Schedule 13D

The Reporting Persons are filing this Amendment, in part, to report the participation of Nivalis, one of the Reporting Persons, in the Business Combination of Portugal Telecom, Oi and the Oi Holding Companies, which is described below.

Proposed Business Combination of Portugal Telecom and Oi

On October 1, 2013, Nivalis entered into the MOU with Portugal Telecom Oi, AG Telecom, LF Tel, PASA, EDSP75, Bratel and BES with respect to the Business Combination of Portugal Telecom, Oi and the Oi Holding Companies. Portugal Telecom and Oi announced the Business Combination on October 2, 2013.

The Business Combination involves the combination of the business and affairs of Portugal Telecom and Oi, to be held by a single company, CorpCo, which will have a widely held shareholder base comprised of the shareholders of Portugal Telecom, TelPart and Oi, with the capital of CorpCo divided into a single series of common shares, which will be traded on BM&FBovespa S.A. Bolsa de Valores, Mercadorias e Futuros (BM&FBOVESPA), the NYSE Euronext Lisbon and the New York Stock Exchange (NYSE), and will adhere to the rules of corporate governance of the *Novo Mercado* segment of BM&FBOVESPA.

The MOU will remain in effect until October 1, 2014 unless extended by the parties thereto.

Oi Capital Increase

As one step in the Business Combination, Oi proposes to undertake a capital increase in an amount estimated, as of the date of the MOU, to be approximately R\$14.1 billion, with the approximate amount to be paid in cash of a minimum of R\$7.0 billion, with the goal of reaching R\$8.0 billion, and the approximate amount to be paid with assets of R\$6.1 billion, to be conducted through the public issuance of common shares and preferred shares of Oi, preferentially in proportion to the current ratio between the issued and outstanding common and preferred shares of Oi (the Oi Capital Increase), it being agreed that, in order to respect the legal limit for division of capital between voting and non-voting shares (i.e., minimum of one-third of the shares entitled to vote and maximum of two-thirds of shares without voting rights), the number of issued shares of each type may be adjusted. The Oi Capital Increase will be subject to the full subscription of the minimum value of the portion to be paid up in cash and will be subject to certain conditions, as described below.

Portugal Telecom will subscribe for and purchase new Common Shares and preferred shares of Oi in the Oi Capital Increase. The consideration to be given by Portugal Telecom for the new Common Shares and preferred shares that it purchases is expected to consist of the interests in the companies that hold all of (i) the operating assets of Portugal Telecom except interests held directly or indirectly in Oi and Contax Participações S.A. (Contax) and (ii) Portugal Telecom's liabilities at the time of contribution (the PT Assets). The equity value of the PT Assets is estimated to be in a range of values with a minimum of 1.9 billion and a maximum of 2.1 billion (the Estimated Value of PT Assets) (equivalent to R\$5.8 billion to R\$6.4 billion, respectively, based on the current rate of 3.0181 *reais* per Euro). The final value of the PT Assets will be determined based on a valuation report to be submitted to an Extraordinary General Meeting of the holders of Common Shares of Oi, which report will indicate the values in *reais* of the PT Assets considering the exchange rate of Euros to *reais* on

Schedule 13D

the date of issuance of the valuation report. If the valuation report assigns values on the date of its issuance lower in Euros than the Estimated Value of PT Assets, considering the conversion rate of Euros to *reais* on the date of its issuance, Portugal Telecom will have the right not to consummate the subscription of shares in the Oi Capital Increase and, consequently, the Business Combination.

The definitive agreements will provide that the Oi Capital Increase will be subject to the full subscription of the minimum value of the portion to be paid in cash. The portion of the Oi Capital Increase to be paid in cash will have a settlement guarantee provided by a consortium of banks (the Underwriters), in accordance with the terms and conditions to be negotiated with the Underwriters in a separate instrument, subject to market conditions at the time and the necessary approvals of the Underwriters. Additionally, shareholders of TelPart and an investment vehicle managed by Banco BTG Pactual S.A. will subscribe approximately R\$2.0 billion of the Oi Capital Increase.

The holders of Common Shares and preferred shares of Oi will have priority in the subscription of the Oi Capital Increase. TelPart, AG Telecom and LF Tel will assign all of their respective priority rights to Portugal Telecom free of charge.

Once the subscription period for the Oi Capital Increase is closed, Portugal Telecom may elect not to consummate the Business Combination and all other corporate transactions related to the Business Combination if the percentage of the participation of Portugal Telecom in CorpCo is equal to or less than 36.6% of the total capital of CorpCo on a fully diluted basis after giving effect to the merger of shares of Oi and CorpCo (as described below). Additionally, TelPart may elect not to consummate the Business Combination and all other corporate transactions related to the Business Combination if the percentage of the participation of Portugal Telecom in CorpCo is greater than 39.6% of the total capital of CorpCo on a fully diluted basis after giving effect to the merger of shares of Oi and CorpCo.

