SUMMARY

Our Company:

We are a specialty financial services firm with a comprehensive mortgage platform and integrated business focused on the production and servicing of U.S. residential mortgage loans and the management of investments related to the U.S. residential mortgage market. We were founded in 2008 by members of our executive leadership team and two strategic partners, BlackRock and Highfields. Since our founding we have pursued opportunities to acquire and manage residential mortgage loans and established what we believe to be a best-in-class mortgage platform. We have relied on the know-how of our management team and built a *de novo* operating platform to our specifications using industry-leading technology, processes and procedures to address the stringent requirements of residential mortgage lending and servicing in the post-financial crisis market. We believe that this approach has resulted in a specialized mortgage platform that is "legacy-free" and highly scalable to support the continued growth of our business.

We conduct our business in two segments: mortgage banking and investment management. Our principal mortgage banking subsidiary, PennyMac Loan Services, LLC, or PLS, is a leading non-bank producer and servicer of mortgage loans in the United States. PLS is a seller/servicer for the Federal National Mortgage Association, or Fannie Mae, and the Federal Home Loan Mortgage Corporation, or Freddie Mac, each of which is a government-sponsored entity, or GSE. It is also an approved issuer of securities guaranteed by the Government National Mortgage Association, or Ginnie Mae, a lender of the Federal Housing Administration, or FHA, a lender/servicer of the Veterans Administration, or VA, and a servicer for the Home Affordable Modification Program, or HAMP. PLS is licensed (or exempt or otherwise not required to be licensed) to originate residential mortgage loans in 47 states and the District of Columbia and to service loans in 49 states, the District of Columbia and the U.S. Virgin Islands.

Our principal investment management subsidiary, PNMAC Capital Management, LLC, or PCM, is an SEC registered investment adviser. It manages PennyMac Mortgage Investment Trust, or PMT, a mortgage "real estate investment trust," or REIT, listed on the NYSE. PCM also manages PNMAC Mortgage Opportunity Fund, LLC and PNMAC Mortgage Opportunity Fund, LP, both registered under the Investment Company Act of 1940, an affiliate of these funds and PNMAC Mortgage Opportunity Fund Investors, LLC. We refer to these funds collectively as our "Investment Funds" and, together with PMT, as our "Advised Entities." Our Advised Entities have been some of the leading non-bank investors in distressed mortgage loans since 2008, investing in loans with approximately \$7.4 billion of unpaid principal balances, or UPB. As of December 31, 2013, our Advised Entities had combined net assets of approximately \$2.0 billion.

We conduct some of our activities for our own account and some for our Advised Entities. We earn significant fee income and carried interest from the activities we conduct for our Advised Entities; such fees include investment management fees, incentive fees, subservicing fees for servicing loan portfolios and fulfillment fees for mortgage banking services provided to PMT in connection with our correspondent lending program. Our relationships with our Advised Entities also allow us to pursue some market opportunities with reduced capital intensity, with PLS and PCM providing operational expertise and our Advised Entities providing investment capital for mortgage-related assets.

We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012. We refer to the Jumpstart Our Business Startups Act of 2012 in this prospectus as the "JOBS Act," and references in this prospectus to "emerging growth company" shall have the meaning ascribed to it in the JOBS Act.

MARKET DATA

This prospectus includes market and industry data and forecasts that we have derived from independent consultant reports, publicly available information, various industry publications, other published industry sources and our internal data and estimates. Independent consultant reports, industry publications and other published industry sources generally indicate that the information contained therein was obtained from sources believed to be reliable.

ORGANIZATIONAL STRUCTURE

The diagram below depicts our organizational structure as of March 14, 2014 and without giving effect to any exchanges by the selling stockholders and subsequent sales of shares of Class A common stock in this offering.

PennyMac Financial Services, Inc. is the sole managing member of PNMAC and, through PNMAC and its subsidiaries, operates our business. Accordingly, although PennyMac Financial Services, Inc. currently has a minority economic interest in PNMAC, PennyMac Financial Services, Inc. has 100% of the voting power and controls the management of PNMAC, subject to certain exceptions. See "Certain Relationships and Related Party Transactions PNMAC Limited Liability Company Agreement."

(1)

Excluding Fidelity Investments Charitable Gift Fund, which has exchanged all of its Class A Units for shares of Class A common stock.

Reorganization and Recapitalization

Prior to, and in connection with, the initial public offering of our Class A common stock, the limited liability company agreement of PNMAC was amended and restated to, among other things, modify the capital structure of PNMAC by converting all existing classes of limited liability company units into Class A Units. The allocation of Class A Units among our then-existing owners was determined pursuant to the distribution provisions of the limited liability company agreement of PNMAC prior to that amendment and restatement based upon the liquidation value of PNMAC, assuming that it was liquidated at the time of our initial public offering with a value implied by the \$18.00 per share price of the shares of Class A common stock sold in our initial public offering. Immediately following this reorganization but prior to the completion of our initial public offering, there were 63,111,111 Class A Units issued and outstanding.

Upon the completion of our initial public offering, PennyMac Financial Services, Inc. purchased 12,777,777 newly issued Class A Units from PNMAC at a purchase price per unit equal to the initial public offering price per share of our Class A common stock less the underwriting discount per share. This number of newly issued Class A Units equaled the number of shares of Class A common stock sold in our initial public offering and the price paid by PennyMac Financial Services, Inc. for the purchase of those Class A Units constituted the entire amount of net proceeds that it received from our initial public offering.

We refer to the foregoing transactions, collectively, as the "Recapitalization."

Following our initial public offering of our Class A common stock, the selling stockholders retained their equity ownership in PNMAC, an entity that is intended to be classified as a partnership for United States federal income tax purposes (and not as an association, taxable mortgage pool or publicly traded partnership, each of which could be taxable as a corporation), in the form of Class A Units of PNMAC. Investors in this offering will, by contrast, hold their equity ownership in PennyMac Financial Services, Inc., a Delaware corporation that is a domestic corporation for United States federal income tax purposes, in the form of shares of Class A common stock. We believe that the selling stockholders generally find it advantageous to hold their equity interests in an entity that is not taxable as a corporation for United States federal income tax purposes. The selling stockholders and PennyMac Financial Services, Inc. currently incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of PNMAC. We do not believe that our organizational structure gives rise to any significant benefit or detriment to our business or operations.

We have entered into an exchange agreement with the owners of PNMAC other than us. Under the exchange agreement, the other owners of PNMAC (and certain permitted transferees thereof) may elect or, under certain circumstances, are obligated (subject to the terms of the exchange agreement) to exchange their Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. As a holder exchanges its Class A Units of PNMAC, PennyMac Financial Services, Inc.'s interest in PNMAC is correspondingly increased. See "Certain Relationships and Related Party Transactions Exchange Agreement."

These exchanges are expected to result in increases in the tax basis of the assets of PNMAC that otherwise would not have been available. These increases in tax basis may reduce the amount of tax that PennyMac Financial Services, Inc. would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets. We have entered into a tax receivable agreement with the owners of PNMAC other than us that will provide for the payment by PennyMac Financial Services, Inc. to those owners of 85% of the amount of the benefits, if any, that

Table of Contents

PennyMac Financial Services, Inc. is deemed to realize as a result of (i) increases in tax basis resulting from exchanges of Class A Units of PNMAC and (ii) certain other tax benefits related to our entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. These payment obligations are obligations of PennyMac Financial Services, Inc. and not of PNMAC. PennyMac Financial Services, Inc. and its stockholders will retain the remaining 15% of the those tax benefits that PennyMac Financial Services, Inc. is deemed to realize.

All owners of PNMAC other than PennyMac Financial Services, Inc. also hold shares of Class B common stock of PennyMac Financial Services, Inc. Although these shares have no economic rights, they allow those owners of PNMAC to exercise voting power at PennyMac Financial Services, Inc., the managing member of PNMAC, at a level that is consistent with their overall equity ownership of our business. Under our certificate of incorporation, each holder of Class B common stock is entitled, without regard to the number of shares of Class B common stock held by that holder, to one vote for each Class A Unit of PNMAC held by such holder. Accordingly, as the selling stockholders and other owners of PNMAC exchange Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. pursuant to the exchange agreement, the voting power afforded to them by their shares of Class B common stock is automatically and correspondingly reduced.

PennyMac Financial Services, Inc. is a holding company, and its sole material asset is its equity interest in PNMAC. As the sole managing member of PNMAC, PennyMac Financial Services, Inc. will operate and control all of the business and affairs of PNMAC and, through PNMAC and its subsidiaries, conduct our business.

We consolidate the financial results of PNMAC and its subsidiaries, and the ownership interest of the other members of PNMAC are reflected as a non-controlling interest in PennyMac Financial Services, Inc.'s consolidated financial statements.

Pursuant to the limited liability company agreement of PNMAC, PennyMac Financial Services, Inc. has the right to determine when distributions will be made to the members of PNMAC and the amount of any such distributions, other than with respect to tax distributions as described below. If PennyMac Financial Services, Inc. authorizes a distribution, such distribution will be made to the members of PNMAC, including PennyMac Financial Services, Inc., pro rata in accordance with the percentages of their respective limited liability company interests.

The holders of limited liability company interests in PNMAC, including PennyMac Financial Services, Inc., will incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of PNMAC. The limited liability company agreement provides for quarterly cash distributions to the holders of limited liability company interests of PNMAC if PennyMac Financial Services, Inc. determines that the taxable income of PNMAC will give rise to taxable income for its members. In accordance with the limited liability company agreement, we are required to cause PNMAC to make quarterly cash distributions to the holders of limited liability company interests of PNMAC for purposes of funding their tax obligations in respect of the income of PNMAC that is allocated to them. Generally, these tax distributions will be computed based on the taxable income of PNMAC multiplied by an assumed tax rate determined by us.

USE OF PROCEEDS

The selling stockholders will receive all of the net proceeds from the sales of shares of Class A common stock offered by them pursuant to this prospectus. We will not receive any proceeds from the sale of these shares of our Class A common stock, but we will bear the costs associated with this registration. The selling stockholders will bear any underwriting commissions and discounts attributable to their sale of shares of our Class A common stock.

FOR THE YEAR ENDED DECEMBER 31, 2013

increased to 27.5% based on a series of executed exchanges of PNMAC LLC units for Class A Common Shares of PennyMac Financial Services, Inc.

- (2) PennyMac Financial Services, Inc. is subject to U.S. federal income taxes, in addition to state and local taxes, with respect to our allocable share of any net taxable income of PNMAC, which will result in higher income taxes. As a result, the pro forma statements of income reflect an adjustment to our provision for corporate income taxes to reflect an effective rate of 42.0%, which includes provision for U.S. federal income taxes and uses our estimate of the weighted average statutory rates apportioned to each state and local jurisdiction.
- (3) The shares of Class B common stock of PennyMac Financial Services, Inc. do not share in PennyMac Financial Services, Inc. earnings and are therefore not allocated any net income attributable to the controlling and non-controlling interests. As a result, the shares of Class B common stock are not considered participating securities and are therefore not included in the weighted average shares outstanding for purposes of computing net income available per share.
- (4) For purposes of applying the as-if converted method for calculating diluted earnings per share, we assumed an exchange of Class A Units for Class A common stock. Such exchange is affected by the allocation of income or loss associated with the exchange of Class A Units for Class A common stock and accordingly the effect of such exchange has been included for calculating diluted pro forma net income (loss) available to Class A common stock per share. Giving effect to the exchange of all Class A Units for shares of Class A common stock and dilutive unvested stock based compensation awards consisting of Class A Units, diluted pro forma net income (loss) available to Class A common stock per share would be computed as follows:

Pro forma income before income taxes	\$ 182,126
Adjusted pro forma income taxes	76,493(a)
Adjusted pro forma net income	\$ 105,633(b)

Weighted average shares of Class A common stock outstanding (assuming the exchange of all New Holdings Units for shares of Class A common stock)	75,888,888(c)

Pro forma diluted net income (loss) available to Class A common stock per share	\$ 1.39

-
- (a) Represents the implied provision for income taxes assuming the full exchange of all Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. using the same method applied in calculating pro forma tax provision.
- (b) Assumes elimination of all non-controlling interest due to the assumed exchange of all Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. as of the beginning of the period (January 1, 2013).
- (c)

Edgar Filing: PENNYMAC FINANCIAL SERVICES, INC. - Form 424B3

The unvested units are converted to Class A Units based on the treasury stock method and an as-if converted method is used to give effect to the exchange agreement for the diluted weighted average share calculation.

Section 16(a) Beneficial Ownership Reporting Compliance

We believe that based solely upon our review of copies of forms we have received or written representations from reporting persons, during the fiscal year ended December 31, 2013, or Fiscal 2013, all filing requirements under Section 16(a) of the Exchange Act applicable to our officers, directors and beneficial owners of more than ten percent of our common stock were complied with on a timely basis.

