The primary functions of the Audit Committee are to assist the Board in fulfilling its independent and objective oversight responsibilities of financial reporting and internal financial and accounting controls of the Company and to monitor the qualifications, independence and performance of the Company's independent registered public accounting firm. ### ***Corporate Governance***

The Board has adopted Corporate Governance Guidelines to address significant corporate governance issues. The guidelines, as well as all Board committee charters, the Company's Code of Business Conduct and Ethics, applicable to all the Company's Directors, officers and employees, and the Code of Ethics for Principal Executive Officer and Senior Financial Officers are available on the Company's website, [www.hpinc.com](http://www.hpinc.com), under Corporate Governance in the Investor Relations section. The information on the Company's website is not incorporated by reference in this Proxy Statement. A printed copy of the above mentioned documents will be provided without charge upon written request to the Corporate Secretary of the Company.

The Corporate Governance Guidelines provide a framework for the Company's corporate governance initiatives and cover topics such as director independence and selection and nomination of director candidates, communication with the Board (all of which are addressed below), Board committee matters and other areas of import.

### **Director Independence.**

The Company's Corporate Governance Guidelines provide that a majority of the Board must meet the requirements for being an independent director under the listing standards of the New York Stock Exchange ( NYSE ) and applicable law, including the requirement that the Board affirmatively determine that the Director has no material relationship with the Company. To guide its determination of whether a Director is independent, the Board has adopted the following categorical standards:

A Director will not be independent if: (i) the Director is, or has been, within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company; (ii) the Director has received, or an immediate family member has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than Director and committee fees and pension and other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); (iii) the Director or an immediate family member is a current partner in a firm that is the Company's internal or external auditor; (iv) the Director is a current employee of a firm that is the Company's internal or external auditor; (v) the Director has an immediate family member who is a current employee of a firm that is the Company's internal or external auditor and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; (vi) the Director or an immediate family member was within the last three years (but is no longer) a partner or employee of a firm that is the Company's internal or external auditor and personally worked on the Company's audit within that time; (vii) the Director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or (viii) the Director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent (2%) of such other company's consolidated gross revenues.

In addition, the following commercial and charitable relationships will not be considered material relationships that would impair a director's independence: (i) the Director (or an immediate family member of the Director) is, or during the last fiscal year has been, an affiliate or executive officer of another company (including banks or financial institutions) to which the Company was indebted, or to which such other company was indebted to the Company, during the last or current fiscal year and the total amount of indebtedness did not exceed two percent (2%) of the total consolidated assets of the indebted entity at the end of such fiscal year; (ii) the Director (or an immediate family member of the Director) is,

or during the last fiscal year has been, an executive officer, director or trustee of a charitable organization where the Company's annual discretionary charitable contributions to the charitable organization, in the last or current fiscal year did not exceed the greater of \$1,000,000 or two percent (2%) of that organization's consolidated gross revenues; (iii) the Director (or an immediate family member of a Director) is a member of, employed by, or of counsel to a law firm or investment banking firm that performs services for the Company, provided the payments made by the Company to the firm during a fiscal year do not exceed two percent (2%) of the firm's gross revenues for the fiscal year, and the Director's relationship with the firm is such that his or her compensation is not linked directly or indirectly to the amount of payments the firm receives from the Company; or (iv) a relationship arising solely from a Director's position as a director of another company that engages in a transaction with the Company shall not be deemed a material relationship or transaction that would cause a Director to not be independent.

Finally, a Director who is a member of the Company's Audit Committee will not be independent if such Director: (i) other than in his or her capacity as a member of the Audit Committee, the Board or any other Board committee, accepts directly or indirectly any consulting, advisory or other compensatory fee from the Company or any subsidiary (except for retirement benefits to the extent permitted by applicable SEC rules); or (ii) is an affiliated person (as defined by the SEC) of the Company or any subsidiary.

Generally, types of relationships not addressed by the NYSE rules or otherwise described above will not cause an otherwise independent Director to be considered not independent. For relationships that do not fall within the categories delineated above, the Directors who are otherwise independent under the guidelines will determine whether a relationship is material and, therefore, whether the Director would be independent.

