PROXY STATEMENT FOR THE

2013 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JULY 18, 2013

The Board of Directors of Trovagene, Inc. (Trovagene or the Company) is soliciting your proxy to vote at the Annual Meeting of Stockholders (the Annual Meeting) to be held at our offices, located at 11055 Flintkote Ave., San Diego, California 92121, on Thursday, July 18, 2013, at 10:00 a.m. Pacific Daylight Time, including at any adjournments or postponements of the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card if you received paper copies of the proxy materials, or follow the instructions below to submit your proxy over the Internet.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the SEC), we have elected to provide our beneficial owners and stockholders of record access to our proxy materials over the Internet. Beneficial owners are stockholders whose shares are held in the name of a broker, bank or other agent (i.e., in street name). Accordingly, a Notice of Internet Availability of Proxy Materials (the Notice) will be mailed on or about [], 2013 to our beneficial owners and stockholders of record who owned our common stock at the close of business on May 24, 2013. Beneficial owners and stockholders of record will have the ability to access the proxy materials on a website referred to in the Notice or request a printed set of the proxy materials be sent to them by following the instructions in the Notice. Beneficial owners and stockholders of record who have previously requested to receive paper copies of our proxy materials will receive paper copies of the proxy materials instead of a Notice.

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why did I Receive in the Mail a Notice of Internet Availability of Proxy Materials this Year instead of a Full Set of Proxy Materials?

We are pleased to take advantage of the SEC rule that allows companies to furnish their proxy materials over the Internet. Accordingly, we have sent to our beneficial owners and stockholders of record a Notice of Internet Availability of Proxy Materials. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the Notice. Our stockholders may request to receive proxy materials in printed form by mail or electronically on an ongoing basis. A stockholder's election to receive proxy materials by mail or electronically by email will remain in effect until the stockholder terminates its election.

Why did I Receive a Full Set of Proxy Materials in the Mail instead of a Notice of Internet Availability of Proxy Materials?

Edgar Filing: Trovogene, Inc. - Form PRE 14A

We are providing paper copies of the proxy materials instead of a Notice to our beneficial owners or stockholders of record who have previously requested to receive paper copies of our proxy materials. If you are a beneficial owner or stockholder of record who received a paper copy of the proxy materials, and you would like to reduce the environmental impact and the costs incurred by us in mailing proxy materials, you may elect to receive all future proxy materials electronically via email or the Internet.

You can choose to receive future proxy materials electronically by visiting <http://www.pstvote.com/trovogene2013>. Your choice to receive proxy materials electronically will remain in effect until you instruct us otherwise by following the instructions contained in your Notice and visiting <http://www.pstvote.com/trovogene2013>, sending an electronic mail message to info@philadelphiastocktransfer.com, or calling 1-866-223-0448.

The SEC has enacted rules that permit us to make available to stockholders electronic versions of the proxy materials even if the stockholder has not previously elected to receive the materials in this manner. We have chosen this option in connection with the Annual Meeting with respect to both our beneficial owners and stockholders of record.

Who is Entitled to Vote?

Our Board has fixed the close of business on May 24, 2013 as the record date for a determination of stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. On the record date, there were [] shares of common stock outstanding. Each share of common stock represents one vote that may be voted on each proposal that may come before the Annual Meeting.

What is the Difference Between Holding Shares as a Record Holder and as a Beneficial Owner (Holding Shares in Street Name)?

If your shares are registered in your name with our transfer agent, Philadelphia Stock Transfer, Inc., you are the record holder of those shares. If you are a record holder, these proxy materials have been provided directly to you by the Company.

If your shares are held in a stock brokerage account, a bank or other holder of record, you are considered the beneficial owner of those shares held in street name. If your shares are held in street name, these proxy materials have been forwarded to you by that organization. As the beneficial owner, you have the right to instruct this organization on how to vote your shares.

What is the Difference Between the Trovogene Securities that are Traded Under the NASDAQ Trading Symbols TROV, TROVU, and TROVW and How is Each Voted?

Our common stock is listed and trades on The NASDAQ Capital Market under the symbol TROV. The units of securities we sold in our public offering that was closed on June 4, 2012, are listed and trade on The NASDAQ Capital Market under the symbol TROVU. Each unit consists of two shares of our common stock and one warrant to purchase one share of common stock. A holder of units has one vote for each of the two shares in the unit. The warrants we sold in the public offering are listed and trade on The NASDAQ Capital Market under the symbol TROVW. The warrants do not have voting rights.

Who May Attend the Meeting?

Record holders and beneficial owners may attend the Annual Meeting. If your shares are held in street name, you will need to bring a copy of a brokerage statement or other documentation reflecting your stock ownership as of the record date.

How Do I Vote?