Corporate Governance

We believe that we have implemented effective corporate governance policies and observe good corporate governance procedures and practices. We have adopted a number of written policies, including our Corporate Governance Guidelines, our Code of Business Conduct and Ethics, and charters for our Audit Committee, Compensation Committee, Finance Committee, Governance and Nominating Committee, and Related-Party Matters Committee.

Independence of Our Directors

The NYSE rules require that at least a majority of our directors be independent of our company and management. The rules also require that our board of directors affirmatively determine that there are no material relationships between a director and us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) before such director can be deemed independent. We have adopted independence standards consistent with NYSE rules and the rules of the SEC. Our board of directors has reviewed both direct and indirect transactions and relationships that each of our directors had or maintained with us and our management.

As a result of this review, our board of directors, based upon the fact that certain of our non-employee directors do not have any material relationships with us other than as directors and holders of our common stock, affirmatively determined that seven of our directors are independent directors under NYSE rules. Our independent directors are Messrs. Botein, Hunt, Mazzella, Nanji, Taylor and Wiedman and Ms. Youssouf.

Board of Directors Leadership Structure

The positions of chairman of the board and Chief Executive Officer are currently held by Mr. Kurland, and we have determined not to separate the positions at this time. This determination is based, in part, on our belief that independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise

Table of Contents

from outside the Company and industry, while the Chief Executive Officer brings company-specific experience and expertise. We believe our Chief Executive Officer is thus better situated to serve as chairman of the board because he is able to utilize the in-depth focus and perspective gained in running the Company to effectively and efficiently lead our board of directors. As the director most familiar with our business and industry, he is most capable of identifying new initiatives and businesses, strategic priorities and other critical and/or topical agenda items for discussion by our board of directors and then leading the discussion to ensure its proper oversight of these issues. Our board of directors believes that the combined role of chairman of the board and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and our board of directors, all of which are essential to effective governance.

Risk Oversight

Our board of directors and its committees oversee our risk management process, while supporting organizational objectives, improving long-term organizational performance and creating stockholder value. A fundamental part of risk management oversight is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full board of directors in our business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. While the board of directors has the ultimate oversight responsibility for the risk management process, particularly with respect to credit risk, interest rate risk, market risk, operational risk and other risks specific to our businesses, the committees of our board of directors also share responsibility for overseeing risk management. For example, the Audit Committee focuses on financial and accounting risk, including internal controls, and receives an annual risk assessment report from our internal auditors. The Finance Committee focuses on risks relating to the Company's liquidity and capital resources. The Governance and Nominating Committee focuses on risks associated with proper board governance, including the independence of our directors. The Related-Party Matters Committee focuses on risks arising out of potential conflicts of interest between us or any of our subsidiaries, on the one hand, and PMT, the Investment Funds and any other non-wholly-owned entity that we manage or over which we have control (whether through ownership, voting power, contract or otherwise), on the other hand. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about the nature of all such risks.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to all of our employees, including executive officers and directors.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters and key practices of the committees of our board of directors, provide the framework for the governance of our company.

Other Charters

Our Audit Committee, Compensation Committee, Finance Committee, Governance and Nominating Committee and Related-Party Matters Committee have also adopted written charters that govern their conduct.

Audit Committee

Our board of directors has established an Audit Committee, which is comprised of three directors, Messrs. Nanji and Taylor and Ms. Youssouf. Mr. Taylor chairs the Audit Committee, and he serves as an "audit committee financial expert," as that term is defined by the SEC. Each of the members of the Audit Committee is "financially literate" under the rules of the NYSE. The Audit Committee assists our board of directors in overseeing:

our accounting and financial reporting processes;

the integrity and audits of our financial statements;

our internal control function;

our compliance with related legal and regulatory requirements;

the qualifications and independence of our independent registered public accounting firm; and

the performance of our independent registered public accounting firm and our internal auditors.

The Audit Committee is also responsible for the engagement, retention and compensation of our independent registered public accounting firm, reviewing with our independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by our independent registered public accounting firm, considering the range of audit and permissible non-audit fees, and reviewing the adequacy of our internal accounting controls.

Our board of directors has determined that Messrs. Nanji and Taylor and Ms. Youssouf are independent under the current NYSE independence requirements and SEC rules.

Compensation Committee

Our board of directors has established a Compensation Committee, which is comprised of three directors, Messrs. Botein, Hunt and Nanji. Mr. Botein chairs the Compensation Committee, the principal functions of which are to:

evaluate the performance of our Chief Executive Officer and other executive officers;

adopt and administer the compensation policies, plans and benefit programs for our executive officers and all other members of our executive team;

recommend to the board of directors the compensation for our independent directors; and

administer the issuance of any securities under the 2013 Equity Incentive Plan.

Our board of directors has determined that Messrs. Botein, Hunt and Nanji are independent under the current NYSE independence requirements and SEC rules.

Finance Committee

Our board of directors has established a Finance Committee, which is comprised of Messrs. Botein, Hunt and Nanji. Mr. Nanji chairs the Finance Committee, the principal function of which is to oversee the financial objectives, policies, procedures and activities of the Company, including a review of the Company's capital structure, source of funds, liquidity and financial position. In connection with these responsibilities, the Finance Committee reviews the Company's capital raising initiatives and monitors its liquidity management.

Governance and Nominating Committee

Our board of directors has established a Governance and Nominating Committee, which is comprised of three directors, Messrs. Hunt, Mazzella and Wiedman. Mr. Hunt chairs the Governance and Nominating Committee, which is responsible for seeking, considering and recommending to the full board of directors qualified candidates for election as directors and then recommending nominees for election as directors at the annual meeting of stockholders. It also periodically prepares and submits to our board of directors for adoption the Governance and Nominating Committee's selection criteria for director nominees. It reviews and makes recommendations on matters involving the general operation of our board of directors and our corporate governance, and annually recommends to our board of directors nominees for each of its committees. In addition, the Governance and Nominating Committee is responsible for annually facilitating the assessment of the performance of the individual committees and our board of directors as a whole and reporting thereon to our board of directors.

The Governance and Nominating Committee is responsible for developing the general criteria, subject to approval by the full board of directors, for use in identifying, evaluating and selecting qualified candidates for election or re-election to our board of directors. The Governance and Nominating Committee periodically reviews with our board of directors the appropriate skills and characteristics required of directors in the context of the current make up of our board of directors. Final approval of director nominees is determined by the full board of directors, and invitations to join our board of directors are extended by our chairman of the board on behalf of the entire board of directors.

The Governance and Nominating Committee, in accordance with our Corporate Governance Guidelines, seeks to create a board that is strong in its collective knowledge and has skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, risk management, corporate governance, and knowledge of the mortgage industry and the global markets. The Governance and Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience, and differences in viewpoints and skills. We do not have a formal policy with respect to diversity; however, our board of directors and Governance and Nominating Committee believe that it is essential that our directors represent diverse viewpoints and backgrounds. In considering candidates for our board of directors, the Governance and Nominating Committee considers the entirety of each candidate's credentials in the context of these standards and in light of the needs of our board of directors and the Company at that time, given the then current mix of director attributes. The Governance and Nominating Committee also considers a candidate's accessibility and availability to serve effectively on our board of directors, and it conducts inquiries into the background and qualifications of potential candidates. With respect to the nomination of continuing directors for re-election, the individual's past contributions to our board of directors are also considered.

Pursuant to separate stockholder agreements with BlackRock and Highfields, each of BlackRock and Highfields has the right to nominate one or two individuals for election to our board of directors, depending on the percentage of the voting power of our outstanding shares of Class A and Class B

common stock that it holds, and we are obligated to use our best efforts to cause the election of those nominees.

The Governance and Nominating Committee uses a variety of methods for identifying and evaluating nominees for director. The Governance and Nominating Committee assesses the appropriate size of our board of directors and whether any vacancies on our board of directors are expected due to retirement or otherwise. In the event that a vacancy is anticipated, or otherwise arises, the Governance and Nominating Committee considers whether to fill any such vacancy and, if so, identifies various potential candidates for director. These candidates are evaluated at regular or special meetings of the Governance and Nominating Committee, and may be considered at any point during the year. In evaluating such nominations, the Governance and Nominating Committee seeks to achieve a balance of knowledge, experience and capability on our board of directors.

Candidates may come to the attention of the Governance and Nominating Committee through current members of our board of directors, professional search firms or other persons. The Governance and Nominating Committee will also consider recommendations for nominees properly submitted by our stockholders. These recommendations should be submitted in writing to our Secretary at our principal executive offices located at 6101 Condor Drive, Moorpark, California 93021. If any materials are provided by a stockholder in connection with a recommendation for a director nominee, such materials are forwarded to the Governance and Nominating Committee. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Governance and Nominating Committee at its next regularly scheduled or special meeting.

Our board of directors has determined that Messrs. Hunt, Mazzella and Wiedman are independent under the current NYSE independence requirements.

Related-Party Matters Committee

Our board of directors has established a Related-Party Matters Committee, which is comprised of Messrs. Mazzella, Taylor and Wiedman and Ms. Youssouf. Mr. Mazzella chairs the Related-Party Matters Committee, the principal function of which is to review and approve certain transactions, and resolve other potential conflicts of interest, between us or any of our subsidiaries, on the one hand, and PMT, the Investment Funds and any other non-wholly-owned entity that we manage or over which we have control (whether through ownership, voting power, contract or otherwise), on the other hand. Among other matters, the related-party matters committee will review and approve any amendments of or extensions to our agreements with PMT, including our management agreement, servicing agreement, mortgage banking and warehouse services agreement, master spread acquisition and MSR servicing agreements and any amendments of or extensions to such agreements.

Our board of directors has determined that Messrs. Mazzella, Taylor and Wiedman and Ms. Youssouf are independent under the current NYSE independence requirements and SEC rules.

Narrative Disclosure to the 2013 Summary Compensation Table

Employment Agreements

On April 20, 2013, we entered into an employment agreement with Mr. Kurland, pursuant to which he serves as the chairman of our board of directors and Chief Executive Officer and the Chief Executive Officer of PNMAC. On that same date, we also entered into an employment agreement with Mr. Spector, pursuant to which he serves as a member of our board of directors and as our President and Chief Operating Officer and the President and Chief Investment Officer of PNMAC. The terms of these agreements are described below.

The employment agreements, each of which has a three year term, provide Mr. Kurland with an annual base salary of \$900,000 and Mr. Spector with an annual base salary of \$500,000, in each case, increased annually at a rate determined by our board of directors and Compensation Committee. Mr. Kurland and Mr. Spector are also entitled to receive both cash and equity incentive compensation each year during the term of the employment agreements, awarded at levels determined by our board of directors and Compensation Committee based on annual performance targets.

All equity awards are granted pursuant to our 2013 Equity Incentive Plan and are subject to vesting requirements. Any unvested awards shall immediately vest upon the death or disability of the executive, a termination by us other than for cause (as defined in the employment agreement), a termination by the executive for good reason (as defined in the employment agreement), or the expiration of the term of the employment agreement before any new agreement is reached. All nonstatutory options granted pursuant to our 2013 Equity Incentive Plan are exercisable, subject only to vesting provisions, for a period of ten years from the date of grant, and are eligible for cashless exercise in all circumstances.

All of the compensation and benefits must, at a minimum, be targeted based on performance at a level commensurate with the total compensation paid to the top 25% of executives holding comparable positions in companies of comparable size and sophistication. The agreements also provide for the accrual of twenty days of paid time off at the executive's regular base pay rate during each year of the term, medical benefits, reimbursement for expenses related to tax advice and financial counseling not to exceed \$25,000, an automobile allowance of up to \$1,500 per month, reimbursement of reasonable business expenses, and participation in such other benefits programs as are provided to our executives generally.

Each of these employment agreements provides for compensation and obligations in the event of certain terminations of employment. Upon a termination due to death or disability, a termination by us without cause, or a termination by the executive for good reason, in addition to any other amounts required by law to be paid to him, the executive would be entitled to the pro rata portion of any bonus earned but unpaid for the year during which the agreement is terminated, and we will generally reimburse the executive or his estate for any amounts paid by him or his estate for coverage of him and his family under our group health medical benefits plan pursuant to the Consolidated Omnibus Budget Reconciliation Act, or COBRA, for as long as the executive or his family is eligible to receive such benefits under COBRA. Upon a termination due to death, the executive's estate will also receive severance payments equal to his base salary for a period of 6 months following such termination. Upon the expiration of the term of the employment agreement or upon a termination by us other than for

Table of Contents

cause or a termination by the executive for good reason, the executive will also serve as a consultant to us for an eighteen-month period commencing on the termination date. During the consulting period, the executive will receive in monthly installments, payments equal to one-twelfth of the executive's median annual base salary and one-twelfth of the executive's median annual incentive compensation, as calculated based on the executive's annual base salary and target incentive compensation for the year in which the termination date occurs and his annual base salary and actual incentive compensation for the two preceding years, provided that such compensation will cease if the executive engages in services for a business that competes with ours.