After applying the standards set forth above in the Company's Corporate Governance Guidelines, the Board determined that Ms. Marshall and Messrs. Zeglis, Rust, Cox and Armstrong had no material relationship with the Company and that each is independent under the categorical standards and the applicable requirements of the NYSE and applicable law.

#### **Director Identification, Evaluation and Nomination.**

***General Principles and Procedures.*** The Company is of the view that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, contributing to the Board's ability to work as a collective body, while giving the Company the benefit of familiarity and insight into the Company's affairs that its Directors have accumulated during their tenure. Accordingly, the process for identifying nominees shall reflect the Company's practice of re-nominating incumbent Directors who continue to satisfy the Nominating and Corporate Governance Committee's ( Committee ) criteria for membership on the Board, whom the Committee believes continue to make important contributions to the Board and who consent to continue their service on the Board.

In general, and as more fully outlined in the Corporate Governance Guidelines, in considering candidates for election at annual meetings of stockholders, the Committee will (i) consider if the Director continues to satisfy the minimum qualifications for director candidates as set forth in the Corporate Governance Guidelines, (ii) assess the performance of the Director during the preceding term, and (iii) determine whether there exist any special, countervailing considerations against re-nomination of the Director.

If the Committee determines that (i) an incumbent Director consenting to re-nomination continues to be qualified and has satisfactorily performed his or her duties as Director during the preceding term, and (ii) there exist no reasons, including considerations relating to the composition and functional needs of the Board as a whole, why in the Committee's view the incumbent should not be re-nominated, then the Committee will, absent special circumstances, propose the incumbent Director for re-election.

The Committee will identify and evaluate new candidates for election to the Board where there is no qualified and available incumbent, including for the purpose of filling vacancies or a decision of the Directors to expand the size of the Board. The Committee will solicit recommendations for nominees from persons that the Committee believes are likely to be familiar with qualified candidates. The Committee may also determine to engage a professional search firm to assist in identifying qualified candidates.

As to each recommended candidate that the Committee believes merits consideration, the Committee will (i) cause to be assembled information concerning the background and qualifications of the candidate, (ii) determine if the candidate satisfies the minimum qualifications required by the Company's Corporate Governance Guidelines, (iii) determine if the candidate possesses any of the specific qualities or skills that the Committee believes must be possessed by one or more members of the Board, (iv) consider the contribution that the candidate can be expected to make to the overall functioning of the Board, and (v) consider the extent to which the membership of the candidate on the Board will promote diversity among the Directors.

Based on all available information and relevant considerations, the Committee will select and recommend to the Board a candidate who, in the view of the Committee, is most suited for membership on the Board.

***Stockholder Recommendations.*** The Committee shall consider recommendations for the nomination of qualified Directors submitted by holders of the Company's shares entitled to vote generally in the election of Directors. The Committee will give consideration to these recommendations for positions on the Board where the Committee has determined not to re-nominate a qualified incumbent Director.

For each annual meeting of stockholders, the Committee will accept for consideration only one recommendation from any stockholder or affiliated group of stockholders. The Committee will only consider recommendations of nominees for Director who satisfy the minimum qualifications prescribed by the Company's Corporate Governance Guidelines.

Only those recommendations whose submission complies with the following procedural requirements will be considered by the Committee:

(1) *Stockholder Nominations to the Committee.* The Committee will consider qualified nominees recommended by stockholders who may submit recommendations to the Company's Secretary at the Company's headquarters address. To be considered by the Committee, stockholder nominations must be submitted before the Company's fiscal year-end and must include the information listed in paragraph 2(i) and (ii)(a), (c) and (d) below, together with a statement of the number of shares of Company stock beneficially owned by the stockholder making the nomination and by any other supporting stockholders.

