	Cautionary Statement regarding Forward Looking Statements

Some of the statements made by the Company in the press release furnished as Exhibit 99 to this Current Report on Form 8-K are forward-looking. These statements include comments as to future events and trends affecting the Company's business, which are based upon management's current expectations and are necessarily subject to risks and uncertainties, many of which are outside the control of the Company. Forward-looking statements can be identified by such words as anticipates, estimates, expects, intends, plans, will and similar expressions. The following are important factors that the Company believes could cause actual results to differ materially from those in the Company's forward-looking statements: the success of the Company's growth, profitability and global manufacturing strategies; changes in raw material and energy costs; the effects of animal and food-related health issues; market conditions; tax, interest and exchange rates; and legal proceedings. A more extensive list and description of these and other such factors can be found under the headings Risk Factors and Cautionary Statement Regarding Forward-Looking Statements, which appear in the Company's most recent Annual Report on Form 10-K as filed with the Securities and Exchange Commission.
