To our stockholders:

It is my pleasure to invite you to attend the 2013 Annual Meeting of stockholders of Dynegy Inc., which will be held on May 21, 2013, at 10:00 a.m., Central Time. You will be able to attend the 2013 Annual Meeting, vote, and submit your questions during the meeting via live webcast through the link www.virtualshareholdermeeting.com/DYN13. You will need the 12-digit control number included with these proxy materials to attend the Annual Meeting. Only persons who were stockholders of record at the close of business on March 28, 2013 are entitled to notice of, and to vote at, the Annual Meeting.

We intend to take advantage of the Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their stockholders over the internet. We believe that these rules allow us to provide our stockholders with the information they desire, while lowering costs of delivery and reducing the environmental impact of our Annual Meeting.

As Dynegy stockholders, your vote is important; please vote your shares as soon as possible. You may vote your shares by internet or telephone (or, if you received a printed set of materials by mail, by returning the accompanying proxy card). Voting in advance of the meeting will not deprive you of your right to participate in the virtual meeting and to vote your shares during the live webcast if you so choose.

Sincerely,

Pat Wood III
Chairman of the Board

**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2013**

To our stockholders:

NOTICE IS HEREBY GIVEN, that the 2013 Annual Meeting of Stockholders of Dynegy Inc., a Delaware corporation, will be held on May 21, 2013 at 10:00 a.m., Central Time via live webcast through the link www.virtualshareholdermeeting.com/DYN13. You will need the 12-digit control number provided on the Notice of Internet Availability of Proxy Materials or your proxy card (if applicable).

The Annual Meeting is being held for the following purposes:

1. To elect seven directors to serve until the 2014 Annual Meeting of Stockholders;
2. To approve, on an advisory basis, the compensation of Dynegy's named executive officers as described in this proxy statement; and
3. To act upon a proposal to ratify the appointment of Ernst & Young LLP as Dynegy's independent registered public accountants for the fiscal year ending December 31, 2013.

Additionally, if needed, the stockholders may act upon any other matters that may properly come before the meeting (including a proposal to adjourn the meeting to solicit additional proxies) or any reconvened meeting after an adjournment or postponement of the meeting.

The close of business on March 28, 2013 has been fixed as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting and any reconvened meeting after an adjournment or postponement of the meeting.

You are cordially invited to attend the meeting. **PLEASE VOTE AS SOON AS POSSIBLE.**

By Order of the Board of Directors,

Kimberly M. O'Brien
Corporate Secretary

PROXY STATEMENT

GENERAL INFORMATION

Why am I receiving these materials?

The Board of Directors of Dynegy Inc., or the Board, has made these materials available to you over the internet, or has delivered printed versions of these materials to you by mail, in connection with the Board's solicitation of proxies for use at the 2013 Annual Meeting of Stockholders, or the Annual Meeting. The Annual Meeting is scheduled to be held on Tuesday, May 21, 2013 at 10:00 a.m., Central Time, via live webcast through the link www.virtualshareholdermeeting.com/DYN13. You will need the 12-digit control number provided on the Notice of Internet Availability of Proxy Materials or your proxy card (if applicable). This solicitation is for proxies for use at the Annual Meeting or at any reconvened meeting after an adjournment or postponement of the Annual Meeting.

What is included with these materials?

These materials include our proxy statement for the Annual Meeting and our 2012 Annual Report to Stockholders, or Annual Report, which includes our audited consolidated financial statements. If you received printed versions of these materials, a proxy card for the Annual Meeting is also included.

What items will be voted on at the Annual Meeting?

There are three items that will be voted on at the Annual Meeting:

1. The election of seven directors to serve until the 2014 Annual Meeting of Stockholders;
2. A proposal to approve, on an advisory basis, the compensation of Dynegy's named executive officers as described in this proxy statement; and
3. A proposal to ratify the appointment of Ernst & Young LLP as Dynegy's independent registered public accountants for the fiscal year ending December 31, 2013.

Additionally, if needed, the stockholders may act upon any other matters that may properly come before the meeting (including a proposal to adjourn the meeting to solicit additional proxies) or any reconvened meeting after an adjournment or postponement of the meeting.

What are the Board's voting recommendations?

The persons named as proxies were designated by the Board. Any proxy given pursuant to this solicitation and received prior to the Annual Meeting will be voted as specified in the proxy card. If you return a properly executed proxy card but do not mark any voting selections, then your proxy will be voted as follows in accordance with the recommendations of the Board:

Proposal 1 **FOR** the election of the seven director nominees to the Board;

Edgar Filing: DYNEGY INC. - Form DEF 14A

Proposal 2 **FOR** approval of the compensation of Dynegy's named executive officers described in this proxy statement; and

Proposal 3 **FOR** ratification of the appointment of Ernst & Young LLP as our independent registered public accountants.

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to the rules adopted by the Securities and Exchange Commission, or SEC, we are providing electronic access to our proxy materials over the internet. Accordingly, we sent a Notice of Internet Availability of Proxy Materials, or Notice, to our stockholders of record and beneficial owners, which was first mailed on or about April 4, 2013. Instructions on how to access the proxy materials over the internet are included in the Notice.

Stockholders may also request via the internet to receive a printed set of the proxy materials at www.proxyvote.com, by sending an email to sendmaterial@proxyvote.com, or calling 1-800-579-1639. In addition, stockholders may request via the internet, telephone or by email to receive proxy materials in printed form on an ongoing basis.

Current and prospective investors can also access or order free copies of our Annual Report, proxy statement, Notice and other financial information through the Investor Relations section of our web site at www.dynegy.com, by calling 713-507-6400 or by writing to Investor Relations Department, Dynegy Inc., 601 Travis, Suite 1400, Houston, Texas 77002.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

View proxy materials for the Annual Meeting on the internet; and

Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our Annual Meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it. Internet/telephone voting for the Annual Meeting will close at 11:59 p.m., Eastern Time, on May 20, 2013.

Why did I only receive one set of materials when there is more than one stockholder at my address?

If two or more stockholders share one address, each such stockholder may not receive a separate copy of our Annual Report, proxy statement or Notice. Stockholders who do not receive a separate copy of our Annual Report, proxy statement or Notice and want to receive a separate copy may request to receive a separate copy of, or additional copies of, our Annual Report, proxy statement or Notice via the internet, email or telephone as outlined above. Stockholders who share an address and receive multiple copies of our Annual Report, proxy statement or Notice may also request to receive a single copy by following the instructions above.

What is the quorum requirement for the Annual Meeting?

With respect to each matter to be considered at the Annual Meeting, a majority of the outstanding shares of our common stock entitled to vote on each such matter, represented in person (through internet access) or by proxy, shall constitute a quorum for consideration of each such matter. Abstentions and broker non-votes shall be counted in determining the number of outstanding shares represented in person (through internet access) or by proxy for each matter.

Where is the Annual Meeting?

You are invited to attend the Annual Meeting online through the link www.virtualshareholdermeeting.com/DYN13. The 12-digit Control Number provided on your Notice or proxy card is necessary to access this site.

As of the record date, March 28, 2013, there were outstanding 99,999,196 shares of common stock.

What is the difference between holding shares as a stockholder of record and as a beneficial owner of shares held in street name?

Stockholder of Record. If your shares are registered in your name with our transfer agent, Computershare, you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by us.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If I am a stockholder of record of Dynegy's shares, how do I vote?

If you are a stockholder of record you may vote by proxy over the internet by following the instructions provided in the Notice, by telephone, or, if you received printed copies of the proxy materials, you may also vote by mail. You may also vote at the Annual Meeting through the link www.virtualshareholdermeeting.com/DYN13. The 12-digit Control Number provided on your Notice or proxy card is necessary to access this site. **Please vote as soon as possible.**

If I am a beneficial owner of shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, please refer to the Notice, proxy card, or voting information form forwarded to you by your broker or other nominee to see what voting options are available to you. **Please vote as soon as possible.**

What happens if I do not give specific voting instructions?

Stockholder of Record. If you are a stockholder of record and you:

indicate when voting on the internet or by telephone that you wish to vote as recommended by our Board; or

if you sign and return a proxy card without giving specific voting instructions,

then the proxy holders will vote your shares in the manner recommended by our Board on Proposals 1-3 in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owner of Shares Held in Street Name; "Broker Non-Votes." If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of the New York Stock Exchange, or NYSE, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform our Inspector of Election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to

as a "broker non-vote." When our Inspector of Election tabulates the votes for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present for that matter, but will not otherwise be counted. **For example, please note that brokers may not vote your shares on the election of directors or the proposal regarding named executive officer compensation in the absence of your specific instructions as to how to vote. Please provide your broker with voting instructions as soon as possible so that your vote can be counted.** We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the Notice.

Which ballot measures are considered "routine" or "non-routine"?

Proposal 3 (Ratification of Appointment of Independent Registered Public Accountants) involves a matter that we believe will be considered routine.

Proposal 1 (Election of Directors) and Proposal 2 (Approval of Compensation of our Named Executive Officers) involve matters that we believe will be considered non-routine.

How are abstentions and broker non-votes treated?

For the purpose of determining whether a quorum is present, abstentions and broker non-votes shall be counted in determining the number of outstanding shares represented in person (through internet access) or by proxy for each matter.

For each "non-routine" proposal, including whether the stockholders have elected the seven director nominees, broker non-votes are not counted. **Please note that brokers may no longer vote your shares on the election of directors or the proposal regarding named executive officer compensation in the absence of your specific instructions as to how to vote. Please provide your broker with voting instructions as soon as possible so that your vote can be counted.** You cannot abstain in the election of directors you can only vote FOR the director nominees or WITHHOLD VOTES for such nominees.

For each proposal other than the election of directors an abstention will have the same effect as a vote AGAINST such proposal.

What is the voting requirement to approve each of the proposals?

The following table sets forth the voting requirement with respect to each of the proposals:

Proposal 1	Election of seven directors to serve until the 2014 Annual Meeting of Stockholders	Seven persons have been nominated by the Board for election to serve as directors for one-year terms. The holders of our common stock are entitled to vote on the election of the directors. The directors are elected by a plurality of the shares of common stock represented in person (through internet access) or by proxy and entitled to vote on the election of directors, subject to our majority voting policy discussed below. This means that the seven individuals nominated for election to the Board who receive the most FOR votes among votes properly cast in person (through internet access) or by proxy will be elected. Each holder of our common stock is entitled to one vote for each share held and does not have cumulative voting rights.
------------	--	--

Only FOR or WITHHELD votes are counted in determining whether a plurality has been cast in favor of a director nominee. You cannot abstain in the election of directors and broker non-votes are not counted. A WITHHELD vote will have the same effect as a vote AGAINST the election of a director nominee under our majority voting policy, which is described below.

Majority voting policy: In an uncontested election, any director nominee who receives a greater number of votes WITHHELD for his or her election than votes FOR such election must offer his or her resignation to the Board promptly following certification of the stockholder vote. The Corporate Governance and Nominating Committee, or Nominating Committee, is required to recommend to the Board whether such offered resignation should be accepted or rejected. The Board will determine whether to accept or reject the resignation offer and will promptly disclose its decision-making process and decision regarding an offered resignation in a document furnished to or filed with the SEC. Please read our Amended and Restated Corporate Governance Guidelines posted in the "Corporate Governance" section of our web site at www.dynegy.com for more information regarding our majority voting policy.

|------------|---|---|
| Proposal 2 | Act upon a proposal to approve, on an advisory basis, the compensation of Dynegy's named executive officers as described in this proxy statement | The affirmative vote of a majority of the shares of common stock represented in person (through internet access) or by proxy at the meeting and entitled to vote is required to approve, on an advisory basis, the compensation of Dynegy's named executive officers. Each holder of our common stock is entitled to one vote for each share held. Abstentions will have the same effect as a vote AGAINST this proposal. Broker non-votes are not counted. |
| Proposal 3 | Ratification of the appointment of Ernst & Young LLP as Dynegy's independent registered public accountants for the fiscal year ending December 31, 2013 | The affirmative vote of a majority of the shares of common stock represented in person (through internet access) or by proxy at the meeting and entitled to vote is required to ratify the choice of independent registered public accountants. Each holder of our common stock is entitled to one vote for each share held. Abstentions will have the same effect as a vote AGAINST this proposal. |

May I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting by:

Executing and submitting a revised proxy (including a telephone or internet vote, which must be received by 11:59 p.m., Eastern Time, on May 20, 2013);

Sending written notice of revocation to our Corporate Secretary at the address provided below (which must be received by 11:59 p.m., Eastern Time, on May 20, 2013); or

Voting at the Annual Meeting through the link www.virtualshareholdermeeting.com/DYN13. The 12-digit Control Number provided on your Notice or proxy card is necessary to access this site.

In the absence of a revocation, shares represented by proxies will be voted at the Annual Meeting.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Dynegy or to third parties, except:

As necessary to meet applicable legal requirements;

To allow for the tabulation and certification of votes; and

To facilitate a proxy solicitation.

Who is paying the cost of this proxy solicitation?

We will bear the cost of soliciting proxies. Proxies may be solicited by mail or facsimile, or by our directors, officers or employees, without extra compensation, in person or by telephone. We have retained Morrow & Co., LLC to assist in the solicitation of proxies for a fee of approximately \$9,000 plus out-of-pocket expenses and telephone solicitation expenses. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding solicitation material to the beneficial owners of our common stock.

What if I have questions about the proposals?

Questions concerning the proposals to be acted upon at the Annual Meeting should be directed to:

CORPORATE GOVERNANCE

Emergence from Bankruptcy; Reconstituted Board of Directors

On November 7, 2011, Dynegy Holdings, LLC ("DH"), our former wholly-owned subsidiary, and four of its wholly-owned subsidiaries filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Southern District of New York, Poughkeepsie Division (the "Bankruptcy Court"). On July 6, 2012, we filed a voluntary petition for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court. On September 10, 2012, the Bankruptcy Court entered an order confirming the terms of the Joint Chapter 11 Plan of Reorganization (the "Plan of Reorganization") for DH and us. On September 30, 2012, pursuant to the terms of the Plan of Reorganization, DH merged with and into us, and we continued as the surviving legal entity. In addition, pursuant to the Plan of Reorganization, on September 30, 2012, Messrs. Thomas Elward, Michael Embler, Vincent Intriery, Samuel Merksamer and Felix Pardo departed from the Board. On October 1, 2012 (the "Effective Date"), we consummated our reorganization under Chapter 11 pursuant to the Plan of Reorganization and we exited bankruptcy.

On the Effective Date, pursuant to the Plan of Reorganization, our Board was reconstituted to consist of Messrs. Pat Wood III (Chairman), Paul M. Barbas, Robert C. Flexon, Richard L. Kuersteiner, Jeffrey S. Stein, John R. Sult and Ms. Hilary E. Ackermann. Further, in accordance with the Plan of Reorganization, our certificate of incorporation and bylaws were amended and restated in their entirety. Our Third Amended and Restated Certificate of Incorporation, or Certificate of Incorporation, and Fourth Amended and Restated Bylaws became effective on the Effective Date.

Governance Documents

The following governance documents are posted in the "Corporate Governance" section of our web site at www.dynegy.com and are available upon request to our Corporate Secretary:

Third Amended and Restated Certificate of Incorporation;

Fourth Amended and Restated Bylaws;

Corporate Governance Guidelines;

Code of Business Conduct and Ethics;

Code of Ethics for Senior Financial Professionals;

Related Party Transactions Policy;

Complaint and Reporting Procedures for Accounting and Auditing Matters (Whistleblower Policy);

Policy for Communications with Directors;

Audit Committee Charter;

Compensation and Human Resources Committee Charter;

Edgar Filing: DYNEGY INC. - Form DEF 14A

Corporate Governance and Nominating Committee Charter; and

Finance and Commercial Oversight Committee Charter.

