Item 1.01 Entry into a Material Definitive Agreement.

In October 2004, in connection with the termination of his position as the Chief Executive Officer as described in Item 5.02 below, Iteric, Inc. (the Company), which was formerly known as Iteris Holdings, Inc., amended that certain Change in Control Agreement dated May 8, 2003 by and between the Company and Gregory A. Miner to: (i) clarify the payment terms thereunder, (ii) extend the term of the severance payments for an additional six months and (iii) provide an automobile allowance. The foregoing amendments were made in recognition of the value brought through the Merger and in consideration of Mr. Miner's agreement to continue to assist in an orderly transition of the Company after the Merger and his acceptance of installment payments in lieu of the upfront, lump-sum payment to which he was entitled.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

In October 2004, in connection with the Merger described below in Item 3.02, the Company assumed the rights and obligations of its former subsidiary (which was merged with and into the Company as described in Item 3.02) under the Credit Agreement, dated May 27, 2004, by and between such former subsidiary and Wells Fargo Bank. The Company also assumed such former subsidiary's rights and obligations under the related loan documents, including the Revolving Line of Credit Note, the Term Note and certain security agreements, all dated May 27, 2004.

The assumed credit line is available through August 1, 2005 and the maximum available under the credit line is \$5.0 million. Under the terms of the agreement, the Company may borrow against its eligible accounts receivable and the value of its eligible inventory, as defined in the agreement. Interest on borrowed amounts is payable monthly at the current stated prime rate. Additionally, the Company is obligated to pay an unused line fee of 0.25% per annum applied to the amount by which the maximum credit amount exceeds the average daily principal balance during the preceding month. There is no monthly collateral management fee associated with the line of credit and no pre-payment or early termination fees.

The term note in the principal amount of \$5.0 million is due on May 27, 2008 and provides for monthly principal payments of approximately \$104,167. Interest accrues at the current stated prime rate plus 0.25%.

Both the term note and the line of credit are secured by substantially all of the assets of the Company.

Item 3.02 Unregistered Sales of Equity Securities.

On October 22, 2004, the Company merged its subsidiary, Iteris, Inc. (the *Iteris Subsidiary*), with and into itself (the *Merger*). Immediately prior to the Merger, the Company owned over 90% of the outstanding capital stock of the Iteris Subsidiary. The Company's Board of Directors had previously approved the merger of the Iteris Subsidiary with and into the Company in view of the fact that the business of the Company consisted solely of the business of such subsidiary. The name of the Company was changed from *Iteris Holdings, Inc.* to *Iteris, Inc.* immediately after the effectiveness of the Merger (as described in Item 3.03 below).

As a result of the Merger, each share of the capital stock of the Iteris Subsidiary which was issued and outstanding immediately prior to the effective time of the Merger (other than shares held by the Company) was converted into the right to receive two shares of the Class A Common Stock (known as *Common Stock* after the filing of the Amended and Restated Certificate of Incorporation described in Item 3.03) of the Company. The Company expects to issue an aggregate of 2,457,962 shares of its Common Stock to the former stockholders of the Iteris Subsidiary.

The securities to be issued in connection with the Merger are exempt from registration under the Securities Act of 1933, as amended (the *Act*), pursuant to Section 3(a)(10) of the Act as securities issued in exchange for bona fide outstanding securities, where the terms and conditions of such issuance and exchange were approved by the California Department of Corporations after a fairness hearing held in September 2004.

Item 3.03(a) Material Modifications to Rights of Security Holders.

Immediately after the effective time of the Merger, as previously approved by the stockholders of the Company in September 2004 at the annual meeting of stockholders, the Company filed an Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware. Upon such filing (the *Filing Time*), (i) the Company's *Class A Common Stock* was renamed the *Common Stock* and the voting rights of such stock was changed from one-tenth of one vote per share to one vote per share on all matters to be addressed by the stockholders, and (ii) each share of the *Class B Common Stock* of the Company which was issued and outstanding immediately prior to the *Filing Time* was converted into the right to receive one and one-tenth (1.1) shares of the *Common Stock* (formerly known as the *Class A Common Stock*) of the Company. In addition, the Company's name was changed from *Iteris Holdings, Inc.* to *Iteris, Inc.*

Prior to the *Filing Time*, holders of the *Class A Common Stock* were entitled to elect 25% of the Company's Board of Directors rounded up to the nearest whole number, or three directors. The holders of the *Class A Common Stock* and the holders of the *Class B Common*
