PROXY STATEMENT

FOR THE 2006 ANNUAL MEETING OF STOCKHOLDERS

General

MCF Corporation (the **Company**), a Delaware corporation, is soliciting this proxy on behalf of its Board of Directors (the **Board**) to be voted at the 2006 annual meeting of stockholders to be held on Friday, May 5, 2006, at 1:30 p.m., Pacific Standard Time, or at any adjournment or postponement thereof. The 2006 annual meeting of stockholders will be held at Merriman Curhan Ford & Co., headquarters, 600 California Street, 9th Floor, San Francisco, California 94108.

Method of Proxy Solicitation

These proxy solicitation materials were mailed on or about April 3, 2006 to all stockholders entitled to vote at the meeting. The Company will pay the cost of soliciting these proxies. These costs include the expenses of preparing and mailing proxy materials for the annual meeting and reimbursement paid to brokerage firms and others for their expenses incurred in forwarding the proxy materials. Directors, officers, and employees of the Company may also solicit proxies, in person, or by mail, telephone, facsimile or email, without additional compensation.

Voting of Proxies

Your shares will be voted as you direct on your signed proxy card. If you do not specify on your proxy card how you want to vote your shares, we will vote signed returned proxies:

- FOR the election of the Board's nine nominees for director; and
- FOR the approval of an amendment to the Company's Amended Certificate of Incorporation to effect a reverse stock split of the Company's common stock whereby each outstanding seven (7) shares of common stock would become one (1) share of common stock; and
- FOR the approval of the addition of shares of common stock to the 2003 MCF Corporation Stock Option and Incentive Plan; and
- FOR the approval of the creation of the 2006 MCF Corporation Directors' Stock Option and Incentive Plan.

We do not know of any other business that may be presented at the annual meeting. If a proposal other than those listed in the notice is presented at the annual meeting, your signed proxy card gives authority to the persons named in the proxy to vote your shares on such matters in their discretion.

Required Vote

Record holders of shares of the Company's common stock at the close of business on March 15, 2006, the voting record date, may vote at the meeting with respect to the election of nine directors, approval of

amending the Company's Amended Certificate of Incorporation to effect a reverse stock split, approval of the addition of shares of common stock to the 2003 MCF Corporation Stock Option and Incentive Plan, and approval of the creation of the 2006 MCF Corporation Directors' Stock Option and Incentive Plan. Each share of common stock outstanding on the record date has one vote. At the close of business on March 29, 2006, there were 74,088,151 shares of common stock issued and outstanding.

The Company's bylaws provide that a majority of the shares entitled to vote, represented in person or by proxy, constitutes a quorum for transaction of business. Assuming the presence of a quorum at the annual meeting, the vote of the holders of at least a plurality of the stock having voting power present in person or represented by proxy is required to elect the nine directors, approve the addition of shares of common stock to the 2003 MCF Corporation Stock Option and Incentive Plan, and approve the creation of the 2006 MCF Corporation Directors' Stock Option and Incentive Plan. Cumulative voting is not permitted with respect to the election of directors. The vote of the holders of the majority of issued and outstanding shares of common stock is required to approve the amendment to the Company's Certificate of Incorporation to authorize a reverse stock split. An automated system administered by the Company's transfer agent will tabulate the votes. Each is tabulated separately. Abstentions and broker non-votes are counted as present for purposes of establishing a quorum. Broker non-votes, however, will not be considered as part of the voting power present or represented at the annual meeting for purposes of any matter voted on at the meeting.

Revocability of Proxies

You may revoke your proxy by giving written notice to the Secretary of the Company or by delivering a later proxy to the Secretary, either of which must be received prior to the annual meeting, or by attending the meeting and voting in person.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board has nominated nine directors for election at the 2006 annual meeting. If you elect them, they will hold office until the next annual meeting, until their respective successors are duly elected and qualified, or until their earlier resignation or removal. Cumulative voting is not permitted. Unless you specify otherwise, your returned signed proxy will be voted in favor of each of the Board's nominees. In the event a nominee is unable to serve, your proxy may vote for another person nominated by the Board. The Board has no reason to believe that any of the nominees will be unavailable.

Vote Required

The affirmative vote of the holders of at least a plurality of the stock having voting power present in person or represented by proxy is required to elect the nine nominees of the Board as directors. Cumulative voting is not permitted with respect to the election of directors. Unless otherwise indicated, properly executed proxies will be voted in favor of each of the nominees to the Board recommended by the Board.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR EACH OF THE BOARD'S NOMINEES LISTED BELOW.

**EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND
CHANGE IN CONTROL AGREEMENTS**

Donald H. Sledge

Mr. Sledge's employment agreement provided for him to serve as Chairman and Chief Executive Officer of Rateexchange Corporation, now known as MCF Corporation with an annual base salary of \$300,000, an annual incentive bonus of up to 50% of base salary, a 10% interest in the subsidiary Rateexchange I, Inc., an expense reimbursement and other employee benefits. Under this agreement, Mr. Sledge's employment could be terminated for cause or upon death or disability so long as we paid all compensation owed as of the date of termination. Mr. Sledge's employment could be terminated without cause if we pay him severance pay equal to one year's annual salary and a bonus payment of \$150,000. In October 2000, Mr. Sledge resigned as Chief Executive Officer, but continued to serve as Chairman at a salary of \$120,000 per year until May of 2001. Upon his leaving our company in May 2001, we issued to Mr. Sledge a 7% convertible note, in an aggregate principal amount of \$400,000, due April 2003 as consideration for the severance terms in his employment agreement. Interest was payable at the maturity of the two-year term. The notes were convertible into shares of MCF's common stock on election of Mr. Sledge anytime before their maturity or their prior repurchase by the Company. The conversion rate was 364 shares per each \$1,000 principal amount of notes, subject to adjustment in certain circumstances. In March 2003, we modified the terms of the note payable to Mr. Sledge. The parties have agreed to convert the principle and interest due at the April 2003 maturity into a fully amortizing note payable over five years using an effective interest rate of 4.0%.

D. Jonathan Merriman

In connection with Mr. Merriman's appointment as our President and Chief Executive Officer, we entered into a three year employment agreement with Mr. Merriman during October 2000. His initial annual salary under his employment agreement was \$300,000. The agreement also included a \$200,000 bonus paid to him on January 2, 2001, expense reimbursement and other employee benefits. Effective March 15, 2001, Mr. Merriman reduced his annual salary to \$1.00, plus a bonus tied to performance. Mr. Merriman's salary was raised to \$150,000 per year after our company secured private financing. Effective May 28, 2001, Mr. Merriman was appointed Chairman of the Board and resigned his position as President of MCF Corporation. The Board ratified his appointment on June 28, 2001. In July 2002, Mr. Merriman's salary was changed to be in line with other revenue producing registered representatives of the Company such that his annual base salary is equal to \$75,000 and he receives a draw of \$75,000 per year. Mr. Merriman is also able to earn commissions based upon investment banking and trading business.

Under his employment agreement, Mr. Merriman has been awarded ten-year stock options, which are incentive options to the extent permissible under Section 422 of the Internal Revenue Code of 1986, as amended, to purchase a total of 2,000,000 shares of our common stock at an exercise price of \$3.19 per share. As of December 31, 2003, stock options to purchase 1,250,000 shares were vested. The remaining options to purchase 750,000 shares will vest as follows:

- Options to purchase 500,000 shares vesting on January 1, 2005, subject to acceleration of vesting upon the completion of a financing for \$15 million and further subject, in either case, to continued employment on such date, this option grant has vested;
- Options to purchase 250,000 shares vesting on January 1, 2006, subject to acceleration of vesting immediately after the common stock has traded on AMEX at a price of \$7.00 per share or more for 30 consecutive trading days, subject, in either case, to continued employment on such date, this option grant has vested.

The vesting of the stock options will accelerate, and Mr. Merriman will additionally be entitled to receive a payment of \$1.0 million from MCF, upon:

- A sale of all or substantially all of our assets;
- A merger of our company with another entity where we are not the surviving entity or where our stockholders immediately prior to the merger own less than 50% of our voting stock following the merger; or
- A change in the membership of the Board of Directors such that individuals who, as of October 5, 2000, constitute our Board of Directors cease for any reason to constitute at least a majority of the Board of Directors; provided that any individual becoming a director subsequent to October 5, 2000 whose election, or nomination for election by our stockholders, was approved by a vote of at least a majority of the directors then comprising the incumbent Board shall be considered as though the individual were a member of the incumbent Board, but excluding, for this purpose, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than our Board of Directors.

Under Mr. Merriman's employment agreement, Mr. Merriman's employment may be terminated for cause or upon death or disability so long as we pay all compensation owed as of the date of termination. Mr. Merriman's employment agreement may be terminated by us without cause if we pay to Mr. Merriman his base salary for twelve months following termination, any bonus that had been earned but not paid at the time of termination and all other benefits and compensation he would have been entitled to receive under the agreement had his employment not been terminated. All stock options granted to him under his employment also would immediately vest. Mr. Merriman would be entitled to receive the same payments and acceleration of the vesting of his options if he were to terminate his employment for good reason, as that term is defined in his employment agreement.

During October 2003, the Compensation Committee approved a three month extension of Mr. Merriman's employment agreement. On January 1, 2004, Mr. Merriman entered into a new three year employment contract with MCF Corporation. A copy of this agreement is included as an exhibit to the Company's Quarterly Report on Form 10-Q filed on August 4, 2004. Under the terms of that agreement Mr. Merriman receives a base salary of \$150,000 and a bonus calculated by the following formula:

- (a) Gross revenue multiplied by 0.50% (one half of one percent), payable quarterly;
- (b) Incremental revenue in 2005 that exceeds revenue in 2004 multiplied by 0.95% (ninety five one hundredth of one percent), payable quarterly. This is calculated monthly on a cumulative year-to-date basis using total revenue in 2004 divided by twelve months. This component can either be \$0 or a positive number. If cumulative 2005 revenue does not exceed cumulative 2004 revenue, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount;
- (c) Incremental revenue in 2005 that exceeds revenue in 2004 multiplied by 0.95% (ninety five one hundredth of one percent), payable annually. This component can either be \$0 or a positive number. If 2005 revenue does not exceed 2004 revenue, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount; and
- (d) Earnings before interest, taxes, depreciation and amortization (EBITDA) multiplied by 2.50%, payable annually. This component can either be \$0 or a positive number. If 2005 EBITDA is a negative amount, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount.

During the term of this Agreement, upon (i) a sale of all or substantially all of the assets of the Company, (ii) a merger of the Company with another entity where the Company is not the surviving entity

or where the stockholders of the Company immediately prior to the merger own less than fifty percent (50%) of the voting stock of the Company following the merger, or (iii) a change in the membership of the Board of Directors such that individuals who, as of January 1, 2004 constitute the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though the individual were a member of the Incumbent Board, but excluding, for this purpose, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Company's Board of Directors, the Executive shall receive \$1,000,000 from the Company and all of the Executive's options that have been granted pursuant to the terms set forth in this Agreement shall vest immediately.

In the case of (i) any termination other than termination for cause, or (ii) any termination by the Executive for Good Reason as defined below, Mr. Merriman shall continue to receive for twelve months, commencing on the date of such termination, his full base salary, any bonus that has been earned but not paid before termination of employment; and all other benefits and compensation that he would have been entitled to under the agreement in the absence of termination of employment; provided, further, that all of Mr. Merriman's options that have been granted pursuant to the terms set forth in the agreement shall vest immediately upon such termination.

Gregory S. Curhan

Mr. Gregory S. Curhan joined our company on January 9, 2002 as our Executive Vice President and Chief Financial Officer. On January 9, 2002, Mr. Curhan entered into an employment contract with Ratexchange Corporation, now known as MCF Corporation. His initial salary under his employment agreement was equal to \$125,000. The agreement also included a \$50,000 bonus authorized upon signing the employment agreement. The bonus was earned in three equal payments based upon Mr. Curhan's achievement of specific performance milestones as defined in the employment contract. Under his employment agreement, Mr. Curhan has been awarded ten-year stock options, which are incentive options to the extent permissible under Section 422 of the Internal Revenue Code of 1986, as amended, to purchase a total of 1,000,000 shares of our common stock at an exercise price of \$0.53 per share, as follows:

- An option grant to purchase 450,000 shares of common stock, 25% of which vested on the first anniversary of Mr. Curhan's employment and the remainder vesting 1/36th per month over the following three years, and
- An option grant to purchase 550,000 shares of common stock that will vest on January 1, 2007. The vesting of the shares in this grant will be accelerated in three equal sums upon the Company achieving specific financial performance milestones linked to profitability and share price, described in the employment agreement.

The vesting of Mr. Curhan's stock options will accelerate upon:

- A sale of all or substantially all of our assets;
- A merger of our company with another entity where we are not the surviving entity or where our stockholders immediately prior to the merger own less than 50% of our voting stock following the merger; or
- A change in the membership of the Board of Directors such that individuals who, as of January 9, 2002, constitute our Board of Directors cease for any reason to constitute at least a majority of the Board of Directors; provided that any individual becoming a director subsequent to January 9, 2002 whose election, or nomination for election by our stockholders, was approved by a vote of at least a

majority of the directors then comprising the incumbent Board shall be considered as though the individual were a member of the incumbent Board, but excluding, for this purpose, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than our Board of Directors.

Upon such change of control one half of Mr. Curhan's options granted shall vest, unless one half have already vested, in which case one half of the then remaining options will vest.

