PROPOSAL 2:

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Introduction and Proposed Amendment

At the Annual Meeting, a resolution will be presented to ratify the appointment by the Company's Board of Directors of KPMG LLP, as the Company's independent registered public accounting firm, to audit the consolidated financial statements of the Company for the fiscal year ending October 31, 2006 and to perform other accounting services as determined by the Company's Audit Committee.

Independent Accountants

KPMG LLP has served as independent registered public accounting firm for the Company for a number of years, including the years ended October 31, 2005 and 2004. The Company's Audit Committee has selected KPMG LLP to serve as independent registered public accounting firm for fiscal year 2006.

KPMG LLP has provided to the Audit Committee the written disclosures regarding its independence as required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have the opportunity to make a statement, if they so desire, and will be available to respond to questions of the shareholders.

Audit Fees

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company's consolidated financial statements for the years ended October 31, 2005 and 2004, and fees billed for other services rendered by KPMG LLP:

	Year Ended October 31, 2005	Year Ended October 31, 2004
Audit fees	\$ 120,900	\$ 97,000
Audit-related fees		7,000
Tax fees		34,225
All other fees		2,500

\$	120,900	\$	140,725
----	---------	----	---------

(1) Audit fees consist of fees for the annual audit of the Company's consolidated financial statements, reviews of financial statements included in quarterly reports on Form 10-QSB and fees for services related to the Company's responses to comment letters received from the Securities and Exchange Commission.

(2) Audit-related fees consist of fees for audits of the Company's 401(k) savings plan.

(3) Tax fees consist of fees for tax consultation and tax compliance services, including assistance regarding federal and state tax compliance.

(4) All other fees for 2004 consist of fees for services related to the Company's assessment of net operating loss carry over.

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors on a case-by-case basis. In connection with the approval of the annual Audit Services and related fees, the Audit Committee also pre-approves certain Audit-Related fees relating to the independent auditor responding to and researching technical accounting questions and other matters related to the financial statements under audit. All of the services provided by the independent auditor during 2005 and 2004, including services related to the Audit-Related fees and Tax Fees, have been approved by the Audit Committee under its pre-approval process. The Audit Committee has considered whether the provision of the *Audit-Related Fees*, *Tax Fees* and *All Other Fees* was compatible with maintaining the independence of KPMG LLP and determined that such services did not adversely affect the independence of KPMG LLP.

Audit Committee Pre-Approval Procedures

The Company has adopted pre-approval policies and procedures for the Audit Committee that require the Audit Committee to pre-approve all audit and all permitted non-audit engagements and services (including the fees and terms thereof) by the independent auditors, except that the Audit Committee may delegate the authority to pre-approve any engagement or service less than \$10,000 to one of its members, but requires that the member report such pre-approval at the next full Audit Committee meeting. The Audit Committee may not delegate its pre-approval authority for any services rendered by the Company's independent registered public accounting firm relating to internal controls. These pre-approval policies and procedures prohibit delegation of the Audit Committee's responsibilities to Company management. Under the policies and procedures, the Audit Committee may pre-approve specifically described categories of services which are expected to be conducted over the subsequent twelve months on its own volition, or upon application by management or the independent auditor.

CORPORATE GOVERNANCE AND BOARD MATTERS

General

The Board of Directors is committed to sound and effective corporate governance practices. We continue to review our governance policies and practices, the provisions of the Sarbanes-Oxley Act of 2002, the recently adopted and proposed rules of the Securities and Exchange Commission (SEC) and the listing standards of The Nasdaq Stock Market (Nasdaq), and are taking steps to ensure compliance with the rules and regulations applicable to the Company.

Code of Ethics and Business Conduct

The Board of Directors has adopted a Code of Ethics and Business Conduct applicable to all of the Company's officers, directors, employees and consultants that establishes guidelines for professional and ethical conduct in the workplace. The Code also contains a special set of guidelines applicable to the Company's senior financial officers, including the chief executive officer, chief financial officer, principal accounting officer, and others involved in the preparation of the Company's financial reports, that are intended to promote the ethical handling of conflicts of interest, full and fair disclosure in periodic reports filed by the Company and compliance with laws, rules and regulations concerning such periodic reporting.

