**Proxy Statement
for
Annual Meeting of Shareholders**

To Be Held June 10, 2009

Unless the context requires otherwise, references in this statement to *Uranerz Energy*, the *Company*, *we*, *us* or refer to Uranerz Energy Corporation.

The Annual Meeting of Stockholders of Uranerz Energy (the *Annual Meeting*) will be held at the Hilton Garden Inn, 1150 N. Poplar Street, Casper, Wyoming 82601 on Wednesday, June 10, 2009, at 9:30 a.m. local time.

We are providing the enclosed proxy materials and form of proxy in connection with the solicitation by the Company's Board of Directors (the *Board*) of proxies for this Annual Meeting. The Company anticipates that this Proxy Statement and the form of proxy will first be mailed to holders of the Company's Stock on or about April 30, 2009.

You are invited to attend the meeting at the above stated time and location. If you plan to attend and your shares are held in street name in an account with a bank, broker, or other nominee you must obtain a proxy issued in your name from such broker, bank or other nominee.

You can vote your shares by completing and returning the proxy card or, if you hold shares in street name, by completing the voting form provided by the broker, bank or other nominee.

A returned signed proxy card without an indication of how shares should be voted will be voted FOR the election of all Directors, FOR the ratification of the Articles Amendment, FOR the ratification of the Stock Option Plan Amendment, and FOR the ratification of the appointment of the Company's independent registered public accounting firm.

Our corporate bylaws define a quorum as a one-third of the voting power of the issued and outstanding voting stock present in person or by proxy. The Company's Articles of Incorporation do not allow cumulative voting for Directors. The nominees who receive the most votes will be elected. An affirmative vote of a simple majority of the shares present, whether in person or by proxy, is required to ratify the Stock Option Plan Amendment and the appointment of the Company's independent registered public accounting firm. An affirmative vote of a majority of the Company's issued and outstanding voting securities is required to ratify the Articles Amendment.

QUESTIONS AND ANSWERS ABOUT PROXY MATERIALS AND VOTING

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you were a stockholder of record at the close of business April 22, 2009, and are entitled to vote at the Annual Meeting. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Annual Meeting to vote your shares.

When you sign the proxy card you appoint Glenn Catchpole, President and Chief Executive Officer to the Company, and Dennis Higgs, Chairman of the Board to the Company, your representatives at the Annual Meeting. As your representatives, they will vote your shares at the Annual Meeting (or any adjournments or postponements) as you have instructed them on your proxy card. With proxy voting, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return your proxy card in advance of the Annual Meeting, just in case your plans change.

If an issue comes up for vote at the Annual Meeting (or any adjournments or postponements) that is not described in this Proxy Statement, your representatives will vote your shares, under your proxy, at their discretion, subject to any limitations imposed by law.

When is the record date?

The Board has fixed April 22, 2009 as the record date for the Annual Meeting. Only holders of Uranerz Energy voting stock as of the close of business on that date will be entitled to vote at the Annual Meeting.

How many shares are outstanding?

As of April 22, 2009, the Company had 55,452,387 shares of Common Stock issued and outstanding.

What am I voting on?

You are being asked to vote on the following:

- The election of eight (8) directors for terms expiring in 2009;
- The ratification of the Articles Amendment;
- The ratification of the Stock Option Plan Amendment;
- The ratification of the appointment of the Company's independent registered public accounting firm; and
- Any other business that may properly come before the meeting.

How many votes do I get?

Each share of Common Stock is entitled to one vote. No cumulative rights are authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

The Board recommends a vote **FOR** each of the nominees to the Board, **FOR** the ratification of the Articles Amendment, **FOR** the ratification of the Stock Option Plan Amendment, and **FOR** the ratification of the appointment of the Company's independent registered public accounting firm.

How do I vote?

You have several voting options. You may vote by:

- Signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope;
- Signing and faxing your proxy card to our transfer agent for proxy voting at the number provided on the proxy card;
- Voting over the Internet by following the procedures provided on the proxy card; or
- Attending the Annual Meeting and voting in person.

If your shares are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in a street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker, bank, or other nominee.

Can stockholders vote in person at the Annual Meeting?

The Company will pass out written ballots to anyone who wants to vote at the Annual Meeting. If you hold your shares through a brokerage account but do not have a physical share certificate, or the shares are registered in someone else's name, you must request a legal proxy from your stockbroker or the registered owner to vote at the meeting.

What if I share an address with another shareholder and we received only one copy of the proxy materials?

If certain requirements are met under relevant U.S. securities law, including in some circumstances, the shareholder's prior written consent, we are permitted to deliver one annual report and one proxy statement to a group of shareholders who share the same address. If you share an address with another shareholder and have received only one copy of the proxy materials, but desire another copy, please send written request to our offices at the address below or call us at (604) 689-1659 to request another copy of the proxy materials. Please note that each shareholder should receive a separate proxy card to vote the shares they own.

Send requests to:

Uranerz Energy Corporation
1701 East E Street, P.O. Box 50850
Casper, Wyoming, USA 82605-0850

Attention: Benjamin Leboe
Secretary

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

- Signing another proxy with a later date and mailing it to the attention of: Jason K. Brenkert, Inspector of Elections, at 370 17th Street, Suite 4700, Denver, Colorado, 80202, so long as it is received prior to 12:00 p.m., MST, on June 9, 2009;
- Voting in person at the Annual Meeting; or
- Giving written notice of the revocation of your proxy to the Company's Secretary, Benjamin Leboe, at the address given above, prior to 12:00 p.m., MST on June 9, 2009.

How many votes do you need to hold the meeting?

To conduct the Annual Meeting, the Company must have a quorum, which means that one-third of the outstanding voting shares of the Company as of the record date must be present at the meeting. Based on 55,452,387 shares of Common Stock outstanding as of the record date of April 22, 2009, 18,299,287 shares of Common Stock must be present in person or by proxy for the quorum to be reached. Your shares will be counted as present at the Annual Meeting if you:

- Submit a properly executed proxy card (even if you do not provide voting instructions); or
- Attend the Annual Meeting and vote in person.

What if I abstain from voting?

Abstentions with respect to a proposal are counted for the purposes of establishing a quorum. If a quorum is present, abstentions will not be included in vote totals and will not affect the outcome of the vote of any proposal contained in this year's Proxy Statement.

How many votes are needed to elect directors?

The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes cast at the meeting. A properly executed proxy card marked *WITHHELD* with respect to the election of directors will not be voted and will not count *FOR* or *AGAINST* any of the nominees.

How many votes are needed to ratify the Articles Amendment?

The ratification of the Articles Amendment will be approved if a majority of the Company's issued and outstanding voting securities vote *FOR* the Articles Amendment. A properly executed proxy card marked *ABSTAIN* with respect to this proposal will not be voted. However, because an affirmative vote of a majority of the Company's issued and outstanding voting securities is required for ratification, an *ABSTENTION* will have the same effect as a vote *AGAINST* the proposal.

