RISK FACTORS

Investing in our securities involves certain risks. Before you invest in any of our debt securities, common stock, preferred stock or warrants, in addition to the other information included in, or incorporated by reference into, this prospectus, you should carefully consider the risk factors contained in Item 1A under the caption "*Risk Factors*" and elsewhere in our annual report on Form 10-K for the fiscal year ended December 31, 2009, which is incorporated into this prospectus by reference, as updated by our annual or quarterly reports for subsequent fiscal years or fiscal quarters that we file with the SEC and that are so incorporated. See "*Where You Can Find More Information*" for information about how to obtain a copy of these documents. You should also carefully consider the risks and other information that may be contained in, or incorporated by reference into, any prospectus supplement relating to specific offerings of securities.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth information regarding our ratio of earnings to fixed charges for each of the periods shown. For purposes of calculating this ratio, (i) earnings consist of income (loss) from continuing operations before provision (benefit) for income taxes, and fixed charges, net of capitalized interest and (ii) fixed charges consist of interest expense, which includes amortization of deferred finance charges, interest expense-subordinated convertible debentures, capitalized interest and imputed interest on our lease obligations. The interest component of rent was determined based on an estimate of a reasonable interest factor at the inception of the leases.

	Year Ended December 31,					Three Months Ended March 31,
	2005	2006	2007	2008	2009	2010
Ratio of Earnings to Fixed Charges(1)	2.3x	2.4x	3.3x	(2)(3)	(2)	(2)

- (1) Currently, we have no shares of preferred stock outstanding and have not paid any dividends on preferred stock in the periods shown. Therefore, the ratio of earnings to combined fixed charges and preferred stock dividends does not differ from the ratio of earnings to fixed charges.
- (2) Due to our losses for the three months ended March 31, 2010 and the years ended December 31, 2009 and 2008, the ratio coverage was less than 1:1 for these periods. We would have had to have generated additional earnings of \$64, \$108, and \$814 million for the three months ended March 31, 2010 and the years ended December 31, 2009 and 2008, respectively, to have achieved coverage ratios of 1:1.
- (3) The loss for the year ended December 31, 2008 includes the effect of an \$1,147 million pretax non-cash goodwill impairment charge. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 2.2x for the year ended December 31, 2008.

SUMMARY DESCRIPTION OF THE SECURITIES WE MAY ISSUE

We may use this prospectus to offer from time to time:

Debt securities. The debt securities may be senior debt securities or, in the case of URNA, senior or senior subordinated debt securities. The debt securities may be convertible into, or exchangeable for, Holdings' common stock, preferred stock or other securities. In the case of debt securities issued by URNA, Holdings will, and certain of URNA's subsidiaries may, fully and unconditionally guarantee the principal of, and premium (if any) and interest on, such debt securities. The debt securities will be unsecured and, in the case of senior debt, will rank equally with any of our other senior and unsecured debt and, in the case of subordinated debt, will rank junior in right of payment and priority to any senior debt.

Shares of common stock, par value \$0.01 per share, of Holdings.

Shares of preferred stock, par value \$0.01 per share, of Holdings. The preferred stock may be convertible into, or exchangeable for, other series of Holdings' preferred stock or common stock. We may offer different series of preferred stock with different dividend, voting, conversion, redemption and liquidation rights.

Warrants. These warrants may be issued by Holdings for the purchase of our debt securities, common stock or preferred stock. Warrants may be issued independently or together with debt securities, common stock or preferred stock, and may be attached to or separate from those securities.

The applicable prospectus supplement will describe the specific types, amounts, prices and detailed terms of any of these securities to the extent they are not described in this prospectus.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

The following description of the debt securities outlines some of the provisions of the debt securities. This information may not be complete in all respects and is qualified in its entirety by reference to the applicable indenture and its associated documents, including the form of note. We have filed forms of the indentures with the SEC as exhibits to the registration statement of which this prospectus forms a part. See "Where You Can Find More Information" for information on how to obtain copies of them. The specific terms of any series of debt securities will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of debt securities may differ from the general description of terms presented below.

Please note that, in this section titled "Description of Debt Securities," references to "we," "our" and "us" refer either to Holdings or to URNA, as the case may be, as the issuer of the applicable series of debt securities and not to any subsidiaries, unless the context requires otherwise. Also, in this section, references to "holders" mean those who own debt securities registered in their own names on the books that we or the trustee maintain for this purpose and not those who own beneficial interests in debt securities registered in street name or in debt securities issued in book-entry form through one or more depositaries. Owners of beneficial interests in the debt securities should read the section titled " Book-Entry, Delivery and Form."

Debt Securities May Be Senior or Senior Subordinated

Holdings and URNA may issue debt securities which, in the case of Holdings, will be senior debt securities and, in the case of URNA, may be senior or senior subordinated debt securities. Neither the senior debt securities nor the senior subordinated debt securities will be secured by any property or assets of Holdings, URNA or any of their respective subsidiaries. Thus, by owning a debt security, you are an unsecured creditor of Holdings or URNA, as the case may be. As a result, both the senior debt securities and the senior subordinated debt securities will be structurally subordinate to the secured indebtedness of Holdings or URNA, as the case may be, to the extent of the value of the applicable collateral. In addition, the debt securities may be convertible into, or exchangeable for, Holdings' common stock, preferred stock or other securities.