Under Mr. Curhan's employment agreement, Mr. Curhan's employment may be terminated for cause or upon death or disability so long as we pay all compensation owed as of the date of termination. Mr. Curhan's employment agreement may be terminated by us without cause if we pay to Mr. Curhan his base salary for six months following termination, any bonus that had been earned but not paid at the time of termination and all other benefits and compensation he would have been entitled to receive under the agreement had his employment not been terminated. Mr. Curhan would be entitled to receive the same payments and acceleration of the vesting of his options if he were to terminate his employment for good reason, as that term is defined in his employment agreement.

On January 1, 2005, Mr. Curhan entered into a new two year employment contract with MCF Corporation. A copy of this agreement was included as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2005. Under the terms of that agreement Mr. Curhan receives a base salary of \$150,000 and a bonus calculated by the following formula:

- (a) Gross revenue multiplied by 0.50% (one half of one percent), payable quarterly;
- (b) Incremental revenue in 2005 that exceeds revenue in 2004 multiplied by 0.85% (eighty five one hundredth of one percent), payable quarterly. This is calculated monthly on a cumulative year-to-date basis using total revenue in 2004 divided by twelve months. This component can either be \$0 or a positive number. If cumulative 2005 revenue does not exceed cumulative 2004 revenue, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount;
- (c) Incremental revenue in 2005 that exceeds revenue in 2004 multiplied by 0.85% (eighty five one hundredth of one percent), payable annually. This component can either be \$0 or a positive number. If 2005 revenue does not exceed 2004 revenue, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount; and
- (d) Earnings before interest, taxes, depreciation and amortization (EBITDA) multiplied by 2.50%, payable annually. This component can either be \$0 or a positive number. If 2005 EBITDA is a negative amount, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount.

During the term of this Agreement, upon (i) a sale of all or substantially all of the assets of the Company, (ii) a merger of the Company with another entity where the Company is not the surviving entity or where the stockholders of the Company immediately prior to the merger own less than fifty percent (50%) of the voting stock of the Company following the merger, or (iii) a change in the membership of the Board of Directors such that individuals who, as of January 1, 2005 constitute the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though the individual were a member of the Incumbent Board, but excluding, for this purpose, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Company's Board of Directors, the Executive shall receive \$500,000 from the

Company and all of the Executive's options that have been granted pursuant to the terms set forth in this Agreement shall vest immediately.

In the case of (i) any termination other than termination for cause, or (ii) any termination by the Executive for Good Reason as defined below, Mr. Curhan shall continue to receive for six months, commencing on the date of such termination, his full base salary, any bonus that has been earned but not paid before termination of employment; and all other benefits and compensation that he would have been entitled to under the agreement in the absence of termination of employment; provided, further, that all of Mr. Curhan's options that have been granted pursuant to the terms set forth in the agreement shall vest immediately upon such termination.

Mr. Ford's salary will be increase upon the Company meeting specific performance milestones related to profitability and shares price. The agreement also included a \$145,000 bonus paid to him upon signing his agreement. The bonus was paid \$45,000 in cash, tied to salary deferred for fiscal year 2001, and a stock option grant to purchase 270,270 shares of the Company's common stock which number of shares were determined by dividing \$100,000 by the closing price of the Company's stock on the day the agreement was signed. The exercise price of the ten-year bonus option grant shares is \$0.62. Mr. Ford was also granted ten-year stock options, which are incentive options to the extent permissible under Section 422 of the Internal Revenue Code of 1986, as amended, to purchase a total of 400,000 shares of our common stock at an exercise price equal to the closing price of our Private Placement financing of November 2001, equal to \$0.37. These shares were awarded in three grants by the Board of Directors. The first grant of 100,000 shares vested on the date of the agreement, January 1, 2002. The second grant of 100,000 shares vested on the first anniversary of the signing of the agreement. The third grant of 200,000 shares vests at a rate of 1/24th per month over the remaining two years following the first anniversary of the agreement, subject to continued employment.

The vesting of the stock options will accelerate, and Mr. Ford will additionally be entitled to receive a payment of \$500,000 from the Company, upon:

- A sale of all or substantially all of our assets;
- A merger of our company with another entity where we are not the surviving entity or where our stockholders immediately prior to the merger own less than 50% of our voting stock following the merger; or
- A change in the membership of the Board of Directors such that individuals who, as of January 1, 2002, constitute our Board of Directors cease for any reason to constitute at least a majority of the Board of Directors; provided that any individual becoming a director subsequent to January 1, 2002 whose election, or nomination for election by our stockholders, was approved by a vote of at least a majority of the directors then comprising the incumbent Board shall be considered as though the individual were a member of the incumbent Board, but excluding, for this purpose, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than our Board of Directors.

Under Mr. Ford's employment agreement, Mr. Ford's employment may be terminated for cause or upon death or disability so long as we pay all compensation owed as of the date of termination. Mr. Ford's

employment agreement may be terminated by us without cause if we pay to Mr. Ford his base salary for six months following termination, any bonus that had been earned but not paid at the time of termination, a lump sum payment of 50% of his full salary and all other benefits and compensation he would have been entitled to receive under the agreement had his employment not been terminated. Mr. Ford would be entitled to receive the same payments and acceleration of the vesting of his options if he were to terminate his employment for good reason, as that term is defined in his employment agreement.

On January 1, 2005, Mr. Ford entered into a new two year employment contract with MCF Corporation. A copy of this agreement was included as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2005. Under the terms of that agreement Mr. Ford receives a base salary of \$150,000 and a bonus calculated by the following formula:

- (a) Gross revenue multiplied by 0.50% (one half of one percent), payable quarterly;
- (b) Incremental revenue in 2005 that exceeds revenue in 2004 multiplied by 0.20% (two tenths of one percent), payable quarterly. This is calculated monthly on a cumulative year-to-date basis using total revenue in 2004 divided by twelve months. This component can either be \$0 or a positive number. If cumulative 2005 revenue does not exceed cumulative 2004 revenue, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount;
- (c) Incremental revenue in 2005 that exceeds revenue in 2004 multiplied by 0.20% (two tenths of one percent), payable annually. This component can either be \$0 or a positive number. If 2005 revenue does not exceed 2004 revenue, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount; and
- (d) Earnings before interest, taxes, depreciation and amortization (EBITDA) multiplied by 2.50%, payable annually. This component can either be \$0 or a positive number. If 2005 EBITDA is a negative amount, this executive bonus component will be \$0 and not a reduction to the overall executive bonus amount.

During the term of this Agreement, upon (i) a sale of all or substantially all of the assets of the Company, (ii) a merger of the Company with another entity where the Company is not the surviving entity or where the stockholders of the Company immediately prior to the merger own less than fifty percent (50%) of the voting stock of the Company following the merger, or (iii) a change in the membership of the Board of Directors such that individuals who, as of January 1, 2005 constitute the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though the individual were a member of the Incumbent Board, but excluding, for this purpose, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Company's Board of Directors, the Executive shall receive \$500,000 from the Company and all of the Executive's options that have been granted pursuant to the terms set forth in this Agreement shall vest immediately.

In the case of (i) any termination other than termination for cause, or (ii) any termination by the Executive for Good Reason as defined below, Mr. Ford shall continue to receive for six months, commencing on the date of such termination, his full base salary, any bonus that has been earned but not paid before termination of employment; and all other benefits and compensation that he would have been entitled to under the agreement in the absence of termination of employment; provided, further, that all of Mr. Ford's options that have been granted pursuant to the terms set forth in the agreement shall vest immediately upon such termination.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2001, the Company renegotiated the severance terms included in its employment agreement with Donald Sledge, the former Chairman and CEO of the Company. Upon his leaving the Company in May 2001, the Company issued to Mr. Sledge a 7% convertible note, in an aggregate principal amount of \$400,000, due May 2003. Interest was payable at the maturity of the two-year term. In May 2003, the Company and Mr. Sledge agreed to convert the principal and interest due at maturity into a fully amortizing note payable over five years using an effective interest rate of 4.0%. As of December 31, 2005, the remaining principal amount of the note payable was \$232,000. Mr. Sledge is a member of the Company's Board of Directors.

BOARD COMPENSATION COMMITTEE 2005 REPORT ON EXECUTIVE COMPENSATION

General Compensation Policy

The Compensation Committee of the Board of Directors has exclusive authority to establish the level of compensation paid to the Company's executive officers and administers the Company's stock option plans. Compensation policies of the Committee are designed to attract, retain and motivate highly skilled executive officers by providing compensation that is comparable to that provided by our competitors for key personnel. It is the Committee's policy to offer executive officers competitive compensation that is based upon overall Company performance, individual contributions to the Company's financial success and the scope of responsibilities performed pursuant to particular offices.

During 2005, the Committee established modest base salaries for the executive officers and provided them with the opportunity to earn bonus compensation based on overall revenue and profitability of the Company. The Committee administers the executive compensation system through informal surveys of compensation programs of other similar companies and application of the subjective business judgment of each Committee member. In employing its discretion, the Committee principally considers for each component of an executive's compensation factors such as previous and anticipated Company performance, as well as demonstrated individual initiative and performance. The principal components of the Company's executive compensation include (a) annual base salary, (b) bonus compensation tied directly to key operating metrics, including revenue and profitability of the Company, (c) commission compensation for revenue production and (d) equity awards. Currently, we do not contribute to any retirement programs or pension plans on behalf of our executive officers.

Base Salaries

Annual base salaries for executive officers are initially determined by evaluating the scope of the responsibilities of the office and the experience and knowledge of the individual officer. A secondary consideration is the competitiveness of the marketplace for executive talent. The Committee establishes base salaries of its executives with the objective of ensuring that the salaries we offer remain competitive with those of similar companies.

In establishing the annual base salaries of our executive officers, the Company's Board of Directors specifically assessed the responsibilities of the officers, evaluated the officers' level of experience, skills and knowledge relevant to the Company's business objectives and informally reviewed the compensation for executive officers of comparable companies. The Committee believes that the annual base salaries of our executive officers are appropriate when compared to salaries paid by other companies for the same offices, and in light of both the scope of responsibilities and anticipated performance, as well as previous related work experience and level of skill and knowledge of our officers.

The Committee anticipates that it will periodically review the individual salaries of each of our executive officers. Adjustments to base salaries are made at the discretion of the Committee, which takes into consideration factors such as past and anticipated performance of the Company and the Committee's subjective perception of the individual's performance.

Commissions

During 2005, Mr. Ganeles was eligible to receive commissions based upon sales and trading business production. The commissions are determined based upon the level of revenue attributed to the sales and trading department and a standardized payout rate that has been established for the various revenue transactions. Commission levels are set based primarily upon the commissions paid by competitors of the Company. Commissions earned by Mr. Ganeles during 2005 amounted to \$300,922.

Bonuses

Executive officer bonuses are tied directly to key operating metrics, including revenue and profitability. These bonuses are based on mathematical formulas and paid to the executive officers on a quarterly basis. Bonuses earned by Mr. Merriman, Mr. Curhan and Mr. Ford during 2005 amounted to \$267,070, \$258,268 and \$201,059, respectively.

Management bonuses are designed to provide the Company with flexibility in devising incentives for exceptional performance by our management officers. Generally, cash bonus payouts are tied to achievement of company-wide performance goals. The amount of the performance bonus awarded, if any, is tied to both the level of our management's performance and that of the Company. Bonuses earned by Mr. Hiestand and Mr. Aguilar during 2005 amounted to \$70,310 and \$70,310, respectively.

Equity Awards

In granting stock options and restricted stock, the Company's goals are to attract, retain and motivate the highest caliber of executives by offering long-term compensation that links a meaningful portion of the executives' total compensation to the best interests of stockholders. Making stock options and restricted stock a significant component of executive compensation provides each executive officer with incentive to manage the Company from the perspective of an owner with an equity interest in the Company. The Committee also believes that, given the market in which the Company operates and the Company's early stage of development, equity-based compensation provides the greatest incentive for outstanding executive performance.

Chief Executive Officer Compensation

D. Jonathan Merriman

Mr. Merriman's 2005 compensation; including salary, bonus and equity in the Company, was based upon his function as the Chairman and Chief Executive Officer. Mr. Merriman became the Company's chief executive in October 2000 and its chairman in May 2001. Mr. Merriman's compensation was negotiated based upon the then-current compensation being given to executives in similar businesses. Mr. Merriman's equity interest in the Company is earned based upon the performance goals set forth in his employment agreement. See Employment Contracts and Termination of Employment and Change in Control Agreements.

\$1 Million Pay Deductibility Limit

Section 162(m) of the Internal Revenue Code of 1986, as amended, prohibits publicly traded companies from taking a tax deduction for compensation in excess of \$1 million paid to the chief executive officer or any of the four most highly compensated executive officers for any fiscal year. Certain performance-based compensation is excluded from this \$1 million cap. At this time, none of the Company's executive officer's compensation subject to the deductibility limit exceeds \$1 million. In the Committee's view, the Company is not likely to be affected by the non-deductibility rules in the near future.

Conclusion

In conclusion, a significant portion of the Company's executive compensation was linked directly to revenue production, profitability of the Company, as well as individual performance of our executive officers as measured by the accomplishment of the Company's strategic goals. The Committee intends to continue the practice of linking executive compensation to Company performance, individual officer

performance and stockholder return, realizing, of course, that the business cycle from time to time may result in an imbalance for a particular period.

D. Jonathan Merriman

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2005, the following directors served as compensation committee members: D. Jonathan Merriman, Raymond J. Minehan, Donald Sledge and Steve Town. In September 2005, Mr. Merriman resigned from the compensation committee in order to establish a fully independent committee consistent with the American Stock Exchange and NYSE Arca Exchange guidelines.

