Dear Stockholder,

I would like to invite you to join the board of directors and senior management of Kingsway Financial Services Inc. at our next annual and special meeting, which convenes at 1:00 p.m. (Toronto time) on Thursday, May 31, 2012, at the offices of Norton Rose Canada LLP, Suite 3800, Royal Bank Plaza, South Tower, Toronto, Ontario, M5J 2Z4. At the meeting, you will be asked to receive and consider the consolidated financial statements, elect four directors, approve the appointment of BDO USA LLP as our independent registered public accounting firm, and consider the approval of the compensation of the named executive officers on a non-binding and advisory basis, as well as how often such approvals should be held. You will also be asked to consider a special resolution to effect a share consolidation. The accompanying proxy statement provides you with detailed information about the share consolidation. We encourage you to read the entire proxy statement carefully. Our board of directors has determined that the share consolidation is fair to and in the best interests of Kingsway Financial Services Inc. and shareholders and recommends that you vote "FOR" its approval.

Your vote is very important. We cannot implement a share consolidation unless two thirds of the votes cast at the meeting by the shareholders present (in person or by proxy) are cast in favor of the approval and adoption of the consolidation.

Whether or not you plan to attend the special meeting, please complete, date, sign and return, as promptly as possible, the enclosed form of proxy in the accompanying reply envelope, or vote by telephone or the Internet. If you have Internet access, we encourage you to record your vote via the Internet. If you attend the annual and special meeting and vote in person, your vote by ballot will revoke any proxy previously submitted.

I appreciate your participation, and I look forward to seeing you on May 31, 2012 in Toronto.

Sincerely,

"Larry G. Swets, Jr."

Larry G. Swets, Jr.

President and Chief Executive Officer

Q&A ON PROXY VOTING

Q: What am I voting on?

Shareholders are voting on the following: (i) the election of directors of the Corporation (the "Board"); (ii) the appointment of the auditors of the Corporation; (iii) the approval of a special resolution authorizing an amendment to the Corporation's articles of incorporation, if and when the Board shall deem appropriate to do so, but in any event no later than [1], 2012, to effect the share consolidation of the outstanding Common Shares of the Corporation, at a share consolidation ratio to be determined by the Board but within the range of one post-consolidation share for every two (2) pre-consolidation shares to one post-consolidation share for every five (5) pre-consolidation shares, (iv) the approval of an advisory non-binding resolution approving the 2011 compensation of the named executive officers, as disclosed in this Circular; and (v) the approval of an advisory non-binding resolution setting forth how frequently the Corporation should conduct a shareholder advisory vote on executive compensation.

Q: Who is entitled to vote?

Shareholders as of the close of business on the Record Date are entitled to vote. Each Common Share is entitled to one vote on those items of business identified in the Notice of Meeting. The form of proxy you received indicates the number of Common Shares that you own and are entitled to vote.

Q: Who can I call with questions?

If you have questions about the information contained in this Circular or require assistance in completing your form of proxy, please call Kingsdale Shareholder Services Inc., the Corporation's proxy solicitation agent, toll-free at 1-866-581-1479. Further contact details for Kingsdale Shareholder Services are located on the back cover of this Circular.

Q: How do I vote?

A: If you are a registered shareholder there are a number of ways you can vote your Shares:

In Person: You may vote in person at the Meeting.

By Mail: You may sign the enclosed form of proxy appointing the named persons or some other person you choose, who need not be a shareholder, to represent you as proxyholder and vote your Shares at the Meeting.

By Telephone: In addition, you may vote your Shares by telephone. Shareholders located in Canada can vote by telephone by calling [1], or in the United States by calling [1] and following the instructions on the form of proxy.

By Internet: You may vote over the Internet at [1] by following the instructions on the proxy card.

Voting by telephone or on the Internet is fast, convenient and your vote is immediately confirmed and tabulated. If you choose to vote by telephone or on the Internet, instructions to do so are set forth on the form of proxy. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a control number, which appears on the form of proxy. These procedures allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If you vote by telephone you will not be able to appoint a proxyholder. If you vote by telephone or on the Internet, your vote must be received by 11:59 p.m., Eastern Daylight Time, on [1], 2012.

Q: What if I plan to attend the Meeting and vote in person?

If you are a registered shareholder and plan to attend the Meeting on May 31, 2012 and wish to vote your Shares in person at the Meeting, do not complete or return the form of proxy. When you arrive to vote in person at the Meeting, please register with the transfer agent, Computershare Investor Services Inc. Computershare will remove your vote from the proxy tabulation and your vote will be counted in person. If your Shares are held in the name of a nominee and you wish to attend the Meeting, refer to the answer to the question "If my Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my Shares?" for voting instructions.

Q: Who is soliciting my proxy?

Your proxy is being solicited by or on behalf of management of the Corporation and the associated costs will be borne by the Corporation. The solicitation will be made primarily by mail, but may also be made in writing or in person by the employees of the Corporation or Computershare Investor Services Inc.

Q: What happens if I sign the form of proxy enclosed with this Circular?

Signing the enclosed form of proxy gives authority to Spencer Schneider, Chairman of the Board, or failing him, Larry G. Swets, Jr., President and Chief Executive Officer of the Corporation, respectively, or to another person you have appointed, to vote your Shares at the Meeting.

Q: Can I appoint someone other than these representatives to vote my Shares?

Yes. Write the name of this person, who need not be a shareholder, in the blank space provided in the form of proxy. It is important to ensure that any other person you appoint is attending the Meeting and is aware that he or she has been appointed to vote your Shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare Investor Services Inc.

Q: What do I do with my completed proxy?

Return it to the Corporation's transfer agent, Computershare Investor Services Inc., in the envelope provided or at Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1. Your form of proxy must be received by Computershare by no later than 1:00 p.m. (Toronto time) on Tuesday May 29, 2012. This will ensure that your vote is recorded. The proxy voting cut-off may be waived by the Chairman at his discretion without notice.

Q: How will my Shares be voted if I give my proxy?

A: On the form of proxy, you can indicate how you want your proxyholder to vote your Shares, or you can let your proxyholder decide for you. Your proxyholder must vote or withhold from voting in accordance with your instructions on any ballot that may be called for, and if you have specified on the form of proxy how you want your Shares to be voted on any matter to be acted upon, your Shares will be voted accordingly.

If you have not specified on the form of proxy how you want your Shares to be voted on a particular issue, then your proxyholder can vote your Shares as he or she sees fit in accordance with their best judgment.

In the absence of such directions, however, the management nominees will vote your Shares:

(a) in favor of: (i) the election of the proposed directors noted in the Circular to the Board; (ii) the appointment of the auditors; (iii) the approval of the special resolution authorizing the Board's discretionary authority to amend the Corporation's articles of incorporation to effect a share consolidation,; and (iv) the advisory non-binding resolutions approving the 2011 compensation of the named executive officers, as disclosed in this Circular;

(b) as having selected to hold future advisory non-binding votes to approve the compensation of the named executive officers annually.

Q: If I change my mind, can I revoke or change my proxy once I have given it?

A: Yes. You may revoke your proxy and change your vote at any time before the Meeting in one of four ways:

Send a written notice that is received by the deadline specified below stating that you revoke your proxy to Kingsway's Chief Financial Officer at the following address: 45 St. Clair Avenue West, Suite 400, Toronto, Ontario (i) M4V 1K9 CANADA. The statement must be signed by you or your attorney as authorized in writing or, if the shareholder is a corporation, signed under its corporate seal or by a duly authorized officer or attorney of the corporation;

(ii) If you sent a form of proxy by mail, complete a new form of proxy bearing a later date and properly submit it so that it is received according to the deadline below;

Log onto the Internet website specified on the form of proxy in the same manner you would to submit your proxy electronically or by calling the toll-free number specified on the form of proxy prior to the Meeting, in each case if you are eligible to do so and following the instructions on the form of proxy; or

(iv) Appear in person at the Meeting, declare your prior proxy to be revoked and then vote in person at the Meeting (although merely attending the Meeting will not revoke your proxy).

Any revocation of a proxy must be delivered either to the registered office of the Corporation at any time up to 5:00 p.m. (Toronto time) on Wednesday May 30, 2012 or to the chair of the Meeting on the day of the Meeting, Thursday May 31, 2012, or any adjournment or postponement of the Meeting, prior to the time of voting.

Q: What if amendments are made to these matters or if other matters are brought before the Meeting?