Shareholders of Record

For your convenience, our record holders have three methods of voting:

1. Vote by Internet. The website address for Internet voting is on your vote instruction form.

Edgar Filing: Trovogene, Inc. - Form PRE 14A

2. Vote by mail. Mark, date, sign and mail promptly the enclosed proxy card (a postage-paid envelope is provided for mailing in the United States).
3. Vote in person. Attend and vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name

For your convenience, our beneficial owners have three methods of voting:

1. Vote by Internet. The website address for Internet voting is on your vote instruction form.
2. Vote by mail. Mark, date, sign and mail promptly your vote instruction form (a postage-paid envelope is provided for mailing in the United States).
3. Vote in person. Obtain a valid legal proxy from the organization that holds your shares and attend and vote at the Annual Meeting.

If you vote by Internet, please DO NOT mail your proxy card.

All shares entitled to vote and represented by a properly completed and executed proxy received before the meeting and not revoked will be voted at the meeting as you instruct in a proxy delivered before the meeting. If you do not indicate how your shares should be voted on a matter, the shares represented by your properly completed and executed proxy will be voted as the Board recommends on each of the enumerated proposals and with regard to any other matters that may be properly presented at the meeting and all matters incident to the conduct of the meeting. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares. All votes will be tabulated by the inspector of elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Is My Vote Confidential?

Yes, your vote is confidential. Only the following persons have access to your vote: the inspector of elections, individuals who help with processing and counting your votes, and persons who need access for legal reasons. Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to the Company's management and the Board of Directors.

What Constitutes a Quorum?

To carry on business at the Annual Meeting, we must have a quorum. A quorum is present when a majority of the shares entitled to vote, as of the record date, are represented in person or by proxy. Thus, [] shares must be represented in person or by proxy to have a quorum. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. Shares owned by us are not considered outstanding or considered to be present at the Annual Meeting. If there is not a quorum at the Annual Meeting, our stockholders may adjourn the meeting.

What is a Broker Non-Vote?

If your shares are held in street name, you must instruct the organization who holds your shares how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any non-routine proposal. This vote is called a broker non-vote. If you sign your proxy card but do not provide instructions on how your broker should vote, your broker will vote your shares as recommended by our Board. Broker non-votes are not included in the tabulation of the voting results of any of the proposals and, therefore, do not effect these proposals.

Brokers cannot use discretionary authority to vote shares on the election of directors if they have not received instructions from their clients. Please submit your vote instruction form so your vote is counted.

Which Proposals are Considered Routine or Non-Routine ?

With the exception of Proposal 3, the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013, all of the proposals to be voted upon at our 2013 Annual Meeting are considered non-routine. Please note, however, that the proposals regarding the approval of executive compensation and the frequency of holding such an advisory vote are advisory only and will not be binding. The results of the votes on those two advisory proposals will be taken into consideration by the Company's Board of Directors when making future decisions regarding these matters.

What is an Abstention?

An abstention is a stockholders affirmative choice to decline to vote on a proposal. Abstentions are not included in the tabulation of the voting results of any of the proposals and, therefore, do not affect these proposals.

How Many Votes are Needed for Each Proposal to Pass?

Edgar Filing: Trovogene, Inc. - Form PRE 14A

You should specify your respective choices on the accompanying proxy card or your vote instruction form.

Is My Proxy Revocable?

You may revoke your proxy and reclaim your right to vote at any time before it is voted by giving written notice to the Secretary of Trovogene, by delivering a properly completed, later-dated proxy card or vote instruction form or by voting in person at the Annual Meeting. All of the expenses involved in preparing, assembling and mailing these proxy materials and all costs of soliciting proxies will be paid by us. In addition to the solicitation by mail, proxies may be solicited by our officers and other employees by telephone or in person. Such persons will receive no compensation for their services other than their regular salaries. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the shares held of record by such persons, and we may reimburse such persons for reasonable out of pocket expenses incurred by them in so doing.

Do I Have Dissenters' Rights of Appraisal?

Trovogene shareholders do not have appraisal rights under Delaware law or under the governing documents of Trovogene with respect to the matters to be voted upon at the 2013 Annual Meeting.

How can I find out the Results of the Voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K, which we will file within four business days of the meeting.

When are Stockholder Proposals Due for the 2014 Annual Meeting?

Edgar Filing: Trovogene, Inc. - Form PRE 14A

Any appropriate proposal submitted by a stockholder and intended to be presented at the 2014 Annual Meeting must be submitted in writing to the Company's Secretary at 11055 Flintkote Ave., San Diego, California 92121, and received no later than March 20, 2014, to be includable in the Company's proxy statement and related proxy for the 2014 Annual Meeting. A stockholder proposal will need to comply with the SEC regulations under Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act), regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Although the Board of Directors will consider stockholder proposals, we reserve the right to omit from our proxy statement, or to vote against, stockholder proposals that we are not required to include under the Exchange Act, including Rule 14a-8.