This Schedule 13D is not an offering document and does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of any vote or approval, and does not constitute an offer, solicitation or sale in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of that jurisdiction.

Corporate Reorganization of TelPart, AG Telecom, LF Tel and Bratel

As part of the Transaction, AG Telecom, LF Tel and TelPart will be capitalized with the resources needed to repay their indebtedness. AG Telecom and LF Tel will issue, and Portugal Telecom will subscribe for, debentures (i) convertible into shares of AG Telecom and LF Tel, in equal numbers, and (ii) exchangeable for preferred shares of Oi held by AG Telecom and LF Tel, in equal numbers, in an amount sufficient to pay all indebtedness of AG Telecom and LF Tel, including debt owed to the Banco Nacional de Desenvolvimento Econômico e Social - BNDES, the Brazilian national development bank (BNDES), and pay the subscription price for debentures issued by TelPart as described below. TelPart will issue, and LF Tel and AG Telecom will subscribe, in the proportion of 50% (fifty percent) each, for convertible debentures issued by TelPart in an amount sufficient to pay the entire indebtedness of TelPart, including debt owed to BNDES.

Schedule 13D

Portugal Telecom's obligation to pay for the debentures issued by AG Telecom and LF Tel to be subscribed by Portugal Telecom as described above, and the obligation of AG Telecom and LF Tel to pay for debentures issued by TelPart to be subscribed by AG Telecom and LF Tel as described above, are conditioned upon, and therefore will only occur after, the valid and final consummation of the Oi Capital Increase. Portugal Telecom's obligation to pay for the debentures issued by AG Telecom and LF Tel and AG Telecom's and LF Tel's obligation to pay for the debentures issued by TelPart will be guaranteed at the time of their respective subscription through a pledge of the following shares of Oi held by Portugal Telecom or AG Telecom and LF Tel, as appropriate: (1) 252 million shares of Oi, held by Portugal Telecom, to be pledged to AG Telecom and LF Tel, (2) 70 million shares of Oi, owned by AG Telecom, to be pledged to TelPart and (3) 70 million shares of Oi, held by LF Tel, to be pledged to TelPart.

In addition, AG Telecom and LF Tel and their holding companies PASA and EDSP75 will be reorganized through certain partial spin-offs and share exchanges (the Share Exchanges) in order to separate the assets not related to their direct or indirect shareholding in Oi, so that AG Telecom, LF Tel, Bratel and TelPart will not have assets or liabilities (or will have cash or cash equivalents equal to their respective liabilities), other than: (i) shares of TelPart and Oi, in the case of AG Telecom; (ii) shares of TelPart and Oi, in the case of LF Tel; (iii) shares of AG Telecom, LF Tel, TelPart and Oi, in the case of Bratel; and (iv) shares of Oi (and goodwill reserves relating to the investment in Oi), held directly or indirectly, in the case of TelPart.

The MOU provides that immediately after the capitalization and Share Exchanges described above, PASA will merge with and into AG Telecom, and EDSP75 will merge with and into LF Tel, and, subsequently, AG Telecom, LF Tel and Bratel will merge with and into TelPart. The shareholders of AG Telecom and LF Tel will receive, as a result of the mergers set forth herein, the shares held by AG Telecom and LF Tel in the capital of TelPart, in proportion to the respective number of shares they hold in the merged companies after the conversions and exchanges of debentures and Share Exchanges described above. Changes in the number of shares held in AG Telecom, PASA, LF Tel, EDSP75 and TelPart as a result of the conversions and exchanges of debentures, the Share Exchanges and these mergers, will not result in any transfer of control of such companies. After these conversions and exchanges of debentures, the Share Exchanges and these mergers, and, considering the shares of Oi directly and indirectly held by Portugal Telecom, excluding new shares subscribed to in the Oi Capital Increase, Portugal Telecom will be entitled to 554.47 million shares issued by CorpCo.

Listing of CorpCo on the Novo Mercado Segment

CorpCo will apply to be listed on the Novo Mercado segment of the BM&FBOVESPA, with the aim of strengthening its corporate governance through the adoption of a new management structure and corporate governance regime.