(2) *Stockholder Nominations at the Annual Meeting.* The By-laws of the Company provide that any stockholder who is entitled to vote for the election of Directors at a meeting called for such purpose may nominate persons for election to the Board. A stockholder desiring to nominate a person or persons for election to the Board must send a timely (see Stockholder Proposals on page 22) written notice to the Corporate Secretary setting forth in reasonable detail the following: (i) as to each person whom the stockholder proposes to nominate for election all information relating to such person that is required to be included in a proxy statement filed pursuant to the proxy rules of the SEC (including such person's written consent to being named in the proxy statement as a nominee and to serving as a Director if elected); and (ii) as to the stockholder giving notice (a) the name and address of the stockholder making the nomination, (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to present the nomination, (c) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the stockholder, and (d) a description of all arrangements or understandings between the stockholder and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by the stockholder.

Candidates for Director who are properly recommended by the Company's stockholders will be evaluated in the same manner as any other candidate for Director. The Committee may require the candidate to furnish other information as the Committee may reasonably request to assist the Committee in determining the eligibility of the candidate to serve as a Director. The Committee (or the presiding officer at any meeting of the stockholders) may disregard the purported nomination of any person not made in compliance with these procedures.

**Director Qualification Standards.**

All persons nominated to serve as a Director of the Company should possess the following minimum qualifications more fully discussed in the Company's Corporate Governance Guidelines: all candidates (i) must be individuals of personal integrity and ethical character; (ii) should be free of conflicts of interest that would materially impair his or her judgment; (iii) must be able to represent fairly and equally all stockholders of the Company; (iv) must have demonstrated achievement in business, professionally, or the like; (v) must have sound judgment; (vi) must have a general appreciation regarding major issues facing public companies of a size and operational scope similar to the Company; (vii) must have, and be prepared to devote, adequate time to the Board and its committees; and (viii) must not conflict with any Company term or age limits for Directors. Also, as part of the nomination process, the Committee will consider diversity in professional background, experience, expertise, perspective, age, gender, and ethnicity with respect to Board composition as a whole, and the Committee will also ensure that: (i) at least a majority of the Directors serving at any time on the Board are independent, as defined under the rules of the NYSE and applicable law; (ii) at least three of the Directors satisfy the financial literacy requirements required for service on the Audit Committee under the rules of the NYSE; and (iii) at least some of the independent Directors have experience as senior executives of a public or substantial private company.

These are only threshold criteria, however, and the Committee will also consider the contributions that a candidate can be expected to make to the collective functioning of the Board based upon the totality of the candidate's credentials, experience and expertise, the composition of the Board at the time, and other relevant circumstances.

**Communication with the Board.**

The Board has established several means for employees, stockholders and other interested persons to communicate their concerns to the Board. If the concern relates to the Company's financial statements, accounting practices or internal controls, the concern may be submitted in writing to the Chairperson of the Audit Committee in care of the Company's Secretary at the Company's headquarters address. If the concern relates to the Company's governance practices, business ethics or corporate conduct, the concern may be submitted in writing to the Chairperson of the Nominating and Corporate Governance Committee in care of the Company's Secretary at the Company's headquarters address. If the concern is intended for the non-management Presiding Director or the non-management Directors as a group, the concern may be submitted in writing to such non-management Director(s) in care of the Company's Secretary at the Company's headquarters address. If the employee, stockholder or other interested person is unsure as to which category his or her concern relates, he or she may submit it in writing to the Board or any one of the Directors in care of the Company's Secretary at the Company's headquarters address. The Company's headquarters address is 1437 South Boulder Avenue, Tulsa, OK 74119.

Each communication intended for any management or non-management Director(s) or for the entire Board of Directors and received by the Secretary which is related to the operation of the Company will be promptly forwarded to the specified party(ies).

(1) The amounts specified in this column represent payments of estimated tax liability with respect to Company-provided health and retirement benefits. The aggregate amount of perquisites and other personal benefits was less than either \$50,000 or 10% of the total annual salary and bonus reported for each of the named executive officers.

(2) At September 30, 2005, no restricted stock was held by the named executive officers. At September 30, 2006, Messrs. Helmerich, Fears and Mackey held 10,000 shares of restricted stock, and Messrs. Lindsay and Orr held 30,000 shares of restricted stock, all of which vests in one-third increments on December 5, 2008, December 5, 2009, and December 5, 2010. Dividends, if any, are paid on restricted stock held by the named executive officers.