Interest of Officers and Directors in Matters to Be Acted Upon

Members of the board of directors and executive officers of Trovogene are eligible to receive grants under the terms of the 2004 Stock Option Plan. Accordingly, members of the board of directors and the executive officers of Trovogene have a substantial interest in Proposal 4. Members of the board of directors and executive officers of Trovogene do not have any interest in any other Proposal that is not shared by all other stockholders of Trovogene, other than Proposal 2, the election to our board of the seven nominees set forth herein and Proposals 5 and 6, to the extent such proposals are on a non-binding advisory basis.

PROPOSAL 1

AMENDMENT OF THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO CLASSIFY THE BOARD OF DIRECTORS

The Board is requesting shareholder approval of a certificate of amendment, substantially in the form of Appendix A hereto, to the Company's Certificate of Incorporation in order to divide the Board. The Board believes it is in the best interest of the Company to divide the Board into three classes, each such class as nearly equal in number as the then-authorized number of Directors constituting the Board of Directors permits, with the term of the office of one class expiring each year. Following approval of this the proposed amendment to the Company's Certificate of Incorporation, the stockholders shall elect the one class of Directors for a term expiring at the annual meeting of stock holders to be in 2014, another class of Directors for a term expiring at the annual meeting of stockholders to be held in 2015, and another class of Directors for a term expiring at the annual meeting of stockholders to be held in 2016.

Thereafter, each Director shall serve for a term ending at the third annual meeting of stockholders of the Corporation following the annual meeting at which such Director was elected. Members of each class shall hold office until their successors are elected and qualified. At each succeeding annual meeting of the stockholders of the Corporation, the successors of the class of Directors whose term expires at that meeting shall be elected by a plurality vote of all votes cast at such meeting to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election.

Stability and Continuity

Three-year staggered terms are designed to provide stability and to provide a framework in which, at any given time, a majority of directors will have had prior experience as directors of the Company and a more thorough knowledge of the Company's operations and strategy. Directors who have experience with the Company and knowledge about its business are a valuable resource and are better positioned to make the fundamental decisions that are best for the Company and its stockholders. In addition, because a classified Board produces more orderly change in the composition of the Board and in the policies and strategies of the Company, a classified Board may strengthen the Company's ability to recruit and retain prominent and highly-qualified directors who are willing and able to commit the time and resources required to understand fully the Company and its operations. The Board believes that its classified structure has helped to attract well-qualified directors who are willing to make a significant commitment to the Company and its stockholders for the long term. In addition, in light of the current corporate governance climate, in which many qualified individuals are increasingly reluctant to serve on public company boards, the Company could also be placed at a competitive disadvantage in recruiting qualified director candidates if their Board service could potentially be limited to a one-year term.

Accountability to Stockholders

The Board believes that the benefits of its classified Board structure do not come at the cost of directors' accountability to stockholders. Directors elected to three-year terms are not any less accountable or responsive to stockholders than directors elected annually, since all directors are required to act in the best interests of our stockholders and the Company, in accordance with their fiduciary duties under Delaware law, regardless of the length of their terms. We believe that overall accountability of the Board is achieved through our stockholders' selection of responsible, experienced and respected individuals as directors and is not compromised by the length of any director's term.

Protection Against Unfair Takeover Attempts

The Board believes that a classified Board plays an important role in protecting against an unsolicited takeover proposal at a price that is not in the long-term best interests of the Company and its stockholders. A mere attempt to obtain control, even if unsuccessful, can seriously disrupt the conduct of a company's business and cause it to incur substantial expense. Classified board structures have been shown to be an effective means of protecting long-term stockholder interests against these types of abusive tactics. While a classified Board does not prevent or preclude unsolicited takeover attempts, it encourages potential acquirers to negotiate with the Board and to offer a full and fair price in order to provide maximum value to our stockholders. Because only one-third of the Company's directors are elected at any annual meeting of stockholders, at least two annual meetings would be required to replace a majority of the Board and to dismantle other stockholder protection measures. This gives the directors additional time and leverage to evaluate the adequacy and fairness of any takeover proposal, weigh alternative proposals and ultimately negotiate the best result for all stockholders.

If the amendment to our Certificate of Incorporation to classify the board of directors is adopted, it would become effective upon the filing of a certificate of amendment to our Certificate of Incorporation with the Secretary of State of Delaware.

Vote Required

The affirmative vote of a majority of the outstanding shares entitled to vote at the meeting is required to approve the amendment to our Certificate of Incorporation to classify our Board of Directors.

Recommendation

THE BOARD RECOMMENDS THAT YOU VOTE TO APPROVE THE AMENDMENT OF THE COMPANY S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO CLASSIFY THE BOARD OF DIRECTORS.