A: The persons named in the form of proxy will have discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

As of the date of this Circular, management of the Corporation knows of no such amendment, variation or other matter expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the form of proxy will vote on them in accordance with their best judgment.

Q: How many Shares are entitled to vote?

A: As of the Record Date, there were 52,595,828 Common Shares outstanding. Each registered shareholder has one vote for each Common Share held at the close of business on the Record Date.

Q: How will the votes be counted?

Except for the approval of the special resolution authorizing the Board's discretion to amend the articles of incorporation to effect a share consolidation, each proposal brought before the Meeting requires a majority of votes cast on each proposal for approval. A special resolution must be approved by at least two-thirds of the votes cast at the Meeting. In the case of equal votes, the Chairman of the Meeting is not entitled to a second or casting vote.

Abstentions from voting and broker non-votes will not be counted and will have no effect on the approval of matters to be considered at the Meeting. No holders of any Shares of the Corporation are entitled to cumulative voting rights. A "broker non-vote" occurs when a broker does not vote on some matter on the form of proxy because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Please note that your bank or broker cannot vote on your behalf on "non-routine" proposals without your instructions. "Routine" proposals include the ratification of the appointment of our independent registered public accounting firm. All other proposals set forth in the Circular are "non-routine" proposals.

Given the multiple voting choices available to shareholders under the advisory resolution setting how frequently the Corporation should conduct a shareholder advisory vote on executive compensation, it is possible that none of the alternatives of one, two or three years will receive a majority vote. Nevertheless, the Board considers this vote the equivalent of a poll of the shareholders and will consider the number of votes each alternative receives when making future decisions as to the timing of say-on-pay votes.

Q: Who counts the votes?

A: The Corporation's transfer agent, Computershare Investor Services Inc., counts and tabulates the proxies.

Q: If I need to contact the transfer agent, how do I reach them?

A: You can contact the transfer agent as follows:

by mail:

Computershare Investor Services Inc.

by telephone or email:

within Canada and the United States at 1-800-564-6253

all other countries (416) 981-9633

Q: If my Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my Shares?

A: Generally, your Shares may be voted in one of two ways:

Unless you have previously informed your nominee that you do not wish to receive material relating to the

(i) Meeting, you will have received this Circular from your nominee, together with a request for voting instructions for the number of Shares you hold. If you do not plan on attending the Meeting, or do not otherwise wish to vote in person at the Meeting, please follow the voting instructions provided by your nominee.

If you wish to attend and vote your Shares at the Meeting, the Corporation will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the voting instruction

(ii) form sent to you by your nominee. Then sign and return the voting instruction form by following the signing and returning instructions provided by your nominee. By doing so, you are instructing your nominee to appoint you as proxyholder. Do not otherwise complete the voting instruction form as your vote will be taken at the Meeting.

Please register with the transfer agent, Computershare Investor Services Inc., upon arrival at the Meeting.

In any event, shareholders must explicitly follow any instructions provided by their nominee.

Q: Is the vote on the say-on-pay proposal and say-on-frequency proposal binding on the Board?

A: Because your vote is advisory, it will not be binding upon the Board. However, the Board values the opinions of our shareholders and will take into account the outcome of the vote when considering future executive compensation arrangements as it deems appropriate.

Q: How can I obtain additional information about Kingsway?

A: Our Annual Report on Form 10-K for the year ended December 31, 2011, can be found under the Corporation's name on the System for Electronic Document Analysis and Retrieval ("SEDAR") at www.sedar.com, or on the SEC's Electronic Data Gathering, Analysis, and Retrieval System ("EDGAR") at www.sec.gov. ELECTION OF DIRECTORS

Our articles of incorporation provide that the Board shall consist of not fewer than one and not more than ten directors. The Board has determined that the number of directors constituting the Board currently be set at four. All four nominees are currently members of the Board and have been since the dates indicated in their respective profiles set out below. It is contemplated that all of the nominees will be able to serve as directors. However, if a nominee should be unable to so serve for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion. Each director elected will hold office until the next annual meeting or until his successor is appointed, unless his office is earlier vacated in accordance with the Ontario Business Corporations Act ("OBCA") and the by-laws of the Corporation.

In 2009, the Board adopted a "Majority Election of Directors Policy" that provides that a director nominee who does not receive a majority (50% +1) of "for" votes in favor of their election in an uncontested election will be required to immediately submit their resignation to the Audit Committee. The Audit Committee must make a recommendation to the Board to accept or reject the resignation and the Board must act on the Audit Committee's recommendation within 90 days of the Meeting.

Management unanimously recommends that shareholders vote FOR the election of all of the nominees whose names are set forth on the following pages. In the absence of contrary instructions, the persons designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the election of all of the nominees whose names are set forth on the following pages.

Information set out below is as of April 19, 2012, unless otherwise indicated. Total compensation paid to the directors of the Corporation for the fiscal year ended December 31, 2011 is set out in the section entitled "Executive Compensation - Director Compensation Table" of this Circular.

For the purposes of the foregoing, the term "order" means a cease trade order, an order similar to a cease trade order, or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days.

To the knowledge of management, no nominee for election as a director of the Corporation has been subject to:

APPROVAL RATIFICATION OF APPOINTMENT OF AUDITORS

The Board recommends approval of the appointment of BDO USA LLP of Grand Rapids, Michigan ("BDO USA"), the present auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of shareholders. BDO USA was appointed auditor of the Corporation on September 23, 2010, and has provided services in connection with the audit of our financial statements for the year ended December 31, 2011, assistance with our Annual Report submitted to the SEC on Form 10-K, and consultation on matters relating to accounting and financial reporting.

Changes in Accountants

The Corporation engaged BDO USA as the Corporation's registered public accounting firm on September 23, 2010, on which date our previous independent auditor, KPMG LLP ("KPMG"), resigned upon the request of the

Corporation. The decision to change registered public accounting firms and the appointment of the new registered public accounting firm was made by the Board. BDO USA audited our financial statements for the fiscal year ended December 31, 2010. KPMG served as our principal accountant during the fiscal year ended December 31, 2009. In connection with the audit of the financial statements of the Corporation for the fiscal year ended December 31, 2008, and through the subsequent interim period preceding KPMG's dismissal, the Corporation did not consult with BDO USA regarding

(i) the application of accounting principles to any proposed transaction or the rendering of any audit opinion on the Corporation's consolidated financial statements; or (ii) any matter that was either the subject of a "disagreement" or a "reportable event," as those terms are defined in Item 304(a)(1) of Regulation S-K).

The audit reports of KPMG: (i) on the consolidated financial statements of the Corporation and its subsidiaries as of and for the years ended December 31, 2009 and 2008 did not contain any adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle; and (ii) on the effectiveness of internal control over financial reporting as of December 31, 2009 and 2008 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principle. In connection with the audit of the financial statements of the Corporation for the fiscal years ended December 31, 2008 and 2009, and through the subsequent interim period preceding KPMG's dismissal, there were (i) no "disagreements" between the Corporation and KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which, if not resolved to the satisfaction of KPMG would have caused KPMG to make reference thereto in their reports on the consolidated financial statements for such years, and (ii) no "reportable events."

AUDIT FEES

The aggregate fees billed by BDO USA for professional services rendered for the audit of the consolidated financial statements of the Corporation and its subsidiaries, and for the reviews of the Corporation's quarterly financial statements were CAD\$924,700 in fiscal year 2011 and CAD\$1,027,914 in fiscal year 2010. The aggregate fees billed by KPMG, the Corporation's former auditor, for professional services rendered for the audit of the consolidated financial statements of the Corporation and its subsidiaries, and for the reviews of the Corporation's quarterly financial statements were CAD\$3,791,931 in fiscal year 2009 and CAD\$594,545 for partial year work performed in 2010.

AUDIT RELATED FEES

The aggregate audit related fees, including expenses reimbursed, billed by BDO USA were CAD\$924,700 in fiscal year 2011 and zero in fiscal year 2010. The aggregate audit related fees, including expenses reimbursed, billed by KPMG were zero in fiscal year 2011, CAD\$135,161 in fiscal year 2010 and CAD\$175,000 in fiscal year 2009. This work primarily included consultations related to financial accounting and reporting standards in both 2010 and 2009; and the audit of a subsidiary's pension plan and French translation services in 2009.