We currently make our governance policies and procedures, as well as our current committee charters, available to the public on our website: www.angeion.com.

The Board, Board Committees and Meetings

Meeting Attendance. The Board of Directors meets regularly during the year to review matters affecting the Company and to act on matters requiring Board approval. Each of our directors is expected to make a reasonable effort to attend all meetings of the Board, applicable committee meetings and our annual meeting of shareholders. During the fiscal year ended October 31, 2005, the Board of Directors held eleven meetings. Each of the directors attended at least 75% of the meetings of the Board and committees on which he served. All of our directors then serving and all persons then nominated for election as a director attended our 2005 Annual Meeting of Shareholders. At its regularly scheduled meetings, the Company's directors meet in executive session without the Chief Executive Officer present.

Committees of the Board of Directors. The Board of Directors has established an Audit Committee, Compensation Committee and a Governance/Nominating Committee. The composition and function of each Committee is set forth below:

Director	Audit	Compensation	Governance/ Nominating
Arnold A. Angeloni	X	Chair	Chair
John C. Penn	Chair	X	X
K. James Ehlen, M.D.	X	X	X
Rodney A. Young			

Audit Committee. The Audit Committee operates under a written charter adopted effective June 1, 2000, as amended through June 2, 2003. The Audit Committee reviews the Company's internal control structure and financial reporting activities, reviews the scope of the annual audit, reviews non-audit services performed by auditors to determine and maintain auditor independence, selects the Company's independent

registered public accounting firm, reviews the Company's audited consolidated financial statements prior to release to the public and conducts discussions with the Company's independent registered public accounting firm each quarter in connection with their quarterly review. KPMG LLP, the Company's independent registered public accounting firm, reports directly to the Audit Committee. Each of the members of the Audit Committee is independent as defined by the rules of the Nasdaq Stock Market and the SEC. The Company's Board of Directors has reviewed the education, experience and other qualifications of each of the members of its Audit Committee. After review, the Board of Directors has determined that John C. Penn qualifies as an audit committee financial expert to meet the SEC definition of an audit committee financial expert. The Audit Committee held seven meetings during fiscal 2005. The report of the Audit Committee is set forth below.

Compensation Committee. The Compensation Committee operates under a written charter and, among other duties, the Compensation Committee reviews compensation of the Company's officers for fairness and competitiveness, determines the necessity for, and content of, any officer employment contracts, advises and recommends incentives in the form of overall corporate bonus plans and determines bonuses and grants of stock options for the Company's officers, and reviews the performance of the Company's Chief Executive Officer. The Compensation Committee also has the authority to make awards under, and adopt and alter administrative rules and practices governing, the Company's qualified or unqualified benefits plans, including the Company's 2002 Stock Option Plan. The charter of the Compensation Committee requires that this Committee consist of no fewer than two board members who satisfy the requirements of the Nasdaq Stock Market, the non-employee director requirements of Section 16b-3 of the Securities Exchange Act of 1934, and the outside director requirements of Section 162(m) of the Internal Revenue Code. Each member of the Company's Compensation Committee meets these requirements. The Compensation Committee held two meetings during fiscal 2005. The report of the Compensation Committee is set forth below.

Governance/Nominating Committee. The Governance/Nominating Committee is responsible for reviewing the size and composition of the Board, identifying individuals qualified to become Board members, recommending to the Board of directors nominees to be elected at the annual meeting of shareholders, reviewing the size and composition of Board committees, facilitating Board self-assessment and reviewing and advising regarding strategic direction and strategic management. The Committee operates under a charter approved by the Board and each of its members is independent under Nasdaq listing standards. The Governance/Nominating Committee held two meetings during fiscal 2006. The Charter of the Governance/Nominating Committee and the Angeion Corporation Governance Guidelines as in effect as of April 11, 2006 are posted on the Company's website at www.angeion.com.