PROPOSAL 2

ELECTION OF DIRECTORS TO HOLD OFFICE FOR STAGGERED TERMS OF ONE, TWO AND THREE YEARS AND UNTIL THEIR SUCCESSORS ARE ELECTED AND QUALIFIED

At the Annual Meeting, the stockholders will elect seven directors to hold office for staggered terms of one, two and three years and until their successors are elected and qualified. Assuming approval of Proposal 1, our Board of Directors will be classified into three classes, with the term of office of one class expiring each year. The term of Class I directors expires at the Company s annual meeting of stockholders to be held in 2014, the term of Class II directors expires at the Company s annual meeting of stockholders to be held in 2015, and the term of office of Class III directors expires at the Company s annual meeting of stockholders to be held in 2016. Directors are elected by a plurality of votes cast by stockholders. In the event the nominees are unable or unwilling to serve as directors at the time of the Annual Meeting, the proxies will be voted for any substitute nominees designated by the present Board or the proxy holders to fill such vacancy, or for the balance of the nominees named without nomination of a substitute, or the size of the Board will be reduced in accordance with the Bylaws of the Company. The Board has no reason to believe that the persons named below will be unable or unwilling to serve as nominees or as directors if elected.

Assuming a quorum is present, the seven nominees receiving the highest number of affirmative votes of shares entitled to be voted for such persons will be elected as directors of the Company for the ensuing year. Unless marked otherwise, proxies received will be voted FOR the election of the nominees named below. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of the nominees listed below, and, in such event, the specific nominees to be voted for will be determined by the proxy holders.

Policy Regarding Attendance at Annual Meetings of Stockholders

Trovogene does not have a policy with regard to board members attendance at annual meetings.

Board Leadership Structure and Role in Risk Oversight

Since April 2009, we have separated the roles of Chairman of the Board and Chief Executive Officer. Although the separation of roles has been appropriate for us during that time period, in the view of the board of directors, the advisability of the separation of these roles depends upon the specific circumstances and dynamics of our leadership.

As Chairman of the Board, Dr. Adams serves as the primary liaison between the CEO and the independent directors and provides strategic input and counseling to the CEO. With input from other members of the board of directors, committee chairs and management, he presides over meetings of the board of directors. Mr. Adams has developed an extensive knowledge of our company, its challenges and opportunities and has a productive working relationship with our senior management team.

The board of directors, as a unified body and through committee participation, organizes the execution of its monitoring and oversight roles and does not expect its Chairman to organize those functions. Our primary rationale for separating the positions of Board Chairman and the CEO is the recognition of the time commitments and activities required to function effectively as Chairman and as the CEO of a company with a relatively flat management structure. The separation of roles has also permitted the board of directors to recruit senior executives into the CEO position with skills and experience that meet the board of director's planning for the position who may not have extensive public company board experience.

The board of directors has three standing committees: Audit, Compensation and Corporate Governance/Nominating. The membership of each of the board committees is comprised of independent directors, with each of the committees having a separate chairman, each of whom is an independent director. Our non-management members of the board of directors meet in executive session at each board meeting.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. Management is responsible for the day-to-day management of risks the company faces, while the board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

The board of directors believes that establishing the right tone at the top and that full and open communication between executive management and the board of directors are essential for effective risk management and oversight. Our CEO communicates frequently with members of the board to discuss strategy and challenges facing the company. Senior management usually attends our regular quarterly board meetings and is available to address any questions or concerns raised by the board of directors on risk management-related and any other matters. Each quarter, the board of directors receives presentations from senior management on matters involving our areas of operations.

Director Independence

Our board of directors has determined that a majority of the board consists of members who are currently independent as that term is defined under current listing standards of NASDAQ. The board of directors considers Messrs. Adams, Jacob, Tennant, McGuigan and Brancaccio to be independent.

Audit Committee

The Audit Committee's responsibilities include: (i) reviewing the independence, qualifications, services, fees, and performance of the independent registered public accountants, (ii) appointing, replacing and discharging the independent auditors, (iii) pre-approving the professional services provided by the independent auditors, (iv) reviewing the scope of the annual audit and reports and recommendations submitted by the independent auditors, and (v) reviewing our financial reporting and accounting policies, including any significant changes, with

Edgar Filing: Trovogene, Inc. - Form PRE 14A

management and the independent auditors. The Audit Committee also prepares the Audit Committee report that is required pursuant to the rules of the SEC.

The Audit Committee currently consists of John P. Brancaccio, chairman of the Audit Committee, Dr. Gary S. Jacob, and Thomas Adams. Our board of directors has determined that each of Mr. Brancaccio, Dr. Jacob and Dr. Adams is independent as that term is defined under applicable SEC and NASDAQ rules. Mr. Brancaccio is our audit committee financial expert. The board of directors has adopted a written charter setting forth the authority and responsibilities of the Audit Committee.