During fiscal 2005, there were no Compensation Committee interlocks that were required to be reported under the rules and regulations of the Securities Exchange Act of 1934. Mr. Merriman, as Chairman and CEO, is an insider and was a member of the Compensation Committee until his resignation in September 2005. During the term of his participation on the Compensation Committee in 2005, Mr. Merriman recused himself from participation regarding his personal compensation. Additionally, Mr. Sledge was employed as our executive from September 1999 to May 2001.

PROPOSAL 2: AMENDMENT OF THE AMENDED CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT AT A RATIO OF 1-FOR-7

The Board recommends that the stockholders approve the authority of the Board to amend the Company's Certificate of Incorporation to effect a reverse stock split of the outstanding common stock at a ratio of 1-for-7 shares. The Board unanimously adopted resolutions seeking stockholder approval to amend the Company's Certificate of Incorporation to effect a reverse stock split of the Company's common stock at its regular meeting held on February 3, 2006.

If a reverse stock split is effected, seven (7) shares of outstanding common stock will be automatically converted into one (1) share of common stock, and the market price of the Company's common stock should increase proportionately. As of March 29, 2006, the Company had approximately 74,088,151 shares of common stock issued and outstanding and the closing price of the Company's common stock as quoted on the American Stock Exchange (AMEX) was \$1.44 per share.

The reverse stock split would only become effective upon filing a Certificate of Amendment to the Company's Certificate of Incorporation (the Certificate of Amendment). The form of Certificate of Amendment to effect the reverse stock split is attached to this Proxy Statement as Annex A and the following discussion is qualified in its entirety by the full text of the Certificate of Amendment.

Approval of this proposal by the Company's stockholders would give the Board authority to implement the reverse stock split at any time within two years of the stockholders' authorization of such action by this proposal. In addition, notwithstanding approval of this proposal by the stockholders, the Board may, in its sole discretion, determine not to effect, and to abandon, the reverse stock split without further action by the Company's stockholders.

Purposes of the Reverse Stock Split

The Board believes that an increased stock price may encourage investor interest and improve the marketability of the Company's common stock to a broader range of investors, and thus improve liquidity. Because of the trading volatility often associated with low-priced stocks, many brokerage firms and

institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. The Board believes that the anticipated higher market price resulting from a reverse stock split may reduce, to some extent, the negative effects on the marketability and liquidity of the common stock inherent in some of the policies and practices of institutional investors and brokerage firms described above.

Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of the Company's common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher.

The Board also believes that many investors pay commissions that are based on the number of shares bought or sold. Because of the Company's relatively low stock price, an investor desiring to invest a fixed amount of money in the Company's stock will buy more shares, and thus may pay more in commissions, than if the Company's stock price was higher. The Board believes that if a reverse stock split is effected, stockholders may pay significantly lower total commissions when they pay commissions based on the number of shares bought or sold. Lower commissions may also make the Company's stock a more attractive investment to additional investors.

A higher share price may give the Company the added flexibility to list its shares on a different stock exchange or quotation service, although the Company has no current plans to do so.

The Board also believes that a higher per share market price for the Company's common stock may help the Company attract and retain employees. The Board believes that some potential employees are less likely to work for a company with a low stock price, regardless of the company's market capitalization. However, again, there can be no assurance as to the market prices for the Company's common stock after the reverse stock split or that increased market prices for the Company's common stock will in fact enhance our ability to attract and retain employees.

Other positive factors associated with a reverse stock split include:

Potential Risks of the Reverse Stock Split

If the Board effects a reverse stock split, there can be no assurance that the price of the common stock will continue at a level in proportion to the reduction in the number of outstanding shares resulting from the reverse stock split. For example, based on the closing price on AMEX of the Company's common stock on March 29, 2006 of \$1.44 per share, if the Board decided to implement a reverse stock split at a ratio of 1-for-7, there can be no assurance that the post-split market price of the Company's common stock would be \$10.08 or greater. Accordingly, the total market capitalization of the Company's common stock after the proposed reverse stock split may be lower than the total market capitalization before the proposed reverse stock split.

Additionally, the liquidity of the Company's common stock could be affected adversely by the reduced number of shares outstanding after the reverse stock split. Although the Board believes that a higher stock price may help generate investor interest, there can be no assurance that the reverse stock split will result in a per-share price that will attract institutional investors or investment funds or that such share price will satisfy the investing guidelines of institutional investors or investment funds. As a result, any decreased liquidity that may result from having fewer shares outstanding may not be offset by increased investor interest in the Company's common stock.

Other negative factors associated with a reverse stock split include: the negative perception of reverse stock splits held by some investors, analysts, and other stock market participants; the fact that the stock

price of some companies that have effected reverse stock splits has subsequently declined back to pre-reverse stock split levels; and the costs associated with implementing a reverse stock split

Principal Effects of a Reverse Stock Split

If the Board effects a reverse stock split, the Company's outstanding shares of common stock will be reduced by the reverse stock split ratio of 1-for-7 and the market price of the Company's common stock on AMEX should increase proportionately. Similarly, the number of shares that may be acquired upon the exercise of our outstanding options and warrants will decrease and the exercise price under these options and warrants will increase proportionately, in each case as described below.

Common Stock

The Company's common stock is currently registered under Section 12(b) of the Securities Exchange Act of 1934 (the Exchange Act), and the Company is subject to the periodic reporting and other requirements of the Exchange Act. The reverse stock split will not affect the registration of the Company's common stock under the Exchange Act. If the reverse stock split is implemented, the Company's common stock will continue to be listed on AMEX under the symbol MEM, although the Board expects that AMEX would temporarily append an additional letter to the Company's trading symbol after the reverse stock split to provide stockholders with notice of the action.

After the effective date of the 1-for-7 reverse stock split, each stockholder will own fewer shares of the Company's common stock. However, the reverse stock split will affect all of the Company's stockholders uniformly and will not affect any stockholder's percentage ownership interests in the Company, except to the extent that the reverse stock split results in any of the Company's stockholders owning a fractional share, as described below. Proportionate voting rights and other rights of the holders of the Company's common stock will not be affected by the reverse stock split other than as a result of the payment of cash in lieu of fractional shares. A reverse stock split is likely to result in some stockholders owning odd-lots of fewer than 100 shares of common stock. Brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions on round-lots of even multiples of 100 shares.

The reverse stock split would not change the number of authorized shares of common stock designated by the Company's Certificate of Incorporation. Currently, the Company has authorized 300,000,000 shares of common stock. Thus, because the number of issued and outstanding shares of common stock would decrease, the number of shares remaining available for issuance under the Company's Certificate of Incorporation would increase. These additional shares of common stock would be available for issuance from time to time for corporate purposes such as raising additional capital, acquisitions of companies or assets, and sales of stock or securities convertible into or exercisable for common stock. The Board believes that the availability of the additional shares will provide the Company with the flexibility to meet business needs as they arise and to take advantage of attractive opportunities. If the Company issues additional shares for any of these purposes, the ownership interest of the Company's current stockholders would be diluted in the same manner as would result in any other share issuance.

This proposal has been prompted solely by the business considerations discussed in the preceding paragraphs. Nevertheless, the additional shares of common stock that would become available for issuance if a reverse stock split is effected could also be used by the Company's management to oppose a hostile takeover attempt or delay or prevent changes in control. Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect, the reverse stock split is not being proposed in response to any effort of which the Board is aware to accumulate the shares of the Company's common stock or obtain control of the Company, nor is it part of a plan by the Company's management to recommend a series of similar amendments to the Board and

stockholders. The Board is not aware of any pending takeover or other transactions that would result in a change in control of the Company.

The following table depicts, by way of example, the potential effects of the reverse stock split at a 1-for-7 ratio upon the number of shares of common stock outstanding, the number of shares of common stock reserved for future issuance, and the number of shares of common stock that would be available for issuance after the reverse stock split. The numbers provided below are as of December 31, 2005, the end of our most recently completed fiscal quarter.

Reverse Stock Split	Common Stock Outstanding	Shares Reserved for Issuance	Shares Available for Issuance
Before Reverse Split	71,467,118	26,844,662	2,735,443
1-for-7	10,209,588 (1)	3,834,952 (2)	390,778

(1) Represents the total number of shares of common stock outstanding after the reverse stock split.

(2) Represents the total number of shares reserved for issuance pursuant to outstanding options and warrants, excluding shares potentially issuable under our 2003 Stock Option and Incentive Plan described below under Proposal No. 3.

Options and Warrants

All outstanding options and warrants to purchase shares of the Company's common stock, including those held by the Company's officers and directors, would be adjusted as a result of the 1-for-7 reverse stock split. In particular, the number of shares issuable upon the exercise of each instrument would be reduced, and the exercise price per share, if applicable, would be increased, in accordance with the terms of each instrument and based on the 1-for-7 ratio of the reverse stock split. For example, if an employee had an option under the Company's Stock Option and Incentive Plan to purchase 7,000 shares of common stock at \$1.00 per share, and if the Board effected a 1-for-7 reverse stock split, that option after the reverse stock split would represent the right to purchase 1,000 shares of common stock at a price of \$7.00 per share. Also, the number of shares reserved for issuance under the Company's existing stock option and incentive plan would be reduced proportionally based on the 1-for-7 ratio of the reverse stock split.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options and Warrants		Number of Securities Remaining Available For Future Issuance Under Equity Compensation Plans

Equity compensation not approved by stockholders	500,000	71,429	1,300,000	185,714

Fractional Shares

No fractional shares of the Company's common stock will be issued as a result of the proposed reverse stock split. In lieu of issuing fractional shares, the Company will round the conversion figure for the new shares up to the nearest full share for each stockholder who would otherwise be entitled to receive a fractional share.

Procedure for Effecting a Reverse Stock Split and Exchange of Stock Certificates

If the Company's stockholders approve this proposal and the Board decides to effectuate a reverse stock split, the Company will file the Certificate of Amendment with the Delaware Division of Corporations. The reverse stock split will become effective at the time specified in the amendment, which the Board expects to be the next business day after the filing of the amendment, and which the Board refers to as the Effective Date.

As of the Effective Date of the reverse stock split, each certificate representing shares of the Company's common stock before the reverse stock split would be deemed, for all corporate purposes, to evidence ownership of the reduced number of shares of the Company's common stock resulting from the reverse stock split, except that holders of unexchanged shares would not be entitled to receive any dividends or other distributions payable by the Company after the Effective Date until they surrender their old stock certificates for exchange. All shares underlying options and warrants and other securities would also be automatically adjusted on the Effective Date.

The Company's transfer agent, OTC Stock Transfer, Inc., is expected to act as the exchange agent for purposes of implementing the exchange of stock certificates. As soon as practicable after the Effective Date, stockholders and holders of securities exercisable for the Company's common stock would be notified of the effectiveness of the reverse stock split. Stockholders of record would receive a letter of transmittal requesting them to surrender their old stock certificates for new stock certificates reflecting the adjusted number of shares as a result of the reverse stock split. Beneficial holders (persons who hold their shares in brokerage accounts or "street name") would not be required to take any further actions to effect the exchange of their shares. No new certificates would be issued to a stockholder until such stockholder has surrendered any outstanding certificates together with the properly completed and executed letter of transmittal to the exchange agent. Until surrender, each certificate representing shares before the reverse stock split would continue to be valid and would represent the adjusted number of shares based on the 1-for-7 ratio of the reverse stock split. ***Stockholders should not destroy any stock certificate and should not submit any certificates until they receive a letter of transmittal.***

Accounting Matters

Because the Company's common stock has no par value, the reverse stock split will not affect the stated capital on the Company's balance sheet attributable to the common stock. If the Company elects to pay the cost of fractional shares, instead of authorizing its transfer agent to accumulate fractional shares and sell the corresponding whole shares into the market for such purposes, such costs will be deducted from the common stock account on the balance sheet. The per share net income or loss and per share net book value of the common stock will be increased as a result of the reverse stock split, because there will be fewer shares of common stock outstanding. In addition, all per-share income and loss numbers for prior years will be restated to reflect the reverse stock split.

No Dissenters Rights

In connection with the approval of the reverse stock split, stockholders of the Company will not have a right to dissent and obtain payment for their shares under Delaware law or the Company's Certificate of Incorporation or bylaws.

No Appraisal Rights

Under the Delaware General Corporation Law, stockholders will not be entitled to exercise appraisal rights in connection with the reverse stock split, and the Company will not independently provide stockholders with any such right.

Tax Consequences for Common Stockholders

The following discussion sets forth the material United States federal income tax consequences that management believes will apply with respect to the Company and the stockholders of the Company who are United States holders at the effective time of the reverse stock split. This discussion does not address the tax consequences of transactions effectuated prior to or after the reverse stock split, including, without limitation, the tax consequences of the exercise of options, warrants, or similar rights to purchase stock. Furthermore, no foreign, state, or local tax considerations are addressed herein. For this purpose, a United States holder is a stockholder that is: (i) a citizen or resident of the United States, (ii) a domestic corporation, (iii) an estate whose income is subject to United States federal income tax regardless of its source, or (iv) a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust.

No gain or loss should be recognized by a stockholder upon his or her exchange of pre-reverse stock split shares for post-reverse stock split shares. The aggregate tax basis of the post-reverse stock split shares received in the reverse stock split will be the same as the stockholder's aggregate tax basis in the pre-reverse stock split shares exchanged therefor. The stockholder's holding period for the post-reverse stock split shares will include the period during which the stockholder held the pre-reverse stock split shares surrendered in the reverse stock split.

