MAGELLAN HEALTH, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014
(Unaudited)

NOTE A General

Basis of Presentation

The accompanying unaudited consolidated financial statements of Magellan Health, Inc., a Delaware corporation ("Magellan"), include the accounts of Magellan, its majority owned subsidiaries, and all variable interest entities ("VIEs") for which Magellan is the primary beneficiary (together with Magellan, the "Company"). The financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the Securities and Exchange Commission's (the "SEC") instructions to Form 10-Q. Accordingly, the financial statements do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments, consisting of normal recurring adjustments considered necessary for a fair presentation, have been included. The results of operations for the three and nine months ended September 30, 2014 are not necessarily indicative of the results to be expected for the full year. All significant intercompany accounts and transactions have been eliminated in consolidation.

The Company has evaluated subsequent events for recognition or disclosure in the consolidated financial statements filed on this Form 10-Q. Other than as described in Note F "Subsequent Events", the Company did not have any material recognizable events during the period.

These unaudited consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements for the year ended December 31, 2013 and the notes thereto, which are included in the Company's Annual Report on Form 10-K filed with the SEC on March 3, 2014.

Business Overview

The Company is engaged in the healthcare management business, and is focused on meeting needs in areas of healthcare that are fast growing, highly complex and high cost, with an emphasis on special population management. The Company provides services to health plans, managed care organizations ("MCOs"), insurance companies, employers, labor unions, various military and governmental agencies, third party administrators, consultants and brokers. The Company's business is divided into the following five segments, based on the services it provides and/or the customers that it serves, as described below.

Managed Healthcare

Two of the Company's segments are in the managed healthcare business. This line of business reflects the Company's: (i) management of behavioral healthcare services, and (ii) the integrated management of physical, behavioral and pharmaceutical healthcare for special populations, delivered through Magellan Complete Care ("MCC"). The Company's coordination and management of physical and behavioral healthcare includes services provided through its comprehensive network of medical and behavioral health professionals, clinics, hospitals and ancillary service providers. This network of credentialed and privileged providers is integrated with clinical and quality improvement programs to enhance the healthcare experience for individuals in need of care, while at the same time managing the cost of these services for our customers. The treatment services provided through the Company's

(Unaudited)

NOTE A General (Continued)

provider network include outpatient programs, intermediate care programs, inpatient treatment and crisis intervention services. The Company generally does not directly provide or own any provider of treatment services, although it does employ licensed behavioral health counselors to deliver non-medical counseling under certain government contracts.

The Company's integrated management of physical and behavioral healthcare includes its full service health plans which provide for the holistic management of special populations. These special populations include individuals with serious mental illness, dual eligibles, those eligible for long term care and other populations with unique and often complex healthcare needs.

The Company provides its management services primarily through: (i) risk-based products, where the Company assumes all or a substantial portion of the responsibility for the cost of providing treatment services in exchange for a fixed per member per month fee, (ii) administrative services only ("ASO") products, where the Company provides services such as utilization review, claims administration and/or provider network management, but does not assume responsibility for the cost of the treatment services, and (iii) employee assistance programs ("EAPs") where the Company provides short-term outpatient behavioral counseling services.

The managed healthcare business is managed based on the services provided and/or the customers served, through the following two segments:

Commercial. The Managed Healthcare Commercial segment ("Commercial") generally reflects managed behavioral healthcare services and EAP services provided under contracts with health plans, insurance companies and MCOs for some or all of their commercial, Medicaid and Medicare members, as well as with employers, including corporations, governmental agencies, military and labor unions. Commercial's contracts encompass risk-based, ASO and EAP arrangements.

Public Sector. The Managed Healthcare Public Sector segment ("Public Sector") generally reflects: (i) the management of behavioral health services provided to recipients under Medicaid and other state sponsored programs under contracts with state and local governmental agencies, and (ii) the integrated management of physical, behavioral and pharmaceutical care for special populations covered under Medicaid and other government sponsored programs. Public Sector contracts encompass either risk-based or ASO arrangements.

Specialty Solutions

The Specialty Solutions segment ("Specialty Solutions") generally reflects the management of the delivery of diagnostic imaging (radiology benefits management or "RBM") and a variety of other specialty areas such as radiation oncology, obstetrical ultrasound, cardiology and musculoskeletal management to ensure that such services are clinically appropriate and cost effective. The Company's Specialty Solutions services are currently provided under contracts with health plans and insurance companies for some or all of their commercial, Medicaid and Medicare members. The Company also contracts with state and local governmental agencies for the provision of such services to Medicaid recipients. The Company offers its Specialty Solutions services through risk-based contracts, where the Company assumes all or a substantial portion of the responsibility for the cost of providing services,

SEPTEMBER 30, 2014

(Unaudited)

NOTE A General (Continued)

and through ASO contracts, where the Company provides services such as utilization review and claims administration, but does not assume responsibility for the cost of the services.

Pharmacy Management

The Pharmacy Management segment ("Pharmacy Management") comprises products and solutions that provide clinical and financial management of drugs paid under medical and pharmacy benefit programs. Pharmacy Management's services include (i) traditional pharmacy benefit management ("PBM") services; (ii) pharmacy benefit administration ("PBA") for state Medicaid and other government sponsored programs; (iii) specialty pharmaceutical dispensing operations, contracting and formulary optimization programs; (iv) medical pharmacy management programs; and (v) programs for the integrated management of drugs that treat complex conditions, regardless of site of service, method of delivery, or benefit reimbursement. In addition, the Company had a subcontract arrangement to provide PBM services on a risk basis for one of Public Sector's customers, which terminated on March 31, 2014.

The Company's Pharmacy Management programs are provided under contracts with health plans, employers, Medicaid MCOs, state Medicaid programs, and other government agencies, and encompass risk-based and fee-for-service ("FFS") arrangements.

Corporate

This segment of the Company is comprised primarily of operational support functions such as sales and marketing and information technology, as well as corporate support functions such as executive, finance, human resources and legal.

Summary of Significant Accounting Policies

Recent Accounting Pronouncements

In July 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-06, "Other Expenses (Topic 720): Fees Paid to the Federal Government by Health Insurers (a consensus of the FASB Emerging Issues Task Force)" ("ASU 2011-06"), which addresses how fees mandated by the Patient Protection and the Affordable Care Act ("ACA"), as amended by the Health Care and Education Reconciliation Act of 2010 (collectively, the "Health Reform Law"), should be recognized and classified in the income statements of health insurers. The Health Reform Law imposes a mandatory annual fee on health insurers for each calendar year beginning on or after January 1, 2014. ASU 2011-06 stipulates that the liability incurred for that fee be amortized to expense over the calendar year in which it is payable. This ASU is effective for calendar years beginning after December 31, 2013, when the fee initially becomes effective. The Company is currently pursuing rate adjustments to cover the direct costs of these fees and the impact from non-deductibility of such fees for federal and state income tax purposes. To the extent the Company has a state public sector customer that does not renew, there may be some impact due to taxes paid where the timing and amount of recoupment of these additional costs is uncertain. In the event the Company is unable to obtain rate adjustments to cover the financial impact of the annual fee, the fee

Table of Contents

MAGELLAN HEALTH, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2014

(Unaudited)

NOTE A General (Continued)

may have a material impact on the Company. As of September 30, 2014, the Company has obtained signed commitments from six of its customers to recover the economic impact of the ACA fees. For 2014, the projected ACA fee is currently estimated to be \$21.4 million and is included in accrued liabilities in the consolidated balance sheets. Of this amount \$5.4 million and \$16.1 million was expensed in the three and nine months ended September 30, 2014, respectively, which is included in direct service costs and other operating expenses in the consolidated statements of income. The Company has recorded revenues of \$8.8 million and \$22.9 million in the three and nine months ended September 30, 2014, respectively, associated with the accrual for the reimbursement of the economic impact of the ACA fees from its customers.

In July 2013, the FASB issued ASU No. 2013-11, "Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Carryforward Exists" ("ASU 2013-11"). ASU 2013-11 provides guidance on the financial statement presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. An unrecognized tax benefit should be presented in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward, a similar tax loss, or a tax credit carryforward with certain exceptions, in which case such an unrecognized tax benefit should be presented in the financial statements as a liability. The amendments in this ASU do not require new recurring disclosures. The amendments in this ASU are effective for reporting periods beginning after December 15, 2013 and were adopted by the Company during the quarter ended March 31, 2014. The effect of the guidance is immaterial to the Company's consolidated results of operations, financial position, and cash flows.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)" ("ASU 2014-09"), which is a new comprehensive revenue recognition standard that will supersede virtually all existing revenue guidance under GAAP. This ASU is effective for calendar years beginning after December 15, 2016. The Company is currently assessing the potential impact this ASU will have on the Company's consolidated results of operations, financial position, and cash flows.

In June 2014, the FASB issued ASU No. 2014-12, "Compensation - Stock Compensation (Topic 718): Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved After the Requisite Service Period" ("ASU 2014-12"), which revises the accounting treatment for stock compensation tied to performance targets. This ASU is effective for calendar years beginning after December 15, 2015. The guidance is not expected to materially impact the Company's consolidated results of operations, financial position, or cash flows.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Significant estimates of the Company include, among other things, accounts receivable realization, valuation allowances for deferred tax assets, valuation of goodwill and intangible assets, medical claims

Table of Contents

MAGELLAN HEALTH, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2014

(Unaudited)

NOTE A General (Continued)

payable, other medical liabilities, contingent consideration, stock compensation assumptions, tax contingencies and legal liabilities. Actual results could differ from those estimates.

Managed Care and Other Revenue

Managed Care Revenue. Managed care revenue, inclusive of revenue from the Company's risk, EAP and ASO contracts, is recognized over the applicable coverage period on a per member basis for covered members. The Company is paid a per member fee for all enrolled members, and this fee is recorded as revenue in the month in which members are entitled to service. The Company adjusts its revenue for retroactive membership terminations, additions and other changes, when such adjustments are identified, with the exception of retroactivity that can be reasonably estimated. The impact of retroactive rate amendments is generally recorded in the accounting period that terms to the amendment are finalized, and that the amendment is executed. Any fees paid prior to the month of service are recorded as deferred revenue. Managed care revenues approximated \$673.6 million and \$1,957.9 million for the three and nine months ended September 30, 2013, respectively, and \$611.4 million and \$1,935.0 million for the three and nine months ended September 30, 2014, respectively.

Fee-For-Service and Cost-Plus Contracts. The Company has certain fee-for-service contracts, including cost-plus contracts, with customers under which the Company recognizes revenue as services are performed and as costs are incurred. This includes revenues received in relation to ACA fees billed on a cost reimbursement basis. Revenues from these contracts approximated \$52.6 million and \$152.9 million for the three and nine months ended September 30, 2013, respectively, and \$72.9 million and \$205.6 million for the three and nine months ended September 30, 2014, respectively.

Block Grant Revenues. The Maricopa Contract (as defined below) was partially funded by federal, state and county block grant money, which represents annual appropriations. The Company recognizes revenue from block grant activity ratably over the period to which the block grant funding applies. Block grant revenues were approximately \$32.3 million and \$96.9 million for the three and nine months ended September 30, 2013, respectively, and \$0.0 million and \$33.3 million for the three and nine months ended September 30, 2014, respectively.

Performance-Based Revenue. The Company has the ability to earn performance-based revenue under certain risk and non-risk contracts. Performance-based revenue generally is based on either the ability of the Company to manage care for its clients below specified targets, or on other operating metrics. For each such contract, the Company estimates and records performance-based revenue after considering the relevant contractual terms and the data available for the performance-based revenue calculation. Pro-rata performance-based revenue may be recognized on an interim basis pursuant to the rights and obligations of each party upon termination of the contracts. Performance-based revenues were \$2.7 million and \$6.1 million for the three and nine months ended September 30, 2013, respectively, and \$1.6 million and \$7.0 million for the three and nine months ended September 30, 2014, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2014

(Unaudited)

NOTE A General (Continued)

Rebate Revenue. The Company administers a rebate program for certain clients through which the Company coordinates the achievement, calculation and collection of rebates and administrative fees from pharmaceutical manufacturers on behalf of clients. Each period, the Company estimates the total rebates earned based on actual volumes of pharmaceutical purchases by the Company's clients, as well as historical and/or anticipated sharing percentages. The Company earns fees based upon the volume of rebates generated for its clients. The Company does not record as rebate revenue any rebates that are passed through to its clients. Total rebate revenues were \$8.8 million and \$25.6 million for the three and nine months ended September 30, 2013, respectively, and \$14.3 million and \$27.6 million for the three and nine months ended September 30, 2014, respectively.

In relation to the Company's PBM business, the Company administers rebate programs through which it receives rebates from pharmaceutical manufacturers that are shared with its customers. The Company recognizes rebates when the Company is entitled to them and when the amounts of the rebates are determinable. The amount recorded for rebates earned by the Company from the pharmaceutical manufacturers are recorded as a reduction of cost of goods sold.

PBM and Dispensing Revenue

Pharmacy Benefit Management Revenue. The Company recognizes PBM revenue, which consists of a negotiated prescription price (ingredient cost plus dispensing fee), co-payments collected by the pharmacy and any associated administrative fees, when claims are adjudicated. The Company recognizes PBM revenue on a gross basis (i.e. including drug costs and co-payments) as it is acting as the principal in the arrangement and is contractually obligated to its clients and network pharmacies, which is a primary indicator of gross reporting. In addition, the Company is solely responsible for the claims adjudication process, negotiating the prescription price for the pharmacy, collection of payments from the client for drugs dispensed by the pharmacy, and managing the total prescription drug relationship with the client's members. If the Company enters into a contract where it is only an administrator, and does not assume any of the risks previously noted, revenue will be recognized on a net basis. PBM revenues were \$5.9 million and \$16.4 million for the three and nine months ended September 30, 2013, respectively, and \$155.7 million and \$383.2 million for the three and nine months ended September 30, 2014, respectively. The increase mainly relates to the October 1, 2013 acquisition of Partners Rx Management, LLC ("Partners Rx").