Corporate Governance Guidelines

On October 30, 2012, the Board unanimously adopted amended and restated Corporate Governance Guidelines, which were developed and recommended by the Nominating Committee. Our Corporate

Edgar Filing: DYNEGY INC. - Form DEF 14A

Governance Guidelines govern the qualifications and conduct of the Board. The Corporate Governance Guidelines address, among other things:

The independence and other qualifications of our Board members, with respect to which we require that at least 75% of our Board members be independent of Dynegy and our management;

The requirement that any director nominee in an uncontested election who receives a greater number of votes "withheld" for his or her election than votes "for" such election must offer his or her resignation to the Board;

The separation of Chairman of the Board, or Chairman, and Chief Executive Officer positions;

The regular meetings of our non-employee and independent directors;

The nomination of persons for election to our Board;

The evaluation of performance of our Board and its committees;

Our expectation that our Board members will attend all annual stockholder meetings;

Compensation of our Board and stock ownership guidelines for non-employee directors;

The approval of the compensation of the Chief Executive Officer;

The review of development and succession plans for the Chief Executive Officer and other executive officers;

The review of performance-based compensation of our senior executives following a restatement that impacts the achievement of performance targets relating to that compensation; and

The Company's prohibition against directors and executive officers holding our securities in a margin account or pledging our securities, absent Company approval.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics applies to all of our directors, officers and employees. The key principles of this code include acting legally and ethically, notifying appropriate persons upon becoming aware of issues, obtaining confidential advice and dealing fairly with our stakeholders.

Code of Ethics for Senior Financial Professionals

Our Code of Ethics for Senior Financial Professionals applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and other designated senior financial professionals. The key principles of this code include acting legally and ethically, promoting honest business conduct and providing timely and meaningful financial disclosures to our stockholders.

Complaint and Reporting Procedures for Accounting and Auditing Matters

Our Complaint and Reporting Procedures for Accounting and Auditing Matters provide for (1) the receipt, retention and treatment of complaints, reports and concerns regarding accounting, internal accounting controls or auditing matters, and (2) the confidential, anonymous

Edgar Filing: DYNEGY INC. - Form DEF 14A

submission of complaints, reports and concerns by employees regarding questionable accounting or auditing matters, in each case relating to Dynegy. Complaints may be made through a toll-free "Integrity Helpline" telephone number, operated by an independent third-party, and a dedicated email address. Complaints received are logged by the Ethics and Compliance Office, communicated to the chairman of our Audit Committee and investigated, under the supervision of our Audit Committee, by our Internal Audit department or Ethics and Compliance Office. In accordance with applicable law, these procedures prohibit us from taking adverse action against any person submitting a good faith complaint, report or concern.

Policy for Communications with Directors

Our Policy for Communications with Directors provides a means for stockholders and other interested parties to communicate with the Board. Under this policy stockholders and other interested parties may communicate with the Board or specific members of the Board by sending a letter to Dynegy Inc., Communications with Directors, Attn: Corporate Secretary, 601 Travis, Suite 1400, Houston, Texas 77002.

Director Attendance at Annual Meetings

As detailed in our Corporate Governance Guidelines, Board members are requested and encouraged to attend the Annual Meeting. We did not hold an annual meeting in 2012, but expect that each of our Board members will attend the 2013 Annual Meeting.

Board Risk Oversight

The Board has ultimate responsibility for protecting stockholder value. Among other things, the Board is responsible for understanding the risks to which we are exposed, approving management's strategy to manage these risks, establishing policies that monitor and manage defined risks and measuring management's performance against the strategy. The Board's oversight responsibility for managing risk is detailed in our Risk Policy Statement.

The Risk Policy Statement provides a structure around risk and defines the risks that we accept in the normal course of business. The Risk Policy Statement, in some instances, requires that separate policy documentation be in place including Interest Rate Risk and Investment Policy, Disclosure Controls and Procedures Policy, Insurance Operational Risk Policy, Credit Risk Policy, Investment Policy (Employee Benefit Plans), and Commodity Risk Policy. Although not mandated by the Risk Policy Statement, our Delegation of Authority policy and the Code of Business Conduct and Ethics are complementary and critical to the risk management process. Our Executive Management Team is responsible for managing the above risks and reports on such matters to the applicable Board committees. Further, our Ethics and Compliance Office reports functionally to the Audit Committee Chairman and meets periodically with the Audit Committee. The Risk Policy Statement can be amended with the approval of our Audit Committee on behalf of the Board.

The Audit Committee oversees the risks associated with the integrity of our financial statements and our compliance with legal and regulatory requirements. In addition, the Audit Committee discusses policies with respect to risk assessment and risk management, including major financial risk exposure and the steps management has taken to monitor and control such exposures. The Audit Committee reviews with management, internal auditors, and external auditors the accounting policies, the system of internal controls over financial reporting and the quality and appropriateness of disclosure and content in the financial statements or other external financial communications. The Audit Committee also performs oversight of the business ethics and compliance program, reviews the programs and policies designed to assure compliance with our Code of Business Conduct and Ethics and applicable laws and regulations and monitors the results of the compliance efforts.

The Compensation and Human Resources Committee, or Human Resources Committee, oversees risks primarily associated with our ability to attract, motivate and retain quality talent, particularly executive talent, and disclosure of our executive compensation philosophies, strategies and activities. The Human Resources Committee conducted a risk assessment in 2013 to reaffirm that our short-term incentive programs, including specifically the lack of separate plans or incentives for individual functions, do not encourage excessive risk-taking. This involved a review of a set of risk assessment considerations related to our short-term and long-term incentive programs. The goal of this effort was to establish a formal process for assessing and monitoring risk related to our compensation programs and for reviewing certain policies to ensure that the appropriate controls exist to mitigate any identified risk. Following this review, the Human Resources Committee concluded that our short-term incentive programs collectively

foster cooperation and focus award opportunities on measures that are aligned with our business strategy and the interests of our stockholders and do not encourage excessive risk-taking and risk-taking behaviors.

The Nominating Committee oversees risks primarily associated with our ability to attract, motivate and retain quality directors, and our corporate governance programs and practices and our compliance therewith. Additionally, the Nominating Committee evaluates the performance of the Board, its committees and management annually and considers risk management effectiveness as part of their evaluation.

The Finance and Commercial Oversight Committee oversees risks primarily with respect to oversight of our capital structure, financing and treasury matters and oversight of management's process for the identification, evaluation and mitigation of our financial and commercial-related risks. Further, as part of their risk assessment responsibility, the Finance and Commercial Oversight Committee oversees our commodity risk monitored by our commodity risk control group and receives regular reporting regarding commodity risk management effectiveness.

The full Board oversees risks primarily associated with our commercial and operating performance and our environmental, health and safety performance. The full Board also receives quarterly updates from all Board committees, and they provide guidance to individual committee activities as appropriate.

Board Leadership Structure; Separation of Positions of Chairman and Chief Executive Officer

As discussed in our Corporate Governance Guidelines, the Board believes the position of Chairman should be held by a non-management director and not the Chief Executive Officer. Mr. Flexon, as President and Chief Executive Officer, is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while Mr. Wood, as Chairman, provides overall leadership to the Board in its oversight function.

Stock Ownership Guidelines

We have stock ownership guidelines for directors, members of the executive management team and other officers. We believe that a significant ownership stake by directors and officers leads to a stronger alignment of interests between directors, officers and stockholders. These guidelines, which were developed with the assistance of an independent compensation consultant, support our corporate governance focus and provide further alignment of interests among our directors and executive officers and stockholders.

Directors. Each non-employee director is expected to own a meaningful amount of Dynegy common stock; specifically, it is expected that within three years of joining the Board, a non-employee director shall own at least the number of shares equivalent to three times their annual cash retainer. For purposes of this guideline: (1) each share of common stock owned on any date (a "measuring date") by a director shall be deemed to have a value equal to the greater of (a) the trading price of a share of the Company's common stock as of the date the applicable share was granted to the director or (b) the trading price of a share of the Company's common stock as of the measuring date; and (2) shares owned outright, phantom stock units, shares or units of restricted stock and shares subject to deferred compensation shall be counted as shares of common stock owned by the director (with the value thereof determined in accordance with clause (1) above).

Officers. The shares counted for purposes of our officers' common stock ownership guidelines include shares owned outright, unvested restricted stock units, stock options, and other share-based

equivalents that we may use from time to time. The guidelines are expressed as a multiple of base salary and vary by level, as follows:

Chief Executive Officer	5 × annual base salary
Executive Vice President	3 × annual base salary
Vice President	1 × annual base salary

Upon our emergence from bankruptcy and pursuant to the Plan of Reorganization all outstanding equity awards of the Company as of the Effective Date were cancelled, as such the mandatory five-year compliance period would start on the Effective Date, and executives are encouraged to accumulate one-fifth of their holding requirement during each year of the five-year period. The Nominating Committee will monitor each executive's progress toward the required ownership level on an annual basis. At the end of the five-year period, if any executive fails to attain the required level of common stock ownership, action may be taken, in the discretion of the Nominating Committee considering all factors it deems relevant, including awarding annual incentive cash bonuses in the form of restricted shares or requiring an executive to refrain from disposing of any vested shares and shares realized from any option exercise.

Affirmative Determinations Regarding Director Independence and Other Matters

The Board previously determined that each of the following directors who served in 2012 since our emergence from bankruptcy are "independent" as such term is defined in the NYSE Listed Company Standards:

- Pat Wood III
- Hilary E. Ackermann
- Paul M. Barbas
- Richard L. Kuersteiner
- Jeffrey S. Stein
- John R. Sult

The Board has also determined that each member of the Audit Committee, the Human Resources Committee and the Nominating Committee meets the independence requirements applicable to those committees prescribed by the NYSE and the SEC. The Board has further determined that more than one of the members of the Audit Committee, including its current Chairman, Mr. Sult, are "audit committee financial experts" as such term is defined in Item 407(d) of the SEC's Regulation S-K.

The Nominating Committee reviewed the answers to annual questionnaires completed by the directors and nominees as well as the above-described legal standards for Board and committee member independence and the criteria applied to determine "audit committee financial expert" status. On the basis of this review, the Nominating Committee made its recommendation to the full Board and the Board made its independence and "audit committee financial expert" determinations after consideration of the Nominating Committee's recommendation and a review of the materials made available to the Nominating Committee.

Director Nomination Process and Qualification Review of Director Nominees

Process. Our director nominees are approved by the Board after considering the recommendation of the Nominating Committee. A copy of the Nominating Committee's charter is available in the "Corporate Governance" section of our web site at www.dynegy.com.

Our Certificate of Incorporation provides that the number of our directors shall be fixed from time to time exclusively by our Board. The Board has fixed the number of our directors currently at seven, subject to adjustment by the Board in accordance with our Certificate of Incorporation.

The Nominating Committee reviews annually the composition of the Board as a whole and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent directors required by applicable laws and regulations. The Nominating Committee is responsible for ensuring that the composition of the Board accurately reflects the needs of our business and, in furtherance of this goal, proposing the nomination of directors for purposes of obtaining the appropriate members and skills. The Nominating Committee identifies nominees in various ways. The committee considers the current directors that have expressed an interest in and that continue to satisfy the criteria for serving on the Board as set forth in our Corporate Governance Guidelines. Other nominees that may be proposed by current directors, members of management or by stockholders are also considered. From time to time, the committee engages a professional firm to identify and evaluate potential director nominees.

Qualifications. All director nominees, whether proposed by a stockholder or otherwise, are evaluated in accordance with the qualifications set forth in our Corporate Governance Guidelines. These guidelines require that directors possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of our stockholders at large. They must also have an inquisitive and objective perspective, practical wisdom, mature judgment and sufficient personal resources such that any director compensation to be received from Dynegy would not be sufficiently meaningful to impact their judgment in reviewing matters coming before the Board. Finally, they must be able to work compatibly with the other members of the Board and otherwise have the experience and skills necessary to enable them to serve as productive members of the Board. Directors also must be willing to devote sufficient time to carrying out their fiduciary duties and other responsibilities effectively and should be committed to serve on the Board for an extended period of time. For additional information, please read our Corporate Governance Guidelines.

In connection with the director nominations for the 2013 Annual Meeting, the Nominating Committee also considered the nominees' (1) experience in the energy industry and understanding of the energy and commodity markets, (2) experience in finance and commercial risk management, (3) publicly traded company and board experience, (4) knowledge in the areas of laws and regulations related to environmental, health, safety, regulatory and other key industry issues, (5) strategic planning skills, (6) knowledge of corporate governance issues coupled with an appreciation of their practical application, and (7) accounting expertise, including audit, internal controls and risk management.

Each nominee brings a strong and unique background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas, including energy, wholesale power generation and marketing, commodities, risk management, strategic planning, legal, corporate governance and board service, executive management, regulatory and policy development, accounting and finance, operations, and economics. For information concerning each director's various qualifications, attributes, skills and experience of our director nominees considered important by the Board in determining that such nominee should serve as a director as well as each nominee's principal occupation, directorships and additional biographical information, please see "Proposal 1 Election Of Directors Information on Director Nominees."

Diversity. The Board does not have a formal policy with respect to Board nominee diversity. In recommending proposed nominees to the full Board, the Nominating Committee is charged with building and maintaining a board that has an ideal mix of talent and experience to achieve our business objectives in the current environment. In particular, the Nominating Committee is focused on relevant subject matter expertise, depth of knowledge in key areas that are important to us, and diversity of thought, background, perspective and experience so as to facilitate robust debate and broad thinking on strategies and tactics pursued by us.

Edgar Filing: DYNEGY INC. - Form DEF 14A

Future director nominations. For purposes of the 2014 Annual Meeting, the Nominating Committee will consider any director nominations from a stockholder received by the Corporate Secretary by the close of business on February 20, 2014, but not before the close of business on January 21, 2014. See "Future Stockholder Proposals" below for more information. Any such nomination must be accompanied in writing by all information relating to such person that is required under the federal securities laws, including such person's written consent to be named in the proxy statement as a nominee and to serve as a director if elected. The nominating stockholder must also submit its name and address, as well as that of the beneficial owner if applicable, and the number of shares of our common stock that are owned beneficially and of record by such stockholder and such beneficial owner. Finally, the nominating stockholder must discuss the nominee's qualifications to serve as a director as described in our Corporate Governance Guidelines.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Directors

Seven directors are to be elected at the Annual Meeting by the holders of common stock to each serve a one-year term. The directors are elected by a plurality of the shares of common stock represented in person (through internet access) or by proxy and entitled to vote on the election of directors, subject to our majority voting policy discussed below. This means that the seven individuals nominated for election to the Board as directors who receive the most **FOR** votes among votes properly cast in person (through internet access) or by proxy will be elected. Only **FOR** or **WITHHELD** votes are counted in determining whether a plurality has been cast in favor of a director nominee. Under our Certificate of Incorporation, stockholders do not have cumulative voting rights. If you withhold authority to vote with respect to the election of some or all of the director nominees, your shares will not be voted with respect to those nominees indicated. Under our majority voting policy, in an uncontested election, any director nominee who receives a greater number of votes **WITHHELD** for his or her election than votes **FOR** such election must offer his or her resignation to the Board promptly following certification of the stockholder vote. Broker non-votes are not counted for purposes of election of directors. You cannot abstain in the election of directors.

Unless you withhold authority to vote or instruct otherwise, a properly executed proxy will be voted **FOR** the election of the nominees listed below as the proxies may determine. Although the Board does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons appointed as proxies will vote for the election of such other persons that may be nominated by the Board.

Committees

Committee Composition. The current members of each of the committees of the Board, as well as the current Chairman of each of the committees of the Board, are identified in the following paragraphs.

Audit Committee. The Audit Committee, which is comprised of Messrs. Sult (Chairman) and Barbas and Ms. Ackermann, met a total of four times from October 1, 2012 through December 31, 2012. Each member of the Audit Committee is independent as defined in the NYSE Listed Company Manual. The Audit Committee assists the Board in its oversight of: the integrity of our financial statements; our compliance with legal and regulatory requirements and our Code of Business Conduct and Ethics; the evaluation, appointment and retention of our independent auditor, including a review of their qualifications, independence and performance; the performance of our internal audit function; the performance of our business ethics and compliance function; and enterprise risk management process, policies and procedures.

Compensation and Human Resources Committee. The Human Resources Committee, which is comprised of Messrs. Barbas (Chairman), Kuersteiner and Stein, met a total of two times from October 1, 2012 through December 31, 2012. Each member of the Human Resources Committee is independent as defined in the NYSE Listed Company Standards. The purpose of the Human Resources Committee is to assist our Board in fulfilling the Board's oversight responsibilities on matters relating to executive compensation, oversee our overall compensation strategy and our equity-based compensation plans, prepare the annual Compensation and Human Resources Committee report required by the rules of the SEC and review and discuss with our management the Compensation Discussion and Analysis to be included in our annual proxy statement to stockholders. The Human Resources Committee does not assist the Board with respect to director compensation, which is the responsibility of the Nominating Committee.