Director Independence

The Board of Directors has reviewed director independence guidelines in a manner consistent with the definitions of independence set forth in SEC Rule 10A-3 under the Securities Exchange Act of 1934 and the rules of the Nasdaq Stock Market. In accordance with these guidelines, the Board of Directors has reviewed and considered facts and circumstances relevant to the independence of each director and director nominee and has determined that Messrs. Angeloni, Ehlen and Penn are each independent under SEC Rule 10A-3 and an independent director under the rules of the Nasdaq Stock Market.

Director Nominations

The independent members of the Board of Directors are responsible for considering and selecting the nominees for election as directors at annual shareholder meetings. The Board believes a nominee should possess the highest level of professional and personal ethics and values, be free of any material

conflict of interest with respect to board service, have broad experience at the policy-making level, have the ability to provide insight and practical wisdom based on experience and expertise, be an independent director as defined by the rules of the SEC and the Nasdaq Stock Market, be able to understand and relate to the culture of the Company, have sufficient time to properly discharge the duties associated with serving as a director, and have experience and knowledge that will enhance or maintain a diversity of business background among board members.

In addition, the Board believes that one or more of the Company's directors should possess certain specific qualities or skills. These include, among others, experience with publicly held companies, an understanding and background in corporate management, experience in delegation of duties, accounting experience, financial experience, legal experience, marketing experience, understanding of the medical device industry, and background and experience necessary to qualify as an audit committee financial expert as defined by the SEC.

The Board has established a governance/nominating committee comprised of independent directors to serve as the standing committee responsible for considering and recommending director nominees to the full Board. The Company does not currently have a procedure for shareholders nomination of directors because the Company has not received a shareholder nominee for election as a director in the past ten years.

During fiscal 2005, the Nominating Committee reviewed the composition of the existing board of directors and recommended that, given his medical background and experience in health and wellness, that the full board add K. James Ehlen, M.D. to the Board. Dr. Ehlen was then elected to the Board in August.

Compensation of Directors

During 2005, the Board of Directors adopted a new policy for cash and equity compensation to be paid to members of the Board of Directors and committees of the Board of Directors effective as of September 15, 2005. This compensation policy is in line with compensation paid to directors of comparable companies, recognizes the workload and responsibilities of the board and committee members and will enable Angeion to attract qualified directors when needed. The board compensation plan is detailed as follows:

- (1) Each non-employee director will receive a quarterly retainer of \$3,000 and \$1,000 for each meeting attended in person or telephonically.
- (2) Each non-employee member of each standing committee will receive an additional fee of \$500 for each meeting attended in person or telephonically.
- (3) Each non-employee director will receive an annual stock option grant for 15,000 shares.
- (4) Upon appointment, each new non-employee director will receive a one-time stock option grant for 10,000 shares.
- (5) Each non-employee director is reimbursed for out-of-pocket expenses incurred on behalf of the Company

Stock Options. On September 15, 2005, in recognition of service of the Company's non-employee directors, the Company granted ten-year stock options to the following non-employee directors or, in the case of non-employee director Jeffrey T. Schmitz, the option was granted to his employer, Deephaven Capital Management. Mr. Schmitz resigned as a director of the Company on January 5, 2006. Dr. K. James Ehlen received an initial stock option grant upon his appointment to the board of directors on August 30, 2005. Each of the other directors also received an initial option grant upon adoption of the policy to grant initial options to new directors.

Name	Date of Grant	Number of Securities Underlying Options	Exercise Price Per Share (\$)
Arnold A. Angeloni	9/15/05	25,000	6.23
K. James Ehlen, M.D.	9/15/05	10,000	6.23
John C. Penn	9/15/05	25,000	6.23
Deephaven Capital Management	9/15/05	25,000	6.23

The exercise price of each option granted to the non-employee directors is equal to or greater than the fair market value of the common stock on the date of grant. Each option is fully exercisable as of the date of grant. All options granted under the Plan to non-employee directors are non-qualified stock options.