How many votes are needed to ratify the Stock Option Plan Amendment?

The ratification of the Stock Option Plan Amendment will be approved if the votes cast *FOR* the proposal exceed the votes cast *AGAINST* the proposal (a majority of shares voting). A properly executed proxy card marked *ABSTAIN* with respect to this proposal will not be voted and will not count *FOR* or *AGAINST* this proposal.

How many votes are needed to ratify the appointment of the independent registered public accountant?

The ratification of the appointment of the independent registered public accountant will be approved if the votes cast *FOR* the proposal exceed the votes cast *AGAINST* the proposal (a majority of shares voting). A properly executed proxy card marked *ABSTAIN* with respect to this proposal will not be voted and will not count *FOR* or *AGAINST* this proposal.

Will my shares be voted if I do not sign and return my Proxy Card?

If your shares are held through a brokerage account, your brokerage firm, under certain circumstances and subject to certain legal restrictions, may vote your shares.

If your shares are registered in your name, and you do not sign and return your proxy card, your shares will not be voted at the meeting.

Where can I find the voting results of the meeting?

The Company will publish the final results in the Company's Quarterly Report on Form 10-Q for the second quarter of 2009, which will be filed with the Securities and Exchange Commission (SEC). Within four (4) business days of the Annual Meeting, the Company will file a current report on Form 8-K if the shareholders elect new directors, ratify the Articles Amendment and/or ratify the Stock Option Plan Amendment.

Who will pay for the costs of soliciting proxies?

The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular salaries. Additionally, the Company may hire a proxy solicitor to help reach the quorum requirement. The Company will pay a reasonable fee in relation to these services. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who are holders of record of the Company's Common Stock on the record date for the reasonable expenses incurred for mailing copies of the proxy materials to the beneficial owners of such shares.

When are stockholder proposals due for the 2008 annual meeting of Stockholders?

In order to be considered for inclusion in next year's (2010) proxy statement, stockholder proposals must be submitted in writing to the Company's Secretary, Benjamin Leboe, at Uranerz Energy Corporation, 1701 East E Street, P.O. Box 50850, Casper, Wyoming, USA 82605-0850, and received no later than January 1, 2010. Similarly, stockholder proposals not submitted for inclusion in the proxy statement and received after March 17, 2010 will be considered untimely pursuant to Rule 14a-5(e)(2) of the Securities and Exchange Act of 1934.

Advisory Board

We have an advisory board that consists entirely of professional geologists.

Dr. Franz J. Dahlkamp has over 45 years experience as an economic geologist, with specific emphasis in uranium. He started as an economic geologist with several mining companies in Germany and abroad. In 1968 he began working with the Uranerz group of companies and by 1974 he became the head of their exploration department. While at Uranerz he organized and established the Uranerz group of subsidiary companies for uranium exploration in Australia, Canada, and the USA, and conducted reconnaissance surveys for uranium worldwide.

Since 1978 Dr. Dahlkamp has been consulting for mining companies, utilities, national and international institutions (governments of Germany, Austria, USA, Egypt, Iran, Mongolia; UN/IAEA, OECD/NEA). Also, since 1978 to 2002, Dr. Dahlkamp lectured at the Universities of Leoben and Salzburg, Austria, and Munich, Germany (on uranium deposits: geology, economics, and exploration).

Dr. Dahlkamp has published over fifty papers including six books (e.g. Uranlagerstätten 1979, Uranium Ore Deposits 1993).

Dr. Dahlkamp has a PhD (1958), a Dr. of Science (Habilitation 1979), and is an Honorary Chair (Honorar-Professor) at Mining-University of Leoben (1990).

Dr. Gerhard Ruhrmann has close to 30 years experience in uranium exploration, mining and mine waste management. From 1976 to 1981, Dr. Ruhrmann was project geologist and exploration manager for Uranerz Exploration and Mining (UEM) in Canada, supervising field work in the Otish Mountains of Quebec, the Athabasca Basin in Saskatchewan, and the Thelon Basin in Nunavut. In 1982, Dr. Ruhrmann joined Key Lake Mining Corporation, to develop exploration tools for high grade unconformity-related uranium deposits on the basis of geological and mineralogical research at the Key Lake open pits and other mines in the Athabasca Basin. This resulted in a number of papers published in a variety of scientific periodicals including technical documents of the International Atomic Energy Agency.

In 1988, Dr. Ruhrmann became engaged in hydrogeological and geotechnical work in Cameco's engineering division, assessing above-ground uranium tailings management facilities and contributing to the in-pit tailings disposal concept at the Deilmann open pit in Saskatchewan.

In 1993, Uranerzbergbau (UEB) in Germany called Dr. Ruhrmann to join its consulting branch. Assignments included the assessment of exploration and mining projects in central Asia and western Africa, managing a subsidiary exploration company in Guinea, providing technical assistance to regulatory agencies in Papua New Guinea, monitoring the reclamation work at the former uranium mines in eastern Germany, designing reclamation concepts for closed-out uranium mines in central Asia and eastern Europe as well as reviewing the mining practice in Vietnam. On the basis of this experience, Dr. Ruhrmann co-authored a book on environmental mine management, published in 2001.

Since 2003, Dr. Ruhrmann is practicing as an independent consultant to the mining industry and international technical assistance agencies. Assignments include a review of the mining industry in Mongolia, enhancement of small-scale mining in Papua New Guinea, quality control at uranium mine rehabilitation projects and the assessment of uranium prospects.

Dr. Ruhrmann has a diploma in geology and holds a doctor degree in geology from the University of Tuebingen, Germany. Since 2001, Dr. Ruhrmann is teaching mineral exploration at the University of Leoben, Austria.

Mr. Kenneth Cunningham brings over thirty years of experience from diversified mineral exploration and mining geology through to executive management. Eighteen of these years have been focused in Nevada. Currently Mr. Cunningham is the President and Chief Executive Officer of Miranda Gold Corp. where he aggressively positioned this company in the Cortez Gold Trend and successfully negotiated joint ventures with major mining companies including Newmont, Placer Dome, Newcrest and Barrick. Previously, he was Exploration Manager with Uranerz U.S.A. Inc. During his tenure with Uranerz Mr. Cunningham led the exploration and acquisition effort that resulted in two Nevada gold discoveries; a three-million-ounce discovery in the Battle Mountain trend and a one-plus-million ounce discovery in the northern Carlin trend. Mr. Cunningham has also been Vice President of Tenneco Minerals Company and a Resident Manager with Echo Bay Mining Company.

Mr. Cunningham started his career with Houston Oil and Minerals as a member of its uranium exploration team. In 1978 he was responsible for the discovery of the Death Valley uranium deposit on Alaska's Seward Peninsula. This deposit contains ten-million-pounds of uranium at a grade of .25% U₃O₈.