Dispensing Revenue. The Company recognizes dispensing revenue, which includes the co-payments received from members of the health plans the Company serves, when the specialty pharmaceutical drugs are shipped. At the time of shipment, the earnings process is complete; the obligation of the Company's customer to pay for the specialty pharmaceutical drugs is fixed, and, due to the nature of the product, the member may neither return the specialty pharmaceutical drugs nor receive a refund. Revenues from the dispensing of specialty pharmaceutical drugs on behalf of health plans were \$97.6 million and \$282.4 million for the three and nine months ended September 30, 2013, respectively, and \$64.5 million and \$179.6 million for the three and nine months ended September 30, 2014, respectively.

NOTE A General (Continued)*Significant Customers*

Consolidated Company

Through March 31, 2014, the Company provided behavioral healthcare management and other related services to approximately 680,000 members in Maricopa County, Arizona as the Regional Behavioral Health Authority ("RBHA") for GSA6 ("Maricopa County") pursuant to a contract with the State of Arizona (the "Maricopa Contract"). The Maricopa Contract was for the management of the publicly funded behavioral health system that delivered mental health, substance abuse and crisis services for adults, youth, and children. The Maricopa Contract terminated on March 31, 2014. The Maricopa Contract generated net revenues of \$557.6 million and \$213.3 million for the nine months ended September 30, 2013 and 2014, respectively.

By Segment

In addition to the Maricopa Contract previously discussed, the following customers generated in excess of ten percent of net revenues for the respective segment for the nine months ended September 30, 2013 and 2014 (in thousands):

NOTE A General (Continued)

- (2) The customer has more than one contract. The individual contracts are scheduled to terminate at various points during the time period indicated above.
- (3) This contract transitioned from risk to ASO based services effective July 1, 2014.
- (4) The contract has terminated, however, the Company continues to provide services as the contract is transitioned to the new vendor.
- (5) This customer represented a subcontract with a Public Sector customer and was eliminated in consolidation.

Concentration of Business

The Company also has a significant concentration of business with various counties in the State of Pennsylvania (the "Pennsylvania Counties") which are part of the Pennsylvania Medicaid program. Net revenues from the Pennsylvania Counties in the aggregate totaled \$269.1 million and \$272.0 million for the nine months ended September 30, 2013 and 2014, respectively.

In addition, the Company has a significant concentration of business with the State of Florida. The Company currently has behavioral healthcare contracts with various areas in the State of Florida (the "Florida Areas") which are part of the Florida Medicaid program. The State of Florida implemented a new system of mandated managed care through which Medicaid enrollees will receive integrated healthcare services, and has phased out the behavioral healthcare programs under which the Florida Areas' contracts operated. The Company has a contract with the State of Florida to provide integrated healthcare services under the new program. Net revenues from the State of Florida in the aggregate totaled \$98.0 million and \$143.9 million for the nine months ended September 30, 2013 and 2014, respectively.

The Company's contracts with customers typically have terms of one to three years, and in certain cases contain renewal provisions (at the customer's option) for successive terms of between one and two years (unless terminated earlier). Substantially all of these contracts may be immediately terminated with cause and many of the Company's contracts are terminable without cause by the customer or the Company either upon the giving of requisite notice and the passage of a specified period of time (typically between 60 and 180 days) or upon the occurrence of other specified events. In addition, the Company's contracts with federal, state and local governmental agencies generally are conditioned on legislative appropriations. These contracts generally can be terminated or modified by the customer if such appropriations are not made.

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)***Fair Value Measurements*

The Company has certain assets and liabilities that are required to be measured at fair value on a recurring basis. These assets and liabilities are to be measured using inputs from the three levels of the fair value hierarchy, which are as follows:

Level 1 Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3 Unobservable inputs that reflect the Company's assumptions about the assumptions that market participants would use in pricing the asset or liability. The Company develops these inputs based on the best information available, including the Company's data.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Company's assets and liabilities that are required to be measured at fair value as of December 31, 2013 and September 30, 2014 (in thousands):

	December 31, 2013

(4) Excludes \$295.1 million of cash held in bank accounts by the Company.

(5)

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Excludes \$88.7 million of restricted cash held in bank accounts by the Company.

For the nine months ended September 30, 2014, the Company has not transferred any assets between fair value measurement levels.

The carrying values of financial instruments, including accounts receivable and accounts payable, approximate their fair values due to their short-term maturities. The estimated fair value of the Company's term loan of \$250 million as of September 30, 2014 was based on current interest rates for similar types of borrowings and is in Level 2 of the fair value hierarchy. The estimated fair values may not represent actual values of the financial instruments that could be realized as of the balance sheet date or that will be realized in the future.

All of the Company's investments are classified as "available-for-sale" and are carried at fair value.

The contingent consideration liability reflects the fair value of potential future payments related to the CDMI, LLC ("CDMI") and Cobalt Technologies, LLC ("Cobalt") acquisitions. The CDMI purchase agreement provides for potential contingent payments up to a maximum aggregate amount of \$165.0 million. The potential future payments are contingent upon CDMI meeting certain client retention, client conversion, and gross profit milestones through December 31, 2016. The Cobalt purchase agreement provides for potential contingent payments up to a maximum aggregate amount of

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)**

\$6.0 million. The potential future payments are contingent upon engagement of new members and new contract execution through June 30, 2017.

The fair value of contingent consideration is determined based on probabilities of payment, projected payment dates, discount rates, and projected revenues, gross profits, client base, member engagement, and new contract execution. The projected revenues, gross profits, client base, member engagement, and new contract execution are derived from the Company's latest internal operational forecasts. The Company used a probability weighted discounted cash flow method to arrive at the fair value of the contingent consideration. Changes in the operational forecasts, probabilities of payment, discount rates, or projected payment dates may result in a change in the fair value measurement. Any changes in the fair value measurement are reflected as income or expense in the consolidated statements of income. As the fair value measurement for the contingent consideration is based on inputs not observed in the market, these measurements are classified as Level 3 measurements as defined by fair value measurement guidance.

The following unobservable inputs were used in the fair value measurement of contingent consideration: (i) discount rate of 14.5 percent; (ii) probabilities of payment of 0.2 to 75.9 percent for CDMI and zero to 69.9 percent for Cobalt; and (iii) projected payment dates of 2015 to 2017. As of the acquisition date, the Company estimated undiscounted future contingent payments of \$61.7 million and \$4.2 million for CDMI and Cobalt, respectively. As of September 30, 2014, the fair value of the short term and long term contingent consideration was \$4.0 million and \$48.0 million, respectively, and is included in accrued liabilities and contingent liabilities, respectively, in the consolidated balance sheet. The change in the present value of the contingent consideration was \$1.9 million and \$3.1 million for the three months and nine months ended September 30, 2014 and was recorded as interest expense in the consolidated statements of income.

The following table summarizes the Company's liability for contingent consideration (in thousands):

	September 30, 2014
Balance as of beginning of period	\$
Acquisition of CDMI	45,778
Acquisition of Cobalt	3,071
Interest accretion	3,132
Balance as of end of period	\$ 51,981

If a debt security is in an unrealized loss position and the Company has the intent to sell the debt security, or it is more likely than not that the Company will have to sell the debt security before recovery of its amortized cost basis, the decline in value is deemed to be other-than-temporary and is recorded to other-than-temporary impairment losses recognized in income in the consolidated statements of income. For impaired debt securities that the Company does not intend to sell or it is more likely than not that the Company will not have to sell such securities, but the Company expects that it will not fully recover the amortized cost basis, the credit component of the other-

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)**

than-temporary impairment is recognized in other-than-temporary impairment losses recognized in income in the consolidated statements of income and the non-credit component of the other-than-temporary impairment is recognized in other comprehensive income.

As of December 31, 2013 and September 30, 2014, there were no unrealized losses that the Company believed to be other-than-temporary. No realized gains or losses were recorded for the nine months ended September 30, 2013. During the nine months ended September 30, 2014, the Company recognized a \$0.1 million loss on the sale of investments. The following is a summary of short-term and long-term investments at December 31, 2013 and September 30, 2014 (in thousands):

	December 31, 2013

MAGELLAN HEALTH, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2014

(Unaudited)

NOTE A General (Continued)

Income Taxes

The Company's effective income tax rates were 22.0 percent and 34.3 percent for the nine months ended September 30, 2013 and 2014, respectively. These rates differ from the federal statutory income tax rate primarily due to state income taxes, permanent differences between book and tax income, and changes to recorded tax contingencies and valuation allowances. The Company also accrues interest and penalties related to unrecognized tax benefits in its provision for income taxes. The effective income tax rate for the nine months ended September 30, 2013 is lower than the effective rate for the nine months ended September 30, 2014 mainly due to the non-deductible ACA fees, lower reversals of tax contingencies in the current year from the closure of statutes of limitation, and increased valuation allowances in the current year for certain deferred tax assets.

The Company files a consolidated federal income tax return for the Company and its eighty percent or more owned subsidiaries, and the Company and its subsidiaries file income tax returns in various state and local jurisdictions. With few exceptions, the Company is no longer subject to state or local income tax assessments by tax authorities for years ended prior to 2010. Further, the statutes of limitation regarding the assessment of federal and certain state and local income taxes for 2010 closed during the current quarter. As a result, \$18.7 million of unrecognized tax benefits (excluding interest costs) recorded as of December 31, 2013 were reversed in the current quarter, of which \$15.6 million is reflected as a discrete reduction to income tax expense, \$2.6 million as an increase to additional paid-in capital, and the remainder as a decrease to deferred tax assets. Additionally, \$1.3 million of accrued interest was reversed in the current quarter and reflected as a reduction to income tax expense due to the closing of statutes of limitation on tax assessments.

Stock Compensation

At December 31, 2013 and September 30, 2014, the Company had equity-based employee incentive plans, which are described more fully in Note 6 in the Company's Annual Report on Form 10-K for the year ended December 31, 2013. The Company recorded stock compensation expense of \$4.5 million and \$14.8 million for the three and nine months ended September 30, 2013 and \$11.9 million and \$26.0 million for the three and nine months ended September 30, 2014, respectively. Stock compensation expense recognized in the consolidated statements of income for the nine months ended September 30, 2013 and 2014 has been reduced for forfeitures, estimated at four percent for both periods.

The weighted average grant date fair value of all stock options granted during the nine months ended September 30, 2014 was \$13.55 as estimated using the Black-Scholes-Merton option pricing model, which also assumed an expected volatility of 26.20 percent based on the historical volatility of the Company's stock price.

The benefits of tax deductions in excess of recognized stock compensation expense are reported as a financing cash flow, rather than as an operating cash flow. In the nine months ended September 30, 2013 and 2014, \$1.1 million and \$2.8 million, respectively, of benefits of such tax deductions related to stock compensation expense were realized and as such were reported as financing cash flows. For the nine months ended September 30, 2013, the net change to additional paid in capital related to tax

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)**

benefits (deficiencies) was \$0.4 million, which includes the \$1.1 million of excess tax benefits offset by \$(0.7) million of excess tax deficiencies. For the nine months ended September 30, 2014, the net change to additional paid in capital related to tax benefits (deficiencies) was \$2.5 million, which includes the \$2.8 million of excess tax benefits offset by \$(0.3) million of excess tax deficiencies.

Summarized information related to the Company's stock options for the nine months ended September 30, 2014 is as follows:

	Options	Weighted Average Exercise Price
Outstanding, beginning of period	4,010,146	\$ 47.23
Granted	729,636	59.89
Forfeited	(232,948)	53.91
Exercised	(941,070)	44.27
Outstanding, end of period	3,565,764	\$ 50.17
Vested and expected to vest at end of period	3,530,403	\$ 50.11
Exercisable, end of period	1,911,740	\$ 46.20

All of the Company's options granted during the nine months ended September 30, 2014 vest ratably on each anniversary date over the three years subsequent to grant. All options granted during the nine months ended September 30, 2014 have a ten year life.

Summarized information related to the Company's nonvested restricted stock awards ("RSAs") for the nine months ended September 30, 2014 is as follows:

	Shares	Weighted Average Grant Date Fair Value
Outstanding, beginning of period	192,165	\$ 56.59
Awarded(1)	1,450,316	57.74
Vested	(16,569)	52.82

Forfeited

Outstanding, ending of period	1,625,912	\$	57.66
-------------------------------	-----------	----	-------

(1)

Includes 1,433,946 shares associated with the CDMI acquisition.

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)**

Summarized information related to the Company's nonvested restricted stock units ("RSUs") for the nine months ended September 30, 2014 is as follows:

	Shares	Weighted Average Grant Date Fair Value
Outstanding, beginning of period	194,913	\$ 50.21
Awarded	76,306	60.39
Vested	(91,510)	49.53
Forfeited	(18,079)	54.77
Outstanding, ending of period	161,630	\$ 54.89

The vesting period for RSAs ranges from 12 months to 42 months. In general, RSUs vest ratably on each anniversary over the three years subsequent to grant, assuming that the associated performance hurdle(s) for that vesting year are met.