The senior debt securities will be issued under the applicable senior debt indenture, as described below, and will rank equally with all the other senior unsecured and unsubordinated debt of Holdings or URNA, as the case may be.

The senior subordinated debt securities of URNA will be issued under the senior subordinated debt indenture, as described below, and payment of the principal of, and premium (if any) and interest on, the senior subordinated debt securities will be junior in right of payment to the prior payment in full of all of URNA's "senior indebtedness," as defined in the senior subordinated debt indenture. The prospectus supplement for any series of senior subordinated debt securities will set forth the subordination terms of such debt securities, as well as the aggregate amount of senior indebtedness outstanding as of the end of URNA's most recent fiscal quarter. The prospectus supplement will also set forth limitations, if any, on issuance of additional senior indebtedness. Holdings' senior indebtedness will be structurally subordinate to the indebtedness of URNA and will be structurally subordinate to the indebtedness of the subsidiaries of URNA. URNA's indebtedness is, and any additional indebtedness of URNA will be, structurally subordinate to the indebtedness of URNA's subsidiaries (except to the extent such subsidiary guarantees such indebtedness and solely to the extent of such guarantee) and will be structurally senior to any indebtedness of Holdings (except to the extent Holdings guarantees such indebtedness and solely to the extent of such guarantee).

When we refer to "senior debt securities", we mean both the senior debt securities of Holdings and the senior debt securities of URNA, unless the context requires otherwise. When we refer to "senior subordinated debt securities", we mean the senior subordinated debt securities of URNA, unless the context requires otherwise. When we refer to "debt securities", we mean both the senior debt securities and the senior subordinated debt securities, unless the context requires otherwise.

Table of Contents

The Senior Debt Indenture of Holdings

The senior debt securities of Holdings are governed by a document called an indenture. Each indenture is a contract between Holdings, as the issuer of the debt securities, and The Bank of New York Mellon, which will initially act as trustee.

The trustee has two main roles:

First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, which we describe under " *Events of Default*."

Second, the trustee performs administrative duties for us, such as sending interest payments and notices.

When we refer to the indenture or the trustee with respect to any debt securities of Holdings, we mean the indenture under which those debt securities are issued and the trustee under that indenture.

The Senior Debt Indenture and the Senior Subordinated Debt Indenture of URNA

The senior debt securities and the senior subordinated debt securities of URNA are each governed by a document called an indenture the senior debt indenture, in the case of the senior debt securities, and the senior subordinated debt indenture, in the case of the senior subordinated debt securities. Each indenture is a contract between (i) URNA, as issuer of the debt securities, (ii) Holdings and certain subsidiaries of URNA, if applicable, as guarantors, and (iii) The Bank of New York Mellon, which will initially act as trustee. The indentures governing the debt securities of URNA are substantially identical, except for the provisions relating to subordination, which are included only in the senior subordinated debt indenture.

Under each indenture, Holdings will, and certain subsidiaries of URNA may, fully and unconditionally guarantee, jointly and severally, to each holder and the trustee, the full and prompt performance of URNA's obligations under the indenture and the debt securities, including the payment of principal of, and premium (if any) and interest on, the debt securities. The guarantee of any senior subordinated debt securities by Holdings and those subsidiaries of URNA will be subordinated to the senior indebtedness of Holdings or such subsidiary guarantor, as applicable, on the same basis as such senior subordinated debt securities are subordinated to the senior indebtedness of URNA.

The prospectus supplement will describe any additional terms of the guarantee and will identify any subsidiary guarantors of those debt securities.

The trustee under each indenture has two main roles:

First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, which we describe under " *Events of Default*."

Second, the trustee performs administrative duties for us, such as sending interest payments and notices.

When we refer to the indenture, the guarantors or the trustee with respect to any debt securities of URNA, we mean the indenture under which those debt securities are issued, Holdings and any subsidiary guarantors of those debt securities and the trustee under that indenture.

We May Issue Many Series of Debt Securities

We may issue as many distinct series of debt securities as we wish. Additionally, the provisions of each indenture allow us to "reopen" a previous issue of a series of debt securities and issue additional

Table of Contents

debt securities of that series. This section of the prospectus summarizes terms of the securities that apply generally to all series. We will describe most of the financial and other specific terms of a series, including any additional terms of any guarantee, whether it be a series of the senior debt securities or senior subordinated debt securities, in the prospectus supplement accompanying this prospectus. Those terms may vary from the terms described here.

As you read this section of the prospectus, please remember that the specific terms of the debt securities will be described in the accompanying prospectus supplement and that such description may modify or replace the general terms described in this section. If there are any differences between the prospectus supplement and this prospectus, the prospectus supplement will control. Thus, the statements we make in this section may not apply to your debt security.

When we refer to a series of debt securities, we mean a series issued under the applicable indenture. When we refer to the prospectus supplement, we mean the prospectus supplement describing the specific terms of the debt security you purchase. The terms used in the prospectus supplement have the meanings described in this prospectus, unless otherwise specified.

Principal Amount, Stated Maturity and Maturity

The "principal amount" of a debt security means the principal amount, plus the premium, if any, payable at its stated maturity, unless that amount is not determinable, in which case the principal amount of a debt security is its face amount. Any debt securities owned by us or any of our affiliates are not deemed to be outstanding for certain determinations under the indenture.