TAX FEES

The aggregate fees, including expenses reimbursed, billed by BDO USA for tax compliance, tax advice and tax planning services were zero in fiscal years 2011 and 2010. The aggregate fees, including expenses reimbursed, billed by KPMG for tax compliance, tax advice and tax planning services were CAD\$486,706 in fiscal year 2010 and CAD\$704,807 in fiscal year 2009. These services included analyses of various tax matters affecting the Corporation and its subsidiaries.

ALL OTHER FEES

The aggregate fees, including expenses reimbursed, billed by BDO USA for services rendered to the Corporation and its subsidiaries, other than the services described above, were zero in fiscal years 2011 and 2010. The aggregate fees, including expenses reimbursed, billed by KPMG for services rendered to the Corporation and its subsidiaries, other than the services described above, were CAD\$2,000 in fiscal year 2009.

The Audit Committee Charter provides for the Audit Committee to establish the auditors' fees. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

As discussed in the "Report of the Audit Committee" in this Circular, the Audit Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence. In 2004, the Audit Committee considered and pre-approved expenditure limits for the Corporation's auditors and established a system to review and pre-approve the provision of audit and non-audit services by the Corporation's auditors to ensure they are consistent with maintaining the auditors' independence. In 2011, all non-audit services were approved by the Audit Committee.

Management unanimously recommends that shareholders vote FOR the approval of the appointment of BDO USA as auditors of the Corporation. In the absence of contrary instructions, the persons designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the approval of the appointment of BDO USA as auditors of the Corporation.

BOARD AUTHORITY TO EFFECT A SHARE CONSOLIDATION AND THE RELATED AMENDMENT TO OUR ARTICLES OF CORPORATION, AT THE DISCRETION OF THE BOARD

Shareholders at the Meeting will be asked to consider, and, if thought advisable, to give the Board the authority to effect a share consolidation (also known as a reverse stock split) and effect the related amendment to the Corporation's articles of incorporation. The ratio of the share consolidation will be within the range of one post-consolidation share for every two (2) pre-consolidation shares to one post-consolidation share for every five (5) pre-consolidation shares, with the final decision whether to proceed with the share consolidation, and the exact ratio and timing of the share consolidation, to be determined by the Board, in its discretion, if at all, prior to [I], 2012.

If shareholders approve this special resolution, our Board will have the authority, but not the obligation, in its sole discretion and without further action on the part of the shareholders, to select the share consolidation ratio within the noted range and effect the approved share consolidation by filing the amendment to the articles of incorporation. If the amendment to the articles of incorporation has not been filed by the close of business on [I], 2012 the Board will abandon the share consolidation. If the share consolidation is implemented, the amendment to the articles of incorporation would not change the par value per share of our Common Shares or the Corporation's authorized share capital. Except for dilution resulting from our proposed treatment of fractional shares (as described below), each shareholder will hold the same percentage of Common Shares outstanding immediately after the share consolidation as such shareholder held immediately prior to such event.

Our Board believes that shareholder approval of an exchange ratio range (rather than an exact exchange ratio) provides the Board with maximum flexibility to achieve the purposes of the share consolidation. If the shareholders approve this special resolution, the share consolidation will be effected, if at all, only upon a determination by the Board that the reverse stock split is in the Corporation's and the shareholders' best interests at that time. In connection with any determination to effect the share consolidation, the Board will set the time for such a share consolidation and select a specific ratio within the approved range. These determinations will be made by the Board with the intention to create the greatest marketability for our Common Shares based upon prevailing market conditions at that time. The Board reserves its right to elect to abandon the share consolidation if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Corporation and its shareholders.

RESOLUTION

In order to give the Board the authority to effect the share consolidation in their discretion, the special resolution of shareholders, in the form set out in Schedule B to this Circular, must be passed by the affirmative vote of at least two-thirds of the votes cast by the shareholders present (in person or by proxy) and entitled to vote at the Meeting. Management unanimously recommends that shareholders vote FOR the approval of the special resolution giving the Board authority to amend the Corporation's articles of incorporation to effect a share consolidation. In the absence of contrary instructions, the persons designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the approval of the special resolution.

PURPOSE OF THE SHARE CONSOLIDATION

The Board has determined that at this time, the authority to effect a share consolidation, if and when determined by the Board, is in the best interests of the Corporation. The Board anticipates the expected benefits resulting from a share consolidation to include the following:

1. Reduced risk of NYSE delisting: The share consolidation is intended to increase the price of the Common Shares in order to continue to meet the NYSE's price criteria for continued listing. The Common Shares are publicly traded and listed on the NYSE (and the TSX) under the symbol "KFS." NYSE rules provide that the Corporation will be considered below compliance standards if the average closing price of the Common Shares as reported on the consolidated tape is less than US\$1.00 over a consecutive 30 trading-day period. Once the Corporation receives notice of the low average share price, the Corporation must bring its share price and average share price back above

US\$1.00 within six months.The

12

Corporation's Common Shares have been trading at a price of less than US\$1.00 since August 2011. Notwithstanding the foregoing, however, the NYSE has granted us additional time until the Meeting to obtain the requisite approval of the share consolidation from shareholders. A share consolidation, if implemented, is intended to raise the trading price of our Common Shares and reduce the risk that our Common Shares would be delisted from NYSE. However, there can be no assurance that, following the share consolidation, the per share price of our Common Shares will remain above US\$1.00. If we are unable to regain compliance with the NYSE continued listing criteria, our Common Shares could be delisted by NYSE. If we were to be delisted from NYSE, our Common Shares could be subject to "penny stock" rules and other factors which could negatively impact our liquidity and our shareholders' ability to sell their shares.

More attractive share price: An increase in the price per share that may result from a share consolidation could heighten the interest of the financial community in the Corporation and broaden the pool of investors that may consider investing in the Corporation. As a matter of policy, many institutional investors are prohibited from purchasing stocks below certain minimum price levels. In addition, brokers often discourage their customers from purchasing such stocks. To the extent that the price per share of the Common Shares remains at a higher per share price as a result of the share consolidation, some of these concerns may be ameliorated.

A reduction in costs and fees for shareholders and the Corporation: Many investors pay commissions based on the number of Common Shares traded when they buy or sell Common Shares. If the share price were higher, these investors would pay lower commissions to trade a fixed dollar amount of Common Shares than they would if the share price were lower. In addition, the Corporation's management also believes that the share consolidation may reduce certain of its ongoing costs, such as the listing and transfer agent fees.

CERTAIN RISKS ASSOCIATED WITH THE SHARE CONSOLIDATION

The NYSE has several other listing requirements applicable to the listing of the Common Shares. There can be no assurance that the Corporation will be able to meet all of the continued listing requirements of the NYSE after a share consolidation. Moreover, there can be no assurance that the market price of the Common Shares after the share consolidation will adjust to reflect the decrease in Common Shares outstanding or that the market price following a share consolidation will either exceed or remain in excess of the current market price.

While the Corporation believes that a higher share price may help generate investor interest in the Common Shares, the share consolidation may not result in a share price that will attract institutional investors or investment funds or satisfy the investing guidelines of institutional investors or investment funds. If the share consolidation is implemented and the market price of the Common Shares declines, the percentage decline may be greater than would occur in the absence of the share consolidation. The market price of the Common Shares is also based on the Corporation's performance and other factors, which are unrelated to the number of Common Shares outstanding. The share consolidation may result in some shareholders owning "odd lots" of fewer than 100 Shares on a post-consolidation basis. Odd lots may be more difficult to sell, or require greater transaction costs per share to sell, than Common Shares in "board lots" of even multiples of 100 shares.

The share consolidation may result in an immaterial level of dilution for certain shareholders as we intend to round up fractional shares to the nearest whole share. For example, if the Corporation exchanges at a ratio of 1 share for each 5 shares outstanding, a shareholder holding 93 shares would receive 19 shares (reflecting a rounding up of 0.4 shares from 18.6 shares to 19 shares) without the payment of any consideration. This would result in dilution to other shareholders in the aggregate equal to the amount of rounding (0.4 shares in this example). If, in any instance, such rounding up of a fractional share would result in any shareholder reaching a 5.0% ownership threshold, such fractional share shall be rounded down to the nearest whole share.