Edgar Filing: DYNEGY INC. - Form DEF 14A

For more information regarding the role and scope of authority of the Human Resources Committee in determining executive compensation, please read "Compensation Discussion and Analysis" below.

The Human Resources Committee may delegate specific responsibilities to one or more subcommittees to the extent permitted by law, NYSE listing standards and our governing documents. The Human Resources Committee has retained Meridian Compensation Partners, LLC, or Meridian, as its independent compensation consultant. Meridian reports directly to the Committee. For a discussion of the role of the independent compensation consultant retained by the Human Resources Committee in recommending executive compensation and the participation of our Chief Executive Officer in the review of the compensation of other executives that report to the Chief Executive Officer, please read "Compensation Discussion and Analysis" below.

Corporate Governance and Nominating Committee. The Nominating Committee, which is comprised of Messrs. Kuersteiner (Chairman), Stein and Wood, met a total of two times from October 1, 2012 through December 31, 2012. Each member of the Nominating Committee is independent as defined in the NYSE Listed Company Standards. The Nominating Committee is responsible for identifying director nominees, assisting the Board with respect to director compensation, developing and reviewing our Corporate Governance Guidelines, succession planning and overseeing the evaluation of the Board and management.

Finance and Commercial Oversight Committee. The Finance and Commercial Oversight Committee, which is comprised of Ms. Ackermann (Chairman) and Messrs. Stein and Sult, met a total of two times from October 1, 2012 through December 31, 2012. The Finance and Commercial Oversight Committee is responsible for oversight of the Company's capital structure, financing and treasury matters and oversight of management's process for the identification, evaluation and mitigation of financial and commercial-related risks to the Company.

DIRECTOR COMPENSATION

Director Compensation for 2012

Compensation from January 1, 2012 - September 30, 2012.

Under the Dynegy Inc. Deferred Compensation Plan for Certain Directors, or Directors Deferred Compensation Plan, non-employee directors received annual phantom stock grants with an aggregate value of \$70,000, awarded quarterly (assumes the director is a director on the last day of the quarter) in arrears based on the closing price of our common stock on the last trading day of the quarter. Since the amounts of phantom stock granted are unfunded, directors did not actually receive shares of our common stock. We established a trust to provide an informal funding vehicle for the obligations under the plan to our directors. The assets of the trust, commonly referred to as a rabbi trust, are subject to the claims of creditors in the event of insolvency, so the plan was considered unfunded for tax purposes. We contributed cash in amounts equal to the compensation that was deferred by us for the directors, which was then invested generally by the administrator of the trust in a fund of our common stock. However, effective as of November 7, 2011 in connection with certain of our subsidiaries' voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code, to comply with Section 409A(b)(3) of the Internal Revenue Code of 1986, as amended, or the Code, amounts were not contributed to the trust or otherwise set aside to fund the plan. Upon termination of service as a director, the shares of phantom stock become payable, based on an election previously made by the director, in a lump sum payment or in monthly, quarterly or annual installment payments following such termination. The shares of phantom stock are payable in cash or in shares of common stock, based upon a one-time election of the director. Pursuant to the Plan of Reorganization, on September 30, 2012, Messrs. Elward, Emblar, Intrieri, Merksamer and Pardo departed from the Board and received cash payments for their phantom stock. Please read Director Compensation for 2012-Compensation from January 1, 2012 - September 30, 2012 Note 1 below for actual amounts distributed under the Directors Deferred Compensation Plan.

In addition to the phantom stock grants, the non-employee directors received the following compensation, which was payable in cash and could have been deferred under the Directors Deferred Compensation Plan, in whole or in part, and invested in one or more investment options at a particular director's election:

Board Annual Retainer
(paid in cash)

\$50,000; paid in quarterly installments.

Meeting Fees

\$2,000; for each board meeting attended.

\$1,000; for each Audit, Nominating and Human Resources committee meeting attended.

\$1,500; for each Finance and Restructuring committee meeting attended.

Committee Annual
Retainers (paid in
cash)

Chair (paid in quarterly installments)

Members (paid in quarterly installments)

Audit = \$20,000

Audit = \$5,000

Human Resources = \$10,000

Human Resources = \$2,500

Nominating = \$10,000

Non-Executive
Chairman Annual
Retainer

\$30,000; paid in quarterly installments.

Other

Reimbursement for reasonable out-of-pocket expenses incurred in connection with travel to and from, and attendance at, meetings of the Board or its committees and related activities, including director education courses and materials.

The following table sets forth certain information regarding the compensation earned by or awarded to each non-employee director who served on our Board from January 1, 2012 to September 30, 2012. Directors who were also employees of Dynegy were not compensated for their services as directors.

Name	Fees Earned or Paid in Cash	Stock Awards ⁽¹⁾	Option Award ⁽²⁾	Change in Pension Value and Non-Equity ⁽³⁾ Nonqualified Incentive Plan Compensation		All Other Compensation	Total
				Earnings	Deferred		
Thomas W. Elward ⁽³⁾	\$ 107,500	\$ 52,500	\$	\$	\$	\$	\$ 160,000
Michael J. Embler	\$ 88,750	\$ 52,500	\$	\$	\$	\$	\$ 141,250
Vincent J. Intrieri	\$ 73,375	\$ 52,500	\$	\$	\$	\$	\$ 125,875
Samuel Merksamer	\$ 69,500	\$ 52,500	\$	\$	\$	\$	\$ 122,000
Felix Pardo	\$ 94,375	\$ 52,500	\$	\$	\$	\$	\$ 146,875

- (1) Directors received annual phantom stock grants pursuant to the Directors Deferred Compensation Plan. The values shown under "Stock Awards" reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Upon termination of service as a director, the shares become payable, based on the director's one-time election, in cash or common stock. Pursuant to the Plan of Reorganization, on September 30, 2012, Messrs. Elward, Embler, Intrieri, Merksamer and Pardo departed from the Board. Upon resignation the directors received distributions from the Directors Deferred Compensation Plan in the following amounts: Mr. Elward \$49,365; Messrs. Intrieri and Merksamer \$46,896; and Messrs. Embler and Pardo \$45,730.
- (2) The "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column represents dividends/capital gains/losses or unrealized gains/losses on deferrals of fees and stock awards under the Directors Deferred Compensation Plan, which includes investments in common stock and various investment funds. As of September 30, 2012, each of the directors had cumulative losses on all prior deferrals of fees in the following amounts: Mr. Elward \$(31,196), Messrs. Intrieri and Merksamer \$(33,664); and Messrs. Embler and Pardo \$(26,326).
- (3) Mr. Elward served as non-executive Chairman of the Board until his resignation on September 30, 2012.

Compensation from October 1, 2012 - December 31, 2012.

On October 29, 2012, the newly constituted Nominating Committee met with the Board's independent compensation consultant, Meridian, to review the competitiveness of the compensation program for our non-employee directors. The results of such review, which included an analysis that compared our current director compensation program to those at a selected industry peer group, as well as a broader industry comparator group, were presented to the committee. The Nominating Committee determined that certain changes to Dynegy's program were appropriate based upon the Nominating Committee's desire to simplify and align compensation with prevailing market practices. On October 30, 2012, upon recommendation by the Nominating Committee, the Board approved the compensation to be earned by each non-employee director who serves on the Board, effective as of October 1, 2012.

Certain Transactions and Other Matters

For a description of certain transactions with management and others, certain business relationships and compliance with Section 16(a) of the Exchange Act, see "Executive Compensation Potential Payments Upon Termination or Change in Control," "Transactions with Related Persons, Promoters and Certain Control Persons" and "Section 16(a) Beneficial Ownership Reporting Compliance."

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information as of March 28, 2013 regarding the beneficial ownership of our common stock by: (1) each of our current directors; (2) each of our current executive officers (other than Henry D. Jones, who commenced employment on April 1, 2013); (3) all of our directors and executive officers as a group; and (4) each person or entity we know to beneficially own more than 5% of our outstanding shares of common stock.

Beneficial ownership for the purposes of this table is determined in accordance with the rules and regulations of the SEC. Under such rules, beneficial ownership includes any shares as to which a person has sole or shared voting power or investment power and any shares which the person has the right to acquire within 60 days of March 28, 2013 through the exercise of any option, warrant or right, regardless of whether such arrangement is currently in the money, through conversion of any security or pursuant to the automatic termination of a power of attorney or revocation of a trust, discretionary account or similar arrangement. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Percentage of beneficial ownership is based on 99,999,196 shares of common stock outstanding as of March 28, 2013. Except as disclosed in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder.

All percentages and share amounts are approximate based on current information available to us. The information available to us may be incomplete.

Unless otherwise noted, the address for each person listed on the table is c/o Dynegy Inc., 601 Travis, Suite 1400, Houston, Texas 77002. The address for Franklin Advisers, Inc. is One Franklin Parkway, San Mateo, California 94403.

- (2) These shares include 1,544,050 shares issuable on the exercise of our warrants. Notwithstanding the foregoing, a holder may not exercise any Warrant if it would cause such holder's beneficial ownership of our common stock and any other of our equity securities on parity (with respect to dividends) with such common stock (when aggregated with that of any of the holder's affiliates) to require the prior permission (including the expiration of applicable waiting periods) of any governmental or regulatory authority applicable to us, unless we and such holder have made all filings and registrations with, and obtained such permission (including the expiration of any such waiting periods) from, any such governmental and regulatory authorities, as are necessary or advisable.
- FAV, an indirectly wholly owned subsidiary of Franklin Resources, Inc. ("FRI"), is the beneficial owner of these shares for purposes of Rule 13d-3 under the Exchange Act in its capacity as the investment adviser to various investment companies registered under Section 8 of the Investment Company Act of 1940 and other accounts. When an investment management contract (including a sub-advisory agreement) delegates to FAV investment discretion or voting power over the securities held in the investment advisory accounts that are subject to that agreement, FRI treats FAV as having sole investment discretion or voting authority, as the case may be, unless the agreement specifies otherwise. Accordingly, FAV reports for purposes of Section 13(d) of the Exchange Act that it has sole investment discretion and voting authority over the securities covered by any such investment management agreement, unless otherwise specifically noted.

The executive officers named above will serve in such capacities until the next annual meeting of our Board, or until their respective successors have been duly elected and qualified, or until their earlier death, resignation, disqualification or removal from office.

Robert C. Flexon has served as our President and Chief Executive Officer since July 2011 and a director of Dynergy since June 2011. Prior to joining Dynergy, Mr. Flexon served as the Chief Financial Officer of UGI Corporation, a distributor and marketer of energy products and related services since February 2011. Mr. Flexon was the Chief Executive Officer of Foster Wheeler AG from June 2010 until October 2010 and the President and Chief Executive Officer of Foster Wheeler USA from November 2009 until May 2010. Prior to joining Foster Wheeler, Mr. Flexon was Executive Vice President and Chief Financial Officer of NRG Energy, Inc. from February 2009 until November 2009. Mr. Flexon previously served as Executive Vice President and Chief Operating Officer of NRG Energy from March 2008 until February 2009 and as its Executive Vice President and Chief Financial Officer from 2004 to 2008. Prior to joining NRG Energy, Mr. Flexon held executive positions with Hercules, Inc. and various key positions, including General Auditor, with Atlantic Richfield Company. Mr. Flexon served on the board of directors of Foster Wheeler from 2006 until 2009 and from May 2010 until October 2010.

Clint C. Freeland has served as Executive Vice President and Chief Financial Officer since July 2011. Mr. Freeland is responsible for our financial affairs, including finance and accounting, treasury, tax and banking and credit agency relationships. Prior to joining Dynergy, Mr. Freeland served as Senior Vice President, Strategy & Financial Structure of NRG Energy, Inc. since February 2009. Mr. Freeland served as NRG's Senior Vice President and Chief Financial Officer from February 2008 to February 2009 and its Vice President and Treasurer from April 2006 to February 2008. Prior to joining NRG, Mr. Freeland held various key financial roles within the energy sector.

Carolyn J. Burke has served as Executive Vice President and Chief Administrative Officer since August 2011. Ms. Burke is responsible for managing key corporate functions including information technology, human resources, investor relations and communications. In addition, Ms. Burke oversees our performance improvement initiative known as "PRIDE." Prior to joining Dynergy, Ms. Burke served as Global Controller for J.P. Morgan's Global Commodities business since March 2008. Ms. Burke served as NRG Energy Inc.'s Vice President and Corporate Controller from September 2006 to March 2008 and its Executive Director of Planning and Analysis from April 2004 to September 2006. Prior to joining NRG, Ms. Burke held various key financial roles at Yale University, the University of Pennsylvania and at Atlantic Richfield Company (now British Petroleum).

Catherine B. Callaway has served as Executive Vice President, General Counsel and Chief Compliance Officer since September 2011. Ms. Callaway is responsible for managing all legal affairs, including legal

services supporting Dynegy's operational, commercial and corporate areas, as well as ethics and compliance. Prior to joining Dynegy, Ms. Callaway served as General Counsel for NRG Gulf Coast and Reliant Energy since August 2011. Ms. Callaway served as General Counsel for NRG Texas and Reliant Energy from August 2010 to August 2011 and as General Counsel for NRG Texas from November 2007 to August 2010. Prior to joining NRG Energy, Inc., Ms. Callaway held various key legal roles at Calpine Corporation, Reliant Energy, The Coastal Corporation and Chevron.

Henry D. Jones has served as Executive Vice President and Chief Commercial Officer since April 1, 2013. Mr. Jones is responsible for Dynegy's commercial and asset management functions for its power generation business. In addition, Mr. Jones leads a team that develops and executes both hedging and term contracting options for the entire fleet. Prior to joining Dynegy, Mr. Jones served as Managing Director, North American Power and Gas Sales, and Origination at Deutsche Bank since May 2010, and managed Deutsche Bank's North American Power and Gas trading activity since August 2012. Prior to joining Deutsche Bank, Mr. Jones was the Chief Operating Officer and Head of Trading at EDF Trading North America from August 2009 to February 2010, Head of Electricity Trading at EDF Trading Markets Limited from August 2008 to July 2009, and Director of Renewable Fuels Trading from July 2007 to July 2008. Mr. Jones was an investor, co-founder and chairman of Renewable Fuel Supply Limited from December 2003 to July 2007. Prior to 2003, Mr. Jones served in a variety of commercial positions with several domestic and international energy companies, including AEP Energy Services Ltd. and Duke Energy Corporation.

Mario E. Alonso has served as our Vice President, Strategic Development since June 2012 and is a member of Dynegy's Executive Management Team. Mr. Alonso is responsible for leading the Company's strategic planning and corporate development activities. Mr. Alonso most recently served as Vice President and Treasurer from July 2011 to June 2012. He previously served as Vice President Strategic Planning from December 2008 to July 2011 and as Managing Director Strategic Planning from June 2007 to December 2008. Prior to June 2007, Mr. Alonso served in various roles within the Company's Strategic Planning and Treasury Departments. Prior to joining Dynegy in 2001, Mr. Alonso was with Enron Corporation.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion should be read together with the compensation tables and disclosures for our Named Executive Officers included under "Executive Compensation." The following discussion contains statements regarding future company performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be considered as statements of our expectations or estimates of results or other guidance; to that end, these targets and goals will not be subject to updating.

For the majority of the year (January through September 2012), the board members serving on the Human Resources Committee were Messrs. Emblar (Chair), Intrieri and Pardo, or the Pre-Emergence Human Resources Committee. The Pre-Emergence Human Resources Committee was responsible for certain decisions regarding the 2012 compensation for our Named Executive Officers, including the design of the short-term incentive plan for 2012 (including selection and weighting of performance metrics and goal levels) and the design of the Long-Term Incentive Program Cash.

In connection with the completion of our Chapter 11 reorganization and emergence from bankruptcy on October 1, 2012, a new board was appointed and Messrs. Barbas (Chair), Kuersteiner and Stein were named as the Human Resources Committee members, replacing all of the members of the Pre-Emergence Human Resources Committee. This new Committee, or the Post-Emergence Human Resources Committee, has been responsible for oversight of our executive compensation programs since that date (the Pre-Emergence Human Resources Committee together with the Post-Emergence Human Resources Committee, the "Human Resources Committee"). Specific compensation decisions made by the Post-Emergence Human Resources Committee included the certification and approval of awards earned pursuant to both the Long-Term Incentive Program Cash and the short-term incentive plan for 2012. In addition, the Post-Emergence Human Resources Committee began to assess the compensation programs provided to our Named Executive Officers and other key employees. This assessment process will continue into 2013 and beyond, and will focus on maintaining compensation programs and practices that are consistent with the compensation philosophy (as described in this Compensation Discussion and Analysis), support the execution of the Company's business strategy, and acknowledge evolving competitive practices and corporate governance standards.