Each employment agreement also provides that for 18 months following a termination of employment, the executive will not, directly or indirectly, solicit or induce any of our employees, consultants, independent contractors, agents or representatives of the Company, or those of our affiliates, to discontinue employment or engagement with us or our affiliates, or otherwise interfere with those relationships.

Potential Payments Upon Termination or Change in Control

Pursuant to our 2013 Equity Incentive Plan and subject to any contrary provisions in any applicable award agreement, upon the occurrence of a change of control:

all outstanding unvested awards and awards subject to a risk of forfeiture, other than awards conditioned on the achievement of performance goals, will immediately become vested in full and no longer be subject to any risk of forfeiture unless they are assumed or otherwise continued in a manner satisfactory to the Committee, or substantially equivalent rights are provided in substitution for such awards, in each case by the acquiring or succeeding entity or one of its affiliates; and

if a pro rata portion of the performance goals under awards conditioned on the achievement of performance goals or other business objectives has been achieved as of the effective date of the change of control, then such performance goals or other business objectives shall be deemed satisfied as of such change of control with respect to a pro rata portion of the number of shares subject to the original award. The pro rata portion of the performance goals or other business objectives and the number of shares subject to the original awards shall each be based on the length of time within the performance period which has elapsed prior to the change of control. The pro rata portion of any award deemed earned in this manner will be paid out within 30 days following the change of control. The remaining portion of such an award that is not eligible to be deemed earned as of the change of control will be deemed to have been satisfied, earned, or forfeited as of the change of control in such amounts as the Committee shall determine in its sole discretion unless that remaining portion is assumed by the acquiring or succeeding entity or one of its affiliates, which will be deemed to occur if that remaining portion is subjected to (i) comparable performance goals based on the post-change of control business of the acquiror or succeeding entity or one of its affiliates, and (ii) a measurement period using a comparable period of time to the original award, each in a manner satisfactory to the Committee.

A change of control is defined as the occurrence of any of the following: (1) a transaction, as described above, unless securities possessing more than 50% of the total combined voting power of the resulting entity or ultimate parent entity are held by one or more persons who held securities possessing more than 50% of the total combined voting power of our Company immediately prior to the transaction; (2) any person or group of persons, excluding us and certain other related entities, directly or indirectly acquires beneficial ownership of securities possessing more than 20% of the total combined voting power of our Company, unless pursuant to a tender or exchange offer that our board of directors recommends stockholders accept; (3) over a period of no more than 36 consecutive months there is a change in the composition of our board of directors such that a majority of our directors

Table of Contents

ceases to be composed of individuals who either (i) have been directors continuously since the beginning of that period, or (ii) have been elected or nominated for election as members of our board of directors during such period by at least a majority of the remaining members of our board of directors who have been directors continuously since the beginning of that period; or (4) a majority of the members of our board of directors vote in favor of a decision that a change of control has occurred.

Summary of Equity Award Agreements

During Fiscal 2013, our named executive officers were awarded non-statutory stock options. The form of stock option award agreement provides for the award of stock options to purchase the optioned shares. In general, and except as otherwise provided by the Compensation Committee, one-third ($1/3$) of the optioned shares will vest in a lump sum on each of the first, second, and third anniversaries of the vesting commencement date, subject to the recipient's continued service through each anniversary, and each stock option will have a term of ten years from the date of grant. Additionally, the stock options expire (1) immediately upon termination of the holder's employment or other association with us for cause, (2) one year after the holder's employment or other association is terminated due to death or disability and (3) three months after the holder's employment or other association is terminated for any other reason.

During Fiscal 2013, our named executive officers also were awarded performance-based restricted stock units, or RSUs. The forms of RSU award agreement referred to herein provide for the award of performance-based RSUs to obtain, for each RSU, a variable number of shares of our Class A common stock and time-based RSUs to obtain, for each RSU, one share of our Class A common stock. One-third of all time-based RSUs vest in a lump sum on each of the first, second, and third anniversaries of the vesting commencement date, subject to the recipient's continued service through each anniversary. The number of shares received upon vesting of performance-based RSUs is determined based on the attainment of the performance goals, subject to conditions including continued employment throughout the performance period.

Table of Contents**401(k) Plan**

PNMAC maintains a tax-qualified 401(k) retirement plan for all employees who satisfy certain eligibility requirements. Under our 401(k) plan, employees may elect to defer a portion of their eligible compensation subject to applicable annual Code limits. Under the 401(k) plan, PNMAC makes matching contributions to participants equal to 100% of the participant's elective deferrals, up to a maximum of 4% of the participant's annual compensation. We intend for the 401(k) plan to qualify under Section 401(a) and 501(a) of the Code so that contributions by employees to the 401(k) plan, and income earned on those contributions, are not taxable to employees until withdrawn from the 401(k) plan.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or has at any time during the past year been one of our officers or employees. None of our executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Compensation Risks

We believe that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In addition to cash compensation that is paid to officers and employees of our wholly-owned subsidiary, PNMAC, we also use long-term incentive compensation in the form of equity-based awards, which we issue under our 2013 Equity Incentive Plan. The long-term incentive compensation awards are designed to align the interests of our officers and service providers with those of our stockholders, all of whom will share together in the creation of value through capital appreciation. We believe that equity-based awards are consistent with our stockholders' interest in book value growth as these individuals will be less incentivized to take short-term risk and more incentivized to grow book value for stockholders over time.

Non-Employee Director Compensation

The following table summarizes the annual retainer fees paid to our non-employee directors during Fiscal 2013:

Base Annual Retainer, all board members	\$ 65,000
Base Annual Retainer, all committee members:

In addition, our directors are eligible to receive certain types of equity-based awards under our 2013 Equity Incentive Plan. Each independent director newly elected or appointed to our board of directors is entitled to receive a one-time equity grant of approximately \$87,000 in RSUs. Prior to the vesting of an RSU, such RSU is generally subject to forfeiture upon termination of service to us.

Table of Contents

During Fiscal 2013, each of Messrs. Botein, Hunt, Mazzella, Nanji, Taylor and Wiedman received a grant of 4,459 time-based RSUs which vest ratably over a three (3) year period beginning on the one (1) year anniversary of the date of the grant, May 14, 2013, subject to continued service through each vesting date. Upon a change of control (as defined in our 2013 Equity Incentive Plan), all outstanding equity awards granted to non-employee directors will be assumed, or substantially equivalent rights will be substituted, or the awards otherwise will be continued in a manner satisfactory to the Compensation Committee, by the acquiring or succeeding entity or its affiliate.

adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. The number of shares of Class A common stock listed in this table as being beneficially owned as a result of Class A Units of PNMAC held by any entity or individual assumes an exchange of such Class A Units for shares of Class A common stock on a one-for-one basis.

- (2) Represents the percentage of voting power of the Class A common stock and Class B common stock of PennyMac Financial Services, Inc. voting together as a single class. Each holder of Class A Units of PNMAC other than us also holds one share of our Class B common stock. The shares of Class B common stock have no economic rights but entitle the holder, without regard to the number of shares of Class B common stock held, to a number of votes on matters presented to our stockholders that is equal to the aggregate number of Class A Units of PNMAC held by such holder. As a holder exchanges Class A Units of PNMAC for shares of our Class A common stock pursuant to the exchange agreement, the voting power afforded to the holder by its share of Class B common stock will be automatically and correspondingly reduced. Total economic interest in PNMAC is calculated as the percentage of all outstanding Class A Units of PNMAC beneficially held by the stockholder, directly or indirectly through PennyMac Financial Services, Inc., assuming that each share of Class A common stock held is equivalent to one Class A Unit of PNMAC.
- (3) As reported in Schedule 13D filed with the SEC on February 28, 2014 by BlackRock, Inc., consists entirely of 512,631 shares of Class A common stock acquired in its role as an investment adviser for certain client accounts, 1,800,000 shares of Class A Common Stock received upon exchange of its Class A Units of PNMAC on December 13, 2013, and 13,760,647 Class A Units of PNMAC exchangeable for shares of Class A common stock. BlackRock Mortgage Ventures, LLC is indirectly wholly-owned by BlackRock, Inc. BlackRock, Inc. controls the voting and investment power with respect to the securities held by BlackRock Mortgage Ventures, LLC and, therefore, may be deemed to be the beneficial owner of the shares of Class A common stock beneficially owned by that entity.
- (4) Consists entirely of 20,169,732 Class A Units of PNMAC exchangeable for shares of Class A common stock.
- (5) As reported in a Schedule 13D filed with the SEC on October 11, 2013 by Fidelity Investments Charitable Gift Fund. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Other than compensation arrangements, we describe below transactions and series of similar transactions, during our last three fiscal years, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of the directors, executive officers or holders of more than 5% of the membership interests of PNMAC, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Compensation arrangements for our directors and named executive officers are described elsewhere in this prospectus.

Exchange Agreement

We have entered into an exchange agreement with all of the owners of Class A Units of PNMAC other than us that entitles those owners to exchange their Class A Units of PNMAC for shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. Those owners are able to exercise their exchange rights at any time. In addition, we can require those owners to exercise their exchange rights (i) in connection with a change of control of our Company or (ii) if no holder of Class A Units of PNMAC (other than us) holds 3% or more of all Class A Units of PNMAC, in each case unless the cash and, in the case of a change of control, marketable securities that they would receive in connection with such exchange (including the after-tax value of amounts received pursuant to the tax receivable agreement and any amounts advanced to them by us, which advanced amounts will be repaid upon the sale of the Class A common stock received in the exchange) would not be sufficient to cover the taxes that those owners would become liable for as a result of such exchange. Even if that cash would not be sufficient to cover their taxes, we can still require those owners to exchange if no holder holds more than 3% of all Class A Units of PNMAC by electing to effect the exchange at 110% of the exchange rate otherwise in effect. We can also require an owner who is an officer or employee to exercise his or her exchange rights, upon the termination of his or her employment. If we have distributed excess cash or property to our stockholders prior to an exchange of Class A Units of PNMAC by an owner pursuant to the exchange agreement, then upon such exchange such owner will also receive, in respect of each share of Class A common stock issued in such exchange, the amount of such excess cash or property that was distributed in each such prior distribution in respect of each share of Class A common stock outstanding at the time of such prior distribution. Excess property consists of any property, other than cash, that was not distributed to PennyMac Financial Services, Inc. by PNMAC. Excess cash consists of any amount by which the cumulative amount of all cash distributed by us to our stockholders exceeds (i) the cumulative amount of all cash distributed to us by PNMAC, less (ii) the cumulative amount of all cash payments made by us for any purpose other than repaying debt or making distributions to our stockholders, each measured as of the time of the exchange of Class A Units of PNMAC. The exchange agreement provides, however, that voluntary exchanges must be for the lesser of a stated minimum number of Class A Units of PNMAC or all of the vested Class A Units of PNMAC held by such owner. The exchange agreement also provides that an owner will not have the right to exchange Class A Units of PNMAC if we determine that such exchange would be prohibited by law or regulation or would violate other agreements with PNMAC to which the owner may be subject. We may impose additional restrictions on exchanges that we determine to be necessary or advisable so that PNMAC is not treated as a "publicly traded partnership" for United States federal income tax purposes.

Stockholder Agreements

We have entered into separate stockholder agreements with BlackRock and Highfields which provide that our board of directors will consist of no more than nine directors as long as those entities and their affiliates hold at least 10% of the voting power of our outstanding shares of capital stock. Those agreements also provide that each of BlackRock and Highfields will have the right to nominate two individuals for election to our board of directors as long it, together with its affiliates, holds at least 15% of the voting power of our outstanding shares of capital stock, and the right to nominate one individual for election to our board of directors as long as it, together with its affiliates, holds at least 10% of the voting power of our outstanding shares of capital stock. We, in turn, are obligated to use our best efforts to ensure that these nominees are elected. In addition, those agreements provide that each of BlackRock and Highfields, as long as it, together with its affiliates, holds at least 10% of the voting power of our outstanding shares of capital stock, will have the right to nominate one member of each committee of our board of directors. As long as those nominees meet the independence standards applicable to those committees, we will appoint them as members of those committees. Those agreements also provide that neither our certificate of incorporation nor our bylaws, as in effect from time to time, may be amended in any manner that is adverse to BlackRock, Highfields or their respective affiliates without the consent of BlackRock or Highfields, as applicable, as long it, together with its affiliates, holds at least 5% of the voting power of our outstanding shares of capital stock.

Registration Rights Agreement

We have entered into a registration rights agreement with BlackRock, Highfields and the other owners of PNMAC other than PennyMac Financial Services, Inc. pursuant to which BlackRock, Highfields and certain permitted transferees have the right, under certain circumstances and subject to certain restrictions, to require us to register for resale the shares of our Class A common stock delivered in exchange for Class A Units of PNMAC held by them. In October 2013, we filed a registration statement to register for resale the shares of our Class A common stock delivered in exchange for Class A Units of PNMAC on behalf of BlackRock, Highfields and other selling stockholders. The registration statement was declared effective on October 29, 2013. All securities registered under this registration statement are available for sale in the open market unless restrictions apply.