Mr. Joe Hebert is currently Vice President of Exploration for Miranda Gold Corp. Most recently, Mr. Hebert was the senior exploration geologist for the Cortez Joint Venture (Placer Dome and Kennecott Minerals) located on the Battle Mountain Trend in North Central Nevada. He was a member of the exploration team who discovered the 7.5 million ounce Cortez Hills gold deposit. During his tenure at Cortez he directed all generative and acquisition efforts within the joint venture area of interest.

From 1992 to 1999 Mr. Hebert consulted for Uranerz USA, Inc. where he conducted project evaluations and generative programs primarily in north central Nevada. The most significant result of this program was the recognition of gold potential and acquisition recommendations of the Nike-Converse property in Buffalo Valley where Uranerz discovered approximately 3 M oz of gold resource. He also recommended the REN property for acquisition, where currently development drilling on a high-grade resource is being conducted.

During the period when he was consulting, Mr. Hebert initiated a countrywide evaluation of Mongolia, identifying essentially unexplored epithermal systems from regional compilation and focused reconnaissance. He focused his client in gold-belts of NE Mongolia, acquiring for them two large concessions with multiple ore-grade showings in large epithermal and intrusive-related alteration cells. This program required interaction with high-level government officials, Mongolian junior companies, Mongolian Geological Survey and supervising native crews in remote camps.

Mr. Hebert is credited with team participation in multiple gold discoveries in Nevada and Utah over the course of his career. He has also had staff and contract positions with several US majors over the years including Superior Oil, Tenneco, and Freeport Minerals.

None of our executive officers or key employees is related by blood, marriage or adoption to any other director or executive officer.

To our knowledge, there is no arrangement or understanding between any of our officers and any other person pursuant to which the officer was selected to serve as an officer.

Audit Committee Report

The Company's Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors (the Board). The Committee has three members, each of whom is independent as determined under Rule 10A-3 of the United States Securities Exchange Act of 1934, as amended, and the rules of the American Stock Exchange. The Committee operates under a written charter adopted by the Board.

The Committee assists the Board by overseeing the (1) integrity of the Company's financial reporting and internal control, (2) independence and performance of the Company's independent auditors, (3) and provides an avenue of communication between management, the independent auditors, and the Board.

In the course of providing its oversight responsibilities regarding the 2007 financial statements, the Committee reviewed the 2007 audited financial statements, which appear in the 2007 Annual Report to Shareholders, with management and the Company's independent auditors. The Committee reviewed accounting principles, practices, and judgments as well as the adequacy and clarity of the notes to the financial statements.

The Committee reviewed the independence and performance of the independent auditors who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, and such other matters as required to be communicated by the independent auditors in accordance with Statement on Auditing Standards 61, as superseded by Statement of Auditing Standard 114 the Auditor's Communication with Those Charged with Governance.

Compensation Discussion and Analysis

Oversight of Executive Compensation Program

The Compensation Committee of the Board of Directors oversees the Company's compensation programs, which are designed specifically for the Company's most senior executive officers, including the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and the other executive officers named in the Summary Compensation Table (collectively, the senior executive officers). Additionally, the Compensation Committee is charged with the review and approval of all annual compensation decisions relating to senior executive officers. The Compensation Committee is composed entirely of independent, non-management members of the Board of Directors. Each year, and at such other times as is necessary, the Company reviews any and all relationships that each director has with the Company and the Board of Directors subsequently reviews these findings. The Board of Directors has determined that none of the Compensation Committee members have any material business relationships with the Company.

The responsibilities of the Compensation Committee, as stated in its charter, include the following:

- Review and assess the adequacy of the Compensation Committee charter annually and submit any proposed changes to the Board of Directors for approval;
- Produce an annual report on senior executive officer compensation for inclusion in the Company's annual report and proxy statement relating to its annual meeting of stockholders;
- Review and make such recommendations to the Board of Directors as the Compensation Committee deems advisable with regard to all incentive-based compensation plans and equity-based plans;
- Review and approve the corporate goals and objectives that may be relevant to the compensation of the Company's senior executive officers;
- Evaluate senior executive officer performance in light of the goals and objectives that were set and determine and recommend senior executive officer compensation based on such evaluation; and
- Review and approve the recommendations of the chief executive officer with regard to the compensation of all officers of the Company other than the chief executive officer.

Overview of Compensation Program

In order to recruit and retain the most qualified and competent individuals as senior executive officers, the Company strives to maintain a compensation program that is competitive in the global labor market. The purpose of the Company's compensation program is to reward exceptional organizational and individual performance.

The following compensation objectives are considered in setting the compensation programs for our named executive officers:

- Drive and reward performance which supports the Company's core values;
- Design competitive total compensation and rewards programs to enhance the Company's ability to attract and retain knowledgeable and experienced senior executive officers; and
- Set compensation and incentive levels that reflect competitive market practices.

Compensation Elements and Rationale

To reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's compensation program is based on the following objectives:

(i) Performance Goals

The Compensation Committee believes that a significant portion of a senior executive officer's compensation should be tied not only to individual performance, but also to the Company's performance as a whole measured against both financial and non-financial goals and objectives. During periods when performance meets or exceeds these established objectives, senior executive officers should be paid at or more than expected levels. When the Company's performance does not meet key objectives, incentive award payments, if any, should be less than such levels.

(ii) Incentive Compensation

A large portion of compensation should be paid in the form of short-term and long-term incentives, which are calculated and paid based primarily on financial measures of profitability and stockholder value creation. Senior executive officers have the incentive of increasing Company profitability and stockholder return in order to earn a major portion of their compensation package.

(iii) Competitive Compensation Program

The Compensation Committee reviews the compensation of executives at peer companies to ensure that the compensation program is competitive. The Company believes that a competitive compensation program will enhance its ability to attract and retain senior executive officers.

Review of Senior Executive Officer Performance

The Compensation Committee reviews, on an annual basis, each compensation package for the senior executive officers. In each case, the Compensation Committee takes into account the scope of responsibilities and experience and balances these against competitive salary levels. The Compensation Committee has the opportunity to meet with the senior executive officers at various times during the year, which allows the Compensation Committee to form its own assessment of each individual's performance.

Components of the Executive Compensation Program

The Compensation Committee believes the total compensation and benefits program for named executive officers should consist of the following:

- Base salary
- Stock incentive plan
- Bonus.

Many of the Company's senior executive officers provide services through consulting or management agreements with the Company. Fees are paid under consulting or management fees pursuant to these agreements. From the Company's perspective, these services are provided in this manner for flexibility considerations. The Company has determined that it is in the best interests of the Company and its shareholders to maintain consulting and management agreements rather than employment agreements as it decreases the number of actual employees of the Company and ensures that employment of key officers can be negotiated on an as-needed basis with individualized terms a vital concern to the Company given the relative costs of management salaries and expenses in a development stage company.