This Compensation Discussion and Analysis relates primarily to compensation decisions affecting 2012 compensation for our Named Executive Officers. We have also provided discussion of compensation decisions made in early 2013. For purposes of the 2012 Compensation Discussion and Analysis, our Named Executive Officers are anyone who served in 2012 as our Chief Executive Officer or Chief Financial Officer and the three other most highly compensated executive officers who were serving as executives at the end of 2012. These individuals are collectively referred to as our Named Executive Officers, and are identified below:

Mr. Flexon President and Chief Executive Officer;

Mr. Freeland Executive Vice President and Chief Financial Officer;

Mr. Howell Executive Vice President and Chief Operating Officer;

Ms. Burke Executive Vice President and Chief Administrative Officer; and

Ms. Callaway Executive Vice President, General Counsel and Chief Compliance Officer.

Executive Summary

2012 Business Overview

In 2012, we experienced an unprecedented year with respect to development and execution of our reorganization and restructuring plans that the former Board and current management believed to be in the best interests of our stockholders.

Edgar Filing: DYNEGY INC. - Form DEF 14A

Our management team, in conjunction with the post restructuring and newly appointed Board, continued to work on enhancing Dynegy's financial health by (1) further strengthening the balance sheet; (2) improving operating margins, while reducing fixed costs; and (3) successfully operating and commercializing our assets.

We successfully completed Dynegy Inc.'s Chapter 11 reorganization and emerged from bankruptcy on October 1, 2012, reducing debt by over \$4 billion and significantly improving our credit profile with a balance sheet designed for a low commodity price environment.

We successfully completed the required environmental investment to comply with our obligations under the Illinois Consent Decree.

Successfully completed the auction process for the Roseton and Danskammer power generation facilities, with an expected combined cash purchase price of \$23 million and the assumption of certain liabilities. These transactions are expected to close in 2013.

We repaid \$325 million of term loans which in turn will reduce annualized cash interest payments by about \$30 million.

Our continuous improvement program, Producing Results through Innovation by Dynegy Employees, or PRIDE, resulted in a decrease in fixed cash costs for 2013 that are expected to be more than \$100 million below the 2010 baseline and improved balance sheet liquidity by over \$500 million as compared to 2010.

Key Features of Our Compensation Program

We provide a compensation structure that includes a competitive base salary and performance based short-term and long-term incentive awards that are aligned with stockholder interests.

The Post-Emergence Human Resources Committee terminated the Excise Tax Reimbursement Policy, including excise tax gross-ups, as part of its ongoing assessment of our executive compensation programs and practices.

Following completion of its annual incentive risk assessment, the Post-Emergence Human Resources Committee believes that the structure and design of our compensation programs, as well as the approach used in the selection of performance metrics and targets, are not reasonably likely to result in excessive risk-taking that could have a material adverse effect on us.

Other than reimbursement for relocation expenses and financial planning and tax advice, our Named Executive Officers do not receive any material perquisites.

We do not offer supplemental executive retirement plan benefits.

We have a mechanism to claw back any compensation awards if a restatement of our financial results occurs and there is a determination that awards based upon financial metrics would have been impacted.

Our Change in Control cash severance benefits are subject to "double trigger" provisions which require both the occurrence of a change in control event and involuntary termination of the Named Executive Officer.

Edgar Filing: DYNEGY INC. - Form DEF 14A

We continue to move towards a compensation mix that is weighted towards variable compensation (annual and long-term incentives), where actual amounts earned may differ from targeted amounts based on Company and individual performance. Each Named Executive Officer has a target total compensation opportunity that is assessed annually by the Human Resources Committee to ensure alignment with the overall compensation objectives. As the chart below illustrates, following the

Edgar Filing: DYNEGY INC. - Form DEF 14A

decisions made in March 2013, 87% of the aggregate compensation for our CEO, CFO, GC and CAO is at risk, including performance based annual and long-term incentive awards.

CEO, CFO, GC and CAO

Compensation Philosophy and Program Objectives

Executive Compensation Philosophy

Our executive compensation program, administered by the Human Resources Committee, is primarily designed to attract, motivate and retain a highly qualified executive management team capable of effectively managing our business. Our executive compensation program reflects a fundamental belief that rewards should be competitive, both in elements and amount, with the broad labor market in which we compete for executive talent and commensurate with corporate and individual performance.

The Human Resources Committee reviews and updates, where appropriate, our compensation philosophy for consistency with our near-term and long-term business strategy. Our "Compensation Guiding Principles," which are listed below, serve to formalize and document our compensation philosophy. In addition, these principles provide a foundation for certain compensation decisions, as well as a common language for communicating those decisions to executives, employees and stockholders. These "Compensation Guiding Principles" are as follows:

Our compensation strategy is based on our purpose, core values and business strategy;

Our total compensation for each individual should provide reasonable upside potential for exceptional performance, as well as risk of no payment, with respect to incentive compensation when performance objectives are not achieved;

Our compensation programs should allow for differential pay levels based on both corporate and individual performance;

Our compensation elements base pay, short-term incentives and long-term incentives should complement and not conflict with each other;

Our variable pay programs should be designed as forward-looking incentives that reflect individual and corporate performance during the year under review;

Our long-term incentives should encourage share price improvement and a strong link to stockholder interests;

Our compensation programs should be designed and administered to maximize stockholder value; and

Our overall compensation strategy should recognize that attraction and retention of key talent is critical to the attainment of our stated business goals and objectives and to the creation of value for our stockholders.

Executive Compensation Program Objectives

Consistent with the stated purpose and the Compensation Guiding Principles listed above, the structure of our compensation program reflects the following key objectives: (1) Pay for Performance; (2) Market Competitiveness; and (3) Alignment with Stockholder Value.

Pay for Performance. We believe the variable components of compensation should not be viewed as entitlements, but rather should be awarded for delivering results relative to pre-determined business goals and objectives and for successfully executing our business strategy to create long-term value for our stockholders. The former members of the Board and the Pre-Emergence Human Resources Committee reviewed and approved objectives at the start of the 2012 calendar year to be used by executive management and the Board in assessing our 2012 annual performance.

2012 Critical Success Factors. Our performance objectives for 2012 were focused on financial performance, operational excellence, commercial execution, and disciplined corporate activities in support of our reorganization and restructuring efforts. These critical success factors were each weighted, with financial performance being weighted most heavily, and included a number of supporting objectives and metrics that were used to measure performance throughout the year. Additionally, the Pre-Emergence Human Resources Committee formally established a financial performance requirement for the Short-Term Incentive Program. This separate performance target, which we refer to as a "gate," must be met before any funding occurs for our short-term incentive award program. We believe this gate provides another method to foster the alignment of executive interests with investor interests and our annual performance goals and objectives. For 2012, the Pre-Emergence Human Resources Committee set achieving positive operating cash flow as the performance measure for the gate. Performance below this minimum level would result in the short-term incentive award program not being funded for the year, regardless of performance on the four critical success factors.

2012 Critical Success Factors	Weighting
Operational Excellence	20%
Commercial Execution	20%
Disciplined Corporate Support Activities	20%
Financial Performance	40%

The first two critical success factors, "operational excellence" and "commercial execution," represent our focus on efficient operating practices that achieve safety, environmental and reliability targets, complemented by commercial and asset management strategies focused on protecting and maximizing the value of our assets that provide near-term stability and preserve long-term flexibility. The third category, "disciplined corporate support activities," primarily represents the internal efforts related to identifying sustainable fixed cash cost reductions and developing operating margin improvement opportunities across the organization and operations, as well as the successful execution of our comprehensive restructuring. This category also includes internal efforts related to establishing effective internal controls and our focus on establishing a culture that is aligned with our purpose and core values. The final category represents our effort to meet or exceed financial performance targets as measured by Adjusted EBITDA(1), operating cash flow, and actions that increase our liquidity. These performance measures reflect the critical steps that we identified as necessary to restore Dynegy's financial health and improve long-term stockholder value.

(1) Adjusted EBITDA is defined as EBITDA adjusted to exclude (i) gains or losses on the sale of assets, (ii) the impacts of mark-to-market changes on economic hedges related to our generation portfolio, (iii) the impact of impairment charges and certain other costs such as those associated with the reorganization, including those charges and costs embedded in losses from unconsolidated investments on our consolidated statements of operations, (iv) amortization of intangible assets related to the Sithe acquisition, and (v) income or expense on up front premiums received or paid for financial options in periods other than the strike periods.

These four critical success factors were used to assess the organization and the collective performance of our Named Executive Officers for the year. The objectives within each of the four critical success factors have, where possible, quantifiable metrics used to evaluate the level of attainment achieved during 2012. Our progress, and the Named Executive Officer's contributions relative to these goals and objectives, were discussed throughout the year by the Board and Human Resources Committee. Following year-end, compensation awards were determined by the Post-Emergence Human Resources Committee based upon their overall assessment of performance, including the degree to which these critical success factors and corresponding objectives were achieved.

Individual Performance. In addition to the above-described goals and objectives, executive compensation decisions are also based on individual performance. In particular, we defined our core values to reflect the key leadership qualities and behavioral attributes that all employees, including our Named Executive Officers, are expected to demonstrate and foster. These core values are: safety, accountability, collaboration, integrity and agility. In evaluating our Chief Executive Officer from this perspective, the Post-Emergence Human Resources Committee conducted an annual performance review together with the Board and evaluated his performance based on interaction with him and his performance throughout the year. Similarly, the Human Resources Committee, which approves the compensation for our executive officers other than our Chief Executive Officer, consults with the Chief Executive Officer as to his performance review of our other executive officers and their achievements relative to our objectives and core values.

Market Competitiveness. We believe that in order to attract and retain highly qualified executives, our executive compensation program must be competitive, both in elements and amount, with the broader labor market in which we compete for talent. To support our objective of paying market competitive compensation, the Human Resources Committee conducts a competitive evaluation (including, among other things, a review of proprietary and proxy statement information) with its independent compensation consultant.

Independent Consultant. Under its charter, the Human Resources Committee has the authority to retain a compensation consultant. The Post-Emergence Human Resources Committee retained Meridian as its independent consultant. Meridian was selected based upon the firm's depth and breadth of expertise in executive compensation and familiarity with our industry and organization. During 2012, services provided by Meridian included the collection and analysis of competitive executive and director compensation data, and updates regarding executive compensation trends, and information regarding applicable legislative, regulatory and governance practices that may impact executive compensation practices and administration. Meridian reports to and acts at the sole discretion of the Post-Emergence Human Resources Committee, which is responsible for determining the scope of services performed. In November 2012, the Post-Emergence Human Resources Committee reviewed the independence factors proposed by the NYSE (and subsequently approved by the SEC in January 2013) in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") for compensation consultants. The Committee considered Meridian's independence based on these factors and determined that no conflict of interest exists in the engagement with Meridian.

Benchmarking. At the request of the Post-Emergence Human Resources Committee, Meridian conducted a benchmarking study to assess the competitiveness of the compensation of our Named Executive Officers. The benchmarking study provided competitive market compensation data from both a published compensation survey and the public filings made by a selected comparator group of companies in our industry.

Specifically, benchmark compensation data for positions with similar roles and responsibilities as our Named Executive Officers were compiled from the Towers Watson 2012 CDB Energy Services Executive Compensation Survey. The survey data was derived from a comparator group of 95 companies with revenues similar to ours (median revenues of \$3.3 billion). This data is referred to as the energy

industry survey data. The energy industry survey data served as the primary basis for determining the market competitiveness of the compensation of our Named Executive Officers, as the data generally reflect the broader energy industry market in which we compete for executive talent. Please see the table in Annex A for a complete listing of the companies included in the energy industry survey data.

Additionally, Meridian collected compensation data from the most recent public filings for a group of six comparator companies (AES Corp., Atlantic Power Corporation., Calpine Corp., Genon Energy Inc., NRG Energy Inc. and TransAlta Corporation), which is referred to as the comparator group. The comparator group data provide an industry-based context for the Human Resources Committee's executive compensation decisions. The Post-Emergence Human Resources Committee selected these companies, in consultation with Meridian, because of their similarity to us in business focus and, despite inexact overlap of operations and the limited number of comparator companies, these companies represent useful reference points for evaluating the compensation levels of our Named Executive Officers. The comparator group data collected included base salaries, target annual incentives, long-term incentive award levels and total compensation amounts for positions with similar roles and responsibilities as each of our Named Executive Officers, where available.

Alignment with Stockholder Value. Granting equity compensation awards to our employees, including our Named Executive Officers, is an important way that we align the interests of those individuals with the interests of our stockholders. The value of equity compensation is dependent upon the value of our common stock. Individuals who are granted equity compensation have a direct financial interest in the performance of that stock. An important aspect of our compensation philosophy is to provide eligible individuals with additional incentive and reward opportunities designed to enhance our long-term profitability and further align such individuals' interests with those of our stockholders. Please read "Elements of Compensation and 2012 Compensation Long-Term Incentives" below for further discussion of Named Executive Officers' long-term incentives.

Say on Pay. We received a favorable result on our most recent Say on Pay vote in 2011, with 78.3% of our stockholders represented in person (through internet access) or by proxy voting to approve the compensation of our Named Executive Officers. As a result of our restructuring activities, we did not hold an annual stockholder meeting in 2012 or a Say on Pay vote.

Elements of Compensation and 2012 Compensation

As previously noted, our Named Executive Officers are eligible to receive three primary forms of compensation: base salary; short-term cash incentive awards; and long-term incentive awards.

Base Salary. Base salaries function as the fixed, recurring cash portion of the Named Executive Officer's total compensation package. In determining the level of base salary for each Named Executive Officer, the Human Resources Committee considers the Named Executive Officer's job responsibilities, our budget for annual merit increases, external benchmark data (our comparator group and energy industry survey data as described above under "Executive Compensation Philosophy Market Competitiveness") of companies provided by its independent compensation consultant, the internal equity of each Named Executive Officer's compensation, both individually and relative to the other executive officers, and the individual performance of each Named Executive Officer. We generally target base salaries within a range of 80% to 120% of the 50th percentile of the comparator group of companies in our industry as a competitive level of pay. This range provides the Human Resources Committee the ability to consider expertise, demonstrated performance, tenure in the current role, historical pay, internal equity, market movement and other relevant factors when determining base salaries for our Named Executive Officers. The Human Resources Committee ultimately exercises its judgment while considering competitive data, individual performance, internal equity, current position relative to the market and market value, among other factors, to determine base salaries for our Named Executive Officers. In the

Edgar Filing: DYNEGY INC. - Form DEF 14A

aggregate, base salaries for our Named Executive Officers are positioned slightly below the 50th percentile of the energy industry survey data.

The 2012 base salaries for our Named Executive Officers were established by their employment agreements. On the recommendation of Mr. Flexon in March 2012, the Pre-Emergence Human Resources Committee determined that in light of financial restructuring underway and the difficult low price market environment for power, the base salaries for Mr. Freeland, Mr. Howell, Ms. Burke and Ms. Callaway would not be increased. Similarly, the Pre-Emergence Human Resources Committee recommended, and the full Board agreed, not to increase Mr. Flexon's base salary.

Named Executive Officer	Base Salary in 2012
Robert Flexon	\$ 875,000
Clint Freeland	\$ 450,000
Kevin Howell	\$ 525,000
Carolyn Burke	\$ 450,000
Catherine Callaway	\$ 450,000

Please read "February 2013 Compensation Actions" below for further discussion of Named Executive Officers' base salaries.

Short-Term Incentives. Short-term incentive awards serve as a variable, at-risk element of each Named Executive Officer's total compensation package and are based on the attainment of pre-established performance goals and objectives during the performance year. Short-term incentive awards are paid in cash. Our short-term incentive compensation plan is structured to align executive interests with both stockholder interests and our annual performance goals and objectives. The annual cash incentive bonus opportunity for each Named Executive Officer was established in their employment agreements, and generally aligns annual target total cash compensation near the median of the comparator group data. The annual incentive targets (as a percent of annual base salary) for the Named Executive Officers are as follows:

Named Executive Officer	2012 Annual Incentive Target (% of Base Salary)
Robert Flexon	100%
Clint Freeland	75%
Kevin Howell	75%
Carolyn Burke	75%
Catherine Callaway	75%

The Named Executive Officers may be awarded bonuses in a range from zero (0) to two times these target opportunities based on corporate performance and individual performance. Please read "February 2013 Compensation Actions" below for further discussion of the Named Executive Officers' short-term incentive awards.