Long Term Debt and Capital Lease Obligations

On December 9, 2011, the Company entered into a Senior Secured Revolving Credit Facility Credit Agreement with Citibank, N.A., Wells Fargo Bank, N.A., Bank of America, N.A., and U.S. Bank, N.A. that provides for up to \$230.0 million of revolving loans with a sublimit of up to \$70.0 million for the issuance of letters of credit for the account of the Company (the "2011 Credit Facility"). Citibank, N.A., has assigned a portion of its interest in the 2011 Credit Facility to Bank of Tokyo. The 2011 Credit Facility is guaranteed by substantially all of the non-regulated subsidiaries of the Company and is secured by substantially all of the assets of the Company and the subsidiary guarantors. The 2011 Credit Facility was scheduled to mature on December 9, 2014.

Under the 2011 Credit Facility, the annual interest rate on revolving loan borrowings is equal to (i) in the case of U.S. dollar denominated loans, the sum of a borrowing margin of 0.75 percent plus the higher of the prime rate, one-half of one percent in excess of the overnight "federal funds" rate, or the Eurodollar rate for one month plus 1.00 percent, or (ii) in the case of Eurodollar denominated loans, the sum of a borrowing margin of 1.75 percent plus the Eurodollar rate for the selected interest period. The Company has the option to borrow in U.S. dollar denominated loans or Eurodollar denominated loans at its discretion. Letters of credit issued under the Revolving Loan Commitment bear interest at the rate of 1.875 percent. The commitment commission on the 2011 Credit Facility is 0.375 percent of the unused Revolving Loan Commitment.

On July 23, 2014, the Company entered into a \$500.0 million Credit Agreement with various lenders that provides for Magellan Rx Management, Inc. (a wholly owned subsidiary of Magellan Health, Inc.) to borrow up to \$250.0 million of revolving loans, with a sublimit of up to \$70.0 million for the issuance of letters of credit for the account of the Company, and a term loan in an original aggregate principal amount of \$250.0 million (the "2014 Credit Facility"). At such point, the 2011 Credit Facility was terminated. The 2014 Credit Facility is guaranteed by substantially all of the

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)**

non-regulated subsidiaries of the Company and will mature on July 23, 2019, but the Company holds an option to extend the 2014 Credit Facility for an additional one year period.

Under the 2014 Credit Facility, the annual interest rate on revolving and term loan borrowings is equal to (i) in the case of base rate loans, the sum of a borrowing margin of 0.50 percent plus the higher of the prime rate, one-half of one percent in excess of the overnight "federal funds" rate, or the Eurodollar rate for one month plus 1.00 percent, or (ii) in the case of Eurodollar rate loans, the sum of a borrowing margin of 1.50 percent plus the Eurodollar rate for the selected interest period, which rates shall be adjusted from time to time based on the Company's total leverage ratio. The Company has the option to borrow in base rate loans or Eurodollar rate loans at its discretion. Letters of credit issued bear interest at the rate of 1.625 percent. The commitment commission on the 2014 Credit Facility is 0.20 percent of the unused Revolving Loan Commitment, which rate shall be adjusted from time to time based on the Company's total leverage ratio.

On September 30, 2014, the Company completed a draw-down of the \$250.0 million term loan. The borrowings will initially be maintained as a Eurodollar loan. The term loan is subject to certain quarterly amortization payments. As of September 30, 2014, the term loan bore interest at a rate of 1.50 percent plus the London Interbank Offered Rate ("LIBOR"). As of September 30, 2014, the one-month interest rate was 1.654 percent. As of September 30, 2014, the contractual maturities of the term loan were as follows: 2014 \$3.1 million; 2015 \$12.5 million; 2016-\$15.6 million; 2017 \$25.0 million; 2018 \$25.0 million; and 2019 \$168.8 million.

There were \$26.7 million and \$24.4 million of capital lease obligations at December 31, 2013 and September 30, 2014, respectively. The Company had \$33.7 million and \$32.9 million of letters of credit outstanding at December 31, 2013 and September 30, 2014, respectively, and no revolving loan borrowings at December 31, 2013 or September 30, 2014.

Goodwill

The Company is required to test its goodwill for impairment on at least an annual basis and more frequently if indicators of impairment exist. The Company has selected October 1 as the date of its annual impairment test. Goodwill for each of the Company's reporting units at December 31, 2013 and September 30, 2014 were as follows (in thousands):

	December 31, 2013	September 30, 2014
Health Plan	\$ 120,485	\$ 129,042
Public Sector	20,882	20,879
Specialty Solutions	104,549	104,549
Pharmacy Management	242,290	311,636
Total	\$ 488,206	\$ 566,106

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE A General (Continued)**

The changes in the carry amount of goodwill for the year ended December 31, 2013 and the nine months ended September 30, 2014 are reflected in the table below (in thousands):

	December 31, 2013	September 30, 2014
Balance as of beginning of period	\$ 426,939	\$ 488,206
Acquisition of Partners Rx(1)	40,385	254
Acquisition of AlphaCare Holdings(1)	20,882	(3)
Acquisition of CDMI		69,092
Acquisition of Cobalt		8,557
Balance as of end of period	\$ 488,206	\$ 566,106

(1) Activity for the period ended September 30, 2014 represents measurement period adjustments.

Intangible Assets

The following is a summary of intangible assets at December 31, 2013 and September 30, 2014, and the estimated useful lives for such assets (in thousands):

Asset	Estimated Useful Life	December 31, 2013		Net Carrying Amount
		Gross Carrying Amount	Accumulated Amortization	
Customer agreements and lists	2.5 to 18 years	\$ 163,990	\$ (100,482)	\$ 63,508
Provider networks and other	1 to 16 years	11,593	(5,407)	6,186
		\$ 175,583	\$ (105,889)	\$ 69,694

September 30, 2014

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Asset	Estimated Useful Life	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Customer agreements and lists	2.5 to 18 years	\$ 249,390	\$ (115,598)	\$ 133,792
Provider networks and other	1 to 16 years	13,013	(6,492)	6,521
		\$ 262,403	\$ (122,090)	\$ 140,313

Amortization expense was \$2.3 million and \$6.9 million for the three and nine months ended September 30, 2013, respectively, and \$6.6 million and \$16.2 million for the three and nine months ended September 30, 2014, respectively. The Company estimates amortization expense will be \$22.8 million, \$25.0 million, \$20.7 million, \$16.9 million and \$15.4 million for the years ended December 31, 2014, 2015, 2016, 2017, and 2018, respectively.

MAGELLAN HEALTH, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2014

(Unaudited)

NOTE A General (Continued)

Redeemable Non-Controlling Interest

On December 31, 2013, the Company acquired a 65% equity interest in AlphaCare Holdings, Inc. ("AlphaCare Holdings"). The other shareholders of AlphaCare Holdings have the right to exercise put options, requiring the Company to purchase up to 50% of the remaining shares prior to January 1, 2017 provided certain membership levels are attained. After December 31, 2016 the other shareholders of AlphaCare Holdings have the right to exercise put options requiring the Company to purchase all or any portion of the remaining shares. In addition, after December 31, 2016 the Company has the right to purchase all remaining shares. Non-controlling interests with redemption features, such as put options, that are not solely within the Company's control are considered redeemable non-controlling interest. Redeemable non-controlling interest is considered to be temporary and is therefore reported in a mezzanine level between liabilities and stockholders' equity on the Company's consolidated balance sheet at the greater of the initial carrying amount adjusted for the non-controlling interest's share of net income or loss or its redemption value. The Company recorded \$10.6 million of redeemable non-controlling interest in relation to the acquisition. The carrying value of the non-controlling interest as of September 30, 2014 was \$7.2 million. The \$3.4 million reduction in carrying value for the nine months ended September 30, 2014 is a result of operating losses. The Company recognizes changes in the redemption value on a quarterly basis and adjusts the carrying amount of the non-controlling interest to equal the redemption value at the end of each reporting period. Under this method, this is viewed at the end of the reporting period as if it were also the redemption date for the non-controlling interest. The Company will reflect redemption value adjustments in the earnings per share calculation if redemption value is in excess of the carrying value of the non-controlling interest. As of September 30, 2014, the carrying value of the non-controlling interest exceeded the redemption value and therefore no adjustment to the carrying value was required.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE B Net Income per Common Share Attributable to Magellan Health, Inc.**

The following tables reconcile income attributable to common shareholders (numerator) and shares (denominator) used in the computations of net income per share attributable to common shareholders (in thousands, except per share data):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2014	2013	2014
Numerator:				
Net income attributable to Magellan Health, Inc.	\$ 47,232	\$ 27,133	\$ 106,770	\$ 57,839

Denominator:				
Weighted average number of common shares outstanding basic	26,990	26,703	26,976	27,070
Common stock equivalents stock options	655	404	539	517
Common stock equivalents restricted stock	4	133	11	77
Common stock equivalents restricted stock units	54		35	18
Common stock equivalents employee stock purchase plan	1	2	2	2

Weighted average number of common shares outstanding diluted	27,704	27,242	27,563	27,684
--	--------	--------	--------	--------

Net income attributable to Magellan Health, Inc. per common share basic	\$ 1.75	\$ 1.02	\$ 3.96	\$ 2.14
---	---------	---------	---------	---------

Net income attributable to Magellan Health, Inc. per common share diluted	\$ 1.70	\$ 1.00	\$ 3.87	\$ 2.09
---	---------	---------	---------	---------

The weighted average number of common shares outstanding for the three and nine months ended September 30, 2013 and 2014 were calculated using outstanding shares of the Company's common stock. Common stock equivalents included in the calculation of diluted weighted average common shares outstanding for the three and nine months ended September 30, 2013 and 2014 represent stock options to purchase shares of the Company's common stock, restricted stock awards and restricted stock units, and stock purchased under the Employee Stock Purchase Plan.

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

The Company had additional potential dilutive securities outstanding representing 0.9 million and 0.9 million options for the three and nine months ended September 30, 2013, respectively, and 0.7 million and 0.6 million for the three and nine months ended September 30, 2014, respectively, that were not included in the computation of dilutive securities because they were anti-dilutive for the period. Had these shares not been anti-dilutive, all of these shares would not have been included in the net income attributable to common shareholder per common share calculation as the Company uses the treasury stock method of calculating diluted shares.

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE C Business Segment Information**

The accounting policies of the Company's segments are the same as those described in Note A "General." The Company evaluates performance of its segments based on segment profit attributable to Magellan shareholders, which is defined as income before taxes, excluding stock compensation expense, non-controlling interest segment profit (loss), depreciation and amortization, interest expense, interest income, gain on sale of assets, and special charges or benefits ("Segment Profit"). Management uses Segment Profit information for internal reporting and control purposes and considers it important in making decisions regarding the allocation of capital and other resources, risk assessment and employee compensation, among other matters. Public Sector subcontracts with Pharmacy Management to provide pharmacy benefits management services for certain of Public Sector's customers. In addition, Pharmacy Management provides pharmacy benefits management for the Company's employees covered under its medical plan. As such, revenue, cost of care, cost of goods sold and direct service costs and other related to these arrangements are eliminated. The Company's segments are defined above.

The following tables summarize, for the periods indicated, operating results by business segment (in thousands):

	Commercial	Public Sector	Specialty Solutions	Pharmacy Management	Corporate and Elimination	Consolidated
Three Months Ended September 30, 2013						
Managed care and other revenue	\$ 190,655	\$ 445,260	\$ 94,125	\$ 57,164	\$ (17,091)	\$ 770,113

NOTE D Commitments and Contingencies

Legal

The Company's operating activities entail significant risks of liability. From time to time, the Company is subject to various actions and claims arising from the acts or omissions of its employees, network providers or other parties. In the normal course of business, the Company receives reports relating to deaths and other serious incidents involving patients whose care is being managed by the Company. Such incidents occasionally give rise to malpractice, professional negligence and other related actions and claims against the Company or its network providers. Many of these actions and claims received by the Company seek substantial damages and therefore require the Company to incur significant fees and costs related to their defense.

The Company is also subject to or party to certain class actions and other litigation and claims relating to its operations or business practices. In the opinion of management, the Company has recorded reserves that are adequate to cover litigation, claims or assessments that have been or may be asserted against the Company, and for which the outcome is probable and reasonably estimable. Management believes that the resolution of such litigation and claims will not have a material adverse

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE D Commitments and Contingencies (Continued)**

effect on the Company's financial condition or results of operations; however, there can be no assurance in this regard.

Stock Repurchases

On October 25, 2011 the Company's board of directors approved a stock repurchase plan which authorized the Company to purchase up to \$200 million of its outstanding common stock through October 25, 2013. On July 24, 2013 the Company's board of directors approved an increase and extension of the stock repurchase plan which authorizes the Company to purchase up to \$300 million of its outstanding stock through October 25, 2015.

Stock repurchases under the program may be purchased from time to time in open market transactions (including blocks) or in privately negotiated transactions. The timing of repurchases and the actual amount purchased will depend on a variety of factors including the market price of the Company's shares, general market and economic conditions, and other corporate considerations. Repurchases may be made pursuant to plans intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, which could allow the Company to purchase its shares during periods when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Repurchases are expected to be funded from working capital and anticipated cash from operations. The repurchase authorization does not require the purchase of a specific number of shares and is subject to suspension or termination by the Company's board of directors at any time.

Pursuant to this program, the Company made open market purchases as follows (aggregate cost excludes broker commissions and is reflected in millions):

Period	Total Number of Shares Purchased	Average Price Paid per Share	Aggregate Cost
November 11, 2011 - December 31, 2011	671,776	\$ 48.72	\$ 32.7
January 1, 2012 - December 31, 2012	459,252	50.27	23.1
January 1, 2013 - December 31, 2013	1,159,871	51.83	60.1
January 1, 2014 - September 30, 2014	2,453,224	57.97	142.2
	4,744,123		\$ 258.1

During the period from October 1, 2014 through October 21, 2014, the Company made additional open market purchases of 358,128 shares of the Company's common stock at an aggregate cost of \$19.6 million (excluding broker commissions).