Compensation Committee

The Compensation Committee has responsibility for assisting the board of directors in, among other things, evaluating and making recommendations regarding the compensation of the executive officers and directors of our company; assuring that the executive officers are compensated effectively in a manner consistent with our stated compensation strategy; producing an annual report on executive compensation in accordance with the rules and regulations promulgated by the SEC; periodically evaluating the terms and administration of our incentive plans and benefit programs and monitoring of compliance with the legal prohibition on loans to our directors and executive officers.

The Compensation Committee currently consists of Dr. Stanley Tennant, chairman of the Compensation Committee, Dr. Gary S. Jacob and John P. Brancaccio. Our board of directors has determined that all of the members are independent under the current listing standards of NASDAQ. The board of directors has adopted a written charter setting forth the authority and responsibilities of the Compensation Committee.

Corporate Governance/Nominating Committee

The Corporate Governance/Nominating Committee has responsibility for assisting the board of directors in, among other things, effecting board organization, membership and function including identifying qualified board nominees; effecting the organization, membership and function of board committees including composition and recommendation of qualified candidates; establishment of and subsequent periodic evaluation of successor planning for the chief executive officer and other executive officers; development and evaluation of criteria for Board membership such as overall qualifications, term limits, age limits and independence; and oversight of compliance with the Corporate Governance Guidelines. The Corporate Governance/Nominating Committee shall identify and evaluate the qualifications of all candidates for nomination for election as directors. Potential nominees are identified by the Board of Directors based on the criteria, skills and qualifications that have been recognized by the Corporate Governance/Nominating Committee. While our nomination and corporate governance policy does not prescribe specific diversity standards, the Corporate Governance/Nominating Committee and its independent members seek to identify nominees that have a variety of perspectives, professional experience, education, difference in viewpoints and skills, and personal qualities that will result in a well-rounded Board of Directors.

The Corporate Governance/Nominating Committee currently consists of John Brancaccio, chairman of the Corporate Governance/Nominating Committee, Thomas Adams and Stanley Tennant. The Board of Directors has determined that all of the members are independent under the current listing standards of NASDAQ. The Board of Directors has adopted a written charter setting forth the authority and responsibilities of the Corporate Governance/Nominating Committee.

The selection of our independent registered public accounting firm is not required to be submitted to a vote of our stockholders for ratification. However, Trovogene is submitting this matter to the stockholders as a matter of good corporate governance. Even if the appointment is ratified, the Board may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of Trovogene and its stockholders. If the appointment is not ratified, the Board will consider its options.

Our Audit Committee retains our independent registered public accounting firm and approves in advance all audit and non-audit services performed by this firm and any other auditing firms. Although management has the primary responsibility for the financial statements and the reporting process including the systems of internal control, the Audit Committee consults with

management and our independent registered public accounting firm regarding the preparation of financial statements, the adoption and disclosure of our critical accounting estimates and generally oversees the relationship of the independent registered public accounting firm with Trovogene. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, relating to their judgments as to the quality, not just the acceptability, of Trovogene's accounting principles, and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards.

It is not the duty of the Audit Committee to determine that Trovogene's financial statements and disclosures are complete and accurate and in accordance with generally accepted accounting principles or to plan or conduct audits. Those are the responsibilities of management and Trovogene's independent registered public accounting firm. In giving its recommendation to the Board, the Audit Committee has relied on: (1) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with GAAP; and (2) the report of Trovogene's independent registered public accounting firm with respect to such financial statements.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Consistent with SEC policies and guidelines regarding audit independence, the Audit Committee is responsible for the pre-approval of all audit and permissible non-audit services provided by our principal accountants on a case-by-case basis. Our Audit Committee has established a policy regarding approval of all audit and permissible non-audit services provided by our principal accountants. No non-audit services were performed by our principal accountants during the fiscal years ended December 31, 2012 and 2011. Our Audit Committee pre-approves these services by category and service. PROPOSAL 4

AMENDMENT TO THE 2004 STOCK OPTION PLAN

Our Board of Directors adopted the 2004 Stock Plan in June 2004. The Board of Directors initially authorized the issuance of up to 833,333 shares of common stock under the 2004 Stock Plan. On April 4, 2006, our stockholders approved an increase in the number of shares of our common stock available for issuance under the 2004 Stock Plan to 2,000,000 shares. On April 27, 2012, our stockholders approved an increase in the number of shares of our common stock available for issuance under the 2004 Stock Plan to 3,666,667.

We are seeking stockholder approval in order to amend the 2004 Stock Plan to increase the total number of shares of our common stock available for issuance thereunder to 6,000,000 shares.