Tax Consequences for the Company

We should not recognize any gain or loss as a result of the reverse stock split.

Vote Required

The affirmative vote of the holders of a majority of the Company's issued and outstanding common stock is required to approve this proposal. Unless otherwise indicated, properly executed proxies will be voted in favor of Proposal 2 to approve the proposal to effect a reverse stock split of the outstanding common stock at a ratio of 1-for-7 shares.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENTS TO THE AMENDED CERTIFICATE OF INCORPORATION TO EFFECT A 1-FOR-7 REVERSE STOCK SPLIT.

PROPOSAL 3: AMENDMENT OF THE 2003 STOCK OPTION AND INCENTIVE PLAN

The Board has adopted, subject to stockholder approval, amendments to the Company's 2003 Stock Option and Incentive Plan to increase by 1,500,000 the number of shares of Common Stock available for issuance pursuant to awards granted under the 2003 Stock Option and Incentive Plan and to extend the term of the 2003 Stock Option and Incentive Plan for an additional one-year period, until March 7, 2016. (If stockholders approve the amendment to the Company's Certificate of Incorporation to effect a reverse stock split at a ratio of 1-for-7 and the Board effects such a reverse stock split, then the 2003 Stock Option and Incentive Plan would be amended to increase by 214,286 shares of Common Stock.) As of March 29, 2006, 311,525 shares remained available for grant under the 2003 Stock Option and Incentive Plan. The market price of the Company's Common Stock as of the close of trading on March 29, 2006 was \$1.44. The 2003 Stock Option and Incentive Plan was initially adopted by the Board on March 7, 2003 and approved by stockholders on June 20, 2003.

Any employee, Officer, director, consultant, or advisor of the Company or any subsidiary of the Company is eligible to receive awards under the 2003 Stock Option and Incentive Plan. Because participation and the types of awards under the 2003 Stock Option and Incentive Plan are subject to the discretion of the Compensation Committee, the benefits or amounts that will be received by any participant or groups of participants if the amendments to the 2003 Stock Option and Incentive Plan are approved are not currently determinable. The Company estimates that approximately 160 individuals were eligible to participate in the 2003 Stock Option and Incentive Plan as of March 13, 2006.

The Board believes that stock options have been, and will continue to be, an important compensation element in attracting, motivating, and retaining key employees. The granting of incentive stock options to employees is consistent with the Company's past practices and practices in the industry, and is a factor in promoting the long-term development of the Company. The Board believes that the increase in authorized shares is necessary because of the need to continue to make awards under the Plan to attract, motivate, and retain key employees.

Description of the Plan

A description of the provisions of the 2003 Stock Option and Incentive Plan, as amended, is set forth below. This summary is qualified in its entirety by the detailed provisions of the 2003 Stock Option and Incentive Plan, as amended, a copy of which is attached as *Annex B* to this proxy statement.

Administration. The Compensation Committee of the Board administers the 2003 Stock Option and Incentive Plan. Subject to the terms of the plan, the Compensation Committee may select participants to receive awards, determine the types of awards and terms and conditions of awards and interpret provisions of the plan.

Common Stock Reserved for Issuance under the Plan. The common stock to be issued under the 2003 Stock Option and Incentive Plan consists of authorized but unissued shares. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any common stock, then the number of shares of common stock counted against the aggregate number of shares available under the plan with respect to the award will, to the extent of any such forfeiture or termination, again be available for making awards under the 2003 Stock Option and Incentive Plan.

Eligibility. Awards may be made under the 2003 Stock Option and Incentive Plan to our directors, employees of or consultants to the Company or any of the Company's subsidiaries or affiliates, including any such employee who is an officer or director of the Company or of any subsidiary or affiliate.

Amendment or Termination of the Plan. The Board may terminate or amend the plan at any time and for any reason. Unless amended, the 2003 Stock Option and Incentive Plan will terminate ten years after

its effective date. Amendments will be submitted for stockholder approval to the extent required by the Internal Revenue Code or other applicable laws.

Options. The 2003 Stock Option and Incentive Plan permits the granting of options to purchase shares of common stock intended to qualify as incentive stock options under the Internal Revenue Code and stock options that do not qualify as incentive stock options.

In the case of incentive stock options, the exercise price of each stock option may not be less than 100% of the fair market value of the Company's common stock on the date of grant. In the case of certain 10% stockholders who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of the common stock on the date of grant. An exception to these requirements is made for options that the Company grants in substitution for options held by employees of companies that the Company acquires. In such a case the exercise price is adjusted to preserve the economic value of the employee's stock option from his or her former employer. In no event will the exercise price be less than the par value of a share of common stock on the date of grant.

The term of each stock option is fixed by the Compensation Committee and may not exceed 10 years from the date of grant. Options may be made exercisable in installments. The Compensation Committee may accelerate the exercisability of options.

Unless the Compensation Committee provides otherwise in the applicable option agreement, unvested options will expire immediately and vested options will expire 90 days after a grantee terminates employment with the Company for a reason other than for death or disability. Unless the Compensation Committee provides otherwise in the applicable option agreement, in the case of a termination of employment due to death or disability, options will fully vest and remain exercisable for a period of one year following termination of employment. In the case of a termination for cause, the Company may cancel the options upon the grantee's termination.

In general, a grantee may pay the exercise price of an option by cash, certified check, by tendering shares of common stock (which if acquired from the Company have been held by the grantee for at least six months), or by means of a broker-assisted cashless exercise.

Stock options granted under the 2003 Stock Option and Incentive Plan may not be sold, transferred, pledged or assigned other than by will or under applicable laws of descent and distribution. However, the Company may permit limited transfers of non-qualified options for the benefit of immediate family members of grantees to help with estate planning concerns or to co-workers or employees of grantees.

Other Awards. The Compensation Committee also may award:

- restricted stock, which are shares of common stock subject to restrictions.
- restricted stock units, which are common stock units subject to restrictions.

Effect of Certain Corporate Transactions. Certain change of control transactions involving the Company, such as a sale of MCF Corporation, may cause awards granted under the 2003 Stock Option and Incentive Plan to vest, unless the awards are continued or substituted for in connection with the change of control transaction.

Adjustments for Stock Dividends and Similar Events. The Compensation Committee will make appropriate adjustments in outstanding awards and the number of shares available for issuance under the 2003 Stock Option and Incentive Plan, including the individual limitations on options, to reflect common stock dividends, stock splits and other similar events.

Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits publicly-held companies such as Rateexchange to an annual deduction for federal income tax purposes of \$1 million for compensation paid to their covered employees. However, performance-based

compensation is excluded from this limitation. The 2003 Stock Option and Incentive Plan is designed to permit the Compensation Committee to grant options that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

To qualify as performance-based:

- (a) the compensation must be paid solely on account of the attainment of one or more pre-established, objective performance goals;
- (b) the performance goal under which compensation is paid must be established by a compensation committee comprised solely of two or more directors who qualify as outside directors for purposes of the exception;
- (c) the material terms under which the compensation is to be paid must be disclosed to and subsequently approved by stockholders of the Company before payment is made in a separate vote; and
- (d) the Compensation Committee must certify in writing before payment of the compensation that the performance goals and any other material terms were in fact satisfied.

In the case of compensation attributable to stock options, the performance goal requirement (summarized in (a) above) is deemed satisfied, and the certification requirement (summarized in (d) above) is inapplicable, if the grant or award is made by the Compensation Committee; the plan under which the option is granted states the maximum number of shares with respect to which options may be granted during a specified period to an employee; and under the terms of the option, the amount of compensation is based solely on an increase in the value of the common stock after the date of grant. The maximum number of shares of common stock subject to options that can be awarded under the 2003 Stock Option and Incentive Plan to any person is 5,000,000 shares per year.

Federal Income Tax Consequences

Incentive Stock Options. The grant of an option will not be a taxable event for the grantee or for the Company. A grantee will not recognize taxable income upon exercise of an incentive stock option (except that the alternative minimum tax may apply), and any gain realized upon a disposition of the common stock received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the grantee holds the shares of common stock for at least two years after the date of grant and for one year after the date of exercise (the holding period requirement). The Company will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option, except as discussed below.

For the exercise of an option to qualify for the foregoing tax treatment, the grantee generally must be the Company's employee or an employee of the Company's subsidiary from the date the option is granted through a date within three months before the date of exercise of the option.

If all of the foregoing requirements are met except the holding period requirement mentioned above, the grantee will recognize ordinary income upon the disposition of the common stock in an amount generally equal to the excess of the fair market value of the common stock at the time the option was exercised over the option exercise price (but not in excess of the gain realized on the sale). The balance of the realized gain, if any, will be capital gain. The Company will be allowed a business expense deduction to the extent the grantee recognizes ordinary income, subject to the Company's compliance with Section 162(m) of the Internal Revenue Code and to certain reporting requirements.

Non-Qualified Options. The grant of an option will not be a taxable event for the grantee or for the Company. Upon exercising a non-qualified option, a grantee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the

date of exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a non-qualified option, the grantee will have taxable gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares of common stock (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised).

If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

A grantee who has transferred a non-qualified stock option to a family member by gift will realize taxable income at the time the non-qualified stock option is exercised by the family member. The grantee will be subject to withholding of income and employment taxes at that time. The family member's tax basis in the shares of common stock will be the fair market value of the shares of common stock on the date the option is exercised. The transfer of vested non-qualified stock options will be treated as a completed gift for gift and estate tax purposes. Once the gift is completed, neither the transferred options nor the shares acquired on exercise of the transferred options will be includable in the grantee's estate for estate tax purposes.

Restricted Stock. A grantee who is awarded restricted stock will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares of common stock are subject to restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the grantee may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the common stock on the date of the award, determined without regard to the restrictions. If the grantee does not make such a Section 83(b) election, the fair market value of the common stock on the date the restrictions lapse will be treated as compensation income to the grantee and will be taxable in the year the restrictions lapse. If the Company complies with applicable reporting requirements and subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Restricted Stock Units. There are no immediate tax consequences of receiving an award of restricted stock units under the 2003 Stock Option and Incentive Plan. A grantee who is awarded restricted stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such grantee at the end of the restriction period or, if later, the payment date. If the Company complies with applicable reporting requirements and subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Vote Required

The affirmative vote of the holders of a majority of the stock having voting power present in person or represented by proxy at the Annual Meeting is required to approve the amendments to the 2003 Stock Option and Incentive Plan. Unless otherwise indicated, properly executed proxies will be voted in favor of Proposal 3 to approve the amendments to the 2003 Stock Option and Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENTS TO THE 2003 STOCK OPTION AND INCENTIVE PLAN.

PROPOSAL 4: CREATION OF THE 2006 DIRECTORS' STOCK OPTION AND INCENTIVE PLAN

The Board seeks stockholder approval to create the 2006 MCF Corporation Directors' Stock Option and Incentive Plan. The 2006 Directors' Stock Option and Incentive plan will have 840,000 shares of Common Stock available for issuance and a term of ten years. (If stockholders approve the amendment to the Company's Certificate of Incorporation to effect a reverse stock split at a ratio of 1-for-7 and the Board effects such a reverse stock split, then the 2006 Directors' Stock Option and Incentive Plan would have 120,000 shares of Common Stock.)

Any director of the Company is eligible to receive awards under the 2006 Directors' Stock Option and Incentive Plan. Because participation and the types of awards under the 2006 Directors' Stock Option and Incentive Plan are subject to the discretion of the Compensation Committee, the benefits or amounts that will be received by any participant or groups of participants if the creation of the 2006 Directors' Stock Option and Incentive Plan are approved are not currently determinable. The Company estimates that approximately seven individuals were eligible to participate in the 2006 Directors' Stock Option and Incentive Plan as of March 13, 2006.

The Board believes that stock options have been, and will continue to be, an important compensation element in attracting, motivating, and retaining key directors. The granting of incentive stock options to directors is consistent with the Company's past practices and practices in the industry, and is a factor in promoting the long-term development of the Company. The Board believes that the increase in authorized shares is necessary because of the need to continue to make awards under the Plan to attract, motivate, and retain key directors.

Description of the Plan

A description of the provisions of the 2006 Directors' Stock Option and Incentive Plan is set forth below. This summary is qualified in its entirety by the detailed provisions of the 2006 Directors' Stock Option and Incentive Plan, a copy of which is attached as *Annex C* to this proxy statement.

Administration. The Compensation Committee of the Board administers the 2006 Directors' Stock Option and Incentive Plan. Subject to the terms of the plan, the Compensation Committee may select participants to receive awards, determine the types of awards and terms and conditions of awards and interpret provisions of the plan.

Common Stock Reserved for Issuance under the Plan. The common stock to be issued under the 2006 Directors' Stock Option and Incentive Plan consists of authorized but unissued shares. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any common stock, then the number of shares of common stock counted against the aggregate number of shares available under the plan with respect to the award will, to the extent of any such forfeiture or termination, again be available for making awards under the 2006 Directors' Stock Option and Incentive Plan.

Eligibility. Awards may be made under the 2006 Directors' Stock Option and Incentive Plan to the Company's directors.

Amendment or Termination of the Plan. The Board may terminate or amend the plan at any time and for any reason. Unless amended, the 2006 Directors' Stock Option and Incentive Plan will terminate ten years after its effective date. Amendments will be submitted for stockholder approval to the extent required by the Internal Revenue Code or other applicable laws.

Options. The 2006 Directors' Stock Option and Incentive Plan permits the granting of options to purchase shares of common stock intended to qualify as incentive stock options under the Internal Revenue Code and stock options that do not qualify as incentive stock options.