Restructuring Activities

As a result of restructuring activities initiated in 2013, the Company recorded liabilities for employee termination costs. The restructuring activities initiated in 2013 were related to contract terminations and organizational changes made in an effort to improve the Company's ability to execute its strategy. For the nine months ended September 30, 2014, the Company incurred \$1.2 million of employee termination costs and \$1.3 million of lease termination and exit costs. The restructuring costs

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE D Commitments and Contingencies (Continued)**

incurred by segment were Commercial \$1.6 million, Public Sector \$0.8 million and Corporate \$0.1 million. As of September 30, 2014, the Company incurred cumulative restructuring costs of \$17.8 million related to 2013 initiatives. As of September 30, 2014, the cumulative restructuring costs incurred by segment were Public Sector \$7.6 million, Commercial \$6.3 million, and Corporate \$3.9 million. Restructuring costs are included in direct service costs and other operating expenses in the consolidated statements of income.

The following table summarizes the activity related to the employee termination cost aspect of the restructuring liabilities for the nine months ended September 30, 2014, by reportable segment (in thousands):

	Commercial	Public Sector	Corporate	Consolidated
Liability for employee termination costs at December 31, 2013	\$ 4,744	\$ 4,296	\$ 3,429	\$ 12,469
Additions	840	767	125	1,732
Payments	(2,205)	(3,421)	(2,303)	(7,929)
Liability released	(12)	(530)	(20)	(562)
Liability for employee termination costs at September 30, 2014	\$ 3,367	\$ 1,112	\$ 1,231	\$ 5,710

NOTE E Acquisitions*Acquisition of Partners Rx Management, LLC*

Pursuant to the September 6, 2013 agreement and plan of merger (the "Partners Agreement") with Partners Rx Management, LLC ("Partners Rx"), on October 1, 2013 the Company acquired all of the outstanding ownership interests of Partners Rx. Partners Rx is a full-service commercial PBM with a strong focus on health plans and self-funded employers primarily through sales through third party administrators, consultants and brokers. As consideration for the transaction, the Company paid \$97.3 million in cash, including net receipts of \$0.7 million for working capital adjustments. The Company funded the acquisition with cash on hand.

During the nine months ended September 30, 2014, the Company made a measurement period adjustment of \$0.3 million to decrease the deferred tax liability related to the Partners Rx acquisition.

Acquisition of AlphaCare Holdings, Inc.

Pursuant to the August 13, 2013 stock purchase agreement (the "AlphaCare Agreement"), on December 31, 2013 the Company acquired a 65% equity interest in AlphaCare Holdings, Inc. ("AlphaCare Holdings"), the holding company for AlphaCare New York, Inc. ("AlphaCare"), a Health Maintenance Organization ("HMO") in New York that operates a New York Managed Long-Term Care Plan in Bronx, New York, Queens, Kings and Westchester Counties, and Medicare Plans in Bronx, New York, Queens and Kings Counties.

MAGELLAN HEALTH, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

SEPTEMBER 30, 2014

(Unaudited)

NOTE E Acquisitions (Continued)

The Company previously held a 7% equity interest in AlphaCare through an equity investment of \$2.0 million in preferred membership units of AlphaCare's previous holding company, AlphaCare Holdings, LLC on May 17, 2013. The Company also previously loaned \$5.9 million to AlphaCare Holdings, LLC. As part of the AlphaCare Agreement, AlphaCare Holdings, LLC was reorganized into a Delaware corporation, the preferred membership units and the loan were converted into Series A Participating Preferred Stock ("AlphaCare Series A Preferred") of AlphaCare Holdings and the Company purchased an additional \$17.4 million of AlphaCare Series A Preferred. The Company holds a 65% voting interest in AlphaCare Holdings.

Based on the Company's 65% equity and voting interest in AlphaCare Holdings, the Company has included the results of operations in its consolidated financial statements. The Company reports the results of operations of AlphaCare Holdings within the Public Sector segment.

During the nine months ended September 30, 2014, the Company made net retrospective adjustments to provisional amounts related to the AlphaCare Holdings acquisition that were recognized at the acquisition date that, if known, would have affected the measurement amounts recognized as of that date.

The estimated fair values of AlphaCare Holdings assets acquired and liabilities assumed at the date of acquisition are summarized as follows (in thousands):

	Initial Amounts Recognized at Acquisition Date(1)	Measurement Period Adjustments(2)	Current Amounts Recognized at Acquisition Date
Assets acquired:			
Current assets (includes \$6,249 of cash and \$7,900 of restricted cash)	\$ 14,766	\$ (548)	\$ 14,218

(Unaudited)

NOTE E Acquisitions (Continued)

(2)

The measurement period adjustments were recorded to reflect a \$2.6 million increase in the customer contracts identified intangible and a \$1.0 million increase to the deferred tax liability as a result of finalization of the valuation and other net changes of (\$1.6) as a result of changes in the estimated fair values of the associated assets acquired and liabilities assumed based on factors existing at the acquisition date.

Acquisition of CDMI, LLC

Pursuant to the March 31, 2014 purchase agreement (the "CDMI Agreement") with CDMI on April 30, 2014 the Company acquired all of the outstanding equity interests of CDMI. CDMI provides a range of clinical consulting programs and negotiates and administers drug rebates for managed care organizations and other customers. As consideration for the transaction, the Company paid a base price of \$205.0 million in cash, subject to working capital adjustments. Pursuant to the CDMI Agreement, the sellers and certain key management of CDMI purchased a total of \$80.0 million in Magellan restricted common stock, which will generally vest over a 42-month period, conditioned upon certain employment and performance targets. In addition to the base purchase price, the CDMI Agreement provides for potential contingent payments up to a maximum aggregate amount of \$165.0 million. The potential future payments are contingent upon CDMI meeting certain client retention, client conversion, and gross profit milestones through December 31, 2016.

The Company reports the results of operations of CDMI within its Pharmacy Management segment. The consolidated statements of income include total revenues and Segment Profit from CDMI of \$18.2 million and \$15.6 million for the five months subsequent to the acquisition.

The purchase price has been allocated based upon the estimated fair value of net assets acquired at the date of acquisition. A portion of the excess purchase price over tangible net assets acquired has been allocated to identified intangible assets totaling \$84.2 million, consisting of customer contracts in the amount of \$82.8 million, which is being amortized over 8 years, non-compete agreements in the amount of \$1.0 million, which is being amortized over 6.5 years and tradename in the amount of \$0.4 million, which is being amortized over 20 months. The entire excess purchase price over tangible net assets acquired is amortizable for tax purposes, although the Company's effective rate will not be impacted by the tax amortization.

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE E Acquisitions (Continued)**

The estimated fair values of CDMI assets acquired and liabilities assumed at the date of the acquisition are summarized as follows (in thousands):

Assets acquired:		
Current assets (includes \$42,123 of accounts receivable)	\$	42,226
Property and equipment, net		457
Other assets		9
Other identified intangible assets		84,220
Goodwill		69,092
Total assets acquired		196,004
Liabilities assumed:		
Current liabilities		29,160
Contingent consideration		45,778
Total liabilities assumed		74,938
Net assets acquired	\$	121,066

As of September 30, 2014, the Company established a working capital receivable of \$3.9 million that was reflected as a reduction to goodwill.

The fair value of contingent consideration is determined based on probabilities of payment, projected payment dates, discount rates, and projected revenues, gross profits, and client base. The projected revenues, gross profits, and client base are derived from the Company's latest internal operational forecasts. The Company used a probability weighted discounted cash flow method to arrive at the fair value of the contingent consideration. Changes in the operational forecasts, probabilities of payment, discount rates, or projected payment dates may result in change in the fair value measurement. Any changes in the fair value measurement are reflected as income or expense in the consolidated statements of income. As of the acquisition date, the Company estimated undiscounted future contingent payments of \$61.7 million. As of September 30, 2014, the fair value of the contingent consideration was \$48.8 million and is included in accrued liabilities and contingent liabilities in the consolidated balance sheet. The change in the present value of the contingent consideration was \$1.8 million and \$3.0 million for the three months and nine months ended September 30, 2014, respectively, and was recorded as interest expense in the consolidated statements of income.

The Company's estimated fair values of CDMI assets acquired and liabilities assumed at the date of acquisition are determined based on certain valuations and analyses that have yet to be finalized, and accordingly, the assets acquired and liabilities assumed, as detailed below, are subject to adjustment once the analyses are completed. The Company will make appropriate adjustments to the purchase price allocation prior to

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

the completion of the measurement period as required.

In connection with the CDMI acquisition, the Company incurred \$1.2 million of acquisition related costs that were expensed during the nine months ended September 30, 2014. These costs are included within direct service costs and other operating expenses in the accompanying consolidated statements of income.

Table of Contents**MAGELLAN HEALTH, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****SEPTEMBER 30, 2014****(Unaudited)****NOTE E Acquisitions (Continued)***Other Acquisitions*

Pursuant to the July 1, 2014 purchase agreement (the "Cobalt Agreement") with Cobalt, the Company acquired all of the outstanding equity interests of Cobalt. Cobalt provides computerized cognitive behavioral therapy self-service programs. As consideration for the transaction, the Company paid a base price of \$7.9 million in cash, including net receipts of \$0.1 million for working capital adjustments. In addition to the base purchase price, the Cobalt Agreement provides for potential contingent payments up to a maximum aggregate amount of \$6.0 million. The potential future payments are contingent upon engagement of new members and new contract execution through June 30, 2017. The Company reports the results of operations of Cobalt within its Commercial segment. The purchase price has been allocated based upon the estimated fair value of net assets acquired at the date of acquisition. The Company will make appropriate adjustments to the purchase price allocations prior to the completion of the measurement period as required.

Pro Forma Financial Information

The following unaudited supplemental pro forma information represents the Company's consolidated results of operations for the three and nine months ended September 30, 2013 as if the acquisition of CDMI had occurred on January 1, 2013, and for the three and nine months ended September 30, 2014 as if the acquisition of CDMI had occurred on January 1, 2014, in all cases after giving effect to certain adjustments including interest income, depreciation and amortization, and stock compensation expense.

Such pro forma information does not purport to be indicative of operating results that would have been reported had the acquisition of CDMI occurred on January 1, 2013 and 2014 (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2013	2014	2013	2014
Net revenue	884,980	923,170	2,568,398	2,789,252
Net income	45,410	27,133	99,951	53,965
Income per common share attributable to Magellan Health, Inc.:				
Basic	\$ 1.68	\$ 1.02	\$ 3.71	\$ 1.99
Diluted	\$ 1.63	\$ 1.00	\$ 3.61	\$ 1.94

NOTE F Subsequent Events

On October 22, 2014 the Company's board of directors approved a stock repurchase plan which authorized the Company to purchase up to \$200 million of its outstanding common stock through October 22, 2016. Stock repurchases under the program may be made from time to time in open market transactions (including blocks) or in privately negotiated transactions. The timing of repurchases and the actual amount purchased will depend on a variety of factors including the market price of the Company's shares, general market and economic conditions, and other corporate considerations. Repurchases may be made pursuant to plans intended to comply with Rule 10b5-1 under the Securities

NOTE F Subsequent Events (Continued)

Exchange Act of 1934, which could allow the Company to purchase its shares during periods when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Repurchases are expected to be funded from working capital and anticipated cash from operations. The repurchase authorization does not require the purchase of a specific number of shares and is subject to suspension or termination by the Company's board of directors at any time.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of the financial condition and results of operations of Magellan and its majority-owned subsidiaries and all VIEs for which Magellan is the primary beneficiary should be read together with the Consolidated Financial Statements and the notes to the Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q and the Company's Annual Report on Form 10-K for the year ended December 31, 2013, which was filed with the SEC on March 3, 2014.

Forward-Looking Statements

This Form 10-Q includes "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Although the Company believes that its plans, intentions and expectations as reflected in such forward-looking statements are reasonable, it can give no assurance that such plans, intentions or expectations will be achieved. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those contemplated by such forward-looking statements. Important factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include:

the Company's inability to renegotiate or extend expiring customer contracts, or the termination of customer contracts;

the Company's inability to integrate acquisitions in a timely and effective manner;

changes in business practices of the industry, including the possibility that certain of the Company's managed care customers could seek to provide managed healthcare services directly to their subscribers, instead of contracting with the Company for such services, particularly as a result of further consolidation in the managed care industry and especially regarding managed healthcare customers that have already done so with a portion of their membership;

the impact of changes in the contracting model for Medicaid contracts, including certain changes in the contracting model used by states for managed healthcare services contracts relating to Medicaid lives;

the Company's ability to accurately predict and control healthcare costs, and to properly price the Company's services;

the Company's ability to accurately underwrite and control healthcare costs associated with its expansion into clinically integrated management of special populations eligible for Medicaid and Medicare, including individuals with serious mental illness and other unique high-cost populations;

the Company's ability to maintain or secure cost-effective healthcare provider contracts;

the Company's ability to maintain relationships with key pharmacy providers, vendors and manufacturers;

fluctuation in quarterly operating results due to seasonal and other factors;

the Company's dependence on government spending for managed healthcare, including changes in federal, state and local healthcare policies;

restrictive covenants in the Company's debt instruments;

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

present or future state regulations and contractual requirements that the Company provide financial assurance of its ability to meet its obligations;

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Table of Contents

the impact of the competitive environment in the managed healthcare services industry which may limit the Company's ability to maintain or obtain contracts, as well as its ability to maintain or increase its rates;

the impact of healthcare reform legislation;

the Mental Health and Substance Abuse Benefit Parity Law and Regulations;

government regulation;

the unauthorized disclosure of sensitive or confidential member or other information;

the possible impact of additional regulatory scrutiny and liability associated with the Company's Pharmacy Management segment;

the inability to realize the value of goodwill and intangible assets;

pending or future actions or claims for professional liability;

claims brought against the Company that either exceed the scope of the Company's liability coverage or result in denial of coverage;

class action suits and other legal proceedings;

negative publicity;

the impact of governmental investigations;

the impact of varying economic and market conditions on the Company's investment portfolio; and

the state of the national economy and adverse changes in economic conditions.

