zuffa for a period of six months. Payments received by the Company in connection with this sublease approximated the amount the Company paid for leasing the aircraft, and totaled approximately \$0.8 million.

PROCEDURES FOR REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

Our Board of Directors has approved the related party transaction policy and procedures which give our Audit Committee the power to approve or disapprove potential related party transactions of our directors and executive officers, and their immediate family members. The Audit Committee is charged with reviewing all relevant facts and circumstances of a related party transaction, including if the

transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party and the extent of the person's interest in the transaction.

DIRECTOR INDEPENDENCE

Our Board of Directors is composed of Frank J. Fertitta III, Lorenzo J. Fertitta, Thomas J. Barrack, Jr., Jonathan H. Grunzweig and Dr. James E. Nave, D.V.M. Our Board of Directors currently has one standing committee, the Audit Committee.

Though not formally considered by our Board because our common stock is no longer traded on any national securities exchange, based upon the listing standards of the NYSE, the national securities exchange upon which our common stock was traded prior to the Merger, we do not believe that any of our directors other than Dr. Nave would be considered "independent" because of their relationships with the entities which hold significant interests in FCP, Fertitta Partners and FCP VoteCo, which collectively hold all of our outstanding common stock, and other relationships with us. Accordingly, we do not believe that any of Messrs. Frank J. Fertitta III, Lorenzo J. Fertitta, Barrack or Grunzweig would meet the independence requirements of Rule 10A-1 of the Exchange Act or the NYSE listing standards. We do not have standing nominating, corporate governance or compensation committees, or committees that serve similar purposes.

Audit-related fees include fees paid for audits of employee benefit plans and consultation in relation to the Merger. All other fees include services related to the 2009 exchange offer and the Chapter 11 case.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the independent auditors. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it.

The Audit Committee approved all services provided by Ernst & Young LLP.