BOARD DISCRETION TO IMPLEMENT THE SHARE CONSOLIDATION

The Board believes that shareholder approval of a range of share consolidation ratios (rather than a single exchange ratio) is in the best interests of shareholders because it provides the Board with the flexibility to achieve the desired results of the share consolidation and because it is not possible to predict market conditions at the time the share consolidation would be implemented. If shareholders approve the resolution, the Board would carry out a share consolidation only upon the Board's determination that a share consolidation would be in the best interests of the

shareholders at that time. The Board would then set the ratio for the share consolidation within the range approved by shareholders and in an amount it determines is advisable and in the best interests of the shareholders considering relevant market conditions at the time the share consolidation is to be implemented. In determining the ratio, following receipt of shareholder approval, the Board of Directors may consider, among other things:

13

- the historical prices and trading volume of the Common Shares;
- the then-prevailing trading price and trading volume of the Common Shares and the anticipated impact of the share consolidation on the trading market for the Common Shares;
- the outlook for the trading price of the Common Shares;
- threshold prices of brokerage houses or institutional investors that could impact their ability to invest or recommend investments in the Common Shares;
- the Corporation's ability to maintain compliance with the listing requirements of the NYSE;
- minimizing the amount of "rounding up" to avoid dilution; and
- prevailing general market and economic conditions.

The Board intends to select a share consolidation ratio that it believes would be most likely to achieve the anticipated benefits of the share consolidation described above.

The Board reserves its right to elect to abandon the share consolidation if it determines, in its sole discretion, that it is no longer in the best interests of the Corporation and its shareholders.

EFFECTIVE DATE

If the share consolidation is implemented, the Corporation will file a Certificate of Amendment with the Director under the OBCA. The share consolidation becomes effective upon such filing of the Certificate of Amendment (or at such later time as may be set forth in the Certificate of Amendment). No further action on the part of shareholders would be required to either effect or abandon the share consolidation. If the Board does not implement the share consolidation prior to [1], 2012, the authority granted in the resolution to implement the share consolidation will terminate. The Board reserves its right to elect not to proceed and abandon the share consolidation if it determines, in its sole discretion, that this proposal is no longer in the best interests of shareholders.

If the share consolidation is implemented, the Corporation will continue to be subject to periodic reporting and other requirements of the Exchange Act. The Common Shares will continue to be listed on the NYSE Stock Exchange (and the TSX) under the symbol "KFS", although NYSE will add the letter "D" to the end of the trading symbol for a period of 20 trading days after the effective date to indicate that the share consolidation has occurred.

Impact of the Share Consolidation if Implemented

If approved and effected, the share consolidation will be realized simultaneously and in the same ratio for all of our Common Shares. Except as described below in respect of fractional shares, the share consolidation will affect all holders of our Common Shares uniformly and will not affect any shareholder's percentage ownership interest in the Corporation.

The principal effects of the share consolidation will be that:

depending on the ratio for the share consolidation selected by our Board, any whole number of pre-consolidation Common Shares between 2 and 5 as determined by the Board, will be combined into one new post-consolidation Common Shares;

• the number of post-consolidation Common Shares issued and outstanding will be reduced from 52,595,828 to a range of approximately 26,297,914 to 10,519,165 depending upon the share consolidation ratio selected by the Board;

• the number of authorized Securities of the Corporation will remain as unlimited;

based upon the share consolidation ratio selected by our Board, proportionate adjustments will be made to the per share exercise price and/or the number of shares issuable upon the exercise or conversion of all outstanding options, or other securities that are convertible into Common Shares, which will result in approximately the same aggregate price being required to be paid for such options upon exercise immediately preceding the share consolidation; and the number of Common Shares reserved for issuance or pursuant to the securities or plans described in the

immediately preceding bullet will be reduced proportionately based upon the share consolidation ratio selected by our Board.

MECHANICS OF THE SHARE CONSOLIDATION

Exchange of Stock Certificates

If the share consolidation is implemented, each certificate representing pre-consolidation Common Shares will, until surrendered and exchanged as described below, for all corporate purposes, be deemed to represent, respectively, only the applicable number of post-consolidation shares.

Accompanying this Circular and form of proxy is the form of letter of transmittal which must be used in forwarding certificates for surrender and exchange for certificates representing the number of Common Shares the holder is entitled to receive as a consequence of the share consolidation (the "Letter of Transmittal"). The Letter of Transmittal includes instructions specifying other details of the exchange.

If the proposed share consolidation is approved by shareholders and implemented, the Corporation will publicly announce the effective date of the share consolidation and the share consolidation ratio selected. Following such announcements, shareholders are encouraged to deliver a completed Letter of Transmittal and relevant certificates representing the pre-share consolidation shares to Computershare (the "Depositary") at the address specified in the Letter of Transmittal, whereupon new share certificates representing the post share consolidation shares will be forwarded to those shareholders without charge.

The method chosen for delivery of share certificates and Letters of Transmittal to the Depositary is the responsibility of the shareholder and neither the Depositary nor the Corporation will have any liability in respect of share certificates and/or Letters of Transmittal which are not actually received by the Depositary.

No delivery of post-consolidation share certificates will be made until the shareholder has surrendered to the Depositary the current share certificates together with a completed and executed Letter of Transmittal, whereupon the shareholder will receive in exchange therefor certificates representing the number of Shares following the share consolidation to which the holder is entitled. No shareholder will be required to pay a transfer or other fee to exchange his, her or its certificates. Shareholders should not send in certificates until the Corporation announces that the share consolidation has become effective. In connection with the share consolidation, the CUSIP for the Common Shares will change from its current CUSIP number. This new CUSIP number will appear on any new stock certificates issued representing post-consolidation shares.

Shareholders should not destroy any share certificate(s) and should not submit any share certificate(s) until following the announcement by the Corporation of the completion of the share consolidation.

SHAREHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY SHARE CERTIFICATE(S) UNTIL FOLLOWING THE ANNOUNCEMENT BY THE CORPORATION OF THE COMPLETION OF THE SHARE CONSOLIDATION.

Effect on Registered "Book-entry" Holders of Common Shares

Holders of Common Shares may hold some or all of their Common Shares electronically in book-entry form ("street name") under the direct registration system for securities. These shareholders will not have stock certificates evidencing their ownership. They are, however, provided with a statement reflecting the number of Shares registered in their accounts.

If you hold registered Common Shares in book-entry form, you do not need to take any action to receive your post-consolidation shares, if applicable. If you are entitled to post-consolidation shares, a transaction statement will automatically be sent to your address of record indicating the number of Common Shares you hold following the share consolidation.

Beneficial Holders of Common Shares (Shareholders Who Hold in "Street Name")

Upon the share consolidation, we intend to treat shares held by shareholders in "street name," through a bank, broker or other nominee, in the same manner as registered shareholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the share consolidation for their beneficial holders holding our Common Shares in "street name." However, these banks, brokers or other nominees may have different procedures than registered shareholders for processing the share consolidation. If a shareholder holds shares of our Common Shares with a bank, broker or other nominee and has any questions in this regard, shareholders are encouraged to contact their bank, broker or other nominee.

Fractional Shares

No fractional shares will be issued. As set forth in the special resolution, any fractional share resulting from the share consolidation will be rounded up to the next whole share.

No Dissent Rights

Under, the OBCA, shareholders are not entitled to dissent rights with respect to the share consolidation, and we will not independently provide shareholders with any such right.

ACCOUNTING MATTERS

The per share net income or loss of the Common Shares, for all periods, will be restated because there will be fewer outstanding Shares of the Corporation. The share consolidation will not affect the par value of a Common Share.

US FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain material U.S. federal income tax consequences of the proposed share consolidation to U.S. Holders (as defined below). The following does not purport to be a complete discussion of all of the possible U.S. federal income tax consequences of the share consolidation and is included for general information only. It does not address any U.S. state, local, estate, gift, or non-U.S. income or other tax consequences. It addresses only U.S. Holders who hold the pre-consolidation shares and post-consolidation shares as capital assets. It does not address U.S. Holders subject to special rules, such as financial institutions, regulated investment companies, personal holding companies, tax-exempt organizations, insurance companies, dealers in securities, foreign shareholders, persons that own or have owned (directly, indirectly or constructively) 5% or more, by voting power or value, of the outstanding equity interests of the Corporation, U.S. Holders who hold the pre-consolidation shares as part of a straddle, hedge or conversion transaction, U.S. Holders who are subject to the alternative minimum tax provisions of the Internal Revenue Code of 1986, as amended (the "Code"), U.S. Holders who hold options or warrants to acquire Common Shares, or U.S. Holders who acquired their pre-consolidation shares pursuant to the exercise of employee stock options, warrants or otherwise as compensation. This summary assumes that the Corporation will not be and has never been a "passive foreign investment company" within the meaning of Section 1297 of the Code. This summary is based upon the Code, applicable U.S. Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings, all as in effect on the date of this proxy statement. Changes to the laws could alter the tax consequences described below, possibly retroactively. We have not obtained a ruling from the Internal Revenue Service (the "IRS") or an opinion of legal or tax counsel with respect to the consequences of the share consolidation. The tax treatment of a U.S. Holder may vary depending upon his, her or its particular facts and circumstances. Each U.S. Holder is advised to consult his, her or its tax advisor as to his, her or its own situation.

