**Announcement** | Lisbon | 28 September 2011

## Qualified Holding

Portugal Telecom, SGPS S.A. ( PT ) informs that Norges Bank now holds less than 5% of the voting rights corresponding to the share capital of PT.

Such new holding resulted from the acquisition, [on regulated market], of 57,353 PT shares , and the return of a total of 2,249,570 PT shares held as collateral for other shares lent out, both on 26 September 2011.

Additionally, PT was informed that, as a result of the above mentioned transactions, a holding corresponding to 43,390,134 ordinary shares representing 4.84% of PT 's share capital and corresponding voting rights is now attributed to Norges Bank.

This statement is pursuant to the terms and for the purposes of article 17 of the Portuguese Securities Code and the Portuguese Securities Commission Regulation no. 5/2008, following a communication received by fax from Norges Bank (the Central Bank of Norway), with registered office at Bankplassen 2, P.O. Box 1179 Sentrum, Oslo, Norway, through Norges Bank Investment Management ( NBIM ).

## **FORWARD-LOOKING STATEMENTS**

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
