PROPOSAL 2

APPROVAL OF THE MATERIAL TERMS OF THE PERFORMANCE CRITERIA FOR PAYMENT OF EXECUTIVE INCENTIVE COMPENSATION

The stockholders of Array BioPharma are being asked to consider and vote upon a proposal to approve the material terms of the performance criteria for incentive compensation to our most highly compensated executive officers under the Array BioPharma Inc. Stock Incentive Plan, as amended and restated (the *Plan*). The Plan allows us to make awards of cash, stock or other awards to these executive officers, contingent upon attainment of certain goals that are based on performance criteria set forth in the Plan. These awards are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. If the stockholders approve this proposal, Section 162(m) allows us to fully deduct the performance-based compensation paid pursuant to the material terms of these performance criteria.

Section 162(m). Section 162(m) generally provides that no federal income tax business expense deduction is allowed for annual compensation in excess of \$1 million paid by a publicly-traded corporation to its chief executive officer and four other most highly compensated officers (the *covered executive officers*), as determined in accordance with the applicable rules under the Securities Exchange Act of 1934, as amended. However, there is no limitation on the deductibility of qualified performance-based compensation.

To qualify as performance-based compensation, it must be paid solely on account of the attainment of one or more objective performance goals established in writing while the attainment of such goals is substantially uncertain. Performance goals may be based on one or more business criteria that apply to an individual, a business unit or the company as a whole, but need not be based on an increase or positive result under the business criteria selected. If a performance goal is met, the amount of compensation payable cannot be increased, but it may be reduced or eliminated.

Material Terms of Performance Criteria. As provided in the Plan, performance goals (which may be stated as alternative goals) may be established in writing by the Compensation Committee for a covered executive officer for a performance period, which is generally a fiscal year, based on one or more of the

following performance criteria: (1) total stockholder return; (2) total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (3) net income; (4) pretax earnings; (5) earnings before interest expense, taxes, depreciation and amortization; (6) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (7) operating margin; (8) earnings per share; (9) return on equity; (10) return on capital; (11) return on investment; (12) operating earnings; (13) working capital; (14) ratio of debt to stockholders' equity; (15) revenue (16) clinical development goals; and (17) operational goals relating to our collaborations or proprietary drug programs.

Maximum Incentive Awards. Under the Plan, the maximum amount that may be earned as an annual incentive award or other cash award in any fiscal year by any one covered executive officer is \$1,000,000, and the maximum amount that may be earned as a performance award or other cash award in any other performance period, including a multi-year award, by any one covered executive officer is \$3,000,000. The maximum number of shares of stock subject to stock options that can be awarded under the Plan to any one covered executive officer is 2,000,000, and the maximum number of shares of stock other than pursuant to a stock option that can be awarded under the Plan to any one covered executive officer is 400,000 per year.

It is our policy to qualify executive compensation for deductibility to the extent that such policy is consistent with the Company's overall objectives in attracting, motivating and retaining its executives. However, the Compensation Committee may determine from time to time that it is necessary or appropriate to approve discretionary incentive compensation based on other business criteria, or based solely on service, in order to meet our overall objectives in attracting, motivating and retaining our executives. This discretionary compensation would not qualify for the exclusion from the \$1 million limitation of deductible compensation under Section 162(m).

The payment of incentive compensation for fiscal year 2006 to one or more covered executive officers may be subject to attainment of one or more of the performance goals described above. The payment and maximum amount of annual incentive compensation would be contingent upon our attainment of pre-established performance goals and our performance for the applicable performance period. In addition, the actual annual incentive compensation to a covered executive officer may be reduced in the discretion of the Compensation Committee from the amount otherwise payable upon attainment of the performance goal. Consequently, the annual incentive compensation that would have been payable in the last fiscal year or that would be payable in the future based on such performance goals cannot be determined.

Approval of this proposal will require the affirmative vote of holders of a majority of the shares of common stock present, in person or by proxy, and entitled to vote at the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR APPROVAL OF THE FOREGOING MATERIAL TERMS OF THE PERFORMANCE CRITERIA FOR PAYMENT OF EXECUTIVE INCENTIVE COMPENSATION.

PROPOSAL 3

RATIFICATION OF INDEPENDENT AUDITORS

We are asking the stockholders to ratify the Audit Committee's selection of KPMG LLP as our independent auditors for the fiscal year ending June 30, 2006. KPMG LLP was first engaged on October 14, 2004 as our independent auditors for our prior fiscal year following the dismissal of Ernst & Young LLP. The reports of Ernst & Young LLP on the financial statements for the past two fiscal years ended June 30, 2004 and 2003, contain no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. In connection with its audits for the two most recent fiscal years and through the date of Ernst & Young's dismissal, there have been no

disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused them to make reference thereto in their reports on financial statements for such years.