Dennis Higgs, Chairman of the Board of Directors (and former President)

Mr. Higgs is compensated indirectly through the Company's consulting agreement with Ubex Capital Inc. The Company engaged Ubex in early 2005 to provide business development and strategic planning consulting services and management to create a viable resource company. The Board of Directors considered Mr. Higgs' continuing involvement to be of vital interest to the Company's success and increased Ubex's consulting services over time to the point where Mr. Higgs provides the Company services as a fully involved Executive Chairman. The Board upon recommendation from the Compensation Committee has decided to continue the consulting arrangement to minimize administrative costs and to maintain the certainty and flexibility of contractual arrangements. Mr. Higgs has over twenty years experience in establishing and growing public companies and the Board of Directors upon recommendation from the Compensation Committee has determined that his compensation shall be similar to full time Executive Chairmen of public companies with capitalization in the \$200 - 500 million range.

Glenn Catchpole

Mr. Catchpole is compensated indirectly through the Company's consulting agreement with Catchpole Enterprises LLC. (CE). The Company engaged CE in early 2005 to provide industry expertise and strategic planning consulting services and full-time executive management to create a viable resource company. The Board of Directors and the Compensation Committee considers Mr. Catchpole's continuing involvement to be of vital interest to the Company's success as President and Chief Executive Officer. The Board has chosen the consulting arrangement to minimize administrative costs and to maintain the certainty and flexibility of contractual arrangements. Mr. Catchpole has over thirty years in establishing and growing public companies and the Board of Directors upon recommendation from the Compensation Committee has determined that his compensation shall be similar to full time president and CEO of public companies with capitalization in the \$200 - 500 million range.

George Hartman

The Company's compensation policy for Mr. Hartman is based on days spent consulting for the Company. The Board of Directors and the Compensation Committee believes that this provides the Company with greater flexibility in controlling expenses. Mr. Hartman's services as Executive Vice-President, Mining entail a varying degree of attention to the Company's exploration and development activities. Mr. Hartman has extensive expertise in the area of mining production, including specifically, in-situ recovery of uranium, which expertise is very valuable to the Company. Mr. Hartman's salary exceeded that of other officers in 2006 and 2007 because of the value of his expertise to the Company and the fact that he spent a substantial amount of time attending to the Company's mineral projects in those years.

Benjamin Leboe

The Company's compensation policy for Mr. Leboe, as Principal of Independent Management Consultants of British Columbia is based on time spent consulting for the Company. The Board of Directors and the Compensation Committee believes that this provides the Company with greater flexibility in controlling expenses. Mr. Leboe's services as Chief Financial Officer entail a high and specialized degree of attention to the Company's financial management and reporting activities. Mr. Leboe has extensive expertise in the area of financial management, accounting, business valuation and management consulting, which expertise is very valuable to the Company. Mr. Leboe's consulting rate is based on the Board of Directors determination upon recommendation by the Compensation Committee of the value of his expertise to the Company and is comparable to a full time Chief Financial Officer of public companies with capitalization in the \$200 - 500 million range.

No person who served as a member of the Compensation Committee during fiscal 2008 or 2007 was a current or former officer or employee of the Corporation or engaged in certain transactions with the Company required to be disclosed by regulations of the SEC. Additionally, there were no compensation committee interlocks during 2007 and 2008, which generally means that no executive officer of the Corporation served as a director or member of the compensation committee of another entity, which had an executive officer serving as a director or member of the Company's Compensation Committee.

Retirement, Resignation or Termination Plans

Officers with contracts for services have notice requirements which permit pay in lieu of notice. In December 2007 we approved a policy whereby officers will receive a termination payment of a multiple of their annual compensation following a change in control of our Company. The multiple used for a change of control payment is five times for officers Higgs, Catchpole and Hartman and three times for all other officers.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following tables set forth information as of December 31, 2008 regarding the ownership of our common stock by:

each person who is known by us to own more than 5% of our shares of common stock; and each named executive officer, each director and all of our directors and executive officers as a group.

The number of shares beneficially owned and the percentage of shares beneficially owned are based on 55,452,387 shares of common stock outstanding as of December 31, 2008.

Beneficial ownership is determined in accordance with the rules and regulations of the Securities and Exchange Commission. Shares subject to options that are exercisable within 60 days following December 31, 2008 are deemed to be outstanding and beneficially owned by the optionee for the purpose of computing share and percentage ownership of that optionee but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Except as indicated in the footnotes to this table, and as affected by applicable community property laws, all persons listed have sole voting and investment power for all shares shown as beneficially owned by them.

**PROPOSAL 2 RATIFICATION OF THE
AMENDMENT TO THE ARTICLES OF INCORPORATION**

What am I voting on?

You are voting on a proposal to ratify the Company's proposed amendments to its Articles of Incorporation. As explained below, the amendments amend provisions to the Company's Articles of Incorporation relating to increasing the number of authorized shares of common stock from 100,000,000 to 200,000,000. No other of the current provisions in the Company's Articles of Incorporation, as last amended August 8, 2008, will be amended, altered, replaced, or otherwise changed by the current amendments before the shareholders.

Why did the Board adopt the Articles Amendment?

As the Company continues to make progress in developing its projects and moving towards anticipated production, as more fully discussed in the 2008 Annual Report which accompanies this Proxy Statement, the Board of the Directors anticipates that the Company may need to raise additional capital for development and anticipated production costs through issuance of equity or convertible debt securities. Given that the Company currently has 55,452,387 shares of common stock issued and outstanding, the Board determined that it was in the best interests of the Company and its shareholders to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000 to ensure that Board has sufficient available shares of common stock to meet the Company's ongoing capital requirements, if necessary.

Does the Company have any current plans, proposals or arrangements to issue any of the newly available authorized shares of common stock for any purpose, including future acquisitions and/or financings?

The Company has no current plan, proposals or arrangements to issue any of the newly available authorized common stock at this time. In the future, however, the Board of Directors anticipates that the Company may need to raise additional capital for development and anticipated production costs. The Company may issue shares of common stock in connection with such financing transactions and for corporate purposes which the Board believes are in the best interest of the Company and its shareholders.

What are the possible anti-takeover implications in increasing the number of authorized shares of common stock?

The amendment to the Articles of Incorporation to increase the authorized number of shares of common stock from 100,000,000 to 200,000,000 as proposed could adversely affect the ability of third parties to take over or change the control of the Company. The issuance of additional common stock may, under certain circumstances, create voting impediments with respect to changes in control of the Company or dilute the stock ownership of holders of common stock seeking to obtain control of the Company. The ability of our Board to cause the Company to issue substantial amounts of common stock without the need for shareholder approval could discourage potential acquirers and therefore deprive shareholders of benefits they might otherwise obtain from an attempt to acquire ownership or control of the Company, such as selling their shares at a premium over market price. Moreover, the issuance of common stock to persons friendly to the Board of Directors could make it more difficult to remove incumbent directors from office even if such change would serve the interests of the Company and its shareholders. For the foregoing reasons, the rights of the existing holders of common stock will be subject to, and may be adversely affected by, the future issuance of common stock.