Further discussion of factors currently known to management that could cause actual results to differ materially from those in forward-looking statements is set forth under the heading "Risk Factors" in Item 1A of Magellan's Annual Report on Form 10-K for the year ended December 31, 2013. When used in this Quarterly Report on Form 10-Q, the words "estimate," "anticipate," "expect," "believe," "should," and similar expressions are intended to be forward-looking statements. Magellan undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time, except as required by law.

Business Overview

The Company is engaged in the healthcare management business, and is focused on meeting needs in areas of healthcare that are fast growing, highly complex and high cost, with an emphasis on special population management. The Company provides services to health plans,

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

MCOs, insurance companies, employers, labor unions, various military and governmental agencies, third party administrators, consultants and brokers. The Company's business is divided into the following five segments, based on the services it provides and/or the customers that it serves, as described below.

Managed Healthcare

Two of the Company's segments are in the managed healthcare business. This line of business reflects the Company's: (i) management of behavioral healthcare services, and (ii) the integrated management of physical, behavioral and pharmaceutical healthcare for special populations, delivered through MCC. The Company's coordination and management of physical and behavioral healthcare includes services provided through its comprehensive network of medical and behavioral health professionals, clinics, hospitals and ancillary service providers. This network of credentialed and

Table of Contents

privileged providers is integrated with clinical and quality improvement programs to enhance the healthcare experience for individuals in need of care, while at the same time managing the cost of these services for our customers. The treatment services provided through the Company's provider network include outpatient programs, intermediate care programs (such as intensive outpatient programs and partial hospitalization services), inpatient treatment and crisis intervention services. The Company generally does not directly provide or own any provider of treatment services, although it does employ licensed behavioral health counselors to deliver non-medical counseling under certain government contracts.

The Company's integrated management of physical and behavioral healthcare includes its full service health plans which provide for the holistic management of special populations. These special populations include individuals with serious mental illness, dual eligibles, those eligible for long term care and other populations with unique and often complex healthcare needs.

The Company provides its management services primarily through: (i) risk-based products, where the Company assumes all or a substantial portion of the responsibility for the cost of providing treatment services in exchange for a fixed per member per month fee, (ii) ASO products, where the Company provides services such as utilization review, claims administration and/or provider network management, but does not assume responsibility for the cost of the treatment services, and (iii) EAPs where the Company provides short-term outpatient behavioral counseling services.

The managed healthcare business is managed based on the services provided and/or the customers served, through the following two segments:

Commercial. Commercial generally reflects managed behavioral healthcare services and EAP services provided under contracts with health plans, insurance companies and MCOs for some or all of their commercial, Medicaid and Medicare members, as well as with employers, including corporations, governmental agencies, military and labor unions. Commercial's contracts encompass risk-based, ASO and EAP arrangements. As of September 30, 2014, Commercial's covered lives were 2.9 million, 14.4 million and 13.0 million for risk-based, ASO and EAP products, respectively. For the nine months ended September 30, 2014, Commercial's revenue was \$300.6 million, \$95.1 million and \$135.4 million for risk-based, ASO and EAP products, respectively.

Public Sector. Public Sector generally reflects: (i) the management of behavioral health services provided to recipients under Medicaid and other state sponsored programs under contracts with state and local governmental agencies, and (ii) the integrated management of physical, behavioral and pharmaceutical care for special populations covered under Medicaid and other government sponsored programs. Public Sector contracts encompass either risk-based or ASO arrangements. As of September 30, 2014, Public Sector's covered lives were 1.4 million and 1.7 million for risk-based and ASO products, respectively. For the nine months ended September 30, 2014, Public Sector's revenue was \$1,164.8 million and \$41.8 million for risk-based and ASO products, respectively.

Specialty Solutions

Specialty Solutions generally reflects the management of the delivery of diagnostic imaging (radiology benefits management or "RBM") and a variety of other specialty areas such as radiation oncology, obstetrical ultrasound, cardiology and musculoskeletal management to ensure that such services are clinically appropriate and cost effective. The Company's Specialty Solutions services are currently provided under contracts with health plans and insurance companies for some or all of their commercial, Medicaid and Medicare members. The Company also contracts with state and local governmental agencies for the provision of such services to Medicaid recipients. The Company offers its Specialty Solutions services through risk-based contracts and ASO contracts, where the Company provides services such as utilization review and claims administration, but does not assume responsibility for the cost of the services. As of September 30, 2014, covered lives for Specialty

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Table of Contents

Solutions were 6.5 million and 15.0 million for risk-based and ASO products, respectively. For the nine months ended September 30, 2014, revenue for Specialty Solutions was \$310.8 million and \$34.8 million for risk-based and ASO products, respectively.

Pharmacy Management

Pharmacy Management comprises products and solutions that provide clinical and financial management of drugs paid under medical and pharmacy benefit programs. Pharmacy Management's services include (i) traditional PBM services; (ii) PBA for state Medicaid and other government sponsored programs; (iii) specialty pharmaceutical dispensing operations, contracting and formulary optimization programs; (iv) medical pharmacy management programs; and (v) programs for the integrated management of drugs that treat complex conditions, regardless of site of service, method of delivery, or benefit reimbursement. In addition, the Company had a subcontract arrangement to provide PBM services on a risk basis for one of Public Sector's customers, which terminated on March 31, 2014.

The Company's Pharmacy Management programs are provided under contracts with health plans, employers, Medicaid MCOs, state Medicaid programs, and other government agencies, and encompass risk-based and FFS arrangements. During the nine months ended September 30, 2014, Pharmacy Management paid 6.5 million adjusted commercial network claims in the Company's PBM business. As of September 30, 2014, the Company had a generic dispensing rate of 84.2 percent within its commercial PBM business. In addition, during the nine months ended September 30, 2014, the Company paid 50.8 million adjusted PBA claims and 0.1 million specialty dispensing claims. Adjusted claim totals apply a multiple of three for each 90-day and traditional mail claim. In addition, as of September 30, 2014, Pharmacy Management served 0.9 million commercial PBM members, 9.7 million members in its medical pharmacy management programs, and 25 states and the District of Columbia in its PBA business.

Corporate

This segment of the Company is comprised primarily of operational support functions such as sales and marketing and information technology, as well as corporate support functions such as executive, finance, human resources and legal.

Significant Customers

Consolidated Company

Through March 31, 2014, the Company provided behavioral healthcare management and other related services to approximately 680,000 members in Maricopa County, Arizona as the Regional Behavioral Health Authority ("RBHA") for GSA6 ("Maricopa County") pursuant to a contract with the State of Arizona (the "Maricopa Contract"). The Maricopa Contract was for the management of the publicly funded behavioral health system that delivered mental health, substance abuse and crisis services for adults, youth, and children. The Maricopa Contract terminated on March 31, 2014. The Maricopa Contract generated net revenues of \$557.6 million and \$213.3 million for the nine months ended September 30, 2013 and 2014, respectively.

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

(1)

The contract has terminated.

(2)

The customer has more than one contract. The individual contracts are scheduled to terminate at various points during the time period indicated above.

(3)

This contract transitioned from risk to ASO based services effective July 1, 2014.

(4)

The contract has terminated, however, the Company continues to provide services as the contract is transitioned to the new vendor.

(5)

This customer represented a subcontract with a Public Sector customer and was eliminated in consolidation.

Concentration of Business

The Company also has a significant concentration of business with various counties in the State of Pennsylvania (the "Pennsylvania Counties") which are part of the Pennsylvania Medicaid program. Net revenues from the Pennsylvania Counties in the aggregate totaled \$269.1 million and \$272.0 million for the nine months ended September 30, 2013 and 2014, respectively.

In addition, the Company has a significant concentration of business with the State of Florida. The Company currently has behavioral healthcare contracts with various areas in the State of Florida (the "Florida Areas") which are part of the Florida Medicaid program. The State of

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Florida implemented a new system of mandated managed care through which Medicaid enrollees will receive integrated

Table of Contents

healthcare services, and has phased out the behavioral healthcare programs under which the Florida Areas' contracts operated. The Company has a contract with the State of Florida to provide integrated healthcare services under the new program. Net revenues from the State of Florida in the aggregate totaled \$98.0 million and \$143.9 million for the nine months ended September 30, 2013 and 2014, respectively.

The Company's contracts with customers typically have terms of one to three years, and in certain cases contain renewal provisions (at the customer's option) for successive terms of between one and two years (unless terminated earlier). Substantially all of these contracts may be immediately terminated with cause and many of the Company's contracts are terminable without cause by the customer or the Company either upon the giving of requisite notice and the passage of a specified period of time (typically between 60 and 180 days) or upon the occurrence of other specified events. In addition, the Company's contracts with federal, state and local governmental agencies generally are conditioned on legislative appropriations. These contracts generally can be terminated or modified by the customer if such appropriations are not made.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Significant estimates of the Company include, among other things, accounts receivable realization, valuation allowances for deferred tax assets, valuation of goodwill and intangible assets, medical claims payable, other medical liabilities, stock compensation assumptions, tax contingencies and legal liabilities. Actual results could differ from those estimates. Except as noted below, the Company's critical accounting policies are summarized in the Company's Annual Report on Form 10-K, filed with the SEC on March 3, 2014.

Income Taxes

The Company's effective income tax rates were 22.0 percent and 34.3 percent for the nine months ended September 30, 2013 and 2014, respectively. These rates differ from the federal statutory income tax rate primarily due to state income taxes, permanent differences between book and tax income, and changes to recorded tax contingencies and valuation allowances. The Company also accrues interest and penalties related to unrecognized tax benefits in its provision for income taxes. The effective income tax rate for the nine months ended September 30, 2013 is lower than the effective rate for the nine months ended September 30, 2014 mainly due to the non-deductible ACA fees, lower reversals of tax contingencies in the current year from the closure of statutes of limitation, and increased valuation allowances in the current year for certain deferred tax assets.

The Company files a consolidated federal income tax return for the Company and its eighty percent or more owned subsidiaries, and the Company and its subsidiaries file income tax returns in various state and local jurisdictions. With few exceptions, the Company is no longer subject to state or local income tax assessments by tax authorities for years ended prior to 2010. Further, the statutes of limitation regarding the assessment of federal and certain state and local income taxes for 2010 closed during the current quarter. As a result, \$18.7 million of unrecognized tax benefits (excluding interest costs) recorded as of December 31, 2013 were reversed in the current quarter, of which \$15.6 million is reflected as a discrete reduction to income tax expense, \$2.6 million as an increase to additional paid-in capital, and the remainder as a decrease to deferred tax assets. Additionally, \$1.3 million of accrued interest was reversed in the current quarter and reflected as a reduction to income tax expense due to the closing of statutes of limitation on tax assessments.

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Table of Contents

Results of Operations

The accounting policies of the Company's segments are the same as those described in Note A "General." The Company evaluates performance of its segments based on Segment Profit. Management uses Segment Profit information for internal reporting and control purposes and considers it important in making decisions regarding the allocation of capital and other resources, risk assessment and employee compensation, among other matters. Public Sector subcontracts with Pharmacy Management to provide pharmacy benefits management services for certain of Public Sector's customers. In addition, Pharmacy Management provides pharmacy benefits management for the Company's employees covered under its medical plan. As such, revenue, cost of care, cost of goods sold and direct service costs and other related to these arrangements are eliminated. The Company's segments are defined above.

The following tables summarize, for the periods indicated, operating results by business segment (in thousands):

	Commercial	Public Sector	Specialty Solutions	Pharmacy Management	Corporate and Elimination	Consolidated

Non-GAAP Measures

The Company reports its financial results in accordance with GAAP, however the Company's management also assesses business performance and makes business decisions regarding the Company's operations using certain non-GAAP measures. In addition to Segment Profit, as defined above in Note C "Business Segment Information", the Company also uses adjusted net income attributable to Magellan Health, Inc. ("Adjusted Net Income") and adjusted net income per common share attributable to Magellan Health, Inc. on a diluted basis ("Adjusted EPS"). Adjusted Net Income and Adjusted EPS reflect certain adjustments made for acquisitions completed after January 1, 2013 to exclude non-cash stock compensation expense resulting from restricted stock purchases by sellers as well as amortization of identified acquisition intangibles. The Company believes these non-GAAP measures provide a more useful comparison of the Company's underlying business performance from period to period and is more representative of the earnings capacity of the Company. Non-GAAP financial measures we disclose, such as Segment Profit, Adjusted Net Income, and Adjusted EPS, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP.

The following table reconciles Adjusted Net Income to net income attributable to Magellan Health, Inc. (in thousands):

Quarter ended September 30, 2014 ("Current Year Quarter"), compared to the quarter ended September 30, 2013 ("Prior Year Quarter")

Commercial

Net Revenue

Net revenue related to Commercial decreased by 24.3 percent or \$46.4 million from the Prior Year Quarter to the Current Year Quarter. The decrease in revenue is mainly due to terminated contracts of \$72.7 million and decreased membership from existing customers of \$4.8 million. These decreases were partially offset by favorable rate changes of \$13.9 million, new contracts implemented after (or during) the Prior Year Quarter of \$4.5 million and other net favorable increases of \$12.7 million (mainly related to higher care associated with a cost-plus contract).