KPMG LLP has not consulted with the Company during the fiscal years ended June 30, 2004 and 2003 or during any subsequent interim period prior to its engagement as our independent auditors regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements; or any matter that was the subject of a disagreement with Ernst & Young LLP (there being no such disagreements) or that was a reportable event by Ernst & Young LLP (there being no such reportable events).

We requested that each of Ernst & Young LLP and KPMG LLP review the above statements and have provided each such firm with the opportunity to furnish us with a statement describing the respects in which it believes the foregoing statements are incorrect or incomplete. Ernst & Young LLP and KPMG LLP have notified us that they have reviewed these statements and has no intention or basis on which to submit such a statement.

If the stockholders fail to ratify the selection, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee feels that such a change would be in the best interests of Array and our stockholders.

Representatives of KPMG LLP are expected to be present at the Annual Meeting, and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. The affirmative vote of the holders of a majority of the shares represented in person or by proxy and voting at the Annual Meeting will be required to ratify the selection of KPMG LLP.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE IN FAVOR OF THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING JUNE 30, 2006.

AUDIT COMMITTEE REPORT

The information in this report is not soliciting material, is not deemed filed with the SEC and is not incorporated by reference in any of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language in any such filings.

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2005, with our management and with our independent auditors, KPMG LLP. In addition, the Audit Committee discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standards No. 61 relating to the conduct of the audit. The Audit Committee also discussed with KPMG LLP the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and considered the compatibility of the non-audit services provided by the auditors with the auditors' independence.

Based on the Audit Committee's review of the audited financial statements and the review and discussions described in the second paragraph of this report, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2005 be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2005, for filing with the Securities and Exchange Commission.

Respectfully submitted,

Audit Committee

Gil J. Van Lunsen

Kyle Lefkoff

John L. Zabriskie, Ph.D.

Robert E. Conway	17,337	2.24 %	\$ 6.68	07/30/14						\$ 72,833	\$ 184,573

(1) All options described in the table above become exercisable in four equal annual installments beginning on July 1, 2005 and have a term of ten years from the date of grant.

(2) Based on options to purchase an aggregate of 773,884 shares of common stock granted to our employees in the fiscal year ended June 30, 2005.

(3) Potential realizable values are computed by multiplying: (1) the difference between the (i) the product of the per-share market price at the time of grant and the sum of one plus the assumed stock price appreciation rate compounded annually over the term of the option, and (ii) the per-share exercise price of the option; and (2) the number of securities underlying the option grant as of June 30, 2005. The 5% and 10% assumed annual rates of stock appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of future common stock prices.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information concerning options held by the named executive officers at June 30, 2005. No options were exercised by any of the named executive officers during the fiscal year 2005.

Employment Agreements

Robert E. Conway. Effective November 15, 2001, we entered into an employment agreement with Mr. Conway to serve as our Chief Executive Officer. The agreement was entered into at the end of the term of Mr. Conway's prior employment agreement with us, is for an initial term of four years and may be renewed for additional one-year terms. Either party may terminate the agreement for any reason upon 30 days' prior notice to the other party during the initial term or any additional term. Under the agreement, we will pay Mr. Conway an initial annual salary of \$275,000, subject to subsequent adjustment at the discretion of the Board of Directors. Mr. Conway is also eligible to receive a cash and/or equity performance bonus each fiscal year based on a percentage of his base salary if he meets performance criteria established by our Board of Directors. We also agreed to reimburse Mr. Conway for reasonable out-of-pocket expenses he incurred in connection with his performance of services under this agreement.

If Mr. Conway's employment is terminated as a result of his disability or by us without cause, we agreed to pay him a severance payment equal to one year of his base salary in equal monthly installments and he would be entitled to receive, pro-rated to the date of termination, any cash and/or equity performance bonus he would have received for that year. If Mr. Conway's employment is terminated following certain changes in control of our company, we agreed to pay him severance equal to two years of his base salary in equal monthly installments. Options to purchase 300,000 of common stock granted to Mr. Conway under the agreement would become fully vested upon certain changes in control of our company. Mr. Conway agreed to execute a release acceptable to us in consideration for our severance obligations under the agreement. If Mr. Conway terminates his employment without cause or if we terminate his employment for cause, he will not receive any severance payments, performance bonus or acceleration of any of his options granted to him under the agreement. Mr. Conway is also subject to a non-compete agreement in which he agreed during the term of his employment and for the two years thereafter not to engage in any competing activities in the United States or within a 50-mile radius of any area where we are doing business and not to recruit or solicit any of our employees or customers.