Report of Audit Committee

The members of the Audit Committee are Messrs. Penn (Chair) and Angeloni and Ehlen.

Among its other functions, the Audit Committee selects the Company's independent registered public accounting firm, reviews the internal and external financial reporting of the Company, reviews the scope of the independent audit, reviews all non-audit services provided by the auditors, approves auditor fees and determines auditor independence. The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Company's financial reporting system by overseeing and monitoring management's and the independent auditors' participation in the financial reporting process.

In accordance with its charter, the Committee reviewed and discussed the audited consolidated financial statements with management and KPMG LLP. The discussions with KPMG LLP also included the matters required by Statement on Auditing Standards No. 61, *Communication with Audit Committees*.

KPMG LLP provided to the Committee the written disclosures and a letter regarding its independence as required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. This information was discussed with KPMG LLP.

Based on the review and discussions referred to above, the Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended October 31, 2005 as filed with the Securities and Exchange Commission.

Employment and Change of Control Agreements

In June 2004, the Company entered into a written employment agreement with Rodney A. Young under which Mr. Young agreed to serve as Executive Vice President of the Company effective July 6, 2004. Mr. Young also agreed to be appointed President and Chief Executive Officer beginning November 1, 2004. In exchange for his service, Mr. Young currently receives an annual salary of \$275,000, and is entitled to earn an annual cash bonus ranging from 22.5% to 100% of his annual salary and an over-achievement bonus of up to an additional 15% based upon achievement of certain objectives in a bonus plan established by the Board of Directors. In addition, Mr. Young was entitled to a one-third pro rata payment under the Angeion three-year long-term incentive plan if payouts were earned under the plan in the three-year period ended October 31, 2005. There were no payouts earned under the Angeion three-year long-term incentive plan. Mr. Young was also elected as a member of the Board of Directors on November 1, 2004 and receives no additional compensation for this service. Mr. Young's employment agreement may be terminated upon 60 days written notice by either party, upon notice by the Company of termination for cause or upon the event of Mr. Young's death or disability. The agreement also contains a non-compete provision for one year after the termination of Mr. Young's employment.

Each of Mr. Young and Mr. Johnson also has rights under respective change in control agreements with the Company. Under each agreement, if the officer's employment is terminated during a period of twenty-four months following a Change in Control of the Company (i) by the Company other than for Cause or death, or (ii) by the officer for Good Reason (as these terms are defined in the agreements), then the officer will be entitled to a lump sum payment equal to the yearly cash compensation paid to him in the year prior to termination, health insurance coverage and out placement assistance. If the officer's employment is terminated prior to the Change of Control, the officer also will be entitled to Change of Control benefits if the termination was a condition of the Change of Control or was at the request or insistence of a person related to the Change of Control. If such a termination had occurred in fiscal 2005, the amount payable to Mr. Young pursuant to his agreement would have been

approximately \$270,000 and the amount payable to Mr. Johnson would have been approximately \$152,000.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors establishes the compensation for executive officers of the Company and acts on such other matters relating to their compensation as it deems appropriate. The Compensation Committee consists of three non-employee directors and typically meets one to four times per year. The Compensation Committee held two meetings during fiscal 2005. The current members of the Compensation Committee are Messrs. Angeloni (chair), Ehlen and Penn. The Compensation Committee also administers, with respect to all eligible recipients, the Company's stock option plan and determines the participants in such plan and the amount, timing and other terms and conditions of awards under the plan.