(3) With the exception of the fiscal 2006 amount for Mr. Dotson, the amounts specified in this column represent the Company's matching contributions to its 401(k) Plan and/or Non-qualified Supplemental Savings Plan on behalf of each such executive officer.

Mr. Dotson served as Vice President of the Company and President of the Company's drilling subsidiary until his retirement on March 1, 2006. Pursuant to agreements with the Company, Mr. Dotson was paid \$175,000 for advisory services and \$1,575 in retirement benefits during fiscal 2006. The Company's 401(k) Plan and/or Non-qualified Supplemental Savings Plan matching contribution totaled \$5,879 for fiscal 2006.

### **Stock Option Grants**

The following table provides information with respect to stock options granted to the named executive officers during fiscal year 2006.

#### **Option Grants in Last Fiscal Year**

Name	Individual Grants		Exercise or Base Price (\$/Sh) (2)	Expiration Date	Grant Date Present Value \$ (3)
	Number of Securities Underlying Options Granted (#) (1)	Percent of Total Options Granted to Employees in Fiscal Year			
Hans Helmerich	90,000	14.6 %	30.2375	12/5/15	720,900
John W. Lindsay	35,000	5.7 %	30.2375	12/5/15	280,350
M. Alan Orr	35,000	5.7 %	30.2375	12/5/15	280,350
Douglas E. Fears	35,000	5.7 %	30.2375	12/5/15	280,350
Steven R. Mackey	30,000	4.9 %	30.2375	12/5/15	240,300
George S. Dotson					

(1) These options were granted pursuant to the Helmerich & Payne, Inc. 2000 Stock Incentive Plan and are nonqualified stock options which vest annually in 25% increments, beginning one year from the date of grant.

(2) The exercise price is the fair market value of the Company's stock on the grant date.

(3) The hypothetical present values on grant date were calculated under a modified Black-Scholes model, which is a mathematical formula used to value options. This formula considers a number of factors in hypothesizing an option's present value. Factors used to value the options include the stock's expected annual volatility rate (29.84%), risk free rate of return (4.51%), dividend yield (.55%), term (10 years), and discounts for forfeiture of unvested shares (21.21%) and reduced term on vested shares (21.84%).

The ultimate values of these options will depend on the future market price of the Company's stock, which cannot be forecast with reasonable accuracy. The Company does not believe that the Black-Scholes model, whether modified or not modified, or any other valuation model, is a reliable method of computing the present value of the Company's employee stock options. The actual value, if any, the optionee will realize will depend on the excess of the market value of the Company's stock over the exercise price on the date of exercise.

**Option Exercises and Holdings**

(1) Includes the 1996 Stock Incentive Plan, the 2000 Stock Incentive Plan, and the 2005 Long-Term Incentive Plan of the Company.

(2) The Company does not maintain any equity compensation plans that have not been approved by the stockholders.

***Long-term Incentive Plans***

The Company has no long-term incentive plans.

***Pension Plans***

During fiscal 2003, the Company revised its pension plan to close the pension plan to new participants effective October 1, 2003, and reduced benefit accruals for current participants through September 30, 2006, at which time benefit accruals were discontinued and the plan frozen.

The pension benefit under the Company's pension plan for time periods prior to October 1, 2003, is calculated pursuant to the following formula:

**Compensation** × 1.5% = Annual Pension Benefit.

The pension benefit for the period commencing October 1, 2003 through September 30, 2006, is calculated as follows:

**Compensation** × 0.75% = Annual Pension Benefit.

Pension benefits, which are accrued annually, are determined based on compensation received throughout a participant's career. Compensation includes salary, bonus, vacation pay, sick pay, Section 401(k) elective deferrals, and Section 125 cafeteria plan deferrals. Therefore, the pension benefit is not determined primarily by final compensation and years of service.