Cost of Care

Cost of care decreased by 39.6 percent or \$46.8 million from the Prior Year Quarter to the Current Year Quarter. The decrease in cost of care is primarily due to terminated contracts of \$56.9 million, decreased membership from existing customers of \$4.1 million and favorable prior period medical claims development recorded in the Current Year Quarter of \$4.1 million. These decreases were partially offset by unfavorable care trends and other net variances of \$18.3 million. Cost of care decreased as a percentage of risk revenue (excluding EAP business) from 80.2 percent in the Prior Year Quarter to 65.1 percent in the Current Year Quarter, mainly due to changes in business mix.

Direct Service Costs

Direct service costs decreased by 20.2 percent or \$9.5 million from the Prior Year Quarter to the Current Year Quarter primarily due to terminated contracts of \$7.4 million and severance and restructuring cost pertaining to terminated contracts in the Prior Year Quarter of \$5.0 million, which decreases were partially offset by new contracts implemented after (or during) the Prior Year Quarter of \$1.7 million and other net increases of \$1.2 million. Direct service costs increased as a percentage of revenue from 24.7 percent in the Prior Year Quarter to 26.0 percent in the Current Year Quarter, mainly due to changes in business mix.

Table of Contents

Public Sector

Net Revenue

Net revenue related to Public Sector decreased by 12.7 percent or \$56.6 million from the Prior Year Quarter to the Current Year Quarter. This decrease is primarily due to terminated contracts of \$219.1 million, the revenue impact of favorable prior period medical claims development recorded in the Current Year Period of \$4.4 million and the revenue impact of unfavorable prior period development recorded in the Prior Year Quarter of \$1.3 million. These decreases were partially offset by increased membership from existing customers of \$90.6 million, new contracts implemented after (or during) the Prior Year Quarter of \$53.0 million, revenue recorded for ACA fees of \$8.8 million, favorable rate changes of \$6.0 million, performance incentives of \$1.2 million and other net favorable variances of \$8.6 million.

Cost of Care

Cost of care decreased by 12.0 percent or \$45.8 million from the Prior Year Quarter to the Current Year Quarter. This decrease is primarily due to terminated contracts of \$195.7 million and favorable prior period medical claims development recorded in the Current Year Quarter of \$12.9 million. These decreases were partially offset by increased membership from existing customers of \$90.5 million, new contracts of \$38.2 million, unfavorable prior period medical claims development recorded in the Prior Year Quarter of \$10.7 million, higher care associated with favorable rate changes of \$5.4 million and unfavorable care trends and other net variances of \$18.0 million (includes \$5.1 million of care cost related to amendment pending execution). Cost of care increased as a percentage of risk revenue from 87.6 percent in the Prior Year Quarter to 89.9 percent in the Current Year Quarter mainly due to business mix.

Direct Service Costs

Direct service costs increased by 64.6 percent or \$18.0 million from the Prior Year Quarter to the Current Year Quarter, mainly due to the accrual for ACA fees of \$5.4 million in the Current Year Quarter, as well as costs to support new business and development costs for the Magellan Complete Care product. Direct service costs increased as a percentage of revenue from 6.2 percent for the Prior Year Quarter to 11.8 percent in the Current Year Quarter mainly due to ACA fees, costs to support new business, run out costs on a terminated contract and development costs for the Magellan Complete Care product.

Specialty Solutions

Net Revenue

Net revenue related to Specialty Solutions increased by 28.3 percent or \$26.7 million from the Prior Year Quarter to the Current Year Quarter. This increase is primarily due to new contracts implemented after (or during) the Prior Year Quarter of \$40.2 million and other net favorable variances of \$1.3 million. These increases were partially offset by decreased membership from existing customers of \$9.4 million and unfavorable rate changes of \$5.4 million.

Cost of Care

Cost of care increased by 32.7 percent or \$21.4 million from the Prior Year Quarter to the Current Year Quarter. This increase is primarily attributed to new contracts of \$32.8 million. This increase was partially offset by decreased membership from existing customers of \$7.7 million, favorable prior period medical claims development recorded in the Current Year Quarter of \$3.0 million and other net favorable variances of \$0.7 million. Cost of care increased as a percentage of risk revenue from 77.8 percent in the Prior Year Quarter to 80.6 percent in the Current Year Quarter mainly due to business mix.

Table of Contents

Direct Service Costs

Direct service costs increased by 27.5 percent or \$3.9 million from the Prior Year Quarter to the Current Year Quarter. As a percentage of revenue, direct service costs in the Current Year Quarter of 14.8 percent were consistent with the Prior Year Quarter.

Pharmacy Management

Managed Care and Other Revenue

Managed care and other revenue related to Pharmacy Management decreased by 13.8 percent or \$7.9 million from the Prior Year Quarter to the Current Year Quarter. This decrease is primarily due to terminated contracts of \$21.2 million and other net unfavorable variances of \$0.9 million. These decreases were partially offset by revenue of \$11.4 million for CDMI which was acquired on April 30, 2014 and an increase in government pharmacy revenue of \$2.8 million.

PBM/Distribution Revenue

PBM and Distribution revenue related to Pharmacy Management increased by 133.1 percent or \$137.7 million from the Prior Year Quarter to the Current Year Quarter. This increase is primarily due to new contracts implemented after (or during) the Prior Year Quarter of \$90.8 million, revenue of \$89.5 million for Partners Rx which was acquired on October 1, 2013, an increase in pharmacy employer revenue of \$3.6 million and other net increases of \$0.8 million. These increases were partially offset by terminated contracts of \$40.8 million and net decreased dispensing activity from existing customers of \$6.2 million.

Cost of Care

Cost of care decreased by \$15.3 million from the Prior Year Quarter to the Current Year Quarter due to a terminated contract.

Cost of Goods Sold

Cost of goods sold increased by 129.0 percent or \$125.7 million from the Prior Year Quarter to the Current Year Quarter. This increase is primarily due to new contracts implemented after the Prior Year Quarter of \$88.2 million, cost of goods sold for Partners Rx of \$79.9 million and increase in pharmacy employer of \$3.5 million. These increases were partially offset by terminated contracts of \$38.3 million, decreased dispensing activity from existing customers of \$7.4 million and other net decreases of \$0.2 million. As a percentage of the portion of net revenue that relates to PBM and dispensing activity, cost of goods sold decreased from 94.2 percent in the Prior Year Quarter to 92.5 percent the Current Year Quarter, mainly due to business mix.

Direct Service Costs

Direct service costs increased by 41.1 percent or \$13.3 million from the Prior Year Quarter to the Current Year Quarter. This increase mainly relates to the Partners Rx and CDMI acquisitions, in addition to implementation costs and ongoing costs to support new business. As a percentage of revenue, direct service costs decreased from 20.1 percent in the Prior Year Quarter to 15.7 percent in the Current Year Quarter, mainly due to business mix.

Table of Contents

Corporate and Other

Other Operating Expenses

Other operating expenses related to the Corporate and Other segment decreased by 15.3 percent or \$5.5 million from the Prior Year Quarter to the Current Year Quarter. The decrease relates primarily to discretionary benefits of \$2.0 million, legal fees of \$1.6 million, severance cost of \$1.2 million and other net favorable variances of \$0.7 million. As a percentage of total net revenue, other operating expenses decreased from 4.1 percent for the Prior Year Quarter to 3.3 percent for the Current Year Quarter mainly due to business mix.

Depreciation and Amortization

Depreciation and amortization expense increased by 35.7 percent or \$6.3 million from the Prior Year Quarter to the Current Year Quarter, primarily due to asset additions after the Prior Year Quarter and acquisition activity.

Interest Expense

Interest expense increased by \$2.1 million from the Prior Year Quarter to the Current Year Quarter, mainly due to interest recorded related to the contingent consideration liabilities related to the CDMI and Cobalt acquisitions.

Interest Income

Interest income was consistent with the Prior Year Quarter.

Income Taxes

The Company's effective income tax rates were (29.2) percent and (15.7) percent for the Prior Year Quarter and Current Year Quarter, respectively. The effective income tax rate for the Current Year Quarter differs from the Prior Year Quarter mainly due to the non-deductible ACA fees, lower reversals of tax contingencies in the Current Year Quarter from the closure of statutes of limitation, and increased valuations allowances in the Current Year Quarter for certain deferred tax assets.

The statutes of limitation regarding the assessment of federal and certain state and local income taxes for 2010 closed during the Current Year Quarter. As a result, \$18.7 million of unrecognized tax benefits (excluding interest costs) recorded as of December 31, 2013 were reversed in the Current Year Quarter, of which \$15.6 million is reflected as a discrete reduction to income tax expense, \$2.6 million as an increase to additional paid-in capital, and the remainder as a decrease to deferred tax assets. Additionally, \$1.3 million of accrued interest was reversed in the Current Year Quarter and reflected as a reduction to income tax expense due to the closing of statutes of limitation on tax assessments.

The statutes of limitation regarding the assessment of federal and certain state and local income taxes for 2009 closed during the Prior Year Quarter. As a result, \$27.2 million of unrecognized tax benefits recorded as of December 31, 2012 were reversed in the Prior Year Quarter, of which \$22.7 million was reflected as a discrete reduction to income tax expense, \$3.9 million as an increase to additional paid-in capital, and the remainder as a decrease to deferred tax assets. Additionally, \$2.1 million of accrued interest was reversed in the Prior Year Quarter and reflected as a reduction to income tax expense due to the closing of statutes of limitation on tax assessments.

Table of Contents

Nine months ended September 30, 2014 ("Current Year Period"), compared to the nine months ended September 30, 2013 ("Prior Year Period")

Commercial

Net Revenue

Net revenue related to Commercial decreased by 8.1 percent or \$46.9 million from the Prior Year Period to the Current Year Period. The decrease in revenue is mainly due to terminated contracts of \$124.4 million, decreased membership from existing customers of \$20.0 million and customer settlements in the Prior Year Period of \$6.7 million. These decreases were partially offset by favorable rate changes of \$55.8 million, new contracts implemented after (or during) the Prior Year Period of \$13.5 million, favorable prior period rate, membership and other adjustments of \$2.4 million in the Current Year Period and other net favorable increases of \$32.5 million (mainly related to higher care associated with a cost-plus contract).

Cost of Care

Cost of care decreased by 15.6 percent or \$55.2 million from the Prior Year Period to the Current Year Period. The decrease in cost of care is primarily due to terminated contracts of \$88.4 million, decreased membership from existing customers of \$12.9 million, favorable prior period medical claims development recorded in the Current Year Period of \$2.5 million and customer settlements in the Current Year Period of \$2.4 million. These decreases were partially offset by unfavorable care trends and other net variances of \$44.7 million, favorable prior period medical claims development recorded in the Prior Year Period of \$4.5 million and new contracts implemented after (or during) the Prior Year Period of \$1.8 million. Cost of care decreased as a percentage of risk revenue (excluding EAP business) from 79.4 percent in the Prior Year Period to 72.7 percent in the Current Year Period, mainly due to business mix.

Direct Service Costs

Direct service costs decreased by 7.3 percent or \$9.5 million from the Prior Year Period to the Current Year Period mainly due to terminated contracts, as well as the inclusion in the Prior Year Period of severance and restructuring costs of \$5.0 million. Direct service costs increased as a percentage of revenue from 22.5 percent for the Prior Year Period to 22.7 percent in the Current Year Period mainly due to business mix.

Public Sector

Net Revenue

Net revenue related to Public Sector decreased by 4.7 percent or \$60.2 million from the Prior Year Period to the Current Year Period. This decrease is primarily due to terminated contracts of \$412.1 million, which decrease was partially offset by new contracts implemented after (or during) the Prior Year Period of \$209.7 million, increased membership from existing customers of \$88.4 million, revenue recorded for ACA fees of \$22.9 million, favorable rate changes of \$21.6 million, performance incentive revenue of \$2.1 million and other net favorable variances of \$7.2 million.

Cost of Care

Cost of care decreased by 5.6 percent or \$60.9 million from the Prior Year Period to the Current Year Period. This decrease is primarily due to terminated contracts of \$367.0 million and favorable prior period medical claims development recorded in the Current Year Period of \$2.0 million. These decreases were partially offset by new contracts implemented after (or during) the Prior Year Period of \$168.2 million, increased membership from existing customers of \$90.2 million, care associated with

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Table of Contents

rate changes for contracts with minimum care requirements of \$19.5 million, favorable prior period medical claims development recorded in the Prior Year Period of \$18.0 million and unfavorable care trends and other net variances of \$12.2 million. Cost of care increased as a percentage of risk revenue from 88.2 percent in the Prior Year Period to 88.8 percent in the Current Year Period mainly due to business mix.

Direct Service Costs

Direct service costs increased by 62.8 percent or \$51.7 million from the Prior Year Period to the Current Year Period, mainly due to the accrual for ACA fees of \$16.1 million in the Current Year Period and costs to support new business and development costs for the Magellan Complete Care product. Direct service costs increased as a percentage of revenue from 6.5 percent for the Prior Year Period to 11.1 percent in the Current Year Period mainly due to ACA fees, run out administrative cost on terminated contracts, costs to support new business and development costs for the Magellan Complete Care product.

Specialty Solutions

Net Revenue

Net revenue related to Specialty Solutions increased by 24.7 percent or \$68.5 million from the Prior Year Period to the Current Year Period. This increase is primarily due to new contracts implemented after (or during) the Prior Year Period of \$88.3 million, increase in membership from existing customers of \$3.0 million, the revenue impact of favorable prior period medical claims development recorded in the Prior Year Period of \$2.0 million and other net favorable variances of \$3.6 million. These increases were partially offset by unfavorable rate changes of \$23.9 million and terminated contracts of \$4.5 million.