As of [], 2013, there were 3,666,667 shares of common stock available for issuance under the 2004 Stock Plan.

Reasons for the Proposed Amendment

As described above, we are seeking stockholder approval of the amendment to increase the number of shares issuable pursuant to the 2004 Stock Plan to 6,000,000 shares from 3,666,667 shares. In determining the amount of the increase contemplated by the proposed amendment to the 2004 Stock Plan, the Board has taken into consideration the fact that, as of May 24, 2013, there were approximately [] shares of our Common Stock outstanding on a fully-diluted basis, and the Board believes that this fully-diluted number, rather than the number of outstanding shares of the Company, is the relevant number in determining the appropriate number of shares available under the 2004 Stock Plan. Assuming the approval of this increase, the total number of shares of our Common Stock available for issuance under the 2004 Stock Plan will be 6,000,000, which represents approximately [] percent (%) of our Common Stock as calculated on a fully-diluted basis.

The purpose of this increase is to continue to be able to attract, retain and motivate executive officers and other employees and certain consultants. Upon stockholder approval, additional shares of Common Stock will be reserved for issuance under the 2004 Stock Plan, which will enable us to continue to grant equity awards to our officers, employees and consultants at levels determined by the Board to be necessary to attract, retain and motivate the individuals who will be critical to the Company's success in achieving its business objectives and thereby creating greater value for all our stockholders. The Company has no current plans to make awards under the 2004 Plan.

Furthermore, we believe that equity compensation aligns the interests of our management and other employees with the interests of our other stockholders. Equity awards are a key component of our incentive compensation program. We believe that option grants have been critical in attracting and retaining talented employees and officers, aligning their interests with those of stockholders, and focusing key employees on the long-term growth of the Company. We anticipate that option grants and other forms of equity awards such as restricted stock awards may become an increasing component in similarly motivating our consultants.

Edgar Filing: Trovogene, Inc. - Form PRE 14A

Approval of the amendment to the 2004 Stock Plan will permit the Company to continue to use stock-based compensation to align stockholder and employee interests and to motivate employees and others providing services to the Company or any subsidiary.

The terms of the 2004 Stock Plan are summarized below, and the full text of the proposed amendment to the 2004 Stock Plan is set forth as Appendix B to this proxy statement. It is intended that the 2004 Stock Plan qualify as an incentive stock option plan meeting the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the Code).

Summary of the 2004 Stock Plan

Employees and directors of, and consultants to the Company, and any parent corporation, subsidiary or affiliated entity are eligible to receive awards under the 2004 Stock Plan at the discretion of the Board of Directors or its designated committee. The Board, or a committee designated by the Board, has authority to, among other things:

- Determine the persons to whom, and the time or times at which, options shall be granted and the number of shares of common stock to be subject to each option;
 - Designate options as incentive stock options or nonstatutory stock options;
 - Determine the Fair Market Value of shares of stock or other property;
 - Determine the terms, conditions and restrictions applicable to each option (which need not be identical) and any shares acquired upon the exercise thereof, including, without limitation, (i) the exercise price of the option, (ii) the method of
-

payment for shares purchased upon the exercise of the option; (iii) the method for satisfaction of any tax withholding obligation arising in connection with the option or such shares, including by the withholding or delivery of shares of stock, (iv) the timing, terms and conditions of the exercisability of the option or the vesting of any shares acquired upon the exercise thereof, including the grants of options on an immediately exercisable basis subject to repurchase restrictions in favor of the Company, (v) the time of the expiration of the option, (vi) the effect of the optionee's termination of service with the Participating Company Group (as defined in the 2004 Stock Plan) on any of the foregoing, and (vii) all other terms, conditions and restrictions applicable to the option or such shares not inconsistent with the terms of the 2004 Stock Plan;

- Approve one or more forms of Option Agreement-Incentive Stock Option and Option Agreement-Nonstatutory Stock Option;
- Amend, modify, extend, cancel, renew, reprice or otherwise adjust the exercise price of, or grant a new option in substitution for, any option or to waive any restrictions or conditions applicable to any option or any shares acquired upon the exercise thereof;
- Accelerate, continue, extend or defer the exercisability of any option or the vesting of any shares acquired upon the exercise thereof, including with respect to the period following an optionee's termination of service with the Participating Company Group;
- Prescribe, amend or rescind rules, guidelines and policies relating to the 2004 Stock Plan, or to adopt supplements to, or alternative versions of, the 2004 Stock Plan, including, without limitation, as the Board deems necessary or desirable to comply with the laws of, or to accommodate the tax policy or custom of, foreign jurisdictions whose citizens may be granted options; and
- Correct any defect, supply any omission or reconcile any inconsistency in the 2004 Stock Plan or any option agreement and to make all other determinations and take such other actions with respect to the 2004 Stock Plan or any option as the Board may deem advisable to the extent consistent with the 2004 Stock Plan and applicable law.