Demand Registration Rights. BlackRock and Highfields and certain permitted transferees each have the right to demand that we register their Class A common stock for resale, subject to the conditions set forth in the registration rights agreement, no more than three times in any twelve month period. BlackRock and Highfields and certain permitted transferees have the right under the registration rights agreement to require that we register their Class A common stock for resale. Such registration demand must reasonably be expected to result in aggregate gross cash proceeds to such demanding stockholder in excess of \$25 million. Each of BlackRock and Highfields and certain permitted transferees will have the right to participate in any such demand registrations. We will not be obligated to effect a demand registration within 120 days of the effective date of a registration statement filed by us. We may postpone the filing of a registration statement for up to 60 days once in any 12-month period if our board of directors determines in good faith that the filing would reasonably be expected to materially adversely affect any material financing or acquisition of ours or require premature disclosure of information that would reasonably be expected to be materially adverse to us. The underwriters of any underwritten offering have the right to limit the number of shares to be included in a registration statement filed in response to the exercise of these demand registration rights. We must pay all expenses, except for underwriters' discounts and commissions, incurred in connection with these demand registration rights.

Piggyback Registration Rights. BlackRock, Highfields, certain of their permitted transferees and the minority stockholders which are parties to the agreement will each have the right to "piggyback" on

Table of Contents

any registration statements that we file on an unlimited basis, subject to the conditions set forth in the registration rights agreement. If we register any securities for public sale, stockholders with piggyback registration rights under the registration rights agreement have the right to include their shares in the registration for resale by them, subject to specified limitations and exceptions.

S-3 Registration Rights. If we are eligible to file a registration statement on Form S-3, the stockholders with S-3 registration rights under the registration rights agreement and certain permitted transferees can request that we register their shares for resale. Any registration must be reasonably expected by the demanding stockholder to result in aggregate gross cash proceeds to such demanding stockholder in excess of \$10 million, and no more than three demands for an S-3 registration may be made in any 12-month period. If we are eligible as a Well Known Seasoned Issuer, or WKSI, the requesting stockholders may request that the shelf registration statement utilize the automatic shelf registration process under Rule 415 and Rule 462 promulgated under the Securities Act. If we are not eligible as a WKSI or are otherwise ineligible to utilize the automatic shelf registration process, then we are required to use our reasonable efforts to have the shelf registration statement declared effective.

Tax Receivable Agreement

As described above, the holders of Class A Units of PNMAC other than us may (subject to the terms of the exchange agreement) exchange their Class A Units of PNMAC for shares of our Class A common stock, initially on a one-for-one basis. PNMAC intends to have in effect an election under Section 754 of the Code effective for each taxable year in which an exchange of Class A Units of PNMAC for shares of Class A common stock occurs, which may result in a special adjustment for PennyMac Financial Services, Inc. with respect to the tax basis of the assets of PNMAC at the time of an exchange of Class A Units of PNMAC, which adjustment affects only us, which we refer to as the "corporate taxpayer." The subsequent exchanges are expected to result in special increases for the corporate taxpayer in the tax basis of the assets of PNMAC that otherwise would not have been available. These increases in tax basis may reduce the amount of tax that the corporate taxpayer would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets. The IRS may challenge all or part of the existing tax basis, tax basis increase and increased deductions, and a court could sustain such a challenge.

We have entered into a tax receivable agreement with the owners of PNMAC other than us that provides for the payment from time to time by the corporate taxpayer to those owners of 85% of the amount of the net tax benefits, if any, that the corporate taxpayer is deemed to realize under certain circumstances as a result of (i) increases in tax basis resulting from exchanges of Class A Units of PNMAC and (ii) certain other tax benefits related to our entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. These payment obligations are obligations of the corporate taxpayer and not of PNMAC. For purposes of the tax receivable agreement, the tax benefit deemed realized by the corporate taxpayer will be computed by comparing the actual income tax liability of the corporate taxpayer (calculated with certain assumptions) to the taxes that the corporate taxpayer would have been required to pay had there been no increase to the tax basis of the assets of PNMAC as a result of the exchanges, and had the corporate taxpayer not entered into the tax receivable agreement. The term of the tax receivable agreement will continue until all such tax benefits have been utilized or expired, unless we exercise our right to terminate the tax receivable agreement. In the event of termination of the tax receivable agreement, we would be required to make an immediate payment equal to the present value of the anticipated future net tax benefits, which upfront payment may be made years in advance of the actual realization of such future benefits. Estimating the amount of payments that may be made under the tax receivable agreement is by its nature imprecise, insofar as the calculation of amounts payable depends

Table of Contents

on a variety of factors. The actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including:

the timing of exchanges for instance, the increase in any tax deductions will vary depending on the fair value, which may fluctuate over time, of the depreciable or amortizable assets of PNMAC at the time of each exchange;

the price of shares of our Class A common stock at the time of the exchange the tax basis increase in assets of PNMAC for the corporate taxpayer, as well as any related increase in allocations of tax deductions to the corporate taxpayer, is directly proportional to the price of shares of our Class A common stock at the time of the exchange;

the extent to which such exchanges are taxable if an exchange is not taxable for any reason, increased deductions will not be available; and

the amount and timing of our income the corporate taxpayer will be required to pay 85% of the net tax benefits as and when those benefits are treated as realized under the terms of the tax receivable agreement. If the corporate taxpayer does not have taxable income, the corporate taxpayer generally is not required (absent a change of control or circumstances requiring an early termination payment) to make payments under the tax receivable agreement for that taxable year because no benefit will have been actually realized. However, any tax benefits that do not result in realized benefits in a given tax year will likely generate tax attributes that may be utilized to generate benefits in previous or future tax years. The utilization of such tax attributes will result in payments under the tax receivable agreement.

We expect that the payments that we may make under the tax receivable agreement will be substantial. There may be a material negative effect on our liquidity if, as a result of timing discrepancies or otherwise, the payments under the tax receivable agreement exceed the actual benefits we realize in respect of the tax attributes subject to the tax receivable agreement and/or distributions to us by PNMAC are not sufficient to permit us to make payments under the tax receivable agreement after we have paid taxes. Furthermore, our obligations to make payments under the tax receivable agreement could make us a less attractive target for an acquisition, particularly in the case of an acquirer that cannot use some or all of the tax benefits that are deemed realized under the tax receivable agreement. The payments under the tax receivable agreement are not conditioned upon the continued ownership of us by the exchanging owners of PNMAC.

In addition, the tax receivable agreement provides that upon certain mergers, asset sales, other forms of business combinations or other changes of control, the corporate taxpayer's (or its successor's) obligations with respect to exchanged or acquired Class A Units of PNMAC (whether exchanged or acquired before or after such transaction) would be based on certain assumptions, including that the corporate taxpayer would have sufficient taxable income to fully utilize the deductions arising from the increased tax deductions and tax basis and other benefits related to entering into the tax receivable agreement. As a result, (i) we could be required to make payments under the tax receivable agreement that are greater than or less than the specified percentage of the actual net tax benefits we realize in respect of the tax attributes subject to the tax receivable agreement and (ii) if we elect to terminate the tax receivable agreement early, we would be required to make an immediate payment equal to the present value of the anticipated future net tax benefits, which upfront payment may be made years in advance of the actual realization of such future benefits. In these situations, our obligations under the tax receivable agreement could have a substantial negative impact on our liquidity, as well as our attractiveness as a target for an acquisition.

Decisions made by certain owners of Class A Units of PNMAC in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by an

Table of Contents

exchanging or selling owner under the tax receivable agreement. For example, the earlier disposition of assets following an exchange or acquisition transaction will generally accelerate payments under the tax receivable agreement and increase the present value of such payments.

Payments are generally due under the tax receivable agreement within a specified period of time following the filing of our tax return for the taxable year with respect to which the payment obligation arises, although interest on such payments will begin to accrue at a rate of LIBOR plus 100 basis points from the due date (without extensions) of such tax return. Payments not made when due under the tax receivable agreement generally would accrue interest at a rate of LIBOR plus 500 basis points. However, in the event that we do not have sufficient cash available to make a payment under the tax receivable agreement when that payment is due, under certain circumstances we may elect to defer that payment for up to two years. Payments that are deferred pursuant to this election would accrue interest at a rate of LIBOR plus 350 basis points.

Payments under the tax receivable agreement will be based on the tax reporting positions that we will determine. Although we are not aware of any issue that would cause the IRS to challenge a tax basis increase, the corporate taxpayer will not be reimbursed for any payments previously made under the tax receivable agreement (except to the extent such amounts can be applied against future amounts that would otherwise be due under the tax receivable agreement). As a result, in certain circumstances, payments could be made under the tax receivable agreement in excess of the benefits that the corporate taxpayer actually realizes in respect of the tax attributes subject to the tax receivable agreement.

PNMAC Limited Liability Company Agreement

We are the sole managing member of PNMAC. Accordingly, we operate and control all of the business and affairs of PNMAC and, through PNMAC and its operating entity subsidiaries, conduct our business.

Pursuant to the limited liability company agreement of PNMAC, we have the right to determine when distributions will be made to unit holders of PNMAC and the amount of any such distributions, other than with respect to tax distributions as described below. If a distribution is authorized; such distribution will be made to the unit holders of PNMAC pro rata in accordance with the percentages of their respective limited liability company interests.

The unit holders of PNMAC, including us, will incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of PNMAC. Except as otherwise required under Section 704(c) of the Code, net profits and net losses of PNMAC will generally be allocated to its unit holders (including us) pro rata in accordance with their respective limited liability company interests. The limited liability company agreement of PNMAC will provide for quarterly cash distributions, which we refer to as "tax distributions," to the holders of the Class A Units of PNMAC if we, as the sole managing member of PNMAC, determine that the taxable income of PNMAC gives rise to taxable income for such holders. Generally, these quarterly tax distributions will be computed based on the taxable income of PNMAC multiplied by an assumed tax rate determined by us. Tax distributions will be made only to the extent that all distributions from PNMAC for the relevant year were insufficient to cover such tax liabilities.

The limited liability company agreement of PNMAC also provides that substantially all expenses incurred by or attributable to us (such as expenses incurred in connection with this offering), but not including our obligations incurred under the tax receivable agreement and our income tax expenses, will be borne by PNMAC.

The limited liability company agreement of PNMAC generally provides that at any time we issue a share of our Class A common stock or any other equity security, the net proceeds we receive with

Table of Contents

respect to such share, if any, shall be concurrently transferred to PNMAC and PNMAC will issue to us one Class A Unit with respect to such issuance of Class A common stock (or another equity interest in PNMAC with respect to other equity issuances by us). Conversely, if at any time, any shares of our Class A common stock are redeemed by us for cash, then PNMAC will redeem from us the same number of Class A Units of PNMAC (subject to any change in the initial exchange rate provided for in the exchange agreement) at the same price.

Other than us, in our capacity as managing member, holders of the Class A Units of PNMAC will have no voting rights with respect to PNMAC, except that (i) the managing member shall not create additional classes of units or securities for issuance to any party other than us and (ii) the managing member and PNMAC shall take no action or enter into any agreement that would limit the ability of PNMAC to make tax distributions or the ability of the managing member to make payments under the tax receivable agreement, provided that the managing member and PNMAC may enter into credit, financing or warehousing or similar agreements that limit or prohibit the making of tax distributions or payments under the tax receivable agreement if there is a default or event of default or if such distributions could result in a default or event of default thereunder, in each case without the consent of each of BlackRock and Highfields, as long as it, together with its affiliates, holds any Class A Units of PNMAC.

Also, as long as BlackRock or Highfields, together with its affiliates, holds at least 3% of the number of Class A Units of PNMAC that were outstanding immediately following the initial public offering of our Class A common stock and the related purchase of Class A Units of PNMAC by us with the proceeds of that offering, PNMAC may not, without the consent of that holder, make any dilutive issuance (generally any issuance of units to us other than an issuance of Class A Units of PNMAC to us in connection with the issuance by us of an equivalent number of shares of Class A common stock as described above) of any units other than Class A Units of PNMAC to us. Further, as long as BlackRock or Highfields, together with its affiliates, holds any Class A Units of PNMAC, PNMAC may not, without the consent of that holder, make any dilutive issuance of any units to us if such issuance, together with all other such issuances made during the 365 day period ending on the date of such issuance, would cause the percentage of Class A Units of PNMAC (together with all other common equity securities of PNMAC) held by all members of PNMAC other than us to decrease by more than 0.5% during that period (ignoring, for the purposes of this calculation, units purchased by those members pursuant to the following sentence). Concurrently with each dilutive issuance, each member of PNMAC other than us will have the right to purchase, at the same price and on the same terms on which we are purchasing units in that dilutive issuance, up to the number of the same type of units as would be necessary for that member to beneficially own the same percentage of all such units outstanding immediately after the dilutive issuance as that member beneficially owned immediately prior to the dilutive issuance.