In the case of incentive stock options, the exercise price of each stock option may not be less than 100% of the fair market value of the Company's common stock on the date of grant. In the case of certain 10% stockholders who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of the common stock on the date of grant. An exception to these requirements is made for options that the Company grants in substitution for options held by directors of companies that the Company acquires. In such a case the exercise price is adjusted to preserve the economic value of the director's stock option from his or her former employer. In no event will the exercise price be less than the par value of a share of common stock on the date of grant.

The term of each stock option is fixed by the Compensation Committee and may not exceed 10 years from the date of grant. Options may be made exercisable in installments. The Compensation Committee may accelerate the exercisability of options.

Unless the Compensation Committee provides otherwise in the applicable option agreement, unvested options will expire immediately and vested options will expire 90 days after a grantee terminates employment with the Company for a reason other than for death or disability. Unless the Compensation Committee provides otherwise in the applicable option agreement, in the case of a termination of employment due to death or disability, options will fully vest and remain exercisable for a period of one year following termination of employment. In the case of a termination for cause, the Company may cancel the options upon the grantee's termination.

In general, a grantee may pay the exercise price of an option by cash, certified check, by tendering shares of common stock (which if acquired from the Company have been held by the grantee for at least six months), or by means of a broker-assisted cashless exercise.

Stock options granted under the 2006 Directors' Stock Option and Incentive Plan may not be sold, transferred, pledged or assigned other than by will or under applicable laws of descent and distribution. However, the Company may permit limited transfers of non-qualified options for the benefit of immediate family members of grantees to help with estate planning concerns or to co-workers or employees of grantees.

Other Awards. The Compensation Committee also may award:

- restricted stock, which are shares of common stock subject to restrictions.
- restricted stock units, which are common stock units subject to restrictions.

Effect of Certain Corporate Transactions. Certain change of control transactions involving the Company, such as a sale of MCF Corporation, may cause awards granted under the 2006 Directors' Stock Option and Incentive Plan to vest, unless the awards are continued or substituted for in connection with the change of control transaction.

Adjustments for Stock Dividends and Similar Events. The Compensation Committee will make appropriate adjustments in outstanding awards and the number of shares available for issuance under the 2006 Directors' Stock Option and Incentive Plan, including the individual limitations on options, to reflect common stock dividends, stock splits and other similar events.

Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits publicly-held companies such as Ralexchange to an annual deduction for federal income tax purposes of \$1 million for compensation paid to their covered employees. However, performance-based compensation is excluded from this limitation. The 2006 Directors' Stock Option and Incentive Plan is designed to permit the Compensation Committee to grant options that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

To qualify as performance-based:

- (a) the compensation must be paid solely on account of the attainment of one or more pre-established, objective performance goals;
- (b) the performance goal under which compensation is paid must be established by a compensation committee comprised solely of two or more directors who qualify as outside directors for purposes of the exception;
- (c) the material terms under which the compensation is to be paid must be disclosed to and subsequently approved by stockholders of the Company before payment is made in a separate vote; and
- (d) the Compensation Committee must certify in writing before payment of the compensation that the performance goals and any other material terms were in fact satisfied.

In the case of compensation attributable to stock options, the performance goal requirement (summarized in (a) above) is deemed satisfied, and the certification requirement (summarized in (d) above) is inapplicable, if the grant or award is made by the Compensation Committee; the plan under which the option is granted states the maximum number of shares with respect to which options may be granted during a specified period to a director; and under the terms of the option, the amount of compensation is based solely on an increase in the value of the common stock after the date of grant. The maximum number of shares of common stock subject to options that can be awarded under the 2006 Directors' Stock Option and Incentive Plan to any person is 200,000 shares per year.

Federal Income Tax Consequences

Incentive Stock Options. The grant of an option will not be a taxable event for the grantee or for the Company. A grantee will not recognize taxable income upon exercise of an incentive stock option (except that the alternative minimum tax may apply), and any gain realized upon a disposition of the common stock received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the grantee holds the shares of common stock for at least two years after the date of grant and for one year after the date of exercise (the holding period requirement). The Company will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option, except as discussed below.

For the exercise of an option to qualify for the foregoing tax treatment, the grantee generally must be the Company's employee or an employee of the Company's subsidiary from the date the option is granted through a date within three months before the date of exercise of the option.

If all of the foregoing requirements are met except the holding period requirement mentioned above, the grantee will recognize ordinary income upon the disposition of the common stock in an amount generally equal to the excess of the fair market value of the common stock at the time the option was exercised over the option exercise price (but not in excess of the gain realized on the sale). The balance of the realized gain, if any, will be capital gain. The Company will be allowed a business expense deduction to the extent the grantee recognizes ordinary income, subject to the Company's compliance with Section 162(m) of the Internal Revenue Code and to certain reporting requirements.

Non-Qualified Options. The grant of an option will not be a taxable event for the grantee or for the Company. Upon exercising a non-qualified option, a grantee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a non-qualified option, the grantee will have taxable gain or loss, measured by the difference between the amount

realized on the disposition and the tax basis of the shares of common stock (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised).

If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

A grantee who has transferred a non-qualified stock option to a family member by gift will realize taxable income at the time the non-qualified stock option is exercised by the family member. The grantee will be subject to withholding of income and employment taxes at that time. The family member's tax basis in the shares of common stock will be the fair market value of the shares of common stock on the date the option is exercised. The transfer of vested non-qualified stock options will be treated as a completed gift for gift and estate tax purposes. Once the gift is completed, neither the transferred options nor the shares acquired on exercise of the transferred options will be includable in the grantee's estate for estate tax purposes.

Restricted Stock. A grantee who is awarded restricted stock will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares of common stock are subject to restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the grantee may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the common stock on the date of the award, determined without regard to the restrictions. If the grantee does not make such a Section 83(b) election, the fair market value of the common stock on the date the restrictions lapse will be treated as compensation income to the grantee and will be taxable in the year the restrictions lapse. If the Company complies with applicable reporting requirements and subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Restricted Stock Units. There are no immediate tax consequences of receiving an award of restricted stock units under the 2006 Directors' Stock Option and Incentive Plan. A grantee who is awarded restricted stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such grantee at the end of the restriction period or, if later, the payment date. If the Company complies with applicable reporting requirements and subject to the restrictions of Section 162(m) of the Internal Revenue Code, the Company will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Vote Required

The affirmative vote of the holders of a majority of the stock having voting power present in person or represented by proxy at the Annual Meeting is required to establish the 2006 Directors' Stock Option and Incentive Plan. Unless otherwise indicated, properly executed proxies will be voted in favor of Proposal 4 to approve the 2006 Directors' Stock Option and Incentive Plan.

All such actions and determinations shall be by the affirmative vote of a majority of the members of the Board present at a meeting or by unanimous consent of the Board executed in writing in accordance with the Company's certificate of incorporation and by-laws and applicable law. The interpretation and construction by the Board of any provision of the Plan, any Grant, or any Award Agreement shall be final and conclusive.

The Board from time to time may delegate to a Committee such powers and authorities related to the administration and implementation of the Plan, as set forth in **Section 3.1** above and in other applicable provisions, as the Board shall determine, consistent with the certificate of incorporation and by-laws of the Company and applicable law. As a condition to any Grant, the Board shall have the right, at its discretion, to require Grantees to return to the Company Grants previously awarded under the Plan. Subject to the terms and conditions of the Plan, any such subsequent Grant shall be upon such terms and conditions as are specified by the Board

6. OPTION GRANTS

6.1 Employees or Consultants.

Grants (including Grants of Incentive Stock Options, subject to **Section 7.1**) may be made under the Plan to any employee, officer or director of, or any consultant or advisor to, the Company or any Subsidiary, as the Board shall determine and designate from time to time.

B-4

6.2 Successive Grants.

An eligible person may receive more than one Grant, subject to such restrictions as are provided herein.

7. LIMITATIONS ON GRANTS

7.1 Limitations on Incentive Stock Options.

An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

8. AWARD AGREEMENT

Each Grant pursuant to the Plan shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Award Agreement evidencing a Grant of Options shall specify whether such Options are intended to be non-qualified stock options or Incentive Stock Options, and in the absence of such specification such options shall be deemed non-qualified stock options.

9. OPTION PRICE

The Option Price of each Option shall be fixed by the Board and stated in the Award Agreement evidencing such Option. In the case of an Incentive Stock Option the Option Price shall be the Fair Market Value on the Grant Date of a share of Stock; *provided, however*, that in the event that a Grantee would otherwise be ineligible to receive an Incentive Stock Option by reason of the provisions of Sections 422(b)(6) and 424(d) of the Code (relating to ownership of more than ten percent of the Company's outstanding shares of Stock), the Option Price of an Option granted to such Grantee that is intended to be an Incentive Stock Option shall be not less than the greater of the par value or 110 percent of the Fair Market Value of a share of Stock on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.

10. VESTING, TERM AND EXERCISE OF OPTIONS

10.1 Vesting and Option Period.

Subject to **Sections 10.2** and **17.3** hereof, each Option granted under the Plan shall become exercisable at such times and under such conditions as shall be determined by the Board and stated in the Award Agreement. For purposes of this **Section 10.1**, fractional numbers of shares of Stock subject to an Option shall be rounded down to the next nearest whole number. The period during which any Option shall be exercisable shall constitute the Option Period with respect to such Option.

10.2 Term.

Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten years from the date such Option is granted, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award Agreement relating to such Option; *provided, however*, that in the event

that the Grantee would otherwise be ineligible to receive an Incentive Stock Option by reason of the provisions of Sections 422(b)(6) and 424(d) of the Code (relating to ownership of more than ten percent of the outstanding shares of Stock), an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five years from its Grant Date.

10.3 Acceleration.

Any limitation on the exercise of an Option contained in any Award Agreement may be rescinded, modified or waived by the Board, in its sole discretion, at any time and from time to time after the Grant Date of such Option, so as to accelerate the time at which the Option may be exercised. Notwithstanding any other provision of the Plan, no Option shall be exercisable in whole or in part prior to the date the Plan is approved by the stockholders of the Company as provided in **Section 5.1** hereof.

10.4 Termination of Employment or Other Relationship.

Unless otherwise provided by the Board, upon the termination of a Grantee's employment or other relationship with the Company or any Subsidiary other than by reason of death or permanent and total disability (within the meaning of Section 22(e)(3) of the Code), any Option or portion thereof held by such Grantee that has not vested in accordance with the provisions of **Section 10.1** hereof shall terminate immediately, and any Option or portion thereof that has vested in accordance with the provisions of **Section 10.1** hereof but has not been exercised shall terminate at the close of business on the 90th day following the Grantee's termination of employment or other relationship (or, if such 90th day is a Saturday, Sunday or holiday, at the close of business on the next preceding day that is not a Saturday, Sunday or holiday). Upon termination of an Option or portion thereof, the Grantee shall have no further right to purchase shares of Stock pursuant to such Option or portion thereof. Whether a termination of employment or other relationship shall have occurred for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive. For purposes of the Plan, a termination of employment, service or other relationship shall not be deemed to occur if the Grantee is immediately thereafter a director of the Company or an affiliate.

10.5 Rights in the Event of Death.

Unless otherwise provided by the Board, if a Grantee dies while employed by or providing services to the Company or Subsidiary, all Options granted to such Grantee shall fully vest on the date of death, and the executors or administrators or legatees or distributees of such Grantee's estate shall have the right, at any time within one year after the date of such Grantee's death and prior to termination of the Option pursuant to **Section 10.2** above, to exercise any Option held by such Grantee at the date of such Grantee's death.

10.6 Rights in the Event of Disability.

Unless otherwise provided by the Board, if a Grantee's employment or other relationship with the Company or Subsidiary is terminated by reason of the permanent and total disability (within the meaning of Section 22(e)(3) of the Code) of such Grantee, all Options granted to such Grantee shall fully vest on the date of permanent and total disability, and the Grantee shall have the right, at any time within one year after the date of such Grantee's permanent and total disability and prior to termination of the Option pursuant to **Section 10.2** above, to exercise any Option held by such Grantee. Whether a termination of employment or service is to be considered by reason of permanent and total disability for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive.

B-6

10.7 Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company as provided herein, or after ten years following the date upon which the Option is granted, or after the occurrence of an event referred to in **Section 17** hereof which results in termination of the Option.

10.8 Method of Exercise.

An Option that is exercisable may be exercised by the Grantee's delivery to the Company of written notice of exercise on any business day, at the Company's principal office, addressed to the attention of the Board. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised. The minimum number of shares of Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of (i) 100 shares or such lesser number set forth in the applicable Award Agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise. Payment of the Option Price for the shares purchased pursuant to the exercise of an Option shall be made (i) in cash or in cash equivalents acceptable to the Company; (ii) to the extent permitted by law and at the Board's discretion, through the tender to the Company of shares of Stock, which shares, if acquired from the Company, shall have been held for at least six months at the time of tender and which shall be valued, for purposes of determining the extent to which the Option Price has been paid thereby, at their Fair Market Value on the date of exercise; or (iii) to the extent permitted by law and at the Board's discretion, by a combination of the methods described in (i) and (ii). In addition and unless the Board provides otherwise in the Award Agreement, payment in full of the Option Price need not accompany the written notice of exercise provided that the notice of exercise directs that the certificate or certificates for the shares of Stock for which the Option is exercised be delivered to a licensed broker acceptable to the Company as the agent for the individual exercising the Option and, at the time such certificate or certificates are delivered, the broker tenders to the Company cash (or cash equivalents acceptable to the Company) equal to the Option Price for the shares of Stock purchased pursuant to the exercise of the Option plus the amount (if any) of federal and/or other taxes which the Company may in its judgment, be required to withhold with respect to the exercise of the Option. An attempt to exercise any Option granted hereunder other than as set forth above shall be invalid and of no force and effect. Unless otherwise stated in the applicable Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder (for example, the right to receive cash or dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to such individual. Except as provided in **Section 17** hereof, no adjustment shall be made for dividends, distributions, or other rights for which the record date is prior to the date of such issuance.