Compensation Philosophy and Objectives. The Compensation Committee is committed to the general principle that overall executive compensation should be commensurate with performance by the Company and the individual executive officers, and the attainment of predetermined individual and corporate goals. The primary objectives of the Company's executive compensation program are to:

Reward the achievement of desired Company and individual performance goals;

Provide compensation that enables the Company to attract and retain key executives; and

Provide compensation opportunities that are linked to performance of the Company and that directly link the interests of executives with the interests of shareholders.

The Company's executive compensation program provides a level of compensation opportunity that is competitive for companies in comparable industries and of comparable development, complexity and size. In determining compensation levels, the Compensation Committee considers a number of factors, including Company performance, both separately and in relation to other companies competing in the Company's markets; the individual performance of each executive officer; historical compensation levels and stock option awards at the Company; and the overall competitive environment for executives and the level of compensation necessary to attract and retain key executives. Compensation levels may be greater or less than competitive levels in comparable companies based upon factors such as annual and long-term Company performance and individual performance.

Executive Compensation Program Components. The Company's executive compensation program consists of base salary, bonuses and long-term incentive compensation in the form of stock options. The elements of the compensation program are discussed more fully below.

Base Salary. Base pay levels of executives are determined by the potential impact of the individual on the Company and its performance, the skills and experience required by the position, the individual performance and potential of the executive, and the Company's overall performance. Base salaries for executives are evaluated and adjusted annually.

In connection with the Compensation Committee's annual evaluations of participants in its executive compensation program, the Company has historically generally limited base salary increases to relatively small inflationary adjustments, unless larger increases were merited by performance or to keep compensation commensurate with other companies.

Bonuses. The Company has an annual cash bonus plan that may also pay bonuses to executive officers as part of its executive compensation program. The annual cash bonus plan is designed to reward executives when the Company achieves certain financial objectives and when other measurable objectives

have met their predetermined goals. These goals include financial elements such as earnings before interest, taxes, depreciation and amortization and total revenue. While many aspects of performance can be measured in financial terms, the management team is also measured in areas of performance that cannot be measured by traditional accounting tools, including the development and execution of operating plans and the development and management of employees. All of these factors are collectively taken into account when determining the appropriate level of annual incentive awards.

During 2004 and 2005, the Company achieved predetermined financial and operational goals. As a result, the executive officers and certain management members of the Company's Medical Graphics subsidiary, including Messrs. Young and Johnson were paid cash bonuses for the Company's performance in 2004 and 2005. The bonuses paid with respect to fiscal 2005 were earned under the 2005 Management Incentive bonus Plan in recognition of the achievement of specified levels of revenues from the sales of cardiorespiratory diagnostic products and New Leaf health and fitness products.

Long-term Incentive Compensation. Stock options are used to enable key executives to participate in a meaningful way in the success of the Company and to link their interests directly with those of the shareholders. The number of stock options granted to executives is based upon a number of factors, including base salary level and how such base salary level relates to those of other companies in the Company's industry, the number of options previously granted, and individual and Company performance during the year. The Company granted 215,000 options to purchase the Company's stock to employees during the year ended October 31, 2005. Messrs. Young and Johnson were granted 50,000 and 10,000 options to purchase the Company's stock for 2005, respectively. The Company granted 81,000 options to purchase the Company's stock to employees during the year ended October 31, 2004. All of these options were granted to Mr. Young.

In fiscal 2005, the Company also had in effect a three-year Long-Term Incentive Plan that expired on October 31, 2005. There were no payouts made under this Plan.

Section 162(m). The Omnibus Reconciliation Act of 1993 added Section 162(m) to the Internal Revenue Code of 1986, as amended, limiting corporate deductions to \$1,000,000 for certain compensation paid to the chief executive officer and each of the four other most highly compensated executives of publicly held companies. The Company does not believe it will pay compensation within the meaning of Section 162(m) to such executive officers in excess of \$1,000,000 in the foreseeable future. Therefore, the Company does not have a policy at this time regarding qualifying compensation paid to its executive officers for deductibility under Section 162(m), but will formulate a policy if compensation levels ever approach \$1,000,000.