The term "stated maturity" with respect to any debt security means the day on which the principal amount of the debt security is scheduled to become due. The principal may become due sooner by reason of redemption or acceleration after a default or otherwise in accordance with the terms of the debt security. The day on which the principal actually becomes due, whether at the stated maturity or earlier, is called the "maturity" of the principal.

We also use the terms "stated maturity" and "maturity" to refer to the days when other payments become due. For example, we refer to a regular interest payment date when an installment of interest is scheduled to become due as the "stated maturity" of that installment.

When we refer to the "stated maturity" or the "maturity" of a debt security without specifying a particular payment, we mean the stated maturity or maturity, as the case may be, of the principal.

Terms Contained in the Prospectus Supplement

The prospectus supplement will contain the terms relating to the specific series of debt securities being offered. The prospectus supplement will include some or all of the following:

whether the issuer of the debt securities is Holdings or URNA;

Holders of the debt securities may present their securities for exchange and may present registered debt securities for transfer in the manner described in the prospectus supplement.

Debt securities may bear interest at a fixed rate or a variable rate, as specified in the prospectus supplement. In addition, if specified in the prospectus supplement, we may sell debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate, or at a discount below their stated principal amount. We will describe in the prospectus supplement any material special federal income tax considerations applicable to any such discounted debt securities.

Certain Covenants

The indenture may include covenants of Holdings, URNA or any subsidiary guarantors, as the case may be. These covenants may impose limitations on our indebtedness, limitations on liens, limitations on the issuance of preferred stock of certain of our subsidiaries, limitations on certain distributions and limitations on transactions with our affiliates, or other limitations. - (ii) default in the payment of an installment of interest on any debt security, when due and payable, for 30 days, whether or not prohibited by the subordination provisions of the indenture, if any;
- (iii) certain events relating to our bankruptcy, insolvency or reorganization; and
- (iv) if applicable, any of the guarantees ceases to be in full force and effect or any of the guarantees is declared to be null and void and unenforceable or any of the guarantees is found to be invalid or Holdings or any of the subsidiary guarantors denies its liability under its guarantee (other than by reason of release of Holdings or the subsidiary guarantor in accordance with the terms of the indenture).

The prospectus supplement will specify any additional Events of Default with respect to a particular series of debt securities. If an Event of Default (other than an Event of Default covered by clause (iii) above) will occur and be continuing, the trustee, by notice to us, or the holders of at least 25% in aggregate principal amount of the debt securities then outstanding, by notice to the trustee and us, may declare the principal of, premium (if any) and accrued and unpaid interest (if any) on all of the outstanding debt securities due and payable immediately, upon which declaration, all amounts payable in respect of the debt securities will be due and payable as of the date which is five business days after the giving of such notice. If an Event of Default specified in clause (iii) above occurs and is continuing, then the principal of, and premium (if any) and accrued and unpaid interest (if any) on, all the outstanding debt securities will ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of debt securities.

After a declaration of acceleration under the indenture, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities, by written notice to us and the trustee, may rescind such declaration if:

- (i) we have paid or deposited with the trustee a sum sufficient to pay:
 - (a) all sums paid or advanced by the trustee under the indenture and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel;
 - (b) all overdue interest on all debt securities;
 - (c) the principal of, and premium (if any) on, any debt securities which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the debt securities; and
 - (d) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate set forth in the debt securities which has become due otherwise than by such declaration of acceleration;
- (ii) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

Table of Contents

(iii)

all Events of Default, other than the non-payment of the principal of, and premium (if any) and interest on, the debt securities that has become due solely by such declaration of acceleration, have been cured or waived.

The holders of not less than a majority in aggregate principal amount of the outstanding debt securities may on behalf of the holders of all the debt securities waive any past defaults under the indenture, except a default in the payment of the principal of, or premium (if any) or interest on, any debt security, or in respect of a covenant or provision which under the indenture cannot be modified or amended without the consent of the holder of each debt security outstanding.

No holder of any of the debt securities has any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless (i) such holder has previously given written notice to the trustee of a continuing Event of Default, (ii) the holders of at least 25% in aggregate principal amount of the outstanding debt securities have made written request to the trustee to institute such proceeding as the trustee under the debt securities and the indenture, (iii) such holders have offered to the trustee indemnity reasonably satisfactory to the trustee against the costs, expenses and liabilities to be incurred in compliance with such request, (iv) the trustee has failed to institute such proceeding within 45 days after receipt of such notice, request and offer of indemnity and (v) the trustee, within such 45-day period, has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding debt securities. Such limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of the principal of, or premium (if any) or interest on, such debt security on or after the respective due dates expressed in such debt security.

During the existence of an Event of Default, the trustee is required to exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the indenture relating to the duties of the trustee, whether or not an Event of Default will occur and be continuing, the trustee is not under any obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders unless such holders will have offered to the trustee security or indemnity satisfactory to it. Subject to certain provisions concerning the rights of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee under the indenture.

If a default or an Event of Default occurs and is continuing and is known to the trustee, the trustee will mail to each holder of the debt securities notice of the default or Event of Default within 90 days after obtaining knowledge thereof. Except in the case of a default or an Event of Default in payment of the principal of, or premium (if any) or interest on, any debt securities, the trustee may withhold the notice to the holders of such debt securities if its board of directors, the executive committee or a committee of its board of directors or any responsible officer at the trustee's corporate trust office in good faith determines that withholding the notice is in the interest of the holders of the debt securities.

