State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Apple Computer, Inc. ( Apple or the Company ) announced on June 29, 2006 that an internal investigation discovered irregularities related to the issuance of certain stock option grants made between 1997 and 2001. A special committee of Apple's outside directors has hired independent counsel to perform an investigation, and the Company has proactively informed the SEC.

## Edgar Filing: APPLE COMPUTER INC - Form NT 10-Q

Although the investigation is ongoing, based on the evidence of irregularities discovered to date, management has concluded, and the audit committee of the board of directors agrees, that the Company will likely need to restate its historical financial statements to record non-cash charges for compensation expense relating to past stock option grants. The Company has not determined the amount of such charges, the resulting tax and accounting impact, or which periods may require restatement.

As a result of the ongoing investigation, Apple was unable to file its Quarterly Report on Form 10-Q for the quarter ended July 1, 2006 by the required filing date and does not currently anticipate that it will be filed on or before the fifth calendar day following the prescribed due date according to Rule 12b-25.

The Company is focused on resolving these issues as quickly as possible and plans to file its Form 10-Q and any required restated financial statements as soon as practical following the completion of the investigation.

If answer is no, identify report(s). ☒ Yes ☐ No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? ☒ Yes ☐ No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates that there will be significant changes in the results of operations for the quarter ended July 1, 2006 compared to the quarter ended June 25, 2005, including significant increases in the Company's revenue and expenses. The Company cannot provide a reasonable estimate of the results because it will likely need to restate its historical financial statements to record non-cash charges for compensation expense relating to past stock option grants. As the investigation related to stock option grants is currently ongoing, the Company cannot at this time reasonably estimate the amount of any such charges, the resulting tax and accounting impact, or which periods may require restatement.