Holders of Class A Units of PNMAC also have consent rights for amendments to the limited liability company agreement of PNMAC that materially and adversely affect the rights or duties of a holder on a discriminatory and non-pro rata basis. In addition, so long as either BlackRock or Highfields continues to own, together with its affiliates, a number of Class A Units of PNMAC representing more than 10% of the Class A Units of PNMAC outstanding immediately after the initial public offering of our Class A common stock, its consent will be required for any amendment to the limited liability company agreement of PNMAC. The consent of BlackRock and Highfields and any other member to whom BlackRock or Highfields has transferred Class A units in compliance with the limited liability company agreement of PNMAC will also be required to any amendment that (i) reduces such holder's tax distributions, (ii) limits such holder's ability to exercise its rights under the exchange agreement, (iii) requires such holder to make a capital contribution, (iv) increases such holder's obligations or permits the appointment of a new managing member other than a successor to PennyMac Financial Services, Inc. permitted under the limited liability company agreement of PNMAC,

Table of Contents

(v) reduces or eliminates fiduciary duties of the managing member or officers, (vi) restricts or eliminates permitted transfers of Class A Units of PNMAC, (vii) reduces or eliminates indemnification or exculpation provisions, or (viii) changes certain provisions regarding the issuance of units by PNMAC or shares by us. In addition, the consent of BlackRock and Highfields will be required to convert the legal form of Private National Mortgage Association Company, LLC into a corporation, or treat it as other than a partnership for United States federal income tax purposes.

Management Agreements

Our subsidiary, PCM, enters into investment management agreements with investment companies or funds that invest in residential mortgage assets. Presently, PCM is party to management agreements with the Investment Funds and with PMT.

These management agreements require us to oversee the business affairs of the Investment Funds and PMT in conformity with the investment policies that are approved and monitored by such client's board or management. We are responsible for the client's day-to-day management and perform such services and activities related to the client's assets and operations as may be appropriate.

PMT Management Agreement. Effective February 1, 2013, we renewed our management agreement with PMT and PennyMac Operating Partnership, L.P. through February 1, 2017 and amended and restated its terms in order to better align the base and performance incentive components of our management fee with PMT's investment strategy. Pursuant to the terms of the amended and restated management agreement between PCM and PMT, PCM collects a base management fee and may collect a performance incentive fee, both payable quarterly and in arrears. The initial term of this management agreement expires, on February 1, 2017, subject to automatic renewal for additional 18-month periods, unless terminated earlier in accordance with the terms of the agreement.

The base management fee is calculated at a defined annualized percentage of "shareholder's equity." "Shareholders' equity" is defined as the sum of the net proceeds from any issuances of PMT's equity securities since its inception (weighted for the time outstanding during the measurement period); plus PMT's retained earnings at the end of the quarter; less any amount that PMT pays for repurchases of its common shares (weighted for the time held during the measurement period); and excluding one-time events pursuant to changes in United States generally accepted accounting principles, or GAAP, and certain other non-cash charges after discussions between PCM and PMT's independent trustees and approval by a majority of PMT's independent trustees.

The base management fee is equal to the sum of (i) 1.5% per annum of shareholders' equity up to \$2 billion, (ii) 1.375% per annum of shareholders' equity in excess of \$2 billion and up to \$5 billion, and (iii) 1.25% per annum of shareholders' equity in excess of \$5 billion. The base management fee is paid in cash.

The performance incentive fee is calculated at a defined annualized percentage of the amount by which "net income," on a rolling four-quarter basis and before the incentive fee, exceeds certain levels of return on "equity." "Net income," for purposes of determining the amount of the performance incentive fee, is defined as net income or loss computed in accordance with GAAP and certain other non-cash charges determined after discussions between PCM and PMT's independent trustees and approval by a majority of PMT's independent trustees. "Equity" is the weighted average of the issue price per common share of all of PMT's public offerings, multiplied by the weighted average number of common shares outstanding (including restricted share units) in the four-quarter period.

The performance incentive fee is calculated quarterly and escalates as net income (stated as a percentage return on equity) increases over certain thresholds. On each calculation date, the threshold amounts represent a stated return on equity, plus or minus a "high watermark" adjustment. The performance fee payable for any quarter is equal to: (a) 10% of the amount by which net income for

Table of Contents

the quarter exceeds (i) an 8% return on equity plus the high watermark, up to (ii) a 12% return on equity; plus (b) 15% of the amount by which net income for the quarter exceeds (i) a 12% return on equity plus the high watermark, up to (ii) a 16% return on equity; plus (c) 20% of the amount by which net income for the quarter exceeds a 16% return on equity plus the high watermark.

The high watermark starts at zero and is adjusted quarterly. The quarterly adjustment reflects the amount by which the net income in that quarter exceeds or falls short of the lesser of 8% and the 30-year Fannie Mae current coupon MBS Yield (the target yield) for such quarter. If the net income is lower than the target yield, the high watermark is increased by the difference. If the net income is higher than the target yield, the high watermark is reduced by the difference. Each time a performance incentive fee is earned, the high watermark returns to zero. As a result, the threshold amounts required for PCM to earn a performance incentive fee are adjusted cumulatively based on the performance of PMT's net income over (or under) the target yield, until the net income in excess of the target yield exceeds the then-current cumulative high watermark amount, and a performance incentive fee is earned. The performance incentive fee may be paid in cash or in common shares of PMT (subject to a limit of no more than 50% paid in common shares), at PMT's option.

Under this management agreement, PCM is entitled to reimbursement of its organizational and operating expenses, including third-party expenses, incurred on PMT's behalf.

In general, the parties to this management agreement have agreed to negotiate in good faith to amend the provisions thereof relating to the compensation of PCM in order to cause such compensation to be materially consistent with market rates of compensation for services comparable to those provided under this management agreement if (a) PMT or PCM requests such negotiation after a determination by PMT or PCM that the rates of compensation payable to PCM differ materially from such market rates of compensation and (b) various conditions relating to the timing and frequency of such requests are satisfied, including the condition that no request be made before the second anniversary of the execution of this management agreement. If the parties are unable to reach agreement on the terms of a fee amendment within thirty days of the delivery of the relevant fee negotiation request, the terms of such fee amendment will be determined by final and binding arbitration procedures set forth in this management agreement.

Under this management agreement, PCM may be entitled to a termination fee under certain circumstances. Specifically, the termination fee is payable for (1) PMT's termination of the management agreement without cause, (2) PCM's termination of the management agreement upon a default by PMT in the performance of any material term of the management agreement that has continued uncured for a period of 30 days after receipt of written notice thereof or (3) PCM's termination of the management agreement after PMT's termination without cause (excluding a non-renewal) of the mortgage banking and warehouse services agreement, the MSR recapture agreement, or the amended and restated flow servicing agreement, each of which is described below. The termination fee is equal to three times the sum of (a) the average annual base management fee, and (b) the average annual (or, if the period is less than 24 months, annualized) performance incentive fee earned by PCM, in each case during the 24-month period before termination.

PMT may terminate this management agreement without the payment of any termination fee under certain circumstances, including, among other circumstances, in the event of uncured material breaches by PCM of this management agreement, upon a change in control of PCM (defined to include a 50% change in the shareholding of PCM in a single transaction or related series of transactions or Mr. Kurland's failure to continue as chief executive officer of PCM to the extent his suitable replacement (in PMT's discretion) has not been retained by PCM within six months thereof) or upon the termination of the mortgage banking and warehouse services agreement or the MSR recapture agreement by PLS without cause.

Table of Contents

This management agreement also provides that, prior to the undertaking by PCM or its affiliates of any new investment opportunity or any other business opportunity requiring a source of capital with respect to which PCM or its affiliates will earn a management, advisory, consulting or similar fee, PCM will present to PMT that new opportunity and the material terms on which PCM proposes to provide services before pursuing that opportunity with third parties.

We earned approximately \$19.6 million, \$12.4 million and \$6.7 million in base management fees, in fiscal years 2013, 2012 and 2011, respectively, and \$12.8 million in performance incentive fees in fiscal year 2013, under our management agreements with PMT.

Investment Funds Management Agreements. We have investment management agreements with the Investment Funds pursuant to which we receive management fees consisting of base management fees and carried interest. The Investment Funds' management fees were based on the capital commitments of the respective funds from their inception through December 31, 2011, at which time the commitment period for each of the Investment Funds ended. Since the end of the commitment periods, the base management fees are based on the lesser of the funds' net asset values or aggregate capital contributions. The base management fees accrue at annual rates ranging from 1.5% to 2.0% of the applicable amounts on which they are based.

We also recognize carried interest as a participation in the profits of the Investment Funds after their investors have achieved a preferred return of 8.0%, compounded annually and as defined in the management agreements. After the investors have achieved such preferred return, a "catch up" return accrues to us until we receive a specified percentage of such preferred return, taken together with our portion thereof. Thereafter, we participate in future returns in excess of the preferred return rate at the rate of 20.0%.

The amount of the carried interest that we will receive depends on the Investment Funds' future performance. As a result, the amount of carried interest recorded by us at period end is subject to adjustment based on future results of the Investment Funds. We expect to collect the carried interest when the Investment Funds liquidate. The Investment Funds will continue in existence through December 31, 2016, subject to three one-year extensions by PCM at its discretion, in accordance with the terms of the limited liability company and limited partnership agreements that govern the Investment Funds.

We earned from the Investment Funds approximately \$7.9 million, \$9.4 million and \$9.9 million in base management fees, and approximately \$13.4 million, \$10.5 million and \$12.6 million in carried interest, in fiscal years 2013, 2012 and 2011, respectively, under our management agreements with the Investment Funds. We did not earn any performance incentive fees during these periods under these management agreements.

Servicing Agreements

Our subsidiary, PLS, enters into servicing agreements with investment companies or funds that invest in residential mortgage loans pursuant to which we provide servicing for our clients' portfolio of residential mortgage loans. Presently, PLS is party to servicing agreements with the Investment Funds and PMT.

The loan servicing to be provided by us under the servicing agreements includes collecting principal, interest and escrow account payments, if any, with respect to mortgage loans, as well as managing loss mitigation, which may include, among other things, collection activities, loan workouts, modifications, foreclosures and short sales. We may also engage in certain loan origination activities that include refinancing mortgage loans and arranging financings that facilitate sales of real estate owned properties.

Table of Contents

PMT Loan Servicing Agreement. Effective February 1, 2013, we amended our loan servicing agreement with PMT and established servicing fees that change the nature of the fees that we earn to fixed per-loan monthly amounts based on the delinquency, bankruptcy and foreclosure status of the serviced loan or the real estate acquired in settlement of a loan. The loan servicing agreement was further amended on March 1, 2013. The initial term of this servicing agreement expires on February 1, 2017, subject to automatic renewal for additional 18-month periods, unless terminated earlier in accordance with the terms of the agreement.

The base servicing fees for distressed whole loans are calculated based on a monthly per-loan dollar amount, with the actual dollar amount for each loan based on the delinquency, bankruptcy and/or foreclosure status of such loan or the related underlying real estate. Presently, the base servicing fees for distressed whole loans range from \$30 per month for current loans up to \$125 per month for loans that are severely delinquent and in foreclosure.

The base servicing fees for non-distressed mortgage loans subserviced by PLS on behalf of PMT are also calculated through a monthly per-loan dollar amount, with the actual dollar amount for each loan based on whether the mortgage loan is a fixed-rate or adjustable-rate loan. Presently, the base servicing fees for loans subserviced on behalf of PMT are \$7.50 per month for fixed-rate loans and \$8.50 per month for adjustable-rate mortgage loans. To the extent that these loans become delinquent, PLS is entitled to an additional servicing fee per loan falling within a range of \$10 to \$75 per month and based on the delinquency, bankruptcy and foreclosure status of the loan or the related underlying real estate.

PLS is also entitled to customary ancillary income and certain market-based fees and charges, including boarding and deboarding fees, liquidation and disposition fees, and assumption, modification and origination fees.

Except as otherwise provided in the MSR recapture agreement, when PLS effects a refinancing of a loan on PMT's behalf and not through a third-party lender and the resulting loan is readily seizable, or PLS originates a loan to facilitate the disposition of the real estate acquired by PMT in settlement of a loan, PLS is entitled to receive from PMT market-based fees and compensation consistent with pricing and terms PLS offers unaffiliated third parties on a retail basis.

To the extent that PLS participates in HAMP (or other similar mortgage loan modification programs), PLS is entitled to retain any incentive payments made to it and to which it is entitled under HAMP, provided that with respect to any incentive payments paid to PLS in connection with a mortgage loan modification for which PMT previously paid PLS a modification fee, PLS is required to reimburse PMT an amount equal to the incentive payments.

In addition, because PMT does not have any employees or infrastructure, PLS is required to provide a range of services and activities significantly greater in scope than the services provided in connection with a customary servicing arrangement. For these services, PLS receives from PMT a supplemental fee of \$25 per month for each distressed whole loan and \$3.25 per month for each other subserviced loan. With respect to non-distressed subserviced mortgage loans from and after January 1, 2014, the supplemental fee is subject to a cap of \$700,000 per quarter. PLS is also entitled to reimbursement for all customary, good faith reasonable and necessary out-of-pocket expenses incurred in performance of its servicing obligations.