We are required to furnish to the trustee annual statements as to our performance of our obligations under the indenture and as to any default in such performance. We are also required to notify the trustee within five days of any event which is, or after notice or lapse of time or both would become, an Event of Default.

No Liability for Certain Persons

No director, officer, employee or stockholder of Holdings or URNA, nor any director, officer or employee of any subsidiary guarantor, as such, will have any liability for any obligations of Holdings, URNA or any such subsidiary guarantor, as the case may be, under the debt securities, the guarantees thereof or the indenture based on, or by reason of, such obligations or their creation. Each holder by accepting a debt security waives and releases all such liability. The foregoing waiver and release are an integral part of the consideration for issuance of the debt securities. Such waiver may not be effective to waive liabilities under the federal securities laws.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the debt securities, as expressly provided for in the indenture) as to all outstanding debt securities when:

- (i) either:
 - (a) all the debt securities theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or repaid and debt securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by us and thereafter repaid to us or discharged from such trust) have been delivered to the trustee for cancellation; or
 - (b) all debt securities not theretofore delivered to the trustee for cancellation (except lost, stolen or destroyed debt securities which have been replaced or paid) have become due and payable, will become due and payable at their stated maturity within one year or will become due and payable within one year under arrangements acceptable to the trustee, and we have irrevocably deposited or caused to be deposited with the trustee funds in an amount sufficient to pay and discharge the entire indebtedness on the debt securities not theretofore delivered to the trustee for cancellation, for the principal of, and premium (if any) and interest on, the debt securities to the date of deposit (in the case of debt securities that have become due and payable) or to the maturity or redemption date, as the case may be, together with irrevocable instructions from us directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;
- (ii) we have paid all other sums payable under the indenture by us; and
- (iii) we have delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

Amendments and Waivers

From time to time, we, when authorized by a resolution of our Board of Directors (the "*Board*"), and the trustee may, without the consent of the holders of any outstanding debt securities, amend, waive or supplement the indenture or the debt securities for certain specified purposes described in the applicable prospectus supplement, including, among other things, adding to our covenants or surrendering any right or power conferred upon us in the indenture, securing any of the debt securities, curing ambiguities, defects or inconsistencies, qualifying (or maintaining the qualification of) the indenture under the Trust Indenture Act of 1939; provided, however, that such amendments, waivers or supplements do not adversely affect the rights of any holder of debt securities. Other amendments and modifications of the indenture or the debt securities may be made by us and the trustee with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding

Table of Contents

debt securities; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

- (i) reduce the principal amount of, extend the stated maturity of or alter the redemption provisions of, any debt security;
- (ii) change the currency in which any debt security or any premium or the interest thereon is payable;
- (iii) reduce the percentage in principal amount of outstanding debt securities that must consent to an amendment, supplement or waiver or consent to take any action under the indenture or the debt security or any guarantee;
- (iv) impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities or any guarantee;
- (v) waive a default in payment with respect to the debt securities or any guarantee;
- (vi) reduce or change the rate or time for payment of interest on the debt securities;
- (vii) modify the terms upon which those debt securities are convertible into, or exchangeable for, Holding's other securities in a manner adverse to the holders; or
- (viii) modify or change any provision in the indenture affecting the ranking of the debt securities or, in the case of debt securities entitled to the benefit of any guarantee, any guarantee in a manner adverse to the holders.

The Trustee

The indenture provides that, except during the continuance of an Event of Default, the trustee thereunder will perform only such duties as are specifically set forth in the indenture. If an Event of Default has occurred and is continuing, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act of 1939 incorporated by reference therein contain limitations on the rights of the trustee thereunder, should it become a creditor of ours, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions; provided, however, that, if it acquires any conflicting interest (as defined in such Act), it must eliminate such conflict or resign.

Governing Law

The indentures, the debt securities and any guarantees of those debt securities will be governed by New York law.

Book-Entry, Delivery and Form

The debt securities will be issued in the form of one or more registered global debt securities (the "*Global Debt Securities*"). The Global Debt Securities will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company ("*DTC*"), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Debt Securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the

Table of Contents

Global Debt Securities may not be exchanged for debt securities in certificated form except in the limited circumstances described below. See " *Exchange of Global Debt Securities for Certificated Debt Securities.*" Except in the limited circumstances described below, owners of beneficial interests in the Global Debt Securities will not be entitled to receive physical delivery of debt securities in certificated form.

Transfers of beneficial interests in the Global Debt Securities will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "*Participants*") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "*Indirect Participants*"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (i) upon deposit of the Global Debt Securities, DTC will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Debt Securities; and
- (ii) ownership interests in the Global Debt Securities will be shown on, and the transfer of ownership interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Debt Securities).