Based upon these formulas and an age 65 retirement date, the estimated annual benefits payable to each named executive officer at retirement are:

Name	Current Age	Annual Retirement Benefit (1)
Hans Helmerich	48	\$ 154,154
John W. Lindsay	46	\$ 35,258
M. Alan Orr	55	\$ 61,479
Douglas E. Fears	57	\$ 63,802
Steven R. Mackey	56	\$ 58,288
George S. Dotson (2)	66	\$ n/a

(1) The annual retirement benefit has not been reduced for statutory compensation and benefit limits, as amounts over these limits would be payable pursuant to the Supplemental Retirement Income Plan for Salaried Employees of Helmerich & Payne, Inc. The benefits listed above are computed as a straight single life annuity and do not contemplate any reduction for Social Security or other offset amounts.

(2) Mr. Dotson served as Vice President of the Company and President of the Company's drilling subsidiary until his retirement on March 1, 2006. Subsequent to his retirement, Mr. Dotson received a \$1,949,822 lump sum distribution of his pension benefit.

***Report on Repricing of Options***

There were no adjustments or amendments to the exercise price of stock options previously awarded to any of the named executive officers during the last fiscal year.

***Compensation Committee Interlocks and Insider Participation***

During fiscal 2006, the members of the Company's Human Resources Committee were Ms. Marshall and Messrs. Armstrong and Zeglis. No executive officer or Director of the Company has any relationship covered by the Compensation Committee Interlock and Insider Participation regulations.

***Employment Contracts and Termination of Employment and Change-of-Control Arrangements***

Each of the named executive officers has entered into a Change of Control Agreement with the Company. If the Company terminates a named executive officer's employment within 24 months after a change of control other than for cause, disability, death or the occurrence of a substantial downturn, or if any of the named executive officers terminates his employment for good reason within 24 months after a change of control (as such terms are defined in the Change of Control Agreement), any options or restricted stock granted to any of the named executive officers will vest in full and the Company will be required to pay or provide (i) a lump sum payment equal to two and one-half (2½) times the base salary and annual bonus of Mr. Hans Helmerich and two (2) times the base salary and annual bonus of the other named executive officers, (ii) 24 months of benefit continuation, (iii) a prorated annual bonus, and (iv) up to \$5,000 for out-placement counseling services; provided that the payments and benefits shall be provided only if a named executive officer executes and does not revoke a release of claims in the form attached to the Change of Control Agreement. The Change of Control Agreement is automatically renewed for successive two-year periods unless terminated by the Company.

The Helmerich & Payne, Inc. 1996 Stock Incentive Plan, the Helmerich & Payne, Inc. 2000 Stock Incentive Plan, and the Helmerich & Payne, Inc. 2005 Long-Term Incentive Plan contain a provision whereby all stock options and restricted stock will automatically become fully vested and immediately exercisable in the event of a change of control of the Company, as defined in such plans.

With the exception of Messrs. Lindsay and Orr, if a named executive officer dies prior to age 65 while employed by the Company or after having retired under the Company's pension plan, then pursuant to an agreement with each named executive officer, the surviving spouse of such deceased executive will be paid \$2,250 per month for 120 consecutive months, commencing upon the date of death. Alternatively, if the named executive officer remains in the employment of the Company until age 65 or has retired under the provisions of the Company's pension plan, then commencing on his 65th birthday such executive officer shall be paid \$225 per month for 120 consecutive months.

***Human Resources Committee Report***

All decisions about equity awards under the Company's equity-based compensation plans are made by the Human Resources Committee of the Board (Committee) and reviewed with the independent Directors as a group. All other decisions by the Committee relating to compensation of the Company's executive officers are reviewed and approved by the other independent Directors as a group. Generally, the Committee meets in December following the end of a particular fiscal year to consider prospective calendar year salary adjustments and equity-based compensation, as well as to consider bonus compensation for executive officers for the prior fiscal year. The Committee also meets at other times during the year to review the structure of incentive compensation for executive officers, trends in executive compensation, alignment of executive compensation with stockholders' interests, and other factors relevant to establishing appropriate compensation.