In general, the parties to this servicing agreement have agreed to negotiate in good faith to amend the provisions thereof relating to the compensation of PLS in order to cause such compensation to be materially consistent with market rates of compensation for services comparable to those provided under this servicing agreement if (a) either party requests such negotiation after a determination by either party that the rates of compensation payable to PLS differ materially from such market rates of compensation and (b) various conditions relating to the timing and frequency of such requests are

Table of Contents

satisfied, including the condition that no request be made before the second anniversary of the execution of this servicing agreement. If the parties are unable to reach agreement on the terms of a fee amendment within thirty days of the delivery of the relevant fee negotiation request, the terms of that fee amendment will be determined by final and binding arbitration procedures set forth in this servicing agreement.

No automatic renewal of this servicing agreement will occur upon the conclusion of the initial term or any renewal period if PMT or PLS delivers to the other party a notice of nonrenewal at least 180 days in advance. In addition, (i) PLS has the right to terminate this servicing agreement without cause if either of the mortgage banking and warehouse services agreement or the MSR recapture agreement is terminated by PMT without cause as provided in each such agreement or the management agreement is terminated by PMT without cause as provided in such agreement and (ii) PMT has the right to terminate the servicing agreement without cause if either of the mortgage banking and warehouse services agreement or the MSR recapture agreement is terminated by PLS without cause or the management agreement is terminated by PCM as provided in such agreement. This servicing agreement is further subject to termination under other circumstances, generally including (a) in whole, at the election of either party following a specified default or other for-cause event on the part of the other, (b) in part with respect to one or more individual loans, at the election of PMT in connection with a sale of such loan(s) or if such loan(s) become seriously delinquent or the real estate is acquired on behalf of the lender, and (c) in whole at the election of PLS or PMT if PMT or PLS, respectively, defaults in its obligations under the MSR recapture agreement. PMT is required to pay release fees to PLS in connection with certain terminations.

Under this loan servicing agreement, PLS is entitled to reimbursement for all customary, bona fide reasonable and necessary out of pocket expenses incurred by PLS in connection with the performance of its servicing obligations.

Investment Funds Loan Servicing Agreements. Our servicing agreements with the Investment Funds generally provide for fee revenue of between 45 and 100 basis points of UPB per year, which varies depending on the type and quality of the loans being serviced. We are also entitled to certain customary market-based fees and charges. Previously, under the servicing agreements between us and the Investment Funds, on December 31, 2011 and the end of every calendar year thereafter, we are required to rebate to the Investment Funds an amount equal to the cumulative profit, if any, of the servicing operations attributable to the Investment Funds' assets, and, conversely, charge the Investment Funds if a loss has been incurred in order to effect overall "at cost" pricing with respect to loan servicing activities for those assets. Under these agreements, we also rebate to the Investment Funds 50% of any profit generated from loan originations resulting from the refinancing, or modification activities with respect to, loans that we subservice on behalf of the Investment Funds. We record the net rebate amounts as earned or incurred.

This arrangement was modified, effective January 1, 2012, with respect to one of the Investment Funds. At that time, we settled our accrued servicing fee rebate and amended our servicing agreement with such fund to charge scheduled servicing fees in place of the previous "at cost" servicing arrangement.

We earned approximately \$46.5 million, \$29.4 million and \$25.0 million in loan servicing fees in fiscal years 2013, 2012 and 2011, respectively, in connection with work performed for PMT and the Investment Funds.

Other Agreements with PMT

PMT Mortgage Banking and Warehouse Services Agreement. Pursuant to the terms of the current mortgage banking and warehouse services agreement, PLS provides PMT with certain mortgage banking services, including fulfillment and disposition-related services, with respect to loans acquired by

Table of Contents

PMT from correspondent lenders, and certain warehouse lending services, including fulfillment and administrative services, with respect to loans financed by PMT for its warehouse lending clients. Effective February 1, 2013, the mortgage banking and warehouse services agreement provides for a fulfillment fee paid to PLS based on the type of mortgage loan that PMT acquires. The fulfillment fee is equal to a percentage of the UPB of mortgage loans purchased by PMT, with the addition of potential fee rate discounts applicable to PMT's monthly purchase volume in excess of designated thresholds. Pursuant to the mortgage banking and warehouse services agreement, PLS has agreed to provide such services exclusively for PMT's benefit, and PLS and its affiliates are prohibited from providing such services for any other third party. However, such exclusivity and prohibition shall not apply, and certain other duties instead will be imposed upon PLS, if PMT is unable to purchase or finance mortgage loans as contemplated under the mortgage banking and warehouse services agreement for any reason. The initial term of the mortgage banking and warehouse services agreement expires on February 1, 2017, subject to automatic renewal for additional 18-month periods, unless terminated earlier in accordance with the terms of the agreement.

PLS is entitled to a fulfillment fee based on the type of mortgage loan that PMT acquires and equal to a percentage of the unpaid principal balance of such mortgage loan. Presently, the applicable percentages are (i) 0.50% for conventional mortgage loans, (ii) 0.88% for loans underwritten in accordance with the Ginnie Mae Mortgage-Backed Securities Guide, (iii) 0.80% for the U.S. Department of the Treasury and U.S. Department of Housing and Urban Development, or HUD's, Home Affordable Refinance Program, or HARP, mortgage loans with a loan-to-value ratio of 105% or less, (iv) 1.20% for HARP mortgage loans with a loan-to-value ratio of greater than 105%, and (v) 0.50% for all other mortgage loans not contemplated above; provided, however, that PLS may, in its sole discretion, reduce the amount of the applicable fulfillment fee and credit the amount of such reduction to the reimbursement otherwise due as described in the following paragraph. This reduction may only be credited to the reimbursement applicable to the month in which the related mortgage was funded.

In the event that PMT purchases mortgage loans with an UPB in any month totaling more than \$2.5 billion and less than \$5 billion, PLS has agreed to discount the amount of such fulfillment fees by reimbursing PMT an amount equal to the product of (i) 0.025%, (ii) the amount of UPB in excess of \$2.5 billion and (iii) the percentage of the total UPB relating to mortgage loans for which PLS collected fulfillment fees in such month. In the event PMT purchases mortgage loans with an total UPB in any month greater than \$5 billion, PLS has agreed to further discount the amount of fulfillment fees by reimbursing PMT an amount equal to the product of (i) 0.05%, (ii) the amount of UPB in excess of \$5 billion and (iii) the percentage of the total UPB relating to mortgage loans for which the Company collected fulfillment fees in such month.

In consideration for the mortgage banking services provided by PLS with respect to PMT's acquisition of mortgage loans under its early purchase program, PLS is entitled to fees (i) accruing at a rate equal to \$25,000 per year per early purchase facility administered by PLS, and (ii) in the amount of \$50 for each mortgage loan that PMT acquires.

In consideration for the warehouse services provided by PLS with respect to mortgage loans that PMT finances for its warehouse lending clients, with respect to each facility, PLS is entitled to fees (i) accruing at a rate equal to \$25,000 per year, and (ii) in the amount of \$50 for each mortgage loan that PMT finances thereunder.

Where PMT has entered into both an early purchase program and a warehouse facility to the same client, PLS shall only be entitled to one \$25,000 per year fee, and, with respect to any mortgage loan that becomes subject to both such agreements, only one \$50 per loan fee.

Notwithstanding any provision of the mortgage banking and warehouse services agreement to the contrary, if it becomes reasonably necessary or advisable for PLS to engage in additional services in

Table of Contents

connection with post-breach or post-default resolution activities for the purposes of a correspondent lending agreement, a warehouse agreement or a re-warehouse agreement, then PMT has generally agreed with PLS to negotiate in good faith for additional compensation and reimbursement of expenses to be paid to PLS for the performance of such additional services.

In general, the parties to the mortgage banking and warehouse services agreement have agreed to negotiate in good faith to amend the provisions of the mortgage banking and warehouse services agreement relating to the compensation of PLS in order to cause such compensation to be materially consistent with market rates of compensation for services comparable to those provided under the mortgage banking and warehouse services agreement if (a) either party requests such negotiation after a determination by either party that the rates of compensation payable to PLS differ materially from such market rates of compensation and (b) various conditions relating to the timing and frequency of such requests are satisfied, including the condition that no request be made before the second anniversary of the execution of the mortgage banking and warehouse services agreement. If the parties are unable to reach agreement on the terms of a fee amendment within thirty days of the delivery of the relevant fee negotiation request, the terms of that fee amendment will be determined by final and binding arbitration procedures set forth in the mortgage banking and warehouse services agreement.

No automatic renewal of the mortgage banking and warehouse services agreement will occur upon the conclusion of the initial term or any renewal period if PMT or PLS delivers to the other party a notice of nonrenewal at least 180 days in advance. In addition, (i) PLS has the right to terminate the mortgage banking and warehouse services agreement without cause if the MSR recapture agreement is terminated by PMT without cause as provided in such agreement, the servicing agreement is terminated by PMT without cause as provided in such agreement or the management agreement is terminated by us without cause as provided in such agreement, and (ii) PMT has the right to terminate the mortgage banking and warehouse services agreement without cause if the MSR recapture agreement or the servicing agreement is terminated by PLS without cause as provided in each such agreement or the management agreement is terminated by PCM without cause as provided in such agreement. The mortgage banking and warehouse services agreement is further subject to termination under other circumstances, generally including at the election of either party following a specified default or other for-cause event on the part of the other. In the case of a non-renewal or termination of the mortgage banking and warehouse services agreement, PMT will be entitled under certain circumstances to require that PLS continue to provide correspondent lending services for a specified number of months following the scheduled expiration or termination, in which case the then current fee structure and exclusivity obligations applicable to such services would remain in effect.

In connection with the execution of the mortgage banking and warehouse services agreement, PMT and PLS entered into an agreement terminating, effective on February 1, 2013, the amended and restated mortgage banking services agreement, dated as of November 1, 2010 (as amended, supplemented or otherwise modified), between PMT and PLS and mutually waived any and all notice and timing requirements applicable to such termination.

We earned approximately \$79.7 million, \$62.9 million and \$1.7 million in fulfillment fees in fiscal years 2013, 2012 and 2011, respectively, under our mortgage banking and warehouse services agreements with PMT, and we paid to PMT approximately \$4.6 million, \$2.5 million and \$0.2 million in sourcing fees in fiscal years 2013, 2012 and 2011, respectively.

MSR Recapture Agreement. PLS has also entered into an MSR recapture agreement with PMT. Pursuant to the terms of the MSR recapture agreement, if PLS refinances through its retail lending business loans for which PMT previously held the MSRs, PLS is generally required to transfer and convey to one of PMT's wholly-owned subsidiaries, without cost to PMT, the MSRs with respect to new mortgage loans originated in those refinancings (or, under certain circumstances, other mortgage loans) that have a total UPB that is not less than 30% of the total UPB of all the loans so originated. Where

Table of Contents

the fair market value of the aggregate MSR's to be transferred is less than \$200,000, PLS may, at its option, pay cash to PMT in an amount equal to such fair market value in lieu of transferring such MSR's.

The MSR recapture agreement expires, unless terminated earlier in accordance with the agreement, on February 1, 2017, subject to automatic renewal for additional 18-month periods.

In general, the parties to the MSR recapture agreement have agreed to negotiate in good faith to amend the provisions thereof relating to the compensation of PLS in order to cause such compensation to be materially consistent with market rates of compensation for services comparable to those provided under the MSR recapture agreement if (a) either party requests such negotiation after a determination by either party that the rates of compensation payable to PLS differ materially from such market rates of compensation and (b) various conditions relating to the timing and frequency of such requests are satisfied, including the condition that no request be made before the second anniversary of the execution of the MSR recapture agreement. If the parties are unable to reach agreement on the terms of a fee amendment within thirty days of the delivery of the relevant fee negotiation request, the terms of such fee amendment will be determined by final and binding arbitration procedures set forth in the MSR recapture agreement.

No automatic renewal of the MSR recapture agreement will occur upon the conclusion of the initial term or any renewal period if PMT or PLS delivers to the other party a notice of nonrenewal at least 180 days in advance. In addition, (i) PLS has the right to terminate the MSR recapture agreement without cause if the mortgage banking and warehouse services agreement is terminated by PMT without cause as provided in such agreement, the servicing agreement is terminated by PMT without cause as provided in such agreement or the management agreement is terminated by us without cause as provided in such agreement, and (ii) PMT has the right to terminate the MSR recapture agreement without cause if the mortgage banking and warehouse services agreement or the servicing agreement is terminated by PLS without cause as provided in each such agreement or the management agreement is terminated by PCM without cause as provided in such agreement. In addition, if PMT exercises its right to terminate the servicing agreement without cause in connection with sales of one or more mortgage loans serviced thereunder, PLS will be entitled to terminate the MSR recapture agreement solely with respect to such mortgage loans. Following any termination of the MSR recapture agreement, PLS is prohibited from taking action with respect to the refinancing of the mortgage loans involved in the termination, subject to various exceptions, including an exception with respect to generalized advertising not targeted exclusively to the borrowers under such mortgage loans.