CorpCo will have a Board of Directors consisting of eleven (11) members and eleven (11) alternate members. Members of the Board of Directors of CorpCo to be elected in anticipation of the listing of CorpCo on the *Novo Mercado* segment and the Merger of Shares (as defined below) will have a term of three (3) years from their election or until the General Meeting of the shareholders of CorpCo to examine the financial statements of CorpCo for the third fiscal year ending after the close of the year in which the Merger of Shares occurs,

Schedule 13D

whichever occurs last. In order to facilitate the integration of Oi and Portugal Telecom, the Board of Directors of CorpCo shall initially consist of the following members: Alexandre Jereissati Legey, Amilcar Morais Pires, Fernando Magalhães Portella, Fernando Marques dos Santos, Henrique Manuel Fusco Granadeiro, José Maria Ricciardi, José Mauro Mettrau Carneiro da Cunha, Mr. Rocha dos Santos de Almeida e Vasconcellos, Rafael Luís Mora Funes, Renato Torres de Faria and Sergio Franklin Quintella.

Two of the initial members of the Board of Directors of CorpCo, Mr. Rocha dos Santos de Almeida e Vasconcellos and Mr. Mora Funes, are affiliated with the Reporting Persons.

The MOU provides that Mr. José Mauro Carneiro da Cunha Mettrau and Mr. Henrique Manuel Fusco Granadeiro will assume the positions of President and Vice-President, respectively, of the first Board of Directors of CorpCo and that Mr. Zeinal Bava, the current Chief Executive Officer of Oi and PT Portugal, will be the Chief Executive Officer of CorpCo and its subsidiaries.

Merger of Shares of Oi and CorpCo

As part of the Business Combination, and subject to the valid and final consummation of the Oi Capital Increase, Oi and CorpCo will convene shareholders meetings to consider a merger of shares (*incorporação de ações*), with a view to causing Oi to become a wholly owned subsidiary of CorpCo and to facilitate the migration of the shareholder base of Oi to CorpCo (the Merger of Shares). At the effective time of the Merger of Shares, CorpCo will have no assets or liabilities (or will have cash equivalent equal to its liabilities), other than the shares of Oi that it holds.

In the proposed Merger of Shares, holders of Oi Common Shares will receive one new common share issued by CorpCo in exchange for each Common Share of Oi that they hold, and holders of Oi preferred shares will receive one new common share issued by CorpCo in exchange for each 1.0857 preferred share of Oi that they hold. All ratios in the mergers that are part of the Business Combination were established based on market prices of the shares of Oi in a period of 30 days and considering the shares of Oi that the companies involved in the operation directly or indirectly hold, assuming that such companies will not hold any liabilities or assets (or will have cash or cash equivalents equal to their respective liabilities).

Merger of Portugal Telecom Into CorpCo

The MOU provides that Portugal Telecom will merge with and into CorpCo (the Portugal Telecom Merger). As a result of the proposed Portugal Telecom Merger, Portugal Telecom will cease to exist, and its assets will be transferred by operation of law to CorpCo. The Portugal Telecom Merger will be submitted to the General Meeting of shareholders of CorpCo for consideration in conjunction with the Merger of Shares. In addition, the Portugal Telecom Merger will be submitted for consideration to the General Meeting of shareholders of Portugal Telecom. At the time of the proposed Portugal Telecom Merger, Portugal Telecom will have no assets or liabilities (or will have cash and cash equivalents equal to its liabilities), other than, exclusively, the shares issued by CorpCo. In the proposed Portugal Telecom Merger, the shareholders of Portugal Telecom will receive a number of shares issued by CorpCo equivalent

Schedule 13D

to the number of shares of CorpCo that will be held by Portugal Telecom immediately prior to such merger and which will be cancelled due to the Portugal Telecom Merger.

Conditions to the Business Combination

In addition to the conditions described above, the consummation of the Business Combination, as well as all other corporate transactions linked to the Business Combination, are subject to the implementation of various conditions, including the approval of the transactions that may be agreed among the parties to the MOU by the competent governing bodies of each such party, the obtaining of legal and regulatory authorizations, consents of creditors and third parties, the valid and final consummation of the Oi Capital Increase, and the agreement of the parties to the definitive transaction agreements of the Business Combination. Subject to the fulfillment of conditions precedent that may be contractually established, all steps of the Business Combination will be undertaken as a single transaction to ensure their full implementation, which will be an essential condition for consummation of the Business Combination.

The public offering of shares in the Oi Capital Increase is subject to registration with the Comissão de Valores Mobiliários - CVM, the Brazilian securities commission (CVM). The issuance of shares in the Oi Capital Increase, the issuance of shares by CorpCo to Oi's shareholders in the Merger of Shares, and the issuance of shares by CorpCo to Portugal Telecom's shareholders in the Portugal Telecom Merger will require registration with the Securities and Exchange Commission (SEC) under the Securities Act of 1933, as amended, and may be subject to securities registration requirements in other jurisdictions.