10.9 Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing such Grantee's ownership of the shares of Stock subject to the Option.

11. TRANSFERABILITY OF OPTIONS

11.1 Transferability of Options.

Except as provided in **Section 11.2**, during the lifetime of a Grantee, only the Grantee (or, in the event of legal incapacity or incompetency, the Grantee's guardian or legal representative) may exercise an

B-7

Option. Except as provided in **Section 11.2**, no Option shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution.

11.2 Transfers.

A. Family Transfers

If authorized in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Option which is not an Incentive Stock Option to any Family Member. For the purpose of this **Section 11.2**, a not for value transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights; or (iii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this **Section 11.2**, any such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this **Section 11.2** or by will or the laws of descent and distribution. The events of termination of employment or other relationship of **Section 10.4** hereof shall continue to be applied with respect to the original Grantee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified in **Sections 10.4, 10.5, or 10.6**.

12. RESTRICTED STOCK AND RESTRICTED STOCK UNITS

12.1 Grant of Restricted Stock or Restricted Stock Units.

The Board may from time to time grant Restricted Stock or Restricted Stock Units to persons eligible to receive Grants under **Section 6** hereof, subject to such restrictions, conditions and other terms as the Board may determine.

12.2 Restrictions.

At the time a Grant of Restricted Stock or Restricted Stock Units is made, the Board shall establish a period of time (the Restricted Period) applicable to such Restricted Stock or Restricted Stock Units. Each Grant of Restricted Stock or Restricted Stock Units may be subject to a different Restricted Period. The Board may, in its sole discretion, at the time a Grant of Restricted Stock or Restricted Stock Units is made, prescribe restrictions in addition to or other than the expiration of the Restricted Period, including the satisfaction of corporate or individual performance objectives, which may be applicable to all or any portion of the Restricted Stock or Restricted Stock Units. Such performance objectives shall be established in writing by the Board prior to the ninetieth day of the year in which the Grant is made and while the outcome is substantially uncertain. Performance objectives shall be based on a number of factors including, but not limited to, Stock price, market share, sales, earnings per share, return on equity or costs. Performance objectives may include positive results, maintaining the status quo or limiting economic losses. Subject to the fourth sentence of this **Section 12.2**, the Board also may, in its sole discretion, shorten or terminate the Restricted Period or waive any other restrictions applicable to all or a portion of the Restricted Stock or Restricted Stock Units. Neither Restricted Stock nor Restricted Stock Units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the Restricted Period or prior to the satisfaction of any other restrictions prescribed by the Board with respect to such Restricted Stock or Restricted Stock Units.

12.3 Restricted Stock Certificates.

The Company shall issue, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates representing the total number of shares of Restricted Stock granted to the Grantee, as soon as reasonably practicable after the Grant Date. The Board may provide in an Award Agreement that

B-8

either (i) the Secretary of the Company shall hold such certificates for the Grantees' benefit until such time as the Restricted Stock is forfeited to the Company, or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee, provided, however, that such certificates shall bear a legend or legends that complies with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

12.4 Rights of Holders of Restricted Stock.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock shall have the right to vote such Stock and the right to receive any dividends declared or paid with respect to such Stock. The Board may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such Restricted Stock. All distributions, if any, received by a Grantee with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares or other similar transaction shall be subject to the restrictions applicable to the original Grant.

12.5 Rights of Holders of Restricted Stock Units.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock Units shall have no rights as stockholders of the Company. The Board may provide in an Award Agreement evidencing a Grant of Restricted Stock Units that the holder of such Restricted Stock Units shall be entitled to receive, upon the Company's payment of a cash dividend on its outstanding Stock, a cash payment for each Restricted Stock Unit held equal to the per-share dividend paid on the Stock. Such Award Agreement may also provide that such cash payment will be deemed reinvested in additional Restricted Stock Units at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend is paid.

12.6 Termination of Employment or Other Relationship.

Unless otherwise provided by the Board, upon the termination of a Grantee's employment or other relationship with the Company or Subsidiary other than by reason of death or permanent and total disability (within the meaning of Section 22(e)(3) of the Code), any shares of Restricted Stock or Restricted Stock Units held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited. Upon forfeiture of Restricted Stock or Restricted Stock Units, the Grantee shall have no further rights with respect to such Grant, including but not limited to any right to vote Restricted Stock or any right to receive dividends with respect to shares of Restricted Stock or Restricted Stock Units. Whether a termination of employment or other relationship shall have occurred for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive. For purposes of the Plan, a termination of employment, service or other relationship shall not be deemed to occur if the Grantee is immediately thereafter a director of the Company or an affiliate.

12.7 Rights in the Event of Death.

Unless otherwise provided by the Board, if a Grantee dies while employed by the Company or Subsidiary, all Restricted Stock or Restricted Stock Units granted to such Grantee shall fully vest on the date of death, and the shares of Stock represented thereby shall be deliverable in accordance with the terms of the Plan to the executors, administrators, legatees or distributees of the Grantee's estate.

12.8 Rights in the Event of Disability.

Unless otherwise provided by the Board, if a Grantee's employment or other relationship with the Company or Subsidiary is terminated by reason of the permanent and total disability (within the meaning of Section 22(e)(3) of the Code) of such Grantee, such Grantee's Restricted Stock or Restricted Stock Units shall continue to vest in accordance with the applicable Award Agreement for a period of one year after such termination of employment or service, subject to the earlier forfeiture of such Restricted Stock or Restricted Stock Units in accordance with the terms of the applicable Award Agreement. Whether a termination of employment or service is to be considered by reason of permanent and total disability for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive.

12.9 Delivery of Stock and Payment Therefor.

Upon the expiration or termination of the Restricted Period and the satisfaction of any other conditions prescribed by the Board, the restrictions applicable to shares of Restricted Stock or Restricted Stock Units shall lapse, and, unless otherwise provided in the Award Agreement, upon payment by the Grantee to the Company, in cash or by check, of the greater of (i) the aggregate par value of the shares of Stock represented by such Restricted Stock or Restricted Stock Units or (ii) the purchase price, if any, specified in the Award agreement relating to such Restricted Stock or Restricted Stock Units, a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be.

13. CERTAIN PROVISIONS APPLICABLE TO AWARDS

13.1 Stand-Alone, Additional, Tandem, and Substitute Grants.

Grants under the Plan may, in the discretion of the Board, be granted either alone or in addition to, in tandem with or in substitution or exchange for, any other Grant or any award granted under another plan of the Company, any affiliate or any business entity to be acquired by the Company or an affiliate, or any other right of a Grantee to receive payment from the Company or any affiliate. Such additional, tandem and substitute or exchange Grants may be awarded at any time. If a Grant is awarded in substitution or exchange for another Grant, the Board shall require the surrender of such other Grant in consideration for the new Grant. In addition, Grants may be made in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any affiliate, in which the value of Stock subject to the Grant is equivalent in value to the cash compensation (for example, Restricted Stock), or in which the exercise price, grant price or purchase price of the Grant in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Stock minus the value of the cash compensation surrendered (for example, Options granted with an exercise price discounted by the amount of the cash compensation surrendered).

13.2 Term of Grant.

The term of each Grant shall be for such period as may be determined by the Board; provided that in no event shall the term of any Option exceed a period of ten years (or such shorter term as may be required in respect of an Incentive Stock Option under Section 422 of the Code).

13.3 Form and Timing of Payment Under Grants; Deferrals.

Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or an affiliate upon the exercise of an Option or other Grant may be made in such forms as the Board shall determine, including, without limitation, cash, Stock, other Grants or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any

Grant may be accelerated, and cash paid in lieu of Stock in connection with such settlement, in the discretion of the Board or upon occurrence of one or more specified events. Installment or deferred payments may be required by the Board or permitted at the election of the Grantee on terms and conditions established by the Board. Payments may include, without limitation, provisions for the payment or crediting of a reasonable interest rate on installment or deferred payments or the grant or crediting of dividend equivalents or other amounts in respect of installment or deferred payments denominated in Stock.

14. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract, or understanding heretofore or hereafter entered into by a Grantee with the Company or any affiliate, except an agreement, contract, or understanding hereafter entered into that expressly modifies or excludes application of this paragraph (an *Other Agreement*), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of participants or beneficiaries of which the Grantee is a member), whether or not such compensation is deferred, is in cash or is in the form of a benefit to or for the Grantee (a *Benefit Arrangement*), if the Grantee is a disqualified individual, as defined in Section 280G(c) of the Code, any Option, Restricted Stock or Restricted Stock Unit held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment or benefit, taking into account all other rights, payments, or benefits to or for the Grantee under this Plan, all *Other Agreements* and all *Benefit Arrangements*, would cause any payment or benefit to the Grantee under this Plan to be considered a parachute payment within the meaning of Section 280G(b)(2) of the Code as then in effect (a *Parachute Payment*) and (ii) if, as a result of receiving a *Parachute Payment*, the aggregate after-tax amounts received by the Grantee from the Company under this Plan, all *Other Agreements* and all *Benefit Arrangements* would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a *Parachute Payment*. In the event that the receipt of any such right to exercise, vesting, payment or benefit under this Plan, in conjunction with all other rights, payments or benefits to or for the Grantee under any *Other Agreement* or any *Benefit Arrangement* would cause the Grantee to be considered to have received a *Parachute Payment* under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then the Grantee shall have the right, in the Grantee's sole discretion, to designate those rights, payments or benefits under this Plan, any *Other Agreements* and any *Benefit Arrangements* that should be reduced or eliminated so as to avoid having the payment or benefit to the Grantee under this Plan be deemed to be a *Parachute Payment*.

15. REQUIREMENTS OF LAW

15.1 General.

The Company shall not be required to sell or issue any shares of Stock under any Grant if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising a right emanating from such Grant, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to a Grant upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Grant unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no

B-11

way affect the date of termination of the Grant. Specifically, in connection with the Securities Act, upon the exercise of any right emanating from such Grant or the delivery of any shares of Restricted Stock or Stock underlying Restricted Stock Units, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Grant, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

15.2 Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Grants pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

16. AMENDMENT AND TERMINATION OF THE PLAN

The Board may, at any time and from time to time, amend, suspend or terminate the Plan as to any shares of Stock as to which Grants have not been made; *provided, however*, that the Board shall not, without approval of the Company's stockholders, amend the Plan such that it does not comply with the Code. Except as permitted under this **Section 16** or **Section 17** hereof, no amendment, suspension or termination of the Plan shall, without the consent of the Grantee, alter or impair rights or obligations under any Grant theretofore awarded under the Plan.

17. EFFECT OF CHANGES IN CAPITALIZATION

17.1 Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which Grants of Options, Restricted Stock and Restricted Stock Units may be made under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which Grants are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall be, to the extent practicable, the same as immediately before such event. Any such adjustment in outstanding Options shall not change the aggregate Option Price payable with respect to shares that are subject to the unexercised portion of an Option outstanding but shall include a

corresponding proportionate adjustment in the Option Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration.

17.2 Reorganization in Which the Company Is the Surviving Entity and in Which No Change of Control Occurs.

Subject to **Section 17.3** hereof, if the Company shall be the surviving entity in any reorganization, merger or consolidation of the Company with one or more other entities and in which no Change of Control occurs, any Option theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option would have been entitled immediately following such reorganization, merger or consolidation, with a corresponding proportionate adjustment of the Option Price per share so that the aggregate Option Price thereafter shall be the same as the aggregate Option Price of the shares remaining subject to the Option immediately prior to such reorganization, merger or consolidation. Subject to any contrary language in an Award Agreement evidencing a Grant of Restricted Stock, any restrictions applicable to such Restricted Stock shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation.

17.3 Reorganization, Sale of Assets or Sale of Stock Which Involves a Change of Control.

Subject to the exceptions set forth in the last sentence of this **Section 17.3**, (i) upon the occurrence of a Change of Control, all outstanding shares of Restricted Stock and Restricted Stock Units shall be deemed to have vested, and all restrictions and conditions applicable to such shares of Restricted Stock and Restricted Stock Units shall be deemed to have lapsed, immediately prior to the occurrence of such Change of Control, and (ii) fifteen days prior to the scheduled consummation of a Change of Control, all Options outstanding hereunder shall become immediately exercisable and shall remain exercisable for a period of fifteen days. Any exercise of an Option during such fifteen-day period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event. Upon consummation of any Change of Control, the Plan and all outstanding but unexercised Options shall terminate. The Board shall send written notice of an event that will result in such a termination to all individuals who hold Options not later than the time at which the Company gives notice thereof to its stockholders. This **Section 17.3** shall not apply to any Change of Control to the extent that (A) provision is made in writing in connection with such Change of Control for the assumption of the Options, Restricted Stock and Restricted Stock Units theretofore granted, or for the substitution for such Options, Restricted Stock and Restricted Stock Units of new options, restricted stock and restricted stock units covering the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kinds of shares or units and exercise prices, in which event the Plan and Options, Restricted Stock and Restricted Stock Units theretofore granted shall continue in the manner and under the terms so provided or (B) a majority of the full Board determines that such Change of Control shall not trigger application of the provisions of this **Section 17.3**.