Long-Term Incentives. Long-term incentives serve as the most significant performance-based element of the executive's total compensation package. Our long-term incentive awards generally focus on the attainment of long-term performance goals and objectives, which are deemed instrumental in creating long-term value for stockholders and long-term retention incentives for our executives. Long-term incentive opportunities, in the form of equity-based awards, typically do not fully vest until three years after the grant date. These equity awards are structured to achieve a variety of long-term objectives, including: attracting and retaining executives; aligning executives' financial interests with the interests of stockholders; and rewarding the achievement of long-term strategic goals and/or superior stock price performance. We usually target long-term incentive awards within range of the 50th to 60th percentile of the comparator group of companies in our industry. Long-term incentive awards are normally granted during the month of March each year but may also be granted in connection with the initial employment of executives.

Long-Term Incentive Program-Cash. Shortly after the start of their employment in 2011 and continuing over the course of 2012, our Named Executive Officers worked to restore Dynegey's financial health by restructuring the organization's balance sheet. Additionally, executives were tasked with improving operating margins, while reducing fixed costs, and successfully operating and commercializing our assets. In connection with our financial restructuring, on January 5, 2012, the Pre-Emergence Human Resources Committee established the 2012 Long Term Incentive Program Cash, or the Cash Incentive Program, for our Named Executive Officers and certain other members of management. The Cash Incentive Program was intended to (i) incent certain management to remain employed by us during the ongoing restructuring program, (ii) incent such individuals to assist us in successfully emerging from bankruptcy pursuant to the Plan of Reorganization, and (iii) promote our long-term growth.

On October 2, 2012, upon our successful emergence from bankruptcy, each Named Executive Officer was awarded a payment under the Cash Incentive Program. The Pre-Emergence Human Resources Committee determined each participant's award based on both their contributions to successfully emerge from bankruptcy, as well as their work to effectively operate the business in parallel with the restructuring efforts. Among other achievements, the Pre-Emergence Human Resources Committee considered the following:

Completion of the Plan of Reorganization and successful emergence from bankruptcy resulting in the conversion of over \$4 billion in debt and other obligations to equity;

Successful settlement with all creditor groups to facilitate completion of restructuring activities;

Fulfillment of statutory filing requirements and timely responses to all issues;

Management of the workforce and retention issues to ensure continuity and stability of daily operations; and

Through our PRIDE initiative, restructuring of operations to eliminate over \$80 million in recurring costs.

Each participant received one-third of the total award upon emergence, with the remaining two-thirds to be paid equally on the first and second anniversaries of the date of emergence, if the participant remains employed with the Company on such dates. The remaining two-thirds for Mr. Flexon was subject to approval by the Post-Emergence Human Resources Committee, which occurred on October 29, 2012. The award and initial payments for each Named Executive Officer is shown below.

Named Executive Officer	Total LTI-Cash Award	LTI-Cash Award as Percentage of Base Salary	2012 LTI-Cash Award Payment (1/3 of total award)
Robert Flexon	\$ 2,012,500	230%	\$ 670,833
Clint Freeland	\$ 630,000	140%	\$ 210,000
Kevin Howell	\$ 619,500	118%	\$ 206,500
Carolyn Burke	\$ 531,000	118%	\$ 177,000
Catherine Callaway	\$ 630,000	140%	\$ 210,000

Emergence Long-Term Incentive Equity Grant. Our Named Executive Officers, including our CEO, were hired in 2011, at a time when we faced several uncertainties that ultimately contributed to the Chapter 11 bankruptcy filings. As an inducement for these executives to join the Company, the Pre-Emergence Human Resources Committee approved grants of equity awards consisting of 4,082,500 options and stock appreciation rights. In connection with completion of the restructuring activities and our successful emergence from bankruptcy on October 1, 2012, these equity awards were cancelled.

Edgar Filing: DYNEGY INC. - Form DEF 14A

Following emergence, the Post-Emergence Human Resources Committee approved equity grants the "Emergence Grant" to selected members of the Company's senior management, including each of our Named Executive Officers. The Post-Emergence Human Resources Committee based its decision to approve the Emergence Grant on a review of market practices for companies following the emergence from Chapter 11 bankruptcy, and because the grants served the following objectives:

Strengthen alignment with the interests of our new stockholders;

Provide an incentive to maximize stockholder value; and

Enhance the ability to retain key talent through the post-emergence period.

These awards were granted in the form of stock options and restricted stock units, each representing 50% of each Named Executive Officer's aggregate equity award value. For this purpose, the stock options were valued based on a Black-Scholes calculation of \$7.21 per option and the restricted stock units were valued based on the fair market value of our common stock as of the grant date or \$18.70 per share. The stock options vest equally in three annual installments and have an exercise price equal to \$18.70 per share, the closing market price of our common stock on the grant date. The restricted stock unit awards will vest equally in three annual installments on the anniversary of the grant date. In the event of a change-in-control, the awards require a double-trigger (i.e., both the occurrence of a change in control and an involuntary termination following the change in control) to vest. These awards were made from the 2012 Long Term Incentive Plan, which was approved by creditors prior to the completion of the Plan of Reorganization. The Plan of Reorganization reserved 6,084,576 of our common shares for issuance of equity awards to our employees and directors.

The chart below provides a comparison of the long-term incentives shares held by each Named Executive Officer upon employment, at emergence from bankruptcy and following the Emergence Grant.

Named Executive Officer	Long-Term Incentive Shares Granted Upon Employment	Long-Term Incentive Shares Held Upon Emergence from Bankruptcy	Long-Term Incentive Shares Held Following Emergence Equity Grant
Robert Flexon	2,875,000	0	378,340
Clint Freeland	287,500	0	97,288
Kevin Howell	345,000	0	113,503
Carolyn Burke	287,500	0	97,288
Catherine Callaway	287,500	0	97,288

Retirement Benefit Plans. Qualified benefit plans comprise additional elements of total compensation for our Named Executive Officers. Generally, each Named Executive Officer is eligible, as are all our corporate employees, to participate in the Dynegy 401(k) Plan, which provides for a dollar-for-dollar match for each dollar contributed (on a pre-tax or Roth basis) up to 5% of salary, (with such elective contributions capped at \$17,000 for 2012). Generally, each Named Executive Officer is also eligible for a qualified pension benefit under the Dynegy Inc. Retirement Plan, or the Retirement Plan. This pension benefit, in the form of the Portable Retirement Benefit, or PRB, provides a defined benefit that grows each year at a variable rate (30-year Treasury rate). This benefit, introduced in 2001, provides an annual contribution of 6% of the Named Executive Officer's salary (with such salary capped at \$250,000 for plan purposes for 2012). Our contributions to the Dynegy 401(k) Plan vested at a rate of 50% per year and contributions to the PRB vested at a rate of 33.33% per year for 2012.

We do not maintain any executive retirement plans.

Executive Perquisites. The Human Resources Committee reviews executive perquisites on an annual basis. Each Named Executive Officer is eligible to receive annual reimbursement for reasonable costs incurred for individual tax and financial planning advice in an amount not to exceed \$10,000 per year.

Perquisites provided to certain Named Executive Officers during 2012 also included reimbursement of relocation expenses. Please read "Executive Compensation Summary Compensation Table for 2010, 2011 and 2012" below for further details on executive perquisites.

Overall, the total value of perquisites for our Named Executive Officers represents approximately 4% or less of total compensation. While the Post-Emergence Human Resources Committee will continue to assess the competitiveness of executive perquisites, it believes the current limited use of this element of total compensation is appropriate.

Employment Agreements. In building our new executive team, the Pre-Emergence Human Resources Committee concluded that given the uncertainties faced by the Company to attract talented and qualified executives it would be appropriate to enter into employment agreements. Therefore, during 2011, we entered into employment agreements with each Named Executive Officer. Key provisions contained in the employment agreements are described more fully below under "Potential Payments Upon Termination or Change in Control Employment Agreements".

Change in Control and Severance Arrangements. We have entered into arrangements and maintain plans under which specified payments and benefits would be provided to the Named Executive Officers in connection with a change in control. The Dynegy Inc. Executive Change in Control Severance Pay Plan, as amended, or Change in Control Plan, provides for certain severance benefits payable in the event of an involuntary termination in connection with a change in control (i.e., "double trigger"). Also, certain long-term incentive award agreements provide for accelerated vesting of outstanding equity-based awards in the event of a change in control. We believe these arrangements are important competitive benefits that assist in the attraction and retention of critical talent. Please read "Executive Compensation Potential Payments Upon Termination or Change in Control" for further details on our change in control plans.

As part of its assessment of our executive compensation programs and practices, in March 2013 the Post-Emergence Human Resources Committee approved the termination of the Excise Tax Reimbursement Policy. Coincident with this action, the Post-Emergence Human Resources Committee amended the Change in Control Plan to implement a "Best Net" provision. Under the "Best Net" provision, benefits resulting from a change of control would be cut back if doing so would result in greater after-tax proceeds to an executive absent such cut back. Otherwise, the executive would receive payment of all change of control-related benefits and would be responsible for paying any excise tax imposed on such payment.

We also maintain the Dynegy Inc. Executive Severance Pay Plan, as amended, or Executive Severance Pay Plan, that provides for payment of certain severance benefits in the event of a termination not in connection with a change in control. We believe the Executive Severance Pay Plan is an important competitive benefit that assists in the attraction and retention of critical talent. For details regarding the Executive Severance Pay Plan, please read "Executive Compensation Potential Payments Upon Termination or Change in Control Severance-Eligible Terminations."

Determining 2012 Short Term Incentive Payments.

2012 Performance Achievement. With the naming of the new Board and the appointment of the Post-Emergence Human Resources Committee, considerable time was spent reviewing the established 2012 short term incentive, or STI, objectives and associated metrics. The Post-Emergence Human Resources Committee received a number of progress reports on the crucial factors and related objectives between October 2012 and February 2013. The 2012 STI objectives were categorized by what we call "critical success factors," which were approved by the Pre-Emergence Human Resources Committee. Each critical success factor is weighted as follows: Operational Excellence (20%); Commercial Execution (20%); Disciplined Corporate Support Activities (20%); and Financial Performance (40%). In determining the

Edgar Filing: DYNEGY INC. - Form DEF 14A

overall performance achievement for 2012, the Post-Emergence Human Resource Committee considered the following results:

Critical Success Factor	Performance	Achievement Level
Operational Excellence (20%)	<p>Plant safety performance metrics were below threshold levels as a result of higher safety incidents than targeted in 2012</p> <p>Improved the management of operating and capital expenditures</p> <p>Identified and implemented operational efficiencies across the fleet aimed primarily at improving reliability and capacity factors</p> <p>ACE (Accountability Communication Engagement) Safety program fully operational with strong leadership, functioning plant safety committees, increased awareness, and ongoing training</p> <p>Continued Environmental and Regulatory compliance performance</p>	<p>Below Threshold Performance due to Safety Results</p>
Commercial Execution (20%)	<p>Successfully executed long-term rail contract at rates significantly more favorable versus target and expected market rates</p> <p>Did not secure certain targeted, long-term contracts at selected plants</p> <p>Implemented fundamental market and risk analytics to better manage the asset portfolio</p>	<p>Above Target Performance driven by rail contract</p>
Disciplined Corporate Support Activities (20%)	<p>Met or exceeded targeted PRIDE fixed cash and balance sheet improvements</p> <p>Completed the Plan of Reorganization with Dynegy exiting Chapter 11 on October 1, 2012</p>	<p>Between Threshold and Target Performance</p>

Throughout the year, both the Pre-Emergence and Post-Emergence Human Resources Committees reviewed the impact of certain actions and considered the appropriateness of adjustments. With respect to Operating Cash Flow, the Post-Emergence Human Resources Committee approved adjustments that resulted in actual performance which exceeded the target level for purposes of the short-term incentive program. These adjustments included external fees related to our restructuring efforts, collateral/line of credit capacity from investing, debt pay-down from financing activities and lost revenue related to the premature termination of toll contracts.

This structure served as the framework for assessing the short-term incentive opportunities for all eligible employees, including the Named Executive Officers. We believe that by establishing a common set of core objectives that are used to determine short-term incentive awards for all eligible employees across the organization, we encourage performance and behaviors that are consistent across the organization and are aligned with stockholder interests. In addition to review of the quantitative and qualitative performance metrics that comprise each critical success factor, the Post-Emergence Human Resources Committee also considered the following additional factors:

Safety Performance. While included in the overall results at the quantitative level, the Post-Emergence Human Resources Committee believed this metric should be more heavily considered in their overall assessment. While many positive steps have been taken and progress is apparent, the injury rate experienced in 2012 was too high.

Commercial Performance. While several critical accomplishments were made relevant to the objectives set for the operations function at the start of 2012, the Post-Emergence Human Resources Committee believes that opportunities exist to improve the overall performance in our commercial activities that can make significant financial contributions to our business.

Financial Performance. The overall financial performance was below targeted levels. The Post-Emergence Human Resources Committee believes it is appropriate to temper the overall level of short-term incentive payout in an environment where the EBITDA goal was not met. The Post-Emergence Human Resources Committee desires to remain aligned with stockholders and failure to achieve our targeted EBITDA levels warranted a downward adjustment in the short-term incentive funding level.

Based on achievement levels on the quantitative and qualitative performance metrics and other factors described above, Mr. Flexon recommended that the short-term incentive plan be funded at 60% of target. The Post-Emergence Human Resources Committee carefully reviewed the attainment level for each of the critical success factors and Mr. Flexon's recommended short-term incentive funding level and concluded it was appropriate to set the funding level to 60% of target.

Individual Award Determination. To determine short-term incentive awards for the Named Executive Officers, the Post-Emergence Human Resources Committee conducted a thorough review process, which included a review of performance relative to the 2012 critical success factors (as discussed

Edgar Filing: DYNEGY INC. - Form DEF 14A

above) and each Named Executive Officers' individual contributions to the overall performance level achieved, as noted below:

Mr. Flexon

Under his leadership, the organization successfully completed the Plan of Reorganization, reducing debt by over \$4 billion

Vocal and visible leader of our culture-building efforts that have strengthened our culture of accountability and employee engagement

Developed a post-emergence strategic plan focused on navigating the organization towards a future aimed at creating stockholder value

Mr. Freeland

Significant contributions to successful completion of the Plan of Reorganization

Led efforts to strengthen our liquidity position

Mr. Howell

Managed efforts to improve the administration of operating and capital expenditures

Under his leadership, our Operations and Commercial functions implemented significant operational efficiencies, successfully executed a new long-term rail contract and implemented our ACE safety program designed to improve safety performance across the fleet

Ms. Burke

Executive leader for PRIDE efforts that exceeded targeted fixed cash and balance sheet improvements

Successfully led efforts to lower annual general and administrative costs

Ms. Callaway

Significant contributions to successful completion of the Plan of Reorganization

Spearheaded the auction process for the Roseton and Danskammer power generation facilities

After considering these individual factors and the recommendations of Mr. Flexon (for the Named Executive Officers other than himself), the Post-Emergence Human Resources Committee concluded that the management team, in the midst of complex restructuring and reorganizational objectives, collectively contributed to our accomplishments related to the critical success factors, while providing both external and internal stability. On this basis, the Committee approved short-term incentive awards for Mr. Freeland, Ms. Callaway, Ms. Burke and Mr. Howell. Similarly, the Committee recommended, and the full Board approved, a short-term incentive award for Mr. Flexon. The chart below provides the approved short-term incentive award for each of the Named Executive Officers and the amount earned as a percent of their 2012 short-term incentive target.

Named Executive Officer	Short-Term Incentive Target	Award Earned as a Percent of Target	
		Short-Term Incentive	Award Amount
Robert Flexon	100%	60%	\$ 525,000
Clint Freeland	75%	67%	\$ 225,000
Kevin Howell	75%	44%	\$ 185,000
Carolyn Burke	75%	59%	\$ 200,000
Catherine Callaway	75%	67%	\$ 225,000

Setting 2013 Target Compensation.