*Executive Officer Compensation Policies*

The fundamental objectives of the Company's executive compensation policies are to ensure that executives are compensated in a manner that advances the interests of the stockholders while also ensuring that the Company is able to attract and retain qualified executives. In light of these objectives, the Company has designed its executive compensation policies to provide competitive levels of compensation that integrate pay with the Company's performance, and to recognize individual initiative and achievements. The Committee relies in part on compensation studies for the determination of competitive compensation. These studies include salary and bonus compensation data from several competitor companies including certain of those companies contained within the S&P 500 Oil & Gas Drilling Index. Also, when the Committee contemplates the awarding of stock options or restricted stock to its executives, it considers, among other things, the nature and value of stock awards made by competitor companies to their executive officers. In order to implement these objectives, the Company has developed a compensation package consisting of salary, annual bonus, and annual awards of stock options and/or restricted stock. Salary and bonus are primarily designed to reward current and past performance. Base salaries are set to recognize individual performance while attempting to generally approximate the median level of base salaries among the Company's competitors. Annual bonuses to executive officers are awarded based upon the performance criteria and other factors contained within the bonus plan described below. Awards of stock options and/or restricted stock are primarily designed to tie a portion of each executive's compensation to long-term future performance of the Company. The Committee believes that stock ownership by management through stock-based compensation arrangements is beneficial in aligning management's and stockholders' interests. The value of these awards will increase or decrease based upon the future price of the Company's stock.

At the outset of each fiscal year, each of the executive officers is assigned a target bonus award opportunity expressed as a percentage of base salary. Pursuant to the terms of the annual bonus plan, an executive officer's bonus opportunity is based upon three weighted corporate performance criteria. These performance criteria and their weighting are: earnings per share (35%); return on invested capital (35%); and operating earnings before interest, taxes, depreciation and amortization (30%). Each performance criterion is assigned a threshold, target, as well as a higher reach objective based upon the operating and capital budget approved by the Board. Actual fiscal year financial results are compared to plan targets in order to determine the amount of any executive officer bonus. The bonus, if any, is then subject to being increased or decreased by up to 30% based on the Committee's overall assessment of the Company's operational success and the Company's stockholder returns relative to the stockholder returns of the Company's competitors.

Within this framework, the Committee determined that the reach objective for all three performance criteria had been exceeded in fiscal 2006, and that the annual bonus for all named executive officers be increased by 18.75% due to the Company's success in exceeding certain operational objectives and the achievement of favorable relative stockholder returns.

During fiscal 2006, stock options and restricted stock were awarded to the executive officers and other key employees. In making these awards, the Committee considered both individual performance and the value and type of equity awards made by competitors.

Section 162(m) of the Internal Revenue Code provides that certain compensation to certain executive officers in excess of \$1 million annually will not be deductible for federal income tax purposes. The Committee generally prefers to optimize the deductibility of compensation paid to the Company's executive officers. However, if future compliance with Section 162(m) conflicts with the Company's compensation policy or what is believed to be in the best interests of the Company or its stockholders, then future compensation arrangements may not be fully deductible under Section 162(m).

During fiscal 2006, the Committee, with the assistance of its independent compensation consulting firm, reviewed the Company's executive compensation practices. As a result of such review, the Committee and the Board of Directors approved, subject to stockholder approval, the Helmerich & Payne, Inc. 2005 Long-Term Incentive Plan ( Incentive Plan ). The stockholders of the Company approved the Incentive Plan on March 1, 2006.

***Compensation Paid to the Chief Executive Officer***

Mr. Helmerich's compensation is determined in the same manner as described for the other executive officers. For fiscal 2006, Mr. Helmerich was paid a \$789,000 bonus and was granted a 3.75% salary increase for calendar 2007. In approving the bonus, the Committee considered the Company's record earnings, favorable relative stockholder returns and the Company's success in exceeding certain operational objectives.

In fiscal 2006, the Committee awarded Mr. Helmerich 10,000 shares of restricted stock and stock options to purchase 90,000 shares of stock. The Committee based this award on its assessment of Mr. Helmerich's performance as CEO and the type and value of equity awarded to competitor CEOs.