This discussion does not address the U.S. federal income tax considerations of the proposed share consolidation to an entity that is a partnership for U.S. federal income tax purposes, or the partners of such partnership. Partnerships and partners should consult their own tax advisors.

For purposes of this summary, a "U.S. Holder" is a beneficial owner of Common Shares that, for U.S. federal income tax purposes, is (a) an individual who is a citizen or resident of the United States, (b) a corporation, or other entity classified as a corporation for U.S. federal income tax purposes, that is treated, for U.S. federal income tax purposes, as being created or organized in or under the laws of the United States, any state in the United States or the District of Columbia, (c) an estate if the income of the estate is subject to U.S. federal income tax regardless of the source of the income, or (d) a trust if (i) the trust has validly elected to be treated as a U.S. person for U.S. federal income tax purposes or (ii) a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

A U.S. Holder should not recognize gain or loss as a result of the share consolidation. The aggregate tax basis of the Common Shares received by such U.S. Holder in the share consolidation should be equal to the aggregate tax basis of the pre-consolidation shares exchanged therefor. The holding period of the post-consolidation shares received should include the holding period of the pre-consolidation shares exchanged therefor.

The Corporation should not recognize any gain or loss as a result of the share consolidation.

The Corporation's view regarding the tax consequences of the proposed share consolidation is not binding on the IRS or the courts. ACCORDINGLY, EACH U.S. HOLDER SHOULD CONSULT WITH HIS, HER OR ITS OWN TAX ADVISOR WITH RESPECT TO ALL OF THE POTENTIAL TAX CONSEQUENCES TO HIM, HER OR IT OF

THE SHARE CONSOLIDATION.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the principal Canadian federal income tax consequences generally applicable to a shareholder who, for purposes of the Income Tax Act (Canada) (the "Tax Act") and at all relevant times, holds Common Shares as capital property and who is not affiliated with, and deals at arm's length with, the Corporation. Generally, the Common Shares will be considered to be capital property of a shareholder provided that they are not held in the course of carrying on a business or in connection with an adventure or concern in the nature of trade. Certain shareholders who are residents in Canada for purposes of the Tax Act and who might not otherwise be considered to hold their Common Shares as capital property may, in certain circumstances, be entitled to have the Common Shares and all other "Canadian securities," as defined in the Tax Act, treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. This summary is not applicable to a shareholder: (i) that is a "financial institution" for the purposes of the mark-to market rules contained in the Tax Act; (ii) that is a "specified financial institution" or "restricted financial institution" as defined in the Tax Act; (iii) representing an interest which is a "tax shelter investment" as defined in the Tax Act, or (iv) that reports its Canadian tax results in a currency other than Canadian currency. Such shareholders are advised to consult their own tax advisors. This summary also does not address any tax considerations relevant to the acquisition, holding or disposition of Common Shares, other than those Canadian federal income tax issues that are directly the consequence of the proposed share consolidation.

The summary is based on the current provisions of the Tax Act and the regulations thereunder, (the "Regulations"), and the current administrative practices and assessing policies of the Canada Revenue Agency ("CRA") published in writing and publicly available prior to the date hereof. This summary takes into account all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and assumes that all such proposed amendments will be enacted in the form proposed. This summary does not otherwise take into account or anticipate any change in law, or administrative practices and assessing policies, whether by legislative, government or judicial decision or action.

This summary is of a general nature only and is not intended to be, and should not be construed as, legal or tax advice to any particular shareholder. This summary is not exhaustive of all Canadian federal income tax considerations and does not take into account provincial, territorial or foreign tax considerations, which may vary from the Canadian federal income tax considerations described herein. Shareholders are advised to consult their own tax advisors with regard to their particular circumstances.

Based on the Corporation's understanding of the current administrative practices and assessing policies of the CRA, a shareholder will not be considered to have disposed of his, her or its Common Shares solely as a result of the share consolidation. Consequently, the share consolidation will not result in the realization of a capital gain or capital loss by a shareholder. In general, the aggregate adjusted cost base of the Common Shares held by a shareholder immediately after the share consolidation will be the same as the aggregate adjusted cost base of the Common Shares held by such shareholder immediately before the share consolidation.

NO GOING PRIVATE TRANSACTION

Notwithstanding the decrease in the number of outstanding shares following the share consolidation, the Board does not intend for this transaction to be the first step in a series of plans or proposals of a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

The Corporation is providing shareholders with a non-binding advisory vote to approve the compensation of the named executive officers, commonly known as a "say-on-pay" vote, as required by Section 14A of the Exchange Act. Section 14A of the Exchange Act was amended in response to the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"). The advisory vote on executive compensation is a non-binding vote on the compensation of the Corporation's named executive officers, as described in "Executive Compensation - Compensation Discussion and Analysis" below. In addition, shareholders may abstain from voting, if they so choose. The Dodd-Frank Act requires the Corporation to hold an advisory vote on executive compensation at least once every three years. Accordingly, the following resolution will be submitted for a shareholder vote at the 2012 Meeting:

RESOLVED, that the compensation paid to the Corporation's named executive officers, including the Compensation Discussion and Analysis compensation tables and narrative discussion as contained in the Corporation's Management Information Circular dated [1], 2012 is hereby approved.

17

As an advisory vote, the result of the say-on-pay vote is non-binding on the Corporation and the Board. However, the Board and the Compensation Committee value the opinions of shareholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

Shareholders are urged to read carefully the Compensation Discussion and Analysis section of this Circular beginning on page [1] and consider the various factors regarding compensation matters discussed therein.

Management unanimously recommends that shareholders vote FOR the approval of the advisory resolution approving the 2011 compensation of the named executive officers, as disclosed in this Circular. In the absence of contrary instructions, the persons designated by management of the Corporation in the enclosed form of proxy intend to vote FOR the approval of the advisory resolution approving the 2011 compensation of the named executive officers.

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Pursuant to the Exchange Act, the Corporation is also providing shareholders with a non-binding advisory vote on the frequency with which the Corporation's shareholders will have a non-binding, advisory vote on executive compensation (a "say-on-pay-frequency" vote). The say-on-pay-frequency vote is a non-binding vote as to how often the say-on-pay vote should occur: every year, every two years or every three years. In addition, shareholders may abstain from voting, if they so choose. The Dodd-Frank Act requires the Corporation to hold a say-on-frequency vote at least once every six years. Accordingly, the following resolution will be submitted for a shareholder vote at the 2012 Meeting:

RESOLVED, that the highest number of votes cast by the shareholders of the Corporation for the option set forth below shall be the preferred frequency with which the Corporation is to hold a non-binding advisory vote on the approval of the compensation of its named executive officers included in the Circular:

every year _____ every two years _____ every three years _____

As an advisory vote, the result of the say-on-frequency vote is non-binding on the Corporation and the Board. However, the Board and the Compensation Committee will carefully review and consider the voting results when determining the frequency with which future say-on-pay votes will be included in the Corporation's proxy statement.

Shareholders are not voting to approve or disapprove of the Board's recommendation. Instead, the form of proxy provides shareholders with four choices with respect to this proposal: annually, every two years, every three years or to abstain from voting on the proposal. The option of annually, every two years or every three years that receives the highest number of votes cast by the holders of the shares of the Common Shares present in person or by proxy at the Meeting will constitute shareholder non-binding approval with respect to the frequency of submission to shareholders of say-on-pay proposals.