Base Salary Determinations. After not receiving a base salary increase since the start of their employment in 2011, the Post-Emergence Human Resources Committee elected to increase base salary levels for Mr. Freeland, Ms. Burke and Ms. Callaway effective March 2013. In each situation, the salary increases were generally intended to align with market competitive levels. Mr. Freeland received a more significant increase to reflect his performance, the complexity of his role and to improve his market position relative to the comparator group of companies in our industry. Similarly, the Human Resources Committee recommended, and the full Board approved, an increase to Mr. Flexon's base salary of 2.9%. The base salary for Mr. Howell, who is currently serving in an advisory capacity, was set at \$170,000 to reflect the change in his responsibilities.

Named Executive Officer	December 31,	Base Salary	2012 - 2013
	2012	Effective March	Percentage
	Base Salary	2013	Increase
Robert Flexon	\$ 875,000	\$ 900,000	2.9%
Clint Freeland	\$ 450,000	\$ 500,000	11.1%
Kevin Howell	\$ 525,000	\$ 170,000	N/A
Carolyn Burke	\$ 450,000	\$ 475,000	5.6%
Catherine Callaway	\$ 450,000	\$ 475,000	5.6%

2013 Critical Success Factors. Following a review of our go-forward strategic plan approved by the Board in October 2012, the Post-Emergence Human Resources Committee approved the 2013 critical success factors and associated objectives and metrics to be used in determining short-term incentive funding for the 2013 performance year. The 2013 critical success factors are listed below.

2013 Critical Success Factors	Weighting
Financial Performance	30%
Operational Excellence	20%
Capital Allocation	20%
Gross Margin Capture	15%
Effective Corporate Support	15%

Similar to 2012, the 2013 critical success factors are weighted, with financial performance being weighted most heavily, and include a number of supporting objectives and metrics that will be used to evaluate performance throughout 2013. Additionally, the Post-Emergence Human Resources Committee approved a financial performance requirement, or "gate", for the 2013 short-term incentive program Free Cash Flow(2) target. This separate funding "gate" will serve as the minimum performance level that must be met before our short-term incentive award program will be funded for any employee. We believe this fosters the alignment of executive interests with investor interests and our annual performance goals and objectives.

Long-Term Incentive Opportunity. In considering long-term incentives the Post-Emergence Human Resources Committee sought to further align long-term incentives for our Named Executive Officers with the long-term interests of our stockholders. The Post-Emergence Human Resources Committee also sought to introduce performance-based awards to the long-term incentive award mix. As such the Post-Emergence Human Resources Committee granted long-term incentive awards on March 18, 2013 comprised of 50% restricted stock units, 25% stock options and 25% performance share units. The Post-Emergence Human Resources Committee believes these awards will provide an appropriate balance of alignment with long-term stockholder interest with the retention of our Named Executive Officers. In the coming years, the Post-Emergence Human Resources Committee will consider increasing the

(2)

Free Cash Flow is defined as cash flow from operations less maintenance and environmental capital expenditures and debt refinance costs plus restricted cash posted as collateral.

percentage of performance share awards relative to the total annual long-term grant for our Named Executive Officers.

For the performance share units (PSUs), the Post-Emergence Human Resources Committee determined that using Total Shareholder Return (TSR), measured over a three-year period relative to a selected group of energy industry peer companies, was best aligned with the practices within our industry and with the long-term interests of our stockholders. The key characteristics of the PSUs are as follows:

Performance Share Unit Structure

Three-year performance period (2013 through 2015)

Payout opportunity of 0-200% of target, intended to be settled in shares

Cumulative TSR percentile ranking calculated at end of performance period and applied to a pre-established payout scale to determine the number of earned/vested PSUs

If absolute TSR is negative, PSU award payouts will be capped at 100% of the target number of PSUs granted, regardless of relative TSR positioning

Potential Impact of Restatements and Ability to Claw Back Compensation Awards

The Human Resources Committee has a mechanism to address any restatements, if they occur, that may impact our key financial metrics and our financial performance. The Human Resources Committee will take action, as it determines to be appropriate, with respect to bonuses or other incentive or equity compensation awards to the extent such specified performance targets were not achieved in light of a restatement, which could include seeking to recover amounts paid. We believe this mechanism allows for remedial action to be taken if executive compensation is awarded for achievement of financial performance that is later determined not to have been achieved and further aligns our Named Executive Officers' interests with those of our stockholders.

Tax and Accounting Treatment of the Elements of Executive Compensation

We account for stock-based compensation in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 718 (ASC 718).

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for individual compensation paid to the Chief Executive Officer and the other four highest compensated executive officers to the extent the compensation exceeds \$1 million in any year. Performance-based compensation paid pursuant to a stockholder-approved incentive plan is not subject to the Section 162(m) limitations if certain requirements are met. As part of its role, the Human Resources Committee reviews and considers the financial reporting and income tax deductibility of the compensation of our executive officers. Our policy is to utilize available tax deductions whenever appropriate and consistent with our compensation philosophy and objectives. However, the Human Resources Committee retains the discretion to provide compensation to our executive officers that may not be fully deductible.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

Our executive compensation program is administered and reviewed by the Human Resources Committee, which consists of Messrs. Barbas (Chairman), Kuersteiner and Stein, all of whom are independent directors pursuant to the NYSE Listed Company Standards. The Human Resources Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Human Resources Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

This report is submitted by the members of the Human Resources Committee of the Board as of February 28, 2013:

- (1) Messrs. Flexon, Freeland and Howell and Mses. Burke and Callaway were not included as Named Executive Officers for 2010. Mses. Burke and Callaway were not included as Named Executive Officers for 2011.
- (2) Amounts include salary earned for a full 12 months. Actual salary earned in any calendar year may vary from the annual base salary due to timing of pay cycles and time of service.
- (3) Amounts shown under Bonus include amounts paid in 2012 under the Cash Incentive Program. The Named Executive Officers received one-third of the total amount upon the Effective Date, with the remaining two-thirds paid equally on the first and second anniversaries of the Effective Date (assuming the officer remains employed by us). Please see "Compensation Discussion and Analysis Elements of Compensation and 2012 Compensation Long-Term Incentives Long-Term Incentive Program- Cash for more information.
- (4) The amounts shown under "Stock Awards" for 2012 and "Option/SAR Awards" for 2011 and 2012 reflect the aggregate grant date fair value for restricted stock units, in the case of "Stock Awards," and for option awards and SARS (using the Black Scholes model), in the case of "Option Awards," calculated in accordance with FASB ASC Topic 718. Please read the discussion of the assumptions used in such valuation in Notes 23 and 24 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2012. Upon our emergence from bankruptcy and pursuant to the Plan of Reorganization all outstanding equity awards of the Company as of the Effective Date, including all shares

underlying the amounts reflected in the options/SAR column for 2011, were cancelled. For 2012, restricted stock units and stock options have a three-year ratable vesting schedule, with $\frac{1}{3}$ of each award vesting each year beginning on October 31, 2013. The table does not include information regarding 2012 performance that were or will be granted to certain of the Named Executive Officers in 2013.

- (5) The amounts shown under "Non-Equity Incentive Plan Compensation" for 2011 and 2012 reflect cash bonuses awarded under the Dynegy Inc. Incentive Compensation Plan, or Short Term Incentive Plan. The 2011 incentive payments were earned in 2011 and paid in March 2012 and the 2012 incentive payments were earned in 2012 and paid in March 2013.
- (6) The amounts shown for the Named Executive Officers reflect changes in pension value under the Retirement Plan and Restoration Pension Plan.
- (7) Effective January 4, 2013, Mr. Howell stepped down from his role as Executive Vice President and Chief Operating Officer. Mr. Howell is continuing as an employee in an advisory capacity.

Amounts shown for 2011 based upon the average aggregate incremental cost to us under "Perquisites and Other Personal Benefits" include for Mr. Flexon tax services in the amount of \$10,000 and for Messrs. Flexon and Freeland relocation expenses in the amount of \$81,354 and \$54,594, respectively. Mr. Howell did not receive perquisites in 2011 that exceeded the \$10,000 threshold for reporting purposes. Amounts shown for 2012 include additional relocation expenses for Messrs. Flexon, Freeland and Ms. Burke in the amount of \$70,812, \$89,549 and \$134,433, respectively. In addition, Mr. Flexon and Ms. Burke received reimbursement for tax services per their respective employment agreements in the amount of \$10,000 each. The remaining Named Executive Officers did not receive perquisites in 2012 that exceeded the \$10,000 threshold for reporting purposes.

(2)

Amounts shown for 2011 and 2012 under "Tax Reimbursements" represent tax gross-ups for the Named Executive Officers for their Perquisites and Other Personal Benefits.

The amounts shown represent the awards that could be earned by the Named Executive Officers under the Short Term Incentive Plan for 2012. Based upon Mr. Flexon's employment agreement target is set at 100% of base salary and target is set at 75% of base salary for Messrs. Freeland, Howell and Mses. Burke and Callaway based upon their respective employment agreements. The actual payouts to eligible executives under the Incentive Compensation Plan were determined in March 2013 and are shown in the Summary Compensation Table under "Non-Equity Incentive Plan Compensation."

- (2) The amounts shown under "All Other Stock Awards" for the Named Executive Officers reflect emergence awards in the form of restricted stock units granted under the 2012 Long Term Incentive Plan. Each restricted stock unit represents a contingent right to receive one share of common stock. The restricted stock units have a three-year ratable vesting schedule, with 1/3 of each award vesting each year beginning on October 31, 2013.
- (3) The amounts shown under "All Other Option/SAR Awards" reflect the number of shares of common stock underlying stock option emergence awards granted to the Named Executive Officers under the 2012 Long Term Incentive Plan. The stock options have a three-year ratable vesting schedule, with 1/3 of each award vesting each year beginning on October 31, 2013.
- (4) The amounts shown under "Grant Date Fair Value of Stock and Option Awards" reflect the grant date fair value for the restricted stock units and stock options (using the Black-Scholes valuation model for options) computed in accordance with FASB ASC Topic 718. Please read the discussion of the assumptions used in such valuation in Notes 23 and 24 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2012.

Outstanding Equity Awards at 2012 Fiscal Year-End

Upon our emergence from bankruptcy and pursuant to the Plan of Reorganization, all outstanding equity awards of the Company as of the Effective Date were cancelled. The following table sets forth certain information regarding unexercised option awards and unvested stock unit awards granted to each Named Executive Officer following emergence from bankruptcy that were outstanding as of December 31, 2012. The table does not include information regarding equity-based awards related to 2012 performance that were or may be granted to the Named Executive Officers in 2013. The vesting schedules for each type of award are described in the footnotes to the table, and the vesting date for each award can be determined by referring to the grant date for each award in the table.

Pension Benefits

The following table sets forth certain information with respect to the Retirement Plan and Restoration Pension Plan, except as otherwise noted, as they provide for payment at, following, or in connection with retirement for the Named Executive Officers as of December 31, 2012:

Name	Plan Name	Number of Years Credited Service(1)	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
Robert Flexon	Retirement Plan	1.47	\$ 30,237	
	Restoration Pension Plan		\$ 9,531

	Restoration Pension Plan		\$	
Catherine Callaway	Retirement Plan	1.26	\$ 21,996	
	Restoration Pension Plan		\$	

(1)

Dynegy's allocations to the Retirement Plan for the PRB component of that plan vest at a rate of 33%, 67% and 100% after completion of each year of service over three years. Our allocations to the Restoration Pension Plan vested at the same rate as under the PRB component of the Retirement Plan. Effective January 1, 2012, participation in the Restoration Pension Plan was frozen, and benefit accruals were suspended.

Our Named Executive Officers are eligible for qualified pension benefits under the Retirement Plan. The pension benefit is based on the PRB portion of the Retirement Plan, which provides a defined benefit that grows each year at a variable rate (30-year Treasury rate). This benefit, which was introduced in 2001, provides an annual contribution of 6% of each eligible employee's, including each Named Executive Officer's, salary, capped at \$250,000 for 2012. Our Named Executive Officers were eligible in 2011 to participate in the Restoration Pension Plan, which is an unfunded, nonqualified plan designed to provide an allocation or benefit to certain employees that are highly compensated and whose company pension contributions are limited under certain Internal Revenue Service, or IRS, requirements for qualified plans. Under the Restoration Pension Plan the allocations or benefits were intended to supplement or make-up for what affected employees would have received under the Retirement Plan but for the IRS limitations. The Human Resources Committee approved the freezing of participation in the Restoration Pension Plan, effective for periods on and after January 1, 2012 and benefit accruals have also been suspended.

The present values of accumulated benefits payable to each of the Named Executive Officers under the Retirement Plan and Restoration Pension Plan were determined using assumptions consistent with those used in Note 24 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2012.

Potential Payments Upon Termination or Change in Control

We have entered into certain employment agreements and maintain certain plans, as described below, which require us to provide specified payments and benefits to our Named Executive Officers as a result of severance eligible events, a change in control, retirement, death, and disability.

Employment Agreements.

Robert Flexon. The term of Mr. Flexon's employment commenced on July 11, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. His base salary was

initially set at \$875,000 annually, subject to review by the Board from time to time for increases. He participates in our Short Term Incentive Plan provided that the maximum award (as defined under the Short Term Incentive Plan) that Mr. Flexon may earn during each performance period shall be 200% of his base salary (if 125% of the performance goals are attained), the target award is 100% of his base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). However, this threshold level was modified at the time the Post-Emergence Human Resources Committee approved the 2012 short-term incentive awards to be consistent with the threshold level applicable to all managers and employees who participate in the Short Term Incentive Plan.

Furthermore, Mr. Flexon is eligible to receive additional annual award grants pursuant to our long-term incentive programs and he participates in our other employee benefit plans and programs. Mr. Flexon is entitled to participate in the Executive Severance Pay Plan and the Change in Control Plan; provided that, to the extent he is eligible to receive severance payable under the Executive Severance Pay Plan, the amount payable to Mr. Flexon is increased by an amount equal to two times the current target award as in effect immediately prior to the date of the termination. Mr. Flexon waived his participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). Further, as provided under the agreement, in 2011 and 2012 we paid certain specified moving and relocation expenses in connection with relocating his principal residence to Houston, Texas. If Mr. Flexon is terminated for any reason as described in his employment agreement, we are obligated to pay or provide to Mr. Flexon (or his estate, if applicable) in a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to him pursuant to this agreement, accrued up to and including the date on which Mr. Flexon's employment terminates; (2) any employee benefits to which he is entitled upon termination of his employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to his date of termination; and (4) payment for accrued but unused vacation time as of the date of his termination, in accordance with our policies.

Clint Freeland. The term of Mr. Freeland's employment commenced on July 5, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. His base salary was initially set at \$450,000 annually, subject to review from time to time for increases. He participates in our Short Term Incentive Plan; provided that the maximum award (as defined under the Short Term Incentive Plan) that Mr. Freeland may earn during each performance period shall be 150% of his base salary (if 125% of the performance goals are attained), the target award is 75% of his base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). However, this threshold level was modified at the time the Post-Emergence Human Resources Committee approved the 2012 short-term incentive awards to be consistent with the threshold level applicable to all managers and employees who participate in the Short Term Incentive Plan.

Furthermore, Mr. Freeland is eligible to receive additional annual award grants pursuant to our long-term incentive programs and he participates in our other employee benefit plans and programs. Mr. Freeland is entitled to participate in the Executive Severance Pay Plan and the Change in Control Plan; provided that, to the extent he is eligible to receive severance payable under the Executive Severance Pay Plan, the amount payable to Mr. Freeland is increased by an amount equal to two times the current target award as in effect immediately prior to the date of the termination. Also, for purposes of the Executive Severance Pay Plan, Mr. Freeland will be entitled to 24 months of base pay as severance pay. Mr. Freeland waived his participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). Further, as provided under his employment agreement, in 2011 and 2012 we paid certain specified moving and relocation expenses in connection with relocating his principal residence to Houston, Texas. If Mr. Freeland is terminated for any reason as described in his employment agreement, we are obligated to pay or provide to Mr. Freeland (or his estate, if applicable) in

a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to him pursuant to this agreement, accrued up to and including the date on which Mr. Freeland's employment terminates; (2) any employee benefits to which he is entitled upon termination of his employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to his date of termination; and (4) payment for accrued but unused vacation time as of the date of his termination, in accordance with our policies.

