Item 1.01 Entry into a Material Definitive Agreement.

On November 1, 2016, T2 Biosystems, Inc. (the Company), entered into a Co-Development, Collaboration and Co-Marketing Agreement (the Agreement) with Allergan Sales, LLC, an affiliate of Allergan plc (Allergan Sales) to develop (1) a direct detection diagnostic test panel of six bacteria species directly in whole blood (the T2Bacteria II Panel) and (2) a direct detection diagnostic test panel of six resistance markers directly in whole blood (the T2GNR Panel and, together with the T2Bacteria II Panel, the Developed Products). In addition, Allergan Sales will receive the right to co-market the Developed Products and certain other Company products under the Agreement.

Under the terms of the Agreement, the Company will receive an upfront payment of \$2 million from Allergan Sales and additional milestone payments upon achieving certain developmental milestones for total aggregate payments of up to \$4 million. The Company will retain the exclusive right to sell and distribute the Developed Products worldwide, subject to Allergan Sales' right to co-market the Developed Products. Allergan Sales, at its election, may co-market the Developed Products and certain other Company products in the U.S. and, subject to satisfaction of certain conditions, in the rest of the world and will receive commission payments from the Company on its sales of those products under the Agreement.

Either party may terminate the Agreement upon the occurrence of a material breach by the other party (subject to a cure period).

The foregoing summary is qualified in its entirety by reference to the Agreement, a copy of which will be attached as an exhibit to the Company's Annual Report on Form 10-K for the period ending December 31, 2016.