In formulating its recommendation, the Board considered that an annual non-binding advisory vote on executive compensation is advisable for a number of reasons, including:

An annual say-on-pay vote will allow the Board to obtain shareholder input on the Corporation's executive compensation program on a more consistent basis which aligns more closely with the Board's objective to engage in regular dialogue with shareholders on corporate governance matters, including the Corporation's executive compensation philosophy, policies and practices;

A one-year frequency provides the highest level of accountability and communication by enabling the say-on-pay vote to correspond with the most recent executive compensation information presented in the Corporation's proxy statement for the annual meeting;

A longer approach may make it more difficult for the Compensation Committee to understand and respond to the voting results because it may be unclear whether the shareholder vote pertains to the most recent executive

compensation information presented in the Corporation's proxy statement for the annual meeting or to pay practices from the previous two years or both; and

• Holding say-on-pay votes annually reflects sound corporate governance principles and is consistent with a majority of institutional investor policies.

18

Management unanimously recommends that shareholders vote to include a non-binding advisory vote on the compensation of the named executive officers in the Corporation's form of proxy EVERY YEAR. In the absence of contrary instructions, the persons designated by management of the Corporation in the enclosed form of proxy intend to vote to include a non-binding advisory vote on the on the compensation of the named executive officers in the Corporation's form of proxy EVERY YEAR.

All of the current and proposed directors are independent as determined in accordance under Sections 1.4 and 1.5 of National Instrument 52-110 - Audit Committees, and section 301 of SOX and the criteria for independence established by the NYSE.

The Corporation has adopted a Statement of Corporate Governance Practices which complies with NI 58-101 and with NYSE Provisions. The Statement of Corporate Governance Practices was amended in April 2010. The Statement of Corporate Governance Practices can be found on the Corporation's website at www.kingsway-financial.com/governance and is also attached as Schedule "A" to this Circular.

The text of the written mandate of the Board is included in Schedule "A" to this Circular. The following are reports of Board committees which summarise the mandates and activities of each committee.

BOARD COMMITTEES

THE AUDIT COMMITTEE

The Board has a standing Audit Committee which operates pursuant to a written charter adopted by the Board. The Audit Committee was established in accordance with the requirements of Section 3(a)(58)(A) of the Exchange Act and National Instrument 52-110- Audit Committees. The Audit Committee selects and engages the Corporation's independent auditors, reviews the scope of audit engagements, reviews management letters of such auditors and management's response thereto, approves professional services provided by such auditors, reviews the independence of such auditors, reviews any major accounting changes made or contemplated, considers the range of audit and non-audit fees, reviews the adequacy of the Corporation's internal accounting controls and annually reviews its charter and submits any recommended changes to the Board for its consideration.

The Audit Committee consists of three members: Gregory P. Hannon (Chairman), Spencer L. Schneider and Joseph Stilwell. The Board has determined that each member of the Audit Committee is "independent" and meets the financial literacy requirements of the NYSE Amex listing standards, that each member of the Audit Committee meets the enhanced independence standards established by the SEC and that Gregory P. Hannon qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the SEC. The Audit Committee held 8 meetings in the fiscal year ended December 31, 2011. The responsibilities and duties of the Audit Committee are set out in the Audit Committee's charter, the text of which is set forth in Appendix A to Corporation's Annual Information Form dated March 31, 2011.

The following is a description of the education and experience of each member of the Audit that is relevant to the performance of his responsibilities as a member of the Audit Committee:

Gregory P. Hannon has been a Vice-President and Director of Oakmont Capital Inc. since 1997. He previously was a founding partner of Lonrisk, a Toronto-based specialty insurer and subsidiary of the London Insurance Group, where he was the Vice-President. Prior to that, Mr. Hannon worked for the Continental Bank of Canada in commercial credit and as auditor for Arthur Andersen and Company, Chartered Accountants. Mr. Hannon received a Bachelor of Commerce degree from Queen's University in 1978 and an M.B.A. from The Harvard Business School in 1987. He currently sits on the Board of Delhi-Solac, a privately owned manufacturer of steel tubing.

Spencer L. Schneider served from 2002 until 2010, on the audit committee of American Physicians Capital Inc. (“ACAP”), an insurance holding Company, which is engaged in the business of providing medical professional liability insurance to physicians in the United States. In this role, Mr. Schneider was actively involved in reviewing ACAP's quarterly and annual filings.

Joseph Stilwell, as managing partner of Stilwell Associates, LP, has over 18 years of experience in managing his own investment funds, with a great deal of his time being dedicated to analyzing financial statements. Mr. Stilwell is also a graduate from the Wharton School of the University of Pennsylvania with a Bachelor of Science in Economics.

Report of the Audit Committee

The Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that the Corporation's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Corporation's independent accountants also provided to the Audit Committee the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent accountants that firm's independence. The Audit Committee also considered whether the provision of non-audit services by the independent accountants is compatible with their independence.

Based upon the Audit Committee's discussion with management and the Corporation's Independent Registered Public Accounting Firm and Auditor and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 filed with the SEC.

THE COMPENSATION COMMITTEE

The Board has a standing Compensation Committee which operates pursuant to a written charter adopted by the Board. The Compensation Committee's primary duties and responsibilities are:

The Compensation Committee's charter requires all Committee members satisfy the applicable independence requirements of NI 58-101, NP 58-201 and other regulatory requirements. The Board determined that each member of the Compensation Committee in 2011 was independent.

As of December 31, 2011, the Compensation Committee was comprised of Joseph Stilwell and Terence M. Kavanagh.

THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE

The Board has a standing Corporate Governance and Nominating Committee which operates pursuant to a written charter adopted by the Board. The Corporate Governance and Nominating Committee's primary duties and responsibilities are:

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

The Corporation's management is primarily responsible to manage risk and inform the Board of the material risks confronting the Corporation. The Board has oversight responsibility of the processes established to monitor and manage such risks. The Board believes that such oversight function is the responsibility of the entire Board through frequent reports and discussions at regularly scheduled Board meetings. In addition, the Board has delegated specific risk management oversight responsibility to the Audit Committee and to the independent members of the Board. In particular, the Audit Committee oversees the management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. The independent members of the Board oversee risk management related to the Corporation's corporate governance practices and the Corporation's executive compensation plans and arrangements. These specific risk categories and the Corporation's risk management practices are regularly reviewed by the entire Board in the ordinary course of regular Board meetings.

COMPENSATION DISCUSSION & ANALYSIS

OBJECTIVES OF THE CORPORATION'S EXECUTIVE COMPENSATION PROGRAMS

The Corporation's executive compensation program seeks to attract and retain qualified executives through fluctuating business cycles, incentivize executives to achieve the Corporation's strategic, operational, and financial goals, increase shareholder value, and reward short and long-term financial success. For 2011, the Compensation Committee granted two performance-based bonuses which were paid in 2012, and, in the case of Ms. Rodrigues, paid a guaranteed bonus pursuant to the terms of her employment agreement. As the Corporation moves forward in 2012, the compensation programs will once again be revisited by the Board and Compensation Committee to ensure alignment with the objectives of the Corporation and the interests of its shareholders.

HOW THE CORPORATION DETERMINES THE AMOUNT OF COMPENSATION

The Compensation Committee has responsibility for approving the compensation program for the Named Executive Officers. The Compensation Committee acts in accordance with its charter and in conjunction with the Board. Mr. Swets, the President and Chief Executive Officer, presents to the Compensation Committee his evaluation of each executive and recommendations regarding compensation levels. This evaluation was based upon each executive's performance and relative contributions to the Corporation's performance, the performance of each executive's respective business unit or functional area and employee retention considerations. The Compensation Committee is solely responsible for determining Mr. Swets' compensation. No member of management, including Mr. Swets, made any recommendations regarding Mr. Swets' compensation levels. Except for the input of the President and Chief Executive Officer, the other Named Executive Officers do not play a role in determining the amount of executive compensation paid to any of the Named Executive Officers.

2011 EXECUTIVE COMPENSATION ELEMENTS

Base Salary

The Compensation Committee sets base salaries at levels that are designed to reward the skills, capabilities, knowledge, experience, responsibilities and contributions of each Named Executive Officer. In 2011, the Compensation Committee did not increase the base salaries for any of the Named Executive Officers from the levels established in 2010. The 2011 base salary for each Named Executive Officer is reported in the "Salary" column in the 2011 Summary Compensation Table that follows.

Performance Based Bonus

In connection with the Corporation's accomplishments in 2011, Mr. Hickey and Mr. Swets each received a cash bonus of \$150,000. These bonuses were paid in February 2012, but as they are related to accomplishments in 2011, these bonuses are reported in the "Bonus" column in the 2011 Summary Compensation Table that follows.