Cost of Care

Cost of care increased by 37.3 percent or \$68.0 million from the Prior Year Period to the Current Year Period. This increase is primarily attributed to new contracts of \$61.4 million, favorable prior period medical claims development recorded in the Prior Year Period of \$5.5 million, increased membership from existing customers of \$3.4 million and other net unfavorable variances of \$4.2 million. These increases were partially offset by terminated contracts of \$3.6 million and favorable prior period medical claims development recorded in the Current Year Period of \$2.9 million. Cost of care increased as a percentage of risk revenue from 73.7 percent in the Prior Year Period to 80.5 percent in the Current Year Period mainly due to unfavorable rate changes and care trends.

Direct Service Costs

Direct service costs increased by 23.4 percent or \$9.7 million from the Prior Year Period to the Current Year Period, mainly due to new business. As a percentage of revenue, direct service costs decreased from 14.9 percent for the Prior Year Period to 14.7 percent in the Current Year Period mainly due to business mix.

Pharmacy Management

Managed Care and Other Revenue

Managed care and other revenue related to Pharmacy Management decreased by 9.9 percent or \$16.5 million from the Prior Year Period to the Current Year Period. This decrease is primarily due to terminated contracts of \$42.3 million and decreased rebate revenue due to change in terms of \$4.6 million. These decreases were partially offset by revenue of \$18.2 million for CDMI which was

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Table of Contents

acquired on April 30, 2014, new contracts implemented after the Prior Year Period of \$7.5 million, increased Medical Pharmacy revenue of \$1.8 million, increased Government Pharmacy revenue of \$1.6 million and other net favorable variances of \$1.3 million.

PBM/Distribution Revenue

PBM and Distribution revenue related to Pharmacy Management increased by 97.6 percent or \$291.4 million from the Prior Year Period to the Current Year Period. This increase is primarily due to revenue of \$245.3 million for Partners Rx which was acquired on October 1, 2013, new contracts of \$149.4 million, an increase in pharmacy employer revenue of \$13.9 million and other net increases of \$0.7 million. These increases were partially offset by terminated distribution contracts of \$113.3 million and net decreased dispensing activity from existing customers of \$4.6 million.

Cost of Care

Cost of care decreased by 62.4 percent or \$27.0 million from the Prior Year Period to the Current Year Period. This decrease is primarily due to a terminated contract of \$27.0 million. Cost of care increased as a percentage of risk revenue from 89.3 percent in the Prior Year Period to 90.2 percent in the Current Year Period mainly due to favorable care trends.

Cost of Goods Sold

Cost of goods sold increased by 94.7 percent or \$266.2 million from the Prior Year Period to the Current Year Period. This increase is primarily due to cost of goods sold for Partners Rx of \$220.4 million, new contracts implemented after (or during) the Prior Year Period of \$145.5 million and pharmacy employer of \$13.3 million. These increases were partially offset by terminated contracts of \$105.6 million and decreased dispensing activity from existing customers of \$7.4 million. As a percentage of the portion of net revenue that relates to PBM and dispensing activity, cost of goods sold decreased from 94.1 percent in the Prior Year Period to 92.8 percent in the Current Year Period, mainly due to business mix.

Direct Service Costs

Direct service costs increased by 31.6 percent or \$29.5 million from the Prior Year Period to the Current Year Period. This increase mainly relates to the Partners Rx acquisition, as well as implementation costs and ongoing costs to support new business. As a percentage of revenue, direct service costs decreased from 20.1 percent in the Prior Year Period to 16.6 percent in the Current Year Period, mainly due to business mix.

Corporate and Other

Other Operating Expenses

Other operating expenses related to the Corporate and Other segment decreased by 1.7 percent or \$1.6 million from the Prior Year Period to the Current Year Period. The decrease relates primarily to discretionary benefits of \$1.3 million and other net favorable one time items in the Current Year Period of \$0.3 million. As a percentage of total net revenue, other operating expenses decreased from 3.7 percent for the Prior Year Period to 3.3 percent for the Current Year Period, mainly due to business mix.

Depreciation and Amortization

Depreciation and amortization expense increased by 31.3 percent or \$15.9 million from the Prior Year Period to the Current Year Period, primarily due to asset additions after the Prior Year Period and acquisition activity.

Table of Contents

Interest Expense

Interest expense increased by \$3.5 million from the Prior Year Period to the Current Year Period, mainly due to interest recorded related to the contingent consideration liabilities related to the CDMI and Cobalt acquisitions.

Interest Income

Interest income was consistent with Prior Year Period.

Income Taxes

The Company's effective income tax rates were 22.0 percent and 34.3 percent for the Prior Year Period and Current Year Period, respectively. The effective income tax rate for the Current Year Period differs from the Prior Year Period mainly due to the non-deductible ACA fees, lower reversals of tax contingencies in the Current Year Period from the closure of statutes of limitation, and increased valuation allowances in the Current Year Period for certain deferred tax assets.

The statutes of limitation regarding the assessment of federal and certain state and local income taxes for 2010 closed during the Current Year Period. As a result, \$18.7 million of unrecognized tax benefits (excluding interest costs) recorded as of December 31, 2013 were reversed in the Current Year Period, of which \$15.6 million is reflected as a discrete reduction to income tax expense, \$2.6 million as an increase to additional paid-in capital, and the remainder as a decrease to deferred tax assets. Additionally, \$1.3 million of accrued interest was reversed in the Current Year Period and reflected as a reduction to income tax expense due to the closing of statutes of limitation on tax assessments.

The statutes of limitation regarding the assessment of federal and certain state and local income taxes for 2009 closed during the Prior Year Period. As a result, \$27.2 million of unrecognized tax benefits recorded as of December 31, 2012 were reversed in the Prior Year Period, of which \$22.7 million was reflected as a discrete reduction to income tax expense, \$3.9 million as an increase to additional paid-in capital, and the remainder as a decrease to deferred tax assets. Additionally, \$2.1 million of accrued interest was reversed in the Prior Year Period and reflected as a reduction to income tax expense due to the closing of statutes of limitation on tax assessments.

Outlook Results of Operations

The Company's Segment Profit and net income are subject to significant fluctuations from period to period. These fluctuations may result from a variety of factors such as those set forth under Item 1A "Risk Factors" as well as a variety of other factors including: (i) changes in utilization levels by enrolled members of the Company's risk-based contracts, including seasonal utilization patterns; (ii) contractual adjustments and settlements; (iii) retrospective membership adjustments; (iv) timing of implementation of new contracts, enrollment changes and contract terminations; (v) pricing adjustments upon contract renewals (and price competition in general); (vi) the timing of acquisitions; and (vii) changes in estimates regarding medical costs and IBNR.

A portion of the Company's business is subject to rising care costs due to an increase in the number and frequency of covered members seeking behavioral healthcare or radiology services, and higher costs per inpatient day or outpatient visit for behavioral services, and higher costs per scan for radiology services. Many of these factors are beyond the Company's control. Future results of operations will be heavily dependent on management's ability to obtain customer rate increases that are consistent with care cost increases and/or to reduce operating expenses.

In relation to the managed behavioral healthcare business, the Company is a market leader in a mature market with many viable competitors. The Company is continuing its attempts to grow its business in the managed behavioral healthcare industry through aggressive marketing and development

Table of Contents

of new products; however, due to the maturity of the market, the Company believes that the ability to grow its current business lines may be limited. In addition, as previously discussed, substantially all of the Company's Commercial segment revenues are derived from Blue Cross Blue Shield health plans and other managed care companies, health insurers and health plans. In the past, certain of the managed care customers of the Company have decided not to renew all or part of their contracts with the Company, and to instead manage the behavioral healthcare services directly for their subscribers.

Care Trends. The Company expects that same-store normalized cost of care trend for the 12-month forward outlook to be 6 to 8 percent for Commercial, 0 to 2 percent for Public Sector and 3 to 5 percent for Specialty Solutions.

Interest Rate Risk. Changes in interest rates affect interest income earned on the Company's cash equivalents and investments, as well as interest expense on variable interest rate borrowings under the Company's 2014 Credit Facility. Based on the amount of cash equivalents and investments and the borrowing levels under the 2014 Credit Facility as of September 30, 2014, a hypothetical 10 percent increase or decrease in the interest rate associated with these instruments, with all other variables held constant, would not materially affect the Company's future earnings and cash outflows.

Historical Liquidity and Capital Resources

Operating Activities. The Company reported net cash provided by operating activities of \$171.3 million and \$194.2 million for the Prior Year Period and Current Year Period, respectively. The \$22.9 million increase in operating cash flows from the Prior Year Period to the Current Year Period is attributable to net favorable working capital changes between periods and lower tax payments, partially offset by the decrease in Segment Profit between periods and the impact of the net shift of restricted funds between cash and investments that results in an operating cash flow change that is directly offset by an investing cash flow change.

The net favorable impact of working capital changes between periods totaled \$37.5 million. Operating cash flows for the Prior Year Period were impacted by net unfavorable working capital changes of \$10.8 million, which were largely attributable to management incentive payments and a net increase in restricted cash requirements associated with the Company's regulated entities, partially offset by accruals associated with the management incentive plan. For the Current Year Period, operating cash flows were impacted by net favorable working capital changes of \$26.7 million, largely attributable to a net decrease in restricted cash requirements associated with the Company's regulated entities and accruals associated with the management incentive plan, partially offset by the payment of ACA fees and management incentive payments. Tax payments for the Current Year Period totaled \$45.0 million, which represents a decrease of \$10.0 million from the Prior Year Period.

Segment Profit for the Current Year Period decreased \$19.8 million from the Prior Year Period. Restricted cash of \$33.6 million and \$28.8 million for the Prior Year Period and Current Year Period, respectively, were shifted to restricted investments that increased operating cash flows. The net impact of the shift in restricted funds between periods is a decrease in operating cash flows of \$4.8 million.

During the Current Year Period, the Company's restricted cash decreased \$71.5 million. The change in restricted cash is attributable to decreases in restricted cash of \$42.2 million associated with the Company's regulated entities, the net shift of restricted cash of \$28.8 million to restricted investments and other net decreases of \$0.5 million. The net change in restricted cash for the Company's regulated entities is attributable to a net decrease in restricted cash requirements of \$52.9 million that resulted in an operating cash flow source, partially offset by a net increase in restricted cash of \$10.7 million that is offset by changes in other assets and liabilities, primarily accounts receivable, accrued liabilities, medical claims payable and other medical liabilities, thus having no impact on operating cash flows.

Table of Contents

Investing Activities. The Company utilized \$42.1 million and \$50.6 million during the Prior Year Period and Current Year Period, respectively, for capital expenditures. The additions related to hard assets (equipment, furniture, leaseholds) and capitalized software for the Prior Year Period were \$12.1 million and \$30.0 million, respectively, as compared to additions for the Current Year Period related to hard assets and capitalized software of \$16.7 million and \$33.9 million, respectively. The Company acquired property and equipment of \$29.3 million and \$0.2 million under capital leases in the Prior Year Period and Current Year Period, respectively. During the Prior Year Period the Company used net cash of \$2.2 million for the net purchase of "available-for-sale" securities, with the Company receiving net cash of \$3.2 million during the Current Year Period from the net maturity of "available-for-sale" securities. In addition, during the Prior Year Period the Company executed a note receivable in the amount of \$5.9 million and purchased preferred stock of \$2.0 million from AlphaCare. During the Current Year Period, the Company acquired CDMI and Cobalt for \$125.0 million and \$7.9 million, respectively, and received a working capital settlement of \$0.7 million related to Partners Rx.

Financing Activities. During the Prior Year Period, the Company paid \$49.5 million for the repurchase of treasury stock under the Company's share repurchase program and \$2.3 million on capital lease obligations. In addition, the Company received \$24.6 million from the exercise of stock options and had other net favorable items of \$0.5 million.

During the Current Year Period, the Company received \$250.0 million from the issuance of debt and \$41.7 million from the exercise of stock and had other net favorable items of \$0.6 million. In addition, the Company paid \$139.3 million for the repurchase of treasury stock under the Company's share repurchase program and \$2.6 million on capital lease obligations.

Outlook Liquidity and Capital Resources

Liquidity. During the remainder of 2014, the Company expects to fund its estimated capital expenditures of \$5.4 million to \$15.4 million with cash from operations. The Company does not anticipate that it will need to draw on additional amounts available under the 2014 Credit Facility for cash flow needs related to its operations, capital needs or debt service in 2014. The Company also currently expects to have adequate liquidity to satisfy its existing financial commitments over the periods in which they will become due. The Company may draw on the 2014 Credit Facility to fund a portion of cash required for its acquisition activities. The Company plans to maintain its current investment strategy of investing in a diversified, high quality, liquid portfolio of investments and continues to closely monitor the situation in the financial markets. The Company estimates that it has no risk of any material permanent loss on its investment portfolio; however, there can be no assurance that the Company will not experience any such losses in the future.

Stock Repurchases. On October 25, 2011 the Company's board of directors approved a stock repurchase plan which authorized the Company to purchase up to \$200 million of its outstanding common stock through October 25, 2013. On July 24, 2013 the Company's board of directors approved an increase and extension of the stock repurchase plan which authorizes the Company to purchase up to \$300 million of its outstanding stock through October 25, 2015.

