**Item 1.01 Entry into a Material Definitive Agreement.**

On March 12, 2012, KEMET Electronics Corporation ( KEMET ), a wholly owned subsidiary of KEMET Corporation, entered into a stock purchase agreement (the Stock Purchase Agreement ) to acquire an approximately 34% economic interest with a 51% voting common stock interest in NEC TOKIN Corporation ( NT ), a manufacturer of tantalum capacitors, electro-magnetic, electro-mechanical and access devices, and a subsidiary of NEC Corporation of Japan ( NEC ). KEMET will pay a purchase price of \$50.0 million for new shares of common stock of NT representing the 34% economic interest and 51% voting interest in NT. The transaction is subject to customary closing conditions, including required regulatory filings. The Stock Purchase Agreement contains customary covenants, representations and warranties. The transaction is expected to close this summer (the Initial Closing ). This summary is qualified in its entirety by the text of the Stock Purchase Agreement, which has been included as Exhibit 99.2 and is incorporated by reference.

In connection with entry into the Stock Purchase Agreement, KEMET entered into a Stockholders Agreement (the Stockholders Agreement ) with NT and NEC, which provides for restrictions on transfers of NT s capital stock, certain tag-along and first refusal rights on transfer, restrictions on NEC s ability to convert the preferred stock of NT held by it, certain management services to be provided to NT by KEMET (or an affiliate of KEMET) and certain board representation rights. At the Initial Closing, KEMET will hold four of seven director positions, however, NEC will be provided with significant board minority rights. The Stockholders Agreement also contemplates an additional loan from NEC to NT in connection with NT s rebuilding of its operations in Thailand as a result of the 2011 flooding. This summary is qualified in its entirety by the text of the Stockholders Agreement, which has been included as Exhibit 99.3 and is incorporated by reference.

Concurrently with entry into the Stock Purchase Agreement and the Stockholders Agreement, KEMET entered into an Option Agreement with NEC whereby KEMET may purchase additional shares of NT common stock from NT for a purchase price of \$50.0 million resulting in an economic interest of approximately 49% while maintaining ownership of 51% of the voting common stock (the First Call Option ) by providing notice of the First Call Option between the Initial Closing and August 31, 2014. Upon providing such notice, KEMET may also purchase all outstanding capital stock of NT from its stockholders, primarily NEC, for a purchase price based on a multiple of NT s last-twelve-month financial performance and the outstanding amount of NT s debt obligation to NEC (the Second Call Option ) by providing notice of the Second Call Option by May 31, 2018. Beginning August 1, 2014 through May 31, 2018, NEC may require KEMET to purchase all outstanding capital stock of NT from its stockholders, primarily NEC, however, NEC may only exercise this right (the Put Right ) from August 1, 2014 through April 1, 2016 if NT achieves certain financial performance. The purchase price for the Put Right is based on NT s last-twelve-month financial performance and the outstanding amount of NT s debt obligation to NEC. The determination of the purchase price is modified in the event there is an unresolved agreement between NEC and KEMET under the Stockholders Agreement. In the event the Put Right is exercised, NEC will be required to maintain in place the outstanding debt obligation owed by NT to NEC. The closing of the First Call Option, the Second Call Option or the Put Right is subject to customary closing conditions, including required regulatory filings. This summary is qualified in its entirety by the text of the Option Agreement, which has been included as Exhibit 99.4 and is incorporated by reference.

A copy of a news release reporting entry into the agreements has been included as Exhibit 99.1.