Guaranteed Cash Bonus

In connection with the acquisition of JBA Associates, Inc. n/k/a Assigned Risk Solutions Ltd. ("JBA"), Ms. Rodrigues received a guaranteed bonus equal to 25% of her annual base salary pursuant to the terms of her employment agreement. This guaranteed

bonus is reported in the "Bonus" column in the 2011 Summary Compensation Table that follows.

Severance Benefits

The Corporation maintains a severance policy in which its executives participate. The Compensation Committee believes that this policy helps accomplish the Corporation's compensation objectives of attracting and retaining qualified executives. The Compensation Committee believes it is appropriate to provide executives with the rewards and protections afforded by the severance policy and such policy reduces the need to negotiate individual severance arrangements with departing executives and protects our executives from termination for circumstances not of their doing.

While the policy reduces the need to negotiate individual severance arrangements, the Compensation Committee recognizes that under certain circumstances individual severance arrangements may be desirable or beneficial to the Corporation. Accordingly, each of Mr. Hickey and Ms. Rodrigues are eligible to receive enhanced severance benefits following a qualifying termination event. Please see the "Narrative Disclosure Regarding Post-Termination Arrangements" for a description of Mr. Hickey and Ms. Rodrigues' severance benefits.

In addition, effective March 31, 2011, Mr. Espin resigned from the Corporation and received a lump sum payment of US\$500,000 in consideration for employment related releases, including terminating his change of control agreement. In determining the severance benefits, the Compensation Committee considered the existing contractual obligations between Mr. Espin and the Corporation; Mr. Espin's historical contributions to the Corporation; length of service; alternative employment opportunities; and employment law and related regulations.

Perquisites

The Named Executive Officers do not receive any perquisites or personal benefits other than those available to all employees within the Corporation and its subsidiaries through group plans, other than as indicated below. Perquisites available to all employees, subsidized partially or paid wholly by the Corporation, include group medical, dental, life and disability insurance, and retirement savings vehicles with company matching funds. The group disability and life insurance plans provide for different benefit levels based on class, which is defined by the participant's position level in the organization, and these plans allow for enhanced benefit levels for eligible executives. The Named Executive Officers are also eligible to participate in the Company's 401(k) retirement plan. Under the 401(k) retirement plan, the Corporation matches 50% of the first five percent of eligible compensation contributed to the plan. In addition, pursuant to the terms of her employment agreement, Ms. Rodrigues receives monthly automobile and phone allowances.

Narrative Disclosure Regarding Post-Termination Arrangements

The Corporation maintains a severance policy for the payment of certain benefits to certain eligible employees of the Corporation, including the Named Executive Officers. Benefits are paid under this policy following a termination of employment in connection with a reduction in work force. Under the policy, upon a qualifying termination of employment, the Named Executive Officers are entitled to two weeks of severance pay for each full year of service with the Corporation, with a minimum of twelve weeks of severance pay and a maximum of 39 weeks of severance pay. Participants are also entitled to receive subsidized COBRA benefits during the severance period.

Mr. Hickey and Ms. Rodrigues receive severance protection pursuant to the terms of their respective employment arrangements. DIRECTOR COMPENSATION

DIRECTOR COMPENSATION - NARRATIVE DESCRIPTION

Remuneration of Directors

The Corporation's director compensation program is designed to (i) attract and retain the most qualified people to serve on the Board and its committees; and (ii) provide appropriate compensation for the risks and responsibilities of being an effective director. Only non-employee directors of the Board are remunerated for serving as directors of the Corporation.

In 2010, the Board determined that the director fee structure that was in place in previous years was not ideal given the number of required meetings and effort involved in directing the Corporation through its restructuring efforts. The Board simplified the structure by eliminating committee membership and committee chair fees, eliminating board and committee meeting attendance fees, eliminating the Deferred Share Unit program, and replacing this with a single retainer fee, payable quarterly, in the amount of CAD\$100,000 annually (or, US\$99,922, based on the exchange rates in effect at the time the quarterly payments were made). The fee for the Chairman was set at CAD\$200,000 annually (or, US\$199,844, based on the exchange rates in effect at the time the quarterly payments were made). In 2011, the exchange rate fluctuated between CAD\$1.00 = US\$0.9766 and US\$1.0482. The retainers were paid in the currency of the director's country of residence. This approach was continued for 2011.

2011 DIRECTOR COMPENSATION

The following table provides information regarding the compensation of our non-employee directors for 2011.

Corporate Governance Procedures

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board of Directors (the "Board") of Kingsway Financial Services Inc. (the "Corporation") has developed and adopted this Statement of Corporate Governance Practices after consideration of the corporate governance guidelines set forth in National Policy 58-201 - Corporate Governance Guidelines ("NP 58-201"). The Corporation's corporate governance practices are comprised of a number of policies and resolutions adopted by the Board from time to time. These policies include the mandate for the Board of Directors set out in this Statement of Corporate Governance Practices, the charter for each of the Board Committees, the Code of Ethics and the Whistleblower Policy adopted by the Board.

Canadian securities regulatory authorities have adopted National Instrument 58-101 - Disclosure of Corporate Governance Practices ("NI 58-101") which requires disclosure of the approach of the Corporation to corporate governance. NP 58-201, the United States Sarbanes-Oxley Act of 2002 as well as listing standards and corporate governance requirements of the NYSE have been considered in determining these policies.

Many of the items for which disclosure is required by Form 58-101F1 are dealt with in the mandate of the Board of Directors of the Corporation.

MANDATE OF THE BOARD OF DIRECTORS

1. General

The Board of Directors (the "Board") either directly or through board committees is responsible for the management or supervision of the management of the business and affairs of the Corporation with the objective of enhancing shareholder value. The Board believes that sound corporate governance is essential to the well-being of the Corporation, and the promotion and protection of its interests.

The Board has adopted this mandate, which reflects the Corporation's commitment to high standards of corporate governance, to assist the Board in supervising the management of the business and affairs of the Corporation as required under applicable law and the rules and regulations of the stock exchanges upon which the Corporation's stock is listed. The Board regularly monitors the financial performance of the Corporation, including receiving and reviewing detailed financial information contained in management reports. The Board promotes fair reporting, including financial reporting, to shareholders of the Corporation and other interested persons as well as ethical and legal corporate conduct through an appropriate system of corporate governance, internal controls and disclosure controls. The Board believes that the Corporation is best served by a Board of Directors which functions independently of management and is informed and engaged.

The Board has explicitly delegated to the Audit Committee the obligation to periodically review and provide recommendations, from time to time, on such changes to corporate governance policies as it deems appropriate in light of the Corporation's needs and legal and regulatory developments. These recommendations are reviewed and considered by the Board.

2. Board Composition

(a) Board Membership Criteria

The Corporate Governance and Nominating Committee of the Board is responsible for establishing the skills and competencies that the Board considers to be necessary for the Board as a whole to possess. The Corporate Governance and Nominating Committee is also responsible for reviewing the competencies and skills that the Board considers each existing director to possess, and the competencies and skills of each new candidate for the Board. It annually recommends nominees to the Board for nomination at the annual meeting of the Corporation's shareholders. The Board seeks members who have an owner mindset. Directors are considered based upon contributions they can make and must have sufficient time to carry out their duties, and not assume other obligations which would materially interfere or be incompatible with board membership.

(b) Director Independence

A majority of the directors shall satisfy the independence requirements of the Toronto Stock Exchange and other regulatory authorities. The Board will determine whether a director is an independent director within the meaning of each of Multilateral Instrument 52-110 and the listing standards of the NYSE as the same are amended or replaced from time to time.

The Board will review the independence of all directors on an annual basis and its determinations will be disclosed in the management information circular relating to the annual meeting of the Corporation. To facilitate this review, directors will be asked to provide full information regarding their business and other relationships with the Corporation, its affiliates and with senior management and their affiliates. Directors have an obligation to inform the Board of any material changes in their circumstances or relationships which may affect the Board's determination as to their independence.

(c) Board Size

The Board considers a range from four (4) to seven (7) members as the optimum size for effective decision-making and committee work given the size and scope of the Corporation's operations.

(d) Term

All directors are elected at the annual meeting of shareholder's of the Corporation for a term of one (1) year. The Board does not favor term limits for directors as a forced retirement may deprive the Corporation, and its shareholders, of the contributions of members that have been able to develop valuable insights into the Corporation, its strategy and business operations. Management directors shall offer to resign from the Board upon their resignation, removal or retirement as an officer of the Corporation. The Corporation's Chief Executive Officer may, provided the Board on an annual basis approves, continue to serve as a director after his or her resignation or retirement.