Other Executive Officers. Effective September 1, 2000, we entered into employment agreements with Dr. Koch, Dr. Snitman, Dr. Piscopio and Mr. Carruthers and effective as of March 4, 2002, we entered into an employment agreement with Mr. Moore. The initial terms of these agreements expired in September 2004 and, for Mr. Moore, in March 2004 and renew for additional one-year terms. Either party may terminate for any reason upon 30 days' prior notice to the other. Under these agreements we will pay the employees annual salaries ranging from \$165,000 to \$240,000, subject to subsequent adjustment. If the employee is terminated as a result of disability or by us without cause, including a reduction in the employee's salary, we have agreed to pay the employee a severance payment equal to the greater of one year, or the remaining term, of his then-current base salary in equal monthly installments and to cause any unvested options to vest. Upon a change of control of the company, 75% of such employee's outstanding options will vest and the remaining 25% of such options will vest one year later, if the employee is still working for us. If an employee decides to terminate his employment following a change of control, he would be entitled to receive the same severance payments described above as if his employment were terminated by us without cause. Each of these employees is also subject to a non-compete agreement in which he has agreed for a period of two years following his termination not to engage in any competing activities within a 50-mile radius of any area where we are doing business and not to recruit or solicit any of our employees or customers.

Deferred Compensation Plan

We established the Array BioPharma Inc. Deferred Compensation Plan (the "DCP") to provide eligible participants with an opportunity to defer all or a portion of their compensation and to earn tax-deferred returns on the deferrals. Officers and other key employees of the Company selected by the Compensation Committee (including each of the Named Executive Officers) are eligible to participate in

the DCP. Participants may defer up to a maximum of 100% of their annual base salary and their annual incentive bonus. Under the DCP, the Compensation Committee may, in its sole discretion, make matching contributions which vest in equal annual installments over a four-year period, or may make discretionary contributions in any amount it desires to any participant's account based on vesting provisions determined in the Compensation Committee's discretion. Participants become fully vested in any matching or discretionary contributions upon a change in control of the company and upon termination of their service with the company other than for cause.

The DCP is intended to both qualify as a "top hat" plan within the meaning of Section 201(2) of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and to comply with the requirements of Section 409A of the Internal Revenue Code that govern nonqualified deferred compensation plans. The DCP is an unfunded plan for tax purposes and for purposes of Title I of ERISA. A rabbi trust has been established to satisfy our obligations under the DCP.

The Compensation Committee selects investment indices consisting of mutual funds, insurance company funds, indexed rates or other methods for participants to choose from for the purpose of providing the basis on which gains and losses are attributed to account balances under the DCP. Participants are entitled to select one or more investment indices and they do not have an ownership interest in the investment indices they select. The Compensation Committee may, in its sole discretion, discontinue, substitute, or add investment indices at any time.

Payments from the DCP are made in a lump sum or in annual installments for up to ten years at the election of the participant. In addition, participants may elect to receive a short-term payout of a deferral as soon as January 1 of the fourth year after the end of the plan year in which the deferral was made.

Retirement Savings Plan

We maintain a 401(k) savings plan that is intended to be a qualified retirement plan under the Internal Revenue Code. Generally, all of our employees, excluding leased and intern employees, are eligible to participate in the plan. They may enter the plan at the first calendar quarter following their original employment date; at this point participants may make salary deferral contributions to the savings plan, subject to the limitations imposed by the Internal Revenue Code. Array matched 50% of the first 4% of each participant's semi-monthly contribution in fiscal year 2005. Effective in fiscal year 2005, Array matched 100% of the first 4% of each participant's semi-monthly contribution. In addition, Array may make annual discretionary profit sharing contributions in an amount to be determined at the plan year-end by the Board of Directors. Participants' contributions may be invested in any of several investment alternatives. Participants become vested in our contributions according to a graduated vesting schedule based upon length of service with us.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has prepared the following report on Array's policies with respect to the compensation of executive officers for the fiscal year ended June 30, 2005. This report, as well as the performance graph on page 21, are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of Array under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this Proxy Statement and irrespective of any general incorporation language in any such filing.

The Compensation Committee is authorized to determine the compensation of Array's executive officers and administer Array's various incentive compensation, stock and benefit plans, and works closely with the Board of Directors in carrying out its duties. No current member of the Compensation Committee is or has been an employee of Array. During fiscal year 2005, the Compensation Committee consisted of Kyle A. Lefkoff, Francis J. Bullock, Ph.D, Marvin H. Caruthers, Ph.D, and Douglas E. Williams, Ph.D.

The Compensation Committee's responsibilities are described in a written charter, which is available under the Investor Relations section of our website at www.arraybiopharma.com.

Compensation Policies Toward Executive Officers

Overview. Array's compensation policies are designed to attract, motivate and retain experienced and qualified executives and support the attainment of Array's strategic objectives. To achieve these goals, the Compensation Committee seeks to provide industry competitive salaries, bonuses either in cash or in equity based on the achievement of certain annual operational and financial objectives and on individual merit, as well as initial stock option grants to newly hired executives, and four-year retention grants to existing executives.