Kevin Howell. The term of Mr. Howell's employment commenced on July 5, 2011. In connection with Mr. Howell's new advisory role, effective January 4, 2013, the terms of Mr. Howell's former employment agreement were modified with his annual salary and incentive target changed to be consistent with his new role. For 2012, under his former agreement, he received a base salary of \$525,000. He participates in our Short Term Incentive Plan; provided that the maximum award (as defined under the Short Term Incentive Plan) that Mr. Howell may earn during each performance period shall be 150% of his base salary (if 125% of the performance goals are attained), the target award is 75% of his base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). However, this threshold level was modified at the time the Post-Emergence Human Resources Committee approved the 2012 short-term incentive awards to be consistent with the threshold level applicable to all managers and employees who participate in the Short Term Incentive Plan.

Carolyn Burke. The term of Ms. Burke's employment commenced on August 30, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. Her base salary was initially set at \$450,000 annually, subject to review from time to time for increases. She participates in our Short Term Incentive Plan; provided that the maximum award (as defined under the Short Term Incentive Plan) that Ms. Burke may earn during each performance period shall be 150% of her base salary (if 125% of the performance goals are attained), the target award is 75% of her base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). However, this threshold level was modified at the time the Post-Emergence Human Resources Committee approved the 2012 short-term incentive awards to be consistent with the threshold level applicable to all managers and employees who participate in the Short Term Incentive Plan.

Furthermore, Ms. Burke is eligible to receive additional annual award grants pursuant to our long-term incentive programs and she participates in our other employee benefit plans and programs. Ms. Burke is entitled to participate in the Executive Severance Pay Plan and the Change in Control Plan; provided that, to the extent she is eligible to receive severance payable under the Executive Severance Pay Plan, the amount payable to Ms. Burke is increased by an amount equal to two times the current target award as in effect immediately prior to the date of the termination. Also, for purposes of the Executive Severance Pay Plan, Ms. Burke will be entitled to 24 months of base pay as severance pay. Ms. Burke waived her participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). Further, as provided under her employment agreement, in 2011 and 2012 we paid certain specified moving and relocation expenses in connection with relocating her principal residence to Houston, Texas. If Ms. Burke is terminated for any reason as described in her employment agreement, we are obligated to pay or provide to Ms. Burke (or her estate, if applicable) in a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to her pursuant to this agreement, accrued up to and including the date on which Ms. Burke's employment terminates; (2) any employee benefits to which she is entitled upon termination of her employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to her date of termination; and (4) payment for accrued but unused vacation time as of the date of her termination, in accordance with our policies.

Catherine Callaway. The term of Ms. Callaway's employment commenced on September 26, 2011 and will end on December 31, 2014, with automatic one-year renewals commencing on December 31, 2014, unless either party gives notice of nonrenewal at least 90 days prior to any such renewal date. Her base salary was initially set at \$450,000 annually, subject to review from time to time for increases. She participates in our Short Term Incentive Plan; provided that the maximum award (as defined under the Short Term Incentive Plan) that Ms. Callaway may earn during each performance period shall be 150% of her base salary (if 125% of the performance goals are attained), the target award is 75% of her base salary (if 100% of the performance goals are attained), and the minimum award is 25% of base salary (if 80% of the performance goals are attained). However, this threshold level was modified at the time the Post-Emergence Human Resources Committee approved the 2012 short-term incentive awards to be consistent with the threshold level applicable to all managers and employees who participate in the Short Term Incentive Plan.

Furthermore, Ms. Callaway is eligible to receive additional annual award grants pursuant to our long-term incentive programs and she participates in our other employee benefit plans and programs. Ms. Callaway is entitled to participate in the Executive Severance Pay Plan and the Change in Control Plan; provided that, to the extent she is eligible to receive severance payable under the Executive Severance Pay Plan, the amount payable to Ms. Callaway is increased by an amount equal to two times the current target award as in effect immediately prior to the date of the termination. Also, for purposes of the Executive Severance Pay Plan, Ms. Callaway will be entitled to 24 months of base pay as severance pay. Ms. Callaway waived her participation in any Enhanced Severance Period benefits in the Executive Severance Pay Plan (as described below). If Ms. Callaway is terminated for any reason as described in her employment agreement, we are obligated to pay or provide to Ms. Callaway (or her estate, if applicable) in a lump sum within 30 days following such termination, or at such other time prescribed by any applicable plan: (1) any base salary payable to her pursuant to this agreement, accrued up to and including the date on which Ms. Callaway's employment terminates; (2) any employee benefits to which she is entitled upon termination of her employment in accordance with the terms and conditions of the applicable plans; (3) reimbursement for any unreimbursed business expenses incurred prior to her date of termination; and (4) payment for accrued but unused vacation time as of the date of her termination, in accordance with our policies.

Voluntary Resignation and Termination for Cause. Except as otherwise described under "Severance-Eligible Terminations" and "Change in Control," our Named Executive Officers are not entitled to payments or benefits in connection with a voluntary resignation or termination for cause, other than payments for amounts due before such termination. Under our company policy applicable to all employees, a Named Executive Officer terminated under such circumstances would be entitled to vacation pay accrued up to the month of termination. A Named Executive Officer would be able to exercise any options vested before the date of termination upon termination for cause and for a 90-day period after the date of termination upon a voluntary resignation, or through the end of the option term, if less. Vested options that were not exercised before the date of termination, in the case of termination for cause, or before the end of the 90-day period, or end of the option term if less, in the case of voluntary resignation, unvested options, restricted stock units would all be forfeited as a result of termination in accordance with the applicable award agreement.

Severance-Eligible Terminations. Any outstanding stock options, restricted stock units, phantom stock units and other equity-based awards previously granted to our executives will vest based upon the applicable long-term incentive award agreement.

Edgar Filing: DYNEGY INC. - Form DEF 14A

In addition, pursuant to our Executive Severance Pay Plan, our executives are entitled to payment of severance benefits if their employment is terminated due to a reduction in work force, a position elimination or an office closing, or an involuntary termination without cause or upon a "good reason" termination. A good reason termination is defined as a voluntary resignation following a material reduction in base salary. Severance benefits under the Executive Severance Pay Plan, which are payable in a lump sum, include:

severance pay equal to one month of base pay for each full, completed year of service with us and a pro-rated amount for each partial year of service, subject to the following requirements:

for the Chief Executive Officer, 24 months of base pay;

for any Executive Vice President, 12 months of base pay; and

for any Vice President or Managing Director, minimum six months and a maximum of 12 months of base pay, unless his or her employment termination date occurred during the period beginning on March 7, 2011 and ending on August 31, 2012, or the Enhanced Severance Period, in which case, minimum nine months and maximum of 12 months of base pay, or the Enhanced Severance Benefit;

continued participation in our group health care plan that provides medical and dental coverage for a period of time equal to the number of months of base pay such executive receives under the Executive Severance Pay Plan (or, for an executive whose employment terminates during the Enhanced Severance Period, for a period of time equal to the number of months of base pay such executive would have received without application of the Enhanced Severance Benefit), provided the executive continues to pay premiums at active employee rates, with such coverage ending immediately upon the executive obtaining new employment and eligibility for similar coverage; and

outplacement assistance benefits, as determined by the plan administrator, for a period of time equal to the minimum number of months of base pay such executive is entitled to receive under the Executive Severance Pay Plan (or, for an executive whose employment terminates during the Enhanced Severance Period, for a period of time equal to the minimum number of months of base pay such executive would have received without application of the Enhanced Severance Benefit) (but in any event not beyond the end of the second calendar year following the calendar year in which the executive terminated employment), with such benefits paid directly to the outplacement assistance provider and not to the executive in a lump sum; and

for any eligible employee covered by the Executive Severance Pay Plan whose employment termination date occurs during the Enhanced Severance Period, if such eligible covered employee completes at least three months of service in each of (i) the performance period under any applicable Short Term Incentive Plan or arrangements of Dynegy or its affiliates, during which such covered employee's termination of employment occurs, or the Current Performance Period, and (ii) the performance period under any applicable Short Term Incentive Plan immediately prior to the Current Performance Period, or the Prior Performance Period, provides for an additional lump sum cash payment equal to the sum of:

the aggregate annual target opportunity under all applicable Short Term Incentive Plan that could have been earned by such covered employee for the Current Performance Period, determined as if all applicable goals and targets had been satisfied in full, but pro-rated based on when such covered employee's date of termination of employment falls within such performance period; and

(a) if such covered employee's termination of employment occurs before a determination has been made regarding short term incentive payment amounts for the Prior Performance Period, the aggregate annual target opportunity under all applicable Short Term Incentive Plan that

Edgar Filing: DYNEGY INC. - Form DEF 14A

could have been earned by such covered employee for the Prior Performance Period, determined as if all applicable goals and targets had been satisfied in full or (b) if such covered employee's termination of employment occurs on or after a determination has been made regarding short term incentive payment amounts for the Prior Performance Period, the aggregate annual target opportunity under all applicable Short Term Incentive Plan earned by such terminated covered employee but not yet paid (if any) for the Prior Performance Period;

however, if such covered employee completes at least three months of service in the Current Performance Period but not in the Prior Performance Period, or if such covered employee completes at least three months of service in the Prior Performance Period but not in the Current Performance Period, such covered employee will only be eligible for the additional short term incentive-based lump sum cash payment described above that is applicable to the performance period in which the three months of service was completed. As noted above, Messrs. Flexon, Freeland and Howell and Mses. Burke and Callaway waived in their respective employment agreements any participation in any benefits prescribed for the Enhanced Severance Period.

The foregoing benefits may be subject to the following material conditions or obligations:

execution and performance of a confidentiality and nondisparagement agreement; and

execution and performance of a release and waiver of liability agreement with respect to his or her employment and termination.

Change in Control. In the event of a change-in-control, the awards granted under the 2012 Long Term Incentive Plan require a double-trigger, both the occurrence of a change in control and an involuntary termination, to vest. Any outstanding stock options, restricted stock awards, including restricted stock units, phantom stock units and other equity-based awards previously granted to our executives will vest based upon the applicable long-term incentive award agreement.

In addition, each of our executives is entitled to severance benefits if, no earlier than 60 days before and in connection with or within two years after a "change in control," such executive is subject to an "involuntary termination," as defined in the Change in Control Plan. In general, such an executive experiences an "involuntary termination" if such executive:

is terminated without cause; or

terminates for "good reason," generally meaning he or she suffers a material reduction in authority or duties, a material reduction in total compensation or relocation to a location 50 miles or more from the previous principal employment location.

Severance benefits under the Change in Control Plan include:

a lump sum cash payment equal to:

for the Chief Executive Officer or Chief Operating Officer, 2.99 times such executive's "compensation," which is defined in the Change in Control Plan as the sum of any covered executive's (1) annual base salary based on the greatest rate in effect (a) immediately prior to the "change in control," (b) sixty days prior to the date of such executive's involuntary termination or (c) as of the date of such executive's involuntary termination and (2) target cash bonus under our Short Term Incentive Plan, for (a) the fiscal year in which the "change in control" occurs, (b) any fiscal year beginning after the fiscal year in which the "change in control" occurs and before the fiscal year in which such executive's involuntary termination occurs or (c) the fiscal year in which such executive's involuntary termination occurs, whichever is greatest;

for any Executive Vice President (other than the Chief Operating Officer), 2.50 times such executive's compensation;

Edgar Filing: DYNEGY INC. - Form DEF 14A

for any Vice President, 1.50 times such executive's compensation; or

for any Managing Director, 1.00 times such executive's compensation;

a lump sum cash payment equal to the aggregate target annual incentive compensation under any applicable Short Term Incentive Plan for the fiscal year during which such involuntary termination of employment occurs (determined as if all applicable goals and targets had been satisfied in full), pro-rated to the date of such executive's termination, plus the aggregate target annual incentive compensation under any applicable Short Term Incentive Plan earned but not yet paid (if any) for the fiscal year prior to the fiscal year during which the involuntary termination occurs;

all medical, dental, vision and life insurance benefits maintained for such executive as of the termination date, contingent upon continued payment of premiums by such executive at a cost that is no greater than the lesser of the cost of such coverage paid by such executive immediately prior to the date of the (a) executive's involuntary termination or (b) the "change in control" for a period equal to (1) 36 months from termination for the Chief Executive Officer, (2) 30 months from termination for any Executive Vice President, (3) 24 months from termination for any Senior Vice President, (4) 18 months from termination for any Vice President, and (5) 12 months from termination for any Managing Director; and

outplacement assistance benefits at least equivalent to those that would have been provided to the Named Executive Officer before the "change in control" (but in any event not beyond the end of the second calendar year following the calendar year in which the executive terminated employment), with such benefits paid directly to the outplacement assistance provider and not to the executive in a lump sum.

The foregoing benefits may be subject to the following material conditions or obligations:

execution and performance of a confidentiality and nondisparagement agreement;

execution and performance of a non-solicitation agreement for a period of 24 months; and

execution and performance of a release and waiver of liability agreement with respect to his or her employment and termination.

Excise Tax Reimbursement Policy. The Excise Tax Reimbursement Policy provided that any employees at the level of Managing Director or above who incur excise taxes under Section 4999 of the Code, as a result of a payment or distribution, shall receive an additional payment in an amount equal to the excise tax, interest on the excise tax amount and any penalties related to the excise tax payment imposed upon the employee. As part of its assessment of our executive compensation programs and practices, in March 2013 the Post-Emergence Human Resources Committee approved the termination of the Excise Tax Reimbursement Policy. Coincident with this action, the Post-Emergence Human Resources Committee amended the Change in Control Plan to implement a "Best Net" provision. Under the "Best Net" provision, benefits resulting from a change of control would be cut back if doing so would result in greater after-tax proceeds to an executive absent such cut back. Otherwise, the executive would receive payment of all change of control-related benefits and would be responsible for paying any excise tax imposed on such payment.

Retirement. As of December 31, 2012, none of our Named Executive Officers have reached eligibility age for payments upon retirement.

Disability or Death. All of our employees may elect to participate in our disability policy, and any participating employee would be entitled to long-term disability benefits under such disability policy if he or she paid any required premiums. All of our Named Executive Officers have elected to participate in our disability policy. Under such policy, all employees at the level of Vice President or above are entitled to 12 months of the monthly base salary that is in effect on the date that the employee is determined to be

Edgar Filing: DYNEGY INC. - Form DEF 14A

disabled. Additionally, employees at the level of Vice President or above are also provided with additional basic life insurance coverage as supplemental life insurance equal to 12 months of monthly base salary.

Further, in the event of death, the medical, dental and vision benefits that we maintained for the deceased employee at the level of Vice President or above and his or her family would be maintained for 12 months after the date of death, provided that such employee's covered dependents continue to pay the required premiums. Such employee's Dynegy 401(k) Plan distributions and Retirement Plan benefits would generally be paid to his or her beneficiary. Health benefits in the event of disability vary depending on the type of disability.

In addition, each Named Executive Officer's equity-based awards would vest upon death or disability in accordance with the applicable long-term award agreement.

Potential Payments and Benefits. The following tables describe the estimated potential payments we would have been required to make to our Named Executive Officers under the severance and change in control plans, as applicable, upon termination of their employment under various circumstances. The following assumptions and general principles apply with respect to these tables:

As discussed above under "Compensation Discussion and Analysis Summary of Employment Agreements Kevin Howell," Mr. Howell stepped down from his position of Executive Vice President and Chief Operating Officer effective January 4, 2013;

The amounts shown assume the applicable termination event took place on December 31, 2012, the last business day of the year accordingly, values associated with long-term incentive awards made in March 2013 are not included;

The price per share used to calculate the value of the equity-based payments is the closing price of our common stock on December 31, 2012 of \$19.13;

The amounts shown as "Base salary" under the "Change in Control" column are the lump sum cash payments described as annual compensation under "Change in Control";

The amounts shown for "Medical, dental and vision benefits" under the "Severance-eligible terminations" column assume that the applicable Named Executive Officer continued to participate in our group health care for the maximum period of time permitted for such Named Executive Officer under the Executive Severance Pay Plan; and

The amounts shown for "Accidental death & dismemberment insurance proceeds" under the "Disability" column represent the maximum payment available under the applicable accidental death and disability policy. The actual value could be lower depending on the type of disability.

Edgar Filing: DYNEGY INC. - Form DEF 14A

Under the "Death" column is the maximum payment if death occurred from an accident covered under the applicable accidental death and disability policy.

