Item 8.01 Other Events

The Form 8-K filed on April 3, 2006, inadvertently identified the mine experiencing a work situation in Mexico as the Cananea mine, whereas, the mine should be identified as the Caridad mine. The revised text of the report follows.

Southern Copper Corporation (SCC) reported that despite an agreement with the National Union of Mine, Metallurgical and Similar Workers of Mexico, some workers have illegally blocked the entrance to the mine and concentrator at the Caridad mine owned by SCC 's subsidiary Mexicana de Cobre, S.A. de C.V. since March 24, 2006. At all other mining and metallurgical complexes in Mexico, operations are running normally.

Mexicana de Cobre, S.A. de C.V. has commenced appropriate legal actions before Mexican federal authorities to have its property rights restored and anticipates a prompt resolution of the situation. SCC is confident that federal authorities in Mexico will act strictly in accordance with the law to resolve this conflict.

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