Investors in the Global Debt Securities who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Debt Securities who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in a Global Debt Security may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Debt Security to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a person having beneficial interests in a Global Debt Security to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Debt Securities will not have debt securities registered in their names, will not receive physical delivery of debt securities in certificated

Table of Contents

form and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and premium (if any) and interest on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, we and the trustee will treat the persons in whose names the debt securities, including the Global Debt Securities, are registered as the owners of the debt securities for the purpose of receiving payments and for all other purposes. Consequently, neither we, the trustee nor any agent of ours or the trustee has or will have any responsibility or liability for:

- (i) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Debt Securities or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Debt Securities; or
- (ii) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the debt securities (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of the debt securities will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or us. Neither we nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the debt securities, and we and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised us that it will take any action permitted to be taken by a holder of debt securities only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Debt Securities and only in respect of such portion of the aggregate principal amount of the debt securities as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC reserves the right to exchange the Global Debt Securities for debt securities in certificated form and to distribute such debt securities to its Participants.

Neither we, the trustee nor any agent of ours or the trustee will have any responsibility for the performance by DTC or its Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Debt Securities for Certificated Debt Securities

Subject to certain conditions, a Global Debt Security is exchangeable for certificated debt securities in definitive form of like tenor in denominations of \$1,000 and integral multiples thereof if:

- (i) DTC notifies us that it is unwilling or unable to continue as depository for the Global Debt Securities or DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 and, in either case, we are unable to locate a qualified successor within 90 days;
- (ii) we, in our discretion, at any time determine not to have all the debt securities represented by the Global Debt Securities; or
- (iii) an Event of Default has occurred and is continuing.

Any Global Debt Security that is exchangeable as described above is exchangeable for certificated debt securities issuable in authorized denominations and registered in such names as DTC will direct.

Same Day Settlement and Payment

We will make payments in respect of the debt securities represented by the Global Debt Securities (including principal, premium (if any) and interest) by wire transfer of immediately available funds to the accounts specified by the holder of the Global Debt Security. We will make all payments of principal, premium (if any) and interest, with respect to certificated debt securities by wire transfer of immediately available funds to the accounts specified by the holders of the certificated debt securities or, if no such account is specified, by mailing a check to each such holder's registered address.

DESCRIPTION OF HOLDINGS' COMMON STOCK

The following description of Holdings' common stock is a summary of the material terms of our common stock. This summary may not contain all of the information that is important to you and is qualified in its entirety by reference to our certificate of incorporation, by-laws and applicable Delaware law.

General

Holdings is authorized by its certificate of incorporation to issue up to 500,000,000 shares of common stock, par value \$0.01 per share.

As of March 31, 2010, there were 60,433,823 shares of Holdings' common stock, \$.01 par value, outstanding. At December 31, 2009, there were (i) 13,000 shares of common stock reserved for the exercise of warrants, (ii) 2,782,445 shares of common stock reserved for issuance pursuant to options granted under our stock option plans, (iii) 3,017,379 shares of common stock reserved for the conversion of outstanding Quarterly Income Preferred Securities of the United Rentals Trust I, (iv) 5,275,482 shares of common stock reserved for the conversion of outstanding 1⁷/₈% Convertible Senior Subordinated Notes due 2023 and, (v) 19,403,818 shares of common stock reserved for the conversion of outstanding 4.00% Convertible Senior Notes due 2015.

The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of any series of preferred stock that we may designate and issue in the future.

Dividend Rights

Subject to the rights of the holders of our preferred stock (if any), the holders of our common stock have the right to receive dividends and distributions, whether payable in cash or otherwise, as may be declared from time to time by our Board, from legally available funds. However, Holdings has not paid dividends on its common stock since inception.

Voting Rights; Declassified Board

Each holder of record of our common stock is entitled to one vote for each share held on all matters submitted to a vote at a meeting of our stockholders. Except as otherwise required by law, holders of our common stock will vote together as a single class on all matters presented to the stockholders for their vote or approval, including the election of directors. There are no cumulative voting rights with respect to the election of directors or any other matters. Our by-laws require a director to be elected by a majority of votes cast with respect to such director in uncontested elections. As a result of an amendment to our restated certificate of incorporation that was proposed by the Board and approved by stockholders at our 2007 annual meeting, we have begun to transition our Board from a classified board to a declassified board such that, beginning with our 2010 annual meeting, all directors will be elected annually for one-year terms.

Liquidation Rights

Subject to the rights of the holders of our preferred stock (if any), in the event of our liquidation, dissolution or winding-up, holders of our common stock are entitled to share equally in the assets available for distribution after payment of all creditors.

No Redemption, Conversion or Preemptive Rights

Holders of our common stock have no redemption rights, conversion rights or preemptive rights to purchase or subscribe for our securities. There are no redemption provisions or sinking fund provisions applicable to our common stock.

Table of Contents

Fully Paid and Nonassessable

When Holdings issues shares of its common stock, the shares will be fully paid and nonassessable, which means that the full purchase price of the shares will have been paid and holders of the shares will not be assessed any additional monies for the shares.

No Restrictions on Transfer

Neither our certificate of incorporation nor our by-laws contains any restrictions on the transfer of our common stock. In the case of any transfer of shares, there may be restrictions imposed by applicable securities laws.

Issuance of Common Stock

In certain instances, the issuance of authorized but unissued shares of common stock may have an anti-takeover effect. The Board's authority to issue additional shares of common stock may help deter or delay a change of control by increasing the number of shares needed to gain control.