While the proposed amendment may have anti-takeover ramifications, the Board believes that the benefits it would confer on the Company outweigh any potential disadvantages, including enhanced ability to finance purchases and secure capital. Notwithstanding the foregoing, the Board has no present intention to issue the authorized common stock for any defensive or anti-takeover purpose, subject to the exercise of its fiduciary duties to the Company and its

shareholders. Rather, the Board intends to issue common stock only for the purpose of facilitating capital-raising transactions and for other corporate purposes which the Board believes are in the best interests of the Company and its shareholders.

What amendments are being made to the Articles of Incorporation?

The following are the provisions to be amended in the Company's Articles of Incorporation:

Paragraph one of Article 3 which currently reads:

The aggregate number of shares that the Corporation will have authority to issue is One Hundred and Ten Million (110,000,000) shares, of which One Hundred Million (100,000,000) shares will be common stock, with a par value of \$0.001 per share, and Ten Million (10,000,000) shares will be preferred stock, with a par value of \$0.001 per share.

will be amended to read:

The aggregate number of shares that the Corporation will have authority to issue is Two Hundred and Ten Million (210,000,000) shares, of which Two Hundred Million (200,000,000) shares will be common stock, with a par value of \$0.001 per share, and Ten Million (10,000,000) shares will be preferred stock, with a par value of \$0.001 per share.

No other amendments, additions, or alterations will be made to Article 3 or to any other article of the Articles of Incorporation.

Where can I find a copy of the current Articles of Incorporation?

The current Articles of Incorporation are attached as an exhibit to the Company's registration statement on Form SB-2 as filed with the Securities and Exchange Commission (SEC) on March 15, 2002. A copy of the Certificate of Amendment, as filed July 5, 2005, is attached as an exhibit to the Company's Annual Report on Form 10-KSB as filed with the SEC on April 14, 2006. A copy of the Certificate of Amendment, as filed August 8, 2008, is attached as an exhibit to the Company's Quarterly Report on Form 10-Q as filed with the SEC on August 11, 2008. The Form SB-2, Form 10-KSB and the Form 10-Q are available at the SEC's website at www.sec.gov.

The Board of Directors recommends a vote FOR the Articles Amendment.

**PROPOSAL 3 RATIFICATION OF
THE AMENDED 2005 NONQUALIFIED STOCK OPTION PLAN**

What am I voting on?

You are voting on a proposal to ratify the Company's proposed amendments to its 2005 Nonqualified Stock Option Plan (the "Stock Option Plan"). As explained below, the amendments add provisions to the Company's Stock Option Plan relating to the Compensation Committee's ability to extend the term of or re-price options issued under the Stock Option Plan without seeking shareholder approval and provisions related to the exercise of options granted under the Stock Option Plan.

Why did the Board adopt the amendments to Stock Option Plan?

Given the negative effects of recent market events on the share price of peer companies in the Company's business sector and the Company's own share price, the Board determined that it was in the best interests of the Company and its shareholders to permit the Compensation Committee to determine if and when an extension of the term of or a re-pricing of stock options granted under the Stock Option Plan was in the best interests of the Company and its shareholders and necessary to fulfill the purposes of the Stock Option Plan in providing incentive for the Company's key employees, officers and directors. Further, in review of the Stock Option Plan, the Board determined that a provision in the Stock Option Plan mandating that options be exercised in the order in which they were issued is not in the best interests of the Company or its shareholders and does not act to fulfill the purposes of the Stock Option Plan.

What amendments are being made to the Stock Option Plan?

The following are the provisions to be deleted from and added to the Company's Stock Option Plan:

Article V Stock Option Terms and Conditions Section 11, which currently reads:

11. No NQSO shall be exercisable while there is outstanding any other NQSO which was granted to the Optionee before the grant of such option under the Plan or any other plan which gives the right to the Optionee to purchase stock in the Company or in a corporation which is a parent corporation (as defined in Section 425(e) of the Code) of the Company, or any predecessor corporation of any of such corporations at the time of the grant. An NQSO shall be treated as outstanding until it is either exercised in full or expires by reason of lapse of time.

shall be deleted in its entirety and replaced with the following provisions which shall read in the entirety:

11. If the Committee determines that it is in the best interests of the Company and its shareholders and consistent with the stated goals and purposes of this Plan, the Committee (i) may at its sole discretion act to extend the term of any outstanding NQSO or conduct a re-pricing of any outstanding NQSO if such re-pricing acts to the benefit of the holder of the outstanding NQSO, or (ii) may with the consent of the holder of an NQSO, conduct a re-pricing of any outstanding NQSO regardless of whether such repricing acts to the benefit of the holder of the outstanding NQSO. Notwithstanding the foregoing, no extension of the term of any outstanding NQSO will act to extend the term for a period longer than ten years from the date of the original issuance and no NQSO shall be issued with an option price per share less than Market Price on the date of any re-pricing and all re-pricings shall be conducted in accordance with applicable law. In exercising its power to re-price or extend the term of securities under this Section, the Committee will not be required to seek the approval of the shareholders of the Company.

What are the general provisions of the Stock Option Plan?

The following is a summary of all material Stock Option Plan provisions. It is not a comprehensive discussion of all of the terms and conditions of the Stock Option Plan. The information provided below may be modified or altered by some provisions in the Stock Option Plan. Readers are advised to review the full text of the Stock Option Plan to fully understand all terms and conditions of the Stock Option Plan. A copy of the Stock Option Plan is attached as Appendix B hereto.

Purpose

The purpose of the Stock Option Plan is to advance the best interests of the Company by providing additional incentive to those persons who have a substantial responsibility for its management, affairs, and growth by increasing their proprietary interest in the success of the Company, thereby encouraging them to maintain their relationships with the Company. Further, the availability and offering of Stock Options under the Plan supports and increases the Company's ability to attract, engage and retain individuals of exceptional talent upon whom, in large measure, the sustained progress growth and profitability of the Company for the shareholders depends.

Persons Eligible

Any employee, director, general partner, officer, attorney, accountant, consultant or advisor providing services to the Company or any parent, affiliate, or subsidiary of the Company is eligible to be designated a participant in the Stock Option Plan.

Administration

The Company's Compensation Committee administers the Stock Option Plan, or such other committee as the Board may assign administrative responsibility in the best interests of the Company. The administering committee (the Committee) has the power to: (i) designate Stock Option Plan participants; (ii) grant stock options; (iii) establish rules and regulations for the administration of the Stock Option Plan; (iv) determine the amount, price, type and timing of each stock option grant; (v) cancel any stock option awarded under the Stock Option Plan, under certain circumstances; (vi) correct defects in the Plan or in any granted stock option; and (vii) make any other determination or take any other action that the Committee deems necessary or desirable to the administration of the Stock Option Plan.

Shares Available under the Stock Option Plan

The total number of shares of the Company available for grants of stock options under the Stock Option Plan shall be 10,000,000 Common Shares, subject to adjustment as herein provided, which shares may be either authorized but un-issued or reacquired Common Shares of the Company. If a stock option or portion thereof shall expire or terminate for any reason without having been exercised in full, the un-purchased shares covered by such nonqualified stock option shall be available for future grants of stock options under the Stock Option Plan. Shares issuable upon exercise of stock options have been registered under the U.S. Securities Act of 1933, as amended, pursuant to the Company's Registration Statement on Form S-8, filed with the Securities and Exchange Commission on November 21, 2005.