(1) The Named Executive Officers would be able to exercise any options vested before the day of termination for cause or and for a 90-day period after the date of termination upon a voluntary resignation, or through the end of the option term, if less.

- (2) The Named Executive Officers are eligible to participate in the Dynegy Inc. Executive Severance Plan and the Change in Control Plan. Under the Executive Severance Pay Plan and/or per the terms of the respective Employment Agreements, in the event an Involuntary Termination occurs each is eligible to receive two times his or her base salary and two times his or her target annual bonus under the applicable Short Term Incentive Compensation Plan. The Executive Severance Pay Plan also provides for medical, dental, and vision benefits at the active employee rates for 24 months. Under the Change in Control Plan, in the event of an Involuntary Termination, Messrs Flexon and Howell are eligible to receive a severance payment equal to 2.99 times their annual base salary plus annual target bonus under the Short Term Incentive Compensation Plan and 36 months of medical, dental, and vision benefits coverage at the active employee rates. Mr. Freeland and Meses. Burke and Callaway are eligible to receive a severance payment equal to 2.50 times their annual base salary plus annual target bonus under the Short Term Incentive Compensation Plan and 30 months of medical, dental, and vision benefits coverage at the active employee rates. In the event of a change in control and subsequent Involuntary Termination, the Named Executive Officers will also have accelerated vesting treatment on the Incremental non-qualified pension and receive an excise tax gross-up benefit for excise taxes incurred under Internal Revenue Code section 280(G). Outplacement services are made available under both plans for all eligible employees.
- (3) As of December 31, 2012, the Named Executive Officers were vested in 33% of the Retirement Plan and Restoration Pension Plan; however, upon a change in control they would become fully vested.
- (4) Amount is as of December 31, 2012; however, in March 2013, the Board terminated the Excise Tax Reimbursement Policy and, in the event of a change of control, the Change in Control Plan was amended to include a "Best Net" provision. Under the "Best Net" provision, benefits resulting from a change of control would be cut back if doing so would result in greater after-tax proceeds to an executive absent such cut back. Otherwise, the executive would receive payment of all change of control-related benefits and would be responsible for paying any excise tax imposed on such payment.
- (5) Mr. Howell stepped down from his position of Executive Vice President and Chief Operating Officer effective January 4, 2013.

AUDIT COMMITTEE REPORT

Our Board has established an Audit Committee of independent directors, which operates under a written charter adopted by the Board. The charter is available in the "Corporate Governance" section of our web site at www.dynegy.com. Our management is responsible for establishing a system of internal controls and for preparing our consolidated financial statements in accordance with generally accepted accounting principles. Our independent registered public accountants, Ernst & Young LLP, or E&Y, are responsible for auditing our consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and issuing their reports based on that audit. Under the Audit Committee's charter, the primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities as to (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements and our Code of Business Conduct and Ethics, (3) the evaluation, appointment and retention of the independent registered public accountants, including a review of their qualifications, independence and performance, (4) the performance of our internal audit function (5) the performance of our business ethics and compliance function, and (6) the enterprise risk management process, policies and procedures. The Audit Committee is also directly responsible for reviewing with the independent registered public accountants the plans and scope of the audit engagement, reviewing with the independent registered public accountants their objectivity and independence and providing an open venue of communication between our management, the internal audit function, ethics and compliance function, the independent registered public accountants and the Board.

In connection with the preparation of the audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2012:

The Audit Committee reviewed and discussed the audited financial statements with the independent registered public accountants and management.

The Audit Committee discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In general, these auditing standards require the independent registered public accountants to communicate to the Audit Committee certain matters that are incidental to the audit, such as any initiation of, or changes to, significant accounting policies, management judgments, accounting estimates and audit adjustments; disagreements with management; and the independent registered public accountants' judgment about the quality of our accounting principles.

The Audit Committee has received the written disclosures and the letter from the independent registered public accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountants' communication with the Audit Committee concerning independence, and has discussed the independent registered public accountants' independence with the independent registered public accountants. The Audit Committee also considered whether the independent registered public accountants' provision of non-audit services to us was compatible with maintaining their independence.

Although effective for audits for fiscal years beginning on or after December 15, 2012, E&Y has adopted early the Public Company Accounting Oversight Board's new Auditing Standard No. 16 "Communications with Audit Committees". Therefore, in addition to the communications described above, the Audit Committee and our independent registered public accountants have discussed the expanded communication requirements set forth in Auditing Standard No. 16, including such matters as significant audit risks identified and any changes from planned audit strategy, the use of specialists on the audit team, and issues for which the independent registered public accountant has consulted outside the engagement team.

Edgar Filing: DYNEGY INC. - Form DEF 14A

Based on the review and discussions noted above, the Audit Committee recommended to the Board that the audited consolidated financial statements for the year ended December 31, 2012 be included in our Annual Report on Form 10-K filed with the SEC.

This report is submitted by the members of the Audit Committee of the Board as of February 27, 2013:

John R. Sult, Chairman
Hilary E. Ackermann
Paul M. Barbas

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Principal Accountant Fees and Services

E&Y served as our independent registered public accountants for the years ending December 31, 2012 and 2011. Set forth below is a summary of the fees we paid E&Y for professional services rendered for the years ended December 31, 2012 and 2011.

	2012	2011
	(in thousands)	
Audit Fees(1)	\$ 2,904	\$ 2,271
Audit-Related Fees(2)	363	1,255
Tax Fees		
All Other Fees		
Total Fees	\$ 3,267	\$ 3,526

(1) Audit fees relate to the audit of Dynegy's and Dynegy Holdings, LLC's financial statements for the years ended December 31, 2012 and 2011.

(2) Audit-related fees include fees of \$300,000 and \$488,000 in 2012 and 2011, respectively, for the audits of separate financial statements of various of our consolidated subsidiaries. Additionally, 2012 fees include \$66,000 for services rendered related to Dynegy Inc. registration statements. 2011 fees include \$394,000 for services rendered related to Dynegy Inc.'s proposed tender offer for Dynegy Holdings, LLC's outstanding debt and \$373,000 for services rendered related to audit procedures for financial statements that were not completed or issued.

All of the fees and services described above under the captions "Audit Fees," "Audit-Related Fees," "Tax Fees" and "All Other Fees" were approved under the Audit Committee's pre-approval policy and pursuant to Section 202 of SOX. None of the services described above were provided to us pursuant to the de minimus exception provided for in applicable SEC rules and regulations.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of our independent registered public accountants. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services to be provided by our independent registered public accountants in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services, gives detailed guidance to management as to the specific audit, audit-related and tax services that are eligible for general pre-approval and provides specific fee limits for each such service type on an annual basis. The policy requires specific pre-approval of the annual audit engagement, statutory or subsidiary audits and all permissible non-audit services for which no general pre-approval exists. For both audit and non-audit pre-approvals, the Audit Committee considers whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The Audit Committee Charter provides that the Audit Committee may delegate to the Audit Committee Chairman the authority to grant pre-approvals only if such approvals are presented to the Audit Committee at a subsequent meeting. The policy prohibits the Audit Committee from delegating to management such committee's responsibility to pre-approve services performed by the independent registered public accountants. When we engage the independent registered public accountants to perform services based on a general pre-approval, our Chief Financial Officer or, in his or her absence, our Chief Accounting Officer is required to, as soon thereafter as reasonably practicable, notify the chairman of such engagement and provide a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services and a general timetable for the performance of such services.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by our Chief Financial Officer or, in his or her absence, our Chief Accounting Officer. Generally, each such request must include a joint statement to the effect that neither the submitting officer nor the independent registered public accountants believe the proposed engagement would impair the auditors' independence. In addition, each such request generally must include a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services and a general timetable for the performance of such services.

CHARITABLE CONTRIBUTIONS

During 2012, we did not make any contributions to any charitable organization in which an independent director served as an executive officer.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our equity securities to file reports of ownership and changes in ownership with the SEC and the NYSE. Executive officers, directors and greater-than-10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such forms furnished to us in 2012 and upon written representations that no Forms 5 were required, we believe that all persons subject to these reporting requirements filed the required reports on a timely basis.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

Review and Approval of Transactions with Related Persons

Our Board adopted a written policy relating to the approval of transactions with related parties. In general, for purposes of this policy, a related party transaction is a transaction to which we are a party, or a material amendment to any such transaction, and with respect to which a related party is directly, or to our knowledge, indirectly, a party. Under our policy, a "related party" is an executive officer, director or nominee for director of ours, a person known to us to be the beneficial owner of more than 5% of our voting securities, an immediate family member of an executive officer, director, nominee for director or 5% stockholder, and any entity owned or controlled by any of the foregoing individuals or in which any such individual serves as an executive officer or general partner or, together with any other such individuals, owns 10% or more of the equity interests of such an entity. Our policy requires the Audit Committee or, at the Board's discretion, a majority of directors disinterested from the transaction, to review and approve related party transactions. In reviewing and approving any related party transactions or material amendments to any such transaction, the Audit Committee must satisfy itself that it has been fully informed as to the related party's relationship and interest and as to the material facts of the transaction and must determine that the related party transaction is fair to us. A copy of our related party transactions policy is available on our web site at www.dynegy.com.

PROPOSAL 2

APPROVAL OF COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

A proposal will be presented at the meeting asking stockholders to approve on an advisory basis the compensation of Dynegy's Named Executive Officers as described in this proxy statement. Please see our "Compensation Discussion and Analysis" section beginning on page 33 for a discussion of our compensation program for our Named Executive Officers.

Following our emergence from Bankruptcy, the Post-Emergence Human Resources Committee began to assess the compensation programs provided to our Named Executive Officers and other key employees. This assessment process will continue into 2013 and beyond, and will focus on maintaining compensation programs and practices that are consistent with the compensation philosophy, evolving corporate governance standards and programs and practices that support the execution of the Company's business strategy.

Consistent with the stated purpose and the Compensation Guiding Principles described in our Compensation Discussion and Analysis, the structure of our compensation program reflects the following key objectives: (1) Pay for Performance; (2) Market Competitiveness; and (3) Alignment with Stockholder Value.

Key features of our compensation program include the following:

We provide a compensation structure that includes a competitive base salary and performance based short-term and long-term incentive awards that are aligned with stockholder interests.

The Post-Emergence Human Resources Committee terminated the Excise Tax Reimbursement Policy, including excise tax gross-ups, as part of its ongoing assessment of our executive compensation programs and practices.

Following completion of its annual incentive risk assessment, the Post-Emergence Human Resources Committee believes that the structure and design of our compensation programs, as well as the approach used in the selection of performance metrics and targets, are not reasonably likely to result in excessive risk-taking that could have a material adverse effect on us.

Other than reimbursement for relocation expenses and financial planning and tax advice, our Named Executive Officers do not receive any material perquisites.

We do not offer supplemental executive retirement plan benefits.

We have a mechanism to claw back any compensation awards if a restatement of our financial results occurs and there is a determination that awards based upon financial metrics would have been impacted.

Our Change in Control cash severance benefits are subject to "double trigger" provisions which require both the occurrence of a change in control event and involuntary termination of the Named Executive Officer.

We continue to move towards a compensation mix that is weighted towards variable compensation (annual and long-term incentives), where actual amounts earned may differ from targeted amounts based on Company and individual performance. Each Named Executive Officer has a target total compensation opportunity that is assessed annually by the Human Resources Committee to ensure alignment with the overall compensation objectives. Following the decisions made in March 2013, 87% of the aggregate compensation for our CEO, CFO, GC and CAO is at risk, including performance based annual and long-term incentive awards.

Edgar Filing: DYNEGY INC. - Form DEF 14A

The advisory vote on following resolution is not intended to address any specific element of compensation; rather, it relates to the overall compensation of the Company's named executive officers, as well as the philosophy, policies and practices described in this proxy statement. You have the opportunity to vote for, against or abstain from voting on the following resolution relating to executive compensation:

THEREFORE, BE IT RESOLVED, that the stockholders of Dynegy approve, on an advisory basis, the compensation of Dynegy's Named Executive Officers listed in the 2012 Summary Compensation Table included in the proxy statement for this meeting, as such compensation is disclosed pursuant to Item 402 of Regulation S-K in this proxy statement under the section entitled "Executive Compensation," including the compensation tables and other narrative executive compensation disclosures set forth under that section, as well as the section in the proxy statement entitled "Compensation Discussion and Analysis."

This advisory vote on the compensation of Dynegy's Named Executive Officers gives stockholders another mechanism to convey their views about Dynegy's compensation programs and policies. Although your vote on executive compensation is not binding on Dynegy, the Board values the views of stockholders. The Board and Human Resources Committee will review the results of the vote and take them into consideration in addressing future compensation policies and decisions.

The Board unanimously recommends that stockholders vote **FOR** the proposal to approve the compensation of our Named Executive Officers.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has appointed the firm of Ernst & Young LLP, or E&Y, as our independent registered public accountants for us and our subsidiaries for the fiscal year ending December 31, 2013, and the Board recommends that the stockholders ratify that appointment. Ratification requires the affirmative vote of a majority of the shares of common stock represented in person (through internet access) or by proxy at the meeting and entitled to vote on the matter. Unless you withhold authority to vote or instruct otherwise, a properly executed proxy will be voted **FOR** ratification of such appointment.

Although there is no requirement that we submit the appointment of independent registered public accountants to stockholders for ratification or that the appointed auditors be terminated if the ratification fails, the Audit Committee will consider the appointment of other independent registered public accountants if the stockholders choose not to ratify the appointment of E&Y and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may terminate the appointment of E&Y as our independent registered public accountants without the approval of the stockholders whenever the Audit Committee deems such termination appropriate.

Representatives of E&Y are expected to attend the Annual Meeting and will be available to respond to appropriate questions. The representatives will also have the opportunity to make a statement if they wish to do so.

The Board unanimously recommends that stockholders vote **FOR** ratification of the appointment of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending December 31, 2013.

FUTURE STOCKHOLDER PROPOSALS

If a stockholder wants us to include a proposal in our proxy statement and form of proxy for presentation at the 2014 Annual Meeting of stockholders, under the rules of the SEC, the proposal must be received by our Corporate Secretary at the address indicated on the first page of this proxy statement on or before the close of business on Thursday, December 5, 2013 (the 120th day before the one-year anniversary date of the release of these proxy materials to stockholders).

If a stockholder wishes to introduce a director nominee or other item of business for consideration at an Annual Meeting of stockholders, the stockholder must comply with the procedures specified in our Bylaws, as permitted by the rules of the SEC. These procedures require that director nominations or other items of business to be introduced at an Annual Meeting of stockholders must be submitted in writing to our Corporate Secretary at the address indicated on the first page of this proxy statement. Under our Bylaws, we must receive notice of a stockholder's intention to introduce a nomination or proposed item of business at our 2014 Annual Meeting of Stockholders:

By the close of business on Thursday, February 20, 2014 (not later than the 90th day before the one-year anniversary date of the 2013 Annual Meeting) nor earlier than the close of business on Tuesday, January 21, 2014 (not earlier than the 120th day before the one-year anniversary date of the 2013 Annual Meeting), if the 2014 Annual Meeting of stockholders is held within 30 days before or 60 days after May 21, 2014 (the one-year anniversary date of the 2013 Annual Meeting); or

By the close of business on the 120th day before the 2014 Annual Meeting but not before the close of business on the 90th day before the 2014 Annual Meeting or the tenth day following the public announcement of the 2014 Annual Meeting date, if the 2014 Annual Meeting is held more than 30 days before or more than 60 days after May 21, 2014 (the one-year anniversary date of the 2013 Annual Meeting).

Assuming our 2014 Annual Meeting of stockholders is held on a schedule similar to that of the 2013 Annual Meeting, we must receive notice of your intention to introduce a nomination or another item of business at that meeting by the dates specified in the first bullet point above. Our Bylaws specify the information that must be contained in a stockholder's notice for director nominees or an item of business to be introduced at an Annual Meeting of stockholders. Please read our Bylaws, which are available free of charge through the SEC's web site at www.sec.gov and through our web site at www.dynegy.com, for additional information regarding stockholder proposals.

OTHER MATTERS

The Board does not know of any other matters that are to be presented for action at the Annual Meeting. However, if any other matters properly come before the Annual Meeting or any adjournment or postponement thereof, it is intended that the enclosed proxy will be voted in accordance with the judgment of the persons named in the proxy card.

By Order of the Board of Directors,

Kimberly M. O'Brien
Corporate Secretary