(e) Service on other Boards

The Board believes that the Corporation can benefit from the experience and insight its members may gain from serving as a director, or in other similar positions for other public companies, government agencies or other entities. In agreeing to assume such roles however, members of the Board must ensure that their commitments do not create inherent conflicts of interest or interfere with their ability to fulfill their duties as members of the Board. The directors must also be mindful of the number of other public company boards and committees on which they serve to ensure that they are able to devote the necessary time to the performance of their duties for the Corporation. Upon accepting an appointment to the Board or a similar position with another public company, a director must advise the Chair of the Corporate Governance and Nominating Committee.

(f) Directors Duties and Responsibilities

Directors must act honestly and in good faith with a view to the best interests of the Corporation and its shareholders. Directors must exercise the degree of care and diligence that a reasonably prudent person would exercise in comparable circumstances. To fulfill this responsibility, each director is expected to:

- develop and maintain an understanding of the operations of the Corporation, its financial position, objectives and performance, as well as the Corporation's performance relative to its principal competitors;
- prepare for each meeting including reviewing meeting materials distributed in advance;
- actively and constructively participate in meetings of the Board and committees of which he or she is a member; and
- engage in continuing education programs for directors as appropriate.

(g) Directors' Shareholdings

The Board believes that its members should own a meaningful amount of shares relative to their personal financial situation.

3. Board Duties and Responsibilities

In fulfilling its mandate, the Board is, among other things, responsible for the following matters:

(a) Management Oversight

The Board is responsible for the supervision of the management of the business and affairs of the Corporation. The Board, as permitted by applicable law, delegates to senior management the responsibility for the day-to-day operations of the Corporation.

(b) Strategic Plan

The approval and assessment of the Strategic Plan and major prospective decisions proposed by management. In furtherance of this obligation the Board will:

adopt a Strategic Planning Process and review and approve on an ongoing basis a Business Plan developed by management, which includes realistic goals and takes into account the opportunities and risks of the Corporation's business;

approve business and operational policies within which management will operate in relation to acquisitions and dispositions, capital expenditure, public disclosure, finance and investment, risk management, human resources, internal controls over financial reporting, disclosure controls and management information systems;

review and adopt corporate and management performance targets consistent with the Corporation's strategic plans;

consider whether or not management has a system in place to identify the principle risks facing the Corporation and its business and that appropriate procedures are in place to monitor and mitigate such risks where appropriate; and

consider whether or not management has adopted processes to comply with applicable legal, regulatory, corporate securities and other compliance matters.

(c) Financial Reporting and Management

review the report of the Audit Committee, which has primary carriage of such matters;

approve the Corporation's annual and interim financial statements and related management's discussion and analysis;

review and oversee the integrity of the Corporation with respect to its applicable audit, accounting and financial reporting matters;

review the integrity of the Corporation's internal controls over financial reporting and management information systems;

approve annual operating and capital budgets; and

review operating and financial performance results relative to established strategies, plans, budgets and objectives.

(d) Disclosure

The Board will satisfy itself that appropriate policies and procedures are established regarding public disclosure communications and insider trading. The Board will ensure that such policies establish consistent guidelines for determining what information is material, how it is to be disclosed and to avoid selective disclosure, making all material disclosures on a widely disseminated basis. The Board will also establish policies aimed at:

monitoring internal controls relating to news releases and other public disclosures made by or on behalf of the Corporation to ensure that they are in accordance with applicable disclosure policies, and comply with legal and regulatory requirements;

informing all directors, officers and other employees of the Corporation about their obligation to preserve the confidentiality of undisclosed material information about the Corporation; and

informing all directors, officers and other employees about prohibitions about illegal insider trading and tipping under applicable law and stock exchange rules.

(e) Corporate Governance

The Board will, with the advice of the Audit Committee, or where applicable, its other committees:

- review and update corporate governance standards from time to time;
- establish committees and approve their respective charters;
- establish policies and procedure for limiting the authority delegated to each committee and to members of management;
- establish appropriate processes for the regular evaluation of the effectiveness of the Board and its committees, individual directors and the Chief Executive Officer;
- develop clear position descriptions for the Chair of the Board and Chief Executive Officer;
- approve the nomination of directors on the advice of the Corporate Governance and Nominating Committee;
- review the adequacy and form of directors compensation to confirm that it realistically reflects the responsibilities and risk involved in being a director; and
- provide an opportunity for the independent directors to meet separately at each regularly scheduled Board meeting and at such other times as is appropriate.

(f) Other Matters

Notwithstanding the delegation to management of the authority to manage the business of the Corporation, the Board must approve the following:

- any material departure from an established strategy or budget or corporate policy approved by the Board;
- the entering into of any agreement or transaction the performance of which is material to the Corporation;
- any offering of securities by the Corporation; and
- such other matters as the Board may from time to time determine require its approval.

ROLE OF MANAGEMENT

Senior management of the Corporation is responsible for the day-to-day operations of the Corporation. Senior management is responsible for developing strategies to be approved by the Board, and is directly responsible for implementing such approved strategies. Management is also responsible for safeguarding and developing the Corporation's assets with a view to enhancing shareholder value.

The Corporation's governance policies are designed to create autonomy and effective decision-making of management, and to ensure appropriate oversight by the Board and its committees. Senior management, through the Chief Executive Officer, reports to and is accountable to the Board. The Board's approval of the business plan provides a mandate for management to conduct the affairs of the Corporation. Material deviations from the plan must be reported to and considered by the Board.

Management is responsible for developing a strategic plan and an annual business plan, including an annual operating and capital budget, for review and approval by the Board. The Board, in consultation with the Compensation Committee, is responsible for implementing a succession plan for the Chief Executive Officer and establishing objectives against which the Chief Executive Officer's performance is benchmarked. A portion of compensation is determined against defined corporate objectives and personal objectives which are established from time to time. Similar reviews and assessments are undertaken for other members of senior management in consultation with the Chief Executive Officer. When management performance is inadequate, the Board has the responsibility to bring about appropriate change. When management performance is effective, the Board has the responsibility to reward management accordingly.

5. Board and Committee Meetings

(a) Scheduling

Board meetings are scheduled in advance at appropriate intervals throughout the year. Board meetings shall be held not less than quarterly, and more often as is necessary. In addition to regularly scheduled Board meetings, additional Board meetings may be called upon proper notice at any time to address specific needs of the Corporation. (b) Agenda

The Chair and the Chief Executive Officer establish the agenda for each Board meeting in consultation with the other

directors. Any director may propose the inclusion of items on the agenda, request the presence of or a report by any member of senior management, or at any Board meeting raise subjects that are not on the agenda for that meeting. Committee chairs establish the agenda for each committee meeting. Any committee member may propose the inclusion of items on the agenda, request the presence of or a report by any member of senior management, or at any committee meeting raise subjects that are not on the agenda for the meeting.

Procedures for Board meetings are determined by the Chair unless otherwise determined by the by-laws of the Corporation or a resolution of the Board.

Procedures for committee meetings are determined by the chair of the committee unless otherwise determined by the by-laws of the Corporation or a resolution of the committee or the Board.

6. Director Compensation

The Compensation Committee has the responsibility for recommending to the Board compensation and benefits for service on the Board and on Board committees. In discharging this duty, the Compensation Committee will be guided by four principles: (i) compensation should fairly pay directors for work required in an issuer of the Corporation's size and scope; (ii) it should not exceed what is customary given the size and scope of the Corporation's business and operations; (iii) compensation should align directors' interests with the long-term interests of shareholders, and (iv) the structure of the compensation should be simple, transparent and easy for shareholders to understand. Not less often than annually, the Compensation Committee shall review directors' compensation and recommend any changes to the Board.

7. Director Orientation and Continuing Education

The Corporate Governance and Nominating Committee is responsible for confirming that procedures are in place and resources are made available to provide new directors with a proper orientation to both the Corporation and their duties and responsibilities as directors and to provide other directors with appropriate continuing education opportunities.

The Board monitors compliance with its Code and satisfies itself regarding compliance with its Code by requiring that executives and directors annually certify compliance with the Code.

To ensure that directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest, we require disclosure of all related party transactions and agreements and ask that directors recuse themselves when a conflict arises.

11. Feedback