Certain Provisions in our Certificate of Incorporation and By-laws

Holdings' certificate of incorporation and by-laws contain a number of provisions that may be deemed to have the effect of discouraging or delaying attempts to gain control of us, including provisions (i) providing the Board with the exclusive power to determine the exact number of directors comprising the entire Board, subject to the certificate of incorporation and the right of the holders of preferred stock to elect directors (if any); (ii) authorizing the Board or a majority of the directors then in office or the sole remaining director (and not stockholders unless there are no directors then in office) to fill vacancies in the Board; (iii) providing that a director may be removed prior to the expiration of his or her term only by the affirmative vote of 66²/₃% of the voting power and, with respect to directors elected before 2008, only for cause; (iv) requiring advance notice of stockholder proposals; (v) providing that any action required or permitted to be taken by our stockholders be taken only at an annual or special meeting and prohibiting stockholder action by written consent in lieu of a meeting; (vi) providing the Board with flexibility in scheduling the annual meeting (subject to state law requirements); (vii) providing that special meetings of stockholders may be called only by the chief executive officer or a majority of the Board; (viii) providing that the by-laws may be amended by the Board; (ix) providing that the by-laws and certain of the provisions of the certificate of incorporation may be amended by our stockholders only by the affirmative vote of at least 66²/₃% of the outstanding voting power and (x) authorizing the Board to issue preferred stock with rights and privileges, including voting rights, as it may deem appropriate. The foregoing provisions could impede a change of control.

Stockholder Rights Plan

We adopted a stockholder rights plan on September 28, 2001 (with a record date of October 19, 2001), as amended by the First Amendment, dated as of July 22, 2007 and the Second Amendment, dated October 16, 2008. Under this plan, each outstanding share of our common stock includes one associated preferred stock purchase right. Each right entitles the registered holder to purchase from Holdings a unit consisting of one one-thousandth of a share of Series E Junior Participating Preferred Stock, at an exercise price of \$120.00 per unit, subject to adjustment. The rights are not currently exercisable, but may become exercisable as described below.

If an entity, person or group of affiliated persons acquires beneficial ownership of 15% or more of the common stock (an "*Acquiring Person*"), then the rights will become exercisable and each holder of a right, other than the Acquiring Person, will thereafter have the right to receive, upon exercise, common stock having a value then equal to two times the exercise price of the right. If Holdings is acquired in a merger or business combination transaction or 50% or more of Holdings' assets, cash

flow or earning power is sold, each holder of a right, other than the Acquiring Person, would have the right to receive, upon exercise, that number of shares of common stock of the acquiring company which, at the time of such transaction, would have a market value of two times the exercise price of the right. The final expiration date of the stockholder rights plan is September 27, 2011.

Section 203 of the Delaware General Corporation Law

Holdings is subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. A "business combination" includes a merger, asset sale or a transaction resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who, together with affiliates and associates, owns (or, in certain cases, within the preceding three years, did own) 15% or more of the corporation's outstanding voting stock. Under Section 203, a business combination between Holdings and an interested stockholder is prohibited unless it satisfies one of the following conditions:

prior to the stockholder becoming an interested stockholder, the Board must have previously approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of Holdings outstanding at the time the transaction commenced, excluding, for purposes of determining the number of shares outstanding, shares owned by persons who are directors and officers; or

the business combination is approved by the Board and authorized at an annual or special meeting of the stockholders by the affirmative vote of at least $66\frac{2}{3}\%$ of the outstanding voting stock which is not owned by the interested stockholder.

Holdings' common stock is traded on the New York Stock Exchange and trades under the symbol "URI."

DESCRIPTION OF HOLDINGS' PREFERRED STOCK

The following description of Holdings' preferred stock outlines some of the provisions of our preferred stock. This information may not be complete in all respects and is qualified in its entirety by reference to our certificate of incorporation and by-laws, and the certificate of designation relating to your series of preferred stock. The specific terms of any series of preferred stock will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of preferred stock may differ from the general description of terms presented below.

General

Holdings is authorized by its certificate of incorporation to issue up to 5,000,000 shares of preferred stock, par value \$0.01 per share, in one or more series.

Currently, there are no shares of our preferred stock issued and outstanding. As previously reported and as discussed in our annual report on Form 10-K for the fiscal year ended December 31, 2008, in June 2008, we repurchased all of our outstanding Series C and Series D perpetual convertible preferred stock, which have been cancelled and returned to the status of authorized but unissued shares of preferred stock.

Subject to the restrictions prescribed by law, our Board is authorized to fix the number of shares of any series of unissued preferred stock, to determine the designations and the rights, preferences, privileges, restrictions and limitations granted to or imposed upon any series of preferred stock (including dividend rights (which may be cumulative or non-cumulative), voting rights, conversion rights, redemption rights and terms, sinking fund provisions, liquidation preferences and any other relative rights, preferences and limitations of that series) and, within any applicable limits and restrictions established, to increase or decrease the number of shares of such series subsequent to its issue. Before we issue any series of preference shares, our Board will adopt resolutions creating and designating such series as a series of preference shares. Shareholders will not need to approve these resolutions. The issuance of preferred stock could adversely affect the voting and other rights of holders of our common stock and may have the effect of delaying or preventing a change in control of Holdings.