17.4 Adjustments.

Adjustments under this **Section 17** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

17.5 No Limitations on Company.

The making of Grants pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

18. DISCLAIMER OF RIGHTS

No provision in the Plan or in any Grant or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Grant awarded under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a director, officer, consultant or employee of the Company or any affiliate. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any participant or beneficiary under the terms of the Plan. No Grantee shall have any of the rights of a stockholder with respect to the shares of Stock subject to an Option except to the extent the certificates for such shares of Stock shall have been issued upon the exercise of the Option.

19. NONEXCLUSIVITY OF THE PLAN

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

20. WITHHOLDING TAXES

The Company or any affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any Federal, state or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to Restricted Stock or Restricted Stock Units or upon the issuance of any shares of Stock upon the exercise of an Option. At the time of such vesting, lapse or exercise, the Grantee shall pay to the Company or affiliate, as the case may be, any amount that the Company or affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the affiliate, which may be withheld by the Company or the affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the affiliate to withhold shares of Stock otherwise issuable to the Grantee in an amount equal to the statutory withholding amount or (ii) by delivering to the Company or the affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Company or the affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 20** may satisfy his or her

withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

21. CAPTIONS

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Award Agreement.

22. OTHER PROVISIONS

Each Grant awarded under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

23. NUMBER AND GENDER

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

24. SEVERABILITY

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

25. POOLING

In the event any provision of the Plan or the Award Agreement would prevent the use of pooling of interests accounting in a corporate transaction involving the Company and such transaction is contingent upon pooling of interests accounting, then that provision shall be deemed amended or revoked to the extent required to preserve such pooling of interests. The Company may require in an Award Agreement that a Grantee who receives a Grant under the Plan shall, upon advice from the Company, take (or refrain from taking, as appropriate) all actions necessary or desirable to ensure that pooling of interests accounting is available.

26. GOVERNING LAW

The validity and construction of this Plan and the instruments evidencing the Grants awarded hereunder shall be governed by the laws of the State of Delaware (excluding the choice of law rules thereof).

B-15

The Board shall have full power and authority to take all actions and to make all determinations required or provided for under the Plan, any Grant, or any Award Agreement, and shall have full power and authority to take all such other actions and make all such other determinations not inconsistent with the specific terms and provisions of the Plan that the Board deems to be necessary or appropriate to the administration of the Plan, any Grant, or any Award Agreement. All such actions and determinations shall be by the affirmative vote of a majority of the members of the Board present at a meeting or by unanimous consent of the Board executed in writing in accordance with the Company's certificate of incorporation and by-laws and applicable law. The interpretation and construction by the Board of any provision of the Plan, any Grant, or any Award Agreement shall be final and conclusive.

3.2 Committee.

The Board from time to time may delegate to a Committee such powers and authorities related to the administration and implementation of the Plan, as set forth in **Section 3.1** above and in other applicable provisions, as the Board shall determine, consistent with the certificate of incorporation and by-laws of the Company and applicable law. In the event that the Plan, any Grant, or any Award Agreement entered into hereunder provides for any action to be taken by or determination to be made by the Board, such action may be taken by or such determination may be made by the Committee if the power and authority to do so has been delegated to the Committee by the Board as provided for in this Section. Unless otherwise expressly determined by the Board, any such action or determination by the Committee shall be final, binding, and conclusive.

3.3 Grants.

Subject to the other terms and conditions of the Plan, the Board shall have full and final authority (i) to designate Grantees, (ii) to determine the type or types of Grant to be made to a Grantee, (iii) to determine the number of shares of Stock to be subject to a Grant, (iv) to establish the terms and conditions of each Grant (including, but not limited to, the exercise price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of a Grant or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options), (v) to prescribe the form of each Award Agreement evidencing a Grant, and (vi) to amend, modify, or supplement the terms of any outstanding Grant. As a condition to any Grant, the Board shall have the right, at its discretion, to require Grantees to return to the Company Grants previously awarded under the Plan. Subject to the terms and conditions of the Plan, any such subsequent Grant shall be upon such terms and conditions as are specified by the Board at the time the new Grant is made. The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any non-competition agreement, any agreement prohibiting solicitation of

4. STOCK SUBJECT TO THE PLAN

Subject to adjustment as provided in **Section 17** hereof, the number of shares of Stock available for issuance under the Plan shall be eight hundred forty thousand (840,000). [If the 1-for-7 reverse stock split is approved and effected, then the number of shares of Stock available under the Plan shall be one hundred twenty thousand (120,000).] Stock issued or to be issued under the Plan shall be authorized but unissued shares. If any shares covered by a Grant are not purchased or are forfeited, or if a Grant otherwise terminates without delivery of any Stock subject thereto, then the number of shares of Stock counted against the aggregate number of shares available under the Plan with respect to such Grant shall, to the extent of any such forfeiture or termination, again be available for making Grants under the Plan.

5. EFFECTIVE DATE AND TERM OF THE PLAN

5.1 Effective Date.

The Plan shall be effective as of the Effective Date, subject to approval of the Plan within one year of the Effective Date, by the stockholders of the Company in accordance with Section 422(b) of the Code and the regulations thereunder. Upon approval of the Plan by the stockholders of the Company as set forth above, all Grants made under the Plan on or after the Effective Date shall be fully effective as if the stockholders of the Company had approved the Plan on the Effective Date. If the stockholders fail to approve the Plan within one year after the Effective Date, any Grants made hereunder shall be null and void and of no effect.

5.2 Term.

The Plan shall terminate on the tenth anniversary of the Effective Date.

6. OPTION GRANTS

6.1 Employees or Consultants.

Grants (including Grants of Incentive Stock Options, subject to **Section 7.1**) may be made under the Plan to any director of the Company or any Subsidiary, as the Board shall determine and designate from time to time.

6.2 Successive Grants.

An eligible person may receive more than one Grant, subject to such restrictions as are provided herein.

7. LIMITATIONS ON GRANTS

7.1 Limitations on Incentive Stock Options.

An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

8. AWARD AGREEMENT

Each Grant pursuant to the Plan shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Award Agreement evidencing a Grant of Options shall specify whether such Options are intended to be non-qualified stock options or Incentive Stock Options, and in the absence of such specification such options shall be deemed non-qualified stock options.

9. OPTION PRICE

The Option Price of each Option shall be fixed by the Board and stated in the Award Agreement evidencing such Option. In the case of an Incentive Stock Option the Option Price shall be the Fair Market Value on the Grant Date of a share of Stock; *provided, however*, that in the event that a Grantee would otherwise be ineligible to receive an Incentive Stock Option by reason of the provisions of Sections 422(b)(6) and 424(d) of the Code (relating to ownership of more than ten percent of the Company's outstanding shares of Stock), the Option Price of an Option granted to such Grantee that is intended to be an Incentive Stock Option shall be not less than the greater of the par value or 110 percent of the Fair Market Value of a share of Stock on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.

10. VESTING, TERM AND EXERCISE OF OPTIONS

10.1 Vesting and Option Period.

Subject to **Sections 10.2** and **17.3** hereof, each Option granted under the Plan shall become exercisable at such times and under such conditions as shall be determined by the Board and stated in the Award Agreement. For purposes of this **Section 10.1**, fractional numbers of shares of Stock subject to an Option shall be rounded down to the next nearest whole number. The period during which any Option shall be exercisable shall constitute the Option Period with respect to such Option.

10.2 Term.

Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten years from the date such Option is granted, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award Agreement relating to such Option; *provided, however*, that in the event that the Grantee would otherwise be ineligible to receive an Incentive Stock Option by reason of the provisions of Sections 422(b)(6) and 424(d) of the Code (relating to ownership of more than ten percent of the outstanding shares of Stock), an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five years from its Grant Date.

10.3 Acceleration.

Any limitation on the exercise of an Option contained in any Award Agreement may be rescinded, modified or waived by the Board, in its sole discretion, at any time and from time to time after the Grant Date of such Option, so as to accelerate the time at which the Option may be exercised. Notwithstanding any other provision of the Plan, no Option shall be exercisable in whole or in part prior to the date the Plan is approved by the stockholders of the Company as provided in **Section 5.1** hereof.

10.4 Termination of Employment or Other Relationship.

Unless otherwise provided by the Board, upon the termination of a Grantee's employment or other relationship with the Company or any Subsidiary other than by reason of death or permanent and total disability (within the meaning of Section 22(e)(3) of the Code), any Option or portion thereof held by such Grantee that has not vested in accordance with the provisions of **Section 10.1** hereof shall terminate immediately, and any Option or portion thereof that has vested in accordance with the provisions of **Section 10.1** hereof but has not been exercised shall terminate at the close of business on the 90th day following the Grantee's termination of employment or other relationship (or, if such 90th day is a Saturday, Sunday or holiday, at the close of business on the next preceding day that is not a Saturday, Sunday or holiday). Upon termination of an Option or portion thereof, the Grantee shall have no further right to purchase shares of Stock pursuant to such Option or portion thereof. Whether a termination of employment or other relationship shall have occurred for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive. For purposes of the Plan, a termination of employment, service or other relationship shall not be deemed to occur if the Grantee is immediately thereafter a director of the Company or an affiliate.

10.5 Rights in the Event of Death.

Unless otherwise provided by the Board, if a Grantee dies while employed by or providing services to the Company or Subsidiary, all Options granted to such Grantee shall fully vest on the date of death, and the executors or administrators or legatees or distributees of such Grantee's estate shall have the right, at any time within one year after the date of such Grantee's death and prior to termination of the Option pursuant to **Section 10.2** above, to exercise any Option held by such Grantee at the date of such Grantee's death.

10.6 Rights in the Event of Disability.

Unless otherwise provided by the Board, if a Grantee's employment or other relationship with the Company or Subsidiary is terminated by reason of the permanent and total disability (within the meaning of Section 22(e)(3) of the Code) of such Grantee, all Options granted to such Grantee shall fully vest on the date of permanent and total disability, and the Grantee shall have the right, at any time within one year after the date of such Grantee's permanent and total disability and prior to termination of the Option pursuant to **Section 10.2** above, to exercise any Option held by such Grantee. Whether a termination of employment or service is to be considered by reason of permanent and total disability for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive.

10.7 Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company as provided herein, or after ten years following the date upon which the Option is granted, or after the occurrence of an event referred to in **Section 17** hereof which results in termination of the Option.

10.8 Method of Exercise.

An Option that is exercisable may be exercised by the Grantee's delivery to the Company of written notice of exercise on any business day, at the Company's principal office, addressed to the attention of the Board. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised. The minimum number of shares of Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of (i) 100 shares or such lesser number set forth in the applicable Award Agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise. Payment of the Option Price for the shares purchased pursuant to the exercise of an Option shall be made (i) in cash or in cash equivalents acceptable to the Company; (ii) to the extent permitted by law and at the Board's discretion, through the tender to the Company of shares of Stock, which shares, if acquired from the Company, shall have been held for at least six months at the time of tender and which shall be valued, for purposes of determining the extent to which the Option Price has been paid thereby, at their Fair Market Value on the date of exercise; or (iii) to the extent permitted by law and at the Board's discretion, by a combination of the methods described in (i) and (ii). In addition and unless the Board provides otherwise in the Award Agreement, payment in full of the Option Price need not accompany the written notice of exercise provided that the notice of exercise directs that the certificate or certificates for the shares of Stock for which the Option is exercised be delivered to a licensed broker acceptable to the Company as the agent for the individual exercising the Option and, at the time such certificate or certificates are delivered, the broker tenders to the Company cash (or cash equivalents acceptable to the Company) equal to the Option Price for the shares of Stock purchased pursuant to the exercise of the Option plus the amount (if any) of federal and/or other taxes which the Company may in its judgment, be required to withhold with respect to the exercise of the Option. An attempt to exercise any Option granted hereunder other than as set forth above shall be invalid and of no force and effect. Unless otherwise stated in the applicable Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder (for example, the right to receive cash or dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to such individual. Except as provided in **Section 17** hereof, no adjustment shall be made for dividends, distributions, or other rights for which the record date is prior to the date of such issuance.

10.9 Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing such Grantee's ownership of the shares of Stock subject to the Option.

11. TRANSFERABILITY OF OPTIONS

11.1 Transferability of Options.

Except as provided in **Section 11.2**, during the lifetime of a Grantee, only the Grantee (or, in the event of legal incapacity or incompetency, the Grantee's guardian or legal representative) may exercise an Option. Except as provided in **Section 11.2**, no Option shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution.

11.2 Transfers.

A. Family Transfers

If authorized in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Option which is not an Incentive Stock Option to any Family Member. For the purpose of this

Section 11.2, a not for value transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights; or (iii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this **Section 11.2**, any such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this **Section 11.2** or by will or the laws of descent and distribution. The events of termination of employment or other relationship of **Section 10.4** hereof shall continue to be applied with respect to the original Grantee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified in **Sections 10.4, 10.5, or 10.6**.

12. RESTRICTED STOCK AND RESTRICTED STOCK UNITS

12.1 Grant of Restricted Stock or Restricted Stock Units.

The Board may from time to time grant Restricted Stock or Restricted Stock Units to persons eligible to receive Grants under **Section 6** hereof, subject to such restrictions, conditions and other terms as the Board may determine.