Employees and Directors of the Company, and consultants to the Company, and any parent corporation, or subsidiary are eligible to receive nonstatutory stock options and other stock-based awards under the 2004 Stock Plan. Only employees of the Company, and any parent corporation or subsidiary, are eligible to receive incentive stock options under the 2004 Stock Plan.

Incentive stock options may not be priced at less than 100% of the fair market value of our Common Stock on the date of grant (110% of fair market value in the case of individuals holding 10% or more of our Common Stock). Except as otherwise determined by the Board, in the case of nonstatutory options, the exercise price may not be less than 100% of the fair market value on the date of grant in accordance with applicable law. The fair market value of our Common Stock on May 24, 2013, was \$[], based on the last sale price of our Common Stock as reported by The NASDAQ Stock Market on that date. The 2004 Stock Plan provides that stock options and similar awards may be issued with exercise periods of up to 10 years (except that no Incentive Stock Option granted to 10% owners of the Company's common stock shall be exercisable after the expiration of five years after the effective date of grant of such option).

Payment of the exercise price of options under the 2004 Stock Plan may be made in the form of: (1) cash, check or cash equivalent; (2) by tender to the Company, or attestation to ownership, of shares of common stock owned by the optionee having a fair market value not less than the exercise price; (3) the assignment of the proceeds of a sale or loan with respect to some or all of the shares being acquired upon the exercise of

Edgar Filing: Trovogene, Inc. - Form PRE 14A

the option; (4) promissory note; (5) such other consideration as may be approved by the Board to the extent applicable by law; (6) or any combination thereof, as determined by the Board of Directors.

In the event of termination of employment or consulting relationship for any reason other than disability or death, the award recipient may exercise his or her vested options within 30 days of the date of such termination. In the event of termination as a result of disability, the award recipient may exercise his or her vested options within six months following the date of such termination but in any event no later than the date of expiration of the option's term. In the event of death, the award recipient's estate may exercise his or her vested options within 6 months following the date of death.

The Board has discretion to grant other stock-based awards, provided, however, that no such awards may be made unless the terms of the 2004 Stock Plan and the awards are in compliance with Section 409A of the Code.

Transfers of awards may not be made other than by will or by the laws of descent and distribution. During the lifetime of a participant, an award may be exercised only by the participant to whom the award is granted.

Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to awards under the 2004 Stock Plan. This summary does not purport to consider all of the possible U.S. federal tax consequences of the awards and is not intended to reflect the particular tax position of any award recipient. This summary is based upon the U.S. federal tax laws and

regulations now in effect and as currently interpreted and does not take into account possible changes in such tax laws or such interpretations, any of which may be applied retroactively. Award recipients are strongly advised to consult their own tax advisors for additional information.

Grant of an Option The grant of an option is not expected to result in any taxable income for the recipient as of the date of the grant, except that in the event non-statutory options are granted with an exercise price lower than the then-current fair market value of the Common Stock, the difference between the exercise price and the then-current fair market value may be treated as deferred compensation income recognized as of the date the non-statutory options are granted.

Exercise of Incentive Stock Option The holder of an incentive stock option generally will have no taxable income upon exercising the option (except that a tax liability may arise pursuant to the alternative minimum tax), and the Company will not be entitled to a tax deduction.

Exercise of Nonqualified Stock Option Generally, subject to Code Section 409A, upon exercising a nonqualified stock option, the award recipient must recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price. The income will be treated as compensation income subject to payroll and withholding tax obligations. The Company would be entitled to a compensation deduction in the amount of income recognized by the award recipient.

Disposition of Shares Acquired Through an Option The tax consequence to a holder of an option upon a disposition of shares acquired through the exercise of an option will depend on how long the shares have been held and upon whether such shares were acquired by exercising an incentive stock option or by exercising a nonqualified stock option.

Generally, the disposition of shares which were acquired by exercise of an incentive stock option will be taxable as long-term capital gain or loss if the award recipient disposes of the shares more than two years after the option was granted and at least one year after exercising the option. If the award recipient fails to satisfy the holding period requirements for treatment as an incentive stock option, a disposition will result in any gain being treated as compensation income subject to ordinary tax rates. If the award recipient is still an employee of the Company at the time of the disposition, the amount of gain treated as compensation will also be subject to payroll and withholding taxes.

If an award recipient disposes of shares acquired through the exercise of a nonqualified option, any gain or loss will be treated as a capital gain or loss. To the extent such shares have been held for at least one year after exercise of the nonqualified option, the gain or loss will be treated as long-term capital gain or loss.

Generally, there will be no tax consequence to the Company in connection with the disposition of shares acquired under an option, except that the Company may be entitled to a tax deduction in the case of the disposition of shares acquired under an incentive stock option before the applicable incentive stock option holding periods set forth in the Code have been satisfied.

