ITEM 8.01 OTHER EVENTS.

Advance Technologies Inc. has established a subsidiary, Infrared Systems International, and intends to license to that entity the right to use Advance Technologies Inc.'s intellectual property in the Infrared Security System. The actual terms of such license have not yet been determined. It is anticipated that Infrared Systems International will seek relationships with third parties for the exploitation of the Infrared Security System. Assuming that Infrared Systems International is successful in commercially exploiting the Infrared Security System, it is the current intention of the Board of Directors of Advance Technologies Inc. to distribute its then-equity interest in Infrared Systems International to the shareholders of Advance Technologies Inc. as a stock dividend, subject to compliance with applicable securities laws, but it is not anticipated that any such distribution will occur for at least twelve months.