Terms Contained in the Prospectus Supplement

The applicable prospectus supplement will contain the dividend, voting, conversion, redemption, sinking fund, liquidation and other rights, preferences, privileges, restrictions or limitations of any series of preferred stock. The applicable prospectus supplement will describe the following terms of a series of preferred stock:

the designation and stated value per preference share and the number of preference shares offered;

the initial public offering price at which we will issue the preference shares;

whether the shares will be listed on any securities exchange;

the dividend rate or method of calculation, the payment dates for dividends and the dates from which dividends will start to cumulate;

any voting rights;

any conversion rights;

any redemption or sinking fund provisions;

the amount of liquidation preference per share; and

Table of Contents

any additional dividend, voting, conversion, redemption, sinking fund, liquidation and other rights or restrictions.

The applicable prospectus supplement may also describe some of the U.S. federal income tax consequences of the purchase and ownership of the series of preferred stock.

No Preemptive Rights

The holders of our preferred stock will have no preemptive rights to buy any additional shares of preferred stock.

Fully Paid and Nonassessable

When we issue shares of our preferred stock, the shares will be fully paid and nonassessable, which means the full purchase price of the shares will have been paid and holders of the shares will not be assessed any additional monies for the shares.

No Restrictions on Transfer

Neither our certificate of incorporation nor our by-laws contains any restrictions on the transfer of our preferred stock. In the case of any transfer of shares, there may be restrictions imposed by applicable securities laws.

Issuance of Preferred Stock

In certain instances, the issuance of authorized but unissued shares of preferred stock may have an anti-takeover effect. The authority of the Board to issue preferred stock with rights and privileges, including voting rights, as it may deem appropriate, may enable the Board to prevent a change of control despite a shift in ownership of our common stock.

This information may not be complete in all respects and is qualified in its entirety by reference to the relevant warrant agreement with respect to the warrants of any particular series. The specific terms of any series of warrants will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series of warrants may differ from the general description of terms presented below.

General

We may issue warrants for the purchase of debt securities, common stock or preferred stock. Warrants may be issued independently or together with such debt securities, common stock or preferred stock, and may be attached to or separate from those securities.

Each series of warrants will be evidenced by certificates issued under a separate warrant agreement to be entered into between us and a bank, as warrant agent, selected by us with respect to such series, having its principal office in the United States and having combined capital and surplus of at least \$50,000,000.

The applicable prospectus supplement relating to a series of warrants will mention the name and address of the warrant agent. The applicable prospectus supplement will describe the terms of the warrant agreement and the series of warrants in respect of which this prospectus and the accompanying prospectus supplement are being delivered, including:

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;

the aggregate number of warrants;

whether the warrants or related securities will be listed on any securities exchange;

the currency for which such warrants may be purchased;

the date on which the warrants and the related securities will be separately transferable;

in the case of warrants to purchase debt securities, the principal amount of debt securities that can be purchased upon exercise of one warrant, and the price and currency for purchasing those debt securities upon exercise and, in the case of warrants to purchase common stock or preferred stock, the number of shares of common stock or preferred stock, as the case may be, that can be purchased upon the exercise of one warrant, and the price for purchasing such shares upon this exercise;

If the warrants are not separately

transferable from the securities with which they were issued, this exchange may take place only if the certificates representing such related securities are also exchanged. Prior to warrant exercise, warrant holders will not have any rights as holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the right to receive the principal of, and premium (if any) or interest payments on, the debt securities purchasable upon such exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase common stock or preferred stock, the right to receive any dividends, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the warrants.

Exercise of Warrants

Each warrant will entitle the holder to purchase the securities specified in the applicable prospectus supplement at the exercise price mentioned or calculated as described in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, warrants may be exercised at any time up to 5:00 p.m., New York time, on the expiration date mentioned in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised by delivery of the warrant certificate representing the warrants to be exercised or, in the case of global securities, as described under "*Global Securities*," by delivery of an exercise notice for those warrants, together with certain information and payment to the warrant agent in immediately available funds, as provided in the applicable prospectus supplement, of the required purchase amount. The information required to be delivered will be on the reverse side of the warrant certificate and in the applicable prospectus supplement. Upon receipt of such payment and the warrant certificate or exercise notice properly executed at the warrant agent's corporate trust office or any other office indicated in the applicable prospectus supplement, we will, within the time period provided by the relevant warrant agreement, issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

If mentioned in the applicable prospectus supplement, securities may be surrendered as all or part of the exercise price for warrants.

Antidilution Provisions

In the case of warrants to purchase common stock, the exercise price payable and the number of shares of common stock to be purchased upon warrant exercise may be adjusted in certain events, including:

the issuance of share dividends to stockholders or a combination, subdivision or reclassification of our common stock;

the issuance of rights, warrants or options to all stockholders entitling them to purchase shares of common stock for an aggregate consideration per share less than the current market price per share;

any distribution by us to our stockholders or evidences of our indebtedness or of assets, excluding cash dividends or distributions referred to above; and

any other events mentioned in the applicable prospectus supplement.

No adjustment in the number of shares purchasable upon warrant exercise will be required until cumulative adjustments require an adjustment of at least 1% of such number. No fractional shares will

be issued upon warrant exercise, but we will pay the cash value of any fractional shares otherwise issuable.