Spread Acquisition and MSR Servicing Agreements. Effective February 1, 2013, PLS entered into a master spread acquisition and MSR servicing agreement, or the 2/1/13 Spread Acquisition Agreement, pursuant to which it may sell to PMT or one of its wholly owned subsidiaries the rights to receive certain excess servicing spread, or ESS, from MSR's acquired by PLS from banks and other third party financial institutions. PLS is generally required to service or subservice the related mortgage loans for the applicable agency or investor. The terms of each transaction under the 2/1/13 Spread Acquisition Agreement are subject to the terms thereof, as modified and supplemented by the terms of a confirmation executed in connection with such transaction.

To the extent PLS refinances any of the mortgage loans relating to the ESS sold to PMT, the 2/1/13 Spread Acquisition Agreement contains recapture provisions requiring that PLS transfer to PMT, at no cost, the ESS relating to a certain percentage of the UPB of the newly originated mortgage loans. To the extent the fair value of the aggregate ESS to be transferred for the applicable month is less than \$200,000, PLS may, at its option, wire cash to PMT in an amount equal to such fair value instead of transferring such ESS.

On December 30, 2013, PLS entered into a second master spread acquisition and MSR servicing agreement with PMT, or the 12/30/13 Spread Acquisition Agreement. The terms of the 12/30/13 Spread

Table of Contents

Acquisition Agreement are substantially similar to the terms of the 2/1/13 Spread Acquisition Agreement, except that PLS only intends to sell ESS relating to Ginnie Mae MSRs under the 12/30/13 Spread Acquisition Agreement.

To the extent PLS refinances any of the mortgage loans relating to the ESS it sells to PMT, the 12/30/13 Spread Acquisition Agreement also contains recapture provisions requiring that PLS transfer to PMT, at no cost, the ESS relating to a certain percentage of the UPB of the newly originated mortgage loans. However, under the 12/30/13 Spread Acquisition Agreement, in any month where the transferred ESS relating to newly originated Ginnie Mae mortgage loans is not equivalent to at least 90% of the product of the excess servicing fee rate and the UPB of the refinanced mortgage loans, PLS is also required to transfer additional ESS or cash in the amount of such shortfall. Similarly, in any month where the transferred ESS relating to modified Ginnie Mae mortgage loans is not equivalent to at least 90% of the product of the excess servicing fee rate and the UPB of the modified mortgage loans, the 12/30/13 Spread Acquisition Agreement contains provisions that require PLS to transfer additional ESS or cash in the amount of such shortfall. To the extent the fair value of the aggregate ESS to be transferred for the applicable month is less than \$200,000, PLS may, at its option, wire cash to PMT in an amount equal to such fair value instead of transferring such ESS.

In connection with PLS' entry into the 12/30/13 Spread Acquisition Agreement, it was also required to amend the terms of its loan and security agreement, or the LSA, with Credit Suisse First Boston Mortgage Capital LLC, or CSFB, pursuant to which PLS pledged to CSFB all of its rights and interests in the Ginnie Mae MSRs it owns or acquires, and a separate acknowledgement agreement with respect thereto, by and among Ginnie Mae, CSFB and PLS. Separately, as a condition to permitting PLS to transfer to PMT the ESS relating to a portion of PLS' pledged Ginnie Mae MSRs, CSFB required PMT to enter into a Security and Subordination Agreement, or the Security Agreement, pursuant to which PMT pledged to CSFB its rights under the 12/30/13 Spread Acquisition Agreement and its interest in any ESS purchased thereunder. CSFB's lien on the ESS remains subordinate to the rights and interests of Ginnie Mae pursuant to the provisions of the 12/30/13 Spread Acquisition Agreement and the terms of the acknowledgement agreement.

The Security Agreement permits CSFB to liquidate PMT's ESS along with the related MSRs to the extent there exists an event of default under the LSA, and it contains certain trigger events, including breaches of representations, warranties or covenants and defaults under other of PMT's credit facilities, that would require PLS to either (i) repay in full the outstanding loan amount under the LSA or (ii) repurchase the ESS from PMT at fair value. To the extent PLS is unable to repay the loan under the LSA or repurchase the ESS, an event of default would exist under the LSA, thereby entitling CSFB to liquidate the ESS and the related MSRs. In the event the ESS is liquidated as a result of certain actions or inactions of PLS, PMT generally would be entitled to seek indemnity from PLS under the 12/30/13 Spread Acquisition Agreement.

Reimbursement Agreement. In connection with the initial public offering of common shares of PMT, on August 4, 2009 our subsidiary, PCM, entered into an agreement with PMT pursuant to which PMT agreed to reimburse PCM for the \$2.9 million payment that PCM made to the underwriters for PMT's initial public offering if PMT satisfied certain performance measures over a specified period of time. We refer to this as the "Conditional Reimbursement." The reimbursement agreement provides for the reimbursement of PCM of the Conditional Reimbursement if PMT is required to pay PCM performance incentive fees under the amended and restated management agreement described above, at a rate of \$10 in reimbursement for every \$100 of performance incentive fees earned. The reimbursement of the Conditional Reimbursement is subject to a maximum reimbursement in any particular 12 month period of \$1.0 million and the maximum amount that may be reimbursed under the agreement is \$2.9 million. PCM received payments from PMT totaling \$944,000 during the year ended December 31, 2013. In the event that the termination fee is payable to PCM under the amended and restated management agreement and PCM has not received the full amount of the reimbursements and payments under the reimbursement agreement, this amount will be paid in full. The term of the reimbursement agreement expires on February 1, 2019.

Confidentiality Agreement. Pursuant to the Confidentiality Agreement, we agreed to standard confidentiality obligations with PMT and agreed that we and certain of our affiliates shall be prohibited from pursuing an acquisition of PMT, and PMT shall be prohibited from pursuing an acquisition of us, except through negotiations with our respective boards, for a period of three years.

Our Investment in PMT

We received dividends of \$216,000, \$167,000 and \$138,000 in fiscal years 2013, 2012 and 2011, respectively, as a result of our investment in common shares of PMT.

Management Investments in PNMAC

Certain executive officers have been provided with the opportunity to purchase units in PNMAC. The numbers of units offered for purchase to such executive officers were determined based upon the recommendation of our Chief Executive Officer and approval by the board of directors of PNMAC based upon the individual's position and other relevant factors.

We previously extended loans to certain of our executive officers to facilitate the acquisitions of such units. All such loans and advances made to our executive officers were repaid prior to the initial public offering of our Class A common stock.

PNNMAC Foodservice Agreement with Me N U Kitchen, LLC

In August 2011, we entered into a foodservice agreement with Me N U Kitchen, LLC, or MNU. MNU is a limited liability company, the membership and percentage interests of which are held equally in fifty percent increments by Ashley Rubinstein, a daughter of Mr. Kurland, and Marci Grogin, the wife of Mr. Grogin.

Pursuant to the terms of the foodservice agreement, MNU provides onsite foodservice (including cafeteria and catering services) to us and our employees on a contract basis. For these services, we pay MNU a monthly management fee equal to the greater of (a) \$15,000 (or, during months in which our headcount is less than 600, \$10,000), or (b) one-half of an adjusted profit that is calculated based on the fair value of food served by MNU without charge or at a standard discount, in either case to our officers, employees or business partners.

For its services in 2013, 2012 and 2011, we paid MNU management fees of \$142,375, \$152,500 and \$60,000, respectively. Ms. Rubinstein also received payments of \$4,930 in 2013, \$19,870 in 2012 and \$3,500 in 2011 (for the period between August 2011 and year end), and Mrs. Grogin received payments of \$12,200 in 2013, \$20,780 in 2012 and \$3,500 in 2011 (for the period between August 2011 and year end).

In addition, we do not charge MNU rent, its portion of utilities (including telephone and internet availability) or maintenance charges for the equipment it uses in connection with its use of the cafeteria and kitchen facilities, and we are required to bear certain other defined costs and expenses associated with MNU's operation of its foodservice business. The amount of such costs and expenses was estimated to be approximately \$125,000 in 2013, \$150,000 in 2012 and \$75,000 in 2011 (for the period between August 2011 and year end). We also purchased an off-the-shelf "Point of Sale" system for \$32,163 and pay on MNU's behalf a monthly hosting and maintenance charge of \$370.

Other Agreements and Arrangements

PCM paid approximately \$123,000, \$124,000 and \$124,000 in 2013, 2012 and 2011, respectively, to BlackRock Financial Management, Inc., an affiliate of BlackRock, as a fee for use of the BlackRock Solutions AnSer and Market Data analytics software.

Related Party Transactions Policy

We have adopted a policy that specifically governs related party transactions. The policy generally prohibits any related party transaction unless it is approved by our related-party matters committee in accordance with the policy. With certain exceptions, a related party transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and the amount involved exceeds \$120,000 in the aggregate in any calendar year, and in which any related party has, had or will have a direct or indirect interest.

Table of Contents

A related party is any person who is, or at any time since the beginning of our last fiscal year was one of our directors or executive officers or a nominee to become one of our directors; any person who is known to be the beneficial owner of more than 5% of any class of our voting securities; and any immediate family member of any of the foregoing persons (which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of any of the foregoing persons); and any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

The related party transactions policy governs the process for identifying potential related party transactions and seeking review, approval or ratification of such transactions. In addition, each of our directors and executive officers will be required to complete an annual disclosure questionnaire and report all transactions with us in which they and their immediate family members had or will have a direct or indirect material interest with respect to us. We will review these questionnaires and, if we determine that it is necessary, discuss any reported transactions with our entire board of directors in accordance with the related party transactions policy.

Indemnification of Directors and Officers

Our bylaws provide that we will indemnify and advance expenses to our directors and officers to the fullest extent permitted by the DGCL. In addition, our certificate of incorporation provides that our directors will not be liable for monetary damages for breach of fiduciary duty, except as otherwise prohibited under the DGCL.

We have entered into indemnification agreements with each of our executive officers and directors. The indemnification agreements provide the executive officers and directors with contractual rights to indemnification, expense advancement and reimbursement, to the fullest extent permitted under the DGCL. In addition, our indemnification agreements also provide that we are required to advance expenses to our directors and officers as incurred in connection with legal proceedings against them for which they may be indemnified and that the rights conferred in the indemnification agreements are not exclusive.

The limited liability company agreement of PNMAC also requires PNMAC to indemnify its officers, members, managers and other affiliates to the fullest extent permitted by Delaware law, and advance expenses to its officers, members, managers and other affiliates as incurred in connection with legal proceedings against them for which they may be indemnified. The rights conferred in the limited liability company agreement of PNMAC are not exclusive.

There is no pending litigation or proceeding naming any of our directors or officers to which indemnification is being sought, and we are not aware of any pending or threatened litigation that may result in claims for indemnification by any director or officer.

PLAN OF DISTRIBUTION

The selling stockholders (which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer) may, from time to time, sell, transfer or otherwise dispose of any or all of their shares on the NYSE or any other stock exchange, market or trading facility on which the shares are listed, quoted or traded, including the over-the-counter market, or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices. The offering price of the shares from time to time will be determined by the selling stockholder and, at the time of determination, may be higher or lower than the market price of our Class A common stock on the NYSE.

The selling stockholders may offer their shares from time to time pursuant to one or more of the following methods:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

short sales effected after the date the registration statement of which this prospectus is a part is declared effective by the SEC;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

agreements by broker-dealers with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus. The selling stockholders are not obligated to, and there is no assurance that the selling stockholders will, sell all or any of the shares we are registering. The selling stockholders may transfer, devise or gift such shares by other means not described in this prospectus.

In connection with the sale of our shares, the selling stockholders may sell the shares directly or through broker-dealers acting as a principal or agent, or pursuant to a distribution by one or more underwriters on a firm commitment or best efforts basis pursuant to an underwriting agreement in the form attached to the registration statement of which this prospectus is a part or pursuant to an underwriting agreement in any other form. The selling stockholders may also enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require

the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The selling stockholders, broker-dealers or agents that participate in the sale of the

Table of Contents

Class A common stock may be "underwriters" within the meaning of Section 2(11) of the Securities Act.

Any discounts, commissions, concessions or profit that they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are "underwriters" within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may have liability as underwriters under the Securities Act.

The aggregate proceeds to each selling stockholder from the sale of our Class A common stock offered by them will be the purchase price of the Class A common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of our Class A common stock to be made directly or through agents. We will not receive any of the proceeds from an offering by the selling stockholders.

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling stockholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved. Any profits on the resale of shares by a broker-dealer acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, attributable to the sale of shares will be borne by a selling stockholder. The selling stockholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares if liabilities are imposed on that person under the Securities Act.

