The Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2001 could not be filed within the prescribed time period because information for the audit could not be completed without unreasonable effort and expense. In January 2002, two of the Company's executive officer's employment was terminated. These two executive officers were in charge of operations of the newly acquired hardware division. Since their termination the Controller & CFO have had to divert their efforts into running that company. Since the Company relies on these individuals to gather and analyze the information required to be included in the Company's Form 10-KSB, it is taking longer than anticipated to complete the Form 10-KSB.