The grant by the Board of other stock-based awards may have varying tax consequences to award recipients. Grants made pursuant to the 2004 Stock Plan may be subject to Code Section 409A and plan administration may have to conform to Code Section 409A. Failure to comply with Code Section 409A, if applicable, will result in acceleration of income and imposition of penalties and interest to award recipients.

Edgar Filing: Trovogene, Inc. - Form PRE 14A

Application of Section 16 of the Securities Exchange Act of 1934 Special rules may apply in the case of individuals subject to Section 16 of the Securities Exchange Act of 1934, as amended. In particular, unless a special election is made pursuant to the Code, shares received pursuant to the exercise of a stock option may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of the Company's tax deduction, are determined as of the end of such period.

Delivery of Shares to Satisfy Tax Obligation Under the 2004 Stock Plan, participants may deliver shares of Common Stock (either shares received upon the receipt or exercise of the award or shares previously owned by the holder of the option) to the Company to satisfy federal and state tax obligations unless the Board provides to the contrary in the award agreement.

Under these programs, Trovogene's executive officers are rewarded for the achievement of specific financial operating goals established by the Compensation Committee and the realization of increased stockholder value. Please read the section herein entitled "Executive Compensation" for additional details about Trovogene's executive compensation programs, including information about the fiscal year 2012 compensation of Trovogene's Named Executive Officers.

The Compensation Committee continually reviews the compensation programs for Trovogene's executive officers to ensure they achieve the desired goals of aligning Trovogene's executive compensation structure with Trovogene's stockholders' interests and current market practices.

Trovogene is asking Trovogene's stockholders to indicate their support for Trovogene's Named Executive Officer compensation as disclosed in this Proxy Statement and the accompanying Annual Report on Form 10-K for the fiscal year ended December 31, 2012. This proposal, commonly known as a "say-on-pay" proposal, gives Trovogene's stockholders the opportunity to express their views on Trovogene's executive

compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of Trovogene's Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement and the accompanying Annual Report on Form 10-K for the fiscal year ended December 31, 2012. Accordingly, Trovogene will ask its stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to Trovogene's Named Executive Officers, as disclosed in Trovogene's Proxy Statement for the 2013 Annual Meeting of Stockholders and the accompanying Annual Report on Form 10-K for the fiscal year ended December 31, 2012 pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, is hereby APPROVED.

The say-on-pay vote is advisory, and therefore not binding on Trovogene, the Compensation Committee or Trovogene's Board. Trovogene's Board and Trovogene's Compensation Committee value the opinions of Trovogene's stockholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this Proxy Statement and the accompanying Annual Report on Form 10-K for the fiscal year ended December 31, 2012, Trovogene will consider Trovogene's stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Recommendation

THE TROVAGENE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO APPROVE THE COMPENSATION OF TROVAGENE'S NAMED EXECUTIVE OFFICERS AS DESCRIBED UNDER THE HEADING EXECUTIVE COMPENSATION, AND THE RELATED DISCLOSURES CONTAINED IN THIS

PROXY STATEMENT AND THE ACCOMPANYING ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2012.

PROPOSAL 6- ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

In addition to the advisory approval of Trovogene's executive compensation program, Trovogene is also holding a non-binding advisory vote by stockholders on the frequency with which stockholders would have an opportunity to hold an advisory vote on Trovogene's executive compensation program. Trovogene has included this proposal among the items to be considered at the Annual Meeting pursuant to the requirements of Section 14A of the Exchange Act. Trovogene is providing stockholders the option of selecting a frequency of one, two or three years, or abstaining. For the reasons described below, Trovogene recommends that Trovogene stockholders select a frequency of three years.

While Trovogene's executive compensation program is designed to support long-term value creation, in recent years we have conducted in-depth reviews of Trovogene's executive compensation with outside consultants every three years. Accordingly, a vote every three years will coincide with this more detailed review and an every three-year vote will allow for the highest level of accountability and direct communication between Trovogene and its stockholders. Trovogene therefore recommend that Trovogene stockholders select "Three Years" when voting on the frequency of advisory votes on executive compensation. Although the advisory vote is non-binding, Trovogene's Board will review the results of the vote and take them into account in making a determination concerning the frequency of future advisory votes on executive compensation.

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency of the advisory note on executive compensation that has been selected by stockholders. However, because this vote is advisory and not binding on the Board of Directors or Trovogene, the Board may decide that it is in the best interests of Trovogene's stockholders and Trovogene to hold an advisory vote on executive compensation more or less frequently than the option approved by Trovogene's stockholders.

Recommendation

THE TROVAGENE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR A THREE-YEAR FREQUENCY FOR HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION.