In setting compensation, the Compensation Committee considers individual contribution, teamwork and performance level as well as the executive's total compensation package, including insurance and other benefits. The Committee does not rely exclusively on quantitative methods to set compensation.

Base Salaries. Base salaries are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual, and the competitive marketplace for executive talent. The Compensation Committee annually reviews and adjusts base salaries of executive officers based upon, among other things, individual performance, responsibilities and the evaluation of the Chief Executive Officer. The Compensation Committee does not assign specific weights to any particular factors affecting base salary levels.

Bonuses. Executive officers, including the Chief Executive Officer, are eligible for annual cash and/or equity bonuses equal to a varying percentage of their base salary, based on both corporate and individual performance targets established annually by the Board of Directors. The annual bonus amount is based on objective financial targets that include revenues, profits, new orders and collaborations, and on operational goals related to staffing, facilities, internal programs, and on other factors relating to individual merit. For fiscal year 2005, the Compensation Committee approved awards of cash bonuses for executives and other key personnel based on achievement of financial and operational goals established at the start of the fiscal year.

Stock Options. The Compensation Committee and the Board of Directors believe that grants of stock options to Array's executives provide meaningful long-term incentives that increase stockholder value and are critical in attracting and retaining skilled executive personnel. The Compensation Committee generally grants options to new executive officers and other key employees when they are hired by Array and annually reviews making additional grants to executives and employees either as bonus awards or as awards aimed at retaining key employees. Options generally have an exercise price equal to the fair market value on the grant date, vest over a period of four years and expire ten years after grant. The full benefit of the options is realized upon appreciation of the stock price in future periods, thus providing an incentive to create long-term value for Array's stockholders through appreciation of our stock price.

Deferred Compensation Plan. Array established a Deferred Compensation Plan with the intention of retaining executives whose skills and talents are important to Array. To this end, the principal objective of the Plan is to permit members of management or highly compensated employees, who are designated by the Compensation Committee as eligible to participate, to defer the receipt of income which would otherwise become payable to them. Participants may elect to defer up to 100% of his or her Base Compensation or up to 100% of any Bonus payable to him or her with respect to an upcoming calendar year. The Compensation Committee may make matching contributions which vest in equal annual installments over a four-year period, or may make discretionary contributions in any amount it desires to any participant's account based on vesting provisions determined in the Compensation Committee's

discretion. Participants become fully vested in any matching or discretionary contributions upon a change in control of the company and upon termination of their service with the company other than for cause.

Other. Array has adopted a contributory retirement plan, or 401(k) plan, for all regular employees. Participants may contribute up to 60% of pretax compensation, subject to certain limitations. During fiscal 2005, Array matched 100% of the first 4% of each participant's semi-monthly contribution, and this contribution vests according to a graduated vesting schedule based upon length of service with us. For fiscal 2006, Array will match 100% of the first 4% of each participant's semi-monthly contribution, subject to the same vesting schedule. In addition, Array may make annual discretionary profit sharing contributions in an amount to be determined at the plan year-end by the Board of Directors.

The Compensation Committee also administers Array's Employee Stock Purchase Plan, referred to as the ESPP. The ESPP gives substantially all regular employees an opportunity to purchase shares of common stock through payroll deductions of up to 15% of eligible compensation, not to exceed \$25,000 of fair value annually. Participant account balances are used to purchase stock at the lesser of 85% of the fair market value on the first trading day of the participant's offering period or the last trading day of the purchase period. A total of 1,200,000 shares of common stock are reserved for issuance under the ESPP, and, as of June 30, 2005, there were 158,563 shares remaining available for purchase.

Chief Executive Officer Compensation

The executive compensation policies described above are applied in setting Mr. Conway's compensation. Accordingly, his compensation also consists of annual base salary, annual cash and/or stock option bonus and long-term equity-linked compensation. The Compensation Committee's general approach in establishing Mr. Conway's compensation is to be competitive with peer companies, but to base a large percentage of his target compensation, by means of grants of performance-based cash and/or equity compensation, on Array's long-term performance.

Compensation Deductibility Policy

Under Section 162(m) of the Internal Revenue Code and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1,000,000 paid to any of Array's five most highly compensated executive officers. However, performance-based compensation that has been approved by stockholders is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of outside directors as defined for purposes of Section 162(m). The Compensation Committee intends to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with the Company's compensation policies outlined above. The Board of Directors and the Compensation Committee reserve the authority to award non-deductible compensation in other circumstances as they deem appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding our efforts, that compensation intended by Array to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

Respectfully submitted,
Compensation Committee

Francis J. Bullock, Ph.D.
Marvin H. Caruthers, Ph.D.
Douglas E. Williams, Ph.D.