Terms and Conditions of Stock Options

Stock options may be granted to any person who is performing or who has been engaged to perform services of special importance to management in the operation, development and growth of the Company. The Committee has the sole power to set the option price of granted stock options. All stock options granted under the Stock Option Plan must be granted within ten years of the date the plan was adopted and all granted stock options must be exercised within ten years of the date of grant. The Committee may grant stock options which vest in installment periods and may modify such periods to accelerate vesting. Stock options are evidenced by a form stock option agreement.

Exercise of Stock Options

The exercise of vested stock options is made upon written notice to the Company of intent to exercise and payment of the exercise price. The exercise price may be paid (i) in cash, cashier's check, certified check, bank draft or money order, or (ii) at the discretion of the Committee, by delivery of fully paid nonassessable common shares of the Company, valued at the fair market value for such shares, determined by the average of the high and low sales price of the Company's common shares on the date of exercise.

Transfer of Stock Options

Except by will, the laws of descent and distribution, or with the written consent of the Committee, no right or interest in any stock option granted under the Stock Option Plan is assignable or transferable, and no right or interest of any optionee is liable for, or subject to, any lien, obligation or liability of the optionee. Upon petition to, and thereafter with the written consent of the Committee, an optionee may assign or transfer all or a portion of the optionee's rights and interest in any stock option granted under the Stock Option Plan. Stock options are exercisable during the optionee's lifetime only by the optionee or assignees, or the duly appointed legal representative of an incompetent optionee, including following an assignment consented to by the Committee.

Adjustments to Stock Options

In the event that the outstanding common shares of the Company are changed into or exchanged for a different number or kinds of shares or other securities of the Company by reason of merger, consolidation, other reorganization, recapitalization, reclassification, combination of shares, stock split-up or stock dividend:

- Prompt, proportionate, equitable, lawful and adequate adjustment shall be made of the aggregate number and kind of shares subject to stock options which may be granted under the Stock Option Plan, such that the optionee shall have the right to purchase such common shares as may be issued in exchange for the common shares purchasable on exercise of the nonqualified stock option had such merger, consolidation, other reorganization, recapitalization, reclassification, combination of shares, stock split-up or stock dividend not taken place;
- Rights under unexercised stock options or portions thereof granted prior to any such change, both as to the number or kind of shares and the exercise price per share, will be adjusted appropriately, provided that such adjustments will be made without change in the total exercise price applicable to the unexercised portion of such nonqualified stock options but by an adjustment in the price for each share covered by such nonqualified stock option; or
- Upon any dissolution or liquidation of the Company or any merger or combination in which the Company is not a surviving corporation, each outstanding stock option granted hereunder shall terminate, but the optionee shall have the right, immediately prior to such dissolution, liquidation, merger or combination, to exercise his nonqualified stock option in whole or in part, to the extent that it shall not have been exercised, without regard to any installment exercise provisions in such nonqualified stock option.

Also, upon the occurrence of any person acquiring more than 20% of the common shares of the Company through a tender offer, exchange offer, or otherwise, upon a change in control of the Company or upon the sale of substantially all the assets of the Company, any optionee who is also a Company insider will be entitled to receive cash for their nonqualified stock options equal to the final offer price per share paid in the offer or similar event, or in the case of a change in control or sale of assets, the aggregate fair market value of the shares.

Amendment of the Plan

The Board of Directors may at any time suspend or terminate the Plan, in whole or in part or amend it from time to time as appropriate in the best interests of the Company. No amendment will, without the consent of the optionee, affect previously granted stock options.

Who is eligible to participate in the Stock Option Plan?

This 2005 NONQUALIFIED STOCK OPTION PLAN (the "Plan") of URANERZ ENERGY CORPORATION (the "Company") for persons employed or associated with the Company, including without limitation any employee, director, general partner, officer, attorney, accountant, consultant or advisor, is intended to advance the best interests of the Company by providing additional incentive to those persons who have a substantial responsibility for its management, affairs, and growth by increasing their proprietary interest in the success of the Company, thereby encouraging them to maintain their relationships with the Company. Further, the availability and offering of Stock Options under the Plan supports and increases the Company's ability to attract, engage and retain individuals of exceptional talent upon whom, in large measure, the sustained progress growth and profitability of the Company for the shareholders depends.

"Market Price" shall mean the volume weighted average trading price of the Common Shares on the Toronto Stock Exchange ("TSX") or the American Stock Exchange ("AMEX"), whichever exchange has the greater trading volume, for the five trading days immediately preceding the date of the grant. However, (a) if the Common Shares are not listed on the TSX or the AMEX, then the "Market Price" shall be calculated by reference to the volume weighted average trading price of the Common Shares for the five trading days immediately preceding the date of the grant on any other stock exchange on which the Common Shares are listed (if more than one, then using the exchange on which a majority of Common Shares are traded); or (b) if the Common Shares are suspended from trading or have not traded on the TSX, AMEX or another stock exchange for an extended period of time, the "Market Price" will be the fair market value of the Common Shares as determined by the board of directors of the Company using good faith discretion.

"Stock Option Agreement" shall mean the agreement between the Company and the Optionee under which the Optionee may purchase Common Shares hereunder.

2. The determination of those eligible to receive Stock Options, and the amount, price, type and timing of each Stock Option and the terms and conditions of the respective stock option agreements shall rest in the sole discretion of the Committee, subject to the provisions of the Plan.

3. The Committee may cancel any Stock Options awarded under the Plan if an Optionee conducts himself in a manner which the Committee determines to be inimical to the best interest of the Company and its shareholders as set forth more fully in paragraph 8 of Article X of the Plan.

4. The Board, or the Committee, may correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any granted Stock Option, in the manner and to the extent it shall deem necessary to carry it into effect.

5. Any decision made, or action taken, by the Committee or the Board arising out or in connection with the interpretation and administration of the Plan shall be final and conclusive.

6. Meetings of the Committee shall be held at such times and places as shall be determined by the Committee. A majority of the members of the Committee shall constitute a quorum for the transaction of business, and the vote of a majority of those members present at any meeting shall decide any question brought before that meeting. In addition, the Company may take any action otherwise proper under the Plan by the affirmative vote, taken without a meeting, of a majority of its members.

7. No member of the Committee shall be liable for any act or omission of any other member of the Committee or for any act or omission on his own part, including, but not limited to, the exercise of any power or discretion given to him under the Plan except those resulting from his own gross negligence or willful misconduct.

pertinent information as the Committee may require. The Company shall furnish the Committee with such clerical and other assistance as is necessary in the performance of its duties hereunder.

ARTICLE IV

Shares Subject to the Plan

1. The total number of shares of the Company available for grants of Stock Options under the Plan shall be 10,000,000 Common Shares, subject to adjustment as herein provided, which shares may be either authorized but unissued or reacquired Common Shares of the Company.