*Director Compensation*

Each non-employee Director receives a quarterly retainer of \$12,500. The Audit Committee chair receives a quarterly retainer of \$3,750 and the Human Resources Committee and Nominating and Corporate Governance Committee chairs each receive a quarterly retainer of \$1,250. In addition, each member of the Audit Committee receives a quarterly retainer of \$1,250. Also, each non-employee Director receives an annual option to purchase shares of common stock of the Company pursuant to the

Helmerich & Payne, Inc. 2005 Long-Term Incentive Plan which has a value of \$50,000 on the date of grant. All non-employee Directors are reimbursed for expenses incurred in connection with the attending of Board or Committee meetings. Mr. W. H. Helmerich, III receives no compensation from the Company for serving as its Chairman of the Board, nor do the employee Directors receive compensation for serving on the Board. Likewise, Mr. Dotson does not receive any compensation for serving on the Board.

The Directors may participate in the Company's Director Deferred Compensation Plan ( Plan ). The Plan permits each Director to defer into a separate account maintained by the Company all or a portion of such Director's cash compensation paid by the Company for services as a Director. A Director may select between two deemed investment alternatives, being an interest investment alternative and a stock unit investment alternative. The interest investment alternative provides for the payment of interest on deferred amounts in the Director's account at a rate equal to prime plus one percent. The stock unit investment alternative provides that the Company shall credit the Director's account with the number of stock units determined by dividing the Director's deferred compensation amount by the fair market value of a share of the Company's common stock on the compensation deferral date. The Director's account shall also be credited with any dividends that would have been paid by the Company had the Director held actual shares of the Company's common stock. The account balance attributable to the stock unit investment alternative may increase or decrease depending upon fluctuations in the value of the Company's common stock and the distribution of dividends. The stock units credited to a Director's account is used solely as a device for the determination of the amount of cash payment to be distributed to the Director under the Plan. No Director would be entitled to a distribution of actual shares of the Company's common stock or to any other stockholder rights with respect to the stock units credited under the Plan. Except for emergency withdrawals and a change of control event (as defined in the Plan), the deferred cash amounts in a Director's account would not be paid until he or she ceases to be a Director. The Plan does not create a trust and the participating Directors would be general unsecured creditors of the Company. Since employee Directors do not receive compensation for serving on the Board, only non-employee Directors shall be able to participate in the Plan. The Plan is to be interpreted and administered by the Human Resources Committee of the Board.

It is anticipated that there will be four regularly scheduled meetings of the Board during fiscal 2007.

The Audit Committee reviews and pre-approves audit and non-audit services performed by the Company's independent registered public accounting firm as well as the fee charged for such services. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of service and is subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee may delegate pre-approval authority for such services to one

or more of its members, whose decisions are then presented to the full Audit Committee at its next scheduled meeting. For fiscal 2006, all of the audit and non-audit services provided by the Company's independent registered public accounting firm were pre-approved by the Audit Committee in accordance with the Audit Committee Charter. In its review of all non-audit service fees, the Audit Committee considers among other things, the possible effect of such services on the auditor's independence.

#### ***Tabulation of Votes***

With regard to Proposal 1, election of Directors, stockholders may vote in favor of all nominees, withhold their votes as to all nominees, or withhold their votes as to specific nominees. If a stockholder does not specify on the enclosed and returned proxy card (or when giving the stockholder's proxy by telephone or over the Internet) how to vote the stockholder's shares, such shares will be voted FOR the nominees listed above as Nominees for Directors of the First Class. The proxies executed and returned on the enclosed form (or delivered via telephone or over the Internet) can be voted only for the named nominees. If any one of the nominees is not a candidate at the Annual Meeting, an event which management does not anticipate, the proxies (whether given on the enclosed form, by telephone, or over the Internet) will be voted for a substitute nominee. The election of Directors will require the affirmative vote of a plurality of the shares of common stock voting in person or by proxy at the Annual Meeting. In all matters other than election of Directors, a majority of shares of common stock voting in person or by proxy is required for approval. Abstentions and broker non-votes shall not be counted except for purposes of determining the presence of a quorum at the meeting. Each outstanding share of the Company's common stock will be entitled to one vote on each matter considered at the meeting.

ADP will tabulate all votes which are received prior to the date of the Annual Meeting. The Company has appointed two employee inspectors to receive ADP's tabulation, to tabulate all other votes, and to certify the voting results.
