Item 2. Acquisition or Disposition of Assets

On November 13, 2003, Landmark Bancorp, Inc. (Landmark or Company) and First Kansas Financial Corporation (First Kansas), entered into an Agreement and Plan of Merger (the Merger Agreement) dated November 13, 2003, between Landmark, First Kansas, and Landmark's wholly owned subsidiary, Landmark Acquisition Corporation.

On April 1, 2004, Landmark acquired First Kansas in accordance with the Merger Agreement and First Kansas became a wholly owned subsidiary of Landmark (the Merger).

The consideration for the Merger was \$19.00 per issued and outstanding share of First Kansas common stock, for a total aggregate consideration to First Kansas shareholders of \$17.1 million. The sources of the consideration were general corporate funds, approximately \$8.0 million in proceeds from the issuance of the Company's junior subordinated debentures (Trust Preferred Securities) and approximately \$7.0 million from a third-party lender. The Merger was accounted for as a purchase transaction. First Kansas incurred merger related expenses, consisting primarily of change in control payments, severance, professional fees and other restructuring charges, of \$2.6 million during the quarter ended March 31, 2004.

On April 1, 2004, Landmark filed a Form 8-K disclosing the completion of the Merger. This current report on Form 8-K/A amends the Form 8-K of April 1, 2004, to provide under Item 7 the financial statements of First Kansas and pro forma financial information required to be included in this report.

UNAUDITED PRO FORMA CONDENSED

COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed consolidated balance sheet as of March 31, 2004 is based on the unaudited historical consolidated balance sheet of Landmark and First Kansas as of that date assuming that the Merger consummated on April 1, 2004 had occurred on March 31, 2004.

The following unaudited pro forma condensed consolidated statements of earnings for the three months ended March 31, 2004 and the year ended December 31, 2003 reflect the combination of Landmark and First Kansas as if the purchase had occurred at the beginning of the respective periods. The unaudited condensed consolidated statements of earnings give effect to the purchase accounting adjustments recognized in the transaction.

These pro forma financial statements should be read in conjunction with the historical consolidated financial statements and related notes in Landmark's December 31, 2003 Form 10-K and in First Kansas' December 31, 2003 Form 10-KSB.

Goodwill and other intangibles recognized with respect to the merger were approximately \$6.7 million. Other intangibles will be amortized from the acquisition date on an accelerated method using a 10-year amortization period. In the opinion of Landmark's management, the estimates used in the preparation of these financial statements are reasonable under the circumstances.

The combined company expects to achieve annualized benefits from the Merger including operating cost savings and revenue enhancements totaling approximately \$700,000. These pro forma financial statements do not reflect any potential cost savings and revenue enhancements that are expected to result from the combination of operations of Landmark and First Kansas and, accordingly, may not be indicative of the results of future operations. No assurance can be given with respect to the ultimate level of cost savings and revenue enhancements to be realized. As a result, these pro forma financial statements are not necessarily indicative of either the results of operations or financial condition that would have been achieved had the Merger in fact occurred on the dates indicated, nor do they purport to be indicative of results of operations or financial condition that may be achieved in the future by the combined company.