2. If a Stock Option or portion thereof shall expire or terminate for any reason without having been exercised in full, the unpurchased shares covered by such NQSO shall be available for future grants of Stock Options.

ARTICLE V

Stock Option Terms and Conditions

1. Consistent with the Plan's purpose, Stock Options may be granted to any person who is performing or who has been engaged to perform services of special importance to management in the operation, development and growth of the Company.

2. Determination of the option price per share for any stock option issues hereunder shall rest in the sole and unfettered discretion of the Committee. Notwithstanding the foregoing, no option shall be issued with an option price per share less than Market Price.

3. All Stock Options granted under the Plan shall be evidenced by agreements which shall be subject to applicable provisions of the Plan, and such other provisions as the Committee may adopt, including the provisions set forth in paragraphs 2 through 11 of this Article V.

4. All Stock Options granted hereunder must be granted within ten years from the date this Plan is adopted.

5. No Stock Option granted hereunder shall be exercisable after the expiration of ten years from the date such NQSO is granted. The Committee, in its discretion, may provide that an option shall be exercisable during such ten year period or during any lesser period of time. The Committee may establish installment exercise terms for a Stock Option such that the NQSO becomes fully exercisable in a series of cumulating portions. If an Optionee shall not, in any given installment period, purchase all the Common Shares which such Optionee is entitled to purchase within such installment period, such Optionee's right to purchase any Common Shares not purchased in such installment period shall continue until the expiration or sooner termination of such NQSO. The Committee may also accelerate the exercise of any NQSO.

6. A Stock Option, or portion thereof, shall be exercised by deliver of (i) a written notice of exercise to the Company specifying the number of Common Shares to be purchased, and (ii) payment of the full price of such Common Shares, as fully set forth in paragraph 7 of this Article V. No NQSO or installment thereof shall be reusable except with respect to whole shares, and fractional share interests shall be disregarded. Not less than 100 Common Shares may be purchased at one time unless the number purchased is the total number at the time available for purchase under the NQSO. Until the Common Shares represented by an exercised NQSO are issued to an Optionee, he shall have none of the rights of a shareholder.

7. The exercise price of a Stock Option, or portion thereof, may be paid:

A. In United States dollars, in cash or by cashier's check, certified check, bank draft or money order, payable to the order of the Company in an amount equal to the option price; or,

B. At the discretion of the Committee, through the delivery of fully paid and nonassessable Common Shares, with an aggregate fair market value (determined as the average of the highest and lowest reported sales prices on the Common Shares as of the date of exercise of the NQSO, as reported by such responsible reporting service as the Committee may select, or if there were not transactions in the Common Shares on such day, then the last preceding day on which transactions took place), as of the date of the NQSO exercise equal to the option price, provided such tendered shares, or any derivative security resulting in the issuance of Common Shares, have been owned by the Optionee for at least 30 days prior to such exercise; or,

C. By a combination of both A and B above.

8. The Committee shall determine acceptable methods for tendering Common Shares as payment upon exercise of a Stock Option and may impose such limitations and prohibitions on the use of Common Shares to exercise an NQSO as it deems appropriate.

9. With the Optionee's consent, the Committee may cancel any Stock Option issued under this Plan and issue a new NQSO to such Optionee.

10. Except by will, the laws of descent and distribution, or with the written consent of the Committee, no right or interest in any Stock Option granted under the Plan shall be assignable or transferable, and no right or interest of any Optionee shall be liable for, or subject to, any lien, obligation or liability of the Optionee. Upon petition to, and thereafter with the written consent of the Committee, an Optionee may assign or transfer all or a portion of the Optionee's rights and interest in any stock option granted hereunder. Stock Options shall be exercisable during the Optionee's lifetime only by the Optionee or assignees, or the duly appointed legal representative of an incompetent Optionee, including following an assignment consented to by the Committee herein.

11. No NQSO shall be exercisable while there is outstanding any other NQSO which was granted to the Optionee before the grant of such option under the Plan or any other plan which gives the right to the Optionee to purchase stock in the Company or in a corporation which is a parent corporation (as defined in Section 425(e) of the Code) of the Company, or any predecessor corporation of any of such corporations at the time of the grant. An NQSO shall be treated as outstanding until it is either exercised in full or expires by reason of lapse of time.

12. Any Optionee who disposes of Common Shares acquired on the exercise of a NQSO by sale or exchange either (i) within two years after the date of the grant of the NQSO under which the stock was acquired, or (ii) within

one year after the acquisition of such Shares, shall notify the Company of such disposition and of the amount realized upon such disposition. The transfer of Common Shares may also be restricted by applicable provisions of the Securities Act of 1933, as amended.

ARTICLE VI

Adjustments or Changes in Capitalization

1. In the event that the outstanding Common Shares of the Company are hereafter changed into or exchanged for a different number of kinds of shares or other securities of the Company by reason of merger, consolidation, other reorganization, recapitalization, reclassification, combination of shares, stock split-up or stock dividend:

A. Prompt, proportionate, equitable, lawful and adequate adjustment shall be made of the aggregate number and kind of shares subject to Stock Options which may be granted under the Plan, such that the Optionee shall have the right to purchase such Common Shares as may be issued in exchange for the Common Shares purchasable on exercise of the NQSO had such merger, consolidation, other reorganization, recapitalization, reclassification, combination of shares, stock split-up or stock dividend not taken place;

B. Rights under unexercised Stock Options or portions thereof granted prior to any such change, both as to the number or kind of shares and the exercise price per share, shall be adjusted appropriately, provided that such adjustments shall be made without change in the total exercise price applicable to the unexercised portion of such NQSO's but by an adjustment in the price for each share covered by such NQSO's; or,

C. Upon any dissolution or liquidation of the Company or any merger or combination in which the Company is not a surviving corporation, each outstanding Stock Option granted hereunder shall terminate, but the Optionee shall have the right, immediately prior to such dissolution, liquidation, merger or combination, to exercise his NQSO in whole or in part, to the extent that it shall not have been exercised, without regard to any installment exercise provisions in such NQSO.

2. The foregoing adjustment and the manner of application of the foregoing provisions shall be determined solely by the Committee, whose determination as to what adjustments shall be made and the extent thereof, shall be final, binding and conclusive. No fractional Shares shall be issued under the Plan on account of any such adjustments.

ARTICLE VII

Merger, Consolidation or Tender Offer

1. If the Company shall be a party to a binding agreement to any merger, consolidation or reorganization or sale of substantially all the assets of the Company, each outstanding Stock Option shall pertain and apply to the securities and/or property which a shareholder of the number of Common Shares of the Company subject to the NQSO would be entitled to receive pursuant to such merger, consolidation or reorganization or sale of assets.