Modification

We and the relevant warrant agent may amend any warrant agreement and the terms of the related warrants by executing a supplemental warrant agreement, without any such warrant holder's consent, for the purpose of:

curing any ambiguity, any defective or inconsistent provision contained in the warrant agreement, or making any other corrections to the warrant agreement that are not inconsistent with the provisions of the warrant certificates;

evidencing the succession of another corporation to us and their assumption of our covenants contained in the warrant agreement and the warrants;

appointing a successor depository, if the warrants are issued in the form of global securities;

evidencing a successor warrant agent's acceptance of appointment with respect to the warrants;

adding to our covenants for the warrant holders' benefit or surrendering any right or power conferred upon us under the warrant agreement;

issuing warrants in definitive form, if such warrants are initially issued in the form of global securities; or

amending the warrant agreement and the warrants as we deem necessary or desirable and that will not adversely affect the warrant holders' interests in any material respect.

We and the warrant agent may also amend any warrant agreement and the related warrants by a supplemental agreement with the consent of the holders of a majority of the unexercised warrants such amendment affects, for the purpose of adding, modifying or eliminating any of the warrant agreement's provisions or of modifying the holders' rights. However, no such amendment that:

changes the number or amount of securities purchasable upon warrant exercise so as to reduce the number of securities receivable upon this exercise;

shortens the time period during which the warrants may be exercised;

otherwise adversely affects the exercise rights of such warrant holders in any material respect; or

reduces the number of unexercised warrants, the consent of holders of which is required for amending the warrant agreement or the related warrants

may be made without the consent of each holder affected by that amendment.

Consolidation, Merger and Sale of Assets

Edgar Filing: UNITED RENTALS HIGHWAY TECHNOLOGIES GULF INC - Form 424B2

Each warrant agreement will provide that we may consolidate or merge with or into any other corporation or sell, lease, transfer or convey all or substantially all of its assets to any other corporation; provided, however, that:

either we must be the continuing corporation, or the corporation other than us formed by or resulting from any consolidation or merger or that receives the assets must be organized and existing under the laws of any U.S. jurisdiction (or any subdivision thereof) and must assume our obligations for the unexercised warrants and the performance of all covenants and conditions of the relevant warrant agreement; and

Table of Contents

we or that successor corporation must not immediately be in default under that warrant agreement.

Enforceability of Rights by Holders of Warrants

Each warrant agent will act solely as our agent under the relevant warrant agreement and will not assume any obligation or relationship of agency or trust for any warrant holder. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case we default in performing its obligations under the relevant warrant agreement or warrant, including any duty or responsibility to initiate any legal proceedings or to make any demand upon us. Any warrant holder may, without the consent of the warrant agent or of any other warrant holder, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that warrant.

Replacement of Warrant Certificates

We will replace any destroyed, lost, stolen or mutilated warrant certificate upon delivery to us and the relevant warrant agent of evidence satisfactory to them of the ownership of that warrant certificate and of the destruction, loss, theft or mutilation of that warrant certificate, and (in the case of mutilation) surrender of that warrant certificate to the relevant warrant agent, unless we or the warrant agent has received notice that the warrant certificate has been acquired by a bona fide purchaser. That warrant holder will also be required to provide indemnity satisfactory to the relevant warrant agent and us before a replacement warrant certificate will be issued.

Title

We, the warrant agents and any of their agents may treat the registered holder of any warrant certificate as the absolute owner of the warrants evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the warrants so requested, despite any notice to the contrary. See "*Global Securities*."

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus and any applicable prospectus supplements:

through underwriters or dealers;

through agents;

directly to purchasers; or

through a combination of any such methods of sale.

The securities we distribute by any of these methods may be sold to the public, in one or more transactions, either:

at a fixed price or prices that may be changed;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

If underwriters are used to sell securities, we will enter into an underwriting agreement or similar agreement with them at the time of the sale to them. In that connection, underwriters may receive compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Any such underwriter, dealer or agent may be deemed to be an underwriter within the meaning of the Securities Act of 1933. If underwriters or dealers are used in the sale, the securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions.

The applicable prospectus supplement relating to the securities will set forth:

the offering terms, including the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds to us, if any, from such sale;

any underwriting discounts, concessions, commissions and other items constituting compensation to underwriters, dealers or agents;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers; and

any securities exchanges on which the securities may be listed.

The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in an applicable prospectus supplement, the obligations of underwriters or dealers to purchase the securities will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all the securities if any are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers may be changed from time to time.

Securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus and a prospectus supplement is delivered will be named, and any commissions payable by us to such agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

Table of Contents

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers from certain specified institutions to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject to any conditions set forth in the prospectus supplement and the prospectus supplement will set forth the commissions payable for solicitation of such contracts. The underwriters and other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

Underwriters, dealers and agents may be entitled under agreements entered into with us to be indemnified by us against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribution by us to payments which they may be required to make. The terms and conditions of such indemnification will be described in an applicable prospectus supplement. Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business.

Any underwriters to whom securities are sold by us for public offering and sale may make a market in such securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any securities.

Certain persons participating in any offering of securities may engage in transactions that stabilize, maintain or otherwise affect the price of the securities offered. In connection with any such offering, the underwriters or agents, as the case may be, may purchase and sell securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market price of the securities and syndicate short positions involve the sale by the underwriters or agents, as the case may be, of a greater number of securities than they are required to purchase from us in the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the securities sold for their account may be reclaimed by the syndicate if such securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market, and, if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise. These activities will be described in more detail in the sections titled "*Plan of Distribution*" or "*Underwriting*" in the applicable prospectus supplement.