Stock repurchases under the program may be made from time to time in open market transactions (including blocks) or in privately negotiated transactions. The timing of repurchases and the actual amount purchased will depend on a variety of factors including the market price of the Company's shares, general market and economic conditions, and other corporate considerations. Repurchases may be made pursuant to plans intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, which could allow the Company to purchase its shares during periods when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Repurchases are expected to be funded from working capital and anticipated cash from operations. The repurchase authorization does not require the purchase of a specific number of shares

Edgar Filing: MAGELLAN HEALTH INC - Form 10-Q

Table of Contents

and is subject to suspension or termination by the Company's board of directors at any time. Pursuant to this program, the Company made open market purchases as follows (aggregate cost excludes broker commissions and is reflected in millions):

Period	Total Number of Shares Purchased	Average Price Paid per Share	Aggregate Cost
November 11, 2011 - December 31, 2011	671,776	\$ 48.72	\$ 32.7
January 1, 2012 - December 31, 2012	459,252	50.27	23.1
January 1, 2013 - December 31, 2013	1,159,871	51.83	60.1
January 1, 2014 - September 30, 2014	2,453,224	57.97	142.2
	4,744,123		\$ 258.1

During the period from October 1, 2014 through October 21, 2014, the Company made additional open market purchases of 358,128 shares of the Company's common stock at an aggregate cost of \$19.6 million (excluding broker commissions).

Off-Balance Sheet Arrangements. As of September 30, 2014, the Company has no material off-balance sheet arrangements.

2014 Credit Facility. On July 23, 2014, the Company entered into a \$500.0 million Credit Agreement with various lenders that provides for Magellan Rx Management, Inc. (a wholly owned subsidiary of Magellan Health, Inc.) to borrow up to \$250.0 million of revolving loans, with a sublimit of up to \$70.0 million for the issuance of letters of credit for the account of the Company, and a term loan in an original aggregate principal amount of \$250.0 million (the "2014 Credit Facility"). At such point, the 2011 Credit Facility was terminated. The 2014 Credit Facility is guaranteed by substantially all of the non-regulated subsidiaries of the Company and will mature on July 23, 2019, but the Company holds an option to extend the 2014 Credit Facility for an additional one year period.

Under the 2014 Credit Facility, the annual interest rate on revolving and term loan borrowings is equal to (i) in the case of base rate loans, the sum of a borrowing margin of 0.50 percent plus the higher of the prime rate, one-half of one percent in excess of the overnight "federal funds" rate, or the Eurodollar rate for one month plus 1.00 percent, or (ii) in the case of Eurodollar rate loans, the sum of a borrowing margin of 1.50 percent plus the Eurodollar rate for the selected interest period, which rates shall be adjusted from time to time based on the Company's total leverage ratio. The Company has the option to borrow in base rate loans or Eurodollar rate loans at its discretion. Letters of credit issued bear interest at the rate of 1.625 percent. The commitment commission on the 2014 Credit Facility is 0.20 percent of the unused Revolving Loan Commitment, which rate shall be adjusted from time to time based on the Company's total leverage ratio.

On September 30, 2014, the Company completed a draw-down of the \$250.0 million term loan. The borrowings will initially be maintained as a Eurodollar loan. The term loan is subject to certain quarterly amortization payments. As of September 30, 2014, the term loan bore interest at a rate of 1.50 percent plus the London Interbank Offered Rate ("LIBOR"). As of September 30, 2014, the one-month interest rate was 1.654 percent.

Restrictive Covenants in Debt Agreements. The 2014 Credit Facility contains covenants that potentially limit management's discretion in operating the Company's business by, in certain circumstances, restricting or limiting the Company's ability, among other things, to:

incur or guarantee additional indebtedness or issue preferred or redeemable stock;

pay dividends and make other distributions;

repurchase equity interests;

Table of Contents

make certain advances, investments and loans;

enter into sale and leaseback transactions;

create liens;

sell and otherwise dispose of assets;

acquire or merge or consolidate with another company; and

enter into some types of transactions with affiliates.

These restrictions could adversely affect the Company's ability to finance future operations or capital needs or engage in other business activities that may be in the Company's interest.

The 2014 Credit Facility also requires the Company to comply with specified financial ratios and tests. Failure to do so, unless waived by the lenders under the 2014 Credit Facility pursuant to its terms, would result in an event of default under the 2014 Credit Facility.

Net Operating Loss Carryforwards. The Company has \$3.6 million of federal net operating loss carryforwards ("NOLs") available to reduce federal taxable income in 2014 and subsequent years. These NOLs will expire in 2017 through 2019 if not used and are subject to examination and adjustment by the Internal Revenue Service. Utilization of these NOLs is also subject to certain timing limitations, although the Company does not believe these limitations will restrict its ability to use any federal NOLs before they expire. The Company also has \$155.7 million of state NOLs available to reduce state taxable income at certain subsidiaries in 2014 and subsequent years. Most of these NOLs will expire in 2017 through 2023 if not used and are subject to examination and adjustment by the respective state tax authorities.

Deferred tax assets as of December 31, 2013 and September 30, 2014 are shown net of valuation allowances of \$3.1 million and \$5.7 million, respectively. These valuation allowances mostly relate to uncertainties regarding the eventual realization of certain NOLs. Determination of the amount of deferred tax assets considered realizable requires significant judgment and estimation regarding the forecasts of future taxable income which are consistent with the plans and estimates the Company uses to manage the underlying businesses. Future changes in the estimated realizable portion of deferred tax assets could materially affect the Company's financial condition and results of operations.

Recent Accounting Pronouncements. In July 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-06, "Other Expenses (Topic 720): Fees Paid to the Federal Government by Health Insurers (a consensus of the FASB Emerging Issues Task Force)" ("ASU 2011-06"), which addresses how fees mandated by the Patient Protection and the Affordable Care Act ("ACA"), as amended by the Health Care and Education Reconciliation Act of 2010 (collectively, the "Health Reform Law"), should be recognized and classified in the income statements of health insurers. The Health Reform Law imposes a mandatory annual fee on health insurers for each calendar year beginning on or after January 1, 2014. ASU 2011-06 stipulates that the liability incurred for that fee be amortized to expense over the calendar year in which it is payable. This ASU is effective for calendar years beginning after December 31, 2013, when the fee initially becomes effective. The Company is currently pursuing rate adjustments to cover the direct costs of these fees and the impact from non-deductibility of such fees for federal and state income tax purposes. To the extent the Company has a state public sector customer that does not renew, there may be some impact due to taxes paid where the timing and amount of recoupment of these additional costs is uncertain. In the event the Company is unable to obtain rate adjustments to cover the financial impact of the annual fee, the fee may have a material impact on the Company. As of September 30, 2014, the Company has obtained signed commitments from six of its customers to recover the economic impact of the ACA fees. For 2014, the projected ACA fee is currently estimated to be \$21.4 million and is included in accrued liabilities in the consolidated balance sheets. Of this amount \$5.4 million and

Table of Contents

\$16.1 million was expensed in the three and nine months ended September 30, 2014, respectively, which is included in direct service costs and other operating expenses in the consolidated statements of income. The Company has recorded revenues of \$8.8 million and \$22.9 million in the three and nine months ended September 30, 2014, respectively, associated with the accrual for the reimbursement of the economic impact of the ACA fees from its customers.

In July 2013, the FASB issued ASU No. 2013-11, "Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Carryforward Exists" ("ASU 2013-11"). ASU 2013-11 provides guidance on the financial statement presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. An unrecognized tax benefit should be presented in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward, a similar tax loss, or a tax credit carryforward with certain exceptions, in which case such an unrecognized tax benefit should be presented in the financial statements as a liability. The amendments in this ASU do not require new recurring disclosures. The amendments in this ASU are effective for reporting periods beginning after December 15, 2013 and were adopted by the Company during the quarter ended March 31, 2014. The effect of the guidance is immaterial to the Company's consolidated results of operations, financial position, and cash flows.

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)" ("ASU 2014-09"), which is a new comprehensive revenue recognition standard that will supersede virtually all existing revenue guidance under GAAP. This ASU is effective for calendar years beginning after December 15, 2016. The Company is currently assessing the potential impact this ASU will have on the Company's consolidated results of operations, financial position, and cash flows.

In June 2014, the FASB issued ASU No. 2014-12, "Compensation - Stock Compensation (Topic 718): Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved After the Requisite Service Period" ("ASU 2014-12"), which revises the accounting treatment for stock compensation tied to performance targets. This ASU is effective for calendar years beginning after December 15, 2015. The guidance is not expected to materially impact the Company's consolidated results of operations, financial position, or cash flows.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Changes in interest rates affect interest income earned on the Company's cash equivalents and investments, as well as interest expense on variable interest rate borrowings under the Company's 2014 Credit Facility. Based on the amount of cash equivalents and investments and the borrowing levels under the 2014 Credit Facility as of September 30, 2014, a hypothetical 10 percent increase or decrease in the interest rate associated with these instruments, with all other variables held constant, would not materially affect the Company's future earnings and cash outflows.

Item 4. Controls and Procedures.

a) The Company's management evaluated, with the participation of the Company's principal executive and principal financial officers, the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) under the Exchange Act), as of September 30, 2014. Based on their evaluation, the Company's principal executive and principal financial officers concluded that the Company's disclosure controls and procedures were effective as of September 30, 2014.

b) Under the supervision and with the participation of management, including the Company's principal executive and principal financial officers, the Company has determined that there has been no change in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the Company's quarter ended September 30, 2014 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Table of Contents

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

The Company's operating activities entail significant risks of liability. From time to time, the Company is subject to various actions and claims arising from the acts or omissions of its employees, network providers or other parties. In the normal course of business, the Company receives reports relating to deaths and other serious incidents involving patients whose care is being managed by the Company. Such incidents occasionally give rise to malpractice, professional negligence and other related actions and claims against the Company or its network providers. Many of these actions and claims received by the Company seek substantial damages and therefore require the Company to incur significant fees and costs related to their defense.

The Company is also subject to or party to certain class actions and other litigation and claims relating to its operations or business practices. In the opinion of management, the Company has recorded reserves that are adequate to cover litigation, claims or assessments that have been or may be asserted against the Company, and for which the outcome is probable and reasonably estimable. Management believes that the resolution of such litigation and claims will not have a material adverse effect on the Company's financial condition or results of operations; however, there can be no assurance in this regard.

Item 1A. Risk Factors.

There has been no material change in our risk factors as disclosed in Part I Item 1A "Risk Factors" of the Company's Annual Report on Form 10-K for the year ended December 31, 2013 which was filed with the SEC on March 3, 2014.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The Company's board of directors has previously authorized a series of stock repurchase plans. Stock repurchases for each such plan could be executed through open market repurchases, privately negotiated transactions, accelerated share repurchases or other means. The board of directors authorized management to execute stock repurchase transactions from time to time and in such amounts and via such methods as management deemed appropriate. Each stock repurchase program could be limited or terminated at any time without prior notice.

On October 25, 2011 the Company's board of directors approved a stock repurchase plan which authorized the Company to purchase up to \$200 million of its outstanding common stock through October 25, 2013. On July 24, 2013 the Company's board of directors approved an increase and extension of the stock repurchase plan which authorizes the Company to purchase up to \$300 million of its outstanding stock through October 25, 2015.

Stock repurchases under the program may be purchased from time to time in open market transactions (including blocks) or in privately negotiated transactions. The timing of repurchases and the actual amount purchased will depend on a variety of factors including the market price of the Company's shares, general market and economic conditions, and other corporate considerations. Repurchases may be made pursuant to plans intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, which could allow the Company to purchase its shares during periods when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Repurchases are expected to be funded from working capital and anticipated cash from operations. The repurchase authorization does not require the purchase of a specific number of shares and is subject to suspension or termination by the Company's board of directors at any time.

Table of Contents

Pursuant to this program, the Company made open market purchases as follows (aggregate cost excludes broker commissions and is reflected in millions):

Period	Total Number of Shares Purchased	Average Price Paid per Share	Aggregate Cost
November 11, 2011 - December 31, 2011	671,776	\$ 48.72	\$ 32.7
January 1, 2012 - December 31, 2012	459,252	50.27	23.1
January 1, 2013 - December 31, 2013	1,159,871	51.83	60.1
January 1, 2014 - September 30, 2014	2,453,224	57.97	142.2
	4,744,123		\$ 258.1

Following is a summary of stock repurchases made during the three months ended September 30, 2014:

Period	Total Number of Shares Purchased	Average Price Paid per Share(2)	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plan (in thousands)(1)(2)
July 1 - 31, 2014	358,009	\$ 61.46	358,009	\$ 94,750
August 1 - 31, 2014	467,599	55.46	467,599	68,818
September 1 - 30, 2014	490,579	54.97	490,579	41,851
	1,316,187		1,316,187	

-
- (1) Excludes amounts that could be used to repurchase shares acquired under the Company's equity incentive plans to satisfy withholding tax obligations of employees and non-employee directors upon the vesting of restricted stock units.
- (2) Excludes broker commissions.

During the period from October 1, 2014 through October 21, 2014, the Company made additional open market purchases of 358,128 shares of the Company's common stock at an aggregate cost of \$19.6 million (excluding broker commissions).

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

None.

Item 5. Other Information.

On October 22, 2014 the Company's board of directors approved a stock repurchase plan which authorized the Company to purchase up to \$200 million of its outstanding common stock through October 22, 2016. Stock repurchases under the program may be made from time to time in open market transactions (including blocks) or in privately negotiated transactions. The timing of repurchases and the actual amount purchased will depend on a variety of factors including the market price of the Company's shares, general market and economic conditions, and other corporate considerations. Repurchases may be made pursuant to plans intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, which could allow the Company to purchase its shares during periods when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Repurchases are expected to be funded from working capital and anticipated