2. In the event that:

A. Any person other than the Company shall acquire more than 20% of the Common Shares of the Company through a tender offer, exchange offer or otherwise;

B. A change in the "control" of the Company occurs, as such term is defined in Rule 405 under the Securities Act of 1933;

C. There shall be a sale of all or substantially all of the assets of the Company; any then outstanding Stock Option held by an Optionee, who is deemed by the Committee to be a statutory officer ("insider") for purposes of Section 16 of the Securities Exchange Act of 1934 shall be entitled to receive, subject to any action by the Committee revoking such an entitlement as provided for below, in lieu of exercise of such Stock Option, to the extent that it is then exercisable, a cash payment in an amount equal to the difference between the aggregate exercise price of such NQSO, or portion thereof, and, (i) in the event of an offer or similar event, the final offer price per share paid for Common Shares, or such lower price as the Committee may determine to conform an option to preserve its Stock Option status, times the number of Common Shares covered by the NQSO or portion thereof, or (ii) in the case of an event covered by B or C above, the aggregate fair market value of the Common Shares covered by the Stock Option, as determined by the Committee at such time.

3. Any payment which the Company is required to make pursuant to paragraph 2 of this Article VII, shall be made within 15 business days, following the event which results in the Optionee's right to such payment. In the event of a tender offer in which fewer than all the shares which are validity tendered in compliance with such offer are purchased or exchanged, then only that portion of the shares covered by an NQSO as results from multiplying such shares by a fraction, the numerator of which is the number of Common Shares acquired purchase to the offer and the denominator of which is the number of Common Shares tendered in compliance with such offer, shall be used to determine the payment thereupon. To the extent that all or any portion of a Stock Option shall be affected by this provision, all or such portion of the NQSO shall be terminated.

4. Notwithstanding paragraphs 1 and 3 of this Article VII, the Company may, by unanimous vote and resolution, unilaterally revoke the benefits of the above provisions; provided, however, that such vote is taken no later than ten business days following public announcement of the intent of an offer of the change of control, whichever occurs earlier.

ARTICLE VIII

Amendment and Termination of Plan

1. The Board may at any time, and from time to time, suspend or terminate the Plan in whole or in part or amend it from time to time in such respects as the Board may deem appropriate and in the best interest of the Company.

2. No amendment, suspension or termination of this Plan shall, without the Optionee's consent, alter or impair any of the rights or obligations under any Stock Option theretofore granted to him under the Plan.

3. The Board may amend the Plan, subject to the limitations cited above, in such manner as it deems necessary to permit the granting of Stock Options meeting the requirements of future amendments or issued regulations, if any, to the Code.

4. No NQSO may be granted during any suspension of the Plan or after termination of the Plan.

ARTICLE IX

Government and Other Regulations

The obligation of the Company to issue, transfer and deliver Common Shares for Stock Options exercised under the Plan shall be subject to all applicable laws, regulations, rules, orders and approval which shall then be in effect and required by the relevant stock exchanges on which the Common Shares are traded and by government entities as set forth below or as the Committee in its sole discretion shall deem necessary or advisable. Specifically, in connection with the Securities Act of 1933, as amended, upon exercise of any Stock Option, the Company shall not be required to issue Common Shares unless the Committee has received evidence satisfactory to it to the effect that the Optionee will not transfer such shares except pursuant to a registration statement in effect under such Act or unless an opinion of counsel satisfactory to the Company has been received by the Company to the effect that such registration is not required. Any determination in this connection by the Committee shall be final, binding and conclusive. The Company may, but shall in no event be obligated to take any other affirmative action in order to cause the exercise of a Stock Option or the issuance of Common Shares purchase thereto to comply with any law or regulation of any government authority.

ARTICLE X

Miscellaneous Provisions

1. No person shall have any claim or right to be granted a Stock Option under the Plan, and the grant of an NQSO under the Plan shall not be construed as giving an Optionee the right to be retained by the Company. Furthermore, the Company expressly reserves the right at any time to terminate its relationship with an Optionee with or without cause, free from any liability, or any claim under the Plan, except as provided herein, in an option agreement, or in any agreement between the Company and the Optionee.

2. Any expenses of administering this Plan shall be borne by the Company.

3. The payment received from Optionee from the exercise of Stock Options under the Plan shall be used for the general corporate purposes of the Company.

4. The place of administration of the Plan shall be in the State of Nevada, and the validity, contraction, interpretation, administration and effect of the Plan and its rules and regulations, and rights relating to the Plan, shall be determined solely in accordance with the laws of the State of Nevada.

5. Without amending the Plan, grants may be made to persons who are foreign nationals or employed outside the United States, or both, on such terms and conditions, consistent with the Plan's purpose, different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to create equitable opportunities given differences in tax laws in other countries.

6. In addition to such other rights of indemnification as they may have as members of the Board or Committee, the members of the Committee shall be indemnified by the Company against all costs and expenses reasonably incurred by them in connection with any action, suite or proceeding to which they or any of them may be party by reason of any action taken or failure to act under or in connection with the Plan or any Stock Option granted thereunder, an against all amount paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except a judgment based upon a finding of bad faith; provided that upon the institution of any such action, suit or proceeding a Committee member shall in writing, give the Company notice thereof and an opportunity, at its own expense, to handle and defend the same before such Committee member undertakes to handle and defend it on his own behalf.

7. Stock Options may be granted under this Plan from time to time, in substitution for stock options held by employees of other corporations who are about to become employees of the Company as the result of a merger or consolidation of the employing corporation with the Company or the acquisition by the Company of the assets of the employing corporation or the acquisition by the Company of stock of the employing corporation as a result of which it become a subsidiary of the Company. The terms and conditions of such substitute stock options so granted my vary from the terms and conditions set forth in this Plan to such extent as the Board of Directors of the Company at the time of grant may deem appropriate to conform, in whole or in part, to the provisions of the stock options in substitution for which they are granted, but no such variations shall be such as to affect the status of any such substitute stock options as a stock option under Section 422A of the Code.

8. Notwithstanding anything to the contrary in the Plan, if the Committee finds by a majority vote, after full consideration of the facts presented on behalf of both the Company the Optionee, that the Optionee has been engaged in fraud, embezzlement, theft, commission of a felony or proven dishonesty in the course of his association with the Company or any subsidiary corporation which damaged the Company or any subsidiary corporation, or for disclosing trade secrets of the Company or any subsidiary corporation, the Optionee shall forfeit all unexercised Stock Options and all exercised NQSO's under which the Company has not yet delivered the certificates and which have been earlier granted the Optionee by the Committee. The decision of the Committee as to the case of an Optionee's discharge and the damage done to the Company shall be final. No decision of the Committee, however, shall affect the finality of the discharge of such Optionee by the Company or any subsidiary corporation in any manner. Further, if Optionee voluntarily terminates employment with the Company, the Optionee shall forfeit all unexercised stock options.

ARTICLE XI

Written Agreement

Each Stock Option granted hereunder shall be embodied in a written Stock Option Agreement which shall be subject to the terms and conditions prescribed above and shall be signed by the Optionee and by the President or any Vice President of the Company, for and in the name and on behalf of the Company.