The selling stockholders may from time to time pledge or grant a security interest in some or all of the shares owned by them and, if they default in the performance of any of their secured obligations, the pledgees or secured parties may offer and sell the shares from time to time under this prospectus as it may be supplemented from time to time, or under an amendment to this prospectus under Rule 424(b) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

To the extent required, the shares to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, our Class A common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states our Class A common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to activities of certain of the selling stockholders and their affiliates. In addition, we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

Table of Contents

Upon our notification by a selling stockholder that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of shares through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file an amendment to this prospectus or a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing certain material information, including:

the number of shares being offered;

the names of such selling stockholder and the participating underwriters, broker-dealers or agents;

any discounts, commissions or other compensation paid to underwriters or broker-dealers and any discounts, commission or concessions allowed or re-allowed or paid by any underwriters to dealers;

the public offering price; and

other material terms of the offering.

In the ordinary course of business, certain of the underwriters, broker-dealers or agents and their affiliates who may become involved in the sale of the Class A common stock may be customers and/or suppliers of, engage in transactions with, and perform services for, us.

We will pay all the fees and expenses incurred by us incident to the registration of the shares, except for underwriting discounts and commissions, fees and disbursements for counsel for any selling stockholder and certain other expenses, all of which will be borne by the selling stockholders.

We have agreed to indemnify the selling stockholders and their affiliates and representatives against certain liabilities, including liabilities arising under the Securities Act, in connection with the registration of the resales of the shares to which this prospectus relates.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is a summary and is qualified in its entirety by reference to our certificate of incorporation and bylaws, which are filed as exhibits to the registration statement of which this prospectus is a part.

Our authorized capital stock consists of 200,000,000 shares of Class A common stock, par value \$0.0001 per share, 1,000 shares of Class B common stock, par value \$0.0001 per share, and 10,000,000 shares of preferred stock, par value \$0.0001 per share. Unless our board of directors determines otherwise, we will issue all shares of our capital stock in uncertificated form.

Common Stock

Class A Common Stock

Holders of shares of our Class A common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders.

Holders of shares of our Class A common stock and Class B common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise required by applicable law.

Holders of shares of our Class A common stock are entitled to receive dividends when and if declared by our board of directors out of funds legally available therefor, subject to any statutory or contractual restrictions on the payment of dividends and to any restrictions on the payment of dividends imposed by the terms of any outstanding preferred stock.

Upon our dissolution or liquidation or the sale of all or substantially all of our assets, after payment in full of all amounts required to be paid to creditors and to the holders of preferred stock having liquidation preferences, if any, the holders of shares of our Class A common stock will be entitled to receive pro rata our remaining assets available for distribution.

Holders of shares of our Class A common stock do not have preemptive, subscription, redemption or conversion rights.

Class B Common Stock

Each holder of Class B common stock is entitled, without regard to the number of shares of Class B common stock held by such holder, to one vote for each Class A Unit of PNMAC held by such holder. Accordingly, the unit holders of PNMAC holding shares of Class B common stock collectively have a number of votes in PennyMac Financial Services, Inc. that is equal to the aggregate number of Class A Units of PNMAC that they hold.

Holders of shares of our Class A common stock and Class B common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise required by applicable law.

Holders of our Class B common stock do not have any right to receive dividends or to receive a distribution upon a liquidation or winding up of PennyMac Financial Services, Inc.

As our members of PNMAC exchange Class A Units of PNMAC for shares of Class A common stock, the voting power afforded to them by their shares of Class B common stock is automatically and correspondingly reduced.

Preferred Stock

Our certificate of incorporation authorizes our board of directors to establish one or more series of preferred stock (including convertible preferred stock). Unless required by law or by any stock exchange, the authorized shares of preferred stock will be available for issuance without further action by our stockholders. Our board of directors is able to determine, with respect to any series of preferred stock, the terms and rights of that series, including:

the designation of the series;

the number of shares of the series, which our board may, except where otherwise provided in the preferred stock designation, increase or decrease, but not below the number of shares then outstanding;

the voting rights, if any, of the holders of the series;

whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;

the dates at which dividends, if any, will be payable;

the rights of priority and amounts payable, if any, on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;

the redemption rights and price or prices, if any, for shares of the series;

the terms of any purchase, retirement or sinking fund, if any, provided for shares of the series;

the terms, if any, upon which the shares of the series will be convertible into or exchangeable for shares of any other class, classes or series, or other securities, whether or not issued by our company or any other entity;

restrictions, if any, upon issuance of indebtedness of our company so long as any shares of the series are outstanding; and

restrictions, if any, on the issuance of shares of the same series or of any other class or series.

We could issue a series of preferred stock that could, depending on the terms of the series, impede or discourage an acquisition attempt or other transaction that some, or a majority, of our stockholders might believe to be in their best interests or in which our stockholders might receive a premium for their shares of Class A common stock over the market price of the shares of Class A common stock.

Authorized but Unissued Capital Stock

The DGCL does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of the NYSE, which would apply so long as the Class A common stock remains listed on the NYSE, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of Class A common stock. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

One of the effects of the existence of unissued and unreserved common stock or preferred stock may be to enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of

our company by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly deprive our stockholders of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Table of Contents

Anti-Takeover Effects of Provisions of Delaware Law and Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws

Undesignated Preferred Stock

The ability to authorize undesignated preferred stock will make it possible for our board of directors to issue preferred stock with super voting, special approval, dividend or other rights or preferences on a discriminatory basis that could impede the success of any attempt to acquire us or otherwise effect a change in control of us. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company.

Requirements for Advance Notification of Stockholder Meetings, Nominations and Proposals

Our certificate of incorporation provides that special meetings of the stockholders may be called only by or at the direction of our board of directors, two or more of our directors, the chairman of our board, our chief executive officer or one or more holders of at least a minimum percentage of the voting power of the outstanding shares of our capital stock. This minimum will initially be 25% and will automatically increase to 51% on the first date on which the holders of outstanding shares of our Class A common stock (other than any holder that was, or whose affiliate was, a member of PNMAC immediately prior to the initial public offering of our Class A common stock) hold more than 51% of the voting power of all outstanding shares of our capital stock. Our bylaws prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting. These provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company.

Our bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made pursuant to our stockholders agreements with BlackRock and Highfields or by or at the direction of the board of directors or a committee of the board of directors. In order for any matter to be "properly brought" before a meeting, a stockholder will have to comply with advance notice requirements and provide us with certain information. Additionally, vacancies and newly created directorships may be filled only by a vote of a majority of the directors then in office, even though less than a quorum, and not by the stockholders. Our bylaws allow the presiding officer at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may also defer, delay or discourage a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of our company.

Our certificate of incorporation provides that the board of directors is expressly authorized to make, alter, or repeal our bylaws provided that, pursuant to our separate stockholder agreements with BlackRock and Highfields, if that action, amends the specific rights of BlackRock or Highfields in an adverse manner when that entity, together with its affiliates, holds at least 5% of the voting power of our outstanding shares of capital stock, such action is approved by that entity.

No Cumulative Voting

The DGCL provides that stockholders are not entitled to the right to cumulate votes in the election of directors unless our certificate of incorporation provides otherwise. Our certificate of incorporation does not expressly provide for cumulative voting.

Amendments to Certificate of Incorporation and Bylaws

The DGCL provides that, unless a corporation's certificate of incorporation provides otherwise, the affirmative vote of holders of shares constituting a majority of the votes of all shares entitled to vote

Table of Contents

may approve amendments to the certificate of incorporation. In addition to the stockholder approval required by the DGCL, our separate stockholder agreements with BlackRock and Highfields provide that our certificate of incorporation may not be amended in any manner that is adverse to BlackRock or Highfields without the consent of BlackRock or Highfields, as applicable, as long as such stockholder, together with its affiliates, holds more than 5% of the voting power of all of our outstanding shares of capital stock.

Our certificate of incorporation authorizes our board of directors, as well as our stockholders, to amend or repeal our bylaws, provided that, pursuant to our separate stockholder agreements with BlackRock and Highfields if that action by either our board of directors or our stockholders amends the bylaws in a manner adverse to BlackRock or Highfields when that entity, together with its affiliates, holds at least 5% of the voting power of our outstanding shares of capital stock, such action is approved by that entity.

Stockholder Action by Written Consent

Pursuant to Section 228 of the DGCL, any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted, unless the company's certificate of incorporation provides otherwise. Our bylaws prohibit the taking of any action of our stockholders by written consent without a meeting unless that action is taken with regard to a matter that has been approved by our board of directors or requires the approval only of certain classes or series of our stock.

Delaware Anti-Takeover Statute

We have not opted out of, and therefore are subject to, Section 203 of the DGCL. Section 203 provides that, subject to certain exceptions specified in the law, a publicly-held Delaware corporation shall not engage in certain "business combinations" with any "interested stockholder" for a three-year period after the date of the transaction in which the person became an interested stockholder. These provisions generally prohibit or delay the accomplishment of mergers, assets or stock sales or other takeover or change-in-control attempts that are not approved by a company's board of directors.

In general, Section 203 prohibits a publicly-held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder unless:

prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding (1) shares owned by persons who are directors and also officers and (2) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

On or subsequent to the date of the transaction, the business combination is approved by the board and authorized at an annual or special meeting of stockholders, and not by written

Table of Contents

consent, by the affirmative vote of at least 66²/₃% of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of a corporation's outstanding voting stock. If Section 203 were to apply to us, we expect that it would have an anti-takeover effect with respect to transactions our board of directors does not approve in advance. In such event, we would also anticipate that Section 203 could discourage attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an "interested stockholder" to effect various business combinations with a corporation for a three-year period. The provisions of Section 203 may encourage companies interested in acquiring our company to negotiate in advance with our board of directors because the stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Corporate Opportunity

Our certificate of incorporation provides that neither BlackRock nor Highfields or their respective affiliates has any duty to refrain from engaging directly or indirectly in a corporate opportunity in the same or similar lines of business in which we now engage or propose to engage. In addition, in the event that either of BlackRock or Highfields acquires knowledge of a potential transaction or other business or employee thereof, they shall not be liable to us nor to any of our stockholders (or any affiliates thereof) for breach of any fiduciary or other duty by engaging in any such activity and we waive and renounce any claim based on such activity. This provision applies even if the business opportunity is one that we might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so. Our stockholder agreements with BlackRock and Highfields provide that any amendment or repeal of the provisions related to corporate opportunities described above requires the consent of each of BlackRock and Highfields as long as they, or any of their affiliates, hold any equity interest in us.

The following are entitled to rights with respect to the registration under the Securities Act of the shares of Class A common stock for which their Class A Units of PNMAC have been, or may be, exchanged:

Table of Contents**SELLING STOCKHOLDERS**

The following table sets forth information as of March 12, 2014 for each selling stockholder regarding the beneficial ownership of shares of our Class A common stock and the number of shares of our Class A common stock that may from time to time be offered or sold pursuant to this prospectus. The percentage of shares beneficially owned before the offering is based on the number of shares of our Class A common stock outstanding as of March 12, 2014. The information regarding shares beneficially owned after the offering assumes the sale of all shares offered by the selling stockholders and that the selling stockholders do not acquire any additional shares. Information in the table below with respect to beneficial ownership has been furnished by each of the selling stockholders.

Except as described elsewhere in this prospectus, the selling stockholders have not held any position or office, or have otherwise had a material relationship, with us or any of our subsidiaries within the past three years other than as a result of the ownership of our securities.

Information concerning the selling stockholders may change from time to time and any changed information will be set forth in supplements to this prospectus, if and when necessary. The selling stockholders may offer all, some or none of their shares of Class A common stock. We cannot advise you as to whether the selling stockholders will in fact sell any or all of such shares of Class A common stock. In addition, the selling stockholders listed in the table below may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, shares of our Class A common stock in transactions exempt from the registration requirements of the Securities Act after the date on which they provided the information set forth in the table below.

Beneficial ownership is determined with respect to each selling stockholder in accordance with the rules and regulations of the SEC by assuming that such stockholder (and no other stockholder) has exchanged all of its or his Class A Units of PNMAC for an equivalent number of shares of our Class A common stock. Except as otherwise indicated, the business address for each of the following persons is c/o PennyMac Financial Services, Inc., 6101 Condor Drive, Moorpark, California 93021.

(2)

Represents the percentage of voting power of our Class A common stock and Class B common stock voting together as a single class. Each holder of Class A Units of PNMAC other than us also holds one share of our Class B common stock. The shares of Class B common stock have no economic rights but entitle the holder, without regard to the number of shares of Class B common stock held, to a number of votes on matters presented to our stockholders that is equal to the aggregate number of Class A Units of PNMAC held by such holder. As a holder exchanges Class A Units of PNMAC for shares of our Class A common stock pursuant to the exchange agreement, the voting power afforded to the holder by its share of Class B common stock will be automatically and correspondingly reduced. Total economic interest in PNMAC is calculated as the percentage of all outstanding Class A Units of PNMAC beneficially held by the stockholder, directly or indirectly through PennyMac Financial Services, Inc., assuming that each share of Class A common stock held is equivalent to one Class A Unit of PNMAC.

(3)