12.2 Restrictions.

At the time a Grant of Restricted Stock or Restricted Stock Units is made, the Board shall establish a period of time (the Restricted Period) applicable to such Restricted Stock or Restricted Stock Units. Each Grant of Restricted Stock or Restricted Stock Units may be subject to a different Restricted Period. The Board may, in its sole discretion, at the time a Grant of Restricted Stock or Restricted Stock Units is made, prescribe restrictions in addition to or other than the expiration of the Restricted Period, including the satisfaction of corporate or individual performance objectives, which may be applicable to all or any portion of the Restricted Stock or Restricted Stock Units. Such performance objectives shall be established in writing by the Board prior to the ninetieth day of the year in which the Grant is made and while the outcome is substantially uncertain. Performance objectives shall be based on a number of factors including, but not limited to, Stock price, market share, sales, earnings per share, return on equity or costs. Performance objectives may include positive results, maintaining the status quo or limiting economic losses. Subject to the fourth sentence of this **Section 12.2**, the Board also may, in its sole discretion, shorten or terminate the Restricted Period or waive any other restrictions applicable to all or a portion of the Restricted Stock or Restricted Stock Units. Neither Restricted Stock nor Restricted Stock Units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the Restricted Period or prior to the satisfaction of any other restrictions prescribed by the Board with respect to such Restricted Stock or Restricted Stock Units.

12.3 Restricted Stock Certificates.

The Company shall issue, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates representing the total number of shares of Restricted Stock granted to the Grantee, as soon as reasonably practicable after the Grant Date. The Board may provide in an Award Agreement that either (i) the Secretary of the Company shall hold such certificates for the Grantees benefit until such time as the Restricted Stock is forfeited to the Company, or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee, provided, however, that such certificates shall bear a legend or legends that complies with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

12.4 Rights of Holders of Restricted Stock.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock shall have the right to vote such Stock and the right to receive any dividends declared or paid with respect to such Stock. The Board may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such Restricted Stock. All distributions, if any, received by a Grantee with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares or other similar transaction shall be subject to the restrictions applicable to the original Grant.

12.5 Rights of Holders of Restricted Stock Units.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock Units shall have no rights as stockholders of the Company. The Board may provide in an Award Agreement evidencing a Grant of Restricted Stock Units that the holder of such Restricted Stock Units shall be entitled to receive, upon the Company's payment of a cash dividend on its outstanding Stock, a cash payment for each Restricted Stock Unit held equal to the per-share dividend paid on the Stock. Such Award Agreement may also provide that such cash payment will be deemed reinvested in additional Restricted Stock Units at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend is paid.

12.6 Termination of Employment or Other Relationship.

Unless otherwise provided by the Board, upon the termination of a Grantee's employment or other relationship with the Company or Subsidiary other than by reason of death or permanent and total disability (within the meaning of Section 22(e)(3) of the Code), any shares of Restricted Stock or Restricted Stock Units held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited. Upon forfeiture of Restricted Stock or Restricted Stock Units, the Grantee shall have no further rights with respect to such Grant, including but not limited to any right to vote Restricted Stock or any right to receive dividends with respect to shares of Restricted Stock or Restricted Stock Units. Whether a termination of employment or other relationship shall have occurred for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive. For purposes of the Plan, a termination of employment, service or other relationship shall not be deemed to occur if the Grantee is immediately thereafter a director of the Company or an affiliate.

12.7 Rights in the Event of Death.

Unless otherwise provided by the Board, if a Grantee dies while employed by the Company or Subsidiary, all Restricted Stock or Restricted Stock Units granted to such Grantee shall fully vest on the date of death, and the shares of Stock represented thereby shall be deliverable in accordance with the terms of the Plan to the executors, administrators, legatees or distributees of the Grantee's estate.

12.8 Rights in the Event of Disability.

Unless otherwise provided by the Board, if a Grantee's employment or other relationship with the Company or Subsidiary is terminated by reason of the permanent and total disability (within the meaning of Section 22(e)(3) of the Code) of such Grantee, such Grantee's Restricted Stock or Restricted Stock Units shall continue to vest in accordance with the applicable Award Agreement for a period of one year after such termination of employment or service, subject to the earlier forfeiture of such Restricted Stock or Restricted Stock Units in accordance with the terms of the applicable Award Agreement. Whether a termination of employment or service is to be considered by reason of permanent and total

disability for purposes of the Plan shall be determined by the Board, which determination shall be final and conclusive.

12.9 Delivery of Stock and Payment Therefor.

Upon the expiration or termination of the Restricted Period and the satisfaction of any other conditions prescribed by the Board, the restrictions applicable to shares of Restricted Stock or Restricted Stock Units shall lapse, and, unless otherwise provided in the Award Agreement, upon payment by the Grantee to the Company, in cash or by check, of the greater of (i) the aggregate par value of the shares of Stock represented by such Restricted Stock or Restricted Stock Units or (ii) the purchase price, if any, specified in the Award agreement relating to such Restricted Stock or Restricted Stock Units, a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be.

13. CERTAIN PROVISIONS APPLICABLE TO AWARDS

13.1 Stand-Alone, Additional, Tandem, and Substitute Grants.

Grants under the Plan may, in the discretion of the Board, be granted either alone or in addition to, in tandem with or in substitution or exchange for, any other Grant or any award granted under another plan of the Company, any affiliate or any business entity to be acquired by the Company or an affiliate, or any other right of a Grantee to receive payment from the Company or any affiliate. Such additional, tandem and substitute or exchange Grants may be awarded at any time. If a Grant is awarded in substitution or exchange for another Grant, the Board shall require the surrender of such other Grant in consideration for the new Grant. In addition, Grants may be made in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any affiliate, in which the value of Stock subject to the Grant is equivalent in value to the cash compensation (for example, Restricted Stock), or in which the exercise price, grant price or purchase price of the Grant in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Stock minus the value of the cash compensation surrendered (for example, Options granted with an exercise price discounted by the amount of the cash compensation surrendered).

13.2 Term of Grant.

The term of each Grant shall be for such period as may be determined by the Board; provided that in no event shall the term of any Option exceed a period of ten years (or such shorter term as may be required in respect of an Incentive Stock Option under Section 422 of the Code).

13.3 Form and Timing of Payment Under Grants; Deferrals.

Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or an affiliate upon the exercise of an Option or other Grant may be made in such forms as the Board shall determine, including, without limitation, cash, Stock, other Grants or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any Grant may be accelerated, and cash paid in lieu of Stock in connection with such settlement, in the discretion of the Board or upon occurrence of one or more specified events. Installment or deferred payments may be required by the Board or permitted at the election of the Grantee on terms and conditions established by the Board. Payments may include, without limitation, provisions for the payment or crediting of a reasonable interest rate on installment or deferred payments or the grant or crediting of dividend equivalents or other amounts in respect of installment or deferred payments denominated in Stock.

C-10

14. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract, or understanding heretofore or hereafter entered into by a Grantee with the Company or any affiliate, except an agreement, contract, or understanding hereafter entered into that expressly modifies or excludes application of this paragraph (an Other Agreement), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of participants or beneficiaries of which the Grantee is a member), whether or not such compensation is deferred, is in cash or is in the form of a benefit to or for the Grantee (a Benefit Arrangement), if the Grantee is a disqualified individual, as defined in Section 280G(c) of the Code, any Option, Restricted Stock or Restricted Stock Unit held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment or benefit, taking into account all other rights, payments, or benefits to or for the Grantee under this Plan, all Other Agreements and all Benefit Arrangements, would cause any payment or benefit to the Grantee under this Plan to be considered a parachute payment within the meaning of Section 280G(b)(2) of the Code as then in effect (a Parachute Payment) and (ii) if, as a result of receiving a Parachute Payment, the aggregate after-tax amounts received by the Grantee from the Company under this Plan, all Other Agreements and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a Parachute Payment. In the event that the receipt of any such right to exercise, vesting, payment or benefit under this Plan, in conjunction with all other rights, payments or benefits to or for the Grantee under any Other Agreement or any Benefit Arrangement would cause the Grantee to be considered to have received a Parachute Payment under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then the Grantee shall have the right, in the Grantee's sole discretion, to designate those rights, payments or benefits under this Plan, any Other Agreements and any Benefit Arrangements that should be reduced or eliminated so as to avoid having the payment or benefit to the Grantee under this Plan be deemed to be a Parachute Payment.

15. REQUIREMENTS OF LAW

15.1 General.

The Company shall not be required to sell or issue any shares of Stock under any Grant if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising a right emanating from such Grant, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to a Grant upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Grant unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Grant. Specifically, in connection with the Securities Act, upon the exercise of any right emanating from such Grant or the delivery of any shares of Restricted Stock or Stock underlying Restricted Stock Units, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Grant, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby

pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

15.2 Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Grants pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

16. AMENDMENT AND TERMINATION OF THE PLAN

The Board may, at any time and from time to time, amend, suspend or terminate the Plan as to any shares of Stock as to which Grants have not been made; *provided, however*, that the Board shall not, without approval of the Company's stockholders, amend the Plan such that it does not comply with the Code. Except as permitted under this **Section 16** or **Section 17** hereof, no amendment, suspension or termination of the Plan shall, without the consent of the Grantee, alter or impair rights or obligations under any Grant theretofore awarded under the Plan.

17. EFFECT OF CHANGES IN CAPITALIZATION

17.1 Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which Grants of Options, Restricted Stock and Restricted Stock Units may be made under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which Grants are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall be, to the extent practicable, the same as immediately before such event. Any such adjustment in outstanding Options shall not change the aggregate Option Price payable with respect to shares that are subject to the unexercised portion of an Option outstanding but shall include a corresponding proportionate adjustment in the Option Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration.

17.2 Reorganization in Which the Company Is the Surviving Entity and in Which No Change of Control Occurs.

Subject to **Section 17.3** hereof, if the Company shall be the surviving entity in any reorganization, merger or consolidation of the Company with one or more other entities and in which no Change of Control occurs, any Option theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option would have been entitled immediately following such reorganization, merger or consolidation, with a corresponding proportionate adjustment of the Option Price per share so that the aggregate Option Price thereafter shall be the same as the aggregate Option Price of the shares remaining subject to the Option immediately prior to such reorganization, merger or consolidation. Subject to any contrary language in an Award Agreement evidencing a Grant of Restricted Stock, any restrictions applicable to such Restricted Stock shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation.

17.3 Reorganization, Sale of Assets or Sale of Stock Which Involves a Change of Control.

Subject to the exceptions set forth in the last sentence of this **Section 17.3**, (i) upon the occurrence of a Change of Control, all outstanding shares of Restricted Stock and Restricted Stock Units shall be deemed to have vested, and all restrictions and conditions applicable to such shares of Restricted Stock and Restricted Stock Units shall be deemed to have lapsed, immediately prior to the occurrence of such Change of Control, and (ii) fifteen days prior to the scheduled consummation of a Change of Control, all Options outstanding hereunder shall become immediately exercisable and shall remain exercisable for a period of fifteen days. Any exercise of an Option during such fifteen-day period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event. Upon consummation of any Change of Control, the Plan and all outstanding but unexercised Options shall terminate. The Board shall send written notice of an event that will result in such a termination to all individuals who hold Options not later than the time at which the Company gives notice thereof to its stockholders. This **Section 17.3** shall not apply to any Change of Control to the extent that (A) provision is made in writing in connection with such Change of Control for the assumption of the Options, Restricted Stock and Restricted Stock Units theretofore granted, or for the substitution for such Options, Restricted Stock and Restricted Stock Units of new options, restricted stock and restricted stock units covering the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kinds of shares or units and exercise prices, in which event the Plan and Options, Restricted Stock and Restricted Stock Units theretofore granted shall continue in the manner and under the terms so provided or (B) a majority of the full Board determines that such Change of Control shall not trigger application of the provisions of this **Section 17.3**.

17.4 Adjustments.

Adjustments under this **Section 17** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

17.5 No Limitations on Company.

The making of Grants pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

18. DISCLAIMER OF RIGHTS

No provision in the Plan or in any Grant or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Grant awarded under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a director of the Company or any affiliate. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any participant or beneficiary under the terms of the Plan. No Grantee shall have any of the rights of a stockholder with respect to the shares of Stock subject to an Option except to the extent the certificates for such shares of Stock shall have been issued upon the exercise of the Option.

19. NONEXCLUSIVITY OF THE PLAN

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

20. WITHHOLDING TAXES

The Company or any affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any Federal, state or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to Restricted Stock or Restricted Stock Units or upon the issuance of any shares of Stock upon the exercise of an Option. At the time of such vesting, lapse or exercise, the Grantee shall pay to the Company or affiliate, as the case may be, any amount that the Company or affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the affiliate, which may be withheld by the Company or the affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the affiliate to withhold shares of Stock otherwise issuable to the Grantee in an amount equal to the statutory withholding amount or (ii) by delivering to the Company or the affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Company or the affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 20** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

21. CAPTIONS

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Award Agreement.

22. OTHER PROVISIONS

Each Grant awarded under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

23. NUMBER AND GENDER

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

24. SEVERABILITY

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

25. POOLING

In the event any provision of the Plan or the Award Agreement would prevent the use of pooling of interests accounting in a corporate transaction involving the Company and such transaction is contingent upon pooling of interests accounting, then that provision shall be deemed amended or revoked to the extent required to preserve such pooling of interests. The Company may require in an Award Agreement that a Grantee who receives a Grant under the Plan shall, upon advice from the Company, take (or refrain from taking, as appropriate) all actions necessary or desirable to ensure that pooling of interests accounting is available.

26. GOVERNING LAW

The validity and construction of this Plan and the instruments evidencing the Grants awarded hereunder shall be governed by the laws of the State of Delaware (excluding the choice of law rules thereof).
